Report on Operations and Accomplishments

Description of Authority's Operations:

SEDCO is a private not for profit local development corporation providing low cost, fixed asset financing for commercial businesses operating in the City of Syracuse. SEDCO loan proceeds may be used to finance a portion of the cost of the acquisition and rehabilitation of real property or purchases of machinery and equipment. In addition to low interest loans, SEDCO also partners with community based organizations to provide matching funds for various business improvement grant programs. Maximum loan amounts typically do not exceed \$125,000. The Corporation has a eleven member board of directors who serve at the pleasure of the Mayor of the City of Syracuse. The board meets on a monthly schedule and also holds meetings for its audit, finance, and loan committees on an as needed basis. The board is charged with reviewing applications for financial assistance, as well as providing oversight of the staff, finances, and overall operations of the agency.

The Corporation is staffed by an Executive Director, Chief Financial Officer, and additional support staff, who are also employees of the City of Syracuse Office of Neighborhood & Business Development. The Executive Director reports directly to the board and is charged with the administrative duties of the Corporation. The Chief Financial Officer also reports directly to the board and is responsible for the financial oversight of the Corporation.

Accomplishments:

During 2020, the Syracuse community faced significant challenges in the wake of the Covid-19 coronavirus pandemic. In response to the pandemic, SEDCO moved quickly to adapt in response to the economic hardship experienced by small businesses and entrepreneurs. In response, the corporation experienced an unprecedented level of lending activity and grant assistance. This includes two additional programs that were designed to directly assist with financial support during the pandemic.

Traditional SEDCO Lending

In total, three loans were completed by the corporation and led to successful development and commercial property improvements. These projects totaled \$204,100 in direct financing and leveraged a total of \$1,044,355 in total development. When considering SEDCO's direct investments in 2020, it produced a combined leverage ratio of 1 : 5. This means that for every \$1 invested by SEDCO, that investment resulted in five times in additional economic activity in the city of Syracuse.

NDC Grow Syracuse Fund

Established in partnership with the National Development Council (NDC) the SEDCO Grow Syracuse Fund provides access to SBA 7A Lending through the Small Business Administration for up to \$2 Million in locally available financing to Syracuse businesses. In 2020, the Grow Syracuse Fund closed on a project with African & Caribbean Market LLC, a minority-women owned ethnic grocery retailer to purchase a building and relocate the store into a larger more modern space within the North Salina Street business corridor, in the heart of the historic Little Italy area. The project received \$325,000 in financing, with a total investment of \$352,000. The project closed on its financing and renovation work is underway, with the store relocation and expansion into its new space in 2021.

Report on Operations and Accomplishments (continued)

Covid-19 Emergency Relief Loan Program

In March 2020, just days following the emergency declaration caused by Covid-19, SEDCO announced the creation of an emergency loan program, with a maximum of \$25,000 at 0% interest. The program also deferred payment to allow immediate capital to cover expenses, and fund adaptive business practices. By early April, SEDCO has already approved borrowers and was making fund disbursements through a virtual closing process to ensure borrower safety. The corporation became one of the first economic development organizations in New York State to launch such a program, and was able to begin deploying funds as quickly and efficiently as possible. In total, the program invested \$455,167 to 30 different small businesses, helping retain an estimated 165 jobs by providing critical financial capital in the earliest days of the pandemic.

Covid-19 Small Business Grant Program

In November 2020, SEDCO announced a grant program designed provide further assistance to firms seeking support to adapt to New York State social distancing requirements, capacity requirements, shifting customer demand to online and sales, etc. The program was funded by the City of Syracuse using Community Development Block Grant (CDBG) dollars from the CARES Act, the program invested \$150,000 in the initial round launched in 2020. Eligible grants include a maximum of \$10,000, to existing businesses with 50 employees or less. A total of 23 awards were provided by SEDCO during Round I, including 10 minority and/or women business enterprises (MWBE's), resulting in approximately 43% of total awards supporting this category of businesses and entrepreneurs.

Conclusion

In summary, 2020 was a year that presented challenges to the small business community in Syracuse not seen before. SEDCO acted quickly to step in and address the severe economic hardship and response required, and supported dozens of small businesses, helping to retain jobs and maintain operations. During this time, the corporation experienced a decline in its normal lending activity and programs, which launching new programs designed to carefully underwrite and review applicant needs, while moving efficiently to streamline the closing process providing critical financial support to keep businesses open and sustain their operations.

In total, during Fiscal Year 2020 SEDCO directly assisted more than 55 unique businesses through a combination of grants and loans, with a total of more than \$809,267 invested directly by the corporation, and over \$1,134,000 when including assistance through the NDC Grow Syracuse Fund. In the face of significant challenges, SEDCO continues to serve as a resource and tool in the ongoing economic recovery from Covid-19 and remains more prepared than ever before to support the revitalization underway within Syracuse.
