Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing:	<input type="checkbox"/>	<input type="checkbox"/>
a. public / private water supplies?	<input type="checkbox"/>	<input type="checkbox"/>
b. public / private wastewater treatment utilities?	<input type="checkbox"/>	<input type="checkbox"/>
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	<input type="checkbox"/>	<input type="checkbox"/>
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input type="checkbox"/>	<input type="checkbox"/>

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input type="checkbox"/>	<input type="checkbox"/>

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

SPECIAL PERMIT APPLICATION

The applicant is proposing to convert an apartment to a hot-food take-out store. The change of occupancy will have a small waiting/service area for customers, food preparation area, and a storage room. The property is in a Business-B zone, and commercial uses are by-right.

The neighborhood has many immigrants from northern Africa, but lacks any store that provides traditional ethnic foods. Proposed operation would be 7 days per week from 9:00 a.m. to 11:00 p.m., with two full-time staff.

The property was constructed in the late 1800's as a residential house. In the past the entire building had been a bar. It was then converted to three apartments (two on the first floor and one on the second floor). It is proposed to convert the first floor front apartment back into the new hot-food take-out.

Proposed exterior renovations are (see drawings A-3 & a-4):

- New handicapped ramp.
- New sidewalk and pavers.
- New signage on the building and on the existing ground sign (see drawing A-4).

Off-street parking requirements will be one parking space for each of the two apartments, and no spaces are required for the store because it is under 1000 square feet. The existing driveway only permits one space, and the applicant requests a waiver of the other spaces.

The property, a Business-A, shares a rear property line with a Residential-RA property. But since the parking does extend into the rear yard because of a large existing tree, and rear property line abuts the residential property's parking lot, we do not believe that screening is necessary. The applicant asks for a waiver of that requirement.

Park street runs southeast to north west.

1. Across street from 1011, looking down Park Street to southeast. Division street is at the far end of the apartment building.

2. 1011, house to left.

3. To right: diagonally across Park Street

4. Looking down Park Street to northwest, to Mary St intersection.

5. Cross street, standing in front of 1011, looking northwest down Park Street to Mary Street

6. Turning right, houses across the street.

7. Turning right, Park St to southeast, towards Division Street.

8. On Division Street, looking northwest towards 1011 garage: two property's parking lots abutting rear lot lines of 1011 Park St. Small addition at white door is 1011's garage.

9. The big tree is on 1011 Park Street lot. Parking lots of the RA property (left) and B property (right) are not screened from rear yard of 1011. 1011 driveway stops before garage. Big tree prevents parking at rear of lot.
