The total project cost is estimated to be \$4,722,346. The property was acquired by and is owned by a single-purpose ownership entity called 444 East Genesee Street LLC. The project has been granted Site Plan Approval by the City of Syracuse Planning Board. Plans provide for the property to be redeveloped over a 9 month period beginning in May of 2021 and completed by March of 2022.

444 East Genesee Street, LLC, has assembled an experienced development team to complete this project, consisting of The Icon Companies (developer/principal), In-Architects, Stone Hammer Construction, and the CNY Regional Planning and Development Board (development consultant).

The building is located on a one-acre parcel of land at the intersection of East Genesee Street and Townsend Street in downtown Syracuse, overlooking Firefighters Memorial Park. The building will be renamed "Corbett Corner" in honor of the Corbett family's 3 generations of Syracuse Firefighters. The location is at the center of an urban neighborhood immediately between the CBD, Syracuse University, Upstate Medical University, and other major hospitals, commercial, and institutional uses in the community. While downtown Syracuse is the fastest growing residential neighborhood in the county, there currently exists an under-supply of newly built and modern affordable housing options in an otherwise thriving marketplace.

The project will be financed through a commercial construction and permanent loan from the Community Preservation Corporation, NYS HCR PLP, and developer equity. The building has sat vacant for over 20 years due to the difficult rehabilitation challenges associated with improvement costs and feasibility. In addition to these perpetual challenges, the goal of this specific project is to provide affordable housing options to the community without compromising quality. Due to these conditions, the construction budget, and pro forma, the requested SIDA benefits are crucial to the project's capacity to meet its operating and debt service costs and overall financial viability.
