## **Project Description**

Anoplate Corporation (“Anoplate”) is in the process of finalizing the re-subdivision of the 5 parcels with the addresses; 701 and 723 Hiawatha Blvd, 441 Pulaski 449 Pulaski 459-475 Pulaski; once finalized will have an address of 459 Pulaski Street and consist of 5.21 acres.

There are currently 2 buildings on 3 of the 5 parcels, one building spans two parcels. One building totals 5,020 SF, the other building 459 Pulaski Street totals 51,550 SF, there will be an addition to this building consisting of a 22,212 SF addition.

Anoplate offers its customers metal finishing services and will continue the same service in the expanded building.

Anoplate is requesting assistance from SIDA in the form of a PILOT, sales and use exceptions as well as a mortgage recording exemption. Post COVID we as a country have seen significant changes in workforce, materials and how we must operate our business to maintain our market share and continue to grow. Benefits from SIDA coupled with our recent ESD Capital grant award will assist in the investment of over \$6 million to expand our existing two buildings totaling 56,570 SF with a roughly 22,212 SF expansion.

The cost of construction is at an all time high due to the increase in material costs as well as supply chain issues, this expansion is significantly higher in cost than it would have been prior to the COVID pandemic; therefore, we are seeking the assistance from SIDA to ensure this project can be carried out. If SIDA is unable to assist with incentives for this project, it would likely significantly decrease the size of the expansion resulting in less job creation. SIDA’s assistance will enable Anoplate to expand its’ footprint, fulfilling it sales needs for the next five years, allowing the company to grow to \$44.5 million annually, acquire new equipment, and increase its workforce.

This project consists of sitework, including modification of the parking lot to provide one additional parking space, minor demolition, and the construction of a roughly 22,212 SF manufacturing space to its existing facility in addition to the purchase of furniture and equipment. The expansion calls for the hiring of 20 FTE’s over the next 5 years.

Anoplate is a proud employer of workforce made up of 99% CNY resident and 32% of City of Syracuse residents, further our workforce is comprised of roughly 12% ethnic diversity.

Anoplate’s current facility lacks sufficient space and modernization. We believe this project will assist in not only efficiency with production but with retention and recruitment of new employees. This project strengthens growth in advanced manufacturing, capitalizing on market opportunities in industries of the future including Aviation and Defense industries. Anoplate will be able to increase production to meet demand of customers and strengthen the competitiveness in and connections to regional and national economies.

Anoplate buys over \$6 million dollars of CNY goods and services annually.
