Dear Ms. McBride:

Please place on the Common Council agenda for the June 6, 2022 meeting, a proposed settlement of the above lawsuit. This action involves an allegation that plaintiff sustained serious injuries as a result of a motor vehicle accident between a cyclist and a police vehicle. We believe that this settlement is in the best financial interest of the City of Syracuse.

The proposed settlement amount is seven hundred thousand dollars ($700,000.00). The payment will be charged to the Judgment and Claims Account, No. #599302.01.93000, but may also be paid using a bond ordinance to be adopted contemporaneously with the authorization.

To that end we are also requesting a new bond to fund the $700,000.00 settlement amount. Attached is the CIP form.

Being that this matter involves matters subject to privilege, the Office of the Corporation Counsel requests that any details regarding this matter be discussed with the Common Council in executive session. Thank you for your assistance.

Employees will be provided up to twelve (12) weeks Paid Parental Leave to an eligible parent following the birth or adoption, or fostering of a child/children. Pay during leave shall be 100% of an employee's base rate at the number of hours they are regularly scheduled to work per week. Employees are not required to expend available vacation, personal or sick time concurrently with Paid Parental Leave.

Employees will continue accruing vacation, sick and personal days during the duration of a Paid Parental Leave. Pension deductions will also continue during this time frame.

Paid Parental Leave shall run concurrently with leave under the federal Family Medical Leave Act of 1993 (FMLA).

The employee shall coordinate such leave request with his/her Department Head and the Department of Personnel and Labor Relations.

Unauthorized absences are not permitted and may result in discipline up to and including termination.

I. ENTITLEMENT TO PAID PARENTAL LEAVE

Before an employee may utilize Paid Parental Leave, it must be determined if the employee is an "eligible employee" and if the reason for leave is one of the two (2) qualifying reasons. An eligible City employee may be qualified for up to twelve (12) weeks of paid, job-protected parental leave.

a) "ELIGIBLE EMPLOYEE" DETERMINATION: In order to be eligible for paid parental leave, an employee with the City of Syracuse must have (1) worked for the City of Syracuse for at least twelve months, and (2) worked at least 1,250 hours during the twelve month

period preceding the leave. Additionally, the employee must be regularly scheduled to work at least thirty (30) hours per week.

b) QUALIFYING REASONS: Paid Parental Leave under the terms of this policy is available to eligible employees for one or more of the following qualifying reasons:

   1) Because of the birth of child/children of the employee, or to care for the newborn child/children (within one year of birth).
   2) Because of the placement of a child/children with the employee for adoption or foster care, or to care for the newly placed child/children (within one year of placement).

II. CONCURRENT PAID PARENTAL & FMLA LEAVE GUIDELINES

The Paid Parental Leave provides eligible and qualified employees with up to twelve (12) weeks of paid leave. For the duration of the employee's leave, his or her job will be protected and his or her health care benefits will continue. An employee's absence will begin to count toward his or her entitlement on the first day of the leave.

This time will also be counted as leave under the City's Family Medical Leave Act (FMLA) policy. However, an eligible employee will be entitled to the full twelve (12) weeks of Paid Parental Leave regardless of how much FMLA time is available to the employee. For example, an employee who uses portions of her FMLA leave prior to childbirth due to pregnancy complications or any unrelated medical issue will still be entitled to the full twelve (12) week of job-protected Paid Parental Leave after the child's birth (to be used within the first year of birth.) However, an employee may not use FMLA leave and Paid Parental Leave consecutively following childbirth.

When an employee uses Paid Parental Leave and FMLA concurrently, the employee will not be required to exhaust available accrued paid time off.

III. USAGE OF PAID PARENTAL LEAVE

Paid Parental Leave can be used in one block of time, or in increments as small as one week. If the employee wishes to use the time in one-week increments, each week (or block of consecutive weeks) must be approved by the Department Head at least 30 days in advance of the leave

In addition, at the Department Head's discretion, the Department Head and employee can agree to use the Paid Parental Leave time to create a short-term, consistent part-time schedule where the employee regularly works less than 5 days per week, but in no case can the use of the leave extend beyond one year.

November 28, 2018

For example, the twelve (12) week benefit is the equivalent to sixty (60) days for a full-time employee. A Department Head and employee could agree that the employee will use his/her time to take three (3) consecutive weeks off, and then work a three-day/week schedule for 15 weeks. ***(15 days initially + (3 days x 15 weeks) = 60 days).***

The Department Head should consider operational needs when determining whether such a part-time arrangement can be approved. This policy does not require a part-time arrangement to be granted in every case, recognizing that part-time arrangements may create operational difficulties for certain roles and in certain departments.

Employees on Paid Parental Leave are precluded from outside employment while on the leave.

IV. PROCEDURES FOR REQUESTING PAID PARENTAL LEAVE

To seek approval for Paid Parental Leave, the employee must complete and submit a Paid Parental Leave Request Form, available from the Personnel Department, together with all relevant FMLA forms and documentation. The Paid Parental Leave Request Form requires the supervisor and Department Head's signatures and supporting documentation before submission to Personnel, and must be submitted to Personnel at least thirty (30) days in advance of the anticipated start of the leave. The supporting documentation required includes medical certification (in the case of childbirth) or legal documentation of adoption or foster care placement. In the case of a father, documentation of the parental relationship to the child may be required.

This policy recognizes that in many instances, it will be impossible to predict the exact day on which the leave will begin. Therefore, the employee must work with his/her Supervisor to agree to an approximate start date. Once the need to leave begins, the employee must be in communication with his/her supervisor and/or Department Head, and must follow the Department's typical call-in procedures until the exact schedule for the leave is finalized.

IV. CITY'S RESPONSE

Upon receipt of an employee's completed Paid Parental Leave Request and the appropriate supporting documentation, the City will make a determination of the employee's eligibility and qualification, and approve or deny the request. The Director of Personnel may provisionally approve a leave pending the submission of the supporting documentation.

If the employee fails to provide the required documentation within the fifteen (15) day period, the City may revoke the provisional leave. The Personnel Director will notify the employee and the employee's supervisor and Department Head of the revocation immediately. The employee may then be marked with an unexcused absence and may be subject to disciplinary action unless or until appropriate supporting documentation is submitted and approved.

Please prepare legislation for the Common Council meeting of Monday, June 6, 2022, authorizing the construction of an honorary street sign on the 200 block of Madison Street in honor of Earl Lloyd, on behalf of Councilor Hogan, Councilor Allen and Councilor Driscoll.

The Great Earl Lloyd was the first African-American to play in the National Basketball Association (NBA). In 1954-1955, Lloyd averaged career highs of 10.2 points and 7.7 rebounds per game for the Syracuse Nationals. Lloyd played a total of eight seasons in the NBA, six with the Syracuse Nationals and two with the Detroit Pistons before retiring in 1961.

Following his illustrious playing career, Lloyd became the first African-American assistant coach in NBA History for the Detroit Pistons and in 1971 became the 3rd African-American head coach in NBA History. In 2003 Earl Lloyd was inducted into the Naismith Memorial Basketball Hall of Fame.

Dear Ms. Patricia McBride,

Please prepare legislation to be introduced at the next meeting of the Common Council to appropriate funds from 2022/2023 Capital Improvement Plan to allow the following actions:

- Authorize an ordinance for the sale and issuance of bonds to defray the cost of the 2022-2023 Fire Department Training Tower replacement program at a cost not to exceed $1,588,000

- Authorize an ordinance for the Fire Department to proceed with the 2022-2023 Fire Department Training Tower replacement program at a cost not to exceed $1,588,000

It is the intent of the Department of Fire to utilize these funds for the purpose of completing the constructing of a live fire training tower at the Syracuse Fire Department Regional Training Facility located at 312 State Fair Boulevard. Specifically, these funds will be used for the erection of a pre-fabricated steel training tower, site work, and foundation work. C&S Engineering and the City of Syracuse Department of Engineering will be facilitating the completion of the project. Moreover, these funds have been appropriated to a capital account, which has been determined by the Commissioner of Finance, to account for the estimated costs of the program.

The Syracuse Poster Project proposes the permanent installation of a large-format poster panel on the Creekwalk's retaining wall in Franklin Square featuring a poster related to the Square.

Background:

With funding from TNT, the Poster Project has completed a series of permanent poster panel installations at several downtown venues.

In 2017, the Project received TNT funding to install three large-format poster panels, featuring a special canal-themed poster, on the exterior of the museum's collections storage building. This coincided with the museum's multi-year celebration of the canal bicentennial.

In 2018, the Project received funding to install two large-format poster panels in the DVD area of the Central Library.

In 2019, the Project and library teamed up for another installation, this one featuring music-themed posters for the CD area of the library.

In 2020, the Project teamed up with the Erie Canal Museum again for the installation of a canal-themed poster panel on the exterior of the museum.

In 2021, the Project installed an Erie Canal-themed poster panel along the Onondaga Creekwalk in Armory Square.

Proposal for 2022:

Location:

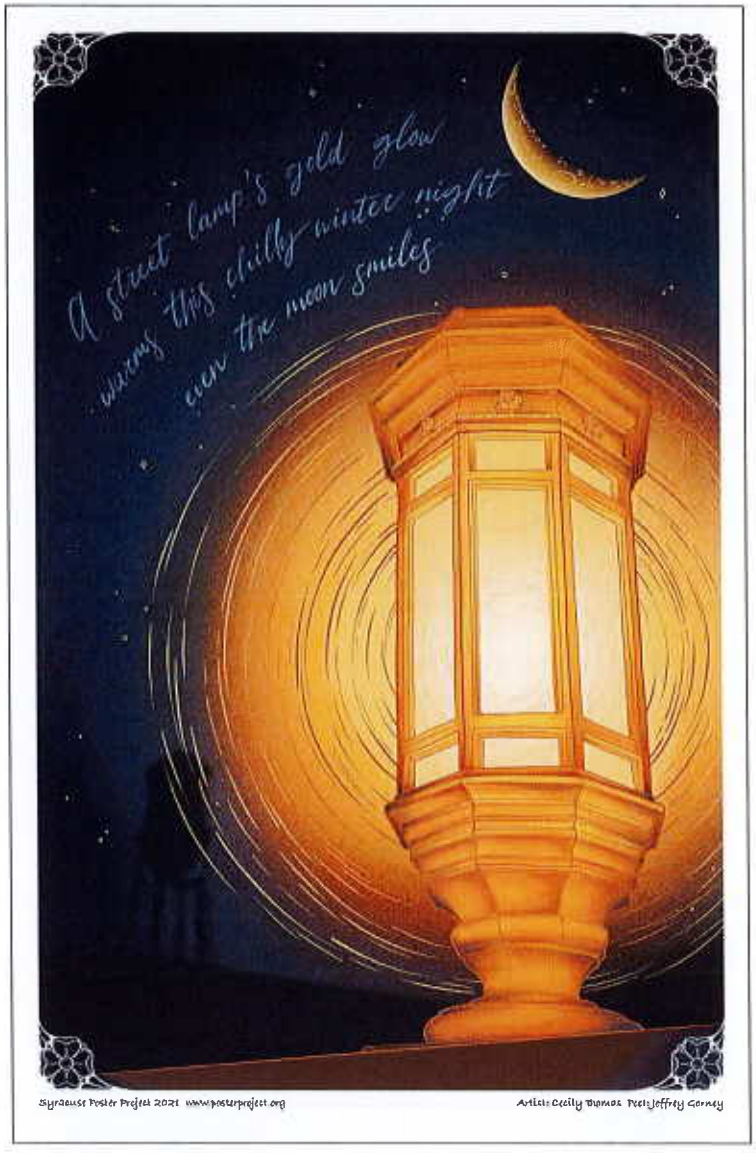
The Poster Project will install a large-format poster panel, approximately 5 x 7.5 feet, on the retaining wall of the Onondaga Creekwalk, where the walk diverges from the level of the creek and ramps up to Franklin Square.

207 Paul Ave.
Syracuse, NY 13206
(315) 937-7123
www.posterproject.org

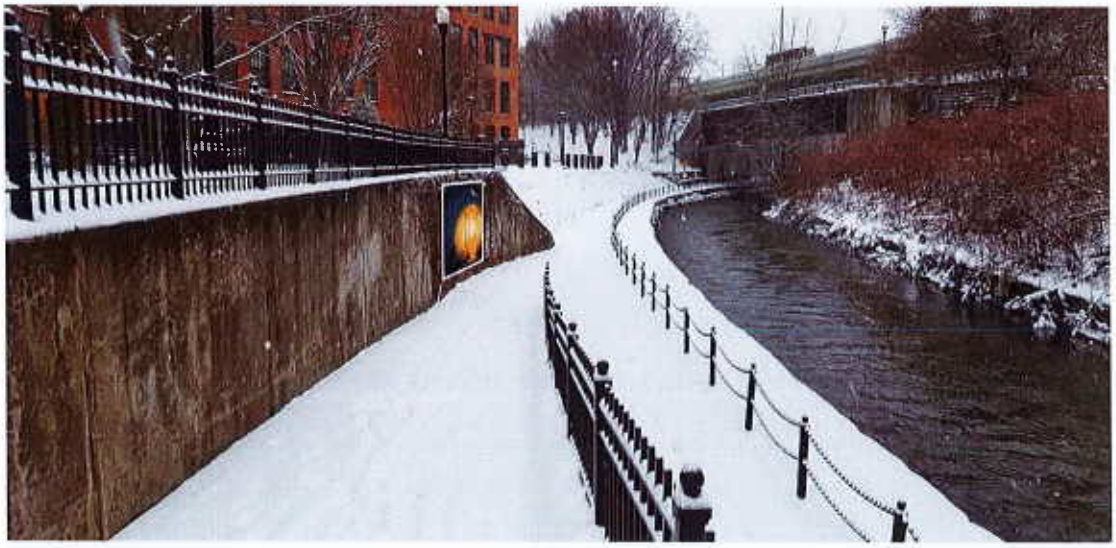
Poster:

The panel will display a poster by poet Jeffrey Gorney and artist Cecily Thomas from the 2021 poster series. The poster depicts one of Franklin Square's historic lanterns with a silhouette of the Square's water tower in the background. The featured poem reads:

A street lamp's gold glow
warms this chilly winter night
even the moon smiles



Poster Mock-Up, Franklin Square:



Poster format:
The poster will be 59 x 91 inches (approximately 5 x 7.5 feet) laminated to a 1/4-inch Omegabond panel. Omegabond is a rigid foam panel sandwiched in aluminum composite sheets that is especially suited for outdoor signage.

An informational text board approximately 17 x 11 inches with an artist statement and photo, credit to Tomorrow's Neighborhoods Today, will be installed beside the poster.

Poster installation:
The Project will commission a local sign installation company, Paratore Signs Inc., to produce and install the poster panel.

Maintenance and longevity:
The panel is produced with inks that hold up to long-term sun exposure and with graffiti-resistant laminate. The panel should require minimal maintenance. The expected life of the panel is10 to 15 years

Timing:
The Project can have the poster panel produced and installed in mid to late spring—June 30 at the latest.

Budget:

Poster panel (approximately 5 x 7.5 feet)	$985
Installation by Paratore Sign Company	$360
File management	$200
Artist fee	$200
Textboard	$80
Total	**$1,825**

Funding:

Grant awarded by Tomorrow's Neighborhoods Today	1,700

Funding Note:
We originally projected a total cost of $1,700. Hence the $1,700 grant from TNT. Final estimates from Paratore sign, however, exceed our original projection by $125. We will either raise this additional amount or absorb it by reducing the fee for file management.

Neighborhood Approval:
The Poster Project teamed up with Linda Llewellyn, facilitator of TNT's Lakefront Sector, to seek neighborhood approval and TNT funding for the installation. Llewellyn reached out to fellow residents of Franklin Square and received general support of the proposal.

Jeffrey Gorney
Poet

When a cousin in Los Angeles told me her son might apply to SU, I was thrilled. Then young Josh backed out because "the winters are so cold."

I had heard this before, whenever I told people I was from Syracuse. Yet I love our winters. Why?

The answer came to me as I strolled downtown, seeing how close buildings were to each other and taking in city life.

My haiku came to me when I realized that our bitter winters, no matter how tough on open road or field, became magical on city streets.

Cecily Thomas
Artist

The haiku selection was a fairly quick process for me! This haiku was the first on the list, and I immediately knew I wanted to include one of the lamps in Franklin Square. I drive by them almost every day and I love how unique they are!

The process of illustrating usually involves taking reference photos. I honestly couldn't wait to get a closer look at them. The flower detail around the top is my favorite. I looked for any clues to find who made them, but didn't have any luck. That brought me to the Onondaga Historical Association. I had never been there before, so it was amazing to see so many old photos of Syracuse. Unfortunately, all I was able to find about lamps is that they were not always there. They were installed during the restoration in the 80's.

I would still like to satisfy my curiosity, so I'm sure another trip to the OHA is in the cards for me!

Dear Clerk McBride:

Please prepare legislation for the next meeting of the Syracuse Common Council to amend Ordinance 618-2021, which authorized the Department of Neighborhood and Business Development (NBD) to enter into an Inter-Municipal Agreement with Onondaga County Department of Social Services (DSS) to administer direct financial housing assistance to Syracuse residents, and appropriate $1,000,000 from the American Rescue Plan Act (ARPA) of the 2021 fund balance.

These funds were allocated as rental assistance for Syracuse residents negatively economically impacted by the Covid pandemic, with household income between 80%-100% Area Median Income (AMI). The program has been successful and assisted 67 of the projected 100 households to date. The average assistance needed per household has been less than projected; therefore over $600,000 of funding is still available.

I request to amend the ordinance to assist households from **0-100% AMI.** This change will allow low-income households that DSS has already qualified as eligible for assistance to access these funds, as all Emergency Rental Assistance funds directly allocated to Onondaga County from the Department of Treasury have been expended.

If you have any questions or need any additional information, please contact me at your convenience.

Re: Infrastructure Improvement Fee Amendment

Dear Ms. McBride:

Please prepare legislation for consideration at the next meeting of the Common Council to amend Ordinance #270-2020 "Adding a new section to be entitled Infrastructure Improvement Fee to the City of Syracuse Water bills". The Water Department is requesting increasing this fee to be charged to the water bills effective July 1, 2022.

In recent years, the Syracuse Water Department operating expenses have exceeded projected system revenues resulting in a reduction of reserve funds. This has made it difficult for the Department to apply necessary capital investment to maintain the water system's value and accommodate unplanned emergency expenses that may arise.

The infrastructure improvement fee would be set at a fixed monthly rate based on meter size. The base monthly fee is set at $1.00, an increase from $.25 for FY 22 and is escalated annually according to meter size and by a factor of 1.5 for outside retail customers. The Water Department believes this additional fee generates sufficient revenue to meet operating expenses and fund capital improvements in a cost effective manner that aims to provide affordable water service for all Syracuse Water Department customers.

The revised Infrastructure Improvement Fee Schedule is attached for your review.

Very truly yours,

Re: Annual Waiver Request Service Repair and Parts for Mill and Paving Machines and Heavy Equipment

Dear Ms. McBride:

On behalf of the Department of Public Works, please prepare legislation to be introduced at the next Common Council Meeting for:

- Ordinance authorizing the purchase of repair services and parts for a Vogle paving machine, a Wirtgen milling machine and heavy equipment such as but not limited to Pay Loaders, Excavators or vehicles that are out of factory warranty without formal advertising and competitive bidding during the 2022/2023 fiscal year from Monroe Tractor.

Specific repairs and or parts cannot be identified at this time due to the unpredictability of the specific work that will ultimately be required. The Department of Public Works recently purchased these pieces of equipment from this vendor and the warranty would be voided if parts and services for them are purchased from anyone but this vendor. DPW had used other vendors for our heavy older equipment and vehicles in the past, the vehicles in need of repairs were not repaired in a sufficient amount of time. This was causing an enormous problem especially when our snow plows were down for weeks at times.

Total expenditures are not to exceed $250,000 and will be charged to account #01.51320.540210 or 01.51320.540220.

ORDINANCE AUTHORIZING PURCHASE, WITHOUT ADVERTISING OR COMPETITIVE BIDDING, OF TRAFFIC SIGNAL CONTROLLERS, CABINETS, REPAIR PARTS AND SERVICES FOR THE DEPARTMENT OF PUBLIC WORKS DURING THE FISCAL YEAR 2022/2023

BE IT ORDAINED, subject to the approval of the Mayor, that the Common Council hereby authorizes the purchase of replacement parts and preventative maintenance services from Northeast Signal, Traffic Parts, Inc. and Eastcom for the Department of Public Works during the fiscal year 2022/2023 at a cost not to exceed $200,000.00 without competitive bidding or formal advertising by reason of the fact it is impracticable to bid said item as the controllers and cabinets currently installed at intersections in the City of Syracuse are proprietary and these companies are the only suppliers in our area; and

BE IT FURTHER ORDAINED, that the Director of the Office of Management and Budget is hereby authorized to purchase said traffic signal controllers, cabinets, repair parts and services at a cost not to exceed $200,000.00, charging the cost thereof to Department of Public Works Budget Account Number 01.81800.540511 or other appropriate accounts as designated by the Commissioner of Finance; and

BE IT FURTHER ORDAINED, that this waiver is hereby authorized to be extended, where necessary, for a period not to exceed sixty (60) days after June 30, 2023 provided funding from the appropriation authorized by this Ordinance remains available.

Re: Annual Waiver Request for Traffic Signal Parts and Services

Dear Ms. McBride:

On behalf of the Department of Public Works, please prepare legislation to be introduced at the next Common Council Meeting for:

- Ordinance authorizing the purchasing of traffic signal controllers, cabinets, repair parts and services without formal advertising and competitive bidding during the 2022/2023 fiscal year from Northeast Signal, Traffic Parts, Inc., and Eastcom.

A competitive bid would not meet the City's needs since the controllers and cabinets currently installed at existing intersections in the City of Syracuse are proprietary, and these vendors are the only area suppliers.

Total expenditures are estimated not to exceed $200,000 and will be charged to account #01.81800.540511 or another appropriate account designated by the Commissioner of Finance.

Thank you.

Re: Waiver of Competitive Bid for the Disposal of Sweeper Waste, Peeler Dumps and Construction Debris

Dear Ms. McBride:

On behalf of the Department of Public Works, please prepare legislation to be introduced at the next Common Council Meeting for:

- Ordinance authorizing the disposal of sweeper waste materials, catch basin materials and construction debris with the Town of Camillus landfill during the 2022/2023 fiscal year.

The County put out a bid for sweeper waste and the supplier would have come to us at $85.00 a ton. The cost savings per ton with the Town of Camillus is $75.00 per ton which makes this a better choice. The Department of Public Works will drive them to their landfill at the cost of $10.00 a ton. Town of Camillus will also take our catch basin peeler dumps for the same cost.

There is a County contract for removal of construction debris but with the temporary loss of the DPW staging area at Peat Street they will need a place to haul to ourselves. They have requested several quotes and found Camillus to be the cheapest at $36.00 a ton.

Total expenditures are not to exceed $200,000 and will be charged to Account #01.81700.540552 and 06.81100.540552.

Thank you.

Sincerely,

Dear Ms. McBride:

Please prepare a resolution for the Common Council meeting of Monday, June 6, 2022, recognizing the achievements of the 2022 Nottingham High School Mock trial team.

Twelve local high schools competed in this year's County competition where teams followed the details of a securities fraud case provided by the New York State Bar Association (NYSBA). With help from coaches and advisors, students learn both the prosecution and defense side of the case and present evidence as appropriate.

Nottingham proved resilient getting into the semifinals and advancing to the County Champion match against defending champions, Fayetteville-Manlius. Here they presented their case in a virtual round judged by former United States Magistrate, the Honorable David Peebles on April 22nd.

Their success continued onto regionals, where they competed against the winning teams from Oneida, Thompkins, Broome, Chemung and Chenango counties. The team competed in two play-in rounds, moving onto the semifinals undefeated and as the top-ranked team. The regional championship match was held on April 30th against New Hartford High School. Nottingham presented their case in front of Supreme Court Justice Bernadette Roman Clark and were declared regional champions, advancing to the New York State Championship where they competed against seven other regional champions.

I would like to recognize the accomplishments the 2022 Nottingham High School Mock Trial team and congratulate them on their success.

Thank you for your assistance in this regard.

Sincerely,
