INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of the
Syracuse Economic Development Corporation

Report on the Financial Statements

We have audited the accompanying basic financial statements of Syracuse Economic Development Corporation (SEDCO), a component unit of the City of Syracuse, New York as of December 31, 2020 and 2019, and for the years then ended, and the related notes to the financial statements, which collectively comprise the Syracuse Economic Development Corporation's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The Syracuse Economic Development Corporation's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Syracuse Economic Development Corporation as of December 31, 2020 and 2019 and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Syracuse Economic Development Corporation's basic financial statements. The Consolidating Statement of Net Position and Consolidating Statement of Activities and Changes in Net Position on pages 18 and 19 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Consolidating Statement of Net Position and Consolidating Statement of Activities and Changes in Net Position is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Consolidating Statement of Net Position and Consolidating Statement of Activities and Changes in Net Position is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 13, 2021 on our consideration of Syracuse Economic Development Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Syracuse Economic Development Corporation's internal control over financial reporting and compliance.

Management's Discussion and Analysis - unaudited
For the Year Ended December 31, 2020

Management's discussion and analysis (MD&A) is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of SEDCO's financial activity, and (c) identify changes in SEDCO's financial position for the year ended December 31, 2020. Please read it in conjunction with SEDCO's financial statements.

FINANCIAL HIGHLIGHTS

- The sale of the Deys project in 2009 resulted in a note receivable from the buyer totaling \$5,500,000. During 2020, interest payments of \$95,805 were received (no principal payments were due). The outstanding note receivable was \$4,790,185 as of December 31, 2020.
- SEDCO's total liabilities and total net position was \$170,850 and \$10,547,244, respectively, at the end of 2020.
- SEDCO's total net position increased by \$94,053 for the 2020 fiscal year. This was primarily due to both mortgage interest income of \$95,805 and loan interest income of \$94,717, offset by expenses of the Corporation totaling \$96,349
- SEDCO was approved to receive \$150,000 of federal grant monies from the City of Syracuse for its COVID-19 relief activities. SEDCO utilized \$100,434 of these grant monies as of December 31, 2020.
- SEDCO approved three new direct loans totaling \$233,000 and thirty loans under SEDCO's COVID-19 Emergency loan program totaling \$455,217, totaling \$688,217 of new loans. From all loans and notes outstanding, SEDCO received \$348,574 of principal payments and \$190,522 of interest payments on these loans.

OVERVIEW OF THE FINANCIAL STATEMENTS

SEDCO's financial statements are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. As such, revenues are recognized when earned, rather than when received, and expenses are recognized when incurred, rather than when paid. See the note to the financial statements for a summary of SEDCO's significant accounting policies.

Following the MD&A are the basic financial statements and notes of SEDCO, which are essential to a full understanding of the data contained in the financial statements. SEDCO's basic financial statements are designed to provide readers with a broad overview of SEDCO's finances, in a manner similar to a private-sector business.

The **Statement of Net Position** presents information similar to a Balance Sheet. The statement is presented in the format where assets, minus liabilities, equal net position. Assets and liabilities are presented in order of liquidity, and are classified as current and non-current. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of SEDCO is improving or deteriorating.

The **Statement of Activities and Changes in Net Position** presents information showing how SEDCO's net position changed during the year; revenues less expenses. The focus of the statement is the change in net position, which is similar to net income or loss for a business entity.

The **Statement of Cash Flows** reports net cash provided by or used by operating activities.

Management's Discussion and Analysis - unaudited
For the Year Ended December 31, 2020

The **Notes to Financial Statements** provide additional information that is essential to a full understanding of the information included in the financial statements.

The entity-wide financial statements report only business-type (proprietary) activities, since none of SEDCO's activities are considered to be governmental activities supported primarily by taxes.

The entity-wide financial statements can be found on pages 8 through 10 of this report. The notes to the financial statements can be found on pages 11 through 17 of this report.

Fund Financial statements – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. SEDCO, like other component units of state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. SEDCO treats its only fund, the operating fund, as a proprietary fund, as there are no reconciling items between the government-wide financial statements as presented, and as such, no fund financial statements are presented.

Proprietary funds – Proprietary funds are used to account for essentially the same functions reported as proprietary activities in the government-wide financial statements. However, unlike the entity-wide financial statements, proprietary fund financial statements focus on current sources and uses of spendable resources, as well as in balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating SEDCO's near-term financing requirements. Because the focus of proprietary funds is narrower than that of the entity-wide financial statements, it is useful to compare the information presented for proprietary funds with similar information presented for proprietary activities in the entity-wide financial statements. By doing so, readers may better understand the long-term impact of SEDCO's near-term financing decisions.

ENTITY-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of SEDCO's financial position. In the case of SEDCO, assets exceeded liabilities by \$10,547,244 as of December 31, 2020. A significant portion of the net position is with a mortgage note receivable from Dey's totaling \$4,790,185 and with other loans outstanding totaling \$4,770,383.

The majority of SEDCO's assets are from notes receivable with one developer for the Dey's building project totaling \$4,790,185. The terms of the original note have been modified to interest only payments as the building owners are currently renovating the building to convert underutilized commercial space into residential space. The interest only payments totaled \$95,805 in 2020.

SEDCO provides low cost, fixed asset financing for commercial businesses operating in the City of Syracuse. Total loans outstanding was \$4,770,383 as of December 31, 2020. During fiscal year 2020, SEDCO issued new loans totaling \$688,217 throughout the City of Syracuse.

SEDCO's revenues are primarily from interest earnings on outstanding loans. Interest earnings totaled \$190,522 for the year ended December 31, 2020. Expenses totaling \$196,903, including \$100,434 of grants distributed for COVID relief, are primarily related SEDCO carrying out its mission of providing loans and providing other economic assistance throughout the City of Syracuse.

SYRACUSE ECONOMIC DEVELOPMENT CORPORATION
Notes to the Consolidated Financial Statements

1. Nature of the Organization and Significant Accounting Policies

Nature of the Organization

The Syracuse Economic Development Corporation (SEDCO) is a not-for-profit corporation established in 1979 to assist the City of Syracuse (City), New York in its efforts to foster joint public/private development ventures in the City. SEDCO has been granted tax-exempt status under Section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Service has determined that SEDCO is not a private foundation. SEDCO is treated as a component unit by the City of Syracuse and is integral to the overall economic development plans of the City.

The basic financial statements of SEDCO have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. SEDCO is a proprietary fund, and, therefore, includes only business-type activities. There are no differences between a) net position and fund balances, and b) changes in net position and changes in fund balances, and, therefore, no reconciliation schedules of these items are included in this report.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of SEDCO and its wholly owned subsidiaries Deys Centennial Plaza, Inc. and Deys Centennial Plaza Limited Partnership. All significant intercompany accounts and transactions have been eliminated in the consolidation.

Basis of Presentation

SEDCO is considered a governmental entity for accounting and financial reporting purposes. The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to government units. The governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

Government-wide financial statements include the Statement of Net Position, the Statement of Activities and Changes in Net Position, and the Statement of Cash Flows. These statements report financial information for SEDCO as a whole. SEDCO has determined that all of its activities are business-type, which are predominantly financed with fees and loan repayments from external parties.

The Statement of Activities and Changes in Net Position reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include charges for services and grants and contributions. These revenues are subject to externally imposed restrictions to these program uses.

SYRACUSE ECONOMIC DEVELOPMENT CORPORATION
Notes to the Consolidated Financial Statements

1. Nature of the Organization and Significant Accounting Policies (continued)

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Lending Activities

SEDCO considers its lending activities, described in Note 2, as operating activities for purposes of the Statement of Cash Flows. SEDCO considers itself to be a single function agency, with all of its expenses incurred for economic development loaning activities. Management and general and fundraising expenses are immaterial and are not segregated in the financial statements.

Grant Activities

SEDCO periodically receives monies from the City of Syracuse for certain grant programs administered by SEDCO. The monies from the City of Syracuse are typically federal monies from the City's Community Development Block Grant (CDBG). SEDCO, as a subrecipient, is required to comply with the grant provisions as stated in the contract and with other federal grant regulations as required under federal regulations. During 2020, the City's approved \$150,000 of federal monies to establish a Covid-19 emergency relief fund program at SEDCO. As of December 31, 2020, SEDCO's federal grant expenditures totaled \$100,434. The grant expenditures are subject to various federal regulations as required by the Department of Housing and Urban Development, under CFDA 14.218, Community Development Block Grants/Entitlement Grants.

Grow America Fund

The National Development Council (NDC) is a national nonprofit established in 1969. NDC's work focuses on homes, jobs and community. The Grow America Fund is a national small business lending program administered by NDC. NDC operates as a community development lender to support the creation of jobs and the expansion of eligible small businesses in underserved communities, particularly minority and women-owned businesses. NDC loans are partially guaranteed by the U.S. Small Business Administration. SEDCO began participating in the Grow America Fund in 2017 with an initial contribution of \$250,000. SEDCO is required to contribute another \$250,000, as shown as restricted in the Statement of Net Position, after program loans in the Fund exceed \$1,000,000. A total of \$975,000 and \$660,000, as of December 31, 2020 and 2019, respectively, of Grow America Fund program loans have been made with \$25,000 of lending capacity remaining. There were no contributions made by SEDCO in 2020 or 2019.

SYRACUSE ECONOMIC DEVELOPMENT CORPORATION
Notes to the Consolidated Financial Statements

1. Nature of the Organization and Significant Accounting Policies (continued)

Cash and Cash Equivalents

The corporation considers all short-term investments purchased with an original maturity of three months or less to be cash equivalents. At various times during the year, SEDCO's cash and cash equivalents balances exceeded the federally insured limits of \$250,000. At December 31, 2020 and 2019, SEDCO's uninsured cash and cash equivalents balances totaled approximately \$302,000 and \$843,000 respectively.

2. Loan Activities

SEDCO's major activities involve the loaning of funds for commercial businesses in the City of Syracuse, New York. For the years ended December 31, 2020 and 2019, SEDCO issued new loans totaling \$688,217 and \$400,100, respectively.

3. Loans Receivable and Allowance for Doubtful Loans

SEDCO provides financial assistance to businesses and other local economic development entities in the City of Syracuse as a means of supporting business expansion and job creation. One form of financial assistance is loans. Since all the loans are to businesses and other entities within the City of Syracuse, all such loans are concentrated geographically in the City of Syracuse. The ability of the borrowers to honor their loans is dependent on the real estate and general economic conditions in the City of Syracuse and surrounding communities. Loans are reported at their outstanding unpaid principal balances, net of an allowance for loan losses. Interest income is not accrued for past due principal balances. Loan origination fees, if any, are received at closing. Interest rates range from 0% to 5% on loans.

The allowance for doubtful loans is management's estimate of losses inherent in the loan portfolio and is recorded as a reduction of loans. Management performs a monthly evaluation of the adequacy of the allowance. The allowance is based on past loan loss experience, past delinquency rates and subsequent recoveries. For the years ended December 31, 2020 and 2019, no allowance is deemed necessary.

SYRACUSE ECONOMIC DEVELOPMENT CORPORATION
Notes to the Consolidated Financial Statements

SYRACUSE ECONOMIC DEVELOPMENT CORPORATION
Notes to the Consolidated Financial Statements

3. Loans Receivable and Allowance for Doubtful Loans (continued)

SEDCO also issues loans as in substance grants provided to borrowers which are generally only payable if terms and conditions of such loans are not adhered to. If the terms and conditions of such loans are adhered to, the principal and interest will generally be forgiven. These types of loans are not considered loans for purposes of the financial statements and are excluded from the \$4,770,383 and \$4,430,740 of loans outstanding as of December 31, 2020 and 2019, respectively.

4. Notes Receivable

SEDCO was the owner of Deys Centennial Plaza and established Deys Centennial Plaza Limited Partnership (DCPLP) to complete rehabilitation of the land and buildings.

In December 2009, the Deys Centennial Plaza Project was sold to developers. Two notes totaling \$5,500,000, both which bear interest at 3% were issued to the developers. For the years ended December 31, 2020 and 2019, SEDCO received \$95,805 and \$143,708 in interest income, respectively. The board of directors authorized interest only payments on both notes and deferring principal payments, until further action by the Board of Directors.
