Suspension, Discontinuation, Recapture and/or Termination of Financial Assistance.** It is understood and agreed by the Parties that the Agency is entering into the Company Lease, the Agency Lease, the PILOT Agreement and this Project Agreement in order to provide Financial Assistance to the Company for the Project Facility and to accomplish the public purposes of the Act.

(a) In accordance with Section 875(3) of the New York General Municipal Law, the policies of the Agency, and the Resolutions, the Company covenants and agrees that it is subject to recapture of all State sales and use tax exemption benefits if:

(1) the Company or its Subagents, if any, authorized to make purchases for the benefit of the Project are not entitled to the State sales and use tax exemption benefits; or

(2) the State sales and use tax exemption benefits are in excess of the amounts authorized by the Agency to be taken by the Company or its Subagents, if any; or

Notwithstanding the foregoing, the Agency may determine whether an Event of Default has occurred pursuant to any Project Document in accordance with the terms of the Project Document.

At the time of any Noncompliance Event, the Agency shall determine by resolution whether to exercise its right to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance in accordance with its Recapture Policy; and shall consider the following criteria in determining whether to proceed to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance:

- iv. Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance would create an adverse situation for the residents of the City of Syracuse.

The Determination shall provide terms, if any, by which the Company may remedy any Noncompliance Event upon which the Determination was based. The Company must submit written documentation to the Agency of compliance with all terms and conditions of the Determination in order for the Agency to consider whether to resume Financial Assistance to the Company (which will be at the Agency's sole discretion).

(c) If a State-Mandated Recapture Event occurs or the Agency makes a Determination, the Company agrees and covenants that it will: (i) cooperate with the Agency in its efforts to recover or recapture any or all Financial Assistance obtained by the Company; and (ii) promptly pay over any or all such amounts to the Agency that the Agency demands in connection therewith. Upon receipt of such amounts, the Agency shall then redistribute such amounts to the appropriate affected tax jurisdictions, unless agreed to otherwise by any local taxing jurisdiction. The Company further understands and agrees that in the event that the Company fails to pay over such amounts to the Agency, the New York State Tax Commissioner may assess and determine the State sales and use tax due from the Company, together with any relevant penalties and interest due on such amounts.

**ARTICLE II**  
**COVENANTS AND AGREEMENTS**

**Section 2.01. Tax-Exempt Status of the Project Facility**

(a) Assessment of the Project Facility. Pursuant to the Act and Section 412-a of the Real Property Tax Law, the parties hereto understand that, upon acquisition of ownership or control of the Project Facility by the Agency, and for so long thereafter as the Agency shall own or control the Project Facility, the Project Facility shall be entitled to an exemption upon the first available assessment roll of the Municipality prepared subsequent to the acquisition by the Agency of ownership or control of the Project Facility. The time of commencement of the Agency's exemption shall be controlled by the Municipality's taxable status date, in conformity with Section 412-a of the Real Property Tax Law. The Company will be required to pay to the Municipality all taxes and assessments lawfully levied and/or assessed against the Project Facility, in spite of the Agency's actual ownership or control of the Project Facility, until the Project Facility shall be entitled to exempt status on the tax roll of the Municipality.

(b) Special Assessments. The parties hereto understand that the tax exemption extended to the Agency by the Act and Section 412-a of the Real Property Tax Law does not entitle the Agency to exemption from special assessments and special ad valorem levies. The Company will be required to pay all special assessments and special ad valorem levies lawfully levied and/or assessed against the Project Facility.

**Section 2.02. Payments in Lieu of Taxes**

(a) Agreement to Make Payments. The Company agrees that it shall make periodic payments in lieu of real property taxes in the amounts hereinafter provided. The said payments due to the Agency hereunder shall be paid by the Company, to the Municipality, by check made payable to "*Commissioner of Finance*". Upon receipt of the Company's payment, it shall be the Municipality's obligation to appropriately disburse any portion of the said payment to the County of Onondaga, or such other taxing jurisdiction, pursuant to the Act. This Company obligation shall exist for so long as the Agency retains an interest in the Project Facility. Notwithstanding the appearance of the Agency's exemption on the Municipality's tax roll for the 2018/2019 City and School portion of the real property tax due on the Land and Facility, the year 1 payment due for the

City and School portion of the year 1 payment under **Exhibit "A"** shall commence on July 1, 2018. The year 1 payment due for the County and Water District portion of the year 1 payment under **Exhibit "A"** shall commence on January 1, 2019. Without regard to the Agency exemption, the Company shall continue paying real property tax through June 30, 2018 with respect to the City and School portion of the real property tax and through December 31, 2018 with respect to the County and Water District portion of the real property tax, based upon the assessment and the combined real property tax rate in effect for that period as if the Project Facility were privately owned and the Agency had no interest in the same.

(b) Amount of Payments in Lieu of Taxes. Unless otherwise stated, the Company's agreed upon annual payment in lieu of tax hereunder shall be an amount determined by reference to **Exhibit "A"**, attached hereto and made a part hereof. The payments in lieu of tax due, as set forth in **Exhibit "A"**, include any real property tax exemptions that might be afforded to the Company if the Project Facility were owned by the Company and not the Agency. As consideration for the benefits conferred on the Company pursuant to this Agreement, the Company hereby agrees to be bound by any determination by the City of Syracuse Board of Assessment Review resulting from a review of the assessment pertaining to the Project Facility and/or Additional Property throughout the term of this Agreement. The Company hereby agrees to waive any and all right to challenge or contest in a court of law (a "**Legal Challenge**"), those payments or the basis for those payments due pursuant to Exhibit "A." It shall also be an event of default under Article IV of this Agreement should the Company bring a Legal Challenge on the Project Facility and/or Additional Property.

(c) Additional Amounts in Lieu of Taxes. Commencing on the first tax year following the date on which any structural addition shall be made to the Facilities, or any new or additional building shall be constructed on the real property described in **Exhibit "B"** that is in addition to the Facilities (such structural additions and additional buildings being hereinafter referred to as "**Additional Property**"), the Company agrees to make additional periodic payments in lieu of real property taxes (such additional payments being hereinafter collectively referred to as "**Additional Payments**") to the Municipality with respect to such Additional Property. Such Additional Payments shall be computed as follows:

By multiplying (1) the value placed on such Additional Property, as value is

determined by the Municipality's Assessor by (2) the tax rate or rates of the Municipality that would be applicable to such Additional Property if such Additional Property were owned or controlled by the Company and not the Agency, and (3) then reducing the amount so determined by the amounts of any properly acquired tax exemptions that would be afforded to the Company by the Municipality for such Additional Property as if it was owned or controlled by the Company and not the Agency.

(d) Revaluation. In the event of a real property assessment revaluation by the Municipality, the Company shall continue to make its payments in accordance with this Agreement; however, in the event that Exhibit "A" is no longer in effect, but payments are still being made hereunder for any reason, (including, but not limited to, the Agency still having an interest in the Project Facility), and would be effected by revaluation, each year's payments subsequent to such revaluation shall be adjusted to properly reflect revaluation, it being the intent of the parties that the level of payments following revaluation shall be equal to those payments contemplated by this Agreement.

(e) Damage or Destruction. In the event that all or substantially all of the Project Facility is damaged or destroyed, the Company shall continue to make the payments required by this Agreement for as long as the Agency shall own or control the Project Facility, without regard to such damage or destruction.

(f) Time of Payments. The Company agrees to pay the amounts due the Agency hereunder to the Municipality for each year of this Agreement, within the period that the Municipality allows payment of taxes levied in such calendar year without penalty. The Company shall be entitled to receive receipts from the Municipality for such payments.

(g) Method of Payment. All payments by the Company hereunder shall be paid to the Municipality in lawful money of the United States of America, cash, money order or check.

### **Section 2.03. Obligation of Municipality**

The Municipality and/or the Agency shall submit to the Company written semi-annual statements specifying the amount and due date or dates of any payments due to the Agency hereunder. Each said semi-annual statement shall be submitted to the Company at the same time that tax bills are mailed by the Municipality to the owners of privately owned property. Failure to

receive a tax bill shall not relieve the Company of its obligation to make all payments provided for hereunder. If, for any reason, the Company does not receive an appropriate tax bill, the Company shall have the responsibility and obligation to make all reasonable inquiries to the Municipality and to have such a bill issued, and thereafter to make payment of the same no later than the due dates provided herein.

**Section 2.04. Obligations of Agency**

(a) Requirement that any Project Facility Agreements Require Payments in Lieu of Taxes. So long as the Project Facility shall be entitled to exemption from real property taxes as provided in Section 2.01(a) hereof, the Agency agrees, to the extent permitted by law, that it shall not make any agreement regarding the leasing or sale of the Project Facility which does not require that payments in lieu of taxes shall be paid to the Municipality in at least the amounts set forth in Article II hereof.

(b) Requirement that Mortgagees Subordinate to Payments. The Agency and the Company agree that any mortgages on the Project Facility, given by either of them, shall provide that the rights of the mortgagees thereunder shall be subordinate to this Agreement and to the right of the Municipality to receive payments in lieu of taxes pursuant to Article II hereof.

**Section 2.05. Company to Furnish Information**

The Company agrees to promptly comply with the reporting and information requirements of the Agency and the Act, and to promptly furnish the applicable information required or requested by the Agency and/or the State of New York. The Company further agrees to assist the Agency with the preparation of any reports, or answer any inquiries, required by the State of New York in connection with the Act or the Agency's participation in the Project.

**Section 2.06. Interest**

(a) Agreement to Pay Interest on Missed Payments. If the Company shall fail to make any payment required by this Agreement when due, its obligation to make the payment so in default shall continue as an obligation of the Company until such payment in default shall have been made in full, and the Company shall pay the same together with interest thereon, to the extent permitted by law, at the greater of **(i) eighteen per cent (18%) per annum, or (ii) the rate per annum which would be payable if such amounts were delinquent taxes, until so**

**paid in full.**

(b) Maximum Legal Rate. It is the intent of the Agency, the Municipality, and Company that in no event shall interest be payable at a rate in excess of the maximum rate permitted by applicable law (the "*Maximum Legal Rate*"). Solely to the extent necessary to prevent interest under this Agreement from exceeding the Maximum Legal Rate, any amount that would be treated as excessive under a final judicial interpretation of applicable law shall be deemed to have been a mistake and automatically canceled, and, if received by the Agency or Municipality, shall be refunded to the Company.

### **ARTICLE III**

#### **LIMITED OBLIGATION OF THE AGENCY**

##### **Section 3.01. No Recourse; Limited Obligation of the Agency**

(a) No Recourse. All covenants, stipulations, promises, agreements and obligations of the Agency contained in this Agreement shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, director, officer, agent, servant or employee of the Agency in his individual capacity, and no recourse under or upon any obligation, covenant or agreement contained in this Agreement, or otherwise based on or in respect of this Agreement, or for any claim based thereon or otherwise in respect thereof, shall be had against any past, present or future member, director, officer, agent, servant or employee, as such, of the Agency or any successor public benefit corporation or political subdivision or any person executing this Agreement on behalf of the Agency, either directly or through the Agency or any successor public benefit corporation or political subdivision or any person so executing this Agreement. It is expressly understood that this Agreement is a corporate obligation, and that no such personal liability whatever shall attach to, or is or shall be incurred by, any such member, director, officer, agent, servant or employee of the Agency or of any successor public benefit corporation or political subdivision or any person so executing this Agreement under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom. Any and all such personal liability of, and any and all such rights and claims against, every such member, director, officer, agent, servant or employee under or by reason of the obligations, covenants or

agreements contained in this Agreement or implied therefrom are, to the extent permitted by law, expressly waived and released as a condition of, and as a consideration for, the execution of this Agreement.

(b) Limited Obligation. The obligations and agreements of the Agency contained herein shall not constitute or give rise to an obligation of the State of New York or the Municipality, and neither the State of New York nor the Municipality shall be liable thereon. Furthermore, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency payable solely from the revenues of the Agency derived and to be derived from the lease, sale or other disposition of the Project.

(c) Further Limitation. Notwithstanding any provision of this Agreement to the contrary, the Agency shall not be obligated to take any action pursuant to any provision hereof unless (i) the Agency shall have been requested to do so in writing by the Company and (ii) if compliance with such request is expected to result in the incurrence by the Agency (or any of its members, directors, officers, agents, servants or employees) of any liability, fees, expenses or other costs, the Agency shall have received from the Company security or indemnity satisfactory to the Agency for protection against all such liability, however remote, and for the reimbursement of all such fees, expenses and other costs.

## **ARTICLE IV**

### **EVENTS OF DEFAULT**

#### **Section 4.01. Events of Default**

Any one or more of the following events shall constitute an event of default under this Agreement, and the terms “*Event of Default*” or “*Default*” shall mean, whenever they are used in this Agreement, any one or more of the following events:

(a) Failure of the Company to pay any amount due and payable by it pursuant to this Agreement or the Lease Agreement.

(b) Commencement by the Company of a Legal Challenge, as defined in Section 2.02(b), to those payments or the basis for those payments due pursuant to Exhibit “A.”

(c) Failure of the Company to observe and perform any other covenant, condition or agreement on its part to be observed and performed under this Agreement (other than as referred to

in paragraph (a) above) or the Lease Agreement, and continuance of such failure for a period of thirty (30) days after written notice to the Company specifying the nature of such failure hereunder, or with respect to the Lease Agreement, continuance of such failure for the duration of any applicable cure period set forth therein after receipt of any required notice thereunder.

(d) Any warranty, representation or other statement by or on behalf of the Company contained in this Agreement or the Lease Agreement shall prove to have been false or incorrect in any material respect on the date when made or on the effective date of this Agreement or the Lease Agreement.

(e) The Company violates any federal, state or local environmental law or allows or causes any Hazardous Materials (as Hazardous Materials is defined and described in any federal, state or local law) to be released at, on, to, into or from the Project Facility, except as permitted by the Lease Agreement or within the terms and conditions of a permit, certificate, license or other written approval of an authorized governmental body, and fails to remedy such violation within thirty (30) days; or if such failure cannot be cured within thirty (30) days, fails to commence a cure within thirty (30) days and thereafter diligently prosecute the cure thereof.

(f) The occurrence of any Event of Default or Default under this Agreement, the Lease Agreement or any other Project documents.

(g) Failure of the Company to commence renovation of the Project Facility within eight (8) months of the date of this Agreement.

The payment schedule contained in Exhibit "A" is for the benefit of the Company and its Project Facility. In the event that the Company defaults hereunder, and the Lease Agreement cannot be terminated, and/or the Agency's participation in the Project and this Agreement is not or cannot be terminated, the Company, or any assignee, or successor shall no longer be entitled to make payments under this Agreement pursuant to Exhibit "A". In such an event, payments shall be made hereunder, for any remaining term of the Project, as if the Project Facility was privately owned and assessed and without any further regard to Exhibit "A".

#### **Section 4.02. Remedies on Company Default**

Whenever any Event of Default under Sections 4.01(a), 4.01(b), 4.01(c), 4.01(d), 4.01(e), 4.01 (f) or 4.01(g) shall have occurred and be continuing with respect to this Agreement, and/or the

Company shall be in default under the Lease Agreement, the Agency may take whatever action at law or in equity, following applicable notice, as may appear necessary or desirable to collect the amount then in default or to enforce the performance and observance of the obligations, agreements and covenants of the Company under this Agreement and/or the Lease Agreement. Notwithstanding anything herein to the contrary, if the Lease Agreement is terminated for any reason, this Agreement shall automatically terminate without any further notice or action required hereunder.

**Section 4.03. Recording of Lease Terminations and Other Documents**

Whenever any Event of Default under Sections 4.01(a), 4.01(b), 4.01(c), 4.01(d), 4.01(e) 4.01 (f) or 4.01(g) shall have occurred and be continuing with respect to this Agreement or the Lease Agreement, the Agency may, upon notice to the Company provided for in this Agreement or the Lease Agreement, if any, terminate the Lease Agreement and record such termination or other necessary documents in the Onondaga County Clerk's Office, terminating the Agency's interest in the Project Facility and terminating this Agreement.

The recording of such a termination and any other documentation shall constitute delivery to, and acceptance of such, by the Company. In order to facilitate such a termination, the Company hereby appoints the Chairman or the Vice Chairman of the Agency as its agent for the purpose of executing and delivering all documents necessary to allow such termination by the Agency.

In the event that the Lease Agreement, for any reason, is extended by its terms, or for any reason this Agreement expires or terminates, but the Agency retains an interest or remains in title to the Project Facility, the Company shall continue to make payments in lieu of taxes to the Municipality for as long as the Agency retains an interest in, or remains in title to, the Project Facility. Those payments shall be the equivalent of the real property taxes that would be due on the Project Facility if it were owned by the Company and the Agency had no interest therein. It is the intention of the parties hereto, that for so long as the Agency shall possess title to, or an interest in, the Property, the Company, or any permitted successors or assigns, shall make payments in lieu of taxes to the Municipality that are either based upon Exhibit "A", or if Exhibit "A" is no longer applicable for any reason, are the equivalent of the real property taxes that would be due and owing if the Project Facility were privately owned and the Agency had no interest therein.

#### **Section 4.04. Payment of Attorney's Fees and Expenses**

If the Company should default in performing any of its obligations, covenants and agreements under this Agreement and the Agency or the Municipality should employ attorneys (whether in-house or outside counsel) or incur other expenses for the collection of any amounts payable hereunder or for the enforcement of performance or observance of any obligation or agreement on the part of the Company herein contained, the Company agrees that it will, on demand therefor, pay to the Agency and/or the Municipality the reasonable fees and disbursements of such attorneys and such other reasonable expenses so incurred.

Furthermore, should the Company bring a Legal Challenge on the Project Facility and/or Additional Property during the term of this Agreement, and the Agency and/or the Municipality waives its right to declare a default under this Agreement in regard to such Legal Challenge, or such Legal Challenge is determined not to be a default of this Agreement by any Court of competent jurisdiction, the Company agrees that in the event that the Company is unsuccessful in its Legal Challenge, it will, on demand, pay to the Agency and/or the Municipality the reasonable fees and disbursements of any attorneys employed (whether in-house or outside counsel) for the defense of such Legal Challenge as well as such other reasonable expenses so incurred.

#### **Section 4.05. Remedies; Waiver and Notice**

(a) No Remedy Exclusive. No remedy herein conferred upon or reserved to the Agency is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute.

(b) Delay. No delay or omission in exercising any right or power accruing upon the occurrence of any Event of Default hereunder shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient.

(c) Notice Not Required. In order to entitle the Agency to exercise any remedy reserved to it in this Agreement, it shall not be necessary to give any notice, other than such notice as may be expressly required in this Agreement.

(d) No Waiver. In the event any provision contained in this Agreement should be

breached by any party and thereafter duly waived by the other party so empowered to act, such waiver shall be limited to the particular breach so waived and shall not be deemed to be a waiver of any other breach hereunder. No waiver, amendment, release or modification of this Agreement shall be established by conduct, custom or course of dealing.

## ARTICLE V

### MISCELLANEOUS

#### **Section 5.01. Term of Agreement**

(a) General. This Agreement shall become effective and the obligations of the Agency and the Company shall arise absolutely and unconditionally upon the execution and delivery of this Agreement. This Agreement shall terminate on the earliest to occur of (i) the same date that the Agency Lease Agreement terminates; (ii) on any earlier date permitted under the Agency Lease Agreement; or (iii) upon the expiration on June 30, 2028, of the PILOT Schedule set forth in **Exhibit "A"** hereto. In the event of a termination of the Agency's interest in the Project Facility, the Company's payments due hereunder shall be pro-rated to the extent necessary to allow the Municipality to issue a supplemental tax bill based upon the Agency's transfer of ownership or control of the Project Facility to the Company, and the loss of the Agency's tax exemption on the said Project Facility.

(b) Conflict. In the event of a conflict between this Agreement or any of its terms on the one hand, and the Lease Agreement or any other Project documents on the other hand, the provisions most favorable to the Agency shall govern. The Agency and the Company agree that the Agency's participation in the Project is for the benefit of the Company and that the Municipality must receive payments from the Company hereunder, during the entire term of this Agreement and/or the Agency's ownership or control of the Project Facility.

#### **Section 5.02. Company Acts**

Where the Company is required to do or accomplish any act or thing hereunder, the Company may cause the same to be done or accomplished with the same force and effect as if done or accomplished by the Company.

**Section 5.03. Amendment of Agreement**

This Agreement may not be amended, changed, modified or altered unless such amendment, change, modification or alteration is in writing and signed by the Agency and the Company.

**Section 5.04. Notices**

All notices, certificates or other communications hereunder shall be in writing, shall be sufficiently given, and shall be deemed given when (a) sent to the applicable address stated below by registered or certified mail, return receipt requested, and actually received by the intended recipient or by overnight courier or such other means as shall provide the sender with documentary evidence of such delivery, or (b) delivery is refused by the addressee as evidenced by the affidavit of the person who attempted to effect such delivery. ## ARTICLE V SUSPENSION, DISCONTINUATION, RECAPTURE AND/OR TERMINATION OF FINANCIAL ASSISTANCE

**Section 5.01. Suspension, Discontinuation, Recapture and/or Termination of Financial Assistance.** It is understood and agreed by the parties that the Agency is entering into the First Amendment to Company Lease, the Dupli Building 1 Company Lease, the First Amendment to Agency Lease, the Dupli Building 1 Agency Lease, the First Amendment to PILOT Agreement, the Dupli Building 1 PILOT Agreement and the First Amendment to Dupli Project Agreement and this Dupli Building 1 Project Agreement in order to provide Financial Assistance to the Company for the Project Facility and to accomplish the public purposes of the Act.

(a) In accordance with Section 875(3) of the New York General Municipal Law, the policies of the Agency, this Dupli 1 Project Agreement, the Agency Lease and the Resolutions, the Company covenants and agrees that it is subject to recapture of all State sales and use tax exemption benefits if:

(1) the Company or its Subagents, if any, authorized to make purchases for the benefit of the Project are not entitled to the State sales and use tax exemption benefits; or

(2) the State sales and use tax exemption benefits are in excess of the amounts authorized by the Agency to be taken by the Company or its Subagents, if any; or

(3) the State sales and use tax exemption benefits are for property or services not authorized by the Agency as part of the Project; or

(4) the Project has failed to comply with a material term or condition to use the property or services in the manner required by any project document between the Company and the Agency.

Each of the foregoing four events are hereinafter referred to as a “***State-Mandated Recapture Event***”. The Agency shall evaluate, annually as of December 31, or at any time information is brought to the Agency’s attention, whether a State-Mandated Recapture Event has occurred.

(b) In addition to Section 5.01(a), in accordance with the policies of the Agency and the Resolutions, the Company covenants and agrees that the Agency shall have the right to suspend, discontinue, recapture or terminate all or any portion of any Financial Assistance to the extent any of the following occur (each a “***Deficit***”):

- (i) for projects that utilized local sales and use tax exemptions, the project was not entitled to such exemptions, such exemptions were in excess of the amounts authorized by the Agency, and/or such exemptions were for property or services not authorized by the Agency (each, a “***Local Sales Tax Benefit Violation***”);
- (ii) the company, upon completion of the project, fails to reach and maintain at least 85 percent of its employment requirements for job creation and/or retention (“***Job Deficit***”);
- (iii) the total investment actually made with respect to the project at the project’s completion date is less than 85 percent of its investment requirement (“***Investment Deficit***”);
- (iv) the company fails to provide annually to the Agency certain information to confirm that the project is achieving the investment, job retention, job creation, Rental Restrictions and other objectives of the Project (“***Reporting Failure***”); or
- (v) there otherwise occurs any event of default under any project document (each, an “***Event of Default***”) or a material violation of the terms and conditions of any project document, including but not limited to the failure to maintain and comply with the Rental Restrictions (a “***Material Violation***”).
- (vi) in addition to the foregoing, the Company acknowledges that if they fail at any time during the term hereof, to maintain the Rental Restrictions (as set

forth in the Dupli Building 1 Agency Lease), the Agency shall have the right to recapture any or all Financial Assistance obtained by the Company.

The Agency shall evaluate, annually as of December 31, or at any time information is brought to the Agency's attention, whether a Local Sales Tax Benefit Violation, Job Deficit, Investment Deficit, Reporting Failure Event of Default or Material Violation (each a "**Noncompliance Event**") has occurred. Notwithstanding the foregoing, the Agency may determine whether an Event of Default has occurred pursuant to any Project Document in accordance with the terms of the Project Document.

At the time of any Noncompliance Event, the Agency shall determine by resolution whether to exercise its right to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance in accordance with the terms hereof, the Dupli Building 1 Agency Lease, as well as its Recapture Policy; and shall consider the following criteria in determining whether to proceed to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance:

- i. Whether the Company has proceeded in good faith.
- ii. Whether the Project has not performed as required due to economic issues, changes in market conditions or adverse events beyond the control of the Company.
- iii. Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance would create a more adverse situation for the Company, such as the Company going out of business or declaring bankruptcy, which would not occur if the Agency's rights were not exercised.
- iv. Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance would create an adverse situation for the residents of the City of Syracuse.
- v. The assessment prepared in accordance with the Agency's Annual Assessment Policy.
- vi. Such other criteria as the Agency shall determine is a relevant factor in connection with any decision regarding the exercise of its right to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance.

The Agency shall document its evaluation of the above criteria in writing and based upon its evaluation, the Agency shall determine whether to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance (the "**Determination**"). The Determination shall provide terms, if any, by which the Company may remedy any Noncompliance Event upon which the Determination was based. The Company must submit

written documentation to the Agency of compliance with all terms and conditions of the Determination in order for the Agency to consider whether to resume Financial Assistance to the Company (which will be at the Agency's sole discretion).

(c) If a State-Mandated Recapture Event occurs or the Agency makes a Determination, the Company agrees and covenants that it will: (i) cooperate with the Agency in its efforts to recover or recapture any or all Financial Assistance obtained by the Company; and (ii) promptly pay over any or all such amounts to the Agency that the Agency demands in connection therewith. Upon receipt of such amounts, the Agency shall then redistribute such amounts to the appropriate affected tax jurisdictions, unless agreed to otherwise by any local taxing jurisdiction. The Company further understands and agrees that in the event that the Company fails to pay over such amounts to the Agency, the New York State Tax Commissioner may assess and determine the State sales and use tax due from the Company, together with any relevant penalties and interest due on such amounts.

At the time of the syndication of the tax credits, Dupli will own 90% of the SPE and the tax credit investor will own 10% of the SPE. To accommodate the Ownership Structure, Dupli requested, and the Agency approved, the amendment of the Original Lease Documents, including the Original Agency Lease, to bifurcate same into two sets of agreements (the "**Bifurcated Agreements**"), one for each parcel of Land and the corresponding improvements such that the amended/new agreements control the rights and obligations of the parties thereto with respect to that portion of the Project relative to Building 1, the Building 1 Land and the Financial Assistance and Equipment associated therewith (collectively, the "**Building 1 Project**") and Building 2, the Building 2 Land and the Financial Assistance and Equipment associated therewith (collectively, the "**Building 2 Project**"), respectively; and

## **ARTICLE II** **COVENANTS AND AGREEMENTS**

### **Section 2.01. Tax-Exempt Status of the Project Facility**

(a) Assessment of the Project Facility. Pursuant to the Act and Section 412-a of the Real Property Tax Law, the parties hereto understand that, upon acquisition of ownership or control of the Project Facility by the Agency, and for so long thereafter as the Agency shall own or control the Project Facility, the Project Facility shall be entitled to an exemption upon the first available assessment roll of the Municipality prepared subsequent to the acquisition by the Agency of ownership or control of the Project Facility. The time of commencement of the Agency's exemption shall be controlled by the Municipality's taxable status date, in conformity with Section 412-a of the Real Property Tax Law. The Company will be required to pay to the Municipality all taxes and assessments lawfully levied and/or assessed against the Project Facility, in spite of the Agency's actual ownership or control of the Project Facility, until the Project Facility shall be entitled to exempt status on the tax roll of the Municipality. The Project Facility is currently exempt on the tax roll of the Municipality by reason of a 412-a exemption pursuant to the Original Lease Documents and such exemption shall continue uninterrupted upon the effective date of this Agreement.

(b) Special Assessments. The parties hereto understand that the tax exemption extended to the Agency by the Act and Section 412-a of the Real Property Tax Law does not entitle the Agency to exemption from special assessments and special ad valorem levies. The Company will be required at all times to pay all special assessments and special ad valorem levies lawfully levied and/or assessed against the Project Facility.

### **Section 2.02. Payments in Lieu of Taxes**

(a) Agreement to Make Payments. The Company agrees that it shall make periodic payments in lieu of real property taxes in the amounts hereinafter provided. The said payments due to the Agency hereunder shall be paid by the Company, to the Municipality, on behalf of the Agency, by check made payable to "*Commissioner of Finance*". Upon receipt of the Company's payment, the Municipality, on behalf of the Agency, will disburse the appropriate portion of the said payment to the County of Onondaga and the Municipality, or such other taxing jurisdiction, pursuant to the Act. This Company obligation shall exist for so long as the Agency retains an interest in the Project Facility. In accordance with the Original PILOT Agreement the year 1 payment due for the City and School portion of the year 1 payment under **Exhibit "A"** commenced on July 1, 2018. Likewise, the year 1 payment due for the County and Water District portion of the year 1 payment under **Exhibit "A"** commenced on January 1, 2019. The balance of the payments due under this Agreement are set forth on **Exhibit "A"** attached hereto.

(b) Amount of Payments in Lieu of Taxes. Unless otherwise stated, the Company's agreed upon annual payment in lieu of tax hereunder shall be an amount determined by reference to **Exhibit "A"**, attached hereto and made a part hereof. The payments in lieu of tax due, as set forth in **Exhibit "A"**, include any real property tax exemptions that might be afforded to 600 Franklin if the Project Facility were owned by 600 Franklin and not the Agency. As consideration for the benefits conferred on the Company pursuant to this Agreement, the Company hereby agrees to be bound by any determination by the City of Syracuse Board of Assessment Review resulting from a review of the assessment pertaining to the Project Facility and/or Additional Property throughout the term of this Agreement. The Company hereby agrees to waive any and all right to challenge or contest in a court of law (a "**Legal Challenge**"), those payments or the basis for those payments due pursuant to Exhibit "A." It shall also be an event of default under Article IV of this Agreement should the Company bring a Legal Challenge on the Project Facility and/or Additional Property.

(c) Additional Amounts in Lieu of Taxes. Commencing on the first tax year following the date on which any structural addition shall be made to the Facilities, or any new or additional building shall be constructed on the real property described in **Exhibit "B"** that is in addition to the Facilities (such structural additions and additional buildings being hereinafter referred to as "**Additional Property**"), the Company agrees to make additional periodic payments in lieu of real property taxes (such additional payments being hereinafter collectively referred to as "**Additional Payments**") to the Municipality on behalf of the Agency with respect to such Additional Property. Such Additional Payments shall be computed as follows:

By multiplying (1) the value placed on such Additional Property, as value is determined by the Municipality's assessor by (2) the tax rate or rates of the Municipality that would be applicable to such Additional Property if such Additional Property were owned or controlled by the Company and not the Agency; and (3) then reducing the amount so determined by the amounts of any properly acquired tax exemptions that would be afforded to the Company by the Municipality for such Additional Property as if it was owned or controlled by the Company and not the Agency.

(d) Revaluation. In the event of a real property assessment revaluation by the Municipality, the Company shall continue to make its payments in accordance with this Agreement; however, in the event that Exhibit "A" is no longer in effect, but payments are still being made hereunder for any reason, (including, but not limited to, the Agency still having an interest in the Project Facility), and would be effected by revaluation, each year's payments subsequent to such revaluation shall be adjusted to properly reflect revaluation, it being the intent of the parties that the level of payments following revaluation shall be equal to those payments contemplated by this Agreement.

(e) Damage or Destruction. In the event that all or substantially all of the Project Facility is damaged or destroyed, the Company shall continue to make the payments required by this Agreement for as long as the Agency shall own or control the Project Facility, without regard to such damage or destruction.

(f) Time of Payments. The Company agrees to pay the amounts due the Agency hereunder to the Municipality for each year of this Agreement, within the period that the Municipality

allows payment of taxes levied in such calendar year without penalty. 600 Franklin shall be entitled to receive receipts from the Municipality for such payments.

(g) Method of Payment. All payments by the Company hereunder shall be paid to the Municipality in lawful money of the United States of America, cash, money order or check.

### **Section 2.03. PILOT Statements**

The Municipality and/or the Agency shall submit to 600 Franklin written semi-annual statements specifying the amount and due date or dates of any payments due to the Agency hereunder. Each semi-annual PILOT statement shall be submitted to 600 Franklin at the same time that tax statements/bills are mailed by the Municipality to the owners of privately owned property. Failure to receive a PILOT statement shall not relieve the Company of its obligation to make all payments provided for hereunder. If, for any reason, the Company does not receive an appropriate PILOT Statement, the Company shall have the responsibility and obligation to make all reasonable inquiries to the Municipality and the Agency and to have such a statement issued, and thereafter to make payment of the same no later than the due dates provided herein.

### **Section 2.04. Obligations of Agency**

Requirement that Mortgagees Subordinate to Payments. The Agency and 600 Franklin agree that any mortgages on the Project Facility, given by either of them, shall provide that the rights of the mortgagees thereunder shall be subordinate to this Agreement and to the right of the Municipality to receive payments in lieu of taxes pursuant to Article II hereof.

### **Section 2.05. Company to Furnish Information**

The Company agrees to promptly comply with the reporting and information requirements of the Agency and the Act, and to promptly furnish the applicable information required or requested by the Agency and/or the State of New York. The Company further agrees to assist the Agency with the preparation of any reports, or answer any inquiries, required by the State of New York in connection with the Act or the Agency's participation in the Project.

In addition, during the Reporting Period (as defined in the Dupli Building 1 Agency Lease), the Company shall provide the reporting and certifications required relative to the Rental Restrictions as more fully set forth in Section 8.5 of the Dupli Building 1 Agency Lease. The Company acknowledges that failure to maintain and/or report on the Rental Restrictions as set forth herein and therein, shall give rise to the Agency's right to recapture all Recapture Amounts.

### **Section 2.06. Interest**

(a) Agreement to Pay Interest on Missed Payments. If the Company shall fail to make any payment required by this Agreement when due, its obligation to make the payment so in default shall continue as an obligation of the Company until such payment in default shall have been made in full, and the Company shall pay the same together with interest thereon, to the extent permitted by law, at the greater of: **(i) eighteen per cent (18%) per annum; or (ii) the rate per**

**annum which would be payable if such amounts were delinquent taxes, until so paid in full.**

(b) Maximum Legal Rate. It is the intent of the Agency, the Municipality, and the Company that in no event shall interest be payable at a rate in excess of the maximum rate permitted by applicable law (the "*Maximum Legal Rate*"). Solely to the extent necessary to prevent interest under this Agreement from exceeding the Maximum Legal Rate, any amount that would be treated as excessive under a final judicial interpretation of applicable law shall be deemed to have been a mistake and automatically canceled, and, if received by the Agency or Municipality, shall be refunded to 600 Franklin.

### **ARTICLE III** **LIMITED OBLIGATION OF THE AGENCY**

#### **Section 3.01. No Recourse; Limited Obligation of the Agency**

(a) No Recourse. All covenants, stipulations, promises, agreements and obligations of the Agency contained in this Agreement shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, director, officer, agent, servant or employee of the Agency in his individual capacity, and no recourse under or upon any obligation, covenant or agreement contained in this Agreement, or otherwise based on or in respect of this Agreement, or for any claim based thereon or otherwise in respect thereof, shall be had against any past, present or future member, director, officer, agent, servant or employee, as such, of the Agency or any successor public benefit corporation or political subdivision or any person executing this Agreement on behalf of the Agency, either directly or through the Agency or any successor public benefit corporation or political subdivision or any person so executing this Agreement. It is expressly understood that this Agreement is a corporate obligation, and that no such personal liability whatever shall attach to, or is or shall be incurred by, any such member, director, officer, agent, servant or employee of the Agency or of any successor public benefit corporation or political subdivision or any person so executing this Agreement under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom. Any and all such personal liability of, and any and all such rights and claims against, every such member, director, officer, agent, servant or employee under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom are, to the extent permitted by law, expressly waived and released as a condition of, and as a consideration for, the execution of this Agreement.

(b) Limited Obligation. The obligations and agreements of the Agency contained herein shall not constitute or give rise to an obligation of the State of New York or the Municipality, and neither the State of New York nor the Municipality shall be liable thereon. Furthermore, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency payable solely from the revenues of the Agency derived and to be derived from the lease, sale or other disposition of the Project.

(c) Further Limitation. Notwithstanding any provision of this Agreement to the contrary, the Agency shall not be obligated to take any action pursuant to any provision hereof unless (i) the Agency shall have been requested to do so in writing by 600 Franklin and (ii) if compliance with such request is expected to result in the incurrence by the Agency (or any of its

members, directors, officers, agents, servants or employees) of any liability, fees, expenses or other costs, the Agency shall have received from 600 Franklin security or indemnity satisfactory to the Agency for protection against all such liability, however remote, and for the reimbursement of all such fees, expenses and other costs.

## **ARTICLE IV** **EVENTS OF DEFAULT**

### **Section 4.01. Events of Default**

Any one or more of the following events shall constitute an event of default under this Agreement, and the terms “*Event of Default*” or “*Default*” shall mean, whenever they are used in this Agreement, any one or more of the following events:

(a) Failure of the Company to pay any amount due and payable by it pursuant to this Agreement, the Lease Agreements or the Company Documents.

(b) Commencement by the Company of a Legal Challenge, as defined in Section 2.02(b), to those payments or the basis for those payments due pursuant to Exhibit “A.”

(c) Failure of the Company to observe and perform any other covenant, condition or agreement on its part to be observed and performed under this Agreement (other than as referred to in paragraph (a) above), the Lease Agreements, or any other Company Document and continuance of such failure for a period of thirty (30) days after written notice to the Company specifying the nature of such failure hereunder, or with respect to the Lease Agreements, continuance of such failure for the duration of any applicable cure period set forth therein after receipt of any required notice thereunder.

(d) Any warranty, representation or other statement by or on behalf of the Company contained in this Agreement or the Lease Agreements shall prove to have been false or incorrect in any material respect on the date when made or on the effective date of this Agreement or the Lease Agreements.

(e) The Company violates any federal, state or local environmental law or allows or causes any Hazardous Materials (as Hazardous Materials is defined and described in any federal, state or local law) to be released at, on, to, into or from the Project Facility, except as permitted by the Lease Agreements or within the terms and conditions of a permit, certificate, license or other written approval of an authorized governmental body, and fails to remedy such violation within thirty (30) days; or if such failure cannot be cured within thirty (30) days, fails to commence a cure within thirty (30) days and thereafter diligently prosecute the cure thereof.

(f) The occurrence of any Event of Default or Default under this Agreement, the Lease Agreements or any other Company Documents.

(g) Failure of the Company to commence and complete the Project Facility on or before the Completion Date as set forth in the Agency Lease.

(h) Failure to maintain the Rental Restrictions and/or provide the required reporting relative thereto as set forth herein.

#### **Section 4.02. Remedies on Company Default**

Whenever any Event of Default under Section 4.01 shall have occurred and be continuing with respect to this Agreement, and/or the Company shall be in default under the Lease Agreements, the Agency may take whatever action at law or in equity, including but not limited to recapture in accordance with the Agency's Recapture Policy dated June 21, 2016 or pursuant to the terms of any Company Document, following applicable notice, as may appear necessary or desirable to collect the amount then in default or to enforce the performance and observance of the obligations, agreements and covenants of the Company under this Agreement and/or the Lease Agreements. Notwithstanding anything herein to the contrary, if the Lease Agreements are terminated for any reason, this Agreement shall automatically terminate without any further notice or action required hereunder and the Project Facility shall immediately become taxable and revert to the tax roll.

The payment schedule contained in Exhibit "A" is for the benefit of 600 Franklin and its Project Facility. In the event that the Company defaults hereunder, and the Lease Agreements cannot be terminated, and/or the Agency's participation in the Project and this Agreement is not or cannot be terminated, the Company, or any assignee, or successor shall no longer be entitled to make payments under this Agreement pursuant to Exhibit "A". In such an event, payments shall be made hereunder, for any remaining term of this Agreement, as if the Project Facility was privately owned and assessed and without any further regard to Exhibit "A".

#### **Section 4.03. Recording of Lease Terminations and Other Documents**

Whenever any Event of Default under Sections 4.01 shall have occurred and be continuing with respect to this Agreement or the Lease Agreements, the Agency may, upon notice to the Company provided for in this Agreement or the Lease Agreements, if any, terminate the Lease Agreements and record such termination or other necessary documents in the Onondaga County Clerk's Office, terminating the Agency's interest in the Project Facility thereby terminating this Agreement.

The recording of such a termination and any other documentation shall constitute delivery to, and acceptance of such, by the Company. In order to facilitate such a termination, the Company hereby appoints the Chair or the Vice Chair of the Agency as its agent for the purpose of executing and delivering all documents necessary to allow such termination by the Agency.

In the event that the Lease Agreements, for any reason, are extended by their terms, or for any reason this Agreement expires or terminates, but the Agency retains an interest or remains in title to the Project Facility, the Company shall continue to make payments in lieu of taxes to the Municipality, on behalf of the Agency, for as long as the Agency retains an interest in, or remains in title to, the Project Facility in accordance with Exhibit "A". Those payments shall be the equivalent of the real property taxes that would be due on the Project Facility if it were owned by 600 Franklin and the Agency had no interest therein. It is the intention of the parties hereto, that for so long as the Agency

shall possess title to, or an interest in, the Property, the Company, or any permitted successors or assigns, shall make payments in lieu of taxes to the Municipality, on behalf of the Agency, that are either based upon Exhibit "A", or if Exhibit "A" is no longer applicable for any reason, are the equivalent of the real property taxes that would be due and owing if the Project Facility were privately owned and the Agency had no interest therein.

#### **Section 4.04. Payment of Attorney's Fees and Expenses**

If the Company should default in performing any of its obligations, covenants and agreements under this Agreement and the Agency or the Municipality should employ attorneys (whether in-house or outside counsel) or incur other expenses for the collection of any amounts payable hereunder or for the enforcement of performance or observance of any obligation or agreement on the part of the Company herein contained, the Company agrees that it will, on demand therefor, pay to the Agency and/or the Municipality the reasonable fees and disbursements of such attorneys and such other reasonable expenses so incurred.

Furthermore, should 600 Franklin bring a Legal Challenge on the Project Facility and/or Additional Property during the term of this Agreement, and the Agency and/or the Municipality waives its right to declare a default under this Agreement in regard to such Legal Challenge, or such Legal Challenge is determined not to be a default of this Agreement by any Court of competent jurisdiction, 600 Franklin agrees that in the event that 600 Franklin is unsuccessful in its Legal Challenge, it will, on demand, pay to the Agency and/or the Municipality the reasonable fees and disbursements of any attorneys employed (whether in-house or outside counsel) for the defense of such Legal Challenge as well as such other reasonable expenses so incurred.

#### **Section 4.05. Remedies; Waiver and Notice**

(a) No Remedy Exclusive. No remedy herein conferred upon or reserved to the Agency is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute.

(b) Delay. No delay or omission in exercising any right or power accruing upon the occurrence of any Event of Default hereunder shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient.

(c) Notice Not Required. In order to entitle the Agency to exercise any remedy reserved to it in this Agreement, it shall not be necessary to give any notice, other than such notice as may be expressly required in this Agreement.

(d) No Waiver. In the event any provision contained in this Agreement should be breached by any party and thereafter duly waived by the other party so empowered to act, such waiver shall be limited to the particular breach so waived and shall not be deemed to be a waiver of any other breach hereunder. No waiver, amendment, release or modification of this Agreement shall be established by conduct, custom or course of dealing.

(e) Recapture. Seek to recover all or some of the Recapture Amount in accordance with the Agency's Recapture Policy, the Agency Lease, the Project Agreement and this PILOT Agreement.

## **ARTICLE V** **MISCELLANEOUS**

### **Section 5.01. Term of Agreement**

(a) General. This Agreement shall become effective and the obligations of the Agency and the Company shall arise absolutely and unconditionally upon the execution and delivery of this Agreement. This Agreement shall terminate on the earliest to occur of: (i) the same date that the Dupli Building 1 Agency Lease Agreement terminates; (ii) on any earlier date permitted under the Dupli Building 1 Agency Lease Agreement; or (iii) upon the expiration on **June 30, 2033** of the PILOT Schedule set forth in **Exhibit "A"** hereto. In the event of a termination of the Agency's interest in the Project Facility, the Company's payments due hereunder shall be pro-rated to the extent necessary to allow the Municipality to issue a supplemental PILOT Statement based upon the Agency's transfer of ownership or control of the Project Facility to the Company, and the loss of the Agency's tax exemption on the said Project Facility.

(b) Conflict. In the event of a conflict between this Agreement or any of its terms on the one hand, and the Lease Agreements or any other Project documents on the other hand, the provisions most favorable to the Agency shall govern. The Agency and the Company agree that the Agency's participation in this Agreement is for the benefit of the Company and that the Municipality must receive payments from the Company hereunder, during the entire term of this Agreement and/or the Agency's ownership or control of the Project Facility.

### **Section 5.02. Company Acts**

Where the Company is required to do or accomplish any act or thing hereunder, the Company may cause the same to be done or accomplished with the same force and effect as if done or accomplished by the Company.

### **Section 5.03. Amendment of Agreement**

This Agreement may not be amended, changed, modified or altered unless such amendment, change, modification or alteration is in writing and signed by the Agency and the Company.

### **Section 5.04. Notices**

All notices, certificates or other communications hereunder shall be in writing, shall be sufficiently given, and shall be deemed given when (a) sent to the applicable address stated below by registered or certified mail, return receipt requested, and actually received by the intended recipient or by overnight courier or such other means as shall provide the sender with documentary evidence of such delivery, or (b) delivery is refused by the addressee as evidenced by the affidavit of the person

(4) the Project has failed to comply with a material term or condition to use the property or services in the manner required by any project document between the Company and the Agency.

Each of the foregoing four events are hereinafter referred to as a “***State-Mandated Recapture Event***”. The Agency shall evaluate, annually as of December 31, or at any time information is brought to the Agency’s attention, whether a State-Mandated Recapture Event has occurred.

Investment Deficit, Reporting Failure Event of Default or Material Violation (each a “**Noncompliance Event**”) has occurred. Notwithstanding the foregoing, the Agency may determine whether an Event of Default has occurred pursuant to any Project Document in accordance with the terms of the Project Document.

- ii. Whether the Project has not performed as required due to economic issues, changes in market conditions or adverse events beyond the control of the Company.
- iii. The Determination shall provide terms, if any, by which the Company may remedy any Noncompliance Event upon which the Determination was based. The Company must submit written documentation to the Agency of compliance with all terms and conditions of the Determination in order for the Agency to consider whether to resume Financial Assistance to the Company (which will be at the Agency’s sole discretion).

(c) If a State-Mandated Recapture Event occurs or the Agency makes a Determination, the Company agrees and covenants that it will: (i) cooperate with the Agency in

its efforts to recover or recapture any or all Financial Assistance obtained by the Company; and (ii) promptly pay over any or all such amounts to the Agency that the Agency demands in connection therewith. Upon receipt of such amounts, the Agency shall then redistribute such amounts to the appropriate affected tax jurisdictions, unless agreed to otherwise by any local taxing jurisdiction. The Company further understands and agrees that in the event that the Company fails to pay over such amounts to the Agency, the New York State Tax Commissioner may assess and determine the State sales and use tax due from the Company, together with any relevant penalties and interest due on such amounts.

## **ARTICLE II**

### **COVENANTS AND AGREEMENTS**

#### **Section 2.01. Tax-Exempt Status of the Project Facility**

(a) Assessment of the Project Facility. Pursuant to the Act and Section 412-a of the Real Property Tax Law, the parties hereto understand that, upon acquisition of ownership or control of the Project Facility by the Agency, and for so long thereafter as the Agency shall own or control the Project Facility, the Project Facility shall be entitled to an exemption upon the first available assessment roll of the Municipality prepared subsequent to the acquisition by the Agency of ownership or control of the Project Facility. The time of commencement of the Agency's exemption shall be controlled by the Municipality's taxable status date, in conformity with Section 412-a of the Real Property Tax Law. The Company will be required to pay to the Municipality all taxes and assessments lawfully levied and/or assessed against the Project Facility, in spite of the Agency's actual ownership or control of the Project Facility, until the Project Facility shall be entitled to exempt status on the tax roll of the Municipality. The Project Facility is currently exempt on the tax roll of the Municipality by reason of a 412-a exemption pursuant to the Original Lease Documents and such exemption shall continue uninterrupted upon the effective date of this Agreement.

(b) Special Assessments. The parties hereto understand that the tax exemption extended to the Agency by the Act and Section 412-a of the Real Property Tax Law does not entitle the Agency to exemption from special assessments and special ad valorem levies. The Company will be required at all times to pay all special assessments and special ad valorem levies lawfully levied and/or assessed against the Project Facility.

#### **Section 2.02. Payments in Lieu of Taxes**

(a) Agreement to Make Payments. The Company agrees that it shall make periodic payments in lieu of real property taxes in the amounts hereinafter provided. The said payments due to the Agency hereunder shall be paid by the Company, to the Municipality, on behalf of the Agency, by check made payable to "*Commissioner of Finance*". Upon receipt of the Company's payment, the Municipality, on behalf of the Agency, will disburse the appropriate portion of the said payment to the County of Onondaga and the Municipality, or such other taxing jurisdiction, pursuant to the Act. This Company obligation shall exist for so long as the Agency retains an interest in the Project Facility. In accordance with the Original PILOT Agreement the year 1 payment due for the City and School portion of the year 1 payment under **Exhibit "A"** commenced on July 1, 2018. Likewise, the year 1 payment due for the County and Water District portion of the year 1 payment under **Exhibit "A"** commenced on January 1, 2019. The balance of the payments due under this Agreement are set forth on **Exhibit "A"** attached hereto.

(b) Amount of Payments in Lieu of Taxes. Unless otherwise stated, the Company's agreed upon annual payment in lieu of tax hereunder shall be an amount determined by reference to

**Exhibit “A”**, attached hereto and made a part hereof. The payments in lieu of tax due, as set forth in **Exhibit “A”**, include any real property tax exemptions that might be afforded to 156 Solar if the Project Facility were owned by 156 Solar and not the Agency. As consideration for the benefits conferred on the Company pursuant to this Agreement, the Company hereby agrees to be bound by any determination by the City of Syracuse Board of Assessment Review resulting from a review of the assessment pertaining to the Project Facility and/or Additional Property throughout the term of this Agreement. The Company hereby agrees to waive any and all right to challenge or contest in a court of law (a “**Legal Challenge**”), those payments or the basis for those payments due pursuant to Exhibit “A.” It shall also be an event of default under Article IV of this Agreement should the Company bring a Legal Challenge on the Project Facility and/or Additional Property.

(c) Additional Amounts in Lieu of Taxes. Commencing on the first tax year following the date on which any structural addition shall be made to the Facilities, or any new or additional building shall be constructed on the real property described in **Exhibit “B”** that is in addition to the Facilities (such structural additions and additional buildings being hereinafter referred to as “**Additional Property**”), the Company agrees to make additional periodic payments in lieu of real property taxes (such additional payments being hereinafter collectively referred to as “**Additional Payments**”) to the Municipality on behalf of the Agency with respect to such Additional Property. Such Additional Payments shall be computed as follows:

By multiplying (1) the value placed on such Additional Property, as value is determined by the Municipality's assessor by (2) the tax rate or rates of the Municipality that would be applicable to such Additional Property if such Additional Property were owned or controlled by the Company and not the Agency; and (3) then reducing the amount so determined by the amounts of any properly acquired tax exemptions that would be afforded to the Company by the Municipality for such Additional Property as if it was owned or controlled by the Company and not the Agency.

(d) Revaluation. In the event of a real property assessment revaluation by the Municipality, the Company shall continue to make its payments in accordance with this Agreement; however, in the event that Exhibit “A” is no longer in effect, but payments are still being made hereunder for any reason, (including, but not limited to, the Agency still having an interest in the Project Facility), and would be effected by revaluation, each year's payments subsequent to such revaluation shall be adjusted to properly reflect revaluation, it being the intent of the parties that the level of payments following revaluation shall be equal to those payments contemplated by this Agreement.

(e) Damage or Destruction. In the event that all or substantially all of the Project Facility is damaged or destroyed, the Company shall continue to make the payments required by this Agreement for as long as the Agency shall own or control the Project Facility, without regard to such damage or destruction.

(f) Time of Payments. The Company agrees to pay the amounts due the Agency hereunder to the Municipality for each year of this Agreement, within the period that the Municipality allows payment of taxes levied in such calendar year without penalty. 156 Solar shall be entitled to receive receipts from the Municipality for such payments.

(g) Method of Payment. All payments by the Company hereunder shall be paid to the Municipality in lawful money of the United States of America, cash, money order or check.

### **Section 2.03. PILOT Statements**

The Municipality and/or the Agency shall submit to 156 Solar written semi-annual statements specifying the amount and due date or dates of any payments due to the Agency hereunder. Each semi-annual PILOT statement shall be submitted to 156 Solar at the same time that tax statements/bills are mailed by the Municipality to the owners of privately owned property. Failure to receive a PILOT statement shall not relieve the Company of its obligation to make all payments provided for hereunder. If, for any reason, the Company does not receive an appropriate PILOT Statement, the Company shall have the responsibility and obligation to make all reasonable inquiries to the Municipality and the Agency and to have such a statement issued, and thereafter to make payment of the same no later than the due dates provided herein.

### **Section 2.04. Obligations of Agency**

Requirement that Mortgagees Subordinate to Payments. The Agency and 156 Solar agree that any mortgages on the Project Facility, given by either of them, shall provide that the rights of the mortgagees thereunder shall be subordinate to this Agreement and to the right of the Municipality to receive payments in lieu of taxes pursuant to Article II hereof.

### **Section 2.05. Company to Furnish Information**

The Company agrees to promptly comply with the reporting and information requirements of the Agency and the Act, and to promptly furnish the applicable information required or requested by the Agency and/or the State of New York. The Company further agrees to assist the Agency with the preparation of any reports, or answer any inquiries, required by the State of New York in connection with the Act or the Agency's participation in the Project.

In addition, during the Reporting Period (as defined in the Dupli Building 2 Agency Lease), the Company shall provide the reporting and certifications required relative to the Rental Restrictions as more fully set forth in Section 8.5 of the Dupli Building 2 Agency Lease. The Company acknowledges that failure to maintain and/or report on the Rental Restrictions as set forth herein and therein, shall give rise to the Agency's right to recapture all Recapture Amounts.

### **Section 2.06. Interest**

(a) Agreement to Pay Interest on Missed Payments. If the Company shall fail to make any payment required by this Agreement when due, its obligation to make the payment so in default shall continue as an obligation of the Company until such payment in default shall have been made in full, and the Company shall pay the same together with interest thereon, to the extent permitted by law, at the greater of: **(i) eighteen per cent (18%) per annum; or (ii) the rate per annum which would be payable if such amounts were delinquent taxes, until so paid in full.**

(b) Maximum Legal Rate. It is the intent of the Agency, the Municipality, and the Company that in no event shall interest be payable at a rate in excess of the maximum rate permitted by applicable law (the "*Maximum Legal Rate*"). Solely to the extent necessary to prevent interest under this Agreement from exceeding the Maximum Legal Rate, any amount that would be treated as excessive under a final judicial interpretation of applicable law shall be deemed to have been a mistake and automatically canceled, and, if received by the Agency or Municipality, shall be refunded to 600 Franklin.

### **ARTICLE III**

#### **LIMITED OBLIGATION OF THE AGENCY**

#### **Section 3.01. No Recourse; Limited Obligation of the Agency**

(a) No Recourse. All covenants, stipulations, promises, agreements and obligations of the Agency contained in this Agreement shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, director, officer, agent, servant or employee of the Agency in his individual capacity, and no recourse under or upon any obligation, covenant or agreement contained in this Agreement, or otherwise based on or in respect of this Agreement, or for any claim based thereon or otherwise in respect thereof, shall be had against any past, present or future member, director, officer, agent, servant or employee, as such, of the Agency or any successor public benefit corporation or political subdivision or any person executing this Agreement on behalf of the Agency, either directly or through the Agency or any successor public benefit corporation or political subdivision or any person so executing this Agreement. It is expressly understood that this Agreement is a corporate obligation, and that no such personal liability whatever shall attach to, or is or shall be incurred by, any such member, director, officer, agent, servant or employee of the Agency or of any successor public benefit corporation or political subdivision or any person so executing this Agreement under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom. Any and all such personal liability of, and any and all such rights and claims against, every such member, director, officer, agent, servant or employee under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom are, to the extent permitted by law, expressly waived and released as a condition of, and as a consideration for, the execution of this Agreement.

(b) Limited Obligation. The obligations and agreements of the Agency contained herein shall not constitute or give rise to an obligation of the State of New York or the Municipality, and neither the State of New York nor the Municipality shall be liable thereon. Furthermore, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency payable solely from the revenues of the Agency derived and to be derived from the lease, sale or other disposition of the Project.

(c) Further Limitation. Notwithstanding any provision of this Agreement to the contrary, the Agency shall not be obligated to take any action pursuant to any provision hereof unless (i) the Agency shall have been requested to do so in writing by 156 Solar and (ii) if compliance with such request is expected to result in the incurrence by the Agency (or any of its members, directors, officers, agents, servants or employees) of any liability, fees, expenses or other costs, the Agency shall have received from 156 Solar security or indemnity satisfactory to the

Agency for protection against all such liability, however remote, and for the reimbursement of all such fees, expenses and other costs.

## **ARTICLE IV**

### **EVENTS OF DEFAULT**

#### **Section 4.01. Events of Default**

Any one or more of the following events shall constitute an event of default under this Agreement, and the terms “*Event of Default*” or “*Default*” shall mean, whenever they are used in this Agreement, any one or more of the following events:

(a) Failure of the Company to pay any amount due and payable by it pursuant to this Agreement, the Lease Agreements or the Company Documents.

(b) Commencement by the Company of a Legal Challenge, as defined in Section 2.02(b), to those payments or the basis for those payments due pursuant to Exhibit “A.”

(c) Failure of the Company to observe and perform any other covenant, condition or agreement on its part to be observed and performed under this Agreement (other than as referred to in paragraph (a) above), the Lease Agreements, or any other Company Document and continuance of such failure for a period of thirty (30) days after written notice to the Company specifying the nature of such failure hereunder, or with respect to the Lease Agreements, continuance of such failure for the duration of any applicable cure period set forth therein after receipt of any required notice thereunder.

(d) Any warranty, representation or other statement by or on behalf of the Company contained in this Agreement or the Lease Agreements shall prove to have been false or incorrect in any material respect on the date when made or on the effective date of this Agreement or the Lease Agreements.

(e) The Company violates any federal, state or local environmental law or allows or causes any Hazardous Materials (as Hazardous Materials is defined and described in any federal, state or local law) to be released at, on, to, into or from the Project Facility, except as permitted by the Lease Agreements or within the terms and conditions of a permit, certificate, license or other written approval of an authorized governmental body, and fails to remedy such violation within thirty (30) days; or if such failure cannot be cured within thirty (30) days, fails to commence a cure within thirty (30) days and thereafter diligently prosecute the cure thereof.

(f) The occurrence of any Event of Default or Default under this Agreement, the Lease Agreements or any other Company Documents.

(g) Failure of the Company to commence the construction, renovation, and equipping of the Project Facility within thirty days of receiving approval from the State Historic Preservation Office and National Parks Service of its historic designation (collectively, the “*Designation*”) and be completed within twelve months of such Designation and failure of the Company to complete the

Project Facility in accordance herewith and with the terms of the Agency Lease.

(h) Failure to maintain the Rental Restrictions and/or provide the required reporting relative thereto as set forth herein.

#### **Section 4.02. Remedies on Company Default**

Whenever any Event of Default under Section 4.01 shall have occurred and be continuing with respect to this Agreement, and/or the Company shall be in default under the Lease Agreements, the Agency may take whatever action at law or in equity, including but not limited to recapture in accordance with the Agency's Recapture Policy dated June 21, 2016 or pursuant to the terms of any Company Document, following applicable notice, as may appear necessary or desirable to collect the amount then in default or to enforce the performance and observance of the obligations, agreements and covenants of the Company under this Agreement and/or the Lease Agreements. Notwithstanding anything herein to the contrary, if the Lease Agreements are terminated for any reason, this Agreement shall automatically terminate without any further notice or action required hereunder and the Project Facility shall immediately become taxable and revert to the tax roll.

The payment schedule contained in Exhibit "A" is for the benefit of 156 Solar and its Project Facility. In the event that the Company defaults hereunder, and the Lease Agreements cannot be terminated, and/or the Agency's participation in the Project and this Agreement is not or cannot be terminated, the Company, or any assignee, or successor shall no longer be entitled to make payments under this Agreement pursuant to Exhibit "A". In such an event, payments shall be made hereunder, for any remaining term of this Agreement, as if the Project Facility was privately owned and assessed and without any further regard to Exhibit "A".

#### **Section 4.03. Recording of Lease Terminations and Other Documents**

Whenever any Event of Default under Sections 4.01 shall have occurred and be continuing with respect to this Agreement or the Lease Agreements, the Agency may, upon notice to the Company provided for in this Agreement or the Lease Agreements, if any, terminate the Lease Agreements and record such termination or other necessary documents in the Onondaga County Clerk's Office, terminating the Agency's interest in the Project Facility thereby terminating this Agreement.

The recording of such a termination and any other documentation shall constitute delivery to, and acceptance of such, by the Company. In order to facilitate such a termination, the Company hereby appoints the Chair or the Vice Chair of the Agency as its agent for the purpose of executing and delivering all documents necessary to allow such termination by the Agency.

In the event that the Lease Agreements, for any reason, are extended by their terms, or for any reason this Agreement expires or terminates, but the Agency retains an interest or remains in title to the Project Facility, the Company shall continue to make payments in lieu of taxes to the Municipality, on behalf of the Agency, for as long as the Agency retains an interest in, or remains in title to, the Project Facility in accordance with Exhibit "A". Those payments shall be the equivalent of the real

property taxes that would be due on the Project Facility if it were owned by 156 Solar and the Agency had no interest therein. It is the intention of the parties hereto, that for so long as the Agency shall possess title to, or an interest in, the Property, the Company, or any permitted successors or assigns, shall make payments in lieu of taxes to the Municipality, on behalf of the Agency, that are either based upon Exhibit "A", or if Exhibit "A" is no longer applicable for any reason, are the equivalent of the real property taxes that would be due and owing if the Project Facility were privately owned and the Agency had no interest therein.

#### **Section 4.04. Payment of Attorney's Fees and Expenses**

If the Company should default in performing any of its obligations, covenants and agreements under this Agreement and the Agency or the Municipality should employ attorneys (whether in-house or outside counsel) or incur other expenses for the collection of any amounts payable hereunder or for the enforcement of performance or observance of any obligation or agreement on the part of the Company herein contained, the Company agrees that it will, on demand therefor, pay to the Agency and/or the Municipality the reasonable fees and disbursements of such attorneys and such other reasonable expenses so incurred.

**WHEREAS**, the Enabling Act authorizes and provides for the creation of industrial development agencies for the benefit of the several counties, cities, villages and towns in the State of New York (the “*State*”) and empowers such agencies, among other things, to acquire, construct, reconstruct, lease, improve, maintain, equip and dispose of land and any building or other improvement, and all real and personal properties, including, but not limited to machinery and equipment deemed necessary in connection therewith, whether or not now in existence or under construction, which shall be suitable for manufacturing, warehousing, research, commercial, or industrial purposes, in order to advance the job opportunities, health, general prosperity and economic welfare of the people of the State and to improve their standard of living; and

**WHEREAS**, the Enabling Act further authorizes each such agency, for the purpose of carrying out any of its corporate purposes, to lease or sell any or all of its facilities, whether then owned or thereafter acquired; and

written documentation to the Agency of compliance with all terms and conditions of the Determination in order for the Agency to consider whether to resume Financial Assistance to the Company (which will be at the Agency's sole discretion).

(c) If a State-Mandated Recapture Event occurs or the Agency makes a Determination, the Company agrees and covenants that it will: (i) cooperate with the Agency in its efforts to recover or recapture any or all Financial Assistance obtained by the Company; and (ii) promptly pay over any or all such amounts to the Agency that the Agency demands in connection therewith. Upon receipt of such amounts, the Agency shall then redistribute such amounts to the appropriate affected tax jurisdictions, unless agreed to otherwise by any local taxing jurisdiction. THE MEANING OF CAPITALIZED TERMS NOT OTHERWISE DEFINED HEREIN SHALL HAVE THE MEANINGS ATTACHED TO THEM IN THE AGENCY LEASE, DATED AS OF JULY 1, 2017 BY AND BETWEEN DUPLI AND THE AGENCY, AS AMENDED BY THE FIRST AMENDMENT TO AGENCY LEASE AGREEMENT DATED AS OF DECEMBER 1, 2020 BY AND BETWEEN THE DUPLI AND THE AGENCY.

**WHEREAS**, the New York State Industrial Development Agency Act, being Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of the State of New York, as amended (hereinafter referred to as the “*Enabling Act*”) authorizes the creation of industrial development agencies for the benefit of the several counties, cities, villages and towns in the State of New York and empowers such agencies, among other things, to acquire, construct, reconstruct, lease, improve, maintain, equip and furnish real and personal property, whether or not now in existence or under construction, which shall be suitable for, among others, manufacturing, warehousing, research, commercial or industrial purposes, in order to advance the job opportunities, health, general prosperity and economic welfare of the people of the State of New York and to improve their recreation opportunities, prosperity and standard of living; and

**WHEREAS**, the Enabling Act further authorizes each such agency to lease and to sell its projects, to charge and collect rent therefor, to issue its bonds or notes for the purpose of carrying out any of its corporate purposes and, as security for the payment of the principal and redemption price of, and interest on, any such bonds or notes, to mortgage any or all of its facilities and to pledge the revenues and receipts therefrom to the payment of such bonds or notes; and

**WHEREAS**, at the request of Dupli, by resolution dated May 16, 2017 (the “*Original Inducement Resolution*”) the Agency undertook a project (the “*Original Project*”) consisting of: (A)(i) the acquisition of an interest in approximately 5 acres of improved real property located at 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) improved by an approximate 149,000 square foot building (“*Building 1*”) (bearing tax parcel identification number 118.-06-08.0) (the “*Building 1 Land*”); and 156 Solar Street and Division Street W. improved by an

approximate 62,800 square foot building ("**Building 2**") (bearing tax parcel identification number 118.-06-01.0) (the "**Building 2 Land**"), each in the City of Syracuse, New York (the "**City**") (Building 1 Land together with Building 2 Land, collectively referred to as the "**Original Land**"); (ii) the reconstruction and renovation of approximately 21,000 square feet of Building 1 consisting of an approximately 15,000 square foot climbing gym and an approximately 6,000 square foot restaurant in the northwest corner of Building 1 (collectively, the "**Original Facility**"); (iii) the acquisition and installation in and at Building 1 of furniture, fixtures and equipment (the "**Original Equipment**" and together with the Original Land and the Original Facility, the "**Original Project Facility**"); (B) the granting of certain financial assistance in the form of exemptions from real property tax, State and local sales and use tax and mortgage recording tax (except as limited by Section 874 of the General Municipal Law) (collectively the "**Original Financial Assistance**"); (C) the appointment of Dupli or its designee as an agent of the Agency in connection with the acquisition, construction, reconstruction, equipping and completion of the Project Facility; and (D) the lease of the Original Land and Original Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Original Equipment pursuant to a bill of sale from Dupli to the Agency; and the sublease of the Original Project Facility back to Dupli pursuant to a sublease agreement; and

## **ARTICLE II** **COVENANTS AND AGREEMENTS**

### **Section 2.01. Tax-Exempt Status of the Project Facility**

(a) Assessment of the Project Facility. Pursuant to the Act and Section 412-a of the Real Property Tax Law, the parties hereto understand that, upon acquisition of ownership or control of the Project Facility by the Agency, and for so long thereafter as the Agency shall own or control the Project Facility, the Project Facility shall be entitled to an exemption upon the first available assessment roll of the Municipality prepared subsequent to the acquisition by the Agency of ownership or control of the Project Facility. The time of commencement of the Agency's exemption shall be controlled by the Municipality's taxable status date, in conformity with Section 412-a of the Real Property Tax Law. The Company will be required to pay to the Municipality all taxes and assessments lawfully levied and/or assessed against the Project Facility, in spite of the Agency's actual ownership or control of the Project Facility, until the Project Facility shall be entitled to exempt status on the tax roll of the Municipality. The Project Facility is currently exempt on the tax roll of the Municipality by reason of a 412-a exemption pursuant to the Original Lease Documents and such exemption shall continue uninterrupted upon the effective date of this Agreement.

(b) Special Assessments. The parties hereto understand that the tax exemption extended to the Agency by the Act and Section 412-a of the Real Property Tax Law does not entitle the Agency to exemption from special assessments and special ad valorem levies. The Company will be required at all times to pay all special assessments and special ad valorem levies lawfully levied and/or assessed against the Project Facility.

### **Section 2.02. Payments in Lieu of Taxes**

(a) Agreement to Make Payments. The Company agrees that it shall make periodic payments in lieu of real property taxes in the amounts hereinafter provided. The said payments due to the Agency hereunder shall be paid by the Company, to the Municipality, on behalf of the Agency, by check made payable to "*Commissioner of Finance*". Upon receipt of the Company's payment, the Municipality, on behalf of the Agency, will disburse the appropriate portion of the said payment to the County of Onondaga and the Municipality, or such other taxing jurisdiction, pursuant to the Act. This Company obligation shall exist for so long as the Agency retains an interest in the Project Facility. In accordance with the Original PILOT Agreement the year 1 payment due for the City and School portion of the year 1 payment under **Exhibit "A"** commenced on July 1, 2018. Likewise, the year 1 payment due for the County and Water District portion of the year 1 payment under **Exhibit "A"** commenced on January 1, 2019. The balance of the payments due under this Agreement are set forth on **Exhibit "A"** attached hereto.

(b) Amount of Payments in Lieu of Taxes. Unless otherwise stated, the Company's agreed upon annual payment in lieu of tax hereunder shall be an amount determined by reference to **Exhibit "A"**, attached hereto and made a part hereof. The payments in lieu of tax due, as set forth in **Exhibit "A"**, include any real property tax exemptions that might be afforded to 600 Franklin if the Project Facility were owned by 600 Franklin and not the Agency. As consideration for the benefits conferred on the Company pursuant to this Agreement, the Company hereby agrees to be bound by any determination by the City of Syracuse Board of Assessment Review resulting from a review of the assessment pertaining to the Project Facility and/or Additional Property throughout the term of this Agreement. The Company hereby agrees to waive any and all right to challenge or contest in a court of law (a "**Legal Challenge**"), those payments or the basis for those payments due pursuant to Exhibit "A." It shall also be an event of default under Article IV of this Agreement should the Company bring a Legal Challenge on the Project Facility and/or Additional Property.

(c) Additional Amounts in Lieu of Taxes. Commencing on the first tax year following the date on which any structural addition shall be made to the Facilities, or any new or additional building shall be constructed on the real property described in **Exhibit "B"** that is in addition to the Facilities (such structural additions and additional buildings being hereinafter referred to as "**Additional Property**"), the Company agrees to make additional periodic payments in lieu of real property taxes (such additional payments being hereinafter collectively referred to as "**Additional Payments**") to the Municipality on behalf of the Agency with respect to such Additional Property. Such Additional Payments shall be computed as follows:

By multiplying (1) the value placed on such Additional Property, as value is determined by the Municipality's assessor by (2) the tax rate or rates of the Municipality that would be applicable to such Additional Property if such Additional Property were owned or controlled by the Company and not the Agency; and (3) then reducing the amount so determined by the amounts of any properly acquired tax exemptions that would be afforded to the Company by the Municipality for such Additional Property as if it was owned or controlled by the Company and not the Agency.

(d) Revaluation. In the event of a real property assessment revaluation by the Municipality, the Company shall continue to make its payments in accordance with this Agreement; however, in the event that Exhibit "A" is no longer in effect, but payments are still being made hereunder for any reason, (including, but not limited to, the Agency still having an interest in the Project Facility), and would be effected by revaluation, each year's payments subsequent to such revaluation shall be adjusted to properly reflect revaluation, it being the intent of the parties that the level of payments following revaluation shall be equal to those payments contemplated by this Agreement.

(e) Damage or Destruction. In the event that all or substantially all of the Project Facility is damaged or destroyed, the Company shall continue to make the payments required by this Agreement for as long as the Agency shall own or control the Project Facility, without regard to such damage or destruction.

(f) Time of Payments. The Company agrees to pay the amounts due the Agency hereunder to the Municipality for each year of this Agreement, within the period that the Municipality

allows payment of taxes levied in such calendar year without penalty. 600 Franklin shall be entitled to receive receipts from the Municipality for such payments.

(g) Method of Payment. All payments by the Company hereunder shall be paid to the Municipality in lawful money of the United States of America, cash, money order or check.

### **Section 2.03. PILOT Statements**

The Municipality and/or the Agency shall submit to 600 Franklin written semi-annual statements specifying the amount and due date or dates of any payments due to the Agency hereunder. Each semi-annual PILOT statement shall be submitted to 600 Franklin at the same time that tax statements/bills are mailed by the Municipality to the owners of privately owned property. Failure to receive a PILOT statement shall not relieve the Company of its obligation to make all payments provided for hereunder. If, for any reason, the Company does not receive an appropriate PILOT Statement, the Company shall have the responsibility and obligation to make all reasonable inquiries to the Municipality and the Agency and to have such a statement issued, and thereafter to make payment of the same no later than the due dates provided herein.

### **Section 2.04. Obligations of Agency**

Requirement that Mortgagees Subordinate to Payments. The Agency and 600 Franklin agree that any mortgages on the Project Facility, given by either of them, shall provide that the rights of the mortgagees thereunder shall be subordinate to this Agreement and to the right of the Municipality to receive payments in lieu of taxes pursuant to Article II hereof.

### **Section 2.05. Company to Furnish Information**

The Company agrees to promptly comply with the reporting and information requirements of the Agency and the Act, and to promptly furnish the applicable information required or requested by the Agency and/or the State of New York. The Company further agrees to assist the Agency with the preparation of any reports, or answer any inquiries, required by the State of New York in connection with the Act or the Agency's participation in the Project.

In addition, during the Reporting Period (as defined in the Dupli Building 1 Agency Lease), the Company shall provide the reporting and certifications required relative to the Rental Restrictions as more fully set forth in Section 8.5 of the Dupli Building 1 Agency Lease. The Company acknowledges that failure to maintain and/or report on the Rental Restrictions as set forth herein and therein, shall give rise to the Agency's right to recapture all Recapture Amounts.

### **Section 2.06. Interest**

(a) Agreement to Pay Interest on Missed Payments. If the Company shall fail to make any payment required by this Agreement when due, its obligation to make the payment so in default shall continue as an obligation of the Company until such payment in default shall have been made in full, and the Company shall pay the same together with interest thereon, to the extent permitted by law, at the greater of: **(i) eighteen per cent (18%) per annum; or (ii) the rate per**

**annum which would be payable if such amounts were delinquent taxes, until so paid in full.**

(b) Maximum Legal Rate. It is the intent of the Agency, the Municipality, and the Company that in no event shall interest be payable at a rate in excess of the maximum rate permitted by applicable law (the "*Maximum Legal Rate*"). Solely to the extent necessary to prevent interest under this Agreement from exceeding the Maximum Legal Rate, any amount that would be treated as excessive under a final judicial interpretation of applicable law shall be deemed to have been a mistake and automatically canceled, and, if received by the Agency or Municipality, shall be refunded to 600 Franklin.

### **ARTICLE III** **LIMITED OBLIGATION OF THE AGENCY**

#### **Section 3.01. No Recourse; Limited Obligation of the Agency**

(a) No Recourse. All covenants, stipulations, promises, agreements and obligations of the Agency contained in this Agreement shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, director, officer, agent, servant or employee of the Agency in his individual capacity, and no recourse under or upon any obligation, covenant or agreement contained in this Agreement, or otherwise based on or in respect of this Agreement, or for any claim based thereon or otherwise in respect thereof, shall be had against any past, present or future member, director, officer, agent, servant or employee, as such, of the Agency or any successor public benefit corporation or political subdivision or any person executing this Agreement on behalf of the Agency, either directly or through the Agency or any successor public benefit corporation or political subdivision or any person so executing this Agreement. It is expressly understood that this Agreement is a corporate obligation, and that no such personal liability whatever shall attach to, or is or shall be incurred by, any such member, director, officer, agent, servant or employee of the Agency or of any successor public benefit corporation or political subdivision or any person so executing this Agreement under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom. Any and all such personal liability of, and any and all such rights and claims against, every such member, director, officer, agent, servant or employee under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom are, to the extent permitted by law, expressly waived and released as a condition of, and as a consideration for, the execution of this Agreement.

(b) Limited Obligation. The obligations and agreements of the Agency contained herein shall not constitute or give rise to an obligation of the State of New York or the Municipality, and neither the State of New York nor the Municipality shall be liable thereon. Furthermore, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency payable solely from the revenues of the Agency derived and to be derived from the lease, sale or other disposition of the Project.

(c) Further Limitation. Notwithstanding any provision of this Agreement to the contrary, the Agency shall not be obligated to take any action pursuant to any provision hereof unless (i) the Agency shall have been requested to do so in writing by 600 Franklin and (ii) if compliance with such request is expected to result in the incurrence by the Agency (or any of its

members, directors, officers, agents, servants or employees) of any liability, fees, expenses or other costs, the Agency shall have received from 600 Franklin security or indemnity satisfactory to the Agency for protection against all such liability, however remote, and for the reimbursement of all such fees, expenses and other costs.

#### **ARTICLE IV** **EVENTS OF DEFAULT**

##### **Section 4.01. Events of Default**

Any one or more of the following events shall constitute an event of default under this Agreement, and the terms “*Event of Default*” or “*Default*” shall mean, whenever they are used in this Agreement, any one or more of the following events:

(a) Failure of the Company to pay any amount due and payable by it pursuant to this Agreement, the Lease Agreements or the Company Documents.

(b) Commencement by the Company of a Legal Challenge, as defined in Section 2.02(b), to those payments or the basis for those payments due pursuant to Exhibit “A.”

(c) Failure of the Company to observe and perform any other covenant, condition or agreement on its part to be observed and performed under this Agreement (other than as referred to in paragraph (a) above), the Lease Agreements, or any other Company Document and continuance of such failure for a period of thirty (30) days after written notice to the Company specifying the nature of such failure hereunder, or with respect to the Lease Agreements, continuance of such failure for the duration of any applicable cure period set forth therein after receipt of any required notice thereunder.

(d) Any warranty, representation or other statement by or on behalf of the Company contained in this Agreement or the Lease Agreements shall prove to have been false or incorrect in any material respect on the date when made or on the effective date of this Agreement or the Lease Agreements.

(e) The Company violates any federal, state or local environmental law or allows or causes any Hazardous Materials (as Hazardous Materials is defined and described in any federal, state or local law) to be released at, on, to, into or from the Project Facility, except as permitted by the Lease Agreements or within the terms and conditions of a permit, certificate, license or other written approval of an authorized governmental body, and fails to remedy such violation within thirty (30) days; or if such failure cannot be cured within thirty (30) days, fails to commence a cure within thirty (30) days and thereafter diligently prosecute the cure thereof.

(f) The occurrence of any Event of Default or Default under this Agreement, the Lease Agreements or any other Company Documents.

(g) Failure of the Company to commence and complete the Project Facility on or before the Completion Date as set forth in the Agency Lease.

(h) Failure to maintain the Rental Restrictions and/or provide the required reporting relative thereto as set forth herein.

#### **Section 4.02. Remedies on Company Default**

Whenever any Event of Default under Section 4.01 shall have occurred and be continuing with respect to this Agreement, and/or the Company shall be in default under the Lease Agreements, the Agency may take whatever action at law or in equity, including but not limited to recapture in accordance with the Agency's Recapture Policy dated June 21, 2016 or pursuant to the terms of any Company Document, following applicable notice, as may appear necessary or desirable to collect the amount then in default or to enforce the performance and observance of the obligations, agreements and covenants of the Company under this Agreement and/or the Lease Agreements. Notwithstanding anything herein to the contrary, if the Lease Agreements are terminated for any reason, this Agreement shall automatically terminate without any further notice or action required hereunder and the Project Facility shall immediately become taxable and revert to the tax roll.

The payment schedule contained in Exhibit "A" is for the benefit of 600 Franklin and its Project Facility. In the event that the Company defaults hereunder, and the Lease Agreements cannot be terminated, and/or the Agency's participation in the Project and this Agreement is not or cannot be terminated, the Company, or any assignee, or successor shall no longer be entitled to make payments under this Agreement pursuant to Exhibit "A". In such an event, payments shall be made hereunder, for any remaining term of this Agreement, as if the Project Facility was privately owned and assessed and without any further regard to Exhibit "A".

#### **Section 4.03. Recording of Lease Terminations and Other Documents**

Whenever any Event of Default under Sections 4.01 shall have occurred and be continuing with respect to this Agreement or the Lease Agreements, the Agency may, upon notice to the Company provided for in this Agreement or the Lease Agreements, if any, terminate the Lease Agreements and record such termination or other necessary documents in the Onondaga County Clerk's Office, terminating the Agency's interest in the Project Facility thereby terminating this Agreement.

The recording of such a termination and any other documentation shall constitute delivery to, and acceptance of such, by the Company. In order to facilitate such a termination, the Company hereby appoints the Chair or the Vice Chair of the Agency as its agent for the purpose of executing and delivering all documents necessary to allow such termination by the Agency.

In the event that the Lease Agreements, for any reason, are extended by their terms, or for any reason this Agreement expires or terminates, but the Agency retains an interest or remains in title to the Project Facility, the Company shall continue to make payments in lieu of taxes to the Municipality, on behalf of the Agency, for as long as the Agency retains an interest in, or remains in title to, the Project Facility in accordance with Exhibit "A". Those payments shall be the equivalent of the real property taxes that would be due on the Project Facility if it were owned by 600 Franklin and the Agency had no interest therein. It is the intention of the parties hereto, that for so long as the Agency

shall possess title to, or an interest in, the Property, the Company, or any permitted successors or assigns, shall make payments in lieu of taxes to the Municipality, on behalf of the Agency, that are either based upon Exhibit "A", or if Exhibit "A" is no longer applicable for any reason, are the equivalent of the real property taxes that would be due and owing if the Project Facility were privately owned and the Agency had no interest therein.

#### **Section 4.04. Payment of Attorney's Fees and Expenses**

If the Company should default in performing any of its obligations, covenants and agreements under this Agreement and the Agency or the Municipality should employ attorneys (whether in-house or outside counsel) or incur other expenses for the collection of any amounts payable hereunder or for the enforcement of performance or observance of any obligation or agreement on the part of the Company herein contained, the Company agrees that it will, on demand therefor, pay to the Agency and/or the Municipality the reasonable fees and disbursements of such attorneys and such other reasonable expenses so incurred.

Furthermore, should 600 Franklin bring a Legal Challenge on the Project Facility and/or Additional Property during the term of this Agreement, and the Agency and/or the Municipality waives its right to declare a default under this Agreement in regard to such Legal Challenge, or such Legal Challenge is determined not to be a default of this Agreement by any Court of competent jurisdiction, 600 Franklin agrees that in the event that 600 Franklin is unsuccessful in its Legal Challenge, it will, on demand, pay to the Agency and/or the Municipality the reasonable fees and disbursements of any attorneys employed (whether in-house or outside counsel) for the defense of such Legal Challenge as well as such other reasonable expenses so incurred.

#### **Section 4.05. Remedies; Waiver and Notice**

(a) No Remedy Exclusive. No remedy herein conferred upon or reserved to the Agency is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute.

(b) Delay. No delay or omission in exercising any right or power accruing upon the occurrence of any Event of Default hereunder shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient.

(c) Notice Not Required. In order to entitle the Agency to exercise any remedy reserved to it in this Agreement, it shall not be necessary to give any notice, other than such notice as may be expressly required in this Agreement.

(d) No Waiver. In the event any provision contained in this Agreement should be breached by any party and thereafter duly waived by the other party so empowered to act, such waiver shall be limited to the particular breach so waived and shall not be deemed to be a waiver of any other breach hereunder. No waiver, amendment, release or modification of this Agreement shall be established by conduct, custom or course of dealing.

(e) Recapture. Seek to recover all or some of the Recapture Amount in accordance with the Agency's Recapture Policy, the Agency Lease, the Project Agreement and this PILOT Agreement.

(c) Each Dupli and 600 Franklin for itself represent and covenant that, for each respectively, this Dupli Building 1 Company Lease and the other applicable Company Documents constitute, or upon their execution and delivery in accordance with the terms thereof will constitute, valid and legally binding obligations of Dupli and 600 Franklin enforceable in accordance with their respective terms; and

(d) Dupli has, contemporaneously with the execution and delivery hereof, transferred fee title of the Project Facility to 600 Franklin. During the term of the Dupli Building 1 Agency Lease, Dupli shall hold 90% of the membership interests in 600 Franklin; and

(2) Require consent under (which has not been heretofore received) or result in a breach of or default under any credit agreement, indenture, purchase agreement, mortgage, deed of trust, commitment, guaranty or other agreement or instrument to which either Dupli or 600 Franklin is a party or by which either Dupli or 600 Franklin or any of its respective property may be bound or affected; or

(3) Conflict with or violate any existing law, rule, regulation, judgment, order, writ, injunction, or decree of any Governmental Authority or court (domestic or foreign) having jurisdiction over the Company or any of the property of the Company.

(h) So long as the Agency holds an interest in the Project Facility, the Project Facility is and will continue to be a “project” (as such quoted term is defined in the Act), and the Company will not take any action (or omit to take any action required by the Company Documents or which the Agency, together with Agency’s counsel, advise the Company in writing should be taken), or allow any action to be taken, which action (or omission) would in any way cause the Project Facility not to constitute a “project” (as such quoted term is defined in the Act).

(i) The Company shall cause all notices as required by law to be given and shall comply or cause compliance with all laws, ordinances, municipal rules, and regulations and requirements of all Governmental Authorities applying to or affecting the construction, equipping and operation of the Project Facility (the applicability of such laws, ordinances, rules, and regulations to be determined both as if the Agency were the owner of the Project Facility and as if the Company, were the owner of the Project Facility), and the Company will defend and save the Agency and its officers, members, agents (other than the Company), and employees harmless from all fines and penalties due to failure to comply therewith.

(j) The Company shall perform, or cause to be performed, for and on behalf of the Agency, each and every obligation of the Agency (which is within the control of the Company) under and pursuant to the Dupli Building 1 Agency Lease, this Dupli Building 1 Company Lease and the other Company Documents and shall defend, indemnify, and hold harmless the Agency and its members, officers, agents (other than the Company), servants and employees from and against every expense, liability, or claim arising out of the failure of the Company to fulfill its obligations under the provisions of this Section 2.6.

(k) The Company acknowledges, restates and affirms the obligations, representations, warranties and covenants set forth in Sections 2.2 and 11.12 of the Dupli Building 1 Agency Lease as if fully set forth herein.

(l) The Company shall be jointly and severally liable hereunder.

be deemed to include electronic signatures, the electronic association of signatures and records on electronic platforms, deliveries or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature, physical delivery thereof or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, any other similar state laws based on the Uniform Electronic Transactions Act, the Uniform Commercial Code, each as amended, and the parties hereto hereby waive any objection to the contrary, provided that (x) nothing herein shall require the Agency to accept electronic signature counterparts in any form or format and (y) the Agency reserves the right to require, at any time and at its sole discretion, the delivery of manually executed counterpart signature pages to this agreement and the parties hereto agree to promptly deliver such manually executed counterpart signature pages.

**2.5 CONSIDERATION.**

The Agency is paying to the Company concurrently with the execution hereof consideration of \$1.00 and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the Company.

**2.6 REPRESENTATIONS AND COVENANTS OF THE COMPANY.**

Dupli and 156 Solar, each as noted or jointly as the Company, make the following representations and covenants as the basis for the undertakings on its part herein contained:

(a) Dupli is a limited liability company, duly organized, validly existing and in good standing under the laws of the State of New York, has the power to enter into this Dupli Building 2 Company Lease and the other Company Documents and to carry out its obligations hereunder and thereunder, and has duly authorized the execution, delivery, and performance of this Dupli Building 2 Company Lease and the other Company Documents; and

(b) 156 Solar is a limited liability company, duly organized, validly existing and in good standing under the laws of the State of New York, has the power to enter into this Dupli Building 2 Company Lease and the other Franklin Company Documents and to carry out its obligations hereunder and thereunder, and has duly authorized the execution, delivery, and performance of this Dupli Building 2 Company Lease and the other Franklin Company Documents; and

(c) Each Dupli and 156 Solar for itself represent and covenant that, for each respectively, this Dupli Building 2 Company Lease and the other applicable Company Documents constitute, or upon their execution and delivery in accordance with the terms thereof will constitute, valid and legally binding obligations of Dupli and 156 Solar enforceable in accordance with their respective terms; and

(d) Dupli has, contemporaneously with the execution and delivery hereof, transferred fee title of the Project Facility to 156 Solar. During the term of the Dupli Building 2 Agency Lease, Dupli shall hold 90% of the membership interests in 156 Solar; and

(e) 156 Solar is the fee title owner of the Project Facility. 156 Solar shall remain the fee owner of the Project Facility for the term of the Dupli Building 2 Agency Lease unless otherwise consented to in writing by the Agency; and

(f) For the duration of the term hereof, and in accordance with the Agency's Uniform Tax Exemption Policy ("**UTEP**"), the Company shall incorporate and rent twenty percent (20%) of the residential units in the Project Facility at the annual 65% AMI rent limit for the City as designated annually by US Department of Housing and Urban Development ("**HUD**"), inclusive of utilities (the "**HUD Rates**") (collectively, the "**Rental Restrictions**"). Rental rates in the leases for these residential units must be tied to the annual HUD Rates. It is the Company's obligation to obtain the annual HUD Rates each year. Generally, the HUD Rates are published in or about June of each year; and

(g) Neither the execution and delivery of this Dupli Building 2 Company Lease and the other Company Documents, the consummation of the transactions contemplated thereby, nor the fulfillment of or compliance with the provisions thereof will:

(1) Result in a breach of, or conflict with any term or provision in, Dupli's or 156 Solar's Articles of Organization and Operating Agreement;

(2) Require consent under (which has not been heretofore received) or result in a breach of or default under any credit agreement, indenture, purchase agreement, mortgage, deed of trust, commitment, guaranty or other agreement or instrument to which either Dupli or 156 Solar is a party or by which either Dupli or 156 Solar or any of its respective property may be bound or affected; or

(3) Conflict with or violate any existing law, rule, regulation, judgment, order, writ, injunction, or decree of any Governmental Authority or court (domestic or foreign) having jurisdiction over the Company or any of the property of the Company.

(h) So long as the Agency holds an interest in the Project Facility, the Project Facility is and will continue to be a “project” (as such quoted term is defined in the Act), and the Company will not take any action (or omit to take any action required by the Company Documents or which the Agency, together with Agency’s counsel, advise the Company in writing should be taken), or allow any action to be taken, which action (or omission) would in any way cause the Project Facility not to constitute a “project” (as such quoted term is defined in the Act).

(i) The Company shall cause all notices as required by law to be given and shall comply or cause compliance with all laws, ordinances, municipal rules, and regulations and requirements of all Governmental Authorities applying to or affecting the construction, equipping and operation of the Project Facility (the applicability of such laws, ordinances, rules, and regulations to be determined both as if the Agency were the owner of the Project Facility and as if the Company, were the owner of the Project Facility), and the Company will defend and save the Agency and its officers, members, agents (other than the Company), and employees harmless from all fines and penalties due to failure to comply therewith.

(j) The Company shall perform, or cause to be performed, for and on behalf of the Agency, each and every obligation of the Agency (which is within the control of the Company) under and pursuant to the Dupli Building 2 Agency Lease, this Dupli Building 2 Company Lease and the other Company Documents and shall defend, indemnify, and hold harmless the Agency and its members, officers, agents (other than the Company), servants and employees from and against every expense, liability, or claim arising out of the failure of the Company to fulfill its obligations under the provisions of this Section 2.6.

(k) The Company acknowledges, restates and affirms the obligations, representations, warranties and covenants set forth in Sections 2.2 and 11.12 of the Dupli Building 2 Agency Lease as if fully set forth herein.

(l) The Company shall be jointly and severally liable hereunder.

(1) Liability for loss or damage to Property or bodily injury to or death of any and all persons that may be occasioned by any cause whatsoever pertaining to the Project Facility, or arising by reason of or in connection with the occupation or the use thereof, or the presence on, in, or about the Project Facility;

(2) Liability arising from or expense incurred by the Agency's acquisition of a leasehold interest in the Project Facility and the subleasing of the Project Facility, including, without limiting the generality of the foregoing, all liabilities or claims arising as a result of the Agency's obligations under the Dupli Building 2 Agency Lease, the Company Lease or the Mortgage;

(4) All causes of action and attorneys' fees and other expenses incurred in connection with any suits or actions which may arise as a result of any of the foregoing, provided that any such losses, damages, liabilities, or expenses of the Agency are not incurred or do not result from the intentional wrongdoing of the Agency or any of its members, officers, agents, or employees.

The foregoing indemnities shall apply notwithstanding the fault or negligence (other than gross negligence or willful misconduct) on the part of the Agency or any of its officers, members, agents, servants, or employees and irrespective of any breach of statutory obligation or any rule of comparative or apportioned liability.

(b) In the event of any claim against the Agency or its members, officers, agents, or employees by any employee of the Company, or any contractor of the Company, or anyone directly or indirectly employed by any of them, or any one for whose acts any of them may be liable, the obligations of the Company hereunder shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Company such contractor under workers' compensation laws, disability benefit laws, or other employee benefit laws.

#### **4.9 NO RECOURSE; SPECIAL OBLIGATION.**

The obligations and agreements of the Agency contained herein and in the other Agency Documents and in any other instrument or document executed in connection herewith or therewith, and any instrument or document supplemental hereto or thereto, shall be deemed the obligations and agreements of the Agency and not of any member, officer, agent, or employee of the Agency in his individual capacity; and the members, officers, agents, and employees of the Agency shall not be liable personally hereon or thereon or be subject to any personal liability or accountability based upon or in respect hereof or thereof or of any transaction contemplated hereby or thereby. The obligations and agreements of the Agency contained herein or therein shall not constitute or give rise to an obligation of the State New York or of the City of Syracuse, and neither the State of New York nor the City of Syracuse shall be liable hereon or thereon. Further, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency, payable solely from the revenues of the Agency derived, and to be derived from, the lease, sale, or other disposition of the Project Facility, other than revenues derived from or constituting Unassigned Rights. No order or decree of specific performance with respect to any of the obligations of the Agency hereunder or thereunder shall be sought or enforced against the Agency unless:

Any failure to provide notice, indemnity, or security to the Agency pursuant to this Section 4.9 shall not alter the full force and effect of any Event of Default under the Dupli Building 2 Agency Lease.

(d) For purposes of this Section 4.9, the Company shall not be deemed to constitute an employee, agent or servant of the Agency or a person under the Agency's control or supervision.

#### **4.10 MERGER OF AGENCY.**

(b) As of the date of any such consolidation, merger, or assignment, the Agency shall give notice thereof in reasonable detail to the Company. The Agency shall promptly furnish to the Company such additional information with respect to any such consolidation, merger, or assignment as the Company reasonably may request.

Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, any other similar state laws based on the Uniform Electronic Transactions Act, the Uniform Commercial Code, each as amended, and the parties hereto hereby waive any objection to the contrary, provided that (x) nothing herein shall require the Agency to accept electronic signature counterparts in any form or format and (y) the Agency reserves the right to require, at any time and at its sole discretion, the delivery of manually executed counterpart signature pages to this agreement and the parties hereto agree to promptly deliver such manually executed counterpart signature pages.

hereunder and thereunder, and has duly authorized the execution, delivery, and performance of this Dupli Building 1 Company Lease and the other Company Documents; and

(b) 600 Franklin is a limited liability company, duly organized, validly existing and in good standing under the laws of the State of New York, has the power to enter into this Dupli Building 1 Company Lease and the other Franklin Company Documents and to carry out its obligations hereunder and thereunder, and has duly authorized the execution, delivery, and performance of this Dupli Building 1 Company Lease and the other Franklin Company Documents; and

All permits and licenses necessary for the prosecution of work on the Project Facility shall be procured promptly by the Company.

(e) The Company understands and agrees that it is the preference of the Agency that the Company provide opportunities for the purchase of goods and services relative to the Project from: (i) business enterprises located in the City; (ii) certified minority and/or women-owned business enterprises; and (iii) business enterprises that employ residents of the City. ## **5.4 NATURE OF OBLIGATIONS OF COMPANY HEREUNDER.**

(a) The obligations of the Company to make the payments required by this Agency Lease and to perform and observe any and all of the other covenants and agreements on its part contained herein are general obligations of the Company and are absolute and unconditional irrespective of any defense or any rights of set-off, recoupment, or counterclaim it may otherwise have against the Agency. The Company agrees that it will not suspend, discontinue, or abate any payment required by, or fail to observe any of its other covenants or agreements contained in this Agency Lease for any cause whatsoever, including, without limiting the generality of the foregoing, failure to complete the construction, reconstruction, renovation and equipping of the Project Facility, any defect in the title, design, operation, merchantability, fitness, or condition of the Project Facility, or any part thereof, or in the suitability of the Project Facility, or any part thereof, for the Company's purposes or needs, or failure of consideration for, destruction of or damage to, or Condemnation of title to, or the use of all or any part of the Project Facility, any change in the tax or other laws of the United States of America or of the State of New York, or any political subdivision thereof, or any failure of the Agency to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or in connection with this Agency Lease or the Company Lease.

(b) Nothing contained in this Section 5.4 shall be construed to release the Agency from the performance of any of the agreements on its part contained in this Agency Lease or the Company Lease, and in the event the Agency should fail to perform any such agreement, the Company may institute such action against the Agency as the Company may deem necessary to compel performance (subject to the provisions of Section 11.11).

(b) Make all necessary repairs and replacements to the Project Facility or any part thereof (whether ordinary or extraordinary, structural, or non-structural, foreseen or unforeseen) which is damaged, destroyed, or condemned; and

(c) Operate the Project Facility in a sound and economic manner in general accordance with the Project pro-forma statements Company previously provided to the Agency.

(2) All utility and other charges, including "service charges," incurred or imposed for the operation, maintenance, use, occupancy, upkeep, and improvement of the Project Facility, the non-payment of which would create, or entitle the obligee to impose, a Lien on the Project Facility;

(3) All assessments and charges of any kind whatsoever lawfully made by any Governmental Authority for public improvements; and

(4) Any and all payments of taxes, if applicable, or all payments in lieu of taxes, if any, required to be made to the Agency under the terms of the PILOT agreement or any other agreement with respect thereto.

If the Company demonstrates to the reasonable satisfaction of the Agency and certifies to the Agency by delivery of a written certificate, that the non-payment of any such items will not endanger any part of the Project Facility or subject the Project Facility, or any part thereof, to loss or forfeiture, the Company may permit the taxes, assessments, and other charges so contested to remain unpaid during the period of such contest and any appeal therefrom. Otherwise, such taxes, assessments, or charges shall be paid promptly by the Company or secured by the Company's posting a bond in form and substance satisfactory to the Agency.

All policies evidencing such insurance except the Workers’ Compensation policy shall name the Company as insured and the Agency as an additional insured, as its interests may appear, and shall provide that such coverage with respect to the Agency be primary and non-contributory with any insurance secured by the Agency and require at least thirty (30) days’ prior written notice to the Agency of cancellation, reduction in policy limits, or material change in coverage thereof.

The Company shall deliver or cause to be delivered to the Agency on or before the first business day of each January thereafter each of the items set forth in the immediately preceding paragraph, dated not earlier than the immediately preceding month, reciting that there is in full force and effect, with a term covering at least the next succeeding calendar year, insurance in the amounts and of the types required by Sections 6.3 and 6.4. The Company shall furnish to the Agency evidence that the policy has been renewed or replaced or is no longer required by this Agency Lease each year throughout the term of this Agency Lease.

All premiums with respect to the insurance required by Section 6.3 shall be paid by the Company, provided, however, that, if the premiums are not timely paid, the Agency may pay such premiums and the Company shall pay immediately upon demand all sums so expended by the Agency, together with interest at a rate of ten percent (10%) per annum or the highest rate permitted by law, whichever is less.

# **ARTICLE VII**

## **DAMAGE, DESTRUCTION, AND CONDEMNATION**

### **7.1 DAMAGE OR DESTRUCTION.**

(a) If the Mortgage shall be in effect or the Mortgagee shall have any interest in the Project Facility arising under or related to the Mortgage, whether by foreclosure or otherwise and the Project Facility shall be damaged or destroyed, in whole or in part, then insurance proceeds shall be paid in accordance with the relevant provisions of the Mortgage regarding the distribution of such insurance proceeds, provided that there shall be no abatement or reduction in amounts payable to the Agency hereunder. If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and the Project Facility shall be damaged or destroyed, in whole or in part:

(1) There shall be no abatement or reduction in the amounts payable by the Company under this Agency Lease or otherwise (whether or not the Project Facility is replaced, repaired, rebuilt, or restored); and

(2) The Company shall promptly give notice thereof to the Agency;  
and

(3) Except as otherwise provided in subsections 7.1(b) and 7.1(c) hereof, upon receipt of the insurance proceeds, the Company shall promptly replace, repair, rebuild, or restore the Project Facility to substantially the same condition as existed prior to such damage or destruction, with such changes, alterations, and modifications as may be desired by the Company and consented to in writing by the Agency, provided that such changes, alterations, or modifications do not change the nature of the Project Facility, such that it does not constitute a "project" (as such quoted term is defined in the Act); and in the event such Net Proceeds are not

sufficient to pay in full the costs of such replacement, repair, rebuilding, or restoration, the Company shall nonetheless complete such work and shall pay from its own moneys that portion of the costs thereof in excess of such Net Proceeds.

(b) If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility, then notwithstanding anything to the contrary contained in subsection 7.1(a), the Company shall not be obligated to replace, repair, rebuild, or restore the Project Facility, and the Net Proceeds of any insurance settlement shall not be applied as provided in subsection 7.1(a) if the Company shall notify the Agency that, in the Company's sole judgment, the Company does not deem it practical or desirable to replace, repair, rebuild, or restore the Project Facility. In such event, the lesser of (1) the total amount of the Net Proceeds collected under any and all policies of insurance covering the damage to or destruction of the Project Facility, or (2) any other sums payable to the Agency pursuant to this Agency Lease and the other Agency and Company Documents, shall be applied to the repayment of all amounts due to the Agency under this Agency Lease, the Company Lease, the PILOT Agreement and other Agency Documents. If the Net Proceeds collected under any and all policies of insurance are less than the amount necessary to repay any and all amounts payable to the Agency, the Company shall pay the difference between such amounts and the Net Proceeds of all such insurance settlements so that any and all amounts payable under this Agency Lease, the Company Lease, the PILOT Agreement and the other Agency Documents to the Agency shall be paid in full. If all amounts due under this Agency Lease, the Company Lease, the Mortgage, the PILOT Agreement and the other Agency Documents are paid in full, all such Net Proceeds, or the balance thereof, shall be paid to the Company for its purposes.

(c) The Company and the Mortgagee may adjust all claims under any policies of insurance required by subsections 6.3(a) and 6.3(c) hereof with the prior written consent of the Agency, which consent shall not be unreasonably withheld.

## **7.2 CONDEMNATION.**

(a) If the Mortgage shall be in effect or the Mortgagee shall have any interest in the Project Facility arising under or related to the Mortgage, whether by foreclosure or otherwise and title to, or the use of, all, substantially all or less than substantially all of the Project Facility shall be taken by Condemnation, then Condemnation proceeds shall be paid in accordance with the relevant provisions of the Mortgage regarding the distribution of such Condemnation proceeds, provided that there shall be no abatement or reduction in amounts payable to the Agency hereunder. If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and if title to, or the use of, less than substantially all of the Project Facility shall be taken by Condemnation:

(1) There shall be no abatement or reduction in the amounts payable by the Company under this Agency Lease or otherwise (whether or not the Project Facility is restored); and

(2) The Company shall promptly give notice thereof to the Agency;  
and

(3) Except as otherwise provided in subsections 7.2(b) and 7.2(c) hereof, upon receipt of the Condemnation proceeds, the Company shall promptly restore the Project Facility (excluding any part of the Project Facility taken by Condemnation) to substantially the condition and value as an operating entity as existed prior to such Condemnation; and the Company shall nonetheless complete such restoration and shall pay from its own moneys that portion of the costs thereof in excess of such Net Proceeds.

(b) If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and if title to, or the use of, less than substantially all of the Project Facility shall be taken by Condemnation, then notwithstanding anything to the contrary contained in subsection 7.2(a), the Company shall not be obligated to restore the Project Facility, and the Net Proceeds of any Condemnation award shall not be applied as provided in subsection 7.2(a) if the Company shall notify the Agency that, in the Company's sole judgment, the Company does not deem it practical or desirable to restore the Project Facility. In such event, the lesser of (1) the Net Proceeds of any Condemnation award, or (2) the amount necessary to pay the Agency pursuant to this Agency Lease, the Company Lease, the PILOT Agreement and the other Agency Documents, shall be applied to payment of all amounts due to the Agency under this Agency Lease, the Company Lease and other Agency Documents. If the Net Proceeds of any Condemnation award are less than the amount necessary to pay any and all amounts payable to the Agency, the Company shall pay the difference between such amounts and the Net Proceeds of such Condemnation award so that any and all amounts payable under this Agency Lease, the Company Lease and other Agency Documents to the Agency shall be paid in full. If all amounts due under this Agency Lease, the Company Lease, the PILOT Agreement, the Mortgage and the other Agency Documents have been paid in full, all such Net Proceeds or the balance thereof shall be paid to the Company for its purposes.

(c) The Company and the Mortgagee with the prior written consent of the Agency (which consent shall not be unreasonably withheld), shall have sole control of any Condemnation proceeding with respect to the Project Facility, or any part thereof, and may negotiate the settlement of any such proceeding.

### **7.3 ADDITIONS TO PROJECT FACILITY.**

All replacements, repairs, rebuilding, or restoration made pursuant to Sections 7.1 or 7.2 hereof, whether or not requiring the expenditure of the Company's own moneys, shall automatically become part of the Project Facility as if the same were specifically described herein.

liable for prosecution for failure to comply therewith, in which event the Company shall promptly take such action with respect thereto as shall be satisfactory to the Agency.

#### **8.8 DISCHARGE OF LIENS AND ENCUMBRANCES.**

During the term of this Agency Lease, the Company hereby covenants that, except for Permitted Encumbrances, the Company agrees not to create, or suffer to be created, any Lien on the Project Facility, or any part thereof without the prior written consent of the Agency. #### **8.9 PERFORMANCE BY AGENCY OF COMPANY'S OBLIGATIONS.**

Should the Company fail to make any payment or to do any act as herein provided, the Agency may, but need not, upon ten (10) days' prior written notice to or demand on the Company and without releasing the Company from any obligation herein, make or do the same, including, without limitation, appearing in and defending any action purporting to affect the rights or powers of the Company, or the Agency and paying all expenses, including, without limitation, reasonable attorneys' fees; and the Company shall pay immediately upon demand all sums so expended by the Agency under the authority hereof, together with the interest thereon at a rate of ten percent (10%) per annum or the highest rate permitted by law, whichever is greater.

The Agency makes no representations or warranties that any property is exempt from the payment of State or local sales or use taxes. Any exemption from the payment of State or local sales or use taxes resulting from the involvement of the Agency with the Project shall be subject to Section 875 of the Act and shall be limited to purchases of services and tangible personal property conveyed to the Agency or utilized by the Agency or by the Company as agent of the Agency as a part of the Project prior to the

The Company acknowledges that as an agent of the Agency, it must complete and provide to each vendor Form ST-123 for purchases. The failure to furnish a completed Form ST-123 (IDA Agent or Project Operator Exempt Purchase Certificate) with each purchase will result in loss of the exemption for that purchase.

(c) The Company acknowledges and agrees that an Additional Agent must be appointed as an agent of the Agency in order to avail itself of the Agency's sales and use tax exemption for purchases or rentals of equipment, tools and supplies with respect to the Project Facility.

(d) Pursuant to Section 874(8) of the Act, the Company agrees to annually file and cause each Additional Agent or other operator of the Project Facility to file annually, with the New York State Department of Taxation and Finance, and provide the Agency with a copy of same, on a form and in such manner as is prescribed by the New York State Commissioner of Taxation and Finance (the "***Annual Sales Tax Report***"), a statement of the value of all sales and use tax exemptions claimed by the Company and all other Additional Agents under the authority granted to the Company pursuant to Section 4.1(b) of this Agency Lease. Pursuant to Section 874(8) of the Act, the penalty for failure to file the Annual Sales Tax Report shall be removal of authority to act as agent of the Agency. Therefore, if the Company shall fail to comply with the requirements of this subsection (d), irrespective of any notice and cure period afforded, the Company and each Additional Agent shall immediately cease to be the agent of the Agency in connection with the Project. The Company is responsible for obtaining from the New York State Department of Taxation and Finance the current version of such Annual Sales Tax Report.

(e) The Company agrees to furnish to the Agency a copy of each such Annual Sales Tax Report submitted to the New York State Department of Taxation and Finance by the Company pursuant to Section 874(8) of the Act for itself and any Additional Agent.

(f) Pursuant to Section 874(9) of the Act, the Agency agrees to file within thirty (30) days of the Closing Date with the New York State Department of Taxation and Finance, on a form and in such manner as is prescribed by the New York State Commissioner of Taxation and Finance (the "***Thirty-Day Sales Tax Report***"), a statement identifying the

Company, or 30 days from the appointment of any Additional Agent appointed in accordance with the terms herein, as agent of the Agency, setting forth the taxpayer identification number of the Company, giving a brief description of the goods and/or services intended to be exempted from sales taxes as a result of such appointment as agent, indicating the estimated value of the goods and/or services to which such appointment as agent relates, indicating the date when such designation as agent became effective and indicating the date upon which such designation as agent shall cease.

(g) Pursuant to Section 875(3) of the Act, and in conjunction with Agency policy, the Agency shall and in some circumstances may, recover, recapture, receive or otherwise obtain from the Company the portion of the Financial Assistance (the "*Recapture Amount*") consisting of State and local sales and use tax exemption in accordance with the Agency's Recapture Policy, a copy of which is attached hereto at **Exhibit "G"**, and the Project Agreement.

(b) Promptly following the effective date of any such consolidation, merger, or assignment, the Agency shall give notice thereof in reasonable detail to the Company. **WHEREAS**, under the Resolution and in the Agency Lease Agreement by and between the Company and the Agency dated as of July 1, 2017 (the "**Agency Lease**") the Agency appointed the Company as its agent for purposes of completing the Project and delegated to the Company the authority to appoint as agents of the Agency a Project operator, contractors, agents, subagents, subcontractors, contractors and subcontractors of such agents and subagents (the

“*Additional Agents*” or “*Sub-Agents*”), for the purpose of completing the Project and benefitting from the State and local sales and use tax exemption that forms a portion of the Financial Assistance all in accordance with the terms of the Resolution and the Agency Lease; and

WHEREAS, the Company and the Agency entered into a an Agency Agreement dated as of May 16, 2017 (the “*Agency Agreement*”),

NOW, THEREFORE, the parties hereto hereby agree as follows:

1. The Company hereby appoints the Sub-Agent as an Additional Agent of the Agency for the purpose of assisting the Company and the Agency in the completion of the Project and benefitting from the State and local sales and use tax exemption relative to expenditures made in furtherance thereof. The Sub-Agent is only an agent of the Agency for the aforementioned purposes. The Sub-Agent hereby agrees to limit its activities as agent for the Agency under the authority of this Agreement to acts reasonably related to the completion of the Project Facility.

2. The Sub-Agent covenants, agrees and acknowledges:

a. to make all records and information regarding State and local sales and use tax exemption benefits claimed by it in connection with the Project available to the Company and the Agency upon request. The Sub-Agent agrees to comply with all procedures and policies established by the State Department of Taxation and Finance, or any similar entity, regarding the documenting or reporting of any State and local sales and use tax exemption benefits, including providing to the Company all information of the Sub-Agent necessary for the Company to complete the State Department of Taxation and Finance’s “Annual Report of Sales and Use Tax Exemptions” (Form ST-340).

b. to be bound by and comply with the terms and conditions of the Agency’s policies, the Resolution and Section 875(3) of the Act (as if such section were fully set forth herein). Without limiting the scope of the foregoing, the Sub-Agent acknowledges and agrees to be bound by the Agency’s Suspension, Discontinuation and Recapture of Benefits Policy (the “*Recapture Policy*”), a copy of which is attached hereto as **Schedule “A”**.

c. that the failure of the Sub-Agent to promptly pay such Recapture Amount to the Agency will be grounds for the Agency, the State Commissioner of Taxation and Finance or such other entity, to collect sales and use taxes from the Sub-Agent under Article 28 of the Tax Law, or other applicable law, policy or contract, together with interest and penalties. In addition to the foregoing, the Sub-Agent acknowledges and agrees that for purposes of exemption from State sales and use taxation, “sales and use taxation” shall mean sales and compensating use taxes and fees imposed by article twenty-eight or twenty-eight-A of the Tax Law but excluding such taxes imposed in a city by section eleven hundred seven or eleven hundred eight of such article twenty-eight.

d. that all purchases made by the Sub-Agent in connection with the Project shall be made using Form ST-123 (IDA Agent or Project Operator Exempt Purchase Certificate),

a copy of which is attached hereto as **Exhibit “A”**). It shall be the responsibility of the Sub-Agent (and not the Company or the Agency) to complete Form ST-123. The failure to furnish a completed Form ST-123 with each purchase will result in loss of the exemption for that purchase.

e. that it shall identify the Project on each bill and invoice for such purchases and further indicate on such bills or invoices that the Sub-Agent is making purchases of tangible personal property or services for use in the Project as agent of the Agency. For purposes of indicating who the purchaser is, the Sub-Agent acknowledges and agrees that the bill of invoice should state, “I, [NAME OF SUB-AGENT], certify that I am a duly appointed agent of the City of Syracuse Industrial Development Agency and that I am purchasing the tangible personal property or services for use in the following Agency project and that such purchases qualify as exempt from sales and use taxes under my Sub-Agent Appointment Agreement.” The Sub-Agent further acknowledges and agrees that the following information shall be used by the Sub-Agent to identify the Project on each bill and invoice: Dupli Associates LLC Project, 600 Franklin Street N. to Solar Street (a/k/a 1 Dupli Park Drive) and 156 Solar Street and Division Street W., IDA Project Number: 31021709.

f. that for purposes of any exemption from the State sales and use taxation as part of any Financial Assistance requested, “sales and use taxation” shall mean sales and compensating use taxes and fees imposed by article twenty-eight or twenty-eight A of the State tax law but excluding such taxes imposed in a city by section eleven hundred seven or eleven hundred eight of such article twenty-eight.

g. that the Sub-Agent shall indemnify and hold the Agency harmless from all losses, expenses, claims, damages and liabilities arising out of or based on labor, services, materials and supplies, including equipment, ordered or used in connection with the Project Facility (including any expenses incurred by the Agency in defending any claims, suits or actions which may arise as a result of any of the foregoing), for such claims or liabilities that arise as a result of the Sub-Agent acting as agent for the Agency pursuant to this Agreement or otherwise.

The Sub-Agent shall indemnify and hold the Agency, its members, officers, employees and agents and anyone for whose acts or omissions the Agency or any one of them may be liable, harmless from all claims and liabilities for loss or damage to property or any injury to or death of any person that may be occasioned subsequent to the date hereof by any cause whatsoever in relation only to Sub-Agent’s work on or for the Project Facility, including any expenses incurred by the Agency in defending any claims, suits or actions which may arise as a result of the foregoing.

The foregoing defenses and indemnities shall survive expiration or termination of this Agreement and shall apply whether or not the claim, liability, cause of action or expense is caused or alleged to be caused, in whole or in part, by the activities, acts, fault or negligence of the Agency, its members, officers, employees and agents, anyone under the direction and control of any of them, or anyone for whose acts or omissions the Agency or any of them may be liable, and whether or not based upon the breach of a statutory duty or obligation or any theory or rule

of comparative or apportioned liability, subject only to any specific prohibition relating to the scope of indemnities imposed by statutory law.

h. that as agent for the Agency or otherwise, the Sub-Agent will comply at the Sub-Agent's sole cost and expense with all the requirements of all federal, state and local laws, rules and regulations of whatever kind and howsoever denominated applicable to the Sub-Agent with respect to the Project Facility.

i. that Section 875(7) of the Act requires the Agency to post on its website all resolutions and agreements relating to the Sub-Agent's appointment as an agent of the Agency or otherwise related to the Project, including this Agreement, and that Public Officers Law Article 6 declares that all records in the possession of the Agency (with certain limited exceptions) are open to public inspection and copying. If the Sub-Agent feels that there is information about the Sub-Agent in the Agency's possession which are in the nature of trade secrets or information, the nature of which is such that if disclosed to the public or otherwise widely disseminated would cause substantial injury to the Sub-Agent's competitive position, the Sub-Agent must identify such elements in writing, supply same to the Agency prior to or contemporaneously with the execution hereof and request that such elements be kept confidential in accordance with Public Officers Law Article 6. Failure to do so will result in the posting by the Agency of all information in accordance with Section 875 of the Act.

j. The Sub-Agent agrees Local contractors and suppliers will be used for the construction and equipping of the Project unless a waiver is first received from the Agency in writing. Such waiver shall be in the Agency's sole discretion. The Sub-Agent agrees that such Local contractors shall be provided the opportunity to bid on contracts related to the Project. Local shall mean, for the purposes of this Agreement, Onondaga, Oswego, Madison, Cayuga, Cortland and Oneida Counties. Failure to comply with the local labor requirements of this Section (j) (collectively, the "**Local Labor Requirements**") may result in the revocation or recapture of benefits provided/approved to the Project by the Agency.

k. that the Sub-Agent must timely provide the Company with the necessary information to permit the Company, pursuant to General Municipal Law §874(8), to timely file an Annual Statement with the New York State Department of Taxation and Finance on "Annual Report of Sales and Use Tax Exemptions" (Form ST-340) regarding the value of sales and use tax exemptions the Additional Agent claimed pursuant to the agency conferred on it by the Company with respect to this Project on an annual basis.

l. that the failure to comply with the foregoing will result in the loss of the exemption.

m. that if the Sub-Agent is the general contractor for the Project, then at all times following the execution of this Agreement, and during the term thereof, the Sub-Agent shall maintain or cause to be maintained the following insurance policies with an insurance company licensed in the State that has an A.M. Best rating of not less than A-:

(a) Insurance against loss or damage by fire, lightning, and other casualties customarily insured against (with a uniform standard extended coverage endorsement),

such insurance to be in an amount not less than the full replacement value of the completed Project Facility, exclusive of footings and foundations, as determined by a recognized appraiser or insurer selected by the general contractor.

(b) compensation insurance, disability benefits' insurance, and each other form of insurance which the general contractor is required by law to provide covering loss resulting from injury, sickness, disability, or death of employees of the general contractor who are located at or assigned to the Project Facility;

(c) A policy of commercial general liability insurance with a limit of liability of not less than \$1,000,000 per occurrence on an "occurrence" basis and \$2,000,000 in the aggregate for bodily injury, including death, and property damage, including but not limited to, contractual liability under this Agency Lease and personal injury, with blanket excess liability coverage in an amount not less than \$2,000,000, covering the Project Facility and Equipment and the Company's and the Agency's use or occupancy thereof against all claims on account of bodily injury or death and property damage occurring upon, in or about the Project Facility or in connection with the ownership, maintenance, use and/or occupancy of the Project Facility and all appurtenant areas.

In addition, all insurance required by this section shall be with insurance companies of recognized financial standing selected by the general contractor and licensed to write such insurance in the State of New York. Such insurance may be written with deductible amounts comparable to those on similar policies carried by other Persons engaged in businesses similar in size, character, and other respects to those in which the general contractor is engaged. All policies evidencing such insurance except the Workers' Compensation policy shall name the general contractor as insured and the Agency as an additional insured, as its interests may appear, and shall provide that such coverage with respect to the Agency be primary and non-contributory with any insurance secured by the Agency and require at least thirty (30) days' prior written notice to the Agency of cancellation, reduction in policy limits, or material change in coverage thereof.

Prior to the effective date of this Agreement, the general contractor shall deliver to the Agency, satisfactory to the Agency in form and substance: (i) Certificates evidencing all insurance required hereby; (ii) the additional insured endorsement(s) applicable to the Agency; (iii) the final insurance binder addressed to the general contractor covering the Project Facility; and (iv) evidence that the insurance so required is on a primary and non-contributory basis. In addition, the general contractor shall provide, if so requested by the Agency, a final and complete copy of each insurance policy within thirty (30) days of the execution of this Agreement.

The general contractor shall deliver or cause to be delivered to the Agency on or before the first business day of each January thereafter each of the items set forth in the immediately preceding paragraphs, dated not earlier than the immediately preceding month, reciting that there is in full force and effect, with a term covering at least the next succeeding calendar year, insurance in the amounts and of the types required hereby for so long as the general contractor is performing, supervising or causing work to be done on or at the Project Facility. The general contractor shall furnish to the Agency evidence that the policy has been renewed or replaced or is no longer required by this Agreement in each such year.

n. that every controversy, dispute or claim arising out of or relating to this Agreement shall be governed by the laws of the State of New York, without regard to its conflicts-of-laws provisions that if applied might require the application of the laws of another jurisdiction; and that the Sub-Agent irrevocably and expressly submits to the exclusive personal jurisdiction of the Supreme Court of the State of New York and the United States District Court for the Northern District of New York, to the exclusion of all other courts, for the purposes of litigating every controversy, dispute or claim arising out of or relating to this Agreement.

3. Failure of the Sub-Agent to comply with any of the provisions of this Agreement shall result in the immediate nullification of the appointment of the Sub-Agent and the immediate termination of this Agreement and may result in the loss of the Company's State and local sales and use tax exemption with respect to the Project at the sole discretion of the Agency. In addition, such failure may result in the recapture of the State and local sales and use taxes avoided.

4. The Company acknowledges that the assumption of certain obligations by the Sub-Agent in accordance with this Agreement does not relieve the Company of its obligations under any provisions of the Agency Lease or of any other agreement entered into by the Company in connection with the Project.

5. The Company and the Sub-Agent agree that the Agency is a third-party beneficiary of this Agreement.

6. This Agreement shall be in effect until the earlier of: (i) the completion of the work on the Project by the Sub-Agent; or (ii) the Sub-Agent's loss of status as an agent of the Agency as set forth herein. Notwithstanding the foregoing, the provisions of Sections 2(b), 2(c), 2(f), 2(g), 2(j), and 2(l) shall survive the termination of this Agreement.

**IN WITNESS WHEREOF**, the Company and the Sub-Agent have caused this Agreement to be executed in their respective names by their respective duty authorized officers, all as of the day and year first above written.

## Instructions

### To the purchaser

You may use Form ST-123 if you:

- have been appointed as an agent or project operator by an industrial development agency (IDA) and
- the purchases qualify for exemption from sales and use tax as described in the IDA contract.

You may use Form ST-123 as a single-purchase certificate or as a blanket certificate covering the first and subsequent purchases qualifying for the project listed.

**Agent or project operator sales tax ID number** If you are registered with the Tax Department for sales tax purposes, you must enter your sales tax identification number on this certificate. If you are not required to be registered, enter *N/A*.

**Industrial development agencies and authorities (IDAs)** are public benefit corporations under General Municipal Law Article 18-A and the Public Authorities Law, for the purpose of promoting, developing, encouraging, and assisting in the acquisition, construction, reconstruction, improvement, maintenance, equipping, and furnishing of industrial, manufacturing, warehousing, commercial, research, and recreational facilities in New York State.

IDAs are exempt from the payment of sales and use tax on their purchases, in accordance with Tax Law section 1116(a)(1). However, IDAs do not normally make direct purchases for projects. Commonly, IDAs instead appoint a business enterprise or developer, contractor, or subcontractor as its agent or project operator. Such purchases made by the agent or project operator, acting within the authority granted by the IDA, are deemed to be made by the IDA and therefore exempt from tax.

*Example 1: IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment necessary for completion of the project, as agent for the IDA. Contractor X rents a backhoe and a bulldozer for site preparation, purchases concrete and lumber to construct a building, and purchases machinery to be installed in the building. All these purchases by contractor X as agent of the IDA are exempt from tax.*

*Example 2: IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment to be incorporated into the project, as agent for the IDA. Contractor X makes the same purchases as in Example 1. Since the concrete, lumber, and machinery will actually be incorporated into the project, contractor X may purchase these items exempt from tax. However, rental of the backhoe and bulldozer is not exempt since these transactions are normally taxable and the IDA agreement does not authorize contractor X to make such rentals as agent of the IDA.*

A contractor or subcontractor not appointed as agent or project operator of an IDA must present suppliers with Form ST-120.1, **Contractor Exempt Purchase Certificate**, when making purchases that are ordinarily exempt from tax in accordance with Tax Law sections 1115(a)(15) and 1115(a)(16). For more information, see Form ST-120.1.

### Exempt purchases

To qualify, the purchases must be made within the authority granted by the IDA and used to complete the project (not to operate the completed project).

- Mark box A to indicate you are purchasing tangible personal property and services (other than utility services and motor vehicles or tangible personal property installed in a qualifying motor vehicle) exempt from tax.
- Mark box B to indicate you are purchasing certain consumer utility services used in completing the project exempt from tax. This includes gas, electricity, refrigeration, and steam; and gas, electric, refrigeration, and steam services.
- Mark box C to indicate you are purchasing a motor vehicle or tangible personal property related to a qualifying motor vehicle exempt from tax.

### Misuse of this certificate

Misuse of this exemption certificate may subject you to serious civil and criminal sanctions in addition to the payment of any tax and interest due. These include:

- A penalty equal to 100% of the tax due;
- A \$50 penalty for each fraudulent exemption certificate issued;
- Criminal felony prosecution, punishable by a substantial fine and a possible jail sentence; and
- Revocation of your Certificate of Authority, if you are required to be registered as a vendor. See TSB-M-09(17)S, *Amendments that Encourage Compliance with the Tax Law and Enhance the Tax Department's Enforcement Ability*, for more information.

### To the seller

When making purchases as agent or project operator of an IDA, the purchaser must provide you with this exemption certificate with all entries completed to establish the right to the exemption. You must identify the project on each bill and invoice for such purchases and indicate on the bill or invoice that the IDA or agent or project operator of the IDA was the purchaser.

As a New York State registered vendor, you may accept an exemption certificate in lieu of collecting tax and be protected from liability for the tax if the certificate is valid. The certificate will be considered valid if it is:

- accepted in good faith;
- in your possession within 90 days of the transaction; and
- properly completed (all required entries were made).

An exemption certificate is accepted in good faith when you have no knowledge that the exemption certificate is false or is fraudulently given, and you exercise reasonable ordinary due care. If you do not receive a properly completed certificate within 90 days after the delivery of the property or service, you will share with the purchaser the burden of proving the sale was exempt.

You must also maintain a method of associating an invoice (or other source document) for an exempt sale with the exemption certificate you have on file from the purchaser. You must keep this certificate at least three years after the due date of your sales tax return to which it relates, or the date the return was filed, if later.

**RECAPTURE POLICY**

**I. STATEMENT OF PURPOSE**

The City of Syracuse Industrial Development Agency (the “Agency”) has adopted this Recapture Policy (the “*Recapture Policy*”) in accordance with Sections 874(10) and 874(11) of the New York State General Municipal Law. This Recapture Policy shall be consistent with and in compliance with the provisions of Chapter 1030 of Laws of 1969 of New York, constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended (the “*Enabling Act*”) and Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (said Chapter and the Enabling Act being hereinafter collectively referred to as the “*Act*”), and any other applicable law.

**II. MANDATORY RECAPTURE OF THE NEW YORK STATE PORTION OF SALES AND USE TAX**

The Agency shall recapture from project applicants New York State sales and use tax benefits, in accordance with the provisions of the General Municipal Law, from projects that utilized State sales and use tax exemptions:

- a) To which the project was not entitled;
- b) In excess of the amounts authorized by the Agency;
- c) For property or services not authorized by the Agency; and/or
- d) For a project that has failed to comply with a material term or condition to use the property or services in the manner required by any of the project documents between the company and the Agency.

The approving resolution(s) and project documents granting financial assistance in the form of State sales and use tax exemption benefits shall include the terms and conditions of the foregoing recapture provision. Within thirty (30) days of the recapture, the recapture amount shall be remitted to the New York State Department of Taxation and Finance. Such remittances shall include interest, at the legal rate, imposed by the Agency. The failure to pay over such amounts to the Agency shall be grounds for the New York State Tax Commissioner to assess and

determine State sales and use taxes due from the company under article twenty-eight of the New York State Tax Law, together with any relevant penalties and interest due on such amounts.

In order to determine if one of the foregoing events have occurred (a “*State Mandated Recapture Event*”) and to effectuate this recapture of New York State sales and use tax benefits the Agency shall:

- a) Keep records of the New York State and local sales tax exemptions provided to each project, with such records available to the New York State Tax Commissioner upon request.
- b) Report within thirty days of providing any financial assistance in the form of a sales and use tax exemption, the project, the estimated amount of the exemption and other information as may be required by the New York State Tax Commissioner (Form ST-60).
- c) The Agency shall file an annual report with the New York State Tax Commissioner detailing its terms and conditions and its activities in recapturing any unauthorized New York State sales and use tax exemptions.

### **III. SUSPENSION, DISCONTINUATION, RECAPTURE AND TERMINATION OF OTHER FORMS OF FINANCIAL ASSISTANCE**

With respect to all other financial assistance provided to a project (other than the State portion of sales and use tax exemptions) the Agency shall have the right to suspend, discontinue, recapture or terminate financial assistance to any company for a project to the extent that:

- a) for projects that utilized local sales and use tax exemptions, the project was not entitled to such exemptions, such exemptions were in excess of the amounts authorized by the Agency, and/or such exemptions were for property or services not authorized by the Agency (each, a “*Local Sales Tax Benefit Violation*”);
- b) the company, upon completion of the project, fails to reach and maintain at least 85 percent of its employment requirements for job creation and/or retention (“*Job Deficit*”);
- c) the total investment actually made with respect to the project at the project’s completion date is less than 85 percent of its investment requirement (“*Investment Deficit*”);
- d) the company fails to provide annually to the Agency certain information to confirm that the project is achieving the investment, job retention, job creation, and other objectives of the Project (“*Reporting Failure*”); or

- e) there otherwise occurs any event of default under any project document (each, an “Event of Default”) or a material violation of the terms and conditions of any project document (a “*Material Violation*”).

#### IV. ANNUAL ASSESSMENT

The Agency shall evaluate, annually as of December 31, or at any time information is brought to the Agency’s attention, whether a State Mandated Recapture Event, a Local Sales Tax Benefit Violation, Job Deficit, Investment Deficit, Reporting Failure Event of Default or Material Violation (each a “*Noncompliance Event*”) has occurred. Notwithstanding the foregoing, the Agency may determine whether an Event of Default has occurred pursuant to any project document in accordance with the terms of the project document.

At the time of any Noncompliance Event (other than a State Mandated Recapture Event), the Agency shall determine by resolution whether to exercise its right to suspend, discontinue, recapture or terminate all or any portion of the financial assistance provided to a project, and shall consider the following in making its determination:

- a) Whether the company has proceeded in good faith.
- b) Whether the project has not performed as required due to economic issues, changes in market conditions or adverse events beyond the control of the company.
- c) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create a more adverse situation for the company, such as the company going out of business or declaring bankruptcy, which would not occur if the Agency’s rights were not exercised.
- d) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create an adverse situation for the residents of the City of Syracuse.
- e) The assessment prepared in accordance with the Agency’s Annual Assessment Policy.
- f) Such other criteria as the Agency shall determine is a relevant factor in connection with any decision regarding the exercise of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance.

The Agency shall document its evaluation of the above criteria in writing and based upon its evaluation, the Agency shall determine whether to suspend, discontinue, recapture or terminate all or any portion of the financial assistance (the “*Determination*”). The Determination shall provide terms, if any, by which a company may remedy any Noncompliance Event (other than a State Mandated Recapture Event) upon which the Determination was based. The

company must submit written documentation to the Agency of compliance with all terms and conditions of the Determination in order for the Agency to consider whether to resume financial assistance to the company (which will be at the Agency's sole discretion).

The project agreement entered into between the Agency and the company (the "*Project Agreement*") shall include the terms and conditions of the foregoing provisions. The Agency shall also include in the Project Agreement a requirement that the company comply with the Agency's right to suspend, discontinue, recapture or terminate the financial assistance and that the company shall repay all or a portion of the financial assistance granted by the Agency to the company pursuant to any Determination.

Any such amount constituting local tax exemptions shall be redistributed to the appropriate affected tax jurisdictions, unless agreed to otherwise by any local taxing jurisdiction.

#### **IV. RECAPTURE PERIOD**

Except as otherwise provided by the General Municipal Law, the recapture period will be the longer of: (1) the term of the Lease Agreement; or (2) five years following the project's completion date. A project will remain "active" for purposes of Section 874(12) of General Municipal Law and the Agency's Annual Assessment Policy during the term of the Project Agreement.

**RECAPTURE POLICY**

**I. STATEMENT OF PURPOSE**

The City of Syracuse Industrial Development Agency (the “Agency”) has adopted this Recapture Policy (the “*Recapture Policy*”) in accordance with Sections 874(10) and 874(11) of the New York State General Municipal Law. This Recapture Policy shall be consistent with and in compliance with the provisions of Chapter 1030 of Laws of 1969 of New York, constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended (the “*Enabling Act*”) and Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (said Chapter and the Enabling Act being hereinafter collectively referred to as the “*Act*”), and any other applicable law.

**II. MANDATORY RECAPTURE OF THE NEW YORK STATE PORTION OF SALES AND USE TAX**

The Agency shall recapture from project applicants New York State sales and use tax benefits, in accordance with the provisions of the General Municipal Law, from projects that utilized State sales and use tax exemptions:

- e) To which the project was not entitled;
- f) In excess of the amounts authorized by the Agency;
- g) For property or services not authorized by the Agency; and/or
- h) For a project that has failed to comply with a material term or condition to use the property or services in the manner required by any of the project documents between the company and the Agency.

The approving resolution(s) and project documents granting financial assistance in the form of State sales and use tax exemption benefits shall include the terms and conditions of the foregoing recapture provision. Within thirty (30) days of the recapture, the recapture amount shall be remitted to the New York State Department of Taxation and Finance. Such remittances shall include interest, at the legal rate, imposed by the Agency. The failure to pay over such amounts to the Agency shall be grounds for the New York State Tax Commissioner to assess and

determine State sales and use taxes due from the company under article twenty-eight of the New York State Tax Law, together with any relevant penalties and interest due on such amounts.

In order to determine if one of the foregoing events have occurred (a “*State Mandated Recapture Event*”) and to effectuate this recapture of New York State sales and use tax benefits the Agency shall:

- d) Keep records of the New York State and local sales tax exemptions provided to each project, with such records available to the New York State Tax Commissioner upon request.
- e) Report within thirty days of providing any financial assistance in the form of a sales and use tax exemption, the project, the estimated amount of the exemption and other information as may be required by the New York State Tax Commissioner (Form ST-60).
- f) The Agency shall file an annual report with the New York State Tax Commissioner detailing its terms and conditions and its activities in recapturing any unauthorized New York State sales and use tax exemptions.

### **III. SUSPENSION, DISCONTINUATION, RECAPTURE AND TERMINATION OF OTHER FORMS OF FINANCIAL ASSISTANCE**

With respect to all other financial assistance provided to a project (other than the State portion of sales and use tax exemptions) the Agency shall have the right to suspend, discontinue, recapture or terminate financial assistance to any company for a project to the extent that:

- f) for projects that utilized local sales and use tax exemptions, the project was not entitled to such exemptions, such exemptions were in excess of the amounts authorized by the Agency, and/or such exemptions were for property or services not authorized by the Agency (each, a “*Local Sales Tax Benefit Violation*”);
- g) the company, upon completion of the project, fails to reach and maintain at least 85 percent of its employment requirements for job creation and/or retention (“*Job Deficit*”);
- h) the total investment actually made with respect to the project at the project’s completion date is less than 85 percent of its investment requirement (“*Investment Deficit*”);
- i) the company fails to provide annually to the Agency certain information to confirm that the project is achieving the investment, job retention, job creation, and other objectives of the Project (“*Reporting Failure*”); or

- j) there otherwise occurs any event of default under any project document (each, an “Event of Default”) or a material violation of the terms and conditions of any project document (a “*Material Violation*”).

#### IV. ANNUAL ASSESSMENT

The Agency shall evaluate, annually as of December 31, or at any time information is brought to the Agency’s attention, whether a State Mandated Recapture Event, a Local Sales Tax Benefit Violation, Job Deficit, Investment Deficit, Reporting Failure Event of Default or Material Violation (each a “*Noncompliance Event*”) has occurred. Notwithstanding the foregoing, the Agency may determine whether an Event of Default has occurred pursuant to any project document in accordance with the terms of the project document.

At the time of any Noncompliance Event (other than a State Mandated Recapture Event), the Agency shall determine by resolution whether to exercise its right to suspend, discontinue, recapture or terminate all or any portion of the financial assistance provided to a project, and shall consider the following in making its determination:

- g) Whether the company has proceeded in good faith.
- h) Whether the project has not performed as required due to economic issues, changes in market conditions or adverse events beyond the control of the company.
- i) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create a more adverse situation for the company, such as the company going out of business or declaring bankruptcy, which would not occur if the Agency’s rights were not exercised.
- j) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create an adverse situation for the residents of the City of Syracuse.
- k) The assessment prepared in accordance with the Agency’s Annual Assessment Policy.
- l) Such other criteria as the Agency shall determine is a relevant factor in connection with any decision regarding the exercise of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance.

The Agency shall document its evaluation of the above criteria in writing and based upon its evaluation, the Agency shall determine whether to suspend, discontinue, recapture or terminate all or any portion of the financial assistance (the “*Determination*”). The Determination shall provide terms, if any, by which a company may remedy any Noncompliance Event (other than a State Mandated Recapture Event) upon which the Determination was based. The

company must submit written documentation to the Agency of compliance with all terms and conditions of the Determination in order for the Agency to consider whether to resume financial assistance to the company (which will be at the Agency's sole discretion).

The project agreement entered into between the Agency and the company (the "*Project Agreement*") shall include the terms and conditions of the foregoing provisions. The Agency shall also include in the Project Agreement a requirement that the company comply with the Agency's right to suspend, discontinue, recapture or terminate the financial assistance and that the company shall repay all or a portion of the financial assistance granted by the Agency to the company pursuant to any Determination.

Any such amount constituting local tax exemptions shall be redistributed to the appropriate affected tax jurisdictions, unless agreed to otherwise by any local taxing jurisdiction.

#### **IV. RECAPTURE PERIOD**

Except as otherwise provided by the General Municipal Law, the recapture period will be the longer of: (1) the term of the Lease Agreement; or (2) five years following the project's completion date. A project will remain "active" for purposes of Section 874(12) of General Municipal Law and the Agency's Annual Assessment Policy during the term of the Project Agreement.

All permits and licenses necessary for the prosecution of work on the Project Facility shall be procured promptly by the Company.

(c) The administrative fee payable by the Company to the Agency in conjunction with this Project and the Agency's granting of Financial Assistance and all outstanding counsel fees and costs shall be paid at closing.

(d) The Company agrees to make the above-mentioned payments, without any further notice, in lawful money of the United States of America as, at the time of payment, shall be legal tender for the payment of public and private debts. (a) The obligations of the Company to make the payments required by this Dupli Building 1 Agency Lease and to perform and observe any and all of the other covenants and agreements on its part contained herein, including but not limited to the Rental Restrictions, are joint and several general obligations of the Company and are absolute and unconditional irrespective of any defense or any rights of set-off, recoupment, or counterclaim it may otherwise have against the Agency. The Company agrees that it will not suspend, discontinue, or abate any

(2) All utility and other charges, including "service charges," incurred or imposed for the operation, maintenance, use, occupancy, upkeep, and improvement of the

Project Facility, the non-payment of which would create, or entitle the obligee to impose, a Lien on the Project Facility;

(3) All assessments and charges of any kind whatsoever lawfully made by any Governmental Authority for public improvements; and

(4) Any and all payments of taxes, if applicable, or all payments in lieu of taxes, if any, required to be made to the Agency under the terms of the PILOT Agreement or any other agreement with respect thereto.

(b) Subject to the terms of the PILOT Agreement, 600 Franklin may in good faith actively contest any such taxes, assessments, and other charges, provided that (1) 600 Franklin shall have first notified the Agency of such contest; (2) no Event of Default under this Dupli Building 1 Agency Lease or any of the other Company Documents shall have occurred and be continuing; and (3) 600 Franklin shall have set aside adequate reserves for any such taxes, assessments and other charges. If 600 Franklin demonstrates to the reasonable satisfaction of the Agency and certifies to the Agency by delivery of a written certificate, that the non-payment of any such items will not endanger any part of the Project Facility or subject the Project Facility, or any part thereof, to loss or forfeiture, 600 Franklin may permit the taxes, assessments, and other charges so contested to remain unpaid during the period of such contest and any appeal therefrom. Otherwise, such taxes, assessments, or charges shall be paid promptly by 600 Franklin or secured by 600 Franklin's posting a bond in form and substance satisfactory to the Agency.

#### **6.4 ADDITIONAL PROVISIONS RESPECTING INSURANCE.**

All insurance required by Section 6.3 shall be with insurance companies of recognized financial standing selected by 600 Franklin and licensed to write such insurance in the State of New York. Such insurance may be written with deductible amounts comparable to those on similar policies carried by other Persons engaged in businesses similar in size, character, and other respects to those in which 600 Franklin are engaged. All policies evidencing such insurance except the Workers' Compensation policy shall name 600 Franklin as insured and the Agency as an additional insured, as its interests may appear, and shall provide that such coverage with respect to the Agency be primary and non-contributory with any insurance secured by the Agency and require at least thirty (30) days' prior written notice to the Agency of cancellation, reduction in policy limits, or material change in coverage thereof.

Prior to the Closing Date, 600 Franklin shall deliver to the Agency, satisfactory to the Agency in form and substance: (i) certificates evidencing all insurance required hereby; (ii) the additional insured endorsement(s) applicable to the Agency; (iii) the final insurance binder addressed to 600 Franklin covering the Project Facility; and (iv) evidence that the insurance so required is on a primary and non-contributory basis. 600 Franklin shall deliver or cause to be delivered to the Agency on or before the first business day of each January thereafter each of the items set forth in the immediately preceding paragraph, dated not earlier than the immediately preceding month, reciting that there is in full force and effect, with a term covering at least the next succeeding calendar year, insurance in the amounts and of the types required by Sections 6.3 and 6.4. 600 Franklin shall furnish to the Agency evidence that the policy has been renewed or replaced or is no longer required by this Dupli Building 1 Agency Lease each year throughout the Term of this Dupli Building 1 Agency Lease.

All premiums with respect to the insurance required by Section 6.3 shall be paid by 600 Franklin, provided, however, that, if the premiums are not timely paid, the Agency may pay such premiums and 600 Franklin shall pay immediately upon demand all sums so expended by the Agency, together with interest at a rate of ten percent (10%) per annum or the highest rate permitted by law, whichever is less.

#### **6.5 APPLICATION OF NET PROCEEDS OF INSURANCE.**

The Net Proceeds of the insurance carried pursuant to the provisions of Section 6.3 shall be applied as follows:

(a) The Net Proceeds of the insurance required by subsection 6.3(a) shall be paid and applied as provided in Section 7.1 hereof; and

(b) The Net Proceeds of the insurance required by subsections 6.3(b) and 6.3(c) shall be applied toward extinguishment or satisfaction of the liability with respect to which such insurance proceeds may be paid.

## **6.6 PAYMENTS IN LIEU OF REAL ESTATE TAXES.**

The Company and the Agency have entered into a PILOT Agreement with respect to payments in lieu of real estate taxes for the Project Facility. 600 Franklin and Dupli each agree that the obligations hereunder and under the PILOT Agreement with respect to the payment of taxes, or payments in lieu thereof, are joint and several.

## **ARTICLE VII DAMAGE, DESTRUCTION, AND CONDEMNATION**

### **7.1 DAMAGE OR DESTRUCTION.**

(a) If the Mortgage shall be in effect or the Mortgagee shall have any interest in the Project Facility arising under or related to the Mortgage, whether by foreclosure or otherwise and the Project Facility shall be damaged or destroyed, in whole or in part, then insurance proceeds shall be paid in accordance with the relevant provisions of the Mortgage regarding the distribution of such insurance proceeds, provided that there shall be no abatement or reduction in amounts payable to the Agency hereunder. If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and the Project Facility shall be damaged or destroyed, in whole or in part:

(1) There shall be no abatement or reduction in the amounts payable by the Company under this Dupli Building 1 Agency Lease or otherwise (whether or not the Project Facility is replaced, repaired, rebuilt, or restored); and

(2) The Company shall promptly give notice thereof to the Agency; and

(3) Except as otherwise provided in subsections 7.1(b) and 7.1(c) hereof, upon receipt of the insurance proceeds, 600 Franklin shall promptly replace, repair, rebuild, or restore the Project Facility to substantially the same condition as existed prior to such damage or destruction, with such changes, alterations, and modifications as may be desired by 600 Franklin and consented to in writing by the Agency, provided that such changes, alterations, or modifications do not change the nature of the Project Facility, such that it does not constitute a “project” (as such quoted term is defined in the Act); and in the event such Net Proceeds are not sufficient to pay in full the costs of such replacement, repair, rebuilding, or restoration, 600 Franklin shall nonetheless complete such work and shall pay from its own moneys that portion of the costs thereof in excess of such Net Proceeds.

(b) If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility, then notwithstanding anything to the contrary contained in

subsection 7.1(a), 600 Franklin shall not be obligated to replace, repair, rebuild, or restore the Project Facility, and the Net Proceeds of any insurance settlement shall not be applied as provided in subsection 7.1(a) if 600 Franklin shall notify the Agency that, in 600 Franklin's sole judgment, 600 Franklin does not deem it practical or desirable to replace, repair, rebuild, or restore the Project Facility. In such event, the lesser of (1) the total amount of the Net Proceeds collected under any and all policies of insurance covering the damage to or destruction of the Project Facility, or (2) any other sums due and payable to the Agency pursuant to this Dupli Building 1 Agency Lease and the other Agency and Company Documents, shall be applied to the repayment of all amounts due to the Agency under this Dupli Building 1 Agency Lease, the Company Lease, the PILOT Agreement and other Agency Documents. If the Net Proceeds collected under any and all policies of insurance are less than the amount necessary to repay any and all amounts payable to the Agency, the Company shall pay the difference between such amounts and the Net Proceeds of all such insurance settlements so that any and all amounts then due and payable under this Dupli Building 1 Agency Lease, the Company Lease, the PILOT Agreement and the other Agency Documents to the Agency shall be paid in full. If all amounts due under this Dupli Building 1 Agency Lease, the Company Lease, the Mortgage, the PILOT Agreement and the other Agency Documents are paid in full, all such Net Proceeds, or the balance thereof, shall be paid to the Company for its purposes.

(c) 600 Franklin and the Mortgagee may adjust all claims under any policies of insurance required by subsections 6.3(a) and 6.3(c) hereof with the prior written consent of the Agency, which consent shall not be unreasonably withheld.

## **7.2 CONDEMNATION.**

(a) If the Mortgage shall be in effect or the Mortgagee shall have any interest in the Project Facility arising under or related to the Mortgage, whether by foreclosure or otherwise and title to, or the use of, all, substantially all or less than substantially all of the Project Facility shall be taken by Condemnation, then Condemnation proceeds shall be paid in accordance with the relevant provisions of the Mortgage regarding the distribution of such Condemnation proceeds, provided that there shall be no abatement or reduction in amounts payable to the Agency hereunder. If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and if title to, or the use of, less than substantially all of the Project Facility shall be taken by Condemnation:

(1) There shall be no abatement or reduction in the amounts payable by 600 Franklin under this Dupli Building 1 Agency Lease or otherwise (whether or not the Project Facility is restored); and

(2) The Company shall promptly give notice thereof to the Agency; and

(3) Except as otherwise provided in subsections 7.2(b) and 7.2(c) hereof, upon receipt of the Condemnation proceeds, 600 Franklin shall promptly restore the Project Facility (excluding any part of the Project Facility taken by Condemnation) to substantially the condition and value as an operating entity as existed prior to such Condemnation; and 600 Franklin shall nonetheless complete such restoration and shall pay from its own moneys that portion of the costs thereof in excess of such Net Proceeds.

(b) If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and if title to, or the use of, less than substantially all of the Project Facility shall be taken by Condemnation, then notwithstanding anything to the contrary contained in subsection 7.2(a), 600 Franklin shall not be obligated to restore the Project Facility, and the Net Proceeds of any Condemnation award shall not be applied as provided in subsection 7.2(a) if the Company shall notify the Agency that, in 600 Franklin's sole judgment, 600 Franklin does not deem it practical or desirable to restore the Project Facility. In such event, the lesser of (1) the Net Proceeds of any Condemnation award, or (2) the amount necessary to pay the Agency pursuant to this Dupli Building 1 Agency Lease, the Company Lease, the PILOT Agreement and the other Agency Documents, shall be applied to payment of all amounts then due and payable to the Agency under this Dupli Building 1 Agency Lease, the Company Lease, the PILOT Agreement and other Agency Documents. If the Net Proceeds of any Condemnation award are less than the amount necessary to pay any and all amounts then due and payable to the Agency, the Company shall pay the difference between such amounts and the Net Proceeds of such Condemnation award so that any and all amounts then due and payable under this Dupli Building 1 Agency Lease, the Company Lease, the PILOT Agreement and other Agency Documents to the Agency shall be paid in full. If all amounts due under this Dupli Building 1 Agency Lease, the Company Lease, the PILOT Agreement, the Mortgage and the other Agency Documents have been paid in full, all such Net Proceeds or the balance thereof shall be paid to 600 Franklin for its purposes.

(c) 600 Franklin and the Mortgagee with the prior written consent of the Agency (which consent shall not be unreasonably withheld), shall have sole control of any Condemnation proceeding with respect to the Project Facility, or any part thereof, and may negotiate the settlement of any such proceeding.

### **7.3 ADDITIONS TO PROJECT FACILITY.**

All replacements, repairs, rebuilding, or restoration made pursuant to Sections 7.1 or 7.2 hereof, whether or not requiring the expenditure of the Company's own moneys, shall automatically become part of the Project Facility as if the same were specifically described herein.

## **ARTICLE VIII SPECIAL COVENANTS**

(d) Pursuant to Section 874(8) of the Act, the Company agrees to annually file and cause each Additional Agent or other operator of the Project Facility to file annually, with the New York State Department of Taxation and Finance, and provide the Agency with a copy of same, on a form and in such manner as is prescribed by the New York State Commissioner of Taxation and Finance (the “***Annual Sales Tax Report***”), a statement of the value of all sales and use tax exemptions claimed by 600 Franklin and all other Additional Agents under the authority granted to 600 Franklin pursuant to Section 4.1(b) of this Dupli Building 1 Agency Lease. Pursuant to Section 874(8) of the Act, the penalty for failure to file the Annual Sales Tax Report shall be removal of authority to act as agent of the Agency. Therefore, if the Company shall fail to comply with the requirements of this subsection (d), irrespective of any notice and cure period afforded, 600 Franklin and each Additional Agent shall immediately cease to be the agent of the Agency in connection with the Project. 600 Franklin is responsible for obtaining from the New York State Department of Taxation and Finance the current version of such Annual Sales Tax Report.

(e) The Company agrees to furnish to the Agency a copy of each such Annual Sales Tax Report submitted to the New York State Department of Taxation and Finance by the Company pursuant to Section 874(8) of the Act for itself and any Additional Agent.

(g) Pursuant to Section 875(3) of the Act, and in conjunction with Agency policy, the Agency shall and in some circumstances may, recover, recapture, receive or otherwise obtain from the Company the portion of the Financial Assistance consisting of State and local sales and use tax exemption (the “*Sales Tax Recapture Amount*”) in accordance with the Agency’s Recapture Policy, a copy of which is attached hereto at **Exhibit “H”**, this Dupli 1 Agency Lease and the Project Agreement.

**WHEREAS**, under the Resolution and in the Agency Lease Agreement by and between the Company and the Agency dated as of December 1, 2020 (the “**Agency Lease**”) the Agency appointed the Company as its agent for purposes of completing the Project and delegated to the Company the authority to appoint as agents of the Agency a Project operator, contractors, agents, subagents, subcontractors, contractors and subcontractors of such agents and subagents (the “**Additional Agents**” or “**Sub-Agents**”), for the purpose of completing the Project and benefitting from the State and local sales and use tax exemption that forms a portion of the Financial Assistance all in accordance with the terms of the Resolution and the Agency Lease; and

**WHEREAS**, the Company and the Agency entered into a Project Agreement dated as of December 1, 2020 (the “**Project Agreement**”).

**NOW, THEREFORE**, the parties hereto hereby agree as follows:

1. The Company hereby appoints the Sub-Agent as an Additional Agent of the Agency for the purpose of assisting the Company and the Agency in the completion of the Project and benefitting from the State and local sales and use tax exemption relative to expenditures made in furtherance thereof. The Sub-Agent is only an agent of the Agency for the aforementioned purposes. The Sub-Agent hereby agrees to limit its activities as agent for the Agency under the authority of this Agreement to acts reasonably related to the completion of the Project Facility.

2. The Sub-Agent covenants, agrees and acknowledges:

a. to make all records and information regarding State and local sales and use tax exemption benefits claimed by it in connection with the Project available to the Company and the Agency upon request. The Sub-Agent agrees to comply with all procedures and policies established by the State Department of Taxation and Finance, or any similar entity, regarding the documenting or reporting of any State and local sales and use tax exemption benefits, including providing to the Company all information of the Sub-Agent necessary for the Company to complete the State Department of Taxation and Finance’s “Annual Report of Sales and Use Tax Exemptions” (Form ST-340).

b. to be bound by and comply with the terms and conditions of the Agency’s policies, the Resolution and Section 875(3) of the Act (as if such section were fully set forth herein). Without limiting the scope of the foregoing, the Sub-Agent acknowledges and agrees to be bound by the Agency’s Suspension, Discontinuation and Recapture of Benefits Policy (the “**Recapture Policy**”), a copy of which is attached hereto as **Schedule “A”**.

c. that the failure of the Sub-Agent to promptly pay any Sales Tax Recapture Amount in accordance with the Recapture Policy, the Agency Lease and/or the Resolution to the Agency will be grounds for the Agency, the State Commissioner of Taxation and Finance or such other entity, to collect sales and use taxes from the Sub-Agent under Article 28 of the Tax Law, or other applicable law, policy or contract, together with interest and penalties. In addition to the foregoing, the Sub-Agent acknowledges and agrees that for purposes of exemption from State sales

and use taxation, “sales and use taxation” shall mean sales and compensating use taxes and fees imposed by article twenty-eight or twenty-eight-A of the Tax Law but excluding such taxes imposed in a city by section eleven hundred seven or eleven hundred eight of such article twenty-eight.

d. that all purchases made by the Sub-Agent in connection with the Project shall be made using Form ST-123 (IDA Agent or Project Operator Exempt Purchase Certificate), a copy of which is attached hereto as **Exhibit “A”**). It shall be the responsibility of the Sub-Agent (and not the Company or the Agency) to complete Form ST-123. The failure to furnish a completed Form ST-123 with each purchase will result in loss of the exemption for that purchase.

e. that it shall identify the Project on each bill and invoice for such purchases and further indicate on such bills or invoices that the Sub-Agent is making purchases of tangible personal property or services for use in the Project as agent of the Agency. For purposes of indicating who the purchaser is, the Sub-Agent acknowledges and agrees that the bill of invoice should state, “I, [NAME OF SUB-AGENT], certify that I am a duly appointed agent of the City of Syracuse Industrial Development Agency and that I am purchasing the tangible personal property or services for use in the following Agency project and that such purchases qualify as exempt from sales and use taxes under my Sub-Agent Appointment Agreement.” The Sub-Agent further acknowledges and agrees that the following information shall be used by the Sub-Agent to identify the Project on each bill and invoice: DUPLI ASSOCIATES, LLC PROJECT – BUILDING 1, 600 Franklin Street, IDA Project No.: 31022005.

f. that for purposes of any exemption from the State sales and use taxation as part of any Financial Assistance requested, “sales and use taxation” shall mean sales and compensating use taxes and fees imposed by article twenty-eight or twenty-eight A of the State tax law but excluding such taxes imposed in a city by section eleven hundred seven or eleven hundred eight of such article twenty-eight.

g. that the Sub-Agent shall indemnify and hold the Agency harmless from all losses, expenses, claims, damages and liabilities arising out of or based on labor, services, materials and supplies, including equipment, ordered or used in connection with the Project Facility (including any expenses incurred by the Agency in defending any claims, suits or actions which may arise as a result of any of the foregoing), for such claims or liabilities that arise as a result of the Sub-Agent acting as agent for the Agency pursuant to this Agreement or otherwise.

The Sub-Agent shall indemnify and hold the Agency, its members, officers, employees and agents and anyone for whose acts or omissions the Agency or any one of them may be liable, harmless from all claims and liabilities for loss or damage to property or any injury to or death of any person that may be occasioned subsequent to the date hereof by any cause whatsoever in relation only to Sub-Agent’s work on or for the Project Facility, including any expenses incurred by the Agency in defending any claims, suits or actions which may arise as a result of the foregoing.

The foregoing defenses and indemnities shall survive expiration or termination of this Agreement and shall apply whether or not the claim, liability, cause of action or expense is caused

or alleged to be caused, in whole or in part, by the activities, acts, fault or negligence of the Agency, its members, officers, employees and agents, anyone under the direction and control of any of them, or anyone for whose acts or omissions the Agency or any of them may be liable, and whether or not based upon the breach of a statutory duty or obligation or any theory or rule of comparative or apportioned liability, subject only to any specific prohibition relating to the scope of indemnities imposed by statutory law.

h. that as agent for the Agency or otherwise, the Sub-Agent will comply at the Sub-Agent's sole cost and expense with all the requirements of all federal, state and local laws, rules and regulations of whatever kind and howsoever denominated applicable to the Sub-Agent with respect to the Project Facility.

i. that Section 875(7) of the Act requires the Agency to post on its website all resolutions and agreements relating to the Sub-Agent's appointment as an agent of the Agency or otherwise related to the Project, including this Agreement, and that Public Officers Law Article 6 declares that all records in the possession of the Agency (with certain limited exceptions) are open to public inspection and copying. If the Sub-Agent feels that there is information about the Sub-Agent in the Agency's possession which are in the nature of trade secrets or information, the nature of which is such that if disclosed to the public or otherwise widely disseminated would cause substantial injury to the Sub-Agent's competitive position, the Sub-Agent must identify such elements in writing, supply same to the Agency prior to or contemporaneously with the execution hereof and request that such elements be kept confidential in accordance with Public Officers Law Article 6. Failure to do so will result in the posting by the Agency of all information in accordance with Section 875 of the Act.

j. The Sub-Agent agrees Local contractors and suppliers will be used for the construction and equipping of the Project unless a waiver is first received from the Agency in writing. Such waiver shall be in the Agency's sole discretion. The Sub-Agent agrees that such Local contractors shall be provided the opportunity to bid on contracts related to the Project. Local shall mean, for the purposes of this Agreement, Onondaga, Oswego, Madison, Cayuga, Cortland and Oneida Counties. Failure to comply with the local labor requirements of this Section (j) (collectively, the "**Local Labor Requirements**") may result in the revocation or recapture of benefits provided/approved to the Project by the Agency.

k. that the Sub-Agent must timely provide the Company with the necessary information to permit the Company, pursuant to General Municipal Law §874(8), to timely file an Annual Statement with the New York State Department of Taxation and Finance on "Annual Report of Sales and Use Tax Exemptions" (Form ST-340) regarding the value of sales and use tax exemptions the Additional Agent claimed pursuant to the agency conferred on it by the Company with respect to this Project on an annual basis.

l. that the failure to comply with the foregoing will result in the loss of the exemption.

m. that if the Sub-Agent is the general contractor for the Project, then at all times following the execution of this Agreement, and during the term thereof, the Sub-Agent shall

maintain or cause to be maintained the following insurance policies with an insurance company licensed in the State that has an A.M. Best rating of not less than A-:

(a) Insurance against loss or damage by fire, lightning, and other casualties customarily insured against (with a uniform standard extended coverage endorsement), such insurance to be in an amount not less than the full replacement value of the completed Project Facility, exclusive of footings and foundations, as determined by a recognized appraiser or insurer selected by the general contractor.

(b) Workers' compensation insurance, disability benefits' insurance, and each other form of insurance which the general contractor is required by law to provide covering loss resulting from injury, sickness, disability, or death of employees of the general contractor who are located at or assigned to the Project Facility;

(c) A policy of commercial general liability insurance with a limit of liability of not less than \$1,000,000 per occurrence on an "occurrence" basis and \$2,000,000 in the aggregate for bodily injury, including death, and property damage, including but not limited to, contractual liability under the Agency Lease and personal injury, with blanket excess liability coverage in an amount not less than \$2,000,000, covering the Project Facility and Equipment and the Company's and the Agency's use or occupancy thereof against all claims on account of bodily injury or death and property damage occurring upon, in or about the Project Facility or in connection with the ownership, maintenance, use and/or occupancy of the Project Facility and all appurtenant areas.

In addition, all insurance required by this section shall be with insurance companies of recognized financial standing selected by the general contractor and licensed to write such insurance in the State of New York. Such insurance may be written with deductible amounts comparable to those on similar policies carried by other Persons engaged in businesses similar in size, character, and other respects to those in which the general contractor is engaged. All policies evidencing such insurance except the Workers' Compensation policy shall name the general contractor as insured and the Agency as an additional insured, as its interests may appear, and shall provide that such coverage with respect to the Agency be primary and non-contributory with any insurance secured by the Agency and require at least thirty (30) days' prior written notice to the Agency of cancellation, reduction in policy limits, or material change in coverage thereof.

Prior to the effective date of this Agreement, the general contractor shall deliver to the Agency, satisfactory to the Agency in form and substance: (i) Certificates evidencing all insurance required hereby; (ii) the additional insured endorsement(s) applicable to the Agency; (iii) the final insurance binder addressed to the general contractor covering the Project Facility; and (iv) evidence that the insurance so required is on a primary and non-contributory basis. In addition, the general contractor shall provide, if so requested by the Agency, a final and complete copy of each insurance policy within thirty (30) days of the execution of this Agreement.

The general contractor shall deliver or cause to be delivered to the Agency on or before the first business day of each January thereafter each of the items set forth in the immediately preceding paragraphs, dated not earlier than the immediately preceding month, reciting that there is in full force and effect, with a term covering at least the next succeeding

calendar year, insurance in the amounts and of the types required hereby for so long as the general contractor is performing, supervising or causing work to be done on or at the Project Facility. The general contractor shall furnish to the Agency evidence that the policy has been renewed or replaced or is no longer required by this Agreement in each such year.

n. that every controversy, dispute or claim arising out of or relating to this Agreement shall be governed by the laws of the State of New York, without regard to its conflicts-of-laws provisions that if applied might require the application of the laws of another jurisdiction; and that the Sub-Agent irrevocably and expressly submits to the exclusive personal jurisdiction of the Supreme Court of the State of New York and the United States District Court for the Northern District of New York, to the exclusion of all other courts, for the purposes of litigating every controversy, dispute or claim arising out of or relating to this Agreement.

3. Failure of the Sub-Agent to comply with any of the provisions of this Agreement shall result in the immediate nullification of the appointment of the Sub-Agent and the immediate termination of this Agreement and may result in the loss of the Company's State and local sales and use tax exemption with respect to the Project at the sole discretion of the Agency. In addition, such failure may result in the recapture of the State and local sales and use taxes avoided.

4. The Company acknowledges that the assumption of certain obligations by the Sub-Agent in accordance with this Agreement does not relieve the Company of its obligations under any provisions of the Agency Lease or of any other agreement entered into by the Company in connection with the Project.

5. The Company and the Sub-Agent agree that the Agency is a third-party beneficiary of this Agreement.

6. This Agreement shall be in effect until the earlier of: (i) the completion of the work on the Project by the Sub-Agent; or (ii) the Sub-Agent's loss of status as an agent of the Agency as set forth herein. Notwithstanding the foregoing, the provisions of Sections 2(b), 2(c), 2(f), 2(g), 2(j), and 2(l) shall survive the termination of this Agreement.

**IN WITNESS WHEREOF**, the Company and the Sub-Agent have caused this Agreement to be executed in their respective names by their respective duty authorized officers, all as of the day and year first above written.

## Instructions

### To the purchaser

You may use Form ST-123 if you:

- have been appointed as an agent or project operator by an industrial development agency (IDA) and
- the purchases qualify for exemption from sales and use tax as described in the IDA contract.

You may use Form ST-123 as a single-purchase certificate or as a blanket certificate covering the first and subsequent purchases qualifying for the project listed.

**Agent or project operator sales tax ID number** If you are registered with the Tax Department for sales tax purposes, you must enter your sales tax identification number on this certificate. If you are not required to be registered, enter *N/A*.

**Industrial development agencies and authorities (IDAs)** are public benefit corporations under General Municipal Law Article 18-A and the Public Authorities Law, for the purpose of promoting, developing, encouraging, and assisting in the acquisition, construction, reconstruction, improvement, maintenance, equipping, and furnishing of industrial, manufacturing, warehousing, commercial, research, and recreational facilities in New York State.

IDAs are exempt from the payment of sales and use tax on their purchases, in accordance with Tax Law section 1118(a)(1). However, IDAs do not normally make direct purchases for projects. Commonly, IDAs instead appoint a business enterprise or developer, contractor, or subcontractor as its agent or project operator. Such purchases made by the agent or project operator, acting within the authority granted by the IDA, are deemed to be made by the IDA and therefore exempt from tax.

*Example 1: IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment necessary for completion of the project, as agent for the IDA. Contractor X rents a backhoe and a bulldozer for site preparation, purchases concrete and lumber to construct a building, and purchases machinery to be installed in the building. All these purchases by contractor X as agent of the IDA are exempt from tax.*

*Example 2: IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment to be incorporated into the project, as agent for the IDA. Contractor X makes the same purchases as in Example 1. Since the concrete, lumber, and machinery will actually be incorporated into the project, contractor X may purchase these items exempt from tax. However, rental of the backhoe and bulldozer is not exempt since these transactions are normally taxable and the IDA agreement does not authorize contractor X to make such rentals as agent of the IDA.*

A contractor or subcontractor not appointed as agent or project operator of an IDA must present suppliers with Form ST-120.1, *Contractor Exempt Purchase Certificate*, when making purchases that are ordinarily exempt from tax in accordance with Tax Law sections 1115(a)(15) and 1115(a)(16). For more information, see Form ST-120.1.

### Exempt purchases

To qualify, the purchases must be made within the authority granted by the IDA and used to complete the project (not to operate the completed project).

- Mark box A to indicate you are purchasing tangible personal property and services (other than utility services and motor vehicles or tangible personal property installed in a qualifying motor vehicle) exempt from tax.
- Mark box B to indicate you are purchasing certain consumer utility services used in completing the project exempt from tax. This includes gas, electricity, refrigeration, and steam; and gas, electric, refrigeration, and steam services.
- Mark box C to indicate you are purchasing a motor vehicle or tangible personal property related to a qualifying motor vehicle exempt from tax.

### Misuse of this certificate

Misuse of this exemption certificate may subject you to serious civil and criminal sanctions in addition to the payment of any tax and interest due. These include:

- A penalty equal to 100% of the tax due;
- A \$50 penalty for each fraudulent exemption certificate issued;
- Criminal felony prosecution, punishable by a substantial fine and a possible jail sentence; and
- Revocation of your *Certificate of Authority*, if you are required to be registered as a vendor. See TSB-M-09(17)S, *Amendments that Encourage Compliance with the Tax Law and Enhance the Tax Department's Enforcement Ability*, for more information.

### To the seller

When making purchases as agent or project operator of an IDA, the purchaser must provide you with this exemption certificate with all entries completed to establish the right to the exemption. You must identify the project on each bill and invoice for such purchases and indicate on the bill or invoice that the IDA or agent or project operator of the IDA was the purchaser.

As a New York State registered vendor, you may accept an exemption certificate in lieu of collecting tax and be protected from liability for the tax if the certificate is valid. The certificate will be considered valid if it is:

- accepted in good faith;
- in your possession within 90 days of the transaction; and
- properly completed (all required entries were made).

An exemption certificate is accepted in good faith when you have no knowledge that the exemption certificate is false or is fraudulently given, and you exercise reasonable ordinary due care. If you do not receive a properly completed certificate within 90 days after the delivery of the property or service, you will share with the purchaser the burden of proving the sale was exempt.

You must also maintain a method of associating an invoice (or other source document) for an exempt sale with the exemption certificate you have on file from the purchaser. You must keep this certificate at least three years after the due date of your sales tax return to which it relates, or the date the return was filed, if later.

**RECAPTURE POLICY**

**RECAPTURE POLICY**

**I. STATEMENT OF PURPOSE**

The City of Syracuse Industrial Development Agency (the “*Agency*”) has adopted this Recapture Policy (the “*Recapture Policy*”) in accordance with Sections 874(10) and 874(11) of the New York State General Municipal Law. This Recapture Policy shall be consistent with and in compliance with the provisions of Chapter 1030 of Laws of 1969 of New York, constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended (the “*Enabling Act*”) and Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (said Chapter and the Enabling Act being hereinafter collectively referred to as the “*Act*”), and any other applicable law.

**II. MANDATORY RECAPTURE OF THE NEW YORK STATE PORTION OF SALES AND USE TAX**

The Agency shall recapture from project applicants New York State sales and use tax benefits, in accordance with the provisions of the General Municipal Law, from projects that utilized State sales and use tax exemptions:

- a) To which the project was not entitled;
- b) In excess of the amounts authorized by the Agency;
- c) For property or services not authorized by the Agency; and/or
- d) For a project that has failed to comply with a material term or condition to use the property or services in the manner required by any of the project documents between the company and the Agency.

The approving resolution(s) and project documents granting financial assistance in the form of State sales and use tax exemption benefits shall include the terms and conditions of the foregoing recapture provision. Within thirty (30) days of the recapture, the recapture amount shall be remitted to the New York State Department of Taxation and Finance. Such remittances shall include interest, at the legal rate, imposed by the Agency. The failure to pay over such amounts to the Agency shall be grounds for the New York State Tax Commissioner to assess and determine

State sales and use taxes due from the company under article twenty-eight of the New York State Tax Law, together with any relevant penalties and interest due on such amounts.

In order to determine if one of the foregoing events have occurred (a “*State Mandated Recapture Event*”) and to effectuate this recapture of New York State sales and use tax benefits the Agency shall:

- a) Keep records of the New York State and local sales tax exemptions provided to each project, with such records available to the New York State Tax Commissioner upon request.
- b) Report within thirty days of providing any financial assistance in the form of a sales and use tax exemption, the project, the estimated amount of the exemption and other information as may be required by the New York State Tax Commissioner (Form ST-60).
- c) The Agency shall file an annual report with the New York State Tax Commissioner detailing its terms and conditions and its activities in recapturing any unauthorized New York State sales and use tax exemptions.

### **III. SUSPENSION, DISCONTINUATION, RECAPTURE AND TERMINATION OF OTHER FORMS OF FINANCIAL ASSISTANCE**

With respect to all other financial assistance provided to a project (other than the State portion of sales and use tax exemptions) the Agency shall have the right to suspend, discontinue, recapture or terminate financial assistance to any company for a project to the extent that:

- a) for projects that utilized local sales and use tax exemptions, the project was not entitled to such exemptions, such exemptions were in excess of the amounts authorized by the Agency, and/or such exemptions were for property or services not authorized by the Agency (each, a “*Local Sales Tax Benefit Violation*”);

Notwithstanding anything herein to the contrary, the obligations of the Company to report hereunder and the Agency's rights to recapture shall continue during the Term of this Dupli Building 2 Agency Lease, but in the event of an early termination as provided for herein, the Company's obligation to report and the Agency's right to recapture shall not be less than the Reporting Period (as defined herein). As a condition to the termination of this Dupli Building 2 Agency Lease, the Company shall be obligated to execute and deliver the certification attached hereto at **Schedule "1"** regarding the Company's ongoing obligations.

(b) The Company hereby irrevocably designates the Agency as its attorney-in-fact, coupled with an interest, for the purpose of executing, delivering and recording terminations of the Agency Lease, the Company Lease, preparing a bill of sale together with any other documents therewith and to take such other and further actions reasonably necessary to confirm the termination date of the Agency's interest in the Project.

(h) The obligation of the Agency under this Section 5.2 to convey the Project Facility to 156 Solar will be subject to: (i) there being no uncured Event of Default existing hereunder or under any payment in lieu of tax agreement now or hereafter entered into with respect to all or any portion of the Project Facility or under any other Company Documents, or any other event which would, but for the passage of time or the giving of notice, or both, be such an Event of Default; and (ii) the Company's payment of all expenses, fees and taxes, if any, applicable to or arising from such transfer.

### **5.3 RENTAL PAYMENTS AND OTHER AMOUNTS PAYABLE.**

(a) The Company shall pay basic rental payments for the Project Facility consisting of: (i) to the Agency an amount sufficient to pay the sums due under the PILOT Agreement at the times and in the manner provides for therein, and an amount sufficient to pay any and all other amounts due hereunder; and (ii) to the Mortgagee, an amount equal to the debt service and amounts becoming due and payable under the Mortgage and the indebtedness secured thereby on the due date thereof.

Any additional rent not received within ten (10) business days after demand shall accrue interest after the expiration of such ten days at a rate of ten percent (10%) per annum or the highest rate permitted by law, whichever is less.

(c) The administrative fee payable by the Company to the Agency in conjunction with this Project and the Agency's granting of Financial Assistance and all outstanding counsel fees and costs shall be paid at closing.

(d) The Company agrees to make the above-mentioned payments, without any further notice, in lawful money of the United States of America as, at the time of payment, shall be legal tender for the payment of public and private debts. In the event that the Company shall fail to make or cause to be made any of the payments required under this Dupli Building 2 Agency Lease, the item or installment not so paid shall continue as an obligation of the Company until such item or installment is paid in full.

#### **5.4 NATURE OF OBLIGATIONS OF COMPANY HEREUNDER.**

(a) The obligations of the Company to make the payments required by this Dupli Building 2 Agency Lease and to perform and observe any and all of the other covenants and agreements on its part contained herein, including but not limited to the Rental Restrictions, are joint and several general obligations of the Company and are absolute and unconditional irrespective of any defense or any rights of set-off, recoupment, or counterclaim it may otherwise have against the Agency. The Company agrees that it will not suspend, discontinue, or abate any payment required by, or fail to observe any of its other covenants or agreements contained in this Dupli Building 2 Agency Lease for any cause whatsoever, including, without limiting the generality of the foregoing, failure to complete the reconstruction, renovation and equipping of the Project Facility, any defect in the title, design, operation, merchantability, fitness, or condition of the Project Facility, or any part thereof, or in the suitability of the Project Facility, or any part thereof, for the Company's purposes or needs, or failure of consideration for, destruction of or damage to, or Condemnation of title to, or the use of all or any part of the Project Facility, any change in the tax or other laws of the United States of America or of the State of New York, or any political subdivision thereof, or any failure of the Agency to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or in connection with this Dupli Building 2 Agency Lease or the Company Lease.

(b) Nothing contained in this Section 5.4 shall be construed to release the Agency from the performance of any of the agreements on its part contained in this Dupli Building 2 Agency Lease or the Company Lease, and in the event the Agency should fail to perform any

such agreement, the Company may institute such action against the Agency as the Company may deem necessary to compel performance (subject to the provisions of Section 11.11).

  - (2) All utility and other charges, including “service charges,” incurred or imposed for the operation, maintenance, use, occupancy, upkeep, and improvement of the Project Facility, the non-payment of which would create, or entitle the obligee to impose, a Lien on the Project Facility;
  - (3) All assessments and charges of any kind whatsoever lawfully made by any Governmental Authority for public improvements; and
  - (4) Any and all payments of taxes, if applicable, or all payments in lieu of taxes, if any, required to be made to the Agency under the terms of the PILOT Agreement or any other agreement with respect thereto.
- (b) Subject to the terms of the PILOT Agreement, 156 Solar may in good faith actively contest any such taxes, assessments, and other charges, provided that (1) 156 Solar shall have first notified the Agency of such contest; (2) no Event of Default under this Dupli Building 2 Agency Lease or any of the other Company Documents shall have occurred and be continuing; and (3) 156 Solar shall have set aside adequate reserves for any such taxes, assessments and other charges. If 156 Solar demonstrates to the reasonable satisfaction of the Agency and certifies to

the Agency by delivery of a written certificate, that the non-payment of any such items will not endanger any part of the Project Facility or subject the Project Facility, or any part thereof, to loss or forfeiture, 156 Solar may permit the taxes, assessments, and other charges so contested to remain unpaid during the period of such contest and any appeal therefrom. Otherwise, such taxes, assessments, or charges shall be paid promptly by 156 Solar or secured by 156 Solar's posting a bond in form and substance satisfactory to the Agency.

### **6.3 INSURANCE REQUIRED.**

### **6.4 ADDITIONAL PROVISIONS RESPECTING INSURANCE.**

All insurance required by Section 6.3 shall be with insurance companies of recognized financial standing selected by 156 Solar and licensed to write such insurance in the State of New York. Such insurance may be written with deductible amounts comparable to those on similar policies carried by other Persons engaged in businesses similar in size, character, and other respects to those in which 156 Solar are engaged. All policies evidencing such insurance except the Workers' Compensation policy shall name 156 Solar as insured and the Agency as an additional insured, as its interests may appear, and shall provide that such coverage with respect to the Agency be primary and non-contributory with any insurance secured by the Agency and

require at least thirty (30) days' prior written notice to the Agency of cancellation, reduction in policy limits, or material change in coverage thereof.

Prior to the Closing Date, 156 Solar shall deliver to the Agency, satisfactory to the Agency in form and substance: (i) certificates evidencing all insurance required hereby; (ii) the additional insured endorsement(s) applicable to the Agency; (iii) the final insurance binder addressed to 156 Solar covering the Project Facility; and (iv) evidence that the insurance so required is on a primary and non-contributory basis. 156 Solar shall deliver or cause to be delivered to the Agency on or before the first business day of each January thereafter each of the items set forth in the immediately preceding paragraph, dated not earlier than the immediately preceding month, reciting that there is in full force and effect, with a term covering at least the next succeeding calendar year, insurance in the amounts and of the types required by Sections 6.3 and 6.4. 156 Solar shall furnish to the Agency evidence that the policy has been renewed or replaced or is no longer required by this Dupli Building 2 Agency Lease each year throughout the Term of this Dupli Building 2 Agency Lease.

All premiums with respect to the insurance required by Section 6.3 shall be paid by 156 Solar, provided, however, that, if the premiums are not timely paid, the Agency may pay such premiums and 156 Solar shall pay immediately upon demand all sums so expended by the Agency, together with interest at a rate of ten percent (10%) per annum or the highest rate permitted by law, whichever is less.

#### **6.5 APPLICATION OF NET PROCEEDS OF INSURANCE.**

The Net Proceeds of the insurance carried pursuant to the provisions of Section 6.3 shall be applied as follows:

(a) The Net Proceeds of the insurance required by subsection 6.3(a) shall be paid and applied as provided in Section 7.1 hereof; and

(b) The Net Proceeds of the insurance required by subsections 6.3(b) and 6.3(c) shall be applied toward extinguishment or satisfaction of the liability with respect to which such insurance proceeds may be paid.

The Company and the Agency have entered into a PILOT Agreement with respect to payments in lieu of real estate taxes for the Project Facility. 156 Solar and Dupli each agree that the obligations hereunder and under the PILOT Agreement with respect to the payment of taxes, or payments in lieu thereof, are joint and several.

**ARTICLE VII  
DAMAGE, DESTRUCTION, AND CONDEMNATION**

**7.1 DAMAGE OR DESTRUCTION.**

(a) If the Mortgage shall be in effect or the Mortgagee shall have any interest in the Project Facility arising under or related to the Mortgage, whether by foreclosure or otherwise and the Project Facility shall be damaged or destroyed, in whole or in part, then insurance proceeds shall be paid in accordance with the relevant provisions of the Mortgage regarding the distribution of such insurance proceeds, provided that there shall be no abatement or reduction in amounts payable to the Agency hereunder. If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and the Project Facility shall be damaged or destroyed, in whole or in part:

(1) There shall be no abatement or reduction in the amounts payable by the Company under this Dupli Building 2 Agency Lease or otherwise (whether or not the Project Facility is replaced, repaired, rebuilt, or restored); and

(2) The Company shall promptly give notice thereof to the Agency; and

(3) Except as otherwise provided in subsections 7.1(b) and 7.1(c) hereof, upon receipt of the insurance proceeds, 156 Solar shall promptly replace, repair, rebuild, or restore the Project Facility to substantially the same condition as existed prior to such damage or destruction, with such changes, alterations, and modifications as may be desired by 156 Solar and consented to in writing by the Agency, provided that such changes, alterations, or modifications do not change the nature of the Project Facility, such that it does not constitute a “project” (as such quoted term is defined in the Act); and in the event such Net Proceeds are not sufficient to pay in full the costs of such replacement, repair, rebuilding, or restoration, 156 Solar shall nonetheless complete such work and shall pay from its own moneys that portion of the costs thereof in excess of such Net Proceeds.

(b) If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility, then notwithstanding anything to the contrary contained in subsection 7.1(a), 156 Solar shall not be obligated to replace, repair, rebuild, or restore the Project Facility, and the Net Proceeds of any insurance settlement shall not be applied as provided in subsection 7.1(a) if 156 Solar shall notify the Agency that, in 156 Solar’s sole judgment, 156 Solar does not deem it practical or desirable to replace, repair, rebuild, or restore the Project Facility. In such event, the lesser of (1) the total amount of the Net Proceeds collected under any and all policies of insurance covering the damage to or destruction of the Project Facility, or (2) any other sums due and payable to the Agency pursuant to this Dupli Building 2 Agency Lease and the other Agency and Company Documents, shall be applied to the repayment of all amounts due to the Agency under this Dupli Building 2 Agency Lease, the Company Lease, the PILOT Agreement and other Agency Documents. If the Net Proceeds collected under any and all policies of insurance are less than the amount necessary to repay any and all amounts payable to the Agency, the Company shall pay the difference between such amounts and the Net Proceeds of all such insurance settlements so that any and all amounts then due and payable under this Dupli Building 2 Agency Lease, the Company Lease, the PILOT Agreement and the other Agency Documents to

the Agency shall be paid in full. If all amounts due under this Dupli Building 2 Agency Lease, the Company Lease, the Mortgage, the PILOT Agreement and the other Agency Documents are paid in full, all such Net Proceeds, or the balance thereof, shall be paid to the Company for its purposes.

(c) 156 Solar and the Mortgagee may adjust all claims under any policies of insurance required by subsections 6.3(a) and 6.3(c) hereof with the prior written consent of the Agency, which consent shall not be unreasonably withheld.

## **7.2 CONDEMNATION.**

(a) If the Mortgage shall be in effect or the Mortgagee shall have any interest in the Project Facility arising under or related to the Mortgage, whether by foreclosure or otherwise and title to, or the use of, all, substantially all or less than substantially all of the Project Facility shall be taken by Condemnation, then Condemnation proceeds shall be paid in accordance with the relevant provisions of the Mortgage regarding the distribution of such Condemnation proceeds, provided that there shall be no abatement or reduction in amounts payable to the Agency hereunder. If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and if title to, or the use of, less than substantially all of the Project Facility shall be taken by Condemnation:

(1) There shall be no abatement or reduction in the amounts payable by 156 Solar under this Dupli Building 2 Agency Lease or otherwise (whether or not the Project Facility is restored); and

(2) The Company shall promptly give notice thereof to the Agency; and

(3) Except as otherwise provided in subsections 7.2(b) and 7.2(c) hereof, upon receipt of the Condemnation proceeds, 156 Solar shall promptly restore the Project Facility (excluding any part of the Project Facility taken by Condemnation) to substantially the condition and value as an operating entity as existed prior to such Condemnation; and 156 Solar shall nonetheless complete such restoration and shall pay from its own moneys that portion of the costs thereof in excess of such Net Proceeds.

(b) If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and if title to, or the use of, less than substantially all of the Project Facility shall be taken by Condemnation, then notwithstanding anything to the contrary contained in subsection 7.2(a), 156 Solar shall not be obligated to restore the Project Facility, and the Net Proceeds of any Condemnation award shall not be applied as provided in subsection 7.2(a) if the Company shall notify the Agency that, in 156 Solar's sole judgment, 156 Solar does not deem it practical or desirable to restore the Project Facility. In such event, the lesser of (1) the Net Proceeds of any Condemnation award, or (2) the amount necessary to pay the Agency pursuant to this Dupli Building 2 Agency Lease, the Company Lease, the PILOT Agreement and the other Agency Documents, shall be applied to payment of all amounts then due and payable to the Agency under this Dupli Building 2 Agency Lease, the Company Lease, the PILOT Agreement and other Agency Documents. If the Net Proceeds of any Condemnation award are less than the amount necessary to pay any and all amounts then due and payable to the Agency, the Company shall pay the difference between such amounts and the Net Proceeds of such Condemnation award so that any

and all amounts then due and payable under this Dupli Building 2 Agency Lease, the Company Lease, the PILOT Agreement and other Agency Documents to the Agency shall be paid in full. If all amounts due under this Dupli Building 2 Agency Lease, the Company Lease, the PILOT Agreement, the Mortgage and the other Agency Documents have been paid in full, all such Net Proceeds or the balance thereof shall be paid to 156 Solar for its purposes.

(c) 156 Solar and the Mortgagee with the prior written consent of the Agency (which consent shall not be unreasonably withheld), shall have sole control of any Condemnation proceeding with respect to the Project Facility, or any part thereof, and may negotiate the settlement of any such proceeding.

### **7.3 ADDITIONS TO PROJECT FACILITY.**

All replacements, repairs, rebuilding, or restoration made pursuant to Sections 7.1 or 7.2 hereof, whether or not requiring the expenditure of the Company's own moneys, shall automatically become part of the Project Facility as if the same were specifically described herein.

## **ARTICLE VIII SPECIAL COVENANTS**

(b) Notwithstanding the provisions of subsection 8.7(a), the Company may, in good faith, actively contest the validity or the applicability of any requirement of the nature referred to in said subsection 8.7(a), provided that the Company shall have first notified the Agency of such contest, no Event of Default shall be continuing under this Dupli Building 2 Agency Lease, or any of the other Company Documents; and such contest and failure to comply with such requirement shall not subject the Project Facility to loss or forfeiture. In such event, the Company may fail to comply with the requirement or requirements so contested during the period of such contest and any appeal therefrom unless the Agency or its members, officers, agents, or employees may be liable for prosecution for failure to comply therewith, in which event the Company shall promptly take such action with respect thereto as shall be satisfactory to the Agency.

## **8.8 DISCHARGE OF LIENS AND ENCUMBRANCES.**

During the Term of this Dupli Building 2 Agency Lease, the Company hereby covenants that, except for Permitted Encumbrances, the Company agrees not to create, or suffer to be created, any Lien on the Project Facility, or any part thereof without the prior written consent of the Agency. ## **8.9 PERFORMANCE BY AGENCY OF COMPANY'S OBLIGATIONS.**

Should the Company fail to make any payment or to do any act as herein provided, the Agency may, but need not, upon ten (10) days' prior written notice to or demand on the Company and without releasing the Company from any obligation herein, make or do the same, including, without limitation, appearing in and defending any action purporting to affect the rights or powers of the Company, or the Agency and paying all expenses, including, without limitation, reasonable attorneys' fees; and the Company shall pay immediately upon demand all sums so

expended by the Agency under the authority hereof, together with the interest thereon at a rate of ten percent (10%) per annum or the highest rate permitted by law, whichever is greater.

#### **8.10 DEPRECIATION DEDUCTIONS AND TAX CREDITS.**

The parties agree that as between them, 156 Solar shall be entitled to all depreciation deductions and accelerated cost recovery system deductions with respect to any portion of the Project Facility pursuant to Sections 167 and 168 of the Code and to any investment credit pursuant to Section 38 of the Code with respect to any portion of the Project Facility which constitutes "Section 38 Property" and to all other State and/or federal income tax deductions and credits which may be available with respect to the Project Facility.

#### **8.11 EMPLOYMENT OPPORTUNITIES.**

The Company shall insure that all employees and applicants for employment with regard to the Project are afforded equal employment opportunities without discrimination.

#### **8.12 SALES AND USE TAX EXEMPTION.**

(a) Pursuant to Section 874 of the Act, the parties understand that the Agency is exempt from certain State and local sales use taxes imposed by the State and local governments in the State, and that the Project may be exempted from those taxes due to the involvement of the Agency in the Project. The Agency makes no representations or warranties that any property is exempt from the payment of State or local sales or use taxes. Any exemption from the payment of State or local sales or use taxes resulting from the involvement of the Agency with the Project shall be subject to Section 875 of the Act and shall be limited to purchases of services and tangible personal property conveyed to the Agency or utilized by the Agency or by the Company as agent of the Agency as a part of the Project prior to the Completion Date, or incorporated within the Project Facility prior to the Completion Date. No operating expenses of the Project Facility, and no other purchases of services or property shall be subject to an exemption from the payment of State sales or use tax. It is the intention of the parties hereto that 156 Solar will receive a State and local sales and use tax exemption with respect to the Project, said sales tax exemption to be evidenced by a letter to be issued by the Agency on the date of the execution of this Dupli Building 2 Agency Lease. 156 Solar acknowledges that as an agent of the Agency, it must complete and provide to each vendor Form ST-123 for purchases. The failure to furnish a completed Form ST-123 (IDA Agent or Project Operator Exempt Purchase Certificate) with each purchase will result in loss of the exemption for that purchase.

(b) 156 Solar may use and appoint a Project operator, contractors, agents, subagents, subcontractors, contractors and subcontractors of such agents and subagents (collectively, "***Additional Agents***") in furtherance of the completion of the Project. However, for each Additional Agent, 156 Solar must first: (i) cause the each such appointed Additional Agent to execute and deliver a sub-agent agreement, in the form attached hereto at **Exhibit "G"**, and provide a fully executed copy to the Agency; and (ii) submit a completed Form ST-60 to the Agency for execution and filing with the New York State Department of Taxation and Finance.

(c) 156 Solar acknowledges and agrees that an Additional Agent must be appointed as an agent of the Agency in order to avail itself of the Agency's sales and use tax exemption for purchases or rentals of equipment, tools and supplies with respect to the Project Facility.

(d) Pursuant to Section 874(8) of the Act, the Company agrees to annually file and cause each Additional Agent or other operator of the Project Facility to file annually, with the New York State Department of Taxation and Finance, and provide the Agency with a copy of same, on a form and in such manner as is prescribed by the New York State Commissioner of Taxation and Finance (the "**Annual Sales Tax Report**"), a statement of the value of all sales and use tax exemptions claimed by 156 Solar and all other Additional Agents under the authority granted to 156 Solar pursuant to Section 4.1(b) of this Dupli Building 2 Agency Lease. Pursuant to Section 874(8) of the Act, the penalty for failure to file the Annual Sales Tax Report shall be removal of authority to act as agent of the Agency. Therefore, if the Company shall fail to comply with the requirements of this subsection (d), irrespective of any notice and cure period afforded, 156 Solar and each Additional Agent shall immediately cease to be the agent of the Agency in connection with the Project. 156 Solar is responsible for obtaining from the New York State Department of Taxation and Finance the current version of such Annual Sales Tax Report.

(e) The Company agrees to furnish to the Agency a copy of each such Annual Sales Tax Report submitted to the New York State Department of Taxation and Finance by the Company pursuant to Section 874(8) of the Act for itself and any Additional Agent.

(f) Pursuant to Section 874(9) of the Act, the Agency agrees to file within thirty (30) days of the Closing Date with the New York State Department of Taxation and Finance, on a form and in such manner as is prescribed by the New York State Commissioner of Taxation and Finance (the "**Thirty-Day Sales Tax Report**"), a statement identifying 156 Solar, or 30 days from the appointment of any Additional Agent appointed in accordance with the terms herein, as agent of the Agency, setting forth the taxpayer identification number of 156 Solar, giving a brief description of the goods and/or services intended to be exempted from sales taxes as a result of such appointment as agent, indicating the estimated value of the goods and/or services to which such appointment as agent relates, indicating the date when such designation as agent became effective and indicating the date upon which such designation as agent shall cease.

(g) Pursuant to Section 875(3) of the Act, and in conjunction with Agency policy, the Agency shall and in some circumstances may, recover, recapture, receive or otherwise obtain from the Company the portion of the Financial Assistance consisting of State and local sales and use tax exemption (the "**Sales Tax Recapture Amount**") in accordance with the Agency's Recapture Policy, a copy of which is attached hereto at **Exhibit "H"**, this Dupli 1 Agency Lease and the Project Agreement.

### **8.13. IDENTIFICATION OF THE EQUIPMENT.**

### **9.3 MERGER OF AGENCY.**

(b) Promptly following the effective date of any such consolidation, merger, or assignment, the Agency shall give notice thereof in reasonable detail to the Company. The Agency

No delay or omission to exercise any right or power accruing upon any Default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Agency to exercise any remedy reserved to it in this Article 10, it shall not be necessary to give any notice, other than such notice as may be herein expressly required in this Dupli Building 2 Agency Lease.

The Sub-Agent is only an agent of the Agency for the aforementioned purposes. The Sub-Agent hereby agrees to limit its activities as agent for the Agency under the authority of this Agreement to acts reasonably related to the completion of the Project Facility.

2. The Sub-Agent covenants, agrees and acknowledges:

a. to make all records and information regarding State and local sales and use tax exemption benefits claimed by it in connection with the Project available to the Company and the Agency upon request. The Sub-Agent agrees to comply with all procedures and policies established by the State Department of Taxation and Finance, or any similar entity, regarding the documenting or reporting of any State and local sales and use tax exemption benefits, including providing to the Company all information of the Sub-Agent necessary for the Company to complete the State Department of Taxation and Finance’s “Annual Report of Sales and Use Tax Exemptions” (Form ST-340).

b. to be bound by and comply with the terms and conditions of the Agency’s policies, the Resolution and Section 875(3) of the Act (as if such section were fully set forth herein). Without limiting the scope of the foregoing, the Sub-Agent acknowledges and agrees to be bound by the Agency’s Suspension, Discontinuation and Recapture of Benefits Policy (the “*Recapture Policy*”), a copy of which is attached hereto as **Schedule “A”**.

c. that the failure of the Sub-Agent to promptly pay any Sales Tax Recapture Amount in accordance with the Recapture Policy, the Agency Lease and/or the Resolution to the Agency will be grounds for the Agency, the State Commissioner of Taxation and Finance or such other entity, to collect sales and use taxes from the Sub-Agent under Article 28 of the Tax Law, or other applicable law, policy or contract, together with interest and penalties. In addition to the foregoing, the Sub-Agent acknowledges and agrees that for purposes of exemption from State sales and use taxation, “sales and use taxation” shall mean sales and compensating use taxes and fees imposed by article twenty-eight or twenty-eight-A of the Tax Law but excluding such taxes

imposed in a city by section eleven hundred seven or eleven hundred eight of such article twenty-eight.

d. that all purchases made by the Sub-Agent in connection with the Project shall be made using Form ST-123 (IDA Agent or Project Operator Exempt Purchase Certificate), a copy of which is attached hereto as **Exhibit “A”**). It shall be the responsibility of the Sub-Agent (and not the Company or the Agency) to complete Form ST-123. The failure to furnish a completed Form ST-123 with each purchase will result in loss of the exemption for that purchase.

e. that it shall identify the Project on each bill and invoice for such purchases and further indicate on such bills or invoices that the Sub-Agent is making purchases of tangible personal property or services for use in the Project as agent of the Agency. For purposes of indicating who the purchaser is, the Sub-Agent acknowledges and agrees that the bill of invoice should state, “I, [NAME OF SUB-AGENT], certify that I am a duly appointed agent of the City of Syracuse Industrial Development Agency and that I am purchasing the tangible personal property or services for use in the following Agency project and that such purchases qualify as exempt from sales and use taxes under my Sub-Agent Appointment Agreement.” The Sub-Agent further acknowledges and agrees that the following information shall be used by the Sub-Agent to identify the Project on each bill and invoice: DUPLI ASSOCIATES, LLC PROJECT – BUILDING 2, 156 Solar Street, IDA Project No.: 31022006.

f. that for purposes of any exemption from the State sales and use taxation as part of any Financial Assistance requested, “sales and use taxation” shall mean sales and compensating use taxes and fees imposed by article twenty-eight or twenty-eight A of the State tax law but excluding such taxes imposed in a city by section eleven hundred seven or eleven hundred eight of such article twenty-eight.

g. that the Sub-Agent shall indemnify and hold the Agency harmless from all losses, expenses, claims, damages and liabilities arising out of or based on labor, services, materials and supplies, including equipment, ordered or used in connection with the Project Facility (including any expenses incurred by the Agency in defending any claims, suits or actions which may arise as a result of any of the foregoing), for such claims or liabilities that arise as a result of the Sub-Agent acting as agent for the Agency pursuant to this Agreement or otherwise.

The Sub-Agent shall indemnify and hold the Agency, its members, officers, employees and agents and anyone for whose acts or omissions the Agency or any one of them may be liable, harmless from all claims and liabilities for loss or damage to property or any injury to or death of any person that may be occasioned subsequent to the date hereof by any cause whatsoever in relation only to Sub-Agent’s work on or for the Project Facility, including any expenses incurred by the Agency in defending any claims, suits or actions which may arise as a result of the foregoing.

The foregoing defenses and indemnities shall survive expiration or termination of this Agreement and shall apply whether or not the claim, liability, cause of action or expense is caused or alleged to be caused, in whole or in part, by the activities, acts, fault or negligence of the Agency, its members, officers, employees and agents, anyone under the direction and control of any of

them, or anyone for whose acts or omissions the Agency or any of them may be liable, and whether or not based upon the breach of a statutory duty or obligation or any theory or rule of comparative or apportioned liability, subject only to any specific prohibition relating to the scope of indemnities imposed by statutory law.

h. that as agent for the Agency or otherwise, the Sub-Agent will comply at the Sub-Agent's sole cost and expense with all the requirements of all federal, state and local laws, rules and regulations of whatever kind and howsoever denominated applicable to the Sub-Agent with respect to the Project Facility.

i. that Section 875(7) of the Act requires the Agency to post on its website all resolutions and agreements relating to the Sub-Agent's appointment as an agent of the Agency or otherwise related to the Project, including this Agreement, and that Public Officers Law Article 6 declares that all records in the possession of the Agency (with certain limited exceptions) are open to public inspection and copying. If the Sub-Agent feels that there is information about the Sub-Agent in the Agency's possession which are in the nature of trade secrets or information, the nature of which is such that if disclosed to the public or otherwise widely disseminated would cause substantial injury to the Sub-Agent's competitive position, the Sub-Agent must identify such elements in writing, supply same to the Agency prior to or contemporaneously with the execution hereof and request that such elements be kept confidential in accordance with Public Officers Law Article 6. Failure to do so will result in the posting by the Agency of all information in accordance with Section 875 of the Act.

j. The Sub-Agent agrees Local contractors and suppliers will be used for the construction and equipping of the Project unless a waiver is first received from the Agency in writing. Such waiver shall be in the Agency's sole discretion. The Sub-Agent agrees that such Local contractors shall be provided the opportunity to bid on contracts related to the Project. Local shall mean, for the purposes of this Agreement, Onondaga, Oswego, Madison, Cayuga, Cortland and Oneida Counties. Failure to comply with the local labor requirements of this Section (j) (collectively, the "**Local Labor Requirements**") may result in the revocation or recapture of benefits provided/approved to the Project by the Agency.

k. that the Sub-Agent must timely provide the Company with the necessary information to permit the Company, pursuant to General Municipal Law §874(8), to timely file an Annual Statement with the New York State Department of Taxation and Finance on "Annual Report of Sales and Use Tax Exemptions" (Form ST-340) regarding the value of sales and use tax exemptions the Additional Agent claimed pursuant to the agency conferred on it by the Company with respect to this Project on an annual basis.

l. that the failure to comply with the foregoing will result in the loss of the exemption.

m. that if the Sub-Agent is the general contractor for the Project, then at all times following the execution of this Agreement, and during the term thereof, the Sub-Agent shall maintain or cause to be maintained the following insurance policies with an insurance company licensed in the State that has an A.M. Best rating of not less than A-:

(a) Insurance against loss or damage by fire, lightning, and other casualties customarily insured against (with a uniform standard extended coverage endorsement), such insurance to be in an amount not less than the full replacement value of the completed Project Facility, exclusive of footings and foundations, as determined by a recognized appraiser or insurer selected by the general contractor.

(b) Workers' compensation insurance, disability benefits' insurance, and each other form of insurance which the general contractor is required by law to provide covering loss resulting from injury, sickness, disability, or death of employees of the general contractor who are located at or assigned to the Project Facility;

(c) A policy of commercial general liability insurance with a limit of liability of not less than \$1,000,000 per occurrence on an "occurrence" basis and \$2,000,000 in the aggregate for bodily injury, including death, and property damage, including but not limited to, contractual liability under the Agency Lease and personal injury, with blanket excess liability coverage in an amount not less than \$2,000,000, covering the Project Facility and Equipment and the Company's and the Agency's use or occupancy thereof against all claims on account of bodily injury or death and property damage occurring upon, in or about the Project Facility or in connection with the ownership, maintenance, use and/or occupancy of the Project Facility and all appurtenant areas.

In addition, all insurance required by this section shall be with insurance companies of recognized financial standing selected by the general contractor and licensed to write such insurance in the State of New York. Such insurance may be written with deductible amounts comparable to those on similar policies carried by other Persons engaged in businesses similar in size, character, and other respects to those in which the general contractor is engaged. All policies evidencing such insurance except the Workers' Compensation policy shall name the general contractor as insured and the Agency as an additional insured, as its interests may appear, and shall provide that such coverage with respect to the Agency be primary and non-contributory with any insurance secured by the Agency and require at least thirty (30) days' prior written notice to the Agency of cancellation, reduction in policy limits, or material change in coverage thereof.

Prior to the effective date of this Agreement, the general contractor shall deliver to the Agency, satisfactory to the Agency in form and substance: (i) Certificates evidencing all insurance required hereby; (ii) the additional insured endorsement(s) applicable to the Agency; (iii) the final insurance binder addressed to the general contractor covering the Project Facility; and (iv) evidence that the insurance so required is on a primary and non-contributory basis. In addition, the general contractor shall provide, if so requested by the Agency, a final and complete copy of each insurance policy within thirty (30) days of the execution of this Agreement.

The general contractor shall deliver or cause to be delivered to the Agency on or before the first business day of each January thereafter each of the items set forth in the immediately preceding paragraphs, dated not earlier than the immediately preceding month, reciting that there is in full force and effect, with a term covering at least the next succeeding calendar year, insurance in the amounts and of the types required hereby for so long as the general contractor is performing, supervising or causing work to be done on or at the Project Facility. The

general contractor shall furnish to the Agency evidence that the policy has been renewed or replaced or is no longer required by this Agreement in each such year.

n. that every controversy, dispute or claim arising out of or relating to this Agreement shall be governed by the laws of the State of New York, without regard to its conflicts-of-laws provisions that if applied might require the application of the laws of another jurisdiction; and that the Sub-Agent irrevocably and expressly submits to the exclusive personal jurisdiction of the Supreme Court of the State of New York and the United States District Court for the Northern District of New York, to the exclusion of all other courts, for the purposes of litigating every controversy, dispute or claim arising out of or relating to this Agreement.

3. Failure of the Sub-Agent to comply with any of the provisions of this Agreement shall result in the immediate nullification of the appointment of the Sub-Agent and the immediate termination of this Agreement and may result in the loss of the Company's State and local sales and use tax exemption with respect to the Project at the sole discretion of the Agency. In addition, such failure may result in the recapture of the State and local sales and use taxes avoided.

4. The Company acknowledges that the assumption of certain obligations by the Sub-Agent in accordance with this Agreement does not relieve the Company of its obligations under any provisions of the Agency Lease or of any other agreement entered into by the Company in connection with the Project.

5. The Company and the Sub-Agent agree that the Agency is a third-party beneficiary of this Agreement.

6. This Agreement shall be in effect until the earlier of: (i) the completion of the work on the Project by the Sub-Agent; or (ii) the Sub-Agent's loss of status as an agent of the Agency as set forth herein. Notwithstanding the foregoing, the provisions of Sections 2(b), 2(c), 2(f), 2(g), 2(j), and 2(l) shall survive the termination of this Agreement.

**IN WITNESS WHEREOF**, the Company and the Sub-Agent have caused this Agreement to be executed in their respective names by their respective duty authorized officers, all as of the day and year first above written.

## Instructions

### To the purchaser

You may use Form ST-123 if you:

- have been appointed as an agent or project operator by an industrial development agency (IDA) and
- the purchases qualify for exemption from sales and use tax as described in the IDA contract.

You may use Form ST-123 as a single-purchase certificate or as a blanket certificate covering the first and subsequent purchases qualifying for the project listed.

**Agent or project operator sales tax ID number** If you are registered with the Tax Department for sales tax purposes, you must enter your sales tax identification number on this certificate. If you are not required to be registered, enter *N/A*.

**Industrial development agencies and authorities (IDAs)** are public benefit corporations under General Municipal Law Article 18-A and the Public Authorities Law, for the purpose of promoting, developing, encouraging, and assisting in the acquisition, construction, reconstruction, improvement, maintenance, equipping, and furnishing of industrial, manufacturing, warehousing, commercial, research, and recreational facilities in New York State.

IDAs are exempt from the payment of sales and use tax on their purchases, in accordance with Tax Law section 1118(a)(1). However, IDAs do not normally make direct purchases for projects. Commonly, IDAs instead appoint a business enterprise or developer, contractor, or subcontractor as its agent or project operator. Such purchases made by the agent or project operator, acting within the authority granted by the IDA, are deemed to be made by the IDA and therefore exempt from tax.

*Example 1: IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment necessary for completion of the project, as agent for the IDA. Contractor X rents a backhoe and a bulldozer for site preparation, purchases concrete and lumber to construct a building, and purchases machinery to be installed in the building. All these purchases by contractor X as agent of the IDA are exempt from tax.*

*Example 2: IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment to be incorporated into the project, as agent for the IDA. Contractor X makes the same purchases as in Example 1. Since the concrete, lumber, and machinery will actually be incorporated into the project, contractor X may purchase these items exempt from tax. However, rental of the backhoe and bulldozer is not exempt since these transactions are normally taxable and the IDA agreement does not authorize contractor X to make such rentals as agent of the IDA.*

A contractor or subcontractor not appointed as agent or project operator of an IDA must present suppliers with Form ST-120.1, *Contractor Exempt Purchase Certificate*, when making purchases that are ordinarily exempt from tax in accordance with Tax Law sections 1115(a)(15) and 1115(a)(16). For more information, see Form ST-120.1.

### Exempt purchases

To qualify, the purchases must be made within the authority granted by the IDA and used to complete the project (not to operate the completed project).

- Mark box A to indicate you are purchasing tangible personal property and services (other than utility services and motor vehicles or tangible personal property installed in a qualifying motor vehicle) exempt from tax.
- Mark box B to indicate you are purchasing certain consumer utility services used in completing the project exempt from tax. This includes gas, electricity, refrigeration, and steam; and gas, electric, refrigeration, and steam services.
- Mark box C to indicate you are purchasing a motor vehicle or tangible personal property related to a qualifying motor vehicle exempt from tax.

### Misuse of this certificate

Misuse of this exemption certificate may subject you to serious civil and criminal sanctions in addition to the payment of any tax and interest due. These include:

- A penalty equal to 100% of the tax due;
- A \$50 penalty for each fraudulent exemption certificate issued;
- Criminal felony prosecution, punishable by a substantial fine and a possible jail sentence; and
- Revocation of your *Certificate of Authority*, if you are required to be registered as a vendor. See TSB-M-09(17)S, *Amendments that Encourage Compliance with the Tax Law and Enhance the Tax Department's Enforcement Ability*, for more information.

### To the seller

When making purchases as agent or project operator of an IDA, the purchaser must provide you with this exemption certificate with all entries completed to establish the right to the exemption. You must identify the project on each bill and invoice for such purchases and indicate on the bill or invoice that the IDA or agent or project operator of the IDA was the purchaser.

As a New York State registered vendor, you may accept an exemption certificate in lieu of collecting tax and be protected from liability for the tax if the certificate is valid. The certificate will be considered valid if it is:

- accepted in good faith;
- in your possession within 90 days of the transaction; and
- properly completed (all required entries were made).

An exemption certificate is accepted in good faith when you have no knowledge that the exemption certificate is false or is fraudulently given, and you exercise reasonable ordinary due care. If you do not receive a properly completed certificate within 90 days after the delivery of the property or service, you will share with the purchaser the burden of proving the sale was exempt.

You must also maintain a method of associating an invoice (or other source document) for an exempt sale with the exemption certificate you have on file from the purchaser. You must keep this certificate at least three years after the due date of your sales tax return to which it relates, or the date the return was filed, if later.

**RECAPTURE POLICY**

**RECAPTURE POLICY**

**I. STATEMENT OF PURPOSE**

The City of Syracuse Industrial Development Agency (the “*Agency*”) has adopted this Recapture Policy (the “*Recapture Policy*”) in accordance with Sections 874(10) and 874(11) of the New York State General Municipal Law. This Recapture Policy shall be consistent with and in compliance with the provisions of Chapter 1030 of Laws of 1969 of New York, constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended (the “*Enabling Act*”) and Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (said Chapter and the Enabling Act being hereinafter collectively referred to as the “*Act*”), and any other applicable law.

**II. MANDATORY RECAPTURE OF THE NEW YORK STATE PORTION OF SALES AND USE TAX**

The Agency shall recapture from project applicants New York State sales and use tax benefits, in accordance with the provisions of the General Municipal Law, from projects that utilized State sales and use tax exemptions:

- a) To which the project was not entitled;
- b) In excess of the amounts authorized by the Agency;
- c) For property or services not authorized by the Agency; and/or
- d) For a project that has failed to comply with a material term or condition to use the property or services in the manner required by any of the project documents between the company and the Agency.

The approving resolution(s) and project documents granting financial assistance in the form of State sales and use tax exemption benefits shall include the terms and conditions of the foregoing recapture provision. Within thirty (30) days of the recapture, the recapture amount shall be remitted to the New York State Department of Taxation and Finance. Such remittances shall include interest, at the legal rate, imposed by the Agency. The failure to pay over such amounts to the Agency shall be grounds for the New York State Tax Commissioner to assess and determine

State sales and use taxes due from the company under article twenty-eight of the New York State Tax Law, together with any relevant penalties and interest due on such amounts.

In order to determine if one of the foregoing events have occurred (a “*State Mandated Recapture Event*”) and to effectuate this recapture of New York State sales and use tax benefits the Agency shall:

- a) Keep records of the New York State and local sales tax exemptions provided to each project, with such records available to the New York State Tax Commissioner upon request.
- b) Report within thirty days of providing any financial assistance in the form of a sales and use tax exemption, the project, the estimated amount of the exemption and other information as may be required by the New York State Tax Commissioner (Form ST-60).
- c) The Agency shall file an annual report with the New York State Tax Commissioner detailing its terms and conditions and its activities in recapturing any unauthorized New York State sales and use tax exemptions.

### **III. SUSPENSION, DISCONTINUATION, RECAPTURE AND TERMINATION OF OTHER FORMS OF FINANCIAL ASSISTANCE**

With respect to all other financial assistance provided to a project (other than the State portion of sales and use tax exemptions) the Agency shall have the right to suspend, discontinue, recapture or terminate financial assistance to any company for a project to the extent that:

- a) for projects that utilized local sales and use tax exemptions, the project was not entitled to such exemptions, such exemptions were in excess of the amounts authorized by the Agency, and/or such exemptions were for property or services not authorized by the Agency (each, a “*Local Sales Tax Benefit Violation*”);
- b) the company, upon completion of the project, fails to reach and maintain at least 85 percent of its employment requirements for job creation and/or retention (“*Job Deficit*”);
- c) the total investment actually made with respect to the project at the project’s completion date is less than 85 percent of its investment requirement (“*Investment Deficit*”);
- d) the company fails to provide annually to the Agency certain information to confirm that the project is achieving the investment, job retention, job creation, and other objectives of the Project (“*Reporting Failure*”); or

- e) there otherwise occurs any event of default under any project document (each, an “Event of Default”) or a material violation of the terms and conditions of any project document (a “*Material Violation*”).

#### IV. ANNUAL ASSESSMENT

The Agency shall evaluate, annually as of December 31, or at any time information is brought to the Agency’s attention, whether a State Mandated Recapture Event, a Local Sales Tax Benefit Violation, Job Deficit, Investment Deficit, Reporting Failure Event of Default or Material Violation (each a “*Noncompliance Event*”) has occurred. Notwithstanding the foregoing, the Agency may determine whether an Event of Default has occurred pursuant to any project document in accordance with the terms of the project document.

At the time of any Noncompliance Event (other than a State Mandated Recapture Event), the Agency shall determine by resolution whether to exercise its right to suspend, discontinue, recapture or terminate all or any portion of the financial assistance provided to a project, and shall consider the following in making its determination:

- a) Whether the company has proceeded in good faith.
- b) Whether the project has not performed as required due to economic issues, changes in market conditions or adverse events beyond the control of the company.
- c) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create a more adverse situation for the company, such as the company going out of business or declaring bankruptcy, which would not occur if the Agency’s rights were not exercised.
- d) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create an adverse situation for the residents of the City of Syracuse.
- e) The assessment prepared in accordance with the Agency’s Annual Assessment Policy.
- f) Such other criteria as the Agency shall determine is a relevant factor in connection with any decision regarding the exercise of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance.

The Agency shall document its evaluation of the above criteria in writing and based upon its evaluation, the Agency shall determine whether to suspend, discontinue, recapture or terminate all or any portion of the financial assistance (the “*Determination*”). The Determination shall provide terms, if any, by which a company may remedy any Noncompliance Event (other than a State Mandated Recapture Event) upon which the Determination was based. The company must

submit written documentation to the Agency of compliance with all terms and conditions of the Determination in order for the Agency to consider whether to resume financial assistance to the company (which will be at the Agency's sole discretion).

The project agreement entered into between the Agency and the company (the "*Project Agreement*") shall include the terms and conditions of the foregoing provisions. The Agency shall also include in the Project Agreement a requirement that the company comply with the Agency's right to suspend, discontinue, recapture or terminate the financial assistance and that the company shall repay all or a portion of the financial assistance granted by the Agency to the company pursuant to any Determination.

Any such amount constituting local tax exemptions shall be redistributed to the appropriate affected tax jurisdictions, unless agreed to otherwise by any local taxing jurisdiction.

#### **IV. RECAPTURE PERIOD**

Except as otherwise provided by the General Municipal Law, the recapture period will be the longer of: (1) the term of the Lease Agreement; or (2) five years following the project's completion date. A project will remain "active" for purposes of Section 874(12) of General Municipal Law and the Agency's Annual Assessment Policy during the term of the Project Agreement.

The Agency shall evaluate, annually as of December 31, or at any time information is brought to the Agency’s attention, whether a State Mandated Recapture Event, a Local Sales Tax Benefit Violation, Job Deficit, Investment Deficit, Reporting Failure Event of Default or Material Violation (each a “*Noncompliance Event*”) has occurred. Notwithstanding the foregoing, the Agency may determine whether an Event of Default has occurred pursuant to any project document in accordance with the terms of the project document.

At the time of any Noncompliance Event (other than a State Mandated Recapture Event), the Agency shall determine by resolution whether to exercise its right to suspend, discontinue, recapture or terminate all or any portion of the financial assistance provided to a project, and shall consider the following in making its determination:

- g) Whether the company has proceeded in good faith.
- h) Whether the project has not performed as required due to economic issues, changes in market conditions or adverse events beyond the control of the company.
- i) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create a more adverse situation for the company, such as the company going out of business or declaring bankruptcy, which would not occur if the Agency’s rights were not exercised.
- j) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create an adverse situation for the residents of the City of Syracuse.
- k) The assessment prepared in accordance with the Agency’s Annual Assessment Policy.
- l) Such other criteria as the Agency shall determine is a relevant factor in connection with any decision regarding the exercise of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance.

The Agency shall document its evaluation of the above criteria in writing and based upon its evaluation, the Agency shall determine whether to suspend, discontinue, recapture or terminate all or any portion of the financial assistance (the “*Determination*”). The Determination shall provide terms, if any, by which a company may remedy any Noncompliance Event (other than a State Mandated Recapture Event) upon which the Determination was based. The company must

submit written documentation to the Agency of compliance with all terms and conditions of the Determination in order for the Agency to consider whether to resume financial assistance to the company (which will be at the Agency's sole discretion).

The project agreement entered into between the Agency and the company (the "*Project Agreement*") shall include the terms and conditions of the foregoing provisions. The Agency shall also include in the Project Agreement a requirement that the company comply with the Agency's right to suspend, discontinue, recapture or terminate the financial assistance and that the company shall repay all or a portion of the financial assistance granted by the Agency to the company pursuant to any Determination.

Any such amount constituting local tax exemptions shall be redistributed to the appropriate affected tax jurisdictions, unless agreed to otherwise by any local taxing jurisdiction.

#### **IV. RECAPTURE PERIOD**

Except as otherwise provided by the General Municipal Law, the recapture period will be the longer of: (1) the term of the Lease Agreement; or (2) five years following the project's completion date. A project will remain "active" for purposes of Section 874(12) of General Municipal Law and the Agency's Annual Assessment Policy during the term of the Project Agreement.

(4) Any and all payments of taxes, if applicable, or all payments in lieu of taxes, if any, required to be made to the Agency under the terms of the PILOT Agreement or any other agreement with respect thereto.

If 600 Franklin demonstrates to the reasonable satisfaction of the Agency and certifies to the Agency by delivery of a written certificate, that the non-payment of any such items will not endanger any part of the Project Facility or subject the Project Facility, or any part thereof, to loss or forfeiture, 600 Franklin may permit the taxes, assessments, and other charges so contested to remain unpaid during the period of such contest and any appeal therefrom. Otherwise, such taxes, assessments, or charges shall be paid promptly by 600 Franklin or secured by 600 Franklin's posting a bond in form and substance satisfactory to the Agency.

#### **6.4 ADDITIONAL PROVISIONS RESPECTING INSURANCE.**

Such insurance may be written with deductible amounts comparable to those on similar policies carried by other Persons engaged in businesses similar in size, character, and other respects to those in which 600 Franklin are engaged. All policies evidencing such insurance except the Workers' Compensation policy shall name 600 Franklin as insured and the Agency as an additional insured, as its interests may appear, and shall provide that such coverage with respect to the Agency be primary and non-contributory with any insurance secured by the Agency and require at least thirty (30) days' prior written notice to the Agency of cancellation, reduction in policy limits, or material change in coverage thereof.

Prior to the Closing Date, 600 Franklin shall deliver to the Agency, satisfactory to the Agency in form and substance: (i) certificates evidencing all insurance required hereby; (ii) the additional insured endorsement(s) applicable to the Agency; (iii) the final insurance binder addressed to 600 Franklin covering the Project Facility; and (iv) evidence that the insurance so required is on a primary and non-contributory basis. All premiums with respect to the insurance required by Section 6.3 shall be paid by 600 Franklin, provided, however, that, if the premiums are not timely paid, the Agency may pay such premiums and 600 Franklin shall pay immediately upon demand all sums so expended by the Agency, together with interest at a rate of ten percent (10%) per annum or the highest rate permitted by law, whichever is less.

## **ARTICLE VII DAMAGE, DESTRUCTION, AND CONDEMNATION**

### **7.1 DAMAGE OR DESTRUCTION.**

(a) If the Mortgage shall be in effect or the Mortgagee shall have any interest in the Project Facility arising under or related to the Mortgage, whether by foreclosure or otherwise and the Project Facility shall be damaged or destroyed, in whole or in part, then insurance proceeds shall be paid in accordance with the relevant provisions of the Mortgage regarding the distribution of such insurance proceeds, provided that there shall be no abatement or reduction in amounts payable to the Agency hereunder. If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and the Project Facility shall be damaged or destroyed, in whole or in part:

(1) There shall be no abatement or reduction in the amounts payable by the Company under this Dupli Building 1 Agency Lease or otherwise (whether or not the Project Facility is replaced, repaired, rebuilt, or restored); and

(2) The Company shall promptly give notice thereof to the Agency; and

(3) Except as otherwise provided in subsections 7.1(b) and 7.1(c) hereof, upon receipt of the insurance proceeds, 600 Franklin shall promptly replace, repair, rebuild, or restore the Project Facility to substantially the same condition as existed prior to such damage or destruction, with such changes, alterations, and modifications as may be desired by 600 Franklin and consented to in writing by the Agency, provided that such changes, alterations, or modifications do not change the nature of the Project Facility, such that it does not constitute a “project” (as such quoted term is defined in the Act); and in the event such Net Proceeds are not sufficient to pay in full the costs of such replacement, repair, rebuilding, or restoration, 600 Franklin shall nonetheless complete such work and shall pay from its own moneys that portion of the costs thereof in excess of such Net Proceeds.

(b) If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility, then notwithstanding anything to the contrary contained in

subsection 7.1(a), 600 Franklin shall not be obligated to replace, repair, rebuild, or restore the Project Facility, and the Net Proceeds of any insurance settlement shall not be applied as provided in subsection 7.1(a) if 600 Franklin shall notify the Agency that, in 600 Franklin's sole judgment, 600 Franklin does not deem it practical or desirable to replace, repair, rebuild, or restore the Project Facility. In such event, the lesser of (1) the total amount of the Net Proceeds collected under any and all policies of insurance covering the damage to or destruction of the Project Facility, or (2) any other sums due and payable to the Agency pursuant to this Dupli Building 1 Agency Lease and the other Agency and Company Documents, shall be applied to the repayment of all amounts due to the Agency under this Dupli Building 1 Agency Lease, the Company Lease, the PILOT Agreement and other Agency Documents. If the Net Proceeds collected under any and all policies of insurance are less than the amount necessary to repay any and all amounts payable to the Agency, the Company shall pay the difference between such amounts and the Net Proceeds of all such insurance settlements so that any and all amounts then due and payable under this Dupli Building 1 Agency Lease, the Company Lease, the PILOT Agreement and the other Agency Documents to the Agency shall be paid in full. If all amounts due under this Dupli Building 1 Agency Lease, the Company Lease, the Mortgage, the PILOT Agreement and the other Agency Documents are paid in full, all such Net Proceeds, or the balance thereof, shall be paid to the Company for its purposes.

(c) 600 Franklin and the Mortgagee may adjust all claims under any policies of insurance required by subsections 6.3(a) and 6.3(c) hereof with the prior written consent of the Agency, which consent shall not be unreasonably withheld.

## **7.2 CONDEMNATION.**

(a) If the Mortgage shall be in effect or the Mortgagee shall have any interest in the Project Facility arising under or related to the Mortgage, whether by foreclosure or otherwise and title to, or the use of, all, substantially all or less than substantially all of the Project Facility shall be taken by Condemnation, then Condemnation proceeds shall be paid in accordance with the relevant provisions of the Mortgage regarding the distribution of such Condemnation proceeds, provided that there shall be no abatement or reduction in amounts payable to the Agency hereunder. If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and if title to, or the use of, less than substantially all of the Project Facility shall be taken by Condemnation:

(1) There shall be no abatement or reduction in the amounts payable by 600 Franklin under this Dupli Building 1 Agency Lease or otherwise (whether or not the Project Facility is restored); and

(2) The Company shall promptly give notice thereof to the Agency; and

(3) Except as otherwise provided in subsections 7.2(b) and 7.2(c) hereof, upon receipt of the Condemnation proceeds, 600 Franklin shall promptly restore the Project Facility (excluding any part of the Project Facility taken by Condemnation) to substantially the condition and value as an operating entity as existed prior to such Condemnation; and 600 Franklin shall nonetheless complete such restoration and shall pay from its own moneys that portion of the costs thereof in excess of such Net Proceeds.

(b) If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and if title to, or the use of, less than substantially all of the Project Facility shall be taken by Condemnation, then notwithstanding anything to the contrary contained in subsection 7.2(a), 600 Franklin shall not be obligated to restore the Project Facility, and the Net Proceeds of any Condemnation award shall not be applied as provided in subsection 7.2(a) if the Company shall notify the Agency that, in 600 Franklin's sole judgment, 600 Franklin does not deem it practical or desirable to restore the Project Facility. In such event, the lesser of (1) the Net Proceeds of any Condemnation award, or (2) the amount necessary to pay the Agency pursuant to this Dupli Building 1 Agency Lease, the Company Lease, the PILOT Agreement and the other Agency Documents, shall be applied to payment of all amounts then due and payable to the Agency under this Dupli Building 1 Agency Lease, the Company Lease, the PILOT Agreement and other Agency Documents. If the Net Proceeds of any Condemnation award are less than the amount necessary to pay any and all amounts then due and payable to the Agency, the Company shall pay the difference between such amounts and the Net Proceeds of such Condemnation award so that any and all amounts then due and payable under this Dupli Building 1 Agency Lease, the Company Lease, the PILOT Agreement and other Agency Documents to the Agency shall be paid in full. If all amounts due under this Dupli Building 1 Agency Lease, the Company Lease, the PILOT Agreement, the Mortgage and the other Agency Documents have been paid in full, all such Net Proceeds or the balance thereof shall be paid to 600 Franklin for its purposes.

(c) 600 Franklin and the Mortgagee with the prior written consent of the Agency (which consent shall not be unreasonably withheld), shall have sole control of any Condemnation proceeding with respect to the Project Facility, or any part thereof, and may negotiate the settlement of any such proceeding.

### **7.3 ADDITIONS TO PROJECT FACILITY.**

All replacements, repairs, rebuilding, or restoration made pursuant to Sections 7.1 or 7.2 hereof, whether or not requiring the expenditure of the Company's own moneys, shall automatically become part of the Project Facility as if the same were specifically described herein.

#### **8.12 SALES AND USE TAX EXEMPTION.**

(a) Pursuant to Section 874 of the Act, the parties understand that the Agency is exempt from certain State and local sales use taxes imposed by the State and local governments in the State, and that the Project may be exempted from those taxes due to the involvement of the Agency in the Project. The Agency makes no representations or warranties that any property is exempt from the payment of State or local sales or use taxes. Any exemption from the payment of State or local sales or use taxes resulting from the involvement of the Agency with the Project shall be subject to Section 875 of the Act and shall be limited to purchases of services and tangible personal property conveyed to the Agency or utilized by the Agency or by the Company as agent of the Agency as a part of the Project prior to the Completion Date, or

incorporated within the Project Facility prior to the Completion Date. No operating expenses of the Project Facility, and no other purchases of services or property shall be subject to an exemption from the payment of State sales or use tax. It is the intention of the parties hereto that 600 Franklin will receive a State and local sales and use tax exemption with respect to the Project, said sales tax exemption to be evidenced by a letter to be issued by the Agency on the date of the execution of this Dupli Building 1 Agency Lease. 600 Franklin acknowledges that as an agent of the Agency, it must complete and provide to each vendor Form ST-123 for purchases. The failure to furnish a completed Form ST-123 (IDA Agent or Project Operator Exempt Purchase Certificate) with each purchase will result in loss of the exemption for that purchase.

(b) 600 Franklin may use and appoint a Project operator, contractors, agents, subagents, subcontractors, contractors and subcontractors of such agents and subagents (collectively, “***Additional Agents***”) in furtherance of the completion of the Project. However, for each Additional Agent, 600 Franklin must first: (i) cause the each such appointed Additional Agent to execute and deliver a sub-agent agreement, in the form attached hereto at **Exhibit “G”**, and provide a fully executed copy to the Agency; and (ii) submit a completed Form ST-60 to the Agency for execution and filing with the New York State Department of Taxation and Finance.

(c) 600 Franklin acknowledges and agrees that an Additional Agent must be appointed as an agent of the Agency in order to avail itself of the Agency’s sales and use tax exemption for purchases or rentals of equipment, tools and supplies with respect to the Project Facility.

(d) Pursuant to Section 874(8) of the Act, the Company agrees to annually file and cause each Additional Agent or other operator of the Project Facility to file annually, with the New York State Department of Taxation and Finance, and provide the Agency with a copy of same, on a form and in such manner as is prescribed by the New York State Commissioner of Taxation and Finance (the “***Annual Sales Tax Report***”), a statement of the value of all sales and use tax exemptions claimed by 600 Franklin and all other Additional Agents under the authority granted to 600 Franklin pursuant to Section 4.1(b) of this Dupli Building 1 Agency Lease. Pursuant to Section 874(8) of the Act, the penalty for failure to file the Annual Sales Tax Report shall be removal of authority to act as agent of the Agency. Therefore, if the Company shall fail to comply with the requirements of this subsection (d), irrespective of any notice and cure period afforded, 600 Franklin and each Additional Agent shall immediately cease to be the agent of the Agency in connection with the Project. 600 Franklin is responsible for obtaining from the New York State Department of Taxation and Finance the current version of such Annual Sales Tax Report.

(e) The Company agrees to furnish to the Agency a copy of each such Annual Sales Tax Report submitted to the New York State Department of Taxation and Finance by the Company pursuant to Section 874(8) of the Act for itself and any Additional Agent.

(f) Pursuant to Section 874(9) of the Act, the Agency agrees to file within thirty (30) days of the Closing Date with the New York State Department of Taxation and Finance, on a form and in such manner as is prescribed by the New York State Commissioner of Taxation and Finance (the “***Thirty-Day Sales Tax Report***”), a statement identifying 600 Franklin, or 30 days

from the appointment of any Additional Agent appointed in accordance with the terms herein, as agent of the Agency, setting forth the taxpayer identification number of 600 Franklin, giving a brief description of the goods and/or services intended to be exempted from sales taxes as a result of such appointment as agent, indicating the estimated value of the goods and/or services to which such appointment as agent relates, indicating the date when such designation as agent became effective and indicating the date upon which such designation as agent shall cease.

**WHEREAS**, under the Resolution and in the Agency Lease Agreement by and between the Company and the Agency dated as of December 1, 2020 (the “**Agency Lease**”) the Agency appointed the Company as its agent for purposes of completing the Project and delegated to the Company the authority to appoint as agents of the Agency a Project operator, contractors, agents, subagents, subcontractors, contractors and subcontractors of such agents and subagents (the “**Additional Agents**” or “**Sub-Agents**”), for the purpose of completing the Project and benefitting from the State and local sales and use tax exemption that forms a portion of the Financial Assistance all in accordance with the terms of the Resolution and the Agency Lease; and

**WHEREAS**, the Company and the Agency entered into a Project Agreement dated as of December 1, 2020 (the “**Project Agreement**”).

**NOW, THEREFORE**, the parties hereto hereby agree as follows:

1. The Company hereby appoints the Sub-Agent as an Additional Agent of the Agency for the purpose of assisting the Company and the Agency in the completion of the Project and benefitting from the State and local sales and use tax exemption relative to expenditures made in furtherance thereof. The Sub-Agent is only an agent of the Agency for the aforementioned purposes. The Sub-Agent hereby agrees to limit its activities as agent for the Agency under the authority of this Agreement to acts reasonably related to the completion of the Project Facility.

2. The Sub-Agent covenants, agrees and acknowledges:

a. to make all records and information regarding State and local sales and use tax exemption benefits claimed by it in connection with the Project available to the Company and the Agency upon request. The Sub-Agent agrees to comply with all procedures and policies established by the State Department of Taxation and Finance, or any similar entity, regarding the documenting or reporting of any State and local sales and use tax exemption benefits, including providing to the Company all information of the Sub-Agent necessary for the Company to complete the State Department of Taxation and Finance’s “Annual Report of Sales and Use Tax Exemptions” (Form ST-340).

Without limiting the scope of the foregoing, the Sub-Agent acknowledges and agrees to be bound by the Agency’s Suspension, Discontinuation and Recapture of Benefits Policy (the “**Recapture Policy**”), a copy of which is attached hereto as **Schedule “A”**.

c. that the failure of the Sub-Agent to promptly pay any Sales Tax Recapture Amount in accordance with the Recapture Policy, the Agency Lease and/or the Resolution to the Agency will be grounds for the Agency, the State Commissioner of Taxation and Finance or such other entity, to collect sales and use taxes from the Sub-Agent under Article 28 of the Tax Law, or other applicable law, policy or contract, together with interest and penalties. In addition to the foregoing, the Sub-Agent acknowledges and agrees that for purposes of exemption from State sales

g. that the Sub-Agent shall indemnify and hold the Agency harmless from all losses, expenses, claims, damages and liabilities arising out of or based on labor, services, materials and supplies, including equipment, ordered or used in connection with the Project Facility (including any expenses incurred by the Agency in defending any claims, suits or actions which may arise as a result of any of the foregoing), for such claims or liabilities that arise as a result of the Sub-Agent acting as agent for the Agency pursuant to this Agreement or otherwise.

The Sub-Agent shall indemnify and hold the Agency, its members, officers, employees and agents and anyone for whose acts or omissions the Agency or any one of them may be liable, harmless from all claims and liabilities for loss or damage to property or any injury to or death of any person that may be occasioned subsequent to the date hereof by any cause whatsoever in relation only to Sub-Agent’s work on or for the Project Facility, including any expenses incurred by the Agency in defending any claims, suits or actions which may arise as a result of the foregoing.

If the Sub-Agent feels that there is information about the Sub-Agent in the Agency's possession which are in the nature of trade secrets or information, the nature of which is such that if disclosed to the public or otherwise widely disseminated would cause substantial injury to the Sub-Agent's competitive position, the Sub-Agent must identify such elements in writing, supply same to the Agency prior to or contemporaneously with the execution hereof and request that such elements be kept confidential in accordance with Public Officers Law Article 6. Failure to do so will result in the posting by the Agency of all information in accordance with Section 875 of the Act.

j. The Sub-Agent agrees Local contractors and suppliers will be used for the construction and equipping of the Project unless a waiver is first received from the Agency in writing. Such waiver shall be in the Agency's sole discretion. The Sub-Agent agrees that such Local contractors shall be provided the opportunity to bid on contracts related to the Project. Local shall mean, for the purposes of this Agreement, Onondaga, Oswego, Madison, Cayuga, Cortland and Oneida Counties. l. that the failure to comply with the foregoing will result in the loss of the exemption.

m. that if the Sub-Agent is the general contractor for the Project, then at all times following the execution of this Agreement, and during the term thereof, the Sub-Agent shall

In addition, all insurance required by this section shall be with insurance companies of recognized financial standing selected by the general contractor and licensed to write such insurance in the State of New York. Such insurance may be written with deductible amounts comparable to those on similar policies carried by other Persons engaged in businesses similar in size, character, and other respects to those in which the general contractor is engaged. All policies evidencing such insurance except the Workers' Compensation policy shall name the general contractor as insured and the Agency as an additional insured, as its interests may appear, and shall provide that such coverage with respect to the Agency be primary and non-contributory with any insurance secured by the Agency and require at least thirty (30) days' prior written notice to the Agency of cancellation, reduction in policy limits, or material change in coverage thereof.

3. Failure of the Sub-Agent to comply with any of the provisions of this Agreement shall result in the immediate nullification of the appointment of the Sub-Agent and the immediate termination of this Agreement and may result in the loss of the Company's State and local sales and use tax exemption with respect to the Project at the sole discretion of the Agency. In addition, such failure may result in the recapture of the State and local sales and use taxes avoided.

4. The Company acknowledges that the assumption of certain obligations by the Sub-Agent in accordance with this Agreement does not relieve the Company of its obligations under any provisions of the Agency Lease or of any other agreement entered into by the Company in connection with the Project.

5. The Company and the Sub-Agent agree that the Agency is a third-party beneficiary of this Agreement.

6. This Agreement shall be in effect until the earlier of: (i) the completion of the work on the Project by the Sub-Agent; or (ii) the Sub-Agent's loss of status as an agent of the Agency as set forth herein. ## Instructions

### To the purchaser

You may use Form ST-123 if you:

- have been appointed as an agent or project operator by an industrial development agency (IDA) and
- the purchases qualify for exemption from sales and use tax as described in the IDA contract.

You may use Form ST-123 as a single-purchase certificate or as a blanket certificate covering the first and subsequent purchases qualifying for the project listed.

**Agent or project operator sales tax ID number** If you are registered with the Tax Department for sales tax purposes, you must enter your sales tax identification number on this certificate. If you are not required to be registered, enter *N/A*.

**Industrial development agencies and authorities (IDAs)** are public benefit corporations under General Municipal Law Article 18-A and the Public Authorities Law, for the purpose of promoting, developing, encouraging, and assisting in the acquisition, construction, reconstruction, improvement, maintenance, equipping, and furnishing of industrial, manufacturing, warehousing, commercial, research, and recreational facilities in New York State.

IDAs are exempt from the payment of sales and use tax on their purchases, in accordance with Tax Law section 1118(a)(1). However, IDAs do not normally make direct purchases for projects. Commonly, IDAs instead appoint a business enterprise or developer, contractor, or subcontractor as its agent or project operator. Such purchases made by the agent or project operator, acting within the authority granted by the IDA, are deemed to be made by the IDA and therefore exempt from tax.

*Example 1: IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment necessary for completion of the project, as agent for the IDA. Contractor X rents a backhoe and a bulldozer for site preparation, purchases concrete and lumber to construct a building, and purchases machinery to be installed in the building. All these purchases by contractor X as agent of the IDA are exempt from tax.*

*Example 2: IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment to be incorporated into the project, as agent for the IDA. Contractor X makes the same purchases as in Example 1. Since the concrete, lumber, and machinery will actually be incorporated into the project, contractor X may purchase these items exempt from tax. However, rental of the backhoe and bulldozer is not exempt since these transactions are normally taxable and the IDA agreement does not authorize contractor X to make such rentals as agent of the IDA.*

A contractor or subcontractor not appointed as agent or project operator of an IDA must present suppliers with Form ST-120.1, *Contractor Exempt Purchase Certificate*, when making purchases that are ordinarily exempt from tax in accordance with Tax Law sections 1115(a)(15) and 1115(a)(16). For more information, see Form ST-120.1.

### Exempt purchases

To qualify, the purchases must be made within the authority granted by the IDA and used to complete the project (not to operate the completed project).

- Mark box A to indicate you are purchasing tangible personal property and services (other than utility services and motor vehicles or tangible personal property installed in a qualifying motor vehicle) exempt from tax.
- Mark box B to indicate you are purchasing certain consumer utility services used in completing the project exempt from tax. This includes gas, electricity, refrigeration, and steam; and gas, electric, refrigeration, and steam services.
- Mark box C to indicate you are purchasing a motor vehicle or tangible personal property related to a qualifying motor vehicle exempt from tax.

### Misuse of this certificate

Misuse of this exemption certificate may subject you to serious civil and criminal sanctions in addition to the payment of any tax and interest due. These include:

- A penalty equal to 100% of the tax due;
- A \$50 penalty for each fraudulent exemption certificate issued;
- Criminal felony prosecution, punishable by a substantial fine and a possible jail sentence; and
- Revocation of your *Certificate of Authority*, if you are required to be registered as a vendor. See TSB-M-09(17)S, *Amendments that Encourage Compliance with the Tax Law and Enhance the Tax Department's Enforcement Ability*, for more information.

### To the seller

When making purchases as agent or project operator of an IDA, the purchaser must provide you with this exemption certificate with all entries completed to establish the right to the exemption. You must identify the project on each bill and invoice for such purchases and indicate on the bill or invoice that the IDA or agent or project operator of the IDA was the purchaser.

As a New York State registered vendor, you may accept an exemption certificate in lieu of collecting tax and be protected from liability for the tax if the certificate is valid. The certificate will be considered valid if it is:

- accepted in good faith;
- in your possession within 90 days of the transaction; and
- properly completed (all required entries were made).

An exemption certificate is accepted in good faith when you have no knowledge that the exemption certificate is false or is fraudulently given, and you exercise reasonable ordinary due care. If you do not receive a properly completed certificate within 90 days after the delivery of the property or service, you will share with the purchaser the burden of proving the sale was exempt.

You must also maintain a method of associating an invoice (or other source document) for an exempt sale with the exemption certificate you have on file from the purchaser. You must keep this certificate at least three years after the due date of your sales tax return to which it relates, or the date the return was filed, if later.

**II. MANDATORY RECAPTURE OF THE NEW YORK STATE PORTION OF SALES AND USE TAX**

The Agency shall recapture from project applicants New York State sales and use tax benefits, in accordance with the provisions of the General Municipal Law, from projects that utilized State sales and use tax exemptions:

- a) To which the project was not entitled;
- b) In excess of the amounts authorized by the Agency;
- c) For property or services not authorized by the Agency; and/or
- d) For a project that has failed to comply with a material term or condition to use the property or services in the manner required by any of the project documents between the company and the Agency.

The approving resolution(s) and project documents granting financial assistance in the form of State sales and use tax exemption benefits shall include the terms and conditions of the foregoing recapture provision. Within thirty (30) days of the recapture, the recapture amount shall be remitted to the New York State Department of Taxation and Finance. Such remittances shall include interest, at the legal rate, imposed by the Agency. The failure to pay over such amounts to the Agency shall be grounds for the New York State Tax Commissioner to assess and determine

State sales and use taxes due from the company under article twenty-eight of the New York State Tax Law, together with any relevant penalties and interest due on such amounts.

In order to determine if one of the foregoing events have occurred (a “*State Mandated Recapture Event*”) and to effectuate this recapture of New York State sales and use tax benefits the Agency shall:

- a) Keep records of the New York State and local sales tax exemptions provided to each project, with such records available to the New York State Tax Commissioner upon request.

With respect to all other financial assistance provided to a project (other than the State portion of sales and use tax exemptions) the Agency shall have the right to suspend, discontinue, recapture or terminate financial assistance to any company for a project to the extent that:

- a) for projects that utilized local sales and use tax exemptions, the project was not entitled to such exemptions, such exemptions were in excess of the amounts authorized by the Agency, and/or such exemptions were for property or services not authorized by the Agency (each, a “*Local Sales Tax Benefit Violation*”);

- d) the company fails to provide annually to the Agency certain information to confirm that the project is achieving the investment, job retention, job creation, and other objectives of the Project (“*Reporting Failure*”); or

- e) there otherwise occurs any event of default under any project document (each, an “Event of Default”) or a material violation of the terms and conditions of any project document (a “*Material Violation*”).

#### IV. ANNUAL ASSESSMENT

The Agency shall evaluate, annually as of December 31, or at any time information is brought to the Agency’s attention, whether a State Mandated Recapture Event, a Local Sales Tax Benefit Violation, Job Deficit, Investment Deficit, Reporting Failure Event of Default or Material Violation (each a “*Noncompliance Event*”) has occurred. Notwithstanding the foregoing, the Agency may determine whether an Event of Default has occurred pursuant to any project document in accordance with the terms of the project document.

At the time of any Noncompliance Event (other than a State Mandated Recapture Event), the Agency shall determine by resolution whether to exercise its right to suspend, discontinue, recapture or terminate all or any portion of the financial assistance provided to a project, and shall consider the following in making its determination:

- a) Whether the company has proceeded in good faith.
- b) Whether the project has not performed as required due to economic issues, changes in market conditions or adverse events beyond the control of the company.
- c) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create a more adverse situation for the company, such as the company going out of business or declaring bankruptcy, which would not occur if the Agency’s rights were not exercised.
- d) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create an adverse situation for the residents of the City of Syracuse.
- e) The assessment prepared in accordance with the Agency’s Annual Assessment Policy.
- f) Such other criteria as the Agency shall determine is a relevant factor in connection with any decision regarding the exercise of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance.

The Agency shall document its evaluation of the above criteria in writing and based upon its evaluation, the Agency shall determine whether to suspend, discontinue, recapture or terminate all or any portion of the financial assistance (the “*Determination*”). The Determination shall provide terms, if any, by which a company may remedy any Noncompliance Event (other than a State Mandated Recapture Event) upon which the Determination was based. The company must

submit written documentation to the Agency of compliance with all terms and conditions of the Determination in order for the Agency to consider whether to resume financial assistance to the company (which will be at the Agency's sole discretion).

The project agreement entered into between the Agency and the company (the "*Project Agreement*") shall include the terms and conditions of the foregoing provisions. The Agency shall also include in the Project Agreement a requirement that the company comply with the Agency's right to suspend, discontinue, recapture or terminate the financial assistance and that the company shall repay all or a portion of the financial assistance granted by the Agency to the company pursuant to any Determination.

Any such amount constituting local tax exemptions shall be redistributed to the appropriate affected tax jurisdictions, unless agreed to otherwise by any local taxing jurisdiction.

#### **IV. RECAPTURE PERIOD**

Dupli holds, and shall continue to maintain, a ninety (90) percent membership interest in 600 Franklin. Dupli had been the fee owner of the Project Facility but contemporaneously with the execution of the Dupli Building 1 Agency Lease Agreement, dated as of December 1, 2020 among the Agency, Dupli and 600 Franklin (the "**Dupli Building 1 Agency Lease**"), Dupli transferred ownership of the Project Facility to 600 Franklin.

2. **Representations and Warranties.**

(a) Except as disclosed in Schedule B annexed hereto, Indemnitor represents and warrants that it has no knowledge of any deposit, storage, disposal, burial, discharge, spillage, uncontrolled loss, seepage or filtration of oil, petroleum or chemical liquids or solids, liquid or gaseous products or any hazardous wastes or hazardous substances (collectively, "***Hazardous Substances***"), as those terms are used in the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 or in any other federal, state or local law governing hazardous substances, as such laws may be amended from time to time (collectively, the "***Hazardous Waste Laws***"), at, upon, under or within the Project Facility or any contiguous real estate, and (ii) it has not caused or permitted to occur, and shall not permit to exist, any condition which may cause a discharge of any Hazardous Substances at, upon, under or within the Project Facility or on any contiguous real estate.

(b) Except as disclosed in the reports listed on Schedule B annexed hereto, Indemnitor further represents and warrants that (i) it has not been nor will be involved in operations at or near the Project Facility which operations could lead to (A) the imposition of liability on Indemnitor or on any subsequent or former owner of the Project Facility or (B) the creation of a lien on the Project Facility under the Hazardous Waste Laws or under any similar laws or regulations; and (ii) it has not permitted, and will not permit, any tenant or occupant of the Project Facility to engage in any activity that could impose liability under the Hazardous Waste Laws on such tenant or occupant, on Agency, the Indemnitor or on any other owner of any of the Project Facility.

3. **Covenants.**

(a) Indemnitor shall comply strictly and in all respects with the requirements of the Hazardous Waste Laws and related regulations and with all similar laws and regulations and shall notify Agency immediately in the event of any discharge or discovery of any Hazardous Substance at, upon, under or within the Project Facility which is not otherwise already disclosed in Schedule B. Indemnitor shall promptly forward to Agency copies of all orders, notices, permits, applications or other communications and reports in connection with any discharge or the presence of any Hazardous Substance or any other matters relating to the

Hazardous Waste Laws or any similar laws or regulations, as they may affect the Project Facility.

(b) Promptly upon the written request of Agency, Indemnitor shall provide Agency, at Indemnitor's expense, with an environmental site assessment or environmental audit report prepared by an environmental engineering firm acceptable to the requesting Person, to assess with a reasonable degree of certainty the presence or absence of any Hazardous Substances and the potential costs in connection with abatement, cleanup or removal of any Hazardous Substances found on, under, at or within the Project Facility.

#### 4. **Indemnity.**

(a) Indemnitor shall at all times indemnify and hold harmless Agency against and from any and all claims, suits, actions, debts, damages, costs, losses, obligations, judgments, charges, and expenses, of any nature whatsoever suffered or incurred by Agency, whether as contract vendor, owner, mortgagee, as mortgagee in possession, or as successor-in-interest to Indemnitor by foreclosure deed or deed in lieu of foreclosure, under or on account of the Hazardous Waste Laws or any similar laws or regulations, including the assertion of any lien thereunder, with respect to:

(1) any discharge of Hazardous Substances, the threat of a discharge of any Hazardous Substances, or the presence of any Hazardous Substances affecting the Project Facility whether or not the same originates or emanates from the Project Facility or any contiguous real estate including any loss of value of the Project Facility as a result of any of the foregoing;

(2) any costs of removal or remedial action incurred by the United States Government or any costs incurred by any other person or damages from injury to, destruction of, or loss of natural resources, including reasonable costs of assessing such injury, destruction or loss incurred pursuant to any Hazardous Waste Laws;

(3) liability for personal injury or property damage arising under any statutory or common law tort theory, including, without limitation, damages assessed for the maintenance of a public or private nuisance or for the carrying on of an abnormally dangerous activity at or near the Project Facility; and/or

(4) any other environmental matter affecting the Project Facility within the jurisdiction of the Environmental Protection Agency, any other federal agency, or any state or local agency.

The obligations of Indemnitor under this Agreement shall arise whether or not the Environmental Protection Agency, any other federal agency or any state or local agency has taken or threatened any action in connection with the presence of any Hazardous Substances.

(b) In the event of any discharge of Hazardous Substances, the threat of a discharge of any Hazardous Substances, or the presence of any Hazardous Substances affecting the Project Facility, whether or not the same originates or emanates from the Project Facility or

any contiguous real estate, and/or if Indemnitor shall fail to comply with any of the requirements of the Hazardous Waste Laws or related regulations or any other environmental law or regulation, Agency may at its election, but without the obligation so to do, give such notices and/or cause such work to be performed at the Project Facility and/or take any and all other actions as Agency shall deem necessary or advisable in order to abate the discharge of any Hazardous Substance, remove the Hazardous Substance or cure the noncompliance of Indemnitor.

(c) Indemnitor acknowledges that Agency has relied upon the representations, warranties, covenants and indemnities of Indemnitor in this Agreement. All of the representations, warranties, covenants and indemnities of this Agreement shall survive the repayment of Indemnitor's obligations under the Dupli Building 1 Agency Lease or other Company Documents.

5. **Attorney's Fees.** If Agency retains the services of any attorney in connection with the subject of the indemnity herein, Indemnitor shall pay Agency's costs and reasonable attorneys' fees thereby incurred. Agency may employ an attorney of its own choice.

6. **Interest.** In the event that Agency incurs any obligations, costs or expenses under this Agreement, Indemnitor shall pay such Person immediately on demand, and if such payment is not received within ten (10) days, interest on such amount shall, after the expiration of the ten-day period, accrue at the interest rate set forth in the Dupli Building 1 Agency Lease until such amount, plus interest, is paid in full.

7. **No Waiver.** Notwithstanding any terms of the Company Documents to the contrary, the liability of Indemnitor under this Agreement shall in no way be limited or impaired by: (i) any extensions of time for performance required by any of the Company Documents; (ii) any sale, assignment or foreclosure of the Dupli Building 1 Agency Lease or any sale or transfer of all or part of the Project Facility; (iii) the accuracy or inaccuracy of the representations and warranties made by Indemnitor under any of the Company Documents; or (iv) the release of Indemnitor or any other person from performance or observance of any of the agreements, covenants, terms or conditions contained in the Company Documents by operation of law, Agency's voluntary act, or otherwise; and, in any such case, whether with or without notice to Indemnitor and with or without consideration.

8. **Waiver by Indemnitor.** Indemnitor waives any right or claim of right to cause a marshalling of Indemnitor's assets or to cause Agency to proceed against any of the security for the Dupli Building 1 Agency Lease before proceeding under this Agreement against Indemnitor or to proceed against Indemnitor in any particular order; Indemnitor agrees that any payments required to be made hereunder shall become due on demand; Indemnitor expressly waives and relinquishes all rights and remedies (including any rights of subrogation) accorded by applicable law to indemnitors or guarantors.

9. **Releases.** Any one or more of Indemnitor and any other party liable upon or in respect of this Agreement or the Dupli Building 1 Agency Lease may be released without affecting the liability of any party not so released.

10. **Amendments.** No provision of this Agreement may be changed, waived, discharged or terminated orally, by telephone or by any other means except by an instrument in writing signed by the party against whom enforcement of the change, waiver, discharge or termination is sought.

11. **Joint and Several Liability.** In the event that this Agreement is executed by more than one party as Indemnitor, the liability of such parties is joint and several. A separate action or actions may be brought and prosecuted against each Indemnitor, whether or not an action is brought against any other person or whether or not any other person is joined in such action or actions.

12. **Consent to Jurisdiction.** Indemnitor consents to the exercise of personal jurisdiction over Indemnitor by any federal or state court in the State of New York and consent to the laying of venue in any jurisdiction or locality in the City of Syracuse. Service shall be effected by any means permitted by the court in which any action is filed.

## **1.0 Executive Summary**

- A limited XRF lead-based paint inspection was performed at 600 North Franklin Street, Syracuse, New York. The inspection was conducted on December 13, 2019.
- Fifteen (15) applications of Lead-based paint were identified on the surfaces tested. These results can be found in Appendix A of this report.
- This inspection is not intended to conform to U.S. Department of Housing and Urban Development (USHUD) requirements since it does not meet the definition of a surface by surface inspection as described in Chapter 7 of the USHUD Guidelines.
- Testing is limited to the specific building components identified in this report and does not represent painting histories in other portions of the building.

## 2.0 Introduction

Envoy Environmental Consultants, Inc. (Envoy) was retained by Paradigm, LLC on December 13, 2019 to conduct an inspection for the presence of lead-based paint through XRF analysis at 600 North Franklin Street, Syracuse, New York. The predominant construction materials observed were drywall, wood, metal, ceramic and brick. The construction date of the building is unknown.

Envoy holds a New York State Department of Health Radioactive Materials License to own and operate an X-Ray Fluorescence (XRF) lead paint analyzer. We have been certified under the Toxic Substances Control Act, Section 402(a)(1), allowing the company to conduct LBP activities pursuant to 40 CFR Part 745.226. Certified Lead Inspector, Mr. Geoff Siebert, conducted this inspection with procedures and guidelines required by the U.S. Environmental Protection Agency (USEPA).

All lead-based paint inspections are performed in accordance with Chapter 7 of The U.S. Department of Housing and Urban Development Guidelines (USHUD), and the U.S. Environmental Protection Agency, since they are the only regulatory agencies defining procedures for conducting XRF lead-based paint inspections. Paint is categorized as lead-based if the XRF analyzer registers a reading of 1.0 mg/cm<sup>2</sup> or above, according to the USHUD standard. Envoy reports lead-based paint levels in mg/cm<sup>2</sup> because this unit of measurement does not depend on the number of layers of non-lead-based paint and can usually be obtained without damaging the painted surfaces. Positive, negative, and inconclusive XRF readings are determined in accordance with the XRF instruments Performance Characteristic Sheets as described by the HUD Guidelines.

Envoy owns and operates a RMD LPA-1 Lead Paint Analyzer. The serial number of this instrument is 2829 and was sourced on February 16, 2018. The LPA-1 Lead Paint Analyzer is an analytical radiation instrument used in quantitative analysis of lead in paint for various substrates. The LPA-1 is a spectrum analyzer that resolves the lead X-Ray intensity from interfering radiation. The XRF LPA-1 instrument has a 3/8 inch penetration depth for the detection of lead. Anything beyond this depth will cause no reading and can go undetected. A radioactive material, Cobalt 57, is used as the radiation source in this device for nondestructive method of sample analysis.

For each room, hallway, or exterior site to be inspected, testing combinations are identified based on the inspectors training. A testing combination represents the room equivalent, the component type, and the substrate. A room equivalent is an identifiable part of a building (e.g., classroom, hallway, basement, etc.). Painted surfaces include any surface coated with paint, shellac, varnish, stain, paint covered by wallpaper, or any other coating.

USHUD Guidelines recommend classifying substrates into one of the six substrate types listed in Table 1. Additionally, certain substrates may register a reading on the XRF lead paint analyzer in the inconclusive range.

**Table 1**

Substrate	Inconclusive Range
Brick	None
Concrete	None
Drywall	None
Metal	0.9 to 1.3 mg/cm <sup>2</sup>
Plaster	0.9 to 1.3 mg/cm <sup>2</sup>
Wood	None

When the XRF lead paint analyzer registers a reading in the inconclusive range, or a substrate cannot be tested due to irregular size and shape, the Certified Lead Inspector is then required to collect a paint chip sample to determine the presence of lead. If paint chip samples are collected, lead-based paint is present when the concentration is 0.5 percent by weight or above. The inspection conducted at this location did not register any readings in the inconclusive range.

### 3.0 Definitions

**Abatement:** A measure or set of measures designed to permanently eliminate lead-based paint hazards or lead-based paint. Abatement strategies include the removal of lead-based paint, enclosure, encapsulation, replacement of building components coated with lead-based paint, removal of lead-contaminated dust, and removal of lead-contaminated soil or overlaying of soil with a durable covering such as asphalt (grass and sod are considered interim control measures). All of these strategies require preparation; cleanup; waste disposal; post abatement clearance testing; recordkeeping; and, if applicable, monitoring.

**Deteriorated lead-based paint:** Any lead-based paint coating on a damaged or deteriorated surface or fixture, or any interior or exterior lead-based paint that is peeling, chipping, blistering, flaking, worn, chalking, alligating, cracking, or otherwise becoming separated from the substrate.

**Encapsulation:** Any covering or coating that acts as a barrier between lead-based paint and the environment, the durability of which relies on adhesion and the integrity of the existing bonds between multiple layers of paint and between the paint and the substrate.

**Friction surface:** An interior or exterior surface that is subject to abrasion or friction, including, but not limited to, certain window, floor, and stair surfaces.

**Impact surface:** An interior or exterior surface that is subject to damage by repeated sudden force such as certain parts of door frames.

**Interim controls:** A set of measures designed to temporarily reduce human exposure or possible exposure to lead-based paint hazards. Such measures include specialized cleaning, repairs, maintenance, painting, temporary containment, and management and resident education programs. Monitoring, conducted by owners, and reevaluations, conducted by professionals, are integral elements of interim control. Interim controls include dust removal; paint film stabilization; treatment of friction and impact surfaces; installation of soil coverings, such as grass or sod; and land-use controls.

**USHUD Guidelines:** The USHUD Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing (the Guidelines) provide detailed, comprehensive, technical information on how to identify lead-based paint hazards in housing and how to control such hazards safely and efficiently. The goal of the Guidelines is to help property owners, private contractors, and Government agencies sharply reduce children's exposure to lead without unnecessarily increasing the cost of housing.

**Lead-based paint:** Lead-based paint means paint or surface coatings that contain lead equal to or greater than 1.0 mg/cm<sup>2</sup> or 0.5 percent by weight. (Equivalent units are: 5,000 µg/g, 5,000 mg/kg, or 5,000 ppm by weight) Surface coatings include paint shellac, varnish, or any other coating, including wallpaper which covers painted surfaces.

**Lead-based paint hazard:** A condition in which exposure to lead from lead-contaminated dust, lead-contaminated soil, or deteriorated lead-based paint would have an adverse effect on human health (as established by the EPA Administrator under Title IV of the Toxic Substances Control Act). Lead-based paint hazards include for example, deteriorated lead-based paint, leaded dust levels above applicable standards, and bare leaded soil above applicable standards.

**Monitoring:** Surveillance to determine (1) that known or suspected lead-based paint is not deteriorating, (2) that lead-based paint hazard controls, such as paint stabilization, enclosure, or encapsulation have not failed, (3) that structural problems do not threaten the integrity of hazard controls or of known or suspected lead-based paint, and (4) that dust lead levels have not risen above applicable standards. There are two types of monitoring activities; visual surveys by property owners and reevaluations by certified risk assessors. Visual surveys are generally conducted annually for the purpose of making the first three determinations listed above.

**OSHA:** The occupational safety and health administration ensures safe and healthful working conditions for working men and women by setting and enforcing standards and by providing training, outreach, education and assistance. Section 1926.62 targets employee lead exposure during construction activities. The full standard can be found at:

[http://www.osha.gov/pls/oshaweb/owadisp.show\\_document?p\\_table=STANDARDS&p\\_id=10641](http://www.osha.gov/pls/oshaweb/owadisp.show_document?p_table=STANDARDS&p_id=10641)

**Paint film stabilization:** The process of wet scraping, priming, and repainting surfaces coated with deteriorated lead-based paint; paint film stabilization includes cleanup and clearance.

**Renovation Repair and Painting Law 40 CFR Part 745:** Requires that renovations required for compensation, must be performed by certified firms, using certified renovators. Renovation firms that anticipate on working in pre-1978 homes and child occupied facilities must apply to the EPA and pay a fee in order to be certified. Firms certified in the RRP law must follow lead safe work practices including initial and final lead testing.

**Substrate:** The substrate is the material underneath the paint. Substrates should be classified into one of six types: brick, concrete, drywall, metal, plaster, or wood. These substrates cover almost all building materials that are painted and are linked to those used in the *XRF Performance Characteristic Sheets*.

**Target Housing:** Any residential unit constructed before 1978, except dwellings that do not contain bedrooms or dwellings that were developed specifically for the elderly or persons with disabilities— unless a child younger than 6 resides or is expected to reside in the dwelling.

**XRF analyzer:** An instrument that determines lead concentration in milligrams per square centimeter (mg/cm<sup>2</sup>) using the principle of x-ray fluorescence (XRF). Two types of XRF analyzers are used—direct readers and spectrum analyzers. In the *HUD Guidelines*, the term XRF analyzer only refers to portable instruments manufactured to analyze paint, and does not refer to laboratory-grade units or portable instruments designed to analyze soil.

#### **4.0 Limitations**

The information provided in this report was compiled from field notes, instrument data, and visual assessment. Observations noted and recorded are intended to represent the conditions that existed at the subject site at the time and date that the observations were made. The results of this inspection are applicable to the specified buildings on the date(s) indicated in this report. Future activities at these buildings may alter the results of this report.

All surfaces tested have been assigned a paint condition. These designations are either intact, or deteriorated. Areas where deteriorated paint was observed (peeling, chipping, flaking and chalking) which may pose a lead hazard have been distinguished with the letter "D" in the Summary and Sequential Page of this report. Locations where lead-based paint has been considered intact by the inspector at the time of inspection have been distinguished with the letter "I".

Determinations of lead-based paint were subject to the accessibility of individual areas or spaces. Walls were assigned the letters A, B, C, or D for purposes of reading this report and understanding which wall in a particular room was sampled. The wall regarded as "A" wall will always be the address side wall of the school. Walls B, C, and D shall follow clockwise in succession.

Contractors shall be aware the XRF device is used for non-residential inspections as a screening tool only. According to OSHA, only personal air monitoring results can be used to clearly demonstrate that employees will not be exposed at, or above, the lead action level during any process, operation, or activity. For the purpose of the OSHA regulation, any paint chip or XRF result over zero must be considered lead-based paint.

## 5.0 Conclusions

A limited XRF lead-based paint inspection was performed by Envoy at 600 North Franklin Street, Syracuse New York. The inspection was conducted on December 13, 2019 in order to identify building components containing lead-based paint.

The limited XRF inspection identified fifteen (15) locations of lead-based paint (as defined by USHUD) on the surfaces tested.

The Summary page for XRF data is located in Appendix A. This summary includes all positive lead-based paint readings, which indicate the components that were determined to have instrument readings at or over the HUD abatement level of 1.0 mg/cm<sup>2</sup>. The Sequential page for XRF data is located in Appendix B. This page represents each reading taken by the LPA-1 Lead Paint Analyzer.

A copy of this report will remain on file at Envoy's main office located at 57 Ambrose Street, Rochester, New York, 14608. EPA rules (40 CFR part 745) require all reports are maintained by the certified firm for no less than 3 years.

### **Lead-Based Paint Summary Report**

The Summary Report on the following page represents each positive reading taken by the LPA-1 Lead Based Paint Analyzer. Our investigation at the Sibley Corner project located at 600 North Franklind Street, Syracuse, New York resulted with fifteen (15) readings above the HUD/ EPA lead abatement standard of 1.0 mg/cm<sup>2</sup> in relation to the areas tested. These findings are based specifically on testing combinations selected by the inspector.

All parties shall be aware that any concentration of lead above zero, according to the OSHA standard, shall trigger the requirements set forth in 1926.62.

#### Interpreting the Summary of Lead Based Paint Inspection Report

EXAMPLE: Interior Room 001 6-1

- Interior Room - Interior room
- 001- Number of space/room/area tested. This does not correspond to room number.
- 6 - Refers to floor of building tested. In this case, the sixth floor.
- - 1 Refers to the room number where testing occurred on the specified floor. In this case, Room 1.

### **XRF Sequential Instrument Data**

The Sequential Report on the following pages represents each reading taken by the LPA-1 Lead Based Paint Analyzer. These findings illustrate all testing combinations selected by the inspector including readings above and below the HUD abatement level of 1.0 mg/cm<sup>2</sup>.

Before XRF testing begins, the inspector must ensure the instrument is operating properly. This is performed by calibrating the instrument. Readings on the Sequential Page specified as CALIBRATION are the instruments calibration readings taken before and after each inspection. If an inspection takes longer than 4 hours, CALIBRATION is then performed mid-shift.

During calibration, three readings are taken on a painted portion of the standard reference material and three readings are taken on the non-painted portion of the standard reference material. The standard reference material used in this inspection is commonly referred to as a NIST (Nation Institute of Standards and Technology) block which is composed of lead paint in the value of 1.0 mg/cm<sup>2</sup>. The last three readings are taken on the back of the NIST block which is composed on a non-painted wood surface providing readings below the HUD/EPA standard of 1.0 mg/cm<sup>2</sup>. These readings typically range from -0.1 mg/cm<sup>2</sup> to 0.3 mg/cm<sup>2</sup>.

Once all CALIBRATION readings have been averaged representing successful results using the instruments Performance Characteristic Sheets, the XRF Lead-based inspection can begin.

## BACKGROUND INFORMATION

### EVALUATION DATA SOURCE AND DATE:

This sheet is supplemental information to be used in conjunction with Chapter 7 of the HUD *Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing* ("HUD Guidelines"). Performance parameters shown on this sheet are calculated from the EPA/HUD evaluation using archived building components. Testing was conducted on approximately 150 test locations in July 1995. The instrument that performed testing in September had a new source installed in June 1995 with 12 mCi initial strength.

### OPERATING PARAMETERS:

Performance parameters shown in this sheet are applicable only when properly operating the instrument using the manufacturer's instructions and procedures described in Chapter 7 of the HUD Guidelines.

### XRF CALIBRATION CHECK:

The calibration of the XRF instrument should be checked using the paint film nearest 1.0 mg/cm<sup>2</sup> in the NIST Standard Reference Material (SRM) used (e.g., for NIST SRM 2579, use the 1.02 mg/cm<sup>2</sup> film).

If readings are outside the acceptable calibration check range, follow the manufacturer's instructions to bring the instruments into control before XRF testing proceeds.

### SUBSTRATE CORRECTION VALUE COMPUTATION :

Chapter 7 of the HUD Guidelines provides guidance on correcting XRF results for substrate bias. Supplemental guidance for using the paint film nearest 1.0 mg/cm<sup>2</sup> for substrate correction is provided:

XRF results are corrected for substrate bias by subtracting from each XRF result a correction value determined separately in each house for single-family housing or in each development for multifamily housing, for each substrate. The correction value is an average of XRF readings taken over the NIST SRM paint film nearest to 1.0 mg/cm<sup>2</sup> at test locations that have been scraped bare of their paint covering. Compute the correction values as follows:

Using the same XRF instrument, take three readings on a bare substrate area covered with the NIST SRM paint film nearest 1 mg/cm<sup>2</sup>. Repeat this procedure by taking three more readings on a second bare substrate area of the same substrate covered with the NIST SRM.

Compute the correction value for each substrate type where XRF readings indicate substrate correction is needed by computing the average of all six readings as shown below.

For each substrate type (the 1.02 mg/cm<sup>2</sup> NIST SRM is shown in this example; use the actual lead loading of the NIST SRM used for substrate correction):

$$\text{Correction value} = (1^{\text{st}} + 2^{\text{nd}} + 3^{\text{rd}} + 4^{\text{th}} + 5^{\text{th}} + 6^{\text{th}} \text{ Reading}) / 6 - 1.02 \text{ mg/cm}^2$$

Repeat this procedure for each substrate requiring substrate correction in the house or housing development.

### EVALUATING THE QUALITY OF XRF TESTING:

Randomly select ten testing combinations for retesting from each house or from two randomly selected units in multifamily housing. Use either the Quick Mode or 30-second equivalent standard (Time Corrected) Mode readings.

Conduct XRF re-testing at the ten testing combinations selected for retesting.

Determine if the XRF testing in the units or house passed or failed the test by applying the steps below.

Compute the Retest Tolerance Limit by the following steps:

Determine XRF results for the original and retest XRF readings. Do not correct the original or retest results for substrate bias. In single-family and multi-family housing, a result is defined as a single reading. Therefore, there will be ten original and ten retest XRF results for each house or for the two selected units.

Calculate the average of the original XRF result and retest XRF result for each testing combination.

Square the average for each testing combination.

Add the ten squared averages together. Call this quantity C.

Multiply the number C by 0.0072. Call this quantity D.

Add the number 0.032 to D. Call this quantity E.

Take the square root of E. Call this quantity F.

Multiply F by 1.645. The result is the Retest Tolerance Limit.

Compute the average of all ten original XRF results.

Compute the average of all ten re-test XRF results.

Find the absolute difference of the two averages.

If the difference is less than the Retest Tolerance Limit, the inspection has passed the retest. If the difference of the overall averages equals or exceeds the Retest Tolerance Limit, this procedure should be repeated with ten new testing combinations. If the difference of the overall averages is equal to or greater than the Retest Tolerance Limit a second time, then the inspection should be considered deficient.

Use of this procedure is estimated to produce a spurious result approximately 1% of the time. That is, results of this procedure will call for further examination when no examination is warranted in approximately 1 out of 100 dwelling units tested.

#### **BIAS AND PRECISION:**

Do not use these bias and precision data to correct for substrate bias. These bias and precision data were computed without substrate correction from samples with reported laboratory results less than 4.0 mg/cm<sup>2</sup> lead. The data which were used to determine the bias and precision estimates given in the table below have the following properties. During the July 1995 testing, there were 15 test locations with a laboratory-reported result equal to or greater than 4.0 mg/cm<sup>2</sup> lead. Of these, one 30-second standard mode reading was less than 1.0 mg/cm<sup>2</sup> and none of the quick mode readings were less than 1.0 mg/cm<sup>2</sup>. The instrument that tested in July is representative of instruments sold or serviced after June 26, 1995. These data are for illustrative purposes only. Actual bias must be determined on the site. Results provided above already account for bias and precision. Bias and precision ranges are provided to show the variability found between machines of the same model.

#### CLASSIFICATION RESULTS:

XRF results are classified as positive if they are greater than the upper boundary of the inconclusive range, and negative if they are less than the lower boundary of the inconclusive range, or inconclusive if in between. The inconclusive range includes both its upper and lower bounds. Earlier editions of this *XRF Performance Characteristic Sheet* did not include both bounds of the inconclusive range as "inconclusive." While this edition of the Performance Characteristics Sheet uses a different system, the specific XRF readings that are considered positive, negative, or inconclusive for a given XRF model and substrate remain unchanged, so previous inspection results are not affected.

#### DOCUMENTATION:

An EPA document titled *Methodology for XRF Performance Characteristic Sheets* provides an explanation of the statistical methodology used to construct the data in the sheets, and provides empirical results from using the recommended inconclusive ranges or thresholds for specific XRF instruments. For a copy of this document call the National Lead Information Center Clearinghouse at 1-800-424-LEAD. A HUD document titled *A Nonparametric Method for Estimating the 5th and 95th Percentile Curves of Variable-Time XRF Readings Based on Monotone Regression* provides supplemental information on the methodology for variable-time XRF instruments. A copy of this document can be obtained from the HUD lead web site, [www.hud.gov/offices/lead](http://www.hud.gov/offices/lead).

This XRF Performance Characteristic Sheet was developed by QuanTech, Inc., under a contract from the U.S. Department of Housing and Urban Development (HUD). HUD has determined that the information provided here is acceptable when used as guidance in conjunction with Chapter 7, Lead-Based Paint Inspection, of HUD's *Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing*.

## **EXECUTIVE SUMMARY**

NEU-VELLE, LLC (NEU-VELLE) completed a Phase I Environmental Site Assessment (ESA) and Limited Compliance Review of a parcel of land located at 600 North Franklin Street, Syracuse, Onondaga County, New York. The objective of this assessment is to determine the presence or absence of Recognized Environmental Conditions (RECs), as defined in the ASTM Standard.

This ESA was conducted in accordance with the ASTM Standard E-1527-13 Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process, with limitations as noted in this report. The ESA was performed to advise the User of potential environmental concerns associated with the subject property and its current and former uses and operations, if any. The objective of this assessment is to determine the presence or absence of Recognized Environmental Conditions (RECs), as defined in the ASTM Standard.

Based on information reviewed for the subject site, the property currently does not hold any environmental liens, and there is no knowledge of any past or current violations, lawsuits, or administrative proceedings involving the subject property.

Based on a review of available information and site observations conducted for this assessment, no evidence of recognized environmental conditions (RECs) were identified in connections with the subject site.

However, potential environmental issues of concern were identified:

- Due to the age of the building, there is the potential for asbestos containing material (piping insulation, floor tile, ceiling tile, drywall compound, window caulk, etc.), polychlorinated biphenyls (fluorescent lighting ballasts, transformers), as well as lead based paint to be present. Without further investigation, it remains a potential environmental concern.

Detailed results of the site assessment and applicable environmental observations are discussed in the body of this report.

## **1.0 INTRODUCTION AND BACKGROUND**

NEU-VELLE LLC completed a Phase I Environmental Site Assessment (ESA) and Limited Compliance Review of parcel of land located at 600 North Franklin Street, Syracuse, Onondaga County, New York. The property is a developed parcel consisting of one structure on approximately 3.27-acres. This Phase I Environmental Site Assessment was performed to provide technical assistance in anticipation of a potential property transaction.

Based on information reviewed for the subject site, no evidence was found indicating the property holds any environmental liens. There is no knowledge of any current violations, lawsuits, or administrative proceedings involving the subject property.

NEU-VELLE Personnel performed a site visit on June 1, 2020 and on November 24, 2020. Professional qualifications are included in Appendix A.

### **1.1 Scope of Work**

This ESA was conducted in general conformance with the requirements of ASTM Standard E1527-13; Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process.

The assessment was conducted to evaluate the potential for environmental impacts on the subject parcel as a result of past or current activities on the property or surrounding properties. NEU-VELLE's Phase I Environmental Assessment included:

- An on-site inspection of the subject property to evaluate current conditions and to identify areas of potential concern;
- A review of property history through interviews and historical mapping;
- Observation of adjacent properties and the local area to evaluate the potential for adverse environmental impacts to the subject parcel;
- A review of regulatory agency records through the use of a contracted search of regulatory databases.

### **1.2 User Reliance**

This report is for the use and benefit of, and may be relied upon by, The User and any affiliates, and third parties authorized by The User and NEU-VELLE.

The Environmental Professional hereby certifies that this Phase I ESA has been conducted in accordance with and conforms to ASTM E 1527-13 Standard, or the most current ASTM Standard, and the EPA Rules.

### **1.3 Limiting On-Site Conditions**

The site visit was conducted on Tuesday, November 24, 2020. The local weather conditions, at the time of the site visit, were partly cloudy with temperatures in the mid 30°F

range. The auditor's ability to observe the conditions of the site was limited due to the property's development of building and asphalt.

## 6.0 FINDINGS & CONCLUSIONS

NEU-VELLE performed a Phase I Environmental Site Assessment in conformance with the scope and limitations of ASTM Practice E 1527 of the property located at 600 North Franklin Street, Syracuse, Onondaga County New York. Any exceptions to, or deletions from this practice is described in Section 6.1 of this report.

Based on information reviewed for the subject site, the property currently does not hold any environmental liens, and there is no knowledge of any past or current violations, lawsuits, or administrative proceedings involving the subject property.

Based on a review of available information and site observations conducted for this assessment, no evidence of recognized environmental conditions (RECs) were identified in connections with the subject site.

However, potential environmental issues of concern were identified:

- Due to the age of the building, there is the potential for asbestos containing material (piping insulation, floor tile, ceiling tile, drywall compound, window caulk, etc.), polychlorinated biphenyls (fluorescent lighting ballasts, transformers), as well as lead based paint to be present. Without further investigation, it remains a potential environmental concern.

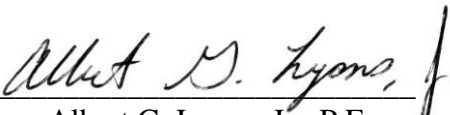

### 6.1 Statement of Information Conformity

## EXECUTIVE SUMMARY

### SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property.

Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

### STANDARD ENVIRONMENTAL RECORDS

#### ***Federal NPL site list***

NPL: Also known as Superfund, the National Priority List database is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund program. The source of this database is the U.S. EPA.

A review of the NPL list, as provided by EDR, and dated 01/30/2020 has revealed that there is 1 NPL site within approximately 1 mile of the target property.

#### ***Federal CERCLIS list***

SEMS: SEMS (Superfund Enterprise Management System) tracks hazardous waste sites, potentially hazardous waste sites, and remedial activities performed in support of EPA's Superfund Program across the United States. The list was formerly know as CERCLIS, renamed to SEMS by the EPA in 2015. The list contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). This dataset also contains sites which are either proposed to or on the National Priorities List (NPL) and the sites which are in the screening and assessment phase for possible inclusion on the NPL.

A review of the SEMS list, as provided by EDR, and dated 01/30/2020 has revealed that there are 2 SEMS sites within approximately 0.5 miles of the target property.

## EXECUTIVE SUMMARY

### ***Federal CERCLIS NFRAP site list***

SEMS-ARCHIVE: SEMS-ARCHIVE (Superfund Enterprise Management System Archive) tracks sites that have no further interest under the Federal Superfund Program based on available information. The list was formerly known as the CERCLIS-NFRAP, renamed to SEMS ARCHIVE by the EPA in 2015. EPA may perform a minimal level of assessment work at a site while it is archived if site conditions change and/or new information becomes available. Archived sites have been removed and archived from the inventory of SEMS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list the site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. The decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be potential NPL site.

A review of the SEMS-ARCHIVE list, as provided by EDR, and dated 01/30/2020 has revealed that there is 1 SEMS-ARCHIVE site within approximately 0.5 miles of the target property.

### ***Federal RCRA CORRACTS facilities list***

CORRACTS: CORRACTS is a list of handlers with RCRA Corrective Action Activity. This report shows which nationally-defined corrective action core events have occurred for every handler that has had corrective action activity.

A review of the CORRACTS list, as provided by EDR, and dated 03/23/2020 has revealed that there are 2 CORRACTS sites within approximately 1 mile of the target property.

RCRA-LQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

A review of the RCRA-LQG list, as provided by EDR, and dated 03/23/2020 has revealed that there are 3

NY ERP: In an effort to spur the cleanup and redevelopment of brownfields, New Yorkers approved a \$200 million Environmental Restoration or Brownfields Fund as part of the \$1.75 billion Clean Water/Clean Air Bond Act of 1996 (1996 Bond Act). Enhancements to the program were enacted on October 7, 2003. Under the Environmental Restoration Program, the State provides grants to municipalities to reimburse up to 90 percent of on-site eligible costs and 100% of off-site eligible costs for site investigation and remediation activities. Once remediated, the property may then be reused for commercial, industrial, residential or public use.

A review of the NY ERP list, as provided by EDR, and dated 02/10/2020 has revealed that there is 1 NY ERP site within approximately 0.5 miles of the target property.

RCRA NonGen / NLR: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Non-Generators do not presently generate hazardous waste.

A review of the RCRA NonGen / NLR list, as provided by EDR, and dated 03/23/2020 has revealed that there are 26 RCRA NonGen / NLR sites within approximately 0.25 miles of the target property.

NY HSWDS: The List includes any known or suspected hazardous substance waste disposal sites. Also included are sites delisted from the Registry of Inactive Hazardous Waste Disposal Sites and non-registry sites that U.S. EPA Preliminary Assessment (PA) reports or Site Investigation (SI) reports were prepared. Hazardous Substance Waste Disposal Sites are eligible to be Superfund sites now that the New York State Superfund has been refinanced and changed. This means that the study inventory has served its purpose and will no longer be maintained as a separate entity The latest version of the study is frozen in time. The sites on the study will not automatically be made superfund sites, rather each site will be further evaluated for listing in the registry. So overtime they will be added to the registry or not.

A review of the NY HSWDS list, as provided by EDR, and dated 01/01/2003 has revealed that there is 1 NY HSWDS site within approximately 0.5 miles of the target property.

### EDR HIGH RISK HISTORICAL RECORDS

#### ***EDR Exclusive Records***

EDR MGP: The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

A review of the EDR MGP list, as provided by EDR, has revealed that there is 1 EDR MGP site within approximately 1 mile of the target property.

EDR Hist Auto: EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR Hist Auto list, as provided by EDR, has revealed that there is 1 EDR Hist Auto site within approximately 0.125 miles of the target property.
