# DETAIL MAP - 6074696.2S

- ★ Target Property
- ▲ Sites at elevations higher than or equal to the target property
- ◆ Sites at elevations lower than the target property
- ▲ Manufactured Gas Plants
- Sensitive Receptors
- National Priority List Sites
- Dept. Defense Sites

- Indian Reservations BIA
- Special Flood Hazard Area (1%)
- 0.2% Annual Chance Flood Hazard
- National Wetland Inventory
- State Wetlands

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

FIS (New York - Facility Information System) is New York's Department of Environmental Conservation (DEC) information system for tracking environmental facility information found across the State.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

FINDS:

Registry ID: 110009450986  
Facility URL: [http://ofmpub.epa.gov/enviro/fii\\_query\\_detail.disp\\_program\\_facility?p\\_registry\\_id=110009450986](http://ofmpub.epa.gov/enviro/fii_query_detail.disp_program_facility?p_registry_id=110009450986)

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Classification: Non-Generator  
Description: Handler: Non-Generators do not presently generate hazardous waste

Handler Activities Summary:

U.S. importer of hazardous waste: No  
Mixed waste (haz. and radioactive): No  
Recycler of hazardous waste: No  
Transporter of hazardous waste: No  
Treater, storer or disposer of HW: No  
Underground injection activity: No  
On-site burner exemption: No  
Furnace exemption: No  
Used oil fuel burner: No  
Used oil processor: No  
User oil refiner: No  
Used oil fuel marketer to burner: No  
Used oil Specification marketer: No  
Used oil transfer facility: No  
Used oil transporter: No

Historical Generators:

Date form received by agency: 2014-06-24 00:00:00.0  
Site name: NIAGARA MOHAWK A NATIONAL GRID CO  
Classification: Large Quantity Generator

Hazardous Waste Summary:

. Waste code: B002  
. Waste name: Petroleum oil or other liquid containing 50 ppm or greater of PCBs, but less than 500 ppm PCBs. This includes oil from electrical equipment whose PCB concentration is unknown, except for circuit breakers, reclosers and cable.

Date Rec Updated: 01/21/2016  
Updated By: SRHEIGEL  
Site Description: This site transitioned into the Brownfield Cleanup Program from the Voluntary Cleanup Program (formerly Site # V00588). The site is located in a mixed residential, commercial and industrial land use area. Commercial properties are located to the south. It is bordered on the east, west and north by North Clinton Street, Franklin Street and Genant Street, respectively. The site is about two acres in size. The site building is primarily slab-on-grade construction except the three-story portion which has a basement one level deep. The building is open timber frame with a brick facade. It has been used in the past for various small manufacturing processes. The remaining land is paved except for a small strip along Franklin Street and the northeast corner which are weed covered. Several underground storage tanks (USTs) were present including two fuel oil USTs, one gasoline UST which likely contained leaded gasoline and a waste oil UST. Probable causes of contamination are storage and handling of fuels and solvents associated with a metal foundry, plastics injecting molding and metal stamping operations. The soil and groundwater has been contaminated by VOCs, SVOCs and heavy metals, most notably lead. A Remedial Investigation has been completed and a Remedial Action has been implemented. Various areas of contaminated soil have been removed, including the gasoline and waste oil USTs. The two fuel oil USTs were cleaned and closed in place. A sub-slab depressurization system has been installed beneath the building. A Final Engineering Report and OM&M Plan were received on 12/12/06. An Environmental Easement was filed on 12/6/06, and a Certificate of Completion was issued on 12/29/06. The project is currently in the site management phase, which includes maintenance of the cap and sub-slab depressurization system.

Env Problem: A Remedial Investigation has been performed. Identified contaminants of concern include lead, VOCs and PAHs. Contaminated media include soil and groundwater. The selected remedial action included the removal of a limited amount of contaminated soil, installation of a sub-slab depressurization system beneath the building and installation of an impervious clay cap over the remaining areas of concern. Remediation was performed per an approved Remedial Work Plan. An Environmental Easement restricts contact with soils and use of groundwater. The site does not pose a significant threat to the environment.

Health Problem: Prior investigations identified soil and groundwater contaminated with volatile organic compounds, semivolatile organic compounds, and lead. Remediation of the site included excavation and removal of lead-contaminated soil and two underground storage tanks and associated impacted soils. The on-site building, pavement, and placement of an impervious clay cap in select areas will minimize the potential for human exposure to residual soil contaminants. An environmental easement in place imposes several institutional and engineering controls, including restricting site use to commercial and/or industrial purposes and prohibiting the use of groundwater as a source of potable or process water. A sub-slab depressurization system was installed beneath the on-site building to minimize human exposures through soil vapor intrusion. Exposures to contaminants in groundwater are not expected since the area is served by a municipal water supply. A soils management plan will be utilized when completing any future ground intrusive work (i.e., utility and/or soil excavation).

Site Code: 58698

Site Description: This site transitioned into the Brownfield Cleanup Program from the Voluntary Cleanup Program (formerly Site # V00588). The site is located in a mixed residential, commercial and industrial land use area. Commercial properties are located to the south. It is bordered on the east, west and north by North Clinton Street, Franklin Street and Genant Street, respectively. The site is about two acres in size. The site building is primarily slab-on-grade construction except the three-story portion which has a basement one level deep. The building is open timber frame with a brick facade. It has been used in the past for various small manufacturing processes. The remaining land is paved except for a small strip along Franklin Street and the northeast corner which are weed covered. Several underground storage tanks (USTs) were present including two fuel oil USTs, one gasoline UST which likely contained leaded gasoline and a waste oil UST. Probable causes of contamination are storage and handling of fuels and solvents associated with a metal foundry, plastics injecting molding and metal stamping operations. The soil and groundwater has been contaminated by VOCs, SVOCs and heavy metals, most notably lead. A Remedial Investigation has been completed and a Remedial Action has been implemented. Various areas of contaminated soil have been removed, including the gasoline and waste oil USTs. The two fuel oil USTs were cleaned and closed in place. A sub-slab depressurization system has been installed beneath the building. A Final Engineering Report and OM&M Plan were received on 12/12/06. An Environmental Easement was filed on 12/6/06, and a Certificate of Completion was issued on 12/29/06. The project is currently in the site management phase, which includes maintenance of the cap and sub-slab depressurization system.

Env Problem: A Remedial Investigation has been performed. Identified contaminants of concern include lead, VOCs and PAHs. Contaminated media include soil and groundwater. The selected remedial action included the removal of a limited amount of contaminated soil, installation of a sub-slab depressurization system beneath the building and installation of an impervious clay cap over the remaining areas of

concern. Remediation was performed per an approved Remedial Work Plan. An Environmental Easement restricts contact with soils and use of groundwater. The site does not pose a significant threat to the environment.

Health Problem: Prior investigations identified soil and groundwater contaminated with volatile organic compounds, semivolatile organic compounds, and lead. Remediation of the site included excavation and removal of lead-contaminated soil and two underground storage tanks and associated impacted soils. The on-site building, pavement, and placement of an impervious clay cap in select areas will minimize the potential for human exposure to residual soil contaminants. An environmental easement in place imposes several institutional and engineering controls, including restricting site use to commercial and/or industrial purposes and prohibiting the use of groundwater as a source of potable or process water. A sub-slab depressurization system was installed beneath the on-site building to minimize human exposures through soil vapor intrusion. Exposures to contaminants in groundwater are not expected since the area is served by a municipal water supply. A soils management plan will be utilized when completing any future ground intrusive work (i.e., utility and/or soil excavation).

Site Description:

This site transitioned into the Brownfield Clean up Program as C734089. This site is located in a mixed residential, commercial and industrial land use area. A tavern and restaurant is located to the south of the property, it is bordered on the east, west and north by North Clinton Street, Franklin Street and Genant Street respectively. The site is about two acres in size. The site building is primarily of slab on grade construction except the three story portion which has a basement one level deep. The building is open timber frame with a brick facade. It has been used in the past for various small manufacturing processes. The remaining land is paved except for a small strip along Franklin Street and the northeast corner which are vegetated with native weeds.

past for various small manufacturing processes. The remaining land is paved except for a small strip along Franklin Street and the northeast corner which are weed covered. Several underground storage tanks (USTs) were present including two fuel oil USTs, one gasoline UST which likely contained leaded gasoline and a waste oil UST. Probable causes of contamination are storage and handling of fuels and solvents associated with a metal foundry, plastics injecting molding and metal stamping operations. The soil and groundwater has been contaminated by VOCs, SVOCs and heavy metals, most notably lead. A Remedial Investigation has been completed and a Remedial Action has been implemented. Various areas of contaminated soil have been removed, including the gasoline and waste oil USTs. The two fuel oil USTs were cleaned and closed in place. A sub-slab depressurization system has been installed beneath the building. A Final Engineering Report and OM&M Plan were received on 12/12/06. An Environmental Easement was filed on 12/6/06, and a Certificate of Completion was issued on 12/29/06. The project is currently in the site management phase, which includes maintenance of the cap and sub-slab depressurization system.

Env Problem: A Remedial Investigation has been performed. Identified contaminants of concern include lead, VOCs and PAHs. Contaminated media include soil and groundwater. The selected remedial action included the removal of a limited amount of contaminated soil, installation of a sub-slab depressurization system beneath the building and installation of an impervious clay cap over the remaining areas of concern. Remediation was performed per an approved Remedial Work Plan. An Environmental Easement restricts contact with soils and use of groundwater. The site does not pose a significant threat to the environment.

Health Problem: Prior investigations identified soil and groundwater contaminated with volatile organic compounds, semivolatile organic compounds, and lead. Remediation of the site included excavation and removal of lead-contaminated soil and two underground storage tanks and associated impacted soils. The on-site building, pavement, and placement of an impervious clay cap in select areas will minimize the potential for human exposure to residual soil contaminants. An environmental easement in place imposes several institutional and engineering controls, including restricting site use to commercial and/or industrial purposes and prohibiting the use of groundwater as a source of potable or process water. A sub-slab depressurization system was installed beneath the on-site building to minimize human exposures through soil vapor intrusion. Exposures to contaminants in groundwater are not expected since the area is served by a municipal water supply. A soils management plan will be utilized when completing any future ground intrusive work (i.e., utility and/or soil excavation).

Site Code: 504540  
Acres: 8.13  
HW Code: C734143  
SWIS: 3415  
Town: Syracuse (c)  
Record Added Date: 02/10/2015  
Record Updated Date: 02/14/2018  
Update By: KALEWAND  
Site Description: Location: The site is located at 128 Spencer Street which is bounded by Court, Solar, and Spencer Streets in the City of Syracuse, Onondaga County. The site is approximately 8.13 acres in size. Site Features: On the southern and eastern portions of the site is an "L" shaped two-story building constructed of steel, concrete and masonry. The area to the west and north of the building is a paved parking lot. Current Zoning/Use: The site is currently vacant but was used for industrial activities. Historical Use: The site has been used for industrial activities. In the early 1900s the site was used for evaporating sheds as part of the local solar salt business. Around 1930's to 1950's there was construction of a manufacturing plant. Operations at the plant included electroplating, solvent degreasing, heat treating, painting and machining. The original plant was demolished in the 1950's when the current structure was erected. From approximately 1930 until 1997 the site was used for industrial manufacturing activities. The parcel is currently vacant. Site Geology and Hydrogeology:  
Env Problem: Information submitted with the BCP application regarding the environmental condition at the site are currently under review and will be revised as additional information becomes available.  
Health Problem: Information submitted with the BCP application regarding the conditions at the site are currently under review and will be revised as additional information becomes available.  
Dump: Not reported  
Structure: Not reported  
Lagoon: Not reported

Hazardous Waste Summary:

- . Waste code: F001
- . Waste name: THE FOLLOWING SPENT HALOGENATED SOLVENTS USED IN DEGREASING: TETRACHLOROETHYLENE, TRICHLORETHYLENE, METHYLENE CHLORIDE, 1,1,1-TRICHLOROETHANE, CARBON TETRACHLORIDE AND CHLORINATED FLUOROCARBONS; ALL SPENT SOLVENT MIXTURES/BLENDS USED IN DEGREASING CONTAINING, BEFORE USE, A TOTAL OF TEN PERCENT OR MORE (BY VOLUME) OF ONE OR MORE OF THE ABOVE HALOGENATED SOLVENTS OR THOSE SOLVENTS LISTED IN F002, F004, AND F005; AND STILL BOTTOMS FROM THE RECOVERY OF THESE SPENT SOLVENTS AND SPENT SOLVENT MIXTURES.
  
- . Waste code: F006
- . Waste name: WASTEWATER TREATMENT SLUDGES FROM ELECTROPLATING OPERATIONS, EXCEPT FROM THE FOLLOWING PROCESSES: (1) SULFURIC ACID ANODIZING OF ALUMINUM; (2) TIN PLATING ON CARBON STEEL; (3) ZINC PLATING (SEGREGATED BASIS) ON CARBON STEEL; (4) ALUMINUM OR ZINC-ALUMINUM PLATING ON CARBON STEEL; (5) CLEANING/STRIPPING ASSOCIATED WITH TIN, ZINC, AND ALUMINUM PLATING ON CARBON STEEL; AND (6) CHEMICAL ETCHING AND MILLING OF ALUMINUM.
  
- . Waste code: F008
- . Waste name: PLATING BATH RESIDUES FROM THE BOTTOM OF PLATING BATHS FROM ELECTROPLATING OPERATIONS IN WHICH CYANIDES ARE USED IN THE PROCESS.
  
- . Waste code: F009
- . Waste name: SPENT STRIPPING AND CLEANING BATH SOLUTIONS FROM ELECTROPLATING OPERATIONS IN WHICH CYANIDES ARE USED IN THE PROCESS.
  
- . Waste code: U226
- . Waste name: ETHANE, 1,1,1-TRICHLORO- (OR) METHYL CHLOROFORM

**Environmental Interest/Information System:**

US EPA TRIS (Toxics Release Inventory System) contains information from facilities on the amounts of over 300 listed toxic chemicals that these facilities release directly to air, water, land, or that are transported off-site.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

ICIS (Integrated Compliance Information System) is the Integrated Compliance Information System and provides a database that, when complete, will contain integrated Enforcement and Compliance information across most of EPA's programs. The vision for ICIS is to replace EPA's independent databases that contain Enforcement data with a single repository for that information. Currently, ICIS contains all Federal Administrative and Judicial enforcement actions. This

information is maintained in ICIS by EPA in the Regional offices and it Headquarters. A future release of ICIS will replace the Permit Compliance System (PCS) which supports the NPDES and will integrate that information with Federal actions already in the system. ICIS also has the capability to track other activities occurring in the Region that support Compliance and Enforcement programs. These include; Incident Tracking, Compliance Assistance, and Compliance Monitoring.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.  
FIS (New York - Facility Information System) is New York's Department of Environmental Conservation (DEC) information system for tracking

Equipment Records:

A00 - Tank Internal Protection - None  
B01 - Tank External Protection - Painted/Asphalt Coating  
G01 - Tank Secondary Containment - Diking (Aboveground)  
H06 - Tank Leak Detection - Impervious Barrier/Concrete Pad (A/G)  
C01 - Pipe Location - Aboveground  
F05 - Pipe External Protection - Jacketed  
D06 - Pipe Type - Fiberglass Reinforced Plastic (FRP)  
E00 - Piping Secondary Containment - None  
L09 - Piping Leak Detection - Exempt Suction Piping  
I02 - Overfill - High Level Alarm  
K01 - Spill Prevention - Catch Basin  
F04 - Pipe External Protection - Fiberglass  
J02 - Dispenser - Suction Dispenser

Tank Location: Aboveground - on saddles, legs, racks, etc.... Tank bottom is elevated above grade or tank pad, allowing visual inspection.

Tank Type: Steel/Carbon Steel/Iron

Tank Status: Closed - Removed

Pipe Model: Not reported

Install Date: 09/01/1995

Capacity Gallons: 12000

Tightness Test Method: -

Date Test: Not reported

Next Test Date: Not reported

Date Tank Closed: 10/31/2019

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Site Description: The ABM Site is comprised of 2 parcels located at 400-404 (Tax #117.-08-07.0) and 380 (Tax #117.-08-06.1) Spencer Street in the City of Syracuse, Onondaga County, New York. The site is surrounded by Kirkpatrick Street (North), Spencer Street (South), the City of Syracuse property (West), and an industrial area (East). The parcels total approximately 2.7 acres in size and are separated by Onondaga Creek, a tributary to Onondaga lake. The West Parcel includes an area of approximately 0.6 acres, and the larger East Parcel includes an area of approximately 2.1 acres. The West Parcel is currently occupied by a one-story concrete block building that was formerly used as office space and a machinery shop. The East Parcel is currently vacant land. On-Site remediation occurred in 2005 and 2006 under the State's Brownfields Cleanup Program (C734088). Remediation on the West Parcel included soil excavation, and off-site disposal, of PCB contaminated soil greater than 10 ppm. Remediation on the East Parcel included excavation and off-site disposal of the paint waste. An Environmental Easement was filed with the County Clerk on 12/14/2006. A COC was issued on December 22, 2006. Off-site of the

West Parcel, PCB soil contamination exists and a Decision Document was issued on March 20, 2012 under site No. C734088A.

Env Problem: PCB contamination of soils has been confirmed on the West Parcel. Paint waste contamination has been confirmed on the East Parcel in both groundwater and soil. On-Site remediation occurred in 2005 and 2006 under the State's Brownfields Cleanup Program (C734088). Off-site of the West Parcel, PCB soil contamination exists and a Decision Document was issued on March 20, 2012 under site No. C734088A.

the south, the City of Syracuse property is to the west, and an industrial area is to the east. Site Features: The ABM site is comprised of 2 parcels located at 400-404 (Tax #117.-08-07.0) and 380 (Tax #117.-08-06.1) Spencer Street. In total, the parcels are approximately 2.7 acres in size; the West Parcel covers an area of approximately 0.6 acres and the East Parcel is about 2.1 acres. The parcels are separated by Onondaga Creek, which is a tributary to Onondaga Lake. Current Zoning/Use: The West Parcel is currently occupied by a one-story concrete block building that was formerly used as office space and a machinery shop. The East Parcel is vacant land. Historic Use: Site remediation occurred in 2005 and 2006. Remediation on the West Parcel included soil excavation and off-site disposal of PCB contaminated soil greater than 10 ppm (parts per million). Remediation on the East Parcel included excavation and off-site disposal of paint waste. An Environmental Easement was filed with the County Clerk on 12/14/2006. A Certificate of Completion (COC) was issued on December 22, 2006. Off-site PCB soil contamination exists and an investigation is being conducted under site no. C734088A.

Env Problem: PCB contamination of soils has been remediated on the West Parcel to 10 ppm subsurface with a 1-foot cover. Off-site PCB contamination exists on the west bank of Onondaga Creek, and potentially to the north and west on City of Syracuse Property. Paint waste contamination has been remediated on the East Parcel. Residual groundwater contamination (VOCs) exists, as well as upgradient groundwater contamination entering the site. A 1-foot soil cover exists. An Environmental Easement was filed with the County Clerk on 12/14/2006. A COC was issued on December 22, 2006.

Health Problem: PCBs and paint wastes were excavated and properly disposed off-site, thereby eliminating the potential for exposure to these wastes. Because groundwater is contaminated with volatile organic compounds, the potential exists for soil vapor intrusion on the east parcel should anyone build there. However, the site management plan requires that an active subslab depressurization system be installed in any new structures built on the east parcel. Exposure to contaminated groundwater is not expected because the area is served by a public water supply and the easement prohibits groundwater use.

Site Description: Location: The American Bag and Metal Company Inc. site is located on Spencer Street in the City of Syracuse, Onondaga County, New York. Kirkpatrick Street is to the north of the site, Spencer Street is to the south, the City of Syracuse property is to the west, and an industrial area is to the east. Site Features: The ABM site is comprised of 2 parcels located at 400-404 (Tax #117.-08-07.0) and 380 (Tax #117.-08-06.1) Spencer Street. In total, the parcels are approximately 2.7 acres in size; the West Parcel covers an area of approximately 0.6 acres and the East Parcel is about 2.1 acres. The parcels are separated by Onondaga Creek, which is a tributary to Onondaga Lake. Current Zoning/Use: The West Parcel is currently occupied by a one-story concrete block building that was formerly used as office space and a machinery shop. The East Parcel is vacant land. Historic Use: Site remediation occurred in 2005 and 2006. Remediation on the West Parcel included soil excavation and off-site disposal of PCB contaminated soil greater than 10 ppm (parts per million). Remediation on the East Parcel included excavation and off-site disposal of paint waste. An Environmental Easement was filed with the County Clerk on 12/14/2006. A Certificate of Completion (COC) was issued on December 22, 2006. Off-site PCB soil contamination exists and an investigation is being conducted under site no. C734088A.

Env Problem: PCB contamination of soils has been remediated on the West Parcel to 10 ppm subsurface with a 1-foot cover. Off-site PCB contamination exists on the west bank of Onondaga Creek, and potentially to the north and west on City of Syracuse Property. Paint waste contamination has been remediated on the East Parcel. Residual groundwater contamination (VOCs) exists, as well as upgradient groundwater contamination entering the site. A 1-foot soil cover exists. An Environmental Easement was filed with the County Clerk on 12/14/2006. A COC was issued on December 22, 2006.

Health Problem: PCBs and paint wastes were excavated and properly disposed off-site, thereby eliminating the potential for exposure to these wastes. Because groundwater is contaminated with volatile organic compounds, the potential exists for soil vapor intrusion on the east parcel should anyone build there. However, the site management plan requires that an active slab depressurization system be installed in any

with the County Clerk on 12/14/2006. A Certificate of Completion (COC) was issued on December 22, 2006. Off-site PCB soil contamination exists and an investigation is being conducted under site no. C734088A.

Env Problem: PCB contamination of soils has been remediated on the West Parcel to 10 ppm subsurface with a 1-foot cover. Off-site PCB contamination exists on the west bank of Onondaga Creek, and potentially to the north and west on City of Syracuse Property. Paint waste contamination has been remediated on the East Parcel. Residual groundwater contamination (VOCs) exists, as well as upgradient groundwater contamination entering the site. A 1-foot soil cover exists. An Environmental Easement was filed with the County Clerk on 12/14/2006. A COC was issued on December 22, 2006.

Health Problem: PCBs and paint wastes were excavated and properly disposed off-site, thereby eliminating the potential for exposure to these wastes. Because groundwater is contaminated with volatile organic compounds, the potential exists for soil vapor intrusion on the east parcel should anyone build there. However, the site management plan requires that an active subslab depressurization system be installed in any new structures built on the east parcel. Exposure to contaminated groundwater is not expected because the area is served by a public water supply and the easement prohibits groundwater use.

Site Description: Location: The American Bag and Metal Company Inc. site is located on Spencer Street in the City of Syracuse, Onondaga County, New York. Kirkpatrick Street is to the north of the site, Spencer Street is to the south, the City of Syracuse property is to the west, and an industrial area is to the east. Site Features: The ABM site is comprised of 2 parcels located at 400-404 (Tax #117.-08-07.0) and 380 (Tax #117.-08-06.1) Spencer Street. In total, the parcels are approximately 2.7 acres in size; the West Parcel covers an area of approximately 0.6 acres and the East Parcel is about 2.1 acres. The parcels are separated by Onondaga Creek, which is a tributary to Onondaga Lake. Current Zoning/Use: The West Parcel is currently occupied by a one-story concrete block building that was formerly used as office space and a machinery shop. The East Parcel is vacant land. Historic Use: Site remediation occurred in 2005 and 2006. Remediation on the West Parcel included soil excavation and off-site disposal of PCB contaminated soil greater than 10 ppm (parts per million). Remediation on the East Parcel included excavation and off-site disposal of paint waste. An Environmental Easement was filed with the County Clerk on 12/14/2006. A Certificate of Completion (COC) was issued on December 22, 2006. Off-site PCB soil contamination exists and an investigation is being conducted under site no. C734088A.

Site Description:	Location: The American Bag and Metal Company Inc. site is located on Spencer Street in the City of Syracuse, Onondaga County, New York. Kirkpatrick Street is to the north of the site, Spencer Street is to the south, the City of Syracuse property is to the west, and an industrial area is to the east. Site Features: The ABM site is comprised of 2 parcels located at 400-404 (Tax #117.-08-07.0) and 380 (Tax #117.-08-06.1) Spencer Street. In total, the parcels are approximately 2.7 acres in size; the West Parcel covers an area of approximately 0.6 acres and the East Parcel is about 2.1 acres. The parcels are separated by Onondaga Creek, which is a tributary to Onondaga Lake. Current Zoning/Use: The West Parcel is currently

occupied by a one-story concrete block building that was formerly used as office space and a machinery shop. The East Parcel is vacant land. Historic Use: Site remediation occurred in 2005 and 2006. Remediation on the West Parcel included soil excavation and off-site disposal of PCB contaminated soil greater than 10 ppm (parts per million). Remediation on the East Parcel included excavation and off-site disposal of paint waste. An Environmental Easement was filed with the County Clerk on 12/14/2006. A Certificate of Completion (COC) was issued on December 22, 2006. Off-site PCB soil contamination exists and an investigation is being conducted under site no. C734088A.

Env Problem: PCB contamination of soils has been remediated on the West Parcel to 10 ppm subsurface with a 1-foot cover. Off-site PCB contamination exists on the west bank of Onondaga Creek, and potentially to the north and west on City of Syracuse Property. Paint waste contamination has been remediated on the East Parcel. Residual groundwater contamination (VOCs) exists, as well as upgradient groundwater contamination entering the site. A 1-foot soil cover exists. An Environmental Easement was filed with the County Clerk on 12/14/2006. A COC was issued on December 22, 2006.

Health Problem: PCBs and paint wastes were excavated and properly disposed off-site, thereby eliminating the potential for exposure to these wastes. Because groundwater is contaminated with volatile organic compounds, the potential exists for soil vapor intrusion on the east parcel should anyone build there. However, the site management plan requires that an active subslab depressurization system be installed in any new structures built on the east parcel. Exposure to contaminated groundwater is not expected because the area is served by a public water supply and the easement prohibits groundwater use.

 Updated By: HDWARNER  
 Site Description: The site consists of approximately 0.33 acres which includes an unoccupied three-story brick and stone building constructed in approximately 1900. The building was initially occupied by the Thomas Ryan Consumers Brewing Company from 1900 to 1924. Thereafter, various businesses used the site as a storage and trucking facility from the 1930s up until 1981, after which time Otisca Industries utilized the building for research and development of "Otisca Fuel";

Env Problem: a petroleum fuel alternative using coal-based slurry as a primary source. A preliminary investigation conducted on behalf of the City of Syracuse revealed several 55-gallon drums containing coal/water slurry by-products along with approximately 200 gallons of laboratory chemicals. A structural survey performed on behalf of the City in the fall of 2007 concluded that the roof and one or more of the interior floors are in danger of collapse. Given these conditions and the presence of unsecured chemicals on the first floor and in the basement, the USEPA was contacted in February 2008 by the Department to perform an Emergency Removal Action. Operations were performed between May and September 2008, and included the cataloging and removal of thousands of various lab chemicals by a USEPA contractor. All chemicals of concern were removed and disposed. No further action was deemed necessary. The City of Syracuse withdrew from the ERP in the spring of 2009. No further action site is no longer an ERP

Health Problem: The City of Syracuse observed some roof and upper floor damage in the on-site structure in the summer of 2007 and had a structural survey conducted later that fall. The survey indicated that the structural integrity of the roof and the 3rd and 2nd floors was compromised. Given the presence of unsecured chemicals on the first floor and in the basement of the building, the matter was referred to the USEPA in February 2008 for an Emergency Removal Action. Emergency Response Action Conducted May to September 2008. Thousands (vials) of lab chemicals recovered along with ~250 tons of Pea -coal removed from the basement. USEPA contractor removed all chemicals of concern. No further Action required. City of Syracuse withdrew from ERP program Spring 2009.

Genesee Street to the north, North Franklin Street to the east and Erie Boulevard West to the south. The site is owned by Niagara Mohawk Power Corporation (NM), doing business as National Grid. Site Features: Onondaga Creek borders the site on the west. The seven acre former MGP site is within the 10 acre National Grid facility, consisting of five occupied office buildings. The remaining site area is covered with paved parking lots and roadways. Site access is restricted to the general public by perimeter fencing, locking gates, and an onsite security service. Current Zoning/Use(s): The site is zoned for commercial use. The immediate surrounding area is zoned for commercial use. Past Use of the Site: The prior uses of the site include three mills (a salt mill, a saw mill, a linseed oil mill) and a tannery. The first manufactured gas plant (MGP) was constructed in 1849 and operated until the 1930s. Site Geology and Hydrogeology: Fill material is present below the asphalt pavement surface cover and ranges in thickness from 3 to 28 feet. The fill unit is underlain by a clay/silt layer. This unit is discontinuous and ranges in thickness from 2 to 22 feet. A sand and gravel unit is encountered beneath the clay/silt layer at depths ranging from 6 to 30 feet below ground surface (bgs). The water table is generally encountered at a depth of approximately 20 feet bgs at the site and flows from south to north. The site is adjacent to Onondaga Creek, which is a losing stream at this location, meaning that water flows from the creek into groundwater. Groundwater is naturally very saline, which renders it unsuitable for potable purposes.

Env Problem:

This section summarizes the assessment of existing and potential future environmental impacts presented by the site. Environmental impacts may include existing and potential future exposure pathways to fish and wildlife receptors, wetlands, groundwater resources, and surface water. Based upon the resources and pathways identified and the toxicity of the contaminants of ecological concern at this site, a Fish and Wildlife Resources Impact Analysis (FWRIA) was deemed not necessary. The specific VOCs of concern for the site are benzene, toluene, ethylbenzene, and xylenes. These are collectively referred to as BTEX. SVOCs of concern are the polycyclic aromatic hydrocarbons (PAHs). The inorganic contaminant of concern is cyanide in the form of iron-cyanide salts. Groundwater: The primary contaminants of concern related to MGP processes are BTEX and PAHs. Remedial investigations indicate a deep contaminated groundwater plume of BTEX and naphthalene, with past maximum concentrations of 20,700 ppb and 15,000 ppb respectively, flows off-site, under Onondaga Creek and toward the northwest and has migrated approximately 2,000 feet down gradient of the site. The prior high concentrations were found on-site near the former MGP structures, and have decreased over the years, with more recent levels of BTEX and naphthalene of 11,390 ppb and 2,800 ppb, respectively. Soil: Subsurface soil has been impacted primarily in the western part of the site in the vicinity of the former MGP operations. This area is largely covered by a parking lot and is limited to the on-site area. The lateral extent of MGP impacts to shallow groundwater is limited to the immediate vicinity of the former MGP structures. Coal tar was observed in several soil borings, and test pits located onsite, primarily in the western parking lot. However, there has been no accumulation of free-phase light or dense non-aqueous phase liquid (LNAPL or DNAPL) observed in any of the monitoring wells on-site or down gradient of the site. Soil Vapor: As part of the Supplemental Remedial Investigation field investigations, soil vapor samples were collected from 30 sampling locations onsite.

Several volatile organic compounds (VOCs), including BTEX and naphthalene, were identified in soil vapor samples collected from each sampling location. Overall, the VOC concentrations detected were relatively low, with the majority of the results ranging from non-detect to 10 micrograms per cubic meter. Sub-slab vapor and indoor air samples were collected to evaluate the vapor intrusion exposure pathway. While some VOCs were identified in the sub-slab vapor samples, MGP related VOCs were not identified in any of the indoor air samples at concentrations exceeding typical background indoor air values. Non-MGP related VOCs (methylene chloride and trichloroethylene) were identified at two indoor air sampling locations at concentrations slightly greater than typical background indoor air values, but the concentrations at those sampling locations were less than NYSDOH published air guideline values. The presence of methylene chloride and trichloroethylene in indoor air was attributed to operational use of products inside the buildings, not the former MGP. The results do not indicate a need for further investigation or remedial actions for this environmental media. Surface Water: Analysis of surface water samples collected from Onondaga Creek did not contain detectable levels of VOCs and SVOCs. While some metals were detected in the surface water samples, they were not attributable to the site. Cyanide was not detected in any of the surface water samples. Sediment: Sediment samples were collected from 26 locations in Onondaga Creek upstream, adjacent to, and downstream of the site, and analyzed for VOCs, SVOCs, inorganic constituents (including cyanide), PCBs, and pesticides. The analytical results indicate that VOCs were either not detected in sediment, or were detected at very low concentrations (1 ppb or less). SVOCs were identified upstream, adjacent to, and downstream of the site. The presence of PAHs in sediment samples upstream of the site and the heavily urbanized nature of the surrounding area indicated that there are current sources of PAHs impacting the creek sediments that are unrelated to the site. Cyanide compounds were not identified in any of the sediment samples. Certain metals and pesticides were detected in the sediment samples, but are unrelated to the site.

Health Problem: Since the site is covered by asphalt, fill or site buildings, people will not come into contact with soil and groundwater contamination unless they dig below the surface. People are not drinking the groundwater because the area is served by a public water supply not affected by site contamination.

**FORMER LEEDS BUILDING (Continued)**

**S106704127**

Record Updated Date:	04/10/2008
Update By:	SRHEIGEL
Site Description:	Also a Spill Site #99-04494 The Leeds Building site is located in an urban portion of Onondaga County located at 407-409 Hickory Street within the City of Syracuse. The areas surrounding the subject site are a mix of light industrial, commercial, residential and medical-institutional uses. The site encompasses 1.33 acres, that consists of ten parcels; nine parcels totaling 1.22 acres currently owned by St. Joseph's Center and the tenth (0.11 acres) owned by St. Joseph's Hospital. Currently, the nine parcels are primarily used for parking lots for St. Joseph's Hospital School of Nursing and related activities. The tenth parcel, the location of the Leeds Building is currently used as records storage for the hospital complex. The area of concern is primarily located at the Leeds Building (407-409 Hickory Street). A phase I environmental site assessment of the 1.33 acres revealed minimal environmental concerns outside of the Leeds Building area. Historical sources of contamination include petroleum contaminants originating from a leaking underground fuel storage tank. Completed investigations and remediation include: Limited Phase II Subsurface investigation- Summer 1999 and In-place UST Closure-Summer 1999.
Env Problem:	The primary contaminants of concern at the site known at this time include: Volatile Organic Compounds (VOCs) and Semi-Volatile Organic Compounds (SVOCs). Confirmatory sampling indicates petroleum contamination (VOCs and SVOCs) is limited to areas immediately surrounding the tank. The limited contamination is due in part to the tank being located under a concrete slab in the basement of the building. In addition, the limited subsurface investigation revealed the soils in the area are comprised of very tight soils such as clays, which have limited any further petroleum migration. Exceedances of standards, criteria and guidance include VOCs and SVOCs with soil concentrations at or slightly above NYSDEC cleanup objectives TAGM 4046. The historical cleanup efforts and along with the investigation indicate some residual contamination remains. However, the site does not pose a significant environmental threat.

**ENG CONTROLS:**

Name: MCKESSON ENVIROSYSTEMS (INLAND SITE)  
Address: 800/801 VAN RENSSELAER STREET  
City,State,Zip: SYRACUSE, NY 13204  
Site Code: 56333  
HW Code: 734020  
Control Code: 22  
Control Type: ENG  
Date Record Added: 05/12/2011  
Date Rec Updated: 02/01/2017  
Updated By: PDLONG

Site Description: Location: The McKesson EnviroSystems Site is located at 800/801 Van Rensselaer Street West in the City of Syracuse, Onondaga County, New York. It is located to the south of Onondaga Lake, adjacent to the west bank of the New York State Barge Canal Terminal channel. Site Features: The site was formerly used for bulk storage of petroleum products and in later years, as storage for a variety of chemical waste streams. The site is approximately 8.8 acres in size and is separated by Van Rensselaer Street into two parcels. The parcel north of Van Rensselaer Street is within 150 feet of the Barge Canal. The largest of the former above ground storage tanks (Tank 7) was located on this portion of the site. The majority of previous material storage and handling took place in the area south of Van Rensselaer Street, where ten former above ground storage tanks were located. The site is generally flat with a grass cover. It is fenced and access is restricted to authorized persons only. Current Zoning/Use(s): The McKesson property was zoned for industrial use but is now in a newly established Lakefront District, in a zone labeled T5 Urban Center district. This area is to be developed to be a business district and residential, primarily apartment type dwellings. The site is within one-quarter mile of Onondaga Lake, which is a major surface water body in the greater Syracuse area. Land use in the surrounding area is characterized as IB - Industrial District Class B, in areas north and northwest, and northeast is designated PK (Civic Space Recreation). The area to the south is designated T4 General Urban District. There is currently one unoccupied structure on site with rest of the site being vacant land. Past Use(s) of the Site: This facility was used since the 1930s as a bulk petroleum distribution terminal for products such as gasoline, diesel fuel, heating oil, etc. In 1973, the facility was converted to a chemical distribution terminal. The storage tanks were used for temporary staging of spent solvents that were acquired for recycling, for recycled solvents that were returned by customers, and also for storing mixtures and by-products. The staging was associated with solvent recycling operations through-out the northeast. During the time the facility was in operation, liquids were spilled on the ground and the tanks leaked. Evidence of contaminated soil from spilled liquids was noted by DEC personnel during site inspections. Site Geology and Hydrogeology: The soil stratigraphy is relatively consistent across the site. The surface fill material consists of the unsaturated soil addressed by the OU-I remedy with overlying sand and gravel cover placed as a component of the remedy. The surface fill is underlain by silt and clay ranging in depth from approximately 8 to 15 feet below ground surface (bgs), followed by a layer of sand and silt from approximately 15 to 22 feet bgs. A silt and clay lacustrine deposit is present across the entire site at approximately 22 to 24 feet bgs. Underlying the lacustrine silt and clay are varying compositions of

**1000222268**

sand and gravel to approximately 62 feet bgs. Depth to bedrock is approximately 350 feet or a little greater at this location, based on other area studies. The three flow systems identified beneath the Bear Street site are: a deep flow system (24 to 62 feet bgs) in the unconsolidated deposits beneath the confining layer, an intermediate flow system (22-24 feet bgs) in the lower soil unit, and a shallow flow system (15-22 feet bgs) in the upper and middle soil units. The intermediate flow system, in the lower soil unit, can be separated into a freshwater zone and saltwater zone. It is reported that groundwater in this zone is and has historically been unusable as a potable source due to its high chloride concentrations. Both the shallow and intermediate flow systems are influenced by seasonal or transient conditions including precipitation, ponding water and subsequent infiltration within the impoundments, and the water elevation of the Barge Canal. The discharge point for the shallow and intermediate flow systems is to the northeast, the Barge Canal, and the discharge point for the deep flow system appears to be towards the northwest to Onondaga Lake.

Env Problem: Prior to remediation, the primary contaminants of concern were methylene chloride, trichloroethene, benzene, toluene, ethylbenzene, xylenes, N,N-dimethylaniline, aniline, trans-1,2-dichloroethene, methanol, and acetone in groundwater and soil. Remedial actions have successfully achieved soil cleanup objectives for commercial use. Residual contamination in the soil and groundwater is being managed under a site management plan.

Health Problem: Remedial actions have been completed and measures are in place to control the potential for coming into contact with remaining residual subsurface soil, groundwater and soil vapor contamination.

Site Description: Location: The McKesson EnviroSystems Site is located at 800/801 Van Rensselaer Street West in the City of Syracuse, Onondaga County, New York. It is located to the south of Onondaga Lake, adjacent to the west bank of the New York State Barge Canal Terminal channel. Site Features: The site was formerly used for bulk storage of petroleum

MAP FINDINGS

**MCKESSON ENVIROSYSTEMS (Continued)**

**1000222268**

products and in later years, as storage for a variety of chemical waste streams. The site is approximately 8.8 acres in size and is separated by Van Rensselaer Street into two parcels. The parcel north of Van Rensselaer Street is within 150 feet of the Barge Canal. The largest of the former above ground storage tanks (Tank 7) was located on this portion of the site. The majority of previous material storage and handling took place in the area south of Van Rensselaer Street, where ten former above ground storage tanks were located. The site is generally flat with a grass cover. It is fenced and access is restricted to authorized persons only. Current Zoning/Use(s): The McKesson property was zoned for industrial use but is now in a newly established Lakefront District, in a zone labeled T5 Urban Center district. This area is to be developed to be a business district and residential, primarily apartment type dwellings. The site is within one-quarter mile of Onondaga Lake, which is a major surface water body in the greater Syracuse area. Land use in the surrounding area is characterized as IB - Industrial District Class B, in areas north and northwest, and northeast is designated PK (Civic Space Recreation). The area to the south is designated T4 General Urban District. There is currently one unoccupied structure on site with rest of the site being vacant land. Past Use(s) of the Site: This facility was used since the 1930s as a bulk petroleum distribution terminal for products such as gasoline, diesel fuel, heating oil, etc. In 1973, the facility was converted to a chemical distribution terminal. The storage tanks were used for temporary staging of spent solvents that were acquired for recycling, for recycled solvents that were returned by customers, and also for storing mixtures and by-products. The staging was associated with solvent recycling operations through-out the northeast. During the time the facility was in operation, liquids were spilled on the ground and the tanks leaked. Evidence of contaminated soil from spilled liquids was noted by DEC personnel during site inspections. Site Geology and Hydrogeology: The soil stratigraphy is relatively consistent across the site. The surface fill material consists of the unsaturated soil addressed by the OU-I remedy with overlying sand and gravel cover placed as a component of the remedy. The surface fill is underlain by silt and clay ranging in depth from approximately 8 to 15 feet below ground surface (bgs), followed by a layer of sand and silt from approximately 15 to 22 feet bgs. A silt and clay lacustrine deposit is present across the entire site at approximately 22 to 24 feet bgs. Underlying the lacustrine silt and clay are varying compositions of sand and gravel to approximately 62 feet bgs. Depth to bedrock is approximately 350 feet or a little greater at this location, based on other area studies. The three flow systems identified beneath the Bear Street site are: a deep flow system (24 to 62 feet bgs) in the unconsolidated deposits beneath the confining layer, an intermediate flow system (22-24 feet bgs) in the lower soil unit, and a shallow flow system (15-22 feet bgs) in the upper and middle soil units. The intermediate flow system, in the lower soil unit, can be separated into a freshwater zone and saltwater zone. It is reported that groundwater in this zone is and has historically been unusable as a potable source due to its high chloride concentrations. Both the shallow and intermediate flow systems are influenced by seasonal or transient conditions including precipitation, ponding water and subsequent infiltration within the impoundments, and the water elevation of the Barge Canal. The discharge point for the shallow and intermediate flow systems is to the northeast, the Barge Canal, and

the discharge point for the deep flow system appears to be towards the northwest to Onondaga Lake.

Env Problem: Prior to remediation, the primary contaminants of concern were methylene chloride, trichloroethene, benzene, toluene, ethylbenzene, xylenes, N,N-dimethylaniline, aniline, trans-1,2-dichloroethene, methanol, and acetone in groundwater and soil. Remedial actions have successfully achieved soil cleanup objectives for commercial use. Residual contamination in the soil and groundwater is being managed under a site management plan.

Health Problem: Remedial actions have been completed and measures are in place to control the potential for coming into contact with remaining residual subsurface soil, groundwater and soil vapor contamination.

Both the shallow and intermediate flow systems are influenced by seasonal or transient conditions including precipitation, ponding water and subsequent infiltration within the impoundments, and the water elevation of the Barge Canal. The discharge point for the shallow and intermediate flow systems is to the northeast, the Barge Canal, and the discharge point for the deep flow system appears to be towards the northwest to Onondaga Lake.

Env Problem: Prior to remediation, the primary contaminants of concern were methylene chloride, trichloroethene, benzene, toluene, ethylbenzene, xylenes, N,N-dimethylaniline, aniline, trans-1,2-dichloroethene, methanol, and acetone in groundwater and soil. Remedial actions have successfully achieved soil cleanup objectives for commercial use. Residual contamination in the soil and groundwater is being managed under a site management plan.

Health Problem: Remedial actions have been completed and measures are in place to control the potential for coming into contact with remaining residual subsurface soil, groundwater and soil vapor contamination.

York. It is located to the south of Onondaga Lake, adjacent to the west bank of the New York State Barge Canal Terminal channel. Site Features: The site was formerly used for bulk storage of petroleum products and in later years, as storage for a variety of chemical waste streams. The site is approximately 8.8 acres in size and is separated by Van Rensselaer Street into two parcels. The parcel north of Van Rensselaer Street is within 150 feet of the Barge Canal. The largest of the former above ground storage tanks (Tank 7) was located on this portion of the site. The majority of previous material storage and handling took place in the area south of Van Rensselaer Street, where ten former above ground storage tanks were located. The site is generally flat with a grass cover. It is fenced and access is restricted to authorized persons only. Current Zoning/Use(s): The McKesson property was zoned for industrial use but is now in a newly established Lakefront District, in a zone labeled T5 Urban Center district. This area is to be developed to be a business district and residential, primarily apartment type dwellings. The site is within one-quarter mile of Onondaga Lake, which is a major surface water body in the greater Syracuse area. Land use in the surrounding area is characterized as IB - Industrial District Class B, in areas north and northwest, and northeast is designated PK (Civic Space Recreation). The area to the south is designated T4 General Urban District. There is currently one unoccupied structure on site with rest of the site being vacant land. Past Use(s) of the Site: This facility was used since the 1930s as a bulk petroleum distribution terminal for products such as gasoline, diesel fuel, heating oil, etc. In 1973, the facility was converted to a chemical distribution terminal. The storage tanks were used for temporary staging of spent solvents that were acquired for recycling, for recycled solvents that were returned by customers, and also for storing mixtures and by-products. The staging was associated with solvent recycling operations through-out the northeast. During the time the facility was in operation, liquids were spilled on the ground and the tanks leaked. Evidence of contaminated soil from spilled liquids was noted by DEC personnel during site inspections. Site Geology and Hydrogeology: The soil stratigraphy is relatively consistent across the site. The surface fill material consists of the unsaturated soil addressed by the OU-I remedy with overlying sand and gravel cover placed as a component of the remedy. The surface fill is underlain by silt and clay ranging in depth from approximately 8 to 15 feet below ground surface (bgs), followed by a layer of sand and silt from approximately 15 to 22 feet bgs. A silt and clay lacustrine deposit is present across the entire site at approximately 22 to 24 feet bgs. Underlying the lacustrine silt and clay are varying compositions of sand and gravel to approximately 62 feet bgs. Depth to bedrock is approximately 350 feet or a little greater at this location, based on other area studies. The three flow systems identified beneath the Bear Street site are: a deep flow system (24 to 62 feet bgs) in the unconsolidated deposits beneath the confining layer, an intermediate flow system (22-24 feet bgs) in the lower soil unit, and a shallow flow system (15-22 feet bgs) in the upper and middle soil units. The intermediate flow system, in the lower soil unit, can be separated into a freshwater zone and saltwater zone. It is reported that groundwater in this zone is and has historically been unusable as a potable source due to its high chloride concentrations. Both the shallow and intermediate flow systems are influenced by seasonal or transient conditions including precipitation, ponding water and

A silt and clay lacustrine deposit is present across the entire site at approximately 22 to 24 feet bgs. Underlying the lacustrine silt and clay are varying compositions of sand and gravel to approximately 62 feet bgs. Depth to bedrock is approximately 350 feet or a little greater at this location, based on other area studies. The three flow systems identified beneath the Bear Street site are: a deep flow system (24 to 62 feet bgs) in the unconsolidated deposits beneath the confining layer, an intermediate flow system (22-24 feet bgs) in the lower soil unit, and a shallow flow system (15-22 feet bgs) in the upper and middle soil units. The intermediate flow system, in the lower soil unit, can be separated into a freshwater zone and saltwater zone. It is reported that groundwater in this zone is and has historically been unusable as a potable source due to its high chloride concentrations. Both the shallow and intermediate flow systems are influenced by seasonal or transient conditions including precipitation, ponding water and subsequent infiltration within the impoundments, and the water elevation of the Barge Canal. The discharge point for the shallow and intermediate flow systems is to the northeast, the Barge Canal, and the discharge point for the deep flow system appears to be towards the northwest to Onondaga Lake.

- Env Problem: Prior to remediation, the primary contaminants of concern were methylene chloride, trichloroethene, benzene, toluene, ethylbenzene, xylenes, N,N-dimethylaniline, aniline, trans-1,2-dichloroethene, methanol, and acetone in groundwater and soil. Remedial actions have successfully achieved soil cleanup objectives for commercial use. Residual contamination in the soil and groundwater is being managed under a site management plan.
- Health Problem: Remedial actions have been completed and measures are in place to control the potential for coming into contact with remaining residual subsurface soil, groundwater and soil vapor contamination.
- Dump: False
- Structure: True

Site Code: 56333

Site Description: Location: The McKesson EnviroSystems Site is located at 800/801 Van Rensselaer Street West in the City of Syracuse, Onondaga County, New York. It is located to the south of Onondaga Lake, adjacent to the west bank of the New York State Barge Canal Terminal channel. Site Features: The site was formerly used for bulk storage of petroleum products and in later years, as storage for a variety of chemical waste streams. The site is approximately 8.8 acres in size and is separated by Van Rensselaer Street into two parcels. The parcel north of Van Rensselaer Street is within 150 feet of the Barge Canal. The largest of the former above ground storage tanks (Tank 7) was located on this portion of the site. The majority of previous material storage and handling took place in the area south of Van Rensselaer Street, where ten former above ground storage tanks were located. The site is generally flat with a grass cover. It is fenced and access is restricted to authorized persons only. Current Zoning/Use(s): The McKesson property was zoned for industrial use but is now in a newly established Lakefront District, in a zone labeled T5 Urban Center district. This area is to be developed to be a business district and residential, primarily apartment type dwellings. The site is within one-quarter mile of Onondaga Lake, which is a major surface water body in the greater Syracuse area. Land use in the surrounding area is characterized as IB - Industrial District Class B, in areas north and northwest, and northeast is designated PK (Civic Space Recreation). The area to the south is designated T4 General Urban District. There is currently one unoccupied structure on site with rest of the site being vacant land. Past Use(s) of the Site: This facility was used since the 1930s as a bulk petroleum distribution terminal for products such as gasoline, diesel fuel, heating oil, etc. In 1973, the facility was converted to a chemical distribution terminal. The storage tanks were used for temporary staging of spent solvents that were acquired for recycling, for recycled solvents that were returned by customers, and also for storing mixtures and by-products. The staging was associated with solvent recycling operations through-out the northeast. During the time the facility was in operation, liquids were spilled on the ground and the tanks leaked. Evidence of contaminated soil from spilled liquids was noted by DEC personnel during site inspections. Site Geology and Hydrogeology: The soil stratigraphy is relatively consistent across the site. The surface fill material consists of the unsaturated soil addressed by the OU-I remedy with overlying sand and gravel cover placed as a component of the remedy. The surface fill is underlain by silt and clay ranging in depth from approximately 8 to 15 feet below ground surface (bgs), followed by a layer of sand and silt from approximately 15 to 22 feet bgs. A silt and clay lacustrine deposit is present across the entire site at approximately 22 to 24 feet bgs. Underlying the lacustrine silt and clay are varying compositions of sand and gravel to approximately 62 feet bgs. Depth to bedrock is approximately 350 feet or a little greater at this location, based on other area studies. The three flow systems identified beneath the Bear Street site are: a deep flow system (24 to 62 feet bgs) in the unconsolidated deposits beneath the confining layer, an intermediate flow system (22-24 feet bgs) in the lower soil unit, and a shallow flow system (15-22 feet bgs) in the upper and middle soil units. The intermediate flow system, in the lower soil unit, can be separated into a freshwater zone and saltwater zone. It is reported that groundwater in this zone is and has historically been unusable as a

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Site Description: Location: The McKesson Envirosystems Site is located at 800/801 Van Rensselaer Street West in the City of Syracuse, Onondaga County, New York. It is located to the south of Onondaga Lake, adjacent to the west bank of the New York State Barge Canal Terminal channel. Site Features: The site was formerly used for bulk storage of petroleum products and in later years, as storage for a variety of chemical waste streams. The site is approximately 8.8 acres in size and is separated by Van Rensselaer Street into two parcels. The parcel north of Van Rensselaer Street is within 150 feet of the Barge Canal. The largest of the former above ground storage tanks (Tank 7) was located on this portion of the site. The majority of previous material storage and handling took place in the area south of Van Rensselaer Street, where ten former above ground storage tanks were located. The site is generally flat with a grass cover. It is fenced and access is restricted to authorized persons only. Current Zoning/Use(s): The McKesson property was zoned for industrial use but is now in a newly established Lakefront District, in a zone labeled T5 Urban Center district. This area is to be developed to be a business district and residential, primarily apartment type dwellings. The site is within one-quarter mile of Onondaga Lake, which is a major surface water body in the greater Syracuse area. Land use in the surrounding area is characterized as IB - Industrial District Class B, in areas north and northwest, and northeast is designated PK (Civic Space Recreation). The area to the south is designated T4 General Urban District. There is currently one unoccupied structure on site with rest of the site being vacant land. Past Use(s) of the Site: This facility was used since the 1930s as a bulk petroleum distribution terminal for products such as gasoline, diesel fuel, heating oil, etc. In 1973, the facility was converted to a chemical distribution terminal. The storage tanks were used for temporary staging of spent solvents that were acquired for recycling, for recycled solvents that were returned by customers, and also for storing mixtures and by-products. The staging was associated with solvent recycling operations through-out the northeast. During the time the facility was in operation, liquids were spilled on the ground and the tanks leaked. Evidence of contaminated soil from spilled liquids was noted by DEC personnel during site inspections. Site Geology and Hydrogeology: The soil stratigraphy is relatively consistent across the site. The surface fill material consists of the unsaturated soil addressed by the OU-I remedy with overlying sand and gravel cover

placed as a component of the remedy. The surface fill is underlain by silt and clay ranging in depth from approximately 8 to 15 feet below ground surface (bgs), followed by a layer of sand and silt from approximately 15 to 22 feet bgs. A silt and clay lacustrine deposit is present across the entire site at approximately 22 to 24 feet bgs. Underlying the lacustrine silt and clay are varying compositions of sand and gravel to approximately 62 feet bgs. Depth to bedrock is approximately 350 feet or a little greater at this location, based on other area studies. The three flow systems identified beneath the Bear Street site are: a deep flow system (24 to 62 feet bgs) in the unconsolidated deposits beneath the confining layer, an intermediate flow system (22-24 feet bgs) in the lower soil unit, and a shallow flow system (15-22 feet bgs) in the upper and middle soil units. The intermediate flow system, in the lower soil unit, can be separated into a freshwater zone and saltwater zone. It is reported that groundwater in this zone is and has historically been unusable as a potable source due to its high chloride concentrations. Both the shallow and intermediate flow systems are influenced by seasonal or transient conditions including precipitation, ponding water and subsequent infiltration within the impoundments, and the water elevation of the Barge Canal. The discharge point for the shallow and intermediate flow systems is to the northeast, the Barge Canal, and the discharge point for the deep flow system appears to be towards the northwest to Onondaga Lake.

Env Problem: Prior to remediation, the primary contaminants of concern were methylene chloride, trichloroethene, benzene, toluene, ethylbenzene, xylenes, N,N-dimethylaniline, aniline, trans-1,2-dichloroethene, methanol, and acetone in groundwater and soil. Remedial actions have successfully achieved soil cleanup objectives for commercial use. Residual contamination in the soil and groundwater is being managed under a site management plan.

Health Problem: Remedial actions have been completed and measures are in place to control the potential for coming into contact with remaining residual subsurface soil, groundwater and soil vapor contamination.

Site Description: Location: The 0.413 site is located on the northeastern edge of the former Oswego Canal at 2802-2810 Lodi Street in Syracuse, Onondaga County. Site Features: The Oswego Canal, closed in the early 1900s, was located where Lodi Street and Oswego Boulevard are currently situated and is now filled with eight to ten feet of non-native material. To the southwest lies Interstate 81 at an elevation approximately 18 feet below the general site grade. Current Zoning/Use: The site is zoned for industrial use by the City of Syracuse. The site is surrounded by other industrial and commercial properties which are also zoned industrial and/or commercial. The site is presently not used. Historic Use: The site was formerly a waste oil recycling facility that operated from 1920 to 1981. Originally the property consisted of three cinder block buildings, surface and underground oil storage tanks, drum and container storage areas, and underground sumps. The facility was operated by many different companies over the years, including Seitz Oil Products, Anchor Oil (Northeast Oil Services), Ag-Met Oil Service, Newton Refining, Hudson Oil, The Portland Holding Corporation and Quanta Resources. Quanta Resources went bankrupt in 1981 and abandoned the

Env Problem:

site, leaving behind a large volume of product and waste material. Site Geology and Hydrogeology: The site stratigraphy consists of a surficial layer of non-native fill material consisting of sand and gravel with bricks, concrete chunks, glass and wood debris. This unit is typically three to four feet thick, generally pervious and will readily allow rainwater infiltration. Underlying the fill unit is a dense gray-green silt unit that is widely perforated by plant roots. The permeability of the silt is lower than the overlying soils. This unit varies in thickness from zero to 11 feet. The underlying bedrock is Vernon shale, which varies in color from green to gray to red. Drilling logs for the site monitoring wells show the top of the surface of the Vernon shale to be heavily weathered, indicating the rock is fragmented and capable of transmitting water in this weathered zone. The water table has been observed at depths between 22 to 30 feet below ground surface. Based on the drilling logs, the water table surface is below the surface of the weathered Vernon shale. Groundwater flow is generally to the south with a westward component of flow in the northern portion of the site.

Nature and Extent of Contamination: Wastes and source areas were identified at the site, including free-phase oil in subsurface soils above the silt layer. In addition, a light non-aqueous phase liquid (LNAPL) with PCB concentrations in excess of 50 parts per million is present on the water table within the shale. The migration of the LNAPL is limited to the east and west, as evidenced by the lack of LNAPL in off-site monitoring wells. An underground storage tank (UST) filled with an oil-water mixture was also discovered during the RI. Groundwater samples were collected from bedrock monitoring wells to assess groundwater conditions on- and off-site. The results indicate that contamination in groundwater at the site exceeds the SCGs for volatile organic compounds (VOCs), inorganic compounds (i.e., metals) and PCBs. The primary groundwater contaminants are MEK, benzene, toluene and xylene (BTX), and PCBs associated with operation of the former waste oil recycling facility. The inorganic compounds found in groundwater were limited to a single detection (lead, cyanide), or were also found in upgradient monitoring wells (manganese) and are considered to be representative of site background conditions. Therefore, they are not considered site-specific contaminants of concern. Surface and subsurface soil samples were collected at the site. Surface soil samples were collected from a depth of zero to two inches to assess direct human exposure. Subsurface soil samples were collected from a depth of two to 36 feet to assess soil contamination impacts to groundwater. The results indicate that soils at the site exceed the unrestricted SCG for VOCs, semi-volatile organic compounds (SVOCs), metals and PCBs. The primary soil contaminants are VOCs, SVOCs and PCBs associated with operation of the former waste oil recycling facility. Metals contamination in soil is most likely naturally occurring, with some probable contribution from historical urban fill activity. Therefore, metals are not considered site-specific contaminants of concern. Soil vapor samples were collected from the subsurface across the property to assess the potential for soil vapor intrusion. Trichloroethene (TCE) was found in a single soil vapor sample, which was located near the north property boundary within ten feet of a suspected area of historical solvent usage in the adjacent automotive repair facility. The presence of TCE across the site in soil and groundwater samples was rare. Post-Remediation Remediation at the site is complete. Prior to remediation, the primary contaminants of concern were VOCs, SVOCs and

PCBs in soil; MEK, benzene, toluene and xylene (BTX), and PCBs in groundwater. Remedial actions have successfully achieved soil cleanup objectives for industrial use. Residual contamination including light non-aqueous phase liquid (LNAPL) with PCB concentrations in excess of 50 parts per million in the groundwater, is being managed under a Site Management Plan.

**Health Problem:** People are not drinking the contaminated groundwater because the area is served by a public water supply that is not affected by site-related contamination. Since the site is fenced and covered with gravel, people will not come into contact with site-related soil and groundwater contamination unless they dig below the ground surface. Volatile organic compounds in the groundwater may move into the soil vapor (air spaces within the soil), which in turn may move into overlying buildings and affect the indoor air quality. This process, which is similar to the movement of radon gas from the subsurface into the indoor air of buildings, is referred to as soil vapor intrusion. Because the site is vacant, the inhalation of site-related contaminants due to soil vapor intrusion does not represent a concern for the site in its current condition. However, the potential exists for the inhalation of site contaminants due to soil vapor intrusion for any future on-site redevelopment and occupancy. In addition, sampling indicates that soil vapor intrusion is not a concern for off-site buildings.

Site Code: 58626

Site Description: Location: The 0.413 site is located on the northeastern edge of the former Oswego Canal at 2802-2810 Lodi Street in Syracuse, Onondaga County. Site Features: The Oswego Canal, closed in the early 1900s, was located where Lodi Street and Oswego Boulevard are currently situated and is now filled with eight to ten feet of non-native material. To the southwest lies Interstate 81 at an elevation approximately 18 feet below the general site grade. Current Zoning/Use: The site is zoned for industrial use by the City of Syracuse. The site is surrounded by other industrial and commercial properties which are also zoned industrial and/or commercial. The site is presently not used. Historic Use: The site was formerly a waste oil recycling facility that operated from 1920 to 1981. Originally the property consisted of three cinder block buildings, surface and underground oil storage tanks, drum and container storage areas, and underground sumps. The facility was operated by many different companies over the years, including Seitz Oil Products, Anchor Oil (Northeast Oil Services), Ag-Met Oil Service, Newton Refining, Hudson Oil, The Portland Holding Corporation and Quanta Resources. Quanta Resources went bankrupt in 1981 and abandoned the site, leaving behind a large volume of product and waste material. Site Geology and Hydrogeology: The site stratigraphy consists of a surficial layer of non-native fill material consisting of sand and gravel with bricks, concrete chunks, glass and wood debris. This unit is typically three to four feet thick, generally pervious and will readily allow rainwater infiltration. Underlying the fill unit is a dense gray-green silt unit that is widely perforated by plant roots. The permeability of the silt is lower than the overlying soils. This unit varies in thickness from zero to 11 feet. The underlying bedrock is Vernon shale, which varies in color from green to gray to red. Drilling logs for the site monitoring wells show the top of the surface of the Vernon shale to be heavily weathered, indicating the rock is fragmented and capable of transmitting water in this weathered zone. The water table has been observed at depths between 22 to 30 feet below ground surface. Based on the drilling logs, the water table surface is below the surface of the weathered Vernon shale. Groundwater flow is generally to the south with a westward component of flow in the northern portion of the site.

Env Problem: Nature and Extent of Contamination: Wastes and source areas were identified at the site, including free-phase oil in subsurface soils

**QUANTA RESOURCES CORPORATION (Continued)**

**1000321851**

above the silt layer. In addition, a light non-aqueous phase liquid (LNAPL) with PCB concentrations in excess of 50 parts per million is present on the water table within the shale. The migration of the LNAPL is limited to the east and west, as evidenced by the lack of LNAPL in off-site monitoring wells. An underground storage tank (UST) filled with an oil-water mixture was also discovered during the RI. Groundwater samples were collected from bedrock monitoring wells to assess groundwater conditions on- and off-site. The results indicate that contamination in groundwater at the site exceeds the SCGs for volatile organic compounds (VOCs), inorganic compounds (i.e., metals) and PCBs. The primary groundwater contaminants are MEK, benzene, toluene and xylene (BTX), and PCBs associated with operation of the former waste oil recycling facility. The inorganic compounds found in groundwater were limited to a single detection (lead, cyanide), or were also found in upgradient monitoring wells (manganese) and are considered to be representative of site background conditions. Therefore, they are not considered site-specific contaminants of concern. Surface and subsurface soil samples were collected at the site. Surface soil samples were collected from a depth of zero to two inches to assess direct human exposure. Subsurface soil samples were collected from a depth of two to 36 feet to assess soil contamination impacts to groundwater. The results indicate that soils at the site exceed the unrestricted SCG for VOCs, semi-volatile organic compounds (SVOCs), metals and PCBs. The primary soil contaminants are VOCs, SVOCs and PCBs associated with operation of the former waste oil recycling facility. Metals contamination in soil is most likely naturally occurring, with some probable contribution from historical urban fill activity. Therefore, metals are not considered site-specific contaminants of concern. Soil vapor samples were collected from the subsurface across the property to assess the potential for soil vapor intrusion. Trichloroethene (TCE) was found in a single soil vapor sample, which was located near the north property boundary within ten feet of a suspected area of historical solvent usage in the adjacent automotive repair facility. The presence of TCE across the site in soil and groundwater samples was rare. Post-Remediation Remediation at the site is complete. Prior to remediation, the primary contaminants of concern were VOCs, SVOCs and PCBs in soil; MEK, benzene, toluene and xylene (BTX), and PCBs in groundwater. Remedial actions have successfully achieved soil cleanup objectives for industrial use. Residual contamination including light non-aqueous phase liquid (LNAPL) with PCB concentrations in excess of 50 parts per million in the groundwater, is being managed under a Site Management Plan.

Health Problem: People are not drinking the contaminated groundwater because the area is served by a public water supply that is not affected by site-related contamination. Since the site is fenced and covered with gravel, people will not come into contact with site-related soil and groundwater contamination unless they dig below the ground surface. Volatile organic compounds in the groundwater may move into the soil vapor (air spaces within the soil), which in turn may move into overlying buildings and affect the indoor air quality. This process, which is similar to the movement of radon gas from the subsurface into the indoor air of buildings, is referred to as soil vapor intrusion. Because the site is vacant, the inhalation of site-related contaminants due to soil vapor intrusion does not represent a concern for the site in its current condition. However, the potential exists for the inhalation of site contaminants due to soil vapor intrusion

for any future on-site redevelopment and occupancy. In addition, sampling indicates that soil vapor intrusion is not a concern for off-site buildings.

was located where Lodi Street and Oswego Boulevard are currently situated and is now filled with eight to ten feet of non-native material. To the southwest lies Interstate 81 at an elevation approximately 18 feet below the general site grade. Current Zoning/Use: The site is zoned for industrial use by the City of Syracuse. The site is surrounded by other industrial and commercial properties which are also zoned industrial and/or commercial. The site is presently not used. Historic Use: The site was formerly a waste oil recycling facility that operated from 1920 to 1981. Originally the property consisted of three cinder block buildings, surface and underground oil storage tanks, drum and container storage areas, and underground sumps. The facility was operated by many different companies over the years, including Seitz Oil Products, Anchor Oil (Northeast Oil Services), Ag-Met Oil Service, Newton Refining, Hudson Oil, The Portland Holding Corporation and Quanta Resources. Quanta Resources went bankrupt in 1981 and abandoned the site, leaving behind a large volume of product and waste material. Site Geology and Hydrogeology: The site stratigraphy consists of a surficial layer of non-native fill material consisting of sand and gravel with bricks, concrete chunks, glass and wood debris. This unit is typically three to four feet thick, generally pervious and will readily allow rainwater infiltration. Underlying the fill unit is a dense gray-green silt unit that is widely perforated by plant roots. The permeability of the silt is lower than the overlying soils. This unit varies in thickness from zero to 11 feet. The underlying bedrock is Vernon shale, which varies in color from green to gray to red. Drilling logs for the site monitoring wells show the top of the surface of the Vernon shale to be heavily weathered, indicating the rock is fragmented and capable of transmitting water in this weathered zone. The water table has been observed at depths between 22 to 30 feet below ground surface. Based on the drilling logs, the water table surface is below the surface of the weathered Vernon shale. Groundwater flow is generally to the south with a westward component of flow in the northern portion of the site.

Env Problem:

Nature and Extent of Contamination: Wastes and source areas were identified at the site, including free-phase oil in subsurface soils above the silt layer. In addition, a light non-aqueous phase liquid (LNAPL) with PCB concentrations in excess of 50 parts per million is present on the water table within the shale. The migration of the LNAPL is limited to the east and west, as evidenced by the lack of LNAPL in off-site monitoring wells. An underground storage tank (UST) filled with an oil-water mixture was also discovered during the RI. Groundwater samples were collected from bedrock monitoring wells to assess groundwater conditions on- and off-site. The results indicate that contamination in groundwater at the site exceeds the SCGs for volatile organic compounds (VOCs), inorganic compounds (i.e., metals) and PCBs. The primary groundwater contaminants are MEK, benzene, toluene and xylene (BTX), and PCBs associated with operation of the former waste oil recycling facility. The inorganic compounds found in groundwater were limited to a single detection (lead, cyanide), or were also found in upgradient monitoring wells (manganese) and are considered to be representative of site background conditions. Therefore, they are not considered site-specific contaminants of concern. Surface and subsurface soil samples were collected at the site. Surface soil samples were collected from a depth of zero to two inches to assess direct human exposure. Subsurface soil samples were collected from a depth of two to 36 feet to assess soil contamination

impacts to groundwater. The results indicate that soils at the site exceed the unrestricted SCG for VOCs, semi-volatile organic compounds (SVOCs), metals and PCBs. The primary soil contaminants are VOCs, SVOCs and PCBs associated with operation of the former waste oil recycling facility. Metals contamination in soil is most likely naturally occurring, with some probable contribution from historical urban fill activity. Therefore, metals are not considered site-specific contaminants of concern. Soil vapor samples were collected from the subsurface across the property to assess the potential for soil vapor intrusion. Trichloroethene (TCE) was found in a single soil vapor sample, which was located near the north property boundary within ten feet of a suspected area of historical solvent usage in the adjacent automotive repair facility. The presence of TCE across the site in soil and groundwater samples was rare. Post-Remediation Remediation at the site is complete. Prior to remediation, the primary contaminants of concern were VOCs, SVOCs and PCBs in soil; MEK, benzene, toluene and xylene (BTX), and PCBs in groundwater. Remedial actions have successfully achieved soil cleanup objectives for industrial use. Residual contamination including light non-aqueous phase liquid (LNAPL) with PCB concentrations in excess of 50 parts per million in the groundwater, is being managed under a Site Management Plan.

Health Problem: People are not drinking the contaminated groundwater because the area is served by a public water supply that is not affected by site-related contamination. Since the site is fenced and covered with gravel, people will not come into contact with site-related soil and groundwater contamination unless they dig below the ground surface. Volatile organic compounds in the groundwater may move into the soil vapor (air spaces within the soil), which in turn may move into overlying buildings and affect the indoor air quality. This process, which is similar to the movement of radon gas from the subsurface into the indoor air of buildings, is referred to as soil vapor intrusion. Because the site is vacant, the inhalation of site-related contaminants due to soil vapor intrusion does not represent a concern for the site in its current condition. However, the potential exists for the inhalation of site contaminants due to soil vapor intrusion for any future on-site redevelopment and occupancy. In addition, sampling indicates that soil vapor intrusion is not a concern for off-site buildings.

readily allow rainwater infiltration. Underlying the fill unit is a dense gray-green silt unit that is widely perforated by plant roots. The permeability of the silt is lower than the overlying soils. This unit varies in thickness from zero to 11 feet. The underlying bedrock is Vernon shale, which varies in color from green to gray to red. Drilling logs for the site monitoring wells show the top of the surface of the Vernon shale to be heavily weathered, indicating the rock is fragmented and capable of transmitting water in this weathered zone. The water table has been observed at depths between 22 to 30 feet below ground surface. Based on the drilling logs, the water table surface is below the surface of the weathered Vernon shale. Groundwater flow is generally to the south with a westward component of flow in the northern portion of the site.

Nature and Extent of Contamination: Wastes and source areas were identified at the site, including free-phase oil in subsurface soils above the silt layer. In addition, a light non-aqueous phase liquid (LNAPL) with PCB concentrations in excess of 50 parts per million is present on the water table within the shale. The migration of the LNAPL is limited to the east and west, as evidenced by the lack of LNAPL in off-site monitoring wells. An underground storage tank (UST) filled with an oil-water mixture was also discovered during the RI. Groundwater samples were collected from bedrock monitoring wells to assess groundwater conditions on- and off-site. The results indicate that contamination in groundwater at the site exceeds the SCGs for volatile organic compounds (VOCs), inorganic compounds (i.e., metals) and PCBs. The primary groundwater contaminants are MEK, benzene, toluene and xylene (BTX), and PCBs associated with operation of the former waste oil recycling facility. The inorganic compounds found in groundwater were limited to a single detection (lead, cyanide), or were also found in upgradient monitoring wells (manganese) and are considered to be representative of site background conditions. Therefore, they are not considered site-specific contaminants of concern. Surface and subsurface soil samples were collected at the site. Surface soil samples were collected from a depth of zero to two inches to assess direct human exposure. Subsurface soil samples were collected from a depth of two to 36 feet to assess soil contamination impacts to groundwater. The results indicate that soils at the site exceed the unrestricted SCG for VOCs, semi-volatile organic compounds (SVOCs), metals and PCBs. The primary soil contaminants are VOCs, SVOCs and PCBs associated with operation of the former waste oil recycling facility. Metals contamination in soil is most likely naturally occurring, with some probable contribution from historical urban fill activity. Therefore, metals are not considered site-specific contaminants of concern. Soil vapor samples were collected from the subsurface across the property to assess the potential for soil vapor intrusion. Trichloroethene (TCE) was found in a single soil vapor sample, which was located near the north property boundary within ten feet of a suspected area of historical solvent usage in the adjacent automotive repair facility. The presence of TCE across the site in soil and groundwater samples was rare. Post-Remediation Remediation at the site is complete. Prior to remediation, the primary contaminants of concern were VOCs, SVOCs and PCBs in soil; MEK, benzene, toluene and xylene (BTX), and PCBs in groundwater. Remedial actions have successfully achieved soil cleanup objectives for industrial use. Residual contamination including light non-aqueous phase liquid (LNAPL) with PCB concentrations in excess of 50 parts per million in the groundwater, is being managed under a Site

Management Plan.

Health Problem: People are not drinking the contaminated groundwater because the area is served by a public water supply that is not affected by site-related contamination. Since the site is fenced and covered with gravel, people will not come into contact with site-related soil and groundwater contamination unless they dig below the ground surface. Volatile organic compounds in the groundwater may move into the soil vapor (air spaces within the soil), which in turn may move into overlying buildings and affect the indoor air quality. This process, which is similar to the movement of radon gas from the subsurface into the indoor air of buildings, is referred to as soil vapor intrusion. Because the site is vacant, the inhalation of site-related contaminants due to soil vapor intrusion does not represent a concern for the site in its current condition. However, the potential exists for the inhalation of site contaminants due to soil vapor intrusion for any future on-site redevelopment and occupancy. In addition, sampling indicates that soil vapor intrusion is not a concern for off-site buildings.

approximately 18 feet below the general site grade. Current Zoning/Use: The site is zoned for industrial use by the City of Syracuse. The site is surrounded by other industrial and commercial properties which are also zoned industrial and/or commercial. The site is presently not used. Historic Use: The site was formerly a waste oil recycling facility that operated from 1920 to 1981. Originally the property consisted of three cinder block buildings, surface and underground oil storage tanks, drum and container storage areas, and underground sumps. The facility was operated by many different companies over the years, including Seitz Oil Products, Anchor Oil (Northeast Oil Services), Ag-Met Oil Service, Newton Refining, Hudson Oil, The Portland Holding Corporation and Quanta Resources. Quanta Resources went bankrupt in 1981 and abandoned the site, leaving behind a large volume of product and waste material. Site Geology and Hydrogeology: The site stratigraphy consists of a surficial layer of non-native fill material consisting of sand and gravel with bricks, concrete chunks, glass and wood debris. This unit is typically three to four feet thick, generally pervious and will readily allow rainwater infiltration. Underlying the fill unit is a dense gray-green silt unit that is widely perforated by plant roots. The permeability of the silt is lower than the overlying soils. This unit varies in thickness from zero to 11 feet. The underlying bedrock is Vernon shale, which varies in color from green to gray to red. Drilling logs for the site monitoring wells show the top of the surface of the Vernon shale to be heavily weathered, indicating the rock is fragmented and capable of transmitting water in this weathered zone. The water table has been observed at depths between 22 to 30 feet below ground surface. Based on the drilling logs, the water table surface is below the surface of the weathered Vernon shale. Groundwater flow is generally to the south with a westward component of flow in the northern portion of the site.

Env Problem:

Nature and Extent of Contamination: Wastes and source areas were identified at the site, including free-phase oil in subsurface soils above the silt layer. In addition, a light non-aqueous phase liquid (LNAPL) with PCB concentrations in excess of 50 parts per million is present on the water table within the shale. The migration of the LNAPL is limited to the east and west, as evidenced by the lack of LNAPL in off-site monitoring wells. An underground storage tank (UST) filled with an oil-water mixture was also discovered during the RI. Groundwater samples were collected from bedrock monitoring wells to assess groundwater conditions on- and off-site. The results indicate that contamination in groundwater at the site exceeds the SCGs for volatile organic compounds (VOCs), inorganic compounds (i.e., metals) and PCBs. The primary groundwater contaminants are MEK, benzene, toluene and xylene (BTX), and PCBs associated with operation of the former waste oil recycling facility. The inorganic compounds found in groundwater were limited to a single detection (lead, cyanide), or were also found in upgradient monitoring wells (manganese) and are considered to be representative of site background conditions. Therefore, they are not considered site-specific contaminants of concern. Surface and subsurface soil samples were collected at the site. Surface soil samples were collected from a depth of zero to two inches to assess direct human exposure. Subsurface soil samples were collected from a depth of two to 36 feet to assess soil contamination impacts to groundwater. The results indicate that soils at the site exceed the unrestricted SCG for VOCs, semi-volatile organic compounds (SVOCs), metals and PCBs. The primary soil contaminants are VOCs,

Groundwater samples were collected from bedrock monitoring wells to assess groundwater conditions on- and off-site. The results indicate that contamination in groundwater at the site exceeds the SCGs for volatile organic compounds (VOCs), inorganic compounds (i.e., metals) and PCBs. The primary groundwater contaminants are MEK, benzene, toluene and xylene (BTX), and PCBs associated with operation of the former waste oil recycling facility. The inorganic compounds found in groundwater were limited to a single detection (lead, cyanide), or were also found in upgradient monitoring wells (manganese) and are considered to be representative of site background conditions. Therefore, they are not considered site-specific contaminants of concern. Surface and subsurface soil samples were collected at the site. Surface soil samples were collected from a depth of zero to two inches to assess direct human exposure. Subsurface soil samples were collected from a depth of two to 36 feet to assess soil contamination impacts to groundwater. The results indicate that soils at the site exceed the unrestricted SCG for VOCs, semi-volatile organic compounds (SVOCs), metals and PCBs. The primary soil contaminants are VOCs, SVOCs and PCBs associated with operation of the former waste oil recycling facility. Metals contamination in soil is most likely naturally occurring, with some probable contribution from historical urban fill activity. Therefore, metals are not considered site-specific contaminants of concern. Soil vapor samples were collected from the subsurface across the property to assess the potential for soil vapor intrusion. Trichloroethene (TCE) was found in a single soil vapor sample, which was located near the north property boundary within ten feet of a suspected area of historical solvent usage in the adjacent automotive repair facility. The presence of TCE across the site in soil and groundwater samples was rare. Post-Remediation Remediation at the site is complete. Prior to remediation, the primary contaminants of concern were VOCs, SVOCs and PCBs in soil; MEK, benzene, toluene and xylene (BTX), and PCBs in groundwater. Remedial actions have successfully achieved soil cleanup objectives for industrial use. Residual contamination including light non-aqueous phase liquid (LNAPL) with PCB concentrations in excess of 50 parts per million in the groundwater, is being managed under a Site Management Plan.

Health Problem: People are not drinking the contaminated groundwater because the area is served by a public water supply that is not affected by site-related contamination. Since the site is fenced and covered with gravel, people will not come into contact with site-related soil and groundwater contamination unless they dig below the ground surface. Volatile organic compounds in the groundwater may move into the soil vapor (air spaces within the soil), which in turn may move into overlying buildings and affect the indoor air quality. This process, which is similar to the movement of radon gas from the subsurface into the indoor air of buildings, is referred to as soil vapor intrusion. Because the site is vacant, the inhalation of site-related contaminants due to soil vapor intrusion does not represent a concern for the site in its current condition. However, the potential exists for the inhalation of site contaminants due to soil vapor intrusion for any future on-site redevelopment and occupancy. In addition, sampling indicates that soil vapor intrusion is not a concern for off-site buildings.

**Environmental Interest/Information System:**

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

**SUPERFUND (NON-NPL)**

ICIS (Integrated Compliance Information System) is the Integrated Compliance Information System and provides a database that, when complete, will contain integrated Enforcement and Compliance information across most of EPA's programs. The vision for ICIS is to replace EPA's independent databases that contain Enforcement data with a single repository for that information. Currently, ICIS contains all Federal Administrative and Judicial enforcement actions. This information is maintained in ICIS by EPA in the Regional offices and it Headquarters. A future release of ICIS will replace the Permit Compliance System (PCS) which supports the NPDES and will integrate that information with Federal actions already in the system. ICIS also has the capability to track other activities occurring in the Region that support Compliance and Enforcement programs. These include;

# GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

**Number of Days to Update:** Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

## **STANDARD ENVIRONMENTAL RECORDS**

### ***Federal NPL site list***

#### **NPL: National Priority List**

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Date of Government Version: 01/30/2020	Source: EPA
Date Data Arrived at EDR: 02/05/2020	Telephone: N/A
Date Made Active in Reports: 02/14/2020	Last EDR Contact: 05/06/2020
Number of Days to Update: 9	Next Scheduled EDR Contact: 07/13/2020
	Data Release Frequency: Quarterly

#### **Proposed NPL: Proposed National Priority List Sites**

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

Date of Government Version: 01/30/2020	Source: EPA
Date Data Arrived at EDR: 02/05/2020	Telephone: N/A
Date Made Active in Reports: 02/14/2020	Last EDR Contact: 05/06/2020
Number of Days to Update: 9	Next Scheduled EDR Contact: 07/13/2020
	Data Release Frequency: Quarterly

#### **NPL LIENS: Federal Superfund Liens**

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

## ***Federal Delisted NPL site list***

Delisted NPL: National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate.

Date of Government Version: 01/30/2020

Last EDR Contact: 04/03/2020  
Next Scheduled EDR Contact: 07/13/2020  
Data Release Frequency: Varies

SEMS: Superfund Enterprise Management System

SEMS (Superfund Enterprise Management System) tracks hazardous waste sites, potentially hazardous waste sites, and remedial activities performed in support of EPA's Superfund Program across the United States. The list was formerly know as CERCLIS, renamed to SEMS by the EPA in 2015. The list contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). This dataset also contains sites which are either proposed to or on the National Priorities List (NPL) and the sites which are in the screening and assessment phase for possible inclusion on the NPL.

Date of Government Version: 01/30/2020  
Date Data Arrived at EDR: 02/05/2020

Data Release Frequency: Quarterly

## ***Federal CERCLIS NFRAP site list***

SEMS-ARCHIVE: Superfund Enterprise Management System Archive

# GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

SEMS-ARCHIVE (Superfund Enterprise Management System Archive) tracks sites that have no further interest under the Federal Superfund Program based on available information. The list was formerly known as the CERCLIS-NFRAP, renamed to SEMS ARCHIVE by the EPA in 2015. EPA may perform a minimal level of assessment work at a site while it is archived if site conditions change and/or new information becomes available. Archived sites have been removed and archived from the inventory of SEMS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list the site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. The decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be potential NPL site.

Date of Government Version: 01/30/2020	Source: EPA
Date Data Arrived at EDR: 02/05/2020	Telephone: 800-424-9346
Date Made Active in Reports: 02/14/2020	Last EDR Contact: 05/06/2020
Number of Days to Update: 9	Next Scheduled EDR Contact: 07/27/2020
	Data Release Frequency: Quarterly

## ***Federal RCRA CORRACTS facilities list***

CORRACTS: Corrective Action Report

CORRACTS identifies hazardous waste handlers with RCRA corrective action activity.

Date of Government Version: 03/23/2020	Source: EPA
Date Data Arrived at EDR: 03/25/2020	Telephone: 800-424-9346
Date Made Active in Reports: 05/21/2020	Last EDR Contact: 03/25/2020
Number of Days to Update: 57	Next Scheduled EDR Contact: 07/06/2020
	Data Release Frequency: Quarterly

## ***Federal RCRA non-CORRACTS TSD facilities list***

RCRA-TSDF: RCRA - Treatment, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

Date of Government Version: 03/23/2020	Source: Environmental Protection Agency
Date Data Arrived at EDR: 03/25/2020	Telephone: (212) 637-3660
Date Made Active in Reports: 05/21/2020	Last EDR Contact: 03/25/2020
Number of Days to Update: 57	Next Scheduled EDR Contact: 07/06/2020
	Data Release Frequency: Quarterly

## ***Federal RCRA generators list***

RCRA-LQG: RCRA - Large Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

Date of Government Version: 03/23/2020	Source: Environmental Protection Agency
Date Data Arrived at EDR: 03/25/2020	Telephone: (212) 637-3660
Date Made Active in Reports: 05/21/2020	Last EDR Contact: 03/25/2020
Number of Days to Update: 57	Next Scheduled EDR Contact: 07/06/2020
	Data Release Frequency: Quarterly

## GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

### RCRA-SQG: RCRA - Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

Date of Government Version: 03/23/2020	Source: Environmental Protection Agency
Date Data Arrived at EDR: 03/25/2020	Telephone: (212) 637-3660
Date Made Active in Reports: 05/21/2020	Last EDR Contact: 03/25/2020
Number of Days to Update: 57	Next Scheduled EDR Contact: 07/06/2020
	Data Release Frequency: Quarterly

### RCRA-VSQG: RCRA - Very Small Quantity Generators (Formerly Conditionally Exempt Small Quantity Generators)

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Very small quantity generators (VSQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

Date of Government Version: 03/23/2020	Source: Environmental Protection Agency
Date Data Arrived at EDR: 03/25/2020	Telephone: (212) 637-3660
Date Made Active in Reports: 05/21/2020	Last EDR Contact: 03/25/2020
Number of Days to Update: 57	Next Scheduled EDR Contact: 07/06/2020
	Data Release Frequency: Quarterly

### ***Federal institutional controls / engineering controls registries***

#### LUCIS: Land Use Control Information System

LUCIS contains records of land use control information pertaining to the former Navy Base Realignment and Closure properties.

Date of Government Version: 11/04/2019	Source: Department of the Navy
Date Data Arrived at EDR: 11/13/2019	Telephone: 843-820-7326
Date Made Active in Reports: 01/28/2020	Last EDR Contact: 05/14/2020
Number of Days to Update: 76	Next Scheduled EDR Contact: 08/24/2020
	Data Release Frequency: Varies

#### US ENG CONTROLS: Engineering Controls Sites List

A listing of sites with engineering controls in place. Engineering controls include various forms of caps, building foundations, liners, and treatment methods to create pathway elimination for regulated substances to enter environmental media or effect human health.

Date of Government Version: 02/13/2020	Source: Environmental Protection Agency
Date Data Arrived at EDR: 02/20/2020	Telephone: 703-603-0695
Date Made Active in Reports: 05/15/2020	Last EDR Contact: 05/15/2020
Number of Days to Update: 85	Next Scheduled EDR Contact: 09/07/2020
	Data Release Frequency: Varies

#### US INST CONTROLS: Institutional Controls Sites List

A listing of sites with institutional controls in place. Institutional controls include administrative measures, such as groundwater use restrictions, construction restrictions, property use restrictions, and post remediation care requirements intended to prevent exposure to contaminants remaining on site. Deed restrictions are generally required as part of the institutional controls.

Date of Government Version: 02/13/2020	Source: Environmental Protection Agency
Date Data Arrived at EDR: 02/20/2020	Telephone: 703-603-0695
Date Made Active in Reports: 05/15/2020	Last EDR Contact: 05/15/2020
Number of Days to Update: 85	Next Scheduled EDR Contact: 09/07/2020
	Data Release Frequency: Varies

# GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

## **Federal ERNS list**

### ERNS: Emergency Response Notification System

Emergency Response Notification System. ERNS records and stores information on reported releases of oil and hazardous substances.

Date of Government Version: 12/16/2019  
Date Data Arrived at EDR: 12/19/2019  
Date Made Active in Reports: 03/06/2020  
Number of Days to Update: 78

Source: National Response Center, United States Coast Guard  
Telephone: 202-267-2180

Data Release Frequency: Quarterly

## **State- and tribal - equivalent CERCLIS**

### SHWS: Inactive Hazardous Waste Disposal Sites in New York State

Referred to as the State Superfund Program, the Inactive Hazardous Waste Disposal Site Remedial Program is the cleanup program for inactive hazardous waste sites and now includes hazardous substance sites

Date of Government Version: 02/10/2020  
Date Data Arrived at EDR: 02/12/2020  
Date Made Active in Reports: 04/22/2020  
Number of Days to Update: 70

Source: Department of Environmental Conservation  
Telephone: 518-402-9622  
Last EDR Contact: 05/13/2020  
Next Scheduled EDR Contact: 08/24/2020  
Data Release Frequency: Annually

## **State and tribal landfill and/or solid waste disposal site lists**

### SWF/LF: Facility Register

Solid Waste Facilities/Landfill Sites. SWF/LF type records typically contain an inventory of solid waste disposal facilities or landfills in a particular state. Depending on the state, these may be active or inactive facilities or open dumps that failed to meet RCRA Subtitle D Section 4004 criteria for solid waste landfills or disposal sites.

Date of Government Version: 10/09/2019  
Date Data Arrived at EDR: 10/10/2019  
Date Made Active in Reports: 12/18/2019

VCP: Voluntary Cleanup Agreements

New York established its Voluntary Cleanup Program (VCP) to address the environmental, legal and financial barriers that often hinder the redevelopment and reuse of contaminated properties. The Voluntary Cleanup Program was developed to enhance private sector cleanup of brownfields by enabling parties to remediate sites using private rather than public funds and to reduce the development pressures on "greenfield" sites.

Date of Government Version: 02/10/2020

ERP: Environmental Restoration Program Listing

In an effort to spur the cleanup and redevelopment of brownfields, New Yorkers approved a \$200 million Environmental Restoration or Brownfields Fund as part of the \$1.75 billion Clean Water/Clean Air Bond Act of 1996 (1996 Bond Act). Enhancements to the program were enacted on October 7, 2003. Under the Environmental Restoration Program, the State provides grants to municipalities to reimburse up to 90 percent of on-site eligible costs and 100% of off-site eligible costs for site investigation and remediation activities. Once remediated, the property may then be reused for commercial, industrial, residential or public use.

## ADDITIONAL ENVIRONMENTAL RECORDS

### **Local Brownfield lists**

#### US BROWNFIELDS: A Listing of Brownfields Sites

Brownfields are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Cleaning up and reinvesting in these properties takes development pressures off of undeveloped, open land, and both improves and protects the environment. Assessment, Cleanup and Redevelopment Exchange System (ACRES) stores information reported by EPA Brownfields grant recipients on brownfields properties assessed or cleaned up with grant funding as well as information on Targeted Brownfields Assessments performed by EPA Regions. A listing of ACRES Brownfield sites is obtained from Cleanups in My Community. Cleanups in My Community provides information on Brownfields properties for which information is reported back to EPA, as well as areas served by Brownfields grant programs.

### US CDL: Clandestine Drug Labs

A listing of clandestine drug lab locations. The U.S. Department of Justice ("the Department") provides this web site as a public service. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dumpsites. In most cases, the source of the entries is not the Department, and the Department has not verified the entry and does not guarantee its accuracy. Members of the public must verify the accuracy of all entries by, for example, contacting local law enforcement and local health departments.

## HIST SPILLS: SPILLS Database

This database contains records of chemical and petroleum spill incidents. Under State law, petroleum and hazardous chemical spills that can impact the waters of the state must be reported by the spiller (and, in some cases, by anyone who has knowledge of the spills). In 2002, the Department of Environmental Conservation stopped providing updates to its original Spills Information Database. This database includes fields that are no longer available from the NYDEC as of January 1, 2002. Current information may be found in the NY SPILLS database. Department of Environmental Conservation.

### RCRA NonGen / NLR: RCRA - Non Generators / No Longer Regulated

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Non-Generators do not presently generate hazardous waste.

## GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

### EPA WATCH LIST: EPA WATCH LIST

EPA maintains a "Watch List" to facilitate dialogue between EPA, state and local environmental agencies on enforcement matters relating to facilities with alleged violations identified as either significant or high priority. Being on the Watch List does not mean that the facility has actually violated the law only that an investigation by EPA or a state or local environmental agency has led those organizations to allege that an unproven violation has in fact occurred. Being on the Watch List does not represent a higher level of concern regarding the alleged violations that were detected, but instead indicates cases requiring additional dialogue between EPA, state and local agencies - primarily because of the length of time the alleged violation has gone unaddressed or unresolved.

Date of Government Version: 08/30/2013	Source: Environmental Protection Agency
Date Data Arrived at EDR: 03/21/2014	Telephone: 617-520-3000
Date Made Active in Reports: 06/17/2014	Last EDR Contact: 05/04/2020
Number of Days to Update: 88	Next Scheduled EDR Contact: 08/17/2020

### 2020 COR ACTION: 2020 Corrective Action Program List

The EPA has set ambitious goals for the RCRA Corrective Action program by creating the 2020 Corrective Action Universe. This RCRA cleanup baseline includes facilities expected to need corrective action. The 2020 universe contains a wide variety of sites. Some properties are heavily contaminated while others were contaminated but have since been cleaned up. Still others have not been fully investigated yet, and may require little or no remediation. Inclusion in the 2020 Universe does not necessarily imply failure on the part of a facility to meet its RCRA obligations.

Date of Government Version: 09/30/2017	Source: Environmental Protection Agency

Number of Days to Update: 9	Next Scheduled EDR Contact: 06/15/2020
	Data Release Frequency: Annually

## RMP: Risk Management Plans

When Congress passed the Clean Air Act Amendments of 1990, it required EPA to publish regulations and guidance for chemical accident prevention at facilities using extremely hazardous substances. The Risk Management Program Rule (RMP Rule) was written to implement Section 112(r) of these amendments. The rule, which built upon existing industry codes and standards, requires companies of all sizes that use certain flammable and toxic substances to develop a Risk Management Program, which includes a(n): Hazard assessment that details the potential effects of an accidental release, an accident history of the last five years, and an evaluation of worst-case and alternative accidental releases; Prevention program that includes safety precautions and maintenance, monitoring, and employee training measures; and Emergency response program that spells out emergency health care, employee training measures and procedures for informing the public and response agencies (e.g the fire department) should an accident occur.

## RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

Date of Government Version: 04/17/1995	Source: EPA

## RADINFO: Radiation Information Database

The Radiation Information Database (RADINFO) contains information about facilities that are regulated by U.S. Environmental Protection Agency (EPA) regulations for radiation and radioactivity.

Date of Government Version: 07/01/2019	Source: Environmental Protection Agency
Date Data Arrived at EDR: 07/01/2019	Telephone: 202-343-9775
Date Made Active in Reports: 09/23/2019	Last EDR Contact: 07/01/2019
Number of Days to Update: 84	Next Scheduled EDR Contact: 07/13/2020
	Data Release Frequency: Quarterly

## HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing

A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

Date of Government Version: 10/19/2006	Source: Environmental Protection Agency
Date Data Arrived at EDR: 03/01/2007	Telephone: 202-564-2501
Date Made Active in Reports: 04/10/2007	Last EDR Contact: 12/17/2007
Number of Days to Update: 40	Next Scheduled EDR Contact: 03/17/2008

## UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

## US AIRS (AFS): Aerometric Information Retrieval System Facility Subsystem (AFS)

The database is a sub-system of Aerometric Information Retrieval System (AIRS). AFS contains compliance data on air pollution point sources regulated by the U.S. EPA and/or state and local air regulatory agencies. This information comes from source reports by various stationary sources of air pollution, such as electric power plants, steel mills, factories, and universities, and provides information about the air pollutants they produce. Action, air program, air program pollutant, and general level plant data. It is used to track emissions and compliance data from industrial plants.

Date of Government Version: 10/12/2016

## ABANDONED MINES: Abandoned Mines

An inventory of land and water impacted by past mining (primarily coal mining) is maintained by OSMRE to provide information needed to implement the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The inventory contains information on the location, type, and extent of AML impacts, as well as, information on the cost associated with the reclamation of those problems. The inventory is based upon field surveys by State, Tribal, and OSMRE program officials. It is dynamic to the extent that it is modified as new problems are identified and existing problems are reclaimed.

## E DESIGNATION: E DESIGNATION SITE LISTING

The (E (Environmental)) designation would ensure that sampling and remediation take place on the subject properties, and would avoid any significant impacts related to hazardous materials at these locations. The (E) designations would require that the fee owner of the sites conduct a testing and sampling protocol, and remediation where appropriate, to the satisfaction of the NYCDEP before the issuance of a building permit by the Department of Buildings pursuant to the provisions of Section 11-15 of the Zoning Resolution (Environmental Requirements). The (E) designations also include a mandatory construction-related health and safety plan which must be approved by NYCDEP.

## HSWDS: Hazardous Substance Waste Disposal Site Inventory

The list includes any known or suspected hazardous substance waste disposal sites. Also included are sites delisted from the Registry of Inactive Hazardous Waste Disposal Sites and non-Registry sites that U.S. EPA Preliminary Assessment (PA) reports or Site Investigation (SI) reports were prepared. Hazardous Substance Waste Disposal Sites are eligible to be Superfund sites now that the New York State Superfund has been refinanced and changed. This means that the study inventory has served its purpose and will no longer be maintained as a separate entity. The last version of the study inventory is frozen in time. The sites on the study will not automatically be made Superfund sites, rather each site will be further evaluated for listing on the Registry. So overtime they will be added to the registry or not.

## SPDES: State Pollutant Discharge Elimination System

New York State has a state program which has been approved by the United States Environmental Protection Agency for the control of wastewater and stormwater discharges in accordance with the Clean Water Act. Under New York State law the program is known as the State Pollutant Discharge Elimination System (SPDES) and is broader in scope than that required by the Clean Water Act in that it controls point source discharges to groundwaters as well as surface waters.

## EDR HIGH RISK HISTORICAL RECORDS

### ***EDR Exclusive Records***

#### EDR MGP: EDR Proprietary Manufactured Gas Plants

The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

#### EDR Hist Auto: EDR Exclusive Historical Auto Stations

EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

# GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

## OTHER DATABASE(S)

Depending on the geographic area covered by this report, the data provided in these specialty databases may or may not be complete. For example, the existence of wetlands information data in a specific report does not mean that all wetlands in the area covered by the report are included. Moreover, the absence of any reported wetlands information does not necessarily mean that wetlands do not exist in the area covered by the report.

### CT MANIFEST: Hazardous Waste Manifest Data

Facility and manifest data. Manifest is a document that lists and tracks hazardous waste from the generator through transporters to a tsd facility.

Date of Government Version: 01/30/2020  
Date Data Arrived at EDR: 01/30/2020

**Sensitive Receptors:** There are individuals deemed sensitive receptors due to their fragile immune systems and special sensitivity to environmental discharges. These sensitive receptors typically include the elderly, the sick, and children. While the location of all sensitive receptors cannot be determined, EDR indicates those buildings and facilities - schools, daycares, hospitals, medical centers, and nursing homes - where individuals who are sensitive receptors are likely to be located.

### AHA Hospitals:

Source: American Hospital Association, Inc.

Telephone: 312-280-5991

The database includes a listing of hospitals based on the American Hospital Association's annual survey of hospitals.

### Medical Centers: Provider of Services Listing

Source: Centers for Medicare & Medicaid Services

Telephone: 410-786-3000

A listing of hospitals with Medicare provider number, produced by Centers of Medicare & Medicaid Services, a federal agency within the U.S. Department of Health and Human Services.

### Nursing Homes

Source: National Institutes of Health

Telephone: 301-594-6248

Information on Medicare and Medicaid certified nursing homes in the United States.

### Public Schools

Source: National Center for Education Statistics

Telephone: 202-502-7300

The National Center for Education Statistics' primary database on elementary and secondary public education in the United States. It is a comprehensive, annual, national statistical database of all public elementary and secondary schools and school districts, which contains data that are comparable across all states.

### Private Schools

Source: National Center for Education Statistics

Telephone: 202-502-7300

The National Center for Education Statistics' primary database on private school locations in the United States.

### Daycare Centers: Day Care Providers

Source: Department of Health

Telephone: 212-676-2444

**Flood Zone Data:** This data was obtained from the Federal Emergency Management Agency (FEMA). It depicts 100-year and 500-year flood zones as defined by FEMA. It includes the National Flood Hazard Layer (NFHL) which incorporates Flood Insurance Rate Map (FIRM) data and Q3 data from FEMA in areas not covered by NFHL.

Source: FEMA

Telephone: 877-336-2627

Date of Government Version: 2003, 2015

**NWI:** National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002, 2005 and 2010 from the U.S. Fish and Wildlife Service.

## GEOCHECK<sup>®</sup> - PHYSICAL SETTING SOURCE ADDENDUM

### TARGET PROPERTY ADDRESS

600 N. FRANKLIN ST., SYRACUSE, NY  
600 NORTH FRANKLIN STREET  
SYRACUSE, NY 13204

### TARGET PROPERTY COORDINATES

Latitude (North):	43.057703 - 43° 3' 27.73"
Longitude (West):	76.157035 - 76° 9' 25.33"
Universal Tranverse Mercator:	Zone 18
UTM X (Meters):	405777.2
UTM Y (Meters):	4767657.0
Elevation:	384 ft. above sea level

### USGS TOPOGRAPHIC MAP

Target Property Map:	5937769 SYRACUSE WEST, NY
Version Date:	2013

EDR's GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principle investigative components:

1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

# GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

## GROUNDWATER FLOW DIRECTION INFORMATION

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).

## TOPOGRAPHIC INFORMATION

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

## TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General West

## SURROUNDING TOPOGRAPHY: ELEVATION PROFILES

Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

# GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

## HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

## **FEMA FLOOD ZONE**

<u>Flood Plain Panel at Target Property</u>	<u>FEMA Source Type</u>
3605950002D	FEMA Q3 Flood data
<u>Additional Panels in search area:</u>	<u>FEMA Source Type</u>
3605950001D	FEMA Q3 Flood data
3605950003E	FEMA Q3 Flood data
3605950004E	FEMA Q3 Flood data

## **NATIONAL WETLAND INVENTORY**

<u>NWI Quad at Target Property</u>	<u>NWI Electronic Data Coverage</u>
SYRACUSE WEST	YES - refer to the Overview Map and Detail Map

## **HYDROGEOLOGIC INFORMATION**

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

### ***Site-Specific Hydrogeological Data\*:***

Search Radius:	1.25 miles
Status:	Not found

## **AQUIFLOW®**

Search Radius: 1.000 Mile.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

<u>MAP ID</u>	<u>LOCATION FROM TP</u>	<u>GENERAL DIRECTION GROUNDWATER FLOW</u>
Not Reported		

## GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

### GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

### GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

#### **ROCK STRATIGRAPHIC UNIT**

## GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

### DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. The following information is based on Soil Conservation Service SSURGO data.

---

#### Soil Map ID: 1

Soil Component Name: Urban land

Soil Surface Texture:  
Hydrologic Group: Not reported

Soil Drainage Class:  
Hydric Status: Unknown

Corrosion Potential - Uncoated Steel: Not Reported

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 0 inches

No Layer Information available.

---

#### Soil Map ID: 2

Soil Component Name: Udorthents

Soil Surface Texture: channery loam

Hydrologic Group: Class A/D - Drained/undrained hydrology class of soils that can be drained and are classified.

Soil Drainage Class: Somewhat excessively drained

Hydric Status: Not hydric

Corrosion Potential - Uncoated Steel: Moderate

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 137 inches

## GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

Soil Layer Information							
Layer	Boundary		Soil Texture Class	Classification		Saturated hydraulic conductivity micro m/sec	Soil Reaction (pH)
	Upper	Lower		AASHTO Group	Unified Soil		
1	0 inches	3 inches	channery loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Silty Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay Soils.	Max: 42 Min: 0.42	Max: 8.4 Min: 4.5
2	3 inches	70 inches	very channery loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Silty Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay Soils.	Max: 42 Min: 0.42	Max: 8.4 Min: 4.5

### Soil Map ID: 3

Soil Component Name: Water

Soil Surface Texture: channery loam

Hydrologic Group: Class A/D - Drained/undrained hydrology class of soils that can be drained and are classified.

Soil Drainage Class:  
Hydric Status: Unknown

Corrosion Potential - Uncoated Steel: Not Reported

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 0 inches

No Layer Information available.

### LOCAL / REGIONAL WATER AGENCY RECORDS

EDR Local/Regional Water Agency records provide water well information to assist the environmental professional in assessing sources that may impact ground water flow direction, and in forming an opinion about the impact of contaminant migration on nearby drinking water wells.

**NY WELLS NYWS30000011198**

DEC Well #:	OD2290	Location Description:	SOUTH SALINA ST
Well Depth (ft):	100	Bedrock Depth (ft):	95
Groundwater Depth (ft):	20	Casing Depth(ft):	84
Screened Well:	Y	Avg Dischg Rate (g/m):	100
Driller Registration #:	NYRD10142

## TOPOGRAPHIC INFORMATION

### USGS 7.5' Digital Elevation Model (DEM)

Source: United States Geologic Survey

EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

### Current USGS 7.5 Minute Topographic Map

Source: U.S. Geological Survey

## HYDROLOGIC INFORMATION

Flood Zone Data: This data was obtained from the Federal Emergency Management Agency (FEMA). It depicts 100-year and 500-year flood zones as defined by FEMA. It includes the National Flood Hazard Layer (NFHL) which incorporates Flood Insurance Rate Map (FIRM) data and Q3 data from FEMA in areas not covered by NFHL.

Source: FEMA

Telephone: 877-336-2627

Date of Government Version: 2003, 2015

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002, 2005 and 2010 from the U.S. Fish and Wildlife Service.

### State Wetlands Data: Freshwater Wetlands

Source: Department of Environmental Conservation

Telephone: 518-402-8961

## HYDROGEOLOGIC INFORMATION

### AQUIFLOW<sup>R</sup> Information System

Source: EDR proprietary database of groundwater flow information

EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

## GEOLOGIC INFORMATION

### Geologic Age and Rock Stratigraphic Unit

Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - A digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

### STATSGO: State Soil Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

### SSURGO: Soil Survey Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

Telephone: 800-672-5559

SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Service, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

## LOCAL / REGIONAL WATER AGENCY RECORDS

### FEDERAL WATER WELLS

#### PWS: Public Water Systems

Source: EPA/Office of Drinking Water

Telephone: 202-564-3750

Public Water System data from the Federal Reporting Data System. A PWS is any water system which provides water to at least 25 people for at least 60 days annually. PWSs provide water from wells, rivers and other sources.

#### PWS ENF: Public Water Systems Violation and Enforcement Data

Source: EPA/Office of Drinking Water

Telephone: 202-564-3750

Violation and Enforcement data for Public Water Systems from the Safe Drinking Water Information System (SDWIS) after August 1995. Prior to August 1995, the data came from the Federal Reporting Data System (FRDS).

#### USGS Water Wells: USGS National Water Inventory System (NWIS)

This database contains descriptive information on sites where the USGS collects or has collected data on surface water and/or groundwater. The groundwater data includes information on wells, springs, and other sources of groundwater.

### STATE RECORDS

#### New York Public Water Wells

Source: New York Department of Health

Telephone: 518-458-6731

## OTHER STATE DATABASE INFORMATION

#### Oil and Gas Well Database

Source: Department of Environmental Conservation

Telephone: 518-402-8072

These files contain records, in the database, of wells that have been drilled.

### RADON

#### State Database: NY Radon

Source: Department of Health

Telephone: 518-402-7556

Radon Test Results

#### Area Radon Information

Source: USGS

Telephone: 703-356-4020

The National Radon Database has been developed by the U.S. Environmental Protection Agency (USEPA) and is a compilation of the EPA/State Residential Radon Survey and the National Residential Radon Survey. The study covers the years 1986 - 1992. Where necessary data has been supplemented by information collected at private sources such as universities and research institutions.

#### EPA Radon Zones

Source: EPA

Telephone: 703-356-4020

Sections 307 & 309 of IRAA directed EPA to list and identify areas of U.S. with the potential for elevated indoor radon levels.

## Owner Questionnaire

**PHASE I ESA – INTERVIEW QUESTIONNAIRE**  
**For past and present owners, operators and occupants**

**Parcel Location/ ID:** 600 N. Franklin Street, Syracuse, New York

	Name: John Kelly	Date 6/1/20
	Company: Dupli Envelope and Graphics Title: Operations Manager How long in position: 12 years	
1	How long have you (or your organization) owned the property? 12 years	
2	If industrial/commercial use (current or previous), list some of the chemicals used? Commercial Use  Were the chemicals stored on site?                      How where they stored? Various cleaning chemicals                                      small containers  Location of chemical storage? within building	
3	Age of buildings on site? 1904	
4	Do you know of, or have you seen: drums, totes, or large containers on site? (when, location, what did they contain)	
5	Have you ever seen any pits, ponds or lagoons? (If yes, describe when, location, and if any odors or oily sheen were present) No	
6	Do you know of, or have you seen an above ground storage tanks (ie. oil, fuel, chemicals)? (Location, type of material contained, date installed & removed) No	
7	Do you know of, or have you seen evidence of underground storage tanks? (Location, type of material contained, date installed & removed) No	
8	Do you know if any environmental permits (air, waste, water discharge) were ever issued? (When, what type, permit # if known) No	

9	Do you know of any trash/ waste dumped on the site? (When, what type, was it cleaned up and how) No
10	Do you know of any floor drains, sumps, oil/water separators, and drainage systems on site? No
11	What are the public utilities provided to the site?  Electric - Yes Natural gas - Yes Storm sewer - Yes  Water – Yes Sanitary sewer - Yes
12	Do you know if any soil or water sampling has ever been done on the site? No
13	Do you know if any neighboring properties could answer yes to any of the above questions? No
14	Do you know if there have ever been any activity and or use limitations imposed on the site? No
15	Do you know of any past uses of the property (other entities operating on the site)? Bison meat laboratory

## Limitations, Certification, Qualifications

## **Limitations and Exceptions**

The professional environmental inspector has used his/her best judgment and has conducted the appropriate inquiries when conducting this assessment.

This environmental site assessment cannot wholly eliminate uncertainty regarding the potential for recognized environmental conditions concerning the subject site or adjoining properties.

Not every property requires the same amount of site assessment work. Various factors determine the appropriate level of involvement, such as the type of property being assessed, how it is used, the extent of contamination, and the amount and kind of data collected. Any one of these will determine the appropriate level of environmental site assessment.

Not all inquiries will identify a significant environmental condition existing on the subject property. All environmental assessments are governed by circumstances and conditions that existed on the day of inspection.

## **Influences on Fair Market Value**

The presence of environmental liabilities and their associated clean-up costs may influence the fair market value of the subject property. Market value is understood to be the most probable price estimated in terms of money that the property will bring if exposed for sale on the open market by a seller who is willing but not obliged to sell, allowing a reasonable time to find a buyer who is willing but not obliged to buy, both parties having full knowledge of all the uses to which it is adapted, for which it is capable of being used, or for which it has been used.

The environmental assessor assumes no responsibility for any changes in the fair market value of the property that might result from the performance of the environmental assessment activities, or disclosures of environmental conditions relating to the property.

## **Certification of Inspection**

The environmental inspector certifies and agrees that:

- (1) The inspector has no present or contemplated future interest in the property inspected.
- (2) The inspector has no personal interest in or bias with respect to the subject matter of the assessment report or the participants to the sale. This Environmental Site Assessment Report is not based in whole or in part upon the race, color, or national origin of the prospective owners or occupants of the property inspected, or upon the race, color or national origin of the present owners or occupants of the properties near the property inspected.
- (3) The inspector has personally inspected the property and has made an exterior inspection of all neighboring properties in the report. To the best of the inspector's knowledge and belief, all statements and information in this report are true and correct, and the inspector has not knowingly withheld any significant information.
- (4) The legal description and address furnished is correct according to the information furnished to the inspector.

(5) This inspection report has been made in conformity with and is subject to the requirements of the Code of Professional Ethics and Standards of Professional Conduct of the environmental organizations with which the inspector is affiliated.

(6) All conclusions and opinions concerning the subject site that are set forth in this report were prepared by the inspector whose signature appears on the report.

### **General Qualifications**

In the professional judgment of the site assessor, the scope of this investigation was sufficient to determine whether further investigation was warranted, given the nature and specific circumstances of the site. The site assessor performed this Phase I ESA in conformance with the care and skill currently exercised by reputable environmental consulting firms practicing under similar conditions. No other warranty or representation of any kind, expressed or implied, at common law or created by statute, is extended, made or intended by the site assessor's rendering consulting services or furnishing oral and/or written reports of its findings.

The site assessor has no obligation to any third party who intends to, or will, rely on this report and specifically disclaims any such responsibility. The site assessor assumes no obligation for reporting any facts revealed by the environmental site assessment or contained in the Phase I ESA report to anyone other than the Client.

This report does not constitute legal advice, nor does the site assessor purport to give legal advice. Environmental conditions and regulations are subject to constant change and reinterpretation. It should not be assumed that current conditions and/or regulatory positions will remain constant. Furthermore, because the facts stated in this report are subject to professional interpretation, differing conclusions could be reached by other professionals.

Certain information contained in this report may have been obtained from agencies or through personal interviews. The site assessor cannot warrant that such information is accurate. Except as discussed in the report, the site assessor has not verified the accuracy of such information.

Contaminates may be hidden in the subsurface materials, having been placed there due to the actions of man, or covered by foliage, water, snow, concrete, asphalt, or other materials. This contamination may not be present in predictable locations. The most that the site assessor can do is formulate a logical assessment program to reduce the client's risk of later discovering previously unknown contamination; the greater the extent of exploration on a property, the greater the probability of finding contamination, if present. Even with extensive exploration, it is not possible to say with total certainty that contaminants are not present at a particular site.

Many environmental assessments are undertaken to satisfy the "due diligence" requirement in the federal Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and appropriate state requirements. The level of investigative work required to demonstrate "due diligence" has not been legislatively defined by Congress, the U.S. EPA, or appropriate state bodies. Although the site assessor strives to investigate each site to discover all possible sources of contamination, the site assessor cannot warrant that the work undertaken for this report will provide a due diligence defense asserted under CERCLA, or any other federal, state, or local laws.

No warranty can be made that conditions observed were representative of areas not observed. Tests or data collected for this report were obtained only for the purposes stated in this report, and should

not be used for reasons other than those intended.

The inspector assumes no responsibility for legal issues affecting the property inspected, nor does the inspector render any opinion as to the marketability of title.

Unless arrangements have been previously made, the inspector will not be required to give testimony or appear in court because of having made the Environmental Site Assessment with reference to the property in question.

Possession of this report does not carry with it the rights of publication, and any parts thereof may not be reproduced in any form without written permission of its writer, or the client who ordered the report.

The inspector assumes that there are no hidden or latent conditions or defects on the property, subsoil, or structures that would render it more valuable, less valuable or hazardous. The inspector assumes no responsibility for such conditions or for the inspection, engineering, or repair that might be required to discover or correct such factors.

Information, estimates, and opinions furnished to the environmental inspector and contained in the report were obtained from sources considered reliable and believed to be true and correct. The inspector however, assumes no responsibility for the accuracy of such information.

This Environmental Site Assessment is not intended to (but indeed may) have a direct effect on the value of the property inspected. It is conducted solely for the educational benefit of the principal parties.

The contents of this report, including any conclusions as to value or hazards and the identity of the inspector shall not be disseminated to the public through advertising media, public relations media, news media, sales media, or any other public means of communication without the prior written consent and approval of the environmental inspector.

## Section #2: Project Overview

At your request, Paradigm Environmental, LLC. (**PARADIGM**) conducted a pre-renovation asbestos survey at 600 North Franklin Street, Syracuse, New York 13204. The survey was conducted in accordance with the requirements outlined in the New York State Department of Labor's (NYSDOL) asbestos standard (12 NYCRR Part 56) as specified in Subpart 56-5.1 "Asbestos Survey Requirements for Building/Structure Demolition, Renovation, Remodeling and Repair".

NYSDOL Certified Asbestos Inspector Mitchell Blackwell (NYSDOL Certificate AH17.25242) performed the asbestos survey.

Project services provided by **PARADIGM** included the following:

1. Inspection of the subject structure by NYSDOL certified asbestos inspectors;
2. Collection of bulk samples of suspect asbestos-containing materials (ACM) and subsequent analysis by New York State Department of Health (NYSDOH) approved laboratories;
3. Preparation of this report.

### Section #3: Methodologies

#### *Inspection Procedures:*

The inspection done in accordance with the requirements outlined in the NYSDOL asbestos standard (12 NYCRR Part 56) as specified in subpart 56-5.1 “Asbestos Survey Requirements for Building/Structure Demolition, Renovation, Remodeling and Repair”.

This section of the regulation states that in the absence of applicable building plans or records, the identification of asbestos or asbestos material shall be by the sampling and analysis of suspect material with analysis by a NYSDOH certified laboratory (see 56-4.2).

Each area was inspected by visual means to identify potential ACM. Inspection personnel assessed each suspect material to determine whether it represented a friable, non-friable or non-friable organically bound (NOB) material. The materials were identified, quantified and sampled for subsequent laboratory analysis.

ACM quantities were obtained using measurements made in the field by inspection personnel. Quantities are estimates and should be field verified.

#### *Analytical Services:*

**Paradigm Environmental, LLC.** (NYSDOH ELAP #11555) performed Polarized Light Microscopy (PLM) on all friable samples. Paradigm Environmental Services, Inc. (NYSDOH ELAP #11955) performed PLM and Transmission Electron Microscopy (TEM) on all NOB samples.

Friable bulk samples were analyzed using the Stratified Point Count Method with Polarized Light Microscopy and Dispersion Staining (PLM/DS) techniques. Samples were examined for homogeneity and preliminary fiber identification using a low powered stereoscopic binocular microscope. Positive identification of any asbestos fibers present was made using the Polarized Light Microscope.

NYSDOH regulations require that Non-Friable Organically Bound (NOB) materials (i.e. roofing membranes and adhesives) that are found to be non-asbestos containing by the PLM/DS method must be re-analyzed by the TEM method to confirm the PLM/DS results or be assumed ACM. Non-friable Organically Bound materials were analyzed using Polarized Light Microscopy with Gravimetric Matrix Reduction (GMR). If no asbestos was detected utilizing PLM/GMR, the sample was then analyzed by TEM methods. TEM analysis was performed in accordance with ELAP “TEM Method for Identifying and Quantitating Asbestos in Non-Friable Organically Bound Bulk Samples”, Revision 198.4, 8/3/92.

The EPA defines ACM as any material that contains greater than 1% by weight of asbestos.

## Section #4: Summary of Findings

All ACM identified by PARADIGM are listed in the tables below.

Invasive core sampling was performed to ensure all suspect materials were sampled, however, in the event that suspect materials are discovered during demolition, which were not recognized in this survey, additional samples should be collected and analyzed for asbestos content or should be assumed ACM.

### Asbestos Containing Material

Ninety-four (94) samples were collected and analyzed for asbestos content. Suspect materials and analytical results are in Table I below. ACM is listed in Table II. If any suspect materials are found during demolition (TSI, flooring, etc.) that were not identified in this survey, those materials should be tested or assumed to be ACM.

As per NYSDOL ICR 56-2.1 (p), an Asbestos Containing Material (ACM) is defined as any material containing greater than one percent (1%) of asbestos, also known as Asbestos Material. Samples determined to be as ACM are identified by **bold type and are highlighted in yellow**.

## Section #5: Tables

Table 1 – ACM Analysis Results & Quantities						
Material	Location	Condition	Field ID Number	Lab Result	Quantity of ACM	Sample Type
9"x9" Floor Tiles & Black Mastic	2 <sup>nd</sup> Floor Vacant Space-Bottom Flooring Layer	Intact	1-4	ACM	7,200 square feet	NOB
Yellow Floor Tile Mastic	2 <sup>nd</sup> Floor Vacant Space on Top of ACM Floor Tiles	Intact	5, 6	ACM		NOB
12"x12" Floor Tiles	2 <sup>nd</sup> Floor Vacant Space on Top of ACM Floor Tiles	NA	7, 8	No Asbestos Detected	0	NOB
Grout	2 <sup>nd</sup> Floor Vacant Space	NA	9, 10	No Asbestos Detected	0	Friable
Various Cove Base & Adhesive	Throughout	NA	11-14, 61-64	No Asbestos Detected	0	NOB
Yellow Cove Base Mastic	2 <sup>nd</sup> Floor Printing Area/Storage	Intact	77	ACM	15 square feet	NOB
Skim Coat & Plaster	Throughout	NA	15-28	No Asbestos Detected	0	Friable
Black Caulk	2 <sup>nd</sup> Floor Vacant Space on Walls	NA	29, 30	No Asbestos Detected	0	NOB

**Table 1 – ACM Analysis Results & Quantities**

Material	Location	Condition	Field ID Number	Lab Result	Quantity of ACM	Sample Type
TSI & Elbows	1 <sup>st</sup> Floor, 2 <sup>nd</sup> Floor Vacant Space, West End of 3 <sup>rd</sup> Floor (Between 2 <sup>nd</sup> & 3 <sup>rd</sup> Floor)	Intact	31-36, 84-86	ACM	150 linear feet	Friable
Drywall & Joint Compound	1 <sup>st</sup> Floor Storage Area, 2 <sup>nd</sup> Floor Vacant Space, Printing - Storage Area	NA	37-42, 56-60, 67-73	No Asbestos Detected	0	Friable
White Plaster/Patching Debris	Boiler Room Ceiling & Floor	NA	43-45	No Asbestos Detected	0	Friable
Olive Green 12"x12" Floor Tiles & Black Mastic	1 <sup>st</sup> Floor Storage Area	Intact	46-49	ACM	6,000 square feet	NOB
Gray, White 12"x12" Floor Tiles w/Yellow & Gray Mastic	1 <sup>st</sup> Floor Storage Area	NA	50-55	Trace	0	NOB
2'x4' Ceiling Tiles	1 <sup>st</sup> & 2 <sup>nd</sup> Floor	NA	65, 66, 78, 79	No Asbestos Detected	0	Friable
White 12"x12" Floor Tiles	2 <sup>nd</sup> Floor Printing Area	NA	80, 81	No Asbestos Detected	0	NOB
Tan/Black Fiberglass Insulation Backing	2 <sup>nd</sup> Floor Above Suspended Ceiling on Fiberglass Insulated Pipes	Intact	82, 83	No Asbestos Detected	1,000 linear feet	NOB

**Table 1 – ACM Analysis Results & Quantities**

Material	Location	Condition	Field ID Number	Lab Result	Quantity of ACM	Sample Type
Black Cork Mastic	West Side of 3 <sup>rd</sup> Floor-Storage Area	NA	87, 88	No Asbestos Detected	0	NOB
Brown Fiberglass Insulation	5 <sup>th</sup> Floor Storage Area Walls	NA	89, 90	No Asbestos Detected	0	Friable
Black Tar Coating	5 <sup>th</sup> Floor Storage Area Walls-Coating on Brown Fiberglass Insulation	Intact	93, 94	ACM	8,000 square feet	NOB
Silver Coat	5 <sup>th</sup> Floor Storage Area Walls-on Black Tar Coating	NA	91, 92	No Asbestos Detected	0	NOB

Table II – Asbestos Table

Material	Location	Condition	Field ID Number	Lab Result	Quantity of ACM	Sample Type
9"x9" Floor Tiles & Black Mastic	2 <sup>nd</sup> Floor Vacant Space-Bottom Flooring Layer	Intact	1-4	ACM	7,200 square feet	NOB
Yellow Floor Tile Mastic	2 <sup>nd</sup> Floor Vacant Space on Top of ACM Floor Tiles	Intact	5, 6	ACM		NOB
Yellow Cove Base Mastic	2 <sup>nd</sup> Floor Printing Area/Storage	Intact	77	ACM	15 square feet	NOB
TSI & Elbows	1 <sup>st</sup> Floor, 2 <sup>nd</sup> Floor Vacant Space, West End of 3 <sup>rd</sup> Floor (Between 2 <sup>nd</sup> & 3 <sup>rd</sup> Floor)	Intact	31-36, 84-86	ACM	150 linear feet	Friable

Black Tar Coating	5 <sup>th</sup> Floor Storage Area Walls-Coating on Brown Fiberglass Insulation	Intact	93, 94	ACM	8,000 square feet	NOB

## Section #6: Recommendations

### **Introduction:**

The Environmental Protection Agency (EPA) under the Asbestos Hazard Emergency Response Act (AHERA) divides ACM into three (3) categories. Although this legislation pertains to primary and secondary schools, it is widely referenced when organizing a management plan for the maintenance of ACM in buildings. The three categories of ACM used in buildings are as follows:

#### **Thermal System Insulation**

As the name suggests, these materials are limited to thermal applications. Examples of these materials include pipe insulation, pipe fitting insulation, boiler or furnace insulation and various gasket materials.

#### **Surfacing Materials**

Surfacing materials are sprayed or troweled onto a surface. Examples of surfacing materials include wall or ceiling plaster and fireproofing insulation.

#### **Miscellaneous**

All asbestos-containing materials found in buildings, which do not fall into the categories above, are considered to be miscellaneous materials. These materials include, but are not limited to, floor covering, adhesives, ceiling tiles and certain types of paneling (i.e. transite or galbestos panels). In addition, ACM can also be divided into two other classifications based on the likelihood of fiber release into the surrounding atmosphere (Friable vs. Non-Friable).

### **Friable Materials:**

The materials that pose the greatest risk of airborne fiber release are friable materials. Friable materials are those materials, which can be crushed or pulverized, when dry, by hand pressure. These materials include, but are not limited to, pipe and pipe fitting insulation, boiler and hot water insulation, sprayed-on insulation (such as fireproofing) and troweled-on materials (such as decorative ceiling plaster). Particular attention should be paid to those materials that have been identified as in fair or poor condition. Since these materials are most likely to generate fiber release, and therefore pose the greatest risk of worker contamination, it is highly recommended that remedial action be implemented.

**Non-friable Materials:**

Non-friable materials are those materials that do not readily release fibers into the atmosphere since the fibers are locked within the matrix of the material. Examples of non-friable materials include floor tiles, linoleum, and adhesive-like materials such as mastics and roofing materials. Although these materials pose less of a risk to worker safety, they should still be taken seriously and properly maintained. It is important to realize that any ACM, when improperly or carelessly treated, poses a potential health risk.

**Typical Remedial Measures:**

Listed below are the four most common remedial actions generally available to prevent or limit the release of asbestos fibers from ACM.

- 1) **Implementation of an Operations & Maintenance (O&M) Program (12 NYCRR Part 56-3.2(d)(5) & OSHA Regulations):** A set of standard operating procedures is developed for use by in-house maintenance personnel. These procedures are developed to assist designated personnel in the cleanup of fibers previously released and to limit the potential for future asbestos exposure by instituting preventative measures (i.e. personnel training, material repairs, special clean-up procedures, etc.).
- 2) **Encapsulation (12 NYCRR Part 56-8.7):** Utilization of this remedial action is intended to limit potential fiber release by chemical means. This is accomplished by creating an impermeable barrier between the material and the environment with a bridging encapsulant, or by using a penetrating encapsulant that binds the material and its fibers together in a hard matrix.
- 3) **Encasement/Enclosure (12 NYCRR Part 56-8.8):** Enclosure of asbestos consists of constructing a permanent, physical, airtight impermeable barrier between the ACM and the environment. This is accomplished using material such as cement block, gypsum board, tongue and groove or spline jointed plywood, etc.
- 4) **Removal (12 NYCRR Part 56-1.1 to 56-12.4):** Removal of asbestos is the process by which ACM is stripped from its underlying substrate. Removal must be completed in a controlled manner to prevent building contamination. When completed properly, removal of ACM offers a permanent solution to the ACM problem by eliminating the material. However, removal can be very costly and time consuming. When done improperly, removal can result in significant contamination of a building or area and dramatically increase the potential for building occupant's exposure to airborne asbestos fibers.

Determining an appropriate remedial action is typically based on a hazard assessment that is prepared for ACM identified as a result of a completed building survey. These hazard assessments are generally based on several factors including the following:

- a. Whether or not the material is friable.
- b. The condition of the material (e.g. poor, fair, good).
- c. The potential for disturbance of the material.
- d. Activity in the area of the material (e.g. manufacturing processes, air current, etc.).
- e. Whether or not the area where the material is located is occupied.

A NYSDOL Licensed Asbestos Abatement Contractor must perform remedial activities in accordance with applicable local, state and federal regulations.

## Section #7: Definitions

The following terms are used throughout this report. These definitions were derived from NYS DOL ICR 56-2.

**Asbestos.** Any naturally occurring hydrated mineral silicate separable into commercially usable fibers, including chrysotile (serpentine), Amosite (cumingtonite-grunerite), crocidolite (riebeckite), tremolite, anthophyllite and actinolite.

**Asbestos Containing Material (ACM).** Any material containing greater than one percent (1%) of asbestos, also known as **Asbestos Material**.

**Asbestos Survey.** A thorough inspection for and identification of all PACM, suspect ACM, or asbestos material throughout the building/structure or portion thereof to be demolished, renovated, remodeled, or repaired. (See Subpart 56-5)

**Bulk Sampling.** Accepted methods for collecting samples of suspect materials for appropriate analyses by NYS ELAP approved laboratories, to determine asbestos content.

**Category I Non-Friable ACM.** NESHAP classification - Asbestos-containing packings, gaskets, resilient floor covering, and asphalt roofing products, containing more than one percent (1%) asbestos, that when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure.

**Category II Non-Friable ACM.** NESHAP classification - Any material, excluding Category I Non-Friable ACM, containing more than one percent (1%) asbestos, that when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure

**Demolition.** The wrecking or removal of any load-supporting structural member of a building or structure.

**Friable.** Any material that when dry, can be crumbled, pulverized, or reduced to powder by hand pressure, or is capable of being released into the air by hand pressure.

**Non-Asbestos Material.** Any material documented to contain one percent (1%) or less of asbestos.

**Non-Friable.** Any material that when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure, and is not capable of being released into the air by hand pressure.

**Non-Friable Organically Bound (NOB) Asbestos Material.** Non-friable asbestos materials embedded in flexible-to-rigid asphalt or vinyl matrices, including but not limited to flooring materials, adhesives, mastics, asphalt shingles, roofing materials and caulks.

**Presumed Asbestos Containing Material (PACM).** All Thermal System Insulations and Surfacing Materials found in buildings constructed no later than 1980. PACM is considered to be ACM unless proven otherwise by appropriate bulk sampling and laboratory analyses.

**Regulated Asbestos-Containing Material (RACM).** Friable ACM or PACM, Category I Non-friable ACM that has become friable or has been or will be subjected to sanding, grinding, cutting or abrading, or Category II Non-friable ACM that has a high probability of becoming or has become crumbled, pulverized, or reduced to powder by the forces expected to act on the material in the course of demolition or renovation operations.

**Remodel.** For purposes of this code, remodel shall mean the same as renovation.

**Removal.** Abatement, consisting of operations where ACM, PACM or asbestos material is removed or stripped from structures or substrates. This includes demolition operations.

**Renovation.** The altering of an existing building/structure, or a portion of building/structure components or systems, including the stripping, removal or abatement of ACM from a building or structure. Operations in which load supporting structural members are wrecked or taken out are demolitions.

**Repair (Asbestos).** Abatement, consisting of corrective action for a Minor Asbestos Project using required work practices to control fiber release from damaged ACM, PACM or asbestos material.

**Repair.** The replacement, overhaul, rebuilding, reconstructing or reconditioning of any part of a building/structure component or system with like or similar material or parts, due to damage or excessive wear.

**Suspect Miscellaneous ACM.** Any suspect asbestos-containing material that is not PACM, such as floor tiles, ceiling tiles, mastics/adhesives, sealants, roofing materials, cementitious materials, etc. A listing of typical suspect miscellaneous ACM can be found in NYSDOL ICR 56-5. All suspect miscellaneous ACM must be assumed to be ACM, unless proven otherwise by appropriate bulk sampling and laboratory analyses.

**Surfacing Material.** Material that is sprayed-on, troweled-on, or otherwise applied to surfaces (such as acoustical or finish plaster on ceilings and walls, and fireproofing materials on structural members, or other materials on surfaces for acoustical, fireproofing, or other purposes).

**Thermal System Insulation.** Insulation material applied to pipes, fittings, boilers, breeching, tanks, ducts or other structural components to prevent heat gain or loss.

## Section #8: Final Notes

If the building/structure asbestos survey finds that the portion of the building/structure to be demolished, renovated, remodeled, or have repair work contains ACM, PACM, suspect miscellaneous ACM assumed to be ACM, or asbestos material, the owner or the owner's agent shall conduct, or cause to have conducted, asbestos removal performed by a licensed asbestos abatement contractor in conformance with all standards set forth in ICR-56.

All ACM, PACM, suspect miscellaneous ACM assumed to be ACM, or asbestos material impacted by the demolition, renovation, remodeling or repair project shall be removed as per ICR-56, prior to access or disturbance by other uncertified trades or personnel. No demolition, renovation, remodeling or repair work shall be commenced by any owner or the owner's agent prior to the completion of the asbestos abatement in accordance with the notification requirements of ICR-56. For multi-phased work, the access restriction for uncertified trades or personnel applies to each intermediate portion of the entire project.

Upon completion of the intermediate portion of the asbestos project, other trades or personnel may access that portion of the work site.

### Unidentified and Unassessed Asbestos:

When any construction activity, such as demolition, remodeling, renovation or repair work, reveals PACM or suspect miscellaneous ACM that has not been identified by the asbestos survey, or has not been identified by other inspections as per current OSHA or EPA requirements, all activities shall cease in the area where the PACM or suspect miscellaneous ACM is found and the Asbestos Control Bureau shall be notified by telephone followed with a written notice in accordance with the notification requirements of ICR-56. Unassessed PACM or suspect miscellaneous ACM shall be treated and handled as ACM and assumed to be ACM, unless proven otherwise by standard EPA and OSHA accepted methods, including multilayered systems sampling protocols; subsequent analyses performed by a laboratory that meets the requirements ICR-56; and the analyses satisfies both NYS ELAP and federal requirements, including multilayered sample analyses, to document non-asbestos containing material.

The report represents the opinion of the reporting inspector at the time of the asbestos survey and accurately reflects Federal, State, and Local guidelines.

Due to know dangers and health effects of human exposure to airborne asbestos fibers, there exist both Federal and State regulations and recommendations which must be followed in the asbestos removal process.

**PARADIGM**  
ENVIRONMENTAL, LLC.

### Section #9: Disclaimer

This report is for your exclusive use and is only to be used as a guide in determining the presence and condition of Asbestos-Containing Materials in the subject premises at the time of the inspection.

All quantities of asbestos containing material are approximations. All quantities of asbestos containing materials should be field verified by prospective asbestos abatement contractors prior to providing asbestos abatement costs for the aforementioned materials.

This report is based solely upon a visual inspection and sampling of the premises where accessible at the time inspection was performed and makes no determinations with respect to portions of the premises that were not tested.

PARADIGM assumes no liability with respect to your compliance with local, state, or federal statutes, regulations or rules. This report sets forth relevant excerpts from manuals published by the EPA; however, PARADIGM assumes no responsibility for the credibility and completeness of the said excerpted material or future modifications of the same.

PARADIGM assumes no liability for the use of this report by any other person or entity than the customer for whom it has been prepared. Any and all liability on the part of PARADIGM shall be limited solely to the cost of this survey report. PARADIGM shall have no liability for any other damages, whether consequential, compensatory, punitive, or special, arising out of, incidental to, or as a result of this report.

Re: 600 North Franklin Street, Syracuse, New York 13204: Asbestos Bulk Sampling & Analytical Services

Job Number: 2213-19S

The purpose of this letter is to explain the results of the Polarized Light Microscopy (PLM) and/or Transmission Electron Microscopy (TEM) Asbestos Bulk Sample Analysis that was performed on 12/3/2019, 12/4/2019 & 12/5/2019. A total of thirty-nine (39) Friable and twenty-eight (28) Non-friable Organically Bound (NOB) Bulk Sample(s) were analyzed.

Field ID	Lab ID	Sample Description	Asbestos Present?	Analytical Result	Analysis Performed
1	18027	Black Mastic (2 <sup>nd</sup> Floor - Vacant Space - 1 <sup>st</sup> Layer Bottom)	Yes	3.6% Chrysotile	NOB PLM
2	18025	Black Mastic (2 <sup>nd</sup> Floor - Vacant Space - 1 <sup>st</sup> Layer Bottom)	SAFP	Sample Not Analyzed	NOB Prep
3	18029	White 9x9 Tile (2 <sup>nd</sup> Floor - Vacant Space - 1 <sup>st</sup> Layer Bottom)	Yes	3.4% Chrysotile	NOB PLM
4	18030	White 9x9 Tile (2 <sup>nd</sup> Floor - Vacant Space - 1 <sup>st</sup> Layer Bottom)	SAFP	Sample Not Analyzed	NOB Prep

Analysis Notes:

1. As per NYSDOL ICR 56-2.1 (p), an Asbestos Containing Material (ACM) is defined as any material containing greater than one percent (1%) of asbestos, also known as Asbestos Material. Samples determined to be ACM are identified by ***bold/italicized type and are highlighted in yellow***.
2. PLM Friable Analysis performed by Paradigm Environmental LLC. (NYSDOH ELAP #11555). PLM/TEM NOB Analysis performed by Paradigm Environmental, Inc. (NYSDOH ELAP #10958).

If you have any additional questions concerning this report, please do not hesitate to call me at 315.455.2714 or email me at [kjoyce@paradigmenvllc.com](mailto:kjoyce@paradigmenvllc.com). Thank you.

**KEY TO NOB COLUMN SYMBOLS**  
 No Symbol in the NOB column denotes sample analyzed by ELAP Method 198.1 (PLM).  
 ✓ NOB (non-friable organically bound) denotes material analyzed by ELAP Method 198.6 (PLM) and 198.4 (TEM) as noted.  
 √ denotes material analyzed by ELAP Method 198.6 (PLM) per NYSDOH. This Method does not remove vermiculite and may underestimate the level of asbestos present in a sample containing greater than 10% vermiculite.  
 # denotes friable material analyzed by ELAP Method 198.6 (PLM) and 198.4 (TEM) as noted.  
 X denotes sample prepped only by ELAP Method 198.6.  
 \*\* Polarized-light microscopy is not consistently reliable in detecting asbestos in floor coverings and similar non-friable organically bound materials.  
 Quantitative transmission electron microscopy is currently the only method that can be used to determine if this material can be considered or treated as non-asbestos containing.

PLM Bulk Asbestos Analysis by New York State Department of Health, ELAP Method 198.1, 198.4 and 198.6 ("Polarized Light Microscopy and Transmission Electron Microscopy Methods for Identifying and Quantitating Asbestos in Bulk Samples and in Non-Friable Organically Bound Bulk Samples.") or EPA 600/M4-82-020 per 40 CFR 763 (NVLAP Lab Code 200530-0).

**Re: 600 North Franklin Street, Syracuse, New York 13204: Asbestos Bulk Sampling & Analytical Services**

**Job Number: 2246-19S**

The purpose of this letter is to explain the results of the Polarized Light Microscopy (PLM) and/or Transmission Electron Microscopy (TEM) Asbestos Bulk Sample Analysis that was performed on 12/5/2019, 12/10/2019 & 12/11/2019. A total of thirteen (13) Friable and eighteen (18) Non-friable Organically Bound (NOB) Bulk Sample(s) were analyzed.

Field ID	Lab ID	Sample Description	Asbestos Present?	Analytical Result	Analysis Performed
68	18366	Gray Drywall (2 <sup>nd</sup> Floor - Printing Area/Storage)	No	No Asbestos Detected	Friable PLM
69	18367	Gray Drywall (2 <sup>nd</sup> Floor - Printing Area/Storage)	No	No Asbestos Detected	Friable PLM
70	18368	Gray Drywall (2 <sup>nd</sup> Floor - Printing Area/Storage)	No	No Asbestos Detected	Friable PLM

Analysis Notes:

- As per NYSDOL ICR 56-2.1 (p), an Asbestos Containing Material (ACM) is defined as any material containing greater than one percent (1%) of asbestos, also known as Asbestos Material. Samples determined to be ACM are identified by ***bold/italicized type and are highlighted in yellow***.
- PLM Friable Analysis performed by Paradigm Environmental LLC. (NYSDOH ELAP #11555). PLM/TEM NOB Analysis performed by Paradigm Environmental, Inc. (NYSDOH ELAP #10958).

If you have any additional questions concerning this report, please do not hesitate to call me at 315.455.2714 or email me at [kjoyce@paradigmenvllc.com](mailto:kjoyce@paradigmenvllc.com). Thank you.

Sincerely,

Katie Joyce

**KEY TO NOB COLUMN SYMBOLS**  
 No Symbol in the NOB column denotes sample analyzed by ELAP Method 198.1 (PLM).  
 ✓ NOB (non-friable organically bound) denotes material analyzed by ELAP Method 198.6 (PLM) and 198.4 (TEM) as noted.  
 √ denotes material analyzed by ELAP Method 198.6 (PLM) per NYSDOH. This Method does not remove vermiculite and may underestimate the level of asbestos present in a sample containing greater than 10% vermiculite.  
 # denotes friable material analyzed by ELAP Method 198.6 (PLM) and 198.4 (TEM) as noted.  
 X denotes sample prepped only by ELAP Method 198.6.  
 \*\* Polarized-light microscopy is not consistently reliable in detecting asbestos in floor coverings and similar non-friable organically bound materials.  
 Quantitative transmission electron microscopy is currently the only method that can be used to determine if this material can be considered or treated as non-asbestos containing.

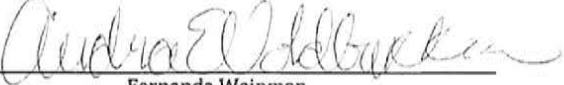

PLM Bulk Asbestos Analysis by New York State Department of Health, ELAP Method 198.1, 198.4 and 198.6 ("Polarized Light Microscopy and Transmission Electron Microscopy Methods for Identifying and Quantitating Asbestos in Bulk Samples and in Non-Friable Organically Bound Bulk Samples.") or EPA 600/M4-B2-020 per 40 CFR 763 (NVLAP Lab Code 200530-0).

Duly Authorized Representative – Jack Kunicki:

This license has been issued in accordance with applicable provisions of Article 30 of the Labor Law of New York State and of the New York State Codes, Rules and Regulations (12 NYCRR Part 56). It is subject to suspension or revocation for a (1) serious violation of state, federal or local laws with regard to the conduct of an asbestos project, or (2) demonstrated lack of responsibility in the conduct of any job involving asbestos or asbestos material.

This license is valid only for the contractor named above and this license or a photocopy must be prominently displayed at the asbestos project worksite. This license verifies that all persons employed by the licensee on an asbestos project in New York State have been issued an Asbestos Certificate, appropriate for the type of work they perform, by the New York State Department of Labor.

Re: City of Syracuse Industrial Development Agency  
600 Franklin Owner LLC – Dupli Building 1 Project  
Sales Tax Appointment Letter

Dear Mr. Lane:

Pursuant to a resolution duly adopted on April 21, 2020 and October 20, 2020, the City of Syracuse Industrial Development Agency (the "**Agency**") appointed 600 Franklin Owner LLC ("**600 Franklin**") the true and lawful agent of the Agency to undertake a project (the "**Project**") consisting of: (A)(i) the continuation of an interest in 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building ("**Building 1**") (bearing tax parcel identification number 118.-06-08.0), located in the City of Syracuse, New York (the "**City**") (the "**Land**"); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>[1]</sup> (the "**AMI**"); and approximately 3,500 sq.ft. of retail space (collectively, the "**Facility**"); and (iii) the acquisition and installation in and at the Land and Building 1 of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facility, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of 600 Franklin or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facility by the Agency pursuant to an amended

---

<sup>[1]</sup> As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

lease agreement and the acquisition of an interest in the Equipment pursuant to one or more bill(s) of sale from 600 Franklin and Dupli Associates LLC ("**Dupli**" and together with 600 Franklin, collectively, the "**Company**") to the Agency and the sublease of the Project Facility back to the Company pursuant to an amended sublease agreement.

The amount of State and local sales and use tax exemption benefits comprising the Financial Assistance approved by the Agency for the benefit of the Project shall not exceed \$466,914.

This appointment includes, and this letter evidences, authority to purchase on behalf of the Agency all materials to be incorporated into and made an integral part of the Project Facility and the following activities as they relate to any renovation, improvement, equipping and completion of any of any buildings, whether or not any materials, equipment or supplies described below are incorporated into or become an integral part of such buildings: (1) all purchases, leases, rentals and other uses of tools, machinery and equipment in connection with renovation, improvement and equipping; (2) all purchases, rentals, uses or consumption of supplies, materials, utilities and services of every kind and description used in connection with renovation, improvement and equipping; and (3) all purchases, leases, rentals and uses of equipment, machinery and other tangible personal property (including installation costs), installed or placed in, upon or under such building or facility, including all repairs and replacements of such property, and with respect to such specific purchases or rentals, are exempt from any sales or use tax imposed by the State of New York or any governmental instrumentality located within the State of New York.

This agency appointment includes the power to delegate such agency, in whole or in part, to a Project operator, contractors, agents, subagents, subcontractors, contractors and subcontractors of such agents and subagents (collectively, "**Additional Agents**"). Additional Agents must be specifically appointed by 600 Franklin in accordance and compliance with the terms of the Dupli Building 1 Agency Lease Agreement dated as of December 1, 2020 by and between the Agency, 600 Franklin and Dupli (the "**Dupli Building 1 Agency Lease**"). 600 Franklin hereby agrees to complete "IDA Appointment of Project Operator or Agent for Sales Tax Purposes" (Form ST-60) for itself and each Additional Agent who provide materials, equipment, supplies or services to the Project Facility and deliver said form to the Agency within fifteen (15) days of appointment such that the Agency can execute and deliver said form to the State Department of Taxation and Finance within thirty (30) days of appointment. The Agency's obligation to execute any Form ST-60 relative to an Additional Agent is subject to the satisfaction of the conditions in the Dupli Building 1 Agency Lease relative to such appointments.

600 Franklin agrees, whenever requested by the Agency, to provide, or cause its Additional Agents to provide and certify, or cause to be certified, such information regarding use of local labor, job creation, exemptions from State and local sales and use tax, real property taxes and mortgage recording taxes and other topics as the Agency from time to time reasonably considers necessary or appropriate, including, but not limited to, such information as to enable

the Agency to make any reports required by law or governmental regulation, including but not limited to those required by §875 of the Act.

600 Franklin acknowledges and agrees that pursuant to Section 875(3) of the Act, and in conjunction with the Agency's Recapture of Benefits Policy (the "**Recapture Policy**") dated as of June 21, 2016 and the Dupli Building 1 Project Agreement between the Agency, 600 Franklin and Dupli dated as of December 1, 2020, the Agency shall, and in some circumstances may, recover, recapture, receive or otherwise obtain from 600 Franklin some or all of the Financial Assistance (the "**Recapture Amount**").

Each supplier or vendor should identify the Project Facility on each bill or invoice and indicate thereon which of 600 Franklin or its Additional Agents acted as agent for the Agency in making the purchase.

In order to be entitled to use this exemption, you and each Additional Agent should present to the supplier or other vendor of materials for the Project Facility, a completed "IDA Agent or Project Operator Exempt Purchase Certificate" (Form ST-123).

In addition, General Municipal Law §874(8) requires you to file an Annual Statement with the New York State Department of Taxation and Finance ("**NYSDTF**") on "Annual Report of Sales and Use Tax Exemptions" (Form ST-340) regarding the value of sales and use tax exemptions you and your Additional Agents have claimed pursuant to the agency we have conferred on you with respect to this Project. The penalty for failure to file such statement is the removal of your authority to act as our agent. In addition, you must provide a copy of the completed Form ST-340 to the Agency within ten (10) days of the date it is due to be filed with the NYSDTF.

The agency created by this letter is limited to the Project Facility and will expire on the earlier of: (i) sixty (60) days after the issuance of a certificate of occupancy or similar document by the applicable municipality in which the Project Facility is located; or (i) **October 31, 2022**; unless the Dupli Building 1 Agency Lease is terminated early in accordance with its terms in which case this appointment shall terminate at that time.

This letter is provided for the sole purpose of evidencing, in part, the exemption from New York State Sales and Use Taxes for this project only. No other principal/agent relationship is intended or may be implied or inferred by this letter.

The Agency shall not be liable, either directly or indirectly or contingently, upon any such contract, agreement, invoice, bill or purchase order in any manner and to any extent whatsoever (including payment or performance obligations), and 600 Franklin shall be the sole party liable thereunder. By acceptance of this letter, the vendor hereby acknowledges the limitations on liability described herein.

**DUPLI ASSOCIATES LLC**

**PAYMENT IN LIEU OF TAX AGREEMENT**

**Dated as of: July 1, 2017**

Dupli Associates LLC

**Federal Tax ID #:16-1545537**

**THIS PAYMENT IN LIEU OF TAX AGREEMENT**, (this *“Agreement”*) dated as of July 1, 2017 by and among the **CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY**, a corporate governmental agency constituting a body corporate and politic and a public benefit corporation organized and existing under the laws of the State of New York (hereinafter referred to as the *“Agency”*), having an office at 201 East Washington Street, 7<sup>th</sup> Floor, Syracuse, New York 13202, and **DUPLI ASSOCIATES LLC**, a limited liability company organized under the laws of the State of New York, with offices at 1 Dupli Park Drive, Syracuse, New York 13204 (hereinafter referred to as the *“Company”*).

**W I T N E S S E T H:**

**WHEREAS**, the New York State Industrial Development Agency Act, being Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of the State of New York, as amended (hereinafter referred to as the *“Enabling Act”*) authorizes the creation of industrial development agencies for the benefit of the several counties, cities, villages and towns in the State of New York and empowers such agencies, among other things, to acquire, construct, reconstruct, lease, improve, maintain, equip and furnish real and personal property, whether or not now in existence or under construction, which shall be suitable for, among others, manufacturing, warehousing, research, commercial or industrial purposes, in order to advance the job opportunities, health, general prosperity and economic welfare of the people of the State of New York and to improve their recreation opportunities, prosperity and standard of living; and

**WHEREAS**, the Enabling Act further authorizes each such agency to lease and to sell its projects, to charge and collect rent therefor, to issue its bonds or notes for the purpose of carrying out any of its corporate purposes and, as security for the payment of the principal and redemption price of, and interest on, any such bonds or notes, to mortgage any or all of its facilities and to pledge the revenues and receipts therefrom to the payment of such bonds or notes; and

**WHEREAS**, pursuant to and in accordance with the provisions of the Enabling Act, Chapter 641 of the 1979 Laws of the State of New York, as amended (said chapter and the Enabling Act being hereinafter collectively referred to as the *“Act”*) created the Agency for the benefit of the City of Syracuse (hereinafter referred to as the *“Municipality”*) and the inhabitants thereof; and

**WHEREAS**, the Agency, by Resolution adopted on May 16, 2017, (the *“Resolution”*),

resolved to undertake the “**Project**” (as hereinafter defined); and

**WHEREAS**, the Project will consist of: (A)(i) the acquisition of an interest in approximately 5 acres of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“**Building 1**”); and 156 Solar Street and Division Street W. improved by an approximate 62,800 square foot building (“**Building 2**”), each in the City of Syracuse, New York (the foregoing collectively referred to as the “**Land**”); (ii) the reconstruction and renovation of approximately 21,000 square feet of Building 1 consisting of an approximately 15,000 square foot climbing gym and an approximately 6,000 square foot restaurant in the northwest corner of Building 1 (collectively, the “**Facility**”); (iii) the acquisition and installation in and at Building of furniture, fixtures and equipment (the “**Equipment**” and together with the Land and the Facility, the “**Project Facility**”); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the “**Financial Assistance**”); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Land and Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, the Agency will lease the Land and Facility from the Company pursuant to that certain Company Lease Agreement dated as of July 1, 2017 (the “**Company Lease Agreement**”), between the Company and the Agency, obtain an interest in the Equipment pursuant to a bill of sale dated as of July 1, 2017 from the Company (the “**Bill of Sale**”), and sublease the Project Facility back to the Company pursuant to that certain Agency Lease Agreement dated as of July 1, 2017 (the “**Agency Lease Agreement**”), between the Agency and the Company (the Company Lease Agreement, the Bill of Sale and the Agency Lease Agreement are hereinafter collectively referred to as the “**Lease Agreement**”); and

**WHEREAS**, under the present provisions of the Act and Section 412-a of the Real Property Tax Law of the State of New York, the Agency is required to pay no taxes or assessments upon any

of the property acquired by it or under its jurisdiction or supervision or control; and

**NOW, THEREFORE**, in consideration of the matters above recited, the parties hereto formally covenant, agree and bind themselves as follows, to wit:

## **ARTICLE I**

### **REPRESENTATIONS AND WARRANTIES**

#### **Section 1.01. Representations and Warranties by Agency**

The Agency does hereby represent and warrant as follows:

(a) Existence and Power. The Agency has been duly established under the provisions of the Act and has the power to enter into the transactions contemplated by this Agreement and to carry out its obligations hereunder.

(b) Intentions. The Agency intends to acquire a leasehold interest in the Project Facility from the Company and to sublease the Project Facility back to the Company, all pursuant to the provisions of the Lease Agreement.

(c) Authorization. The Agency is authorized and has the corporate power under the Act, its by-laws and the laws of the State of New York to enter into this Agreement and the transactions contemplated hereby and to perform and carry out all the covenants and obligations on its part to be performed under and pursuant to this Agreement. By proper corporate action on the part of its members, the Agency has duly authorized the execution, delivery and performance of this Agreement and the consummation of the transactions herein contemplated.

(d) Validity. The Agency is not prohibited from entering into this Agreement and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement by the terms, conditions or provisions of the Act, any other law, any order of any court or other agency or authority of government, or any agreement or instrument to which the Agency is a party or by which the Agency is bound, and this Agreement is a legal, valid and binding obligation of the Agency enforceable in accordance with its terms.

#### **Section 1.02. Representations and Warranties by Company**

The Company does hereby represent and warrant as follows:

(a) Existence. The Company is a New York limited liability company duly organized, validly existing and in good standing under the laws of the State of New York.

(b) Authorization. The Company is authorized and has the power under the laws of the State of New York to enter into this Agreement and the transactions contemplated hereby and to perform and carry out all covenants and obligations on its part to be performed under and pursuant to this Agreement. The Company has duly authorized the execution, delivery and performance of this Agreement and the consummation of the transactions herein contemplated. The Company is not prohibited from entering into this Agreement and discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement by (and the execution, delivery and performance of this Agreement, the consummation of the transactions contemplated hereby and the fulfillment of and compliance with the provisions of this Agreement will not conflict with or violate or constitute a breach of or a default under) the terms, conditions or provisions of its Articles of Organization, Operating Agreement or any other restriction or any law, rule, regulation or order of any court or other agency or authority of government, or any contractual limitation, restriction or outstanding indenture, deed of trust, mortgage, loan agreement, other evidence of indebtedness or any other agreement or instrument to which the Company is a party or by which it or any of its property is bound, and the Company's discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement will neither be in conflict with or result in a breach of or constitute (with due notice and/or lapse of time) a default under any of the foregoing, nor result in the creation or imposition of any lien of any nature upon any of the property of the Company under the terms of any of the foregoing, and this Agreement is a legal, valid and binding obligation of the Company enforceable in accordance with its terms.

(c) Title. The Company has valid and marketable fee title to the Project Facility, free and clear of all liens and encumbrances except for Permitted Encumbrances (as defined in the Lease Agreement).

(d) Governmental Consent. No further consent, approval or authorization of, or filing, registration or qualification with, any governmental or public authority on the part of the Company is required as a condition to the execution, delivery or performance of this Agreement by the Company or as a condition to the validity of this Agreement.

**ARTICLE II**  
**COVENANTS AND AGREEMENTS**

**Section 2.01. Tax-Exempt Status of the Project Facility**

(a) Assessment of the Project Facility. Pursuant to the Act and Section 412-a of the Real Property Tax Law, the parties hereto understand that, upon acquisition of ownership or control of the Project Facility by the Agency, and for so long thereafter as the Agency shall own or control the Project Facility, the Project Facility shall be entitled to an exemption upon the first available assessment roll of the Municipality prepared subsequent to the acquisition by the Agency of ownership or control of the Project Facility. The time of commencement of the Agency's exemption shall be controlled by the Municipality's taxable status date, in conformity with Section 412-a of the Real Property Tax Law. The Company will be required to pay to the Municipality all taxes and assessments lawfully levied and/or assessed against the Project Facility, in spite of the Agency's actual ownership or control of the Project Facility, until the Project Facility shall be entitled to exempt status on the tax roll of the Municipality.

(b) Special Assessments. The parties hereto understand that the tax exemption extended to the Agency by the Act and Section 412-a of the Real Property Tax Law does not entitle the Agency to exemption from special assessments and special ad valorem levies. The Company will be required to pay all special assessments and special ad valorem levies lawfully levied and/or assessed against the Project Facility.

**Section 2.02. Payments in Lieu of Taxes**

(a) Agreement to Make Payments. The Company agrees that it shall make periodic payments in lieu of real property taxes in the amounts hereinafter provided. The said payments due to the Agency hereunder shall be paid by the Company, to the Municipality, by check made payable to "*Commissioner of Finance*". Upon receipt of the Company's payment, it shall be the Municipality's obligation to appropriately disburse any portion of the said payment to the County of Onondaga, or such other taxing jurisdiction, pursuant to the Act. This Company obligation shall exist for so long as the Agency retains an interest in the Project Facility. Notwithstanding the appearance of the Agency's exemption on the Municipality's tax roll for the 2018/2019 City and School portion of the real property tax due on the Land and Facility, the year 1 payment due for the

City and School portion of the year 1 payment under **Exhibit "A"** shall commence on July 1, 2018. The year 1 payment due for the County and Water District portion of the year 1 payment under **Exhibit "A"** shall commence on January 1, 2019. Without regard to the Agency exemption, the Company shall continue paying real property tax through June 30, 2018 with respect to the City and School portion of the real property tax and through December 31, 2018 with respect to the County and Water District portion of the real property tax, based upon the assessment and the combined real property tax rate in effect for that period as if the Project Facility were privately owned and the Agency had no interest in the same.

(b) Amount of Payments in Lieu of Taxes. Unless otherwise stated, the Company's agreed upon annual payment in lieu of tax hereunder shall be an amount determined by reference to **Exhibit "A"**, attached hereto and made a part hereof. The payments in lieu of tax due, as set forth in **Exhibit "A"**, include any real property tax exemptions that might be afforded to the Company if the Project Facility were owned by the Company and not the Agency. As consideration for the benefits conferred on the Company pursuant to this Agreement, the Company hereby agrees to be bound by any determination by the City of Syracuse Board of Assessment Review resulting from a review of the assessment pertaining to the Project Facility and/or Additional Property throughout the term of this Agreement. The Company hereby agrees to waive any and all right to challenge or contest in a court of law (a "**Legal Challenge**"), those payments or the basis for those payments due pursuant to Exhibit "A." It shall also be an event of default under Article IV of this Agreement should the Company bring a Legal Challenge on the Project Facility and/or Additional Property.

(c) Additional Amounts in Lieu of Taxes. Commencing on the first tax year following the date on which any structural addition shall be made to the Facilities, or any new or additional building shall be constructed on the real property described in **Exhibit "B"** that is in addition to the Facilities (such structural additions and additional buildings being hereinafter referred to as "**Additional Property**"), the Company agrees to make additional periodic payments in lieu of real property taxes (such additional payments being hereinafter collectively referred to as "**Additional Payments**") to the Municipality with respect to such Additional Property. Such Additional Payments shall be computed as follows:

By multiplying (1) the value placed on such Additional Property, as value is

determined by the Municipality's Assessor by (2) the tax rate or rates of the Municipality that would be applicable to such Additional Property if such Additional Property were owned or controlled by the Company and not the Agency, and (3) then reducing the amount so determined by the amounts of any properly acquired tax exemptions that would be afforded to the Company by the Municipality for such Additional Property as if it was owned or controlled by the Company and not the Agency.

(d) Revaluation. In the event of a real property assessment revaluation by the Municipality, the Company shall continue to make its payments in accordance with this Agreement; however, in the event that Exhibit "A" is no longer in effect, but payments are still being made hereunder for any reason, (including, but not limited to, the Agency still having an interest in the Project Facility), and would be effected by revaluation, each year's payments subsequent to such revaluation shall be adjusted to properly reflect revaluation, it being the intent of the parties that the level of payments following revaluation shall be equal to those payments contemplated by this Agreement.

(e) Damage or Destruction. In the event that all or substantially all of the Project Facility is damaged or destroyed, the Company shall continue to make the payments required by this Agreement for as long as the Agency shall own or control the Project Facility, without regard to such damage or destruction.

(f) Time of Payments. The Company agrees to pay the amounts due the Agency hereunder to the Municipality for each year of this Agreement, within the period that the Municipality allows payment of taxes levied in such calendar year without penalty. The Company shall be entitled to receive receipts from the Municipality for such payments.

(g) Method of Payment. All payments by the Company hereunder shall be paid to the Municipality in lawful money of the United States of America, cash, money order or check.

### **Section 2.03. Obligation of Municipality**

The Municipality and/or the Agency shall submit to the Company written semi-annual statements specifying the amount and due date or dates of any payments due to the Agency hereunder. Each said semi-annual statement shall be submitted to the Company at the same time that tax bills are mailed by the Municipality to the owners of privately owned property. Failure to

receive a tax bill shall not relieve the Company of its obligation to make all payments provided for hereunder. If, for any reason, the Company does not receive an appropriate tax bill, the Company shall have the responsibility and obligation to make all reasonable inquiries to the Municipality and to have such a bill issued, and thereafter to make payment of the same no later than the due dates provided herein.

**Section 2.04. Obligations of Agency**

(a) Requirement that any Project Facility Agreements Require Payments in Lieu of Taxes. So long as the Project Facility shall be entitled to exemption from real property taxes as provided in Section 2.01(a) hereof, the Agency agrees, to the extent permitted by law, that it shall not make any agreement regarding the leasing or sale of the Project Facility which does not require that payments in lieu of taxes shall be paid to the Municipality in at least the amounts set forth in Article II hereof.

(b) Requirement that Mortgagees Subordinate to Payments. The Agency and the Company agree that any mortgages on the Project Facility, given by either of them, shall provide that the rights of the mortgagees thereunder shall be subordinate to this Agreement and to the right of the Municipality to receive payments in lieu of taxes pursuant to Article II hereof.

**Section 2.05. Company to Furnish Information**

The Company agrees to promptly comply with the reporting and information requirements of the Agency and the Act, and to promptly furnish the applicable information required or requested by the Agency and/or the State of New York. The Company further agrees to assist the Agency with the preparation of any reports, or answer any inquiries, required by the State of New York in connection with the Act or the Agency's participation in the Project.

**Section 2.06. Interest**

(a) Agreement to Pay Interest on Missed Payments. If the Company shall fail to make any payment required by this Agreement when due, its obligation to make the payment so in default shall continue as an obligation of the Company until such payment in default shall have been made in full, and the Company shall pay the same together with interest thereon, to the extent permitted by law, at the greater of **(i) eighteen per cent (18%) per annum, or (ii) the rate per annum which would be payable if such amounts were delinquent taxes, until so**

**paid in full.**

(b) Maximum Legal Rate. It is the intent of the Agency, the Municipality, and Company that in no event shall interest be payable at a rate in excess of the maximum rate permitted by applicable law (the "*Maximum Legal Rate*"). Solely to the extent necessary to prevent interest under this Agreement from exceeding the Maximum Legal Rate, any amount that would be treated as excessive under a final judicial interpretation of applicable law shall be deemed to have been a mistake and automatically canceled, and, if received by the Agency or Municipality, shall be refunded to the Company.

### **ARTICLE III**

#### **LIMITED OBLIGATION OF THE AGENCY**

##### **Section 3.01. No Recourse; Limited Obligation of the Agency**

(a) No Recourse. All covenants, stipulations, promises, agreements and obligations of the Agency contained in this Agreement shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, director, officer, agent, servant or employee of the Agency in his individual capacity, and no recourse under or upon any obligation, covenant or agreement contained in this Agreement, or otherwise based on or in respect of this Agreement, or for any claim based thereon or otherwise in respect thereof, shall be had against any past, present or future member, director, officer, agent, servant or employee, as such, of the Agency or any successor public benefit corporation or political subdivision or any person executing this Agreement on behalf of the Agency, either directly or through the Agency or any successor public benefit corporation or political subdivision or any person so executing this Agreement. It is expressly understood that this Agreement is a corporate obligation, and that no such personal liability whatever shall attach to, or is or shall be incurred by, any such member, director, officer, agent, servant or employee of the Agency or of any successor public benefit corporation or political subdivision or any person so executing this Agreement under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom. Any and all such personal liability of, and any and all such rights and claims against, every such member, director, officer, agent, servant or employee under or by reason of the obligations, covenants or

agreements contained in this Agreement or implied therefrom are, to the extent permitted by law, expressly waived and released as a condition of, and as a consideration for, the execution of this Agreement.

(b) Limited Obligation. The obligations and agreements of the Agency contained herein shall not constitute or give rise to an obligation of the State of New York or the Municipality, and neither the State of New York nor the Municipality shall be liable thereon. Furthermore, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency payable solely from the revenues of the Agency derived and to be derived from the lease, sale or other disposition of the Project.

(c) Further Limitation. Notwithstanding any provision of this Agreement to the contrary, the Agency shall not be obligated to take any action pursuant to any provision hereof unless (i) the Agency shall have been requested to do so in writing by the Company and (ii) if compliance with such request is expected to result in the incurrence by the Agency (or any of its members, directors, officers, agents, servants or employees) of any liability, fees, expenses or other costs, the Agency shall have received from the Company security or indemnity satisfactory to the Agency for protection against all such liability, however remote, and for the reimbursement of all such fees, expenses and other costs.

## **ARTICLE IV**

### **EVENTS OF DEFAULT**

#### **Section 4.01. Events of Default**

Any one or more of the following events shall constitute an event of default under this Agreement, and the terms “*Event of Default*” or “*Default*” shall mean, whenever they are used in this Agreement, any one or more of the following events:

(a) Failure of the Company to pay any amount due and payable by it pursuant to this Agreement or the Lease Agreement.

(b) Commencement by the Company of a Legal Challenge, as defined in Section 2.02(b), to those payments or the basis for those payments due pursuant to Exhibit “A.”

(c) Failure of the Company to observe and perform any other covenant, condition or agreement on its part to be observed and performed under this Agreement (other than as referred to

in paragraph (a) above) or the Lease Agreement, and continuance of such failure for a period of thirty (30) days after written notice to the Company specifying the nature of such failure hereunder, or with respect to the Lease Agreement, continuance of such failure for the duration of any applicable cure period set forth therein after receipt of any required notice thereunder.

(d) Any warranty, representation or other statement by or on behalf of the Company contained in this Agreement or the Lease Agreement shall prove to have been false or incorrect in any material respect on the date when made or on the effective date of this Agreement or the Lease Agreement.

(e) The Company violates any federal, state or local environmental law or allows or causes any Hazardous Materials (as Hazardous Materials is defined and described in any federal, state or local law) to be released at, on, to, into or from the Project Facility, except as permitted by the Lease Agreement or within the terms and conditions of a permit, certificate, license or other written approval of an authorized governmental body, and fails to remedy such violation within thirty (30) days; or if such failure cannot be cured within thirty (30) days, fails to commence a cure within thirty (30) days and thereafter diligently prosecute the cure thereof.

(f) The occurrence of any Event of Default or Default under this Agreement, the Lease Agreement or any other Project documents.

(g) Failure of the Company to commence renovation of the Project Facility within eight (8) months of the date of this Agreement.

The payment schedule contained in Exhibit "A" is for the benefit of the Company and its Project Facility. In the event that the Company defaults hereunder, and the Lease Agreement cannot be terminated, and/or the Agency's participation in the Project and this Agreement is not or cannot be terminated, the Company, or any assignee, or successor shall no longer be entitled to make payments under this Agreement pursuant to Exhibit "A". In such an event, payments shall be made hereunder, for any remaining term of the Project, as if the Project Facility was privately owned and assessed and without any further regard to Exhibit "A".

#### **Section 4.02. Remedies on Company Default**

Whenever any Event of Default under Sections 4.01(a), 4.01(b), 4.01(c), 4.01(d), 4.01(e), 4.01 (f) or 4.01(g) shall have occurred and be continuing with respect to this Agreement, and/or the

Company shall be in default under the Lease Agreement, the Agency may take whatever action at law or in equity, following applicable notice, as may appear necessary or desirable to collect the amount then in default or to enforce the performance and observance of the obligations, agreements and covenants of the Company under this Agreement and/or the Lease Agreement. Notwithstanding anything herein to the contrary, if the Lease Agreement is terminated for any reason, this Agreement shall automatically terminate without any further notice or action required hereunder.

**Section 4.03. Recording of Lease Terminations and Other Documents**

Whenever any Event of Default under Sections 4.01(a), 4.01(b), 4.01(c), 4.01(d), 4.01(e) 4.01 (f) or 4.01(g) shall have occurred and be continuing with respect to this Agreement or the Lease Agreement, the Agency may, upon notice to the Company provided for in this Agreement or the Lease Agreement, if any, terminate the Lease Agreement and record such termination or other necessary documents in the Onondaga County Clerk's Office, terminating the Agency's interest in the Project Facility and terminating this Agreement.

The recording of such a termination and any other documentation shall constitute delivery to, and acceptance of such, by the Company. In order to facilitate such a termination, the Company hereby appoints the Chairman or the Vice Chairman of the Agency as its agent for the purpose of executing and delivering all documents necessary to allow such termination by the Agency.

In the event that the Lease Agreement, for any reason, is extended by its terms, or for any reason this Agreement expires or terminates, but the Agency retains an interest or remains in title to the Project Facility, the Company shall continue to make payments in lieu of taxes to the Municipality for as long as the Agency retains an interest in, or remains in title to, the Project Facility. Those payments shall be the equivalent of the real property taxes that would be due on the Project Facility if it were owned by the Company and the Agency had no interest therein. It is the intention of the parties hereto, that for so long as the Agency shall possess title to, or an interest in, the Property, the Company, or any permitted successors or assigns, shall make payments in lieu of taxes to the Municipality that are either based upon Exhibit "A", or if Exhibit "A" is no longer applicable for any reason, are the equivalent of the real property taxes that would be due and owing if the Project Facility were privately owned and the Agency had no interest therein.

**Section 4.04. Payment of Attorney's Fees and Expenses**

If the Company should default in performing any of its obligations, covenants and agreements under this Agreement and the Agency or the Municipality should employ attorneys (whether in-house or outside counsel) or incur other expenses for the collection of any amounts payable hereunder or for the enforcement of performance or observance of any obligation or agreement on the part of the Company herein contained, the Company agrees that it will, on demand therefor, pay to the Agency and/or the Municipality the reasonable fees and disbursements of such attorneys and such other reasonable expenses so incurred.

Furthermore, should the Company bring a Legal Challenge on the Project Facility and/or Additional Property during the term of this Agreement, and the Agency and/or the Municipality waives its right to declare a default under this Agreement in regard to such Legal Challenge, or such Legal Challenge is determined not to be a default of this Agreement by any Court of competent jurisdiction, the Company agrees that in the event that the Company is unsuccessful in its Legal Challenge, it will, on demand, pay to the Agency and/or the Municipality the reasonable fees and disbursements of any attorneys employed (whether in-house or outside counsel) for the defense of such Legal Challenge as well as such other reasonable expenses so incurred.

**Section 4.05. Remedies; Waiver and Notice**

(a) No Remedy Exclusive. No remedy herein conferred upon or reserved to the Agency is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute.

(b) Delay. No delay or omission in exercising any right or power accruing upon the occurrence of any Event of Default hereunder shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient.

(c) Notice Not Required. In order to entitle the Agency to exercise any remedy reserved to it in this Agreement, it shall not be necessary to give any notice, other than such notice as may be expressly required in this Agreement.

(d) No Waiver. In the event any provision contained in this Agreement should be

breached by any party and thereafter duly waived by the other party so empowered to act, such waiver shall be limited to the particular breach so waived and shall not be deemed to be a waiver of any other breach hereunder. No waiver, amendment, release or modification of this Agreement shall be established by conduct, custom or course of dealing.

## ARTICLE V

### MISCELLANEOUS

#### **Section 5.01. Term of Agreement**

(a) General. This Agreement shall become effective and the obligations of the Agency and the Company shall arise absolutely and unconditionally upon the execution and delivery of this Agreement. This Agreement shall terminate on the earliest to occur of (i) the same date that the Agency Lease Agreement terminates; (ii) on any earlier date permitted under the Agency Lease Agreement; or (iii) upon the expiration on June 30, 2028, of the PILOT Schedule set forth in **Exhibit "A"** hereto. In the event of a termination of the Agency's interest in the Project Facility, the Company's payments due hereunder shall be pro-rated to the extent necessary to allow the Municipality to issue a supplemental tax bill based upon the Agency's transfer of ownership or control of the Project Facility to the Company, and the loss of the Agency's tax exemption on the said Project Facility.

(b) Conflict. In the event of a conflict between this Agreement or any of its terms on the one hand, and the Lease Agreement or any other Project documents on the other hand, the provisions most favorable to the Agency shall govern. The Agency and the Company agree that the Agency's participation in the Project is for the benefit of the Company and that the Municipality must receive payments from the Company hereunder, during the entire term of this Agreement and/or the Agency's ownership or control of the Project Facility.

#### **Section 5.02. Company Acts**

Where the Company is required to do or accomplish any act or thing hereunder, the Company may cause the same to be done or accomplished with the same force and effect as if done or accomplished by the Company.

**Section 5.03. Amendment of Agreement**

This Agreement may not be amended, changed, modified or altered unless such amendment, change, modification or alteration is in writing and signed by the Agency and the Company.

**Section 5.04. Notices**

All notices, certificates or other communications hereunder shall be in writing, shall be sufficiently given, and shall be deemed given when (a) sent to the applicable address stated below by registered or certified mail, return receipt requested, and actually received by the intended recipient or by overnight courier or such other means as shall provide the sender with documentary evidence of such delivery, or (b) delivery is refused by the addressee as evidenced by the affidavit of the person who attempted to effect such delivery. The addresses to which notices, certificates, and other communications hereunder shall be delivered are as follows:

- (a) To the Agency:  
City of Syracuse Industrial Development Agency  
201 East Washington Street, 7<sup>th</sup> Floor  
Syracuse, New York 13202  
Attention: Chairman

With a copy to:

Barclay Damon, LLP  
Barclay Damon Tower  
125 East Jefferson Street  
Syracuse, New York 13202  
Attention: Susan R. Katzoff, Esq.

And to:  
Corporation Counsel  
City of Syracuse  
233 East Washington Street, Room 300  
Syracuse, New York 13202

- (b) To the Company:  
Dupli Associates LLC  
1 Dupli Park Drive  
P.O. Box 11500  
Syracuse, New York 13218

With a copy to:

McKenzie Hughes LLP  
440 South Warren Street, Suite 400  
Syracuse, New York 13202  
Attn: Frederick Marty, Esq.

The Agency and Company may, by notice given hereunder to each of the others, designate any further or different addresses to which the subsequent notices, certificates or other communications to them shall be sent.

**Section 5.05. Binding Effect**

This Agreement shall inure to the benefit of, and shall be binding upon the Agency and the Company, and their respective successors and assigns.

**Section 5.06. Severability**

If any article, section, subdivision, paragraph, sentence, clause, phrase, provision or portion of this Agreement shall for any reason be held or adjudged to be invalid or illegal or unenforceable by any court of competent jurisdiction, such article, section, subdivision, paragraph, sentence, clause, phrase, provision or portion so adjudged invalid, illegal or unenforceable shall be deemed separate, distinct and independent and the remainder of this Agreement shall be and remain in full force and effect and shall not be invalidated or rendered illegal or unenforceable or otherwise affected by such holding or adjudication.

**Section 5.07. Counterparts**

This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

**Section 5.08. Applicable Law**

This Agreement shall be governed by and construed in accordance with the laws of the State of New York. Venue of any action or proceeding brought hereunder shall be in the State or Federal Courts located in Onondaga County, New York.

**Section 5.09. Assignment**

This Agreement may not be assigned by the Company without the prior written consent of the Agency.

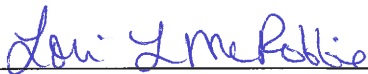

IN WITNESS WHEREOF, the Agency and Company have caused this Agreement to be executed in their respective names on the date first above written.

## EXHIBIT "B"

### LEGAL DESCRIPTION

#### PARCEL A:

##### Parcel I:

**ALL THAT TRACT OR PARCEL OF LAND**, situate in the City of Syracuse, County of Onondaga and State of New York, and being a part of **Marsh Lots Nos. 37 and 38** of the Onondaga Salt Springs Reservation, and known and described upon a map made by R. Griffin, Jr., and on file in the Onondaga County Clerk's Office as Lots Nos. 26 and 28 in Block No. 461 (formerly 261). Said lots being each about **33 feet front** on Division Street and extending by parallel lines southerly to the south line of said tract about 150 feet, **be the same more or less.**

##### Parcel II:

**ALL THAT TRACT OR PARCEL OF LAND**, situate in the City of Syracuse, County of Onondaga and State of New York, being more specifically known as Lot No. 30, Block 461 (formerly 261), Syracuse. Said lot being 33 feet front on Division Street and extending by parallel lines in a southerly direction to the south line of said tract. Said lot having a depth of 145 feet, more less.

##### Parcel III:

**ALL THAT TRACT OR PARCEL OF LAND**, situate in the City of Syracuse, State of New York, County of Onondaga, being part of Lots 37 and 38 of the 15 Acre Marsh Lots **Salina** being known as Lot No. 32, Block No. 461, Syracuse, according to a map made by R. Griffin, Jr., on file in the Onondaga County Clerk's Office, said lot being 33 feet on Division Street extending by parallel lines in a southerly direction about 145 feet to the south line of said tract being the same more or less.

##### Parcel IV:

**ALL THAT TRACT OR PARCEL OF LAND**, situate in the City of Syracuse, County of Onondaga and State of New York, and being part of Marsh Lots Nos. 37 and 38 of the Onondaga Salt Springs Reservation, and known and described upon a map made by R. Griffin, Jr., and on file in the Onondaga County Clerk's Office as Lot Number Thirty-Four in Block Number Four Hundred and Sixty-One (formerly 261) and lot being thirty-three feet front on Division Street, and extending by parallel lines southerly to the south line of said tract, be the same more or less, about one hundred forty feet deep.

##### Parcel V:

**ALL THAT TRACT OR PARCEL OF LAND**, situate in the City of Syracuse, County of Onondaga and State of New York, being part of Marsh Lots Thirty-Eight (38) and Thirty-Nine (39) of the Onondaga Salt Springs Reservation, bounded and described as follows:

**BEGINNING** at the stone monument marking the intersection of the southerly line of West Division Street and the easterly line of Solar Street; running thence along the easterly line of Solar Street South 28° 09' 10" E. 144.35 feet to the south line of Block 461 extended marking the true point of beginning of the parcel hereafter described; thence along the southerly line of Block 461 North 61° 50' 50" E. a distance of 250.16 feet to a stake; thence along the center line of a brick wall and parallel to the westerly line of North Clinton Street South 28° 09' 10" E. 220.09 feet to lands owned by the New York Central and Hudson River Railroad Company acquired by deed recorded in the Onondaga County Clerk's Office June 8, 1905, in Book 360 of Deeds at Page 199; thence westerly along said lands of the New York Central and Hudson River Railroad Company to the east line of Solar Street; said course being more particularly described as follows: westerly along an arc to the left of radius 422.8 feet a distance of 65.66 feet to a point twelve and one-half (12 1/2) feet northerly from an iron rail monument measured at right angles to the southerly line of Marsh Lot No. 38; thence South 61° 50' 50" W. 112.73 feet parallel with said south line of said Marsh Lot No. 38; thence South 80° 59' 20" W. 76.21 feet to a point in the east line of Solar Street 33.41 feet

northerly from the intersection of the south line of Marsh Lot 38 with the east line of Solar Street; thence North 28° 09' 10" W. along the east line of Solar Street 190.0 feet to the place of beginning.

**TOGETHER WITH** a right of way and easement for the passage of engines and cars over the following described premises situate in the City, County and State; beginning at the southeasterly corner of the foregoing described parcel at the intersection of the easterly line of said premises with the northerly line of said lands of the New York Central and Hudson River Railroad Company; thence North 28° 09' 10" W. 40 feet along the easterly line of the foregoing premises; thence South 80° 28' 00" E.

97.93 feet to the point of intersection of said line with the arc of curve to the right of radius 422.8 feet, said arc being the northerly boundary of the said lands owned by the New York Central and Hudson River Railroad Company; thence southwesterly along said arc and along the northerly line of said land owned by the New York Central and Hudson River Railroad Company 80 feet to the place of beginning; together with the right and privilege to the second party at any time to enter upon the premises for the purposes of laying and maintaining, altering and repairing railroad tracks, switches and appliances thereon connecting with railroad tracks on the premises owned by the New York Central and Hudson River Railroad Company.

**Parcel VI:**

**ALL THAT TRACT OR PARCEL OF LAND**, situate in the City of Syracuse, County of Onondaga and State of New York, being part of Marsh Lots 37 and 38 of the Onondaga Salt Springs Reservation and known and described upon a map made by R. Griffin, Jr., as Lot 36 in Block Four Hundred and Sixty-One (formerly 261), said Lot being about forty-seven (47) feet front on Division Street and extending by parallel lines southerly to the south line of said tract about one hundred and forty (140) feet, be the same more or less.

**Parcel VII:**

**ALL THAT TRACT OR PARCEL OF LAND**, situate in the City of Syracuse, County of Onondaga and State of New York, being part of Marsh Lot Number Thirty-Eight and being more particularly described as follows:

**BEGINNING** at a stone monument at the point of intersection of the southerly line of West Division Street and the easterly line of Solar Street; thence southerly along the easterly line of Solar Street, one hundred and forty-four and one-tenth (144.1) feet to the northerly line of land belonging to the Syracuse Wall Paper Company; thence easterly along said northerly line about forty-two and three tenths (42.3) feet to the westerly line of the Walters Tract; thence northerly along said westerly line of the Walters Tract to the southerly line of said West Division Street; thence westerly along the southerly line of said West Division Street forty and twenty-two hundredths (40.22) feet to the place of beginning.

Also being described as **ALL THAT TRACT OR PARCEL OF LAND**, situate in the City of Syracuse, County of Onondaga and State of New York, more particularly described as follows:

**BEGINNING** at the intersection of the southerly line of West Division Street with the easterly line of Solar Street; running thence North 59° 47' 40" East a distance of 260.97 feet along the southerly line of Division Street to a point; thence South 28° 11' 35" East a distance of 153.70 feet to a point; thence South 61° 50' 50" West a distance of 10.79 feet to a point; thence South 28° 09' 10" East a distance of 220.09 feet to a point (said point being in a line of curve in the northerly line of lands of the New York Central and Hudson River Railroad); thence westerly and southerly on a curve to the left with a radius of 422.80 feet a distance of 65.66 feet along the northerly line of said railroad to a point of tangent; thence South 61° 50' 50" West a distance of 112.73 feet along the northerly line of said railroad to a point; thence South 80° 59' 20" West a distance of 76.21 feet along the northerly line of lands of said railroad to a point in the easterly line of Solar Street; thence North 28° 09' 10" West a distance of 334.35 feet along the easterly line of Solar Street to a point in the southerly line of West Division Street and the place of beginning.

**The above described premises is more modernly and correctly described as follows:**

**ALL THAT TRACT OR PARCEL OF LAND**, situate in the City of Syracuse, County of Onondaga and State of New York, and being a portion of Block No. 461 of said City of Syracuse being former Block 261 and being more

particularly described as follows:

**BEGINNING** at the intersection formed by the easterly road boundary of Solar Street (60 feet wide) and the southerly road boundary of West Division Street (66 feet wide); thence N. 59° 57' 30" E. along the easterly road boundary of said West Division Street, a distance of 260.97 feet to its intersection with the westerly line of lands now or formerly owned by Robert Medina and Ted Kinder as recorded in the Onondaga County Clerk's Office in Book 3979 of Deeds a Page 126; thence S. 28° 01' 45" E. along the southerly line of said Medina and Kinder a distance of 153.70 feet to its intersection with the northerly line of lands now or formerly owned by Lakefront Lofts, LLC as recorded in the Onondaga County Clerk's Office in Book 5014 of Deeds at Page 582; thence S. 62° 00' 40" W. along the northerly line of said Lakefront Lofts, LLC a distance of 10.79 feet to the northwesterly corner of said Lakefront Lofts, LLC; thence S. 27° 59' 20" E. along the westerly line of said Lakefront Lofts, LLC a distance of 220.09 feet to a point; thence southwesterly on a curve to the left having a radius of 422.80 feet an arc distance of 65.66 feet to a point of tangency; thence S. 62° 00' 40" W. along the northerly line of lands now or formerly owned by Dupli Associates, LLC a distance of 112.73 feet to a point; thence S. 81° 09' 10" W. continuing along the northerly line of said Dupli Associates, LLC a distance of 76.21 feet to its intersection with the easterly road boundary of said Solar Street; thence N. 27° 59' 20" W. along the easterly road boundary of said Solar Street a distance of 334.35 feet to the point of beginning.

**PARCEL B:**

**ALL THAT TRACT OR PARCEL OF LAND**, situate in the City of Syracuse, County of Onondaga and State of New York, being part of Salina Marsh Lot 39 in said City, being part of lands conveyed to Borden's Food Products Company, Inc. and/or Borden, Inc. by the following 3 deeds:

1. From Borden's Milk Products Company, Inc. dated January 4, 1936, and recorded in the Onondaga County Clerk's Office in Book of Deeds 800 at Page 192;
- 2 From James A. Jacobs and Susan Jacobs dated July 28, 1988, and recorded in the Onondaga County Clerk's Office in Book 3496 of Deeds at Page 341;
3. From Woodstock Enterprises, Ltd. dated November 28, 1988, and recorded in the Onondaga County Clerk's Office in Book 3496 of Deeds at Page 337;

and being more particularly described as follows:

**BEGINNING** at a drill hole set in the northeasterly boundary of Solar Street, said point being the most westerly corner of lands conveyed to Borden, Inc. to the City of Syracuse for public purposes by deed recorded in the Onondaga County Clerk's Office in Book 3507 at Page 168, said point also being 126.68 feet distant northwesterly, measured along said northeasterly street boundary, from its intersection with the northwesterly boundary of Plum Street; running thence N. 28° 09' 10" W. along said northeasterly boundary of Solar Street, a distance of 292.22 feet to a capped iron pin found at its intersection with the division line between said lands of Borden, Inc. on the south and lands of Syracuse Scale Co., Inc. (reputed owner) on the north; thence N. 80° 59' 20" E along said division line, a distance of 76.21 feet to an iron pipe set; thence N. 61° 50' 50" E. continuing along said division line, a distance of 112.76 feet to a capped iron pin found at a point of curvature; thence northeasterly continuing along said division line and along the division line between said lands of Borden, Inc. on the southeast and lands of 667 North Clinton Street Associates (reputed owner) on the northwest, following a curve to the right having a radius of 371.02 feet, a central angle of 12° 1' 48" and a chord bearing N. 67° 57' 44" E. 79.05 feet, an arc distance of 79.20 feet to an iron pipe set; thence N. 61° 50' 50" E. continuing along the last mentioned division line a distance of 330.83 feet to a lag bolt in concrete set at its intersection with the southwesterly boundary of North Clinton Street; thence S. 28° 09' 10" E. along said street boundary, a distance of 212.14 feet to a nail and flag in concrete found; thence S. 61° 50' 50" W. along the division line between said lands of Borden, Inc. on the northwest and lands of Franklin Square Housing Associates (reputed owner) on the southeast, a distance of 245.00 feet to a capped iron pin found; thence S. 28° 09' 10" E. continuing along said division line, a distance of 33.00 feet to a capped iron pin found; thence S. 61° 50' 50" W. continuing along said division line, a distance of 30.00 feet to a capped iron pin found at its intersection with the northeasterly boundary of North Franklin Street; thence N. 28° 09' 10" W. along said street boundary, a distance of 33.00 feet to a PK nail set at the most northerly corner of said North Franklin Street; thence S. 61° 50' 50" W. along the

northwesterly boundary of North Franklin Street, a distance of 60.00 feet to a masonry anchor set at the most westerly corner thereof; thence S. 28° 09' 10" E. along the southwesterly boundary of said North Clinton Street, a distance of 46.67 feet to an iron pipe set at the most northerly corner of the aforementioned lands conveyed by Borden, Inc. to the City of Syracuse for public purposes; thence S. 61° 50' 50" W. along the northwesterly boundary of said lands, said boundary also being the northwesterly boundary of Gail Borden Drive, a distance of 259.18 feet to the point of beginning.

**FIRST AMENDMENT TO  
PILOT AGREEMENT**

**THIS FIRST AMENDMENT TO THE PILOT AGREEMENT**, (the "**First Amendment**") made as of the 1<sup>st</sup> day of December, 2020 (the "**Effective Date**"), by and between the **CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY**, a body corporate and politic and a public instrumentality of the State of New York, having its office at 201 East Washington Street, 6<sup>th</sup> Floor, Syracuse, New York 13202 (the "**Agency**") and **DUPLI ASSOCIATES LLC**, a New York limited liability company having its office at 113 Court Street, Binghamton, New York 13901 (the "**Company**"), amending that certain payment in lieu of tax agreement dated as of July 1, 2017 by and between the Agency and the Company (the "**First PILOT Agreement**") and together with this Amendment, collectively the "**Original PILOT Agreement**").

**W I T N E S S E T H:**

THE MEANING OF CAPITALIZED TERMS NOT OTHERWISE DEFINED HEREIN SHALL HAVE THE MEANINGS ATTACHED TO THEM IN THE AGENCY LEASE, DATED AS OF JULY 1, 2017 BY AND BETWEEN DUPLI AND THE AGENCY, AS AMENDED BY THE FIRST AMENDMENT TO AGENCY LEASE AGREEMENT DATED AS OF DECEMBER 1, 2020 BY AND BETWEEN DUPLI AND THE AGENCY.

**WHEREAS**, the Agency is authorized and empowered by Title I of Article 18-A of the General Municipal Law of the State of New York (the "**State**"), as amended, together with Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (collectively, the "**Act**"), to promote, develop, encourage and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing of industrial, manufacturing, warehousing, commercial, research and recreation facilities, including industrial pollution control facilities, railroad facilities and certain horse racing facilities, for the purpose of promoting, attracting, encouraging and developing recreation and economically sound commerce and industry to advance the job opportunities, health, general prosperity and economic welfare of the people of the State, to improve their recreation opportunities, prosperity and standard of living, and to prevent unemployment and economic deterioration; and

**WHEREAS**, the Enabling Act further authorizes each such agency to acquire property by lease, lease any or all of its properties, to mortgage and pledge any or all of its properties, whether then owned or thereafter acquired, and to pledge the revenues and receipts from the lease thereof; and

**WHEREAS**, at the request of the Company, by resolution dated May 16, 2017 (the "**Original Inducement Resolution**") the Agency undertook a project (the "**Original Project**") consisting of: (A)(i) the acquisition of an interest in approximately 5 acres of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building ("**Building 1**") (bearing tax parcel identification number 118.-06-08.0) (the "**Building 1 Land**"); and 156 Solar Street and Division Street W. improved by an approximate 62,800 square foot building ("**Building 2**") (bearing tax parcel identification number 118.-06-01.0) (the "**Building 2 Land**"), each in the City of Syracuse, New York (the "**City**") (Building 1 Land together with Building 2 Land, collectively referred to as the "**Land**"); (ii) the reconstruction and renovation of approximately 21,000 square feet of Building 1 consisting of an approximately 15,000 square foot climbing gym and an approximately 6,000

square foot restaurant in the northwest corner of Building 1 (collectively, the "**Original Facility**"); (iii) the acquisition and installation in and at Building 1 of furniture, fixtures and equipment (the "**Original Equipment**" and together with the Land and the Original Facility, the "**Original Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Original Financial Assistance**"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Land and Original Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Original Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Original Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, in July 2017, the Company and Agency entered into a lease transaction to effectuate the undertaking of the Original Project and the conference of the approved Financial Assistance (the "**Original Lease Transaction**"). As part of the Original Lease Transaction, the Company and the Agency executed and delivered numerous documents, including but not limited to, an agency agreement, a company lease, the First Agency Lease, a bill of sale, an environmental compliance and indemnification agreement, a project agreement and a payment in lieu of taxes agreement (collectively, the "**Original Lease Documents**"); and

**WHEREAS**, by supplemental application dated February 4, 2020 (the "**Supplemental Application**"), the Company requested the Agency revise the Original Project (the "**Project**") as follows: (A)(i) the continuation of an interest in the Land; (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>1</sup> (the "**AMI**"); and approximately 3,500 sq.ft. of retail space (collectively, the "**Building 1 Facility**"); and the reconstruction and renovation of Building 2 consisting of 24,000 sq.ft. of residential space containing approximately 20 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the AMI; approximately 20,000 sq.ft. of commercial office space and approximately 9,500 sq.ft. of retail space (collectively, the "**Building 2 Facility**" and together with the Building 1 Facility, collectively, the "**Facilities**"); and (iii) the acquisition and installation in and at the Land and Building 1 and Building 2 of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facilities, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facilities by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to

---

<sup>1</sup> As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

the Agency and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, to satisfy the tax credit investor and separate financing sources to allow for the syndication of historic tax credits relative to each Building 1 and Building 2, Dupli is required to set up separate single purpose entities ("**SPE**") to own each Building 1 and Building 2 (collectively, the "**Ownership Structure**"). At the time of the syndication of the tax credits, Dupli will own 90% of the SPE and the tax credit investor will own 10% of the SPE. To accommodate the Ownership Structure, Dupli requested, and the Agency approved, the amendment of the Original Lease Documents, including the Original PILOT Agreement, to bifurcate same into two sets of agreements (the "**Bifurcated Agreements**"), one for each parcel of Land and the corresponding improvements such that the amended/new agreements control the rights and obligations of the parties thereto with respect to that portion of the Project relative to Building 1, the Building 1 Land and the Financial Assistance and Equipment associated therewith (collectively, the "**Building 1 Project**") and Building 2, the Building 2 Land and the Financial Assistance and Equipment associated therewith (collectively, the "**Building 2 Project**"), respectively; and

**WHEREAS**, to accommodate the Ownership Structure, Dupli formed 600 Franklin Owner LLC, the SPE for the Building 1 Project ("**600 Franklin**") and 156 Solar Street LLC ("**156 Solar**"), the SPE for the Building 2 Project. 600 Franklin will be a party to the Bifurcated Agreements for the Building 1 Project and 156 Solar will be a part to the Bifurcated Agreements for the Building 2 Project; and

**WHEREAS**, this First Amendment is in accordance with Section 5.03 of the First PILOT Agreement and reflects the amendments and other changes set forth herein; and

**WHEREAS**, the Company represents and warrants that there is no event of default under the First PILOT Agreement or any other Company Document and all such documents are in full force and effect; and

**WHEREAS**, it is the intent of the parties hereto that the First PILOT Agreement be bifurcated into two separate payment in lieu of taxes agreements to provide for the Ownership Structure.

**NOW THEREFORE**, in consideration of the foregoing and the mutual covenants herein set forth, and in accordance with Section 5.03 of the First PILOT Agreement, the Agency and the Company hereby agree as follows:

## **1.0 RECITALS.**

The foregoing recitals are incorporated herein by reference as if fully set forth hereinbelow.

## **2.0 AMENDMENTS**

(1) The parties agree, as of and following the Effective Date hereof, to bifurcate the First PILOT Agreement into two separate payment in lieu of taxes agreement, each agreement controlling the parties' rights and obligations with respect to the payment of taxes or payments in

lieu thereof with respect to a portion of the Project relative to *either* Building 1, the Building 1 Land and the improvements located or to be located thereon (collectively, the "***Building 1 Project***") or Building 2, the Building 2 Land and the improvements located or to be located thereon (collectively, the "***Building 2 Project***"), as applicable, by: (i) executing and delivering the payment in lieu of taxes agreement attached hereto at **Exhibit "A"** with respect to the Building 1 Project and evidencing the parties' rights and obligations with respect thereto (the "***Dupli Building 1 PILOT Agreement***"); and (ii) executing and delivering the payment in lieu of taxes agreement attached hereto at **Exhibit "B"** with respect to the Building 2 Project and evidencing the parties' rights and obligations with respect thereto (the "***Dupli Building 2 PILOT Agreement***").

(2) Section 5.04(a) of the First PILOT agreement is deleted in its entirety and replaced with the following:

(3) Section 5.04(b) of the First PILOT agreement is deleted in its entirety and replaced with the following:

- (b) To the Company:  
Dupli Associates LLC  
113 Court Street  
Binghamton, New York 13901  
Attn: Mark E. Lane

With a copy to:

Lynn D'Elia Temes & Stanczyk LLC  
100 Madison Street  
Tower 1 – Suite 1905  
Syracuse, New York 13202  
Attn: Timothy M. Lynn, Esq.

### **3.0 INCORPORATION OF AMENDMENTS IN COMPANY DOCUMENTS AND AGENCY DOCUMENTS.**

Notwithstanding anything herein to the contrary, or anything to the contrary in any other Company Document or Agency Document, the parties agree and consent to the changes made herein being incorporated into each and every other Company Document and Agency Document by reference without any further action or ratification by the parties thereto.

### **4.0 INTENT OF PARTIES.**

To eliminate any doubt, it is the explicit intent of the parties hereto that as of and following the Effective Date hereof, with respect to real property taxes, the Dupli Building 1 PILOT Agreement shall govern the rights and responsibilities of the parties with respect to the Building 1 Project and the Dupli Building 2 PILOT Agreement shall govern the rights and responsibilities of the parties with respect to the Building 2 Project.

### **5.0 RATIFICATION OF FIRST PILOT AGREEMENT.**

(a) The Agency and the Company agree that all of the other terms, covenants and conditions of the First PILOT Agreement, except as amended herein, are hereby ratified and confirmed and, as herein modified and amended, shall remain in full force and effect, and each term, covenant and condition shall apply to this First Amendment as if it were fully set forth herein.

(b) This First Amendment amends and supplements the First PILOT Agreement, as and to the extent set forth herein and is executed in accordance with Section 5.03 of the First PILOT Agreement. This First Amendment forms a part of the First PILOT Agreement, and all the terms and conditions contained herein shall be deemed a part of the terms and conditions of the First PILOT Agreement for any and all purposes and the respective rights, duties and obligations under the First PILOT Agreement of the Agency and the Company shall be determined, exercised and enforced under the First PILOT Agreement, as amended by this First Amendment. References to the First PILOT Agreement in the Agency and Company Documents shall be deemed to refer to the First PILOT Agreement, as amended by this First Amendment, and the First PILOT Agreement, as so amended and supplemented hereby, shall be read, taken and construed as one in the same instrument. The Agency and the Company hereby ratify and confirm the terms, conditions and covenants set forth in the First PILOT Agreement, as amended by this First Amendment.

(c) Each the Company and the Agency confirm and restate their respective representations and covenants contained in the First PILOT Agreement, as amended by the First Amendment.

(d) This First Amendment shall inure to the benefit of, and shall be binding upon, the Agency and the Company, and their respective successors and assigns.

## **5.0 EFFECTIVE DATE.**

This First Amendment shall be effective as of December 1, 2020 (the “*Effective Date*”).

## **6.0 INVALIDITY.**

If any part, section, subdivision, paragraph, sentence, clause, phrase, provision or portion of this First Amendment shall for any reason be held or adjudged to be invalid or illegal or unenforceable by any court of competent jurisdiction, such part, section, subdivision, paragraph, sentence, clause, phrase, provision or portion so adjudged invalid, illegal or unenforceable shall be deemed separate, distinct and independent and the remainder of this First Amendment shall be and remain in full force and effect and shall not be invalidated or rendered illegal or unenforceable or otherwise affected by such holding or adjudication.

## **7.0 NON-RECOURSE.**

(a) All covenants, stipulations, promises, agreements and obligations of the Agency contained in this First Amendment and the other documents and instruments executed and/or delivered connected therewith shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, officer, agent or employee of the Agency in his individual capacity, and no recourse under or upon any obligation, covenant or agreement contained in the this First Amendment or the other documents and instruments executed and/or delivered connected therewith or any documents supplemental hereto, or for any claim based thereon or otherwise in respect thereof, shall be had against any past, present or future member, officer, agent or employee, as such, of the Agency, or of any successor public benefit corporation or political subdivision, or any person executing this First Amendment or the other documents and instruments executed and/or delivered connected therewith, either directly or through the Agency or any successor public benefit corporation or political subdivision, it being expressly understood that no such personal liability whatsoever shall attach to, or is or shall be incurred by, any such member, officer, agent or employee of the Agency or of any such successor public benefit corporation or political subdivision, or any person executing this First Amendment and the other documents and instruments executed and/or delivered connected therewith, because of or by reason of the obligations, covenants or agreements contained in therein or implied therefrom.

(b) Nothing contained herein shall be construed to increase in any material respect the rights of the Agency under the Original PILOT Agreement or decrease in any material respect the rights of the Agency thereunder.

## **8.0 AUTHORITY.**

Each of the Agency and the Company represents and warrants that it has the requisite power and authority to enter into and execute this First Amendment.

## **9.0 COUNTERPARTS; ELECTRONIC SIGNATURE.**

This agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Delivery of an executed signature page counterpart hereof by telecopy, emailed .pdf or any other electronic means that reproduces an image of the actual executed signature page shall be effective as delivery of a manually executed counterpart hereof. The words “execution,” “signed,” “signature,” “delivery,” and words of like import in or relating to any document to be signed in connection with this agreement and the transactions contemplated hereby shall be deemed to include electronic signatures, the electronic association of signatures and records on electronic platforms, deliveries or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature, physical delivery thereof or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, any other similar state laws based on the Uniform Electronic Transactions Act, the Uniform Commercial Code, each as amended, and the parties hereto hereby waive any objection to the contrary, provided that (x) nothing herein shall require the Agency to accept electronic signature counterparts in any form or format and (y) the Agency reserves the right to require, at any time and at its sole discretion, the delivery of manually executed counterpart signature pages to this agreement and the parties hereto agree to promptly deliver such manually executed counterpart signature pages.

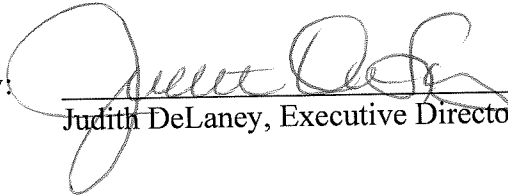

## **10.0 GOVERNING LAW.**

This First Amendment shall be governed by and construed in accordance with the laws of the State of New York. Venue of any action or proceeding hereunder shall be in the respective State or Federal court located in Onondaga County.

**THIS PAYMENT IN LIEU OF TAX AGREEMENT**, (this “*Agreement*”) dated as of December 1, 2020 by and among the **CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY**, a corporate governmental agency constituting a body corporate and politic and a public benefit corporation organized and existing under the laws of the State of New York (hereinafter referred to as the “*Agency*”), having an office at 201 East Washington Street, 6<sup>th</sup> Floor, Syracuse, New York 13202, **DUPLI ASSOCIATES LLC**, a limited liability company organized under the laws of the State of New York, with offices at 113 Court Street, Binghamton, New York 13901 (“*Dupli*”) and **600 FRANKLIN OWNER LLC**, a limited liability company organized under the laws of the State of New York, with offices at 113 Court Street, Binghamton, New York 13901 (“*600 Franklin*” and together with Dupli, collectively, the “*Company*”).

## **W I T N E S S E T H:**

THE MEANING OF CAPITALIZED TERMS NOT OTHERWISE DEFINED HEREIN SHALL HAVE THE MEANINGS ATTACHED TO THEM IN THE AGENCY LEASE, DATED AS OF JULY 1, 2017 BY AND BETWEEN DUPLI AND THE AGENCY, AS AMENDED BY THE FIRST AMENDMENT TO AGENCY LEASE AGREEMENT DATED AS OF DECEMBER 1, 2020 BY AND BETWEEN THE DUPLI AND THE AGENCY.

**WHEREAS**, the New York State Industrial Development Agency Act, being Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of the State of New York, as amended (hereinafter referred to as the “*Enabling Act*”) authorizes the creation of industrial development agencies for the benefit of the several counties, cities, villages and towns in the State of New York and empowers such agencies, among other things, to acquire, construct, reconstruct, lease, improve, maintain, equip and furnish real and personal property, whether or not now in existence or under construction, which shall be suitable for, among others, manufacturing, warehousing, research, commercial or industrial purposes, in order to advance the job opportunities, health, general prosperity and economic welfare of the people of the State of New York and to improve their recreation opportunities, prosperity and standard of living; and

**WHEREAS**, the Enabling Act further authorizes each such agency to lease and to sell its projects, to charge and collect rent therefor, to issue its bonds or notes for the purpose of carrying out any of its corporate purposes and, as security for the payment of the principal and redemption price of, and interest on, any such bonds or notes, to mortgage any or all of its facilities and to pledge the revenues and receipts therefrom to the payment of such bonds or notes; and

**WHEREAS**, pursuant to and in accordance with the provisions of the Enabling Act, Chapter 641 of the 1979 Laws of the State of New York, as amended (said chapter and the Enabling Act being hereinafter collectively referred to as the “*Act*”) created the Agency for the benefit of the City of Syracuse (hereinafter referred to as the “*Municipality*”) and the inhabitants thereof; and

**WHEREAS**, at the request of Dupli, by resolution dated May 16, 2017 (the “*Original Inducement Resolution*”) the Agency undertook a project (the “*Original Project*”) consisting of: (A)(i) the acquisition of an interest in approximately 5 acres of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“*Building 1*”) (bearing tax parcel identification number 118.-06-08.0) (the “*Building 1 Land*”); and 156 Solar Street and Division Street W. improved by an

approximate 62,800 square foot building ("**Building 2**") (bearing tax parcel identification number 118.-06-01.0) (the "**Building 2 Land**"), each in the City of Syracuse, New York (the "**City**") (Building 1 Land together with Building 2 Land, collectively referred to as the "**Original Land**"); (ii) the reconstruction and renovation of approximately 21,000 square feet of Building 1 consisting of an approximately 15,000 square foot climbing gym and an approximately 6,000 square foot restaurant in the northwest corner of Building 1 (collectively, the "**Original Facility**"); (iii) the acquisition and installation in and at Building 1 of furniture, fixtures and equipment (the "**Original Equipment**" and together with the Original Land and the Original Facility, the "**Original Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Original Financial Assistance**"); (C) the appointment of Dupli or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Original Land and Original Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Original Equipment pursuant to a bill of sale from Dupli to the Agency; and the sublease of the Original Project Facility back to Dupli pursuant to a sublease agreement; and

**WHEREAS**, in July 2017, Dupli and Agency entered into a lease transaction to effectuate the undertaking of the Original Project and the conference of the approved Financial Assistance (the "**Original Lease Transaction**"). As part of the Original Lease Transaction, Dupli and the Agency executed and delivered numerous documents, including but not limited to, an agency agreement, a company lease, an agency lease, a bill of sale, an environmental compliance and indemnification agreement, a project agreement and a payment in lieu of taxes agreement (collectively, the "**Original Lease Documents**"); and

**WHEREAS**, to satisfy the tax credit investor and separate financing sources to allow for the syndication of historic tax credits relative to each Building 1 and Building 2, Dupli is required to set up separate single purpose entities ("**SPE**") to own each Building 1 and Building 2 (collectively, the "**Ownership Structure**"). At the time of the syndication of the tax credits, Dupli will own 90% of the SPE and the tax credit investor will own 10% of the SPE. To accommodate the Ownership Structure, Dupli requested, and the Agency approved, the amendment of the Original Lease Documents, including the Original Agency Lease, to bifurcate same into two sets of agreements (the "**Bifurcated Agreements**"), one for each parcel of Land and the corresponding improvements such that the amended/new agreements control the rights and obligations of the parties thereto with respect to that portion of the Project relative to Building 1, the Building 1 Land and the Financial Assistance and Equipment associated therewith (collectively, the "**Building 1 Project**") and Building 2, the Building 2 Land and the Financial Assistance and Equipment associated therewith (collectively, the "**Building 2 Project**"), respectively; and

**WHEREAS**, to accommodate the Ownership Structure, Dupli formed 600 Franklin Owner LLC, the SPE for the Building 1 Project ("**600 Franklin**" and together with Dupli, collectively, the "**Company**"), 600 Franklin will be a party to the Bifurcated Agreements for the Building 1 Project; and

**WHEREAS**, the Agency, by resolutions adopted April 21, 2020 and October 20, 2020, authorized the Bifurcated Agreements to provide for the Ownership Structure such that the applicable Bifurcated Agreements for the Building 1 Project will govern the Building 1 Project consisting of: (A)(i) the continuation of an interest in 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building ("**Building 1**") (bearing tax parcel identification number 118.-06-08.0), located in the City of Syracuse, New York (the "**City**") (the "**Land**"); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>[1]</sup> (the "**AMI**"); and approximately 3,500 sq.ft. of retail space (collectively, the "**Facility**"); and (iii) the acquisition and installation in and at the Land and Building 1 of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facility, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of the 600 Franklin or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facility by the Agency pursuant to an amended lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to an amended sublease agreement (all of the foregoing, collectively, the "**Project**"); and

**WHEREAS**, the Agency has leased the Land and Facility from Dupli pursuant to that certain company lease agreement dated as of July 1, 2017, as amended by the First Amendment to Company Lease Agreement, dated as of December 1, 2020, by and between Dupli and the Agency and that certain Dupli Building 1 Company Lease Agreement, dated as of December 1, 2020, by and among Dupli, 600 Franklin and the Agency (collectively, the "**Company Lease Agreement**"), obtained an interest in the Equipment pursuant to an bill of sale from Dupli to the Agency (the "**Dupli Bill of Sale**") and a bill of sale from 600 Franklin to the Agency (the "**600 Franklin Bill of Sale**" and together with the Dupli Bill of Sale, collectively, the "**Bill of Sale**"), each dated as of December 1, 2020; and subleased the Project Facility back to the Company pursuant to that certain Agency Lease Agreement dated as of July 1, 2017, as amended by the First Amendment to Agency Lease, dated as of December 1, 2020, by and between the Agency and Dupli and that certain Dupli Building 1 Agency Lease Agreement dated as of December 1, 2020, by and among the Agency, Dupli and 600 Franklin (collectively, the "**Agency Lease Agreement**"), (the Company Lease Agreement, the Bill of Sale and the Agency Lease Agreement are hereinafter collectively referred to as the "**Lease Agreements**"); and

**WHEREAS**, the Company acknowledges that the award of this Agreement was conditioned upon the Company's commitment to reserving and renting twenty percent (20%) of the residential

<sup>[1]</sup> As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%20001-06-2016.pdf](http://www.syr.gov/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%20001-06-2016.pdf)

units in the Project for tenants at the annual 65% area median income rent limit for the City as designated by US Department of Housing and Urban Development ("*HUD*"), inclusive of utilities, and published annually (the "*HUD Rates*") (collectively, the "*Rental Restrictions*"); and

**WHEREAS**, under the present provisions of the Act and Section 412-a of the Real Property Tax Law of the State of New York, the Agency is required to pay no taxes or assessments upon any of the property acquired by it or under its jurisdiction or supervision or control; and

**NOW, THEREFORE**, in consideration of the matters above recited, the parties hereto formally covenant, agree and bind themselves as follows, to wit:

**ARTICLE I**  
**REPRESENTATIONS AND WARRANTIES**

**Section 1.00 Recitals.**

The foregoing recitals are incorporated herein by reference as if fully set forth hereinbelow.

**Section 1.01. Representations and Warranties by Agency**

The Agency does hereby represent and warrant as follows:

(a) Existence and Power. The Agency has been duly established under the provisions of the Act and has the power to enter into the transactions contemplated by this Agreement and to carry out its obligations hereunder.

(b) Intentions. The Agency intends to acquire a leasehold interest in the Project Facility from the Company and to sublease the Project Facility back to the Company, all pursuant to the provisions of the Lease Agreements.

(c) Authorization. The Agency is authorized and has the corporate power under the Act, its by-laws and the laws of the State of New York to enter into this Agreement and the transactions contemplated hereby and to perform and carry out all the covenants and obligations on its part to be performed under and pursuant to this Agreement. By proper corporate action on the part of its members, the Agency has duly authorized the execution, delivery and performance of this Agreement and the consummation of the transactions herein contemplated.

(d) Validity. The Agency is not prohibited from entering into this Agreement and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement by the terms, conditions or provisions of the Act, any other law, any order of any court or other agency or authority of government, or any agreement or instrument to which the Agency is a party or by which the Agency is bound, and this Agreement is a legal, valid and binding obligation of the Agency enforceable in accordance with its terms.

## **Section 1.02. Representations and Warranties by Company**

Dupli and 600 Franklin, each as noted or jointly as the Company, acknowledge, represent, warrants and covenant to the Agency as follows:

(a) Existence. Each Dupli and 600 Franklin is a New York limited liability company duly organized, validly existing and in good standing under the laws of the State of New York.

(b) Authorization. Each Dupli and 600 Franklin is authorized and has the power under the laws of the State of New York to enter into this Agreement and the transactions contemplated hereby and to perform and carry out all covenants and obligations on its part to be performed under and pursuant to this Agreement. Each Dupli and Franklin has duly authorized the execution, delivery and performance of the Lease Agreements, this Agreement, and the other Company Documents (as that term is defined in the Agency Lease), and the consummation of the transactions therein and herein contemplated. Each Dupli and 600 Franklin is not prohibited from entering into this Agreement and discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement by (and the execution, delivery and performance of this Agreement, the consummation of the transactions contemplated hereby and the fulfillment of and compliance with the provisions of this Agreement will not conflict with or violate or constitute a breach of or a default under) the terms, conditions or provisions of its Articles of Organization, Operating Agreement or any other restriction or any law, rule, regulation or order of any court or other agency or authority of government, or any contractual limitation, restriction or outstanding indenture, deed of trust, mortgage, loan agreement, other evidence of indebtedness or any other agreement or instrument to which either Dupli or 600 Franklin is a party or by which it or any of its property is bound, and Dupli or 600 Franklin's discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement will neither be in conflict with or result in a breach of or constitute (with due notice and/or lapse of time) a default under any of the foregoing, nor result in the creation or imposition of any lien of any nature upon any of the property of Dupli and 600 Franklin under the terms of any of the foregoing, and this Agreement is a legal, valid and binding obligation of Dupli and 600 Franklin enforceable in accordance with its terms.

(c) Title. 600 Franklin has valid and marketable fee title to the Project Facility, free and clear of all liens and encumbrances except for Permitted Encumbrances (as defined in the Lease Agreements).

(d) Membership Interests. For the term of this Agreement, Dupli shall hold 90% of the membership interests of 600 Franklin and the tax credit investor shall hold 10% of such membership interests.

(e) Rental Restrictions. For the term of this Agreement, the Company shall comply with the Rental Restrictions as set forth herein.

(f) Governmental Consent. No further consent, approval or authorization of, or filing, registration or qualification with, any governmental or public authority on the part of the Company is required as a condition to the execution, delivery or performance of this Agreement by the Company or as a condition to the validity of this Agreement.

(g) The obligations of the Company to make the payments required by this Agreement and to perform and observe any and all of the other covenants and agreements on its part contained herein, including but not limited to the Rental Restrictions, are joint and several general obligations of the Company and are absolute and unconditional irrespective of any defense or any rights of set-off, recoupment, or counterclaim it may otherwise have against the Agency.

## **ARTICLE II** **COVENANTS AND AGREEMENTS**

### **Section 2.01. Tax-Exempt Status of the Project Facility**

(a) Assessment of the Project Facility. Pursuant to the Act and Section 412-a of the Real Property Tax Law, the parties hereto understand that, upon acquisition of ownership or control of the Project Facility by the Agency, and for so long thereafter as the Agency shall own or control the Project Facility, the Project Facility shall be entitled to an exemption upon the first available assessment roll of the Municipality prepared subsequent to the acquisition by the Agency of ownership or control of the Project Facility. The time of commencement of the Agency's exemption shall be controlled by the Municipality's taxable status date, in conformity with Section 412-a of the Real Property Tax Law. The Company will be required to pay to the Municipality all taxes and assessments lawfully levied and/or assessed against the Project Facility, in spite of the Agency's actual ownership or control of the Project Facility, until the Project Facility shall be entitled to exempt status on the tax roll of the Municipality. The Project Facility is currently exempt on the tax roll of the Municipality by reason of a 412-a exemption pursuant to the Original Lease Documents and such exemption shall continue uninterrupted upon the effective date of this Agreement.

(b) Special Assessments. The parties hereto understand that the tax exemption extended to the Agency by the Act and Section 412-a of the Real Property Tax Law does not entitle the Agency to exemption from special assessments and special ad valorem levies. The Company will be required at all times to pay all special assessments and special ad valorem levies lawfully levied and/or assessed against the Project Facility.

### **Section 2.02. Payments in Lieu of Taxes**

(a) Agreement to Make Payments. The Company agrees that it shall make periodic payments in lieu of real property taxes in the amounts hereinafter provided. The said payments due to the Agency hereunder shall be paid by the Company, to the Municipality, on behalf of the Agency, by check made payable to "*Commissioner of Finance*". Upon receipt of the Company's payment, the Municipality, on behalf of the Agency, will disburse the appropriate portion of the said payment to the County of Onondaga and the Municipality, or such other taxing jurisdiction, pursuant to the Act. This Company obligation shall exist for so long as the Agency retains an interest in the Project Facility. In accordance with the Original PILOT Agreement the year 1 payment due for the City and School portion of the year 1 payment under **Exhibit "A"** commenced on July 1, 2018. Likewise, the year 1 payment due for the County and Water District portion of the year 1 payment under **Exhibit "A"** commenced on January 1, 2019. The balance of the payments due under this Agreement are set forth on **Exhibit "A"** attached hereto.

(b) Amount of Payments in Lieu of Taxes. Unless otherwise stated, the Company's agreed upon annual payment in lieu of tax hereunder shall be an amount determined by reference to **Exhibit "A"**, attached hereto and made a part hereof. The payments in lieu of tax due, as set forth in **Exhibit "A"**, include any real property tax exemptions that might be afforded to 600 Franklin if the Project Facility were owned by 600 Franklin and not the Agency. As consideration for the benefits conferred on the Company pursuant to this Agreement, the Company hereby agrees to be bound by any determination by the City of Syracuse Board of Assessment Review resulting from a review of the assessment pertaining to the Project Facility and/or Additional Property throughout the term of this Agreement. The Company hereby agrees to waive any and all right to challenge or contest in a court of law (a "**Legal Challenge**"), those payments or the basis for those payments due pursuant to Exhibit "A." It shall also be an event of default under Article IV of this Agreement should the Company bring a Legal Challenge on the Project Facility and/or Additional Property.

(c) Additional Amounts in Lieu of Taxes. Commencing on the first tax year following the date on which any structural addition shall be made to the Facilities, or any new or additional building shall be constructed on the real property described in **Exhibit "B"** that is in addition to the Facilities (such structural additions and additional buildings being hereinafter referred to as "**Additional Property**"), the Company agrees to make additional periodic payments in lieu of real property taxes (such additional payments being hereinafter collectively referred to as "**Additional Payments**") to the Municipality on behalf of the Agency with respect to such Additional Property. Such Additional Payments shall be computed as follows:

By multiplying (1) the value placed on such Additional Property, as value is determined by the Municipality's assessor by (2) the tax rate or rates of the Municipality that would be applicable to such Additional Property if such Additional Property were owned or controlled by the Company and not the Agency; and (3) then reducing the amount so determined by the amounts of any properly acquired tax exemptions that would be afforded to the Company by the Municipality for such Additional Property as if it was owned or controlled by the Company and not the Agency.

(d) Revaluation. In the event of a real property assessment revaluation by the Municipality, the Company shall continue to make its payments in accordance with this Agreement; however, in the event that Exhibit "A" is no longer in effect, but payments are still being made hereunder for any reason, (including, but not limited to, the Agency still having an interest in the Project Facility), and would be effected by revaluation, each year's payments subsequent to such revaluation shall be adjusted to properly reflect revaluation, it being the intent of the parties that the level of payments following revaluation shall be equal to those payments contemplated by this Agreement.

(e) Damage or Destruction. In the event that all or substantially all of the Project Facility is damaged or destroyed, the Company shall continue to make the payments required by this Agreement for as long as the Agency shall own or control the Project Facility, without regard to such damage or destruction.

(f) Time of Payments. The Company agrees to pay the amounts due the Agency hereunder to the Municipality for each year of this Agreement, within the period that the Municipality

allows payment of taxes levied in such calendar year without penalty. 600 Franklin shall be entitled to receive receipts from the Municipality for such payments.

(g) Method of Payment. All payments by the Company hereunder shall be paid to the Municipality in lawful money of the United States of America, cash, money order or check.

### **Section 2.03. PILOT Statements**

The Municipality and/or the Agency shall submit to 600 Franklin written semi-annual statements specifying the amount and due date or dates of any payments due to the Agency hereunder. Each semi-annual PILOT statement shall be submitted to 600 Franklin at the same time that tax statements/bills are mailed by the Municipality to the owners of privately owned property. Failure to receive a PILOT statement shall not relieve the Company of its obligation to make all payments provided for hereunder. If, for any reason, the Company does not receive an appropriate PILOT Statement, the Company shall have the responsibility and obligation to make all reasonable inquiries to the Municipality and the Agency and to have such a statement issued, and thereafter to make payment of the same no later than the due dates provided herein.

### **Section 2.04. Obligations of Agency**

Requirement that Mortgagees Subordinate to Payments. The Agency and 600 Franklin agree that any mortgages on the Project Facility, given by either of them, shall provide that the rights of the mortgagees thereunder shall be subordinate to this Agreement and to the right of the Municipality to receive payments in lieu of taxes pursuant to Article II hereof.

### **Section 2.05. Company to Furnish Information**

The Company agrees to promptly comply with the reporting and information requirements of the Agency and the Act, and to promptly furnish the applicable information required or requested by the Agency and/or the State of New York. The Company further agrees to assist the Agency with the preparation of any reports, or answer any inquiries, required by the State of New York in connection with the Act or the Agency's participation in the Project.

In addition, during the Reporting Period (as defined in the Dupli Building 1 Agency Lease), the Company shall provide the reporting and certifications required relative to the Rental Restrictions as more fully set forth in Section 8.5 of the Dupli Building 1 Agency Lease. The Company acknowledges that failure to maintain and/or report on the Rental Restrictions as set forth herein and therein, shall give rise to the Agency's right to recapture all Recapture Amounts.

### **Section 2.06. Interest**

(a) Agreement to Pay Interest on Missed Payments. If the Company shall fail to make any payment required by this Agreement when due, its obligation to make the payment so in default shall continue as an obligation of the Company until such payment in default shall have been made in full, and the Company shall pay the same together with interest thereon, to the extent permitted by law, at the greater of: **(i) eighteen per cent (18%) per annum; or (ii) the rate per**

**annum which would be payable if such amounts were delinquent taxes, until so paid in full.**

(b) Maximum Legal Rate. It is the intent of the Agency, the Municipality, and the Company that in no event shall interest be payable at a rate in excess of the maximum rate permitted by applicable law (the "*Maximum Legal Rate*"). Solely to the extent necessary to prevent interest under this Agreement from exceeding the Maximum Legal Rate, any amount that would be treated as excessive under a final judicial interpretation of applicable law shall be deemed to have been a mistake and automatically canceled, and, if received by the Agency or Municipality, shall be refunded to 600 Franklin.

### **ARTICLE III** **LIMITED OBLIGATION OF THE AGENCY**

#### **Section 3.01. No Recourse; Limited Obligation of the Agency**

(a) No Recourse. All covenants, stipulations, promises, agreements and obligations of the Agency contained in this Agreement shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, director, officer, agent, servant or employee of the Agency in his individual capacity, and no recourse under or upon any obligation, covenant or agreement contained in this Agreement, or otherwise based on or in respect of this Agreement, or for any claim based thereon or otherwise in respect thereof, shall be had against any past, present or future member, director, officer, agent, servant or employee, as such, of the Agency or any successor public benefit corporation or political subdivision or any person executing this Agreement on behalf of the Agency, either directly or through the Agency or any successor public benefit corporation or political subdivision or any person so executing this Agreement. It is expressly understood that this Agreement is a corporate obligation, and that no such personal liability whatever shall attach to, or is or shall be incurred by, any such member, director, officer, agent, servant or employee of the Agency or of any successor public benefit corporation or political subdivision or any person so executing this Agreement under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom. Any and all such personal liability of, and any and all such rights and claims against, every such member, director, officer, agent, servant or employee under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom are, to the extent permitted by law, expressly waived and released as a condition of, and as a consideration for, the execution of this Agreement.

(b) Limited Obligation. The obligations and agreements of the Agency contained herein shall not constitute or give rise to an obligation of the State of New York or the Municipality, and neither the State of New York nor the Municipality shall be liable thereon. Furthermore, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency payable solely from the revenues of the Agency derived and to be derived from the lease, sale or other disposition of the Project.

(c) Further Limitation. Notwithstanding any provision of this Agreement to the contrary, the Agency shall not be obligated to take any action pursuant to any provision hereof unless (i) the Agency shall have been requested to do so in writing by 600 Franklin and (ii) if compliance with such request is expected to result in the incurrence by the Agency (or any of its

members, directors, officers, agents, servants or employees) of any liability, fees, expenses or other costs, the Agency shall have received from 600 Franklin security or indemnity satisfactory to the Agency for protection against all such liability, however remote, and for the reimbursement of all such fees, expenses and other costs.

## **ARTICLE IV** **EVENTS OF DEFAULT**

### **Section 4.01. Events of Default**

Any one or more of the following events shall constitute an event of default under this Agreement, and the terms “*Event of Default*” or “*Default*” shall mean, whenever they are used in this Agreement, any one or more of the following events:

(a) Failure of the Company to pay any amount due and payable by it pursuant to this Agreement, the Lease Agreements or the Company Documents.

(b) Commencement by the Company of a Legal Challenge, as defined in Section 2.02(b), to those payments or the basis for those payments due pursuant to Exhibit “A.”

(c) Failure of the Company to observe and perform any other covenant, condition or agreement on its part to be observed and performed under this Agreement (other than as referred to in paragraph (a) above), the Lease Agreements, or any other Company Document and continuance of such failure for a period of thirty (30) days after written notice to the Company specifying the nature of such failure hereunder, or with respect to the Lease Agreements, continuance of such failure for the duration of any applicable cure period set forth therein after receipt of any required notice thereunder.

(d) Any warranty, representation or other statement by or on behalf of the Company contained in this Agreement or the Lease Agreements shall prove to have been false or incorrect in any material respect on the date when made or on the effective date of this Agreement or the Lease Agreements.

(e) The Company violates any federal, state or local environmental law or allows or causes any Hazardous Materials (as Hazardous Materials is defined and described in any federal, state or local law) to be released at, on, to, into or from the Project Facility, except as permitted by the Lease Agreements or within the terms and conditions of a permit, certificate, license or other written approval of an authorized governmental body, and fails to remedy such violation within thirty (30) days; or if such failure cannot be cured within thirty (30) days, fails to commence a cure within thirty (30) days and thereafter diligently prosecute the cure thereof.

(f) The occurrence of any Event of Default or Default under this Agreement, the Lease Agreements or any other Company Documents.

(g) Failure of the Company to commence and complete the Project Facility on or before the Completion Date as set forth in the Agency Lease.

(h) Failure to maintain the Rental Restrictions and/or provide the required reporting relative thereto as set forth herein.

#### **Section 4.02. Remedies on Company Default**

Whenever any Event of Default under Section 4.01 shall have occurred and be continuing with respect to this Agreement, and/or the Company shall be in default under the Lease Agreements, the Agency may take whatever action at law or in equity, including but not limited to recapture in accordance with the Agency's Recapture Policy dated June 21, 2016 or pursuant to the terms of any Company Document, following applicable notice, as may appear necessary or desirable to collect the amount then in default or to enforce the performance and observance of the obligations, agreements and covenants of the Company under this Agreement and/or the Lease Agreements. Notwithstanding anything herein to the contrary, if the Lease Agreements are terminated for any reason, this Agreement shall automatically terminate without any further notice or action required hereunder and the Project Facility shall immediately become taxable and revert to the tax roll.

The payment schedule contained in Exhibit "A" is for the benefit of 600 Franklin and its Project Facility. In the event that the Company defaults hereunder, and the Lease Agreements cannot be terminated, and/or the Agency's participation in the Project and this Agreement is not or cannot be terminated, the Company, or any assignee, or successor shall no longer be entitled to make payments under this Agreement pursuant to Exhibit "A". In such an event, payments shall be made hereunder, for any remaining term of this Agreement, as if the Project Facility was privately owned and assessed and without any further regard to Exhibit "A".

#### **Section 4.03. Recording of Lease Terminations and Other Documents**

Whenever any Event of Default under Sections 4.01 shall have occurred and be continuing with respect to this Agreement or the Lease Agreements, the Agency may, upon notice to the Company provided for in this Agreement or the Lease Agreements, if any, terminate the Lease Agreements and record such termination or other necessary documents in the Onondaga County Clerk's Office, terminating the Agency's interest in the Project Facility thereby terminating this Agreement.

The recording of such a termination and any other documentation shall constitute delivery to, and acceptance of such, by the Company. In order to facilitate such a termination, the Company hereby appoints the Chair or the Vice Chair of the Agency as its agent for the purpose of executing and delivering all documents necessary to allow such termination by the Agency.

In the event that the Lease Agreements, for any reason, are extended by their terms, or for any reason this Agreement expires or terminates, but the Agency retains an interest or remains in title to the Project Facility, the Company shall continue to make payments in lieu of taxes to the Municipality, on behalf of the Agency, for as long as the Agency retains an interest in, or remains in title to, the Project Facility in accordance with Exhibit "A". Those payments shall be the equivalent of the real property taxes that would be due on the Project Facility if it were owned by 600 Franklin and the Agency had no interest therein. It is the intention of the parties hereto, that for so long as the Agency

shall possess title to, or an interest in, the Property, the Company, or any permitted successors or assigns, shall make payments in lieu of taxes to the Municipality, on behalf of the Agency, that are either based upon Exhibit "A", or if Exhibit "A" is no longer applicable for any reason, are the equivalent of the real property taxes that would be due and owing if the Project Facility were privately owned and the Agency had no interest therein.

#### **Section 4.04. Payment of Attorney's Fees and Expenses**

If the Company should default in performing any of its obligations, covenants and agreements under this Agreement and the Agency or the Municipality should employ attorneys (whether in-house or outside counsel) or incur other expenses for the collection of any amounts payable hereunder or for the enforcement of performance or observance of any obligation or agreement on the part of the Company herein contained, the Company agrees that it will, on demand therefor, pay to the Agency and/or the Municipality the reasonable fees and disbursements of such attorneys and such other reasonable expenses so incurred.

Furthermore, should 600 Franklin bring a Legal Challenge on the Project Facility and/or Additional Property during the term of this Agreement, and the Agency and/or the Municipality waives its right to declare a default under this Agreement in regard to such Legal Challenge, or such Legal Challenge is determined not to be a default of this Agreement by any Court of competent jurisdiction, 600 Franklin agrees that in the event that 600 Franklin is unsuccessful in its Legal Challenge, it will, on demand, pay to the Agency and/or the Municipality the reasonable fees and disbursements of any attorneys employed (whether in-house or outside counsel) for the defense of such Legal Challenge as well as such other reasonable expenses so incurred.

#### **Section 4.05. Remedies; Waiver and Notice**

(a) No Remedy Exclusive. No remedy herein conferred upon or reserved to the Agency is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute.

(b) Delay. No delay or omission in exercising any right or power accruing upon the occurrence of any Event of Default hereunder shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient.

(c) Notice Not Required. In order to entitle the Agency to exercise any remedy reserved to it in this Agreement, it shall not be necessary to give any notice, other than such notice as may be expressly required in this Agreement.

(d) No Waiver. In the event any provision contained in this Agreement should be breached by any party and thereafter duly waived by the other party so empowered to act, such waiver shall be limited to the particular breach so waived and shall not be deemed to be a waiver of any other breach hereunder. No waiver, amendment, release or modification of this Agreement shall be established by conduct, custom or course of dealing.

(e) Recapture. Seek to recover all or some of the Recapture Amount in accordance with the Agency's Recapture Policy, the Agency Lease, the Project Agreement and this PILOT Agreement.

## **ARTICLE V** **MISCELLANEOUS**

### **Section 5.01. Term of Agreement**

(a) General. This Agreement shall become effective and the obligations of the Agency and the Company shall arise absolutely and unconditionally upon the execution and delivery of this Agreement. This Agreement shall terminate on the earliest to occur of: (i) the same date that the Dupli Building 1 Agency Lease Agreement terminates; (ii) on any earlier date permitted under the Dupli Building 1 Agency Lease Agreement; or (iii) upon the expiration on **June 30, 2033** of the PILOT Schedule set forth in **Exhibit "A"** hereto. In the event of a termination of the Agency's interest in the Project Facility, the Company's payments due hereunder shall be pro-rated to the extent necessary to allow the Municipality to issue a supplemental PILOT Statement based upon the Agency's transfer of ownership or control of the Project Facility to the Company, and the loss of the Agency's tax exemption on the said Project Facility.

(b) Conflict. In the event of a conflict between this Agreement or any of its terms on the one hand, and the Lease Agreements or any other Project documents on the other hand, the provisions most favorable to the Agency shall govern. The Agency and the Company agree that the Agency's participation in this Agreement is for the benefit of the Company and that the Municipality must receive payments from the Company hereunder, during the entire term of this Agreement and/or the Agency's ownership or control of the Project Facility.

### **Section 5.02. Company Acts**

Where the Company is required to do or accomplish any act or thing hereunder, the Company may cause the same to be done or accomplished with the same force and effect as if done or accomplished by the Company.

### **Section 5.03. Amendment of Agreement**

This Agreement may not be amended, changed, modified or altered unless such amendment, change, modification or alteration is in writing and signed by the Agency and the Company.

### **Section 5.04. Notices**

All notices, certificates or other communications hereunder shall be in writing, shall be sufficiently given, and shall be deemed given when (a) sent to the applicable address stated below by registered or certified mail, return receipt requested, and actually received by the intended recipient or by overnight courier or such other means as shall provide the sender with documentary evidence of such delivery, or (b) delivery is refused by the addressee as evidenced by the affidavit of the person

who attempted to effect such delivery. The addresses to which notices, certificates, and other communications hereunder shall be delivered are as follows:

- (a) To the Agency:  
City of Syracuse Industrial Development Agency  
201 East Washington Street, 6<sup>th</sup> Floor  
Syracuse, New York 13202  
Attention: Chair

With a copy to:

Bousquet Holstein PLLC  
110 West Fayette Street, Suite 1000  
Syracuse, New York 13202  
Attn: Susan R. Katzoff, Esq.

And to:

Corporation Counsel  
City of Syracuse  
233 East Washington Street, Room 300  
Syracuse, New York 13202

- (b) To the Company:  
  
600 Franklin Owner LLC  
113 Court Street  
Binghamton, New York 13901  
Attn: Mark E. Lane

And to:

Dupli Associates LLC  
113 Court Street  
Binghamton, New York 13901  
Attn: Mark E. Lane

With a copy to:

Lynn D'Elia Temes & Stanczyk LLC  
100 Madison Street  
Tower 1 – Suite 1905  
Syracuse, New York 13202  
Attn: Timothy M. Lynn, Esq.

The Agency and the Company may, by notice given hereunder to each of the others, designate

any further or different addresses to which the subsequent notices, certificates or other communications to them shall be sent.

#### **Section 5.05. Binding Effect**

This Agreement shall inure to the benefit of, and shall be binding upon the Agency and the Company, and their respective successors and assigns.

#### **Section 5.06. Severability**

If any article, section, subdivision, paragraph, sentence, clause, phrase, provision or portion of this Agreement shall for any reason be held or adjudged to be invalid or illegal or unenforceable by any court of competent jurisdiction, such article, section, subdivision, paragraph, sentence, clause, phrase, provision or portion so adjudged invalid, illegal or unenforceable shall be deemed separate, distinct and independent and the remainder of this Agreement shall be and remain in full force and effect and shall not be invalidated or rendered illegal or unenforceable or otherwise affected by such holding or adjudication.

#### **Section 5.07. Counterparts; Electronic Signatures**

This agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Delivery of an executed signature page counterpart hereof by telecopy, emailed .pdf or any other electronic means that reproduces an image of the actual executed signature page shall be effective as delivery of a manually executed counterpart hereof. The words “execution,” “signed,” “signature,” “delivery,” and words of like import in or relating to any document to be signed in connection with this agreement and the transactions contemplated hereby shall be deemed to include electronic signatures, the electronic association of signatures and records on electronic platforms, deliveries or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature, physical delivery thereof or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, any other similar state laws based on the Uniform Electronic Transactions Act, the Uniform Commercial Code, each as amended, and the parties hereto hereby waive any objection to the contrary, provided that (x) nothing herein shall require the Agency to accept electronic signature counterparts in any form or format and (y) the Agency reserves the right to require, at any time and at its sole discretion, the delivery of manually executed counterpart signature pages to this agreement and the parties hereto agree to promptly deliver such manually executed counterpart signature pages.

#### **Section 5.08. Applicable Law**

This Agreement shall be governed by and construed in accordance with the laws of the State of New York. Venue of any action or proceeding brought hereunder shall be in the State or Federal Courts located in Onondaga County, New York.

**Section 5.09. Assignment**

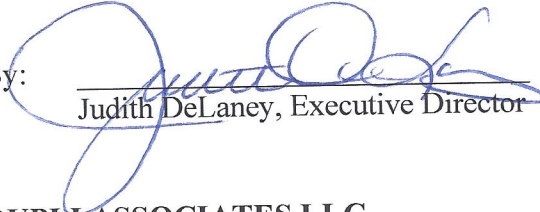

This Agreement may not be assigned by the Company without the prior written consent of the Agency.

**EXHIBIT "B"**  
**LEGAL DESCRIPTION**

**600 Franklin Street North to Solar Street**

ALL THAT TRACT OR PARCEL OF LAND, situate in the City of Syracuse, County of Onondaga and State of New York, being part of Salina Marsh Lot 39 in said City, being part of lands conveyed to Borden's Food Products Company, Inc., and/or Borden, Inc. by the following 3 deeds:

1. from Borden's Milk Products Company, Inc. dated January 4, 1936 and recorded in Onondaga County Clerk's Office in Book of Deeds 800 at Page 192;
2. from James A. Jacobs and Susan Jacobs dated July 28, 1988 and recorded in Onondaga County Clerk's Office in Book 3496 of Deeds at Page 341;
3. from Woodstead Enterprises, LTD. dated November 28, 1988 and recorded in Onondaga County Clerk's Office in Book 3496 of Deeds at Page 337;

and being more particularly described as follows:

Beginning at a drill hole set in the northeasterly boundary of Solar Street, said point being the most westerly corner of lands conveyed by Borden, Inc. to the City of Syracuse for public purposes by deed recorded in Onondaga County Clerk's Office in Book 3507 at Page 168, said point also being 126.68 feet distant northwesterly, measured along said northeasterly street boundary, from its intersection with the northwesterly boundary of Plum Street; running thence N 28° 09' 10" W along said northeasterly boundary of Solar Street, a distance of 292.22 feet to a capped iron pin found at its intersection with the division line between said lands of Borden, Inc. on the south and lands of Syracuse Scale Co., Inc. (reputed owner) on the north; thence N 80° 59' 20" E along said division line, a distance of 76.21 feet to an iron pipe set; thence N 61° 50' 50" E, continuing along said division line, a distance of 112.76 feet to a capped iron pin found at a point of curvature; thence northeasterly, continuing along said division line and along the division line between said lands of Borden, Inc. on the southeast and lands of 667 N. Clinton Street Associates (reputed owner) on the northwest, following a curve to the right having a radius of 371.02 feet, a central angle of 12° 13' 48", and a chord bearing N 67° 57' 44" E, 79.05 feet, an arc distance of 79.20 feet to an iron pipe set; thence N 61° 50' 50" E, continuing along the last mentioned division line, a distance of 330.83 feet to a lag bolt in concrete set at its intersection with the southwestwesterly boundary of North Clinton Street; thence S 28° 09' 10" E along said street boundary, a distance of 212.14 feet to a nail and flag in concrete found; thence s 61° 50' 50" w along the division line between said lands of Borden, Inc. on the northwest and lands of Franklin Square Rousing Associates (reputed owner) on the southeast, a distance of 245.00 feet to a capped iron pin found; thence S 28° 09' 10" E continuing along said division line, a distance of 33.00 feet to a capped iron pin found; thence s 61° 50' 50" w continuing along said division line, a distance of 30.00 feet to a capped iron pin found at its intersection with the northeasterly boundary of North Franklin Street; thence N 28° 09' 10 W along said street boundary, a distance of 33.00 feet to a PK nail set at the most northerly corner of said North Franklin Street; thence s 61° 50' 50" W along the northwesterly boundary of North Franklin Street, a distance of 60.00 feet to a masonry anchor set at the most westerly corner thereof; thence S 28° 09' 10" E along the southwestwesterly boundary of said North Clinton Street, a distance of 46.67 feet to an iron pipe set at the most northerly corner of the aforementioned lands conveyed by Borden, Inc. to the City of Syracuse for public purposes; thence s 61° 50' 50" w along the northwesterly boundary of said lands, said boundary also being the northwesterly boundary of Gail Borden Drive, a distance of 259.18 feet to the point of beginning.

**156 SOLAR STREET LLC**

**PAYMENT IN LIEU OF TAX AGREEMENT**

**Dated as of December 1, 2020**

156 Solar Street LLC  
Federal Tax ID #: 85-3646249

Dupli Associates, LLC  
Federal Tax ID # 16-1545537

**THIS PAYMENT IN LIEU OF TAX AGREEMENT**, (this “*Agreement*”) dated as of December 1, 2020 by and among the **CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY**, a corporate governmental agency constituting a body corporate and politic and a public benefit corporation organized and existing under the laws of the State of New York (hereinafter referred to as the “*Agency*”), having an office at 201 East Washington Street, 6<sup>th</sup> Floor, Syracuse, New York 13202, **DUPLI ASSOCIATES LLC**, a limited liability company organized under the laws of the State of New York, with offices at 113 Court Street, Binghamton, New York 13901 (“*Dupli*”) and **156 SOLAR STREET LLC**, a limited liability company organized under the laws of the State of New York, with offices at 113 Court Street, Binghamton, New York 13901 (“*156 Solar Street*” and together with Dupli, collectively, the “*Company*”).

## **W I T N E S S E T H:**

THE MEANING OF CAPITALIZED TERMS NOT OTHERWISE DEFINED HEREIN SHALL HAVE THE MEANINGS ATTACHED TO THEM IN THE AGENCY LEASE, DATED AS OF JULY 1, 2017 BY AND BETWEEN DUPLI AND THE AGENCY, AS AMENDED BY THE FIRST AMENDMENT TO AGENCY LEASE AGREEMENT DATED AS OF DECEMBER 1, 2020 BY AND BETWEEN THE DUPLI AND THE AGENCY.

**WHEREAS**, the New York State Industrial Development Agency Act, being Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of the State of New York, as amended (hereinafter referred to as the “*Enabling Act*”) authorizes the creation of industrial development agencies for the benefit of the several counties, cities, villages and towns in the State of New York and empowers such agencies, among other things, to acquire, construct, reconstruct, lease, improve, maintain, equip and furnish real and personal property, whether or not now in existence or under construction, which shall be suitable for, among others, manufacturing, warehousing, research, commercial or industrial purposes, in order to advance the job opportunities, health, general prosperity and economic welfare of the people of the State of New York and to improve their recreation opportunities, prosperity and standard of living; and

**WHEREAS**, the Enabling Act further authorizes each such agency to lease and to sell its projects, to charge and collect rent therefor, to issue its bonds or notes for the purpose of carrying out any of its corporate purposes and, as security for the payment of the principal and redemption price of, and interest on, any such bonds or notes, to mortgage any or all of its facilities and to pledge the revenues and receipts therefrom to the payment of such bonds or notes; and

**WHEREAS**, pursuant to and in accordance with the provisions of the Enabling Act, Chapter 641 of the 1979 Laws of the State of New York, as amended (said chapter and the Enabling Act being hereinafter collectively referred to as the “*Act*”) created the Agency for the benefit of the City of Syracuse (hereinafter referred to as the “*Municipality*”) and the inhabitants thereof; and

**WHEREAS**, at the request of Dupli, by resolution dated May 16, 2017 (the “*Original Inducement Resolution*”) the Agency undertook a project (the “*Original Project*”) consisting of: (A)(i) the acquisition of an interest in approximately 5 acres of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“*Building 1*”) (bearing tax parcel identification number 118.-06-08.0) (the “*Building 1 Land*”); and 156 Solar Street and Division Street W. improved by an

approximate 62,800 square foot building ("**Building 2**") (bearing tax parcel identification number 118.-06-01.0) (the "**Building 2 Land**"), each in the City of Syracuse, New York (the "**City**") (Building 1 Land together with Building 2 Land, collectively referred to as the "**Original Land**"); (ii) the reconstruction and renovation of approximately 21,000 square feet of Building 1 consisting of an approximately 15,000 square foot climbing gym and an approximately 6,000 square foot restaurant in the northwest corner of Building 1 (collectively, the "**Original Facility**"); (iii) the acquisition and installation in and at Building 1 of furniture, fixtures and equipment (the "**Original Equipment**" and together with the Original Land and the Original Facility, the "**Original Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Original Financial Assistance**"); (C) the appointment of Dupli or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Original Land and Original Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Original Equipment pursuant to a bill of sale from Dupli to the Agency; and the sublease of the Original Project Facility back to Dupli pursuant to a sublease agreement; and

**WHEREAS**, in July 2017, Dupli and Agency entered into a lease transaction to effectuate the undertaking of the Original Project and the conference of the approved Financial Assistance (the "**Original Lease Transaction**"). As part of the Original Lease Transaction, Dupli and the Agency executed and delivered numerous documents, including but not limited to, an agency agreement, a company lease, an agency lease, a bill of sale, an environmental compliance and indemnification agreement, a project agreement and a payment in lieu of taxes agreement (collectively, the "**Original Lease Documents**"); and

**WHEREAS**, to satisfy the tax credit investor and separate financing sources to allow for the syndication of historic tax credits relative to each Building 1 and Building 2, Dupli is required to set up separate single purpose entities ("**SPE**") to own each Building 1 and Building 2 (collectively, the "**Ownership Structure**"). At the time of the syndication of the tax credits, Dupli will own 90% of the SPE and the tax credit investor will own 10% of the SPE. To accommodate the Ownership Structure, Dupli requested, and the Agency approved, the amendment of the Original Lease Documents, including the Original Agency Lease, to bifurcate same into two sets of agreements (the "**Bifurcated Agreements**"), one for each parcel of Land and the corresponding improvements such that the amended/new agreements control the rights and obligations of the parties thereto with respect to that portion of the Project relative to Building 1, the Building 1 Land and the Financial Assistance and Equipment associated therewith (collectively, the "**Building 1 Project**") and Building 2, the Building 2 Land and the Financial Assistance and Equipment associated therewith (collectively, the "**Building 2 Project**"), respectively; and

**WHEREAS**, to accommodate the Ownership Structure, Dupli formed 156 Solar Street LLC, the SPE for the Building 2 Project ("**156 Solar**" and together with Dupli, collectively, the "**Company**"), 156 Solar will be a party to the Bifurcated Agreements for the Building 2 Project; and

**WHEREAS**, the Agency, by resolutions adopted April 21, 2020 and October 20, 2020, the authorized the Bifurcated Agreements to provide for the Ownership Structure such that the applicable Bifurcated Agreements for the Building 2 Project will govern the Building 2 Project consisting of: (A)(i) the continuation of an interest in 156 Solar Street and Division Street W. improved by an approximate 62,800 square foot building ("**Building 2**") (bearing tax parcel identification number 118.-06-01.0), located in the City of Syracuse, New York (the "**City**") (the "**Land**"); (ii) the reconstruction and renovation of Building 2 consisting of 24,000 sq.ft. of residential space containing approximately 20 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>1</sup> (the "**AMI**"); approximately 20,000 sq.ft. of commercial office space and approximately 9,500 sq.ft. of retail space (the "**Facility**"); and (iii) the acquisition and installation in and at the Land and Building 2 of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facility, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of 156 Solar or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facility by the Agency pursuant to an amended lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to an amended sublease agreement (all of the foregoing, collectively, the "**Project**"); and

**WHEREAS**, the Agency has leased the Land and Facility from Dupli pursuant to that certain company lease agreement dated as of July 1, 2017, as amended by the First Amendment to Company Lease Agreement, dated as of December 1, 2020, by and between Dupli and the Agency and that certain Dupli Building 2 Company Lease Agreement, dated as of December 1, 2020, by and among Dupli, 600 Franklin and the Agency (collectively, the "**Company Lease Agreement**"), obtained an interest in the Equipment pursuant to a bill of sale from Dupli to the Agency (the "**Dupli Bill of Sale**") and a bill of sale from 600 Franklin to the Agency (the "**600 Franklin Bill of Sale**" and together with the Dupli Bill of Sale, collectively, the "**Bill of Sale**"), each dated as of December 1, 2020; and subleased the Project Facility back to the Company pursuant to that certain Agency Lease Agreement dated as of July 1, 2017, as amended by the First Amendment to Agency Lease, dated as of December 1, 2020, by and between the Agency and Dupli and that certain Dupli Building 2 Agency Lease Agreement dated as of December 1, 2020, by and among the Agency, Dupli and 600 Franklin (collectively, the "**Agency Lease Agreement**"), (the Company Lease Agreement, the Bill of Sale and the Agency Lease Agreement are hereinafter collectively referred to as the "**Lease Agreements**"); and

**WHEREAS**, the Company acknowledges that the award of this Agreement was conditioned upon the Company's commitment to reserving and renting twenty percent (20%) of the residential units in the Project for tenants at the annual 65% area median income rent limit for the City as

designated by US Department of Housing and Urban Development ("**HUD**"), inclusive of utilities, and published annually (the "**HUD Rates**") (collectively, the "**Rental Restrictions**"); and

**WHEREAS**, under the present provisions of the Act and Section 412-a of the Real Property Tax Law of the State of New York, the Agency is required to pay no taxes or assessments upon any of the property acquired by it or under its jurisdiction or supervision or control; and

**NOW, THEREFORE**, in consideration of the matters above recited, the parties hereto formally covenant, agree and bind themselves as follows, to wit:

## **ARTICLE I** **REPRESENTATIONS AND WARRANTIES**

### **Section 1.00 Recitals.**

The foregoing recitals are incorporated herein by reference as if fully set forth hereinbelow.

### **Section 1.01. Representations and Warranties by Agency**

The Agency does hereby represent and warrant as follows:

(a) Existence and Power. The Agency has been duly established under the provisions of the Act and has the power to enter into the transactions contemplated by this Agreement and to carry out its obligations hereunder.

(b) Intentions. The Agency intends to acquire a leasehold interest in the Project Facility from the Company and to sublease the Project Facility back to the Company, all pursuant to the provisions of the Lease Agreements.

(c) Authorization. The Agency is authorized and has the corporate power under the Act, its by-laws and the laws of the State of New York to enter into this Agreement and the transactions contemplated hereby and to perform and carry out all the covenants and obligations on its part to be performed under and pursuant to this Agreement. By proper corporate action on the part of its members, the Agency has duly authorized the execution, delivery and performance of this Agreement and the consummation of the transactions herein contemplated.

(d) Validity. The Agency is not prohibited from entering into this Agreement and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement by the terms, conditions or provisions of the Act, any other law, any order of any court or other agency or authority of government, or any agreement or instrument to which the Agency is a party or by which the Agency is bound, and this Agreement is a legal, valid and binding obligation of the Agency enforceable in accordance with its terms.

### **Section 1.02. Representations and Warranties by Company**

Dupli and 156 Solar, each as noted or jointly as the Company, acknowledge, represent,

warrants and covenant to the Agency as follows:

(a) Existence. Each Dupli and 156 Solar is a New York limited liability company duly organized, validly existing and in good standing under the laws of the State of New York.

(b) Authorization. Each Dupli and 156 Solar is authorized and has the power under the laws of the State of New York to enter into this Agreement and the transactions contemplated hereby and to perform and carry out all covenants and obligations on its part to be performed under and pursuant to this Agreement. Each Dupli and Franklin has duly authorized the execution, delivery and performance of the Lease Agreements, this Agreement, and the other Company Documents (as that term is defined in the Agency Lease), and the consummation of the transactions therein and herein contemplated. Each Dupli and 156 Solar is not prohibited from entering into this Agreement and discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement by (and the execution, delivery and performance of this Agreement, the consummation of the transactions contemplated hereby and the fulfillment of and compliance with the provisions of this Agreement will not conflict with or violate or constitute a breach of or a default under) the terms, conditions or provisions of its Articles of Organization, Operating Agreement or any other restriction or any law, rule, regulation or order of any court or other agency or authority of government, or any contractual limitation, restriction or outstanding indenture, deed of trust, mortgage, loan agreement, other evidence of indebtedness or any other agreement or instrument to which either Dupli or 156 Solar is a party or by which it or any of its property is bound, and Dupli or 156 Solar's discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement will neither be in conflict with or result in a breach of or constitute (with due notice and/or lapse of time) a default under any of the foregoing, nor result in the creation or imposition of any lien of any nature upon any of the property of Dupli and 156 Solar under the terms of any of the foregoing, and this Agreement is a legal, valid and binding obligation of Dupli and 156 Solar enforceable in accordance with its terms.

(c) Title. 156 Solar has valid and marketable fee title to the Project Facility, free and clear of all liens and encumbrances except for Permitted Encumbrances (as defined in the Lease Agreements).

(d) Membership Interests. For the term of this Agreement, Dupli shall hold 90% of the membership interests of 156 Solar and the tax credit investor shall hold 10% of such membership interests.

(e) Rental Restrictions. For the term of this Agreement, the Company shall comply with the Rental Restrictions as set forth herein.

(f) Governmental Consent. No further consent, approval or authorization of, or filing, registration or qualification with, any governmental or public authority on the part of the Company is required as a condition to the execution, delivery or performance of this Agreement by the Company or as a condition to the validity of this Agreement.

(g) The obligations of the Company to make the payments required by this Agreement and to perform and observe any and all of the other covenants and agreements on its part contained

herein, including but not limited to the Rental Restrictions, are joint and several general obligations of the Company and are absolute and unconditional irrespective of any defense or any rights of set-off, recoupment, or counterclaim it may otherwise have against the Agency.

## **ARTICLE II**

### **COVENANTS AND AGREEMENTS**

#### **Section 2.01. Tax-Exempt Status of the Project Facility**

(a) Assessment of the Project Facility. Pursuant to the Act and Section 412-a of the Real Property Tax Law, the parties hereto understand that, upon acquisition of ownership or control of the Project Facility by the Agency, and for so long thereafter as the Agency shall own or control the Project Facility, the Project Facility shall be entitled to an exemption upon the first available assessment roll of the Municipality prepared subsequent to the acquisition by the Agency of ownership or control of the Project Facility. The time of commencement of the Agency's exemption shall be controlled by the Municipality's taxable status date, in conformity with Section 412-a of the Real Property Tax Law. The Company will be required to pay to the Municipality all taxes and assessments lawfully levied and/or assessed against the Project Facility, in spite of the Agency's actual ownership or control of the Project Facility, until the Project Facility shall be entitled to exempt status on the tax roll of the Municipality. The Project Facility is currently exempt on the tax roll of the Municipality by reason of a 412-a exemption pursuant to the Original Lease Documents and such exemption shall continue uninterrupted upon the effective date of this Agreement.

(b) Special Assessments. The parties hereto understand that the tax exemption extended to the Agency by the Act and Section 412-a of the Real Property Tax Law does not entitle the Agency to exemption from special assessments and special ad valorem levies. The Company will be required at all times to pay all special assessments and special ad valorem levies lawfully levied and/or assessed against the Project Facility.

#### **Section 2.02. Payments in Lieu of Taxes**

(a) Agreement to Make Payments. The Company agrees that it shall make periodic payments in lieu of real property taxes in the amounts hereinafter provided. The said payments due to the Agency hereunder shall be paid by the Company, to the Municipality, on behalf of the Agency, by check made payable to "*Commissioner of Finance*". Upon receipt of the Company's payment, the Municipality, on behalf of the Agency, will disburse the appropriate portion of the said payment to the County of Onondaga and the Municipality, or such other taxing jurisdiction, pursuant to the Act. This Company obligation shall exist for so long as the Agency retains an interest in the Project Facility. In accordance with the Original PILOT Agreement the year 1 payment due for the City and School portion of the year 1 payment under **Exhibit "A"** commenced on July 1, 2018. Likewise, the year 1 payment due for the County and Water District portion of the year 1 payment under **Exhibit "A"** commenced on January 1, 2019. The balance of the payments due under this Agreement are set forth on **Exhibit "A"** attached hereto.

(b) Amount of Payments in Lieu of Taxes. Unless otherwise stated, the Company's agreed upon annual payment in lieu of tax hereunder shall be an amount determined by reference to

**Exhibit “A”**, attached hereto and made a part hereof. The payments in lieu of tax due, as set forth in **Exhibit “A”**, include any real property tax exemptions that might be afforded to 156 Solar if the Project Facility were owned by 156 Solar and not the Agency. As consideration for the benefits conferred on the Company pursuant to this Agreement, the Company hereby agrees to be bound by any determination by the City of Syracuse Board of Assessment Review resulting from a review of the assessment pertaining to the Project Facility and/or Additional Property throughout the term of this Agreement. The Company hereby agrees to waive any and all right to challenge or contest in a court of law (a “**Legal Challenge**”), those payments or the basis for those payments due pursuant to Exhibit “A.” It shall also be an event of default under Article IV of this Agreement should the Company bring a Legal Challenge on the Project Facility and/or Additional Property.

(c) Additional Amounts in Lieu of Taxes. Commencing on the first tax year following the date on which any structural addition shall be made to the Facilities, or any new or additional building shall be constructed on the real property described in **Exhibit “B”** that is in addition to the Facilities (such structural additions and additional buildings being hereinafter referred to as “**Additional Property**”), the Company agrees to make additional periodic payments in lieu of real property taxes (such additional payments being hereinafter collectively referred to as “**Additional Payments**”) to the Municipality on behalf of the Agency with respect to such Additional Property. Such Additional Payments shall be computed as follows:

By multiplying (1) the value placed on such Additional Property, as value is determined by the Municipality’s assessor by (2) the tax rate or rates of the Municipality that would be applicable to such Additional Property if such Additional Property were owned or controlled by the Company and not the Agency; and (3) then reducing the amount so determined by the amounts of any properly acquired tax exemptions that would be afforded to the Company by the Municipality for such Additional Property as if it was owned or controlled by the Company and not the Agency.

(d) Revaluation. In the event of a real property assessment revaluation by the Municipality, the Company shall continue to make its payments in accordance with this Agreement; however, in the event that Exhibit “A” is no longer in effect, but payments are still being made hereunder for any reason, (including, but not limited to, the Agency still having an interest in the Project Facility), and would be effected by revaluation, each year’s payments subsequent to such revaluation shall be adjusted to properly reflect revaluation, it being the intent of the parties that the level of payments following revaluation shall be equal to those payments contemplated by this Agreement.

(e) Damage or Destruction. In the event that all or substantially all of the Project Facility is damaged or destroyed, the Company shall continue to make the payments required by this Agreement for as long as the Agency shall own or control the Project Facility, without regard to such damage or destruction.

(f) Time of Payments. The Company agrees to pay the amounts due the Agency hereunder to the Municipality for each year of this Agreement, within the period that the Municipality allows payment of taxes levied in such calendar year without penalty. 156 Solar shall be entitled to receive receipts from the Municipality for such payments.

(g) Method of Payment. All payments by the Company hereunder shall be paid to the Municipality in lawful money of the United States of America, cash, money order or check.

### **Section 2.03. PILOT Statements**

The Municipality and/or the Agency shall submit to 156 Solar written semi-annual statements specifying the amount and due date or dates of any payments due to the Agency hereunder. Each semi-annual PILOT statement shall be submitted to 156 Solar at the same time that tax statements/bills are mailed by the Municipality to the owners of privately owned property. Failure to receive a PILOT statement shall not relieve the Company of its obligation to make all payments provided for hereunder. If, for any reason, the Company does not receive an appropriate PILOT Statement, the Company shall have the responsibility and obligation to make all reasonable inquiries to the Municipality and the Agency and to have such a statement issued, and thereafter to make payment of the same no later than the due dates provided herein.

### **Section 2.04. Obligations of Agency**

Requirement that Mortgagees Subordinate to Payments. The Agency and 156 Solar agree that any mortgages on the Project Facility, given by either of them, shall provide that the rights of the mortgagees thereunder shall be subordinate to this Agreement and to the right of the Municipality to receive payments in lieu of taxes pursuant to Article II hereof.

### **Section 2.05. Company to Furnish Information**

The Company agrees to promptly comply with the reporting and information requirements of the Agency and the Act, and to promptly furnish the applicable information required or requested by the Agency and/or the State of New York. The Company further agrees to assist the Agency with the preparation of any reports, or answer any inquiries, required by the State of New York in connection with the Act or the Agency's participation in the Project.

In addition, during the Reporting Period (as defined in the Dupli Building 2 Agency Lease), the Company shall provide the reporting and certifications required relative to the Rental Restrictions as more fully set forth in Section 8.5 of the Dupli Building 2 Agency Lease. The Company acknowledges that failure to maintain and/or report on the Rental Restrictions as set forth herein and therein, shall give rise to the Agency's right to recapture all Recapture Amounts.

### **Section 2.06. Interest**

(a) Agreement to Pay Interest on Missed Payments. If the Company shall fail to make any payment required by this Agreement when due, its obligation to make the payment so in default shall continue as an obligation of the Company until such payment in default shall have been made in full, and the Company shall pay the same together with interest thereon, to the extent permitted by law, at the greater of: **(i) eighteen per cent (18%) per annum; or (ii) the rate per annum which would be payable if such amounts were delinquent taxes, until so paid in full.**

(b) Maximum Legal Rate. It is the intent of the Agency, the Municipality, and the Company that in no event shall interest be payable at a rate in excess of the maximum rate permitted by applicable law (the "*Maximum Legal Rate*"). Solely to the extent necessary to prevent interest under this Agreement from exceeding the Maximum Legal Rate, any amount that would be treated as excessive under a final judicial interpretation of applicable law shall be deemed to have been a mistake and automatically canceled, and, if received by the Agency or Municipality, shall be refunded to 600 Franklin.

### **ARTICLE III**

#### **LIMITED OBLIGATION OF THE AGENCY**

#### **Section 3.01. No Recourse; Limited Obligation of the Agency**

(a) No Recourse. All covenants, stipulations, promises, agreements and obligations of the Agency contained in this Agreement shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, director, officer, agent, servant or employee of the Agency in his individual capacity, and no recourse under or upon any obligation, covenant or agreement contained in this Agreement, or otherwise based on or in respect of this Agreement, or for any claim based thereon or otherwise in respect thereof, shall be had against any past, present or future member, director, officer, agent, servant or employee, as such, of the Agency or any successor public benefit corporation or political subdivision or any person executing this Agreement on behalf of the Agency, either directly or through the Agency or any successor public benefit corporation or political subdivision or any person so executing this Agreement. It is expressly understood that this Agreement is a corporate obligation, and that no such personal liability whatever shall attach to, or is or shall be incurred by, any such member, director, officer, agent, servant or employee of the Agency or of any successor public benefit corporation or political subdivision or any person so executing this Agreement under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom. Any and all such personal liability of, and any and all such rights and claims against, every such member, director, officer, agent, servant or employee under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom are, to the extent permitted by law, expressly waived and released as a condition of, and as a consideration for, the execution of this Agreement.

(b) Limited Obligation. The obligations and agreements of the Agency contained herein shall not constitute or give rise to an obligation of the State of New York or the Municipality, and neither the State of New York nor the Municipality shall be liable thereon. Furthermore, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency payable solely from the revenues of the Agency derived and to be derived from the lease, sale or other disposition of the Project.

(c) Further Limitation. Notwithstanding any provision of this Agreement to the contrary, the Agency shall not be obligated to take any action pursuant to any provision hereof unless (i) the Agency shall have been requested to do so in writing by 156 Solar and (ii) if compliance with such request is expected to result in the incurrence by the Agency (or any of its members, directors, officers, agents, servants or employees) of any liability, fees, expenses or other costs, the Agency shall have received from 156 Solar security or indemnity satisfactory to the

Agency for protection against all such liability, however remote, and for the reimbursement of all such fees, expenses and other costs.

## **ARTICLE IV**

### **EVENTS OF DEFAULT**

#### **Section 4.01. Events of Default**

Any one or more of the following events shall constitute an event of default under this Agreement, and the terms “*Event of Default*” or “*Default*” shall mean, whenever they are used in this Agreement, any one or more of the following events:

(a) Failure of the Company to pay any amount due and payable by it pursuant to this Agreement, the Lease Agreements or the Company Documents.

(b) Commencement by the Company of a Legal Challenge, as defined in Section 2.02(b), to those payments or the basis for those payments due pursuant to Exhibit “A.”

(c) Failure of the Company to observe and perform any other covenant, condition or agreement on its part to be observed and performed under this Agreement (other than as referred to in paragraph (a) above), the Lease Agreements, or any other Company Document and continuance of such failure for a period of thirty (30) days after written notice to the Company specifying the nature of such failure hereunder, or with respect to the Lease Agreements, continuance of such failure for the duration of any applicable cure period set forth therein after receipt of any required notice thereunder.

(d) Any warranty, representation or other statement by or on behalf of the Company contained in this Agreement or the Lease Agreements shall prove to have been false or incorrect in any material respect on the date when made or on the effective date of this Agreement or the Lease Agreements.

(e) The Company violates any federal, state or local environmental law or allows or causes any Hazardous Materials (as Hazardous Materials is defined and described in any federal, state or local law) to be released at, on, to, into or from the Project Facility, except as permitted by the Lease Agreements or within the terms and conditions of a permit, certificate, license or other written approval of an authorized governmental body, and fails to remedy such violation within thirty (30) days; or if such failure cannot be cured within thirty (30) days, fails to commence a cure within thirty (30) days and thereafter diligently prosecute the cure thereof.

(f) The occurrence of any Event of Default or Default under this Agreement, the Lease Agreements or any other Company Documents.

(g) Failure of the Company to commence the construction, renovation, and equipping of the Project Facility within thirty days of receiving approval from the State Historic Preservation Office and National Parks Service of its historic designation (collectively, the “*Designation*”) and be completed within twelve months of such Designation and failure of the Company to complete the

Project Facility in accordance herewith and with the terms of the Agency Lease.

(h) Failure to maintain the Rental Restrictions and/or provide the required reporting relative thereto as set forth herein.

#### **Section 4.02. Remedies on Company Default**

Whenever any Event of Default under Section 4.01 shall have occurred and be continuing with respect to this Agreement, and/or the Company shall be in default under the Lease Agreements, the Agency may take whatever action at law or in equity, including but not limited to recapture in accordance with the Agency's Recapture Policy dated June 21, 2016 or pursuant to the terms of any Company Document, following applicable notice, as may appear necessary or desirable to collect the amount then in default or to enforce the performance and observance of the obligations, agreements and covenants of the Company under this Agreement and/or the Lease Agreements. Notwithstanding anything herein to the contrary, if the Lease Agreements are terminated for any reason, this Agreement shall automatically terminate without any further notice or action required hereunder and the Project Facility shall immediately become taxable and revert to the tax roll.

The payment schedule contained in Exhibit "A" is for the benefit of 156 Solar and its Project Facility. In the event that the Company defaults hereunder, and the Lease Agreements cannot be terminated, and/or the Agency's participation in the Project and this Agreement is not or cannot be terminated, the Company, or any assignee, or successor shall no longer be entitled to make payments under this Agreement pursuant to Exhibit "A". In such an event, payments shall be made hereunder, for any remaining term of this Agreement, as if the Project Facility was privately owned and assessed and without any further regard to Exhibit "A".

#### **Section 4.03. Recording of Lease Terminations and Other Documents**

Whenever any Event of Default under Sections 4.01 shall have occurred and be continuing with respect to this Agreement or the Lease Agreements, the Agency may, upon notice to the Company provided for in this Agreement or the Lease Agreements, if any, terminate the Lease Agreements and record such termination or other necessary documents in the Onondaga County Clerk's Office, terminating the Agency's interest in the Project Facility thereby terminating this Agreement.

The recording of such a termination and any other documentation shall constitute delivery to, and acceptance of such, by the Company. In order to facilitate such a termination, the Company hereby appoints the Chair or the Vice Chair of the Agency as its agent for the purpose of executing and delivering all documents necessary to allow such termination by the Agency.

In the event that the Lease Agreements, for any reason, are extended by their terms, or for any reason this Agreement expires or terminates, but the Agency retains an interest or remains in title to the Project Facility, the Company shall continue to make payments in lieu of taxes to the Municipality, on behalf of the Agency, for as long as the Agency retains an interest in, or remains in title to, the Project Facility in accordance with Exhibit "A". Those payments shall be the equivalent of the real

property taxes that would be due on the Project Facility if it were owned by 156 Solar and the Agency had no interest therein. It is the intention of the parties hereto, that for so long as the Agency shall possess title to, or an interest in, the Property, the Company, or any permitted successors or assigns, shall make payments in lieu of taxes to the Municipality, on behalf of the Agency, that are either based upon Exhibit "A", or if Exhibit "A" is no longer applicable for any reason, are the equivalent of the real property taxes that would be due and owing if the Project Facility were privately owned and the Agency had no interest therein.

#### **Section 4.04. Payment of Attorney's Fees and Expenses**

If the Company should default in performing any of its obligations, covenants and agreements under this Agreement and the Agency or the Municipality should employ attorneys (whether in-house or outside counsel) or incur other expenses for the collection of any amounts payable hereunder or for the enforcement of performance or observance of any obligation or agreement on the part of the Company herein contained, the Company agrees that it will, on demand therefor, pay to the Agency and/or the Municipality the reasonable fees and disbursements of such attorneys and such other reasonable expenses so incurred.

Furthermore, should 156 Solar bring a Legal Challenge on the Project Facility and/or Additional Property during the term of this Agreement, and the Agency and/or the Municipality waives its right to declare a default under this Agreement in regard to such Legal Challenge, or such Legal Challenge is determined not to be a default of this Agreement by any Court of competent jurisdiction, 156 Solar agrees that in the event that 156 Solar is unsuccessful in its Legal Challenge, it will, on demand, pay to the Agency and/or the Municipality the reasonable fees and disbursements of any attorneys employed (whether in-house or outside counsel) for the defense of such Legal Challenge as well as such other reasonable expenses so incurred.

#### **Section 4.05. Remedies; Waiver and Notice**

(a) No Remedy Exclusive. No remedy herein conferred upon or reserved to the Agency is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute.

(b) Delay. No delay or omission in exercising any right or power accruing upon the occurrence of any Event of Default hereunder shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient.

(c) Notice Not Required. In order to entitle the Agency to exercise any remedy reserved to it in this Agreement, it shall not be necessary to give any notice, other than such notice as may be expressly required in this Agreement.

(d) No Waiver. In the event any provision contained in this Agreement should be breached by any party and thereafter duly waived by the other party so empowered to act, such waiver shall be limited to the particular breach so waived and shall not be deemed to be a waiver of any other

breach hereunder. No waiver, amendment, release or modification of this Agreement shall be established by conduct, custom or course of dealing.

(e) Recapture. Seek to recover all or some of the Recapture Amount in accordance with the Agency's Recapture Policy, the Agency Lease, the Project Agreement and this PILOT Agreement.

## **ARTICLE V** **MISCELLANEOUS**

### **Section 5.01. Term of Agreement**

(a) General. This Agreement shall become effective and the obligations of the Agency and the Company shall arise absolutely and unconditionally upon the execution and delivery of this Agreement. This Agreement shall terminate on the earliest to occur of: (i) the same date that the Dupli Building 2 Agency Lease Agreement terminates; (ii) on any earlier date permitted under the Dupli Building 2 Agency Lease Agreement; or (iii) upon the expiration on **June 30, 2033** of the PILOT Schedule set forth in **Exhibit "A"** hereto. In the event of a termination of the Agency's interest in the Project Facility, the Company's payments due hereunder shall be pro-rated to the extent necessary to allow the Municipality to issue a supplemental PILOT Statement based upon the Agency's transfer of ownership or control of the Project Facility to the Company, and the loss of the Agency's tax exemption on the said Project Facility.

(b) Conflict. In the event of a conflict between this Agreement or any of its terms on the one hand, and the Lease Agreements or any other Project documents on the other hand, the provisions most favorable to the Agency shall govern. The Agency and the Company agree that the Agency's participation in this Agreement is for the benefit of the Company and that the Municipality must receive payments from the Company hereunder, during the entire term of this Agreement and/or the Agency's ownership or control of the Project Facility.

### **Section 5.02. Company Acts**

Where the Company is required to do or accomplish any act or thing hereunder, the Company may cause the same to be done or accomplished with the same force and effect as if done or accomplished by the Company.

### **Section 5.03. Amendment of Agreement**

This Agreement may not be amended, changed, modified or altered unless such amendment, change, modification or alteration is in writing and signed by the Agency and the Company.

### **Section 5.04. Notices**

All notices, certificates or other communications hereunder shall be in writing, shall be sufficiently given, and shall be deemed given when (a) sent to the applicable address stated below by registered or certified mail, return receipt requested, and actually received by the intended recipient

or by overnight courier or such other means as shall provide the sender with documentary evidence of such delivery, or (b) delivery is refused by the addressee as evidenced by the affidavit of the person who attempted to effect such delivery. The addresses to which notices, certificates, and other communications hereunder shall be delivered are as follows:

- (a) To the Agency:  
City of Syracuse Industrial Development Agency  
201 East Washington Street, 6<sup>th</sup> Floor

Attn: Timothy M. Lynn, Esq.

The Agency and the Company may, by notice given hereunder to each of the others, designate any further or different addresses to which the subsequent notices, certificates or other communications to them shall be sent.

**Section 5.05. Binding Effect**

This Agreement shall inure to the benefit of, and shall be binding upon the Agency and the Company, and their respective successors and assigns.

**Section 5.06. Severability**

If any article, section, subdivision, paragraph, sentence, clause, phrase, provision or portion of this Agreement shall for any reason be held or adjudged to be invalid or illegal or unenforceable by any court of competent jurisdiction, such article, section, subdivision, paragraph, sentence, clause, phrase, provision or portion so adjudged invalid, illegal or unenforceable shall be deemed separate, distinct and independent and the remainder of this Agreement shall be and remain in full force and effect and shall not be invalidated or rendered illegal or unenforceable or otherwise affected by such holding or adjudication.

**Section 5.07. Counterparts; Electronic Signatures**

This agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Delivery of an executed signature page counterpart hereof by telecopy, emailed .pdf or any other electronic means that reproduces an image of the actual executed signature page shall be effective as delivery of a manually executed counterpart hereof. The words “execution,” “signed,” “signature,” “delivery,” and words of like import in or relating to any document to be signed in connection with this agreement and the transactions contemplated hereby shall be deemed to include electronic signatures, the electronic association of signatures and records on electronic platforms, deliveries or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature, physical delivery thereof or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, any other similar state laws based on the Uniform Electronic Transactions Act, the Uniform Commercial Code, each as amended, and the parties hereto hereby waive any objection to the contrary, provided that (x) nothing herein shall require the Agency to accept electronic signature counterparts in any form or format and (y) the Agency reserves the right to require, at any time and at its sole discretion, the delivery of manually executed counterpart signature pages to this agreement and the parties hereto agree to promptly deliver such manually executed counterpart signature pages.

**Section 5.08. Applicable Law**

This Agreement shall be governed by and construed in accordance with the laws of the State of New York. Venue of any action or proceeding brought hereunder shall be in the State or Federal

Courts located in Onondaga County, New York.

**Section 5.09. Assignment**

This Agreement may not be assigned by the Company without the prior written consent of the Agency.

**THIS PAYMENT IN LIEU OF TAX AGREEMENT**, (this “*Agreement*”) dated as of December 1, 2020 by and among the **CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY**, a corporate governmental agency constituting a body corporate and politic and a public benefit corporation organized and existing under the laws of the State of New York (hereinafter referred to as the “*Agency*”), having an office at 201 East Washington Street, 6<sup>th</sup> Floor, Syracuse, New York 13202, **DUPLI ASSOCIATES LLC**, a limited liability company organized under the laws of the State of New York, with offices at 113 Court Street, Binghamton, New York 13901 (“*Dupli*”) and **600 FRANKLIN OWNER LLC**, a limited liability company organized under the laws of the State of New York, with offices at 113 Court Street, Binghamton, New York 13901 (“*600 Franklin*” and together with Dupli, collectively, the “*Company*”).

## **W I T N E S S E T H:**

THE MEANING OF CAPITALIZED TERMS NOT OTHERWISE DEFINED HEREIN SHALL HAVE THE MEANINGS ATTACHED TO THEM IN THE AGENCY LEASE, DATED AS OF JULY 1, 2017 BY AND BETWEEN DUPLI AND THE AGENCY, AS AMENDED BY THE FIRST AMENDMENT TO AGENCY LEASE AGREEMENT DATED AS OF DECEMBER 1, 2020 BY AND BETWEEN THE DUPLI AND THE AGENCY.

**WHEREAS**, the New York State Industrial Development Agency Act, being Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of the State of New York, as amended (hereinafter referred to as the “*Enabling Act*”) authorizes the creation of industrial development agencies for the benefit of the several counties, cities, villages and towns in the State of New York and empowers such agencies, among other things, to acquire, construct, reconstruct, lease, improve, maintain, equip and furnish real and personal property, whether or not now in existence or under construction, which shall be suitable for, among others, manufacturing, warehousing, research, commercial or industrial purposes, in order to advance the job opportunities, health, general prosperity and economic welfare of the people of the State of New York and to improve their recreation opportunities, prosperity and standard of living; and

**WHEREAS**, the Enabling Act further authorizes each such agency to lease and to sell its projects, to charge and collect rent therefor, to issue its bonds or notes for the purpose of carrying out any of its corporate purposes and, as security for the payment of the principal and redemption price of, and interest on, any such bonds or notes, to mortgage any or all of its facilities and to pledge the revenues and receipts therefrom to the payment of such bonds or notes; and

**WHEREAS**, pursuant to and in accordance with the provisions of the Enabling Act, Chapter 641 of the 1979 Laws of the State of New York, as amended (said chapter and the Enabling Act being hereinafter collectively referred to as the “*Act*”) created the Agency for the benefit of the City of Syracuse (hereinafter referred to as the “*Municipality*”) and the inhabitants thereof; and

**WHEREAS**, at the request of Dupli, by resolution dated May 16, 2017 (the “*Original Inducement Resolution*”) the Agency undertook a project (the “*Original Project*”) consisting of: (A)(i) the acquisition of an interest in approximately 5 acres of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“*Building 1*”) (bearing tax parcel identification number 118.-06-08.0) (the “*Building 1 Land*”); and 156 Solar Street and Division Street W. improved by an

approximate 62,800 square foot building ("**Building 2**") (bearing tax parcel identification number 118.-06-01.0) (the "**Building 2 Land**"), each in the City of Syracuse, New York (the "**City**") (Building 1 Land together with Building 2 Land, collectively referred to as the "**Original Land**"); (ii) the reconstruction and renovation of approximately 21,000 square feet of Building 1 consisting of an approximately 15,000 square foot climbing gym and an approximately 6,000 square foot restaurant in the northwest corner of Building 1 (collectively, the "**Original Facility**"); (iii) the acquisition and installation in and at Building 1 of furniture, fixtures and equipment (the "**Original Equipment**" and together with the Original Land and the Original Facility, the "**Original Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Original Financial Assistance**"); (C) the appointment of Dupli or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Original Land and Original Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Original Equipment pursuant to a bill of sale from Dupli to the Agency; and the sublease of the Original Project Facility back to Dupli pursuant to a sublease agreement; and

**WHEREAS**, in July 2017, Dupli and Agency entered into a lease transaction to effectuate the undertaking of the Original Project and the conference of the approved Financial Assistance (the "**Original Lease Transaction**"). As part of the Original Lease Transaction, Dupli and the Agency executed and delivered numerous documents, including but not limited to, an agency agreement, a company lease, an agency lease, a bill of sale, an environmental compliance and indemnification agreement, a project agreement and a payment in lieu of taxes agreement (collectively, the "**Original Lease Documents**"); and

**WHEREAS**, to satisfy the tax credit investor and separate financing sources to allow for the syndication of historic tax credits relative to each Building 1 and Building 2, Dupli is required to set up separate single purpose entities ("**SPE**") to own each Building 1 and Building 2 (collectively, the "**Ownership Structure**"). At the time of the syndication of the tax credits, Dupli will own 90% of the SPE and the tax credit investor will own 10% of the SPE. To accommodate the Ownership Structure, Dupli requested, and the Agency approved, the amendment of the Original Lease Documents, including the Original Agency Lease, to bifurcate same into two sets of agreements (the "**Bifurcated Agreements**"), one for each parcel of Land and the corresponding improvements such that the amended/new agreements control the rights and obligations of the parties thereto with respect to that portion of the Project relative to Building 1, the Building 1 Land and the Financial Assistance and Equipment associated therewith (collectively, the "**Building 1 Project**") and Building 2, the Building 2 Land and the Financial Assistance and Equipment associated therewith (collectively, the "**Building 2 Project**"), respectively; and

**WHEREAS**, to accommodate the Ownership Structure, Dupli formed 600 Franklin Owner LLC, the SPE for the Building 1 Project ("**600 Franklin**" and together with Dupli, collectively, the "**Company**"), 600 Franklin will be a party to the Bifurcated Agreements for the Building 1 Project; and

**WHEREAS**, the Agency, by resolutions adopted April 21, 2020 and October 20, 2020, authorized the Bifurcated Agreements to provide for the Ownership Structure such that the applicable Bifurcated Agreements for the Building 1 Project will govern the Building 1 Project consisting of: (A)(i) the continuation of an interest in 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building ("**Building 1**") (bearing tax parcel identification number 118.-06-08.0), located in the City of Syracuse, New York (the "**City**") (the "**Land**"); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>[1]</sup> (the "**AMI**"); and approximately 3,500 sq.ft. of retail space (collectively, the "**Facility**"); and (iii) the acquisition and installation in and at the Land and Building 1 of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facility, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of the 600 Franklin or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facility by the Agency pursuant to an amended lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to an amended sublease agreement (all of the foregoing, collectively, the "**Project**"); and

**WHEREAS**, the Agency has leased the Land and Facility from Dupli pursuant to that certain company lease agreement dated as of July 1, 2017, as amended by the First Amendment to Company Lease Agreement, dated as of December 1, 2020, by and between Dupli and the Agency and that certain Dupli Building 1 Company Lease Agreement, dated as of December 1, 2020, by and among Dupli, 600 Franklin and the Agency (collectively, the "**Company Lease Agreement**"), obtained an interest in the Equipment pursuant to an bill of sale from Dupli to the Agency (the "**Dupli Bill of Sale**") and a bill of sale from 600 Franklin to the Agency (the "**600 Franklin Bill of Sale**" and together with the Dupli Bill of Sale, collectively, the "**Bill of Sale**"), each dated as of December 1, 2020; and subleased the Project Facility back to the Company pursuant to that certain Agency Lease Agreement dated as of July 1, 2017, as amended by the First Amendment to Agency Lease, dated as of December 1, 2020, by and between the Agency and Dupli and that certain Dupli Building 1 Agency Lease Agreement dated as of December 1, 2020, by and among the Agency, Dupli and 600 Franklin (collectively, the "**Agency Lease Agreement**"), (the Company Lease Agreement, the Bill of Sale and the Agency Lease Agreement are hereinafter collectively referred to as the "**Lease Agreements**"); and

**WHEREAS**, the Company acknowledges that the award of this Agreement was conditioned upon the Company's commitment to reserving and renting twenty percent (20%) of the residential

<sup>[1]</sup> As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%20001-06-2016.pdf](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%20001-06-2016.pdf)

units in the Project for tenants at the annual 65% area median income rent limit for the City as designated by US Department of Housing and Urban Development ("*HUD*"), inclusive of utilities, and published annually (the "*HUD Rates*") (collectively, the "*Rental Restrictions*"); and

**WHEREAS**, under the present provisions of the Act and Section 412-a of the Real Property Tax Law of the State of New York, the Agency is required to pay no taxes or assessments upon any of the property acquired by it or under its jurisdiction or supervision or control; and

**NOW, THEREFORE**, in consideration of the matters above recited, the parties hereto formally covenant, agree and bind themselves as follows, to wit:

**ARTICLE I**  
**REPRESENTATIONS AND WARRANTIES**

**Section 1.00 Recitals.**

The foregoing recitals are incorporated herein by reference as if fully set forth hereinbelow.

**Section 1.01. Representations and Warranties by Agency**

The Agency does hereby represent and warrant as follows:

(a) Existence and Power. The Agency has been duly established under the provisions of the Act and has the power to enter into the transactions contemplated by this Agreement and to carry out its obligations hereunder.

(b) Intentions. The Agency intends to acquire a leasehold interest in the Project Facility from the Company and to sublease the Project Facility back to the Company, all pursuant to the provisions of the Lease Agreements.

(c) Authorization. The Agency is authorized and has the corporate power under the Act, its by-laws and the laws of the State of New York to enter into this Agreement and the transactions contemplated hereby and to perform and carry out all the covenants and obligations on its part to be performed under and pursuant to this Agreement. By proper corporate action on the part of its members, the Agency has duly authorized the execution, delivery and performance of this Agreement and the consummation of the transactions herein contemplated.

(d) Validity. The Agency is not prohibited from entering into this Agreement and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement by the terms, conditions or provisions of the Act, any other law, any order of any court or other agency or authority of government, or any agreement or instrument to which the Agency is a party or by which the Agency is bound, and this Agreement is a legal, valid and binding obligation of the Agency enforceable in accordance with its terms.

## **Section 1.02. Representations and Warranties by Company**

Dupli and 600 Franklin, each as noted or jointly as the Company, acknowledge, represent, warrants and covenant to the Agency as follows:

(a) Existence. Each Dupli and 600 Franklin is a New York limited liability company duly organized, validly existing and in good standing under the laws of the State of New York.

(b) Authorization. Each Dupli and 600 Franklin is authorized and has the power under the laws of the State of New York to enter into this Agreement and the transactions contemplated hereby and to perform and carry out all covenants and obligations on its part to be performed under and pursuant to this Agreement. Each Dupli and Franklin has duly authorized the execution, delivery and performance of the Lease Agreements, this Agreement, and the other Company Documents (as that term is defined in the Agency Lease), and the consummation of the transactions therein and herein contemplated. Each Dupli and 600 Franklin is not prohibited from entering into this Agreement and discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement by (and the execution, delivery and performance of this Agreement, the consummation of the transactions contemplated hereby and the fulfillment of and compliance with the provisions of this Agreement will not conflict with or violate or constitute a breach of or a default under) the terms, conditions or provisions of its Articles of Organization, Operating Agreement or any other restriction or any law, rule, regulation or order of any court or other agency or authority of government, or any contractual limitation, restriction or outstanding indenture, deed of trust, mortgage, loan agreement, other evidence of indebtedness or any other agreement or instrument to which either Dupli or 600 Franklin is a party or by which it or any of its property is bound, and Dupli or 600 Franklin's discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement will neither be in conflict with or result in a breach of or constitute (with due notice and/or lapse of time) a default under any of the foregoing, nor result in the creation or imposition of any lien of any nature upon any of the property of Dupli and 600 Franklin under the terms of any of the foregoing, and this Agreement is a legal, valid and binding obligation of Dupli and 600 Franklin enforceable in accordance with its terms.

(c) Title. 600 Franklin has valid and marketable fee title to the Project Facility, free and clear of all liens and encumbrances except for Permitted Encumbrances (as defined in the Lease Agreements).

(d) Membership Interests. For the term of this Agreement, Dupli shall hold 90% of the membership interests of 600 Franklin and the tax credit investor shall hold 10% of such membership interests.

(e) Rental Restrictions. For the term of this Agreement, the Company shall comply with the Rental Restrictions as set forth herein.

(f) Governmental Consent. No further consent, approval or authorization of, or filing, registration or qualification with, any governmental or public authority on the part of the Company is required as a condition to the execution, delivery or performance of this Agreement by the Company or as a condition to the validity of this Agreement.

(g) The obligations of the Company to make the payments required by this Agreement and to perform and observe any and all of the other covenants and agreements on its part contained herein, including but not limited to the Rental Restrictions, are joint and several general obligations of the Company and are absolute and unconditional irrespective of any defense or any rights of set-off, recoupment, or counterclaim it may otherwise have against the Agency.

## **ARTICLE II** **COVENANTS AND AGREEMENTS**

### **Section 2.01. Tax-Exempt Status of the Project Facility**

(a) Assessment of the Project Facility. Pursuant to the Act and Section 412-a of the Real Property Tax Law, the parties hereto understand that, upon acquisition of ownership or control of the Project Facility by the Agency, and for so long thereafter as the Agency shall own or control the Project Facility, the Project Facility shall be entitled to an exemption upon the first available assessment roll of the Municipality prepared subsequent to the acquisition by the Agency of ownership or control of the Project Facility. The time of commencement of the Agency's exemption shall be controlled by the Municipality's taxable status date, in conformity with Section 412-a of the Real Property Tax Law. The Company will be required to pay to the Municipality all taxes and assessments lawfully levied and/or assessed against the Project Facility, in spite of the Agency's actual ownership or control of the Project Facility, until the Project Facility shall be entitled to exempt status on the tax roll of the Municipality. The Project Facility is currently exempt on the tax roll of the Municipality by reason of a 412-a exemption pursuant to the Original Lease Documents and such exemption shall continue uninterrupted upon the effective date of this Agreement.

(b) Special Assessments. The parties hereto understand that the tax exemption extended to the Agency by the Act and Section 412-a of the Real Property Tax Law does not entitle the Agency to exemption from special assessments and special ad valorem levies. The Company will be required at all times to pay all special assessments and special ad valorem levies lawfully levied and/or assessed against the Project Facility.

### **Section 2.02. Payments in Lieu of Taxes**

(a) Agreement to Make Payments. The Company agrees that it shall make periodic payments in lieu of real property taxes in the amounts hereinafter provided. The said payments due to the Agency hereunder shall be paid by the Company, to the Municipality, on behalf of the Agency, by check made payable to "*Commissioner of Finance*". Upon receipt of the Company's payment, the Municipality, on behalf of the Agency, will disburse the appropriate portion of the said payment to the County of Onondaga and the Municipality, or such other taxing jurisdiction, pursuant to the Act. This Company obligation shall exist for so long as the Agency retains an interest in the Project Facility. In accordance with the Original PILOT Agreement the year 1 payment due for the City and School portion of the year 1 payment under **Exhibit "A"** commenced on July 1, 2018. Likewise, the year 1 payment due for the County and Water District portion of the year 1 payment under **Exhibit "A"** commenced on January 1, 2019. The balance of the payments due under this Agreement are set forth on **Exhibit "A"** attached hereto.

(b) Amount of Payments in Lieu of Taxes. Unless otherwise stated, the Company's agreed upon annual payment in lieu of tax hereunder shall be an amount determined by reference to **Exhibit "A"**, attached hereto and made a part hereof. The payments in lieu of tax due, as set forth in **Exhibit "A"**, include any real property tax exemptions that might be afforded to 600 Franklin if the Project Facility were owned by 600 Franklin and not the Agency. As consideration for the benefits conferred on the Company pursuant to this Agreement, the Company hereby agrees to be bound by any determination by the City of Syracuse Board of Assessment Review resulting from a review of the assessment pertaining to the Project Facility and/or Additional Property throughout the term of this Agreement. The Company hereby agrees to waive any and all right to challenge or contest in a court of law (a "**Legal Challenge**"), those payments or the basis for those payments due pursuant to Exhibit "A." It shall also be an event of default under Article IV of this Agreement should the Company bring a Legal Challenge on the Project Facility and/or Additional Property.

(c) Additional Amounts in Lieu of Taxes. Commencing on the first tax year following the date on which any structural addition shall be made to the Facilities, or any new or additional building shall be constructed on the real property described in **Exhibit "B"** that is in addition to the Facilities (such structural additions and additional buildings being hereinafter referred to as "**Additional Property**"), the Company agrees to make additional periodic payments in lieu of real property taxes (such additional payments being hereinafter collectively referred to as "**Additional Payments**") to the Municipality on behalf of the Agency with respect to such Additional Property. Such Additional Payments shall be computed as follows:

By multiplying (1) the value placed on such Additional Property, as value is determined by the Municipality's assessor by (2) the tax rate or rates of the Municipality that would be applicable to such Additional Property if such Additional Property were owned or controlled by the Company and not the Agency; and (3) then reducing the amount so determined by the amounts of any properly acquired tax exemptions that would be afforded to the Company by the Municipality for such Additional Property as if it was owned or controlled by the Company and not the Agency.

(d) Revaluation. In the event of a real property assessment revaluation by the Municipality, the Company shall continue to make its payments in accordance with this Agreement; however, in the event that Exhibit "A" is no longer in effect, but payments are still being made hereunder for any reason, (including, but not limited to, the Agency still having an interest in the Project Facility), and would be effected by revaluation, each year's payments subsequent to such revaluation shall be adjusted to properly reflect revaluation, it being the intent of the parties that the level of payments following revaluation shall be equal to those payments contemplated by this Agreement.

(e) Damage or Destruction. In the event that all or substantially all of the Project Facility is damaged or destroyed, the Company shall continue to make the payments required by this Agreement for as long as the Agency shall own or control the Project Facility, without regard to such damage or destruction.

(f) Time of Payments. The Company agrees to pay the amounts due the Agency hereunder to the Municipality for each year of this Agreement, within the period that the Municipality

allows payment of taxes levied in such calendar year without penalty. 600 Franklin shall be entitled to receive receipts from the Municipality for such payments.

(g) Method of Payment. All payments by the Company hereunder shall be paid to the Municipality in lawful money of the United States of America, cash, money order or check.

### **Section 2.03. PILOT Statements**

The Municipality and/or the Agency shall submit to 600 Franklin written semi-annual statements specifying the amount and due date or dates of any payments due to the Agency hereunder. Each semi-annual PILOT statement shall be submitted to 600 Franklin at the same time that tax statements/bills are mailed by the Municipality to the owners of privately owned property. Failure to receive a PILOT statement shall not relieve the Company of its obligation to make all payments provided for hereunder. If, for any reason, the Company does not receive an appropriate PILOT Statement, the Company shall have the responsibility and obligation to make all reasonable inquiries to the Municipality and the Agency and to have such a statement issued, and thereafter to make payment of the same no later than the due dates provided herein.

### **Section 2.04. Obligations of Agency**

Requirement that Mortgagees Subordinate to Payments. The Agency and 600 Franklin agree that any mortgages on the Project Facility, given by either of them, shall provide that the rights of the mortgagees thereunder shall be subordinate to this Agreement and to the right of the Municipality to receive payments in lieu of taxes pursuant to Article II hereof.

### **Section 2.05. Company to Furnish Information**

The Company agrees to promptly comply with the reporting and information requirements of the Agency and the Act, and to promptly furnish the applicable information required or requested by the Agency and/or the State of New York. The Company further agrees to assist the Agency with the preparation of any reports, or answer any inquiries, required by the State of New York in connection with the Act or the Agency's participation in the Project.

In addition, during the Reporting Period (as defined in the Dupli Building 1 Agency Lease), the Company shall provide the reporting and certifications required relative to the Rental Restrictions as more fully set forth in Section 8.5 of the Dupli Building 1 Agency Lease. The Company acknowledges that failure to maintain and/or report on the Rental Restrictions as set forth herein and therein, shall give rise to the Agency's right to recapture all Recapture Amounts.

### **Section 2.06. Interest**

(a) Agreement to Pay Interest on Missed Payments. If the Company shall fail to make any payment required by this Agreement when due, its obligation to make the payment so in default shall continue as an obligation of the Company until such payment in default shall have been made in full, and the Company shall pay the same together with interest thereon, to the extent permitted by law, at the greater of: **(i) eighteen per cent (18%) per annum; or (ii) the rate per**

**annum which would be payable if such amounts were delinquent taxes, until so paid in full.**

(b) Maximum Legal Rate. It is the intent of the Agency, the Municipality, and the Company that in no event shall interest be payable at a rate in excess of the maximum rate permitted by applicable law (the "*Maximum Legal Rate*"). Solely to the extent necessary to prevent interest under this Agreement from exceeding the Maximum Legal Rate, any amount that would be treated as excessive under a final judicial interpretation of applicable law shall be deemed to have been a mistake and automatically canceled, and, if received by the Agency or Municipality, shall be refunded to 600 Franklin.

### **ARTICLE III** **LIMITED OBLIGATION OF THE AGENCY**

#### **Section 3.01. No Recourse; Limited Obligation of the Agency**

(a) No Recourse. All covenants, stipulations, promises, agreements and obligations of the Agency contained in this Agreement shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, director, officer, agent, servant or employee of the Agency in his individual capacity, and no recourse under or upon any obligation, covenant or agreement contained in this Agreement, or otherwise based on or in respect of this Agreement, or for any claim based thereon or otherwise in respect thereof, shall be had against any past, present or future member, director, officer, agent, servant or employee, as such, of the Agency or any successor public benefit corporation or political subdivision or any person executing this Agreement on behalf of the Agency, either directly or through the Agency or any successor public benefit corporation or political subdivision or any person so executing this Agreement. It is expressly understood that this Agreement is a corporate obligation, and that no such personal liability whatever shall attach to, or is or shall be incurred by, any such member, director, officer, agent, servant or employee of the Agency or of any successor public benefit corporation or political subdivision or any person so executing this Agreement under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom. Any and all such personal liability of, and any and all such rights and claims against, every such member, director, officer, agent, servant or employee under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom are, to the extent permitted by law, expressly waived and released as a condition of, and as a consideration for, the execution of this Agreement.

(b) Limited Obligation. The obligations and agreements of the Agency contained herein shall not constitute or give rise to an obligation of the State of New York or the Municipality, and neither the State of New York nor the Municipality shall be liable thereon. Furthermore, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency payable solely from the revenues of the Agency derived and to be derived from the lease, sale or other disposition of the Project.

(c) Further Limitation. Notwithstanding any provision of this Agreement to the contrary, the Agency shall not be obligated to take any action pursuant to any provision hereof unless (i) the Agency shall have been requested to do so in writing by 600 Franklin and (ii) if compliance with such request is expected to result in the incurrence by the Agency (or any of its

members, directors, officers, agents, servants or employees) of any liability, fees, expenses or other costs, the Agency shall have received from 600 Franklin security or indemnity satisfactory to the Agency for protection against all such liability, however remote, and for the reimbursement of all such fees, expenses and other costs.

#### **ARTICLE IV** **EVENTS OF DEFAULT**

##### **Section 4.01. Events of Default**

Any one or more of the following events shall constitute an event of default under this Agreement, and the terms “*Event of Default*” or “*Default*” shall mean, whenever they are used in this Agreement, any one or more of the following events:

(a) Failure of the Company to pay any amount due and payable by it pursuant to this Agreement, the Lease Agreements or the Company Documents.

(b) Commencement by the Company of a Legal Challenge, as defined in Section 2.02(b), to those payments or the basis for those payments due pursuant to Exhibit “A.”

(c) Failure of the Company to observe and perform any other covenant, condition or agreement on its part to be observed and performed under this Agreement (other than as referred to in paragraph (a) above), the Lease Agreements, or any other Company Document and continuance of such failure for a period of thirty (30) days after written notice to the Company specifying the nature of such failure hereunder, or with respect to the Lease Agreements, continuance of such failure for the duration of any applicable cure period set forth therein after receipt of any required notice thereunder.

(d) Any warranty, representation or other statement by or on behalf of the Company contained in this Agreement or the Lease Agreements shall prove to have been false or incorrect in any material respect on the date when made or on the effective date of this Agreement or the Lease Agreements.

(e) The Company violates any federal, state or local environmental law or allows or causes any Hazardous Materials (as Hazardous Materials is defined and described in any federal, state or local law) to be released at, on, to, into or from the Project Facility, except as permitted by the Lease Agreements or within the terms and conditions of a permit, certificate, license or other written approval of an authorized governmental body, and fails to remedy such violation within thirty (30) days; or if such failure cannot be cured within thirty (30) days, fails to commence a cure within thirty (30) days and thereafter diligently prosecute the cure thereof.

(f) The occurrence of any Event of Default or Default under this Agreement, the Lease Agreements or any other Company Documents.

(g) Failure of the Company to commence and complete the Project Facility on or before the Completion Date as set forth in the Agency Lease.

(h) Failure to maintain the Rental Restrictions and/or provide the required reporting relative thereto as set forth herein.

#### **Section 4.02. Remedies on Company Default**

Whenever any Event of Default under Section 4.01 shall have occurred and be continuing with respect to this Agreement, and/or the Company shall be in default under the Lease Agreements, the Agency may take whatever action at law or in equity, including but not limited to recapture in accordance with the Agency's Recapture Policy dated June 21, 2016 or pursuant to the terms of any Company Document, following applicable notice, as may appear necessary or desirable to collect the amount then in default or to enforce the performance and observance of the obligations, agreements and covenants of the Company under this Agreement and/or the Lease Agreements. Notwithstanding anything herein to the contrary, if the Lease Agreements are terminated for any reason, this Agreement shall automatically terminate without any further notice or action required hereunder and the Project Facility shall immediately become taxable and revert to the tax roll.

The payment schedule contained in Exhibit "A" is for the benefit of 600 Franklin and its Project Facility. In the event that the Company defaults hereunder, and the Lease Agreements cannot be terminated, and/or the Agency's participation in the Project and this Agreement is not or cannot be terminated, the Company, or any assignee, or successor shall no longer be entitled to make payments under this Agreement pursuant to Exhibit "A". In such an event, payments shall be made hereunder, for any remaining term of this Agreement, as if the Project Facility was privately owned and assessed and without any further regard to Exhibit "A".

#### **Section 4.03. Recording of Lease Terminations and Other Documents**

Whenever any Event of Default under Sections 4.01 shall have occurred and be continuing with respect to this Agreement or the Lease Agreements, the Agency may, upon notice to the Company provided for in this Agreement or the Lease Agreements, if any, terminate the Lease Agreements and record such termination or other necessary documents in the Onondaga County Clerk's Office, terminating the Agency's interest in the Project Facility thereby terminating this Agreement.

The recording of such a termination and any other documentation shall constitute delivery to, and acceptance of such, by the Company. In order to facilitate such a termination, the Company hereby appoints the Chair or the Vice Chair of the Agency as its agent for the purpose of executing and delivering all documents necessary to allow such termination by the Agency.

In the event that the Lease Agreements, for any reason, are extended by their terms, or for any reason this Agreement expires or terminates, but the Agency retains an interest or remains in title to the Project Facility, the Company shall continue to make payments in lieu of taxes to the Municipality, on behalf of the Agency, for as long as the Agency retains an interest in, or remains in title to, the Project Facility in accordance with Exhibit "A". Those payments shall be the equivalent of the real property taxes that would be due on the Project Facility if it were owned by 600 Franklin and the Agency had no interest therein. It is the intention of the parties hereto, that for so long as the Agency

shall possess title to, or an interest in, the Property, the Company, or any permitted successors or assigns, shall make payments in lieu of taxes to the Municipality, on behalf of the Agency, that are either based upon Exhibit "A", or if Exhibit "A" is no longer applicable for any reason, are the equivalent of the real property taxes that would be due and owing if the Project Facility were privately owned and the Agency had no interest therein.

#### **Section 4.04. Payment of Attorney's Fees and Expenses**

If the Company should default in performing any of its obligations, covenants and agreements under this Agreement and the Agency or the Municipality should employ attorneys (whether in-house or outside counsel) or incur other expenses for the collection of any amounts payable hereunder or for the enforcement of performance or observance of any obligation or agreement on the part of the Company herein contained, the Company agrees that it will, on demand therefor, pay to the Agency and/or the Municipality the reasonable fees and disbursements of such attorneys and such other reasonable expenses so incurred.

Furthermore, should 600 Franklin bring a Legal Challenge on the Project Facility and/or Additional Property during the term of this Agreement, and the Agency and/or the Municipality waives its right to declare a default under this Agreement in regard to such Legal Challenge, or such Legal Challenge is determined not to be a default of this Agreement by any Court of competent jurisdiction, 600 Franklin agrees that in the event that 600 Franklin is unsuccessful in its Legal Challenge, it will, on demand, pay to the Agency and/or the Municipality the reasonable fees and disbursements of any attorneys employed (whether in-house or outside counsel) for the defense of such Legal Challenge as well as such other reasonable expenses so incurred.

#### **Section 4.05. Remedies; Waiver and Notice**

(a) No Remedy Exclusive. No remedy herein conferred upon or reserved to the Agency is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute.

(b) Delay. No delay or omission in exercising any right or power accruing upon the occurrence of any Event of Default hereunder shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient.

(c) Notice Not Required. In order to entitle the Agency to exercise any remedy reserved to it in this Agreement, it shall not be necessary to give any notice, other than such notice as may be expressly required in this Agreement.

(d) No Waiver. In the event any provision contained in this Agreement should be breached by any party and thereafter duly waived by the other party so empowered to act, such waiver shall be limited to the particular breach so waived and shall not be deemed to be a waiver of any other breach hereunder. No waiver, amendment, release or modification of this Agreement shall be established by conduct, custom or course of dealing.

(e) Recapture. Seek to recover all or some of the Recapture Amount in accordance with the Agency's Recapture Policy, the Agency Lease, the Project Agreement and this PILOT Agreement.

## **ARTICLE V** **MISCELLANEOUS**

### **Section 5.01. Term of Agreement**

(a) General. This Agreement shall become effective and the obligations of the Agency and the Company shall arise absolutely and unconditionally upon the execution and delivery of this Agreement. This Agreement shall terminate on the earliest to occur of: (i) the same date that the Dupli Building 1 Agency Lease Agreement terminates; (ii) on any earlier date permitted under the Dupli Building 1 Agency Lease Agreement; or (iii) upon the expiration on **June 30, 2033** of the PILOT Schedule set forth in **Exhibit "A"** hereto. In the event of a termination of the Agency's interest in the Project Facility, the Company's payments due hereunder shall be pro-rated to the extent necessary to allow the Municipality to issue a supplemental PILOT Statement based upon the Agency's transfer of ownership or control of the Project Facility to the Company, and the loss of the Agency's tax exemption on the said Project Facility.

(b) Conflict. In the event of a conflict between this Agreement or any of its terms on the one hand, and the Lease Agreements or any other Project documents on the other hand, the provisions most favorable to the Agency shall govern. The Agency and the Company agree that the Agency's participation in this Agreement is for the benefit of the Company and that the Municipality must receive payments from the Company hereunder, during the entire term of this Agreement and/or the Agency's ownership or control of the Project Facility.

### **Section 5.02. Company Acts**

Where the Company is required to do or accomplish any act or thing hereunder, the Company may cause the same to be done or accomplished with the same force and effect as if done or accomplished by the Company.

### **Section 5.03. Amendment of Agreement**

This Agreement may not be amended, changed, modified or altered unless such amendment, change, modification or alteration is in writing and signed by the Agency and the Company.

### **Section 5.04. Notices**

All notices, certificates or other communications hereunder shall be in writing, shall be sufficiently given, and shall be deemed given when (a) sent to the applicable address stated below by registered or certified mail, return receipt requested, and actually received by the intended recipient or by overnight courier or such other means as shall provide the sender with documentary evidence of such delivery, or (b) delivery is refused by the addressee as evidenced by the affidavit of the person

who attempted to effect such delivery. The addresses to which notices, certificates, and other communications hereunder shall be delivered are as follows:

- (a) To the Agency:  
City of Syracuse Industrial Development Agency  
201 East Washington Street, 6<sup>th</sup> Floor  
Syracuse, New York 13202  
Attention: Chair

With a copy to:

Bousquet Holstein PLLC  
110 West Fayette Street, Suite 1000  
Syracuse, New York 13202  
Attn: Susan R. Katzoff, Esq.

And to:

Corporation Counsel  
City of Syracuse  
233 East Washington Street, Room 300  
Syracuse, New York 13202

- (b) To the Company:  
  
600 Franklin Owner LLC  
113 Court Street  
Binghamton, New York 13901  
Attn: Mark E. Lane

And to:

Dupli Associates LLC  
113 Court Street  
Binghamton, New York 13901  
Attn: Mark E. Lane

With a copy to:

Lynn D'Elia Temes & Stanczyk LLC  
100 Madison Street  
Tower 1 – Suite 1905  
Syracuse, New York 13202  
Attn: Timothy M. Lynn, Esq.

The Agency and the Company may, by notice given hereunder to each of the others, designate

any further or different addresses to which the subsequent notices, certificates or other communications to them shall be sent.

#### **Section 5.05. Binding Effect**

This Agreement shall inure to the benefit of, and shall be binding upon the Agency and the Company, and their respective successors and assigns.

#### **Section 5.06. Severability**

If any article, section, subdivision, paragraph, sentence, clause, phrase, provision or portion of this Agreement shall for any reason be held or adjudged to be invalid or illegal or unenforceable by any court of competent jurisdiction, such article, section, subdivision, paragraph, sentence, clause, phrase, provision or portion so adjudged invalid, illegal or unenforceable shall be deemed separate, distinct and independent and the remainder of this Agreement shall be and remain in full force and effect and shall not be invalidated or rendered illegal or unenforceable or otherwise affected by such holding or adjudication.

#### **Section 5.07. Counterparts; Electronic Signatures**

This agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Delivery of an executed signature page counterpart hereof by telecopy, emailed .pdf or any other electronic means that reproduces an image of the actual executed signature page shall be effective as delivery of a manually executed counterpart hereof. The words “execution,” “signed,” “signature,” “delivery,” and words of like import in or relating to any document to be signed in connection with this agreement and the transactions contemplated hereby shall be deemed to include electronic signatures, the electronic association of signatures and records on electronic platforms, deliveries or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature, physical delivery thereof or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, any other similar state laws based on the Uniform Electronic Transactions Act, the Uniform Commercial Code, each as amended, and the parties hereto hereby waive any objection to the contrary, provided that (x) nothing herein shall require the Agency to accept electronic signature counterparts in any form or format and (y) the Agency reserves the right to require, at any time and at its sole discretion, the delivery of manually executed counterpart signature pages to this agreement and the parties hereto agree to promptly deliver such manually executed counterpart signature pages.

#### **Section 5.08. Applicable Law**

This Agreement shall be governed by and construed in accordance with the laws of the State of New York. Venue of any action or proceeding brought hereunder shall be in the State or Federal Courts located in Onondaga County, New York.

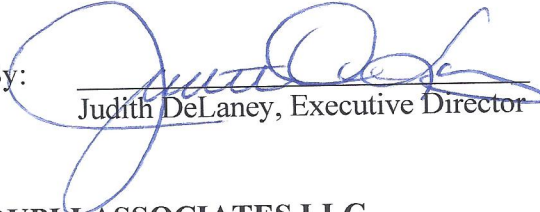

**Section 5.09. Assignment**

This Agreement may not be assigned by the Company without the prior written consent of the Agency.

**LEGAL DESCRIPTION**

**600 Franklin Street North to Solar Street**

ALL THAT TRACT OR PARCEL OF LAND, situate in the City of Syracuse, County of Onondaga and State of New York, being part of Salina Marsh Lot 39 in said City, being part of lands conveyed to Borden's Food Products Company, Inc., and/or Borden, Inc. by the following 3 deeds:

1. from Borden's Milk Products Company, Inc. dated January 4, 1936 and recorded in Onondaga County Clerk's Office in Book of Deeds 800 at Page 192;
2. from James A. Jacobs and Susan Jacobs dated July 28, 1988 and recorded in Onondaga County Clerk's Office in Book 3496 of Deeds at Page 341;
3. from Woodstead Enterprises, LTD. dated November 28, 1988 and recorded in Onondaga County Clerk's Office in Book 3496 of Deeds at Page 337;

and being more particularly described as follows:

Beginning at a drill hole set in the northeasterly boundary of Solar Street, said point being the most westerly corner of lands conveyed by Borden, Inc. to the City of Syracuse for public purposes by deed recorded in Onondaga County Clerk's Office in Book 3507 at Page 168, said point also being 126.68 feet distant northwesterly, measured along said northeasterly street boundary, from its intersection with the northwesterly boundary of Plum Street; running thence N 28° 09' 10" W along said northeasterly boundary of Solar Street, a distance of 292.22 feet to a capped iron pin found at its intersection with the division line between said lands of Borden, Inc. on the south and lands of Syracuse Scale Co., Inc. (reputed owner) on the north; thence N 80° 59' 20" E along said division line, a distance of 76.21 feet to an iron pipe set; thence N 61° 50' 50" E, continuing along said division line, a distance of 112.76 feet to a capped iron pin found at a point of curvature; thence northeasterly, continuing along said division line and along the division line between said lands of Borden, Inc. on the southeast and lands of 667 N. Clinton Street Associates (reputed owner) on the northwest, following a curve to the right having a radius of 371.02 feet, a central angle of 12° 13' 48", and a chord bearing N 67° 57' 44" E, 79.05 feet, an arc distance of 79.20 feet to an iron pipe set; thence N 61° 50' 50" E, continuing along the last mentioned division line, a distance of 330.83 feet to a lag bolt in concrete set at its intersection with the southwest boundary of North Clinton Street; thence S 28° 09' 10" E along said street boundary, a distance of 212.14 feet to a nail and flag in concrete found; thence s 61° 50' 50" w along the division line between said lands of Borden, Inc. on the northwest and lands of Franklin Square Rousing Associates (reputed owner) on the southeast, a distance of 245.00 feet to a capped iron pin found; thence S 28° 09' 10" E continuing along said division line, a distance of 33.00 feet to a capped iron pin found; thence s 61° 50' 50" w continuing along said division line, a distance of 30.00 feet to a capped iron pin found at its intersection with the northeasterly boundary of North Franklin Street; thence N 28° 09' 10 W along said street boundary, a distance of 33.00 feet to a PK nail set at the most northerly corner of said North Franklin Street; thence s 61° 50' 50" W along the northwesterly boundary of North Franklin Street, a distance of 60.00 feet to a masonry anchor set at the most westerly corner thereof; thence S 28° 09' 10" E along the southwest boundary of said North Clinton Street, a distance of 46.67 feet to an iron pipe set at the most northerly corner of the aforementioned lands conveyed by Borden, Inc. to the City of Syracuse for public purposes; thence s 61° 50' 50" w along the northwesterly boundary of said lands, said boundary also being the northwesterly boundary of Gail Borden Drive, a distance of 259.18 feet to the point of beginning.

Re: City of Syracuse Industrial Development Agency  
Dupli Associates, LLC – Building 1 Project (600 Franklin Street)  
Dupli Associates, LLC – Building 2 Project (156 Solar Street)

Dear Mr. Clifford:

Enclosed herewith please find an original form RP-412-a *for each* Payment in Lieu of Taxes Agreement attendant with the above referenced projects to be filed with your office.

We previously sent you, via email, fully executed copies of the First Amendment to PILOT Agreement, as well as a copy of the First Amendment to Company Lease Agreement, First Amendment to Agency Lease Agreement, each containing fully executed copies of the exhibits which represent the new leases for each of the above referenced Project locations, and copies of the Payment in Lieu of Taxes Agreements for each of the above referenced projects.

We have enclosed an extra copy of each RP-412-a and ask that you return both, filed-stamped, in the envelope provided.

If you have any questions regarding the foregoing, or require anything additional from us, please do not hesitate to contact me.

Very truly yours,

/s/ Susan R. Katzoff

**BUILDING AND PROJECT MORTGAGE  
ASSIGNMENT OF RENTS, SECURITY AGREEMENT AND  
FIXTURE FILING**

THIS BUILDING AND PROJECT MORTGAGE, ASSIGNMENT OF RENTS, SECURITY AGREEMENT AND FIXTURE FILING (this "Mortgage") is made as of December 16, 2020, by and among CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY, a public benefit corporation duly existing under the laws of the State of New York with offices at 201 East Washington Street, 6<sup>th</sup> Floor, Syracuse, New York 13202 ("Agency") and 600 FRANKLIN OWNER LLC, a New York limited liability company with a place of business at 113 Court Street, Binghamton, New York 13901 ("Mortgagor") in favor of TOMPKINS TRUST COMPANY, its successors and assigns ("Mortgagee") whose principal office and place of business is 118 E. Seneca Street, Ithaca, New York 14850.

1. Grant and Secured Obligations.

1.1 Grant. For the purpose of securing payment and performance of the Secured Obligations defined and described in Section 1.2 below, Mortgagor and the Agency hereby irrevocably and unconditionally grant, bargain, sell, convey, mortgage and, solely as to Mortgagor, warrants to Mortgagee, with power of sale and with right of entry and possession, all estate, right, title and interest which Mortgagor and/or the Agency now has or may later acquire in and to the following property, and excepting therefrom all of the Agency's Unassigned Rights, as that term is defined in the Dupli Building 1 Agency Lease Agreement dated as of December 1, 2020 between the Agency and the Mortgagor (the "Agency Lease") (all or any part of such property, or any interest in all or any part of it, as the context may require, the "Property"):

(a) The real property located in the City of Syracuse, County of Onondaga, State of New York, as described in Exhibit A, together with all existing and future easements and rights affording access to it (the "Premises"); together with

(b) All buildings, structures and improvements now located or later to be constructed on the Premises (the "Improvements"); together with

(c) All existing and future appurtenances, privileges, easements, franchises and tenements of the Premises, including all minerals, oil, gas, other hydrocarbons and associated substances, sulphur, nitrogen, carbon dioxide, helium and other commercially valuable substances which may be in, under or produced from any part of the Premises, all development rights and credits, air rights, water, water rights (whether riparian, appropriative or otherwise, and whether or not appurtenant) and water stock, and any Premises lying in the streets, roads or avenues, open or proposed, in front of or adjoining the Premises and Improvements; together with

(d) All existing and future leases, subleases, subtenancies, licenses, occupancy agreements and concessions, excluding therefrom that certain Dupli Building 1 Company Lease Agreement dated as of December 1, 2020 between Mortgagor and the Agency and the Agency Lease ("Leases") relating to the use and enjoyment of all or any part of the Premises and Improvements, and any and all guaranties and other agreements relating to or made in connection with any of such Leases; together with

(e) All real property and improvements on it, and all appurtenances and other property and interests of any kind or character, whether described in Exhibit A or not, which may be reasonably necessary or desirable to promote the present and any reasonable future beneficial use and enjoyment of the Premises and Improvements; together with

(f) All goods, materials, supplies, chattels, furniture, fixtures, equipment and machinery now or later to be attached to, placed in or on, or used in connection with the use, enjoyment, occupancy or operation of all or any part of the Premises and Improvements, whether stored on the Premises or elsewhere, including all pumping plants, engines, pipes, ditches and flumes, and also all gas, electric, cooking, heating, cooling, air conditioning, lighting, refrigeration and plumbing fixtures and equipment, all of which shall be considered to the fullest extent of the law to be real property for purposes of this Mortgage and any manufacturer's warranties with respect thereto; together with

(g) All building materials, equipment, work in process or other personal property of any kind, whether stored on the Premises or elsewhere, which have been or later will be acquired for the purpose of being delivered to, incorporated into or installed in or about the Premises or Improvements; together with

(h) All of Mortgagor's interest in and to all operating accounts in connection with the mortgaged premises, the Loan (defined below) funds, whether disbursed or not, and any other bank accounts of Mortgagor; together with

(i) All of Mortgagor's rights to the payment of money, accounts, accounts receivable, reserves, deferred payments, refunds, cost savings, payments and deposits, whether now or later to be received from third parties (including all earnest money sales deposits) or deposited by Mortgagor with third parties (including all utility deposits), contract rights, development and use rights, governmental permits and licenses, applications, architectural and engineering plans, specifications and drawings, as-built drawings, chattel paper, instruments, documents, notes, drafts and letters of credit (other than letters of credit in favor of Mortgagee), which arise from or relate to construction on the Premises or to any business now or later to be conducted on it, or to the Premises and Improvements generally and any builder's or manufacturer's warranties with respect thereto; together with

(j) All insurance policies pertaining to the Premises and all proceeds, including all claims to and demands for them, of the voluntary or involuntary conversion of any of the Premises, Improvements or the other property described above into cash or liquidated claims, including proceeds of all present and future fire, hazard or casualty insurance policies and all condemnation awards or payments now or later to be made by any public body or decree by any court of competent jurisdiction for any taking or in connection with any condemnation or eminent domain proceeding, and all causes of action and their proceeds for any damage or injury to the Premises, Improvements or the other property described above or any part of them, or breach of warranty in connection with the construction of the Improvements, including causes of action arising in tort, contract, fraud or concealment of a material fact; together with

(k) All of Mortgagor's rights in and to all Interest Rate Agreements (defined below); together with

(l) All books and records of Mortgagor pertaining to any and all of the property described above, including computer-readable memory and any computer hardware or software necessary to access and process such memory ("Books and Records"); together with

(m) All proceeds of, additions and accretions to, substitutions and replacements for, and changes in any of the property described above.

## 1.2 Secured Obligations.

(a) Mortgagor and the Agency make the grant, conveyance, and mortgage set forth in Section 1.1 above, and grant the security interest set forth in Section 3 below for the purpose of securing the following obligations (the "Secured Obligations") in any order of priority that Mortgagee may choose:

(i) Payment of all obligations at any time owing under that certain Construction to Permanent Mortgage Note (the "Note") bearing even date herewith, payable by Mortgagor evidencing a construction loan in the stated principal amount of up to **FOURTEEN MILLION FIVE HUNDRED THOUSAND AND 00/100 DOLLARS (\$14,500,000.00)**;

(ii) Payment and performance of all obligations of Mortgagor under this Mortgage; and

(iii) Payment and performance of any obligations of Mortgagor under any Loan Documents which are executed by Mortgagor. "Loan Documents" means the collective reference to this Mortgage and all other instruments, agreements and documents entered into from time to time, evidencing or securing the Loan or any obligation of payment thereof or performance of Mortgagor's or any guarantor's obligations in connection with the transaction contemplated hereunder, each as amended; and

(iv) Payment and performance of all obligations of Mortgagor arising from any Interest Rate Agreements. "Interest Rate Agreements" shall mean all agreements for any derivative or hedging product including, without limitation, interest rate or equity swaps, futures, options, caps, floors, collars or forwards now or hereafter entered into by Mortgagor with Mortgagee or any of its affiliates with respect to the Note; and

(v) Payment and performance of all future advances and other obligations that Mortgagor or any successor in ownership of all or part of the Property may agree to pay and/or perform (whether as principal, surety or guarantor) for the benefit of Mortgagee, when a writing evidences the parties' agreement that the advance or obligation be secured by this Mortgage; and

(vi) Payment and performance of all modifications, amendments, extensions, and renewals, however evidenced, of any of the Secured Obligations.

(b) All persons who may have or acquire an interest in all or any part of the Property will be considered to have notice of, and will be bound by, the terms of the Secured Obligations and each other agreement or instrument made or entered into in connection with each of the Secured Obligations. Such terms include any provisions in the Note which permit borrowing, repayment and reborrowing, or which provide that the interest rate on one or more of the Secured Obligations may vary from time to time.

## 2. Assignment of Rents.

2.1 Assignment. Mortgagor hereby irrevocably, absolutely, presently and unconditionally assigns to Mortgagee all rents, royalties, issues, profits, revenue, income, accounts, proceeds and other benefits of the Property, whether now due, past due or to become due, including all prepaid rents and security deposits (some or all collectively, as the context may require, "Rents"). This is an absolute assignment, not an assignment for security only.

**2.2 Grant of License.** Mortgagee hereby confers upon Mortgagor a license (“License”) to collect and retain the Rents as they become due and payable, so long as no Event of Default, as defined in Section 6.1 below, shall exist and be continuing. If an Event of Default has occurred and is continuing, Mortgagee shall have the right, which it may choose to exercise in its sole discretion, to terminate this License without notice to or demand upon Mortgagor, and without regard to the adequacy of Mortgagee’s security under this Mortgage.

**2.3 Collection and Application of Rents.** Subject to the License granted to Mortgagor under Section 2.2 above, Mortgagee has the right, power and authority to collect any and all Rents. Mortgagor hereby appoints Mortgagee its attorney-in-fact to perform any and all of the following acts, if and at the times when Mortgagor in its sole discretion may so choose:

- (a) Demand, receive and enforce payment of any and all Rents; or
- (b) Give receipts, releases and satisfactions for any and all Rents; or
- (c) Sue either in the name of Mortgagor or in the name of Mortgagee for any and all Rents.

Mortgagee and Mortgagor agree that the mere recordation of the assignment granted herein entitles Mortgagee immediately to collect and receive rents upon the occurrence of an Event of Default, as defined in Section 6.1, without first taking any acts of enforcement under applicable law, such as, but not limited to, providing notice to Mortgagor, filing foreclosure proceedings, or seeking and/or obtaining the appointment of a receiver. Further, Mortgagee’s right to the Rents does not depend on whether or not Mortgagee takes possession of the Property as permitted under Subsection 6.2(f). In Mortgagee’s sole discretion, Mortgagee may choose to collect Rents either with or without taking possession of the Property. Mortgagee shall apply all Rents collected by it in the manner provided under Section 6.5. If an Event of Default occurs while Mortgagee is in possession of all or part of the Property and is collecting and applying Rents as permitted under this Mortgage, Mortgagee and any receiver shall nevertheless be entitled to exercise and invoke every right and remedy afforded any of them under this Mortgage and at law or in equity.

**2.4 Mortgagee Not Responsible.** Under no circumstances shall Mortgagee have any duty to produce Rents from the Property. Regardless of whether or not Mortgagee, in person or by agent, takes actual possession of the Premises and Improvements, unless Mortgagee agrees in writing to the contrary, Mortgagee is not and shall not be deemed to be:

- (a) A “mortgagee in possession” for any purpose; or
- (b) Responsible for performing any of the obligations of the lessor under any lease; or
- (c) Responsible for any waste committed by lessees or any other parties, any dangerous or defective condition of the Property, or any negligence in the management, upkeep, repair or control of the Property; or
- (d) Liable in any manner for the Property or the use, occupancy, enjoyment or operation of all or any part of it.

**2.5 Leasing.** Mortgagor shall comply with and observe Mortgagor’s obligations as landlord or as tenant, as the case may be, under any Leases of the Property or any part thereof. Mortgagor shall furnish Mortgagee with executed copies of the Leases now existing or hereafter made of all or any part of the Property, and all future Leases and all amendments or modifications thereto shall be subject to Mortgagee’s prior written approval. Unless otherwise directed by Mortgagee, all Leases of the Property made after the

date hereof shall specifically provide that such Leases are subordinate to this Mortgage; that the tenant attorns to Mortgagee, such attornment to be effective upon Mortgagee's acquisition of title to the Property; that the tenant agrees to execute such further evidences of attornment as Mortgagee may from time to time request; and that the attornment of the tenant shall not be terminated by foreclosure. Mortgagor shall not, without Mortgagee's written consent, execute, modify, surrender or terminate, either orally or in writing, any lease hereafter made of all or any part of the Property, permit an assignment or sublease of such a lease, or request or consent to the subordination of any lease of all or any part of the Property to any lien subordinate to this Mortgage, provided that such Leases are on commercially reasonable terms. If Mortgagor becomes aware that any tenant proposes to do, or is doing, any act or thing that may give rise to any right to set-off against rent, Mortgagor shall (a) take such steps as shall be reasonably calculated to prevent the accrual of any right to a set-off against rent, (b) notify Mortgagee thereof and of the amount of said set-offs, and (c) within twenty (20) days after such accrual, reimburse the tenant who shall have acquired such right to set-off or take such other steps as shall effectively discharge such set-off and as shall assure that rents thereafter due shall continue to be payable without set-off or deduction.

### 3. Grant of Security Interest.

3.1 Security Agreement. The parties intend for this Mortgage to create a lien on the Property, and an absolute assignment of the Rents, all in favor of Mortgagee. The parties acknowledge that some of the Property and some or all of the Rents may be determined under applicable law to be personal property or fixtures. To the extent that any Property or Rents may be or be determined to be personal property, Mortgagor and the Agency as debtor hereby grants Mortgagee as secured party a security interest in all such Property and Rents, to secure payment and performance of the Secured Obligations. This Mortgage constitutes a security agreement under the Uniform Commercial Code of the state in which the Property is located, covering all such Property and Rents.

3.2 Financing Statements. Mortgagor and the Agency hereby authorizes Mortgagee to file one or more financing statements. In addition, Mortgagor and the Agency (in accordance with NYS General Municipal Law) shall execute such other documents as Mortgagee may from time to time require to perfect or continue the perfection of Mortgagee's security interest in any Property or Rents. As provided in Section 5.13 below, Mortgagor shall pay all fees and costs that Mortgagee may incur in filing such documents in public offices and in obtaining such record searches as Mortgagee may reasonably require. In case Mortgagor fails to execute any financing statements or other documents for the perfection or continuation of any security interest, Mortgagor hereby appoints Mortgagee as its true and lawful attorney-in-fact to execute any such documents on its behalf. If any financing statement or other document is filed in the records normally pertaining to personal property, that filing shall never be construed as in any way derogating from or impairing this Mortgage or the rights or obligations of the parties under it.

### 4. Fixture Filing.

This Mortgage constitutes a financing statement filed as a fixture filing under Article 9 of the Uniform Commercial Code in the state in which the Property is located, as amended or recodified from time to time, covering any Property which now is or later may become fixtures attached to the Premises or Improvements. For this purpose, the respective addresses of Mortgagor, as debtor, Agency, and Mortgagee, as secured party, are as set forth in the preambles of this Mortgage.

### 5. Rights and Duties of the Parties.

5.1 Representations and Warranties. Mortgagor represents and warrants that:

(a) Mortgagor lawfully possesses and holds fee simple title to all of the Premises and Improvements, subject only to leasehold interest of the Agency;

- (b) Mortgagor has or will have good title to all Property;
- (c) Mortgagor has the full and unlimited power, right and authority to encumber the Property and assign the Rents;
- (d) This Mortgage creates a first and prior lien on the Property;
- (e) The Property includes all property and rights which may be reasonably necessary or desirable to promote the present and any reasonable future beneficial use and enjoyment of the Premises and Improvements;
- (f) Mortgagor owns any Property which is personal property free and clear of any security agreements, reservations of title or conditional sales contracts, and there is no financing statement affecting such personal property on file in any public office; and
- (g) Mortgagor's place of business, or its chief executive office if it has more than one place of business, is located at the address specified below.

**5.2 Taxes and Assessments.** Mortgagor shall pay all real estate taxes or payments in lieu of thereof, and assessments and charges of every kind upon the Property before the same become delinquent, provided, however, that Mortgagor shall have the right to pay such tax under protest or to otherwise contest any such tax or assessment, but only if (a) such contest has the effect of preventing the collection of such taxes so contested and also of preventing the sale or forfeiture of the Property or any part thereof or any interest therein, (b) Mortgagor has notified Mortgagee of Mortgagor's intent to contest such taxes, and (c) Mortgagor has deposited security in form and amount satisfactory to Mortgagee, in its sole discretion, and has increased the amount of such security so deposited promptly after Mortgagee's request therefor. If Mortgagor fails to commence such contest or, having commenced to contest the same, and having deposited such security required by Mortgagee for its full amount, shall thereafter fail to prosecute such contest in good faith or with due diligence, or, upon adverse conclusion of any such contest, shall fail to pay such tax, assessment or charge, Mortgagee may, at its election (but shall not be required to), pay and discharge any such tax, assessment or charge, and any interest or penalty thereon, and any amounts so expended by Mortgagee shall be deemed to constitute disbursements of the Loan proceeds hereunder (even if the total amount of disbursements would exceed the face amount of the Note). Mortgagor shall furnish to Mortgagee evidence that taxes are paid at least five (5) days prior to the last date for payment of such taxes and before imposition of any penalty of accrual of interest.

**5.3 Performance of Secured Obligations.** Mortgagor shall promptly pay and perform each Secured Obligation in accordance with its terms.

**5.4 Funds for Taxes, Insurance and Other Charges.** Upon the occurrence of an Event of Default (as defined herein), Mortgagee shall have the right to require Mortgagor to pay to Mortgagee on the first day of each month, until the Secured Obligations have been paid in full, a sum (herein "Funds") equal to one-twelfth of (a) the yearly water and sewer rates and taxes and assessments that may be levied on the Property and (b) the yearly premium installments for fire and other hazard insurance, rent loss insurance (if applicable) and such other insurance covering the Property as Mortgagee may require, all as reasonably estimated initially and from time to time by Mortgagee on the basis of assessments and bills and reasonable estimates thereof. Any waiver by Mortgagee of a requirement that Mortgagor pay such Funds may be revoked by Mortgagee, in Mortgagee's sole discretion, at any time upon notice in writing to Mortgagor. Mortgagee may require Mortgagor to pay to Mortgagee, in advance, such other Funds for other taxes, charges, premiums, assessments and impositions in connection with Mortgagor or the Property that Mortgagee shall reasonably deem necessary to protect Mortgagee's interests (herein "Other Impositions"). Unless otherwise provided by applicable law, Mortgagee, at Mortgagee's option, may require Funds for

Other Impositions to be paid by Mortgagor in a lump sum (not exceeding Other Impositions due for a one-year period) or in periodic installments.

The Funds shall be held by Mortgagee and shall be applied to pay such rates, rents, taxes, assessments, insurance premiums and Other Impositions so long as no Event of Default has occurred. Mortgagee shall make no charge for so holding and applying the Funds, analyzing such account or for verifying and compiling said assessments and bills, unless Mortgagee pays Mortgagor interest, earnings or profits on the Funds and applicable law permits Mortgagee to make such a charge. Unless applicable law requires interest, earnings or profits on the Funds to be paid, Mortgagee shall not be required to pay Mortgagor any interest, earnings or profits on the Funds. Mortgagee shall give to Mortgagor, without charge, an annual accounting of the Funds showing credits and debits to the Funds and the purpose for which each debit to such Funds was made. The Funds are pledged as additional security for the Secured Obligations and shall be subject to the right of set off.

If the amount of the Funds held by Mortgagee at the time of the annual accounting thereof shall exceed the amount deemed necessary by Mortgagee to provide for the payment of water and sewer rates, taxes, assessments, insurance premiums, rents and Other Impositions, as such payments become due, Mortgagee (in its sole discretion) may either (i) return the amount of the excess to Mortgagor or (ii) apply a part or all of such excess at such time or times as it may elect to the Secured Obligations. If, at any time, the amount of the Funds held by Mortgagee shall be less than the amount deemed necessary by Mortgagee to pay water and sewer rates, taxes, assessments, insurance premiums, rents and Other Impositions, as such payments become due, Mortgagor shall, on demand, pay such deficiency. Upon the occurrence of an Event of Default, Mortgagee may apply, in any amount and in any order as Mortgagee shall determine in Mortgagee's sole discretion, any Funds held by Mortgagee at the time of application (A) to pay rates, rents, taxes, assessments, insurance premiums and Other Impositions that are now or shall hereafter become due; or (B) as a credit against sums secured by this Mortgage. Upon release of this Mortgage and payment in full of the Secured Obligations, Mortgagee shall promptly refund to Mortgagor any Funds held by Mortgagee.

**5.5 Use of Property.** Unless required by applicable law or unless Mortgagee has otherwise agreed in writing, Mortgagor shall not allow changes in the use for which all or any part of the Property was intended at the time this Mortgage was executed. Mortgagor shall not initiate or acquiesce in a change in the zoning classification of the Property without Mortgagee's prior written consent. Mortgagor shall not consent to the submission of the Property, or any portion thereof, to any condominium regime.

**5.6 Liens, Charges and Encumbrances.** Mortgagor shall pay all water and sewer rates, rents, taxes, assessments, premiums, charges and impositions, attributable to the Property. Mortgagor shall promptly discharge any lien that has, or may have, priority over or equality with, the lien of this Mortgage, other than Permitted Encumbrances.

If a mechanic's lien is filed against the Property, Mortgagor shall promptly notify Mortgagee and, at Mortgagee's request, shall, at Mortgagor's option, either (i) escrow with Mortgagee or, with the consent of Mortgagee, deposit in a court of competent jurisdiction a sum of money equal to the amount of the lien, or (ii) provide a bond against the lien in such amount and in such manner as to discharge the lien as an encumbrance against the Property. Without Mortgagee's prior written consent, Mortgagor shall not allow any lien, encumbrance, or other interest in the Property to be perfected against the Property, other than Permitted Encumbrances, unless Mortgagor is then diligently contesting same and has, as to the lien, encumbrance or interest being contested, complied with (i) or (ii) of the preceding sentence.

**5.7 Insurance.** Mortgagor shall keep all Improvements now existing or hereafter erected on the Property insured against loss by fire and such other hazards, casualties, and contingencies and in such amounts as Mortgagee may require from time to time with financially sound and reputable insurers, and Mortgagor will pay promptly when due any premiums on such insurance. All policies of insurance shall be delivered to and held by Mortgagee and have loss-payable clauses in favor of and in form acceptable to

Mortgagee. Not less than fifteen (15) days before the expiration of any such policies, Mortgagor will deliver to Mortgagee new or renewal policies in like amounts covering the same risks. The policies shall provide that no cancellation shall occur without thirty (30) days prior written notice to Mortgagee. Should any loss occur to the insured property, Mortgagor will give immediate written notice to Mortgagee and will not adjust nor settle such loss without the written consent of Mortgagee, which may make proof of loss if not made promptly by Mortgagor. The insurance proceeds or any part thereof may be applied by Mortgagee, at Mortgagee's option upon the occurrence of an Event of Default, either to the reduction of the Secured Obligations or to restoration or repair of the property damaged. In the event of foreclosure of this Mortgage, all right, title, and interest of Mortgagor in and to any insurance policies then in force shall pass to the purchaser at foreclosure sale, and Mortgagee is hereby appointed attorney in fact for Mortgagor for the purpose of assigning and transferring such policies and receiving all or any part of the proceeds therefrom.

5.8 Condemnation. Mortgagor shall promptly notify Mortgagee of any action or proceeding relating to any condemnation or other taking, whether direct or indirect, of the Property, or part thereof, and Mortgagor shall appear in and prosecute any such action or proceeding unless otherwise directed by Mortgagee in writing. Mortgagor authorizes Mortgagee, at Mortgagee's option, as attorney-in-fact for Mortgagor, to commence, appear in and prosecute, in Mortgagee's or Mortgagor's name, any action or proceeding relating to any condemnation or other taking of the Property, whether direct or indirect, and to settle or compromise any claim in connection with such condemnation or other taking. The proceeds of any award, payment or claim for damages, direct or consequential, in connection with any condemnation or other taking, whether direct or indirect, of the Property, or part thereof, or for conveyances in lieu of condemnation, are hereby assigned to and shall be paid to Mortgagee.

With the consent of Mortgagee, which consent may be withheld in Mortgagee's sole discretion, Mortgagor may apply such awards, payments, proceeds or damages, after the deduction of Mortgagee's expenses incurred in the collection of such amounts, to restoration or repair of the Property. Otherwise such sums so received shall be applied to payment of the Secured Obligations. Mortgagor agrees to execute such further evidence of assignment of any awards, proceeds, damages or claims arising in connection with such condemnation or taking as Mortgagee may reasonably require.

5.9 Preservation and Maintenance of Property. Mortgagor (a) shall not commit waste or permit impairment or deterioration of the Property; (b) shall not abandon the Property; (c) shall, unless Mortgagee withholds insurance proceeds as security for or application to the Secured Obligations, restore or repair promptly and in a good and workmanlike manner all or any part of the Property to the equivalent of its original condition, or such other condition as Mortgagee may approve in writing, in the event of any damage, injury or loss thereto, whether or not insurance proceeds are available to cover in whole or in part the costs of such restoration or repair unless the improvements constituting the Property are (i) totally destroyed, (ii) insurance has been maintained thereon as required by this Mortgage, and (iii) Mortgagee applies the proceeds of such insurance to payment of the Secured Obligations; (d) shall keep the Property, including improvements, fixtures, equipment, machinery and appliances, in good repair and shall replace improvements, fixtures, equipment, machinery and appliances on the Property owned by Mortgagor when necessary to keep such items in good repair; (e) shall comply in all material respects with all laws, ordinances, regulations and requirements of any governmental body applicable to the Property, including, without limitation, the Americans with Disabilities Act, as it may be amended from time to time; and (f) shall give notice in writing to Mortgagee, appear in and defend any action or proceeding purporting to affect the Property, the security of this Mortgage or the rights or powers of Mortgagee, except for any such action or proceeding caused by the gross negligence or intentional misconduct of Mortgagee. Unless required by applicable law or unless Mortgagee has otherwise consented in writing, neither Mortgagor nor any tenant or other Person shall remove, demolish or alter any improvement now existing or hereafter erected on the Property or any fixture (other than trade fixtures), equipment, machinery or appliance in or on the Property owned by Mortgagor and used or intended to be used in connection with the Property.

**5.10 Releases, Extensions, Modifications and Additional Security.** From time to time, Mortgagee may perform any of the following acts without incurring any liability or giving notice to any person:

- (a) Release any person liable for payment of any Secured Obligation;
  - (b) Extend the time for payment, or otherwise alter the terms of payment, of any Secured Obligation;
  - (c) Accept additional real or personal property of any kind as security for any Secured Obligation, whether evidenced by deeds of trust, mortgages, security agreements or any other instruments of security;
  - (d) Alter, substitute or release any property securing the Secured Obligations;
  - (e) Consent to the making of any plat or map of the Property or any part of it;
  - (f) Join in granting any easement or creating any restriction affecting the Property; or
  - (g) Join in any subordination or other agreement affecting this Mortgage or the lien of it;
- or
- (h) Release the Property or any part of it.

**5.11 Protection of Mortgagee's Security.** If Mortgagor fails to perform the covenants and agreements contained in this Mortgage, or if any action or proceeding is commenced that affects the Property or title thereto or the interest of Mortgagee therein, including, but not limited to, eminent domain, insolvency, enforcement of local laws, or arrangements or proceedings involving a bankrupt or decedent, then Mortgagee, at Mortgagee's option, may make such appearances, disburse such sums and take such action as Mortgagee deems necessary, in its sole discretion, to protect Mortgagee's interests, including, but not limited to, (a) disbursement of attorneys' fees; (b) entry upon the Property to remedy any failure of Mortgagor to perform hereunder; and (c) procurement of satisfactory insurance.

Any amounts disbursed by Mortgagee pursuant to this Section 5.11, with interest thereon, shall become part of the Secured Obligations and shall be secured by this Mortgage. Unless Mortgagor and Mortgagee agree in writing to other terms of payment, such amounts shall be immediately due and payable and shall bear interest from the date of disbursement at the Default Rate as defined in the Note. Mortgagor hereby covenants and agrees that Mortgagee shall be subrogated to the lien of any mortgage or other lien discharged, in whole or in part, by the Secured Obligations. Nothing contained in this Section 5.11 shall require Mortgagee to incur any expense or take any action hereunder.

The procurement of insurance of the payment of taxes or other liens or charges by Mortgagee shall not be a waiver of the right of Mortgagee to accelerate the maturity of any of the Secured Obligations secured by this Mortgage. Mortgagee's receipt of any awards, proceeds or damages under the insurance or condemnation provisions of this Mortgage shall not operate to cure or waive any default in payment of sums secured by this Mortgage.

**5.12 Release.** When all of the Secured Obligations have been paid in full and all fees and other sums owed by Mortgagor under this Mortgage and the other Loan Documents have been received, Mortgagee shall release this Mortgage, the lien created thereby, and all notes and instruments evidencing the Secured Obligations. Mortgagor shall pay any costs of preparation and recordation of such release.

### **5.13 Compensation, Exculpation, Indemnification.**

(a) Mortgagor agrees to pay fees in the maximum amounts legally permitted, or reasonable fees as may be charged by Mortgagee when the law provides no maximum limit, for any services that Mortgagee may render in connection with this Mortgage, including Mortgagee's providing a statement of the Secured Obligations or providing the release pursuant to Section 5.12 above. Mortgagor shall also pay or reimburse all of Mortgagee's costs and expenses which may be incurred in rendering any such services. Mortgagor further agrees to pay or reimburse Mortgagee for all costs, expenses and other advances which may be incurred or made by Mortgagee in any efforts to enforce any terms of this Mortgage, including any rights or remedies afforded to Mortgagee under Section 6.2, whether any lawsuit is filed or not, or in defending any action or proceeding arising under or relating to this Mortgage, including attorneys' fees and other legal costs, costs of any Foreclosure Sale (as defined in Subsection 6.2(k) below) and any cost of evidence of title. If Mortgagee chooses to dispose of Property through more than one Foreclosure Sale, Mortgagor shall pay all costs, expenses or other advances that may be incurred or made by Mortgagee in each of such Foreclosure Sales. In any suit to foreclose the lien hereof or enforce any other remedy of Mortgagee under this Mortgage or the Note, there shall be allowed and included as additional indebtedness in the decree for sale or other judgment or decree all expenditures and expenses which may be paid or incurred by or on behalf of Mortgagee for reasonable attorneys' costs and fees (including the costs and fees of paralegals), survey charges, appraiser's fees, inspecting engineer's and/or architect's fees, fees for environmental studies and assessments and all additional expenses incurred by Mortgagee with respect to environmental matters, outlays for documentary and expert evidence, stenographers' charges, publication costs, and costs (which may be estimated as to items to be expended after entry of the decree) of procuring all such abstracts of title, title searches and examinations, title insurance policies, and similar data and assurances with respect to title as Mortgagee may deem reasonably necessary either to prosecute such suit or to evidence to bidders at any sale which may be had pursuant to such decree the true condition of the title to, the value of or the environmental condition of the Property. All expenditures and expenses of the nature in this Subsection mentioned, and such expenses and fees as may be incurred in the protection of the Property and maintenance of the lien of this Mortgage, including the fees of any attorney (including the costs and fees of paralegals) employed by Mortgagee in any litigation or proceeding affecting this Mortgage, the Note or the Property, including probate and bankruptcy proceedings, or in preparation for the commencement or defense of any proceeding or threatened suit or proceeding, shall be immediately due and payable by Mortgagor, with interest thereon at the Default Rate and shall be secured by this Mortgage.

(b) Mortgagee shall not be directly or indirectly liable to Mortgagor or any other person as a consequence of any of the following:

(i) Mortgagee's exercise of or failure to exercise any rights, remedies or powers granted to Mortgagee in this Mortgage;

(ii) Mortgagee's failure or refusal to perform or discharge any obligation or liability of Mortgagor under any agreement related to the Property or under this Mortgage; or

(iii) Any loss sustained by Mortgagor or any third party resulting from Mortgagee's failure to lease the Property, or from any other act or omission of Mortgagee in managing the Property, after an Event of Default, unless the loss is caused by the willful misconduct and bad faith of Mortgagee.

Mortgagor hereby expressly waives and releases all liability of the types described above, and agrees that no such liability shall be asserted against or imposed upon Mortgagee.

(c) Mortgagor agrees to indemnify Mortgagee against and hold it harmless from all losses, damages, liabilities, claims, causes of action, judgments, court costs, attorneys' fees and other legal expenses, cost of evidence of title, cost of evidence of value, and other costs and expenses which it may suffer or incur:

(i) In performing any act required or permitted by this Mortgage or any of the other Loan Documents or by law;

(ii) Because of any failure of Mortgagor to perform any of its obligations; or

(iii) Because of any alleged obligation of or undertaking by Mortgagee to perform or discharge any of the representations, warranties, conditions, covenants or other obligations in any document relating to the Property other than the Loan Documents.

This agreement by Mortgagor to indemnify Mortgagee shall survive the release and cancellation of any or all of the Secured Obligations and the full or partial release of this Mortgage.

(d) Mortgagor shall pay all obligations to pay money arising under this Section 5.13 immediately upon demand by Mortgagee. Each such obligation shall be added to, and considered to be part of, the principal of the Note, and shall bear interest from the date the obligation arises at the Default Rate.

#### 5.14 Hazardous Waste Covenants and Indemnification.

(a) Mortgagor covenants and warrants that Mortgagor's use of the Property shall at all times comply with and conform in all material respects to all laws, statutes, ordinances, rules and regulations of any governmental, quasi-governmental or regulatory authority now or hereafter in effect ("Laws") which relate to the transportation, storage, placement, handling, treatment, discharge, release, generation, production or disposal (collectively "Treatment") of any waste, waste products, petroleum or petroleum based products, radioactive materials, poly-chlorinated biphenyls, asbestos, hazardous materials or substances of any kind, pollutants, contaminants and any substance which is regulated by any law, statute, ordinance, rule or regulation (collectively "Waste"). Mortgagor further covenants that it shall not engage in or permit any Person to engage in any Treatment of any Waste on or that affects the Property except for activities which comply with all Laws in all material respects. "Person" means any individual, sole proprietorship, partnership, joint venture, unincorporated organization, corporation, limited liability company, institution, trust, estate, government or other agency or political subdivision thereof or any other entity.

(b) Except as specifically disclosed to Mortgagee in writing, Mortgagor has no actual knowledge that the Property is the subject of any Notice, as hereinafter defined, from any governmental authority or Person.

(c) Promptly upon receipt of any Notice from any Person, Mortgagor shall deliver to Mortgagee a true, correct and complete copy of any written Notice or a true, correct and complete report of any non-written Notice. Additionally, Mortgagor shall notify Mortgagee immediately after having knowledge or Notice of any Waste in or affecting the Property. "Notice" shall mean any note, notice, information, or report of any of the following:

(i) any suit, proceeding, investigation, order, consent order, injunction, writ, award or action related to or affecting or indicating the Treatment of any Waste in or affecting the Property;

(ii) any spill, contamination, discharge, leakage, release, threatened release, or escape of any Waste in or affecting the Property, whether sudden or gradual, accidental or anticipated, or of any other nature (“Spill”);

(iii) any dispute relating to Mortgagor’s or any other Person’s Treatment of any Waste or any Spill in or affecting the Property;

(iv) any claims by or against any insurer related to or arising out of any Waste or Spill in or affecting the Property;

(v) any recommendations or requirements of any governmental or regulatory authority, insurer or board of underwriters relating to any Treatment of Waste or a Spill in or affecting the Property;

(vi) any legal requirement or deficiency related to the Treatment of Waste or any Spill in or affecting the Property; or

(vii) any tenant, licensee, concessionaire, manager, or other Person occupying or using the Property or any part thereof which has engaged in or engages in the Treatment of any Waste in or affecting the Property in violation of applicable Laws.

(d) In the event that (i) Mortgagor has caused, suffered or permitted, directly or indirectly, any Spill in or affecting the Property during the term of this Mortgage, or (ii) any Spill of any Waste has occurred on the Property during the term of this Mortgage, then Mortgagor shall immediately take all of the following actions:

(A) notify Mortgagee, as provided herein;

(B) take all steps necessary or appropriate to clean up such Spill and any contamination related to the Spill, all in accordance with the requirements, rules or regulations of any local, state or federal governmental or regulatory authority or agency having jurisdiction over the Spill; provided that Mortgagor may contest any such requirement, rule or regulation by appropriate proceedings diligently and in good faith, so long as (1) Mortgagor provides Mortgagee, at Mortgagor’s cost, such sureties, performance bonds and other assurances as Mortgagee may from time to time request in respect of such Spill and contamination and the cleanup thereof, (2) any governmental or other action against Mortgagor and the Property is effectively stayed during Mortgagor’s efforts so to contest, and (3) in Mortgagee’s determination, a delay in such clean-up will not result in or increase any loss or liability to Mortgagee;

(C) restore the Property, provided that such restoration shall be no less than, but need not be more than, what is otherwise required by applicable federal, state or local law or authorities;

(D) allow any local, state or federal governmental or regulatory authority or agency having jurisdiction thereof to monitor and inspect all cleanup and restoration related to such Spill; and

(E) at the written request of Mortgagee, post a bond or obtain a letter of credit for the benefit of Mortgagee (drawn upon a company or bank satisfactory to Mortgagee) or deposit an amount of money in an escrow account under Mortgagee’s name upon which bond, letter of credit or escrow Mortgagor may draw, and which bond, letter of credit or escrow shall be in an amount sufficient to meet all of Mortgagor’s obligations under this

Section 5.14; and Mortgagee shall have the unfettered right to draw against the bond, letter of credit or escrow in its discretion in the event that Mortgagor is unable or unwilling to meet its obligation under this Section 5.14 or, if Mortgagor fails to post a bond or obtain a letter of credit or deposit such cash as is required herein, then Mortgagee, at Mortgagor's cost and expense, may, but shall have no obligation to do so for the benefit of Mortgagor and do those things that Mortgagor is required to do under clauses (B), (C) and (D) of this subsection (d).

(e) Mortgagor hereby agrees that it shall indemnify, defend, save and hold harmless Mortgagee and Mortgagee's officers, directors employees, agents, successors, assigns and affiliates (collectively, "Indemnified Parties") against and from, and to reimburse the Indemnified Parties with respect to, any and all damages, claims, liabilities, losses, costs and expenses (including, without limitation, reasonable attorneys', engineers' and consultants' fees and expenses, court costs, administrative costs, costs of appeals and all clean up, administrative, fines, penalties and enforcement costs of applicable governmental agencies) that are incurred by or asserted against the Indemnified Parties by reason or arising out of: (i) the breach of any representation, warranty or undertaking of Mortgagor under this Section 5.14, or (ii) the Treatment of any Waste by Mortgagor or any tenant, licensee, concessionaire, manager, or other Person occupying or using the Property, in or affecting the Property, or (iii) any Spill governed by the terms of this Section 5.14.

(f) The obligations of Mortgagor under this Section 5.14 shall survive any termination or satisfaction of this Mortgage.

**5.15 Defense and Notice of Claims and Actions.** At Mortgagor's sole expense, Mortgagor shall protect, preserve and defend the Property and title to and right of possession of the Property, and the security of this Mortgage and the rights and powers of Mortgagee created under it, against all adverse claims. Mortgagor shall give Mortgagee prompt notice in writing if any claim is asserted which does or could affect any such matters, or if any action or proceeding is commenced which alleges or relates to any such claim.

**5.16 Subrogation.** Mortgagee shall be subrogated to the liens of all encumbrances, whether released of record or not, which are discharged in whole or in part by Mortgagee in accordance with this Mortgage or with the proceeds of any loan secured by this Mortgage.

**5.17 Site Visits, Observation and Testing.** Mortgagee and its agents and representatives shall have the right at any reasonable time to enter and visit the Property for the purpose of performing appraisals, observing the Property, taking and removing soil or groundwater samples, and conducting tests on any part of the Property. Mortgagee has no duty, however, to visit or observe the Property or to conduct tests, and no site visit, observation or testing by Mortgagee, its agents or representatives shall impose any liability on any of Mortgagee, its agents or representatives. In no event shall any site visit, observation or testing by Mortgagee, its agents or representatives be a representation that Waste is or is not present in, on or under the Property, or that there has been or shall be compliance with any law, regulation or ordinance pertaining to Waste or any other applicable governmental law. Neither Mortgagor nor any other party is entitled to rely on any site visit, observation or testing by any of Mortgagee, its agents or representatives. Neither Mortgagee, its agents or representatives owe any duty of care to protect Mortgagor or any other party against, or to inform Mortgagor or any other party of, any Waste or any other adverse condition affecting the Property. Mortgagee shall give Mortgagor reasonable notice before entering the Property. Mortgagee shall make reasonable efforts to avoid interfering with Mortgagor's use of the Property in exercising any rights provided in this Section 5.17. Mortgagor shall bear all expense of any site visit, observation or testing.

**5.18 Notice of Change.** Mortgagor shall give Mortgagee prior written notice of any change in: (a) the location of its place of business or its chief executive office if it has more than one place of business; (b) the location of any of the Property, including the Books and Records; and (c) Mortgagor's name,

business structure and/or state of organization. Unless otherwise approved by Mortgagee in writing, all Property that consists of personal property (other than the Books and Records) will be located on the Premises and all Books and Records will be located at Mortgagor's place of business or chief executive office if Mortgagor has more than one place of business.

5.19 **Transfers.** Mortgagor shall not (a) voluntarily or involuntarily sell, lease, exchange, assign, convey, transfer or otherwise dispose of all or any portion of the Property (or any interest therein, legal or equitable), or all or any of the ownership interest in Mortgagor, or (b) convey to any Person, other than Mortgagee, a security interest in the Property or any part thereof or voluntarily or involuntarily permit or suffer the Property to be further encumbered.

## **6. Default and Remedies.**

6.1 **Events of Default.** Mortgagor will be in default under this Mortgage upon the occurrence of any one or more of the following events (some or all collectively, "Events of Default:" any one singly, an "Event of Default").

(a) If (i) the interest on any Note or any commitment or other fee shall not be paid in full punctually when due and payable or within ten (10) days thereafter, or (ii) the principal of any Note shall not be paid in full punctually when due and payable (other than indebtedness, obligations, fees or expenses due or arising under, any Interest Rate Agreement.

(b) If Mortgagor fails to perform or observe any covenant or agreement contained in this Mortgage or in any other of the Loan Documents, and such failure remains unremedied for thirty (30) days after the Mortgagee gives notice thereof to Mortgagor.

(c) If any representation, warranty or statement made in or pursuant to this Mortgage or any Loan Document or any other material information furnished by Mortgagor to Mortgagee or any other holder of any Note, shall be false or erroneous.

(d) If any event of default or default shall occur under any other Loan Document, or if under any Loan Document in which payment is required to be made by Mortgagor or any guarantor on demand of Mortgagee, such demand for payment is made.

(e) If Mortgagor shall default in the payment of principal or interest due and owing upon any other obligation for borrowed money, beyond any period of grace provided with respect thereto or in the performance or observance of any other agreement, term or condition contained in any agreement under which such obligation is created, if the effect of such default is to allow the acceleration of the maturity of such indebtedness or to permit the holder thereof to cause such Indebtedness to become due prior to its stated maturity.

(f) If Mortgagor shall abandon any of the Property or shall sell, lease, convey or transfer (or contract to sell, lease, convey or transfer) all or any part of the Property without first obtaining Mortgagee's written consent.

(g) If Mortgagor shall assign any part of the rents or profits of the Property other than to Mortgagee without first obtaining Mortgagee's written consent or, by the cancellation, surrender or modification of any existing lease (or in any other manner) the security for the payment of the Secured Obligations shall be in any manner impaired.

(h) A default, event of default or any failure by the Borrower in the performance of any term or provision of, including, without limitation, the failure to pay any indebtedness, obligations, fees or expenses due or arising under, any Interest Rate Agreement or a breach or other

failure to satisfy, any other term, provision, condition, representation or warranty under any Interest Rate Agreement and the specific grace period, if any, allowed for the default or event of default in question shall have expired without such default or event of default having been cured.

**6.2 Remedies.** At any time after an Event of Default, Mortgagee shall be entitled to invoke any and all of the rights and remedies described below, in addition to all other rights and remedies available to Mortgagee at law or in equity. All of such rights and remedies shall be cumulative, and the exercise of any one or more of them shall not constitute an election of remedies.

(a) Declare all of the Secured Obligations to be immediately due and payable, whereupon all unpaid principal, interest and fees in respect of such Obligations, together with all of Mortgagee's costs, expenses and attorneys' fees related thereto, under the terms of the Loan Documents or otherwise, shall be immediately due and payable;

(b) Terminate any commitment to make any additional advances under any Loan;

(c) Exercise any and all rights and remedies available to Mortgagee under any applicable law;

(d) Exercise any and all rights and remedies granted to Mortgagee under the terms of this Mortgage and any of the other Loan Documents;

(e) Mortgagee shall, as a matter of right, without notice and without giving bond to Mortgagor or anyone claiming by, under or through Mortgagor, and without regard for the solvency or insolvency of Mortgagor or the then value of the Property, to the extent permitted by applicable law, be entitled to have a receiver appointed for all or any part of the Property and the Rents, and the proceeds, issues and profits thereof, with the rights and powers referenced below and such other rights and powers as the court making such appointment shall confer, and Mortgagor hereby consents to the appointment of such receiver and shall not oppose any such appointment. Such receiver shall have all powers and duties prescribed by applicable law, all other powers which are necessary or usual in such cases for the protection, possession, control, management and operation of the Property, and such rights and powers as Mortgagee would have, upon entering and taking possession of the Property under subsection (g) below.

(f) Mortgagee, in person, by agent or by court-appointed receiver, may enter, take possession of, manage and operate all or any part of the Property, and may also do any and all other things in connection with those actions that Mortgagee may in its sole discretion consider necessary and appropriate to protect the security of this Mortgage. Such other things may include: taking and possessing all of Mortgagor's or the then owner's Books and Records; entering into, enforcing, modifying or canceling Leases on such terms and conditions as Mortgagee may consider proper; obtaining and evicting tenants; fixing or modifying Rents; collecting and receiving any payment of money owing to Mortgagee; completing any unfinished construction; and/or contracting for and making repairs and alterations. If Mortgagee so requests, Mortgagor shall assemble all of the Property that has been removed from the Premises and make all of it available to Mortgagee at the site of the Premises. Mortgagor hereby irrevocably constitutes and appoints Mortgagee as Mortgagor's attorney-in-fact to perform such acts and execute such documents as Mortgagee in its sole discretion may consider to be appropriate in connection with taking these measures, including endorsement of Mortgagor's name on any instruments.

(g) Mortgagee may cure any breach or default of Mortgagor, and if it chooses to do so in connection with any such cure, Mortgagee may also enter the Property and/or do any and all other things which it may in its sole discretion consider necessary and appropriate to protect the security of this Mortgage. Such other things may include: appearing in and/or defending any action or

proceeding which purports to affect the security of, or the rights or powers of Mortgagee under, this Mortgage; paying, purchasing, contesting or compromising any encumbrance, charge, lien or claim of lien which in Mortgagee's sole judgment is or may be senior in priority to this Mortgage, such judgment of Mortgagee or to be conclusive as among the parties to this Mortgage; obtaining insurance and/or paying any premiums or charges for insurance required to be carried hereunder; otherwise caring for and protecting any and all of the Property; and/or employing counsel, accountants, contractors and other appropriate persons to assist Mortgagee. Mortgagee may take any of the actions permitted under this Subsection 6.2(g) either with or without giving notice to any person. Any amounts expended by Mortgagee under this Subsection 6.2(g) shall be secured by this Mortgage.

(h) Mortgagee shall have the right, in one or several concurrent or consecutive proceedings, to foreclose the lien hereof upon the Property or any part thereof, for the Secured Obligations, or any part thereof, by any proceedings appropriate under applicable law. Mortgagee or its nominee may bid and become the purchaser of all or any part of the Property at any foreclosure or other sale hereunder, and the amount of Mortgagee's successful bid shall be credited on the Secured Obligations. Without limiting the foregoing, Mortgagee may proceed by a suit or suits in law or equity, whether for specific performance of any covenant or agreement herein contained or in aid of the execution of any power herein granted, or for any foreclosure under the judgment or decree of any court of competent jurisdiction. In addition to the right provided in Subsection 6.2(a), upon, or at any time after the filing of a complaint to foreclose this Mortgage, Mortgagee shall be entitled to the appointment of a receiver of the property by the court in which such complaint is filed, and Mortgagor hereby consents to such appointment.

(i) Mortgagee may exercise all rights and remedies contained in any other instrument, document, agreement or other writing heretofore, concurrently or in the future executed by Mortgagor or any other person or entity in favor of Mortgagee in connection with the Secured Obligations or any part thereof, without prejudice to the right of Mortgagee thereafter to enforce any appropriate remedy against Mortgagor. Mortgagee shall have the right to pursue all remedies afforded to a mortgagee under applicable law, and shall have the benefit of all of the provisions of such applicable law, including all amendments thereto which may become effective from time to time after the date hereof.

(j) Mortgagee shall have the discretionary right to cause some or all of the Property, which constitutes personal property, to be sold or otherwise disposed of in any combination and in any manner permitted by applicable law.

(i) For purposes of this power of sale, Mortgagee may elect to treat as personal property any Property which is intangible or which can be severed from the Premises or Improvements without causing structural damage. If it chooses to do so, Mortgagee may dispose of any personal property, in any manner permitted by Article 9 of the Uniform Commercial Code of the state in which the Property is located, including any public or private sale, or in any manner permitted by any other applicable law.

(ii) In connection with any sale or other disposition of such Property, Mortgagor agrees that the following procedures constitute a commercially reasonable sale: Mortgagee shall mail written notice of the sale to Mortgagor not later than thirty (30) days prior to such sale. Mortgagee will publish notice of the sale in a local daily newspaper of general circulation. Upon receipt of any written request, Mortgagee will make the Property available to any bona fide prospective purchaser for inspection during reasonable business hours. Notwithstanding, Mortgagee shall be under no obligation to consummate a sale if, in its judgment, none of the offers received by it equals the fair value of the Property offered

for sale. The foregoing procedures do not constitute the only procedures that may be commercially reasonable.

(k) If the Property consists of more than one lot, parcel or item of property, Mortgagee may:

(i) Designate the order in which the lots, parcels and/or items shall be sold or disposed of or offered for sale or disposition; and

(ii) Elect to dispose of the lots, parcels and/or items through a single consolidated sale or disposition to be held or made under or in connection with judicial proceedings, or by virtue of a judgment and decree of foreclosure and sale; or through two or more such sales or dispositions; or in any other manner Mortgagee may deem to be in its best interests (any such sale or disposition, a "Foreclosure Sale;" and any two or more, "Foreclosure Sales").

If Mortgagee chooses to have more than one Foreclosure Sale, Mortgagee at its option may cause the Foreclosure Sales to be held simultaneously or successively, on the same day, or on such different days and at such different times and in such order as Mortgagee may deem to be in its best interests. No Foreclosure Sale shall terminate or affect the liens of this Mortgage on any part of the Property which has not been sold, until all of the Secured Obligations have been paid in full.

**6.3 Credit Bids.** At any Foreclosure Sale, any person, including Mortgagor or Mortgagee, may bid for and acquire the Property or any part of it to the extent permitted by then applicable law. Instead of paying cash for such property, Mortgagee may settle for the purchase price by crediting the sales price of the property against the following obligations:

(a) First, the portion of the Secured Obligations attributable to the expenses of sale, costs of any action and any other sums for which Mortgagor is obligated to pay or reimburse Mortgagee under Section 5.13 of this Mortgage; and

(b) Second, all other Secured Obligations in any order and proportions as Mortgagee in its sole discretion may choose.

**6.4 Application of Foreclosure Sale Proceeds.** Mortgagee shall apply the proceeds of any Foreclosure Sale in the following manner:

(a) First, to pay the portion of the Secured Obligations attributable to the expenses of sale, costs of any action and any other sums for which Mortgagor is obligated to reimburse Mortgagee under Section 5.13 of this Mortgage;

(b) Second, to pay the portion of the Secured Obligations attributable to any sums expended or advanced by Mortgagee under the terms of this Mortgage which then remain unpaid;

(c) Third, to pay all other Secured Obligations in any order and proportions as Mortgagee in its sole discretion may choose; and

(d) Fourth, to remit the remainder, if any, to the person or persons entitled to it.

**6.5 Application of Rents and Other Sums.** Mortgagee shall apply any and all Rents collected by it, and any and all sums other than proceeds of a Foreclosure Sale which Mortgagee may receive or collect under Section 6.2 above, in the following manner:

(a) First, to pay the portion of the Secured Obligations attributable to the costs and expenses of operation and collection that may be incurred by Mortgagee or any receiver;

(b) Second, to pay all other Secured Obligations in any order and proportions as Mortgagee in its sole discretion may choose; and

(c) Third, to remit the remainder, if any, to the person or persons entitled to it.

Mortgagee shall have no liability for any funds which it does not actually receive.

## **7. Miscellaneous Provisions.**

**7.1 Additional Provisions.** The Loan Documents fully state all of the terms and conditions of the parties' agreement regarding the matters mentioned in or incidental to this Mortgage. The Loan Documents also grant further rights to Mortgagee and contain further agreements and affirmative and negative covenants by Mortgagor which apply to this Mortgage and to the Property.

### **7.2 No Waiver or Cure.**

(a) Each waiver by Mortgagee must be in writing, and no waiver shall be construed as a continuing waiver. No waiver shall be implied from any delay or failure by Mortgagee to take action on account of any default of Mortgagor. Consent by Mortgagee to any act or omission by Mortgagor shall not be construed as a consent to any other or subsequent act or omission or to waive the requirement for Mortgagee's consent to be obtained in any future or other instance.

(b) If any of the events described below occurs, that event alone shall not: cure or waive any breach, Event of Default or notice of default under this Mortgage or invalidate any act performed pursuant to any such default or notice; or nullify the effect of any notice of default or sale (unless all Secured Obligations then due have been paid and performed and all other defaults under the Loan Documents have been cured); or impair the security of this Mortgage; or prejudice Mortgagee or any receiver in the exercise of any right or remedy afforded any of them under this Mortgage; or be construed as an affirmation by Mortgagee of any tenancy, lease or option, or a subordination of the lien of this Mortgage.

(i) Mortgagee, its agent or a receiver takes possession of all or any part of the Property in the manner provided in Subsection 6.2 (f).

(ii) Mortgagee collects and applies Rents as permitted under Sections 2.3 and 6.5 above, either with or without taking possession of all or any part of the Property.

(iii) Mortgagee receives and applies to any Secured Obligation any proceeds of any Property, including any proceeds of insurance policies, condemnation awards, or other claims, property or rights assigned to Mortgagee hereunder.

(iv) Mortgagee makes a site visit, observes the Property and/or conducts tests as permitted under Section 5.17 above.

(v) Mortgagee receives any sums under this Mortgage or any proceeds of any collateral held for any of the Secured Obligations, and applies them to one or more Secured Obligations.

(vi) Mortgagee or any receiver invokes any right or remedy provided under this Mortgage.

### 7.3 Powers of Mortgagee.

(a) If Mortgagee performs any act which it is empowered or authorized to perform under this Mortgage, including any act permitted by Section 5.10 or Subsection 6.2(d) of this Mortgage, that act alone shall not release or change the personal liability of any person for the payment and performance of the Secured Obligations then outstanding, or the lien of this Mortgage on all or the remainder of the Property for full payment and performance of all outstanding Secured Obligations. The liability of the original Mortgagor shall not be released or changed if Mortgagee grants any successor in interest to Mortgagor any extension of time for payment, or modification of the terms of payment, of any Secured Obligation. Mortgagee shall not be required to comply with any demand by the original Mortgagor that Mortgagee refuse to grant such an extension or modification to, or commence proceedings against, any such successor in interest.

(b) Mortgagee may take any of the actions permitted under Subsections 6.2(e) and/or 6.2(f) regardless of the adequacy of the security for the Secured Obligations, or whether any or all of the Secured Obligations have been declared to be immediately due and payable, or whether notice of default and election to sell has been given under this Mortgage.

(c) From time to time, Mortgagee may apply to any court of competent jurisdiction for aid and direction in executing and enforcing the rights and remedies created under this Mortgage. Mortgagee may from time to time obtain orders or decrees directing, confirming or approving acts in executing and enforcing these rights and remedies.

7.4 Merger. No merger shall occur as a result of Mortgagee's acquiring any other estate in or any other lien on the Property unless Mortgagee consents to a merger in writing.

7.5 Joint and Several Liability. If Mortgagor consists of more than one person, each shall be jointly and severally liable for the faithful performance of all of Mortgagor's obligations under this Mortgage. For purposes of clarity, the Agency shall not be deemed a Mortgagor hereunder.

7.6 Applicable Law. The creation, perfection and enforcement of the lien of this Mortgage shall be governed by the law of the state in which the property is located. Subject to the foregoing, in all other respects, this Mortgage shall be governed by the substantive laws of the State of New York.

7.7 Successors in Interest. The terms, covenants and conditions of this Mortgage shall be binding upon and inure to the benefit of the heirs, successors and assigns of the parties. However, this Section 7.7 does not waive the provisions of Section 5.19 above.

### 7.8 Interpretation.

(a) Whenever the context requires, all words used in the singular will be construed to have been used in the plural, and vice versa, and each gender will include any other gender. The captions of the sections of this Mortgage are for convenience only and do not define or limit any terms or provisions. The word "include(s)" means "include(s), without limitation," and the word "including" means "including, but not limited to."

(b) The word "obligations" is used in its broadest and most comprehensive sense, and includes all primary, secondary, direct, indirect, fixed and contingent obligations. It further includes all principal, interest, prepayment charges, late charges, loan fees and any other fees and

charges accruing or assessed at any time, as well as all obligations to perform acts or satisfy conditions.

(c) No listing of specific instances, items or matters in any way limits the scope or generality of any language of this Mortgage. The Exhibits to this Mortgage are hereby incorporated in this Mortgage.

7.9 Waiver of Statutory Rights. To the extent permitted by law, Mortgagor hereby agrees that it shall not and will not apply for or avail itself of any appraisal, valuation, stay, extension or exemption laws, or any so-called "Moratorium Laws," now existing or hereafter enacted, in order to prevent or hinder the enforcement or foreclosure of this Mortgage, but hereby waives the benefit of such laws. Mortgagor for itself and all who may claim through or under it waives any and all right to have the property and estates comprising the Property marshalled upon any foreclosure of the lien hereof and agrees that any court having jurisdiction to foreclose such lien may order the Property sold as an entirety. Mortgagor hereby waives any and all rights of redemption from sale under any judgment of foreclosure of this Mortgage on behalf of Mortgagor and on behalf of each and every person acquiring any interest in or title to the Property of any nature whatsoever, subsequent to the date of this Mortgage. The foregoing waiver of right of redemption is made pursuant to the provisions of applicable law.

7.10 Severability. If any provision of this Mortgage should be held unenforceable or void, that provision shall be deemed severable from the remaining provisions and shall in no way affect the validity of this Mortgage except that if such provision relates to the payment of any monetary sum, then Mortgagee may, at its option, declare all Secured Obligations immediately due and payable.

7.11 Notices. All notices, requests, demands or other communications provided for hereunder shall be in writing and mailed or delivered to any party hereto at the address of such party specified below. All notices, statements, requests, demands and other communications provided for hereunder shall be deemed to be given or made when delivered or forty-eight (48) hours after being deposited in the mails with postage prepaid by registered or certified mail, addressed as aforesaid, or sent by facsimile with telephonic confirmation of receipt, except that notices from Mortgagor to Mortgagee pursuant to any of the provisions hereof shall not be effective until received by Mortgagee.

Mortgagor: 600 Franklin Owner LLC  
113 Court Street  
Binghamton, New York 13901  
Attention: Mark E. Lane

Agency: City of Syracuse Industrial Development Agency  
201 East Washington Street, 6<sup>th</sup> Floor  
Syracuse, New York 13202  
Attention: Chairman

Mortgagee: Tompkins Trust Company  
6872 E. Genesee Street  
Fayetteville, New York 13066  
Attention: Robert K. Allen, Vice President

or at such other address as the party to be served with notice may have furnished in writing to the party seeking or desiring to serve notice as a place for the service of notice.

Any notice or demand delivered to the person or entity named above to accept notices and demands for Mortgagor shall constitute notice or demand duly delivered to Mortgagor, even if delivery is refused.

7.12 Future Advances. The total amount of indebtedness secured hereby may increase or decrease from time to time, but the total unpaid principal balance of indebtedness secured hereby (including disbursements that the Bank may, but shall not be obligated to, make under this Mortgage, the Loan Documents or any other document with respect thereto) at any one time outstanding may be substantially less but shall not exceed **Fourteen Million Five Hundred Thousand and 00/100 Dollars (\$14,500,000.00)**, plus interest thereon, and any disbursements made for the enforcement of this Mortgage and any remedies hereunder, payment of taxes, special assessments, utilities or insurance on the Property and interest on such disbursements and all disbursements by Mortgagee pursuant to applicable law (all such indebtedness being hereinafter referred to as the maximum amount secured hereby). This Mortgage shall be valid and have priority to the extent of the maximum amount secured hereby over all subsequent liens and encumbrances, including statutory liens, excepting solely taxes and assessments levied on the Property given priority by law.

7.13 Mortgagee's Lien for Service Charge and Expenses. At all times, regardless of whether any Loan proceeds have been disbursed, this Mortgage secures (in addition to any Loan proceeds disbursed from time to time) the payment of any and all loan commissions, service charges, liquidated damages, expenses and advances due to or incurred by Mortgagee not to exceed the maximum amount secured hereby. For purposes hereof, all obligations of Mortgagor to Mortgagee under all Interest Rate Agreements and any indebtedness or obligation contained therein or evidenced thereby shall be considered an obligation of Mortgagor secured hereby.

7.14 WAIVER OF TRIAL BY JURY. MORTGAGOR AND MORTGAGEE EACH WAIVE ANY RIGHT TO HAVE A JURY PARTICIPATE IN RESOLVING ANY DISPUTE, WHETHER SOUNDING IN CONTRACT, TORT OR OTHERWISE, BETWEEN MORTGAGEE AND MORTGAGOR ARISING OUT OF, IN CONNECTION WITH, RELATED TO, OR INCIDENTAL TO THE RELATIONSHIP ESTABLISHED BETWEEN THEM IN CONNECTION WITH THIS AGREEMENT OR ANY NOTE OR OTHER INSTRUMENT, DOCUMENT OR AGREEMENT EXECUTED OR DELIVERED IN CONNECTION HERewith OR THE TRANSACTIONS RELATED THERETO.

7.15 UCC Financing Statements. Mortgagor hereby authorizes Mortgagee to file UCC financing statements to perfect Mortgagee's security interest in any part of the Property. In addition, Mortgagor agrees to sign any and all other documents that Mortgagee deems necessary in its sole discretion to perfect, protect, and continue Mortgagee's lien and security interest on the Property.

7.16 Lien Law Covenant. Mortgagor shall receive the advances secured by this Mortgage and shall hold the right to receive such advances as a trust fund in accordance with the provisions of Section 13 of the New York Lien Law.

7.17 Limits On Agency Liability.

The obligations and agreements of the Agency contained herein and in the other Loan Documents and in any other instrument or document executed in connection herewith or therewith, and any instrument or documents supplemental hereto or thereto, shall be deemed the obligations and agreements of the Agency, and not of any member, officer, agent (other than the Mortgagor) or employee of the Agency in his individual capacity, and the members, officers, agents and employees of the Agency shall not be liable personally hereon or thereon or be subject to any personal liability or accountability based upon or in respect hereof or thereof or of any transaction contemplated hereby or thereby. The obligations and agreements of the Agency contained herein or therein shall not constitute or give rise to an obligation of the State or of the City of Syracuse, and neither the State nor the City of Syracuse shall be liable hereon or thereon, and, further, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency, payable solely from the revenues of the Agency derived and to be derived from the Agency Lease or Company Lease, sale or other disposition

of the Premises. No order or decree of specific performance with respect to any of the obligations of the Agency hereunder or thereunder shall be sought or enforced against the Agency unless (A) the party seeking such order or decree shall first have requested the Agency, in writing, to take the action sought in such order or decree of specific performance, and thirty (30) days shall have elapsed from the date of receipt of such request, and the Agency shall have refused to comply with such request (or, if compliance therewith would reasonably be expected to take longer than thirty (30) days, shall have failed to institute and diligently pursue action to cause compliance with such request) or failed to respond within such notice period, and (B) if the Agency refuses to comply with such request and the Agency's refusal to comply is based on its reasonable expectation that it will incur fees and expenses, the party seeking such order or decree shall have placed in an account with the Agency an amount or undertaking sufficient to cover such reasonable fees and expenses, and (C) if the Agency refuses to comply with such request and the Agency's refusal to comply is based on its agents' (other than the Mortgagor) or employees' reasonable good faith belief or judgment that it or they shall be subject to potential liability, the party seeking such order or decree shall (1) agree to indemnify and hold harmless the Agency and its members, officers and agents (other than the Mortgagor) and employees against any liability incurred as a result of its compliance with such demand, and (2) if requested by the Agency, furnish to the agency satisfactory security to protect the Agency and its members, officers, agents (other than the Mortgagor) and employees against all liability expected to be incurred as a result of compliance with such request. Any failure to provide notice, indemnify or security to the Agency pursuant to this Paragraph shall not alter the full force and effect of any Event of Default under this Agreement.

7.18 Agency Executing at the Direction of Mortgagor. The Mortgagor directs the Agency to execute and deliver this Mortgage to the Mortgagee, and further agrees to indemnify the Agency (its members, officers, directors, agents, servants and employees) for all fees and costs incurred in connection with the execution, delivery, recording, performing and enforcing of this Mortgage, including but not limited to reasonable attorney's fees.

7.19 Mortgagor's Obligations to Comply with the Agency Lease, the Company Lease and the Payment in Lieu of Taxes Agreement. Mortgagor shall: (i) pay the all other sums of money due and payable at any time and from time to time under the Agency Lease, the Company Lease and the Payment in Lieu of Taxes Agreement, dated as of December 1, 2020 between the Agency and the Mortgagor (the "PILOT Agreement"), as and when such sums become due and payable, but in any event before the expiration of any grace period provided in the Agency Lease, the Company Lease and the PILOT Agreement for the payment of any such sum; and (ii) at all times fully perform, observe and comply with all other terms, covenants and conditions of the Agency Lease, the Company Lease and the PILOT Agreement to be performed, observed or complied with by Mortgagor as lessor under the Company Lease and lessee under the Agency Lease and as a party under the PILOT Agreement. If the Agency Lease, the Company Lease and/or the PILOT Agreement do not provide for a grace period for the payment of a sum of money, Mortgagor shall make the payment on or before the date on which the payment becomes due and payable. Mortgagor shall deliver evidence of the payment to Mortgagee within ten (10) days after receipt of a written request from Mortgagee for evidence of the payment.

7.20 Subordination Provisions. Notwithstanding anything herein to the contrary, Mortgagee by accepting this Mortgage, acknowledges and agrees that the rights of Mortgagee hereunder shall be subordinate to the rights of the Agency to receive payments in lieu of taxes pursuant to the PILOT Agreement and that such payments in lieu of taxes to be made by Mortgagor to the Agency shall have the same force, priority and effect as a real property tax lien under New York State law against the Premises.

7.21 Miscellaneous Provision. The Mortgagor and the Mortgagee hereto, by accepting this Mortgage, acknowledge that the Agency is executing this Mortgage solely to subject its interest in the Premises, if any, to this Mortgage. Notwithstanding anything herein to the contrary, the Mortgagee acknowledges and agrees that their sole recourse against the Agency for any default hereunder shall be with respect to the Agency's interest in the Premises.

**7.22 Hold Harmless Provisions.**

(a) The Mortgagor hereby releases the Agency and its members, officers, agents and employees from, agrees that the Agency and its members, officers, agents and employees shall not be liable for, and agrees to indemnify, defend, and hold the Agency and its members, officers, agents and employees harmless from and against any and all claims arising as a result of the Agency's undertaking the Project, including but not limited to:

(1) Liability for loss or damage to property or bodily injury to or death of any and all persons that may be occasioned by any cause whatsoever pertaining to the Project Facility, or arising by reason of or in connection with the occupation or the use thereof, or the presence on, in, or about the Project Facility (as defined in the Agency Lease);

(2) All causes of action and attorney's fees and other expenses incurred in connection with any suits or actions which may arise as a result of any of the foregoing, provided that such losses, damages, liabilities, or expenses of the Agency are not incurred or do not result from the intentional wrongdoing of the Agency or any of its members, officers, agents or employees.

The foregoing indemnities shall apply notwithstanding the fault or negligence (other than gross negligence or willful misconduct) on the part of the Agency or any of its officers, members, agents, servants or employees and irrespective of any breach of statutory obligation or any rule of comparative or apportioned liability.

(b) In the event of any claim against the Agency or its members, officers, agents, or employees by any employee of the Mortgagor, or any contractor of the Mortgagor, or anyone directly or indirectly employed by any of them, or any one for whose acts any of them may be liable, the obligations of the Mortgagor hereunder shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Mortgagor or such contractor under worker's compensation laws, disability benefit laws, or other employee benefit laws.

**8. BIFURCATION OF "BUILDING LOAN MORTGAGE" AND "PROJECT LOAN MORTGAGE".**

**8.1 Bifurcation.** This Mortgage is made in connection with that certain Building Loan Agreement dated as of December 16, 2020 between Mortgagor and Mortgagee which will be filed as a building loan contract in the Office of the County Clerk of Onondaga County, New York simultaneously herewith ("Building Loan Agreement");

Of the Fourteen Million Five Hundred Thousand and 00/100 Dollars (\$14,500,000.00) maximum aggregate principal amount of the Note secured hereunder, the sum of Eight Million Three Hundred Twenty Five Thousand Three Hundred Sixty Two and 00/100 Dollars (\$8,325,362.00) constitutes a "Building Loan" and is secured as a "Building Loan Mortgage" hereunder, and will be advanced pursuant to the Building Loan Agreement and Six Million One Hundred Seventy Four Thousand Six Hundred Thirty Eight and 00/100 Dollars (\$6,174,638.00) of the proceeds of the will be advanced as a "Project Loan" and will be secured as a "Project Loan Mortgage" hereunder; and

The Mortgagor expressly acknowledges agrees will Mortgagor will not be eligible for advances under the Project Loan unless Borrower is eligible for advances from the Building Loan at the time of the Project Loan advance request and that this Mortgage shall be considered to be, and

is a bifurcated mortgage with (i) Eight Million Three Hundred Twenty Five Thousand Three Hundred Sixty Two and 00/100 Dollars (\$8,325,362.00) being a "Building Loan Mortgage", and (ii) Six Million One Hundred Seventy Four Thousand Six Hundred Thirty Eight and 00/100 Dollars (\$6,174,638.00) being a "Project Loan Mortgage".

**EXHIBIT A**  
**Legal Description**

**600 Franklin Street North to Solar Street**

**ALL THAT TRACT OR PARCEL OF LAND**, situate in the City of Syracuse, County of Onondaga and State of New York, being part of Salina Marsh Lot 39 in said City, being part of lands conveyed to Borden's Food Products Company, Inc., and/or Borden, Inc. by the following 3 deeds:

1. from Borden's Milk Products Company, Inc. dated January 4, 1936 and recorded in Onondaga County Clerk's Office in Book of Deeds 800 at Page 192;
2. from James A. Jacobs and Susan Jacobs dated July 28, 1988 and recorded in Onondaga County Clerk's Office in Book 3496 of Deeds at Page 341;
3. from Woodstead Enterprises, LTD. dated November 28, 1988 and recorded in Onondaga County Clerk's Office in Book 3496 of Deeds at Page 337;

and being more particularly described as follows:

Beginning at a drill hole set in the northeasterly boundary of Solar Street, said point being the most westerly corner of lands conveyed by Borden, Inc. to the City of Syracuse for public purposes by deed recorded in Onondaga County Clerk's Office in Book 3507 at Page 168, said point also being 126.68 feet distant northwesterly, measured along said northeasterly street boundary, from its intersection with the northwesterly boundary of Plum Street; running thence N 28° 09' 10" W along said northeasterly boundary of Solar Street, a distance of 292.22 feet to a capped iron pin found at its intersection with the division line between said lands of Borden, Inc. on the south and lands of Syracuse Scale Co., Inc. (reputed owner) on the north; thence N 80° 59' 20" E along said division line, a distance of 76.21 feet to an iron pipe set; thence N 61° 50' 50" E, continuing along said division line, a distance of 112.76 feet to a capped iron pin found at a point of curvature; thence northeasterly, continuing along said division line and along the division line between said lands of Borden, Inc. on the southeast and lands of 667 N. Clinton Street Associates (reputed owner) on the northwest, following a curve to the right having a radius of 371.02 feet, a central angle of 12° 13' 48", and a chord bearing N 67° 57' 44" E, 79.05 feet, an arc distance of 79.20 feet to an iron pipe set; thence N 61° 50' 50" E, continuing along the last mentioned division line, a distance of 330.83 feet to a lag bolt in concrete set at its intersection with the southwesterly boundary of North Clinton Street; thence S 28° 09' 10" E along said street boundary, a distance of 212.14 feet to a nail and flag in concrete found; thence S 61° 50' 50" W along the division line between said lands of Borden, Inc. on the northwest and lands of Franklin Square Rousing Associates (reputed owner) on the southeast, a distance of 245.00 feet to a capped iron pin found; thence S 28° 09' 10" E continuing along said division line, a distance of 33.00 feet to a capped iron pin found; thence S 61° 50' 50" W continuing along said division line, a distance of 30.00 feet to a capped iron pin found at its intersection with the northeasterly boundary of North Franklin Street; thence N 28° 09' 10" W along said street boundary, a distance of 33.00 feet to a PK nail set at the most northerly corner of said North Franklin Street; thence S 61° 50' 50" W along the northwesterly boundary of North Franklin Street, a distance of 60.00 feet to a masonry anchor set at the most westerly corner thereof; thence S 28° 09' 10" E along the southwesterly boundary of said North Clinton Street, a distance of 46.67 feet to an iron pipe set at the most northerly corner of the aforementioned lands conveyed by Borden, Inc. to the City of Syracuse for public purposes; thence S 61° 50' 50" W along the northwesterly boundary of said lands, said boundary also being the northwesterly boundary of Gail Borden Drive, a distance of 259.18 feet to the point of beginning.

## ASSIGNMENT OF RENTS AND LEASES

THIS SETS FORTH AN ASSIGNMENT OF RENTS AND LEASES made as of December 16, 2020 by and among **CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY**, a public benefit corporation duly existing under the laws of the State of New York with offices at 201 East Washington Street, 6<sup>th</sup> Floor, Syracuse, New York 13202 ("Agency") and **600 FRANKLIN OWNER LLC**, a New York limited liability company with a place of business at 113 Court Street, Binghamton, New York 13901 ("Company") in favor of **TOMPKINS TRUST COMPANY**, its successors and assigns whose principal office and place of business is 118 E. Seneca Street, Ithaca, New York 14850 ("Assignee").

### WITNESSETH:

That in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration paid by Assignee to Company, receipt of which is hereby acknowledged, the Company and the Agency hereby GRANTS, TRANSFERS and ASSIGNS to the Assignee all of the Company's and the Agency's right, title and interest in and to:

I. Any and all leases excepting therefrom those certain leases dated as of December 1, 2020 by and between the Agency and the Company (collectively, the "Agency Leases") entered into covering or relating to space in the buildings and improvements constructed on or made to the property (the "Leases") described on the annexed **Schedule "A"** (the "Premises"); and

II. All rents, income and profits arising from the leases and any extension of renewals of them and together with all rents, income and profits for the use and occupation of the Premises described in the Leases or in the Mortgage hereinafter referred to. (The term "Leases" whenever used in this Assignment shall also include any subleases of the Premises, excepting therefrom the Agency Leases).

**THIS ASSIGNMENT** is made for the purpose of securing:

A. The payment of an indebtedness in the principal sum of up to \$14,500,000.00 with interest according to, and evidenced by, that certain Construction to Permanent Mortgage Note (the "Note") made by the Company in favor of Assignee and that certain Building and Project Mortgage, Assignment of Rents, Security Agreement and Fixture Filing (the "Mortgage"), each executed this same day, together with any and all modifications, extensions, consolidations, refundings, replacements and substitutions thereof.

B. Payment of all other sums with interest becoming due and payable to the Assignee under the provisions of this Assignment, the Note, and the Mortgage.

C. The performance and discharge of each and every obligation covenant and agreement of the Company contained in this Assignment, the Note, and the Mortgage.

D. Payment and performance of all obligations of Assignor arising from any Interest Rate Agreements. "Interest Rate Agreements" shall mean all agreements for any derivative or hedging product including, without limitation, interest rate or equity swaps, futures, options, caps, floors, collars or forwards now or hereafter entered into by Assignor with Assignee or any of its affiliates with respect to the Note.

**THE COMPANY WARRANTS** that the Company is the sole owner of the property described on **Schedule "A"**, subject only to the leasehold interest of the Agency.

**THE COMPANY COVENANTS** with the Assignee to observe and perform all the obligations imposed upon them under the leases and not to do or permit to be done anything to impair the security thereof; not to collect any of the rent, income and profits arising or accruing under said leases or from the Premises described in the Mortgage in advance of the time when the rent shall become due; not to execute any other assignment of lessor's interests in the leases or assignment of rents arising or accruing from the leases or from the Premises described in the Mortgage; not to subordinate the leases to any mortgage or other encumbrance or permit, consent or agree to such subordination without Assignee's prior written consent; not to alter, modify or change the terms of leases or give any consent or exercise any option required or permitted by such terms without the prior written consent of Assignee, or cancel or terminate the leases, or accept a surrender of the leases, or convey or transfer or suffer or permit a conveyance or transfer of the Premises demised thereby or of any interest in them so as to effect directly or indirectly, proximately or remotely a merger of the estates and rights of, or a termination or diminution of the obligations of, the lessees thereunder; not to consent to any assignment of the leases, except when in accordance with their terms, without the prior written consent of the assignee; at the Assignee's request to assign and transfer to the Assignee any and all subsequent leases upon all or any part of the Premises described in the leases or the Mortgage and to execute and deliver at the request of the Assignee all such further assurances and assignments in the Premises as the Assignee shall from time to time require.

**THIS ASSIGNMENT** is made on the following terms, covenants and conditions:

1. So long as there shall exist no default by the Company in the payment of the principal sum, interest or other charge secured hereby or in the performance of any obligation, covenant or agreement in this Assignment, the Note, the Mortgage or the Interest Rate Protection Agreement on the part of the Borrower to be performed, the Borrower shall have the right to collect at the time of, but not prior to, the date provided for the payment thereof, all rents, income and profits arising under the leases or from the Premises and to retain, use and enjoy the same.

2. Upon or at any time after default in the payment of the principal sum, interest and indebtedness secured hereby or in the performance of any obligation, covenant or agreement in this Assignment, the Note, the Mortgage or the Interest Rate Protection Agreement, or leases on the part of the Borrower to be performed, the Assignee without in any way waiving such default may, at its option, without notice and without regard to the adequacy of the security for the principal sum, interest and indebtedness secured hereby, either in person or by agent, with or without bringing any action or proceeding, or by a receiver appointed by a court, take possession of the Premises described in the leases and/or Mortgage and have, hold, manage, lease and operate the same on such terms and for such period of time as the Assignee may deem proper and either with or without taking possession of the Premises in its own name, demand, sue for or otherwise collect and receive all rents, income and profits of said Premises, including those past due and unpaid with full power to make from time to time all alterations, renovations, repairs or replacements to them as may seem proper to the Assignee and to apply such rents, income and profits or sum to the payment of:

(a) All expenses of managing the Premises, including without being limited thereto, the salaries, fees and wages of a managing agent and such other employees as the Assignee may deem necessary or desirable and all expenses of operating and maintaining the Premises, including, without being limited thereto, all taxes, charges, claims, assessments, water rents, sewer rents and any other liens, and premiums for all insurance which the Assignee may deem necessary or desirable, and the cost of all alterations, renovations, repairs or replacements, and all expenses incident to taking and retaining possession of the Premises; and

(b) The principal sum, interest and indebtedness secured hereby, together with all costs and attorneys' fees, in such order of priority as to any of the items mentioned in this paragraph 2 as the Assignee in its sole discretion may determine, any statute, law, custom or use to the contrary notwithstanding. The exercise by the Assignee of the option granted in this paragraph 2 and the collection of the rents, income, profits or sums and their application as provided above shall not be considered a waiver of any default by the Company under the Note, the Mortgage, or under the leases or this Assignment. It is not the intention of the parties that any entry by Assignee upon the Premises under the terms of this Assignment shall constitute the Assignee as "mortgagee in possession" in contemplation of law, except at the option of Assignee.

3. No security deposited by the tenants with the Company under the terms of the leases assigned has been transferred to Assignee who assumes no liability for any security so deposited provided, however, that upon default, Assignee may at its option demand the transfer of the security and assume responsibility therefor.

4. If Company receives notice that it has breached any covenant or defaulted in the terms of any of the leases, Company will promptly notify Assignee in writing, and will give Assignee reasonable opportunity to investigate, and Assignee shall have the right but not the responsibility to cure any default, and if possible, to correct the default or other breach and otherwise to protect its rights.

5. The Assignee shall not be liable for any loss sustained by the Borrower resulting from the Assignee's failure to let the Premises after default or from any other act or omission of the Assignee in managing the Premises after default unless the loss is caused by the willful misconduct and bad faith of the Assignee. Nor shall the Assignee be obligated to perform or discharge nor does the Assignee hereby undertake to perform or discharge any obligation, duty or liability under the leases, or under or by reason of this Assignment and the Borrower shall, and does hereby agree, to indemnify the Assignee for, and to hold the Assignee harmless from, any and all liability, loss or damage which may or might be incurred under the leases, or under or by reason of this assignment and from any and all claims and demands whatsoever which may be asserted against the Assignee by reason of any alleged obligations or undertakings on its part to perform or discharge any of the terms, covenants or agreements contained in the leases. Should the Assignee incur any such liability under the leases, or under or by reason of this Assignment or in defense of any such claims or demands, the amount thereof, including costs, expenses and reasonable attorneys' fees shall be secured hereby and the Borrower shall reimburse the assignee therefor immediately upon demand and upon the failure of the Company so to do the Assignee may, at its option, declare all sums secured hereby immediately due and payable. And it is further understood that this Assignment shall not operate to place responsibility for the control, care, management or repair of the Premises upon the assignee, nor for the carrying out of any of the terms and conditions of the leases; nor shall it operate to make the Assignee responsible or liable for any waste committed on the property by the tenants of any other parties, or for any dangerous or defective condition of the Premises, or for any negligence in the management, upkeep, repair or control of said Premises resulting in loss or injury or death to any tenant, licensee, employee or stranger.

6. Upon payment in full of the principal sum, interest and indebtedness secured hereby, this Assignment shall become and be void and of no effect but the affidavit, certificate, letter or statement of any officer, agent or attorney of the Assignee showing any part of the principal, interest or indebtedness to remain unpaid shall be and constitute conclusive evidence of the validity, effectiveness and

continuing force of this Assignment and any person may, and is hereby authorized to, rely on it. The Company hereby authorizes and directs the lessees named in the leases or any other or future lessee or occupant of the Premises described therein or in the Mortgage, upon receipt from the Assignee of written notice to the effect that a default exists under the Note, the Mortgage, or under this Assignment to pay over to the Assignee all rents, income and profits or sums arising or accruing under the leases or from the Premises described in the Mortgage and to continue so to do until otherwise notified by the Assignee.

7. The holder of the Note may take or release other security for the payment of the principal sum, interest and indebtedness, may release any party primarily or secondarily liable therefor and may apply any other security held by it to the satisfaction of the principal sum, interest or indebtedness without prejudice to any of its rights under this Assignment.

8. The provisions of the Mortgage shall govern with respect to the disposition of the proceeds of insurance and condemnation or eminent domain awards.

9. The term "leases", or "the leases" as used in this Assignment means the leases hereby assigned and any extension or renewal of them and any lease subsequently executed during the term of this Assignment covering the Premises described on Schedule "A" annexed.

10. Nothing contained in this Assignment and no act done or omitted by the Assignee pursuant to the powers and rights granted it in this Assignment shall be deemed to be a waiver by the holder of the Note of its rights and remedies under the Note, the Mortgage, and this Assignment is made and accepted without prejudice to any of the rights and remedies possessed by the holder of the Note under the terms of the Note and the Mortgage. The right of the holder of the Note to collect the principal sum, interest and indebtedness and to enforce any other security therefor, held by it may be exercised by the holder of the Note either prior to, simultaneously with, or subsequent to any action taken by Assignee hereunder.

11. This Assignment is made pursuant to Section 291-f of the Real Property Law to which reference is hereby made.

12. All notices, requests, demands or other communications provided for hereunder shall be in writing and mailed or delivered to any party hereto at the address of such party specified below. All notices, statements, requests, demands and other communications provided for hereunder shall be deemed to be given or made when delivered or forty-eight (48) hours after being deposited in the mails with postage prepaid by registered or certified mail, addressed as aforesaid, or sent by facsimile with telephonic confirmation of receipt, except that notices from Mortgagor to Mortgagee pursuant to any of the provisions hereof shall not be effective until received by Mortgagee.

Mortgagor: 600 Franklin Owner LLC  
113 Court Street  
Binghamton, New York 13901  
Attention: Mark Lane

Agency: City of Syracuse Industrial Development Agency  
201 East Washington Street, 6<sup>th</sup> Floor  
Syracuse, New York 13202  
Attention: Chairman

**Mortgagee:** Tompkins Trust Company  
6872 E. Genesee Street  
Fayetteville, New York 13066  
Attention: Robert K. Allen, Vice President

or at such other address as the party to be served with notice may have furnished in writing to the party seeking or desiring to serve notice as a place for the service of notice.

Any notice or demand delivered to the person or entity named above to accept notices and demands for Mortgagor shall constitute notice or demand duly delivered to Mortgagor, even if delivery is refused.

13. The obligations and agreements of the Agency contained herein and in the other Loan Documents and in any other instrument or document executed in connection herewith or therewith, and any instrument or documents supplemental hereto or thereto, shall be deemed the obligations and agreements of the Agency, and not of any member, officer, agent (other than the Company) or employee of the Agency in his individual capacity, and the members, officers, agents and employees of the Agency shall not be liable personally hereon or thereon or be subject to any personal liability or accountability based upon or in respect hereof or thereof or of any transaction contemplated hereby or thereby. The obligations and agreements of the Agency contained herein or therein shall not constitute or give rise to an obligation of the State or of the City of Syracuse, and neither the State nor the City of Syracuse shall be liable hereon or thereon, and, further, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency, payable solely from the revenues of the Agency derived and to be derived from the sale or other disposition of the Premises. No order or decree of specific performance with respect to any of the obligations of the Agency hereunder or thereunder shall be sought or enforced against the Agency unless (A) the party seeking such order or decree shall first have requested the Agency, in writing, to take the action sought in such order or decree of specific performance, and thirty (30) days shall have elapsed from the date of receipt of such request, and the Agency shall have refused to comply with such request (or, if compliance therewith would reasonably be expected to take longer than thirty (30) days, shall have failed to institute and diligently pursue action to cause compliance with such request) or failed to respond within such notice period, and (B) if the Agency refuses to comply with such request and the Agency's refusal to comply is based on its reasonable expectation that it will incur fees and expenses, the party seeking such order or decree shall have placed in an account with the Agency an amount or undertaking sufficient to cover such reasonable fees and expenses, and (C) if the Agency refuses to comply with such request and the Agency's refusal to comply is based on its agents' (other than the Company) or employees' reasonable good faith belief or judgment that it or they shall be subject to potential liability, the party seeking such order or decree shall (1) agree to indemnify and hold harmless the Agency and its members, officers and agents (other than the Company) and employees against any liability incurred as a result of its compliance with such demand, and (2) if requested by the Agency, furnish to the agency satisfactory security to protect the Agency and its members, officers, agents (other than the Company) and employees against all liability expected to be incurred as a result of compliance with such request. Any failure to provide notice, indemnify or security to the Agency pursuant to this Paragraph shall not alter the full force and effect of any Event of Default under this Agreement.

14. The Company directs the Agency to execute and deliver this Agreement to the Mortgagee, and further agrees to indemnify the Agency (its members, officers, directors, agents, servants and employees) for all fees and costs incurred in connection with the execution, delivery, recording, performing and enforcing of this Agreement, including but not limited to reasonable attorney's fees.

15. Notwithstanding anything herein to the contrary, Assignee by accepting this Assignment, acknowledges and agrees that the rights of Assignee hereunder shall be subordinate to the rights of the Agency to receive payments in lieu of taxes pursuant to the Payment in Lieu of Tax Agreement between the Agency and the Company and dated even dated herewith and that such payments in lieu of taxes to be made by the Company to the Agency shall have the same force, priority and effect as a real property tax lien under New York State law against the Premises.

16.

(a) The Company hereby releases the Agency and its members, officers, agents and employees from, agrees that the Agency and its members, officers, agents and employees shall not be liable for, and agrees to indemnify, defend, and hold the Agency and its members, officers, agents and employees harmless from and against any and all claims arising as a result of the Agency's undertaking the Project, including but not limited to:

(1) Liability for loss or damage to property or bodily injury to or death of any and all persons that may be occasioned by any cause whatsoever pertaining to the Project Facility, or arising by reason of or in connection with the occupation or the use thereof, or the presence on, in, or about the Project Facility;

(2) All causes of action and attorney's fees and other expenses incurred in connection with any suits or actions which may arise as a result of any of the foregoing, provided that such losses, damages, liabilities, or expenses of the Agency are not incurred or do not result from the intentional wrongdoing of the Agency or any of its members, officers, agents or employees.

The foregoing indemnities shall apply notwithstanding the fault or negligence (other than gross negligence or willful misconduct) on the part of the Agency or any of its officers, members, agents, servants or employees and irrespective of any breach of statutory obligation or any rule of comparative or apportioned liability.

(b) In the event of any claim against the Agency or its members, officers, agents, or employees by any employee of the Company, or any contractor of the Company, or anyone directly or indirectly employed by any of them, or any one for whose acts any of them may be liable, the obligations of the Company hereunder shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Company or such contractor under worker's compensation laws, disability benefit laws, or other employee benefit laws.

**THIS ASSIGNMENT** shall inure to the benefit of the Assignee and all holders of the Note and Mortgage and shall be binding upon the Company and the Agency, their successors and assigns and all lessees, tenants, subtenants and their assigns and all occupants and subsequent owners of the mortgaged Premises.

**SCHEDULE A**  
**Legal Description**

**600 Franklin Street North to Solar Street**

**ALL THAT TRACT OR PARCEL OF LAND**, situate in the City of Syracuse, County of Onondaga and State of New York, being part of Salina Marsh Lot 39 in said City, being part of lands conveyed to Borden's Food Products Company, Inc., and/or Borden, Inc. by the following 3 deeds:

1. from Borden's Milk Products Company, Inc. dated January 4, 1936 and recorded in Onondaga County Clerk's Office in Book of Deeds 800 at Page 192;
2. from James A. Jacobs and Susan Jacobs dated July 28, 1988 and recorded in Onondaga County Clerk's Office in Book 3496 of Deeds at Page 341;
3. from Woodstead Enterprises, LTD. dated November 28, 1988 and recorded in Onondaga County Clerk's Office in Book 3496 of Deeds at Page 337;

and being more particularly described as follows:

Beginning at a drill hole set in the northeasterly boundary of Solar Street, said point being the most westerly corner of lands conveyed by Borden, Inc. to the City of Syracuse for public purposes by deed recorded in Onondaga County Clerk's Office in Book 3507 at Page 168, said point also being 126.68 feet distant northwesterly, measured along said northeasterly street boundary, from its intersection with the northwesterly boundary of Plum Street; running thence N 28° 09' 10" W along said northeasterly boundary of Solar Street, a distance of 292.22 feet to a capped iron pin found at its intersection with the division line between said lands of Borden, Inc. on the south and lands of Syracuse Scale Co., Inc. (reputed owner) on the north; thence N 80° 59' 20" E along said division line, a distance of 76.21 feet to an iron pipe set; thence N 61° 50' 50" E, continuing along said division line, a distance of 112.76 feet to a capped iron pin found at a point of curvature; thence northeasterly, continuing along said division line and along the division line between said lands of Borden, Inc. on the southeast and lands of 667 N. Clinton Street Associates (reputed owner) on the northwest, following a curve to the right having a radius of 371.02 feet, a central angle of 12° 13' 48", and a chord bearing N 67° 57' 44" E, 79.05 feet, an arc distance of 79.20 feet to an iron pipe set; thence N 61° 50' 50" E, continuing along the last mentioned division line, a distance of 330.83 feet to a lag bolt in concrete set at its intersection with the southwesterly boundary of North Clinton Street; thence S 28° 09' 10" E along said street boundary, a distance of 212.14 feet to a nail and flag in concrete found; thence S 61° 50' 50" W along the division line between said lands of Borden, Inc. on the northwest and lands of Franklin Square Rousing Associates (reputed owner) on the southeast, a distance of 245.00 feet to a capped iron pin found; thence S 28° 09' 10" E continuing along said division line, a distance of 33.00 feet to a capped iron pin found; thence S 61° 50' 50" W continuing along said division line, a distance of 30.00 feet to a capped iron pin found at its intersection with the northeasterly boundary of North Franklin Street; thence N 28° 09' 10" W along said street boundary, a distance of 33.00 feet to a PK nail set at the most northerly corner of said North Franklin Street; thence S 61° 50' 50" W along the northwesterly boundary of North Franklin Street, a distance of 60.00 feet to a masonry anchor set at the most westerly corner thereof; thence S 28° 09' 10" E along the southwesterly boundary of said North Clinton Street, a distance of 46.67 feet to an iron pipe set at the most northerly corner of the aforementioned lands conveyed by Borden, Inc. to the City of Syracuse for public purposes; thence S 61° 50' 50" W along the northwesterly boundary of said lands, said boundary also being the northwesterly boundary of Gail Borden Drive, a distance of 259.18 feet to the point of beginning.

**GENERAL CERTIFICATE OF THE  
CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY**

This certificate is made in connection with the execution by the **CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY** (the “**Agency**”) of the First Amendment to Project Agreement, the Dupli Building 1 Project Agreement, the First Amendment to Company Lease, the Dupli Building 1 Company Lease, the First Amendment to Agency Lease, the Dupli Building 1 Agency Lease, the Mortgage, the First Amendment to PILOT Agreement, the Dupli Building 1 PILOT Agreement and any other document now or hereafter executed by the Agency (collectively, the “**Agency Documents**”) with respect to a project (the “**Building 1 Project**”) undertaken at the request of **DUPLI ASSOCIATES LLC** (“**Dupli**”) and **600 FRANKLIN OWNER LLC** (“**600 Franklin**” and together with Dupli, collectively, the “**Company**”) consisting of: (A)(i) the continuation of an interest in 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“**Building 1**”) (bearing tax parcel identification number 118.-06-08.0), located in the City of Syracuse, New York (the “**City**”) (the “**Land**”); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>[1]</sup> (the “**AMI**”); and approximately 3,500 sq.ft. of retail space (collectively, the “**Facility**”); and (iii) the acquisition and installation in and at the Land and Building 1 of furniture, fixtures and equipment (the “**Equipment**” and together with the Land and the Facility, the “**Project Facility**”); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the “**Financial Assistance**”); (C) the appointment of 600 Franklin or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facility by the Agency pursuant to an amended lease agreement and the acquisition of an interest in the Equipment pursuant to one or more bill(s) of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to an amended sublease agreement.

Capitalized terms used herein which are not otherwise defined herein and which are defined in the Dupli Building 1 Agency Lease Agreement dated as of December 1, 2020 (the “**Dupli Building 1 Agency Lease**”), by and among the Agency and the Company, and shall have the meanings ascribed to such terms in the Dupli Building 1 Agency Lease except that, for purposes of this certificate: (A) all definitions with respect to any document shall be deemed to refer to such document only as it exists as of the date of this certificate and not as of any future date; and (B) all definitions with respect to any Person shall be deemed to refer to such Person

---

[1] As defined in the City of Syracuse Department of Neighborhood and Business Development [Syracuse Consolidated Plan](http://www.syr.gov/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf) [http://www.syr.gov/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

only as it exists as of the date of this certificate and not as of any future date or to any successor or assign.

I, the undersigned Executive Director of the Agency, Do Hereby Certify:

1. I am an officer of the Agency and am duly authorized to execute and deliver this certificate in the name of the Agency.

2. The Agency is an industrial development agency duly established under Title 1 of Article 18-A of the General Municipal Law of the State of New York (the "**State**"), as amended (the "**Enabling Act**") and Chapter 641 of the Laws of 1979 of the State (said Chapter with the Enabling Act, the "**Act**") (a certified copy of Chapter 641 of the Laws of 1979 of the State is attached hereto as **Exhibit "A"**), and it is a corporate governmental agency constituting a public benefit corporation of the State.

3. The Act empowers the Agency, among other things, to acquire, construct reconstruct, lease, improve, maintain, equip, sell and dispose of land and any building or other improvement, and all real and personal property, including, but not limited to, machinery and equipment deemed necessary in connection therewith, whether or not now in existence or under construction, which shall be suitable for manufacturing, warehousing, research, commercial, recreation or industrial facilities, including industrial pollution control facilities, in order to advance job opportunities, health, general prosperity and the economic welfare of the people of the City of Syracuse and the State and to improve their standard of living. The Act further authorizes the Agency to lease any and all of its facilities on such terms and conditions as it deems advisable, to acquire, construct, lease, improve, and equip one or more projects as defined in the Act, to mortgage any or all of its facilities and to pledge the revenues and receipts from the sale or transfer of its facilities.

4. The Agency has full legal power and authority to own its property, conduct its business and execute, deliver, and perform its obligations under the Agency Documents and has taken all actions and obtained all approvals required in connection therewith by the Act and any other applicable laws and regulations, and no legislation has been enacted affecting the powers or authority of the Agency to execute and deliver the Agency Documents, affecting the financing of the Project, or affecting the validity thereof or of the Agency Documents, or contesting the existence and powers of the Agency or the appointment of the members and officers of the Agency to their respective offices.

5. Pursuant to the Act, the governing body of the City of Syracuse, New York, for whose benefit the Agency was established, duly filed or caused to be filed within six (6) months after the effective date of Chapter 641 of the Laws of 1979 of the State in the office of the Secretary of State of the State the Certificate of Establishment of the Agency pursuant to Section 926 of the New York General Municipal Law. The Certificate of Establishment of the Agency described in the preceding sentence also named the members and officers of the Agency as appointed by the Mayor of the City of Syracuse. Attached hereto as **Exhibit "B"** are certified copies of said Certificates of Establishment and copies of the Certificates of Appointment relating to all of the current members of the Agency, who are:

Kathleen Murphy, Chair  
Steven Thompson, Vice Chair  
Rickey T. Brown, Secretary  
Kenneth Kinsey, Treasurer  
Dirk Sonneborn, Member

6. Attached hereto as **Exhibit “C”** is a true, correct and complete copy of the by-laws of the Agency, together with all amendments thereto or modifications thereof; and said by-laws as so amended and modified are in full force and effect in accordance with their terms as of the date of this certificate.

7. That a resolution determining that the acquisition, construction, renovation, equipping and completion of the Building 1 Project constitutes a Project and describing the financial assistance in connection therewith and authorizing a public hearing (the “**Public Hearing Resolution**”) was adopted by the Agency on February 18, 2020 and remains in full force and effect and has not been rescinded, repealed or modified. A copy of the Public Hearing Resolution is attached hereto at **Exhibit “D.”**

8. Attached hereto as **Exhibit “E”** is proof of publication of a notice of the public hearing with respect to the Project (the “**Public Hearing Notice**”), required pursuant to Section 859-a of the Act and held on March 17, 2020, and proof of mailing of notice thereof pursuant to Section 859-a of the Act to the chief executive officers of the affected tax jurisdictions (as defined in Section 854(16) of the Act) on March 4, 2020.

9. That a resolution classifying a certain project as a as a Type 1 Action pursuant to SEQRA and declaring the intent of the Agency to be lead agency for purposes of an coordinated review thereunder and determining that the Project will not have a significant effect on the environment (the “**SEQRA Lead Agency Resolution**”) was adopted by the Agency on March 17, 2020 and remains in full force and effect and has not been rescinded, repealed or modified. A copy of the SEQRA Lead Resolution is attached hereto at **Exhibit “F.”**

10. That a resolution determining that the undertaking of a certain project at the request of the Company will not have a significant effect on the environment (the “**SEQRA Resolution**”) was adopted by the Agency on April 21, 2020 and remains in full force and effect and has not been rescinded, repealed or modified. A copy of the SEQRA Resolution is attached hereto at **Exhibit “G.”**

11. On April 21, 2020, the Agency adopted a resolution, amending a certain Inducement Resolution previously adopted by the Agency on May 16, 2017, approving the undertaking of the acquisition, reconstruction, renovation, equipping and completion of the Project, appointing the Company as agent of the Agency for the purpose of the acquisition, reconstruction, renovation, equipping and completion of the Project, and authorizing the execution and delivery of an agreement between the Agency and the Company (the “**Amended Inducement Resolution**”) which remains in full force and effect and has not been rescinded,

repealed or modified. A copy of the Amended Inducement Resolution is attached hereto at **Exhibit “H.”**

12. On April 21, 2020, the Agency adopted a resolution, amending a certain PILOT Resolution previously adopted by the Agency on May 16, 2017, approving a payment in lieu of tax schedule and authorizing the execution and delivery of certain documents by the Agency in connection with the Project (the “*Amended PILOT Resolution*”), which remains in full force and effect and has not been rescinded, repealed or modified. A copy of the Amended PILOT Resolution is attached hereto to **Exhibit “I”**.

13. On April 21, 2020, the Agency adopted a resolution, amending a certain PILOT Resolution previously adopted by the Agency on May 16, 2017, authorizing the execution and delivery of certain documents by the Agency in connection with the Project (the “*Amended Final Approving Resolution*”), which remains in full force and effect and has not been rescinded, repealed or modified. A copy of the Amended Final Approving Resolution is attached hereto at **Exhibit “J”**.

14. That a resolution authorizing the addition of a project owner or operator, amendments to certain transactional documents and the execution and delivery thereof was adopted by the Agency on October 20, 2020 (the “*Approving Resolution*”) and remains in full force and effect and has not been rescinded, repealed or modified. A copy of the Approving Resolution is attached hereto at **Exhibit “K”**.

15. The execution, delivery and performance of all Agency Documents, certificates and documents required to be executed, delivered and performed by the Agency in order to carry out, give effect to and consummate the transactions contemplated by the Agency Documents have been duly authorized by all necessary action of the Agency, and the Agency Documents have been duly authorized, executed and delivered. The Agency Documents are in full force and effect on and as of the date hereof, and no authority or proceeding for the execution, delivery or performance of the Agency Documents has been materially amended, repealed, revoked or rescinded; and no event or circumstance has occurred or exists which constitutes, or with the giving of notice or the passage of time would constitute, a default on the part of the Agency under the Agency Documents.

16. The execution, delivery, and performance of the Agency Documents, the consummation of the transactions therein contemplated and compliance with the provisions of each do not and will not: (a) violate the Act or the by-laws of the Agency; (b) require consent (which has not heretofore been received) under or result in a breach or default of any credit agreement, purchase agreement, indenture, deed of trust, commitment, guaranty, lease, or other agreement or instrument to which the Agency is a party or by which the Agency may be bound or affected; or (c) conflict with or violate any existing law, rule, regulation, judgment, order, writ, injunction, or decree of any government, governmental instrumentality, or court, domestic or foreign, having jurisdiction over the Agency or any of its Property.

17. The Agency has not received written notice that any event of default has occurred and is continuing, or that any event has occurred which with the lapse of time or the giving of notice or both would constitute an event of default by any party to the Agency Documents.

18. There is no action, suit, proceeding or investigation at law or in equity, before or by any court, public board or body of the United States of America or the State of New York, pending or, to the best of my knowledge, threatened against or affecting the Agency (or to my knowledge any basis therefor): (a) wherein an unfavorable decision or finding would adversely affect: (i) the SEQRA Resolution, the Amended Inducement Resolution, the Amended PILOT Resolution, the Amended Final Approving Resolution, the Approving Resolution, the First Amendment to Project Agreement, the Dupli Building 1 Project Agreement, the First Amendment to Company Lease, the Dupli Building 1 Company Lease, the First Amendment to Agency Lease, the Dupli Building 1 Agency Lease, the First Amendment to PILOT Agreement, the Dupli Building 1 PILOT Agreement or the other Agency Documents; or (ii) the existence or organization of the Agency; or (iii) restrain or enjoin the financing, acquisition or construction of the Project or the performance by the Agency of the Agency Documents; or (b) in any manner questioning the proceedings or authority of the financing of the Project, or affecting the validity thereof or of the Agency Documents, or contesting the existence and powers of the Agency or the appointment of the directors and officers of the Agency to their respective offices.

19. December 17, 2020 has been duly designated as the date for the Closing.

20. The Agency has complied with all agreements and satisfied all conditions on its part to be performed or satisfied at or prior to the Closing Date.

21. In accordance with the Act, the Agency has determined:

(a) to assist the Company's acquisition, construction, renovation, equipping and completion of the Project Facility;

(b) to grant the Financial Assistance to the Company;

(c) to designate 600 Franklin as the Agency's agent for the acquisition, construction, renovation, equipping and completion of the Project Facility and to authorize 600 Franklin to appoint additional agents;

(d) that the Project will promote employment opportunities and prevent economic deterioration in the City by the preservation and/or the creation of both full and part-time jobs; and

(e) to pledge its interest in the Company Lease and the Dupli Building 1 Agency Lease (except the Agency's Unassigned Rights) to the Mortgagee and grant the Mortgagee a security interest in the Agency's leasehold interest in the Project Facility.

22. That I did officially cause all certificates necessary for the granting of the Financial Assistance and included in the official transcript of closing, to be executed, as required, in the name of the Agency by the signing of each of such certificates with the signature of the Executive Director of the Agency.

23. That I did officially cause the following Agency Documents to be executed in the name of the Agency by the signing of each of the following Agency Documents with the signature of the Judith DeLaney, Executive Director of the Agency:

(a) a First Amendment to Project Agreement between the Agency and the Company, dated as of December 1, 2020, by and between the Agency and Dupli, amending that certain project agreement dated as of July 1, 2017 by and between the Agency and Dupli;

(b) the Dupli Building 1 Project Agreement, dated as of December 1, 2020, by and among the Agency, Dupli and 600 Franklin;

(c) the First Amendment to Company Lease, dated as of December 1, 2020, by and between the Agency and Dupli, amending that certain company lease agreement dated as of July 1, 2017, by and between the Agency and Dupli;

(d) the Dupli Building 1 Company Lease, dated as of December 1, 2020, by and among the Agency, Dupli and 600 Franklin pursuant to which the Company agrees to lease, or continue to lease, the Land and the Facility to the Agency;

(e) the First Amendment to Agency Lease, dated as of December 1, 2020, by and between the Agency and Dupli, amending that certain agency lease agreement dated as of July 1, 2017, by and among the Agency and Dupli;

(f) the Dupli Building 1 Agency Lease, dated as of December 1, 2020, by and among the Agency, Dupli and 600 Franklin pursuant to which the Agency agrees to sublease, or continue to sublease, the Project Facility to the Company;

(g) the Mortgage(s) pursuant to which the Mortgagee has been granted a security interest in the Project Facility;

(h) the First Amendment to PILOT Agreement, dated as of December 1, 2020, by and among the Agency and Dupli, amending that certain payment in lieu of taxes agreement dated as of July 1, 2017, by and among the Agency and Dupli; and

(i) the Dupli Building 1 PILOT Agreement, dated as of December 1, 2020 by and among the Agency, Dupli and 600 Franklin.

24. No member, officer or employee of the Agency having power to: (i) negotiate, prepare, authorize or approve any of the Agency Documents; (ii) audit bills or claims under any of the Agency Documents; or (iii) appoint an officer or employee who has any of the powers or duties set forth in (i) or (ii):

(a) directly or indirectly owns any stock of the Company;

(b) is a partner, director or employee of the Company;

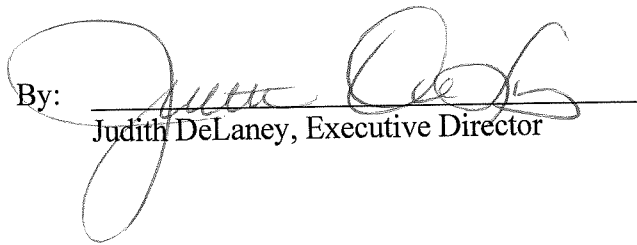

(c) is related to the Company within the meaning of Section 800.3(a) of the New York General Municipal Law.

No member, officer, or employee of the Agency has publicly disclosed, in a writing included as part of the official minutes of the Agency, any Interest (as defined in Section 800.3 of the New York General Municipal Law), direct or indirect, in the Company.

**CITY OF SYRACUSE INDUSTRIAL  
DEVELOPMENT AGENCY**

By:  \_\_\_\_\_  
Judith DeLaney, Executive Director

**EXHIBIT "A"**

**CHAPTER 641 OF THE LAWS OF 1979  
OF THE STATE OF NEW YORK**

LAWS OF NEW YORK, 1979

CHAPTER 641

AN ACT to amend the general municipal law, in relation to creating and establishing for the city of Syracuse industrial development agency and, providing for its functions and duties

Became a law July 11, 1979, with the approval of the Governor. Passed on Home Rule request pursuant to Article IX, section 2 (b) (2) of the Constitution, by a majority vote, three-fifths being present.

*The People of the State of New York, represented in Senate and Assembly, do enact as follows:*

Section 1. The general municipal law is amended by adding a new section nine hundred twenty-six to read as follows:

§ 926. *City of Syracuse industrial development agency. (a) For the benefit of the city of Syracuse and the inhabitants thereof, an industrial development agency, to be known as the CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY, is hereby established for the accomplishment of any or all of the purposes specified in title one of article eighteen-A of this chapter. It shall constitute a body corporate and politic, and be perpetual in duration. It shall consist of five members who shall be appointed by the mayor of the city of Syracuse and its chairman shall be designated by such mayor. It shall have the powers and duties now or hereafter conferred by title one of article eighteen-A of this chapter upon industrial development agencies. It shall organize in a manner prescribed by and be subject to the provisions of title one of article eighteen-A of this chapter. The agency, its members, officers and employees, and its operations and activities shall in all respects be governed by the provisions of title one of article eighteen-A of this chapter.*

*(b) The city shall have the power to make, or contract to make grants or loans, including but not limited to grants or loans of money, to the agency in such amounts, upon such terms and conditions and for such period or periods of time as in the judgment of the city and the agency are necessary or appropriate for the accomplishment of any of the purposes of the agency.*

§ 2. This act shall take effect immediately.

**EXHIBIT “B”**

**AGENCY’S CERTIFICATE OF ESTABLISHMENT  
AND  
CERTIFICATES OF APPOINTMENT OF CURRENT MEMBERS**

CERTIFICATE OF THE CITY OF SYRACUSE  
INDUSTRIAL DEVELOPMENT AGENCY

Pursuant to Article 18-A of the General Municipal Law, Lee Alexander, Mayor of the City of Syracuse, certifies as follows:

1) The name of the industrial development agency herein is the City of Syracuse Industrial Development Agency.

2) Chapter 641 of the Laws of 1979, the special act of the New York State Legislature establishing the City of Syracuse Industrial Development Agency, was adopted by the New York State Legislature on June 16, 1979 and signed by the Governor on July 18, 1979.

3) The names of the Chairman and the Members, respectively, of the City of Syracuse Industrial Development Agency and their terms of office are as follows:

(a)	Frank L. Canino	Chairman
	David M. Garber	Member
	David S. Michel	Member
	Erwin G. Schultz	Member
	Irwin L. Davis	Member

(b) The term of office of the Chairman and of the Members of the City of Syracuse Industrial Development Agency is at the pleasure of the Mayor and continues until a successor is appointed and has qualified.

4) The facts establishing the need for the creation of a City of Syracuse Industrial Development Agency are as follows:

Expansion of its industrial-commercial base is essential to the City of Syracuse, especially in a time of mounting economic pressures. To achieve this goal of expansion, the City has designed a comprehensive economic development program, requiring an Industrial Development Agency.

The existing potential for economic development will be augmented by the financial incentives of an Industrial Development Agency. Various City agencies and departments, such as the Department of Community Development and the Office of Federal and State Aid Coordination will interface with the Syracuse Industrial Development Agency to strengthen the business and industrial climate of the community.

Access to the Department of Community Development will make available to the Syracuse Industrial Development Agency an array of staff assistance, technical expertise, and various other development services. The City's Office of Federal and State Aid Coordination will provide assistance to it in locating, analyzing, and obtaining various forms of federal and state assistance and participation.

**EXHIBIT “C”**

**AGENCY’S BY-LAWS**

**BY-LAWS OF  
THE CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY  
(as amended August 18, 2009)**

**Article I**

**THE AGENCY**

Section 1. Name

The name of the agency shall be "City of Syracuse Industrial Development Agency", and it shall be referred to in these by-laws as the Agency.

Section 2. Seal

The seal of the Agency shall be in such form as may be determined by the members of the Agency.

Section 3. Office

The principal office of the Agency shall be located in the City of Syracuse, New York, County of Onondaga, and State of New York. The Agency may have such other offices at such other places as the members of the Agency may, from time to time, designate by resolution.

**Article II**

**MEMBERS**

Section 1. Members

(a) There shall be five members of the Agency. All references in these by-laws to members shall be references to Members of the Agency. The persons designated in the certificates of appointment filed in the office of the Secretary of State as members of the Agency and their successors in office and such other persons as may, from time to time, be appointed as

Members of the Agency by the Mayor of the City of Syracuse, or by special act of the Legislature, shall constitute all the members.

(b) Members shall hold office at the pleasure of the Mayor and shall continue to hold office until his or her successor is appointed and has qualified. The Mayor may remove any Member at his discretion, with or without cause.

(c) Upon the resignation or removal of a Member, a successor shall be selected by the Mayor.

(d) Members may resign at any time by giving written notice to the Mayor and to the Chairman of the Agency. Unless otherwise specified in the notice the resignation shall take effect upon receipt of the notice by the Chairman or the Mayor. Acceptance of the resignation shall not be necessary to make it effective.

## Section 2. Meeting of the Members

(a) The Annual Meeting of the members shall be held on such date or dates as shall be fixed, from time to time, by the Members of the Agency. The first Annual Meeting of Members shall be held on a date within twelve (12) months after the filing of the Certificate of the Agency with the Secretary of State as required by General Municipal Law §856 (l) (a). Each successive Annual Meeting of Members shall be held on a date not more than twelve (12) months following the preceding Annual Meeting of Members.

(b) Regular meetings of the Agency may be held at such time and place as, from time to time, may be determined by the Members.

(c) Upon the written request of the Mayor, the Chairman or two (2) Members of the Agency, the Chairman of the Agency shall call a special meeting of the Members. Special meetings may be held on such date or dates as may be fixed in the call for such special meetings.

The call for a special meeting may be personally delivered to each Member of the Agency or may be mailed to the business or home address of such Member. A waiver of notice may be signed by any Member failing to receive a proper notice.

Section 3. Procedure at Meetings of Members

(a) The Chairman shall preside over the meetings of the Agency. In the absence of the Chairman, the Vice-Chairman shall preside. In the absence of both the Chairman and Vice-Chairman, any Member directed by the Chairman may preside.

(b) At all meetings of Members, a majority of the Members of the Agency shall constitute a quorum for the purpose of transacting business. If less than a quorum is present for any meeting, the Members then present may adjourn the meeting to such other time or until a quorum is present. Except to the extent provided for by law, all actions shall be by a majority of the votes cast, provided that the majority of the votes cast shall be at least equal to a quorum.

(c) When determined by the Agency that a matter pending before it is confidential in nature, it may, upon motion, establish an executive session and exclude any non-member from such session.

(d) Order of business

At all meetings of the Agency, the following shall be the order of business:

- (1) Roll Call;
- (2) Proof of Notice of Meeting;
- (3) Reading and approval of the minutes of the previous meeting;
- (4) bills and communications;
- (5) Report of the Treasurer;
- (6) Reports of Committees;

- (7) Unfinished business;
- (8) New business;
- (9) Adjournment.

The order of business may be altered or suspended at any meeting by the Members of the Agency.

(e) All resolutions shall be in writing and shall be recorded in the journal of the proceedings of the Agency.

### Article III

#### OFFICERS AND PERSONNEL

##### Section 1. Officers

The officers of the Agency shall be Chairman or Co-Chairman, Vice-Chairman, Secretary and Treasurer and such other offices as may be prescribed, from time to time, by the Agency. The Chairman or Co-Chairman and other officers shall be appointed by the Mayor of the City of Syracuse and may be removed with or without cause at his discretion. Each officer shall be a Member of the Agency during his or her term of office.

##### Section 2. Chairman or Co-Chairmen

The Chairman shall be chief executive officer of the Agency, and shall serve as an ex officio member of all duly constituted committees, shall supervise the general management and the affairs of the Agency, and shall carry out the orders and resolutions of the Agency. Except as otherwise authorized by resolution of the Agency, the Chairman shall execute (manually and by facsimile signature) all agreements, contracts, deeds, bonds, notes or other evidence of indebtedness and any other instruments of the Agency on behalf of the Agency. The Mayor may from time to time appoint two Co-Chairmen in place of the Chairman. During their term of office the Co-

Chairmen shall share equally the duties, rights, powers and responsibilities of the Chairman. The action of either Co-Chairman or execution (manually or by facsimile signature) by either Co-Chairman of any agreement, contract, deed, bond, note or other evidence of indebtedness or any other instrument of the Agency on behalf of the Agency shall have the same force and effect as such action or execution by the Chairman.

Section 3. Vice-Chairman

The Vice-Chairman shall have all the powers and functions of the Chairman or Co-Chairmen in the absence or disability of the Chairman or Co-Chairmen, as the case may be. The Vice-Chairman shall perform such other duties as the Members of the Agency shall prescribe or as delegated by the Chairman or Co-Chairmen.

Section 4. Secretary

The Secretary shall keep the minutes of the Agency, shall have the custody of the seal of the Agency and shall affix and attest the same to documents when duly authorized by the Agency, shall attest to the giving or serving of all notices of the Agency, shall have charge of such books and papers as the Members of the Agency may order, shall attest to such correspondence as may be assigned, and shall perform all the duties incidental to his office.

Section 5. Treasurer

The Treasurer shall have the care and custody of all the funds and securities of the Agency, shall deposit such funds in the name of the Agency, in such bank or trust company as the members of the Agency may elect, shall sign such instrument as may require the Treasurer's signature, but only with the approval of the Chairman or Co-Chairman, as the case may be, shall at all reasonable times exhibit the books and accounts of the Agency to the Mayor or any Member of

the Agency, and at the end of each fiscal year shall present an annual report setting forth in full the financial condition of the Agency.

Section 6. Additional Personnel

The Agency, with the consent of the Mayor, may appoint an Administrative or Executive Director to supervise the administration of the business and affairs of the Agency, subject to the direction of the Agency. The Agency may, from time to time, employ such other personnel as it deems necessary to execute its powers, duties and functions as prescribed by the New York State Industrial Development Agency Act (General Municipal Law, Article 18-A), as amended, and all other laws of the State of New York applicable thereto.

Section 7. Compensation of Chairman, Co-Chairmen, Members, Officers, and Other Personnel

The Chairman, Co-Chairmen, Members and Officers shall receive no compensation for their services but shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of their duties. The compensation of other personnel, including the Administrative Director, shall be determined by the Members of the Agency.

**Article IV**

**AMENDMENTS**

Section 1. Amendments to By-Laws

These by-laws may be amended or revised, from time to time, by a two-third (2/3) vote of the Agency, but no such amendment or revision shall be adopted unless written notice of the proposed action shall have been given by mail to each Member and the Mayor at least ten (10) days prior to the date of the meeting at which it is proposed that such action be taken; provided, however,

that this provision and other provisions relating to the appointment, renewal and terms of office of Members and officers may be amended only with the prior written approval of the Mayor.

## Article V

### MISCELLANEOUS

#### Section 1. Sureties and Bonds

In case the Agency shall so require, any officer, employee or agent of the Agency shall execute to the Agency a bond in such sum and with such surety or sureties as the Agency may direct, conditioned upon the faithful performance of his or her duties to the Agency and including responsibility for negligence and for the accounting for all property, funds or securities of the Agency which may come into the hands of the officer, employee or agent.

#### Section 2. Indemnification

(a) Upon compliance by a Member or Officer of the Agency (including a former Member or Officer, the estate of a Member or Officer or a judicially appointed personal representative thereof) (referred to in this Section 2 collectively as "Member") with the provisions of subdivision (i) of this Section 2, the Agency shall provide for the defense of the Member in any civil action or proceeding, state or federal, arising out of any alleged act or omission which occurred or allegedly occurred while the Member was acting within the scope of the public employment or duties of such Member. This duty to provide for a defense shall not arise where such civil action or proceeding is brought by or at the behest of the Agency.

(b) Subject to the conditions set forth in paragraph (a) of this subdivision, the Member shall be entitled to be represented by private counsel of the Member's choice in any civil action or proceeding whenever the chief legal officer of the Agency or other counsel designated by the

Agency determines that a conflict of interest exists, or whenever a court, upon appropriate motion or otherwise by a special proceeding, determines that a conflict of interest exists and that the Member is entitled to be represented by counsel of the Member's choice, provided, however, that the chief legal officer or other counsel designated by the Agency may require, as a condition to payment of the fees and expenses of such representation, that appropriate groups of such Members be represented by the same counsel. Reasonable attorneys' fees and litigation expenses shall be paid by the Agency to such private counsel from time to time during the pendency of the civil action or proceeding with the approval of a majority of the Members of the Agency eligible to vote thereon.

(c) Any dispute with respect to representation of multiple Members by a single counsel or the amount of litigation expenses or the reasonableness of attorneys' fees shall be resolved by the court upon motion or by way of a special proceeding.

(d) Where the Member delivers process and a written request for a defense to the Agency under subdivision (i) of this Section 2, the Agency shall take the necessary steps on behalf of the Member to avoid entry of a default judgment pending resolution of any question pertaining to the obligation to provide for a defense.

(e) The Agency shall indemnify and save harmless its Members in the amount of any judgment obtained against such Members in a State or Federal court, or in the amount of any settlement of a claim, provided that the act or omission from which such judgment or claim arose occurred while the Member was acting within the scope of the Member's public employment or duties; provided further that in the case of a settlement, the duty to indemnify and save harmless shall be conditioned upon the approval of the amount of settlement by a majority of the Members of the Agency eligible to vote thereon.

(f) Except as otherwise provided by law, the duty to indemnify and save harmless prescribed by this Section 2 shall not arise where the injury or damage resulted from intentional wrongdoing or recklessness on the part of the Member seeking indemnification.

(g) Nothing in this subdivision shall authorize the Agency to indemnify or save harmless any Member with respect to punitive or exemplary damages, fines or penalties; provided, however, that the Agency shall indemnify and save harmless its Members in the amount of any costs, attorneys' fees, damages, fines or penalties which may be imposed by reason of an adjudication that the Member, acting within the scope of the Member's public employment or duties, has, without willfulness or intent on the Member's part, violated a prior order, judgment, consent decree or stipulation of settlement entered in any court of the State or of the United States.

(h) Upon entry of a final judgment against the Member, or upon the settlement of the claim, the Member shall serve a copy of such judgment or settlement, personally or by certified or registered mail within thirty (30) days of the date of entry or settlement, upon the Chairman and the chief administrative officer of the Agency; and if not inconsistent with the provisions of this Section 2, the amount of such judgment or settlement shall be paid by the Agency.

(i) The duty to defend or indemnify and save harmless prescribed by this Section 2 shall be conditioned upon: (i) delivery by the Member to the Chairman of the Agency and the chief legal officer of the Agency or to its chief administrative officer of a written request to provide for such Member's defense together with the original or a copy of any summons, complaint, process, notice, demand or pleading within ten (10) days after the Member is served with such document, and (ii) the full cooperation of the Member in the defense of such action or

proceeding and in defense of any action or proceeding against the Agency based upon the same act or omission, and in the prosecution of any appeal.

(j) The benefits of this Section shall inure only to Members as defined in subdivision (a) of this Section 2 and shall not enlarge or diminish the rights of any other party.

(k) This Section 2 shall not in any way affect the obligation of any claimant to give notice to the Agency under Section 10 of the Court of Claims Act, Section 880 of the General Municipal Law, or any other provision of law.

(l) The Agency is hereby authorized and empowered to purchase insurance from any insurance company created by or under the laws of the State, or authorized by law to transact business in the State, against any liability imposed by the provisions of this Section 2, or to act as a self-insurer with respect thereto. The provisions of this Section 2 shall not be construed to impair, alter, limit or modify the rights and obligations of any insurer under any policy of insurance.

(m) All payments made under the terms of this Section 2, whether for insurance or otherwise, shall be deemed to be for a public purpose and shall be audited and paid in the same manner as other public charges.

(n) Except as otherwise specifically provided in this Section 2, the provisions of this Section 2 shall not be construed in any way to impair, alter, limit, modify, abrogate or restrict any immunity to liability available to or conferred upon any Member of the Agency by, in accordance with, or by reason of, any other provision of State or Federal statutory or common law. The benefits under this Section 2 shall supplement, and be available in addition to, defense or indemnification protection conferred by any law or enactment. This Section 2 is intended to confer upon Members of the Agency all of the benefits of Section 18 of the Public Officers Law

and to impose upon the Agency liability for costs incurred under the provisions hereof and thereof.

Section 3. Fiscal Year

The fiscal year of the Agency shall be fixed by the Members, subject to the applicable law.

Section 4. Powers of the Agency

The Agency shall have all the powers of an Industrial Development Agency authorized by Article 18-A of the General Municipal Law and shall have the power to do all things necessary or convenient to carry out its purposes and exercise the powers authorized herein.

**PUBLIC HEARING RESOLUTION**

## RESOLUTION

A regular meeting of the City of Syracuse Industrial Development Agency was convened in public session on February 18, 2020, at 8:00 o'clock a.m. in the Common Council Chambers, City Hall, 233 East Washington Street, Syracuse, New York.

The meeting was called to order by the Chairperson and upon the roll being duly called, the following members were:

**PRESENT:** Kathleen Murphy, Rickey T. Brown, Kenneth Kinsey

**EXCUSED:** Steven Thompson, Dirk Sonneborn

**THE FOLLOWING PERSONS WERE ALSO PRESENT:** Staff Present: Judith DeLaney, Susan Katzoff, Esq., John Vavonese, Debra Ramsey-Burns; Others Present: Aggie Lane, Timothy Lynn, Esq., Joe Gehm, Ted Trespaz, Esq, Rich Engel, Esq., Donna Harris, Tom IDizzo, Mitch Lattimer; Media: Rick Moriarty

The following resolution was offered by Rickey T. Brown and seconded by Kenneth Kinsey:

**RESOLUTION DETERMINING THAT THE ACQUISITION, RECONSTRUCTION, RENOVATION, EQUIPPING AND COMPLETION OF A MIXED-USE FACILITY AT THE REQUEST OF THE COMPANY CONSTITUTES A PROJECT; DESCRIBING THE FINANCIAL ASSISTANCE IN CONNECTION THEREWITH; AND AUTHORIZING A PUBLIC HEARING**

**WHEREAS**, the City of Syracuse Industrial Development Agency (the "**Agency**") is authorized and empowered by Title 1 of Article 18-A of the General Municipal Law of the State of New York (the "**State**"), as amended, together with Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (collectively, the "**Act**"), to promote, develop, encourage and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing of industrial, manufacturing, warehousing, commercial, research and recreation facilities, for the purpose of promoting economically sound commerce and industry to advance the job opportunities, health, general prosperity and economic welfare of the people of the State, to improve their recreation opportunities, prosperity and standard of living; and

**WHEREAS**, to accomplish its stated purposes, the Agency is authorized and empowered under the Act to grant "financial assistance" (as defined in the Act) in connection with the acquisition, reconstruction and equipping of one or more "projects" (as defined in the Act); and

**WHEREAS**, at the request of Dupli Associates, LLC (the "**Company**"), by resolution dated May 16, 2017 (the "**Inducement Resolution**") the Agency agreed to undertake a project

(the “**Original Project**”) consisting of: (A)(i) the acquisition of an interest in approximately 5 acres of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“**Building 1**”); and 156 Solar Street and Division Street W. improved by an approximate 62,800 square foot building (“**Building 2**”), each in the City of Syracuse, New York (the “**City**”) (the foregoing collectively referred to as the “**Property**”); (ii) the reconstruction and renovation of approximately 21,000 square feet of Building 1 consisting of an approximately 15,000 square foot climbing gym and an approximately 6,000 square foot restaurant in the northwest corner of Building 1 (collectively, the “**Facility**”); (iii) the acquisition and installation in and at Building 1 of furniture, fixtures and equipment (the “**Original Equipment**” and together with the Property and the Facility, the “**Original Project Facility**”); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the “**Original Financial Assistance**”); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Property and Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, in or about July, 2017, the Company and Agency entered into a lease transaction to effectuate the undertaking of the Project and the conference of the approved Financial Assistance (the “**Lease Transaction**”); and

**WHEREAS**, by supplemental application dated February 4, 2020 (the “**Application**”), the Company requested the Agency revise the Project to be undertaken in two phases (the “**Project**”) as follows: (A)(i) the continuation of an interest in two parcels of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by Building 1 (bearing tax parcel identification number 118.-06-08.0); and 156 Solar Street and Division Street W. improved by Building 2 (bearing tax parcel identification number 118.-06-01.0), each in the City (the foregoing collectively referred to as the “**Land**”); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>1</sup> (the “**AMI**”); and approximately 3,500 sq.ft. of retail space; and the reconstruction and renovation of Building 2 consisting of 24,000 sq.ft. of residential space containing approximately 20 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the AMI; approximately 20,000 sq.ft. of commercial office space and approximately 9,500 sq.ft. of retail space (collectively, the “**Facilities**”); (iii) (iv) the acquisition and installation in and at the Land and Building 1 and Building 2 of furniture, fixtures and equipment (the “**Equipment**” and together with the Land and the Facilities, the

<sup>1</sup> As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

"**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Land and Facilities by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, the Company further requested approval of the transfer of some or all of the membership interests in the Company to FS Development Associates LLC whose members are Mark Lane, Joseph Gehm and Timothy Lynn; and

**WHEREAS**, pursuant to Article 8 of the Environmental Conservation Law of the State of New York, as amended, and the regulations of the Department of Environmental Conservation of the State of New York promulgated thereunder (collectively referred to hereinafter as "**SEQRA**"), the Agency is required to make a determination whether the "action" (as said quoted term is defined in SEQRA) to be taken by the Agency may have a "significant impact on the environment" (as said quoted term is utilized in SEQRA), and the preliminary agreement of the Agency to undertake the Project constitutes such an action; and

**WHEREAS**, pursuant to Article 8 of the Environmental Conservation Law of the State of New York, as amended, and the regulations of the Department of Environmental Conservation of the State of New York promulgated thereunder (collectively referred to hereinafter as "**SEQRA**"), the Agency is required to make a determination with respect to the environmental impact of any "action" (as said quoted term is defined in SEQRA) to be taken by the Agency and the approval of the Project constitutes such an action; and

**WHEREAS**, the Agency has not yet made a determination under SEQRA; and

**WHEREAS**, the Agency has not approved undertaking the Project or granting the Financial Assistance; and

**WHEREAS**, the grant of Financial Assistance to the Project is subject to, among other things, the Agency finding after a public hearing pursuant to Section 859-a of the Act that the Project will serve the public purposes of the Act by promoting economically sound commerce and industry to advance the job opportunities, health, general prosperity and economic welfare of the people of the State or increasing the overall number of permanent, private sector jobs in the State.

**NOW, THEREFORE**, be it resolved by the members of the City of Syracuse Industrial Development Agency, as follows:

(1) Based upon the representations made by the Company to the Agency, the Agency makes the following findings and determinations:

(A) The Project constitutes a “project” within the meaning of the Act;

(B) The Project is located in a “Highly Distressed Area” as defined in Section 854(18) of the Act;

(C) The Financial Assistance contemplated with respect to the Project consists of assistance in the form of exemptions from real property taxes, State and local sales and use taxation and mortgage recording tax; and

(2) The Agency hereby directs that pursuant to Section 859-a of the Act, a public hearing with respect to the Project and Financial Assistance shall be scheduled with notice thereof published, and such notice, as applicable, shall further be sent to affected tax jurisdictions within which the Project is located.

(3) The Secretary or the Executive Director of the Agency is hereby authorized to and may distribute copies of this Resolution to the Company and to do such further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution.

(4) A copy of this Resolution shall be placed on file in the office of the Agency where the same shall be available for public inspection during business hours.

The question of the adoption of the foregoing resolution was duly put to vote on a roll call, which resulted as follows:

	<u><b>AYE</b></u>	<u><b>NAY</b></u>
Kathleen Murphy	X	
Rickey T. Brown	X	
Kenneth Kinsey	X	

The foregoing Resolution was thereupon declared duly adopted.

OF LETTERS TO AFFECTED TAX JURISDICTIONS PURSUANT TO SECTIONS  
859-a OF THE ACT**

## NOTICE OF PUBLIC HEARING

As a result of the public health emergency created by COVID-19, the Federal, State and local bans on meetings or gatherings, and pursuant to Governor Cuomo's Executive Order 220.1 issued on March 12, 2020 suspending the Open Meetings Law, **NOTICE IS HEREBY GIVEN** that a public hearing, in accordance with the foregoing and pursuant to Section 859-a of the New York General Municipal Law, will be held **electronically** via Webex by the City of Syracuse Industrial Development Agency (the "Agency") on the 21<sup>st</sup> day of April, 2020, at 8:00 a.m., local time, in conjunction with the matter set forth below. **NO PUBLIC APPEARANCES WILL BE PERMITTED.** Members of the public may listen to the Public Hearing and provide comment by either logging into the Webex meeting at: <https://bit.ly/syrsida-04082020>, or by accessing the link on the Agency's website, using meeting number 713 934 932 and password SIDA *or* via telephone at (408) 418-9388, access code: 713 934 932.

Comments may also be submitted to the Agency in writing delivered to City of Syracuse Industrial Development Agency, 201 E. Washington Street, 6<sup>th</sup> Floor, Syracuse, N.Y. 13202 Attn: Judith DeLaney **TO BE RECEIVED BY NO LATER THAN APRIL 17, 2020.** The Public may also submit comments electronically to [business@syrgov.net](mailto:business@syrgov.net) to be **received on or before April 17, 2020.** **ANY WRITTEN COMMENTS SO RECEIVED WILL BE READ INTO THE RECORD OF THE PUBLIC HEARING.** Minutes of the Public Hearing will be transcribed and posted on the Agency's website.

The following project is the subject of this public hearing:

Dupli Associates, LLC, or an entity to be formed (the "Company"), requested the Agency undertake a project (the "Project") consisting of: (A)(i) the continuation of an interest in two parcels of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximately 149,000 sq.ft. building ("Building 1") (bearing tax parcel identification number 118.-06-08.0); and 156 Solar Street and Division Street W. improved by an approximately 62,800 sq.ft. building ("Building 2") (bearing tax parcel identification number 118.-06-01.0), each in the City (the foregoing collectively referred to as the "Land"); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City (the "AMI"); and approximately 3,500 sq.ft. of retail space; and the reconstruction and renovation of Building 2 consisting of 24,000 sq.ft. of residential space containing approximately 20 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the AMI; approximately 20,000 sq.ft. of commercial office space and approximately 9,500 sq.ft. of retail space (collectively, the "Facilities"); (iii) (iv) the acquisition and installation in and at the Land and Building 1 and Building 2 of furniture, fixtures and equipment (the "Equipment" and together with the Land and the Facilities, the "Project Facility"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law)

(collectively the "Financial Assistance"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Land and Facilities by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Project Facility back to the Company pursuant to a sublease agreement.

The Company shall be the initial owner or operator of the Project Facility.

The Agency will at the above-stated time hear all persons with views with respect to the proposed Financial Assistance to the Company, the proposed owner/operator, the location of the Project Facility and the nature of the Project.

A copy of the application filed by the Company with the Agency with respect to the Project, including an analysis of the costs and benefits of the Project, are available for public inspection on the Agency's Website.

**SEQRA LEAD AGENCY RESOLUTION**

## SEQRA LEAD AGENCY RESOLUTION

A regular meeting of the City of Syracuse Industrial Development Agency was convened in public session on March 17, 2020 at 8:15 o'clock a.m., local time, in the Common Council Chambers, City Hall, 233 East Washington Street, Syracuse, New York. Due to the declaration of a public health emergency and the social distancing requirements imposed at the Federal, State and local level, this meeting was held by telephone conference with live streaming available to the public.

The meeting was called to order by the Chair and upon roll being called, the following members of the Agency were:

**PRESENT:** Kathleen Murphy, Steven Thompson

**PRESENT VIA TELECONFERENCE:** Kenneth Kinsey, Rickey T. Brown, Dirk Sonneborn (in accordance with the Governor's Executive Order 202.1).

**THE FOLLOWING PERSONS WERE ALSO PRESENT:** Staff Present: Judith DeLaney, Susan Katzoff, Esq., John Vavonese, Lori McRobbie

The following resolution was offered by Steven Thompson and seconded by Kenneth Kinsey:

**RESOLUTION CLASSIFYING A CERTAIN PROJECT AS  
A TYPE I ACTION AND DECLARING THE INTENT OF  
THE CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT  
AGENCY TO BE LEAD AGENCY FOR PURPOSES OF A  
COORDINATED REVIEW PURSUANT TO THE STATE  
ENVIRONMENTAL QUALITY REVIEW ACT**

**WHEREAS**, the City of Syracuse Industrial Development Agency (the "**Agency**") is authorized and empowered by Title 1 of Article 18-A of the General Municipal Law of the State of New York (the "**State**"), as amended, together with Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (collectively, the "**Act**"), to promote, develop, encourage and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing of industrial, manufacturing, warehousing, commercial, research and recreation facilities, for the purpose of promoting economically sound commerce and industry to advance the job opportunities, health, general prosperity and economic welfare of the people of the State, to improve their recreation opportunities, prosperity and standard of living; and

**WHEREAS**, to accomplish its stated purposes, the Agency is authorized and empowered under the Act to grant "financial assistance" (as defined in the Act) in connection with the acquisition, construction, renovation, reconstruction and equipping of one or more "projects" (as defined in the Act); and

**WHEREAS**, by application dated February 4, 2020 (the "**Application**"), Dupli Associates, LLC (the "**Company**") requested the Agency undertake a project to be in two phases

(the "**Project**") as follows: (A)(i) the continuation of an interest in two parcels of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximately 149,000 sq.ft. building ("**Building 1**") (bearing tax parcel identification number 118.-06-08.0); and 156 Solar Street and Division Street W. improved by an approximately 62,800 sq.ft. building ("**Building 2**") (bearing tax parcel identification number 118.-06-01.0), each in the City of Syracuse (the foregoing collectively referred to as the "**Land**"); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units; and approximately 3,500 sq.ft. of retail space; and the reconstruction and renovation of Building 2 consisting of 24,000 sq.ft. of residential space containing approximately 20 apartment units; approximately 20,000 sq.ft. of commercial office space and approximately 9,500 sq.ft. of retail space (collectively, the "**Facilities**"); and (iii) the acquisition and installation in and at the Land and Building 1 and Building 2 of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facilities, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facilities by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, pursuant to Article 8 of the Environmental Conservation Law of the State of New York, as amended, and the regulations of the Department of Environmental Conservation of the State of New York promulgated thereunder (collectively referred to hereinafter as "**SEQRA**"), the Agency is required to make a determination whether the "action" (as said quoted term is defined in SEQRA) to be taken by the Agency may have a "significant impact on the environment" (as said quoted term is utilized in SEQRA) and the preliminary agreement of the Agency to undertake the Project constitutes such an action; and

**WHEREAS**, to aid the Agency in determining whether undertaking the Project may have a significant impact upon the environment, the Company has prepared and submitted to the Agency an Environmental Assessment Form (the "**EAF**") with respect to the Project, a copy of which is attached here as **Exhibit A**, with a copy of the EAF on file at the office of the Agency; and

**WHEREAS**, the Agency has examined the EAF in order to classify the Project; and

**WHEREAS**, the Agency has not approved the Project or the grant of Financial Assistance to the Project; and

**NOW, THEREFORE**, be it resolved by the members of the City of Syracuse Industrial Development Agency as follows:

(1) Based upon an internal review of the EAF prepared by the Company and the criteria contained in 6 NYCRR §617.4 the Agency makes the following findings and determinations with respect to the Project pursuant to SEQRA:

(A) The Project consists of the components described above in the third WHEREAS clause of this resolution; and

(B) The Project constitutes a “Type I Action” (as said quoted term is defined in SEQRA); and

(C) As a consequence of the foregoing, the Agency hereby declares its intent to act as Lead Agency (as said term is defined in SEQRA) with respect to a coordinated review of the Project pursuant to SEQRA; and

(D) The Agency’s counsel shall arrange for distribution of its notice of intent to be “Lead Agency” and is hereby authorized to take such actions as are necessary and appropriate to assist the Agency in fulfilling the requirements under SEQRA for the Project and to work with the Company in connection therewith.

(2) A copy of this Resolution, together with the attachments hereto, shall be placed on file in the office of the Agency where the same shall be available for public inspection during business hours.

(3) This Resolution shall take effect immediately. The Secretary and/or Executive Director of the Agency is hereby authorized to distribute copies of this Resolution and do such further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution.

The question of the adoption of the foregoing resolution was duly put to vote on a roll call, which resulted as follows:

	<u>AYE</u>	<u>NAY</u>
Kathleen Murphy	X	
Steven Thompson	X	
Kenneth Kinsey	X	
Ricky T. Brown	X	
Dirk Sonneborn	X	

The foregoing Resolution was thereupon declared duly adopted.

STATE OF NEW YORK )  
 ) SS.:  
COUNTY OF ONONDAGA )

I, the undersigned Secretary of the City of Syracuse Industrial Development Agency, **DO HEREBY CERTIFY** that I have compared the annexed extract of the minutes of the meeting of the City of Syracuse Industrial Development Agency (the “Agency”) held on March 17, 2020, with the original thereof on file in my office, and that the same (including all exhibits) is a true and correct copy of the proceedings of the Agency and of the whole of such original insofar as the same relates to the subject matters referred to therein.

**I FURTHER CERTIFY** that (i) all members of the Agency had due notice of such meeting, (ii) pursuant to Section 104 of the Public Officers Law (Open Meetings Law), such meeting was open to the general public and public notice of the time and place of such meeting was duly given in accordance with such Section 104, (iii) the meeting was in all respects duly held, and (iv) there was a quorum present throughout.

**I FURTHER CERTIFY** that, as of the date hereof, the attached resolution is in full force and effect and has not been amended, repealed or rescinded.

**IN WITNESS WHEREOF**, I have set my hand and affixed the seal of the Agency on 4/23/2020.

City of Syracuse Industrial Development Agency

DocuSigned by:

Rickey T. Brown, Secretary

(S E A L)

**EXHIBIT A**

**ENVIRONMENTAL ASSESSMENT FORM**

**Full Environmental Assessment Form**  
**Part 1 - Project and Setting**

**Instructions for Completing Part 1**

**Part 1 is to be completed by the applicant or project sponsor.** Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

**A. Project and Applicant/Sponsor Information.**

Name of Action or Project: Dupli Park Drive Project		
Project Location (describe, and attach a general location map): 1 Dupli Park; tax map parcels 311500 118.06-08.0 and 118.-06-01.0. See attached Tax Map detail - Exhibit A		
Brief Description of Proposed Action (include purpose or need): See Attached Project Description - Exhibit B		
Name of Applicant/Sponsor: Dupli Associates LLC	Telephone: 3154379913	E-Mail: jkmattii@duplionline.com
Address: 6761 Thompson Road		
City/PO: Syracuse	State: NY	Zip Code: 13211
Project Contact (if not same as sponsor; give name and title/role): J. Kemper Matt, Jr.	Telephone: same as above	E-Mail: same as above
Address: same as above		
City/PO: same as above	State: NY	Zip Code: 13211
Property Owner (if not same as sponsor): Same as Sponsor	Telephone:	E-Mail:
Address:		
City/PO:	State:	Zip Code:

**B. Government Approvals**

**B. Government Approvals, Funding, or Sponsorship.** ("Funding" includes grants, loans, tax relief, and any other forms of financial assistance.)

Government Entity	If Yes: Identify Agency and Approval(s) Required	Application Date (Actual or projected)
a. City Council, Town Board, <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No or Village Board of Trustees		
b. City, Town or Village <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Planning Board or Commission		
c. City, Town or <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Village Zoning Board of Appeals		
d. Other local agencies <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	City of Syracuse - MS4 Stormwater discharge review	Projected 2020
e. County agencies <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
f. Regional agencies <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
g. State agencies <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	CFA Grant Application -ESDC Part II - SHPO	Projected 2020
h. Federal agencies <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
i. Coastal Resources. <ul style="list-style-type: none"> <li>i. Is the project site within a Coastal Area, or the waterfront area of a Designated Inland Waterway? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</li> <li>ii. Is the project site located in a community with an approved Local Waterfront Revitalization Program? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</li> <li>iii. Is the project site within a Coastal Erosion Hazard Area? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</li> </ul>		

**C. Planning and Zoning**

<b>C.1. Planning and zoning actions.</b>	
Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
<ul style="list-style-type: none"> <li>• If Yes, complete sections C, F and G.</li> <li>• If No, proceed to question C.2 and complete all remaining sections and questions in Part 1</li> </ul>	
<b>C.2. Adopted land use plans.</b>	
a. Do any municipally- adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located?	<input type="checkbox"/> Yes <input type="checkbox"/> No
b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway; Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other?)	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If Yes, identify the plan(s):	
_____	
_____	
_____	
c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan, or an adopted municipal farmland protection plan?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If Yes, identify the plan(s):	
_____	
_____	
_____	

**C.3. Zoning**

a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance.  Yes  No  
 If Yes, what is the zoning classification(s) including any applicable overlay district?  
 T5-2 \_\_\_\_\_

b. Is the use permitted or allowed by a special or conditional use permit?  Yes  No

c. Is a zoning change requested as part of the proposed action?  Yes  No  
 If Yes,  
 i. What is the proposed new zoning for the site? \_\_\_\_\_

**C.4. Existing community services.**

a. In what school district is the project site located? Syracuse City Schools

b. What police or other public protection forces serve the project site?  
Syracuse City Police

c. Which fire protection and emergency medical services serve the project site?  
Syracuse City

d. What parks serve the project site?  
Franklin Square Park

**D. Project Details**

**D.1. Proposed and Potential Development**

a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include all components)? See attached Exhibit B Project details  
 \_\_\_\_\_

b. a. Total acreage of the site of the proposed action? \_\_\_\_\_ 2.98 acres  
 b. Total acreage to be physically disturbed? \_\_\_\_\_ 0 acres  
 c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? \_\_\_\_\_ 2.98 acres

c. Is the proposed action an expansion of an existing project or use?  Yes  No  
 i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)? % \_\_\_\_\_ Units: \_\_\_\_\_

d. Is the proposed action a subdivision, or does it include a subdivision?  Yes  No  
 If Yes,  
 i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)  
 \_\_\_\_\_  
 ii. Is a cluster/conservation layout proposed?  Yes  No  
 iii. Number of lots proposed? \_\_\_\_\_  
 iv. Minimum and maximum proposed lot sizes? Minimum \_\_\_\_\_ Maximum \_\_\_\_\_

e. Will the proposed action be constructed in multiple phases?  Yes  No  
 i. If No, anticipated period of construction: \_\_\_\_\_ months  
 ii. If Yes:  
 • Total number of phases anticipated \_\_\_\_\_ 3  
 • Anticipated commencement date of phase 1 (including demolition) \_\_\_\_\_ 06 month \_\_\_\_\_ 2020 year  
 • Anticipated completion date of final phase \_\_\_\_\_ 12 month \_\_\_\_\_ 2022 year  
 • Generally describe connections or relationships among phases, including any contingencies where progress of one phase may determine timing or duration of future phases: Construction financing must be completed on each phase prior to the commencement of the ensuing phase.

f. Does the project include new residential uses?  Yes  No  
 If Yes, show numbers of units proposed.

	<u>One Family</u>	<u>Two Family</u>	<u>Three Family</u>	<u>Multiple Family (four or more)</u>
Initial Phase	0	0	0	
At completion of all phases				59 residential apartments

g. Does the proposed action include new non-residential construction (including expansions)?  Yes  No  
 If Yes,  
 i. Total number of structures \_\_\_\_\_  
 ii. Dimensions (in feet) of largest proposed structure: \_\_\_\_\_ height; \_\_\_\_\_ width; and \_\_\_\_\_ length  
 iii. Approximate extent of building space to be heated or cooled: \_\_\_\_\_ square feet

h. Does the proposed action include construction or other activities that will result in the impoundment of any liquids, such as creation of a water supply, reservoir, pond, lake, waste lagoon or other storage?  Yes  No  
 If Yes,  
 i. Purpose of the impoundment: \_\_\_\_\_  
 ii. If a water impoundment, the principal source of the water:  Ground water  Surface water streams  Other specify: \_\_\_\_\_  
 iii. If other than water, identify the type of impounded/contained liquids and their source. \_\_\_\_\_  
 iv. Approximate size of the proposed impoundment. Volume: \_\_\_\_\_ million gallons; surface area: \_\_\_\_\_ acres  
 v. Dimensions of the proposed dam or impounding structure: \_\_\_\_\_ height; \_\_\_\_\_ length  
 vi. Construction method/materials for the proposed dam or impounding structure (e.g., earth fill, rock, wood, concrete): \_\_\_\_\_

**D.2. Project Operations**

a. Does the proposed action include any excavation, mining, or dredging, during construction, operations, or both?  Yes  No  
 (Not including general site preparation, grading or installation of utilities or foundations where all excavated materials will remain onsite)  
 If Yes:  
 i. What is the purpose of the excavation or dredging? \_\_\_\_\_  
 ii. How much material (including rock, earth, sediments, etc.) is proposed to be removed from the site?  
 • Volume (specify tons or cubic yards): \_\_\_\_\_  
 • Over what duration of time? \_\_\_\_\_  
 iii. Describe nature and characteristics of materials to be excavated or dredged, and plans to use, manage or dispose of them. \_\_\_\_\_

iv. Will there be onsite dewatering or processing of excavated materials?  Yes  No  
 If yes, describe. \_\_\_\_\_

v. What is the total area to be dredged or excavated? \_\_\_\_\_ acres  
 vi. What is the maximum area to be worked at any one time? \_\_\_\_\_ acres  
 vii. What would be the maximum depth of excavation or dredging? \_\_\_\_\_ feet  
 viii. Will the excavation require blasting?  Yes  No  
 ix. Summarize site reclamation goals and plan: \_\_\_\_\_

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area?  Yes  No  
 If Yes:  
 i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): \_\_\_\_\_

ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placement of structures, or alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in square feet or acres:

\_\_\_\_\_

\_\_\_\_\_

iii. Will the proposed action cause or result in disturbance to bottom sediments?  Yes  No  
 If Yes, describe: \_\_\_\_\_

iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation?  Yes  No  
 If Yes:

- acres of aquatic vegetation proposed to be removed: \_\_\_\_\_
- expected acreage of aquatic vegetation remaining after project completion: \_\_\_\_\_
- purpose of proposed removal (e.g. beach clearing, invasive species control, boat access): \_\_\_\_\_
- proposed method of plant removal: \_\_\_\_\_
- if chemical/herbicide treatment will be used, specify product(s): \_\_\_\_\_

v. Describe any proposed reclamation/mitigation following disturbance: \_\_\_\_\_

c. Will the proposed action use, or create a new demand for water?  Yes  No  
 If Yes:

i. Total anticipated water usage/demand per day: \_\_\_\_\_ 3,000 gallons/day

ii. Will the proposed action obtain water from an existing public water supply?  Yes  No  
 If Yes:

- Name of district or service area: OCWA
- Does the existing public water supply have capacity to serve the proposal?  Yes  No
- Is the project site in the existing district?  Yes  No
- Is expansion of the district needed?  Yes  No
- Do existing lines serve the project site?  Yes  No

iii. Will line extension within an existing district be necessary to supply the project?  Yes  No  
 If Yes:

- Describe extensions or capacity expansions proposed to serve this project: \_\_\_\_\_
- Source(s) of supply for the district: \_\_\_\_\_

iv. Is a new water supply district or service area proposed to be formed to serve the project site?  Yes  No  
 If Yes:

- Applicant/sponsor for new district: \_\_\_\_\_
- Date application submitted or anticipated: \_\_\_\_\_
- Proposed source(s) of supply for new district: \_\_\_\_\_

v. If a public water supply will not be used, describe plans to provide water supply for the project: \_\_\_\_\_

vi. If water supply will be from wells (public or private), what is the maximum pumping capacity: \_\_\_\_\_ gallons/minute.

d. Will the proposed action generate liquid wastes?  Yes  No  
 If Yes:

i. Total anticipated liquid waste generation per day: \_\_\_\_\_ 1,180 gallons/day  
 ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe all components and approximate volumes or proportions of each): Sanitary wastewater

iii. Will the proposed action use any existing public wastewater treatment facilities?  Yes  No  
 If Yes:

- Name of wastewater treatment plant to be used: Onondaga County Sanitation
- Name of district: CSW15- Onondaga County
- Does the existing wastewater treatment plant have capacity to serve the project?  Yes  No
- Is the project site in the existing district?  Yes  No
- Is expansion of the district needed?  Yes  No

Yes  No  
 Yes  No  
 If Yes:  

- Describe extensions or capacity expansions proposed to serve this project: \_\_\_\_\_

---

iv. Will a new wastewater (sewage) treatment district be formed to serve the project site?  Yes  No  
 If Yes:  

- Applicant/sponsor for new district: \_\_\_\_\_
- Date application submitted or anticipated: \_\_\_\_\_
- What is the receiving water for the wastewater discharge? \_\_\_\_\_

v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including specifying proposed receiving water (name and classification if surface discharge or describe subsurface disposal plans):  
 \_\_\_\_\_  
 \_\_\_\_\_

vi. Describe any plans or designs to capture, recycle or reuse liquid waste: \_\_\_\_\_  
 \_\_\_\_\_

---

e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction?  Yes  No  
 If Yes:  
 i. How much impervious surface will the project create in relation to total size of project parcel?  
     \_\_\_\_\_ Square feet or \_\_\_\_\_ acres (impervious surface)  
     \_\_\_\_\_ Square feet or \_\_\_\_\_ acres (parcel size)  
 ii. Describe types of new point sources. \_\_\_\_\_  
 \_\_\_\_\_

iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent properties, groundwater, on-site surface water or off-site surface waters)?  
 \_\_\_\_\_  

- If to surface waters, identify receiving water bodies or wetlands: \_\_\_\_\_
- Will stormwater runoff flow to adjacent properties?  Yes  No

---

iv. Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater?  Yes  No

---

f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations?  Yes  No  
 If Yes, identify:  
 i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)  
 \_\_\_\_\_  
 ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)  
 \_\_\_\_\_  
 iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)  
 \_\_\_\_\_

---

g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit?  Yes  No  
 If Yes:  
 i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year)  Yes  No  
 ii. In addition to emissions as calculated in the application, the project will generate:  

- \_\_\_\_\_ Tons/year (short tons) of Carbon Dioxide (CO<sub>2</sub>)
- \_\_\_\_\_ Tons/year (short tons) of Nitrous Oxide (N<sub>2</sub>O)
- \_\_\_\_\_ Tons/year (short tons) of Perfluorocarbons (PFCs)
- \_\_\_\_\_ Tons/year (short tons) of Sulfur Hexafluoride (SF<sub>6</sub>)
- \_\_\_\_\_ Tons/year (short tons) of Carbon Dioxide equivalent of Hydrofluorocarbons (HFCs)
- \_\_\_\_\_ Tons/year (short tons) of Hazardous Air Pollutants (HAPs)

h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)?  Yes  No

If Yes:

- i. Estimate methane generation in tons/year (metric): \_\_\_\_\_
- ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring): \_\_\_\_\_

i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations?  Yes  No

If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust): \_\_\_\_\_

j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services?  Yes  No

If Yes:

- i. When is the peak traffic expected (Check all that apply):  Morning  Evening  Weekend  
 Randomly between hours of \_\_\_\_\_ to \_\_\_\_\_.
- ii. For commercial activities only, projected number of truck trips/day and type (e.g., semi trailers and dump trucks): \_\_\_\_\_
- iii. Parking spaces: Existing \_\_\_\_\_ Proposed \_\_\_\_\_ Net increase/decrease \_\_\_\_\_
- iv. Does the proposed action include any shared use parking?  Yes  No
- v. If the proposed action includes any modification of existing roads, creation of new roads or change in existing access, describe: \_\_\_\_\_
- vi. Are public/private transportation service(s) or facilities available within ½ mile of the proposed site?  Yes  No
- vii. Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles?  Yes  No
- viii. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes?  Yes  No

k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy?  Yes  No

If Yes:

- i. Estimate annual electricity demand during operation of the proposed action: 700,000 kWh per year
- ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other): Grid/Local Utility
- iii. Will the proposed action require a new, or an upgrade, to an existing substation?  Yes  No

l. Hours of operation. Answer all items which apply.

i. During Construction:

- Monday - Friday: 8 am - 6 pm
- Saturday: \_\_\_\_\_
- Sunday: \_\_\_\_\_
- Holidays: \_\_\_\_\_

ii. During Operations:

- Monday - Friday: 24 hours
- Saturday: 24 hours
- Sunday: 24 hours
- Holidays: 24 hours

m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If yes: i. Provide details including sources, time of day and duration: _____ _____	
ii. Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Describe: _____ _____	
n. Will the proposed action have outdoor lighting?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If yes: i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures: _____ _____	
ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Describe: _____ _____	
o. Does the proposed action have the potential to produce odors for more than one hour per day?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures: _____ _____	
p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If Yes: i. Product(s) to be stored _____ ii. Volume(s) _____ per unit time _____ (e.g., month, year) iii. Generally, describe the proposed storage facilities: _____ _____	
q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If Yes: i. Describe proposed treatment(s): _____ _____ _____	
ii. Will the proposed action use Integrated Pest Management Practices?	<input type="checkbox"/> Yes <input type="checkbox"/> No
r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If Yes: i. Describe any solid waste(s) to be generated during construction or operation of the facility: <ul style="list-style-type: none"> <li>• Construction: _____ tons per _____ (unit of time)</li> <li>• Operation : _____ tons per _____ (unit of time)</li> </ul> ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste: <ul style="list-style-type: none"> <li>• Construction: _____</li> <li>• Operation: _____</li> </ul> iii. Proposed disposal methods/facilities for solid waste generated on-site: <ul style="list-style-type: none"> <li>• Construction: _____</li> <li>• Operation: _____</li> </ul>	

s. Does the proposed action include construction or modification of a solid waste management facility?  Yes  No

If Yes:

i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities): \_\_\_\_\_

ii. Anticipated rate of disposal/processing:

- \_\_\_\_\_ Tons/month, if transfer or other non-combustion/thermal treatment, or
- \_\_\_\_\_ Tons/hour, if combustion or thermal treatment

iii. If landfill, anticipated site life: \_\_\_\_\_ years

---

t. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste?  Yes  No

If Yes:

i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility: \_\_\_\_\_

ii. Generally describe processes or activities involving hazardous wastes or constituents: \_\_\_\_\_

iii. Specify amount to be handled or generated \_\_\_\_\_ tons/month

iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents: \_\_\_\_\_

v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility?  Yes  No

If Yes: provide name and location of facility: \_\_\_\_\_

If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility:  
There is no hazardous waste at the site

**E. Site and Setting of Proposed Action**

**E.1. Land uses on and surrounding the project site**

a. Existing land uses.

i. Check all uses that occur on, adjoining and near the project site.

Urban  Industrial  Commercial  Residential (suburban)  Rural (non-farm)

Forest  Agriculture  Aquatic  Other (specify): \_\_\_\_\_

ii. If mix of uses, generally describe: \_\_\_\_\_

---

b. Land uses and covertypes on the project site.

Land use or Covertype	Current Acreage	Acreage After Project Completion	Change (Acres +/-)
• Roads, buildings, and other paved or impervious surfaces			0
• Forested			0
• Meadows, grasslands or brushlands (non-agricultural, including abandoned agricultural)			0
• Agricultural (includes active orchards, field, greenhouse etc.)			0
• Surface water features (lakes, ponds, streams, rivers, etc.)			0
• Wetlands (freshwater or tidal)			0
• Non-vegetated (bare rock, earth or fill)			0
• Other Describe: _____			0

c. Is the project site presently used by members of the community for public recreation?  Yes  No  
 i. If Yes: explain: \_\_\_\_\_

d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site?  Yes  No  
 If Yes,  
 i. Identify Facilities: \_\_\_\_\_

e. Does the project site contain an existing dam?  Yes  No  
 If Yes:  
 i. Dimensions of the dam and impoundment:  
 • Dam height: \_\_\_\_\_ feet  
 • Dam length: \_\_\_\_\_ feet  
 • Surface area: \_\_\_\_\_ acres  
 • Volume impounded: \_\_\_\_\_ gallons OR acre-feet  
 ii. Dam's existing hazard classification: \_\_\_\_\_  
 iii. Provide date and summarize results of last inspection: \_\_\_\_\_

f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility?  Yes  No  
 If Yes:  
 i. Has the facility been formally closed?  Yes  No  
 • If yes, cite sources/documentation: \_\_\_\_\_  
 ii. Describe the location of the project site relative to the boundaries of the solid waste management facility: \_\_\_\_\_  
 iii. Describe any development constraints due to the prior solid waste activities: \_\_\_\_\_

g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste?  Yes  No  
 If Yes:  
 i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred: \_\_\_\_\_

h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site?  Yes  No  
 If Yes:  
 i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply:  Yes  No  
 Yes – Spills Incidents database Provide DEC ID number(s): \_\_\_\_\_  
 Yes – Environmental Site Remediation database Provide DEC ID number(s): \_\_\_\_\_  
 Neither database  
 ii. If site has been subject of RCRA corrective activities, describe control measures: \_\_\_\_\_  
 iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database?  Yes  No  
 If yes, provide DEC ID number(s): 734060, V00588, C734089, 88, 88A, C734143  
 iv. If yes to (i), (ii) or (iii) above, describe current status of site(s): \_\_\_\_\_

v. Is the project site subject to an institutional control limiting property uses?  Yes  No

- If yes, DEC site ID number: \_\_\_\_\_
- Describe the type of institutional control (e.g., deed restriction or easement): \_\_\_\_\_
- Describe any use limitations: \_\_\_\_\_
- Describe any engineering controls: \_\_\_\_\_
- Will the project affect the institutional or engineering controls in place?  Yes  No
- Explain: \_\_\_\_\_

**E.2. Natural Resources On or Near Project Site**

a. What is the average depth to bedrock on the project site? \_\_\_\_\_ feet

b. Are there bedrock outcroppings on the project site?  Yes  No  
 If Yes, what proportion of the site is comprised of bedrock outcroppings? \_\_\_\_\_ %

c. Predominant soil type(s) present on project site: \_\_\_\_\_ %  
 \_\_\_\_\_ %  
 \_\_\_\_\_ %

d. What is the average depth to the water table on the project site? Average: \_\_\_\_\_ feet

e. Drainage status of project site soils:  Well Drained: \_\_\_\_\_ % of site  
 Moderately Well Drained: \_\_\_\_\_ % of site  
 Poorly Drained \_\_\_\_\_ % of site

f. Approximate proportion of proposed action site with slopes:  0-10%: \_\_\_\_\_ % of site  
 10-15%: \_\_\_\_\_ % of site  
 15% or greater: \_\_\_\_\_ % of site

g. Are there any unique geologic features on the project site?  Yes  No  
 If Yes, describe: \_\_\_\_\_

h. Surface water features.

i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, ponds or lakes)?  Yes  No

ii. Do any wetlands or other waterbodies adjoin the project site?  Yes  No

If Yes to either *i* or *ii*, continue. If No, skip to E.2.i.

iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, state or local agency?  Yes  No

iv. For each identified regulated wetland and waterbody on the project site, provide the following information:

- Streams: Name \_\_\_\_\_ Classification \_\_\_\_\_
- Lakes or Ponds: Name \_\_\_\_\_ Classification \_\_\_\_\_
- Wetlands: Name \_\_\_\_\_ Approximate Size \_\_\_\_\_
- Wetland No. (if regulated by DEC) \_\_\_\_\_

v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies?  Yes  No  
 If yes, name of impaired water body/bodies and basis for listing as impaired: \_\_\_\_\_

i. Is the project site in a designated Floodway?  Yes  No

j. Is the project site in the 100-year Floodplain?  Yes  No

k. Is the project site in the 500-year Floodplain?  Yes  No

l. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer?  Yes  No  
 If Yes:  
 i. Name of aquifer: \_\_\_\_\_

m. Identify the predominant wildlife species that occupy or use the project site: \_\_\_\_\_  
 Urban city acquainted wildlife \_\_\_\_\_  
 \_\_\_\_\_

n. Does the project site contain a designated significant natural community?  Yes  No

If Yes:  
 i. Describe the habitat/community (composition, function, and basis for designation): \_\_\_\_\_  
 \_\_\_\_\_  
 ii. Source(s) of description or evaluation: \_\_\_\_\_  
 iii. Extent of community/habitat:  
 • Currently: \_\_\_\_\_ acres  
 • Following completion of project as proposed: \_\_\_\_\_ acres  
 • Gain or loss (indicate + or -): \_\_\_\_\_ acres

o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species?  Yes  No

If Yes:  
 i. Species and listing (endangered or threatened): \_\_\_\_\_  
 \_\_\_\_\_

p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern?  Yes  No

If Yes:  
 i. Species and listing: \_\_\_\_\_  
 \_\_\_\_\_

q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing?  Yes  No

If yes, give a brief description of how the proposed action may affect that use: \_\_\_\_\_  
 \_\_\_\_\_

**E.3. Designated Public Resources On or Near Project Site**

a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304?  Yes  No  
 If Yes, provide county plus district name/number: \_\_\_\_\_

b. Are agricultural lands consisting of highly productive soils present?  Yes  No  
 i. If Yes: acreage(s) on project site? \_\_\_\_\_  
 ii. Source(s) of soil rating(s): \_\_\_\_\_

c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark?  Yes  No  
 If Yes:  
 i. Nature of the natural landmark:  Biological Community  Geological Feature  
 ii. Provide brief description of landmark, including values behind designation and approximate size/extent: \_\_\_\_\_  
 \_\_\_\_\_

d. Is the project site located in or does it adjoin a state listed Critical Environmental Area?  Yes  No

If Yes:  
 i. CEA name: \_\_\_\_\_  
 ii. Basis for designation: \_\_\_\_\_  
 iii. Designating agency and date: \_\_\_\_\_

e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
If Yes:	
i. Nature of historic/archaeological resource: <input type="checkbox"/> Archaeological Site <input checked="" type="checkbox"/> Historic Building or District	
ii. Name: <u>Dupli Building and Amphion Piano Player Company Building</u>	
iii. Brief description of attributes on which listing is based: <u>historic buildings</u>	
f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
g. Have additional archaeological or historic site(s) or resources been identified on the project site?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If Yes:	
i. Describe possible resource(s): _____	
ii. Basis for identification: _____	
h. Is the project site within five miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If Yes:	
i. Identify resource: _____	
ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or scenic byway, etc.): _____	
iii. Distance between project and resource: _____ miles.	
i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If Yes:	
i. Identify the name of the river and its designation: _____	
ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666? <input type="checkbox"/> Yes <input type="checkbox"/> No	

**F. Additional Information**

Attach any additional information which may be needed to clarify your project.

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

**G. Verification**

I certify that the information provided is true to the best of my knowledge.

Applicant/Sponsor Name \_\_\_\_\_ Date \_\_\_\_\_

**PRINT FORM**

## II. PROJECT INFORMATION

### C. Description of Project

#### Phase 1

The original project description submitted to and approved by the Agency was as follows:

Our goal is to bring back to life a building that has been tremendously underutilized for the last 30 years. As a production facility much of the beauty of the building has been covered up. Our goal is to restore the historic beauty and create a vibrant, active environment. To do this, we have under contract the adjacent property at a very inflated price. Unfortunately the acquisition of this property is necessary to obtain parking that will enable us to activate the building.

This specific project entails the acquisition of the adjacent property and the construction of two areas of our building. 1) 15,000 feet of our warehouse that will be converted into a climbing gym. 2) 6,000 feet of the northwest corner of the building that will become a restaurant. Both uses will cater to the younger, active community that is growing in Franklin Square.

Upon completion of these two projects we will continue to develop roughly another 50,000 square feet of space left in the building.

Of this original project description, the first phase of the climbing gym has been completed. The Central Rock Gym occupies approximately 16,000 square feet in the Merrell Soule Building.<sup>1</sup>

The completed portion of the original application is referred to herein as Phase 1. The costs of Phase 1 are as follows:

Description of Cost Type	Phase 1 Costs (original)	Phase 1 Costs (actual)
Land Acquisition	2,000,000	2,000,000
Site Work/Demo	600,000	
Building Construction & Renovation	962,000	700,000
Furniture & Fixtures		
Equipment		
Engineering/Architect Fees		
Financial Charges		
Legal Fees		
Other		
Management/Developer Fee		
<b>Total</b>	<b>3,562,000</b>	<b>2,700,000</b>

<sup>1</sup> It has been a very successful startup operation, with strong membership and acting as a tourist draw. The success is evidenced by the desire to expand. As part of this Amended Application, as part of Phase 2, Central Rock Gym is expanding by approximately 7,000 square feet, adding additional climbing walls and studio space for yoga and classes. Completed, Central Rock Gym will cement its position as the region's premier climbing gym.

Phase 2

Phase 2 consists of a full certified historic rehabilitation of the Merrell Soule Nonesuch Mincemeat Company Building (a/k/a the Dupli Building). The rehabilitation will be certified by the New York State Historic Preservation Office and National Park Service.

Merrell Soule is an approximately 160,000 sf historic building located in Franklin Square (in fact, the building faces Franklin Park). It is currently underutilized with only approximately 50,000 sf occupied. The building is mostly vacant and is in a mostly unfinished condition. In Phase 2, Applicant will invest almost \$9 million in a complete interior and exterior rehabilitation, all in compliance with New York State and National Park Service standards for rehabilitation of historic buildings. Applicant estimates the costs as follows:

Description of Cost Type	Phase 2 Costs - Merrell Soule Rehabilitation
Land Acquisition	-
Site Work/Demo	550,000
Building Construction & Renovation	5,931,746
Furniture & Fixtures	10,000
Equipment	946,000
Engineering/Architect Fees	225,000
Financial Charges	840,221
Legal Fees	195,000
Other	294,929
Management/Developer Fee	-
<b>Total</b>	<b>8,992,896</b>

When completed, the building will contain 37,500 sf of commercial office space, a 23,000 sf climbing gym and exercise/training facility, 25,000 sf of commercial storage, 45,000 sf in residential space (39 units) and 3,500 sf of retail space.

Phase 3

Phase 3 will be the rehabilitation of the Amphion Piano Player Company Building (a/k/a Syracuse Scale). Amphion is an historic 62,000 sf former factory. In a state of severe disrepair (the roof is failing and the interior is rotting and deteriorating, restoring this property will require a significant capital investment. Applicant's estimated costs are:

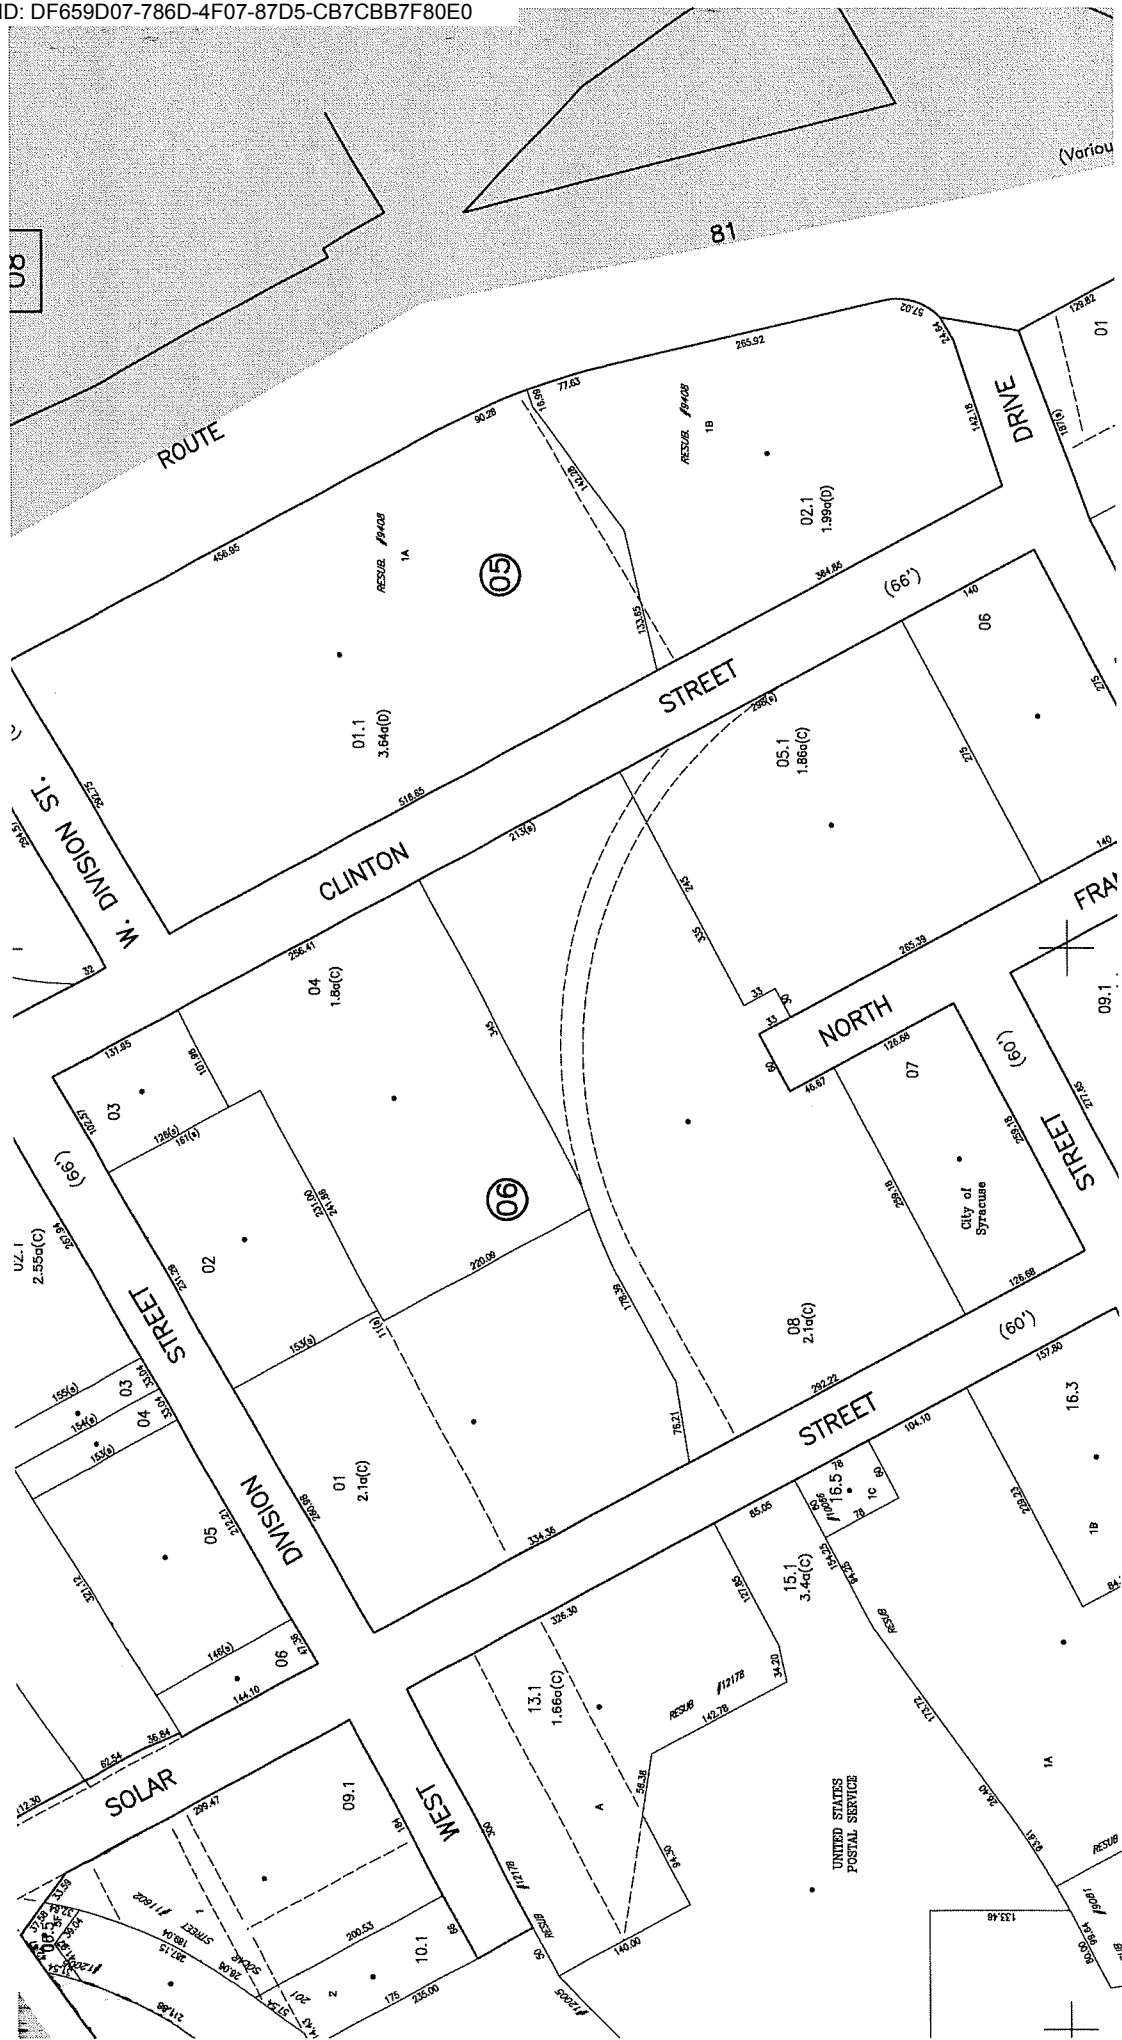

Description of Cost Type	Phase 3 Costs - Amphion Piano Player Factory Rehabilitation
Land Acquisition	-
Site Work/Demo	1,075,489
Building Construction & Renovation	7,285,146
Furniture & Fixtures	12,282
Equipment	1,161,841
Engineering/Architect Fees	217,596
Financial Charges	495,000
Legal Fees	175,000
Other	332,549
Management/Developer Fee	-
<b>Total</b>	<b>10,754,903</b>

When completed, Amphion will have approximately 24,000 sf of residential space (approximately 20 units), 20,000 sf of commercial office space, and 9,500 sf in retail space.

#### Schedule

Phase 1 is completed. To the extent the project described in the original application has not been completed, it is being replaced by the work being completed in Phase 2.

Phase 2 will begin on or about June 1, 2020 with a completion projected for October 2021. Phase 3 of the Project is subject to approval by SHPO and National Park Service. It is expected that these approvals will not be in hand until late 2020. It is expected that Phase 3 construction will not begin until early 2021 with a completion in early 2022.

**EXHIBIT “G”**

**SEQRA RESOLUTION**

## SEQRA RESOLUTION

As a result of the public health emergency created by COVID-19, the Federal, State and local bans on meetings or gatherings, and pursuant to Governor Cuomo's Executive Order 202.1 issued on March 12, 2020, as amended from time to time, the City of Syracuse Industrial Development Agency (the "**Agency**") held a meeting on the 21<sup>st</sup> day of April, 2020, at 8:00 a.m., local time, electronically which was made available via Webex at: <https://bit.ly/syrsida-04082020> (or by accessing the link on the Agency's website) and using meeting number 713 934 932 and password SIDA; or via telephone at (408) 418-9388 with access code: 713 934 932, in conjunction with the matter set forth below.

The meeting was called to order by the Chair and upon the roll being duly called, the following members were:

**PRESENT VIA TELE/VIDEOCONFERENCE** (in accordance with the Governor's Executive Order 202.1): Kathleen Murphy, Steven Thompson, Kenneth Kinsey, Rickey T. Brown and Dirk Sonneborn

**THE FOLLOWING PERSONS WERE ALSO PRESENT VIA TELE/VIDEOCONFERENCE** (in accordance with the Governor's Executive Order 202.1): Staff Present: Judith DeLaney, Susan Katzoff, Esq., John Vavonese, Lori McRobbie; Others Present: Timothy Lynn, Esq., Chuck Sangster, Kate Maguire, Esq., Jen Tiff; Media Present: Rick Moriarty

The following resolution was offered by Steven Thompson and seconded by Kenneth Kinsey:

**RESOLUTION DETERMINING THAT THE  
UNDERTAKING OF A CERTAIN PROJECT AT THE  
REQUEST OF DUPLI ASSOCIATES, LLC WILL NOT  
HAVE A SIGNIFICANT EFFECT ON THE  
ENVIRONMENT**

**WHEREAS**, the Agency is authorized and empowered by Title 1 of Article 18-A of the General Municipal Law of the State of New York (the "**State**"), as amended, together with Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (collectively, the "**Act**"), to promote, develop, encourage and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing of industrial, manufacturing, warehousing, commercial, research and recreation facilities, for the purpose of promoting economically sound commerce and industry to advance the job opportunities, health, general prosperity and economic welfare of the people of the State and to improve their recreation opportunities, prosperity and standard of living; and

**WHEREAS**, Dupli Associates, LLC, or an entity to be formed (the "**Company**"), by application dated February 4, 2020 (the "**Application**"), requested the Agency undertake a project (the "**Project**") consisting of: (A)(i) the continuation of an interest in two parcels of

improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximately 149,000 sq.ft. building ("**Building 1**") (bearing tax parcel identification number 118.-06-08.0); and 156 Solar Street and Division Street W. improved by an approximately 62,800 sq.ft. building ("**Building 2**") (bearing tax parcel identification number 118.-06-01.0), each in the City of Syracuse (the foregoing collectively referred to as the "**Land**"); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units; and approximately 3,500 sq.ft. of retail space; and the reconstruction and renovation of Building 2 consisting of 24,000 sq.ft. of residential space containing approximately 20 apartment units; approximately 20,000 sq.ft. of commercial office space and approximately 9,500 sq.ft. of retail space (collectively, the "**Facilities**"); and (iii) the acquisition and installation in and at the Land and Building 1 and Building 2 of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facilities, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facilities by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, pursuant to State Environmental Quality Review Act and the regulations promulgated thereunder ("**SEQRA**"), the Agency is required to make a determination with respect to the environmental impact of any "action" (as defined by SEQRA) to be taken by the Agency and the approval of a project and grant of financial assistance constitute such an action; and

**WHEREAS**, to aid the Agency in determining whether undertaking the Project may have a significant impact upon the environment, the Company has prepared and submitted to the Agency Part 1 of an Environmental Assessment Form (the "**EAF**") with respect to the Project, a copy of which is attached here as **Exhibit "A"** and on file at the office of the Agency; and

**WHEREAS**, the Agency examined the EAF in order to classify the Project; and

**WHEREAS**, by resolution adopted March 17, 2020, the Agency classified the Project as a Type 1 Action and declared the intent of the Agency to be "lead agency" (as defined by SEQRA) for the purposes of a conducting a coordinated environmental review pursuant to SEQRA; and

**WHEREAS**, by letter dated March 18, 2020 notice was given to each "involved agency" (as defined by SEQRA) identified by the Company of the Agency's declaration to act as lead agency; and

**WHEREAS**, as a result of its careful review and examination of the Project, the Agency finds that, on balance, and after careful consideration of all relevant Project documentation, it has more than adequate information to evaluate as required by SEQRA all of the relevant benefits and potential impacts of the Project; and

**WHEREAS**, the Agency has prepared a negative declaration that summarizes its consideration of potential impacts in accordance with SEQRA; and

**NOW, THEREFORE**, be it resolved by the members of the City of Syracuse Industrial Development Agency, as follows:

(1) Based upon an examination of the EAF prepared and other information furnished by the Company, the criteria contained in 6 NYCRR §617.7(c), and based further upon the Agency's knowledge of the area surrounding the Project Facility, all the representations made by the Company in connection with the Project, and such further investigation of the Project and its environmental effects as the Agency has deemed appropriate, the Agency makes the following findings and determinations with respect to the Project pursuant to SEQRA:

(a) The Project consists of the components described above in the second WHEREAS clause of this Resolution and constitutes a "project" as such term is defined in the Act;

(b) The Project constitutes a Type 1 Action;

(c) The Agency declared itself lead agency with respect to a coordinated review of the Project pursuant to SEQRA;

(d) The Project will not have a significant effect on the environment, and the Agency will not require the preparation of an Environmental Impact Statement with respect to the Project; and

(e) As a consequence of the foregoing, the Agency has prepared a Parts 2 and 3 of the Full EAF with respect to the Project, a copy of which is attached hereto as **Exhibit "B"**, which shall be filed in the office of the Agency in a file that is readily accessible to the public and the Executive Director of the Agency is hereby authorized to execute and cause publication of and distribution of this negative declaration in accordance with SEQRA.

(2) A copy of this Resolution, together with the attachments hereto, shall be placed on file in the office of the Agency where the same shall be available for public inspection during business hours.

(3) The Secretary of the Agency is hereby authorized and directed to distribute copies of this Resolution to the Company and to do such further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution.

The question of the adoption of the foregoing resolution was duly put to vote on a roll call, which resulted as follows:

	<u>AYE</u>	<u>NAY</u>
Kathleen Murphy	X	
Steven Thompson	X	
Kenneth Kinsey	X	
Rickey T. Brown	X	
Dirk Sonneborn	X	

The foregoing resolution was thereupon declared duly adopted.

STATE OF NEW YORK )  
 ) SS.:  
COUNTY OF ONONDAGA )

I, the undersigned Secretary of the City of Syracuse Industrial Development Agency, **DO HEREBY CERTIFY** that I have compared the annexed extract of the minutes of the meeting of the City of Syracuse Industrial Development Agency (the “*Agency*”) held on April 21, 2020, with the original thereof on file in my office, and that the same (including all exhibits) is a true and correct copy of the proceedings of the Agency and of the whole of such original insofar as the same relates to the subject matters referred to therein.

**I FURTHER CERTIFY** that: (i) all members of the Agency had due notice of such meeting; (ii) pursuant to Section 104 of the Public Officers Law (Open Meetings Law), as temporarily amended by Executive Order 202.1 issued on March 12, 2020 (“*EO 202.1*”), such meeting was open to the general public and public notice of the time and how to participate in such meeting was duly given in accordance with such Section 104 and EO 202.1; (iii) the meeting was in all respects duly held; and (iv) there was a quorum present throughout.

**I FURTHER CERTIFY** that, as of the date hereof, the attached resolution is in full force and effect and has not been amended, repealed or rescinded.

**IN WITNESS WHEREOF**, I have hereunto set my hand and affixed the seal of the Agency on 5/5/2020.

City of Syracuse Industrial Development Agency

**EXHIBIT "A"**  
**PART 1 OF FULL EAF**

**Full Environmental Assessment Form**  
**Part 1 - Project and Setting**

**Instructions for Completing Part 1**

**Part 1 is to be completed by the applicant or project sponsor.** Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either “Yes” or “No”. If the answer to the initial question is “Yes”, complete the sub-questions that follow. If the answer to the initial question is “No”, proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

**A. Project and Applicant/Sponsor Information.**

**C. Planning and Zoning**

**C.1. Planning and zoning actions.**

Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed?  Yes  No

- **If Yes**, complete sections C, F and G.
- **If No**, proceed to question C.2 and complete all remaining sections and questions in Part 1

**C.2. Adopted land use plans.**

a. Do any municipally- adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located?  Yes  No

If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located?  Yes  No

b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway; Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other?)  Yes  No

If Yes, identify the plan(s):

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan, or an adopted municipal farmland protection plan?  Yes  No

If Yes, identify the plan(s):

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

**C.3. Zoning**

a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance.  Yes  No  
If Yes, what is the zoning classification(s) including any applicable overlay district?

\_\_\_\_\_

\_\_\_\_\_

b. Is the use permitted or allowed by a special or conditional use permit?  Yes  No

c. Is a zoning change requested as part of the proposed action?  Yes  No

If Yes,

i. What is the proposed new zoning for the site? \_\_\_\_\_

**C.4. Existing community services.**

a. In what school district is the project site located? \_\_\_\_\_

b. What police or other public protection forces serve the project site?  
\_\_\_\_\_

c. Which fire protection and emergency medical services serve the project site?  
\_\_\_\_\_

d. What parks serve the project site?  
\_\_\_\_\_  
\_\_\_\_\_

**D. Project Details**

**D.1. Proposed and Potential Development**

a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include all components)?  
\_\_\_\_\_

b. a. Total acreage of the site of the proposed action? \_\_\_\_\_ acres  
b. Total acreage to be physically disturbed? \_\_\_\_\_ acres  
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? \_\_\_\_\_ acres

c. Is the proposed action an expansion of an existing project or use?  Yes  No  
i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)? % \_\_\_\_\_ Units: \_\_\_\_\_

d. Is the proposed action a subdivision, or does it include a subdivision?  Yes  No  
If Yes,

i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)  
\_\_\_\_\_

ii. Is a cluster/conservation layout proposed?  Yes  No

iii. Number of lots proposed? \_\_\_\_\_

iv. Minimum and maximum proposed lot sizes? Minimum \_\_\_\_\_ Maximum \_\_\_\_\_

e. Will the proposed action be constructed in multiple phases?  Yes  No

i. If No, anticipated period of construction: \_\_\_\_\_ months

ii. If Yes:

- Total number of phases anticipated \_\_\_\_\_
- Anticipated commencement date of phase 1 (including demolition) \_\_\_\_\_ month \_\_\_\_\_ year
- Anticipated completion date of final phase \_\_\_\_\_ month \_\_\_\_\_ year

• Generally describe connections or relationships among phases, including any contingencies where progress of one phase may determine timing or duration of future phases: Construction financing must be completed on each phase prior to the commencement of the ensuing phase.  
\_\_\_\_\_  
\_\_\_\_\_

f. Does the project include new residential uses?  Yes  No  
 If Yes, show numbers of units proposed.

	<u>One Family</u>	<u>Two Family</u>	<u>Three Family</u>	<u>Multiple Family (four or more)</u>
Initial Phase	_____	_____	_____	_____
At completion	_____	_____	_____	_____
of all phases	_____	_____	_____	_____

g. Does the proposed action include new non-residential construction (including expansions)?  Yes  No  
 If Yes,

i. Total number of structures \_\_\_\_\_

ii. Dimensions (in feet) of largest proposed structure: \_\_\_\_\_ height; \_\_\_\_\_ width; and \_\_\_\_\_ length

iii. Approximate extent of building space to be heated or cooled: \_\_\_\_\_ square feet

h. Does the proposed action include construction or other activities that will result in the impoundment of any liquids, such as creation of a water supply, reservoir, pond, lake, waste lagoon or other storage?  Yes  No  
 If Yes,

i. Purpose of the impoundment: \_\_\_\_\_

ii. If a water impoundment, the principal source of the water:  Ground water  Surface water streams  Other specify: \_\_\_\_\_

iii. If other than water, identify the type of impounded/contained liquids and their source. \_\_\_\_\_

iv. Approximate size of the proposed impoundment. Volume: \_\_\_\_\_ million gallons; surface area: \_\_\_\_\_ acres

v. Dimensions of the proposed dam or impounding structure: \_\_\_\_\_ height; \_\_\_\_\_ length

vi. Construction method/materials for the proposed dam or impounding structure (e.g., earth fill, rock, wood, concrete): \_\_\_\_\_

**D.2. Project Operations**

a. Does the proposed action include any excavation, mining, or dredging, during construction, operations, or both?  Yes  No  
 (Not including general site preparation, grading or installation of utilities or foundations where all excavated materials will remain onsite)  
 If Yes:

i. What is the purpose of the excavation or dredging? \_\_\_\_\_

ii. How much material (including rock, earth, sediments, etc.) is proposed to be removed from the site?

- Volume (specify tons or cubic yards): \_\_\_\_\_
- Over what duration of time? \_\_\_\_\_

iii. Describe nature and characteristics of materials to be excavated or dredged, and plans to use, manage or dispose of them. \_\_\_\_\_

iv. Will there be onsite dewatering or processing of excavated materials?  Yes  No  
 If yes, describe. \_\_\_\_\_

v. What is the total area to be dredged or excavated? \_\_\_\_\_ acres

vi. What is the maximum area to be worked at any one time? \_\_\_\_\_ acres

vii. What would be the maximum depth of excavation or dredging? \_\_\_\_\_ feet

viii. Will the excavation require blasting?  Yes  No

ix. Summarize site reclamation goals and plan: \_\_\_\_\_

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area?  Yes  No  
 If Yes:

i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): \_\_\_\_\_

ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placement of structures, or alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in square feet or acres:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

iii. Will the proposed action cause or result in disturbance to bottom sediments? Yes  No

If Yes, describe: \_\_\_\_\_

iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation?  Yes  No

If Yes:

- acres of aquatic vegetation proposed to be removed: \_\_\_\_\_
- expected acreage of aquatic vegetation remaining after project completion: \_\_\_\_\_
- purpose of proposed removal (e.g. beach clearing, invasive species control, boat access): \_\_\_\_\_
- proposed method of plant removal: \_\_\_\_\_
- if chemical/herbicide treatment will be used, specify product(s): \_\_\_\_\_

v. Describe any proposed reclamation/mitigation following disturbance: \_\_\_\_\_

c. Will the proposed action use, or create a new demand for water?  Yes  No

If Yes:

i. Total anticipated water usage/demand per day: \_\_\_\_\_ gallons/day

ii. Will the proposed action obtain water from an existing public water supply?  Yes  No

If Yes:

- Name of district or service area: \_\_\_\_\_
- Does the existing public water supply have capacity to serve the proposal?  Yes  No
- Is the project site in the existing district?  Yes  No
- Is expansion of the district needed?  Yes  No
- Do existing lines serve the project site?  Yes  No

iii. Will line extension within an existing district be necessary to supply the project?  Yes  No

If Yes:

- Describe extensions or capacity expansions proposed to serve this project: \_\_\_\_\_
- Source(s) of supply for the district: \_\_\_\_\_

iv. Is a new water supply district or service area proposed to be formed to serve the project site?  Yes  No

If Yes:

- Applicant/sponsor for new district: \_\_\_\_\_
- Date application submitted or anticipated: \_\_\_\_\_
- Proposed source(s) of supply for new district: \_\_\_\_\_

v. If a public water supply will not be used, describe plans to provide water supply for the project: \_\_\_\_\_

vi. If water supply will be from wells (public or private), what is the maximum pumping capacity: \_\_\_\_\_ gallons/minute.

d. Will the proposed action generate liquid wastes?  Yes  No

If Yes:

i. Total anticipated liquid waste generation per day: \_\_\_\_\_ gallons/day

ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe all components and approximate volumes or proportions of each): Sanitary wastewater

iii. Will the proposed action use any existing public wastewater treatment facilities?  Yes  No

If Yes:

- Name of wastewater treatment plant to be used: \_\_\_\_\_
- Name of district: \_\_\_\_\_
- Does the existing wastewater treatment plant have capacity to serve the project?  Yes  No
- Is the project site in the existing district?  Yes  No
- Is expansion of the district needed?  Yes  No

• Do existing sewer lines serve the project site?  Yes  No  
 • Will a line extension within an existing district be necessary to serve the project?  Yes  No  
 If Yes:  
 • Describe extensions or capacity expansions proposed to serve this project: \_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

iv. Will a new wastewater (sewage) treatment district be formed to serve the project site?  Yes  No  
 If Yes:  
 • Applicant/sponsor for new district: \_\_\_\_\_  
 • Date application submitted or anticipated: \_\_\_\_\_  
 • What is the receiving water for the wastewater discharge? \_\_\_\_\_

v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including specifying proposed receiving water (name and classification if surface discharge or describe subsurface disposal plans):  
 \_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

vi. Describe any plans or designs to capture, recycle or reuse liquid waste: \_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

---

e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction?  Yes  No  
 If Yes:  
 i. How much impervious surface will the project create in relation to total size of project parcel?  
     \_\_\_\_\_ Square feet or \_\_\_\_\_ acres (impervious surface)  
     \_\_\_\_\_ Square feet or \_\_\_\_\_ acres (parcel size)  
 ii. Describe types of new point sources. \_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent properties, groundwater, on-site surface water or off-site surface waters)?  
 \_\_\_\_\_  
 \_\_\_\_\_  
 • If to surface waters, identify receiving water bodies or wetlands: \_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

• Will stormwater runoff flow to adjacent properties?  Yes  No

iv. Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater?  Yes  No

---

f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations?  Yes  No  
 If Yes, identify:  
 i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)  
 \_\_\_\_\_  
 ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)  
 \_\_\_\_\_  
 iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)  
 \_\_\_\_\_  
 \_\_\_\_\_

---

g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit?  Yes  No  
 If Yes:  
 i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year)  Yes  No  
 ii. In addition to emissions as calculated in the application, the project will generate:  
 • \_\_\_\_\_ Tons/year (short tons) of Carbon Dioxide (CO<sub>2</sub>)  
 • \_\_\_\_\_ Tons/year (short tons) of Nitrous Oxide (N<sub>2</sub>O)  
 • \_\_\_\_\_ Tons/year (short tons) of Perfluorocarbons (PFCs)  
 • \_\_\_\_\_ Tons/year (short tons) of Sulfur Hexafluoride (SF<sub>6</sub>)  
 • \_\_\_\_\_ Tons/year (short tons) of Carbon Dioxide equivalent of Hydroflouorocarbons (HFCs)  
 • \_\_\_\_\_ Tons/year (short tons) of Hazardous Air Pollutants (HAPs)

h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)?  Yes  No  
 If Yes:  
 i. Estimate methane generation in tons/year (metric): \_\_\_\_\_  
 ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring): \_\_\_\_\_

---

i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations?  Yes  No  
 If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust):  
 \_\_\_\_\_

---

j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services?  Yes  No  
 If Yes:  
 i. When is the peak traffic expected (Check all that apply):  Morning  Evening  Weekend  
 Randomly between hours of \_\_\_\_\_ to \_\_\_\_\_.  
 ii. For commercial activities only, projected number of truck trips/day and type (e.g., semi trailers and dump trucks): \_\_\_\_\_  
 \_\_\_\_\_  
 iii. Parking spaces: Existing \_\_\_\_\_ Proposed \_\_\_\_\_ Net increase/decrease \_\_\_\_\_  
 iv. Does the proposed action include any shared use parking?  Yes  No  
 v. If the proposed action includes any modification of existing roads, creation of new roads or change in existing access, describe:  
 \_\_\_\_\_  
 vi. Are public/private transportation service(s) or facilities available within 1/2 mile of the proposed site?  Yes  No  
 vii. Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles?  Yes  No  
 viii. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes?  Yes  No

---

k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy?  Yes  No  
 If Yes:  
 i. Estimate annual electricity demand during operation of the proposed action: 700,000 kWh per year  
 \_\_\_\_\_  
 ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other):  
Grid/Local Utility  
 \_\_\_\_\_  
 iii. Will the proposed action require a new, or an upgrade, to an existing substation?  Yes  No

---

l. Hours of operation. Answer all items which apply.  
 i. During Construction:  
 • Monday - Friday: \_\_\_\_\_  
 • Saturday: \_\_\_\_\_  
 • Sunday: \_\_\_\_\_  
 • Holidays: \_\_\_\_\_  
 ii. During Operations:  
 • Monday - Friday: \_\_\_\_\_  
 • Saturday: \_\_\_\_\_  
 • Sunday: \_\_\_\_\_  
 • Holidays: \_\_\_\_\_

m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both?  Yes  No  
 If yes:  
 i. Provide details including sources, time of day and duration:  
 \_\_\_\_\_  
 \_\_\_\_\_

ii. Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?  Yes  No  
 Describe: \_\_\_\_\_  
 \_\_\_\_\_

---

n. Will the proposed action have outdoor lighting?  Yes  No  
 If yes:  
 i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:  
 \_\_\_\_\_  
 \_\_\_\_\_

ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen?  Yes  No  
 Describe: \_\_\_\_\_  
 \_\_\_\_\_

---

o. Does the proposed action have the potential to produce odors for more than one hour per day?  Yes  No  
 If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures: \_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

---

p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage?  Yes  No  
 If Yes:  
 i. Product(s) to be stored \_\_\_\_\_  
 ii. Volume(s) \_\_\_\_\_ per unit time \_\_\_\_\_ (e.g., month, year)  
 iii. Generally, describe the proposed storage facilities: \_\_\_\_\_  
 \_\_\_\_\_

---

q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation?  Yes  No  
 If Yes:  
 i. Describe proposed treatment(s):  
 \_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

ii. Will the proposed action use Integrated Pest Management Practices?  Yes  No

---

r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)?  Yes  No  
 If Yes:  
 i. Describe any solid waste(s) to be generated during construction or operation of the facility:  
 • Construction: \_\_\_\_\_ tons per \_\_\_\_\_ (unit of time)  
 • Operation : \_\_\_\_\_ tons per \_\_\_\_\_ (unit of time)  
 ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:  
 • Construction: \_\_\_\_\_  
 \_\_\_\_\_  
 • Operation: \_\_\_\_\_  
 \_\_\_\_\_  
 iii. Proposed disposal methods/facilities for solid waste generated on-site:  
 • Construction: \_\_\_\_\_  
 \_\_\_\_\_  
 • Operation: \_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

s. Does the proposed action include construction or modification of a solid waste management facility?  Yes  No  
 If Yes:  
 i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities): \_\_\_\_\_  
 ii. Anticipated rate of disposal/processing:  
 • \_\_\_\_\_ Tons/month, if transfer or other non-combustion/thermal treatment, or  
 • \_\_\_\_\_ Tons/hour, if combustion or thermal treatment  
 iii. If landfill, anticipated site life: \_\_\_\_\_ years

t. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste?  Yes  No  
 If Yes:  
 i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility: \_\_\_\_\_  
 \_\_\_\_\_  
 ii. Generally describe processes or activities involving hazardous wastes or constituents: \_\_\_\_\_  
 \_\_\_\_\_  
 iii. Specify amount to be handled or generated \_\_\_\_\_ tons/month  
 iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents: \_\_\_\_\_  
 \_\_\_\_\_  
 v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility?  Yes  No  
 If Yes: provide name and location of facility: \_\_\_\_\_  
 \_\_\_\_\_  
 If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility:  
There is no hazardous waste at the site  
 \_\_\_\_\_

**E. Site and Setting of Proposed Action**

**E.1. Land uses on and surrounding the project site**

a. Existing land uses.  
 i. Check all uses that occur on, adjoining and near the project site.  
 Urban  Industrial  Commercial  Residential (suburban)  Rural (non-farm)  
 Forest  Agriculture  Aquatic  Other (specify): \_\_\_\_\_  
 ii. If mix of uses, generally describe:  
 \_\_\_\_\_  
 \_\_\_\_\_

b. Land uses and covertypes on the project site.

Land use or Covertypes	Current Acreage	Acreage After Project Completion	Change (Acres +/-)
• Roads, buildings, and other paved or impervious surfaces			
• Forested			
• Meadows, grasslands or brushlands (non-agricultural, including abandoned agricultural)			
• Agricultural (includes active orchards, field, greenhouse etc.)			
• Surface water features (lakes, ponds, streams, rivers, etc.)			
• Wetlands (freshwater or tidal)			
• Non-vegetated (bare rock, earth or fill)			
• Other Describe: _____ _____			

c. Is the project site presently used by members of the community for public recreation?  Yes  No  
i. If Yes: explain: \_\_\_\_\_

---

d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site?  Yes  No  
If Yes,  
i. Identify Facilities:  
\_\_\_\_\_

---

e. Does the project site contain an existing dam?  Yes  No  
If Yes:  
i. Dimensions of the dam and impoundment:  

- Dam height: \_\_\_\_\_ feet
- Dam length: \_\_\_\_\_ feet
- Surface area: \_\_\_\_\_ acres
- Volume impounded: \_\_\_\_\_ gallons OR acre-feet

ii. Dam's existing hazard classification: \_\_\_\_\_  
iii. Provide date and summarize results of last inspection:  
\_\_\_\_\_

---

f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility?  Yes  No  
If Yes:  
i. Has the facility been formally closed?  Yes  No  

- If yes, cite sources/documentation: \_\_\_\_\_

ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:  
\_\_\_\_\_

---

g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste?  Yes  No  
If Yes:  
i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred:  
\_\_\_\_\_

---

h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site?  Yes  No  
If Yes:  
i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply:  Yes  No  
 Yes – Spills Incidents database      Provide DEC ID number(s): \_\_\_\_\_  
 Yes – Environmental Site Remediation database      Provide DEC ID number(s): \_\_\_\_\_  
 Neither database  
ii. If site has been subject of RCRA corrective activities, describe control measures: \_\_\_\_\_  
\_\_\_\_\_

---

iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database?  Yes  No  
If yes, provide DEC ID number(s): \_\_\_\_\_  
iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):  
\_\_\_\_\_

v. Is the project site subject to an institutional control limiting property uses?  Yes  No

- If yes, DEC site ID number: \_\_\_\_\_
- Describe the type of institutional control (e.g., deed restriction or easement): \_\_\_\_\_
- Describe any use limitations: \_\_\_\_\_
- Describe any engineering controls: \_\_\_\_\_
- Will the project affect the institutional or engineering controls in place?  Yes  No
- Explain: \_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

---

**E.2. Natural Resources On or Near Project Site**

a. What is the average depth to bedrock on the project site? \_\_\_\_\_ feet

b. Are there bedrock outcroppings on the project site?  Yes  No  
 If Yes, what proportion of the site is comprised of bedrock outcroppings? \_\_\_\_\_%

c. Predominant soil type(s) present on project site: \_\_\_\_\_ %  
 \_\_\_\_\_ %  
 \_\_\_\_\_ %

d. What is the average depth to the water table on the project site? Average: \_\_\_\_\_ feet

e. Drainage status of project site soils:  Well Drained: \_\_\_\_\_ % of site  
 Moderately Well Drained: \_\_\_\_\_ % of site  
 Poorly Drained \_\_\_\_\_ % of site

f. Approximate proportion of proposed action site with slopes:  0-10%: \_\_\_\_\_ % of site  
 10-15%: \_\_\_\_\_ % of site  
 15% or greater: \_\_\_\_\_ % of site

g. Are there any unique geologic features on the project site?  Yes  No  
 If Yes, describe: \_\_\_\_\_  
 \_\_\_\_\_

h. Surface water features.

i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, ponds or lakes)?  Yes  No

ii. Do any wetlands or other waterbodies adjoin the project site?  Yes  No  
 If Yes to either *i* or *ii*, continue. If No, skip to E.2.i.

iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, state or local agency?  Yes  No

iv. For each identified regulated wetland and waterbody on the project site, provide the following information:

- Streams: Name \_\_\_\_\_ Classification \_\_\_\_\_
- Lakes or Ponds: Name \_\_\_\_\_ Classification \_\_\_\_\_
- Wetlands: Name \_\_\_\_\_ Approximate Size \_\_\_\_\_
- Wetland No. (if regulated by DEC) \_\_\_\_\_

v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies?  Yes  No  
 If yes, name of impaired water body/bodies and basis for listing as impaired: \_\_\_\_\_  
 \_\_\_\_\_

---

i. Is the project site in a designated Floodway?  Yes  No

j. Is the project site in the 100-year Floodplain?  Yes  No

k. Is the project site in the 500-year Floodplain?  Yes  No

l. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer?  Yes  No  
 If Yes:  
 i. Name of aquifer: \_\_\_\_\_

m. Identify the predominant wildlife species that occupy or use the project site: _____ _____ _____	
n. Does the project site contain a designated significant natural community? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span> If Yes: <i>i.</i> Describe the habitat/community (composition, function, and basis for designation): _____ _____ <i>ii.</i> Source(s) of description or evaluation: _____ <i>iii.</i> Extent of community/habitat: <ul style="list-style-type: none"> <li>• Currently: _____ acres</li> <li>• Following completion of project as proposed: _____ acres</li> <li>• Gain or loss (indicate + or -): _____ acres</li> </ul>	
o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span> If Yes: <i>i.</i> Species and listing (endangered or threatened): _____ _____ _____	
p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span> If Yes: <i>i.</i> Species and listing: _____ _____	
q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span> If yes, give a brief description of how the proposed action may affect that use: _____ _____	
<b>E.3. Designated Public Resources On or Near Project Site</b>	
a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span> If Yes, provide county plus district name/number: _____	
b. Are agricultural lands consisting of highly productive soils present? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span> <i>i.</i> If Yes: acreage(s) on project site? _____ <i>ii.</i> Source(s) of soil rating(s): _____	
c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span> If Yes: <i>i.</i> Nature of the natural landmark: <input type="checkbox"/> Biological Community <input type="checkbox"/> Geological Feature <i>ii.</i> Provide brief description of landmark, including values behind designation and approximate size/extent: _____ _____ _____	
d. Is the project site located in or does it adjoin a state listed Critical Environmental Area? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span> If Yes: <i>i.</i> CEA name: _____ <i>ii.</i> Basis for designation: _____ <i>iii.</i> Designating agency and date: _____	

<p>e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span></p> <p>If Yes:</p> <p>i. Nature of historic/archaeological resource: <input type="checkbox"/> Archaeological Site <input type="checkbox"/> Historic Building or District</p> <p>ii. Name: <u>Dupli Building and Amphion Piano Player Company Building</u></p> <p>iii. Brief description of attributes on which listing is based: <u>historic buildings</u></p>
<p>f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span></p>
<p>g. Have additional archaeological or historic site(s) or resources been identified on the project site? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span></p> <p>If Yes:</p> <p>i. Describe possible resource(s): _____</p> <p>ii. Basis for identification: _____</p>
<p>h. Is the project site within five miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span></p> <p>If Yes:</p> <p>i. Identify resource: _____</p> <p>ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or scenic byway, etc.): _____</p> <p>iii. Distance between project and resource: _____ miles.</p>
<p>i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span></p> <p>If Yes:</p> <p>i. Identify the name of the river and its designation: _____</p> <p>ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span></p>

**F. Additional Information**

Attach any additional information which may be needed to clarify your project.

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

**G. Verification**

I certify that the information provided is true to the best of my knowledge.

Applicant/Sponsor Name \_\_\_\_\_ Date \_\_\_\_\_

**EXHIBIT "B"**

**PARTS 2 AND 3 OF FULL EAF AND NARRATIVE**

**Full Environmental Assessment Form**  
**Part 2 - Identification of Potential Project Impacts**

Project :

Date :

**Part 2 is to be completed by the lead agency.** Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency’s reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency **and** the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

**Tips for completing Part 2:**

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer “**Yes**” to a numbered question, please complete all the questions that follow in that section.
- If you answer “**No**” to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box “Moderate to large impact may occur.”
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the “whole action”.
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

<b>1. Impact on Land</b>			
Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1)		<input type="checkbox"/> NO	<input type="checkbox"/> YES
<i>If “Yes”, answer questions a - j. If “No”, move on to Section 2.</i>			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may involve construction on land where depth to water table is less than 3 feet.	E2d	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may involve construction on slopes of 15% or greater.	E2f	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.	E2a	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve the excavation and removal of more than 1,000 tons of natural material.	D2a	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may involve construction that continues for more than one year or in multiple phases.	D1e	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides).	D2e, D2q	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action is, or may be, located within a Coastal Erosion hazard area.	B1i	<input type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

<b>2. Impact on Geological Features</b> The proposed action may result in the modification or destruction of, or inhibit access to, any unique or unusual land forms on the site (e.g., cliffs, dunes, minerals, fossils, caves). (See Part 1. E.2.g) <span style="float: right;"><input type="checkbox"/> NO <input type="checkbox"/> YES</span> <i>If "Yes", answer questions a - c. If "No", move on to Section 3.</i>			
	<b>Relevant Part I Question(s)</b>	<b>No, or small impact may occur</b>	<b>Moderate to large impact may occur</b>
a. Identify the specific land form(s) attached: _____ _____	E2g	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may affect or is adjacent to a geological feature listed as a registered National Natural Landmark. Specific feature: _____	E3c	<input type="checkbox"/>	<input type="checkbox"/>
c. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

<b>3. Impacts on Surface Water</b> The proposed action may affect one or more wetlands or other surface water bodies (e.g., streams, rivers, ponds or lakes). (See Part 1. D.2, E.2.h) <span style="float: right;"><input type="checkbox"/> NO <input type="checkbox"/> YES</span> <i>If "Yes", answer questions a - l. If "No", move on to Section 4.</i>			
	<b>Relevant Part I Question(s)</b>	<b>No, or small impact may occur</b>	<b>Moderate to large impact may occur</b>
a. The proposed action may create a new water body.	D2b, D1h	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water.	D2b	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body.	D2a	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body.	E2h	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may create turbidity in a waterbody, either from upland erosion, runoff or by disturbing bottom sediments.	D2a, D2h	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may include construction of one or more intake(s) for withdrawal of water from surface water.	D2c	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may include construction of one or more outfall(s) for discharge of wastewater to surface water(s).	D2d	<input type="checkbox"/>	<input type="checkbox"/>
h. The proposed action may cause soil erosion, or otherwise create a source of stormwater discharge that may lead to siltation or other degradation of receiving water bodies.	D2e	<input type="checkbox"/>	<input type="checkbox"/>
i. The proposed action may affect the water quality of any water bodies within or downstream of the site of the proposed action.	E2h	<input type="checkbox"/>	<input type="checkbox"/>
j. The proposed action may involve the application of pesticides or herbicides in or around any water body.	D2q, E2h	<input type="checkbox"/>	<input type="checkbox"/>
k. The proposed action may require the construction of new, or expansion of existing, wastewater treatment facilities.	D1a, D2d	<input type="checkbox"/>	<input type="checkbox"/>

I. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>
----------------------------------	--	--------------------------	--------------------------

**4. Impact on groundwater**  
 The proposed action may result in new or additional use of ground water, or may have the potential to introduce contaminants to ground water or an aquifer.  NO  YES  
 (See Part 1. D.2.a, D.2.c, D.2.d, D.2.p, D.2.q, D.2.t)  
*If “Yes”, answer questions a - h. If “No”, move on to Section 5.*

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may require new water supply wells, or create additional demand on supplies from existing water supply wells.	D2c	<input type="checkbox"/>	<input type="checkbox"/>
b. Water supply demand from the proposed action may exceed safe and sustainable withdrawal capacity rate of the local supply or aquifer. Cite Source: _____	D2c	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may allow or result in residential uses in areas without water and sewer services.	D1a, D2c	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may include or require wastewater discharged to groundwater.	D2d, E2l	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may result in the construction of water supply wells in locations where groundwater is, or is suspected to be, contaminated.	D2c, E1f, E1g, E1h	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may require the bulk storage of petroleum or chemical products over ground water or an aquifer.	D2p, E2l	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may involve the commercial application of pesticides within 100 feet of potable drinking water or irrigation sources.	E2h, D2q, E2l, D2c	<input type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

**5. Impact on Flooding**  
 The proposed action may result in development on lands subject to flooding.  NO  YES  
 (See Part 1. E.2)  
*If “Yes”, answer questions a - g. If “No”, move on to Section 6.*

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in development in a designated floodway.	E2i	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in development within a 100 year floodplain.	E2j	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may result in development within a 500 year floodplain.	E2k	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may result in, or require, modification of existing drainage patterns.	D2b, D2e	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may change flood water flows that contribute to flooding.	D2b, E2i, E2j, E2k	<input type="checkbox"/>	<input type="checkbox"/>
f. If there is a dam located on the site of the proposed action, is the dam in need of repair, or upgrade?	E1e	<input type="checkbox"/>	<input type="checkbox"/>

g. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>
----------------------------------	--	--------------------------	--------------------------

<b>6. Impacts on Air</b>			
The proposed action may include a state regulated air emission source. (See Part 1. D.2.f., D.2.h, D.2.g) <i>If "Yes", answer questions a - f. If "No", move on to Section 7.</i>		<input type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. If the proposed action requires federal or state air emission permits, the action may also emit one or more greenhouse gases at or above the following levels: i. More than 1000 tons/year of carbon dioxide (CO <sub>2</sub> ) ii. More than 3.5 tons/year of nitrous oxide (N <sub>2</sub> O) iii. More than 1000 tons/year of carbon equivalent of perfluorocarbons (PFCs) iv. More than .045 tons/year of sulfur hexafluoride (SF <sub>6</sub> ) v. More than 1000 tons/year of carbon dioxide equivalent of hydrochloroflourocarbons (HFCs) emissions vi. 43 tons/year or more of methane	D2g D2g D2g D2g D2g D2h	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
b. The proposed action may generate 10 tons/year or more of any one designated hazardous air pollutant, or 25 tons/year or more of any combination of such hazardous air pollutants.	D2g	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may require a state air registration, or may produce an emissions rate of total contaminants that may exceed 5 lbs. per hour, or may include a heat source capable of producing more than 10 million BTU's per hour.	D2f, D2g	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may reach 50% of any of the thresholds in "a" through "c", above.	D2g	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may result in the combustion or thermal treatment of more than 1 ton of refuse per hour.	D2s	<input type="checkbox"/>	<input type="checkbox"/>
f. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

<b>7. Impact on Plants and Animals</b>			
The proposed action may result in a loss of flora or fauna. (See Part 1. E.2. m.-q.) <i>If "Yes", answer questions a - j. If "No", move on to Section 8.</i>		<input type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may cause reduction in population or loss of individuals of any threatened or endangered species, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2o	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in a reduction or degradation of any habitat used by any rare, threatened or endangered species, as listed by New York State or the federal government.	E2o	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may cause reduction in population, or loss of individuals, of any species of special concern or conservation need, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2p	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may result in a reduction or degradation of any habitat used by any species of special concern and conservation need, as listed by New York State or the Federal government.	E2p	<input type="checkbox"/>	<input type="checkbox"/>

e. The proposed action may diminish the capacity of a registered National Natural Landmark to support the biological community it was established to protect.	E3c	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result in the removal of, or ground disturbance in, any portion of a designated significant natural community. Source: _____	E2n	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may substantially interfere with nesting/breeding, foraging, or over-wintering habitat for the predominant species that occupy or use the project site.	E2m	<input type="checkbox"/>	<input type="checkbox"/>
h. The proposed action requires the conversion of more than 10 acres of forest, grassland or any other regionally or locally important habitat. Habitat type & information source: _____ _____	E1b	<input type="checkbox"/>	<input type="checkbox"/>
i. Proposed action (commercial, industrial or recreational projects, only) involves use of herbicides or pesticides.	D2q	<input type="checkbox"/>	<input type="checkbox"/>
j. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

<b>8. Impact on Agricultural Resources</b>			
The proposed action may impact agricultural resources. (See Part 1. E.3.a. and b.)		<input type="checkbox"/> NO	<input type="checkbox"/> YES
<i>If "Yes", answer questions a - h. If "No", move on to Section 9.</i>			
	<b>Relevant Part I Question(s)</b>	<b>No, or small impact may occur</b>	<b>Moderate to large impact may occur</b>
a. The proposed action may impact soil classified within soil group 1 through 4 of the NYS Land Classification System.	E2c, E3b	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may sever, cross or otherwise limit access to agricultural land (includes cropland, hayfields, pasture, vineyard, orchard, etc).	E1a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may result in the excavation or compaction of the soil profile of active agricultural land.	E3b	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may irreversibly convert agricultural land to non-agricultural uses, either more than 2.5 acres if located in an Agricultural District, or more than 10 acres if not within an Agricultural District.	E1b, E3a	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may disrupt or prevent installation of an agricultural land management system.	E1 a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result, directly or indirectly, in increased development potential or pressure on farmland.	C2c, C3, D2c, D2d	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed project is not consistent with the adopted municipal Farmland Protection Plan.	C2c	<input type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

<b>9. Impact on Aesthetic Resources</b> The land use of the proposed action are obviously different from, or are in sharp contrast to, current land use patterns between the proposed project and a scenic or aesthetic resource. (Part 1. E.1.a, E.1.b, E.3.h.) <i>If "Yes", answer questions a - g. If "No", go to Section 10.</i>				<input type="checkbox"/> NO	<input type="checkbox"/> YES
	<b>Relevant Part I Question(s)</b>	<b>No, or small impact may occur</b>	<b>Moderate to large impact may occur</b>		
a. Proposed action may be visible from any officially designated federal, state, or local scenic or aesthetic resource.	E3h	<input type="checkbox"/>	<input type="checkbox"/>		
b. The proposed action may result in the obstruction, elimination or significant screening of one or more officially designated scenic views.	E3h, C2b	<input type="checkbox"/>	<input type="checkbox"/>		
c. The proposed action may be visible from publicly accessible vantage points: i. Seasonally (e.g., screened by summer foliage, but visible during other seasons) ii. Year round	E3h	<input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/>		
d. The situation or activity in which viewers are engaged while viewing the proposed action is: i. Routine travel by residents, including travel to and from work ii. Recreational or tourism based activities	E3h E2q, E1c	<input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/>		
e. The proposed action may cause a diminishment of the public enjoyment and appreciation of the designated aesthetic resource.	E3h	<input type="checkbox"/>	<input type="checkbox"/>		
f. There are similar projects visible within the following distance of the proposed project: 0-1/2 mile 1/2 -3 mile 3-5 mile 5+ mile	D1a, E1a, D1f, D1g	<input type="checkbox"/>	<input type="checkbox"/>		
g. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>		

<b>10. Impact on Historic and Archeological Resources</b> The proposed action may occur in or adjacent to a historic or archaeological resource. (Part 1. E.3.e, f. and g.) <i>If "Yes", answer questions a - e. If "No", go to Section 11.</i>				<input type="checkbox"/> NO	<input type="checkbox"/> YES
	<b>Relevant Part I Question(s)</b>	<b>No, or small impact may occur</b>	<b>Moderate to large impact may occur</b>		
a. The proposed action may occur wholly or partially within, or substantially contiguous to, any buildings, archaeological site or district which is listed on the National or State Register of Historical Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places.	E3e	<input type="checkbox"/>	<input type="checkbox"/>		
b. The proposed action may occur wholly or partially within, or substantially contiguous to, an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory.	E3f	<input type="checkbox"/>	<input type="checkbox"/>		
c. The proposed action may occur wholly or partially within, or substantially contiguous to, an archaeological site not included on the NY SHPO inventory. Source: _____	E3g	<input type="checkbox"/>	<input type="checkbox"/>		

d. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>
e. If any of the above (a-d) are answered “Moderate to large impact may occur”, continue with the following questions to help support conclusions in Part 3:			
i. The proposed action may result in the destruction or alteration of all or part of the site or property.	E3e, E3g, E3f	<input type="checkbox"/>	<input type="checkbox"/>
ii. The proposed action may result in the alteration of the property’s setting or integrity.	E3e, E3f, E3g, E1a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
iii. The proposed action may result in the introduction of visual elements which are out of character with the site or property, or may alter its setting.	E3e, E3f, E3g, E3h, C2, C3	<input type="checkbox"/>	<input type="checkbox"/>

<b>11. Impact on Open Space and Recreation</b>			
The proposed action may result in a loss of recreational opportunities or a reduction of an open space resource as designated in any adopted municipal open space plan. (See Part 1. C.2.c, E.1.c., E.2.q.) <i>If “Yes”, answer questions a - e. If “No”, go to Section 12.</i>		<input type="checkbox"/> NO	<input type="checkbox"/> YES
	<b>Relevant Part I Question(s)</b>	<b>No, or small impact may occur</b>	<b>Moderate to large impact may occur</b>
a. The proposed action may result in an impairment of natural functions, or “ecosystem services”, provided by an undeveloped area, including but not limited to stormwater storage, nutrient cycling, wildlife habitat.	D2e, E1b E2h, E2m, E2o, E2n, E2p	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in the loss of a current or future recreational resource.	C2a, E1c, C2c, E2q	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may eliminate open space or recreational resource in an area with few such resources.	C2a, C2c E1c, E2q	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may result in loss of an area now used informally by the community as an open space resource.	C2c, E1c	<input type="checkbox"/>	<input type="checkbox"/>
e. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

<b>12. Impact on Critical Environmental Areas</b>			
The proposed action may be located within or adjacent to a critical environmental area (CEA). (See Part 1. E.3.d) <i>If “Yes”, answer questions a - c. If “No”, go to Section 13.</i>		<input type="checkbox"/> NO	<input type="checkbox"/> YES
	<b>Relevant Part I Question(s)</b>	<b>No, or small impact may occur</b>	<b>Moderate to large impact may occur</b>
a. The proposed action may result in a reduction in the quantity of the resource or characteristic which was the basis for designation of the CEA.	E3d	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in a reduction in the quality of the resource or characteristic which was the basis for designation of the CEA.	E3d	<input type="checkbox"/>	<input type="checkbox"/>
c. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

<b>13. Impact on Transportation</b> The proposed action may result in a change to existing transportation systems. <input type="checkbox"/> NO <input type="checkbox"/> YES (See Part 1. D.2.j) <i>If "Yes", answer questions a - f. If "No", go to Section 14.</i>			
	<b>Relevant Part I Question(s)</b>	<b>No, or small impact may occur</b>	<b>Moderate to large impact may occur</b>
a. Projected traffic increase may exceed capacity of existing road network.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in the construction of paved parking area for 500 or more vehicles.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action will degrade existing transit access.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action will degrade existing pedestrian or bicycle accommodations.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may alter the present pattern of movement of people or goods.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
f. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

<b>14. Impact on Energy</b> The proposed action may cause an increase in the use of any form of energy. <input type="checkbox"/> NO <input type="checkbox"/> YES (See Part 1. D.2.k) <i>If "Yes", answer questions a - e. If "No", go to Section 15.</i>			
	<b>Relevant Part I Question(s)</b>	<b>No, or small impact may occur</b>	<b>Moderate to large impact may occur</b>
a. The proposed action will require a new, or an upgrade to an existing, substation.	D2k	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action will require the creation or extension of an energy transmission or supply system to serve more than 50 single or two-family residences or to serve a commercial or industrial use.	D1f, D1q, D2k	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may utilize more than 2,500 MWhrs per year of electricity.	D2k	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve heating and/or cooling of more than 100,000 square feet of building area when completed.	D1g	<input type="checkbox"/>	<input type="checkbox"/>
e. Other Impacts: _____ _____			

<b>15. Impact on Noise, Odor, and Light</b> The proposed action may result in an increase in noise, odors, or outdoor lighting. <input type="checkbox"/> NO <input type="checkbox"/> YES (See Part 1. D.2.m., n., and o.) <i>If "Yes", answer questions a - f. If "No", go to Section 16.</i>			
	<b>Relevant Part I Question(s)</b>	<b>No, or small impact may occur</b>	<b>Moderate to large impact may occur</b>
a. The proposed action may produce sound above noise levels established by local regulation.	D2m	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in blasting within 1,500 feet of any residence, hospital, school, licensed day care center, or nursing home.	D2m, E1d	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may result in routine odors for more than one hour per day.	D2o	<input type="checkbox"/>	<input type="checkbox"/>

d. The proposed action may result in light shining onto adjoining properties.	D2n	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may result in lighting creating sky-glow brighter than existing area conditions.	D2n, E1a	<input type="checkbox"/>	<input type="checkbox"/>
f. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

<b>16. Impact on Human Health</b>			
The proposed action may have an impact on human health from exposure to new or existing sources of contaminants. (See Part 1.D.2.q., E.1. d. f. g. and h.) <i>If "Yes", answer questions a - m. If "No", go to Section 17.</i>		<input type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action is located within 1500 feet of a school, hospital, licensed day care center, group home, nursing home or retirement community.	E1d	<input type="checkbox"/>	<input type="checkbox"/>
b. The site of the proposed action is currently undergoing remediation.	E1g, E1h	<input type="checkbox"/>	<input type="checkbox"/>
c. There is a completed emergency spill remediation, or a completed environmental site remediation on, or adjacent to, the site of the proposed action.	E1g, E1h	<input type="checkbox"/>	<input type="checkbox"/>
d. The site of the action is subject to an institutional control limiting the use of the property (e.g., easement or deed restriction).	E1g, E1h	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may affect institutional control measures that were put in place to ensure that the site remains protective of the environment and human health.	E1g, E1h	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action has adequate control measures in place to ensure that future generation, treatment and/or disposal of hazardous wastes will be protective of the environment and human health.	D2t	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action involves construction or modification of a solid waste management facility.	D2q, E1f	<input type="checkbox"/>	<input type="checkbox"/>
h. The proposed action may result in the unearthing of solid or hazardous waste.	D2q, E1f	<input type="checkbox"/>	<input type="checkbox"/>
i. The proposed action may result in an increase in the rate of disposal, or processing, of solid waste.	D2r, D2s	<input type="checkbox"/>	<input type="checkbox"/>
j. The proposed action may result in excavation or other disturbance within 2000 feet of a site used for the disposal of solid or hazardous waste.	E1f, E1g E1h	<input type="checkbox"/>	<input type="checkbox"/>
k. The proposed action may result in the migration of explosive gases from a landfill site to adjacent off site structures.	E1f, E1g	<input type="checkbox"/>	<input type="checkbox"/>
l. The proposed action may result in the release of contaminated leachate from the project site.	D2s, E1f, D2r	<input type="checkbox"/>	<input type="checkbox"/>
m. Other impacts: _____ _____			

<b>17. Consistency with Community Plans</b>			
The proposed action is not consistent with adopted land use plans. (See Part 1. C.1, C.2. and C.3.) <i>If “Yes”, answer questions a - h. If “No”, go to Section 18.</i>		<input type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action’s land use components may be different from, or in sharp contrast to, current surrounding land use pattern(s).	C2, C3, D1a E1a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action will cause the permanent population of the city, town or village in which the project is located to grow by more than 5%.	C2	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action is inconsistent with local land use plans or zoning regulations.	C2, C2, C3	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action is inconsistent with any County plans, or other regional land use plans.	C2, C2	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may cause a change in the density of development that is not supported by existing infrastructure or is distant from existing infrastructure.	C3, D1c, D1d, D1f, D1d, E1b	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action is located in an area characterized by low density development that will require new or expanded public infrastructure.	C4, D2c, D2d D2j	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may induce secondary development impacts (e.g., residential or commercial development not included in the proposed action)	C2a	<input type="checkbox"/>	<input type="checkbox"/>
h. Other: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

<b>18. Consistency with Community Character</b>			
The proposed project is inconsistent with the existing community character. (See Part 1. C.2, C.3, D.2, E.3) <i>If “Yes”, answer questions a - g. If “No”, proceed to Part 3.</i>		<input type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may replace or eliminate existing facilities, structures, or areas of historic importance to the community.	E3e, E3f, E3g	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may create a demand for additional community services (e.g. schools, police and fire)	C4	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may displace affordable or low-income housing in an area where there is a shortage of such housing.	C2, C3, D1f D1g, E1a	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may interfere with the use or enjoyment of officially recognized or designated public resources.	C2, E3	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action is inconsistent with the predominant architectural scale and character.	C2, C3	<input type="checkbox"/>	<input type="checkbox"/>
f. Proposed action is inconsistent with the character of the existing natural landscape.	C2, C3 E1a, E1b E2g, E2h	<input type="checkbox"/>	<input type="checkbox"/>
g. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

Project :

Date :

***Full Environmental Assessment Form***  
***Part 3 - Evaluation of the Magnitude and Importance of Project Impacts***  
***and***  
***Determination of Significance***

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

**Reasons Supporting This Determination:**

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

**Determination of Significance - Type 1 and Unlisted Actions**

SEQR Status:             Type 1                       Unlisted

Identify portions of EAF completed for this Project:    Part 1             Part 2             Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the \_\_\_\_\_ as lead agency that:

A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

**For Type 1 Actions and Conditioned Negative Declarations, a copy of this Notice is sent to:**

Chief Executive Officer of the political subdivision in which the action will be principally located (e.g., Town / City / Village of)

Other involved agencies (if any)

Applicant (if any)

Environmental Notice Bulletin: <http://www.dec.ny.gov/enb/enb.html>

**City of Syracuse Industrial Development Agency**  
**DUPLI Associates, LLC Project**  
**FEAF Part 3 – Additional Information**

By application dated February 4, 2020, DUPLI Associates, LLC (the “*Company*”) requested the Agency undertake a project (the “*Project*”) consisting of: (A)(i) the continuation of an interest in two parcels of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximately 149,000 sq.ft. building (“*Building 1*”) (bearing tax parcel identification number 118.-06-08.0); and 156 Solar Street and Division Street W. improved by an approximately 62,800 sq.ft. building (“*Building 2*”) (bearing tax parcel identification number 118.-06-01.0), each in the City of Syracuse (the foregoing collectively referred to as the “*Land*”); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units; and approximately 3,500 sq.ft. of retail space; and the reconstruction and renovation of Building 2 consisting of 24,000 sq.ft. of residential space containing approximately 20 apartment units; approximately 20,000 sq.ft. of commercial office space and approximately 9,500 sq.ft. of retail space (collectively, the “*Facilities*”); and (iii) the acquisition and installation in and at the Land and Building 1 and Building 2 of furniture, fixtures and equipment.

**1.) *Impact on land*** – The proposed Project will not have an impact on land. No excavation is expected. In the unforeseen event of excavation, excavated materials will remain onsite. In the event contaminated soils are encountered, these soils will be handled in accordance with federal, state, and local regulations.

The duration of the Project is estimated at 18-months. Construction activities typically result in potential impacts associated with traffic, dust, stormwater, and noise. These potential impacts are minimized as a result of the following measures:

- The Company will be required to implement a maintenance and protection of traffic plan for use during construction. The plan will be reviewed and approved by the City of Syracuse.
- The Company will be required to implement best management practices for dust control.
- Stormwater impacts will be addressed by implementation of erosion and sediment controls during construction.
- The proposed Project will cause a temporary increase in ambient noise levels from the operation of construction equipment. Measures to minimize noise impacts during construction will include adherence to local ordinances for working hours and inspection of equipment for proper muffling.

As such, the impact on land associated with the Project is not considered a significant environmental impact.

**2.) *Impact on geological features*** – The Project site does not contain known unique or unusual land forms (e.g. cliffs, dunes, minerals, fossils, caves). No impact to significant geological features will occur because of the proposed Project.

**3.) *Impacts on surface water*** – The Project will not involve impacts to surface waters. There are no surface waters within the Project footprint. Potential impacts to nearby surface waters from construction will be avoided by implementation of appropriate soil erosion and sediment controls.

**4.) Impact on groundwater** – The Project is not located within the footprint of a sole source, or primary aquifer.

The Project does not involve use or disposal of hazardous materials, or the bulk storage of petroleum or chemical products that could potentially contaminate local groundwater supplies. In addition, no change in drainage patterns, or increase in impervious surfaces is anticipated as a result of the Project. Therefore, no significant impact to the local aquifer is expected to occur as a result of the Project.

**5.) Impact on flooding** – The proposed Project is located within the regulated 500-year floodplain. Project activities will be coordinated with the City of Syracuse. The City of Syracuse is a member of the National Flood Insurance Program and structures located in the flood zone must comply with the local flood ordinance. In addition, the City of Syracuse is designated as the FEMA flood management agency for this area and regulates construction within the designated floodplains. City of Syracuse Ordinance 17 deals with flood damage prevention and includes design criteria aimed at preventing flood damage to structures. As part of the permitting process, the City will review building plans for the Project and require that the Company incorporate appropriate floodplain mitigation requirements into the design. Grade changes are not proposed. Given the City permitting process and that the Project involves a renovation of existing structures, no significant impacts to the floodplain are anticipated.

**6.) Impacts on air** – The U. S. Environmental Protection Act (USEPA), through the federal Clean Air Act (CAA), has established National Ambient Air Quality Standards (NAAQS) for six criteria pollutants: carbon monoxide (CO), sulfur dioxide (SO<sub>2</sub>), nitrogen dioxide (NO<sub>2</sub>), particulate matter (PM<sub>10</sub> and PM<sub>2.5</sub>), ozone, and lead. An area that violates a national primary or secondary NAAQS for one or more of the USEPA designated criteria pollutants is referred to as non-attainment. A maintenance area is one that has previously been in violation of the NAAQS but has since implemented an avoidance plan and has had no additional violations over an extended period of time.

The Project is located in Onondaga County. According to the USEPA Green Book (current as of February 28, 2019), Onondaga County is currently in attainment for all criteria pollutants, except CO, which is listed as “maintenance”. Based on a detailed review of the Green Book, Onondaga County was designated as a CO non-attainment area until 1992. Since 1993, the County has been in compliance (i.e., maintenance area) with the NAAQS for all criteria pollutants, including CO. An area that has remained in compliance with the NAAQS for an extended period of time is re-designated as “attainment”.

According to both the NYSDEC and USEPA, Onondaga County is in full attainment with the CO NAAQS. Specifically, Onondaga County was designated as a maintenance area in 1993 and has not had any violations of the NAAQS since that time. NYSDEC met the requirements specified in two Maintenance Plans, each lasting a period of ten years. Therefore, the 20-year maintenance period is over and NYSDEC has met its obligations; Onondaga County is in attainment with the CO NAAQS.

Air emission sources require consistency with State and federal air quality standards. The New York air permitting program regulates sources of air pollution. The program is required under provisions set forth in the CAA and New York State regulation (6 NYCRR Part 201). NYSDEC Division of Air Resources administers the air program. The proposed Project does not include equipment that requires registration or permitting from New York State’s air program.

**7.) *Impacts on plants and animals*** – The proposed Project is located in an urban environment. Habitat availability is limited; wildlife occupying the existing Project space are likely to re-occupy it after construction. No habitat exists for species considered rare, threatened, or endangered by federal or state regulations. No significant impact to plants and animals will occur as a result of the Project.

**8.) *Impacts on agricultural resources*** – The Project is not located in a New York State Agricultural District. No farmland soils occur within the proposed limits of disturbance. No significant impacts to agricultural resources will occur.

**9.) *Impacts on aesthetic resources*** – The Project site does not contain, and is not located adjacent to, identified scenic/aesthetic resources. There are no officially designated federal, state, or local scenic or aesthetic resources within the vicinity of the property.

**10.) *Impacts on historical and archeological resources*** – According to the State Historic Preservation Office (SHPO) Cultural Resource Information System (CRIS) website, the existing buildings are listed in the State or National Register for Historic Places. Coordination with the New York State Historic Preservation Office (SHPO) is complete for the project. The proposed renovation is not anticipated to result in adverse impacts to the listed buildings.

**11.) *Impacts on open space and recreation*** – The proposed action will not result in a loss of recreational opportunities, and/or open space. There are no existing recreational opportunities on-site, and the site is not located in a designated municipal open space plan.

**12.) *Impacts on critical environmental areas*** – No designated critical environmental areas occur within or immediately adjacent to the Project site. The current action will not involve impacts to designated critical environmental areas.

**13.) *Impacts on transportation*** – The proposed Project is not anticipated to involve a significant increase in existing traffic levels. The principal use of the existing buildings is changing from commercial and industrial to residential, therefore no or a minimal net increase in traffic is expected as a result of the Project. The Project is expected to generate fewer than 100 peak hour vehicle trips per hour. Based on the NYSDEC guidelines, it is assumed that projects generating fewer than 100 peak hour vehicle trips per hour will not result in significant increases in traffic.

**14.) *Impacts on energy*** – Electricity and natural gas in the Project location are supplied by National Grid. Water will be provided by the City of Syracuse's water system. Sewer service will be provided by the City of Syracuse and treated at the Metropolitan Syracuse Wastewater Treatment Plant.

Operation of the Project will result in increased use of electricity, natural gas, and/or water resources as well as increased discharge of wastewater into the sewer collection and treatment system. The Company has coordinated with the local utility providers regarding supply and availability of necessary services. Operation of the facility is not expected to exceed available natural resource or future energy supplies.

Additionally, renovation and/or operation of the facilities would not involve a need for unusual materials or those in short supply. As with any construction project, there will be short-term increases in electrical and gasoline usage to power construction equipment and for worker travel.

### **15.) Impacts on noise, odor, and light**

*Noise* - The proposed Project will cause a temporary increase in ambient noise levels from the operation of construction equipment. Measures to minimize noise impacts during construction will include adherence to local ordinances for working hours and inspection of equipment for proper muffling. Noise levels will generally return to pre-construction levels following completion of the Project.

*Odors* - The proposed Project will not cause an increase in odors.

*Light* –No new lighting is proposed as part of the Project.

**16.) Impact on Human Health** – The proposed Project will not result in an impact to human health from exposure to new or existing sources of contaminants.

A Limited XRF Lead-Based Paint Inspection dated December 13, 2019 prepared by Envoy Environmental Consultants, Inc. and Asbestos Pre-Renovation Survey Report dated December 13, 2019 prepared by Paradigm Environmental, LLC for Building 1 (together, the "report") were furnished to the Agency and are attached hereto. The Building 1 contains asbestos-containing materials, and lead-based paint as identified in the report. The report indicates that the sampling was representative in nature, and additional sampling and analysis will be required based on the final scope of the Project. In addition, renovation activities, included necessary abatement, will be conducted consistent with New York State Code Rule 56, and additional local, state, and federal requirements. Consistency with applicable regulations limits the potential for construction workers and the public's exposure to harmful contaminants.

Four spills occurred on or adjacent to the Land, were reported to NYSDEC and have been closed.

**17.) Consistency with community plans** – The action will not result in population growth in the City of Syracuse that exceeds 5%, or in increasing density that will impact existing infrastructure. The Project does not require a change in zoning or resubdivision.

In summary, the proposed Project will not result in the following:

- An increase in population within the City of Syracuse.
- A change in zoning or existing land use plans.
- A change in the density of development that would exceed the capacity of existing infrastructure.
- Induced socioeconomic impacts from residential or commercial development.

**18.) Consistency with community character** – The proposed action is consistent with the existing community character as described below:

- The Project is located in an area with buildings of similar size and function.
- The Project will not result in any impacts to historic structures.
- It will not significantly increase the need for schools, parks, roads, infrastructure.
- It will not result in a significant increase in the need for emergency services.
- It will not result in any displacement of housing will occur.

[jeverett@bhlawpllc.com](mailto:jeverett@bhlawpllc.com)

Dear Ms. Everett,

Below please find the answers to the questions that were asked as part of the SIDA review regarding the Dupli project at 600 North Franklin Street. My answers will correspond to the list you sent in a prior email. I have attached that list for reference.

1. The State Historic Preservation Office as approved our submission and has passed it along to the National Park Service for part two approval. Karen Brant, Architect for the National Park Service had one question regarding the exiting flooring. MacKnight Architects (Project Architect) answered this question. I have attached the correspondence as Exhibit "A".
2. We have reached out to Neil Milcarek-Burke Transportation Planner for the City of Syracuse several times with no response. That said our interpretation of the requirements for the need of a traffic study will not apply to this project as we do not believe this project will add more than one hundred (100) daily trips to this property. I have attached the city requirements along with the existing and new parking drawings that show we will only be adding two (2) spaces. These documents are attached as Exhibit "B".
3. We have solicited National Grid for an official response regarding the impact this project will have on the their infrastructure. We have yet to get a response. However, it is the opinion of our Engineers that we will not exceed utility demand in comparison to the historical use of this existing building.
4. As this an existing building we do not anticipate the need for excavation. If excavation is necessary, material will remain on-site.

113 Court Street, Binghamton, NY 13901  
Voice: 607-775-0600 Fax: 607-775-3133  
E-Mail: info@whlane.com <http://www.whlane.com>

5. All material, hazardous or universal will be handled per applicable codes and procedures. I have attached the environmental reports as Exhibit "C".
6. See question 5
7. As we don't anticipate excavation for this project, contaminated soil should not be an issue. If contaminated material is encountered, we will address appropriately.
8. We have been in contact with Kim Kelchner from the Syracuse Water Authority. Kim provided us with a drawing of the exiting water lines and water pressure at the closest hydrant. Kim does not believe this project will have an ill effect on the city water supply. I have attached the drawing and correspondence as Exhibit "D".
9. After OCDWEP review it was concluded that the wastewater lines in this area are owned by the City of Syracuse. We have contacted John Kizlehan from the city and are waiting for his official response. Because this is an existing building, our engineers are confident that wastewater demands should not exceed wastewater capacity.
10. I have attached all "spill records" in relation to this property as Exhibit "E". All records are designated "closed"

If you have any other questions please don't hesitate to contact me.

Kind regards,

A handwritten signature in black ink, appearing to read "Rick Watson", with a long horizontal stroke extending to the right.

Rick

**Subject:** Dupli - Follow UP Questions on EAF

Tim and Tony,

We have the following requests of the Project Sponsor in order for us to determine the project's potential to have a significant environmental impact:

1. Please provide a copy of coordination with the State Historic Preservation Office. If coordination is not complete, please provide a summary of steps you have either taken, or will follow, to ensure consistency with SHPO requirements.
2. Have you obtained a Traffic Impact Study? If so please provide a copy.
3. Please provide correspondence with National Grid that this project should not significantly impact existing infrastructure (i.e. require upgrades to substations, etc.)
4. Confirm that all excavated material will remain on-site
5. Provide pre-demolition asbestos survey and action plan., and commitment to conduct demolition consistent with NYS Code Rule 56
6. Provide pre-demolition hazardous materials (or universal waste) survey, or discussion of how such materials will be managed during demolition
7. Provide description of due diligence associated with potential to encounter soil/groundwater contamination. Provide a plan (i.e. soil management plan), or commitment to such plan, to appropriately address contaminated materials in the event they are found during construction.
8. Provide confirmation from the City that it has capacity to meet your anticipated water supply demands
9. Provide confirmation from OCDWEP with regard to ability to meet project's wastewater demands
10. Complete response to E.1.h(iv). Information is available on NYSDEC databases.

Please provide the information to me on or before April 10.

Thanks

Jean

**Attachments:** MERRILL SOULE FACTORY EXISITNG PLANS-NPS 40443.pdf; dupli flooring PHOTOS 1.pdf; dupli flooring PHOTOS 2.pdf

Hello Karen,

Hope all is well with you. I'm sending this response to your inquiry regarding the treatment of the existing floors in the Merrill Soule None Such MinceMeat Factory, their condition and how we intend to treat them.

The first floor is a painted poured in place concrete slab. The concrete is in fairly good condition but is very uneven due to the fact that this portion of the building was built in 3 phases and the floors were built to slope to interior floor drains for cleaning purposes.

The second floor is a combination of poured concrete floors to the east and a wood deck with plywood sheathing and a painted cement wear surface to the west. The concrete floors are in good condition but are sloped to floor drains. The cement covered floors are in fair condition but are uneven due to settlement over the years.

The third floor is a combination of poured concrete floors to the east and a heavy tongue & groove deck with diagonal strip flooring finish surface. The concrete floors slope to drains. The wood floors are in poor condition due to wear and tear and moisture over the last 100+ years. These floors are very uneven due to structural settlement.

The plan is to use a leveling substrate such as gypcrete on all of the floors. The finish surface will be carpet tile in the common areas and corridors, and a combination of luxury vinyl plank and carpet in the apartments. I've attached photographs with descriptions along with floor plans with the photographs keyed in.

Please review and let me know what comments or questions you have.

Thank you,

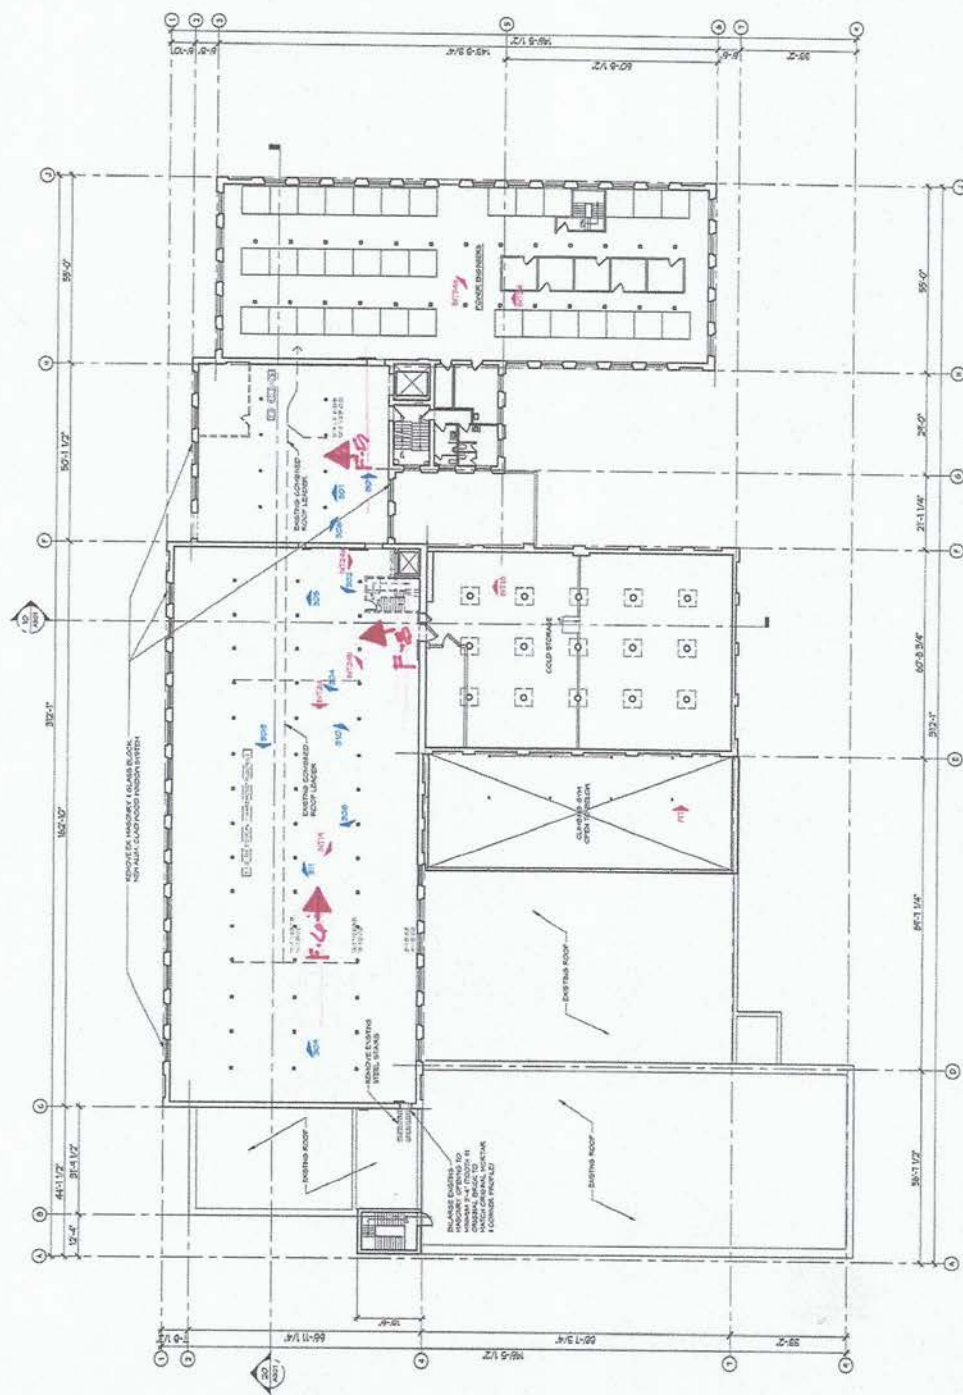

Bruce MacKnight, A.I.A.

# QUESTION 2

### Traffic Studies (Dept. of Public Works)

Transportation Impact Studies (TIS) may be required when changes in land use, new development, or site access are proposed. A TIS evaluates the effects that a change in traffic volumes or travel patterns will have on the transportation network.

A TIS may be required for a project that is expected to result in 100 or more added (new) trips during the adjacent roadways peak hour or the development's peak hour. The TIS should include a site plan and capacity analysis of existing, future no-build and future build conditions. The TIS must use the latest version of SYNCHRO, and must include all site access points and all signalized intersections that are expected to see an increase of 100+ vehicles per hour.

*All traffic impact study (TIS) scopes should be reviewed and accepted by the City prior to start of study to determine study area and what specific analysis may need to be included (shown below).*

Depending on type of development or location, the TIS may include some or all of the following:

- > data used should be at the most 3 years old (maybe more recent depending upon location) and should be collected on Tuesday, Wednesday or Thursday during a typical week (no holidays/school is in session/no major construction in area) but this may change based on type of development
- > existing, future (design year) no-build and future analysis – all known development in area should be included in future analyses
- > gap analysis
- > queuing analysis
- > sight distance analysis for access points
- > accident analysis
- > inclusion of mode share/internal capture/pass-by credits
- > bike/pedestrian/transit considerations (counts at all intersections/accommodations)
- > parking considerations (gain/loss, assessment of access and control, etc.)
- > proposed on-street regulations noting loss of on-street parking, loading zones or relocation of bus stops
- > mitigation recommendations, if necessary
- > must submit electronic SYNCHRO files (signal timings/phasing should be requested if part of the City's interconnect system but should also be field verified)

Additional information can be found in the Transportation Impact Analyses for Site Development from the Institute of Transportation Engineers.

For questions please contact Neil Milcarek-Burke, Transportation Planner, at (315) 448-4742 or [NMilcarek-Burke@syrgov.net](mailto:NMilcarek-Burke@syrgov.net).

**Sent:** Thursday, April 02, 2020 11:03 AM  
**To:** Kelchner, Kim R.  
**Subject:** 600 N Franklin

Kim,

I greatly appreciate your time this morning. As we talked about, I work for William H. Lane Incorporated who is in the process of buying the building at 600 N Franklin Street in Franklin Square, Syracuse. The building already has both a Domestic Water Service along with a full operating sprinkler service as it currently houses several commercial tenants including the Central Rock Gym, Power Engineers, Resort Funding and Northland. These tenants will remain. Our plan is to repurpose a portion of the building to house 46 new residential apartment units. The city has required us to reach out to make sure that repurposing a part of this existing building to apartment units will not have an ill effect on the city water system. I understand that you need a maximum water demand study. I've notified my MEP Engineer who is working on that now. We would ask that the water department provide Fire flow information along with a Fire Flow Test if necessary. I greatly appreciate your help on this project.

Kind regards,

Rick

### Spill Record

#### Administrative Information

**DEC Region:** 7

**Spill Number:** 1702616

#### Spill Date/Time

**Spill Date:** 06/16/2017 **Spill Time:** 08:30:00 AM

**Call Received Date:** 06/16/2017 **Call Received Time:** 10:05:00 AM

#### Location

**Spill Name:** WESTSIDE OF BUILDING

**Address:** 102 WEST DIVISION ST

**City:** SYRACUSE **County:** Onondaga

#### Spill Description

Material Spilled	Amount Spilled	Resource Affected
unknown petroleum	UNKNOWN	Soil

**Cause:** Unknown

**Source:** Commercial/Industrial

**Waterbody:**

#### Record Close

**Date Spill Closed:** 10/17/2017

"Date Spill Closed" means the date the spill case was closed by the case manager in the Department of Environmental Conservation (the Department). The spill case was closed because either; a) the records and data submitted indicate that the necessary cleanup and removal actions have been completed and no further remedial activities are necessary, or b) the case was closed for administrative reasons (e.g., multiple reports of a single spill consolidated into a single spill number). The Department however reserves the right to require additional remedial work in relation to the spill, if in the future it determines that further action is necessary.

If you have questions about this reported incident, please contact the [Regional Office](#) where the incident occurred.

Appendix D.....	Component Identification Sheets
Appendix E.....	Performance Characteristic Sheets
Appendix F.....	Certifications

## 1.0 Executive Summary

- A limited XRF lead-based paint inspection was performed at 600 North Franklin Street, Syracuse, New York. The inspection was conducted on December 13, 2019.
- Fifteen (15) applications of Lead-based paint were identified on the surfaces tested. These results can be found in Appendix A of this report.
- This inspection is not intended to conform to U.S. Department of Housing and Urban Development (USHUD) requirements since it does not meet the definition of a surface by surface inspection as described in Chapter 7 of the USHUD Guidelines.
- Testing is limited to the specific building components identified in this report and does not represent painting histories in other portions of the building.

## 2.0 Introduction

Envoy Environmental Consultants, Inc. (Envoy) was retained by Paradigm, LLC on December 13, 2019 to conduct an inspection for the presence of lead-based paint through XRF analysis at 600 North Franklin Street, Syracuse, New York. The predominant construction materials observed were drywall, wood, metal, ceramic and brick. The construction date of the building is unknown.

Envoy holds a New York State Department of Health Radioactive Materials License to own and operate an X-Ray Fluorescence (XRF) lead paint analyzer. We have been certified under the Toxic Substances Control Act, Section 402(a)(1), allowing the company to conduct LBP activities pursuant to 40 CFR Part 745.226. Certified Lead Inspector, Mr. Geoff Siebert, conducted this inspection with procedures and guidelines required by the U.S. Environmental Protection Agency (USEPA).

All lead-based paint inspections are performed in accordance with Chapter 7 of The U.S. Department of Housing and Urban Development Guidelines (USHUD), and the U.S. Environmental Protection Agency, since they are the only regulatory agencies defining procedures for conducting XRF lead-based paint inspections. Paint is categorized as lead-based if the XRF analyzer registers a reading of 1.0 mg/cm<sup>2</sup> or above, according to the USHUD standard. Envoy reports lead-based paint levels in mg/cm<sup>2</sup> because this unit of measurement does not depend on the number of layers of non-lead-based paint and can usually be obtained without damaging the painted surfaces. Positive, negative, and inconclusive XRF readings are determined in accordance with the XRF instruments Performance Characteristic Sheets as described by the HUD Guidelines.

Envoy owns and operates a RMD LPA-1 Lead Paint Analyzer. The serial number of this instrument is 2829 and was sourced on February 16, 2018. The LPA-1 Lead Paint Analyzer is an analytical radiation instrument used in quantitative analysis of lead in paint for various substrates. The LPA-1 is a spectrum analyzer that resolves the lead X-Ray intensity from interfering radiation. The XRF LPA-1 instrument has a <sup>3</sup>/<sub>8</sub> inch penetration depth for the detection of lead. Anything beyond this depth will cause no reading and can go undetected. A radioactive material, Cobalt 57, is used as the radiation source in this device for nondestructive method of sample analysis.

For each room, hallway, or exterior site to be inspected, testing combinations are identified based on the inspectors training. A testing combination represents the room equivalent, the component type, and the substrate. A room equivalent is an identifiable part of a building (e.g., classroom, hallway, basement, etc.). Painted surfaces include any surface coated with paint, shellac, varnish, stain, paint covered by wallpaper, or any other coating.

USHUD Guidelines recommend classifying substrates into one of the six substrate types listed in Table 1. Additionally, certain substrates may register a reading on the XRF lead paint analyzer in the inconclusive range.

**Table 1**

Substrate	Inconclusive Range
Brick	None
Concrete	None
Drywall	None
Metal	0.9 to 1.3 mg/cm <sup>2</sup>
Plaster	0.9 to 1.3 mg/cm <sup>2</sup>
Wood	None

When the XRF lead paint analyzer registers a reading in the inconclusive range, or a substrate cannot be tested due to irregular size and shape, the Certified Lead Inspector is then required to collect a paint chip sample to determine the presence of lead. If paint chip samples are collected, lead-based paint is present when the concentration is 0.5 percent by weight or above. The inspection conducted at this location did not register any readings in the inconclusive range.

### 3.0 Definitions

**Abatement:** A measure or set of measures designed to permanently eliminate lead-based paint hazards or lead-based paint. Abatement strategies include the removal of lead-based paint, enclosure, encapsulation, replacement of building components coated with lead-based paint, removal of lead-contaminated dust, and removal of lead-contaminated soil or overlaying of soil with a durable covering such as asphalt (grass and sod are considered interim control measures). All of these strategies require preparation; cleanup; waste disposal; post abatement clearance testing; recordkeeping; and, if applicable, monitoring.

**Deteriorated lead-based paint:** Any lead-based paint coating on a damaged or deteriorated surface or fixture, or any interior or exterior lead-based paint that is peeling, chipping, blistering, flaking, worn, chalking, alligating, cracking, or otherwise becoming separated from the substrate.

**Encapsulation:** Any covering or coating that acts as a barrier between lead-based paint and the environment, the durability of which relies on adhesion and the integrity of the existing bonds between multiple layers of paint and between the paint and the substrate.

**Friction surface:** An interior or exterior surface that is subject to abrasion or friction, including, but not limited to, certain window, floor, and stair surfaces.

**Impact surface:** An interior or exterior surface that is subject to damage by repeated sudden force such as certain parts of door frames.

**Interim controls:** A set of measures designed to temporarily reduce human exposure or possible exposure to lead-based paint hazards. Such measures include specialized cleaning, repairs, maintenance, painting, temporary containment, and management and resident education programs. Monitoring, conducted by owners, and reevaluations, conducted by professionals, are integral elements of interim control. Interim controls include dust removal; paint film stabilization; treatment of friction and impact surfaces; installation of soil coverings, such as grass or sod; and land-use controls.

**USHUD Guidelines:** The USHUD Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing (the Guidelines) provide detailed, comprehensive, technical information on how to identify lead-based paint hazards in housing and how to control such hazards safely and efficiently. The goal of the Guidelines is to help property owners, private contractors, and Government agencies sharply reduce children's exposure to lead without unnecessarily increasing the cost of housing.

**Lead-based paint:** Lead-based paint means paint or surface coatings that contain lead equal to or greater than 1.0 mg/cm<sup>2</sup> or 0.5 percent by weight. (Equivalent units are: 5,000 µg/g, 5,000 mg/kg, or 5,000 ppm by weight) Surface coatings include paint shellac, varnish, or any other coating, including wallpaper which covers painted surfaces.

**Lead-based paint hazard:** A condition in which exposure to lead from lead-contaminated dust, lead-contaminated soil, or deteriorated lead-based paint would have an adverse effect on human health (as established by the EPA Administrator under Title IV of the Toxic Substances Control Act). Lead-based paint hazards include for example, deteriorated lead-based paint, leaded dust levels above applicable standards, and bare leaded soil above applicable standards.

**Monitoring:** Surveillance to determine (1) that known or suspected lead-based paint is not deteriorating, (2) that lead-based paint hazard controls, such as paint stabilization, enclosure, or encapsulation have not failed, (3) that structural problems do not threaten the integrity of hazard controls or of known or suspected lead-based paint, and (4) that dust lead levels have not risen above applicable standards. There are two types of monitoring activities; visual surveys by property owners and reevaluations by certified risk assessors. Visual surveys are generally conducted annually for the purpose of making the first three determinations listed above.

**OSHA:** The occupational safety and health administration ensures safe and healthful working conditions for working men and women by setting and enforcing standards and by providing training, outreach, education and assistance. Section 1926.62 targets employee lead exposure during construction activities. The full standard can be found at:

[http://www.osha.gov/pls/oshaweb/owadisp.show\\_document?p\\_table=STANDARDS&p\\_id=10641](http://www.osha.gov/pls/oshaweb/owadisp.show_document?p_table=STANDARDS&p_id=10641)

**Paint film stabilization:** The process of wet scraping, priming, and repainting surfaces coated with deteriorated lead-based paint; paint film stabilization includes cleanup and clearance.

**Renovation Repair and Painting Law 40 CFR Part 745:** Requires that renovations required for compensation, must be performed by certified firms, using certified renovators. Renovation firms that anticipate on working in pre-1978 homes and child occupied facilities must apply to the EPA and pay a fee in order to be certified. Firms certified in the RRP law must follow lead safe work practices including initial and final lead testing.

**Substrate:** The substrate is the material underneath the paint. Substrates should be classified into one of six types: brick, concrete, drywall, metal, plaster, or wood. These substrates cover almost all building materials that are painted and are linked to those used in the *XRF Performance Characteristic Sheets*.

**Target Housing:** Any residential unit constructed before 1978, except dwellings that do not contain bedrooms or dwellings that were developed specifically for the elderly or persons with disabilities—unless a child younger than 6 resides or is expected to reside in the dwelling.

**XRF analyzer:** An instrument that determines lead concentration in milligrams per square centimeter (mg/cm<sup>2</sup>) using the principle of x-ray fluorescence (XRF). Two types of XRF analyzers are used—direct readers and spectrum analyzers. In the *HUD Guidelines*, the term XRF analyzer only refers to portable instruments manufactured to analyze paint, and does not refer to laboratory-grade units or portable instruments designed to analyze soil.

Source: USHUD Guidelines

#### 4.0 Limitations

The information provided in this report was compiled from field notes, instrument data, and visual assessment. Observations noted and recorded are intended to represent the conditions that existed at the subject site at the time and date that the observations were made. The results of this inspection are applicable to the specified buildings on the date(s) indicated in this report. Future activities at these buildings may alter the results of this report.

All surfaces tested have been assigned a paint condition. These designations are either intact, or deteriorated. Areas where deteriorated paint was observed (peeling, chipping, flaking and chalking) which may pose a lead hazard have been distinguished with the letter "D" in the Summary and Sequential Page of this report. Locations where lead-based paint has been considered intact by the inspector at the time of inspection have been distinguished with the letter "I".

Determinations of lead-based paint were subject to the accessibility of individual areas or spaces. Walls were assigned the letters A, B, C, or D for purposes of reading this report and understanding which wall in a particular room was sampled. The wall regarded as "A" wall will always be the address side wall of the school. Walls B, C, and D shall follow clockwise in succession.

Contractors shall be aware the XRF device is used for non-residential inspections as a screening tool only. According to OSHA, only personal air monitoring results can be used to clearly demonstrate that employees will not be exposed at, or above, the lead action level during any process, operation, or activity. For the purpose of the OSHA regulation, any paint chip or XRF result over zero must be considered lead-based paint.

## 5.0 Conclusions

A limited XRF lead-based paint inspection was performed by Envoy at 600 North Franklin Street, Syracuse New York. The inspection was conducted on December 13, 2019 in order to identify building components containing lead-based paint.

The limited XRF inspection identified fifteen (15) locations of lead-based paint (as defined by USHUD) on the surfaces tested.

The Summary page for XRF data is located in Appendix A. This summary includes all positive lead-based paint readings, which indicate the components that were determined to have instrument readings at or over the HUD abatement level of 1.0 mg/cm<sup>2</sup>. The Sequential page for XRF data is located in Appendix B. This page represents each reading taken by the LPA-1 Lead Paint Analyzer.

A copy of this report will remain on file at Envoy's main office located at 57 Ambrose Street, Rochester, New York, 14608. EPA rules (40 CFR part 745) require all reports are maintained by the certified firm for no less than 3 years.

Envoy Environmental Services, Inc. appreciates this opportunity to provide these professional lead consulting services. For more information please contact our main office at (585) 454-1060.

Certified Lead Risk Assessor Ted Tronnes certifies the accuracy of this report on January 06, 2020.

 FOR:

Ted Tronnes  
Lead Risk Assessor  
Envoy Environmental Consultants, Inc.

## **Appendix A**

### **Lead-Based Paint Summary Report**

The Summary Report on the following page represents each positive reading taken by the LPA-1 Lead Based Paint Analyzer. Our investigation at the Sibley Corner project located at 600 North Franklin Street, Syracuse, New York resulted with fifteen (15) readings above the HUD/ EPA lead abatement standard of 1.0 mg/cm<sup>2</sup> in relation to the areas tested. These findings are based specifically on testing combinations selected by the inspector.

All parties shall be aware that any concentration of lead above zero, according to the OSHA standard, shall trigger the requirements set forth in 1926.62.

### Interpreting the Summary of Lead Based Paint Inspection Report

EXAMPLE: Interior Room 001 6-1

- Interior Room - Interior room
- 001- Number of space/room/area tested. This does not correspond to room number.
- 6 - Refers to floor of building tested. In this case, the sixth floor.
- - 1 Refers to the room number where testing occurred on the specified floor. In this case, Room 1.

### Lead Paint Standards

OSHA: >0.0 mg/cm<sup>2</sup>, or >0.0% by weight

NYS/USHUD: >/= 1.0 mg/cm<sup>2</sup>, or >/= 0.5% by weight

The following page consists of the Summary Report (lead-based paint readings) recorded by the LPA-1 Lead Based Paint Analyzer during the field inspection.

## **Appendix B**

### **XRF Sequential Instrument Data**

The Sequential Report on the following pages represents each reading taken by the LPA-1 Lead Based Paint Analyzer. These findings illustrate all testing combinations selected by the inspector including readings above and below the HUD abatement level of 1.0 mg/cm<sup>2</sup>.

Before XRF testing begins, the inspector must ensure the instrument is operating properly. This is performed by calibrating the instrument. Readings on the Sequential Page specified as CALIBRATION are the instruments calibration readings taken before and after each inspection. If an inspection takes longer than 4 hours, CALIBRATION is then performed mid-shift.

During calibration, three readings are taken on a painted portion of the standard reference material and three readings are taken on the non-painted portion of the standard reference material. The standard reference material used in this inspection is commonly referred to as a NIST (Nation Institute of Standards and Technology) block which is composed of lead paint in the value of 1.0 mg/cm<sup>2</sup>. The last three readings are taken on the back of the NIST block which is composed on a non-painted wood surface providing readings below the HUD/EPA standard of 1.0 mg/cm<sup>2</sup>. These readings typically range from -0.1 mg/cm<sup>2</sup> to 0.3 mg/cm<sup>2</sup>.

Once all CALIBRATION readings have been averaged representing successful results using the instruments Performance Characteristic Sheets, the XRF Lead-based inspection can begin.

## Performance Characteristic Sheet

EFFECTIVE DATE: December 1, 2006

EDITION NO.: 5

### MANUFACTURER AND MODEL:

Make: *Radiation Monitoring Devices*Model: *LPA-1*Source: *<sup>57</sup>Co*

Note: This sheet supersedes all previous sheets for the XRF instrument of the make, model, and source shown above for instruments sold or serviced after June 26, 1995. For other instruments, see prior editions.

### FIELD OPERATION GUIDANCE

#### OPERATING PARAMETERS:

Quick mode or 30-second equivalent standard (Time Corrected) mode readings.

#### XRF CALIBRATION CHECK LIMITS:

0.7 to 1.3 mg/cm <sup>2</sup> (inclusive)
---

#### SUBSTRATE CORRECTION:

For XRF results below 4.0 mg/cm<sup>2</sup>, substrate correction is recommended for:

Metal using 30-second equivalent standard (Time Corrected) mode readings.  
None using quick mode readings.

Substrate correction is not needed for:

Brick, Concrete, Drywall, Plaster, and Wood using 30-second equivalent standard (Time Corrected) mode readings  
Brick, Concrete, Drywall, Metal, Plaster, and Wood using quick mode readings

#### THRESHOLDS:

30-SECOND EQUIVALENT STANDARD MODE READING DESCRIPTION	SUBSTRATE	THRESHOLD (mg/cm <sup>2</sup> )
Results corrected for substrate bias on metal substrate only	Brick	1.0
	Concrete	1.0
	Drywall	1.0
	Metal	0.9
	Plaster	1.0
	Wood	1.0

QUICK MODE READING DESCRIPTION	SUBSTRATE	THRESHOLD (mg/cm <sup>2</sup> )
Readings not corrected for substrate bias on any substrate	Brick	1.0
	Concrete	1.0
	Drywall	1.0
	Metal	1.0
	Plaster	1.0
	Wood	1.0

## BACKGROUND INFORMATION

### EVALUATION DATA SOURCE AND DATE:

This sheet is supplemental information to be used in conjunction with Chapter 7 of the HUD *Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing* ("HUD Guidelines"). Performance parameters shown on this sheet are calculated from the EPA/HUD evaluation using archived building components. Testing was conducted on approximately 150 test locations in July 1995. The instrument that performed testing in September had a new source installed in June 1995 with 12 mCi initial strength.

### OPERATING PARAMETERS:

Performance parameters shown in this sheet are applicable only when properly operating the instrument using the manufacturer's instructions and procedures described in Chapter 7 of the HUD Guidelines.

### XRF CALIBRATION CHECK:

The calibration of the XRF instrument should be checked using the paint film nearest 1.0 mg/cm<sup>2</sup> in the NIST Standard Reference Material (SRM) used (e.g., for NIST SRM 2579, use the 1.02 mg/cm<sup>2</sup> film).

If readings are outside the acceptable calibration check range, follow the manufacturer's instructions to bring the instruments into control before XRF testing proceeds.

### SUBSTRATE CORRECTION VALUE COMPUTATION :

Chapter 7 of the HUD Guidelines provides guidance on correcting XRF results for substrate bias. Supplemental guidance for using the paint film nearest 1.0 mg/cm<sup>2</sup> for substrate correction is provided:

XRF results are corrected for substrate bias by subtracting from each XRF result a correction value determined separately in each house for single-family housing or in each development for multifamily housing, for each substrate. The correction value is an average of XRF readings taken over the NIST SRM paint film nearest to 1.0 mg/cm<sup>2</sup> at test locations that have been scraped bare of their paint covering. Compute the correction values as follows:

Using the same XRF instrument, take three readings on a bare substrate area covered with the NIST SRM paint film nearest 1 mg/cm<sup>2</sup>. Repeat this procedure by taking three more readings on a second bare substrate area of the same substrate covered with the NIST SRM.

Compute the correction value for each substrate type where XRF readings indicate substrate correction is needed by computing the average of all six readings as shown below.

For each substrate type (the 1.02 mg/cm<sup>2</sup> NIST SRM is shown in this example; use the actual lead loading of the NIST SRM used for substrate correction):

$$\text{Correction value} = (1^{\text{st}} + 2^{\text{nd}} + 3^{\text{rd}} + 4^{\text{th}} + 5^{\text{th}} + 6^{\text{th}} \text{ Reading}) / 6 - 1.02 \text{ mg/cm}^2$$

Repeat this procedure for each substrate requiring substrate correction in the house or housing development.

### EVALUATING THE QUALITY OF XRF TESTING:

Randomly select ten testing combinations for retesting from each house or from two randomly selected units in multifamily housing. Use either the Quick Mode or 30-second equivalent standard (Time Corrected) Mode readings.

Conduct XRF re-testing at the ten testing combinations selected for retesting.

Determine if the XRF testing in the units or house passed or failed the test by applying the steps below.

Compute the Retest Tolerance Limit by the following steps:

Determine XRF results for the original and retest XRF readings. Do not correct the original or retest results for substrate bias. In single-family and multi-family housing, a result is defined as a single reading. Therefore, there will be ten original and ten retest XRF results for each house or for the two selected units.

Calculate the average of the original XRF result and retest XRF result for each testing combination.

Square the average for each testing combination.

Add the ten squared averages together. Call this quantity C.

Multiply the number C by 0.0072. Call this quantity D.

Add the number 0.032 to D. Call this quantity E.

Take the square root of E. Call this quantity F.

Multiply F by 1.645. The result is the Retest Tolerance Limit.

Compute the average of all ten original XRF results.

Compute the average of all ten re-test XRF results.

Find the absolute difference of the two averages.

If the difference is less than the Retest Tolerance Limit, the inspection has passed the retest. If the difference of the overall averages equals or exceeds the Retest Tolerance Limit, this procedure should be repeated with ten new testing combinations. If the difference of the overall averages is equal to or greater than the Retest Tolerance Limit a second time, then the inspection should be considered deficient.

Use of this procedure is estimated to produce a spurious result approximately 1% of the time. That is, results of this procedure will call for further examination when no examination is warranted in approximately 1 out of 100 dwelling units tested.

#### **BIAS AND PRECISION:**

Do not use these bias and precision data to correct for substrate bias. These bias and precision data were computed without substrate correction from samples with reported laboratory results less than 4.0 mg/cm<sup>2</sup> lead. The data which were used to determine the bias and precision estimates given in the table below have the following properties. During the July 1995 testing, there were 15 test locations with a laboratory-reported result equal to or greater than 4.0 mg/cm<sup>2</sup> lead. Of these, one 30-second standard mode reading was less than 1.0 mg/cm<sup>2</sup> and none of the quick mode readings were less than 1.0 mg/cm<sup>2</sup>. The instrument that tested in July is representative of instruments sold or serviced after June 26, 1995. These data are for illustrative purposes only. Actual bias must be determined on the site. Results provided above already account for bias and precision. Bias and precision ranges are provided to show the variability found between machines of the same model.

30-SECOND STANDARD MODE READING MEASURED AT	SUBSTRATE	BIAS (mg/cm <sup>2</sup> )	PRECISION* (mg/cm <sup>2</sup> )
0.0 mg/cm <sup>2</sup>	Brick	0.0	0.1
	Concrete	0.0	0.1
	Drywall	0.1	0.1
	Metal	0.3	0.1
	Plaster	0.1	0.1
	Wood	0.0	0.1
0.5 mg/cm <sup>2</sup>	Brick	0.0	0.2
	Concrete	0.0	0.2
	Drywall	0.0	0.2
	Metal	0.2	0.2
	Plaster	0.0	0.2
	Wood	0.0	0.2
1.0 mg/cm <sup>2</sup>	Brick	0.0	0.3
	Concrete	0.0	0.3
	Drywall	0.0	0.3

	Plaster	0.0	0.3
	Wood	0.0	0.3
2.0 mg/cm <sup>2</sup>	Brick	-0.1	0.4
	Concrete	-0.1	0.4
	Drywall	-0.1	0.4
	Metal	0.1	0.4
	Plaster	-0.1	0.4
	Wood	-0.1	0.4

\*Precision at 1 standard deviation.

#### CLASSIFICATION RESULTS:

XRF results are classified as positive if they are greater than the upper boundary of the inconclusive range, and negative if they are less than the lower boundary of the inconclusive range, or inconclusive if in between. The inconclusive range includes both its upper and lower bounds. Earlier editions of this *XRF Performance Characteristic Sheet* did not include both bounds of the inconclusive range as "inconclusive." While this edition of the Performance Characteristics Sheet uses a different system, the specific XRF readings that are considered positive, negative, or inconclusive for a given XRF model and substrate remain unchanged, so previous inspection results are not affected.

#### DOCUMENTATION:

An EPA document titled *Methodology for XRF Performance Characteristic Sheets* provides an explanation of the statistical methodology used to construct the data in the sheets, and provides empirical results from using the recommended inconclusive ranges or thresholds for specific XRF instruments. For a copy of this document call the National Lead Information Center Clearinghouse at 1-800-424-LEAD. A HUD document titled *A Nonparametric Method for Estimating the 5th and 95th Percentile Curves of Variable-Time XRF Readings Based on Monotone Regression* provides supplemental information on the methodology for variable-time XRF instruments. A copy of this document can be obtained from the HUD lead web site, [www.hud.gov/offices/lead](http://www.hud.gov/offices/lead).

This XRF Performance Characteristic Sheet was developed by QuanTech, Inc., under a contract from the U.S. Department of Housing and Urban Development (HUD). HUD has determined that the information provided here is acceptable when used as guidance in conjunction with Chapter 7, Lead-Based Paint Inspection, of HUD's *Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing*.

# United States Environmental Protection Agency

This is to certify that

## Section #2: Project Overview

At your request, Paradigm Environmental, LLC. (**PARADIGM**) conducted a pre-renovation asbestos survey at 600 North Franklin Street, Syracuse, New York 13204. The survey was conducted in accordance with the requirements outlined in the New York State Department of Labor's (NYSDOL) asbestos standard (12 NYCRR Part 56) as specified in Subpart 56-5.1 "Asbestos Survey Requirements for Building/Structure Demolition, Renovation, Remodeling and Repair".

NYSDOL Certified Asbestos Inspector Mitchell Blackwell (NYSDOL Certificate AH17.25242) performed the asbestos survey.

Project services provided by **PARADIGM** included the following:

1. Inspection of the subject structure by NYSDOL certified asbestos inspectors;
2. Collection of bulk samples of suspect asbestos-containing materials (ACM) and subsequent analysis by New York State Department of Health (NYSDOH) approved laboratories;
3. Preparation of this report.

### Section #3: Methodologies

#### *Inspection Procedures:*

The inspection done in accordance with the requirements outlined in the NYSDOL asbestos standard (12 NYCRR Part 56) as specified in subpart 56-5.1 "Asbestos Survey Requirements for Building/Structure Demolition, Renovation, Remodeling and Repair".

This section of the regulation states that in the absence of applicable building plans or records, the identification of asbestos or asbestos material shall be by the sampling and analysis of suspect material with analysis by a NYSDOH certified laboratory (see 56-4.2).

Each area was inspected by visual means to identify potential ACM. Inspection personnel assessed each suspect material to determine whether it represented a friable, non-friable or non-friable organically bound (NOB) material. The materials were identified, quantified and sampled for subsequent laboratory analysis.

ACM quantities were obtained using measurements made in the field by inspection personnel. Quantities are estimates and should be field verified.

#### *Analytical Services:*

**Paradigm Environmental, LLC.** (NYSDOH ELAP #11555) performed Polarized Light Microscopy (PLM) on all friable samples. Paradigm Environmental Services, Inc. (NYSDOH ELAP #11955) performed PLM and Transmission Electron Microscopy (TEM) on all NOB samples.

Friable bulk samples were analyzed using the Stratified Point Count Method with Polarized Light Microscopy and Dispersion Staining (PLM/DS) techniques. Samples were examined for homogeneity and preliminary fiber identification using a low powered stereoscopic binocular microscope. Positive identification of any asbestos fibers present was made using the Polarized Light Microscope.

NYSDOH regulations require that Non-Friable Organically Bound (NOB) materials (i.e. roofing membranes and adhesives) that are found to be non-asbestos containing by the PLM/DS method must be re-analyzed by the TEM method to confirm the PLM/DS results or be assumed ACM. Non-friable Organically Bound materials were analyzed using Polarized Light Microscopy with Gravimetric Matrix Reduction (GMR). If no asbestos was detected utilizing PLM/GMR, the sample was then analyzed by TEM methods. TEM analysis was performed in accordance with ELAP "TEM Method for Identifying and Quantitating Asbestos in Non-Friable Organically Bound Bulk Samples", Revision 198.4, 8/3/92.

The EPA defines ACM as any material that contains greater than 1% by weight of asbestos.

## Section #4: Summary of Findings

All ACM identified by PARADIGM are listed in the tables below.

Invasive core sampling was performed to ensure all suspect materials were sampled, however, in the event that suspect materials are discovered during demolition, which were not recognized in this survey, additional samples should be collected and analyzed for asbestos content or should be assumed ACM.

### Asbestos Containing Material

Ninety-four (94) samples were collected and analyzed for asbestos content. Suspect materials and analytical results are in Table I below. ACM is listed in Table II. If any suspect materials are found during demolition (TSI, flooring, etc.) that were not identified in this survey, those materials should be tested or assumed to be ACM.

As per NYSDOL ICR 56-2.1 (p), an Asbestos Containing Material (ACM) is defined as any material containing greater than one percent (1%) of asbestos, also known as Asbestos Material. Samples determined to be as ACM are identified by **bold type and are highlighted in yellow**.

## Section #5: Tables

Table 1 – ACM Analysis Results & Quantities						
Material	Location	Condition	Field ID Number	Lab Result	Quantity of ACM	Sample Type
9"x9" Floor Tiles & Black Mastic	2 <sup>nd</sup> Floor Vacant Space Bottom Flooring Layer	Intact	1-4	ACM	7,200 square feet	NOB
Yellow Floor Tile Mastic	2 <sup>nd</sup> Floor Vacant Space on Top of ACM Floor Tiles	Intact	5, 6	ACM		NOB
12"x12" Floor Tiles	2 <sup>nd</sup> Floor Vacant Space on Top of ACM Floor Tiles	NA	7, 8	No Asbestos Detected	0	NOB
Grout	2 <sup>nd</sup> Floor Vacant Space	NA	9, 10	No Asbestos Detected	0	Friable

## Section #6: Recommendations

### **Introduction:**

The Environmental Protection Agency (EPA) under the Asbestos Hazard Emergency Response Act (AHERA) divides ACM into three (3) categories. Although this legislation pertains to primary and secondary schools, it is widely referenced when organizing a management plan for the maintenance of ACM in buildings. The three categories of ACM used in buildings are as follows:

#### **Thermal System Insulation**

As the name suggests, these materials are limited to thermal applications. Examples of these materials include pipe insulation, pipe fitting insulation, boiler or furnace insulation and various gasket materials.

#### **Surfacing Materials**

Surfacing materials are sprayed or troweled onto a surface. Examples of surfacing materials include wall or ceiling plaster and fireproofing insulation.

#### **Miscellaneous**

All asbestos-containing materials found in buildings, which do not fall into the categories above, are considered to be miscellaneous materials. These materials include, but are not limited to, floor covering, adhesives, ceiling tiles and certain types of paneling (i.e. transite or galbestos panels). In addition, ACM can also be divided into two other classifications based on the likelihood of fiber release into the surrounding atmosphere (Friable vs. Non-Friable).

### **Friable Materials:**

The materials that pose the greatest risk of airborne fiber release are friable materials. Friable materials are those materials, which can be crushed or pulverized, when dry, by hand pressure. These materials include, but are not limited to, pipe and pipe fitting insulation, boiler and hot water insulation, sprayed-on insulation (such as fireproofing) and troweled-on materials (such as decorative ceiling plaster). Particular attention should be paid to those materials that have been identified as in fair or poor condition. Since these materials are most likely to generate fiber release, and therefore pose the greatest risk of worker contamination, it is highly recommended that remedial action be implemented.

### **Non-friable Materials:**

Non-friable materials are those materials that do not readily release fibers into the atmosphere since the fibers are locked within the matrix of the material. Examples of non-friable materials include floor tiles, linoleum, and adhesive-like materials such as mastics and roofing materials. Although these materials pose less of a risk to worker safety, they should still be taken seriously and properly maintained. It is important to realize that any ACM, when improperly or carelessly treated, poses a potential health risk.

### **Typical Remedial Measures:**

Listed below are the four most common remedial actions generally available to prevent or limit the release of asbestos fibers from ACM.

- 1) **Implementation of an Operations & Maintenance (O&M) Program (12 NYCRR Part 56-3.2(d)(5) & OSHA Regulations):** A set of standard operating procedures is developed for use by in-house maintenance personnel. These procedures are developed to assist designated personnel in the cleanup of fibers previously released and to limit the potential for future asbestos exposure by instituting preventative measures (i.e. personnel training, material repairs, special clean-up procedures, etc.).
- 2) **Encapsulation (12 NYCRR Part 56-8.7):** Utilization of this remedial action is intended to limit potential fiber release by chemical means. This is accomplished by creating an impermeable barrier between the material and the environment with a bridging encapsulant, or by using a penetrating encapsulant that binds the material and its fibers together in a hard matrix.
- 3) **Encasement/Enclosure (12 NYCRR Part 56-8.8):** Enclosure of asbestos consists of constructing a permanent, physical, airtight impermeable barrier between the ACM and the environment. This is accomplished using material such as cement block, gypsum board, tongue and groove or spline jointed plywood, etc.
- 4) **Removal (12 NYCRR Part 56-1.1 to 56-12.4):** Removal of asbestos is the process by which ACM is stripped from its underlying substrate. Removal must be completed in a controlled manner to prevent building contamination. When completed properly, removal of ACM offers a permanent solution to the ACM problem by eliminating the material. However, removal can be very costly and time consuming. When done improperly, removal can result in significant contamination of a building or area and dramatically increase the potential for building occupant's exposure to airborne asbestos fibers.

Determining an appropriate remedial action is typically based on a hazard assessment that is prepared for ACM identified as a result of a completed building survey. These hazard assessments are generally based on several factors including the following:

- a. Whether or not the material is friable.
- b. The condition of the material (e.g. poor, fair, good).
- c. The potential for disturbance of the material.
- d. Activity in the area of the material (e.g. manufacturing processes, air current, etc.).
- e. Whether or not the area where the material is located is occupied.

A NYSDOL Licensed Asbestos Abatement Contractor must perform remedial activities in accordance with applicable local, state and federal regulations.

## Section #7: Definitions

The following terms are used throughout this report. These definitions were derived from NYS DOL ICR 56-2.

**Asbestos.** Any naturally occurring hydrated mineral silicate separable into commercially usable fibers, including chrysotile (serpentine), Amosite (cumingtonite-grunerite), crocidolite (riebeckite), tremolite, anthophyllite and actinolite.

**Asbestos Containing Material (ACM).** Any material containing greater than one percent (1%) of asbestos, also known as **Asbestos Material**.

**Asbestos Survey.** A thorough inspection for and identification of all PACM, suspect ACM, or asbestos material throughout the building/structure or portion thereof to be demolished, renovated, remodeled, or repaired. (See Subpart 56-5)

**Bulk Sampling.** Accepted methods for collecting samples of suspect materials for appropriate analyses by NYS ELAP approved laboratories, to determine asbestos content.

**Category I Non-Friable ACM.** NESHAP classification - Asbestos-containing packings, gaskets, resilient floor covering, and asphalt roofing products, containing more than one percent (1%) asbestos, that when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure.

**Category II Non-Friable ACM.** NESHAP classification - Any material, excluding Category I Non-Friable ACM, containing more than one percent (1%) asbestos, that when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure

**Demolition.** The wrecking or removal of any load-supporting structural member of a building or structure.

**Friable.** Any material that when dry, can be crumbled, pulverized, or reduced to powder by hand pressure, or is capable of being released into the air by hand pressure.

**Non-Asbestos Material.** Any material documented to contain one percent (1%) or less of asbestos.

**Non-Friable.** Any material that when dry, cannot be crumbled, pulverized, or reduced to powder by hand pressure, and is not capable of being released into the air by hand pressure.

**Non-Friable Organically Bound (NOB) Asbestos Material.** Non-friable asbestos materials embedded in flexible-to-rigid asphalt or vinyl matrices, including but not limited to flooring materials, adhesives, mastics, asphalt shingles, roofing materials and caulks.

**Presumed Asbestos Containing Material (PACM).** All Thermal System Insulations and Surfacing Materials found in buildings constructed no later than 1980. PACM is considered to be ACM unless proven otherwise by appropriate bulk sampling and laboratory analyses.

**Regulated Asbestos-Containing Material (RACM).** Friable ACM or PACM, Category I Non-friable ACM that has become friable or has been or will be subjected to sanding, grinding, cutting or abrading, or Category II Non-friable ACM that has a high probability of becoming or has become crumbled, pulverized, or reduced to powder by the forces expected to act on the material in the course of demolition or renovation operations.

**Remodel.** For purposes of this code, remodel shall mean the same as renovation.

**Removal.** Abatement, consisting of operations where ACM, PACM or asbestos material is removed or stripped from structures or substrates. This includes demolition operations.

**Renovation.** The altering of an existing building/structure, or a portion of building/structure components or systems, including the stripping, removal or abatement of ACM from a building or structure. Operations in which load supporting structural members are wrecked or taken out are demolitions.

**Repair (Asbestos).** Abatement, consisting of corrective action for a Minor Asbestos Project using required work practices to control fiber release from damaged ACM, PACM or asbestos material.

**Repair.** The replacement, overhaul, rebuilding, reconstructing or reconditioning of any part of a building/structure component or system with like or similar material or parts, due to damage or excessive wear.

**Suspect Miscellaneous ACM.** Any suspect asbestos-containing material that is not PACM, such as floor tiles, ceiling tiles, mastics/adhesives, sealants, roofing materials, cementitious materials, etc. A listing of typical suspect miscellaneous ACM can be found in NYSDOL ICR 56-5. All suspect miscellaneous ACM must be assumed to be ACM, unless proven otherwise by appropriate bulk sampling and laboratory analyses.

**Surfacing Material.** Material that is sprayed-on, troweled-on, or otherwise applied to surfaces (such as acoustical or finish plaster on ceilings and walls, and fireproofing materials on structural members, or other materials on surfaces for acoustical, fireproofing, or other purposes).

**Thermal System Insulation.** Insulation material applied to pipes, fittings, boilers, breeching, tanks, ducts or other structural components to prevent heat gain or loss.

## Section #8: Final Notes

If the building/structure asbestos survey finds that the portion of the building/structure to be demolished, renovated, remodeled, or have repair work contains ACM, PACM, suspect miscellaneous ACM assumed to be ACM, or asbestos material, the owner or the owner's agent shall conduct, or cause to have conducted, asbestos removal performed by a licensed asbestos abatement contractor in conformance with all standards set forth in ICR-56.

All ACM, PACM, suspect miscellaneous ACM assumed to be ACM, or asbestos material impacted by the demolition, renovation, remodeling or repair project shall be removed as per ICR-56, prior to access or disturbance by other uncertified trades or personnel. No demolition, renovation, remodeling or repair work shall be commenced by any owner or the owner's agent prior to the completion of the asbestos abatement in accordance with the notification requirements of ICR-56. For multi-phased work, the access restriction for uncertified trades or personnel applies to each intermediate portion of the entire project.

Upon completion of the intermediate portion of the asbestos project, other trades or personnel may access that portion of the work site.

### Unidentified and Unassessed Asbestos:

When any construction activity, such as demolition, remodeling, renovation or repair work, reveals PACM or suspect miscellaneous ACM that has not been identified by the asbestos survey, or has not been identified by other inspections as per current OSHA or EPA requirements, all activities shall cease in the area where the PACM or suspect miscellaneous ACM is found and the Asbestos Control Bureau shall be notified by telephone followed with a written notice in accordance with the notification requirements of ICR-56. Unassessed PACM or suspect miscellaneous ACM shall be treated and handled as ACM and assumed to be ACM, unless proven otherwise by standard EPA and OSHA accepted methods, including multilayered systems sampling protocols; subsequent analyses performed by a laboratory that meets the requirements ICR-56; and the analyses satisfies both NYS ELAP and federal requirements, including multilayered sample analyses, to document non-asbestos containing material.

The report represents the opinion of the reporting inspector at the time of the asbestos survey and accurately reflects Federal, State, and Local guidelines.

Due to know dangers and health effects of human exposure to airborne asbestos fibers, there exist both Federal and State regulations and recommendations which must be followed in the asbestos removal process.

ENVIRONMENTAL, LLC.

### Section #9: Disclaimer

This report is for your exclusive use and is only to be used as a guide in determining the presence and condition of Asbestos-Containing Materials in the subject premises at the time of the inspection.

All quantities of asbestos containing material are approximations. All quantities of asbestos containing materials should be field verified by prospective asbestos abatement contractors prior to providing asbestos abatement costs for the aforementioned materials.

This report is based solely upon a visual inspection and sampling of the premises where accessible at the time inspection was performed and makes no determinations with respect to portions of the premises that were not tested.

PARADIGM assumes no liability with respect to your compliance with local, state, or federal statutes, regulations or rules. This report sets forth relevant excerpts from manuals published by the EPA; however, PARADIGM assumes no responsibility for the credibility and completeness of the said excerpted material or future modifications of the same.

PARADIGM assumes no liability for the use of this report by any other person or entity than the customer for whom it has been prepared. Any and all liability on the part of PARADIGM shall be limited solely to the cost of this survey report. PARADIGM shall have no liability for any other damages, whether consequential, compensatory, punitive, or special, arising out of, incidental to, or as a result of this report.

Re: 600 North Franklin Street, Syracuse, New York 13204: Asbestos Bulk Sampling & Analytical Services

Job Number: 2213-19S

The purpose of this letter is to explain the results of the Polarized Light Microscopy (PLM) and/or Transmission Electron Microscopy (TEM) Asbestos Bulk Sample Analysis that was performed on 12/3/2019, 12/4/2019 & 12/5/2019. A total of thirty-nine (39) Friable and twenty-eight (28) Non-friable Organically Bound (NOB) Bulk Sample(s) were analyzed.

Field ID	Lab ID	Sample Description	Asbestos Present?	Analytical Result	Analysis Performed
1	18027	Black Mastic (2 <sup>nd</sup> Floor - Vacant Space - 1 <sup>st</sup> Layer Bottom)	Yes	3.6% Chrysotile	NOB PLM

Analysis Notes:

1. As per NYSDOL ICR 56-2.1 (p), an Asbestos Containing Material (ACM) is defined as any material containing greater than one percent (1%) of asbestos, also known as Asbestos Material. Samples determined to be ACM are identified by *bold/italicized type and are highlighted in yellow*.
2. PLM Friable Analysis performed by Paradigm Environmental LLC. (NYSDOH ELAP #11555). PLM/TEM NOB Analysis performed by Paradigm Environmental, Inc. (NYSDOH ELAP #10958).

If you have any additional questions concerning this report, please do not hesitate to call me at 315.455.2714 or email me at [kjoyce@paradigmenvllc.com](mailto:kjoyce@paradigmenvllc.com). Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Katie Joyce", written over a light blue horizontal line.

**Re: 600 North Franklin Street, Syracuse, New York 13204: Asbestos Bulk Sampling & Analytical Services**

**Job Number: 2246-19S**

The purpose of this letter is to explain the results of the Polarized Light Microscopy (PLM) and/or Transmission Electron Microscopy (TEM) Asbestos Bulk Sample Analysis that was performed on 12/5/2019, 12/10/2019 & 12/11/2019. A total of thirteen (13) Friable and eighteen (18) Non-friable Organically Bound (NOB) Bulk Sample(s) were analyzed.

Field ID	Lab ID	Sample Description	Asbestos Present?	Analytical Result	Analysis Performed
68	18366	Gray Drywall (2 <sup>nd</sup> Floor - Printing Area/Storage)	No	No Asbestos Detected	Friable PLM
69	18367	Gray Drywall (2 <sup>nd</sup> Floor - Printing Area/Storage)	No	No Asbestos Detected	Friable PLM
70	18368	Gray Drywall (2 <sup>nd</sup> Floor - Printing Area/Storage)	No	No Asbestos Detected	Friable PLM

Analysis Notes:

- As per NYSDOL ICR 56-2.1 (p), an Asbestos Containing Material (ACM) is defined as any material containing greater than one percent (1%) of asbestos, also known as Asbestos Material. Samples determined to be ACM are identified by ***bold/italicized type and are highlighted in yellow***.
- PLM Friable Analysis performed by Paradigm Environmental LLC. (NYSDOH ELAP #11555). PLM/TEM NOB Analysis performed by Paradigm Environmental, Inc. (NYSDOH ELAP #10958).

If you have any additional questions concerning this report, please do not hesitate to call me at 315.455.2714 or email me at [kjoyce@paradigmenvllc.com](mailto:kjoyce@paradigmenvllc.com). Thank you.

Sincerely,

Katie Joyce

**KEY TO NOB COLUMN SYMBOLS**  
 No Symbol in the NOB column denotes sample analyzed by ELAP Method 198.1 (PLM).  
 ✓ NOB (non-friable organically bound) denotes material analyzed by ELAP Method 198.6 (PLM) and 198.4 (TEM) as noted.  
 √ denotes material analyzed by ELAP Method 198.6 (PLM) per NYSDOH. This Method does not remove vermiculite and may underestimate the level of asbestos present in a sample containing greater than 10% vermiculite.  
 # denotes friable material analyzed by ELAP Method 198.6 (PLM) and 198.4 (TEM) as noted.  
 X denotes sample prepped only by ELAP Method 198.6.  
 \*\* Polarized-light microscopy is not consistently reliable in detecting asbestos in floor coverings and similar non-friable organically bound materials.  
 Quantitative transmission electron microscopy is currently the only method that can be used to determine if this material can be considered or treated as non-asbestos containing.

PLM Bulk Asbestos Analysis by New York State Department of Health, ELAP Method 198.1, 198.4 and 198.6 ("Polarized Light Microscopy and Transmission Electron Microscopy Methods for Identifying and Quantitating Asbestos in Bulk Samples and in Non-Friable Organically Bound Bulk Samples.") or EPA 600/M4-B2-020 per 40 CFR 763 (NVIAP Lab Code 200530-0).

Duly Authorized Representative – Jack Kunicki:

This license has been issued in accordance with applicable provisions of Article 30 of the Labor Law of New York State and of the New York State Codes, Rules and Regulations (12 NYCRR Part 56). It is subject to suspension or revocation for a (1) serious violation of state, federal or local laws with regard to the conduct of an asbestos project, or (2) demonstrated lack of responsibility in the conduct of any job involving asbestos or asbestos material.

This license is valid only for the contractor named above and this license or a photocopy must be prominently displayed at the asbestos project worksite. This license verifies that all persons employed by the licensee on an asbestos project in New York State have been issued an Asbestos Certificate, appropriate for the type of work they perform, by the New York State Department of Labor.

**AMENDED INDUCEMENT RESOLUTION**

## AMENDED INDUCMENT RESOLUTION

As a result of the public health emergency created by COVID-19, the Federal, State and local bans on meetings or gatherings, and pursuant to Governor Cuomo's Executive Order 202.1 issued on March 12, 2020, as amended from time to time, the City of Syracuse Industrial Development Agency (the "**Agency**") held a meeting on the 21<sup>st</sup> day of April, 2020, at 8:00 a.m., local time, electronically which was made available via Webex at: <https://bit.ly/syrsida-04082020> (or by accessing the link on the Agency's website) and using meeting number 713 934 932 and password SIDA; or via telephone at (408) 418-9388 with access code: 713 934 932, in conjunction with the matter set forth below.

The meeting was called to order by the Chair and upon the roll being duly called, the following members were:

**PRESENT VIA TELE/VIDEOCONFERENCE** (in accordance with the Governor's Executive Order 202.1): Kathleen Murphy, Steven Thompson, Kenneth Kinsey, Rickey T. Brown and Dirk Sonneborn

**THE FOLLOWING PERSONS WERE ALSO PRESENT VIA TELE/VIDEOCONFERENCE** (in accordance with the Governor's Executive Order 202.1): Staff Present: Judith DeLaney, Susan Katzoff, Esq., John Vavonese, Lori McRobbie; Others Present: Timothy Lynn, Esq., Chuck Sangster, Kate Maguire, Esq., Jen Tifft; Media Present: Rick Moriarty

The following resolution was offered by Rickey T. Brown and seconded by Steven Thompson:

**RESOLUTION AUTHORIZING THE UNDERTAKING,  
ACQUISITION, RECONSTRUCTION, RENOVATION,  
EQUIPPING AND COMPLETION OF A PROJECT;  
APPOINTING THE COMPANY AS AGENT OF THE  
AGENCY FOR THE PURPOSE OF THE ACQUISITION,  
RECONSTRUCTION, RENOVATION, EQUIPPING AND  
COMPLETION OF THE PROJECT**

**WHEREAS**, the Agency is authorized and empowered by Title 1 of Article 18-A of the General Municipal Law of the State of New York (the "**State**"), as amended, together with Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (collectively, the "**Act**") to promote, develop, encourage and assist in the acquiring, constructing, improving, maintaining, equipping and furnishing of industrial, manufacturing, warehousing, commercial, research and recreation facilities, including industrial pollution control facilities, railroad facilities and certain horse racing facilities, for the purpose of promoting, attracting, encouraging and developing recreation and economically sound commerce and industry to advance the job opportunities, health, general prosperity and economic welfare of the people of the State, and to improve their recreation opportunities, prosperity and standard of living; and

**WHEREAS**, to accomplish its stated purposes, the Agency is authorized and empowered under the Act to acquire, lease and sell real property and grant financial assistance in connection with one or more “projects” (as defined in the Act); and

**WHEREAS**, at the request of Dupli Associates, LLC (the “*Company*”), by resolution dated May 16, 2017 (the “*Inducement Resolution*”) the Agency undertook a project (the “*Original Project*”) consisting of: (A)(i) the acquisition of an interest in approximately 5 acres of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“*Building 1*”) (bearing tax parcel identification number 118.-06-08.0); and 156 Solar Street and Division Street W. improved by an approximate 62,800 square foot building (“*Building 2*”) (bearing tax parcel identification number 118.-06-01.0), each in the City of Syracuse, New York (the “*City*”) (the foregoing collectively referred to as the “*Land*”); (ii) the reconstruction and renovation of approximately 21,000 square feet of Building 1 consisting of an approximately 15,000 square foot climbing gym and an approximately 6,000 square foot restaurant in the northwest corner of Building 1 (collectively, the “*Original Facility*”); (iii) the acquisition and installation in and at Building 1 of furniture, fixtures and equipment (the “*Original Equipment*” and together with the Land and the Original Facility, the “*Original Project Facility*”); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the “*Original Financial Assistance*”); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Land and Original Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Original Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Original Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, in July 2017, the Company and Agency entered into a lease transaction to effectuate the undertaking of the Original Project and the conference of the approved Financial Assistance (the “*Original Lease Transaction*”). As part of the Original Lease Transaction, the Company and the Agency executed and delivered numerous documents, including but not limited to, an agency agreement, a company lease, and agency lease, a bill of sale, and environmental compliance and indemnification agreement, a project agreement and a payment in lieu of taxes agreement (collectively, the “*Lease Documents*”); and

**WHEREAS**, by supplemental application dated February 4, 2020 (the “*Application*”), the Company requested the Agency revise the Original Project (the “*Project*”) as follows: (A)(i) the continuation of an interest in the Land; (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent

limits for the City<sup>1</sup> (the "**AMI**"); and approximately 3,500 sq.ft. of retail space; and the reconstruction and renovation of Building 2 consisting of 24,000 sq.ft. of residential space containing approximately 20 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the AMI; approximately 20,000 sq.ft. of commercial office space and approximately 9,500 sq.ft. of retail space (collectively, the "**Facilities**"); and (iii) the acquisition and installation in and at the Land and Building 1 and Building 2 of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facilities, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facilities by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, the Company has requested the Agency approve the Project, as set forth above, and amend the necessary Lease Documents to effectuate same; and

**WHEREAS**, as part of the Financial Assistance, the Company requested the Agency consider an amended payment in lieu of tax schedule, which schedule conforms with the Agency's UTEP and accounts for the additional parcels and amendments to the Project included in the Application, and in particular, the commitment to incorporate residential units at AMI; and

**WHEREAS**, the Company further requested approval of the transfer of some or all of the membership interests in the Company to FS Development Associates LLC whose members are Mark Lane, Joseph Gehm and Timothy Lynn; and

**WHEREAS**, pursuant to Article 8 of the Environmental Conservation Law of the State of New York, as amended, and the regulations of the Department of Environmental Conservation of the State of New York promulgated thereunder (collectively referred to hereinafter as "**SEQRA**"), the Agency is required to make a determination whether the "action" (as said quoted term is defined in SEQRA) to be taken by the Agency may have a "significant impact on the environment" (as said quoted term is utilized in SEQRA), and the preliminary agreement of the Agency to undertake the Project constitutes such an action; and

**WHEREAS**, by resolution adopted March 17, 2020 (the "**SEQRA Lead Agency Resolution**"), the Agency classifying a certain project as a Type I Action and declaring the intent of the City Of Syracuse Industrial Development Agency to be lead agency for purposes of a coordinated review pursuant to SEQRA; and

**WHEREAS**, the Agency adopted a resolution on February 18, 2020 describing the

---

<sup>1</sup> As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

Project and the proposed financial assistance and authorizing a public hearing with respect thereto (“**Public Hearing Resolution**”); and

**WHEREAS**, the Agency scheduled a public hearing with respect to the Project and the proposed Financial Assistance to be held on March 17, 2020, pursuant to Section 859-a of the Act, notice of which was published on March 5, 2020, in the Post-Standard, a newspaper of general circulation in the City and given to the chief executive officers of the affected tax jurisdictions by letters dated March 4, 2020; however, the public hearing was postponed in order to comply with the restrictions on public gatherings/meetings pursuant to one or more executive orders issued by the Governor; and

**WHEREAS**, the Agency conducted a public hearing with respect to the Project and the proposed Financial Assistance on April 21, 2020 pursuant to Section 859-a of the Act and executive order 220.1 issued by the Governor on March 12, 2020, as amended from time to time, notice of which was published on April 9, 2020, in the Post-Standard, a newspaper of general circulation in the City and given to the chief executive officers of the affected tax jurisdictions by letters dated April 10, 2020; and

**WHEREAS**, by resolution adopted April 21, 2020 (the “**SEQRA Resolution**”), the Agency determined that the Project will not have a significant adverse effect on the environment and issued a negative declaration; and

**WHEREAS**, the Agency has considered the policy, purposes and requirements of the Act in making its determinations with respect to taking official action regarding the Project; and

**WHEREAS**, the Agency has given due consideration to the Application and to representations by the Company that the provision of Financial Assistance: (i) will induce the Company to develop the Project Facility in the City; (ii) will not result in the removal of a commercial, industrial or manufacturing plant or facility of the Company or any other proposed occupant of the Project Facility from one area of the State to another area of the State or in the abandonment of one or more plants or facilities of the Company or any other proposed occupant of the Project Facility located in the State, except as may be permitted by the Act; and (iii) the Project will serve the purposes of the Act by advancing job opportunities and the economic welfare of the people of the State and the City and improve their standard of living.

**NOW, THEREFORE**, be it resolved by the members of the City of Syracuse Industrial Development Agency as follows:

**Section 1.** It is the policy of the State to promote the economic welfare, recreation opportunities and prosperity of its inhabitants and to actively promote, attract, encourage and develop recreation and economically sound commerce and industry for the purpose of preventing unemployment and economic deterioration. It is among the purposes of the Agency to promote, develop, encourage and assist in the acquiring, constructing, improving, maintaining, equipping and furnishing of certain facilities, including commercial facilities, and thereby advance the job opportunities, health, general prosperity and economic welfare of the people of the State and to improve their recreation opportunities, prosperity and standard of living.

**Section 2.** Based upon the representations and projections made by the Company to the Agency, the Agency hereby and makes the following determinations:

(A) Ratifies the findings in its SEQRA Resolution;

(B) The Project constitutes a “*project*” within the meaning of the Act;

(C) The acquisition or continuation of a controlling interest in the Project Facility by the Agency and the continued or extended designation of the Company as the Agency’s agent for completion of the Project will be an inducement to the Company to construct, reconstruct, renovate, equip and complete the Project Facility in the City, and will serve the purposes of the Act by, among other things, advancing job opportunities, the standard of living and economic welfare of the inhabitants of the City;

(D) The Project will not result in the removal of a commercial, industrial or manufacturing plant or facility of the Company or any other proposed occupant of the Project Facility from one area of the State to another area of the State or result in the abandonment of one or more plants or facilities of the Company or any other proposed occupant of the Project Facility located in the State, except as may be permitted by the Act;

(E) The Financial Assistance approved hereby includes an exemption from State and local sales and use taxes and mortgage recording taxes, and the appointment of the Company as agent of the Agency as further set forth herein.

**Section 3.** As a condition of the appointment or continuation of the Company as agent of the Agency, and the conference of any approved Financial Assistance, the Company and the Agency shall first execute and deliver amended, or amended and restated, Lease Documents and any and all other documents or certificates as the Agency may deem necessary to carry out the intent of this Resolution (collectively, the “*Amended Lease Documents*”). The Chair, Vice Chair or Executive Director of the Agency are each hereby authorized, on behalf of the Agency, to execute and deliver the Amended Lease Documents, with changes in terms and form as shall be consistent with this Resolution and as the Chair or Vice Chair shall approve. The execution thereof by the Chair, Vice Chair and/or Executive Director shall constitute conclusive evidence of such approval. Subject to the due execution and delivery by the Company of the Amended Lease Documents, the satisfaction of the conditions of this Resolution, the Amended Lease Documents and the payment by the Company of any attendant fees owed to the Agency for its administration or legal fees, the Company and its designees, are appointed the true and lawful agent of the Agency to proceed with the reconstruction, renovation, equipping and completion of the Project, all with the same powers and the same validity as if the Agency were acting in its own behalf. The amount of State and local sales and use tax exemption benefits comprising the Financial Assistance approved herein shall not exceed **\$897,912**.

**Section 4.** Subject to the terms of this Resolution, the Agency authorizes the execution and delivery of the Amended Lease Documents and the Agency authorizes the undertaking of the Project and will: (i) continue its interest in the Land and Facility; accept an

interest in the Equipment; (ii) sublease the Project Facility to the Company pursuant to the Amended Lease Documents to be entered into between the Agency and the Company; (iii) grant the approved Financial Assistance; and (iv) provided that no default shall have occurred and be continuing under the Lease Documents, and provided the Company has executed and delivered all documents and certificates required by the Agency in conjunction with the Agency's undertaking of the Project, execute and deliver all other certificates and documents necessary or appropriate for the grant of the approved Financial Assistance, in form and substance acceptable to the Agency.

**Section 5.** The Agency hereby authorizes the assignment of some or all of the membership interests in the Company to FS Development Associates LLC, whose members are Mark Lane, Joseph Gehm and Timothy Lynn provided that to the satisfaction of the Agency and its counsel, the new members assume the obligations and terms of the Amended Lease Documents.

**Section 6.** The terms and conditions of subdivision 3 of Section 875 of the Act are herein incorporated by reference and the Company shall agree to such terms as a condition precedent to receiving or benefiting from an exemption from State and local sales and use tax exemptions benefits.

**Section 7.** The Company may utilize, and subject to the terms of this Resolution, the Agreement and the Project Agreement (as defined in the Inducement Resolution and as such documents may be amended as part of the Amended Lease Documents) , is hereby authorized to appoint, a Project operator, contractors, agents, subagents, subcontractors, contractors and subcontractors of such agents and subagents (collectively, "***Additional Agents***") to proceed with the reconstruction, renovation, equipping and completion of the Project, all with the same powers and the same validity as if the Agency were acting in its own behalf, provided the Company execute, deliver and comply with the Agreement. The Company shall provide, or cause its Additional Agents to provide, and the Agency shall maintain, records of the amount of State and local sales and use tax exemption benefits provided to the Project and the Company shall, and cause each Additional Agent, to make such records available to the State Commissioner of Taxation and Finance (the "***Commissioner***") upon request. The Agency shall, within thirty (30) days of providing any State sales and use tax exemption benefits, report to the Commissioner the amount of such benefits for the Project, identifying the Project, along with any such other information and specificity as the Commissioner may prescribe. As a condition precedent to the Company or Project's receipt of, or benefit from, any State or local sales and use tax exemptions, the Company must acknowledge and agree to make, or cause its Additional Agents to make, all records and information regarding State and local sales and use tax exemption benefits realized by the Project available to the Agency or its designee upon request. for purposes of exemption from New York State (the "***State***") sales and use taxation as part of the Financial Assistance requested, "sales and use taxation" shall mean sales and compensating use taxes and fees imposed by article twenty-eight or twenty-eight-A of the New York State tax law but excluding such taxes imposed in a city by section eleven hundred seven or eleven hundred eight of such article twenty-eight.

**Section 8.** The Chair, Vice Chair and/or the Executive Director of the Agency, acting

individually, are each hereby authorized and directed, for and in the name and on behalf of the Agency, to execute and deliver the documents and agreements identified herein and any such additional certificates, instruments, documents or affidavits, to pay any such other fees, charges and expenses, to make such other changes, omissions, insertions, revisions, or amendments to the documents referred herein as the (Vice) Chair deems appropriate, and to do and cause to be done any such other acts and things, as they determine, on advice of counsel to the Agency, may be necessary or desirable to consummate the transactions contemplated by this Resolution and/or the Amended Lease Documents.

**Section 9.** The obligation of the Agency to consummate any transaction contemplated herein or hereby is subject to and conditioned upon the Company's execution and delivery of the Amended Lease Documents and any other documents necessary to carry out the intent of this Resolution.

**Section 10.** No covenant, stipulation, obligation or agreement contained in this resolution or any document referred to herein shall be deemed to be the covenant, stipulation, obligation or agreement of any member, officer, agent or employee of the Agency in his or her individual capacity. Neither the members nor officers of the Agency, nor any person executing any documents referred to above on behalf of the Agency, shall be liable thereon or be subject to any personal liability or accountability by reason of the execution or delivery thereof.

**Section 11.** Should the Agency's participation in the Project, or the appointments made in accordance herewith, be challenged by any party, in the courts or otherwise, the Company shall defend, indemnify and hold harmless the Agency and its members, officers and employees from any and all losses arising from any such challenge including, but not limited to, the fees and disbursement of the Agency's counsel. Should any court of competent jurisdiction determine that the Agency is not authorized under the Act to participate in the Project, this Resolution shall automatically become null, void and of no further force and effect, and the Agency shall have no liability to the Company hereunder or otherwise.

**Section 12.** Bousquet Holstein PLLC, as counsel to the Agency, is hereby authorized to work with the Company and others to prepare for submission to the Agency, all documents necessary to effect the grant of Financial Assistance and consummate the Lease Documents.

**Section 13.** The Secretary and/or the Executive Director of the Agency are hereby authorized and may distribute copies of this Resolution and do such further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution.

**Section 14.** This Resolution shall take effect immediately. A copy of this Resolution, together with the attachments hereto, shall be placed on file in the office of the Agency where the same shall be available for public inspection during business hours.

The question of the adoption of the foregoing resolution was duly put to vote on a roll call, which resulted as follows:

	<u>AYE</u>	<u>NAY</u>
Kathleen Murphy	X	
Steven Thompson	X	
Kenneth Kinsey	X	
Rickey T. Brown	X	
Dirk Sonneborn	X	

The foregoing Resolution was thereupon declared duly adopted.

**AMENDED PILOT RESOLUTION**

## AMENDED PILOT RESOLUTION

As a result of the public health emergency created by COVID-19, the Federal, State and local bans on meetings or gatherings, and pursuant to Governor Cuomo's Executive Order 202.1 issued on March 12, 2020, as amended from time to time, the City of Syracuse Industrial Development Agency (the "**Agency**") held a meeting on the 21<sup>st</sup> day of April, 2020, at 8:00 a.m., local time, electronically which was made available via Webex at: <https://bit.ly/syrsida-04082020> (or by accessing the link on the Agency's website) and using meeting number 713 934 932 and password SIDA; or via telephone at (408) 418-9388 with access code: 713 934 932, in conjunction with the matter set forth below.

The meeting was called to order by the Chair and upon the roll being duly called, the following members were:

**PRESENT VIA TELE/VIDEOCONFERENCE** (in accordance with the Governor's Executive Order 202.1): Kathleen Murphy, Steven Thompson, Kenneth Kinsey, Rickey T. Brown and Dirk Sonneborn

**THE FOLLOWING PERSONS WERE ALSO PRESENT VIA TELE/VIDEOCONFERENCE** (in accordance with the Governor's Executive Order 202.1): Staff Present: Judith DeLaney, Susan Katzoff, Esq., John Vavonese, Lori McRobbie; Others Present: Timothy Lynn, Esq., Chuck Sangster, Kate Maguire, Esq., Jen Tifft; Media Present: Rick Moriarty

The following resolution was offered by Steven Thompson and seconded by Rickey T. Brown:

### **RESOLUTION APPROVING AN AMENDED PAYMENT IN LIEU OF TAX SCHEDULE AND AUTHORIZING THE EXECUTION AND DELIVERY OF CERTAIN DOCUMENTS BY THE AGENCY IN CONNECTION WITH A PILOT AGREEMENT**

**WHEREAS**, the City of Syracuse Industrial Development Agency (the "**Agency**") is authorized and empowered by Title 1 of Article 18-A of the General Municipal Law of the State of New York (the "**State**"), as amended, together with Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (collectively, the "**Act**") to promote, develop, encourage and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing of industrial, manufacturing, warehousing, commercial, research and recreation facilities, including industrial pollution control facilities, railroad facilities and certain horse racing facilities, for the purpose of promoting, attracting, encouraging and developing recreation and economically sound commerce and industry to advance the job opportunities, health, general prosperity and economic welfare of the people of the State, to improve their recreation opportunities, prosperity and standard of living, and to prevent unemployment and economic deterioration; and

**WHEREAS**, at the request of Dupli Associates, LLC (the "**Company**"), by resolution dated May 16, 2017 (the "**Inducement Resolution**"), the Agency undertook a project (the "**Original Project**") consisting of: (A)(i) the acquisition of an interest in approximately 5 acres of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building ("**Building 1**") (bearing tax parcel identification number 118.-06-08.0); and 156 Solar Street and Division Street W. improved by an approximate 62,800 square foot building ("**Building 2**") (bearing tax parcel identification number 118.-06-01.0), each in the City of Syracuse, New York (the "**City**") (the foregoing collectively referred to as the "**Land**"); (ii) the reconstruction and renovation of approximately 21,000 square feet of Building 1 consisting of an approximately 15,000 square foot climbing gym and an approximately 6,000 square foot restaurant in the northwest corner of Building 1 (collectively, the "**Facility**"); (iii) the acquisition and installation in and at Building 1 of furniture, fixtures and equipment (the "**Original Equipment**" and together with the Property and the Facility, the "**Original Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Original Financial Assistance**"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Land and Original Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Original Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Original Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, in July 2017, the Company and Agency entered into a lease transaction to effectuate the undertaking of the Original Project and the conference of the approved Financial Assistance (the "**Original Lease Transaction**"). As part of the Original Lease Transaction, the Company and the Agency executed and delivered numerous documents, including but not limited to, an agency agreement, a company lease, an agency lease, a bill of sale, an environmental compliance and indemnification agreement, a project agreement and a payment in lieu of taxes agreement (collectively, the "**Lease Documents**"); and

**WHEREAS**, by supplemental application dated February 4, 2020 (the "**Application**"), the Company requested the Agency revise the Original Project (the "**Project**") as follows: (A)(i) the continuation of an interest in the Land; (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>1</sup> (the "**AMI**"); and approximately 3,500 sq.ft. of retail space; and the reconstruction and renovation of Building 2 consisting of 24,000 sq.ft. of residential space containing approximately 20 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the AMI; approximately 20,000 sq.ft. of commercial office space and

---

<sup>1</sup> As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

approximately 9,500 sq.ft. of retail space (collectively, the "**Facilities**"); and (iii) the acquisition and installation in and at the Land and Building 1 and Building 2 of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facilities, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facilities by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, the Company has requested that the Agency undertake the Project, as set forth above, and amend the necessary Lease Documents to effectuate same; and

**WHEREAS**, as part of the Financial Assistance, the Company requested the Agency consider an amended payment in lieu of tax schedule (the "**PILOT Schedule**"), as more fully described on **Exhibit "A"** attached hereto, which schedule conforms with the Agency's UTEP and accounts for the additional parcels and amendments to the Project included in the Application, and in particular, the commitment to incorporate residential units at AMI; and

**WHEREAS**, the Company further requested approval of the transfer of some or all of the membership interests in the Company to FS Development Associates LLC whose members are Mark Lane, Joseph Gehm and Timothy Lynn; and

**WHEREAS**, the Agency scheduled a public hearing with respect to the Project and the proposed Financial Assistance to be held on March 17, 2020, pursuant to Section 859-a of the Act, notice of which was published on March 5, 2020, in the Post-Standard, a newspaper of general circulation in the City and given to the chief executive officers of the affected tax jurisdictions by letters dated March 4, 2020; however, the public hearing was postponed in order to comply with the restrictions on public gatherings/meetings pursuant to one or more executive orders issued by the Governor; and

**WHEREAS**, the Agency conducted a public hearing with respect to the Project and the proposed Financial Assistance on April 21, 2020 pursuant to Section 859-a of the Act and executive order 220.1 issued by the Governor on March 12, 2020, as amended from time to time, notice of which was published on April 9, 2020, in the Post-Standard, a newspaper of general circulation in the City and given to the chief executive officers of the affected tax jurisdictions by letters dated April 10, 2020; and

**WHEREAS**, on April 21, 2020, the Agency resolved to classify the Project as a Type 1 Action pursuant to Article 8 of the Environmental Conservation Law of the State of New York, as amended, and the regulations of the Department of Environmental Conservation of the State of New York promulgated thereunder (collectively referred to hereinafter as "**SEQRA**") and determined that the action will not have a significant effect on the environment (the "**SEQRA**");

**Resolution**"); and

**WHEREAS**, by resolution adopted April 21, 2020 (the “**Amended Inducement Resolution**”), the Agency approved the Project and the Financial Assistance; and

**WHEREAS**, the Agency has given due consideration to the Application and to representations by the Company that the proposed PILOT Schedule, as part of the Financial Assistance: (i) will induce the Company to develop the Project Facility in the City; (ii) will not result in the removal of a commercial, industrial or manufacturing plant or facility of the Company or any other proposed occupant of the Project Facility from one area of the State to another area of the State or in the abandonment of one or more plants or facilities of the Company or any other proposed occupant of the Project Facility located in the State, except as may be permitted by the Act; and (iii) undertaking the Project will advance job opportunities in the State and promote the general prosperity and economic welfare of the inhabitants of the City in furtherance of the purposes of the Act.

**NOW, THEREFORE**, be it resolved by the members of the City of Syracuse Industrial Development Agency, as follows:

(1) Based upon the representations made by the Company to the Agency, and the reasons presented by the Company in support of its request for the PILOT Schedule, the Agency hereby approves the amended PILOT Schedule and the (Vice) Chair and Executive Director, acting individually, are each authorized to execute and deliver an amended payment in lieu of taxes agreement (the “**PILOT Agreement**”) providing for the PILOT Schedule attached as **Exhibit “A”** hereto, all in such form and substance as shall be substantially the same as approved by the Agency for other similar transactions and consistent with this Resolution and as approved by the Chair or Vice Chair of the Agency upon the advice of counsel to the Agency.

(2) The (Vice) Chair and/or Executive Director, acting individually, are each hereby authorized and directed, for and in the name and on behalf of the Agency, to execute and deliver the documents and agreements identified herein and any and all such additional certificates, instruments, documents or affidavits, to pay any such other fees, charges and expenses, to make such other changes, omissions, insertions, revisions, or amendments to the documents referred to herein as the (Vice) Chair shall approve, and to do and cause to be done any such other acts and things, as they determine, on advice of counsel to the Agency, may be necessary or desirable to consummate the transactions contemplated by this Resolution.

(3) No covenant, stipulation, obligation or agreement contained in this resolution or any document referred to above shall be deemed to be the covenant, stipulation, obligation or agreement of any member, officer, agent or employee of the Agency in his or her individual capacity. Neither the members nor officers of the Agency, nor any person executing any documents referred to above on behalf of the Agency, shall be liable thereon or be subject to any personal liability or accountability by reason of the execution or delivery thereof.

(4) Bousquet Holstein PLLC, as counsel to the Agency, is hereby authorized to work with the Company and others to prepare for submission to the Agency, all documents necessary to effect the grant of Financial Assistance and consummate the Lease Documents.

(5) The Secretary and/or the Executive Director of the Agency are hereby authorized to distribute copies of this Resolution to the Company and to do such further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution.

(6) This Resolution shall take effect immediately, but is subject to execution by the Company of the PILOT Agreement and the Amended Lease Documents (as defined in the Amended Inducement Resolution) and compliance with all other resolutions and other related documents adopted and/or approved by the Agency in conjunction with the Project and/or as set forth herein.

(7) A copy of this Resolution, together with the attachments hereto, shall be placed on file in the office of the Agency where the same shall be available for public inspection during business hours.

The question of the adoption of the foregoing Resolution was duly put to vote on a roll call, which resulted as follows:

	<u>AYE</u>	<u>NAY</u>
Kathleen Murphy	X	
Steven Thompson	X	
Kenneth Kinsey	X	
Rickey T. Brown	X	
Dirk Sonneborn	X	

The foregoing Resolution was thereupon declared duly adopted.

**AMENDED FINAL APPROVING RESOLUTION**

## AMENDED FINAL APPROVING RESOLUTION

As a result of the public health emergency created by COVID-19, the Federal, State and local bans on meetings or gatherings, and pursuant to Governor Cuomo's Executive Order 202.1 issued on March 12, 2020, as amended from time to time, the City of Syracuse Industrial Development Agency (the "**Agency**") held a meeting on the 21<sup>st</sup> day of April, 2020, at 8:00 a.m., local time, electronically which was made available via Webex at: <https://bit.ly/syrsida-04082020> (or by accessing the link on the Agency's website) and using meeting number 713 934 932 and password SIDA; or via telephone at (408) 418-9388 with access code: 713 934 932, in conjunction with the matter set forth below.

The meeting was called to order by the Chair and upon the roll being duly called, the following members were:

**PRESENT VIA TELE/VIDEOCONFERENCE** (in accordance with the Governor's Executive Order 202.1): Kathleen Murphy, Steven Thompson, Kenneth Kinsey, Rickey T. Brown and Dirk Sonneborn

**THE FOLLOWING PERSONS WERE ALSO PRESENT VIA TELE/VIDEOCONFERENCE** (in accordance with the Governor's Executive Order 202.1): Staff Present: Judith DeLaney, Susan Katzoff, Esq., John Vavonese, Lori McRobbie; Others Present: Timothy Lynn, Esq., Chuck Sangster, Kate Maguire, Esq., Jen Tiffitt; Media Present: Rick Moriarty

The following resolution was offered by Steven Thompson and seconded by Dirk Sonneborn:

### **RESOLUTION AUTHORIZING THE EXECUTION AND DELIVERY OF CERTAIN DOCUMENTS BY THE AGENCY IN CONNECTION WITH A COMMERCIAL PROJECT UNDERTAKEN AT THE REQUEST OF THE COMPANY**

**WHEREAS**, the Agency is authorized and empowered by Title 1 of Article 18-A of the General Municipal Law of the State of New York (the "**State**"), as amended, together with Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (collectively, the "**Act**") to promote, develop, encourage and assist in the acquiring, constructing, improving, maintaining, equipping and furnishing of industrial, manufacturing, warehousing, commercial, research and recreation facilities, including industrial pollution control facilities, railroad facilities and certain horse racing facilities, for the purpose of promoting, attracting, encouraging and developing recreation and economically sound commerce and industry to advance the job opportunities, health, general prosperity and economic welfare of the people of the State, and to improve their recreation opportunities, prosperity and standard of living; and

**WHEREAS**, to accomplish its stated purposes, the Agency is authorized and empowered under the Act to acquire, lease and sell real property and grant financial assistance in connection

with one or more “projects” (as defined in the Act); and

**WHEREAS**, at the request of Dupli Associates, LLC (the “**Company**”), by resolution dated May 16, 2017 (the “**Inducement Resolution**”), the Agency undertook a project (the “**Original Project**”) consisting of: (A)(i) the acquisition of an interest in approximately 5 acres of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“**Building 1**”) (bearing tax parcel identification number 118.-06-08.0); and 156 Solar Street and Division Street W. improved by an approximate 62,800 square foot building (“**Building 2**”) (bearing tax parcel identification number 118.-06-01.0), each in the City of Syracuse, New York (the “**City**”) (the foregoing collectively referred to as the “**Land**”); (ii) the reconstruction and renovation of approximately 21,000 square feet of Building 1 consisting of an approximately 15,000 square foot climbing gym and an approximately 6,000 square foot restaurant in the northwest corner of Building 1 (collectively, the “**Facility**”); (iii) the acquisition and installation in and at Building 1 of furniture, fixtures and equipment (the “**Original Equipment**” and together with the Property and the Facility, the “**Original Project Facility**”); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the “**Original Financial Assistance**”); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Land and Original Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Original Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Original Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, in July 2017, the Company and Agency entered into a lease transaction to effectuate the undertaking of the Original Project and the conference of the approved Financial Assistance (the “**Original Lease Transaction**”). As part of the Original Lease Transaction, the Company and the Agency executed and delivered numerous documents, including but not limited to, an agency agreement, a company lease, an agency lease, a bill of sale, an environmental compliance and indemnification agreement, a project agreement and a payment in lieu of taxes agreement (collectively, the “**Lease Documents**”); and

**WHEREAS**, by supplemental application dated February 4, 2020 (the “**Application**”), the Company requested the Agency revise the Original Project (the “**Project**”) as follows: (A)(i) the continuation of an interest in the Land; (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>1</sup> (the “**AMI**”); and approximately 3,500 sq.ft. of retail space; and the reconstruction and renovation of Building 2 consisting of 24,000 sq.ft. of residential space

---

<sup>1</sup> As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

containing approximately 20 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the AMI; approximately 20,000 sq.ft. of commercial office space and approximately 9,500 sq.ft. of retail space (collectively, the "**Facilities**"); and (iii) the acquisition and installation in and at the Land and Building 1 and Building 2 of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facilities, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facilities by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, the Company has requested the Agency approve the Project, as set forth above, and amend the necessary Lease Documents to effectuate same; and

**WHEREAS**, as part of the Financial Assistance, the Company requested the Agency consider an amended payment in lieu of tax schedule which schedule conforms with the Agency's UTEP and accounts for the additional parcels and amendments to the Project included in the Application, and in particular, the commitment to incorporate residential units at AMI; and

**WHEREAS**, the Company further requested approval of the transfer of some or all of the membership interests in the Company to FS Development Associates LLC whose members are Mark Lane, Joseph Gehm and Timothy Lynn; and

**WHEREAS**, the Agency scheduled a public hearing with respect to the Project and the proposed Financial Assistance to be held on March 17, 2020, pursuant to Section 859-a of the Act, notice of which was published on March 5, 2020, in the Post-Standard, a newspaper of general circulation in the City and given to the chief executive officers of the affected tax jurisdictions by letters dated March 4, 2020; however, the public hearing was postponed in order to comply with the restrictions on public gatherings/meetings pursuant to one or more executive orders issued by the Governor; and

**WHEREAS**, the Agency conducted a public hearing with respect to the Project and the proposed Financial Assistance on April 21, 2020 pursuant to Section 859-a of the Act and executive order 220.1 issued by the Governor on March 12, 2020, as amended from time to time, notice of which was published on April 9, 2020, in the Post-Standard, a newspaper of general circulation in the City and given to the chief executive officers of the affected tax jurisdictions by letters dated April 10, 2020; and

**WHEREAS**, the Agency adopted a resolution on February 18, 2020 (the “*SEQRA Lead Agency Resolution*”) entitled:

**RESOLUTION CLASSIFYING A CERTAIN PROJECT AS A TYPE I ACTION AND DECLARING THE INTENT OF THE CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY TO BE LEAD AGENCY FOR PURPOSES OF A COORDINATED REVIEW PURSUANT TO THE STATE ENVIRONMENTAL QUALITY REVIEW ACT**

which resolution is in full force and effect and has not been amended or modified; and

**WHEREAS**, the Agency adopted a resolution on April 21, 2020 (the “*SEQRA Resolution*”) entitled:

**RESOLUTION DETERMINING THAT THE UNDERTAKING OF A CERTAIN PROJECT AT THE REQUEST OF DUPLI ASSOCIATES, LLC WILL NOT HAVE A SIGNIFICANT EFFECT ON THE ENVIRONMENT**

which resolution is in full force and effect and has not been amended or modified; and

**WHEREAS**, the Agency adopted a resolution on April 21, 2020 (the “*Amended Inducement Resolution*”) entitled:

**RESOLUTION AUTHORIZING THE UNDERTAKING, ACQUISITION, RECONSTRUCTION, RENOVATION, EQUIPPING AND COMPLETION OF A PROJECT; APPOINTING THE COMPANY AS AGENT OF THE AGENCY FOR THE PURPOSE OF THE ACQUISITION, RECONSTRUCTION, RENOVATION, EQUIPPING AND COMPLETION OF THE PROJECT**

which resolution is in full force and effect and has not been amended or modified; and

**WHEREAS**, the Agency adopted a resolution on April 21, 2020 (the “*Amended PILOT Resolution*”) entitled:

**RESOLUTION APPROVING A PAYMENT IN LIEU OF TAX ("PILOT") SCHEDULE AND AUTHORIZING THE EXECUTION AND DELIVERY OF CERTAIN DOCUMENTS BY THE AGENCY IN CONNECTION WITH THE PILOT SCHEDULE**

which resolution is in full force and effect and has not been amended or modified.

**NOW, THEREFORE**, be it resolved by the members of the City of Syracuse Industrial Development Agency, as follows:

**Section 1.** Based upon the representations made by the Company to the Agency and after consideration of the comments received at the public hearing, if any, the Agency hereby ratifies the SEQRA Resolution, the Amended Inducement Resolution, the Amended PILOT Resolution and all other action with respect to the Project and Financial Assistance taken by the Agency, and makes the following findings and determinations:

(a) The acquisition or continuation of a controlling interest in the Project Facility by the Agency, the granting of the approved Financial Assistance in accordance with the Inducement Resolution and the Amended PILOT Resolution and the continued or extended designation of the Company as the Agency's agent for completion of the Project will be an inducement to, and permit, the Company to develop and operate the Project Facility in the City of Syracuse, thus serving the public purposes of Article 18-A of the General Municipal Law of New York State by promoting and preserving the job opportunities, general prosperity, health and economic welfare of the inhabitants of the City in furtherance of the purposes of the Act;

(b) The Project will not result in the removal of a commercial, industrial or manufacturing plant or facility of the Company or any other proposed occupant of the Project Facility from one area of the State to another area of the State or result in the abandonment of one or more plants or facilities of the Company or any other proposed occupant of the Project Facility located in the State, except as may be permitted by the Act;

(c) The commitment of the Agency to provide the approved Financial Assistance in accordance with the Inducement Resolution to the Company will enable and induce the Company to acquire, construct, equip and complete the Project Facility;

(d) The acquisition, construction, equipping and completion of the Project Facility and the attendant promotion of the local economy will advance the job opportunities, health, prosperity and economic welfare of the people of the City and the granting of the Financial Assistance is a necessary component to the financing of the Project;

(e) The Project Facility constitutes a "project" within the meaning of the Act;  
and

(f) It is desirable and in the public interest for the Agency to grant Financial Assistance in connection with the Project.

**Section 2.** It is the policy of the State to promote the economic welfare, recreation opportunities and prosperity of its inhabitants and to actively promote, attract, encourage and develop recreation and economically sound commerce and industry for the purpose of preventing unemployment and economic deterioration. The Project will serve the

public purposes of Article 18-A of the General Municipal Law of the State of New York by advancing job opportunities and promoting economic development.

**Section 3.** It is among the purposes of the Agency to promote, develop, encourage and assist in the acquiring, reconstructing, improving, maintaining, equipping and furnishing of certain facilities, including commercial facilities, and thereby advance the job opportunities, health, general prosperity and economic welfare of the people of the State and to improve their recreation opportunities, prosperity and standard of living.

**Section 4.** Subject to the terms of this Resolution, the Amended Inducement Resolution and the Amended PILOT Resolution, the Agency authorizes the execution and delivery of the Amended Lease Documents and the Agency authorizes the undertaking of the Project and will: (i) continue its interest in the Land and Facility; accept an interest in the Equipment; (ii) sublease the Project Facility to the Company pursuant to the Amended Lease Documents to be entered into between the Agency and the Company; (iii) grant the approved Financial Assistance; and (iv) provided that no default shall have occurred and be continuing under the Lease Documents, and provided the Company has executed and delivered all documents and certificates required by the Agency in conjunction with the Agency's undertaking of the Project, execute and deliver all other certificates and documents necessary or appropriate for the grant of the approved Financial Assistance, in form and substance acceptable to the Agency.

**Section 5.** The (Vice) Chair and the Executive Director of the Agency, acting individually, are each hereby authorized and directed, for and in the name and on behalf of the Agency, to execute and deliver the Amended Lease Documents (as defined in the Amended Inducement Resolution) and any such additional certificates, instruments, documents or affidavits, to pay any such other fees, charges and expenses, to make such other changes, omissions, insertions, revisions, or amendments to the documents referred to herein and to do and cause to be done any such other acts and things, as they determine, on advice of counsel to the Agency, may be necessary or desirable to consummate the transactions contemplated by this Resolution.

**Section 6.** No covenant, stipulation, obligation or agreement contained in this resolution or any document referred to herein shall be deemed to be the covenant, stipulation, obligation or agreement of any member, officer, agent or employee of the Agency in his or her individual capacity. Neither the members nor officers of the Agency, nor any person executing any documents referred to above on behalf of the Agency, shall be liable thereon or be subject to any personal liability or accountability by reason of the execution or delivery thereof.

**Section 7.** Bousquet Holstein PLLC, as counsel to the Agency, is hereby authorized to work with the Company and others to prepare, for submission to the (Vice)Chair and/or the Executive Director, all documents necessary to effect the undertaking of the Project and the grant of Financial Assistance in connection with the Project.

**Section 8.** The approvals provided for herein are contingent upon the Company's payment of all of the Agency's fees and costs, including but not limited to attorneys fees.

**Section 9.** The Secretary and/or Executive Director of the Agency is hereby authorized to distribute copies of this Resolution and do such further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution.

**Section 10.** This Resolution shall take effect immediately. A copy of this Resolution, together with the attachments hereto, shall be placed on file in the office of the Agency where the same shall be available for public inspection during business hours.

The question of the adoption of the foregoing resolution was duly put to vote on a roll call, which resulted as follows:

	<b><u>AYE</u></b>	<b><u>NAY</u></b>
Kathleen Murphy	X	
Steven Thompson	X	
Kenneth Kinsey	X	
Rickey T. Brown	X	
Dirk Sonneborn	X	

The foregoing Resolution was thereupon declared duly adopted.

**APPROVING RESOLUTION**

## APPROVING RESOLUTION

As a result of the public health emergency created by COVID-19, the Federal, State and local bans on meetings or gatherings, and pursuant to Governor Cuomo's Executive Order 202.1 issued on March 12, 2020, as amended from time to time, the City of Syracuse Industrial Development Agency (the "**Agency**") held a meeting on the 20<sup>th</sup> day of October, 2020, at 8:15 a.m., local time, electronically which was made available via Webex at: <https://syrgov.webex.com/syrgov/j.php?MTID=m782ebe9509c9319af567b95fe9c73671> (or by accessing the link on the Agency's website) and using meeting number 173 874 6604 and password NHpphcv4w79; or via telephone at (408) 418-9388 with access code: 173 874 6604, in conjunction with the matter set forth below.

The meeting was called to order by the Chair and upon the roll being duly called, the following members were:

**PRESENT VIA TELE/VIDEOCONFERENCE** (in accordance with the Governor's Executive Order 202.1): Kathleen Murphy, Steven Thompson, Kenneth Kinsey, Rickey T. Brown and Dirk Sonneborn

**THE FOLLOWING PERSONS WERE ALSO PRESENT VIA TELE/VIDEOCONFERENCE** (in accordance with the Governor's Executive Order 202.1): Amy Web, Sarah Stevens, Shawn Griffin, Esq., Suzanne Slack, Adam Sonenshine, Maarten Jacobs, Robert Sweet, Will Menkes, Lauryn LaBorde, Iran Elahi and Andy Barfield

The following resolution was offered by Kenneth Kinsey and seconded by Steven Thompson:

### **RESOLUTION AUTHORIZING THE ADDITION OF A PROJECT OWNER OR OPERATOR, AMENDMENTS TO CERTAIN TRANSACTIONAL DOCUMENTS AND THE EXECUTION AND DELIVERY THEREOF**

**WHEREAS**, the Agency is authorized and empowered by Title 1 of Article 18-A of the General Municipal Law of the State of New York (the "**State**"), as amended, together with Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (collectively, the "**Act**") to promote, develop, encourage and assist in the acquiring, constructing, improving, maintaining, equipping and furnishing of industrial, manufacturing, warehousing, commercial, research and recreation facilities, including industrial pollution control facilities, railroad facilities and certain horse racing facilities, for the purpose of promoting, attracting, encouraging and developing recreation and economically sound commerce and industry to advance the job opportunities, health, general prosperity and economic welfare of the people of the State, and to improve their recreation opportunities, prosperity and standard of living; and

**WHEREAS**, to accomplish its stated purposes, the Agency is authorized and empowered under the Act to acquire, lease and sell real property and grant financial assistance in connection

with one or more “projects” (as defined in the Act); and

**WHEREAS**, at the request of Dupli Associates, LLC (the “**Company**”), by resolution dated May 16, 2017 (the “**Inducement Resolution**”), the Agency undertook a project (the “**Original Project**”) consisting of: (A)(i) the acquisition of an interest in approximately 5 acres of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“**Building 1**”) (bearing tax parcel identification number 118.-06-08.0); and 156 Solar Street and Division Street W. improved by an approximate 62,800 square foot building (“**Building 2**”) (bearing tax parcel identification number 118.-06-01.0), each in the City of Syracuse, New York (the “**City**”) (the foregoing collectively referred to as the “**Land**”); (ii) the reconstruction and renovation of approximately 21,000 square feet of Building 1 consisting of an approximately 15,000 square foot climbing gym and an approximately 6,000 square foot restaurant in the northwest corner of Building 1 (collectively, the “**Facility**”); (iii) the acquisition and installation in and at Building 1 of furniture, fixtures and equipment (the “**Original Equipment**” and together with the Property and the Facility, the “**Original Project Facility**”); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the “**Original Financial Assistance**”); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Land and Original Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Original Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Original Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, in July 2017, the Company and Agency entered into a lease transaction to effectuate the undertaking of the Original Project and the conference of the approved Financial Assistance (the “**Original Lease Transaction**”). As part of the Original Lease Transaction, the Company and the Agency executed and delivered numerous documents, including but not limited to, an agency agreement, a company lease, an agency lease, a bill of sale, an environmental compliance and indemnification agreement, a project agreement and a payment in lieu of taxes agreement (collectively, the “**Lease Documents**”); and

**WHEREAS**, by supplemental application dated February 4, 2020 (the “**Application**”), the Company requested the Agency revise the Original Project (the “**Project**”) as follows: (A)(i) the continuation of an interest in the Land; (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>1</sup> (the “**AMI**”); and approximately 3,500 sq.ft. of retail space; and the reconstruction and renovation of Building 2 consisting of 24,000 sq.ft. of residential space

---

<sup>1</sup> As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

containing approximately 20 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the AMI; approximately 20,000 sq.ft. of commercial office space and approximately 9,500 sq.ft. of retail space (collectively, the "**Facilities**"); and (iii) the acquisition and installation in and at the Land and Building 1 and Building 2 of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facilities, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facilities by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

**WHEREAS**, the Company advised that the project would take place in phases to accommodate the historic designation process; and

**WHEREAS**, as part of the Financial Assistance, the Company requested the Agency consider an amended payment in lieu of tax schedule for the Project (the "**Project PILOT Schedule**") which schedule conformed with the Agency's UTEP and accounts for the amendments to the Project included in the Application, and in particular, the commitment to incorporate residential units at AMI. A copy of the Project PILOT Schedule is attached hereto at **Exhibit "A"** and demonstrates a total savings of \$2,401,471.46 over the term of the Project PILOT Schedule; and

**WHEREAS**, the Agency conducted a public hearing with respect to the Project and the proposed Financial Assistance on April 21, 2020 pursuant to Section 859-a of the Act and executive order 220.1 issued by the Governor on March 12, 2020, as amended from time to time, notice of which was published on April 9, 2020, in the Post-Standard, a newspaper of general circulation in the City and given to the chief executive officers of the affected tax jurisdictions by letters dated April 10, 2020; and

**WHEREAS**, by resolution adopted April 21, 2020 (the "**SEQRA Resolution**"), the Agency determined that the Project will not have a significant adverse effect on the environment and issued a negative declaration; and

**WHEREAS**, by resolution adopted April 21, 2020 the Agency approved the Project and the Project PILOT Schedule, as set forth above, and the amendment of the necessary Lease Documents to effectuate same; and

**WHEREAS**, by correspondence dated October 5, 2020, the Company advised that it was ready to proceed with the rehabilitation and renovations to Building 1 located at 600 North Franklin Street and has identified a historic tax credit investor for that portion of the Project. Building 2 is not ready to proceed as it is awaiting approval from New York State Historic Preservation Office and National Park Service relative to its historic designation; and

**WHEREAS**, to satisfy the tax credit investor and separate financing sources to allow for the syndication of historical tax credits relative to Building 1, the Company is required to set up a separate single purpose entity to own Building 1 (with the same structure being applied to Building 2 upon its historic designation) (collectively, the "**Ownership Structure**"). In order to accommodate the Ownership Structure, the Company has requested that the Lease Documents be amended and bifurcated into two sets of agreements, one for each parcel with the Company *and* the applicable single purpose entity created to hold each property being a party to the respective amended Lease Documents, including an amendment to the payment in lieu of taxes agreement and the bifurcation of the Project PILOT Schedule to allow for separate payment in lieu of taxes agreements and schedules for each property which would provide for the same base assessment for each parcel as under the original Project PILOT Schedule; namely \$1,340,000 on Building 1 and \$510,000 on Building 2. The proposed new payment in lieu of taxes schedule for each Building 1 and Building 2 is attached hereto at **Exhibit "B"** (collectively, the "**New PILOT Schedules**"). While the New PILOT Schedules are split, the total aggregate benefit received under the New PILOT Schedules over the terms thereof is equal to \$2,401,471.46, the same savings as under the original Project PILOT Schedule. The amendments to the Lease Documents are hereafter collectively referred to as the "**Amendments**".

**NOW, THEREFORE**, be it resolved by the members of the City of Syracuse Industrial Development Agency as follows:

(1) Based upon the representations made by the Company to the Agency, the Agency hereby makes the following findings and determinations:

(a) The Amendments do not amount to a significant change in the Project from what was originally approved by the Agency, and therefore further review under SEQRA and amendment of the Agency's prior SEQRA negative declaration shall not be required.

(b) The Agency authorizes the Ownership Structure, the New PILOT Schedules and the Amendments.

(2) Provided there is no event of default under the Lease Documents, the Agency is authorized to execute all documents necessary to effectuate the Amendments and the Executive Director, the Chair and Vice Chair of the Agency are each hereby authorized, on behalf of the Agency, to execute and deliver the documents upon the advice of counsel to the Agency. The execution thereof by the Executive Director, the Chair or Vice Chair constitutes conclusive evidence of such approval.

(3) As a further condition of the Amendments, the Company will submit to the Agency: (i) any administrative fee associated with this request; (ii) any legal fees incurred by the Agency in connection with this request; and (iii) any other information requested by the Agency in order to comply with any State reporting requirements.

(4) No covenant, stipulation, obligation or agreement contained in this resolution or any document referred to herein shall be deemed to be the covenant, stipulation, obligation or

agreement of any member, officer, agent or employee of the Agency in his or her individual capacity. Neither the members nor officers of the Agency, nor any person executing any documents referred to above on behalf of the Agency, shall be liable thereon or be subject to any personal liability or accountability by reason of the execution or delivery thereof.

(5) The Secretary of the Agency is hereby authorized and may distribute copies of this Resolution and do such further things or perform such acts as may be necessary or convenient to implement the provisions of this Resolution.

(6) A copy of this Resolution, together with any attachments hereto, shall be placed on file in the office of the Agency where the same shall be available for public inspection during business hours.

The question of the adoption of the foregoing resolution was duly put to vote on a roll call, which resulted as follows:

	<u>AYE</u>	<u>NAY</u>
Kathleen Murphy	X	
Steven Thompson	X	
Kenneth Kinsey	X	
Rickey T. Brown	X	
Dirk Sonneborn	X	

The foregoing Resolution was thereupon declared duly adopted.

**AFFIDAVIT RE: MORTGAGE TAX EXEMPTION**

STATE OF NEW YORK            )  
  )  
COUNTY OF ONONDAGA        )        **SS.**

**JUDITH DELANEY**, being duly sworn, deposes and says:

She is the Executive Director of the City of Syracuse Industrial Development Agency (the “*Agency*”).

The Agency is an industrial development agency duly established under Title I of Article 18-A of the General Municipal Law of the State of New York (the “*State*”), as amended, and Chapter 641 of the Laws of 1979 of the State (collectively, the “*Act*”), and it is a corporate governmental agency constituting a public benefit corporation of the State.

By resolutions adopted April 21, 2020 and October 20, 2020, the Agency, at the request of Dupli Associates LLC (“*Dupli*”) and 600 Franklin Owner LLC (“*600 Franklin*”) and together with Dupli, collectively, the “*Company*”) agreed to undertake a project (the “*Project*”) consisting of: (A)(i) the continuation of an interest in 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“*Building 1*”) (bearing tax parcel identification number 118.-06-08.0), located in the City of Syracuse, New York (the “*City*”) (the “*Land*”); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>[1]</sup> (the “*AMI*”); and approximately 3,500 sq.ft. of retail space (collectively, the “*Facility*”); and (iii) the acquisition and installation in and at the Land and Building 1 of furniture, fixtures and equipment (the “*Equipment*” and together with the Land and the Facility, the “*Project Facility*”); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the “*Financial Assistance*”); (C) the appointment of 600 Franklin or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facility by the Agency pursuant to an amended lease agreement and the acquisition of an interest in the Equipment pursuant to one or more bill(s) of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to an amended sublease agreement.

600 Franklin and the Agency are mortgaging their respective interests in the improved real property described on **Exhibit “A”** to Tompkins Trust Company (the “*Mortgagee*”),

---

<sup>[1]</sup> As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

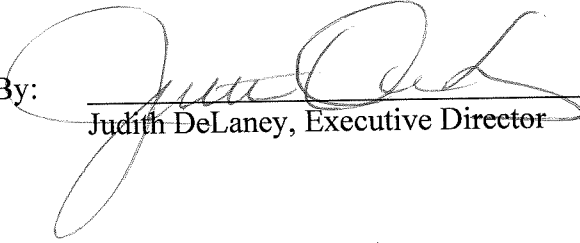

pursuant to a certain Building and Project Mortgage, Assignment of Rents, Security Agreement And Fixture Filing, dated December 16, 2020 in the amount of \$14,500,000 (the “*Mortgage*”) and an Assignment of Rents and Leases and Rents dated December 16, 2020 (“*Assignment of Rents and Leases*”). The Mortgage is pledged to secure a note given by the Company to the Mortgagee.

Pursuant to Article 18-A of the New York General Municipal Law, as amended from time to time (the “*Act*”), the Agency is regarded as performing a governmental function and is generally not required to pay taxes or assessments upon any property acquired by it or under its jurisdiction, control or supervision or upon its activities.

Deponent submits that no mortgage tax, other than as may be required in Section 874(1) of the Act and Section 252(2) of the Tax Law of the State of New York with respect to the portion of the tax allocable to the Central New York Regional Transportation District, should be imposed upon the Mortgage and the Assignment of Rents and Leases, insomuch as the Mortgage and the Assignment of Rents and Leases are being executed and delivered under the State authority creating the Agency, insomuch as the use by the Agency of its powers to secure the payment of principal and interest on the loan is deemed by Article 18-A public purpose essential to the public interest, and insomuch as both the New York State Department of Taxation and Finance and Counsel to the New York State Department of Taxation and Finance have expressed their opinion that the recording of similar documents by similar agencies organized under Article 18-A of the New York General Municipal Law are operations of said agencies entitled to exemption from the mortgage recording tax.

**EXHIBIT "A"**  
**LEGAL DESCRIPTION**

**600 Franklin Street North to Solar Street**

ALL THAT TRACT OR PARCEL OF LAND, situate in the City of Syracuse, County of Onondaga and State of New York, being part of Salina Marsh Lot 39 in said City, being part of lands conveyed to Borden's Food Products Company, Inc., and/or Borden, Inc. by the following 3 deeds:

1. from Borden's Milk Products Company, Inc. dated January 4, 1936 and recorded in Onondaga County Clerk's Office in Book of Deeds 800 at Page 192;
2. from James A. Jacobs and Susan Jacobs dated July 28, 1988 and recorded in Onondaga County Clerk's Office in Book 3496 of Deeds at Page 341;
3. from Woodstead Enterprises, LTD. dated November 28, 1988 and recorded in Onondaga County Clerk's Office in Book 3496 of Deeds at Page 337;

and being more particularly described as follows:

Beginning at a drill hole set in the northeasterly boundary of Solar Street, said point being the most westerly corner of lands conveyed by Borden, Inc. to the City of Syracuse for public purposes by deed recorded in Onondaga County Clerk's Office in Book 3507 at Page 168, said point also being 126.68 feet distant northwesterly, measured along said northeasterly street boundary, from its intersection with the northwesterly boundary of Plum Street; running thence N 28° 09' 10" W along said northeasterly boundary of Solar Street, a distance of 292.22 feet to a capped iron pin found at its intersection with the division line between said lands of Borden, Inc. on the south and lands of Syracuse Scale Co., Inc. (reputed owner) on the north; thence N 80° 59' 20" E along said division line, a distance of 76.21 feet to an iron pipe set; thence N 61° 50' 50" E, continuing along said division line, a distance of 112.76 feet to a capped iron pin found at a point of curvature; thence northeasterly, continuing along said division line and along the division line between said lands of Borden, Inc. on the southeast and lands of 667 N. Clinton Street Associates (reputed owner) on the northwest, following a curve to the right having a radius of 371.02 feet, a central angle of 12° 13' 48", and a chord bearing N 67° 57' 44" E, 79.05 feet, an arc distance of 79.20 feet to an iron pipe set; thence N 61° 50' 50" E, continuing along the last mentioned division line, a distance of 330.83 feet to a lag bolt in concrete set at its intersection with the southwesterly boundary of North Clinton Street; thence S 28° 09' 10" E along said street boundary, a distance of 212.14 feet to a nail and flag in concrete found; thence s 61° 50' 50" w along the division line between said lands of Borden, Inc. on the northwest and lands of Franklin Square Rousing Associates (reputed owner) on the southeast, a distance of 245.00 feet to a capped iron pin found; thence S 28° 09' 10" E continuing along said division line, a distance of 33.00 feet to a capped iron pin found; thence s 61° 50' 50" w continuing along said division line, a distance of 30.00 feet to a capped iron pin found at its intersection with the northeasterly boundary of North Franklin Street; thence N 28° 09' 10 W along said street boundary, a distance of 33.00 feet to a PK nail set at the most northerly corner of said North Franklin Street; thence s 61° 50' 50" W along the northwesterly boundary of North Franklin Street, a distance of 60.00 feet to a masonry anchor set at the most westerly corner thereof; thence S 28° 09' 10" E along the southwesterly boundary of said North Clinton Street, a distance of 46.67 feet to an iron pipe set at the most northerly corner of the aforementioned lands conveyed by Borden, Inc. to the City of Syracuse for public purposes; thence s 61° 50' 50" w along the northwesterly boundary of said lands, said boundary also being the northwesterly boundary of Gail Borden Drive, a distance of 259.18 feet to the point of beginning.

**GENERAL CERTIFICATE OF  
DUPLI ASSOCIATES LLC**

This certificate is made in connection with the execution by Dupli Associates LLC, a New York State limited liability company (“**Dupli**”) of the Dupli Building 1 Project Agreement, the Dupli Building 1 Company Lease, the Dupli Building 1 Agency Lease, the Mortgage (if any), the Environmental Compliance and Indemnification Agreement, the Dupli Building 1 PILOT Agreement and any other document now or hereafter executed by Dupli in connection with the City of Syracuse Industrial Development Agency (the “**Agency**”) agreeing at the request of Dupli and 600 Owner LLC (“**600 Franklin Owner**” and together with Dupli, the “**Company**”) to undertake a project (the “**Project**”) consisting of: (A)(i) the continuation of an interest in 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“**Building 1**”) (bearing tax parcel identification number 118.-06-08.0), located in the City of Syracuse, New York (the “**City**”) (the “**Land**”); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>[1]</sup> (the “**AMI**”); and approximately 3,500 sq.ft. of retail space (collectively, the “**Facility**”); and (iii) the acquisition and installation in and at the Land and Building 1 of furniture, fixtures and equipment (the “**Equipment**” and together with the Land and the Facility, the “**Project Facility**”); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the “**Financial Assistance**”); (C) the appointment of 600 Franklin or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facility by the Agency pursuant to an amended lease agreement and the acquisition of an interest in the Equipment pursuant to one or more bill(s) of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to an amended sublease agreement.

Dupli was the owner of the Land and the Facility but contemporaneously with the execution and delivery of the **Dupli Building 1 Agency Lease**, dated as of December 1, 2020, by and among the Agency and the Company, Dupli transferred ownership of the Project Facility to 600 Franklin.

Capitalized terms used herein which are not otherwise defined herein shall have the meanings ascribed to such terms in the Dupli Building 1 Agency Lease, except that, for purposes of this certificate: (A) all definitions with respect to any document shall be deemed to refer to such document only as it exists as of the date of this Certificate and not as of any future date; and (B) all

[http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

definitions with respect to any Person shall be deemed to refer to such Person only as it exists as of the date of this certificate and not as of any future date or to any successor or assign.

The undersigned does hereby certify as follows:

1. Attached hereto as **Exhibit “A”** is a true, correct and complete copy of the Articles of Organization of Dupli and any amendments thereto filed with the New York State Secretary of State with proof of publication thereof attached thereto, which Articles (including any amendments) are in full force and effect on the date hereof.

2. Attached hereto as **Exhibit “B”** is a true, correct and complete copy of the Dupli’s Operating Agreement, and any amendments thereto, and such Operating Agreement, as may have been amended, is in full force and effect on the date hereof.

3. Dupli is, and at all times will be, a limited liability company, duly organized, validly existing and in good standing under the laws of New York State and authorized and licensed under the laws of New York State to transact business as a business corporation for the purpose of owning and operating the Project Facility in New York State. Attached hereto as **Exhibit “C”** is a true and correct copy of a Certificate of Good Standing of Dupli issued by the New York State Secretary of State.

4. For the term of the Dupli Building 1 Agency Lease, Dupli shall hold ninety (90) percent of 600 Franklin's membership interests.

5. Dupli has full legal right, power and authority to execute and deliver the Dupli Company Documents and to consummate the transactions on the part of Dupli contemplated by the Company Documents. The Company Documents have been duly authorized, executed, and delivered by the Managing Member of FS Development Associates, LLC, Manager of Dupli Associates, LLC on behalf of Dupli and are in full force and effect as of the date hereof. Attached hereto as **Exhibit “D”** is a true, correct and complete copy of the authorizing resolutions of the Managing Member of Dupli (collectively, the “**Resolution**”) in respect of the execution, delivery and performance of the Dupli Company Documents.

6. Dupli acknowledges, and wherever applicable agrees, to comply with and be bound by all of the Agency's policies.

7. Dupli understands and agrees that it is the preference of the Agency that Dupli provide, or cause to be provided, opportunities for the purchase of goods and services from: (i) business enterprises located in the City; (ii) certified minority and or women-owned business enterprises; and (iii) business enterprises that employ residents of the City. Dupli further understands and acknowledges that consideration will be given by the Agency to Dupli's efforts to comply, or cause 600 Franklin to comply, and compliance with this objective at any time an extension of benefits is sought or involvement by the Agency with the Project is requested by Dupli.

8. All consents, approvals, authorizations or orders of, notices to, or filings, registrations or declarations with, any court or governmental authority, board, agency,

commission or body having jurisdiction which are required on behalf of Dupli or for the execution and delivery by Dupli of the Dupli Company Documents or the consummation on the part of Dupli of the transactions contemplated thereby have been obtained.

9. After performing due diligence, there is no legal action, suit, proceeding, inquiry or investigation at law or in equity (before or by any court, agency, arbitrator, public board or body or other entity or person) pending or threatened against or affecting Dupli or, to the knowledge of Dupli, any basis therefor: (i) in any way affecting the organization, existence or good standing of Dupli; (ii) contesting or materially affecting the validity or enforceability of the Dupli Company Documents; (iii) contesting the powers of Dupli or its authority with respect to the Dupli Company Documents; (iv) contesting the authority of Dupli to act on behalf of Dupli or the authority of the representatives of Dupli to act on behalf of Dupli; (v) wherein an unfavorable decision, ruling or finding would have a material adverse effect on: (A) the financial condition or operations of Dupli; or (B) the consummation on the part of Dupli of the transactions contemplated by any Dupli Company Documents.

10. The execution and delivery by Dupli of the Dupli Company Documents and the consummation by Dupli of the transactions contemplated thereby are not prohibited by, do not violate any provision of, and will not result in a breach of or default under: (i) the organizational documents of Dupli; (ii) any applicable law, rule, regulation, order, writ, injunction, judgment or decree of any court or governmental body or other requirement to which Dupli is subject; or (iii) any contract, agreement, mortgage (if any), lease, guaranty, commitment or other obligation or instrument to which Dupli is a party or by which Dupli or its properties is bound.

11. All information concerning the Project Facility and Dupli submitted to the Agency and any Mortgagee by Dupli, and or 600 Franklin, is true and correct in all material respects and does not omit to state a material fact necessary to make the statements therein not misleading. Dupli represents and warrants that it has no employees and therefore is not now required to carry worker's compensation insurance. Dupli represents and acknowledges that in the event it hires any employees in the future, it has an obligation pursuant to the Agency Lease, dated as of December 1, 2020 by and between the Company and the Agency, to obtain worker's compensation insurance and provide proof of same to the Agency.

12. Assuming the valid authorization, execution and delivery of the Dupli Building 1 Agency Lease and the other Dupli Company Documents by the other parties thereto, the Dupli Building 1 Agency Lease and the other Dupli Company Documents are the legal, valid and binding obligations of Dupli, enforceable against Dupli in accordance with their respective terms, except to the extent that enforcement thereof may be limited by bankruptcy, insolvency or other similar laws affecting creditors' rights generally or by the exercise of judicial discretion in accordance with general principles of equity. No default by Dupli or, to the best of knowledge of the undersigned, no event of default on the part of any other party to the Dupli Company Documents has occurred or is continuing and no event has occurred which, with the giving of notice or passage of time or both, would be such an event of default. Dupli has duly authorized the taking of and has taken all actions necessary to carry out and give effect to the transactions contemplated to be performed on its part by the Dupli Company Documents.

13. All permits (including building permits), licenses and authorizations necessary for the construction, ownership and operation of the Project in the manner contemplated by each of the Dupli Company Documents have been obtained or will be obtained, and said construction, ownership and operation will not, to the best knowledge of Dupli, conflict with any zoning or

similar ordinance applicable to the Project. To the best of Dupli's knowledge, the Project conforms to all material environmental regulations.

14. There is no Event of Default or default on the part of Dupli under the Dupli Building 1 Project Agreement, the Dupli Building 1 Company Lease, the Dupli Building 1 Agency Lease, the Dupli Building 1 PILOT Agreement, the Environmental Compliance and Indemnification Agreement or any other Dupli Company Document, and no event has occurred and is continuing which, after notice or passage of time or both, would give rise to a default under any thereof.

15. The Dupli Building 1 Project Agreement, the Dupli Building 1 Company Lease, the Dupli Building 1 Agency Lease, the Dupli Building 1 PILOT Agreement, the Environmental Compliance and Indemnification Agreement and the other Dupli Company Documents are in full force and effect and Dupli has not assigned or pledged any of its rights under these documents.

16. Dupli restates and affirms all of the obligations, representations and covenants in the Agency Lease and the Project Agreement and incorporates same herein by reference as if fully set forth herein.

17. The authorized representatives of Dupli who, pursuant to the Resolution, are authorized to execute the Dupli Company Documents and the office held by each person are as set forth below. The signature set opposite the name of such officer, if any, is a genuine specimen of such officer's signature:

**EXHIBIT "B"**  
**OPERATING AGREEMENT**

**AMENDED & RESTATED  
OPERATING AGREEMENT OF  
DUPLI ASSOCIATES LLC**

A NEW YORK LIMITED LIABILITY COMPANY

FS Development Associates, LLC, being its sole manager and member ("Member"), hereby declares the following to be the Operating Agreement of Dupli Associates LLC effective the 16th day of December 2020.

1. Name. The name of the limited liability company (the "LLC") is Dupli Associates LLC.

2. Purpose and Powers; Filings.

(a) The purpose of the LLC is to engage in any activity for which limited liability companies may be organized in the State of New York. The LLC shall possess and may exercise all of the powers and privileges granted by the New York State Limited Liability Company Law, as that statute is amended from time to time (the "Act") or by any other law or by this Agreement, together with any powers incidental thereto, so far as such powers and privileges are necessary or convenient to the conduct, promotion or attainment of the business purposes or activities of the LLC.

(b) The Manager shall cause to be done all such filing, recording, publishing, or other acts as may be necessary or appropriate from time to time to comply with the requirements of law for the formation and operation of a limited liability company in the State of New York and any such requirements in any other jurisdiction in which the LLC may do business. All costs incurred in connection with the foregoing, including, without limitation, legal fees in connection therewith, shall be expenses of the LLC and shall be reimbursed promptly by the LLC upon the completion of such action if paid by the Manager.

3. Designated Agent; Mailing Address. The Secretary of State is designated as agent of the Limited Liability Company upon whom process against it may be served. The post office address within or without the State to which the Secretary of State shall mail a copy of any process against the Limited Liability Company served upon him or her is 113 Court Street, Binghamton, New York 13901.

4. Admission of Member. FS Development Associates, LLC is admitted as the sole Member of the LLC.

5. Interest. "Interest" shall mean the membership interest of the Member in the LLC (as defined in the Act), including the rights and obligations of the Member under this Agreement.

6. Capital Contributions. The Member may contribute property, real, personal, tangible or intangible, to the Company from time to time as the Member may determine.

7. Tax Characterization and Returns. Until such time as the LLC has more than one Member, the LLC shall be a "disregarded entity" solely for the purposes of federal and state income tax reporting. All provisions of the LLC's Articles of Organization and this Agreement are to be construed so as to preserve that tax status under those circumstances. In the event one or more additional Members is admitted to the LLC, the LLC shall be treated as a partnership for federal and all relevant state tax purposes and shall make all available elections to be so treated.

8. Management.

(a) Manager. The management of the LLC shall be vested in a Manager selected by the Member. Unless the Member determines otherwise, the LLC shall have one Manager. The Member affirms the selection of FS Development Associates, LLC as the Manager of the LLC to serve until its successor is selected. A Manager shall remain in office until removed by a written instrument signed by the Member or until such Manager resigns in a written instrument delivered to the Member or such Manager dies or is unable to serve. In the event of any such vacancy, the Member or his personal representative may fill the vacancy. The Manager shall perform its duties in good faith, in a manner it reasonably believes to be in the best interests of the LLC, and with such care as an ordinarily prudent person in a like position would use under similar circumstances. A person who so performs his duties shall not have any liability by reason of serving or having served as a Manager. A Manager shall not be liable under a judgment, decree or order of court, or in any other manner, for a debt, obligation or liability of the LLC. All powers to control and manage the business and affairs of the LLC shall be exclusively vested in the Manager, and the Manager may exercise all powers of the LLC and do all such lawful acts as are not by statute, the Articles of Organization or this Agreement directed or required to be exercised or done by the Member and in so doing shall have the right and authority to take all actions which the Manager deems necessary, useful or appropriate for the management and conduct of the business of the LLC; provided, however, that the Member may amend this Agreement at any time and thereby broaden or limit the Manager's power and authority.

(b) Indemnification. The LLC hereby indemnifies and holds harmless the Member, Manager, Officers, and their successors, executors, and administrators against any loss or damage incurred by such Member or Manager by reason of acts or omissions in good faith on behalf of the LLC and in a manner reasonably believed by the

Member or Manager to be within the scope of the authority granted by this Agreement. However, no indemnification may be made to or on behalf of any Member or Manager if a judgment or other final adjudication adverse to such Member or Manager established (1) that the Member's or Manager's acts were committed in bad faith or were the result of active and deliberate dishonesty and were material to the cause of action so adjudicated or (2) that the Member or Manager personally gained in fact a financial profit or other advantage to which the Member or Manager was not legally entitled.

(c) Rights and Powers of the Member. The Member shall not have any right or power to take part in the management or control of the LLC or its business and affairs or to act for or bind the LLC in any way. Notwithstanding the foregoing, the Member has all the rights and powers specifically set forth in this Agreement and, to the extent not inconsistent with this Agreement, in the Act. The Member has no voting rights except with respect to those matters specifically set forth in this Agreement and, to the extent not inconsistent herewith, as required in the Act. Notwithstanding any other provision of this Agreement, no action may be taken by the LLC (whether by the Manager or otherwise) in connection with any of the following matters without the written consent of the Member or his legal representative:

- (1) the dissolution or liquidation, in whole or in part, of the LLC, or the institution of proceedings to have the LLC adjudicated bankrupt or insolvent;
- (2) the admission of an additional member to the LLC;
- (3) the filing of a petition seeking or consenting to reorganization or relief under any applicable federal or state bankruptcy law;
- (4) consenting to the appointment of a receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of the LLC or a substantial part of its property;
- (5) the merger of the LLC with any other entity;
- (6) the sale of all or substantially all of the LLC's assets; or
- (7) the amendment of this Agreement.

9. Distributions. The Manager may cause, in the Manager's sole and absolute discretion, the LLC to distribute to the Member, at any time, any cash held by the LLC which is neither reasonably necessary for the operation of the LLC nor in violation of the Act.

10. Assignments. A Member may assign all or any part of his, her or its Interest only with the permission of the Manager, which permission may be granted or denied in the absolute and sole discretion of the Manager (an assignee of such Interest

is hereinafter referred to as a "Permitted Assignee"). A Permitted Assignee shall not be substituted as a member of the LLC for the Member unless and until the substitution is approved by the Manager, acting in his absolute and sole discretion.

11. Dissolution. The LLC shall dissolve, and its affairs shall be wound up, only upon the earlier to occur of (a) the decision of the Member acting with the approval of the Manager, or (b) in the event of a judicial dissolution of the LLC under the Act.

12. Distributions in Liquidation. Following dissolution of the LLC, the affairs of the LLC shall be forthwith wound-up and the proceeds from the liquidation of the property of the LLC shall be distributed in the following priority:

(a) First, to creditors of the LLC in satisfaction of liabilities of the LLC, whether by payment or by establishment of adequate reserves; and

(b) The balance, if any, is to be distributed to the Member.

In connection with any winding up and liquidation, the accountants for the LLC shall compile a balance sheet of the LLC as of the date of dissolution, and such balance sheet shall be furnished promptly to the Member.

13. Limited Liability. No Member, Manager, or Officer shall have any liability for the obligations of the LLC except to the minimum extent required by the Act.

14. Miscellaneous.

(a) Severability. Each provision hereof is intended to be severable, and the invalidity or illegality of any provision of this Agreement shall not affect the validity or legality of the remainder hereof.

(b) Captions. Paragraph captions contained in this Agreement are inserted only as a matter of convenience and for reference and in no way define, limit, extend, or describe the scope of this Agreement or the intent of any provision hereof.

(c) Variation of Pronouns. All pronouns and any variations thereof shall be deemed to refer to masculine, feminine or neuter, singular or plural, as the identity of the person or persons may require.

(d) Binding Agreement. Subject to the restrictions on assignment herein contained, the terms and provisions of this Agreement shall be binding upon, and inure to the benefit of the successors, assigns, personal representatives, estates, heirs, and legatees of the Member.

(e) Applicable Law. Notwithstanding the place where this Agreement may be executed by any of the parties hereto, the parties expressly agree that all the

terms and provisions hereof shall be construed under the laws of New York and that the Act and other applicable laws of New York as now adopted or as hereafter amended shall govern this Agreement.

(f) Entire Agreement. This Agreement constitutes the entire agreement of the parties hereto with respect to the matters set forth herein and supersedes any prior understanding or agreement, oral or written, with respect thereto.

(g) Qualification in Other States. In the event the business of the LLC is carried on or conducted in states in addition to New York, then this LLC shall exist under the laws of each state in which business is actually conducted by the LLC, and the Member and the Manager agree to execute such other and further documents as may be required or requested in order that the LLC may qualify in such states. An LLC office or principal place of business in any state may be designated from time to time by the Manager.

(h) Incorporation by Reference. Every exhibit, schedule and other appendix attached to this Agreement and referred to herein is hereby incorporated in this Agreement by reference.

(i) Amendment. This Agreement may be amended only in a writing signed by the Member and approved by the Manager.

**SIGNATURES ON NEXT PAGE**

IN WITNESS WHEREOF, the parties hereto have executed and delivered this Agreement as of the day and year first above written.

**EXHIBIT “D”**

**JUNE 2017 AND DECEMBER 2020 RESOLUTIONS**

**WRITTEN CONSENT  
OF THE MEMBERS OF  
DUPLI ASSOCIATES LLC**

The undersigned, being all of the Members of Dupli Associates LLC (the "Company"), do hereby unanimously consent to the adoption of the following resolutions:

**RESOLVED**, that the Members of the Company hereby authorize the Company to purchase certain premises known as 156 Solar Street, City of Syracuse, County of Onondaga and State of New York, and being Tax Map Identification Number 118.-06-01.0 ("156 Solar Street"), from Syracuse Scales, Inc. (the "Seller"), pursuant to a certain Contract of Sale dated June\_\_\_\_, 2016, with a sale price of \$2,000,000.00 (the "Contract"), on the terms and conditions set forth in the Contract; and it is further

**RESOLVED**, that the Managing Member of the Company, is hereby authorized, empowered and directed, to execute and deliver, in the name of and on behalf of the Company, all documents, agreements, instruments and certifications in his sole discretion, deemed necessary or advisable to close on the purchase of 156 Solar Street from the Seller and to take such further action as shall, in his judgment, be necessary or appropriate in order to carry out the intent and accomplish the purposes of these resolutions; and it is further

**RESOLVED**, that the Company has applied to NBT Bank, N.A. (the "Bank") for a loan in the amount of \$2,986,591.00 (the "NBT Bank Loan"), and in order to evidence the NBT Bank Loan the Members of the Company hereby authorize and approve the Company to provide a certain Modified and Consolidated Mortgage Note in the original principal amount of \$2,986,591.00 to the Bank (the "NBT Note"), a certain Mortgage in the original principal amount of \$2,986,591.00 to the Bank (the "NBT Mortgage"), which NBT Mortgage will encumber 156 Solar Street and the Company's real property located at 600 North Franklin Street (a/k/a 1 Dupli Park Drive) and being Tax Map Identification Number 118.-06-08.0 ("156 Solar Street"), and the proceeds of said loan will be used to assist in the acquisition of 156 Solar Street, and the renovation and equipping of 156 Solar Street (the "Project"); and it is further

**RESOLVED**, that to further secure the repayment of the Loan the Managing Member hereby authorizes and approves such other documents, agreements, instruments and certificates required by the Bank, including, without limitation, security agreements, mortgages, subordination agreements, consents, assignments and UCC-1 financing statements (collectively, the "Collateral Documents"); and it is further

**RESOLVED**, that the Managing Member of the Company, J. Kemper Matt, be, and he hereby is authorized and empowered to execute and deliver, in the name of and

on behalf of the Company, all documents, agreements, instruments and certifications in his sole discretion, deemed necessary or advisable to effectuate the transactions contemplated by the Loan, including but not limited to the NBT Note, the NBT Mortgage, and the Collateral Documents; and it is further

**RESOLVED**, that the Members of the Company hereby authorize the Company to accept a loan from the Seller in the original principal amount of \$250,000.00 (the "Seller Loan"), and that in order to evidence the Seller Loan, the Members of the Company hereby authorize and approve the Company to provide a certain Promissory Note in the original principal amount of \$250,000.00 to the Seller (the "Seller Note"), and a certain Mortgage and Security Agreement in the original principal amount of \$250,000.00 to the Seller (the "Seller Mortgage"), which Seller Mortgage shall encumber 156 Solar Street;

**RESOLVED**, that the Managing Member of the Company, be, and he hereby is authorized and empowered to execute and deliver, in the name of and on behalf of the Company, all documents, agreements, instruments and certifications in his sole discretion, deemed necessary or advisable to effectuate the transactions contemplated by the Seller Loan, including but not limited to the Seller Note and the Seller Mortgage; and it is further

**RESOLVED**, that the Managing Member of the Company, hereby authorizes the Company enter into a certain Company Lease Agreement and Agency Lease Agreement, Bill of Sale, Environmental Compliance and Indemnification Agreement, and PILOT Agreement and other necessary documents with the City of Syracuse Industrial Development Agency in order for the Company to receive certain financial assistance in the form of exemptions from real property tax, New York State and local sales and use taxation and mortgage recording tax associated with the "Project" undertaken by the Agency at the request of the Company consisting of: (A)(i) the acquisition of an interest in approximately 5 acres of improved real property located at 600 Franklin Street N. to Solar Street improved by an approximate 149,000 square foot building ("**Building 1**"); and 156 Solar Street and Division Street W. improved by an approximate 62,800 square foot building ("**Building 2**"), each in the City of Syracuse, New York (the foregoing collectively referred to as the "**Land**"); (ii) the reconstruction and renovation of approximately 21,000 square feet of Building 1 consisting of an approximately 15,000 square foot climbing gym and an approximately 6,000 square foot restaurant in the northwest corner of Building 1 (collectively, the "**Facility**"); (iii) the acquisition and installation in and at Building of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facility, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and

completion of the Project Facility; and (D) the lease of the Land and Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Project Facility back to the Company pursuant to a sublease agreement (collectively the "IDA Documents"); and it is further

**RESOLVED**, that the Managing Member of the Company may take any such further action as shall, in his judgment, be necessary or appropriate in order to carry out the intent and accomplish the purposes of these resolutions and may make such changes, amendments or additions to any document, agreement or certificate to which the Company is a party, as he, with the advice of counsel, may deem necessary or appropriate; and it is further

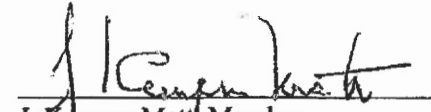

**RESOLVED**, that any and all actions heretofore or hereafter taken in the name and on behalf of the Company by the Managing Member in connection with or related to, the Project, the IDA Documents, and the matters set forth in or contemplated by the above Resolutions, including, without limitation, all actions taken in connection with the negotiation, preparation and execution of any instruments or agreements necessary, appropriate or advisable for the consummation of the contemplated transactions, hereby are adopted, affirmed, approved and ratified in all respects as the acts and deeds of the Company; and be it further

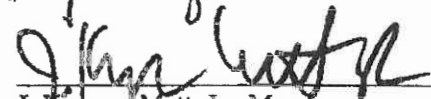

**RESOLVED**, that assuming due authorization of all other parties to any document set forth herein, upon execution by the Managing Member of the Company, each such document shall be binding upon the Company; and it is further

**RESOLVED**, that this Unanimous Written Consent may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Each such counterpart may be delivered by facsimile or e-mail (in .pdf format) and any signatures which are so delivered by facsimile or e-mail shall be deemed original signatures for all purposes.

**UNANIMOUS WRITTEN CONSENT  
OF THE MANAGING MEMBER AND SOLE MEMBER  
OF  
DUPLI ASSOCIATES LLC**

---

The undersigned, being the manager and sole member of **Dupli Associates LLC**, a limited liability company duly organized and validly existing under the laws of the State of New York (the "Company"), does hereby consent to the adoption of the following resolutions, such action to have the same force and effect as if taken at a meeting duly called and held for that purpose:

**WHEREAS**, the Company is the managing member of 600 Franklin Owner LLC ("Owner") and 600 Franklin MT LLC ("Master Tenant");

**WHEREAS**, Owner previously acquired a fee simple interest in and to certain improved real property located at 600 Franklin Street North to Solar Street, Syracuse, County of Onondaga and State of New York (the "Property");

**WHEREAS**, Owner will enter into a lease (referred to as the "Master Lease") whereby the Property shall be leased to Master Tenant;

**WHEREAS**, 600 Franklin Developer LLC (the "Developer"), shall be engaged to assist Owner in developing the Property in accordance with a Development Agreement whereby the Property shall be rehabilitated and developed in a manner that qualifies for the federal and State of New York historic rehabilitation tax credit allowed for qualified rehabilitation expenditures incurred in connection with the "certified rehabilitation" of a "certified historic structure" (the "Tax Credits") pursuant to Sections 47 and 50 of the Internal Revenue Code of 1986, as amended from time to time, or any corresponding provision or provisions of prior or succeeding law (the "Code"), or N.Y. Tax. Law §606(oo) as amended; and

**WHEREAS**, Tompkins Trust Company (hereinafter "Tompkins" or "Construction Lender") has issued a commitment letter dated December \_\_, 2020 (the "Tompkins Loan Commitment") whereby Construction Lender has agreed to make to Owner loans totaling in the aggregate principal amount of \$14,500,000.00 of which Tompkins shall provide \$9,100,000.00 of the Loan with NBT Bank, N.A., providing \$5,400,000.00 pursuant to a participation agreement between Tompkins and NBT (collectively the "Tompkins Loan") upon such terms and conditions and secured by, among other things, a first priority mortgage lien on the Property, which Tompkins Loan shall be advanced to Owner in accordance with Tompkins loan agreements and otherwise secured by other collateral and repaid by Owner to Tompkins in accordance with such other terms and conditions as are more fully set forth within the Commitment; and

**WHEREAS**, Foss Bridge Credit LLC (hereinafter "Bridge Lender") has executed a letter of intent with Owner dated as of March 23, 2020 (the "Bridge Loan LOI") whereby Bridge Lender

has agreed to make to Owner a certain bridge loan in the projected amount of \$2,336,685 (the “Bridge Loan”) pursuant to the terms of the Bridge Loan LOI; and

**WHEREAS**, Foss NY Historic Fund LLC (hereinafter “Investor”) has executed a letter of intent with Owner dated as of March 23, 2020 (the “Equity LOI”) whereby Investor will make capital contribution into Master Tenant in the projected amount of \$3,314,880 (the “Foss Capital Contributions”) pursuant to the terms of the Equity LOI; and

**NOW, THEREFORE, IT IS RESOLVED**, that the Company is hereby authorized and Managing Member or Timothy M. Lynn is empowered to, on behalf of Owner, (i) execute and enter into the Bridge Loan LOI with and receive the Bridge Loan from Bridge Lender; (ii) execute and deliver to Bridge Lender any and all other documents relating to the Bridge Loan for the Project and to secure the Bridge Loan with such other property of Owner; and (iii) execute such other documents or instrument as Bridge Lender shall deem necessary and advisable to carry out the intents and purposes of the Bridge Loan LOI, which documents may contain such terms provisions, conditions, stipulations and agreements as the Managing Member or Timothy M. Lynn executing the same may deem proper and advisable and the Managing Member or Timothy M. Lynn is hereby authorized to act on behalf of the Company and to execute and deliver such documents to Bridge Lender; and it is

**FURTHER RESOLVED** that the Company is hereby authorized and Managing Member or Timothy M. Lynn is empowered to, on behalf of Owner, enter into and execute the Development Agreement with the Developer for the Project and to execute and deliver any and all other documents relating to the development of the Project, which documents may contain such terms provisions, conditions, stipulations and agreements as the Managing Member or Timothy M. Lynn executing the same may deem proper and advisable, and the Managing Member or Timothy M. Lynn is authorized to act on behalf of the Company and to execute and deliver such documents to Developer; and it is

**FURTHER RESOLVED** that the Company is hereby authorized and Managing Member or Timothy M. Lynn is empowered, on behalf of Owner, to execute and deliver to the Master Tenant, and on behalf of Master Tenant, to execute and deliver to the Owner, any and all documents relating to the Master Lease, such as that certain subordination, nondisturbance and attornment agreement and performance, completion and operating deficit guaranty, among others, which documents may contain such terms, provisions, conditions, stipulations and agreements as the Managing Member or Timothy M. Lynn executing the same may deem proper and advisable, and the Managing Member or Timothy M. Lynn is authorized to act on behalf of the Company and to execute and deliver such documents to the Master Tenant or Owner as the case may be; and it is

**FURTHER RESOLVED**, that the Managing Member or Timothy M. Lynn are hereby authorized by the Company and empowered to take any and all other actions and execute and deliver such other agreements, instruments and documents as the Managing Member or Timothy M. Lynn deem necessary or desirable to carry out the intent of the foregoing resolutions; and it is

**FURTHER RESOLVED**, that all action taken and all instruments executed by the Managing Member prior to the adoption of these resolutions with respect to the development of the Project, the Tompkins Loan, the Bridge Loan, the investment by the Investor, the Master Lease and all matters related thereto, are hereby ratified by the Company, approved and confirmed as actions of the Company; and it is

**FURTHER RESOLVED**, that Mark E. Lane or Timothy M. Lynn, acting individually or in concert, be and hereby are authorized on behalf of the Company and the Managing Member to execute and deliver any and all documents or instruments as are necessary and appropriate to carry out the intent and purpose of these resolutions and/or as may be reasonably required by the Bridge Lender, Investor or their respective counsel; and it if further

**FURTHER RESOLVED**, that Mark E. Lane or Timothy M. Lynn, acting individually or in concert, may take any action deemed necessary and proper in furtherance of the intent of these resolutions, and that the Bridge Lender or Investor, their successors, assigns, attorneys or agents may rely upon such actions as being the actions of the Company, and it is further

**FURTHER RESOLVED**, that the Bridge Lender and Investor, their successors, assigns, attorneys or agents may rely upon the acts of Mark E. Lane or Timothy M. Lynn, whether acting individually or in concert, and any action taken by either or both of them shall deemed an action of and binding upon the Company or the Managing Member, as the case may be; and it is further

**FURTHER RESOLVED**, that this consent may be executed in any number of counterparts, each of which counterpart shall constitute an original instrument, and all of which, when taken together, shall constitute one and the same instrument.

Balance of this page has intentionally been left blank.  
Signatures are on the following page.

**IN WITNESS WHEREOF**, the undersigned have executed this instrument as of December 16, 2020.

**MANAGER AND SOLE MEMBER**

**FS DEVELOPMENT ASSOCIATES, LLC**

A New York limited liability company

By: \_\_\_\_\_

Name: Mark E. Lane

Title: Managing Member

**GENERAL CERTIFICATE OF  
600 FRANKLIN OWNER LLC**

This certificate is made in connection with the execution by 600 Franklin Owner LLC, a New York State limited liability company (the “**600 Franklin**”) of the Dupli Building 1 Project Agreement, the Dupli Building 1 Company Lease, the Dupli Building 1 Agency Lease, the Mortgage, the Environmental Compliance and Indemnification Agreement, the Dupli Building 1 PILOT Agreement and any other document now or hereafter executed by 600 Franklin in connection with the City of Syracuse Industrial Development Agency (the “**Agency**”) agreeing, at the request of Dupli Associates LLC (“**Dupli**” and 600 Franklin (and together with Dupli, the “**Company**”), to undertake a project (the “**Project**”) consisting of: (A)(i) the continuation of an interest in 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“**Building 1**”) (bearing tax parcel identification number 118.-06-08.0), located in the City of Syracuse, New York (the “**City**”) (the “**Land**”); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>[1]</sup> (the “**AMI**”); and approximately 3,500 sq.ft. of retail space (collectively, the “**Facility**”); and (iii) the acquisition and installation in and at the Land and Building 1 of furniture, fixtures and equipment (the “**Equipment**” and together with the Land and the Facility, the “**Project Facility**”); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the “**Financial Assistance**”); (C) the appointment of 600 Franklin or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facility by the Agency pursuant to an amended lease agreement and the acquisition of an interest in the Equipment pursuant to one or more bill(s) of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to an amended sublease agreement.

600 Franklin is the current owner of the Land and the Facility.

Capitalized terms used herein which are not otherwise defined herein shall have the meanings ascribed to such terms in the Dupli Building 1 Agency Lease, dated as of December 1, 2020, by and among the Agency, Dupli and 600 Franklin, except that, for purposes of this certificate: (A) all definitions with respect to any document shall be deemed to refer to such document only as it exists as of the date of this Certificate and not as of any future date; and (B) all definitions with respect to any Person shall be deemed to refer to such Person only as it exists as of the date of this certificate and not as of any future date or to any successor or assign.

---

[1] As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

The undersigned does hereby certify as follows:

1. Attached hereto as **Exhibit “A”** is a true, correct and complete copy of the Articles of Organization of 600 Franklin and any amendments thereto filed with the New York State Secretary of State with proof of publication thereof attached thereto, which Articles (including any amendments) are in full force and effect on the date hereof.

2. Attached hereto as **Exhibit “B”** is a true, correct and complete copy of the 600 Franklin’s Operating Agreement, and any amendments thereto, and such Operating Agreement, as may have been amended, is in full force and effect on the date hereof.

3. 600 Franklin is, and at all times will be, a limited liability company, duly organized, validly existing and in good standing under the laws of New York State and authorized and licensed under the laws of New York State to transact business as a business corporation for the purpose of owning and operating the Project Facility in New York State. Attached hereto as **Exhibit “C”** is a true and correct copy of a Certificate of Good Standing of 600 Franklin issued by the New York State Secretary of State.

4. For the term of the Dupli Building 1 Agency Lease, ninety (90) percent of 600 Franklin's membership interests shall be held by Dupli.

5. 600 Franklin has full legal right, power and authority to execute and deliver the Franklin Company Documents and to consummate the transactions on the part of 600 Franklin contemplated by the Franklin Company Documents. The Franklin Company Documents have been duly authorized, executed, and delivered by the Managing Member on behalf of 600 Franklin and are in full force and effect as of the date hereof. Attached hereto as **Exhibit “D”** is a true, correct and complete copy of the authorizing resolution of the Managing Member of 600 Franklin (the “**Resolution**”) in respect of the execution, delivery and performance of the Franklin Company Documents.

6. 600 Franklin understands and agrees that, unless a written waiver is first obtained from the Agency, 600 Franklin and its Additional Agents shall utilize local labor, contractors and suppliers for the construction, renovation, reconstruction and equipping of the Project Facility. The term “**local**” shall mean Onondaga, Oswego, Madison, Cayuga, Oneida and Cortland Counties. 600 Franklin further understands and agrees that failure to comply with these local labor requirements may result in the revocation or recapture of benefits provided/approved to the Project by the Agency. In furtherance thereof, Appendix I to the Agency’s Application entitled “Local Access Agreement” has been completed and is attached hereto as **Exhibit “E”**.

7. 600 Franklin understands and agrees that it is the preference of the Agency that 600 Franklin provide opportunities for the purchase of goods and services from: (i) business enterprises located in the City; (ii) certified minority and or women-owned business enterprises; and (iii) business enterprises that employ residents of the City. 600 Franklin further understands and acknowledges that consideration will be given by the Agency to 600 Franklin's efforts to

comply, and compliance, with this objective at any time an extension of benefits is sought or involvement by the Agency with the Project is requested by 600 Franklin.

8. All consents, approvals, authorizations or orders of, notices to, or filings, registrations or declarations with, any court or governmental authority, board, agency, commission or body having jurisdiction which are required on behalf of 600 Franklin or for the execution and delivery by 600 Franklin of the Franklin Company Documents or the consummation on the part of 600 Franklin of the transactions contemplated thereby have been obtained.

9. After performing due diligence, there is no legal action, suit, proceeding, inquiry or investigation at law or in equity (before or by any court, agency, arbitrator, public board or body or other entity or person) pending or threatened against or affecting 600 Franklin or, to the knowledge of 600 Franklin, any basis therefor: (i) in any way affecting the organization, existence or good standing of 600 Franklin; (ii) contesting or materially affecting the validity or enforceability of the Franklin Company Documents; (iii) contesting the powers of 600 Franklin or its authority with respect to the Franklin Company Documents; (iv) contesting the authority of 600 Franklin to act on behalf of 600 Franklin or the authority of the representatives of 600 Franklin to act on behalf of 600 Franklin; (v) wherein an unfavorable decision, ruling or finding would have a material adverse effect on: (A) the financial condition or operations of 600 Franklin; or (B) the consummation on the part of 600 Franklin of the transactions contemplated by any Franklin Company Documents.

10. The execution and delivery by 600 Franklin of the Franklin Company Documents and the consummation by 600 Franklin of the transactions contemplated thereby are not prohibited by, do not violate any provision of, and will not result in a breach of or default under: (i) the organizational documents of 600 Franklin; (ii) any applicable law, rule, regulation, order, writ, injunction, judgment or decree of any court or governmental body or other requirement to which 600 Franklin is subject; or (iii) any contract, agreement, mortgage, lease, guaranty, commitment or other obligation or instrument to which 600 Franklin is a party or by which 600 Franklin or its properties is bound.

11. All information concerning the Project Facility and 600 Franklin submitted to the Agency and any Mortgagee by 600 Franklin and or Dupli is true and correct in all material respects and does not omit to state a material fact necessary to make the statements therein not misleading. 600 Franklin represents and warrants that it has no employees and therefore is not now required to carry worker's compensation insurance. 600 Franklin represents and acknowledges that in the event it hires any employees in the future, it has an obligation pursuant to the Agency Lease, dated as of December 1, 2020 by and between the Company and the Agency, to obtain worker's compensation insurance and provide proof of same to the Agency.

12. Assuming the valid authorization, execution and delivery of the Dupli Building 1 Agency Lease and the other Franklin Company Documents by the other parties thereto, the Dupli Building 1 Agency Lease and the other Franklin Company Documents are the legal, valid and binding obligations of 600 Franklin, enforceable against 600 Franklin in accordance with their respective terms, except to the extent that enforcement thereof may be limited by bankruptcy, insolvency or other similar laws affecting creditors' rights generally or by the exercise of judicial discretion in accordance with general principles of equity. No default by 600 Franklin or, to the best of knowledge of the undersigned, no event of default on the part of any other party to the Franklin Company Documents has occurred or is continuing and no event has occurred which,

with the giving of notice or passage of time or both, would be such an event of default. 600 Franklin has duly authorized the taking of and has taken all actions necessary to carry out and give effect to the transactions contemplated to be performed on its part by the Franklin Company Documents.

13. All permits (including building permits), licenses and authorizations necessary for the construction, ownership and operation of the Project in the manner contemplated by each of the Franklin Company Documents have been obtained or will be obtained, and said construction, ownership and operation will not, to the best knowledge of 600 Franklin, conflict with any zoning or similar ordinance applicable to the Project. To the best of 600 Franklin's knowledge, the Project conforms to all material environmental regulations.

14. There is no Event of Default or default on the part of 600 Franklin under the Dupli Building 1 Project Agreement, the Dupli Building 1 Company Lease, the Dupli Building 1 Agency Lease, the Mortgage, the Dupli Building 1 PILOT Agreement, the Environmental Compliance and Indemnification Agreement or any other Franklin Company Document, and no event has occurred and is continuing which, after notice or passage of time or both, would give rise to a default under any thereof.

15. The Dupli Building 1 Project Agreement, the Dupli Building 1 Company Lease, the Dupli Building 1 Agency Lease, the Mortgage, the Dupli Building 1 PILOT Agreement, the Environmental Compliance and Indemnification Agreement and the other Franklin Company Documents are in full force and effect and 600 Franklin has not assigned or pledged any of its rights under these documents.

16. 600 Franklin restates and affirms all of the obligations, representations and covenants in the Dupli Building 1 Agency Lease and the Project Agreement and incorporates same herein by reference as if fully set forth herein.

17. The authorized representatives of 600 Franklin who, pursuant to the Resolution, are authorized to execute the Franklin Company Documents and the office held by each person are as set forth below. The signature set opposite the name of such officer, if any, is a genuine specimen of such officer's signature:

Brendan C. Hughes  
Executive Deputy Secretary of State

**ARTICLES OF ORGANIZATION  
OF  
600 Franklin Owner LLC**

Under Section 203 of the Limited Liability Company Law

THE UNDERSIGNED, being a natural person of at least eighteen (18) years of age, and acting as the organizer of the limited liability company hereby being formed under Section 203 of the Limited Liability Company Law of the State of New York certifies that:

**FIRST:** The name of the limited liability company is:

**600 Franklin Owner LLC**

**SECOND:** To engage in any lawful act or activity within the purposes for which limited liability companies may be organized pursuant to Limited Liability Company Law provided that the limited liability company is not formed to engage in any act or activity requiring the consent or approval of any state official, department, board, agency, or other body without such consent or approval first being obtained.

**THIRD:** The county, within this state, in which the office of the limited liability company is to be located is BROOME.

**FOURTH:** The Secretary of State is designated as agent of the limited liability company upon whom process against it may be served. The address within or without this state to which the Secretary of State shall mail a copy of any process against the limited liability company served upon him or her is:

LLC  
113 Court Street  
Binghamton, NY 13901

**FIFTH:** The limited liability company is to be managed by: ONE OR MORE MANAGERS.

**SIXTH:** The limited liability company shall defend, indemnify and hold harmless all members, managers, and former members and managers of the limited liability company against expenses (including attorney's fees, judgments, fines, and amounts paid in settlement) incurred in connection with any claims, causes of action, demands, damages, liabilities of the limited liability company, and any pending or threatened action, suit, or proceeding. Such indemnification shall be made to the fullest extent permitted by the laws of the State of New York, provided that such acts or omissions which gives rise to the cause of action or proceedings occurred while the Member or Manager was in performance of his or her duties for the limited liability company and was not as a result of his or her fraud, gross negligence, willful misconduct or a wrongful taking. The indemnification provided herein shall inure to the benefit of successors, assigns, heirs, executors, and the administrators of any such person.

I certify that I have read the above statements, I am authorized to sign these Articles of Organization, that the above statements are true and correct to the best of my knowledge and belief and that my signature typed below constitutes my signature.

**OPERATING AGREEMENT**

## **600 FRANKLIN OWNER LLC OPERATING AGREEMENT**

THIS OPERATING AGREEMENT OF 600 FRANKLIN OWNER LLC, a New York limited liability company (the “Company”) is made and entered into as of December 16, 2020, by and among the Company and 600 FRANKLIN MT LLC (“Master Tenant”) and DUPLI ASSOCIATES LLC (“Managing Member”), as the members (the “Members”).

### **RECITALS**

The Company was formed as a limited liability company under the laws of the State of New York, pursuant to Articles of Organization filed with the Secretary of State of the State of New York (the “Filing Office”) effective as of October 21, 2020 (such Articles of Organization, as amended from time to time, being referred to herein as the “Certificate”).

NOW, THEREFORE, it is hereby agreed as follows:

### **ARTICLE I**

#### **NAME AND BUSINESS**

##### **Section 1.01 Name; Place of Business.**

- (A) The name of the Company is 600 Franklin Owner LLC.
- (B) The principal office of the Company, wherein there shall be maintained those records required by the Act to be kept by the Company, shall be as a principal office at 113 Court Street, Binghamton, New York 13901.
- (C) The registered agent of the Company in the State for service of process is the New York Secretary of State.

**Section 1.02 Purposes.** The purposes of the Company are to develop, rehabilitate, finance, own, maintain, improve, operate, lease, sell or otherwise dispose of the Property all in accordance with the requirements of the Act and Sections 47 and 48 of the Code and Section 210-B(26) of the New York Tax Law, in order to obtain long term appreciation, cash flow and return of capital. The Company shall engage in no other business.

##### **Section 1.03 Term and Dissolution.**

- (A) The Company shall continue in full force and effect in perpetuity unless dissolved in accordance with the terms hereof.
- (B) Upon dissolution of the Company, the Members (or for purposes of this paragraph, its trustees, receivers or successors) shall liquidate the Company Assets in a manner consistent with the Act.

## ARTICLE II

### DEFINITIONS

**Section 2.01 Meanings.** Capitalized terms used in this Agreement shall have the meanings specified in this Section 2.01. Certain additional defined terms are set forth elsewhere in this Agreement.

“Accountants” means Grossman St. Amour Certified Public Accountants PLLC or any successor firm of independent certified public accountants as may be engaged by the Members.

“Act” means the New York Limited Liability Company Act, as amended from time to time. Reference to any section of the Act shall be deemed to refer to a similar provision in any amendment to the Act.

“Adjusted Capital Contribution” means an amount, not less than zero, equal to the aggregate Capital Contributions theretofore made by a Member to the Company minus any Distributions theretofore made by the Company to such Member.

“Affiliate” means any Person which directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with a Member. For purposes hereof, the terms “control,” “controlled,” or “controlling” shall include, without limitation, (i) the ownership, control or power to vote ten percent (10%) or more of the beneficial interest of any such Person, as the case may be, directly or indirectly, or acting through one or more Persons, (ii) the control in any manner over the Member(s) or the election of more than one director or trustee (or Persons exercising similar functions) of such Person, or (iii) the power to exercise, directly or indirectly, control over the management or policies of such Person.

“Agreement” means this Operating Agreement, including all Exhibits and Schedules hereto, as amended from time to time.

“Applicable Laws” means all federal, state, municipal and local laws, ordinances, rules, regulations, requirements and all judgments, decrees, determinations, awards and court orders applicable to the Company and/or the Project, including, without limitation, usury laws, zoning ordinances, tax laws and environmental laws.

“Architect” means such architect as may be engaged by the Company.

“Bankruptcy” or “Bankrupt” or “Event of Bankruptcy” means, as to a specified Person:

(A) the entry of a decree or order for relief by a court having jurisdiction in the premises in respect of such Person in an involuntary case under the federal bankruptcy laws, as now or hereafter constituted, or any other applicable federal or state bankruptcy, insolvency or other similar law, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or similar official) of such Person or for any substantial part of his property, or ordering the winding-up or liquidation of his affairs and the continuance of any such decree or order is not dismissed within 60 days; or

(B) the commencement by such Person of a voluntary case under the federal bankruptcy laws, as now constituted or hereafter amended, or any other applicable federal or state bankruptcy, insolvency or other similar law, or the consent by him to the appointment of or taking possession by a receiver, liquidator, assignee, trustee, custodian, sequestrator (or similar official) of such Person or for any substantial part of his property, or the making by him of any assignment for the benefit of creditors, or the taking of action by the Person in furtherance of any of the foregoing.

“Building” means the building located on the Property in which the Company owns a fee simple interest.

“Capital Account” shall, with respect to each Member, mean and refer to the separate “book” account for such Member to be established and maintained in all events in accordance with Section 704 of the Code and the Regulations thereunder.

(A) Except as otherwise set forth in Article IV hereof to the contrary, a Member’s Capital Account shall include generally, without limitation, the Capital Contribution of a Member (as of any particular date), (1) increased by the Member’s distributive share of Profits of the Company (including, if such date is not the close of the Company Accounting Year, the distributive share of Profits of the Company for the period from the close of the last Company Accounting Year to such date) and (2) decreased by the Member’s distributive share of Losses of the Company and distributions by the Company to such Member (including, if such date is not the close of the Company Accounting Year, the distributive share of Losses of the Company and distributions by the Company during the period from the close of the last Company Accounting Year to such date). For purposes of the foregoing, distributions of property to a Member shall result in a decrease in such Member’s Capital Account equal to the Gross Asset Value, as of the date of distribution, of such property (less the amount of indebtedness, if any, of the Company which is assumed by such Member and/or the amount of indebtedness, if any, to which such property is subject, as of the date of distribution, subject to the provisions of I.R.C. § 7701(g)) distributed by the Company to such Member).

(B) In the event that the Capital Contribution of a Member consists of property having a fair market value in excess of its adjusted basis, or in the event the Gross Asset Values of Company Assets are adjusted under and pursuant to clauses (B) and (C) of the definition of Gross Asset Value hereof, the Members’ Capital Accounts shall be adjusted thereafter in accordance with the provisions of § 1.704-1(b)(2)(iv)(g) of the Regulations with respect to allocations to the Members of Depreciation, gain or loss, as computed for book purposes and not for tax purposes.

(C) In the event that the provisions of § 1.704-1(b)(2)(iv) of the Regulations fail to provide guidance on how adjustments to the Capital Accounts of the Members should be made to reflect particular adjustments to Company capital on the books of the Company, then such Capital Account adjustments shall be made by the Members in their reasonable determination, with the review and concurrence of the Accountants and/or with the advice of the professional tax advisors of the Company, in a manner that (1) maintains equality between (A) the aggregate Capital Accounts of the Members and (B) the amount of

Company capital reflected on the Company's balance sheet, as computed for book purposes in accordance with § 1.704-1(b) of the Regulations, (2) is consistent with the underlying economic arrangement among the Members and (3) is based, wherever practicable, on federal tax accounting principles.

“Capital Contribution” means the cash plus the Gross Asset Value (net of liabilities) of other property contributed to the Company by each Member.

“Capital Event” means any transaction the proceeds of which are not includable in Cash Flow, including without limitation, the sale or other disposition of all or any substantial part of the assets of the Company in a single transaction and a refinancing of any indebtedness encumbering the Project, but excluding (i) loans to the Company (other than a refinancing of any indebtedness encumbering the Project) and (ii) contributions to the capital of the Company by the Members.

“Cash Flow” means, for any period of time, the total cash receipts of the Company from ordinary operations, any and all proceeds of any insurance, indemnity, warranty or guaranty payable to the Company with respect to the operation of the Project or any other Company Assets, including insurance against business interruption, rental interruption, or other loss of income (but excluding any insurance with respect to a casualty affecting the Building), any distributions from any other Entity in which the Company has invested, withdrawals from reserves, and any other funds deemed available for distribution or designated as Cash Flow by the Members, *less* (i) the total cash disbursements of the Company (such as, but not limited to, lease payments, operating expenses, interest and principal repayments of any loans other than loans payable only to the extent of available Cash Flow), and (ii) amounts paid in connection with the establishment or maintenance of reserves.

“Certificate” or “Certificate of Organization” means the Articles of Organization of the Company and any amendment thereto, as filed with the Filing Office in accordance with the Act, as amended from time to time.

“Code” or “I.R.C.” means the Internal Revenue Code of 1986, as amended from time to time, or any successor statute thereto. Reference herein to any Code Section shall include any successor provision.

“Company” has the meaning set forth in the recitals.

“Company Accounting Year” means the accounting year of the Company, ending December 31 of each year.

“Company Assets” means, at any particular time, the Company's fee simple interest in the Project, and any other assets or property (tangible, intangible, choate or inchoate, fixed or contingent) of the Company.

“Company Taxable Year” means the taxable year of the Company which shall be the Company Accounting Year or such other taxable period as may be required by the Code or Regulations.

“Consent” shall mean the prior written consent from the party from whom consent is sought, which consent shall not be unreasonably withheld, conditioned or delayed.

“Depreciation” means, for purposes of maintaining Capital Accounts and not for purposes of calculating taxable income, for each Company Accounting Year or other period, with respect to Company Assets, an amount that bears the same ratio to the Gross Asset Values of Company Assets as the federal income tax depreciation, amortization, or other cost recovery deduction for such Company Assets for such year or other period bears to the adjusted tax bases of such assets, appropriately adjusted for any adjustments to the tax bases of such assets which occur from time to time during such year or other period.

“Distribution” means any cash or property that the Company distributes to a Member (in its capacity as a Member) without consideration, including, without limitation, distributions of Cash Flow and Net Proceeds. A Distribution shall not include (i) a fee or other payment based on the performance of services or (ii) the repayment of a loan.

“Economic Interest” means a Person’s share of the Profits and Losses of, and the right to receive distributions from, the Company.

“Economic Interest Holder” means any Person who holds an Economic Interest, whether as a Member or an unadmitted assignee of a Member.

“Entity” means any general partnership, limited partnership, corporation, joint venture, trust, business trust, cooperative, association, limited liability company or the State or any agency or political subdivision thereof.

“Filing Office” means the New York Secretary of State.

“Final Determination” means the earliest to occur of (i) the date on which a decision, judgment, decree or other order has been issued by any court of competent jurisdiction, which decision, judgment, decree or other order has become final (i.e., all allowable appeals requested by the parties to the action have been exhausted), (ii) the date on which the Service (or, if applicable, any state or local taxing authority) has entered into a binding agreement with the Company with respect to such issue or on which the Service (or such state or local taxing authority) has reached a final administrative or judicial determination with respect to such issue which, whether by law or agreement, is not subject to appeal, (iii) the date on which the time for instituting a claim for refund has expired, or if a claim was filed the time for instituting suit with respect thereto has expired with no such suit having been filed, or (iv) the date on which the applicable statute of limitations for raising an issue regarding a federal (or, if applicable, a state or local) income tax matter with respect to the Company has expired with such issue not having been raised.

“Fiscal Year” means the twelve-month period which begins on the first day of January and ends on the thirty-first (31st) day of December of each calendar year (or ends on the date of final dissolution for the year in which the Company is wound up and dissolved).

“Foss” or “Investor Member” means Foss NY Historic Fund V, LLC which is the investor member of Master Tenant. Any consent of the Master Tenant shall also require the consent of Foss.

“Governmental Authority” means any state, federal, local, municipal or other governmental authority, agency, or licensing authority of any kind whatsoever, including any so-called “business improvement district” or similar entity or organization.

“Gross Asset Value” means the following, with respect to any Company Asset:

(A) The initial Gross Asset Value of any Company Asset at the time that it is contributed by a Member to the capital of the Company shall be an amount equal to the gross fair market value of such Company Asset (without regard to the provisions of I.R.C. Section 7701(g)), as determined by the contributing Member and the Company.

(B) The Gross Asset Values of all Company Assets may be adjusted, as determined by the Members in its discretion, to equal their respective fair market values taking Code Section 7701(g) into account (A) in connection with the contribution of money or other property (other than a *de minimis* amount) to the Company by a new or existing Member as consideration for an Interest in the Company or (B) in connection with the liquidation of the Company or the distribution by the Company of more than a *de minimis* amount of Company Assets or money to a retiring or continuing Member as consideration for an Interest in the Company or in any other circumstances set forth in § 1.704-1(b)(2)(iv)(f)(5) of the Regulations or in any successor regulations.

(C) The Gross Asset Values of all Company Assets shall be adjusted, as reasonably determined by the Members, to equal the respective fair market values of the Company Assets upon the termination of the Company for federal income tax purposes pursuant to I.R.C. Section 708(b)(1)(B).

“Guarantor” means, jointly and severally, each of Mark Lane and Joseph Gehm .

“Guaranty Agreement” means the Guaranty Agreement, dated as of the date hereof by the Guarantor in favor of the Investor Member.

“Historic Tax Credits” or “Credits” means the sum of the tax credits allowable pursuant to Section 47 of the Code (“Federal Credits”) and Section 210-B(26) of New York State’s Tax Law (“State Credits” or “State Historic Tax Credits”) for qualified rehabilitation expenditures incurred in connection with the “certified rehabilitation” of a “certified historic structure.”

“HTC Bridge Equity” means all of the proceeds of an historic tax credit bridge loan from Foss Bridge Credit, LLC, to be contributed by Managing Member to the Company.

“HTC Pass Through Agreement” means the HTC Pass-Through Agreement of even date herewith between the Company and the Master Tenant.

“Interest” means the entire interest of a Member in the Company at any particular time, including the right of such Member to any and all benefits to which a Member may be entitled as provided in this Agreement and the obligations of such Member to comply with the terms of this Agreement.

“Material Default” means

- (i) a material breach by the Managing Member in the performance of any of its obligations under this Agreement;
- (ii) the occurrence of any event of default by the Managing Member or the Company in the performance of any of the Operating Documents;
- (iii) any material violation of any federal, state, municipal, or local laws, ordinances, rules, or regulations by the Company or the Managing Member with respect to the Project;
- (iv) a breach by any Guarantor of any representation, warranty, covenant or obligation under the Guaranty Agreement;
- (v) the failure of the managing member of the Master Tenant to make any “project expense loan” as, and if, required under the Master Tenant Operating Agreement;
- (vi) the commencement of foreclosure proceedings against the Landlord (or the Property) that are not dismissed within thirty (30) days of such commencement;
- (vii) a Terminating Event as to the Managing Member or an Event of Bankruptcy as to the Company; or
- (viii) a material violation by the Managing Member of its fiduciary duties as the Managing Member of the Company.

“Managing Member” means Dupli Associates LLC, a New York limited liability company, and any other Managing Member appointed or admitted in accordance with the terms of this Agreement. If at any time the Company has more than one Managing Member, the term “Managing Member” shall mean and include all the Managing Members.

“Master Lease” means the Lease of even date herewith between the Company, as landlord, and the Master Tenant, as tenant.

“Member” means any member of the Company. As of the date of this Agreement, the Members are Managing Member and Master Tenant.

“Minimum Gain” means, with respect to each Member, the amount computed in accordance with § 1.704-2(g) of the Regulations. The Company shall separately compute each Member’s share of Minimum Gain attributable to Member nonrecourse debt pursuant to § 1.704-2(i) of the Regulations.

“Mortgage Lender” means Tompkins Trust Company which is making a construction/permanent loan to Company, secured by mortgages on the Property.

“Mortgage Loan Documents” means those documents and agreements executed by the Company and Mortgage Lender regarding the mortgage loans to the Company.

“Net Proceeds” means the difference between (A) the sum of (i) the gross proceeds from a Capital Event other than a refinancing; (ii) the excess proceeds from the refinancing of any loan on the Project (that is, any refinancing proceeds not needed for the repayment of the loan refinanced or for other Company expenses, obligations or expenditures); and (iii) the receipt of any proceeds from insurance settlements or other claims attributable to fire or other casualty, or from condemnation, sales or grants of easements, rights-of-way or the like in excess of those needed for repair, restoration or replacement of the damaged, destroyed or condemned property and (B) the payment of or due provision for (i) all liabilities to creditors of the Company other than Members or their affiliates and (ii) expenses of such Capital Event.

“Operating Documents” means the Master Lease, the HTC-Pass Through Agreement, any Mortgage Loan Document, the SNDA and any other document with respect to the operation or financing of the Project to which the Company is a party.

“Person” means any individual or entity, and the heirs, executors, administrators, legal representatives, successors and assigns of such individual or entity as the context may require.

“Post Allocation Period” has the meaning set forth in Section 4.01(B).

“Profits and Losses” means, for each calendar year or other period, an amount equal to the Company’s taxable income or loss for such year or period, determined in accordance with I.R.C. § 703(a) (for this purpose, all items of income, gain, loss or deduction required to be stated separately pursuant to I.R.C. § 703(a)(1) shall be included in taxable income or loss), with the following adjustments to be made solely for purposes of maintaining Capital Accounts and not for determining taxable income or loss:

- (A) Any income of the Company that is exempt from federal income tax and not otherwise taken into account in computing Profits or Losses pursuant to this definition shall be added to such taxable income or loss;
- (B) Any expenditures of the Company described in I.R.C. § 705(a)(2)(B) or treated as I.R.C. § 705(a)(2)(B) expenditures pursuant to § 1.704-1(b)(2)(iv)(i) of the Regulations, and not otherwise taken into account in computing Profits or Losses pursuant to this definition, shall be subtracted from such taxable income or loss;
- (C) In the event the Gross Asset Value of any Company Asset is adjusted pursuant to clauses (B) and (C) of the definition of Gross Asset Value, the amount of such adjustment shall be taken into account as hypothetical gain or loss from the disposition of such asset for purposes of computing Profits or Losses;
- (D) Gain or loss resulting from any disposition of any asset of the Company with respect to which gain or loss is recognized for federal income tax purposes shall be computed by reference to the Gross Asset Value of the property disposed of, notwithstanding that the adjusted tax basis of such property differs from its Gross Asset Value; and

(E) In lieu of the depreciation, amortization and other cost recovery deductions taken into account in computing taxable income or loss, there shall be taken into account Depreciation for such calendar year or other period.

“Project” means the rehabilitation of the Building by the Company in a manner that qualifies for Historic Tax Credits under Section 47 of the Code, and State Historic Tax Credits under the N.Y. Tax. Law §210-B(26), as amended.

“Projections” means those certain financial projections prepared by Cohn Reznick, on behalf of the Company and Master Tenant, dated the same date as this Agreement.

“Property” means the land and improvements located at 600 North Franklin Street, Syracuse, New York 13204.

“Regulations” means the Income Tax Regulations promulgated under the Code, as amended and in effect from time to time.

“Rehabilitation” means the development, construction, renovation, and rehabilitation work on the Building.

“Requisite Approvals” means any approval from any person or entity required to approve the applicable action pursuant to any agreement binding on the Company.

“Securities Act” means the Securities Act of 1933, as amended.

“Securities Laws” means the Securities Act and any other state or federal securities laws and regulations, disclosure requirements, “Blue Sky” laws, and other applicable laws, statutes, rules, regulations, orders, and other governmental requirements.

“Service” shall mean the Internal Revenue Service.

“SIDA Transaction” means the lease-leaseback transaction between the Company and the City of Syracuse Industrial Development Agency, including the Project Agreement, the Company Lease Agreement, the Agency Lease Agreement, the PILOT Agreement, the Environmental Compliance and Indemnification Agreement and all other documents, agreements and instruments ancillary thereto.

“SNDA” means that Subordination and Non-Disturbance Agreement between the Company’s Mortgage Lender and the Investor Member dated as of the same date as this Agreement.

“State” means the State of New York.

“Tax” or “Taxes” means any and all liabilities, losses, expenses and costs that are, or are in the nature of, taxes, fees or other governmental charges, including interest, penalties, fines and additions to tax imposed by any Governmental Authority.

“Terminating Event” means the Bankruptcy or dissolution of a Managing Member, the Transfer of its Interest by a Managing Member, or the voluntary or involuntary withdrawal of a Managing Member from the Company. Involuntary withdrawal shall occur whenever a Managing Member may no longer continue as a Managing Member by law or pursuant to any terms of this Agreement.

“Transfer” means any sale, exchange, assignment, encumbrance, hypothecation, pledge, foreclosure, conveyance in trust, gift or other transfer of any kind, whether direct or indirect, voluntary or involuntary. When used as a verb, such term shall mean, voluntarily or involuntarily, to sell, exchange, assign, encumber, hypothecate, pledge, foreclose, convey in trust, give or otherwise transfer.

**Section 2.02 Pronouns and Plurals.** All pronouns and any variations thereof shall be deemed to refer to the masculine, feminine, neuter, singular or plural as the identity of the Person or persons may require. Words such as “herein,” “hereinafter,” “hereof,” “hereto” and “hereunder,” when used with reference to this Agreement, refer to this Agreement as a whole, unless the context otherwise requires.

### ARTICLE III

#### CAPITAL

**Section 3.01 Capital Contribution of the Members.** The Members have made or will make Capital Contributions to the Company in the amounts set forth in Schedule A, subject to the terms of Section 3.03.

**Section 3.02 Additional Contributions.** Except upon action of the Members by the vote specified herein, no Member shall be required to make any additional capital contribution.

**Section 3.03 Specific Provisions Regarding Capital Contributions.**

(A) The Party’s obligations to make any Capital Contribution to the Company, as to amount or timing, is subject to the terms of the Operating Agreement of the Master Tenant dated as of the same date as this Agreement (“Master Tenant Operating Agreement”).

(B) The Managing Member represents that it will use the Capital Contributions of the Master Tenant substantially for the purposes set forth in the Projections, unless the Consent of the Master Tenant (which shall require the affirmative consent of Foss in any respect) is obtained for a change in the application of funds. The Managing Member shall be responsible for:

- (i) completing the Project on or before the date set forth in the Master Lease;
- (ii) fulfilling all actions required of the Company to assure that the Company receives Part 3 Approval as defined in the Master Tenant Operating Agreement;

- (iii) funding any costs with respect to completing the Project and delivering the Project to the Master Tenant pursuant to the Master Lease, including without limitation obtaining any certificates of occupancy and satisfying any requirements with respect to operating the project. Any amounts paid by the Managing Member pursuant to this clause (iii) shall be added to the Capital Contribution of the Managing Member.

**ARTICLE IV**

**PROFITS, LOSSES AND TAX CREDITS; DISTRIBUTIONS; CAPITAL ACCOUNTS**

**Section 4.01 Profits, Losses and Credits.**

(A) Subject to Section 4.04 and Section 4.01(B) hereof, all Profits and Losses shall be allocated to the Members in accordance with the following percentages:

<u>Member</u>	<u>Percentage</u>
Master Tenant	10%
Managing Member	90%

(the “Percentages”).

(B) Profits and Losses recognized by the Company upon a Capital Event shall be allocated in the following manner:

- (i) Profits shall be allocated (x) first, to the Members with negative Capital Account balances, that portion of gains (including any gains treated as ordinary income for federal income tax purposes) which is equal in amount to, and in proportion to, such Members’ respective negative Capital Accounts in the Company; provided that no gain shall be allocated under this 4.01(B)(i) to a Member once such Member’s Capital Account is brought to zero and (y) second, gains in excess of the amount allocated under (x) shall be allocated to the Members in the amounts and to the extent necessary to increase the Members’ respective Capital Accounts so that the proceeds distributed under Section 4.03 will be distributed in accordance with the Members’ respective Capital Accounts.
- (ii) Losses shall be allocated (i) first, to the extent and in such proportions as the respective positive balances in all Members’ Capital Accounts, and (ii) second, any remaining loss to the Members in accordance with the manner in which they bear the economic risk of loss associated with such loss or, if none, to the Members in accordance with their Percentages.

(C) Notwithstanding any other provision in this Agreement, any taxable income of the Company resulting from its receipt of debt forgiveness, donations, capital contributions, grants, subsidies or other similar items not reflected as income in the Projections shall be allocated entirely to the Managing Member.

**Section 4.02 Cash Distributions Prior to Dissolution.**

(A) **Cash Flow.** Cash Flow, if available with respect to any Company Accounting Year and if the Managing Member shall determine that Cash Flow is available for distribution, shall be applied or distributed annually, within 90 days after the end of the Company Accounting Year, to the Members in accordance with their Percentages.

(B) **Distributions of Net Proceeds.** Prior to dissolution of the Company, if the Managing Member shall determine from time to time that Net Proceeds are available for distribution from a Capital Event, such Net Proceeds shall be applied or distributed in the following priority:

- (i) First, to the payment of the expenses related to the Capital Event and the satisfaction of third party obligations and debts;
- (ii) Lastly, the remaining Net Proceeds, if any, shall be distributed to the Members in accordance with their Percentages.

**Section 4.03 Termination Distributions.**

(A) Upon dissolution and termination of the Company, after payment of, or adequate provision for, the debts and obligations of the Company, the remaining assets of the Company (or the proceeds of sales or other dispositions in liquidation of the Company Assets) shall be distributed pro rata to the Members in accordance with their respective positive Capital Account balances after taking into account all Capital Account adjustments for the year.

(B) In the event a Member has a negative balance in its Capital Account following the liquidation of the Company, after taking into account all Capital Account adjustments for the Company's taxable year in which such liquidation occurs, such Member may, but shall not be obligated to, pay to the Company in cash an amount equal to the negative balance in such Member's Capital Account. The Member shall, by giving written notice to the Company prior to the end of the applicable taxable year specifying the amount of the deficit restoration for which it intends to be unconditionally obligated, be so bound without further action by any party. Deficit Capital Account restoration payments shall be made by the end of such taxable year (or, if later, within ninety (90) days after the date of such liquidation) and shall, upon liquidation of the Company, be paid to creditors of the Company or distributed to other Members in accordance with the positive balances in their Capital Accounts.

**Section 4.04 Special Allocations.** Notwithstanding anything to the contrary contained in this Agreement:

(A) In the event that there is a net decrease in Company minimum gain (as defined in Regulation § 1.704-2(d)) during a fiscal year or period, all Members shall be allocated, before any other allocation is made of the Company items for such year or period, items of income and gain for such year or period (and, if necessary, subsequent years) in the manner and to the extent required by Regulation § 1.704-2(f). The allocations contained in this paragraph are intended to be a “minimum gain chargeback” within the meaning of Regulation § 1.704-2(f) and shall be interpreted consistently therewith.

(B) Subject to the provisions of paragraph (A) of this Section 4.04, (i) any partner nonrecourse deduction (as defined in Regulation § 1.704-2(i)(2)) shall be allocated in the manner specified in Regulation § 1.704-2(i) and (ii) if there is a net decrease during a taxable year of the Company in the minimum gain attributable to partner nonrecourse debt, then items of Company income and gain for such year (and, if necessary, for subsequent years) shall be allocated in the manner and to the extent required by Regulation § 1.704-2(i)(4).

(C) Subject to the provisions of paragraphs (A) and (B) of this Section 4.04, in the event that a Member unexpectedly receives any adjustments, allocations or distributions described in Regulation § 1.704-1(b)(2)(ii)(d)(4), (5) or (6) as a result of which the negative Capital Account balance of the Member exceeds the sum of such Member’s share of minimum gain and the amount of its negative Capital Account that it has agreed to restore or is deemed to be obligated to restore pursuant to Regulations §§ 1.704-2(g)(1) and 1.704-2(i)(5), items of Company income and gain shall be specially allocated to such Member in the manner and to the extent required by such Regulation. This paragraph is intended to be a “qualified income offset” within the meaning of Section 1.704-1(b)(2)(ii)(d) of the Regulations and shall be interpreted consistently therewith. Any Member may, by giving written notice to the Company prior to the end of the applicable taxable year specifying the amount of the deficit restoration for which it intends to be unconditionally obligated, be so bound without further action by any party. Deficit Capital Account restoration payments shall be made in accordance with Section 4.03(B) of this Agreement.

(D) (i) If the balance in the Capital Account of a Member is less than zero, net loss shall be allocated to such Member only to the extent that (y) the sum of the Minimum Gain of such Member (determined in accordance with the provisions of § 1.704-2(g) of the Regulations) plus the amount of its negative Capital Account that such Member has agreed to restore exceeds (z) the deficit balance in the Capital Account of such Member (determined at the end of the Company Taxable Year to which the allocation relates).

(ii) Any net loss not allocable to a Member as a result of the application of Section 4.04(D)(i) hereof shall be allocated to the other Members.

(E) In the event that, at any time or from time to time after the effective date of this Agreement, the Gross Asset Values of the Company Assets are adjusted in accordance with this Agreement, then, notwithstanding the provisions of Section 4.01 hereof, the Members’ allocable shares of depreciation, depletion, amortization and gain or loss, as computed for tax purposes, with respect to the Company property, must be determined so as to take into

account the variation between the adjusted tax basis of the Company property and the book value, in the same manner as under I.R.C. § 704(c) and the applicable Regulations thereunder. Allocations pursuant to this paragraph shall be solely for purposes of federal, state and local taxes and shall not affect or in any way be taken into account in computing a Member's Capital Account.

(F) If an Interest is transferred or assigned during a Company Accounting Year, that part of the tax incidents allocated pursuant to this Article IV with respect to the Interest so transferred shall, in the discretion of the Members, either (i) be based on segmentation of the taxable year between the transferor and the transferee using the interim closing of the books or any other reasonable method or (ii) be allocated between the transferor and the transferee in proportion to the number of days in such taxable year during which each owned such Interest, as disclosed on the Company's books and records.

(G) Any depreciation recapture recognized pursuant to I.R.C. §§ 1245 and 1250 and Historic Tax Credits and State Historic Tax Credits recapture shall be allocated to the Members in the same proportions that the depreciation or cost recovery deductions, Historic Tax Credits and State Historic Tax Credits giving rise to such recapture were allocated among such Members or their respective predecessors-in-interest.

(H) In the event that there is a determination that I.R.C. § 483 or I.R.C. § 1274 (both relating to imputed interest with respect to deferred payment sales of property) is applicable to any loans between the Company and a Member, or that any loan between a Member and the Company is subject to I.R.C. § 7872 (relating to imputed interest with respect to below-market interest rate loans), any income or deduction attributable to interest on such a loan (whether stated or unstated) shall be allocated solely to such Member.

(I) It is the intent of the Members that each Member's allocable share of income, gains, losses, deductions or credits (or items thereof) shall be allocated in accordance with this Article IV to the fullest extent permitted by I.R.C. Sections 704(b) and 704(c). In order to preserve and protect the allocations provided for in this Article IV, without adversely affecting the amounts distributable upon termination of the Company, the Members, with the review of the Company's Accountants or tax advisors, is authorized and directed, in its reasonable judgment, to allocate income, gains, losses, deductions or credits (or items thereof) arising in any year differently than otherwise provided for in this Article IV if, and to the extent that, the allocations otherwise provided under this Article IV would not be permissible under I.R.C. Sections 704(b) and/or 704(c). Any allocation made pursuant to this paragraph shall be deemed to be a complete substitute for any allocation otherwise provided for in this Article IV, and no amendment of this Agreement or approval of any Member shall be required with respect thereto and each Member shall, for all purposes and in all respects, be deemed to have approved any such allocation. The allocations set forth in this Section 4.04 (the "**Special Allocations**") are intended to comply with certain requirements of the Section 704 Regulations. The Special Allocations may not be consistent with the manner in which the Members intend to divide Company distributions. Accordingly, the Members is hereby authorized and directed to divide other allocations of income, gain, loss and deductions among the Members so as to prevent the Special Allocations from distorting the manner in which Company distributions will be divided

among the Members on dissolution of the Company. In general, the Members anticipate that this will be accomplished by specially allocating items of income, gain, loss, and deduction among the Members so that the net amount of the Special Allocations and such special allocations to each such Member is zero. However, the Members shall have discretion to accomplish this result in any reasonable manner.

(J) The Members agree that the Members' Interests in Company profits for purposes of determining such Members' shares of the excess nonrecourse liabilities of the Company under Regulation § 1.752-3(a)(3) shall be the relative membership percentages of the Members at such time, as such may be from time to time.

**Section 4.05 Section 704(c) Allocations.** Income, gains, losses and deductions, as determined for income tax purposes, with respect to any Company Asset contributed by a Member to the capital of the Company shall, solely for income tax purposes, be allocated among the Members so as to take account of any variation between the adjusted basis of such Company Asset to the Company for federal income tax purposes and its initial Gross Asset Value in accordance with I.R.C. Section 704(c) and the Regulations thereunder.

**Section 4.06 Miscellaneous Allocations.** It is the intent of the parties that the allocations of Historic Tax Credits, if any, (and any related recapture) be made in accordance with the Members' interests in the Company as of the time the Historic Tax Credits (and any related recapture) arises. Accordingly, allocations of cost or QREs shall in all events be made in accordance with Section 1.46-3(f) and Section 1.48-8(a)(4)(iv) of the Regulations. Except as otherwise set forth in this Agreement, any elections or other decisions relating to allocations under this Article IV shall be made by the Members (in its reasonable discretion), with the review and concurrence of the Company's Accountants, in such manner as reasonably reflects the purpose and intention of this Agreement.

## ARTICLE V

### MANAGEMENT, REPRESENTATIONS

#### **Section 5.01 Exercise of Management.**

(A) The business and affairs of the Company shall be managed by the Managing Member, and subject only to Section 5.02, the Managing Member shall have the power to do any and all acts necessary or convenient to or for the furtherance of the purposes described herein, including all powers, statutory or otherwise, possessed under the New York Act.

(B) The Managing Member shall have a fiduciary responsibility to the Members for the safekeeping and use of all Company Property, whether or not in its immediate possession or control, and shall not use or dispose of Company Property in any manner except for the Company's exclusive benefit. The Managing Member shall not contract away its fiduciary duties under the common law of agency.

**Section 5.02 Duties and Authority of Managing Member.** Notwithstanding any provision of this Agreement to the contrary, the Company shall not take, and the Managing

Member shall not be empowered or authorized to take or cause the Company to take, any of following actions without the Consent of the Master Tenant:

- (A) other than (1) entering into the Mortgage Loan Documents, (2) entering into the SIDA Transaction (3) leasing of space in the Property pursuant to the Master Lease, or (4) granting a security interest in the Property in connection with a refinancing of the Project allowed pursuant to the Master Lease, sell, lease, convey, encumber or otherwise transfer or dispose of (or make any offer to sell, lease, convey, encumber or otherwise transfer or dispose of) all or any portion of the Property;
- (B) to incur indebtedness on the general credit of the Company, except for unsecured short-term incurrence of credit (including equipment leases) made in the ordinary course of business by the Company arising from the operations of the Project as contemplated by the Operating Documents and in accordance with prior practice or industry practice;
- (C) following completion of the rehabilitation of the Project, to construct any new capital improvements, or to replace any existing capital improvements if construction or replacement would substantially alter the character or use of the Project;
- (D) admit any person to the Company as an additional or substitute Member of the Company;
- (E) sell, transfer or assign any portion of the Managing Member's interest;
- (F) pledge or assign any portion of the Master Tenant's Capital Contribution or the proceeds thereof (other than in connection with the [Mortgage Loan]);
- (G) cause or permit the Company to engage in any business beyond the purposes set forth in Section 1.02;
- (H) elect to dissolve and terminate the Company, or cause or permit the Company to be a party to a merger, transfer of substantially all of its assets or consolidation with any other person;
- (I) cause the filing by the Company of any bankruptcy, insolvency, receivership, or similar proceeding against the Company, or consenting to any such proceeding being filed against the Company, or the executing or delivering any assignment for the benefit of the creditors of the Company;
- (J) amend, alter or repeal any provision of the Company's Articles of Organization, this Agreement or any of the Operating Documents;
- (K) to grant or refuse to grant any consent of the Company required under the Operating Documents that would have a material impact on the business and operations of the Company; or
- (L) take any action which would cause a reduction, loss or recapture of Historic Tax Credits or would prevent the pass-through of Historic Tax Credits as provided in the HTC

Pass-Through Agreement. The Managing Member shall take all actions that may be reasonably necessary or appropriate (i) for the continuation of the Company's valid existence as a limited liability company under the laws of the State and of each other jurisdiction in which such existence is necessary to protect the limited liability of the Members or to enable the Company to conduct the business in which it is engaged, and (ii) for the accomplishment of the Company's purposes, including the acquisition, development, maintenance, preservation, and operation of the Project in accordance with the provisions of this Agreement and any Applicable Laws.

**Section 5.03 Indemnification of Members.**

(A) The Company, its receiver or its trustee, shall indemnify and hold harmless the Members from any liability, loss or damage incurred by them by reason of any act performed or omitted to be performed by them on behalf of the Company, including costs and reasonable attorneys' fees (which attorneys' fees may be paid as incurred) and any amount expended in the settlement of any claim of liability, loss or damage; provided, however, that (a) such party(ies) must have reasonably determined, in good faith, that such course of conduct was in the best interests of the Company, and such party(ies) must have been acting on behalf of or performing services for the Company, and (b) such course of conduct must not have constituted fraud, gross negligence, misrepresentation, breach of any material provision of this Agreement or misconduct by such party(ies); and (iii) any such indemnification shall be recoverable only from the assets of the Company and not from the assets of any Member.

(B) Notwithstanding Section 5.03(A) above, the Managing Member shall defend, indemnify, and save harmless (i) the Company and each Member from any loss, liability, damage, cost, or expense (including reasonable attorneys' fees) incurred by reason of any demands, claims, suits, actions, or proceeding arising out of the Managing Member's gross negligence, fraud, willful misconduct, malfeasance, breach of any representation, warranty, covenant, or agreement set forth in this Agreement that continues beyond any applicable notice and cure periods, breach of fiduciary duty, or if a judgment is obtained against the Managing Member in connection with actions performed outside the scope of the authority of the Managing Member pursuant to this Agreement, and (ii) the Members from any liability incurred by them for Company obligations in excess of its Capital Contributions.

**Section 5.04 Partnership Representative.**

(A) Appointment and Designation. The Members hereby authorize the Company to appoint the Managing Member as the initial partnership representative of the Company pursuant to Section 6223(a) of the Code (the "Partnership Representative"). The Managing Member shall be appointed the Partnership Representative for each taxable year of the Company provided that if an event or circumstance has occurred which, with the giving of notice or the passage of time, would constitute a Material Default or a default by the Partnership Representative or Designated Individual (as hereinafter defined) of its/his/her duties and obligations under this Section 5.04, the Consent of the Investor Member must be obtained before the Partnership Representative is appointed for any taxable year of the

Company. The Partnership Representative shall timely designate an individual to serve as the sole individual through whom the Partnership Representative will act for purposes of the Revised Partnership Audit Rules (the “Designated Individual”) with the Consent of the Investor Member. No later than the effective date of the designation of the Designated Individual or the Partnership Representative, such Designated Individual or Partnership Representative, as applicable, must agree in writing to be bound by the same obligations and restrictions imposed on the Partnership Representative under this Section 7.9 prior to and as a condition of such designation.

(B) Resignation; Revocation. The Managing Member (and any successor Partnership Representative) may resign as the Partnership Representative by written notice to the Company, the Investor Member, and the IRS, provided that another Member is willing to serve in such capacity. Notice of such resignation shall be given to the IRS in the time and manner prescribed by the IRS. Upon removal of the Managing Member or, with the Consent of the Investment Member, in the event of a default by the Partnership Representative or Designated Individual of its/his/her duties and obligations under this Section 5.04, the Company shall revoke the designation of the Managing Member as the Partnership Representative for all taxable years during which such designation was in effect by written notice to the Partnership Representative and the IRS. The designation of the Designated Individual as the Designated Individual shall automatically terminate on the effective date of the resignation or revocation of the applicable entity as Partnership Representative. If a Designated Individual becomes unable to perform the tasks required of a Designated Individual, no longer has the “capacity to act” within the meaning of the Revised Partnership Audit Rules, or the Partnership Representative otherwise determines that the Designated Individual should no longer serve as a Designated Individual, the Partnership Representative shall promptly notify the Investor Member of such determination and take all necessary actions to effectuate the revocation of such individual as the Designated Individual for all applicable taxable years. Notice of such revocation shall be given to the IRS in the time and manner prescribed by the IRS and shall include the designation of another Person selected by the Investor Member as the successor Partnership Representative for the Company taxable year for which the designation was in effect and the designation of another Person selected by the Partnership Representative (with the Consent of the Investor Member) as the successor Designated Individual for the Company taxable year for which the designation was in effect. The resigning or removed Partnership Representative or Designated Individual shall remain obligated hereunder in such capacity (including the requirement to forward any notices received from the IRS) until the IRS agrees to provide such notices to a replacement Partnership Representative or Designated Individual during the audit process. In furtherance hereof, the Managing Member hereby constitutes and appoints the Investor Member, with full power of substitution, its true and lawful attorney-in-fact in its name, place and stead to carry out fully the provisions of this Section 5.04(B) and take any action which the Investor Member may deem necessary or appropriate in connection herewith. The power of attorney hereby granted shall be deemed to be coupled with an interest, shall be irrevocable and shall survive and shall not be affected by the subsequent incapacity, dissolution, resignation, revocation or other termination of the Managing Member as the Partnership Representative.

(C) Successor Partnership Representative. Any successor Partnership Representative must have a substantial presence in the United States, have been Consented to by the Investor Member, and otherwise satisfy all statutory and regulatory requirements imposed by the Revised Partnership Audit Rules. The Person so designated must agree in writing to be bound by the terms of this Section 5.04 and shall not take any action in its capacity as Partnership Representative until the resignation and/or revocation of the prior Partnership Representative becomes effective under the Code or Treasury Regulations.

(D) Notice of Communications. The Partnership Representative shall (i) give the Members prompt notice of any inquiry, notice, or other communication received from the IRS or other applicable tax authority regarding the tax treatment of the Company or the Members, (ii) consult with the Investor Member in good faith on the strategy and substance of any tax audit or contest and (iii) give, to the extent possible, the Members prior notice of and a reasonable opportunity to review and comment upon any written communication the Partnership Representative intends to make to any taxing authority in connection with any examination, audit or other inquiry involving the Company. Without limiting the generality of the foregoing, the Company immediately shall send to all of the Members copies of any notice of a proposed or final Partnership Adjustment received by the Company and/or the Partnership Representative from the IRS. To the extent requested by the Investor Member and permitted under Treasury Regulations or by the IRS or other taxing authority in a particular tax audit or contest, the Partnership Representative shall cooperate in allowing the Investor Member or its representative to participate, at its own expense, in such tax audit or contest.

(E) Duties and Limitations on Authority. The Partnership Representative and any Designated Individual shall have all power and authority of a partnership representative and designated individual, respectively, as set forth in Section 6223 of the Code, and shall represent the Company and its Members in all dealings with the IRS and state and local taxing authorities, provided, however, that, except as specifically provided in Section 7.9(c) below, the Partnership Representative shall not, without the Consent of the Investor Member, have any power or authority to do any or all of the following:

- (i) make an election to opt out of the application of the Revised Partnership Audit Rules to the Company;
- (ii) make a Push-Out Election (as defined below) or request a modification to an Imputed Underpayment, except pursuant to 5.05(D);
- (iii) file an Administrative Adjustment Request;
- (iv) select any judicial forum for the litigation of any Company tax dispute;
- (v) take any other action (or fail to take any action) that would have the effect of finally determining any tax audit or contest; or
- (vi) extend the statute of limitations.

(F) Fiduciary Relationship. The relationship of the Partnership Representative to the Company and the Members shall be that of a fiduciary, and the Partnership Representative shall have a fiduciary obligation to perform its duties in such manner as will serve the best interests of the Company and its Members.

(G) Indemnification. To the extent of available funds, the Company shall indemnify the Partnership Representative against judgments, fines, amounts paid in settlement and expenses (including attorneys' fees) reasonably incurred by the Partnership Representative in its capacity as the Partnership Representative, and not its capacity as a Member or a Former Member, in connection with any audit or administrative or judicial proceeding in which the Partnership Representative is involved solely by reason of being the Partnership Representative of the Company, provided that the same were not the result of negligence, misconduct, fraud, breach of fiduciary duty or breach of this Agreement on the part of the Partnership Representative and were the result of a course of conduct which the Partnership Representative, in good faith, reasonably believed to be in the best interests of the Investment Member and within the scope of its authority under this Section 5.04.

### **Section 5.05                      Modifications and Company Elections**

(A) Modifications to Imputed Underpayment. If the Company and/or Partnership Representative receives notice of a proposed Partnership Adjustment from the IRS, the Partnership Representative shall so notify the Members in accordance with the provisions of Section 5.04(B) above and, if requested to do so by the Investor Member, shall request modification of the Imputed Underpayment proposed in such notice in accordance with any applicable Treasury Regulations, forms, instructions, and other guidance prescribed by the IRS. Any such request by the Investor Member shall describe the modifications or adjustment factors that the Investor Member believes affect the calculation of the Imputed Underpayment in sufficient detail to substantiate the request for modification. Unless an extension of time is granted by the IRS, all information required to support a requested modification shall be submitted by the Investor Member to the Partnership Representative no later than one hundred eighty (180) days after the Investor Member receives notice of the proposed Partnership Adjustment from the Partnership Representative, and the Partnership Representative shall submit such information to the IRS no later than two hundred seventy (270) days after the date the proposed Partnership Adjustment notice was mailed by the IRS.

(B) Amended Returns; Alternative Procedure to Amended Returns. If requested to do by the Investor Member, the Partnership Representative shall request a modification of an Imputed Underpayment based on an amended return filed by a Member (or Indirect Member) which takes account of all of the Partnership Adjustments properly allocable to such Member (or Indirect Member). Any such request shall be accompanied by an affidavit from the requesting Member (or Indirect Member) signed under penalties of perjury that the requesting Member (or Indirect Member) has filed each required amended return or, in the case of the Pull-In Election, such information, in the form and manner specified by the IRS, as it requires, and paid all Taxes due as a result of taking into account the adjustments in the first affected year and all modification years, as such terms are defined and applied in any applicable Treasury Regulations, forms, instructions, and other guidance prescribed

by the IRS. In lieu of filing an amended return in accordance with Section 7.9(c)(ii) above, any Reviewed Year Member may elect to comply with the “pull-in” procedure described in Section 6225(c)(2)(B) of the Code. In such event, such Reviewed Year Member shall (1) pay all amounts due under Section 6225(c)(2)(A)(iii) of the Code, (2) take into account, in the form and manner set forth in any applicable IRS guidance, the adjustments to the tax attributes of such Reviewed Year Partner, and (3) provide, in the form and manner specified by the IRS (including, if so specified, in the same form as on an amended return), such information as the IRS may require to carry out the terms and intent of the pull-in procedure described in Section 6225(c)(2)(B) of the Code. Copies of all notices and filings made pursuant to this Section 5.05(B) shall be provided by the Reviewed Year Member to the Partnership Representative.

(C) Reallocation Adjustment. In the case of a Partnership Adjustment that reallocates the distributive share of any tax item from one Member to another, the Partnership Representative shall be required to submit the modification request to the IRS under this Section 5.05(C) only if all Members (or Indirect Members) affected by such adjustment (“Affected Members”) provide the affidavit(s) described in clause (ii) above or the Partnership Representative is notified by the IRS that one or more Affected Members have taken (or will take) into account their allocable share of the adjustment through other modifications approved by the IRS (such as, but not limited to, a closing agreement).

(D) Push-Out Election. If the Company receives notice of a final Partnership Adjustment from the IRS, the Partnership Representative shall so notify the Members and any Former Members in accordance with the provisions of 5.04(B) above and, if requested to do so by the Investment Member, shall make an election (a “Push-Out Election”) under Section 6226 of the Code with respect to one or more Imputed Underpayments set forth in the final Partnership Adjustment notice. Except as hereinafter provided, if a Push-Out Election is made, each Reviewed Year Member shall take into account its allocable share of the Partnership Adjustments that relate to the specified Imputed Underpayment (as determined with the Consent of the Investment Member for such Reviewed Year) and shall be liable for any Taxes as described in Section 6226 of the Code and any applicable Treasury Regulations or other guidance prescribed by the IRS. Notwithstanding the foregoing, to the extent permitted by law, any Reviewed Year Member that is a partnership or S corporation may, at its option and in accordance with any applicable Treasury Regulations or other guidance prescribed by the IRS, elect (in lieu of paying its allocable share of such Partnership Adjustments) to push out the liability for Taxes attributable to such Partnership Adjustments to its Members (including Indirect Members). Any Push-Out Election shall be filed within forty-five (45) days of the date the notice of final Partnership Adjustment is mailed by the IRS (or such later date as permitted by Treasury Regulations or IRS guidance) and shall be in such form, and shall contain such information, as required by any applicable Treasury Regulations, forms, instructions and other guidance prescribed by the IRS. If a Push-Out Election is made, the Partnership Representative shall furnish to each Reviewed Year Member and the IRS, for each Reviewed Year within sixty (60) days after the date all of the Partnership Adjustments to which the statement relates are finally determined, a statement that includes all items and information required under any applicable Treasury Regulations, forms, instructions, and other guidance prescribed by the IRS.

(E) Reimbursement of Allocable Share of Imputed Underpayment. If the Company becomes obligated to make an Imputed Underpayment under Code Section 6225, each of the Members (including any Former Member) to whom such liability relates (as determined with the Consent of the Investment Member) shall be obligated, within thirty (30) days after written notice from the Managing Member, to pay an amount that, on an after-tax basis if such payment is treated as an indemnity payment under this Section 5.05(E), is equal to its allocable share of such amount to the Company; provided, however, that if and to the extent that the Company's liability results from a loss, disallowance or recapture of Tax Credits for which a payment to such Person is due and has not been paid, the amount otherwise payable by such Person to the Company under this Section 5.05(E) shall be reduced by such unpaid amounts so that the Company will bear the portion of the Imputed Underpayment equal to such reduction and the Managing Member shall advance such unpaid amounts to pay the Imputed Underpayment. Any amount not paid by a Member (or Former Member) within such 30-day period shall accrue interest at Prime Rate plus 2% until paid. Any such payment made by any Member shall be treated as a Capital Contribution and, if and to the extent permitted by the Code and Treasury Regulations, any Capital Account reduction attributable to the Imputed Underpayment shall be allocated to the Members in proportion to such Capital Contributions. Any such payment made by any Former Member shall be treated as an indemnity payment and not as a Capital Contribution or loan to the Company.

(F) Withholding. Notwithstanding anything to the contrary contained herein, the Managing Member shall cause the Company to withhold from any distribution or payment due to any Member (or Former Member) under this Agreement any amount due to the Company from such Member (or Former Member) under clause (v) above. Any amount(s) so withheld shall be applied by the Company to discharge the obligation in respect of which such amount was withheld. All amounts withheld pursuant to the provisions of this Section 5.05(F) with respect to a Member (or Former Member) shall be treated as if such amounts were distributed or paid, as applicable, to such Member (or Former Member).

(G) Indemnity. To the extent that a portion of the Taxes imposed under Code Section 6225 relates to a Former Member, the Managing Member shall require such Former Member to indemnify the Company for its allocable portion of such tax (including any penalties, additions to tax, additional amounts, and interest) to the extent such amounts have not been withheld pursuant to the provisions of this Section 5.05. Each Member acknowledges that, notwithstanding the transfer or liquidation of all or any portion of its Interest in the Company, it shall remain liable for Taxes with respect to its allocable share of income and gain of the Company for the Company's taxable years (or portions thereof) prior to such transfer or liquidation unless otherwise agreed to in writing by the Members during the taxable year(s) (or portion thereof) to which the Taxes relate and all Former Members during the Company's taxable year(s) (or portion(s) thereof) to which the Taxes relate.

(H) Continuing Obligations. Whether the liability is assessed to the Company or the Members (or Former Members), the parties hereto acknowledge and agree that nothing in this Section 5.05 is intended, nor shall it be construed, to modify or waive any obligations

of the Managing Member under this Agreement including, without limitation, the obligation to make a payment pursuant to the provisions of Section 5.3.

#### **Section 5.06 Consistent Tax Treatment**

Except as hereinafter provided, each Member agrees that its treatment on its own federal income tax return of each item of income, gain, loss, deduction, or credit attributable to the Company shall be consistent with the treatment of such items on the Company return, including the amount, timing, and characterization of such items. Notwithstanding the foregoing general requirement, any Member may file a statement identifying certain items that are inconsistent (or that may be inconsistent) in accordance with any applicable Treasury Regulations, forms, instructions, or other guidance provided by the IRS. Any such statement shall be attached to the Member's tax return on which the item is treated inconsistently.

#### **Section 5.07 Tax Counsel or Accountants**

The Partnership Representative, with the reasonable Consent of the Investor Member, shall employ experienced tax counsel and/or accountants to represent the Company in connection with any audit or investigation of the Company by the IRS or any other taxing authority and in connection with all subsequent administrative and judicial proceedings arising out of such audit. Such counsel and/or accountants shall be responsible for representing the Company; it shall be the responsibility of the Members, at their expense, to employ tax counsel or accountants to represent their respective separate interests.

#### **Section 5.08 Survival**

The obligations of each Member or Former Member under this Section shall survive the transfer, redemption or liquidation by such Member of its Interest and the termination of this Agreement or the dissolution of the Company.

#### **Section 5.09 Amendments**

Upon the promulgation of revised Treasury Regulations implementing the Revised Partnership Audit Rules or upon further amendment of the Revised Partnership Audit Rules, the Members will evaluate and consider options available with respect to preserving the allocation of responsibility and authority described in this Section 5.09, while conforming with the applicable provisions of the revised partnership audit procedures. The Members agree to work together in good faith to make elections and amend this Agreement (if any party determines that an amendment is required) to maintain the intent of the parties with respect to the obligations and limitations of the Partnership Representative.

#### **Section 5.10 State and Local Income Tax Matters**

The provisions of this Article 5 shall also apply to state and local income tax matters affecting the Company to the extent the terms and conditions hereof have any application to audit procedures at the state and local level.

#### **Section 5.11 Removal.**

(A) In the event that a Material Default occurs, the Master Tenant may, at its election, proceed to exercise its rights under this Section 5.11 by giving notice of such Material Default to the Managing Member (except in the case of a Terminating Event with respect to a sole Managing Member, in which case no such notice shall be required and the rights of the Master Tenant set forth in this Section shall be immediately exercisable). If such default is not cured within ten (10) Business Days following such notice (or cured within a reasonable time in the event that it is impossible to cure such default within such 10-day period, provided that the Managing Member is diligently and in good faith seeking to cure such default and there has been no assignment of or institution of proceedings to foreclose any Mortgage), the Master Tenant may elect to become, or have its designee become, an additional Managing Member with any or all of the rights and privileges of the Managing Member, including, without limitation, the right to directly enforce the Company's rights under this Agreement or the Master Lease, and to give any notices or file any objections permitted or required to be given or filed by the Company. Upon such election by the Master Tenant, the Master Tenant or its designee shall automatically become and shall be deemed to be the Managing Member. If the Master Tenant or such other Person shall become an additional Managing Member as herein stated, its interest in the Company shall not be increased as a result thereof. In the event of the admission of the Master Tenant or such Person as a Managing Member pursuant to this Section 5.11, and if there are then any other Managing Members, the Master Tenant or such other Person shall have managerial rights, authority and voting rights of 51% on any matters to be decided or voted upon by the Managing Members or the Managing Member, as the case may be, and the rights and authority of the remaining Members or the Managing Member, as the case may be, shall be deemed to be equally divided among them. In such case, however, the original Managing Member shall continue to be liable for all its obligations under this Agreement, provided that the Managing Member shall have no liability for actions of the Master Tenant that are not permitted under this Agreement.

(B) In addition to the foregoing, the Master Tenant may elect to remove the Managing Member from the Company by paying the Managing Member an amount equal to the sum of (i) any fees earned through the date of removal due to the Managing Member, (ii) an amount equal to 100% of the Managing Member's positive Capital Account balance, if any, following a deemed sale of the Project and any other Company Assets and a deemed liquidation of the Company (but prior to any deemed distributions upon liquidation), and (iii) the principal balance and any accrued but unpaid interest on any loans made to the Company that were permitted to be made under this Agreement, minus an amount equal to any loss or damage suffered by the Company or the Master Tenant as a result of the Material Default creating the right of the Master Tenant to remove the Managing Member pursuant to the provisions of this Section 5.11.

(C) For purposes of this Section 5.11, the net proceeds from the deemed sale discussed above shall be equal to the Fair Market Value of the Project plus the Fair Market Value of all other Company property, including but not limited to cash and cash equivalents, as encumbered by the Company's remaining obligations under the Operating Documents. "Fair Market Value" shall be determined as follows: As soon as practicable and in any event within thirty (30) days following the notice from the Master Tenant to the Managing

Member of its election to remove the Managing Member, the Managing Member and the Master Tenant shall select an Independent Appraiser (as defined in the Master Tenant Operating Agreement). In the event the parties are unable to agree upon an Independent Appraiser within such thirty (30) day period, the Managing Member and the Master Tenant each shall select an Independent Appraiser. If the difference between the two appraisals is within ten percent (10%) of the lower of the two appraisals, the Fair Market Value shall be the average of the two (2) appraisals. If the difference between the two (2) appraisals is greater than ten percent (10%) of the lower of the two (2) appraisals, then the two appraisers shall jointly select a third appraiser whose determination of Fair Market Value shall be deemed to be binding on all parties. If the two (2) appraisers are unable jointly to select a third appraiser, either the Managing Member or the Master Tenant may, upon written notice to the other, apply to the presiding judge of a court of competent jurisdiction in Syracuse, New York for the selection of the third appraiser who shall then participate in such appraisal proceeding, and who shall be selected from a list of names of Independent Appraisers submitted by the Managing Member and the Master Tenant. Each list of names of Independent Appraisers shall be submitted within ten (10) days after the date on which the appraisal proceeding is invoked, or will be disregarded and the appraiser shall be selected from the list provided. The appraisals shall take into account any legal provisions affecting the Project (including those set forth in any of the Operating Documents and in the Code, if applicable) and any increase in real property taxes owed by the Company that are triggered by the removal. Any transfer taxes owed by the Company that are triggered by the removal shall be paid by the removed Managing Member. The Company shall pay the cost of any appraiser(s) selected pursuant to this Section 5.11.

(D) In the event of the removal of any Managing Member pursuant to the provisions of this Section 5.11, any amounts due to the Managing Member pursuant to the provisions of Section 5.11 above shall be payable from the first available proceeds prior to any other distributions or payments to the Members under Section 5.11 hereof. The obligation of the Company to make such payments shall be evidenced by a negotiable nonrecourse non interest bearing promissory note issued by the Company and secured solely by a security interest in the Interest(s) of the continuing Member[s].

(E) Upon receipt of payment by the Managing Member of any and all amounts due to it under the provisions of this Section 5.11, the Company and its remaining Members shall be completely released from all liability to the Managing Member and its affiliates generally and to any others to whom any distribution, loan, fee or other payments are to be made under this Agreement, or otherwise. Concurrently with, and as a condition to, such payment, the Managing Member shall provide the Company and the Master Tenant (the "released parties") with additional written releases from the Managing Member (and any affiliates to whom obligations of any kind are owed by any of the released parties or any of their affiliates) confirming such releases. In addition, upon the removal of any Managing Member, the Managing Member shall be relieved of all of its future obligations to the Company (including, but not limited to, its obligation to make any loans), and the Company shall provide the removed Managing Member with a written release confirming such release. Notwithstanding the foregoing, the removal of a Managing Member shall not

relieve such Managing Member from any liabilities to the Master Tenant hereunder from any action or omission to act of the Managing Member prior to its removal.

(F) Each Member hereby irrevocably appoints the Master Tenant (with full power of substitution) as the attorney-in-fact of such Member for the purpose of executing, acknowledging, swearing to, recording and/or filing any amendment to this Agreement and the Articles necessary or appropriate to effectuate the provisions of this Section 5.11.

## ARTICLE VI

### MEETINGS OF AND VOTING OF MEMBERS

**Section 6.01 Annual Meeting.** An annual meeting of Members shall be held within five (5) months after the close of the fiscal year of the Company on such date and at the time and place as shall be fixed by the Members. At the annual meeting the Members shall elect officers and transact such other business as may properly be brought before the meeting.

**Section 6.02 Special Meeting.** A special meeting of Members may be called at any time by the Managing Member and shall be called by the Managing Member at the request in writing by at least two of the Members. Any request shall state the purpose or purposes of the proposed meeting. Business transacted at any special meeting of Members shall be confined to the purposes set forth in the notice thereof.

**Section 6.03 Notice of Meetings.** Written notice of the time, place and purpose of every meeting of Members shall be given to each Member of record entitled to vote at such meeting, not less than ten nor more than fifty days prior to the date set for the meeting. Notice shall be given either personally or by mailing said notice by first class mail to each Member at his/her address appearing in the record book of the Company or at such other address as requested in writing by the Member.

**Section 6.04 Waiver.** A written waiver of notice setting forth the purpose of the meeting for which notice is waived, signed by the person or persons entitled to such notice, whether before or after the time of the meeting stated therein, shall be deemed equivalent to the giving of such notice. The attendance by a Member either in person or by proxy without protesting the lack of notice thereof shall constitute a waiver of notice of such Member.

**Section 6.05 Place of Meetings.** Meetings of the Members shall be held at the principal office of the Company or any other place, within or outside the State of New York, as agreed upon by the Members and designated in any notice of such meeting. If no such designation is made, the place of any such meeting shall be the principal office location of the Company.

**Section 6.06 Quorum.** Attendance of a majority of the Members at a meeting shall be required for a quorum.

**Section 6.07 Voting.** Every Member shall be entitled to vote at any meeting of the Members and may vote in person or by proxy. Any action, except as may otherwise be provided herein or by statute or the Articles of Organization, shall be authorized by a majority vote of the

members cast in favor of or against such action. Those actions which require unanimous approval of all the Members shall include the following:

- (A) Acceptance of new Members.
- (B) Establishment or relocation of offices.
- (C) Approval of the sale, lease, exchange or other disposition of all or substantially all of the assets of the Company.
- (D) Amendment to this Operating Agreement.

**Section 6.08 Proxies.**

- (A) A Member may vote in person or by proxy. A proxy may be any individual eighteen (18) years or older.
- (B) Every proxy must be signed by the Member or his or her attorney-in-fact. No proxy shall be valid after the expiration of eleven months from the date thereof unless otherwise provided in the proxy. Every proxy shall be revocable at the pleasure of the Member executing it, except as otherwise provided in this section.
- (C) The authority of the holder of a proxy to act shall not be revoked by the incompetence or death of the Member who executed the proxy unless, before the authority is exercised, written notice of an adjudication of such incompetence or of such death is received by the Company.

**Section 6.09 Action by Members Without a Meeting.** Unless otherwise provided by law, any action required to be taken at a meeting of the Members, or any other action which may be taken at a meeting of the Members, may be taken without a meeting if a consent in writing to proceed without a meeting shall be signed by all of the Members entitled to vote with respect to the subject matter thereof.

**Section 6.10 Meetings by Conference Telephone.** If a Member determines a need to accommodate a Member(s) who may not be able to personally attend a meeting, Members may participate in a meeting by means of conference telephone or similar communications equipment, by means of which all person participating in the meeting can hear each other and persons present at the designated place of the meeting can hear all of the persons participating in the meeting, and such participating shall constitute presence at such meeting.

**ARTICLE VII**

**[RESERVED]**

## ARTICLE VIII

### BOOKS AND RECORDS; ACCOUNTING; TAX ELECTIONS; ETC.

#### Section 8.01 Books and Reporting.

(A) The Managing Member shall maintain or cause to be maintained for the term of the Company a complete and accurate set of books and supporting documentation of transactions with respect to the conduct of the Company's business. The books of the Company shall be kept on the accrual basis and shall at all times be maintained at the principal office of the Company. Each Member and its duly authorized representatives shall have the right to examine and audit the books of the Company and all other records and information concerning the operation of the Property and the compliance of the Managing Member with the requirements of this Agreement from time to time without prior notice during regular business hours provided that such examination shall not unreasonably disrupt or interfere with the Company's business or operations.

(B) Beginning with the current Fiscal Year, the balance sheet of the Company shall be compiled by the Accountants. The Managing Member shall, promptly upon receipt of the items required under this paragraph and in any event within 120 days after the end of each Fiscal Year, transmit to the Members copies of such items.

(C) The Accountants also shall review and sign the federal and state income tax returns of the Company. The Managing Member or its designee shall complete the books of the Company in such time as will allow the Accountants to complete such tax returns no later than April 1 of each year, including the provision to the Accountants of all financial statements and information needed to prepare the prior year's tax returns. The Managing Member shall cause such tax returns to be filed within such time periods and shall immediately upon the filing thereof transmit to the Members a copy of the complete federal Company tax return (i.e., Form 1065 and all accompanying schedules, including Schedule K-1) and all state income tax returns. In the event that any such items will not be delivered within the time limits set forth herein, the Managing Member shall immediately notify the Members, and shall furnish it with copies of any extensions relating thereto.

## ARTICLE IX

### WITHDRAWAL OF MEMBER

**Section 9.01 Voluntary Withdrawal.** No Member shall have the right to withdraw voluntarily from the Company or otherwise to Transfer all or a portion of its Interest without the Consent of the other Members.

## ARTICLE X

### TRANSFER OF INTERESTS

**Section 10.01 Restrictions on Membership Interest.** Each Member agrees that he will not sell, transfer, assign or in any way alienate any of his Interest, whether now owned or

hereafter acquired, or any right, or interest therein, whether voluntarily or by operation of law, or by gift, bequest or otherwise, except through a transfer in accordance with the requirements of this Agreement and consistent with the laws of the State of New York and the United States. Any purported transfer in violation of the provisions of this Agreement, or in violation of the laws of the state or of the United States, shall be void and ineffective, and shall not operate to transfer any interest or title to the purported transferee. Nothing contained in this Agreement shall be construed to limit or render ineffective any other provisions of this Agreement or the Articles of Organization of this Company consented to by the Members further restricting or conditioning the transfer of an Interest of this Company, or providing penalties or disqualifications for violations of these restrictions or conditions.

## ARTICLE XI

### MISCELLANEOUS

**Section 11.01 Notice.** Except as otherwise specifically provided herein, all notices, demands or other communications hereunder shall be in writing and shall be deemed to have been given when the same are (i) deposited in the United States mail and sent by certified or registered mail, postage prepaid, (ii) delivered to a nationally recognized overnight delivery service, (iii) sent by telecopier or other facsimile transmission, answerback requested, or (iv) delivered personally, in each case, to the parties at such other addresses as such parties may designate by notice to the Company.

**Section 11.02 Binding Provisions.** The covenants and agreements contained herein shall be binding upon, and inure to the benefit of, the heirs, legal representatives, successors and assignees of the respective parties hereto, except in each case as expressly provided to the contrary in this Agreement.

**Section 11.03 Governing Law and Choice of Forum.** This Agreement shall be governed by and construed in accordance with the laws of the State of New York, without regard to principles of conflicts of laws. The parties agree and consent that venue for purposes of resolving any dispute or controversy relating to this Agreement shall be in the State of New York.

**Section 11.04 Entire Agreement.** This Agreement and all other written agreements referred to herein constitute the entire agreement among the parties and supersede any prior agreements or understandings among them with respect to the subject matter hereof.

**Section 11.05 Survival of Obligations.** All monetary obligations of the Company or the Members hereunder shall survive a sale by a Member of its Interest or the termination of the Company until satisfied by the Company or the Member, as the case may be.

**Section 11.06 Counterparts.** This Agreement may be executed in several counterparts, and all so executed shall constitute one agreement, binding on all the parties hereto. Any counterpart of this Agreement, which has attached to it separate signature pages which together contain the signatures of all Members or is executed by an attorney-in-fact on behalf of some or all of the Members, shall for all purposes be deemed a fully executed instrument.

Transmission by facsimile, "PDF" or similar electronic format of an executed counterpart of this Operating Agreement shall be deemed to constitute due and sufficient delivery of such counterpart.

**EXHIBIT “D”**  
**RESOLUTION**

---

**UNANIMOUS WRITTEN CONSENT  
OF THE MANAGING MEMBER AND MEMBERS  
OF  
600 FRANKLIN OWNER LLC**

---

The undersigned, being the managing member, and all of the members, of **600 Franklin Owner LLC**, a limited liability company duly organized and validly existing under the laws of the State of New York (the “Company”), do hereby consent to the adoption of the following resolutions, such action to have the same force and effect as if taken at a meeting duly called and held for that purpose:

**WHEREAS**, Dupli Associates, LLC (hereinafter “Managing Member”) is the managing member of the Company, and Managing Member and 600 Franklin Master Tenant LLC (“Master Tenant”) are the only members of the Company;

**WHEREAS**, the Company previously acquired a fee simple interest in and to certain improved real property located at 600 Franklin Street North to Solar Street, Syracuse, County of Onondaga and State of New York (the “Property”);

**WHEREAS**, the Company will enter into a lease (referred to as the “Master Lease”) whereby the Property shall be leased to Master Tenant;

**WHEREAS**, 600 Franklin Developer LLC (the “Developer”), shall be engaged to assist the Company in developing the Property in accordance with a Development Agreement whereby the Property shall be rehabilitated and developed in a manner that qualifies for the federal and State of New York historic rehabilitation tax credit allowed for qualified rehabilitation expenditures incurred in connection with the "certified rehabilitation" of a "certified historic structure" (the "Tax Credits") pursuant to Sections 47 and 50 of the Internal Revenue Code of 1986, as amended from time to time, or any corresponding provision or provisions of prior or succeeding law (the "Code"), or N.Y. Tax. Law §606(oo) as amended; and

**WHEREAS**, Tompkins Trust Company (hereinafter “Tompkins” or “Construction Lender”) has issued a commitment letter dated December \_\_, 2020 (the “Tompkins Loan Commitment”) whereby Construction Lender has agreed to make to the Company loans totaling in the aggregate principal amount of \$14,500,000.00 of which Tompkins shall provide \$9,100,000.00 of the Loan with NBT Bank, N.A., providing \$5,400,000.00 pursuant to a participation agreement between Tompkins and NBT (collectively the “Tompkins Loan”) upon such terms and conditions and secured by, among other things, a first priority mortgage lien on the Property, which Tompkins Loan shall be advanced to the Company in accordance with Tompkins loan agreements and otherwise secured by other collateral and repaid by the Company to Tompkins in accordance with such other terms and conditions as are more fully set forth within the Commitment; and

**WHEREAS**, Foss Bridge Credit LLC (hereinafter “Bridge Lender”) has executed a letter of intent with Company dated as of March 23, 2020 (the “Bridge Loan LOI”) whereby Bridge Lender has agreed to make to the Company a certain bridge loan in the projected amount of \$2,336,685 (the “Bridge Loan”) pursuant to the terms of the Bridge Loan LOI; and

**WHEREAS**, Foss NY Historic Fund LLC (hereinafter “Investor”) has executed a letter of intent with Company dated as of March 23, 2020 (the “Equity LOI”) whereby Investor will make capital contribution into 600 Franklin Master Tenant LLC in the projected amount of \$3,314,880 (the “Foss Capital Contributions”) pursuant to the terms of the Equity LOI; and

**NOW, THEREFORE, IT IS RESOLVED**, that the Company is hereby authorized and Managing Member is empowered to, on behalf of the Company, (i) execute and enter into the Bridge Loan LOI with and receive the Bridge Loan from Bridge Lender; (ii) execute and deliver to Bridge Lender any and all other documents relating to the Bridge Loan for the Project and to secure the Bridge Loan with such other property of the Company; and (iii) execute such other documents or instrument as Bridge Lender shall deem necessary and advisable to carry out the intents and purposes of the Bridge Loan LOI, which documents may contain such terms provisions, conditions, stipulations and agreements as the Managing Member executing the same may deem proper and advisable and the Managing Member is hereby authorized to act on behalf of the Company and to execute and deliver such documents to Bridge Lender; and it is

**FURTHER RESOLVED** that the Company is hereby authorized and Managing Member is empowered to, on behalf of the Company, enter into and execute the Development Agreement with the Developer for the Project and to execute and deliver any and all other documents relating to the development of the Project, which documents may contain such terms provisions, conditions, stipulations and agreements as the Managing Member executing the same may deem proper and advisable, and the Managing Member is authorized to act on behalf of the Company and to execute and deliver such documents to Developer; and it is

**FURTHER RESOLVED** that the Company is hereby authorized and Managing Member is empowered, on behalf of the Company, to execute and deliver to the Master Tenant any and all documents relating to the Master Lease, such as that certain subordination, nondisturbance and attornment agreement and performance, completion and operating deficit guaranty, among others, which documents may contain such terms, provisions, conditions, stipulations and agreements as the Managing Member executing the same may deem proper and advisable, and the Managing Member, is authorized to act on behalf of the Company and to execute and deliver such documents to the Master Tenant; and it is

**FURTHER RESOLVED**, that the Managing Member is hereby authorized by the Company and empowered to take any and all other actions and execute and deliver such other agreements, instruments and documents as the Managing Member deems necessary or desirable to carry out the intent of the foregoing resolutions; and it is

**FURTHER RESOLVED**, that all action taken and all instruments executed by the Managing Member prior to the adoption of these resolutions with respect to the development of

the Project, the Tompkins Loan, the Bridge Loan, the investment by the Investor, the Master Lease and all matters related thereto, are hereby ratified by the Company, approved and confirmed as actions of the Company; and it is

**FURTHER RESOLVED**, that Mark E. Lane or Timothy M. Lynn, acting individually or in concert, be and hereby are authorized on behalf of the Company and the Managing Member to execute and deliver any and all documents or instruments as are necessary and appropriate to carry out the intent and purpose of these resolutions and/or as may be reasonably required by the Bridge Lender, Investor or their respective counsel; and it if further

**FURTHER RESOLVED**, that Mark E. Lane or Timothy M. Lynn, acting individually or in concert, may take any action deemed necessary and proper in furtherance of the intent of these resolutions, and that the Bridge Lender or Investor, their successors, assigns, attorneys or agents may rely upon such actions as being the actions of the Company, and it is further

**FURTHER RESOLVED**, that the Bridge Lender and Investor, their successors, assigns, attorneys or agents may rely upon the acts of Mark E. Lane or Timothy M. Lynn, whether acting individually or in concert, and any action taken by either or both of them shall deemed an action of and binding upon the Company or the Managing Member, as the case may be; and it is further

**FURTHER RESOLVED**, that this consent may be executed in any number of counterparts, each of which counterpart shall constitute an original instrument, and all of which, when taken together, shall constitute one and the same instrument.

Re: City of Syracuse Industrial Development Agency  
Lease/Leaseback Transaction  
Dupli Associates LLC – Dupli Building 1 Project

Ladies and Gentlemen:

We have acted as counsel to the City of Syracuse Industrial Development Agency (the “*Agency*”) in connection with an amended project (the “*Project*”) undertaken by the Agency at the request of Dupli Associates LLC (“*Dupli*”) and 600 Franklin Owner LLC (“*600 Franklin*”) and together with Dupli, collectively, the “*Company*”) consisting of: (A)(i) the continuation of an interest in 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“*Building 1*”) (bearing tax parcel identification number 118.-06-08.0), located in the City of Syracuse, New York (the “*City*”) (the “*Land*”); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>[1]</sup> (the “*AMI*”); and approximately 3,500 sq.ft. of retail space (collectively, the “*Facility*”); and (iii) the acquisition and installation in and at the Land and Building 1 of furniture, fixtures and equipment (the “*Equipment*”) and together with the

[1] As defined in the City of Syracuse Department of Neighborhood and Business Development [Syracuse Consolidated Plan](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood%20and%20Business%20Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)  
[http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood and Business Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood%20and%20Business%20Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

Land and the Facility, the "**Project Facility**"; (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of 600 Franklin or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facility by the Agency pursuant to an amended lease agreement and the acquisition of an interest in the Equipment pursuant to one or more bill(s) of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to an amended sublease agreement.

The Company also requested the Agency grant the Financial Assistance to the Project. In furtherance thereof, the Agency and Dupli previously entered into a payment in lieu of tax agreement dated as of July 1, 2017, as amended by the First Amendment to PILOT Agreement (collectively, the "**Original PILOT Agreement**") and the Company and the Agency entered into the Dupli Building 2 Payment in Lieu of Taxes Agreement dated as of December 1, 2020 (the "**Dupli Building 2 PILOT Agreement**" and together with the Original PILOT Agreement, collectively, the "**PILOT Agreement**") with respect to the Project.

Capitalized terms used herein which are not otherwise defined shall have the meanings ascribed to them in the Dupli Building 1 Agency Lease (as defined herein).

As counsel to the Agency, we have examined originals or copies, certified or otherwise identified to our satisfaction, of such instruments, certificates, and documents as we have deemed necessary or appropriate for the purposes of the opinion expressed below. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals, the conformity to the original documents of all documents submitted to us as copies, and have assumed the accuracy and truthfulness of the factual information, expectations, conclusions, representations, warranties, covenants and opinions of the Company and its counsel and representatives as set forth in the various documents executed and delivered by them or any of them and identified in the Closing Memorandum in connection with the Project.

We are of the opinion that:

1. The Agency is a duly organized and existing corporate governmental agency constituting a public benefit corporation of the State of New York.
2. The Agency is duly authorized and empowered by law to acquire, construct, reconstruct, renovate and equip the Project, to lease the Land and the Facility from the Company pursuant to that certain Company Lease Agreement dated as of July 1, 2017, as amended by the First Amendment to Company Lease, dated December 1, 2020, each by and between Dupli and

the Agency (collectively, the "**Original Company Lease**") and the Dupli Building 2 Company Lease, dated December 1, 2020, by and among the Agency and the Company (the "**Dupli Building 2 Company Lease**" and together with the Original Company Lease, collectively, the "**Company Lease**"); to accept an interest in the Equipment pursuant one or more bills of sale from the Company; to sublease the Project Facility back to the Company pursuant to that certain Agency Lease Agreement dated as of July 1, 2017, as amended by the First Amendment to Agency Lease, dated December 1, 2020, each between the Agency and Dupli (collectively, the "**Original Agency Lease**") and the Dupli Building 2 Agency Lease Agreement dated as of December 1, 2020 by and among the Agency and the Company (the "**Dupli Building 2 Agency Lease**" and together with the Original Agency Lease, the "**Agency Lease**"), to provide the Financial Assistance and to appoint 156 Solar as its agent for completion of the Project.

3. The Agency Documents have been authorized by and lawfully executed and delivered by the Agency and (assuming the authorization, execution, and delivery by the other respective parties thereto) are valid and legally binding obligations enforceable against the Agency in accordance with their respective terms.

In rendering this opinion, we advise you of the following:

The enforceability of the Agency Documents may be limited by any applicable bankruptcy, insolvency, reorganization, moratorium, or similar law or enactment now or hereafter enacted by the State of New York or the Federal government affecting the enforcement of creditors' rights generally and the general principles of equity, including limitations on the availability of the remedy of specific performance which is subject to discretion of the court.

This opinion is rendered to the addressees named above and their successors and/or assigns, and may not be relied upon by any other person without our prior, express written consent.

Very truly yours,

BOUSQUET HOLSTEIN PLLC

Re: City of Syracuse Industrial Development Agency  
Lease/Leaseback Transaction  
Dupli Associates LLC – Dupli Building 1 Project

Ladies and Gentlemen:

We have acted as counsel to Dupli Associates LLC ("**Dupli**") and 600 Franklin Owner LLC ("**600 Franklin**") and together with Dupli, collectively, the "**Company**") in connection with a certain project (the "**Project**"<sup>1</sup>) undertaken by the City of Syracuse Industrial Development Agency (the "**Agency**") at the Company's request. The Project consists of: (A)(i) the continuation of an interest in 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building ("**Building 1**") (bearing tax parcel identification number 118.-06-08.0), located in the City of Syracuse, New York (the "**City**") (the "**Land**"); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39

---

<sup>1</sup> The Project is an amendment of a prior project undertaken by the Agency in July 2017 at the request of Dupli.

apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>2</sup> (the "**AMI**"); and approximately 3,500 sq.ft. of retail space (collectively, the "**Facility**"); and (iii) the acquisition and installation in and at the Land and Building 1 of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facility, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of 600 Franklin or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facility by the Agency pursuant to an amended lease agreement and the acquisition of an interest in the Equipment pursuant to one or more bill(s) of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to an amended sublease agreement.

The Agency has an interest in the Project Facility pursuant to that certain Company Lease Agreement dated as of July 1, 2017, as amended by the First Amendment to Company Lease, dated December 1, 2020, each by and between Dupli and the Agency (collectively, the "**Original Company Lease**") and the Dupli Building 1 Company Lease, dated December 1, 2020, by and among Dupli, 600 Franklin and the Agency (the "**Dupli Building 1 Company Lease**" and together with the Original Company Lease, collectively, the "**Company Lease**"), an interest in the Equipment pursuant to one or more bills of sale from the Company dated as of December 1, 2020 (collectively, the "**Bill of Sale**") and the Agency has subleased the Project Facility back to the Company pursuant to that certain Agency Lease Agreement dated as of July 1, 2017, as amended by the First Amendment to Agency Lease, dated as of December 1, 2020, each between the Agency and Dupli (collectively, the "**Original Agency Lease**") and the Dupli Building 1 Agency Lease Agreement dated as of December 1, 2020 by and among the Agency, Dupli and 600 Franklin (the "**Dupli Building 1 Agency Lease**" and together with the Original Agency Lease, the "**Agency Lease**"). Capitalized terms used herein and not otherwise defined shall have the meaning given to them in the Dupli Building 1 Agency Lease.

The Company also requested the Agency grant the Financial Assistance to the Project. In furtherance thereof, the Agency and Dupli previously entered into a payment in lieu of tax agreement dated as of July 1, 2017, as amended by the First Amendment to PILOT Agreement (collectively, the "**Original PILOT Agreement**") and the Company and the Agency entered into the Dupli Building 1 Payment in Lieu of Taxes Agreement dated as of December 1, 2020 (the "**Dupli Building 1 PILOT Agreement**" and together with the Original PILOT Agreement, collectively, the "**PILOT Agreement**") with respect to the Project.

In regard to the foregoing, we have examined that certain Project Agreement dated as of July 1, 2017, as amended by the First Amendment to Project Agreement, dated as of December 1, 2020, each between the Agency and Dupli (collectively, the "**Original Project Agreement**") and the Dupli Building 1 Project Agreement, dated as of December 1, 2020, by and among the Agency and the Company (the "**Dupli Building 1 Project Agreement**" and together with the Original

<sup>2</sup> As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

Project Agreement, the "***Project Agreement***") the Company Lease, the Agency Lease, the Bill of Sale, the Mortgages, the Environmental Compliance and Indemnification Agreement, the PILOT Agreement and all other documents both identified in the Closing Memorandum and as defined in the Dupli Building 1 Agency Lease to which the Company is a party in connection with the Project (collectively, the "***Company Documents***").

We have also examined corporate documents and records of the Company and made such investigation of law and/or fact that we deem necessary or advisable in order to render this opinion. For purposes of such examination, we have assumed the genuineness of all certificates and the authenticity of all documents submitted to us as original counterparts or as certified or photostatic copies; the genuineness of all signatures of all parties to the Company Documents other than on behalf of the Company; and the due authorization, execution and delivery of the Company Documents by and the enforceability thereof against all parties thereto other than the Company.

As to questions of fact material to our opinion, we have relied upon the representations and warranties made by each Dupli and 600 Franklin in the Company Documents and upon one or more certificates of officers of each Company. Whenever the phrase "to the best of our knowledge" is used in this opinion, it refers to actual knowledge of members of this firm obtained from our representation of each Company and inquiries of responsible officers of each Company made in connection with this opinion, but no further investigation or review has been conducted.

Based upon the foregoing, it is our opinion that:

1. Each Dupli and 600 Franklin are a duly formed and validly existing New York limited liability company and possesses full corporate power and authority to own its property, to conduct its business, to execute and deliver the Company Documents, to which they are signatories, and to carry out and perform its obligations thereunder.

2. The execution, delivery and performance of the Company Documents have been duly authorized by each Dupli and 600 Franklin and the Company Documents have been duly executed and delivered by an Authorized Representative of each Dupli and 600 Franklin as and where applicable.

3. The Company Documents to which each Company is a signatory constitute the legal, valid and binding obligations of that Company, enforceable against the applicable Company in accordance with their terms, except as enforceability may be limited by applicable bankruptcy and insolvency laws and laws affecting creditors' rights generally and to the extent that the availability of the remedy of specific performance or injunctive relief or other equitable remedies is subject to the discretion of the court before which any proceeding therefor may be brought.

4. To the best of our knowledge, in reliance on the certificates and opinions specified herein, the execution and delivery by each Company of the Company Documents, where applicable, the execution and compliance with the provisions of each and the consummation of the transactions contemplated therein do not and will not constitute a breach of, or default under either Dupli or 600 Franklin's respective Articles of Organization, Operating Agreement or any indenture, mortgage, deed of trust, bank loan or credit agreement or other agreement or instrument

to which either Dupli or 600 Franklin or any of its Property may be bound, for which a valid consent has not been secured; nor is any approval or any action by any governmental authority required in connection with the execution, delivery and performance thereof by Dupli or 600 Franklin.

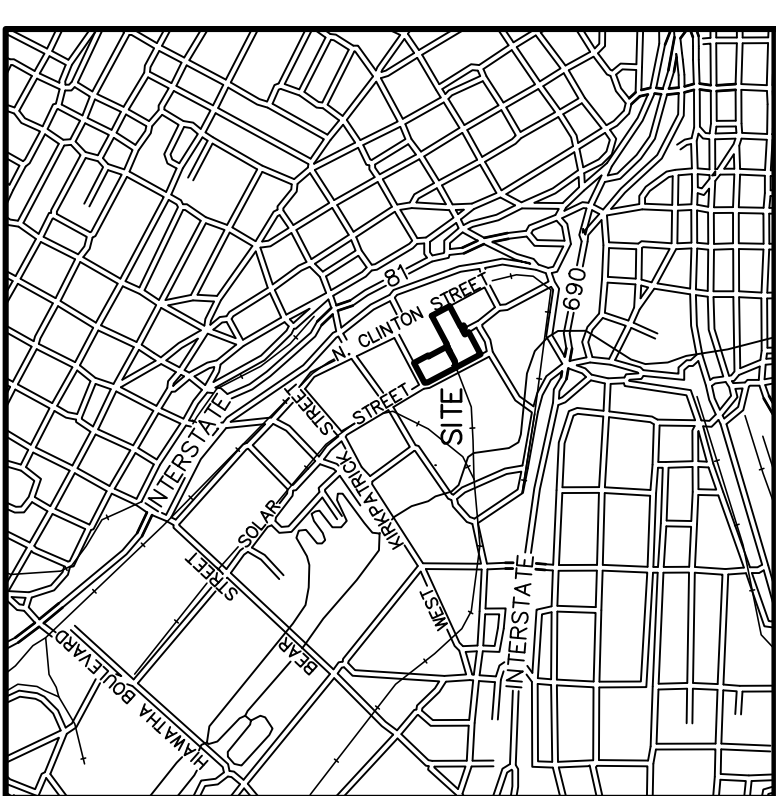

5. To the best of our knowledge, in reliance on the certificates and opinions specified herein, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body, pending or threatened against, or affecting either Company wherein an unfavorable decision, ruling or finding would in any way adversely affect in a material fashion the validity or enforceability of the respective Company Documents.

Our examination of law relevant to matters herein is limited to the laws of the State of New York and also the Federal law, where appropriate, and we express no opinion as to matters governed by the laws of any other state or jurisdiction.

This opinion is only for the benefit of and may be relied upon only by the Agency, its successors and assigns. The opinions set forth in this letter are limited to those expressly stated and no other opinion may be inferred nor is any implied. No other use of this opinion may be made without prior written consent. This opinion is given as of the date hereof and we undertake no obligation, and hereby disclaim any obligation, to update or supplement this opinion in response to a subsequent change in the law or future events affecting the documents identified in this letter.

Very truly yours,

## CLOSING MEMORANDUM

### CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY

### DUPLI ASSOCIATES LLC – DUPLI BUILDING 1 PROJECT

**DATE AND TIME OF CLOSING:** December 17, 2020

**PLACE OF CLOSING:** Escrow Closing

#### **I. Action Taken Prior to Closing**

At the request of Dupli Associates LLC (the “*Dupli*”), by resolution dated May 16, 2017 (the “*Original Inducement Resolution*”) the Agency undertook a project (the “*Original Project*”) consisting of: (A)(i) the acquisition of an interest in approximately 5 acres of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) (bearing tax parcel identification number 118.-06-08.0) (the “*Building 1 Land*”), improved by an approximate 149,000 square foot building (“*Building 1*”); and 156 Solar Street and Division Street W. (bearing tax parcel identification number 118.-06-01.0) (the “*Building 2 Land*”), improved by an approximate 62,800 square foot building (“*Building 2*”), each in the City of Syracuse, New York (the “*City*”) (Building 1 Land together with Building 2 Land, collectively referred to as the “*Original Land*”); (ii) the reconstruction and renovation of approximately 21,000 square feet of Building 1 consisting of an approximately 15,000 square foot climbing gym and an approximately 6,000 square foot restaurant in the northwest corner of Building 1 (collectively, the “*Original Facility*”); (iii) the acquisition and installation in and at Building 1 of furniture, fixtures and equipment (the “*Original Equipment*” and together with the Original Land and the Original Facility, the “*Original Project Facility*”); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the “*Original Financial Assistance*”); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Land and Original Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Original Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Original Project Facility back to the Company pursuant to a sublease agreement.

In July 2017, Dupli and the Agency entered into a lease transaction to effectuate the undertaking of the Original Project and the conference of the approved Original Financial Assistance (the "**Original Lease Transaction**"). As part of the Original Lease Transaction, Dupli and the Agency executed and delivered numerous documents, including but not limited to, an agency agreement, a company lease, the First Agency Lease, a bill of sale, an environmental compliance and indemnification agreement, a project agreement and a payment in lieu of taxes agreement (collectively, the "**Original Lease Documents**").

By supplemental application dated February 4, 2020 (the "**Amended Application**"), Dupli requested the Agency revise the Original Project (the "**Amended Project**") as follows: (A)(i) the continuation of an interest in the Original Land; (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft. of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>1</sup> (the "**AMI**"); and approximately 3,500 sq.ft. of retail space (collectively, the "**Building 1 Facility**"); and the reconstruction and renovation of Building 2 consisting of 24,000 sq.ft. of residential space containing approximately 20 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the AMI; approximately 20,000 sq.ft. of commercial office space and approximately 9,500 sq.ft. of retail space (collectively, the "**Building 2 Facility**" and together with the Building 1 Facility, collectively, the "**Amended Facilities**"); and (iii) the acquisition and installation in and at the Land and Building 1 and Building 2 of furniture, fixtures and equipment (the "**Amended Equipment**" and together with the Land and the Facilities, the "**Amended Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Amended Financial Assistance**"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Amended Project Facility; and (D) the continuation of the lease of the Original Land and Amended Facilities by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency and the sublease of the Amended Project Facility back to the Company pursuant to a sublease agreement.

By correspondence dated October 5, 2020, Dupli advised that it was ready to proceed with the rehabilitation and renovations to Building 1 located at 600 North Franklin Street and secured a historic tax credit investor for that portion of the Project.

To satisfy the tax credit investor and separate financing sources to allow for the syndication of historic tax credits relative to each Building 1 and Building 2, Dupli is required to set up separate single purpose entities ("**SPE**") to own each Building 1 and Building 2 (collectively, the "**Ownership Structure**"). At the time of the syndication of the tax credits,

---

<sup>1</sup> As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

Dupli will own 90% of the SPE and the tax credit investor will own 10% of the SPE. To accommodate the Ownership Structure, Dupli requested, and the Agency approved, the amendment of the Original Lease Documents, including the Original Agency Lease, to bifurcate same into two sets of agreements (the "**Bifurcated Agreements**"), one for each parcel of Land and the corresponding improvements such that the amended/new agreements control the rights and obligations of the parties thereto with respect to that portion of the Project relative to Building 1, the Building 1 Land and the Financial Assistance and Equipment associated therewith (collectively, the "**Building 1 Project**") and Building 2, the Building 2 Land and the Financial Assistance and Equipment associated therewith (collectively, the "**Building 2 Project**"), respectively.

To accommodate the Ownership Structure, Dupli formed 600 Franklin Owner LLC, the SPE for the Building 1 Project ("**600 Franklin** " and together with Dupli, collectively, the "**Company**"), 600 Franklin will be a party to the Bifurcated Documents for the Building 1 Project.

By resolutions adopted April 21, 2020 and October 20, 2020, the Agency authorized the Bifurcated Agreements to accommodate the Ownership Structure such that the applicable Bifurcated Agreements for the Building 1 Project will govern the Building 1 Project consisting of: (A)(i) the continuation of an interest in 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) (bearing tax parcel identification number 118.-06-08.0), improved by an approximate 149,000 square foot building ("**Building 1**"), located in the City of Syracuse, New York (the "**City**") (the "**Land**"); (ii) the reconstruction and renovation of Building 1 consisting of a 7,000 sq.ft. expansion of the climbing gym for an aggregate approximately 23,000 sq.ft. climbing gym and exercise/training facility; approximately 37,500 sq.ft. of commercial office space; approximately 25,000 sq.ft. of commercial storage; approximately 45,000 sq.ft of residential space containing approximately 39 apartment units, twenty percent (20%) of such units shall be reserved for tenants at the annual 65% area median income rent limits for the City<sup>[1]</sup> (the "**AMI**"); and approximately 3,500 sq.ft. of retail space (collectively, the "**Facility**"); and (iii) the acquisition and installation in and at the Land and Building 1 of furniture, fixtures and equipment (the "**Equipment**" and together with the Land and the Facility, the "**Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Financial Assistance**"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the continuation of the lease of the Land and Facility by the Agency pursuant to an amended lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency and the sublease of the Project Facility back to the Company pursuant to an amended sublease agreement (all of the foregoing, collectively, the "**Project**").

The Company also requested that the Agency appoint 600 Franklin as its agent for purposes of completing the Project and the granting of certain Financial Assistance.

---

[1] As defined in the City of Syracuse Department of Neighborhood and Business Development *Syracuse Consolidated Plan* [http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood\\_and\\_Business\\_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf](http://www.syr.gov.net/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf)

The Company is, or will be at the time of closing, the owner of the Project Facility.

The Agency will continue its leasehold interest in the Land and Facility from the Company pursuant to a Company Lease Agreement dated as of July 1, 2017 from Dupli to the Agency, as amended by that First Amendment to Company Lease dated as of December 1, 2020, by and among Dupli and the Agency, and that certain Dupli Building 1 Company Lease Agreement dated as of December 1, 2020 by and among Dupli and 600 Franklin, as landlord and the Agency, as tenant; and an interest in the Equipment pursuant to one or more bills of sale from the Company dated as of December 1, 2020. The Agency subleased the Project Facility back to the Company, pursuant to an Agency Lease Agreement dated as of July 1, 2017 from the Agency to Dupli, as amended by that First Amendment to Agency Lease dated as of December 1, 2020, by and among the Agency, as sublessor and Dupli as sublessee and that certain Dupli Building 1 Agency Lease Agreement dated as of December 1, 2020 by and among the Agency as sublessor, Dupli and 600 Franklin as sublessees.

Capitalized terms used herein and not otherwise defined shall have the meaning given to such terms in Exhibit "C" to the Agency Lease.

Among the actions taken by the Agency with respect to the Project prior to Closing were the following:

- |                   |   |
|-------------------|---|
| February 4, 2020  | The Company submitted the Amended Application for financial assistance for the project.   |
| February 18, 2020 | A resolution determining that the acquisition, construction and equipping of a mixed-use project constitutes a project; describing the financial assistance in connection therewith; and authorizing a public hearing (the " <b>Public Hearing Resolution</b> "). |
| March 4, 2020     | Notice of the Public Hearing was mailed to the chief executive officers of the affected tax jurisdictions pursuant to Section 859-a of the Act.   |
| March 5, 2020     | Notice of the Public Hearing was published in the <u>Post-Standard</u> pursuant to Section 859-a of the Act.  |
| March 17, 2020    | The Agency conducted the Public Hearing pursuant to Section 859-a of the Act.   |
| March 17, 2020    | A resolution classifying a certain project as a Type 1 Action pursuant to the State Environmental Quality Review Act, declaring the Agency lead agency for purposes of an coordinated review thereunder (the " <b>SEQRA Lead Agency Resolution</b> ").            |

- April 21, 2020 A resolution determining that the undertaking of a certain project at the request of Dupli Associates LLC will not have a significant effect on the Environment (the "**SEQRA Resolution**").
