## **II. Workforce Development (EEO) and Diversification Rules**

1. In order to achieve the workforce diversification goals of the project, each contractor, supplier, professional service firm or other business providing goods or services is required to ensure that the workforce which it engages to perform work for the project shall demonstrate in terms of the value of the contract and/or contract as amended participation as follows:

## **Business Development and Diversification Principles and Rules**

### **I. Statement of Principles**

1. The capital investment represented by the Syracuse Schools Construction Program creates a unique opportunity for participation of minority-owned business enterprises and women-owned business enterprises. To ensure that contracts for goods and services are placed with qualified minority and women owned business enterprises, the Program Manager will oversee, facilitate, develop and/or implement the following:
  - a. Identify certified MBE and WBE firms available to provide goods and services to the project and to create a reference list for all project participants.
  - b. Identify firms that could/can be certified as MBE or WBE.
  - c. Ensure that contractors and suppliers divide the goods or services to be provided into Scopes, where economically and technically feasible, to create opportunities for participation.
  - d. Coordinate activities and services with organizations such as Chambers of Commerce, Trade groups, and community-based groups/organizations, which promote MBE and/or WBE interests.
  - e. Create the opportunities for mentoring less experienced and/or start-up M/WBE's.
  - f. Encourage the formation of joint ventures, partnerships, or other similar arrangements where feasible.

- g. Create a network for referral for banking and surety credit needs and advocate for the provision of an accelerated payment system, revolving credit and needs for project bonding.
  - h. Develop a methodology which assists contractors, suppliers, professional service firms, or any other business providing goods or services to the project to effectuate the business development and diversification goals of the project and the minimum standards to be attained when providing such goods and services to the project. All contracts shall include remedies and sanctions for non-compliance and identify a means by which inquiries and disputes about the project requirements may be addressed.
2. All contractors, suppliers, professional service firms or other businesses providing goods or services shall comply with the business development and diversification rules set forth in Section II below. In the case of a contract award where compliance cannot be achieved through no fault and/or by act of omission of the contractor, the party required to comply with the workforce diversification rules shall present a plan, to meet the goals of the project in an alternative manner acceptable to the JSCB. In order to present an alternative plan for meeting diversification goals, written evidence must be presented that good faith efforts were made to secure the services of under-represented workers and businesses. In such case, the alternative plan shall be reviewed by the Program Manager and the recommendation of the program manager shall be submitted to the JSCB for approval or rejection within twenty (20) business days from the submission of the alternative plan.

**II. Business Development and Diversification Rules**

- 1. In order to achieve the Business Development goals of the project, each contractor, supplier, professional service firm or other business providing goods or services with a JSCB contract of \$20,000 or more is required to engage a minority and/or women owned business to provide for the following
 

|      |                                       |
|------|---------------------------------------|
| MBE: | 9% of each contract or purchase order |
| WBE  | 6% of each contract or purchase order |
- 2. The value of the work procured from certified MBE's and WBE's to accomplish these goals shall be determined as follows:
  - a. The dollar value of the work contracted to MBE's or WBE's through a purchase order, less any portion of that value paid by the MBE or WBE to any non-MBE or non-WBE manufacturer or producer to provide such goods and services as a subcontractor or sub-supplier to the MBE/WBE.
  - b. The full dollar value of a sub-contract with all M/WBE firms will be counted towards the diversification goals of the project.

- c. In the instance of a joint venture, the percentage of the joint venture's profits (or losses) which are to accrue to the MBE or WBE joint venture partner
  - d. In the case of a certified minority or women owned supplier which is in the business of supplying goods and materials by maintaining accounts with product manufacturers, paying for goods and materials directly, warehouses goods and materials, provide shipping and handling, and conducts its business as an industry supplier and not a broker, the full value of such contract or purchase order shall meet the project goals. In all other instances, only 25% of such contract or purchase order shall meet the project goals.
3. Each contractor, supplier, professional service firm or other businesses providing goods or services shall solicit bids for subcontractors and suppliers from certified MBE's and WBE's including circulation of solicitations to minority contractors, suppliers, trade associations and/or employment and business advocacy groups/organizations. When evaluating bids and/or proposals received, each contractor, supplier, or professional service firm shall act in "good faith" and shall exercise best efforts to assist M/WBE firms to secure such work.
  4. To be deemed an MBE or WBE a certificate and/or letter so designating must be presented prior to contract award. Failure to produce an authentic certificate/letter will result in the firm not receiving an MBE or WBE designation for the project thereby jeopardizing diversification goals.
  5. MBE and WBE designations are honored only for the area/component for which the designation has been provided by an authorizing agent.
  6. The City of Syracuse is the authorizing agent for MBE and WBE designations. The JSCB reserves the right to revise the Diversity plan once the goals of 9% MBE participation and 6% WBE participation are met through City-certified firms.
  7. Each contractor, supplier, professional service firm or other businesses providing goods or service shall provide the Program Manager and the project compliance officer a monthly report demonstrating compliance with the Business Development and Diversification Rules. Reports submitted must provide the data set required by the program manager

8. In the event the prime contractor, supplier, and professional service firm or other business providing goods or service fails to maintain MBE and WBE goals through the duration of the contract, the purchase order of the project, the JSCB can and shall exercise one or more of the following remedies.
  - a. Summon the contractor, supplier or professional service firm or other businesses providing goods or services for a hearing with a JSCB select hearing panel designated by the Board. The hearing shall be held within ten (10) days of notice of non-compliance by the compliance officer.
  - b. Withhold payment of any amounts due pending resolution of the hearing
  - c. Assess liquidated damages in an amount equal to the dollar value that would have been realized if the minority/women workforce had been met.
  - d. Withhold, suspend, cancel or terminate the contract or purchase order.
  - e. Identify such firm as a non-responsive bidder for future contract bids on the project.

**WHEREAS**, the Agency has determined that the financing of the costs of the Syracuse District-Wide Reconstruction Project will assist the SCSD in improving the quality of education in the City and thereby effectuate its public purposes for the benefit of the inhabitants of the City; and

**WHEREAS**, as a result of such negotiations, the JSCB has requested the Agency to issue its bonds from time to time in one or more series through multiple indentures of trust and in an aggregate principal amount not to exceed \$180,000,000 to effect such financing; and

**WHEREAS**, the Agency adopted a resolution on February \_\_, 2008, authorizing the issuance of its revenue bonds to effect such financing and the acquisition of an interest in and to the Facilities by the Agency from the City and the SCSD, the appointment of the JSCB as agent of the Agency and the sale of the Agency's interest in the Facilities to the City and the SCSD; and

**Authorization and Purpose.** This bond is one of an authorized issue of bonds designated as "City of Syracuse Industrial Development Agency, School Facility Revenue Bonds (Syracuse City School District Project), Series 2008A" (hereinafter called the "*Series 2008A Bonds*") issued in the aggregate principal amount of \$47,290.00. The Series 2008A Bonds are being issued under and pursuant to and in full compliance with the Constitution and laws of the State of New York, particularly the New York State Industrial Development Agency Act (constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York), as amended, Chapter 641 of the 1979 Laws of New York, as amended (collectively, the "*Act*"), and Chapter 58 Part 4-A of the Laws of the State, and as may be amended (collectively, the "*Syracuse Schools Act*"), and under and pursuant to a resolution adopted by the members of the Agency on February \_\_, 2008, authorizing the issuance of the Series 2008A Bonds, and under and pursuant to an Indenture of Trust (Series 2008 Project), dated as of February 1, 2008 (as the same may be amended or supplemented, the "*Indenture*"),

made and entered into between the Agency and Manufacturers and Traders Trust Company, Buffalo, New York, as trustee (said bank and any successor thereto under the Indenture being referred to herein as the "Trustee"), for the purpose of financing a portion of the costs of the acquisition, reconstruction, rehabilitation and/or equipping of certain existing school buildings (collectively, the "Facilities") within the City of Syracuse, New York (the "City") of the City School District of the City of Syracuse, a school district of the State of New York (the "SCSD") (the "Series 2008 Project"). Pursuant to a License Agreement (Series 2008 Project), dated as of February 1, 2008 (as the same may be amended or supplemented, the "License"), among the City, the SCSD and the Agency, the City and the SCSD have granted a license to the Agency in and to the Facilities. The Agency has sold its leasehold interest in the Facilities under the License to the City and the SCSD pursuant to an Installment Sale Agreement (Series 2008 Project), dated as of February 1, 2008 (as the same may be amended or supplemented, the "Series 2008A Installment Sale Agreement"), among the Agency, the City, the Syracuse Joint School Construction Board (the "JSCB") and the SCSD. The Installment Sale Agreement requires the payment by the City and the SCSD of (i) Base Installment Purchase Payments (as defined in the Installment Sale Agreement) as scheduled payments equal to the principal of and interest on the Series 2008A Bonds and any Additional Bonds that may be issued under the Indenture (collectively, the "Bonds") as the same become due, and (ii) Reserve Payments (together with the Base Installment Purchase Payments, the "Installment Purchase Payments") to pay deficiencies in the Debt Service Reserve Fund established under the Indenture.

**Pledge and Security.** The obligation of the City and the SCSD to pay Installment Purchase Payments under the Installment Sale Agreement is executory only to the extent of State Aid Revenues (as defined in the State Aid Trust Agreement referred to below), moneys appropriated by the State and available to the City or the SCSD under the Installment Sale Agreement and the State Aid Trust Agreement, and moneys appropriated by the City and the SCSD for such purpose, and no liability on account thereof is incurred by the City and the SCSD beyond the amount of such moneys, *provided, however*, that the failure of the City and the SCSD for any reason (including a failure by the State, the City or the SCSD to appropriate State Aid Revenues) to make an Installment Purchase Payment or an Additional Payment under the Installment Sale Agreement is deemed a failure to make a payment for purposes of the Installment Sale Agreement, the Syracuse Schools Act and the Indenture. Further, the obligation of the City and the SCSD to pay Installment Purchase Payments is not a general obligation of the City or the SCSD and neither the faith and credit of the City or the SCSD nor the taxing powers of the City are pledged to the payment of Installment Purchase Payments. The obligations of the City and the SCSD under the Installment Sale Agreement to pay Installment Purchase Payments in any Fiscal Year of the City and the SCSD constitutes a current expense of the SCSD for such Fiscal Year and shall not constitute an indebtedness of the City or the SCSD within the meaning of any constitutional or statutory provision or other laws of the State of New York (the "State"). The only source of moneys available to the City and the SCSD for the payment of any Installment Purchase Payment coming due under the Installment Sale Agreement shall be moneys comprising State Aid Revenues lawfully appropriated by the State and available therefor from time to time for the benefit of the SCSD, and appropriated for such purpose by the City and the SCSD.

Each of the SCSD, the City, the Trustee as a Series Trustee and Manufacturers and Traders Trust Company, Buffalo, New York, as depository bank (together with its successors or

assigns, the “*Depository Bank*”), have entered into a State Aid Trust Agreement, dated as of February 1, 2008 (as the same may be amended or supplemented, the “*State Aid Trust Agreement*”), to provide for, among other things, the payment of all State Aid Revenues into the State Aid Depository Fund maintained with the Depository Bank for periodic transfer to the Bond Fund established under the Indenture (and the equivalent fund established under each other Series Indenture) toward payment of the Bonds and each other Series of Project Bonds issued under a Series Indenture, and to the extent of any deficiency therein, to the Debt Service Reserve Fund established under the Indenture, and the equivalent fund, if any, established under each other Series Indenture, and the balance to the General Fund (as defined in the State Aid Trust Agreement).

Copies of the Indenture, the Installment Sale Agreement, the License and the State Aid Trust Agreement are on file at the principal corporate trust office of the Trustee at One M & T Plaza, Buffalo, New York, and reference is made to such documents for the provisions relating, among other things, to the terms and security of the Series 2008A Bonds, the charging and collection of installment purchase payments for the Facilities, the custody and application of the proceeds of the Series 2008A Bonds, the rights and remedies of the holders of the Series 2008A Bonds, and the rights, duties and obligations of the Agency, the School Parties and the Trustee.

Pursuant to the Indenture, the Agency has assigned to the Trustee substantially all of its right, title and interest in and to the Installment Sale Agreement, including all rights to receive Base Installment Purchase Payments to pay the principal of and interest on the Series 2008A Bonds as the same become due, and of Reserve Payments to pay deficiencies in the Debt Service Reserve Fund, all to be made by the City and the SCSD pursuant to the Installment Sale Agreement, and all executory only to the extent of State Aid Revenues as provided above.

The Series 2008A Bonds are special obligations of the Agency and shall never constitute a debt of the State of New York nor of the City, and neither the State of New York nor the City shall be liable thereon, nor shall the Series 2008A Bonds be payable out of any funds of the Agency other than those pledged therefor. Reference is hereby made to the Indenture for the definition of any capitalized word or term used but not defined herein and for a description of the property pledged, assigned and otherwise available for the payment of the Series 2008A Bonds, the provisions, among others, with respect to the nature and extent of the security, the rights, duties and obligations of the Agency, the Trustee and the holders of the Series 2008A Bonds, and the terms upon which the Series 2008A Bonds are issued and secured.

**Additional Bonds.** As provided in the Indenture, Additional Bonds may be issued from time to time in one or more series for the purpose of financing the Facilities in connection with the Program or refunding outstanding Bonds. All Bonds issued and to be issued under the Indenture are and will be equally secured by the pledge and covenants made therein, except as may otherwise be expressly provided in the Indenture.

#### **Redemption of Series 2008A Bonds.**

(a) *General Optional Redemption.* The Series 2008A Bonds maturing from May 1, 20\_\_ to and including May 1, 20\_\_ are not subject to optional redemption prior to the maturity thereof. The Series 2008A Bonds maturing on and after May 1, 20\_\_ are subject to redemption,

in whole or in part, at any time on or after May 1, 20\_\_ (but if in part in integral multiples of \$5,000), at the option of the Agency (which option shall be exercised upon the giving of notice by the City of its intention to prepay Base Installment Purchase Payments due under the Installment Sale Agreement), at the Redemption Price equal to the principal amount thereof to be redeemed, plus in each case accrued interest to the redemption date.

(b) *Mandatory Redemption from Excess Bond Proceeds.* The Series 2008A Bonds shall be redeemed at any time in whole or in part (but if in part in integral multiples of \$5,000) by lot prior to maturity in the event and to the extent excess Bond proceeds shall remain after the completion or abandonment of the Series 2008 Project, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the Series 2008A Bonds to be redeemed, together with interest accrued thereon to the date of redemption.

(c) *Redemption Procedures.* If any of the Series 2008A Bonds are to be called for redemption, the Indenture requires a copy of the redemption notice to be mailed at least thirty (30) days prior to such redemption date to the registered owner of each Series 2008A Bond to be redeemed at the address for such owner shown on the registration books. All Series 2008A Bonds so called for redemption will cease to bear interest after the date fixed for redemption if funds for their redemption are on deposit at the place of payment at that time. If notice of redemption shall have been given as aforesaid, the Series 2008A Bonds called for redemption shall become due and payable on the redemption date, provided, however, that with respect to any redemption of the Series 2008A Bonds as provided in paragraph (a) above, such notice shall state that such redemption shall be conditional upon the receipt by the Trustee on or prior to the date fixed for such redemption of moneys sufficient to pay the principal of, redemption premium, if any, and interest on such Series 2008A Bonds to be redeemed, and that if such moneys shall not have been so received said notice shall be of no force and effect and the Agency shall not be required to redeem such Series 2008A Bonds. In the event that such notice of redemption contains such a condition and such moneys are not so received, the redemption shall not be made and the Trustee shall within a reasonable time thereafter give notice, in the manner in which the notice of redemption was given, that such moneys were not so received. If a notice of redemption shall be unconditional, or if the conditions of a conditional notice of redemption shall have been satisfied, then upon presentation and surrender of Series 2008A Bonds so called for redemption at the place or places of payment, such Series 2008A Bonds shall be redeemed:

So long as the Securities Depository is effecting book-entry transfers of the Series 2008A Bonds, the Trustee shall provide the notices specified in the paragraph above only to the Securities Depository. It is expected that the Securities Depository shall, in turn, notify its Participants and that the Participants, in turn, will notify or cause to be notified the Beneficial Owners. Any failure on the part of the Securities Depository or a Participant, or failure on the part of a nominee of a Beneficial Owner of a Series 2008A Bond (having been mailed notice from the Trustee, the Securities Depository, a Participant or otherwise) to notify the Beneficial Owner of the Series 2008A Bond so affected, shall not affect the validity of the redemption of such Series 2008A Bond.

**Payments Due on Saturdays, Sundays and Holidays.** In any case where any payment date of principal or Redemption Price, if any, and/or interest on this bond shall be (i) a Saturday or Sunday, (ii) a day in which banks in the State of New York, or in the city in which the

corporate trust office of the Trustee is located, are authorized or required by law to close, or (iii) a day on which the New York Stock Exchange, Inc. is closed, then payment of such principal or Redemption Price, if any, and/or interest need not be made on such date but may be made on the next succeeding Business Day with the same force and effect as if made on the principal and/or Interest Payment Date or the date fixed for redemption, as the case may be, except that interest shall continue to accrue on any unpaid principal.

**Amendment of Indenture.** The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Agency and the rights of the holders of the Bonds at any time by the Agency with the consent of the Trustee, or, where so provided in the Indenture, the holders of not less than a majority in aggregate principal amount of the Bonds at the time Outstanding thereunder; provided, however, that if any such amendment or modification would affect only a single series of Bonds, then the consent of the holders of not less than a majority in aggregate principal amount of such series of Bonds at the time Outstanding thereunder shall instead be required. Any such consent shall be conclusive and binding upon each such holder and upon all future holders of each Bond and of any such Bond issued upon the transfer thereof, whether or not notation of such consent is made thereon.

**Book-Entry System.** The Series 2008A Bonds are being issued by means of a book-entry system with no physical distribution of bond certificates to be made except as provided in the Indenture. One bond certificate with respect to each date on which the Series 2008A Bonds are stated to mature, registered in the nominee name of the Securities Depository, is being issued and required to be deposited with the Securities Depository and immobilized in its custody or its agent. The book-entry system will evidence positions held in the Series 2008A Bonds by the Securities Depository's Participants, beneficial ownership of the Series 2008A Bonds in authorized denominations being evidenced in the records of such Participants. Transfers of ownership shall be effected on the records of the Securities Depository and its Participants pursuant to rules and procedures established by the Securities Depository and its Participants. The Agency and the Trustee will recognize the Securities Depository nominee, while the registered owner of this bond, as the owner of this bond for all purposes, including (i) payments of principal of, redemption premium, if any, and interest on this bond, (ii) notices, and (iii) voting. Transfer of principal, and interest and any redemption premium payments to Participants of the Securities Depository, and transfer of principal, Redemption Price, and interest payments to Beneficial Owners of the Series 2008A Bonds by Participants of the Securities Depository will be the responsibility of such Participants and other nominees of such Beneficial Owners. The Agency and the Trustee will not be responsible or liable for such transfers of payments or for maintaining, supervising or reviewing the records maintained by the Securities Depository, the Securities Depository nominee, its Participants or persons acting through such Participants. While the Securities Depository nominee is the owner of this bond, notwithstanding the provision hereinabove contained, payments of principal of, redemption premium, if any, and interest on this bond shall be made in accordance with existing arrangements among the Agency, the Trustee and the Securities Depository.

**Denominations.** The Series 2008A Bonds are issuable in the form of fully registered bonds in the minimum denomination of \$5,000 or any integral multiple thereof.

**Exchange of Series 2008A Bonds.** The holder of this bond may surrender the same, at the principal corporate trust office of the Trustee, in exchange for an equal aggregate principal amount of Series 2008A Bonds of any of the authorized denominations of the same maturity and maturities as this bond or the Series 2008A Bonds so surrendered, subject to the conditions and upon payment of the charges provided in the Indenture. However, the Trustee will not be required to (i) transfer or exchange any Series 2008A Bonds during the period between a Record Date and the following Interest Payment Date or during the period of fifteen (15) days next preceding any day for the selection of Series 2008A Bonds to be redeemed, or (ii) transfer or exchange any Series 2008A Bonds selected, called or being called for redemption in whole or in part.

**Transfer of Series 2008A Bonds.** This bond is transferable, as provided in the Indenture, only upon the books of the Agency kept for that purpose at the corporate trust office of the Trustee by the registered owner hereof in person, or by his duly authorized attorney-in-fact, upon surrender of this bond (together with a written instrument of transfer in the form appearing on this bond duly executed by the registered owner or his duly authorized attorney-in-fact with a guaranty of the signature thereon by a member of the Stock Exchanges Medallion Program or the New York Stock Exchange, Inc. Medallion Signature Program in accordance with Securities and Exchange Commission Rule 17Ad-15), and thereupon a new fully registered Series 2008A Bond in the same aggregate principal amount shall be issued to the transferee in exchange therefor as provided in the Indenture and upon payment of the charges therein prescribed. The Agency, the School Parties, the Bond Registrar, the Trustee and any Paying Agent may deem and treat the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or Redemption Price hereof, and interest due hereon and for all other purposes whatsoever.

**No Acceleration of Series 2008A Bonds.** In no event shall the principal of any Series 2008A Bond be declared due and payable in advance of its final stated maturity.

**Limitation on Bondholder Enforcement Rights.** The holder of this bond shall have no right to enforce the provisions of the Indenture, to institute action to enforce the provisions and covenants thereof or to institute, appear in or defend any suit or other proceedings with respect thereto, except as provided in the Indenture.

**Special Obligation of the Agency.** This bond and the issue of which it forms a part are special obligations of the Agency, payable by the Agency solely out of the installment purchase payments, revenues or other receipts, funds or moneys of the Agency pledged under the Indenture and from any amounts otherwise available under the Indenture for the payment of the Series 2008A Bonds.

**Estoppel Clause.** It is hereby certified, recited and declared that all conditions, acts and things required by law and the Indenture to exist, to have happened and to have been performed precedent to and in the issuance of this bond, exist, have happened and have been performed, and that the issuance of this bond and the issue of which it forms a part are within every debt and other limit prescribed by the laws of the State of New York.

**No Personal Liability.** Neither the members, directors, officers or agents of the Agency nor any person executing this bond shall be liable personally or be subject to any personal liability or accountability by reason of the issuance hereof.

**Authentication by Trustee.** This bond shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Indenture until the certificate of authentication hereon shall have been signed by the Trustee.

### III

All right, title and interest of the Agency in and to the State Aid Revenues pursuant to the Syracuse Schools Act, subject, however, (i) to the right of the Agency or any other public entity to make any future pledges, of no greater priority than the pledge effected under this Indenture, of its respective right, title and interest in and to the State Aid Revenues pursuant to the Syracuse Schools Act, and (ii) to the right of the Agency to receive State Aid Revenues, for application in the priority set forth in Section 5.4 hereof, in satisfaction of the Agency's Reserved Rights (which Reserved Rights may be enforced by the Agency and/or the Trustee, jointly or severally).

Interest shall be computed on the basis of a 360-day year of twelve 30-day months. Notwithstanding anything herein to the contrary, the interest rate borne by the Series 2008A Bonds shall not exceed the maximum permitted by, or enforceable under, applicable law.

(c) The Series 2008A Bonds shall be numbered from R-1 upward in consecutive numerical order. Series 2008A Bonds issued upon any exchange or transfer hereunder shall be numbered in such manner as the Trustee in its discretion shall determine.

(d) The principal or Redemption Price of the Series 2008A Bonds shall be payable at the corporate trust office of the Trustee at Manufacturers and Traders Trust Company, Buffalo, New York, as Paying Agent, or at the corporate trust office of any successor Paying Agent.

(e) Interest on the Series 2008A Bonds shall be payable to the Person appearing on the registration books of the Trustee as the registered owner thereof on the Record Date next preceding the Interest Payment Date (1) by check or draft mailed on the Interest Payment Date to the registered owner or (2) by wire or bank transfer on the Interest Payment Date to any owner of at least \$1,000,000 in aggregate principal amount of Series 2008A Bonds upon written notice provided by the owner to the Trustee not later than five (5) days prior to the Record Date for such interest payment (which request shall remain in effect until revoked); except that if and to the extent there shall be a default in the payment of the interest due on any Interest Payment Date, the defaulted interest shall be paid to the owners in whose names the Series 2008A Bonds are registered at the close of business on a special record date to be fixed by the Trustee (the "*Special Record Date*") which date shall be not more than fifteen (15) nor less than ten (10) days next preceding the date of payment of the defaulted interest. Notice of the payment of such defaulted interest and the Special Record Date so fixed will be mailed by the Trustee to each owner of the Series 2008A Bonds not less than ten (10) days prior to the Special Record Date. Interest payments made by check or draft shall be mailed to each owner at his address as it appears on the registration books of the Trustee on the applicable Record Date or at such other address as he or she may have filed with the Trustee for that purpose and appearing on the registration books of the Trustee on the applicable Record Date. (f) Each Series 2008A Bond shall bear interest from the Bond Date indicated thereon, if authenticated prior to the first Interest Payment Date. If authenticated on or after the first Interest Payment Date, in exchange for or upon the registration of transfer of Series 2008A Bonds, such Series 2008A Bond shall bear interest from and including the Interest Payment Date next preceding the date of authentication thereof, unless the date of such authentication shall be an Interest Payment Date to which interest thereon has been paid in full or duly provided for, in which case, such Series 2008A Bond shall bear interest from and including such Interest Payment Date.

(g) The Series 2008A Bonds are issuable in the form of fully registered bonds in the minimum denomination of \$5,000 or any integral multiple thereof.

(h) Anything in the Series 2008A Bonds or in this Indenture to the contrary notwithstanding, the obligations of the Agency hereunder and under the Series 2008A Bonds shall be subject to the limitation that payments of interest or other amounts on the Series 2008A Bonds shall not be required to the extent that receipt of any such payment by a Holder of a Series 2008A Bond would be contrary to the provisions of law applicable to such Holder which

would limit the maximum rate of interest which may be charged or collected by such Holder of a Series 2008A Bond.

**Section 2.3. Redemption of Series 2008A Bonds.**

(a) *General Optional Redemption.* The Series 2008A Bonds maturing from May 1, 20\_\_ to and including May 1, 20\_\_ are not subject to optional redemption prior to the maturity thereof. The Series 2008A Bonds maturing on and after May 1, 20\_\_ shall be subject to redemption, in whole or in part at any time on or after May 1, 20\_\_ (but if in part in integral multiples of \$5,000), at the option of the Agency (which option shall be exercised upon the giving of notice by an Authorized Representative of the City of its intention to prepay Base Installment Purchase Payments due under the Installment Sale Agreement), at the Redemption Price equal to the principal amount thereof to be redeemed, plus accrued interest to the date of redemption.

(b) *Mandatory Redemption.* The Series 2008A Bonds shall be redeemed at any time in whole or in part (but if in part in integral multiples of \$5,000) by lot prior to maturity in the event and to the extent (i) excess Bond proceeds shall remain after the completion or abandonment of the Series 2008 Project, or (ii) moneys are transferred to the Bond Fund pursuant to Article V hereof or paid to the Trustee pursuant to the Installment Sale Agreement for deposit into the Bond Fund upon receipt of property insurance or condemnation proceeds or proceeds of a conveyance of one or more Facilities in lieu of condemnation, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the Series 2008A Bonds to be redeemed, together with interest accrued thereon to the date of redemption.

(c) Redemption of Series 2008A Bonds permitted or required by this Article II shall be made as follows, and the Trustee shall give the notice of redemption required by Section 6.3 hereof in respect of each such redemption:

(1) Redemption shall be made pursuant to the general optional redemption provisions of Section 2.3(a) hereof at such times as are permitted under such Section and in such principal amounts as the City shall request in a written notice to the Trustee in accordance with the Installment Sale Agreement.

(2) Redemption shall be made pursuant to the mandatory redemption provisions of Section 2.3(b) hereof on the dates specified therein, without the necessity of any instructions or further act of the School Parties.

(d) In the event of any redemption in part of the Series 2008A Bonds, in selecting Series 2008A Bonds for redemption, the Trustee shall treat each such Series 2008A Bond as representing that number of Series 2008A Bonds which is obtained by dividing the principal amount of such registered Bond by \$5,000 (referred to below as a "unit") rounded down to the integral multiple of such minimum denomination. If it is determined that one or more, but not all, of the units of principal amount represented by any such Series 2008A Bond is to be called for redemption, then, upon notice of intention to redeem such unit or units, the Holder of such Series 2008A Bond shall forthwith surrender such Series 2008A Bond to the Trustee for (y) payment to such Holder of the Redemption Price of the unit or units of principal

amount called for redemption and (z) delivery to such Holder of a new Series 2008A Bond or Bonds in the aggregate unpaid principal amount of the unredeemed balance of the principal amount of such Series 2008A Bond. New Series 2008A Bonds of the same maturity representing the unredeemed balance of the principal amount of such Series 2008A Bond shall be issued to the registered Holder thereof, without charge therefor. If the Holder of any such Series 2008A Bond of a denomination greater than \$5,000 shall fail to present such Series 2008A Bond to the Trustee for payment and exchange as aforesaid, such Series 2008A Bond shall, nevertheless, become due and payable on the date fixed for redemption to the extent of the unit or units of principal amount called for redemption (and to that extent only).

**Section 2.4. Delivery of Series 2008A Bonds.** The Series 2008A Bonds shall be executed in the form and manner set forth in this Indenture and shall be deposited with the Trustee and thereupon shall be authenticated by the Trustee. Upon payment to the Trustee of the proceeds of sale of the Series 2008A Bonds including the interest, if any, accrued on the Series 2008A Bonds to the date of delivery, the Series 2008A Bonds shall be delivered by the Trustee on behalf of the Agency to or upon the order of the purchaser(s) thereof, but only upon receipt by the Trustee of:

- (a) a copy, duly certified by the Chairman, Vice Chairman or Secretary of the Agency, of the Bond Resolution;
- (b) an original executed counterpart of all Security Documents;
- (c) a written opinion by Hiscock & Barclay, LLP to the effect that the issuance of the Series 2008A Bonds and the execution thereof have been duly authorized and that all conditions precedent to the delivery thereof have been fulfilled; and
- (d) the written order to the Trustee executed by an Authorized Representative of the Agency to authenticate and make available for delivery the Series 2008A Bonds to the purchaser(s) therein identified upon payment to the Trustee for the account of the Agency of the purchase price therein specified, plus accrued interest, if any.

**Section 2.5. Execution of Bonds.** The Bonds shall be executed on behalf of the Agency by the manual or facsimile signature of the Chairman or Vice Chairman of the Agency, and the seal of the Agency shall be affixed thereto or imprinted thereon and attested by the manual or facsimile signature of the Secretary of the Agency. Any facsimile signatures shall have the same force and effect as if the appropriate officers had personally signed each of said Bonds. In case one or any of the officers who shall have signed or attested the Bonds or whose reproduced facsimile signature appears thereon shall cease to be such officer or officers before the Bonds so signed and attested shall have been actually issued and delivered, the Bonds may be issued and delivered as though the person who signed or attested or whose reproduced facsimile signature appears on the Bonds had not ceased to be such officer. Neither the members, directors, officers or agents of the Agency nor any person executing the Bonds shall be liable personally or be subject to any personal liability or accountability by reason of the issuance thereof.

**Section 2.6. Authentication.** Only such Bonds as shall have endorsed thereon a certificate of authentication, in substantially the form set forth in the Form of Bond in the recitals of this Indenture, duly executed by the Trustee, shall be entitled to any right or benefit under this Indenture. No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Indenture unless and until such certificate of authentication on such Bond shall have been duly executed by the Trustee, and such certificate of the Trustee upon any such Bond shall be conclusive evidence that such Bond has been duly authenticated and delivered under this Indenture. The Trustee shall note, with respect to each Bond to be authenticated under this Indenture in the space provided in the certificate of authentication for such Bond, the date of the authentication and delivery of such Bond. The Trustee's certificate of authentication on any Bond shall be deemed to have been duly executed if signed by an authorized officer or signatory of the Trustee, but it shall not be necessary that the same officer or signatory sign the certificate of authentication on all of the Bonds.

**Section 2.7. Additional Bonds.**

(a) So long as the Installment Sale Agreement is in effect and no Event of Default exists thereunder, one or more Series of Additional Bonds may be issued, authenticated and delivered upon original issuance for the purpose of (i) financing Facilities in connection with the Program, or (ii) refunding Outstanding Bonds. Such Series of Additional Bonds shall be payable from the Base Installment Purchase Payments under the Installment Sale Agreement. Prior to the issuance of a Series of Additional Bonds and the execution of a Supplemental Indenture in connection therewith, (except in the case of Refunding Bonds (as defined herein)) the City, the SCSD and the Agency shall enter into an license agreement or lease agreement to grant an interest in he Facilities to the Agency unless the License shall then be in effect, and each of the School Parties shall enter into an amendment to the Installment Sale Agreement to subject the Facility(ies) to the Installment Sale Agreement and to provide, among other things, that the Base Installment Purchase Payments payable under the Installment Sale Agreement shall be increased and computed so as to amortize in full the principal of and interest on the Bonds, including such Series of Additional Bonds. In addition, each of the School Partics and the Agency shall enter into an amendment to the Tax Compliance Certificate.

(b) Each such Series of Additional Bonds shall be deposited with the Trustee and thereupon shall be authenticated by the Trustee. Upon payment to the Trustee of the proceeds of sale of the Additional Bonds, they shall be made available by the Trustee for pick-up by the order of the purchaser or purchasers thereof, but only upon receipt by the Trustee of:

(1) a copy of the resolution, duly certified by the Secretary or Assistant Secretary of the Agency, authorizing, issuing and awarding the Additional Bonds to the purchaser or purchasers thereof and providing the terms thereof and authorizing the execution of any Supplemental Indenture and any amendments of or supplements to the License and the Installment Sale Agreement;

(2) original executed counterparts of the Supplemental Indenture and an amendment of or supplement to the License and the Installment Sale Agreement, expressly providing that, to the extent applicable, for all purposes of

the Supplemental Indenture, the License and the Installment Sale Agreement, the Facilities referred to therein and the premises licensed pursuant to the License, as applicable, and sold under the Installment Sale Agreement, shall include the buildings, structures, improvements, machinery, equipment or other facilities being financed, and the Bonds referred to therein shall mean and include the Additional Bonds being issued as well as the Bonds now being issued and any Additional Bonds theretofore issued;

(3) a written opinion by Nationally Recognized Bond Counsel, to the effect that the issuance of the Additional Bonds and the execution thereof have been duly authorized, that all conditions precedent to the delivery thereof have been fulfilled, and that the issuance of the Additional Bonds will not cause the interest on any Series of Bonds Outstanding to become includable in gross income for federal income tax purposes;

(4) except in the case of Refunding Bonds (defined below) refunding all Outstanding Bonds, a certificate of an Authorized Representative of each of the School Parties to the effect that the License, the Tax Compliance Certificate and the Installment Sale Agreement continues in full force and effect and that there is no Event of Default nor any event which upon notice or lapse of time or both would become an Event of Default;

(5) an amount for deposit in the Debt Service Reserve Fund so as to make the amount on deposit in such Fund equal to the Debt Service Reserve Requirement after taking into account the issuance of such Additional Bonds;

(6) an original, executed counterpart of the amendment, if any, to the Tax Compliance Certificate; and

(7) a written order to the Trustee executed by an Authorized Representative of the Agency to authenticate and make available for pick-up the Series of Additional Bonds to the purchaser or purchasers therein identified upon payment to the Trustee of the purchase price therein specified, plus accrued interest, if any.

(c) (1) Upon the request of the JSCB, one or more Series of Additional Bonds may be authenticated and made available for pick-up upon original issuance to refund ("*Refunding Bonds*") all Outstanding Bonds or any Series of Outstanding Bonds or any part of one or more Series of Outstanding Bonds. Bonds of a Series of Refunding Bonds shall be issued in a principal amount sufficient, together with other moneys available therefor, to accomplish such refunding and to make such deposits required by the provisions of this Indenture and of the resolution authorizing said Series of Refunding Bonds. In the case of the refunding under this Section 2.7 of less than all Bonds Outstanding of any Series or of any maturity within such Series, the Trustee shall proceed to select such Bonds in accordance with Section 6.2 hereof.

(2) Refunding Bonds may be authenticated and made available for delivery only upon receipt by the Trustee (in addition to the receipt by it of the documents required by Section 2.7(b) hereof, as may be applicable) of:

(A) Irrevocable instructions from the Agency to the Trustee, satisfactory to it, to give due notice of redemption pursuant to Section 6.3 hereof to the Holders of all the Outstanding Bonds to be refunded prior to maturity on the redemption date specified in such instructions; and

(B) Either:

(i) moneys in an amount sufficient to effect payment at maturity or upon redemption at the applicable Redemption Price of the Bonds to be refunded, together with accrued interest on such Bonds to the maturity or redemption date, which moneys shall be held by the Trustee or any Paying Agent in a separate account irrevocably in trust for and assigned to the respective Holders of the Outstanding Bonds being refunded, or

(ii) Defeasance Obligations in such principal amounts, having such maturities, bearing such interest, and otherwise having such terms and qualifications, as shall be necessary to comply with the provisions of Section 10.1 hereof, and any moneys required pursuant to said Section (with respect to all Outstanding Bonds or any part of one or more series of Outstanding Bonds being refunded), which Defeasance Obligations and moneys shall be held in trust and used only as provided in said Section 10.1.

(3) The City shall furnish to the Trustee and the Agency at the time of delivery of the Series of Refunding Bonds a certificate of an independent certified public accountant stating that the Trustee and/or the Paying Agent (and/or any escrow agent as shall be appointed in connection therewith) hold in trust the moneys or such Defeasance Obligations and moneys required to effect such payment at maturity or earlier redemption.

(d) Each Series of Additional Bonds issued pursuant to this Section shall be equally and ratably secured under this Indenture with the Series 2008A Bonds and all other Series of Additional Bonds, if any, issued pursuant to this Section, without preference, priority or distinction of any Bond over any other Bonds except as expressly provided in or permitted by this Indenture.

(e) Notwithstanding anything herein to the contrary no Series of Additional Bonds shall be issued unless the State Aid Trust Agreement, the Tax Compliance Certificate and the Installment Sale Agreement are in effect and at the time of issuance there is no Event of Default nor any event which upon notice or lapse of time or both would become an Event of Default. Each Series of Additional Bonds shall be designated by name and by Series and shall have separate funds and accounts.

**Section 2.8. Limitation of Agency's Liability.** Anything in this Indenture, the Bonds, the Installment Sale Agreement or any other Project Document to the contrary notwithstanding, any obligations of the Agency under this Indenture or the Bonds or under the Installment Sale Agreement or under any other Project Document or related document for the payment of money shall not create a debt of the State or the City and neither the State nor the City shall be liable on any obligation so incurred, but any such obligation shall be a special obligation of the Agency secured and payable solely as provided in this Indenture.

**Section 2.9. Book-Entry Bonds.**

(a) Except as provided in subsection (c) below, the Holder of all of the Series 2008A Bonds shall be DTC (the "*Securities Depository*") and the Series 2008A Bonds shall be registered in the name of Cede & Co., as nominee for DTC. Payment of interest for any Series 2008A Bond registered in the name of Cede & Co. shall be made by wire transfer of New York Clearing House or equivalent same day funds to the account of Cede & Co. on the Interest Payment Date for the Series 2008A Bonds at the address indicated for Cede & Co. in the registration books of the Agency kept by the Trustee. It is anticipated that during the term of the Series 2008A Bonds, the Securities Depository will make book-entry transfers among its Participants and receive and transmit payment of principal of, Redemption Price of and interest on the Series 2008A Bonds to the Participants until and unless the Trustee authenticates and delivers replacement bonds to the Beneficial Owners as described in paragraph (c) below.

(b) The Series 2008A Bonds shall be initially issued in the form of a separate single authenticated fully registered certificate for each maturity of the Series 2008A Bonds. Upon initial issuance, the ownership of such Series 2008A Bonds shall be registered in the registration books of the Agency kept by the Trustee in the name of Cede & Co., as nominee of DTC. The Trustee, the Bond Registrar, the Paying Agent and the Agency shall treat DTC (or its nominee) as the sole and exclusive Holder of the Series 2008A Bonds registered in its name for the purposes of payment of the principal or Redemption Price of or interest on the Series 2008A Bonds, selecting the Series 2008A Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Holders of Series 2008A Bonds under this Indenture, registering the transfer of Series 2008A Bonds, obtaining any consent or other action to be taken by Holders of the Series 2008A Bonds and for all other purposes whatsoever; and neither the Trustee, the Bond Registrar, the Paying Agent, the School Parties, nor the Agency shall be affected by any notice to the contrary. Neither the Trustee, the Bond Registrar, the Paying Agent nor the Agency shall have any responsibility or obligation to any Participant, any Person claiming a beneficial ownership interest in the Series 2008A Bonds under or through DTC or any Participant, or any other Person which is not shown on the registration books of the Trustee as being a Holder, with respect to the accuracy of any records maintained by DTC or any Participant; the payment of DTC or any Participant of any amount in respect of the principal or Redemption Price of or interest on the Series 2008A Bonds; any notice which is permitted or required to be given to Bondholders under this Indenture or any other Security Documents; the selection by DTC or any Participant of any Person to receive payment in the event of a partial redemption of the Series 2008A Bonds; or any consent given or other action taken by DTC as Bondholder. The Trustee shall pay all principal of, redemption premium, if any, and interest on the Series 2008A Bonds only to or "upon the order of" (as that term is used in the Uniform Commercial Code as adopted in the State) DTC, and all such payments shall be valid and

effective to fully satisfy and discharge the Agency's obligations with respect to the principal of, and redemption premium, if any, and interest on the Series 2008A Bonds to the extent of the sum or sums so paid. Except as otherwise provided in subsection (c) below, no Person other than DTC shall receive an authenticated Series 2008A Bond certificate evidencing the obligation of the Agency to make payments of principal of, and redemption premium, if any, and interest pursuant to this Indenture. Upon delivery by DTC to the Trustee of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions of this Indenture with respect to transfers of Bonds, the word "Cede & Co." in this Indenture shall refer to such new nominee of DTC.

(c) In the event the Agency determines that it is in the best interest of the Beneficial Owners that they be able to obtain Series 2008A Bond certificates, the Agency may notify DTC and the Trustee, whereupon DTC will notify the Participants, of the availability through DTC of Series 2008A Bond certificates. In such event, the Trustee shall issue, transfer and exchange Series 2008A Bond certificates as requested by DTC in appropriate amounts within the guidelines set forth in this Indenture. DTC may determine to discontinue providing its services with respect to the Series 2008A Bonds at any time by giving written notice to the Agency and the Trustee and discharging its responsibilities with respect thereto under applicable law. Under such circumstances (if there is no successor securities depository), the Agency and the Trustee shall be obligated to deliver Series 2008A Bond certificates as described in this Indenture. In the event Series 2008A Bond certificates are issued, the provisions of this Indenture shall apply to, among other things, the transfer and exchange of such certificates and the method of payment of principal of, redemption premium, if any, and interest on such certificates. Whenever DTC requests the Agency and the Trustee to do so, the Agency will direct the Trustee (at the sole cost and expense of the SCSD) to cooperate with DTC in taking appropriate action after reasonable notice (i) to make available one or more separate certificates evidencing the Series 2008A Bonds to any DTC Participant having Series 2008A Bonds credited to its DTC account or (ii) to arrange for another securities depository to maintain custody of certificates evidencing the Series 2008A Bonds.

(d) Notwithstanding any other provision of this Indenture to the contrary, so long as any Series 2008A Bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to the principal of, and redemption premium, if any, and interest on such Series 2008A Bond and all notices with respect to such Series 2008A Bond shall be made and given, respectively, to DTC as provided in the Representation Letter.

(e) In connection with any notice or other communication to be provided to Bondholders pursuant to this Indenture or any other Security Document by the Agency or the Trustee with respect to any consent or other action to be taken by Bondholders, the Agency or the Trustee, as the case may be, shall establish a record date for such consent or other action and give DTC notice of such record date not less than fifteen (15) calendar days in advance of such record date to the extent possible. Such notice to DTC shall be given only when DTC is the sole Bondholder.

(f) NEITHER THE AGENCY, THE SCHOOL PARTIES NOR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO THE PARTICIPANTS OR THE BENEFICIAL OWNERS WITH RESPECT TO (1) THE

ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY PARTICIPANT; (2) THE PAYMENT BY DTC OR ANY PARTICIPANT OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT, REDEMPTION PRICE OF OR INTEREST ON THE SERIES 2008A BONDS; (3) THE DELIVERY BY DTC OR ANY PARTICIPANT OF ANY NOTICE TO ANY BENEFICIAL OWNER WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE INDENTURE TO BE GIVEN TO BONDHOLDERS; OR (4) THE SELECTION OF THE BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE SERIES 2008A BONDS.

SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE SERIES 2008A BONDS, AS NOMINEE OF DTC, REFERENCES HEREIN TO THE SERIES 2008A BONDHOLDERS OR REGISTERED HOLDERS OF THE SERIES 2008A BONDS SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE SERIES 2008A BONDS.

(g) For so long as the Holder of all of the Series 2008A Bonds shall be DTC, and all Series 2008A Bonds shall be registered in the name of Cede & Co. as nominee for DTC, only DTC may tender Series 2008A Bonds upon redemption or retirement.

(h) In the event the Securities Depository resigns, is unable to properly discharge its responsibilities, or is no longer qualified to act as a securities depository and registered clearing agency under the Securities and Exchange Act of 1934, as amended, the City, with the consent of the Agency, which shall not be unreasonably withheld, may appoint a successor Securities Depository provided the Trustee receives written evidence satisfactory to the Trustee with respect to the ability of the successor Securities Depository to discharge its responsibilities. Any such successor Securities Depository shall be a securities depository which is a registered clearing agency under the Securities and Exchange Act of 1934, as amended, or other applicable statute or regulation that operates a securities depository upon reasonable and customary terms. The Trustee upon its receipt of a Series 2008A Bond or Bonds for cancellation shall cause the delivery of Series 2008A Bonds to the successor Securities Depository in appropriate denominations and form as provided herein.

**Section 2.10. Duties with Respect to the Bond Insurance Policy.** As long as the Bond Insurance Policy shall be in force and effect, the Trustee agrees to comply with the following procedures, and the registered owners of the Series 2008A Bonds irrevocably designate, appoint, direct and authorize the Trustee to act as attorney-in-fact for such owners in connection with the following procedures:

(a) Amounts paid by the Bond Insurer under the Bond Insurance Policy shall not be deemed paid for purposes of the Indenture and shall remain Outstanding and continue to be due and owing until paid in accordance with the Indenture. The Indenture shall not be discharged unless all amounts due or to become due to the Bond Insurer have been paid in full or duly provided for.

(b) Claims Upon the Insurance Policy and Payments by and to the Bond Insurer: If, on the third Business Day prior to the related scheduled interest payment date or

principal payment date (“*Payment Date*”) there is not on deposit with the Trustee, after making all transfers and deposits required under the Indenture, moneys sufficient to pay the principal of and interest on the Series 2008A Bonds due on such Payment Date, the Trustee shall give notice to the Bond Insurer and to its designated agent (if any) (the “*Bond Insurer’s Fiscal Agent*”) by telephone or teletype of the amount of such deficiency by 12:00 noon, New York City time, on such Business Day. If, on the second Business Day prior to the related Payment Date, there continues to be a deficiency in the amount available to pay the principal of and interest on the Series 2008A Bonds due on such Payment Date, the Trustee shall make a claim under the Bond Insurance Policy and give notice to the Bond Insurer and the Bond Insurer’s Fiscal Agent (if any) by telephone of the amount of such deficiency, and the allocation of such deficiency between the amount required to pay interest on the Series 2008A Bonds and the amount required to pay principal of the Series 2008A Bonds, confirmed in writing to the Bond Insurer and the Bond Insurer’s Fiscal Agent by 12:00 noon, New York City time, on such second Business Day by filling in the form of Notice of Claim and Certificate delivered with the Bond Insurance Policy.

(c) In the event the claim to be made is for a mandatory Sinking Fund Installment redemption, upon receipt of the moneys due, the Trustee shall authenticate and deliver to affected Holders of Series 2008A Bonds who surrender their Series 2008A Bonds a new Series 2008A Bond or Bonds in an aggregate principal amount equal to the unredeemed portion of the Series 2008A Bond surrendered. The Trustee shall designate any portion of payment of principal on Series 2008A Bonds paid by the Bond Insurer, whether by virtue of mandatory Sinking Fund redemption, maturity or other advancement of maturity, on its books as a reduction in the principal amount of Series 2008A Bonds registered to the then current Bondholder, whether DTC or its nominee or otherwise, and shall issue a replacement Series 2008A Bond to the Bond Insurer, registered in the name of \*\*, in a principal amount equal to the amount of principal so paid (without regard to authorized denominations); provided that the Trustee’s failure to so designate any payment or issue any replacement Series 2008A Bond shall have no effect on the amount of principal or interest payable by the Agency on any Series 2008A Bond or the subrogation rights of the Bond Insurer.

(d) The Trustee shall keep a complete and accurate record of all funds deposited by the Bond Insurer into the Policy Payments Account (defined below) and the allocation of such funds to payment of interest on and principal paid in respect of any Series 2008A Bond. The Bond Insurer shall have the right to inspect such records at reasonable times upon reasonable notice to the Trustee.

(e) Upon payment of a claim under the Bond Insurance Policy the Trustee shall establish a separate special purpose trust account for the benefit of Holders of Series 2008A Bonds referred to herein as the “*Policy Payments Account*” and over which the Trustee shall have exclusive control and sole right of withdrawal. The Trustee shall receive any amount paid under the Bond Insurance Policy in trust on behalf of the Holders of Series 2008A Bonds and shall deposit any such amount in the Policy Payments Account and distribute such amount only for purposes of making the payments for which a claim was made. Such amounts shall be disbursed by the Trustee to the Holders of Series 2008A Bonds in the same manner as principal and interest payments are to be made with respect to the Series 2008A Bonds under the sections hereof regarding payment of the Series 2008A Bonds. It shall not be necessary for such payments to be made by checks or wire transfers separate from the check or wire transfer used to

pay debt service with other funds available to make such payments. Notwithstanding anything to the contrary otherwise set forth in the Indenture, and to the extent permitted by law, in the event amounts paid under the Bond Insurance Policy are applied to claims for payment of principal of or interest on the Series 2008A Bonds, interest on such principal of and interest on such Series 2008A Bonds shall, to the extent permitted by law, accrue and be payable from the date of such payment at the greater of (i) the per annum rate of interest, publicly announced from time to time by **[JPMorgan Chase Bank]** or its successor at its principal office in The City of New York, as its prime or base lending rate plus three percent (3%) per annum, and (ii) the then applicable rate of interest on the Series 2008A Bonds provided that in no event shall such rate exceed the maximum rate permissible under applicable usury or similar laws limiting interest rates.

(f) Funds held in the Policy Payments Account shall not be invested by the Trustee and may not be applied to satisfy any costs, expenses or liabilities of the Trustee. Any funds remaining in the Policy Payments Account following a Series 2008A Bond payment date shall promptly be remitted to the Bond Insurer.

(g) The Bond Insurer shall, to the extent it makes any payment of principal of (or, in the case of Capital Appreciation Bonds, accreted value) or interest on the Series 2008A Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of the Bond Insurance Policy. The obligations to the Bond Insurer shall survive discharge or termination of the Security Documents.

(h) The Bond Insurer shall be entitled to pay principal (or, in the case of Capital Appreciation Bonds, accreted value) or interest on the Series 2008A Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Agency (as such terms are defined in the Bond Insurance Policy), whether or not the Bond Insurer has received a Notice of Nonpayment (as such terms are defined in the Bond Insurance Policy) or a claim upon the Bond Insurance Policy.

## ARTICLE III

### GENERAL TERMS AND PROVISIONS OF BONDS

**Section 3.1. Date of Bonds.** The Series 2008A Bonds shall be dated their original date of issuance (subject to the provisions set forth below with respect to transfers and exchanges). Bonds authenticated prior to the first Interest Payment Date shall bear interest from their date. Bonds issued in exchange for or upon the registration of transfer of Bonds on or after the first Interest Payment Date thereon shall bear interest from and including the Interest Payment Date next preceding the date of the authentication thereof, unless the date of such authentication shall be an Interest Payment Date to which interest on the Bonds has been paid in full or duly provided for, in which case they shall bear interest from and including such Interest Payment Date; *provided that* if, as shown by the records of the Trustee, interest on the Bonds shall be in default, Bonds issued in exchange for or upon the registration of transfer of Bonds shall bear interest from the date to which interest has been paid in full on the Bonds, or if no interest has been paid on the Bonds, the date of the first delivery of fully executed and authenticated Bonds hereunder.

**Section 3.2. Form and Denominations.** Bonds shall be issued in fully registered form, without coupons, in the minimum denomination of \$5,000 and any integral multiple thereof not exceeding the aggregate principal amount of Bonds of the same series, maturity and interest rate as the Bond for which the denomination is to be specified. Subject to the provisions of Section 3.3 hereof, the Bonds shall be in substantially the form set forth in the recitals to this Indenture, with such variations, omissions and insertions as are permitted or required by this Indenture.

**Section 3.3. Legends.** Each Bond shall contain on the face thereof a statement to the effect that "THIS BOND SHALL NEVER CONSTITUTE A DEBT OR INDEBTEDNESS OF THE STATE OF NEW YORK NOR OF CITY OF SYRACUSE, NEW YORK, AND NEITHER THE STATE OF NEW YORK NOR CITY OF SYRACUSE, NEW YORK SHALL BE LIABLE HEREON, NOR SHALL THIS BOND BE PAYABLE OUT OF ANY FUNDS OF THE CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY OTHER THAN THOSE PLEDGED THEREFOR." The Bonds may in addition contain or have endorsed thereon such provisions, specifications and descriptive words not inconsistent with the provisions of this Indenture as may be necessary or desirable to comply with custom or otherwise as may be determined by the Agency prior to the delivery thereof.

**Section 3.4. Medium of Payment.** The principal or Redemption Price, if any, of, and interest on the Bonds shall be payable in any coin or currency of the United States of America which, on the respective dates of payment thereof, is legal tender for the payment of public and private debts. Such payment may be made as provided in Section 2.2 hereof.

**Section 3.5. Bond Details.** Subject to the provisions hereof, the Bonds shall be dated, shall mature in such years and such amounts, shall bear interest at such rate or rates per annum, shall be subject to redemption on such terms and conditions and shall be payable as to principal or Redemption Price, if any, and interest at such place or places as shall be specified in this

Indenture. All Bonds of a Series maturing in any particular year shall bear interest at the same rate or rates per annum.

**Section 3.6. Interchangeability, Transfer and Registry.**

(a) Each Bond shall be transferable only upon compliance with the restrictions on transfer set forth on such Bond and only upon the books of the Agency, which shall be kept for the purpose at the principal office of the Trustee, by the registered owner thereof in person or by his duly authorized attorney-in-fact, with a guaranty of the signature thereon by a member of the Stock Exchanges Medallion Program or the New York Stock Exchange, Inc. Medallion Signature Program in accordance with Securities and Exchange Commission Rule 17Ad-15, upon presentation thereof together with a written instrument of transfer in the form appearing on such Bond, duly executed by the registered owner or his duly authorized attorney-in-fact with signature guaranteed. Upon the transfer of any Bond, the Trustee shall prepare and issue in the name of the transferee one or more new Bonds of the same aggregate principal amount, Series and maturity as the surrendered Bond.

(b) Any Bond, upon surrender thereof at the corporate trust office of the Trustee with a written instrument of transfer in the form appearing on such Bond, duly executed by the registered owner or his duly authorized attorney-in-fact, with a guaranty of the signature thereon by a member of the Stock Exchanges Medallion Program or the New York Stock Exchange, Inc. Medallion Signature Program in accordance with Securities and Exchange Commission Rule 17Ad-15, may, at the option of the owner thereof, be exchanged for an equal aggregate principal amount of Bonds of the same Series and maturity of any other authorized denominations. However, the Trustee will not be required to (i) transfer or exchange any Bonds during the period between a Record Date and the following Interest Payment Date or during the period of fifteen (15) days next preceding any day for the selection of Bonds to be redeemed, or (ii) transfer or exchange any Bonds selected, called or being called for redemption in whole or in part.

(c) The Agency, the School Parties, the Bond Registrar, the Trustee and any Paying Agent shall deem and treat the Person in whose name any Bond shall be registered as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal and Redemption Price, if any, of, and interest on such Bond and for all other purposes, and all payments made to any such registered owner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and neither the Agency, the School Parties, the Bond Registrar, the Trustee nor any Paying Agent shall be affected by any notice to the contrary.

**Section 3.7. Bonds Mutilated, Destroyed, Stolen or Lost.** In case any Bond shall become mutilated or be destroyed, stolen or lost, the Agency shall execute, and thereupon the Trustee shall authenticate and deliver, a new Bond of like Series, maturity and unpaid principal amount as the Bond so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond, or in lieu of and in substitution for the Bond destroyed, stolen or lost, upon filing with the Trustee evidence reasonably satisfactory to it that such Bond has been destroyed, stolen or lost, and upon

furnishing the Agency and the Trustee with indemnity (an undertaking from an insurance company acceptable to the Trustee and the Agency) satisfactory to the Trustee and to the Agency and complying with such other reasonable regulations as the Trustee may prescribe and paying such expenses as the Agency and the Trustee may incur. All Bonds so surrendered to the Trustee shall be cancelled by it. Every new Bond issued pursuant to the provisions of this Section by virtue of the fact that any Bond is destroyed, lost or stolen, shall, with respect to such Bond, constitute an additional contractual obligation of the Agency whether or not the destroyed, lost or stolen Bond shall be found and shall be enforceable at any time, and shall be entitled to all the benefits of this Indenture equally and proportionately with any and all other Bonds duly issued hereunder. In the event any such destroyed, stolen or lost Bond shall have matured, or be about to mature, the Agency may, instead of issuing a new Bond, cause the Trustee to pay the same without surrender thereof upon compliance with the condition in the first sentence of this Section out of moneys held by the Trustee and available for such purpose. All Bonds shall be held and owned upon the express condition (to the extent lawful) that the foregoing provisions are exclusive with respect to the replacement or payment of any mutilated, destroyed or lost or stolen Bond and shall preclude any and all other rights and remedies, notwithstanding any law or statute existing or hereafter enacted to the contrary with respect to the replacement or payment of negotiable instruments or other securities without their surrender.

**Section 3.8. Cancellation and Destruction of Bonds.** All Bonds paid or redeemed, either at or before maturity, shall be delivered to the Trustee when such payment or redemption is made, and such Bonds shall thereupon be promptly cancelled. Bonds so cancelled shall be destroyed by the Trustee.

**Section 3.9. Requirements With Respect to Transfers.** In all cases in which the privilege of transferring Bonds is exercised, the Agency shall execute and the Trustee shall authenticate and deliver Bonds in accordance with the provisions of this Indenture. All Bonds surrendered in any such transfer shall forthwith be cancelled by the Trustee. For every such transfer of Bonds, the Agency or the Trustee may, as a condition precedent to the privilege of making such transfer, make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such transfer and may charge a sum sufficient to pay the cost of preparing each new Bond issued upon such transfer, which sum or sums shall be paid by the Person requesting such transfer.

**Section 3.10. Bond Registrar.** The Trustee shall also be Bond Registrar for the Bonds, and shall maintain a register showing the names of all registered Holders of Bonds, Bond numbers and amounts, and other information appropriate to the discharge of its duties hereunder. The Trustee shall make available to the City and the SCSD for its inspection during normal business hours the registration books for the Bonds, as may be requested by the City and the SCSD in connection with any purchase or tender offer by one or both of them with respect to the Bonds.

ARTICLE IV

APPLICATION OF BOND PROCEEDS

**Section 4.1. Application of Proceeds of Series 2008A Bonds.** Upon the receipt by the Trustee of the original proceeds of the sale and delivery of the Series 2008A Bonds, including the amount received as accrued interest, if any, thereon, the Trustee shall apply such proceeds as follows:

(a) \$ \_\_\_\_\_ of the proceeds of the Series 2008A Bonds, representing capitalized interest, shall be deposited in the Interest Account of the Bond Fund;

The amounts in the Project Fund shall be subject to a security interest, lien and charge in favor of the Trustee, for the benefit of the Bondholders, until disbursed as provided herein. The Trustee shall apply the amounts on deposit in the Project Fund to the payment, or reimbursement to the extent the same have been paid by or on behalf of the School Parties or the Agency, of Project Costs.

(b) The Trustee is hereby authorized to disburse from the Project Fund the amount required for the payment of Project Costs and is directed to issue its checks (or make wire transfers if requested by the City) for each disbursement from the Project Fund, upon a requisition submitted to the Trustee, signed by an Authorized Representative of the JSCB and approved by the City Engineer, *provided, however*, that for so long as an Event of Default shall exist, no such requisition shall be honored without the prior written consent of the Bond Insurer. Such requisition shall be as set forth in the Form of Requisition from the Project Fund attached and made a part of the Appendices hereto. The Trustee shall be entitled to conclusively rely on the correctness and accuracy of such requisition as well as the propriety of the signature thereon. The Trustee shall keep and maintain adequate records pertaining to the Project Fund and all disbursements therefrom including the date, dollar amount and description of each item for which a disbursement is made, and shall furnish copies of same to the Agency or the School Parties upon reasonable written request.

(c) The Trustee shall on written request furnish to the Agency and the School Parties within a reasonable time period a written statement of disbursements from the Project Fund, enumerating, among other things, item, cost, amount disbursed, date of disbursement and the person to whom payment was made, together with copies of all bills, invoices or other evidences submitted to the Trustee for such disbursement.

(d) The completion of the Series 2008 Project or abandonment thereof shall be evidenced by the filing of a certificate of an Authorized Representative of the JSCB approved by the City Engineer in accordance with Section 3.1(j) of the Installment Sale Agreement. Upon the filing of such certificate, the balance in the Project Fund, after making any transfer to the Rebate Fund as directed pursuant to the Tax Compliance Certificate and Section 5.11 hereof, shall be deposited in the Bond Fund for redemption of Bonds.

(e) In the event the City shall be required to or shall elect to cause the Bonds to be redeemed in whole pursuant to the Installment Sale Agreement, the balance in the Project Fund, after making any transfer to the Rebate Fund as directed pursuant to the Tax Compliance Certificate and Section 5.11 hereof, shall be deposited in the Bond Fund for redemption of Bonds.

(f) All earnings on amounts held in the Project Fund, excluding earnings required no less frequently than quarterly to be transferred to the Rebate Fund in compliance with the Tax Compliance Certificate and Section 5.11 hereof, shall be maintained within the Project Fund and made available for Project Costs.

(g) Upon the occurrence and during the continuance of an Event of Default, and the receipt by the Trustee of written direction from the Bond Insurer, the balance in the Project Fund, after making any transfer to the Rebate Fund as directed pursuant to the Tax Compliance Certificate and Section 5.11 hereof, shall be deposited in the Bond Fund to be applied toward redemption of the Bonds.

(h) Proceeds of insurance, condemnation awards or conveyance of one or more of the Facilities in lieu of condemnation deposited in the Project Fund pursuant to Section 5.6 of the Installment Sale Agreement shall be disbursed in accordance with this

Section 5.2 to pay costs of replacement, repair, rebuilding or relocation of the Project Facility pursuant to Section 5.6 of the Installment Sale Agreement or transferred to the Bond Fund as provided herein if the Bonds are to be redeemed pursuant to Section 2.3(b) hereof.

(c) Moneys received from the State Comptroller pursuant to Section 5.4 hereof in respect of Base Installment Purchase Payments and available for the payment of interest on the Bonds, which, subject to the priority for the application of such moneys so received set forth in Section 5.4 hereof, shall be placed in the Interest Account of the Bond Fund and applied, together with amounts available in the Interest Account, to the payment of interest on the Bonds.

In the event that any Base Installment Purchase Payment received by the Trustee shall be an amount insufficient to pay the interest, principal and sinking fund payments next coming due on the Bonds, such amount shall be applied first, to the payment of interest, second, to the payment of principal, and third, to the payment of sinking fund payments.

**Section 5.4. State Aid Intercept.** Pursuant to the Syracuse Schools Act, in the event the City or the SCSO shall fail (for any reason, including the failure of the State or appropriate legislative body of the City to appropriate moneys for such purpose) to make a payment under the Installment Sale Agreement in the amount and by the date the same is due, of which failure the Trustee has actual knowledge in the case of a failed Installment Purchase Payment (or other failed payment payable to the Trustee in its capacity as Trustee), or, in the case of any other

failed payment of which the Trustee has received written notice from the party to whom such failed payment is owed under the Installment Sale Agreement, the Agency hereby irrevocably appoints the Trustee to act as its agent for the purpose of delivering a certificate to the State Comptroller (in substantially the form set forth in the appendices attached hereto) by no later than the next Business Day following the Trustee obtaining such actual knowledge or such notice of such failed payment, certifying as to such failure and setting forth the amount of such deficiency, and the State Comptroller, upon receipt of such certificate, shall, in accordance with the Syracuse Schools Act, withhold from the City and the SCSD such State Aid Revenues as are payable to the City for the benefit of the SCSD to the extent of the amount so stated in such certificate of the Trustee as not having been made, and the State Comptroller shall immediately pay over to the Trustee on behalf of the Agency, the amount of such State Aid Revenues so withheld. All State Aid Revenues so received shall be applied, *first*, to deposit in the Debt Service Reserve Fund to the extent of any deficiency therein, *second*, to deposit in the Interest Account of the Bond Fund to the extent of any deficiency therein, *third*, to deposit in the Principal Account of the Bond Fund to the extent of any deficiency therein, *fourth*, to deposit in the Redemption Account of the Bond Fund to the extent of any deficiency therein, *fifth*, to satisfy any obligation of the SCSD under Section 4.03 of the Installment Sale Agreement, *sixth*, to satisfy any obligation of the JSCB or the SCSD under Section 5.05 of the Series 2008 Installment Sale Agreement, and *seventh*, to satisfy any other obligations of any of the School Parties under the Installment Sale Agreement.

The appointment by the Agency of the Trustee as agent as above-described shall be deemed a non-exclusive but irrevocable appointment (coupled with an interest) and the Agency may appoint any other Series Trustee to similar purpose under the related Series Indenture. The Trustee hereby accepts such agency and agrees so to act on behalf of the Agency. Notwithstanding anything to the contrary contained herein, any amounts of such State Aid Revenues received by the Trustee from the State Comptroller shall, subject to the priority set forth in the preceding paragraph, be deemed to satisfy the obligation of the City and the SCSD to make such defaulted payment to the extent of the amount received. Any amounts of such State Aid Revenues received by the Trustee from the State Comptroller that are not in respect of Installment Purchase Payments shall forthwith be forthwith paid to or upon the order of the Agency.

The Agency covenants and agrees that it shall enter into no agreement, indenture or other instrument, including any Series Indenture or Series Facilities Agreement, in connection with the issuance of a Series of Project Bonds under a Series Indenture which shall have the effect, directly or indirectly, of providing a greater priority or preference to the intercept of State Aid Revenues under the Syracuse Schools Act than the pledge effected pursuant to this Indenture; provided, however, that nothing contained in this Indenture shall be deemed (y) to limit or deny the ability of the Agency or any other public entity, in connection with the issuance of another Series of Project Bonds, to pledge State Aid Revenues under the Syracuse Schools Act on a parity with the pledge effected under this Indenture, or (z) to require that any Series of Project Bonds issued under any other Series Indenture have the same payment dates or amortize principal on a schedule comparable to that of the Bonds Outstanding under this Indenture, or that any payment dates under a Series Facilities Agreement be the same as those under the Installment Sale Agreement.

**Section 5.5. Debt Service Reserve Fund.**

(a) Proceeds of the Series 2008A Bonds shall be deposited in the Debt Service Reserve Fund pursuant to Section 4.1(b) hereof. Upon the issuance of any Series of Additional Bonds, there shall be deposited in the Debt Service Reserve Fund such amount, if any, of the proceeds of such Series of Additional Bonds as may be set forth in the related Supplemental Indenture.

(b) There shall also be deposited in the Debt Service Reserve Fund moneys received (y) from the Depository Bank pursuant to Section 202(g)(ii) of the State Aid Trust Agreement, or (z) from the Trustee pursuant to Section 5.4 hercof or otherwise as provided in this Indenture.

(c) On the Business Day preceding each payment of Bond Service Charges to Holders of the Bonds, the Trustee shall transfer from the Debt Service Reserve Fund: (i) first, to the Interest Account of the Bond Fund, the amount by which the aggregate amount of interest to be paid to Bondholders on such succeeding Business Day exceeds the balance then on deposit in the Interest Account, (ii) second, to the Principal Account of the Bond Fund, the amount by which the aggregate amount of principal to be paid to Bondholders on such succeeding Business Day exceeds the balance then on deposit in the Principal Account, and (iii) third, to the Redemption Account of the Bond Fund for payment of sinking fund payments, the amount by which the aggregate Redemption Price to be paid to Bondholders on such succeeding Business Day exceeds the balance then on deposit in the Redemption Account. On or before November 10 of each Fiscal Year, commencing November 10, 2008, the Trustee shall deliver a Reserve Payment Certificate (computed as of the immediately preceding last Business Day of October of such Fiscal Year) to the Collecting Officer, the Commissioner of Finance and the Depository Bank in accordance with Section 202(f) of the State Aid Trust Agreement.

(d) All earnings on amounts held in the Debt Service Reserve Fund, shall, (y) if prior to the completion of the Series 2008 Project, be transferred to the Project Fund and applied to the payment of Project Costs, or (z) if after the completion of the Series 2008 Project, be transferred to the Interest Account of the Bond Fund.

(e) The prior written consent of the Bond Insurer shall be a condition precedent to the deposit of any credit instrument in the Debt Service Reserve Fund in lieu of the deposit of moneys in such Fund.

**Section 5.6. Application of Bond Fund.**

(a) The Trustee shall (i) on each Interest Payment Date on the Bonds pay or cause to be paid out of the Interest Account in the Bond Fund the interest due on the Bonds, and (ii) further pay out of the Interest Account of the Bond Fund any amounts required for the payment of accrued interest upon any redemption of Bonds.

(b) The Trustee shall on each principal payment date on the Bonds pay or cause to be paid to the respective Paying Agents therefor out of the Principal Account of the Bond Fund, the principal amount, if any, due on the Bonds, upon the presentation and surrender

of the requisite Bonds (such presentation and surrender not being required if Cede & Co. is the Holder of the Bonds).

(c) Amounts in the Redemption Account of the Bond Fund shall be applied, at the written direction of the City, as promptly as practicable, to the purchase of Bonds of a Series as directed by the City at prices not exceeding the Redemption Price thereof applicable on the earliest date upon such Series of Bonds are next subject to optional redemption, plus in each case accrued interest to the date of redemption (accrued interest on such Bonds being payable out of the Interest Account of the Bond Fund). Any Bonds purchased in lieu of a mandatory redemption shall be surrendered to the Trustee for cancellation. Any amount in the Redemption Account not so applied to the purchase of Bonds by forty-five (45) days prior to the next date on which the Bonds are so redeemable shall be applied to the redemption of Bonds on such redemption date; provided that if such amount aggregates less than \$5,000, it need not be then applied to such redemption. Any amounts deposited in the Redemption Account and not applied within twelve (12) months of their date of deposit to the purchase or redemption of Bonds (except if held in accordance with Section 10.1 hereof) shall be transferred to the Interest Account. The Bonds to be purchased or redeemed shall be selected by the Trustee in the manner provided in Section 6.2 hereof. Amounts in the Redemption Account to be applied to the redemption of Bonds shall be paid to the respective Paying Agents on or before the redemption date and applied by them on such redemption date to the payment of the Redemption Price of the Bonds being redeemed plus interest on such Bonds accrued to the redemption date (accrued interest on such Bonds being payable from the Interest Account of the Bond Fund).

(d) Moneys in the Redemption Account of the Bond Fund which are not set aside or deposited for the redemption or purchase of Bonds shall be transferred by the Trustee to the Interest Account or the Principal Account of the Bond Fund, as directed by an Authorized Representative of the City.

#### **Section 5.7. Investment of Funds and Accounts.**

(a) Amounts in the Bond Fund, the Debt Service Reserve Fund, the Project Fund and the Rebate Fund, may, if and to the extent then permitted by law, be invested only in Qualified Investments; provided, that, Qualified Investments in the Debt Service Reserve Fund shall not have a maturity date greater than ten (10) years from the date of the making of such investment unless such Qualified Investment may be put at par at any time at the option of the holder for the purposes required or permitted pursuant to the Indenture. Any investment herein authorized is subject to the condition that no portion of the proceeds derived from the sale of the Bonds shall be used, directly or indirectly, in such manner as to cause any Bond to be an "arbitrage bond" within the meaning of Section 148 of the Code. Such investments shall be made by the Trustee only at the written request of an Authorized Representative of the City. Any investment hereunder shall be made in accordance with the Tax Compliance Certificate, and the City shall so certify to the Trustee with each such investment direction as referred to below. Such investments shall mature in such amounts and at such times as may be necessary to provide funds when needed to make payments from the applicable Fund. Net income or gain received and collected from such investments shall (y) in the case of the Project Fund or the Bond Fund, be credited and losses charged to such Fund, as applicable, and (z) in the case of the Debt

Service Reserve Fund, be credited and losses charged to such Fund, subject, however, to Section 5.5(d) hereof.

(b) Upon timely request of an Authorized Representative of the City, the Trustee shall notify the City ten (10) days prior to each Base Installment Purchase Payment Date under the Installment Sale Agreement of the amount of such net investment income or gain received and collected subsequent to the last such installment purchase payment and the amount then available in the Project Fund and in each Account of the Bond Fund.

(c) Upon the written direction of an Authorized Representative of the City, the Trustee shall sell at the best price reasonably obtainable, or present for redemption or exchange, any obligations in which moneys shall have been invested to the extent necessary to provide cash in the respective Funds or Accounts, to make any payments required to be made therefrom, or to facilitate the transfers of moneys or securities between various Funds and Accounts as may be required from time to time pursuant to the provisions of this Article. The Trustee shall not be liable for any losses incurred as a result of actions taken in good faith in accordance with this Section 5.7(c). As soon as practicable after any such sale, redemption or exchange, the Trustee shall give notice thereof to the Agency and the City.

(d) In the case of the Debt Service Reserve Fund, a "surplus" means the amount by which the amount on deposit therein is in excess of the Debt Service Reserve Fund Requirement. On the last Business Day of October of each year commencing October, 2008 and upon any withdrawal from the Debt Service Reserve Fund, the Trustee shall determine the amount on deposit in the Debt Service Reserve Fund. If on any such date a deficiency exists, the Trustee shall notify the City and the SCSD of such deficiency and that such deficiency must be replenished by the City and/or the SCSD as required by Section 4.1(b) of the Installment Sale Agreement. If a surplus exists, the Trustee shall notify the City and the SCSD thereof and, subject to the requirements of the Tax Compliance Certificate, shall promptly transfer an amount equal to such surplus to the Project Fund until the completion of the Project and thereafter shall transfer such amount to the Interest Account of the Bond Fund.

(e) In computing the amount in any Fund or Account, obligations purchased as an investment of moneys therein shall be valued at fair market value as determined by the Trustee on the last Business Day of each October.

The fair market value of Qualified Investments shall be determined as follows:

(1) as to investments the bid and asked prices of which are published on a regular basis in *The Wall Street Journal* (or, if not there, then in *The New York Times*), the average bid and asked prices for such investments so published on or most recently prior to such time of determination;

(2) as to investments the bid and asked prices of which are not published on a regular basis in *The Wall Street Journal* or *The New York Times*, the average bid price at such nationally recognized government securities dealers (selected by the Trustee in its absolute discretion) at the time making a market in such investments or as quoted in the Interactive Data Service; and

(3) as to certificates of deposit and bankers acceptances and other investments, the face amount thereof, plus accrued interest.

If more than one provision of this definition of "fair market value" shall apply at any time to any particular investment, the fair market value thereof at such time shall be determined in accordance with the provision establishing the lowest value for such investment.

(f) Neither the Trustee nor the Agency shall be liable for any loss arising from, or any depreciation in the value of any obligations in which moneys of the Funds and Accounts shall be invested. The investments authorized by this Section 5.7 shall at all times be subject to the provisions of applicable law, as amended from time to time.

**Section 5.8. Moneys to Be Held in Trust.** All moneys required to be deposited with or paid to the Trustee for the credit of any Fund or Account under any provision of this Indenture (excluding the Rebate Fund) and all investments made therewith shall be held by the Trustee in trust for the benefit of the Bondholders and while held by the Trustee constitute part of the Trust Estate, and be subject to the lien hereof. Moneys held by the Depository Bank under the State Aid Trust Agreement are not part of the Trust Estate unless and until the same are transferred to the Trustee for deposit in the Bond Fund or the Debt Service Reserve Fund in accordance with the State Aid Trust Agreement. Moneys held by the Trustee in the Rebate Fund are not part of the Trust Estate nor subject to the lien hereof.

**Section 5.9. Repayment to the City for Benefit of SCSD from the Funds.** After payment in full of the Bonds (in accordance with Section 10.1 hereof) and the payment of all fees, charges and expenses of the Agency, the Trustee, the Bond Insurer, the Bond Registrar and the Paying Agents and all other amounts required to be paid hereunder and under each of the Security Documents, and the payment of any amounts are required to be rebated to the federal government pursuant to this Indenture and the Tax Compliance Certificate, all amounts remaining in the Project Fund, the Bond Fund and the Debt Service Reserve Fund shall be paid to the City for the benefit of the SCSD upon the expiration or sooner or later termination of the term of the Installment Sale Agreement.

**Section 5.10. Non-presentment of Bonds.** In the event any Bond shall not be presented for payment when the principal thereof becomes due, either at maturity, or at the date fixed for redemption thereof, or otherwise, and funds sufficient to pay any such Bond shall have been made available to the Trustee for the benefit of the Holder or Holders thereof, all liability of the Agency to the Holder thereof for the payment of such Bond shall forthwith cease, terminate and be completely discharged, and thereupon it shall be the duty of the Trustee to pay such funds to the Person entitled thereto or if the Person is not known to the Trustee, to hold such funds, without liability for interest thereon, for the benefit of the Holder of such Bond, who shall thereafter be restricted exclusively to such funds, for any claim of whatever nature on his part under this Indenture or on, or with respect to, such Bond. Funds remaining with the Trustee as above and unclaimed for the earlier of two (2) years or the applicable statutory escheat period shall be paid to the City for the benefit of the SCSD. After the payment of such unclaimed moneys to the City, the Holder of such Bond shall thereafter look only to the City for the payment thereof, and all obligations of the Trustee or such Paying Agent with respect to such moneys shall thereupon cease.

**Section 5.11. Payments into Rebate Fund; Application of Rebate Fund.**

(a) The Rebate Fund and the amounts deposited therein shall not be subject to a security interest, pledge, assignment, lien or charge in favor of the Trustee or any Bondholder or any other Person.

(b) The Trustee, following the receipt of a certificate of written direction from an Authorized Representative of the City pursuant to the Tax Compliance Certificate, shall deposit in the Rebate Fund that amount from the Project Fund or the Debt Service Reserve Fund, to the extent available, as shall be so specified in such certificate of written direction as necessary to satisfy the requirements of the Tax Compliance Certificate.

(c) In the event that the amount on deposit in the Rebate Fund exceeds the Rebate Amount as determined in accordance with the Tax Compliance Certificate, the Trustee, upon the receipt of written instructions from an Authorized Representative of the City, shall withdraw such excess amount and deposit it (i) to the Debt Service Reserve Fund to the extent of any deficiency therein, or (ii) to the Interest Account of the Bond Fund, as the City shall determine.

(d) The Trustee, upon the receipt of written instructions from an Authorized Representative of the City, shall pay to the United States, out of amounts in the Rebate Fund, (i) not less frequently than once each five (5) years after the date of original issuance of each Series of the Bonds, an amount such that, together with prior amounts paid to the United States, the total paid to the United States is equal to 90% of the Rebate Amount with respect to such Series of Bonds as of the date of such payment and (ii) notwithstanding the provisions of Section 10.1 hereof, not later than thirty (30) days after the date on which all Bonds have been paid in full, one hundred percent (100%) of the Rebate Amount as of the date of payment.

(e) The Trustee shall have no obligation under this Indenture to transfer any amounts to the Rebate Fund unless the Trustee shall have received specific written instructions from an Authorized Representative of the City to make such transfer.

## ARTICLE VI

### REDEMPTION OF BONDS

**Section 6.1. Privilege of Redemption and Redemption Price.** Bonds or portions thereof subject to redemption prior to maturity shall be redeemable, upon mailed notice as provided in this Article, at the times, at the Redemption Prices and upon such terms in addition to and consistent with the terms contained in this Article as shall be specified in Section 2.3 of this Indenture and in said Bonds.

**Section 6.2. Selection of Bonds to Be Redeemed.** In the event of redemption of less than all the Outstanding Bonds of the same Series and maturity for which there is more than one registered Bond, the particular Bonds or portions thereof to be redeemed shall be selected by the Trustee in such manner as the Trustee in its discretion may deem fair. In the event of redemption of less than all the Outstanding Bonds of the same Series stated to mature on different dates, the principal amount of such Series of Bonds to be redeemed shall be applied in such order of maturity as shall be directed by an Authorized Representative of the City delivered to the Trustee, or, in the absence of any such direction, inverse order of maturity of the Outstanding Series of Bonds to be redeemed and randomly within a maturity; provided, however, that in the case of any redemption of Series 2008A Bonds in accordance with Section 2.3(b) hereof, the Authorized Representative of the City shall select Series 2008A Bonds to be redeemed only (x) in inverse order of maturity, (y) proportionately to each Outstanding maturity of the Series 2008A Bonds, or (z) in such other order as the Bond Insurer shall consent in writing. If it is determined that one or more, but not all, of the units of principal amount represented by any such Bond is to be called for redemption, then, upon notice of intention to redeem such unit or units, the Holder of such Bond shall forthwith surrender such Bond to the Trustee for (a) payment to such Holder of the Redemption Price of the unit or units of principal amount called for redemption and (b) delivery to such Holder of a new Bond or Bonds of such Series in the aggregate unpaid principal amount of the unredeemed balance of the principal amount of such Bond. New Bonds of the same Series and maturity representing the unredeemed balance of the principal amount of such Bond shall be issued to the registered Holder thereof, without charge therefor. If the Holder of any such Bond of a denomination greater than a unit shall fail to present such Bond to the Trustee for payment and exchange as aforesaid, such Bond shall, nevertheless, become due and payable on the date fixed for redemption to the extent of the unit or units of principal amount called for redemption (and to that extent only).

**Section 6.3. Notice of Redemption.** When redemption of any Bonds is requested or required pursuant to this Indenture, the Trustee shall give notice of such redemption in the name of the Agency, specifying the name of the Series, CUSIP number, Bond numbers, the date of original issue of such Series, the date of mailing of the notice of redemption, maturities, interest rates and principal amounts of the Bonds or portions thereof to be redeemed, the redemption date, the Redemption Price, and the place or places where amounts due upon such redemption will be payable (including the name, address and telephone number of a contact person at the Trustee) and specifying the principal amounts of the Bonds or portions thereof to be payable and, if less than all of the Bonds of any maturity are to be redeemed, the numbers of such Bonds or portions thereof to be so redeemed. Such notice shall further state that on such date there shall

become due and payable upon each Bond or portion thereof to be redeemed the Redemption Price thereof together with interest accrued to the redemption date, and that from and after such date interest thereon shall cease to accrue and be payable. Such notice may set forth any additional information relating to such redemption. The Trustee, in the name and on behalf of the Agency, (i) shall mail a copy of such notice by first class mail, postage prepaid, not more than sixty (60) nor less than thirty (30) days prior to the date fixed for redemption, to the registered owners of any Bonds which are to be redeemed, at their last addresses, if any, appearing upon the registration books, but any defect in such notice shall not affect the validity of the proceedings for the redemption of such Series of Bonds with respect to which proper mailing was effected; and (ii) cause notice of such redemption to be sent to at least two (2) of the national information services that disseminate redemption notices. Any notice mailed as provided in this Section shall be conclusively presumed to have been duly given, whether or not the registered owner receives the notice. In the event of a postal strike, the Trustee shall give notice by other appropriate means selected by the Trustee in its discretion.

If notice of redemption shall have been given as aforesaid, the Bonds of such Series called for redemption shall become due and payable on the redemption date, provided, however, that with respect to any optional redemption of the Bonds of a Series, such notice may state that such redemption shall be conditional upon the receipt by the Trustee on or prior to the date fixed for such redemption of moneys sufficient to pay the principal of, redemption premium, if any, and interest on the Bonds of such Series to be redeemed, and that if such moneys shall not have been so received said notice shall be of no force and effect and the Agency shall not be required to redeem the Bonds of such Series. In the event that such notice of redemption contains such a condition and such moneys are not so received, the redemption shall not be made and the Trustee shall within a reasonable time thereafter give notice, in the manner in which the notice of redemption was given, that such moneys were not so received. If a notice of redemption shall be unconditional, or if the conditions of a conditional notice of redemption shall have been satisfied, then upon presentation and surrender of the Bonds of such Series so called for redemption at the place or places of payment, such Series of Bonds shall be redeemed.

#### **Section 6.4. Payment of Redeemed Bonds.**

(a) Notice having been given in the manner provided in Section 6.3 hereof, the Bonds or portions thereof so called for redemption shall become due and payable on the redemption dates so designated at the Redemption Price, plus interest accrued and unpaid to the redemption date. If, on the redemption date, moneys for the redemption of all the Bonds or portions thereof to be redeemed, together with interest to the redemption date, shall be held by the Paying Agents so as to be available therefor on said date and if notice of redemption shall have been given as aforesaid, then, from and after the redemption date, (i) interest on the Bonds or portions thereof so called for redemption shall cease to accrue and become payable, (ii) the Bonds or portions thereof so called for redemption shall cease to be entitled to any lien, benefit or security under this Indenture, and (iii) the Holders of the Bonds or portions thereof so called for redemption shall have no rights in respect thereof, except to receive payment of the Redemption Price together with interest accrued to the redemption date. If said moneys shall not be so available on the redemption date, such Bonds or portions thereof shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption.

(b) Payment of the Redemption Price plus interest accrued to the redemption date shall be made to or upon the order of the registered owner only upon presentation of such Bonds for cancellation and exchange as provided in Section 6.5 hereof; provided, however, that any Holder of at least \$1,000,000 in aggregate principal amount of Bonds may, by written request to the Trustee, direct that payments of Redemption Price and accrued interest to the date of redemption be made by wire transfer as soon as practicable in federal funds at such wire transfer address as the owner shall specify to the Trustee in such written request.

**Section 6.5. Cancellation of Redeemed Bonds.**

(a) All Bonds redeemed in full under the provisions of this Article, or purchased in lieu of mandatory redemption, shall forthwith be cancelled and destroyed and no Bonds shall be executed, authenticated or issued hereunder in exchange or substitution therefor, or for or in respect of any paid portion of a Bond.

(b) If there shall be drawn for redemption less than all of a Bond, as described in Section 6.2 hereof, the Agency shall execute and the Trustee shall authenticate and deliver, upon the surrender of such Bond, without charge to the owner thereof, for the unredeemed balance of the principal amount of the Bond so surrendered, a Bond or Bonds of like Series and maturity in any of the authorized denominations.

**Section 6.6 No Partial Redemption After Default.** Anything in this Indenture to the contrary notwithstanding, if there shall have occurred and be continuing an Event of Default hereunder, there shall be no redemption of less than all of the Bonds Outstanding other than a redemption pursuant to Section 2.3(b) hereof unless there shall have been delivered to the Trustee an opinion of Nationally Recognized Bond Counsel that the failure to redeem Bonds to the extent of proceeds described in Section 2.3(b) hereof shall not have an adverse effect on the tax-exempt status of interest on the Series 2008A Bonds.

## ARTICLE VII

### PARTICULAR COVENANTS

**Section 7.1. Agency's Obligations Not to Create a Pecuniary Liability.** Each and every covenant herein made, including all covenants made in the various sections of this Article VII, is predicated upon the condition that any obligation for the payment of money incurred by the Agency shall not create a debt of the State nor the City and neither the State nor the City shall be liable on any obligation so incurred, and the Bonds shall not be payable out of any funds of the Agency other than those pledged therefor but shall be payable by the Agency solely from the Installment Purchase Payments pledged to the payment thereof in the manner and to the extent in this Indenture specified and nothing in the Bonds, in the Installment Sale Agreement, in this Indenture or in any other Project Document shall be considered as pledging any other funds or assets of the Agency.

**Section 7.2. Payment of Principal and Interest.** The Agency covenants that it will from the sources herein contemplated promptly pay or cause to be paid the principal of and interest on the Bonds, and the Redemption Price, if any, together with interest accrued thereon to the date of redemption, at the place, on the dates and in the manner provided in this Indenture and in the Bonds according to the true intent and meaning thereof. All covenants, stipulations, promises, agreements and obligations of the Agency contained herein shall be deemed to be covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, officer, director, employee or agent thereof in his individual capacity, and no resort shall be had for the payment of the principal of, redemption premium, if any, or interest on the Bonds or the Redemption Price, if any, together with interest accrued thereon to the date of redemption or for any claim based thereon or hereunder against any such member, officer, director, employee or agent or against any natural person executing the Bonds. Neither the Bonds, the principal thereof, the interest thereon, nor the Redemption Price thereof, if any, together with interest accrued thereon to the date of redemption, shall ever constitute a debt of the State or of the City and neither the State nor the City shall be liable on any obligation so incurred, and the Bonds shall not be payable out of any funds of the Agency other than those pledged therefor. The Agency shall not be required under this Indenture or the Installment Sale Agreement or any other Security Document to expend any of its funds other than (i) the proceeds of the Bonds, (ii) the Installment Purchase Payments pledged to the payment of the Bonds, and (iii) any income or gains therefrom.

**Section 7.3. Performance of Covenants; Authority.** The Agency covenants that it will faithfully perform at all times any and all covenants, undertakings, stipulations and provisions contained in this Indenture, in any and every Bond executed, authenticated and delivered hereunder and in all proceedings pertaining thereto. The Agency covenants that it is duly authorized under the Constitution and laws of the State, including particularly and without limitation the IDA Act and the Syracuse Schools Act, to issue the Bonds authorized hereby and to execute this Indenture, to sell its interest in the Facilities pursuant to the Installment Sale Agreement, to assign the Installment Sale Agreement and to pledge the Installment Purchase Payments hereby pledged in the manner and to the extent herein set forth; that all action on its part for the issuance of the Bonds and the execution and delivery of this Indenture has been duly

and effectively taken; and that the Bonds in the hands of the Holders thereof are and will be the valid and enforceable special obligations of the Agency according to the import thereof.

**Section 7.4. Books and Records; Certificate as to Defaults.** The Agency and the Trustee each covenants and agrees that, so long as any of the Bonds shall remain Outstanding, proper books of record and account will be kept showing complete and correct entries of all transactions relating to the Series 2008 Project and the Facilities, and that the School Parties and the Holders of any of the Bonds shall have the right at all reasonable times to inspect all records, accounts and data relating thereto. In this regard, so long as the Installment Sale Agreement is in full force and effect, records furnished by the Agency, the School Parties to, or kept by, the Trustee in connection with its duties as such shall be deemed to be in compliance with the Agency's obligations under this Section 7.4. Within thirty (30) days after receiving the certificate from School Parties as provided in Section 7.16(a) of the Installment Sale Agreement, the Trustee shall render to the Agency and the City a statement that moneys received by the Trustee pursuant to the Installment Sale Agreement were applied by it to the payment of the principal or Redemption Price, if any, of, and interest on the Bonds, at the place, on the dates and in the manner provided in this Indenture and that the Trustee has no knowledge of any defaults under this Indenture or the Installment Sale Agreement or any other Security Document or specifying the particulars of such known defaults which may exist.

**Section 7.5. The Installment Sale Agreement.** It is understood and agreed that the Agency's interest in the Facilities has been sold to the City and the SCSD under the Installment Sale Agreement. An executed copy of the Installment Sale Agreement will be on file in the office of the Agency and in the principal corporate trust office of the Trustee. Reference is hereby made to the Installment Sale Agreement for a detailed statement of the terms and conditions thereof and for a statement of the rights and obligations of the parties thereunder. All covenants and obligations of the School Parties under the Installment Sale Agreement shall be enforceable either by the Agency or by the Trustee, to whom, in its own name or in the name of the Agency, is hereby granted the right, to the extent provided therefor in this Section 7.5 and subject to the provisions of Section 9.2 hereof, to enforce all rights of the Agency and all obligations of the School Parties under the Installment Sale Agreement, whether or not the Agency is enforcing such rights and obligations. The Trustee shall take such action in respect of any matter as is provided to be taken by it in the Installment Sale Agreement upon compliance or noncompliance by the School Parties and the Agency to the same.

**Section 7.6. Creation of Liens; Indebtedness; Sale of Facilities.** Except to the extent contemplated in the last paragraph of Section 5.4 hereof with respect to the issuance of Project Bonds under a Series Indenture other than this Indenture, the Agency shall not create or suffer to be created, or incur or issue any evidences of indebtedness secured by, any lien or charge upon or pledge of the Trust Estate, except the lien, charge and pledge created by this Indenture and the Installment Sale Agreement. The Agency further covenants and agrees not to sell (except pursuant to the Installment Sale Agreement), convey, transfer, lease, mortgage or encumber the real property constituting part of the Facilities or any of them or any part of such real property, except as specifically permitted under this Indenture and the Installment Sale Agreement, so long as any of the Bonds are Outstanding. The Agency shall have no pecuniary liability for its covenants set forth in this Indenture, including under this Section 7.6.

**Section 7.7. Instruments of Further Assurance.** The Agency covenants that it will do, execute, acknowledge and deliver or cause to be done, executed, acknowledged and delivered, such Supplemental Indentures and such further acts, instruments and transfers as the Trustee may reasonably require for the better assuring, transferring, conveying, pledging, assigning and confirming unto the Trustee all and singular the property described herein, subject to the liens, pledge and security interests of this Indenture and the Installment Purchase Payments pledged hereby to the payment of the principal or Redemption Price, if any, of, and interest on the Bonds. Any and all property hereafter acquired which is of the kind or nature herein provided to be and become subject to the lien, pledge and security interest hereof shall ipso facto, and without any further conveyance, assignment or act on the part of the Agency or the Trustee, become and be subject to the liens, pledge and security interests of this Indenture as fully and completely as though specifically described herein and therein, but nothing in this sentence contained shall be deemed to modify or change the obligations of the Agency heretofore made by this Section 7.7.

**Section 7.8. Recording and Filing.** The Pledge and Assignment shall be recorded and filed by the Agency in the appropriate office of the Clerk of Onondaga County, New York or in such other office as may be at the time provided by law as the proper place for the recordation thereof. The security interest of the Trustee created by this Indenture in the property, rights and interests herein and therein described, shall be perfected by the filing by the Agency in the office of the Secretary of State of the State in the City of Albany, New York, and in the office of such Clerk, of financing statements which fully comply with the New York State Uniform Commercial Code-Secured Transactions. This Indenture and the Pledge and Assignment shall be re-recorded, re-filed and re-indexed at the written direction of the City whenever in the Opinion of Counsel such action is necessary to preserve the lien and security interest hereof; and in addition, such financing or continuation statements as in the Opinion of Counsel become necessary to preserve the lien and security interest of this Indenture shall be filed by the Trustee at the written direction of the City in said office of the Secretary of State and in the office of such Clerk. Any such re-recordings, re-indexings, filings or re-filings shall be prepared by the City and accompanied with any fees or requisite charges.

The Agency and the Trustee mutually covenant and agree to take such action (including, as applicable, the filing of all New York State Uniform Commercial Code-Secured Transactions financing statements and continuation statements thereof) in accordance with the aforesaid direction of the City as shall be necessary from time to time to preserve the priority of the pledge by the Indenture of the Trust Estate under applicable law. Any action taken by the Agency under this Section 7.8 shall be taken only upon the request of the Trustee and at no cost to the Agency.

All costs (including reasonable attorneys' fees) incurred in connection with the effecting of the requirements specified in this Section shall be paid by the City and/or the SCSD.

**Section 7.9. Records Held by the Trustee.** Upon reasonable written request, the Trustee shall make available to the School Parties for its inspection during normal business hours, its records with respect to the Series 2008 Project and the Facilities.

**Section 7.10. Agency Tax Covenant.** The Agency covenants that it shall not take any action within its control, nor refrain from taking any action reasonably requested by the School Parties or the Trustee, which would cause the interest on the Bonds to become includable in gross income for federal income tax purposes; provided, however, the breach of this covenant shall not result in any pecuniary liability of the Agency and the only remedy to which the Agency shall be subject shall be specific performance.

**Section 7.11. Annual Report of Trustee.** Within thirty (30) days after the end of each calendar year, the Trustee shall deliver to the Agency a statement of the payment status of the Bonds effective as of February 28 of the calendar year just ended, which statement shall include the then current principal balance of the Bonds, the interest rate accruing thereon, an amortization schedule for the repayment of the balance of the Bonds and such other information as the Agency may reasonably require.

**Section 7.12. Rights of the Bond Insurer.** The Agency and the Trustee hereby agree for the benefit of the Bond Insurer, that:

(a) to the extent the Bond Insurer makes payments under the Bond Insurance Policy on account of the principal or Redemption Price of, Sinking Fund Installments for, or interest on Series 2008A Bonds, the Bond Insurer will be subrogated to the rights of the Holders of the Series 2008A Bonds to receive the amount so paid, solely from the sources provided therefor in the Indenture,

(b) a notice that is required by the Indenture or any other of the Security Documents to be given to the Holders of the Series 2008A Bonds, shall also be given to the Bond Insurer,

(c) any provision of the Indenture or any other Security Document expressly recognizing or granting rights in or to the Bond Insurer may not be amended in any manner which affects the rights or remedies of the Bond Insurer hereunder or thereunder without the prior written consent of the Bond Insurer,

(d) if the consent, approval or direction of the Holders of the Series 2008A Bonds shall be required in connection with any action to be taken under the Indenture or under any other Security Document, then, for so long as no Bond Insurer Disqualification Event shall exist, the Bond Insurer shall be entitled to deliver such consent, approval or direction on behalf of the Holders of the Series 2008A Bonds (except in connection with those matters referred to in Section 8.11 (with respect to waivers of any default in payment), Section 11.3(a)(i), (ii), (iii), (iv) or (v) hereof, or in Section 12.2(i) or (ii) hereof, with respect to which the consent of one hundred percent (100%) of the Holders of the Series 2008A Bonds, together with the consent of the Bond Insurer, shall be required), *provided, however*, that if a Bond Insurer Disqualification Event shall exist, the Bond Insurer shall nevertheless be able to exercise the rights of the Series 2008A Bonds which it owns (whether by subrogation or otherwise),

(e) if the consent, approval or direction of the Bond Insurer shall be required on its own behalf (as distinguished from a consent, approval or direction on behalf of the

Holders of the Series 2008A Bonds) in connection with any action to be taken under the Indenture or under any other Security Document, the consent, approval or direction of the Bond Insurer shall not be required for so long as a Bond Insurer Disqualification Event shall exist,

(f) to the extent that the principal or Redemption Price of, Sinking Fund Installments for, or interest on the Series 2008A Bonds shall be paid by the Bond Insurer pursuant to the Bond Insurance Policy, that portion of the Series 2008A Bonds so paid shall remain Outstanding for all purposes and not be considered defeased or otherwise satisfied and paid, and the Bond Insurer shall be deemed to be the Holder of the Series 2008A Bonds to the extent so paid,

(g) if the Bond Insurance Policy shall no longer be in effect, and all amounts owed to the Bond Insurer shall have been paid in full, all approvals, directions or consents of the Bond Insurer required under the Security Documents shall instead be delivered by the Holders of a majority in aggregate principal amount of the Series 2008A Bonds Outstanding,

(h) for so long as no Bond Insurer Disqualification Event shall exist, the Bond Insurer shall be deemed to be the sole Holder of the Series 2008A Bonds for the purpose of exercising any voting right or privilege or giving any consent or direction or talking any other action that the Holders of the Series 2008A Bonds are entitled to take pursuant to this Indenture and the Related Security Documents pertaining to defaults and remedies or otherwise under Articles IX, XI and XII of the Indenture (subject in all events to the provisions of paragraph (iv) above),

(i) the rights granted to the Bond Insurer under the Indenture or any Related Security Document to request, consent to or direct any action are rights granted to the Bond Insurer in consideration of its issuance of the Bond Insurance Policy; any exercise by the Bond Insurer of such rights is merely an exercise of the Bond Insurer's contractual rights and shall not be construed or deemed to be taken for the benefit or on behalf of the Holders of the Series 2008A Bonds nor does such action evidence any position of the Bond Insurer, positive or negative, as to whether Bondholder consent is required in addition to consent of the Bond Insurer,

(j) amounts paid by the Bond Insurer under the Bond Insurance Policy shall not be deemed paid for purposes of the Indenture and shall remain Outstanding and continue to be due and owing until paid by the Agency in accordance with the Indenture, and

(k) no contract shall be entered into nor any action taken by which the rights of the Bond Insurer or security for or sources of payment of the Series 2008A Bonds may be impaired or prejudiced in any material respect except upon obtaining the prior written consent of the Bond Insurer.

**Section 7.13. Actions by the Trustee.** In the event a Bond Insurer Disqualification Event shall exist, the Trustee shall proceed to protect and enforce its rights and the rights of the

\

Holders of the Series 2008A Bonds under the Bond Insurance Policy by such suits, actions or special proceedings in equity or at law, as the Trustee shall deem necessary and appropriate (subject, however, to the provisions of Section 9.2 hereof).

## ARTICLE VIII

### EVENTS OF DEFAULT; REMEDIES OF BONDHOLDERS

#### Section 8.1. Events of Default; No Acceleration of Due Date.

(a) Each of the following events is hereby defined as and shall constitute an "Event of Default":

(1) Failure to duly and punctually pay the interest on any Bond when the same shall become due and payable;

(2) Failure to duly and punctually pay the principal or redemption premium, if any, of any Bonds, when the same shall become due and payable, whether at the stated maturity thereof or upon proceedings for redemption thereof or otherwise, or interest accrued thereon to the date of redemption after notice of redemption therefor or otherwise;

(3) Failure of the Agency to observe or perform any covenant, condition or agreement in the Bonds or hereunder on its part to be performed (except as set forth in Section 8.1(a)(1) or (2) hereof) and (A) continuance of such failure for a period of thirty (30) days after receipt by the Agency and the School Parties of written notice specifying the nature of such default from the Trustee, the Bond Insurer or the Holders of more than twenty-five percent (25%) in aggregate principal amount of the Bonds Outstanding, or (B) if by reason of the nature of such default the same can be remedied, but not within the said thirty (30) days, the Agency or the School Parties fail to proceed with reasonable diligence after receipt of said notice to cure the same or fails to continue with reasonable diligence its efforts to cure the same; provided, however, that unless the Bond Insurer shall consent in writing to a longer period, it shall constitute an Event of Default under this paragraph (3) if such failure shall not be remedied within sixty (60) days after receipt by the Agency and the School Parties of the above written notice; and

(4) The occurrence of an "Event of Default" under Section 8.1(c) of the Installment Sale Agreement.

(b) In no event shall the principal of any Bond be declared due and payable in advance of its final stated maturity, anything in this Indenture or in any of the Bonds contained to the contrary notwithstanding.

(c) In determining whether any event constitutes an Event of Default under clauses (1) or (2) of Section 8.1(a) above, no effect shall be given to payments made under the Bond Insurance Policy.

## **Section 8.2. Enforcement of Remedies.**

(a) Subject to Section 8.1(a) hereof, upon the occurrence and continuance of any Event of Default, then and in every case the Trustee may proceed (with the prior written consent of the Bond Insurer), and, upon the written request of the Holders of over twenty-five percent (25%) in aggregate principal amount of the Bonds Outstanding (with the prior written consent of the Bond Insurer) or the written direction of the Bond Insurer, shall proceed, to protect and enforce its rights and the rights of the Bondholders under the IDA Act, the Syracuse Schools Act, the Bonds, the Installment Sale Agreement, this Indenture and under any other Security Document forthwith by such suits, actions or special proceedings in equity (including mandamus) or at law, or by proceedings in the office of any board or officer having jurisdiction, whether for the specific performance of any covenant or agreement contained in this Indenture or in any other Security Document or in aid of the execution of any power granted in this Indenture or in any other Security Document or in the IDA Act or the Syracuse Schools Act or for the enforcement of any legal or equitable rights or remedies as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights or to perform any of its duties under this Indenture or under any other Security Document. In addition to any rights or remedies available to the Trustee hereunder or elsewhere, upon the occurrence and continuance of an Event of Default the Trustee may take such action, without notice or demand, as it deems advisable, to the extent permitted by law.

(b) In the enforcement of any right or remedy under this Indenture, under any other Security Document, under the IDA Act or under the Syracuse Schools Act, the Trustee shall be entitled to sue for, enforce payment on and receive any or all amounts then or during any default becoming, and any time remaining, due from the Agency, for principal, interest, Redemption Price, or otherwise, under any of the provisions of this Indenture, of any other Security Document or of the Bonds, and unpaid, with interest on overdue payments at the rate or rates of interest specified in the Bonds, together with any and all costs and expenses of collection and of all proceedings under this Indenture, under any such other Security Document and under the Bonds, without prejudice to any other right or remedy of the Trustee or of the Bondholders, and to recover and enforce judgment or decree against the Agency, but solely as provided in this Indenture and in the Bonds, for any portion of such amounts remaining unpaid, with interest, costs and expenses, and to collect (but solely from the moneys in the Bond Fund and other moneys available therefor to the extent provided in this Indenture) in any manner provided by law, the moneys adjudged or decreed to be payable. The Trustee shall file proof of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Bondholders allowed in any judicial proceedings relative to the School Parties or the Agency or their creditors or property.

(c) Regardless of the occurrence of an Event of Default, the Trustee, if requested in writing by the Bond Insurer or the Holders of over twenty-five percent (25%) in aggregate principal amount of the Bonds then Outstanding (with the consent of the Bond Insurer), and in each case furnished with reasonable security and indemnity, shall institute and maintain such suits and proceedings as it may be advised shall be necessary or expedient to prevent any impairment of the security under this Indenture or under any other Security Document by any acts which may be unlawful or in violation of this Indenture or of such other Security Document or of any resolution authorizing any Bonds, and such suits and proceedings

as the Trustee may be advised shall be necessary or expedient to preserve or protect its interests and the interests of the Bondholders; provided, that such request shall not be otherwise than in accordance with the provisions of law and of this Indenture and shall not be unduly prejudicial to the interests of the Holders of the Bonds not making such request.

**Section 8.3. Application of Revenues and Other Moneys After Default.**

(a) All moneys received by the Trustee pursuant to any right given or action taken under the provisions of this Article or under any other Security Document shall, after payment of the cost and expenses of the proceedings resulting in the collection of such moneys and of the fees, expenses, liabilities and advances (including legal fees and expenses) incurred or made by the Trustee, be deposited in the Bond Fund and all moneys so deposited and available for payment of the Bonds shall be applied, subject to Section 9.4 hereof, as follows:

*First:* To the payment to the Persons entitled thereto of all installments of interest then due on the Bonds, in the order of the maturity of the installments of such interest and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the Persons entitled thereto, without any discrimination or privilege; and

*Second:* To the payment to the Persons entitled thereto of the unpaid principal or Redemption Price, if any, of any of the Bonds or principal installments which shall have become due (other than Bonds or principal installments called for redemption for the payment of which moneys are held pursuant to the provisions of this Indenture), in the order of their due dates, with interest on such Bonds, at the rate or rates expressed thereon, from the respective dates upon which they become due and, if the amount available shall not be sufficient to pay in full Bonds or principal installments due on any particular date, together with such interest, then to the payment ratably, according to the amount of principal due on such date, to the Persons entitled thereto without any discrimination or privilege.

After payment of the costs and expenses of the proceedings resulting in the collection of such moneys and of the fees, expenses, liabilities and advances (including legal fees and expenses) incurred or made by the Trustee, the funds realized following the occurrence of an Event of Default shall be applied *first*, as provided in paragraph First and Second of this Section 8.3(a), *second*, to replenish any deficiency in the Debt Service Reserve Fund, *third*, to pay any amounts which the School Parties are required to rebate to the federal government pursuant to the Indenture and the Tax Compliance Certificate, *fourth*, to satisfy any obligation of the SCSD under Section 4.3 of the Installment Sale Agreement, *fifth*, to satisfy any obligation of the JSCB and the SCSD under Section 5.5 of the Installment Sale Agreement, and *sixth*, to satisfy any other obligations of the School Parties under the Installment Sale Agreement. Nothing contained in this Section 8.3 shall be deemed to modify the application of State Aid Revenues pursuant to Section 5.4 hereof.

(b) Whenever moneys are to be applied pursuant to the provisions of this Section, such moneys shall be applied at such times, and from time to time, as the Trustee shall determine, having due regard to the amount of such moneys available for application and the

likelihood of additional moneys becoming available for such application in the future. Whenever the Trustee shall apply such funds, it shall fix the date upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such dates shall cease to accrue. The Trustee shall give such written notice to all Bondholders promptly upon receipt of the deposit with it of any such moneys of such deposit and of the fixing of any such date, and shall not be required to make payment to the Holder of any Bond until such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

**Section 8.4. Actions by Trustee.** All rights of actions under this Indenture, under any other Security Document or under any of the Bonds may be enforced by the Trustee without the possession of any of the Bonds or the production thereof in any trial or other proceedings relating thereto and any such suit or proceeding instituted by the Trustee shall be brought in its name as Trustee without the necessity of joining as plaintiffs or defendants any Holders of the Bonds, and any recovery of judgment shall, subject to the provisions of Section 8.3 hereof, be for the equal benefit of the Holders of the Outstanding Bonds.

**Section 8.5. Bond Insurer or Majority Bondholders Control Proceedings.** The Bond Insurer, or, if a Bond Insurer Disqualification Event shall exist, the Holders of a majority in aggregate principal amount of the Bonds then Outstanding, shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of this Indenture, or for the appointment of a receiver or any other proceedings hereunder; provided, that such direction shall not be otherwise than in accordance with the provisions of law and of this Indenture.

**Section 8.6. Individual Bondholder Action Restricted.**

(a) No Holder of any Bond shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of any provisions of this Indenture or of any other Security Document or the execution of any trust under this Indenture or for any remedy under this Indenture or under any other Security Document, unless such Holder shall have previously given to the Trustee written notice of the occurrence of an Event of Default as provided in this Article, and the Holders of over twenty-five percent (25%) in aggregate principal amount of the Bonds then Outstanding shall have filed a written request with the Trustee, and shall have offered it reasonable opportunity either to exercise the powers granted in this Indenture or in such other Security Document or by the IDA Act or the Syracuse Schools Act or by the laws of the State or to institute such action, suit or proceeding in its own name, and unless such Holders shall have offered to the Trustee adequate security and indemnity satisfactory to it against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused to comply with such request for a period of sixty (60) days after receipt by it of such notice, request and offer of indemnity, it being understood and intended that no one or more Holders of Bonds shall have any right in any manner whatever by his, its or their action to affect, disturb or prejudice the pledge created by this Indenture, or to enforce any right under this Indenture except in the manner herein provided; and that all proceedings at law or in equity to enforce any provision of this Indenture shall be instituted, had and maintained in the manner provided in this Indenture and, subject to the provisions of Sections 8.3 and 8.5 hereof, be for the equal benefit of all Holders of the Outstanding Bonds, to the extent permitted by law.

(b) Nothing in this Indenture, in any other Security Document or in the Bonds contained shall affect or impair the right of any Bondholder to payment of the principal or Redemption Price, if applicable, of, and interest on any Bond at and after the maturity thereof, or the obligation of the Agency to pay the principal or Redemption Price, if applicable, of, and interest on each of the Bonds to the respective Holders thereof at the time, place, from the source and in the manner herein and in said Bonds expressed.

**Section 8.7. Effect of Discontinuance of Proceedings.** In case any proceedings taken by the Trustee on account of any Event of Default shall have been discontinued or abandoned for any reason, or shall have been determined adversely to the Trustee, then and in every such case, the Agency, the Bond Insurer, the Trustee and the Bondholders shall be restored, respectively, to their former positions and rights hereunder, and all rights, remedies, powers and duties of the Trustee shall continue as in effect prior to the commencement of such proceedings.

**Section 8.8. Remedies Not Exclusive.** No remedy by the terms of this Indenture conferred upon or reserved to the Trustee or to the Holders of the Bonds is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to any other remedy given under this Indenture or now or hereafter existing at law or in equity or by statute.

**Section 8.9. Delay or Omission.** No delay or omission of the Trustee, of the Bond Insurer or of any Holder of the Bonds to exercise any right or power arising upon any default shall impair any right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Article to the Trustee, the Bond Insurer and the Holders of the Bonds, respectively, may be exercised from time to time and as often as may be deemed expedient by the Trustee, by the Bond Insurer or by the Bondholders.

**Section 8.10. Notice of Default.** The Trustee shall promptly mail to the Agency, to registered Holders of Bonds, to the Bond Insurer, and to the School Parties by registered or certified mail, postage prepaid, return receipt requested, written notice of the occurrence of any Event of Default. The Trustee shall not, however, be subject to any liability to any Bondholder by reason of its failure to mail any notice required by this Section.

**Section 8.11. Waivers of Default.** The Trustee shall waive any default hereunder and its consequences only upon the written request of the Bond Insurer, or, if a Bond Insurer Disqualification Event shall exist, the Holders of at least a majority in aggregate principal amount of all the Bonds then Outstanding; provided, however, that there shall not be waived without the consent of the Holders of all the Bonds Outstanding (a) any default in the payment of the principal of any Outstanding Bonds at the date specified therein or (b) any default in the payment when due of the interest on any such Bonds, unless, prior to such waiver, all arrears of interest, with interest (to the extent permitted by law) at the rate borne by the Bonds on overdue installments of interest in respect of which such default shall have occurred, and all arrears of payment of principal when due, as the case may be, and all expenses of the Trustee and reasonable legal fees and expenses in connection with such default shall have been paid or provided for, and in case of any such waiver, or in case any proceeding taken by the Trustee on account of any such default shall have been discontinued or abandoned or determined adversely to the Trustee, then and in every such case the Agency, the Bond Insurer, the Trustee and the

Bondholders shall be restored to their former positions and rights hereunder, respectively, but no such waiver shall extend to any subsequent or other default, or impair any right consequent thereon.

**ARTICLE IX**  
**TRUSTEE AND PAYING AGENTS**

**Section 9.1. Appointment and Acceptance of Duties.**

(a) Manufacturers and Traders Trust Company, Buffalo, New York, is hereby appointed as Trustee. The Trustee shall signify its acceptance of the duties and obligations of the Trustee hereunder and under each Security Document by executing this Indenture and agrees to perform said trusts as a corporate trustee ordinarily would under a corporate mortgage subject to the express terms and conditions herein. All provisions of this Article IX shall be construed as extending to and including all the rights, duties and obligations imposed upon the Trustee under the Installment Sale Agreement and under any other Security Document to which it shall be a party as fully for all intents and purposes as if this Article IX were contained in the Installment Sale Agreement and each such other Security Document.

(b) Manufacturers and Traders Trust Company, Buffalo, New York, is hereby appointed as Paying Agent for the Bonds. The Agency may also from time to time appoint one or more other Paying Agents in the manner and subject to the conditions set forth in Section 9.9 hereof for the appointment of a successor Paying Agent. Each Paying Agent shall signify its acceptance of the duties and obligations imposed upon it by this Indenture by executing and delivering to the Agency, and in the case of all Paying Agents other than the Trustee, to the Trustee a written acceptance thereof. The principal offices of the Paying Agents are designated as the respective offices or agencies of the Agency for the payment of the principal or Redemption Price, if any, of, and interest on the Bonds.

**Section 9.2. Indemnity.** The Trustee shall be under no obligation to institute any suit, or to take any remedial action under this Indenture or under any other Security Document or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts hereby created or in the enforcement of any rights and powers under this Indenture, or under any other Security Document, until it shall be indemnified to its satisfaction against any and all reasonable compensation for services, costs and expenses, outlays, and counsel fees and other disbursements, and against all liability not due to its willful misconduct, unlawful conduct or gross negligence.

**Section 9.3. Responsibilities of Trustee.**

(a) The Trustee shall have no responsibility in respect of the validity or sufficiency of this Indenture or of any other Security Document or the security provided hereunder or thereunder or the due execution of this Indenture by the Agency, or the due execution of any other Security Document by any party (other than the Trustee) thereto, or in respect of any interest in or the value of the Facilities, or in respect of the validity of the Bonds authenticated and delivered by the Trustee in accordance with this Indenture or to see to the recording or filing of this Indenture or any other document or instrument whatsoever except as otherwise provided in Section 7.8 hereof. The recitals, statements and representations contained in this Indenture and in the Bonds shall be taken and be construed as made by and on the part of the Agency and not by the Trustee, and the Trustee does not assume any responsibility for the

correctness of the same; provided, however, that the Trustee shall be responsible for its representation contained in its certificate on the Bonds.

(b) The Trustee shall not be liable or responsible because of the failure of the Agency to perform any act required of it by this Indenture or because of the loss of any moneys arising through the insolvency or the act or default or omission of any depository other than itself in which such moneys shall have been deposited under this Indenture or the Tax Compliance Certificate. The Trustee shall not be responsible for the application of any of the proceeds of the Bonds or any other moneys deposited with it and paid out, invested, withdrawn or transferred in accordance with this Indenture or the Tax Compliance Certificate or for any loss resulting from any such investment. The Trustee shall not be liable in connection with the performance of its duties under the Installment Sale Agreement, under this Indenture or the Tax Compliance Certificate or under any other Security Document except for its own willful misconduct or gross negligence. The immunities and exemptions from liability of the Trustee shall extend to its directors, officers, employees, agents and servants and persons under the Trustee's control or supervision.

(c) The Trustee, prior to the occurrence of an Event of Default and after curing of all Events of Default which may have occurred, if any, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture. In case an Event of Default has occurred (which has not been cured) the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in their exercise as a prudent man would exercise under the circumstances in the conduct of his own affairs. The Trustee shall not be charged with knowledge of the occurrence of an Event of Default unless, (i) the Trustee has not received payment of any amount required to be remitted to the Trustee under the Installment Sale Agreement or any other Security Document, (ii) an officer in the corporate trust department of the Trustee has actual knowledge thereof, or (iii) a Responsible Officer of the Trustee has received written notice thereof from the City and/or the SCSD, the Bond Insurer, the Agency or any Bondholder.

(d) The Trustee shall execute all instruments required by it by Section 7.8 hereof at the expense of the SCSD.

(e) The Trustee shall prepare and deliver to the Depository Bank each certificate required of the Trustee pursuant to Sections 202(e) and 202(f) of the State Aid Trust Agreement. The Trustee shall otherwise comply with and perform its obligations under the State Aid Trust Agreement.

(f) The Trustee shall on the same date as it shall render the statement required of it by Section 7.4 of this Indenture, make annual reports to the Agency, the Bond Insurer and the School Parties of all moneys received and expended during the preceding year by it under this Indenture and of any Event of Default known to it under the Installment Sale Agreement or this Indenture or under any other Security Document.

(g) In performing its duties and obligations under the Tax Compliance Certificate, the Trustee shall not be required to make any payment of a Rebate Amount or any transfer of funds or take any other action required to be taken thereunder except upon the receipt

of a written certificate of direction of an Authorized Representative of the City delivered to the Trustee in accordance with the terms of the Tax Compliance Certificate. Notwithstanding any provision of the Tax Compliance Certificate or any other Security Document, nothing in the Tax Compliance Certificate, either expressed or implied, shall be deemed to impose upon the Trustee any responsibility for the legal sufficiency of the Tax Compliance Certificate to effect compliance with the Code.

**Section 9.4. Compensation.** The Trustee, the Bond Registrar and the Paying Agents shall be entitled to receive and collect from the City and/or the SCSD as provided in the Installment Sale Agreement payment or reimbursement for reasonable fees for all services rendered hereunder and under each other Security Document and all advances, counsel fees and other expenses reasonably and necessarily made or incurred by the Trustee, the Bond Registrar or the Paying Agents in connection therewith. Upon and following an Event of Default, but only while there remains an Event of Default that has not been cured or waived, the Trustee, the Bond Registrar and the Paying Agents shall have a first right of payment prior to payment on account of the principal of or interest on any Bonds, upon the revenues (but not including any amounts derived from the Bond Insurance Policy or held by the Trustee under Sections 5.4, 10.1 or 13.2 hereof) for the foregoing advances, fees, costs and expenses incurred.

**Section 9.5. Evidence on Which Trustee May Act.**

(a) In case at any time it shall be necessary or desirable for the Trustee to make any investigation respecting any fact preparatory to taking or not taking any action, or doing or not doing anything, as such Trustee, and in any case in which this Indenture provides for permitting or taking any action, it may rely upon any certificate required or permitted to be filed with it under the provisions of this Indenture, and any such certificate shall be evidence of such fact to protect it in any action that it may or may not take, or in respect of anything it may or may not do, in good faith, by reason of the supposed existence of such fact.

(b) The Trustee may conclusively rely and shall be fully protected and shall incur no liability in acting or proceeding, or in not acting or not proceeding, in good faith, reasonably and in accordance with the terms of this Indenture (except for the Trustee's own willful misconduct, unlawful conduct or gross negligence), upon any resolution, order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond or other paper or document which it shall in good faith reasonably believe to be genuine and to have been adopted or signed by the proper board or person, or to have been prepared and furnished pursuant to any of the provisions of this Indenture, or, at the sole cost and expense of the City and/or the SCSD, and upon the written opinion of any attorney (who may be an attorney for the Agency or an employee of the City and/or the SCSD), engineer, appraiser, architect or accountant believed by the Trustee to be qualified in relation to the subject matter.

**Section 9.6. Trustee and Paying Agents May Deal in Bonds.** Any national banking association, bank or trust company acting as a Trustee or Paying Agent, and its directors, officers, employees or agents, may in good faith buy, sell, own, hold and deal in any of the Bonds, and may join in any action which any Bondholder may be entitled to take with like effect as if such association, bank or trust company were not such Trustee or Paying Agent.

**Section 9.7. Resignation or Removal of Trustee.** The Trustee may resign and thereby become discharged from the trusts created under this Indenture for any reason by giving written notice by first class mail, postage prepaid, to the Agency, to the Bond Insurer, to the School Parties and to the Holders of all Bonds not less than sixty (60) days before such resignation is to take effect, but such resignation shall not take effect until the appointment and acceptance thereof of a successor Trustee pursuant to Section 9.8 hereof.

The Trustee may be removed at any time by an instrument or concurrent instruments in writing filed with the Trustee and signed by the Holders of not less than a majority in aggregate principal amount of the Bonds then Outstanding or their attorneys-in-fact duly authorized. Such removal shall become effective either upon the appointment and acceptance of such appointment by a successor Trustee or at the date specified in the instrument of removal. The Trustee shall promptly give notice of such filing to the Agency, the Bond Insurer and the School Parties. No removal shall take effect until the appointment and acceptance thereof of a successor Trustee pursuant to Section 9.8 hereof.

**Section 9.8. Successor Trustee.**

(a) If at any time the Trustee shall resign or shall be removed effective prior to the appointment and acceptance of a successor Trustee, be dissolved or otherwise become incapable of acting or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator thereof, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee or of its property or affairs, the position of Trustee shall thereupon become vacant. If the position of Trustee shall become vacant for any of the foregoing reasons or for any other reason or if the Trustee shall resign, the School Parties shall cooperate with the Agency and the Agency shall appoint a successor Trustee and shall use its best efforts to obtain acceptance of such trust by the successor Trustee within sixty (60) days from such vacancy or notice of resignation. Within twenty (20) days after such appointment and acceptance, the Agency shall notify in writing the School Parties, the Bond Insurer and the Holders of all Bonds.

(b) In the event of any such vacancy or resignation and if a successor Trustee shall not have been appointed within sixty (60) days of such vacancy or notice of resignation, the Holders of a majority in aggregate principal amount of the Bonds then Outstanding, by an instrument or concurrent instruments in writing, signed by such Bondholders or their attorneys-in-fact thereunto duly authorized and filed with the Agency, may appoint a successor Trustee which shall, immediately upon its acceptance of such trusts, and without further act, supersede the predecessor Trustee. If no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section 9.8, within 120 days of such vacancy or notice of resignation, the Holder of any Bond then Outstanding, the Agency or any retiring Trustee or the School Parties may apply to any court of competent jurisdiction to appoint a successor Trustee. Such court may thereupon, after such notice, if any, as such court may deem proper, appoint a successor Trustee.

(c) Any Trustee appointed under this Section shall be a national banking association or a bank or trust company duly organized under the laws of any state of the United States authorized to exercise corporate trust powers under the laws of the State and authorized by

law and its charter to perform all the duties imposed upon it by this Indenture and each other Security Document. At the time of its appointment, any successor Trustee shall (y) have a capital stock and surplus aggregating not less than \$100,000,000, and (z) have an investment grade rating (y) if the Bonds are rated by Moody's, of at least "Baa3" or "P-3" or be otherwise acceptable to Moody's, and (z) if the Bonds are rated by S&P, of at least "BBB-" or "A-3" or be otherwise acceptable to S&P. Any entity acting as successor Trustee shall also act as Depository Bank under the State Aid Trust Agreement.

(d) Every successor Trustee shall execute, acknowledge and deliver to its predecessor, and also to the Agency, an instrument in writing accepting such appointment, and thereupon such successor Trustee, without any further act, deed, or conveyance, shall become fully vested with all moneys, estates, properties, rights, immunities, powers and trusts, and subject to all the duties and obligations, of its predecessor, with like effect as if originally named as such Trustee; but such predecessor shall, nevertheless, on the written request of its successor or of the Agency, and upon payment of the compensation, expenses, charges and other disbursements of such predecessor which are due and payable pursuant to Section 9.4 hereof, execute and deliver an instrument transferring to such successor Trustee all the estate, properties, rights, immunities, powers and trusts of such predecessor; and every predecessor Trustee shall deliver all property and moneys, together with a full accounting thereof, held by it under this Indenture to its successor. Should any instrument in writing from the Agency be required by any successor Trustee for more fully and certainly vesting in such Trustee the estate, properties, rights, immunities, powers and trusts vested or intended to be vested in the predecessor Trustee, any such instrument in writing shall, on request, be executed, acknowledged and delivered by the Agency. Any successor Trustee shall promptly notify other Notice Parties of its appointment as Trustee.

(e) Any company into which the Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a national banking association or a bank or trust company duly organized under the laws of any state of the United States and shall be authorized by law and its charter to perform all the duties imposed upon it by this Indenture and each other Security Document shall be the successor to such Trustee without the execution or filing of any paper or the performance of any further act.

#### **Section 9.9. Resignation or Removal of Paying Agent; Successor.**

(a) Any Paying Agent may at any time resign and be discharged of the duties and obligations created by this Indenture by giving at least sixty (60) days' prior written notice to the other Notice Parties. Any Paying Agent may be removed at any time by an instrument filed with such Paying Agent and the Trustee and signed by the Agency. Any successor Paying Agent shall be appointed by the Agency, with the approval of the Trustee, and shall be a commercial bank or trust company duly organized under the laws of any state of the United States or a national banking association, having a capital stock and surplus aggregating at least \$40,000,000, having an investment grade rating (y) if the Bonds are rated by Moody's of at least "Baa3" or "P-3" or be otherwise acceptable to Moody's, and (z) if the Bonds are rated by S&P, of at least "BBB-" or "A-3" or be otherwise acceptable to S&P, and willing and able to accept the office on

reasonable and customary terms and authorized by law and its charter to perform all the duties imposed upon it by this Indenture.

(b) In the event of the resignation or removal of any Paying Agent, such Paying Agent shall pay over, assign and deliver any moneys held by it as Paying Agent to its successor, or if there be no successor, to the Trustee. In the event that for any reason there shall be a vacancy in the office of any Paying Agent, the Trustee shall act as such Paying Agent.

#### **Section 9.10. Appointment of Co-Trustee.**

(a) It is the purpose of this Indenture that there shall be no violation of any law of any jurisdiction denying or restricting the right of banking corporations or associations to transact business as trustee in such jurisdiction. It is recognized that in case of litigation under this Indenture or under any other Security Document, and in particular in case of the enforcement of any such documents on default, or in case the Trustee deems that by reason of any present or future law of any jurisdiction it may not exercise any of the powers, rights or remedies herein granted to the Trustee or hold title to the properties, in trust, as herein granted, or take any other action which may be desirable or necessary in connection therewith, it may be necessary that the Trustee appoint an additional institution as a separate trustee or co-trustee at the expense of the City and the SCSD. The following provisions of this Section are adapted to these ends.

(b) In the event that the Trustee appoints an additional institution as a separate trustee or co-trustee, each and every remedy, power, right, claim, demand, cause of action, immunity, estate, title, interest and lien expressed or intended by this Indenture to be exercised by or vested in or conveyed to the Trustee with respect thereto shall be exercisable by and vest in such separate trustee or co-trustee but only to the extent necessary to enable such separate trustee or co-trustee to exercise such powers, rights and remedies, and every covenant and obligation necessary to the exercise thereof by such separate trustee or co-trustee shall run to and be enforceable by either of them. Such co-trustee may be removed by the Trustee at any time, with or without cause.

(c) Should any instrument in writing from the Agency be required by the separate trustee or co-trustee so appointed or removed by the Trustee for more fully and certainly vesting in and confirming to it such properties, rights, powers, trusts, duties and obligations, any and all such instruments in writing shall, on request, be executed, acknowledged and delivered by the Agency. In case any separate trustee or co-trustee, or a successor to either, shall become incapable of acting, resign or be removed, all the estates, properties, rights, powers, trusts, duties and obligations of such separate trustee or co-trustee, so far as permitted by law, shall vest in and be exercised by the Trustee until the appointment of a new trustee or successor to such separate trustee or co-trustee.

**Section 9.11. Approvals or Consents by Trustee.** The Trustee shall grant no approval, request or consent under the Security Documents except at the direction of the Bond Insurer, or, if a Bond Insurer Disqualification Event shall exist, the Holders of a majority in aggregate principal amount of the Bonds Outstanding.

**Section 9.12. Notice to Rating Agencies.** The Trustee shall provide the rating agencies, if the Bonds should be rated, with written notice, if possible, in advance or, if impossible, promptly following, the effective date of (i) the appointment of any successor Trustee, (ii) any amendments to the Security Documents, or (iii) the redemption in whole or other payment in full of the Bonds. The Trustee agrees to inform the rating agencies of the above as a matter of courtesy and accommodation. However, the Trustee shall have no liability or obligation to the rating agencies or to any other Person in the event that it should fail to furnish any such information.

**Section 9.13. Notice to the Bond Insurer.** The Trustee shall provide to the Bond Insurer:

(a) Notice of any draw upon the Debt Service Reserve Fund within two (2) Business Days after knowledge thereof other than (i) withdrawals of amounts in excess of the Debt Service Reserve Fund Requirement and (ii) withdrawals in connection with a refunding of Series 2008A Bonds;

(b) Notice of any default known to the Trustee within five (5) Business Days after knowledge thereof;

(c) Prior notice of the advance refunding or redemption of any of the Series 2008A Bonds, including the principal amount, maturities and CUSIP numbers thereof;

(d) Notice of the resignation or removal of the Trustee and Bond Registrar and the appointment of, and acceptance of duties by, any successor thereto;

(e) Notice of the commencement of any proceeding by or against the Agency or any School Party commenced under the United States Bankruptcy Code or any other applicable bankruptcy, insolvency, receivership, rehabilitation or similar law (an "*Insolvency Proceeding*");

(f) Notice of the making of any claim in connection with any Insolvency Proceeding seeking the avoidance as a preferential transfer of any payment of principal of, or interest on, the Series 2008A Bonds;

(g) A full original transcript of all proceedings relating to the execution of any amendment or supplement to any Security Document; and

(h) All reports, notices and correspondence to be delivered to Holders of the Series 2008A Bonds under the terms of the Security Documents.

**Section 9.14. Trustee to Disregard Bond Insurance Policy.** In determining whether any amendment, consent or other action to be taken, or any failure to take action, under the Indenture or any other Security Document would adversely affect the security for the Series 2008A Bonds or the rights of the Holders of the Series 2008A Bonds, the Trustee shall consider the effect of any such amendment, consent, action or inaction as if there were no Bond Insurance Policy.

## ARTICLE X

### DISCHARGE OF INDENTURE

#### Section 10.1. Defeasance.

(a) If the Agency shall pay or cause to be paid, or there shall otherwise be paid, to the Holders of all Bonds the principal or Redemption Price, if applicable, of, interest and all other amounts due or to become due thereon or in respect thereof, at the times and in the manner stipulated therein and in this Indenture, and all fees and expenses and other amounts due and payable under this Indenture and the Installment Sale Agreement, all amounts due or to become due to the Bond Insurer, and any other amounts required to be rebated to the federal government pursuant to the Tax Compliance Certificate or this Indenture, shall be paid in full or duly provided for, then the pledge of the Installment Purchase Payments under this Indenture and the estate and rights hereby granted, and all covenants, agreements and other obligations of the Agency to the Bondholders hereunder shall thereupon cease, terminate and become void and be discharged and satisfied and the Bonds shall thereupon cease to be entitled to any lien, benefit or security hereunder, except as to moneys or securities held by the Trustee or the Paying Agents as provided below in this subsection. At the time of such cessation, termination, discharge and satisfaction, the Trustee and the Paying Agents shall pay over or deliver to the City for the benefit of the SCSD or on its order all moneys or securities held by them pursuant to this Indenture which are not required (i) for the payment of principal or Redemption Price, if applicable, or interest on Bonds not theretofore surrendered for such payment or redemption, (ii) for the payment of all such other amounts due or to become due under the Security Documents or (iii) for the payment of any amounts to the federal government under the Tax Compliance Certificate or this Indenture.

(b) Bonds or interest installments for the payment or redemption of which moneys (and/or Defeasance Obligations which shall not be subject to call or redemption or prepayment prior to maturity and the full and timely payment of the principal of and interest on which when due, together with the moneys, if any, set aside at the same time, will provide funds sufficient for such payment or redemption) shall then be set aside and held in trust by the Trustee or Paying Agents, whether at or prior to the maturity or the redemption date of such Bonds, shall be deemed to have been paid within the meaning and with the effect expressed in subsection (a) of this Section, if (i) in case any such Bonds are to be redeemed prior to the maturity thereof, all action necessary to redeem such Bonds shall have been taken and notice of such redemption shall have been duly given or provision satisfactory under the requirements of this Indenture to the Trustee shall have been made for the giving of such notice, and (ii) if the maturity or redemption date of any such Bond shall not then have arrived, provision shall have been made by deposit with the Trustee or other methods satisfactory to the Trustee for the payment to the Holders of any such Bonds upon surrender thereof of the full amount to which they would be entitled by way of principal or Redemption Price and interest and all other amounts then due under the Security Documents to the date of such maturity or redemption, and provision satisfactory to the Trustee shall have been made for the mailing of a notice to the Holders of such Bonds that such moneys are so available for such payment.

(c) Prior to any defeasance becoming effective as provided in Section 10.1(b) above, there shall have been delivered to the Agency and to the Trustee (A) an opinion of Nationally Recognized Bond Counsel addressed to, and acceptable in form and substance to, the Agency and the Trustee and, in the case of the Series 2008A Bonds, to the Bond Insurer, to the effect that interest on any Bonds being discharged by such defeasance will not become subject to federal income taxation by reason of such defeasance, and that the Bonds being defeased are no longer "Outstanding" under the Indenture, (B) a verification report from an independent certified public accountant or firm of independent certified public accountants or other recognized consultant or verification agent (in each case reasonably acceptable to the Agency and to the Trustee and, in the case of the Series 2008A Bonds, to the Bond Insurer) to the effect that the moneys and/or Defeasance Obligations are sufficient, without reinvestment, to pay the principal of, interest on, and redemption premium, if any, of the Bonds to be defeased on the maturity or redemption date, as applicable, (C) an escrow deposit agreement (reasonably acceptable to the Agency and the Trustee and, in the case of the Series 2008A Bonds, to the Bond Insurer), and (D) a certificate of discharge of the Trustee with respect to the Bonds being defeased. In the case of a defeasance in whole or in part of the Series 2008A Bonds, the Bond Insurer shall be provided with final drafts of the documentation referred to in this paragraph at least five (5) Business Days prior to the funding of the escrow.

No provision of this Section 10.1, including any defeasance of Bonds, shall limit the rights of the Holder of any Bonds under Sections 3.6, 3.7, 3.9 or 5.4 hereof until such Bonds shall have been paid in full.

## ARTICLE XI

### AMENDMENTS OF INDENTURE

**Section 11.1. Limitation on Modifications.** This Indenture shall not be modified or amended in any respect except as provided in and in accordance with and subject to the provisions of this Article.

**Section 11.2. Supplemental Indentures Without Bondholders' Consent.**

(a) The Agency and the Trustee may, from time to time and at any time, enter into Supplemental Indentures without consent of the Bondholders, but with the prior written consent of the Bond Insurer, for any of the following purposes:

(1) To cure any formal defect, omission or ambiguity in this Indenture or in any description of property subject to the lien hereof, if such action is not materially adverse to the interests of the Bondholders.

(2) To grant to or confer upon the Trustee for the benefit of the Bondholders any additional rights, remedies, powers, authority or security which may lawfully be granted or conferred and which are not contrary to or inconsistent with this Indenture as theretofore in effect.

(3) To add to the covenants and agreements of the Agency in this Indenture other covenants and agreements to be observed by the Agency which are not contrary to or inconsistent with this Indenture as theretofore in effect.

(4) To add to the limitations and restrictions in this Indenture other limitations and restrictions to be observed by the Agency which are not contrary to or inconsistent with this Indenture as theretofore in effect.

(5) To confirm, as further assurance, any pledge under, and the subjection to any lien or pledge created or to be created by, this Indenture, of the Installment Purchase Payments or of any other moneys, securities or funds, or to subject to the lien or pledge of this Indenture additional revenues, properties or collateral.

(6) To modify or amend such provisions of this Indenture as shall, in the opinion of Nationally Recognized Bond Counsel, be necessary to assure the federal tax exemption of the interest on the Bonds.

(7) To authorize the issuance of a Series of Additional Bonds and prescribe the terms, forms and details thereof not inconsistent with this Indenture.

(8) To effect any other change herein which, in the judgment of the Trustee, is not to the material prejudice of the Trustee or the Bondholders.

(9) To effect the delivery of a Credit Facility and/or a Qualified Swap for a Series of Bonds.

(10) To modify, amend or supplement this Indenture or any Supplemental Indenture in such manner as to permit the qualification hereof and thereof under the Trust Indenture Act of 1939 or any similar federal statute hereafter in effect or to permit the qualification of the Bonds for sale under the securities laws of the United States of America or of any of the states of the United States of America, and, if they so determine, to add to this Indenture or any Supplemental Indenture such other terms, conditions and provisions as may be permitted by said Trust Indenture Act of 1939 or similar federal statute.

(11) To permit the appointment of a co-trustee under this Indenture.

(b) Before the Agency and the Trustee shall enter into any Supplemental Indenture pursuant to this Section, there shall have been filed with the Trustee an opinion of Nationally Recognized Bond Counsel stating that such Supplemental Indenture is authorized or permitted by this Indenture and complies with its terms, and that upon execution it will be valid and binding upon the Agency in accordance with its terms. Notice of the proposed Supplemental Indenture shall be mailed, postage prepaid, to S&P and Moody's by the Trustee at least ten (10) days prior to the effective date thereof.

### **Section 11.3. Supplemental Indentures With Consent of Bondholders and Bond Insurer.**

(a) Subject to the terms and provisions contained in this Article, the Bond Insurer (for so long as no Bond Insurer Disqualification Event shall exist) and the Holders of not less than a majority in aggregate principal amount of the Bonds then Outstanding shall have the right from time to time, to consent to and approve the entering into by the Agency and the Trustee of any Supplemental Indenture as shall be deemed necessary or desirable by the Agency for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained herein; provided, however, that if any such Supplemental Indenture would affect only the Holders of a single Series of Bonds then Outstanding, then only the consent of, (y) if such affected Series of Bonds shall be the Series 2008A Bonds, the Bond Insurer, or, if a Bond Insurer Disqualification Event shall exist, the Holders of a majority in aggregate principal amount of the Series 2008A Bonds Outstanding shall be required, or (z) if such affected Series of Bonds shall *not* be the Series 2008A Bonds, the Holders of a majority in aggregate principal amount of the Bonds Outstanding of such affected Series shall be required. Nothing herein contained shall permit, or be construed as permitting, (i) a change in the times, amounts or currency of payment of the principal of, redemption premium, if any, or interest on any Outstanding Bonds, a change in the terms of redemption or maturity of the principal of or the interest on any Outstanding Bonds, or a reduction in the principal amount of or the Redemption Price of any Outstanding Bond or the rate of interest thereon, or any extension of the time of payment thereof, or a change in the method of determining the rate of interest on any Bond, without the consent of the Holder of such Bond, (ii) the creation of a lien upon or pledge of Installment Purchase Payments other than the liens or pledge created by this Indenture, except as provided in this Indenture with respect to Additional Bonds, (iii) a preference or priority of any

Bond or Bonds over any other Bond or Bonds, (iv) a reduction in the aggregate principal amount of Bonds required for consent to such Supplemental Indenture, or (v) a modification, amendment or deletion with respect to any of the terms set forth in this Section 11.3(a), without, in the case of items (ii) through and including (v) of this Section 11.3(a), the written consents of the Bond Insurer (for so long as no Bond Insurer Disqualification Event shall exist) and of one hundred percent (100%) of the Holders of the Outstanding Bonds.

(b) If at any time the Agency shall determine to enter into any Supplemental Indenture for any of the purposes of this Section, it shall cause notice of the proposed Supplemental Indenture to be mailed, postage prepaid, to S&P, Moody's, the Bond Insurer and all Bondholders at least ten (10) days prior to the effective date thereof. Such notice shall briefly set forth the nature of the proposed Supplemental Indenture, and shall state that a copy thereof is on file at the offices of the Trustee for inspection by the Bond Insurer and all Bondholders.

(c) Within one year after the date of such notice, the Agency and the Trustee may enter into such Supplemental Indenture in substantially the form described in such notice only if there shall have first been filed with the Trustee (i) the written consents of the Bond Insurer (for so long as no Bond Insurer Disqualification Event shall exist) and the Holders of not less than a majority or 100%, as the case may be, in aggregate principal amount of the Bonds then Outstanding (or, if such Supplemental Indenture shall affect only a single Series of Bonds, (y) and the affected Series of Bonds shall be the Series 2008A Bonds, the Bond Insurer, or if a Bond Insurer Disqualification Event shall exist, the written consents of the Holders of a majority in aggregate principal amount of the Series 2008A Bonds Outstanding and (z) the affected Series of Bonds shall *not* be the Series 2008A Bonds, the written consents of the Holders of not less than a majority in aggregate principal amount of such affected Series of Bonds Outstanding) and (ii) an opinion of Nationally Recognized Bond Counsel stating that such Supplemental Indenture is authorized or permitted by this Indenture and complies with its terms, and that upon execution it will be valid and binding upon the Agency in accordance with its terms. Each valid consent shall be effective only if accompanied by proof of the holding, at the date of such consent, of the Bonds with respect to which such consent is given. A certificate or certificates by the Trustee that it has examined such proof and that such proof is sufficient in accordance with this Indenture shall be conclusive that the consents have been given by the Holders of the Bonds described in such certificate or certificates. Any such consent shall be binding upon the Holder of the Bonds giving such consent and upon any subsequent Holder of such Bonds and of any Bonds issued in exchange therefor (whether or not such subsequent Holder thereof has notice thereof), unless such consent is revoked in writing by the Holder of such Bonds giving such consent or a subsequent Holder thereof by filing such revocation with the Trustee prior to the execution of such Supplemental Indenture.

(d) If the Bond Insurer (for so long as no Bond Insurer Disqualification Event shall exist) and the Holders of not less than the percentage of Bonds required by this Section shall have consented to and approved the execution thereof as herein provided, no Holder of any Bond shall have any right to object to the execution of such Supplemental Indenture, or to object to any of the terms and provisions contained therein or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Agency from executing the same or from taking any action pursuant to the provisions thereof.

(e) Upon the execution of any Supplemental Indenture pursuant to the provisions of this Section, this Indenture shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under this Indenture of the Agency, the Trustee and all Holders of Bonds then Outstanding shall thereafter be determined, exercised and enforced under this Indenture, subject in all respects to such modifications and amendments.

**Section 11.4. Supplemental Indenture Part of this Indenture.** Any Supplemental Indenture executed in accordance with the provisions of this Article shall thereafter form a part of this Indenture and all the terms and conditions contained in any such Supplemental Indenture as to any provisions authorized to be contained therein shall be deemed to be part of the terms and conditions of this Indenture for any and all purposes. The Trustee shall have no liability to any Bondholder or any other Person for any action taken by it in good faith pursuant to this Section. Before the Agency or the Trustee shall enter into or consent to any amendment, change or modification to any of the Related Security Documents, there shall be filed with the Trustee an opinion of Nationally Recognized Bond Counsel to the effect that such amendment, change or modification will not adversely affect the exclusion from federal income taxation of interest on any Series of Bonds Outstanding. **Section 12.2. If at any time the School Parties shall request the consent of the Trustee to any such proposed amendment, change or modification, the Trustee shall cause notice of such proposed amendment, change or modification to be mailed to the same Persons and in the same manner as is provided in Article XI hereof with respect to Supplemental Indentures. Before the Trustee shall enter into or consent to any amendment, change or modification to any of the Related Security Documents, there shall be filed with the Trustee an opinion of Nationally Recognized Bond Counsel to the effect that such amendment, change or modification will not adversely affect the exemption from federal income taxation of interest on any Series of Bonds Outstanding.

**Section 12.3. Consents of the Bond Insurer.** Notwithstanding any other provisions of this Article XII, for so long as no Bond Insurer Disqualification Event shall exist, any amendment, change or modification to a Related Security Document which shall require the consent of the Holders of the Series 2008A Bonds shall instead be deemed to require only the prior written consent of the Bond Insurer, except in the cases where approval of all Holders of the Series 2008A Bonds is required herein, in which case the consents of both the Holders of the Series 2008A Bonds and, for so long as no Bond Insurer Disqualification Event shall exist, the Bond Insurer, shall be required.

**WHEREAS**, to accomplish the purposes of the IDA Act, the Agency has entered into negotiations and has received a proper application from the JSCB, acting on behalf of the SCSD and the City, for the first phase of the Projects (the "*Series 2008 Project*") to be undertaken pursuant to the Comprehensive Syracuse District-Wide Reconstruction Master Plan of the SCSD's public schools (the "*Program*"), to induce the Agency to (a) acquire an interest in and (b) undertake (i) the rehabilitation and/or reconstruction of certain existing public schools (including additions to an existing school building and construction or reconstruction of athletic fields, playgrounds and other recreational facilities for such existing school buildings and/or the acquisition and installation of all Equipment (as defined herein) necessary and attendant to and for the use of such existing school building) of the City and the SCSD located within the City (collectively, the "*Facilities*"), at the sites listed in Exhibit A attached hereto and made a part hereof, and (ii) the financing thereof; and

**WHEREAS**, as a result of such negotiations, the JSCB has requested the Agency to issue its revenue bonds from time to time in one or more Series through multiple indentures of trust in an aggregate principal amount not to exceed \$180,000,000 to effect such financing; and

**WHEREAS**, the Agency adopted a resolution on March 4, 2008, authorizing the issuance of its revenue bonds to effect the financing of the Facilities, the acceptance of a license and bill of sale in and to the Facilities by the Agency from the City and the SCSD, the appointment of the JSCB as agent of the Agency to complete the Series 2008 Project and the sale of the Agency's interests in and to the Facilities pursuant to this Agreement to the City and the SCSD; and

**WHEREAS**, the Agency will appoint the JSCB as its agent pursuant to this Agreement for the purpose of completing the Series 2008 Project; and

**WHEREAS**, the Agency will sell its interest in the Facilities to the City and the SCSD pursuant to this Agreement; and

**WHEREAS**, it is contemplated that the Agency or other public entity will issue additional series of its bonds from time to time under separate indentures of trust to finance all or a portion of the costs of additional public school facilities as part of the Program; and

#### **Section 4.1. Payment of Installment Purchase Payments.**

(a) Subject to Section 4.4 hereof, the City and the SCSD agree to pay or cause to be paid, the Base Installment Purchase Payments for the Facilities in the amounts as set forth in Schedule A attached hereto. Base Installment Purchase Payments must be deposited by or on behalf of the City and the SCSD, as provided in the State Aid Trust Agreement, with the Trustee by no later than each Base Installment Purchase Payment Date; *provided, however*, that there shall be credited against any Base Installment Purchase Payments any amounts available for such purpose and on deposit in the Bond Fund, including any amounts deposited to the Bond Fund pursuant to Section 5.4 of the Indenture and any amounts deposited to the Bond Fund pursuant to Section 4.1(a) of the Indenture (such net amount being the "*Net Base Facilities Agreement Payment*").

(b) Upon receipt by the City and the SCSD of notice from the Trustee pursuant to the Indenture that the amount on deposit in the Debt Service Reserve Fund (including any amounts deposited to the Debt Service Reserve Fund pursuant to Section 5.4 of the Indenture) shall be less than the Debt Service Reserve Requirement, the City and the SCSD shall immediately pay to the Trustee, subject to Section 4.4 hereof, for deposit in the Debt Service Reserve Fund, an amount equal to the deficiency.

(c) The City and SCSD (at the direction of an Authorized Representative of the City) shall have the option to make from time to time prepayments in part of payments due as aforesaid of Base Installment Purchase Payments, together with interest accrued and to accrue and premium, if any, to be paid on the Series 2008A Bonds, if, but only if, such prepayment is to be used for the redemption or defeasance of such Series 2008A Bonds. The Trustee shall apply such prepayments in such manner consistent with the provisions of the Indenture as may be specified in writing by an Authorized Representative of the City at the time of making such prepayment. Upon any such prepayment, the Trustee shall, if necessary, recalculate the schedule of Base Installment Purchase Payments set forth in Schedule A attached hereto in accordance with the Indenture and deliver a revised schedule to the City, the SCSD and the Agency, and such revised schedule shall be deemed to replace the then-existing Schedule A attached hereto.

**Section 4.2. Direction as to Payment of Installment Purchase Payments.** Base Installment Purchase Payments shall be paid to the Trustee for credit to the Bond Fund and Reserve Payments shall be paid to the Trustee for deposit to the Debt Service Reserve Fund to the extent of any deficiency therein.

**Section 4.3. Indemnification of the Agency and Trustee and Limitation on Liability.**

(a) The SCSD shall, to the maximum extent permitted by law, at all times protect, defend and hold the Agency, the Trustee, the Bond Registrar, the Paying Agents and the Depository Bank and their respective officers, members, directors, employees and agents

(collectively, the “*Indemnified Parties*”) harmless of, from and against any and all claims (whether in tort, contract or otherwise), demands, expenses and liabilities for losses, damage, injury and liability of every kind and nature and however caused, and taxes (of any kind and by whomsoever imposed), other than, with respect to any Indemnified Party, losses arising from the gross negligence or willful misconduct of such Indemnified Party, arising upon or about any of the Facilities or resulting from, arising out of, or in any way connected with (i) the financing of the costs of the Series 2008 Project and the marketing, remarketing, issuance and sale of the Bonds from time to time for such purpose, (ii) the planning, design, acquisition, site preparation, construction, rehabilitation, equipping, or financing of the Facilities or any part of any thereof or the effecting of any work done in or about any of the Facilities, (iii) title to any Facility or any defects (whether latent or patent) in any of the Facilities, (iv) the maintenance, repair, replacement, restoration, rebuilding, upkeep, use, occupancy, ownership, leasing, subletting or operation of any of the Facilities or any portion thereof, or (v) this Agreement, the Indenture or any other Project Document or other document or instrument delivered in connection herewith or therewith or the enforcement of any of the terms or provisions hereof or thereof or the transactions contemplated hereby or thereby. Such indemnification set forth above shall be binding upon the SCSD for any and all claims, demands, expenses, liabilities and taxes set forth herein and shall survive the termination of this Agreement. Except as provided above, no Indemnified Party shall be liable for any damage or injury to the person or property of any School Party or its officials, members, directors, officers, employees, agents or servants or persons under the control or supervision of any School Party or any other Person who may be about any of the Facilities, due to any act or negligence of any Person other than for the gross negligence or willful misconduct of such Indemnified Party.

(b) Each School Party hereby releases each Indemnified Party from, and agrees, to the maximum extent permitted by law, that no Indemnified Party shall be liable for and the SCSD agrees to defend, indemnify and hold each Indemnified Party harmless against any expense, loss, damage, injury or liability incurred because of any lawsuit commenced as a result of action taken by such Indemnified Party with respect to any of the matters set forth in subdivision (i) through (v) of Section 4.3(a) hereof or at the direction of any School Party with respect to any of such matters above referred to; *provided, however*, that such indemnification by the SCSD shall not extend to any Indemnified Party whose gross negligence or willful misconduct resulted in such expense, loss, damage, injury or liability. An Indemnified Party shall promptly notify the SCSD in writing of any claim or action brought against such Indemnified Party in which indemnity may be sought against the SCSD pursuant to this Section 4.3; such notice shall be given in sufficient time to allow the SCSD to defend or participate in such claim or action, but the failure to give such notice in sufficient time shall not constitute a defense hereunder nor in any way impair the obligations of the SCSD under this Section 4.3, except that if (i) the Indemnified Party shall have had knowledge or notice of such claim or action but shall not have timely notified the SCSD of any such claim or action, (ii) the SCSD shall have had no knowledge or notice of such claim or action, and (iii) the SCSD’s ability to defend or participate in such claim or action is materially impaired by reason of not having received timely notice thereof from the Indemnified Party, then the SCSD’s obligation to so defend and indemnify such Indemnified Party shall be qualified to the extent (and only to the extent) of such material impairment.

(c) The indemnifications and protections set forth in this Section 4.3 shall be extended, with respect to each Indemnified Party, to its members, directors, officers, employees, agents and servants and persons under its control or supervision.

(d) Anything to the contrary in this Agreement notwithstanding, the covenants of the School Parties contained in this Section 4.3 shall remain in full force and effect after the termination of this Agreement until the later of (i) the expiration of the period stated in the applicable statute of limitations during which a claim or cause of action may be brought and (ii) payment in full or the satisfaction of such claim or cause of action and of all expenses and charges incurred by the Indemnified Party relating to the enforcement of the provisions herein specified.

(e) For the purposes of this Section 4.3, none of the School Parties shall be deemed an employee, agent or servant of the Agency or a person under the Agency's control or supervision.

(f) The obligations of the SCSD to the Indemnified Parties under this Section 4.3 and to the Trustee under Section 4.8 hereof shall survive the resignation or removal of the Trustee and the satisfaction and discharge of the Indenture.

#### **Section 4.4. Nature of Obligations of the City and SCSD.**

(a) Except as hereinafter provided in this Section 4.4, the obligation of the City and SCSD to pay Installment Purchase Payments and Additional Payments shall be absolute and unconditional, and such Installment Purchase Payments and Additional Payments shall be payable without any rights of set-off, recoupment or counterclaim or deduction and without any right of suspension, deferment, diminution or reduction it might otherwise have against the Agency, the Trustee, the Bond Insurer, any purchaser of any Bond or any other person, and whether or not the Facilities or any of them are used or occupied by the School Parties or available for use or occupancy by the School Parties.

(b) The obligation of the City and SCSD to pay Installment Purchase Payments shall be deemed executory only to the extent of State Aid Revenues appropriated by the State and available to the City and/or the SCSD for the purpose of this Agreement and the State Aid Trust Agreement, moneys budgeted by the SCSD and appropriated by the City for such purpose and approval by the SCSD of payment thereof after appropriation by the City therefor, and no liability on account thereof shall be incurred by the SCSD or the City beyond the amount of such moneys; *provided, however*, that the failure of the City and the SCSD for any reason (including a failure by the SCSD to budget for Installment Purchase Payments, a failure by the City to approve a budget for the SCSD providing for payment of Installment Purchase Payments or a failure by the State to appropriate State Aid Revenues) to make an Installment Purchase Payment or an Additional Payment shall be deemed a failure to make a payment for purposes of this Agreement and the Syracuse Schools Act, and in such event, the Agency has appointed the Trustee to act as its agent for purposes of taking action under Section 5.4 of the Indenture. Further, the obligation of the SCSD and the City to pay Installment Purchase Payments is not a general obligation of the SCSD or the City. Neither the faith and credit of the City or the SCSD nor the taxing power of the City are pledged to the payment of any Installment Purchase

Payment or Additional Payment due under this Agreement. However, the obligations of the SCSD and the City under this Agreement to pay Additional Payments shall be a general obligation of the City and SCSD, executory, however, only to the extent of moneys budgeted by the SCSD and approved and appropriated therefor by the City. It is understood that neither this Agreement nor any representation by any public employee or officer creates any legal or moral obligation to appropriate or make moneys available for the purposes of this Agreement.

(c) The obligations of the City and the SCSD under this Agreement, including its obligation to pay the Installment Purchase Payments and Additional Payments in any Fiscal Year for which this Agreement is in effect, shall constitute a current expense of the SCSD for such Fiscal Year and shall not constitute an indebtedness of the City or the SCSD within the meaning of any constitutional or statutory provision or other laws of the State. The only source of moneys available to the City and the SCSD for the payment of any Installment Purchase Payment coming due hereunder shall be moneys comprising State Aid Revenues lawfully appropriated by the State and available therefor from time to time to or for the benefit of the SCSD, and approved and appropriated for such purpose by the City.

(d) The SCSD agrees that (i) its proposed expense budget for each ensuing Fiscal Year commencing with the Fiscal Year ending June 30, 2009 shall include, either as a separate item of expenditure or as an expenditure within a budget item, the amount of Installment Purchase Payments and Additional Payments to come due in such next Fiscal Year; and (ii) it shall approve payment of such Installment Purchase Payments and Additional Payments after appropriation by the City therefor. The City agrees that it shall approve a budget for the SCSD containing such item of expenditure or budget item and appropriate sufficient funds each ending Fiscal Year commencing with the Fiscal Year ending June 30, 2009 to make the Installment Purchase Payments and Additional Payments to come due in such next Fiscal Year, *provided, however,* that any such appropriation (y) of Installment Purchase Payments shall only be payable by the City and the SCSD to the extent of State Aid Revenues, and (z) of Additional Payments shall only be payable by the City and the SCSD to the extent contained in the SCSD budget approved by the City.

(e) Subject to the limitations contained in Section 4.4(b) hereof, none of the School Parties will terminate this Agreement (other than such termination as is provided for hereunder) or be excused from performing its obligations hereunder for any cause including, without limiting the generality of the foregoing, any acts or circumstances that may constitute failure of consideration, failure of title, or frustration of purpose, or any damage to or destruction of any of the Facilities, or the taking by eminent domain of title to or the right of temporary use of all or any part of any of the Facilities, or the failure of the Agency to perform and observe any agreement or covenant, whether expressed or implied, or any duty, liability or obligation arising out of or in connection with this Agreement.

(f) The School Parties presently intend to continue this Agreement for its entire term, and the City and the SCSD presently intend to pay all Base Installment Purchase Payments specified in Schedule A as such Base Installment Purchase Payments come due under the terms and provisions of this Agreement.

(g) No provision contained in this Section 4.4 shall be deemed to limit, impair or modify the State Aid Revenues intercept provisions of the Syracuse Schools Act or the application of the provisions of Section 5.4 of the Indenture.

(h) For purposes of this Section 4.4, references to the "approval" of the SCSD budget by the City shall include the affirmative approval of the SCSD budget by ordinance of the City's Common Council approved by the Mayor of the City or, in the absence of such an ordinance, the effectiveness by the passage of time of an SCSD budget pursuant to the charter of the City.

**Section 4.5. Directed State Aid Revenues.**

(a) Pursuant to instructions, the Commissioner of Finance of the City and the President of the Board of Education have directed the State Comptroller's Office to deposit all State Aid Revenues into the State Aid Depository Fund established under the State Aid Trust Agreement, and the Commissioner of Finance of the City and the President of the Board of Education have further instructed the Depository Bank, pursuant to the terms and provisions of the State Aid Trust Agreement, to transfer State Aid Revenues to the Trustee and each other Series Trustee in accordance with the State Aid Trust Agreement for the purpose of, in the case of the Indenture, making deposits in the Bond Fund with respect to amounts due on the Bonds and for replenishing deficiencies in the Debt Service Reserve Fund. The City and SCSD agree not to modify the procedures set forth in the State Aid Trust Agreement for the collection, deposit or disbursement of State Aid Revenues, except as and to the extent permitted under the State Aid Trust Agreement.

(b) Each of the City and the SCSD acknowledge that, pursuant to Section 5.4 of the Indenture (and the Syracuse Schools Act), in the event of a failure to make a payment under this Agreement in the amount and by the date the same is due (for any reason, including the failure of the SCSD or the City to budget for, appropriate moneys for such purpose and approve payment thereof with moneys appropriated therefor), the Agency has appointed the Trustee to act as its agent under the Indenture for the purpose of delivering a certificate to the State Comptroller certifying as to such failure and setting forth the amount of such deficiency, and the State Comptroller, upon receipt of such certificate, shall be authorized to withhold from the City and the SCSD such State Aid Revenues as is payable to the City and/or the SCSD to the extent of the amount so stated in such certificate of the Trustee as not having been made, and the State Comptroller shall immediately pay over to the Trustee on behalf of the Agency, the amount of such State Aid Revenues so withheld. Notwithstanding anything to the contrary contained herein, amounts of such State Aid Revenues received by the Trustee on behalf of the Agency and applied to the Installment Purchase Payments or Additional Payments shall be deemed to satisfy the obligation of the City and the SCSD to make such defaulted payment to the extent of the amount received.

**Section 4.6. Assignment of Installment Purchase Payments by the Agency.** It is understood that this Agreement and all Installment Purchase Payments by the City and the SCSD hereunder (except Additional Payments pursuant to Sections 4.3 and 4.8 hereof and other Additional Payments and/or rights comprising the Reserved Rights) are to be pledged and assigned by the Agency to the Trustee pursuant to the Indenture, and the City and the SCSD

hereby consent thereto. Except as provided in this Section 4.6 and the Indenture, the Agency shall not assign this Agreement or any Installment Purchase Payments hereunder.

**Section 4.7. [Reserved].**

**Section 4.8. Compensation and Expenses of Trustee, Depository Bank, Bond Insurer, Bond Registrar, Paying Agents and Agency.** The City and the SCSD shall, to the extent not paid out of the proceeds of the Bonds as financing expenses, pay the following annual fees, charges and expenses and other amounts: (1) the initial and annual fees of the Trustee for the ordinary services of the Trustee rendered and its ordinary expenses incurred under the Indenture, including the fees and expenses of any accountant or other agent engaged by the Trustee for performing such services, and the fees and expenses as Bond Registrar, and in connection with preparation of new Bonds upon exchanges or transfers or making any investments in accordance with the Indenture, (2) the reasonable fees and charges of the Trustee and any Paying Agents on the Bonds for acting as paying agents as provided in the Indenture, including the reasonable fees of its counsel, (3) the reasonable fees, charges, and expenses of the Trustee for extraordinary services rendered by it under the Indenture, including reasonable counsel fees, (4) the initial and annual fees of the Depository Bank for the ordinary services of the Depository Bank rendered and its ordinary expenses incurred under the State Aid Trust Agreement, and (5) the fees, costs and expenses of the Bond Registrar and the fees, costs and expenses (including legal, accounting and other administrative expenses) of the Agency. The City and the SCSD shall further pay the fees, costs and expenses of the Agency together with any reasonable fees and disbursements incurred by the Agency's bond counsel and general counsel in connection with (i) the Projects or this Agreement, including fees and expenses incurred by the Agency after the occurrence and during the continuance of an Event of Default as provided in Section 8.1 of this Agreement, (ii) the negotiation and execution of this Agreement, the Indenture and other Project Documents; and (iii) any waiver, modification or amendment to this Agreement, the Indenture or any other Project Document that may be requested by a School Party or any party thereto, and consented to by the City and the SCSD, or any action by the Agency requested by a School Party thereunder. The City and the SCSD shall further pay to the Agency on the date of issuance of the Series 2008A Bonds and on the date of issuance of any Additional Bonds an amount equal to one-half of one percent (1/2 of 1%) of the principal amount of such Series of Project Bonds.

The City and SCSD shall pay or reimburse the Bond Insurer for any and all charges, fees, costs and expenses which the Bond Insurer may reasonably pay or incur in connection with (i) the administration, enforcement, defense or preservation of any rights or security in any Security Document; (ii) the pursuit of any remedies under the Indenture or any Related Security Document or otherwise afforded by law or equity, (iii) any amendment, waiver or other action with respect to, or related to, any Project Document whether or not executed or completed, (iv) the violation by the Agency or a School Party of any law, rule or regulation, or any judgment, order or decree applicable to it or (v) any litigation or other dispute in connection with the Indenture or any other Project Document or the transactions contemplated thereby, other than amounts resulting from the failure of the Bond Insurer to honor its obligations under the Bond Insurance Policy. The Bond Insurer reserves the right to charge a reasonable fee as a condition to executing any amendment, waiver or consent proposed in respect of the Indenture or any other Project Document.

**Section 4.9. Net Agreement.** This Agreement shall be deemed and construed to be a “net agreement,” and the City and the SCSD shall pay absolutely net during the Agreement Term the Installment Purchase Payments and all other payments required hereunder, free of all deductions, without abatement, diminution and set off.

## ARTICLE V

### **OPERATION AND MAINTENANCE; INSURANCE; DAMAGE; DESTRUCTION AND CONDEMNATION**

**Section 5.1. Operation, Maintenance and Repair.** During the Agreement Term, the SCSD shall be responsible for, and pay all costs of, operating the Facilities, maintaining the same in good and safe condition, and making all necessary repairs and replacements, interior and exterior, structural and non-structural. All replacements, renewals and repairs shall be equal in quality, class and value to the original work and be made and installed in compliance with the requirements of all governmental bodies. The Agency shall be under no obligation to replace, service, test, adjust, erect, maintain or effect replacements, renewals or repairs of any of the Facilities, to effect the replacement of any inadequate, obsolete, worn-out or unsuitable parts of any of the Facilities, or to furnish any utilities or services for any of the Facilities and the SCSD hereby agrees to assume full responsibility therefor.

#### **Section 5.2. Utilities, Taxes and Governmental Charges.**

(a) The SCSD will pay or cause to be paid all charges for water, electricity, light, heat or power, sewage, telephone and other utility service, rendered or supplied upon or in connection with the Facilities during the Agreement Term.

(b) In addition, the SCSD shall (i) pay, or make provision for payment of, all lawful taxes and assessments, including income, profits, property or excise taxes, if any, or other municipal or governmental charges, levied or assessed by any Federal, state or any municipal government upon the Agency, the City or the SCSD with respect to or upon any of the Facilities or any part thereof or upon any payments hereunder when the same shall become due; (ii) duly observe and comply with all valid requirements of any governmental authority relative to the Facilities; (iii) not create or suffer to be created any lien or charge upon any of the Facilities or any part of any thereof, except Permitted Encumbrances, or upon the payments in respect thereof pursuant hereto; and (iv) pay or cause to be discharged or make adequate provision to satisfy and discharge, within sixty (60) days after the same shall come into force, any lien or charge upon any of the Facilities or any part of any thereof, except Permitted Encumbrances, or upon any payments hereunder and all lawful claims or demands for labor, materials, supplies or other charges which, if unpaid, might be or become a lien upon any payments hereunder.

**Section 5.3. Additions, Enlargements and Improvements.** The SCSD shall have the right at any time and from time to time during the Agreement Term, at its own cost and expense, to make such additions, enlargements, improvements and expansions to, or repairs, reconstruction and restorations of, any of the Facilities, as the SCSD shall deem necessary or desirable in connection with the use of such Facilities. All such additions, enlargements, improvements, expansions, repairs, reconstruction and restorations when completed shall be of such character as not to reduce or otherwise adversely affect the value of the related Facility or the rental value thereof. The cost of any such additions, enlargements, improvements, expansions, repairs, reconstruction or restorations shall be promptly paid or discharged so that the affected Facility shall at all times be free of liens for labor and materials supplied thereto.

**Section 5.4. Additional Rights of SCSD.** The Agency agrees that the SCSD shall have the right, option and privilege of erecting, installing and maintaining at its own cost and expense equipment (not constituting part of the Series 2008 Project) in or upon any Facility as may in the SCSD's judgment be necessary for its purposes. It is further understood and agreed that any equipment erected or installed under the provisions of this Section shall be and remain the personal property of the SCSD and, if not constituting part of the Series 2008 Project, shall not become subject to the this Agreement, and may be removed, altered or otherwise changed, upon or before the termination hereof.

**Section 5.5. Liability Insurance.**

(a) The JSCB shall maintain or cause to be maintained with responsible insurers, for the benefit of the Agency and the Trustee until completion of the Series 2008 Project in accordance with Section 3.2(b) hereof, the following kinds and the following amounts of insurance with respect to the Facilities, with such variations as shall reasonably be required to conform to customary insurance practice:

(i) During any period of construction or reconstruction of any of the Facilities, Builders' Special Form Insurance written on "100% builders' risk completed value, non-reporting form" including coverage therein for "completion and/or premises occupancy" and coverage for property damage insurance, all of which insurance shall include coverage for removal of debris, insuring the buildings, structures, facilities, machinery, equipment, fixtures and other property included within reconstruction of any of the Facilities against loss or damage by fire, lightning, vandalism, malicious mischief and other casualties, with standard extended coverage endorsement covering perils of windstorm, hail, explosion, aircraft, vehicles and smoke (except as limited in the standard form of extended coverage endorsement at the time in use in the State) at all times in an amount such that the proceeds of such insurance shall be sufficient to prevent the School Parties, the Agency or the Trustee from becoming a co-insurer of any loss under the insurance policies; any such insurance may limit coverage to \$20,000,000 for any one Facility;

(ii) During any period of construction or reconstruction of any of the Facilities, commercial public liability insurance with respect to the construction activities at the Facilities in a minimum amount of \$[26,000,000] per occurrence and aggregate, which insurance may be effected under overall blanket or excess coverage policies, *provided, however*, that at least \$1,000,000 is effected by a comprehensive liability insurance policy; and

(iii) Workers' compensation insurance and such other forms of insurance which the City, the SCSD or the Agency is required by law to provide covering loss resulting from injury, sickness, disability or death of the employees of any contractor or subcontractor performing work with respect to any of the Facilities included within the Project; the JSCB shall require that all said contractors and subcontractors shall maintain all forms or types of insurance with respect to their employees required by laws.

(b) Prior to the commencement of construction of the Facilities (and in any event on or before March 31, 2008), the JSCB shall deliver or cause to be delivered to the Agency and to the Trustee duplicate copies of insurance policies obtained by the JSCB hereunder and/or binders evidencing compliance with the insurance requirements of this Section 5.5. If any change shall be made in any such insurance, a description and written notice of such change shall be furnished by the JSCB to the Agency and the Trustee thirty (30) days in advance of such change.

(c) At least thirty (30) days prior to the expiration of any insurance policy required under this Section 5.5, the JSCB shall furnish the Agency and the Trustee with evidence that such policy has been renewed or replaced or is no longer required by this Agreement.

(d) All insurance required by Section 5.5(a) above shall be procured and maintained in financially sound and generally recognized responsible insurance companies authorized to write such insurance in the State. Each of the policies or binders evidencing the insurance required above to be obtained shall:

(i) provide that there shall be no recourse against the Agency or the Trustee for the payment of premiums or commissions or (if such policies or binders provide for the payment thereof) additional premiums or assessments;

(ii) provide that in respect of the interests of the Agency and the Trustee in such policies, the insurance shall not be invalidated by any action or inaction of a School Party or any other Person and shall insure the Agency and the Trustee regardless of, and any losses shall be payable notwithstanding, any such action or inaction;

(iii) provide that such insurance shall be primary insurance without any right of contribution from any other insurance carried by the Agency or the Trustee to the extent that such other insurance provides the Agency or the Trustee with contingent and/or excess liability insurance with respect to its interest as such in the Facilities;

(iv) provide that if the insurers cancel such insurance for any reason whatsoever, including the insured's failure to pay any accrued premium, or the same is allowed to lapse or expire, or there be any reduction in amount, or any material change is made in the coverage, such cancellation, lapse, expiration, reduction or change shall not be effective as to the Agency or the Trustee until at least thirty (30) days after receipt by the Agency and the Trustee of written notice by such insurers of such cancellation, lapse, expiration, reduction or change;

(v) waive any right of subrogation of the insurers thereunder against any Person insured under such policy, and waive any right of the insurers to any setoff or counterclaim or any other deduction, whether by attachment or otherwise, in respect of any liability of any Person insured under such policy; and

(vi) contain such other terms and provisions as any owner or operator of facilities similar to the Facilities would, in the prudent management of its properties,

require to be contained in policies, binders or interim insurance contracts with respect to facilities similar to the Facilities owned or operated by it.

(e) The JSCB shall, at the cost and expense of the SCSD and the City, make all proofs of loss and take all other steps necessary or reasonably requested by the Agency or the Trustee to collect from insurers for any loss covered by any insurance required to be obtained by this Section 5.5. A School Party shall not do any act, or suffer or permit any act to be done, whereby any insurance required by this Section 5.5 would or might be suspended or impaired.

(f) The SCSD hereby assumes all risks that the proceeds of any insurance may be inadequate to fully indemnify the Agency and the Trustee against, or to reimburse the Agency and the Trustee for, any loss, liability, claim or judgment arising out of any risk, peril or insurable loss under the insurance required hereby. The SCSD acknowledges that the SCSD shall be solely responsible for the payment of any loss, liability, claim or judgment, or any portion thereof, falling within any deductible or self insured retention or which is in excess of any available insurance coverage.

#### **Section 5.6. Damage or Destruction.**

(a) The SCSD agrees to notify the Agency and the Trustee immediately in the case of damage to or destruction of any Facility or any portion thereof in an amount exceeding \$100,000 resulting from fire or other casualty, and shall state the plans of the SCSD with respect to the repair, reconstruction and restoration of the affected Facility.

(b) If any Facility or portion thereof shall be condemned or taken by eminent domain, this Agreement (with respect to the affected Facility or portion thereof) and the interest of the City and the SCSD hereunder shall terminate when title to such Facility or portion thereof vests in the party condemning or taking the same (hereinafter referred to as the "*termination date*"), and the SCSD will promptly give notice thereof to the Agency and the Trustee, and shall state the plans of the SCSD with respect to the replacement or restoration of the affected Facility.

(c) If any Facility shall be damaged or destroyed (in whole or in part), or the whole or any part of any Facility shall be taken or condemned by a competent authority or by agreement between the City and/or the SCSD and those authorized to exercise such right or if the temporary use of any Facility or any part thereof shall be so taken by condemnation or agreement (a "*Loss Event*") at any time while this Agreement is in effect:

(i) the Agency shall have no obligation to replace, repair, rebuild, restore or relocate the affected Facility; and

(ii) there shall be no abatement or reduction in the amounts payable by the City and the SCSD under this Agreement (whether or not the affected Facility is replaced, repaired, rebuilt, restored or relocated); and

(iii) the proceeds derived from the insurance (after payment of all reasonable expenses, costs and taxes (including attorneys' fees) incurred in obtaining such proceeds) shall be deposited in the Project, and, subject to the provisions of Section 5.6(a)(iv) below, at the option of the SCSD, shall be applied to either (A) replace, repair, rebuild,

restore or relocate the affected Facility, or (B) redeem a principal amount of Bonds equal to such proceeds in accordance with the Indenture; and

(iv) If the SCSD replaces, repairs, rebuilds, restores or relocates the affected Facility, the Trustee shall disburse such proceeds from the Project Fund in the manner set forth in Section 5.2 of the Indenture to pay or reimburse the SCSD for the cost of such replacement, repair, rebuilding, restoration or relocation. Notwithstanding anything to the contrary in Section 5.1(a) (iii) hereof, if (A) the aggregate net proceeds derived from insurance with respect to a particular loss are less than \$50,000, and (B) no Event of Default then exists under the Indenture or this Sale Agreement; the SCSD shall be entitled to withdraw such proceeds from the Project Fund for application to Project Costs in accordance herewith and with the Tax Compliance Agreement.

(b) Any such replacements, repairs, rebuilding, restorations or relocations shall be subject to the following conditions:

(i) the restored Facility shall be in substantially the same condition and value as an operating entity as existed prior to the damage or destruction;

(ii) the restored Facility shall continue to constitute a "project" as such term is defined in the Syracuse Schools Act, and the tax-exempt status of the interest on the Bonds shall not, in the opinion of Bond Counsel, be adversely affected; and

(iii) the restored Facility will be subject to no Liens other than Permitted Encumbrances.

(c) All such repair, replacement, rebuilding, restoration or relocation of a Facility shall be affected with due diligence in a good and workmanlike manner in compliance with all applicable legal requirements and shall be promptly and fully paid for by the SCSD and/or the City in accordance with the terms of the applicable contracts.

(d) In the event such Net Proceeds are not sufficient to pay in full the costs of such replacement, repair, rebuilding, restoration or relocation, the City and the SCSD shall nonetheless complete the work and pay from its own moneys or from proceeds of Additional Bonds, if any, issued for such purpose that portion of the costs thereof in excess of such proceeds. All such replacements, repairs, rebuilding, restoration or relocations made pursuant to this Section, whether or not requiring the expenditure of the money of the City and/or the SCSD, shall automatically become a part of a Facility as if the same were specifically described herein.

(e) Any balance of such proceeds remaining in the Project Fund after payment of all costs of replacement, repair, rebuilding, restoration or relocation of an affected Facility shall, subject to any rebate required to be made to the federal government pursuant to the Indenture or the Tax Compliance Agreement, be used to redeem the Bonds as provided in the Indenture. If the entire amount of the Bonds and interest thereon has been fully paid, or provision therefor has been made in accordance with the Indenture, all such remaining proceeds shall be paid to the City for the benefit of the SCSD.

**ARTICLE VI**  
**REPRESENTATIONS AND WARRANTIES**

Each of the City and the SCSD hereby represents and warrants as follows:

**Section 6.1. Legal Entity.** The SCSD is a school district of the State, duly created and validly existing under the Constitution and laws of the State. The City is a municipal corporation of the State duly created and validly existing under the Constitution and laws of the State.

**Section 6.2. Legal Authority.** The School Parties have the good right and lawful authority and power to execute and deliver this Agreement and each other Project Document to which any of them is a party, to perform the obligations and covenants contained herein and therein and to consummate the transactions contemplated hereby and thereby.

**Section 6.3. Due Authorization.** The City and SCSD have duly authorized by all necessary actions the execution and delivery hereof and each other Project Document to which any School Party is a party and the performance of their respective obligations and covenants hereunder and thereunder, the execution and delivery hereof and thereof is indication of their respective approval hereof and thereof, and the consummation of the transactions contemplated hereby and thereby.

**Section 6.4. **Section 8.1. Events of Default.** An “event of default” or a “default” shall mean, whenever they are used herein, any one or more of the following events:

(a) Default in the due and punctual payment of any Installment Purchase Payment (other than failure to pay as a result of an Event of Nonappropriation);

(b) Default in the due and punctual payment of any Additional Payment, which default shall continue for a period of thirty (30) days after payment thereof was due;

(c) Failure by any School Party to observe and perform any of the terms and covenants on its part to be observed or performed set forth in Section 4.4(d), 4.4(e), 4.4(f), 7.12 or 7.21 hereof;

(d) Failure of the SCSD to observe and perform the covenants set forth in Section 4.3 hereof, and continuance of any such failure for a period of thirty (30) days after receipt by the SCSD of written notice specifying the nature of such default from the Agency or the Trustee;

(e) Failure of the JSCB to observe and perform the covenants set forth in Section 5.5 hereof, and continuance of any such failure for a period of thirty (30) days after receipt by the JSCB of written notice specifying the nature of such default from the Agency or the Trustee;

(f) Failure by any School Party to observe and perform any covenant, condition or agreement on its part to be observed or performed, other than as referred to in subparagraphs (a), (b), (c), (d) and (e) of this Section, which failure shall continue for a period of thirty (30) days after written notice, specifying such failure and requesting that it be remedied, is given to the defaulting party and the other School Parties by the Agency, the Bond Insurer, the Trustee or the Holders of more than twenty-five percent (25%) in aggregate principal amount of the Bonds Outstanding, unless by reason of the nature of such failure the same can not be remedied within such thirty (30) day period and the defaulting party has within such period commenced to take appropriate actions to remedy such failure and is diligently prosecuting such actions; *provided, however*, that unless the Bond Insurer shall consent in writing to a longer period, it shall constitute an Event of Default under this paragraph (e) if such failure shall not be remedied within sixty (60) days after receipt by the defaulting party of the above written notice;

(g) The City or the SCSD shall generally not pay its debts as such debts become due, or shall admit in writing its inability to pay its debts generally, or shall make a general assignment for the benefit of creditors; or any proceeding shall be instituted by or against the City or the SCSD seeking to adjudicate it a bankrupt or insolvent, or seeking liquidation, winding up, reorganization, arrangement, adjustment, protection, relief, or composition of it or its debts under any law relating to bankruptcy, insolvency or reorganization or relief of debtors, or seeking the entry of an order for relief or the appointment of a receiver; trustee, or other

similar official for it for any substantial part of its property; or the City or the SCSD shall authorize any of the actions set forth above in this subparagraph (f); or

Notwithstanding anything contained in this Section to the contrary, a failure by the City or the SCSD to pay when due any payment required to be made hereunder or a failure by the City or the SCSD to observe and perform any covenant, condition or agreement on its part to be observed or performed hereunder, resulting from a failure by the Board of Education to include such payment obligation and moneys for such purposes in the annual budget for the SCSD, failure by the City to approve such budget and appropriate moneys for such purpose, or a failure by the SCSD to approve payment thereof after appropriation by the City therefor shall not constitute an event of default hereunder. However, the failure by the City or the SCSD to pay when due any payment required to be made by it under this Agreement shall constitute a failure to make a payment under this Agreement for purposes of the Syracuse Schools Act, and in such event the Agency has appointed the Trustee to act as its agent for purposes of taking action under Section 5.4 of the Indenture. The City and the SCSD agree to provide written notice to the Trustee indicating either (i) the Board of Education submitted an annual budget for the SCSD to the Mayor of the City that fails to include a separate line item representing the full amount of Installment Purchase Payments payable during the applicable Fiscal Period, (ii) the City approved an annual budget for the SCSD that fails to include such a separate line item, or (iii) the SCSD failed to approve payment of such full amount after appropriation by the City therefor.

Remedies.** Whenever any event of default referred to in Section 8.1 hereof shall have happened and be continuing, or whenever an Event of Nonappropriation shall have occurred and be continuing, the Agency (with the prior written consent of the Trustee) or the Trustee, subject in all respects to Section 4.4 hereof, may take whatever action at law or in equity may appear necessary or desirable to collect the payments then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement or covenant of the School Parties hereunder. Notwithstanding the foregoing, for so long as any of the Bonds are Outstanding or any amounts remain due and payable by the City or the SCSD under this Agreement, neither the Agency nor the Trustee shall take any action which shall have the effect of terminating this Agreement or the interest in or rights of possession of the City or the SCSD in the Facilities, *provided, however*, that in addition to any other rights or remedies granted by this section to the Agency, the Agency may enforce any of the Agency's Reserved Rights without the consent of the Trustee or any other person, by an action for damages, injunction or specific performance.

No action taken pursuant to this Section 8.2 shall relieve any School Parties from its obligations hereunder, all of which shall survive any such action.

**Section 8.3. Cure.** Notwithstanding any remedy taken by the Agency or the Trustee pursuant to Section 8.2 hereof, if all arrears of Installment Purchase Payments, and all other

Additional Payments, shall have been paid, all other things shall have been performed in respect of which there was an event of default or Event of Nonappropriation and there shall have been paid the reasonable fees and expenses, including expenses of the Trustee (including reasonable attorneys' fees paid or incurred), then the event of default or Event of Nonappropriation shall be waived without further action by the Trustee or the Agency.

**Section 8.4. No Remedy Exclusive.** Subject to the provisions of the second sentence of Section 8.2 hereof, no remedy herein conferred upon or reserved to the Agency or the Trustee is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Agency or the Trustee to exercise any remedy reserved to it in this Article it shall not be necessary to give any notice, other than such notice as may be herein expressly required.

**Section 8.5. Waiver and Non-Waiver.** In the event any agreement contained herein should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

**Section 8.6. Effect on Discontinuance of Proceedings.** In case any proceeding taken by the Trustee under the Indenture or this Agreement or under any other Security Document on account of any event of default or Event of Nonappropriation hereunder or under the Indenture shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Trustee, then, and in every such case, the Agency, the Trustee, the Bond Insurer and the Holders of the Bonds shall be restored, respectively, to their former positions and rights hereunder and thereunder, and all rights, remedies, powers and duties of the Trustee shall continue as in effect prior to the commencement of such proceedings.

**Section 8.7. Where such revisions are necessitated due to an error or inadequate performance on the part of Program Manager, such revisions or modifications will be performed at its own cost and expense.

305. In performing the services required under this Agreement, Program Manager shall consult with the JSCB Designee and shall meet and confer with JSCB contractors, design professionals, construction managers, governmental representatives, neighborhood groups and/or such other persons or entities, as needed or as deemed reasonably necessary by the JSCB.

306. All personnel employed or retained by Program Manager in connection with its Program Management Services shall cooperate with the JSCB, the City and the School District and their personnel, contractors and consultants to the reasonable satisfaction of the JSCB. If an employee of Program Manager fails to cooperate with JSCB, City and/or School District personnel, contractors and consultants, the JSCB Designee may require Program Manager to relieve the employee of his Program Management duties in accordance with Section 10 herein.

307. Program Manager agrees and consents to cooperate with the JSCB in the negotiation of a Project Labor Agreement (“PLA”), and to execute and become bound to any PLA approved by the JSCB in accordance with applicable law, for the Phase II JSCB Schools Construction Program.

309. Program Manager shall, at its own expense, provide a large furnished conference room located in Onondaga County with suitable restroom facilities for use by the JSCB through all preconstruction phases.

310. The Program Manager will provide personnel possessed of the skill, expertise, training, experience, judgment and diligence needed to timely and properly perform the services hereunder.

312. The Program Manager acknowledges that the construction involves a city school district which is subject to various laws and regulations of the State of New York. 316. The Program Manager is not obligated to provide construction site office or meeting space.

#### **SECTION 4: INFORMATION TO BE FURNISHED TO PROGRAM MANAGER**

401. Upon written request from the Program Manager, the JSCB will provide Program Manager with specified and existing documents or materials in its possession that are necessary for performing Program Manager's services. Excluded from the foregoing are documents or materials identified as confidential by the JSCB Designee. The JSCB will assist the Program Manager in securing non-confidential documents or materials from other sources that are necessary for performing its services under this Agreement. Subject to applicable law, Program Manager will comply with any confidentiality requirements established in writing by the JSCB Designee with respect to information identified in advance and in writing to Program Manager as confidential. Such obligation will be limited to those documents identified as confidential. The Program Manager may reasonably rely on documentation provided by the JSCB which documentation is prepared specifically for use in performance of Program Manger's services and is designated for such use in writing. Program Manager may not rely upon as-built drawings as a depiction of existing conditions. Nothing herein shall relieve the Program Manager from its duty to gather any information necessary for performance of its services.

402. The licenses for the JSCB's use of the Construction Document Management System, and documents and other materials concerning the Program produced or received by the Program Manager shall be and remain the property of the JSCB whether or not the Program is undertaken or completed. The JSCB shall have the right to use such without limitation and without the payment of any additional compensation or reimbursement, provided, however, that the JSCB's license rights with respect to the use of the Construction Document Management System shall be subject to the terms and conditions imposed upon such use by the vendor thereof. Nothing contained herein shall prohibit the Program Manager from maintaining a copy for its records of all documents and materials generated in the course of performing its obligations pursuant to this Agreement.

#### **SECTION 5: TIME OF PERFORMANCE**

502. The Program Manager shall advise and assist the JSCB in optimizing and obtaining timely receipt of New York State Building Aid. The Program Manager shall provide for ongoing reporting on compliance with New York State Building Aid requirements.

503. The Program schedule may be modified and/or re-sequenced as reasonably required by the JSCB Designee. The Program Manager agrees to adjust for and accord with such modifications and represents that the compensation provided for under this Agreement is adequate to accommodate such adjustment. The Program Manager hereby waives any right to request additional compensation beyond the limits provided for under this Agreement as a result of such changes.

504. Services subject to the Not-to-Exceed Limits set forth in this Agreement shall continue until the earlier of March 1, 2021 or Six (6) months after substantial completion for the Program as set forth in the original Program schedule hereafter approved by the JSCB and the Program Manager. Notwithstanding the foregoing, services related to construction closeout and N.Y. State Education Department (“SED”) project close out reporting which occur after such period ends are subject to the Not-to-Exceed Limits set forth in this Agreement until such services are completed and accepted by the SED.

**SECTION 6: COMPENSATION**

601. **Not-to-Exceed Fee:** The JSCB shall compensate Program Manager for proper performance of the services, as defined under section 310, required under this Agreement on a limited time and material basis subject to Dollar Limits derived from the Not-to-Exceed Limits as set forth in this Section. Program Manager’s compensation shall be limited to Costs Eligible for Reimbursement. Any costs incurred by Program Manager or its agents that are not Costs Eligible for Reimbursement as set forth herein shall be borne by the Program Manager at its own expense and risk.

602. **Overall Not-to-Exceed Limit:** Total Costs Eligible for Reimbursement shall not exceed **Three and Thirty Five One-Hundredths Percent (3.35%)** of final Actual Direct Construction Costs.

603. **Project Phase Not-to-Exceed Limits:** In addition, Costs Eligible for Reimbursement shall not exceed the cumulative limits set forth in the following table:

| Project Level Phases                   | Cumulative % of Not-to-Exceed Limit at end of Aggregate Project Level Phases |
|--|--|
| Pre-Design Phase                       | 10%  |
| Schematic Design Phase                 | 25 %   |
| Design Development Phase               | 40 %   |
| Contract Documents                     | 65 %   |
| Bidding Phase                          | 75 %   |
| Program Construction Phase             | 95 %   |
| Building Commissioning/Occupancy Phase | 97.5 %   |

**609. Eligible Non-Personnel Costs:** Provided Program Manager has properly discharged its services under this Agreement, the JSCB will reimburse Program Manager for the following specific Program expenses (at direct cost with no mark-up), subject to the constraints otherwise applicable to Costs Eligible for Reimbursement:

- 1) Travel at the direction of the JSCB to destinations more than 50 miles from City of Syracuse (IRS Mileage Rate);
- 2) Printing distribution copies of bidding documents;
- 3) Direct Construction Document Management System license fees and vender provided support services;
- 4) Direct Third-Party Training Program Provider Contract costs;

610. All Eligible Non-Personnel Costs must be approved in writing and in advance by the JSCB Designee.

**611. Eligible Personnel Costs:** JSCB shall pay Program Manager based on hourly Billing Rates for services required under this Agreement pursuant to the Staffing Roster and Billing Rate Table set forth in Appendix B. Any modifications to the Billing Rate Table must be approved in writing and in advance by the JSCB.

**612. Subconsultants:** Subconsultants, other than those compensated through Eligible Non-Personnel Costs, are eligible for reimbursement only to the extent they are approved in advance as shown on the Staffing Roster and Billing Rate Table set forth in Appendix B.

**613. Personnel Cost Constraints:** Personnel billing rates in excess of Two and Eight Tenths (2.8) multiplied by each individual's W-2 earnings divided by Two Thousand Eighty (2080) ( $2.8 \times (W-2/2080)$ ) are not eligible for reimbursement. With respect to the preceding sentence the 2.8 multiplier shall be the lower multiplier set forth in Program Manager's RFP response for each respective entity providing Program Management Services. Personnel billing rates in excess of Two Hundred Dollars per hour are not eligible for reimbursement. Personnel billing rates may not increase at any rate greater than two percent (2%) times the rates set forth in the original rate schedule once each year.

614. Approved personnel billing rates are deemed to encompass each individuals base salary, all employee benefits, health or medical insurance, workers' compensation insurance, allowed absences, sick time, holidays, vacations, training, certifications, license renewals, bonding, pension and/or profit sharing, incentive bonuses, data processing, employer and employee taxes, unemployment compensation, social security, overhead, profit and any other expenses of any kind incurred by Program Manager. |                         |       |
|-------------------------|-------|
| Post Construction Phase | 100 % |
|-------------------------|-------|

604. Costs Eligible for Reimbursement in excess of the Dollar Limits derived from the above table shall not be reimbursable and shall be borne by Program Manager at its own expense and risk. For monthly payment applications, percentage limits between the intervals set forth in the above Table will be interpolated and then converted to Dollar Limits based upon the Overall Not-to-Exceed Limit.

604.1. Notwithstanding the foregoing, incurred costs that are not reimbursable solely because these limits have been reached may be billed upon completion of a subsequent Phase across all projects to the extent that the cumulative fee for that Phase is not otherwise consumed.

605. The above limits applicable to each Phase will be applied based upon the overall percent of completion of each construction project to be included in the Program. Overall Percentage of Program Completion will be based upon project cost weighted averaging of the percentage of completion of all anticipated projects within the Program each month. A monthly analysis estimating such percentages of completion shall be prepared by the Program Manager for the JSCB Designee's consideration. Such percentages of completion shall be determined by the JSCB Designee.

606. **Change in Not-to-Exceed Limit:** Budgeted Project construction costs will be used to preliminarily calculate the Dollar Limits derived from the Not-to-Exceed Limit percentages. The Dollar Limits will be adjusted to be based upon Actual Direct Construction Costs as they become known. If the JSCB's budgeted or actual construction costs are lowered, the Dollar Limits will be lowered in accordance with the Not-to-Exceed Limit percentages. Such reduction will not result in reduction of Not-to-Exceed Limits applicable to Costs incurred prior to the reduction but will apply to Costs billed pursuant to Section 604.1.

606.1 In the event Direct Construction Costs are reduced below the initial budgeted amount as a result of a material reduction of the scope of construction work to be performed, the following shall apply: Solely for purposes of calculating remaining unused Dollar Limits, the amount to be deducted from unused Dollar Limits for Eligible Costs incurred prior to such reduction in scope and paid will be reduced proportionate to such reduction in Direct Construction Costs. Eligible Costs in excess of Not-to-Exceed Limits in effect prior to such reduction will be eligible for reimbursement pursuant to Section 604.1 only under the reduced Not-to-Exceed Limits.

607. **Actual Direct Construction Costs** are the direct costs for construction, including site work, paid to the construction contractors for all of the construction projects undertaken as part of the Program. Actual Direct Construction Costs do not include consulting fees, design fees, construction manager fees, legal fees, financing costs, land acquisition or right-of-way expenses, furniture fixture and equipment expenses, or other incidental costs as defined by NYSED.

608. **Costs Eligible for Reimbursement:** Costs Eligible for Reimbursement shall be comprised of Eligible Personnel Costs and Eligible Non-Personnel Costs as set forth below.

transportation, and any other expenses incurred by Program Manager in operating its enterprise. These items are not otherwise reimbursable.

616. The following personnel costs are not eligible for reimbursement:

- 1) Time not directly spent solely on Program activity.
- 2) Time for holidays, illness, allowed absences, vacation, education, training, etc.
- 3) Time in excess of forty (40) hours per person per week.
- 4) Time spent as a result of any failure to properly perform the services required under this Agreement.

617. **Monthly Payment Requisitions:** Program Manager shall submit monthly payment requisitions for all Costs Eligible for Reimbursement in a form acceptable to the JSCB Designee.

618. All Costs Eligible for Reimbursement must be invoiced to the JSCB within 60 days of being incurred.

619. Payment requisitions shall include:

- 1) A description of the services performed broken down by person, applicable billing rate, number of hours worked and date worked;
- 2) A detailed breakdown of costs;
- 3) Certified payrolls for Program Manager personnel prepared in accordance with the New York State labor Law applicable to workers on public projects;
- 4) Program Manager's current diversity compliance forms and reports;
- 5) A working spreadsheet in Excel format showing the above information as well as calculation of the percentage of completion of all anticipated projects, the percentage of completion of the overall Program and the resulting phased based and overall not-to exceed limits;
- 6) A duly executed Release and Lien Waiver in the form attached hereto as Appendix "D"; and,
- 7) As needed by the JSCB Designee for audit purposes or to verify eligible costs.

620. The JSCB may, prior to making any payment under this Agreement, require Program Manager to submit to it back up documentation with respect to Program Manager's reimbursable costs and expenses as the JSCB Designee deems necessary to verify such costs and expenses. The JSCB shall pay each requisition provided Program Manager has properly discharged its services under this Agreement and is in compliance with the terms and conditions of this Agreement.

620.1. Program Manager's base hourly wage rates as referenced in §613 are subject verification. As the multipliers referred to in §613 were competitively procured, the Program Manager is not obligated to provide verification of how these amounts were derived.

620.2. The JSCB will make payments on invoices properly presented to the JSCB at least twenty (20) days in advance of a regularly scheduled JSCB meeting within ten days after such meeting.

621. **Retainage:** All payments for Eligible Costs shall be subject to a 5% deduction for retainage. The retainage shall be payable when the JSCB Designee approves Program Manager's final application for payment provided however, all other Program Manager's services required to be performed hereunder are satisfactorily completed. Notwithstanding the foregoing, retainage will not be held on payments for Direct Construction Document Management System license fees or Direct Third-Party Training Program Provider Contract costs except to the extent that retainage is being withheld pursuant to the agreements for said services.

622. **Supplemental Retainage:** In the event the Program Manager does not meet its responsibilities with respect to Program timelines as they relate New York State Building Aid requirements or JSCB diversity requirements within thirty (30) days after being notified by the JSCB of such failure, the JSCB may withhold five percent (5%) retainage in addition to that set forth in **Section 607** from future payments due Program Manager until compliance is achieved. To the extent permitted by law, if after ninety (90) days from the initial notification Program Manager continues to fail to meet such requirements, such withheld retainage shall be forfeited for each and every month until compliance is achieved. Any such forfeiture will be credited against actual damages sustained by the City. Nothing in this section shall impair any other remedies the City may have as a result of Program Manager's failure to meet its obligations.

623. **Record Retention and Availability:** Program Manager shall make available for JSCB's inspection and audit all of its payroll records for any Eligible Personnel Costs as well as its records and documents involving Eligible Non-Personnel Costs incurred and billed to JSCB at any time during the term of this Agreement and for a period of six (6) years thereafter.

624. **Independent Contractor:** Neither party hereto intends by this Agreement to establish an employer/employee arrangement. It is intended that Program Manager's relationship to the JSCB is that of an independent contractor.

## **SECTION 7: INDEMNIFICATION AND INSURANCE**

### **Indemnification**

701. To the fullest extent permitted by law, the Program Manager shall defend, indemnify, and hold harmless the JSCB, the City, the School District, the Agency issuing the Bonds (the "**Bonding Agency**"), and the officers and employees of any of them (the "**Indemnitees**") from and against any and all claims, damages, losses, expenses, suits, actions, liabilities, damages, fees, attorney's fees, costs, court costs, or disbursements of any kind or nature in whole or in part arising out performance of this Agreement by, or any act or omission of, the Program Manager or its officers, agents, employees or anyone directly or indirectly employed by Program Manager for whom it may be liable.

702. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist. In the event any negligence or fault is assigned or apportioned to any of the Indemnitees, this Agreement specifically includes partial indemnity of each Indemnitee. However, with respect to each Indemnitee, this indemnification is limited to any liability imposed over and above that percentage attributed to each Indemnitee.

Any revisions to the Staffing Plan shall be subject to the joint approval of the JSCB and the Program Manager.

302. In addition, the Program Manager shall render its services in a timely manner consistent with a Program schedule to be agreed upon between the parties hereto. 307. Program Manager agrees and consents to cooperate with the JSCB in the negotiation of a Project Labor Agreement ("PLA"), and to execute and become bound to any PLA approved by the JSCB in accordance with applicable law, for the Phase II JSCB Schools Construction Program.

308. Program Manager is responsible for providing its own office space, facilities and equipment at its own expense.

309. Program Manager shall, at its own expense, provide a large furnished conference room located in Onondaga County with suitable restroom facilities for use by the JSCB through all preconstruction phases.

310. The Program Manager shall perform its services with the care, skill, judgment and diligence as is customarily exercised by competent program managers experienced in providing services for programs of this type, complexity and scope. The Program Manager represents that it possesses the training, skill, experience, personnel and resources needed to complete the agreed upon services in a manner that will allow for the orderly and timely progression of the Program over the contemplated schedule.

311. The Program Manager will provide the resources, skilled personnel, expertise and experience needed to timely, competently and properly perform the services called for in the Agreement. The Program Manager will provide personnel possessed of the skill, expertise, training, experience, judgment and diligence needed to timely and properly perform the services hereunder.

312. The Program Manager acknowledges that the construction involves a city school district which is subject to various laws and regulations of the State of New York. The Program Manager represents that it is familiar with such laws and regulations as they pertain to the administration, bidding and construction of school public works construction projects including, but not limited to, the requirements of Article 5 A of the General Municipal Law, § 100 et. seq., "Public Contracts"; Article 9 of the Education Law, §§ 401 et. seq., "School Buildings and Sites"; Sub Chapter J, Part 155 of Title 8, Chapter II of the Codes, Rules and Regulations of the State of New York (Regulations of the Commissioner of Education, "Educational Facilities"), Chapter 58 A-4, Laws of 2006, as amended, the Charter of the City (1960, as amended), and the New York State Education Law to the extent that they pertain to the Project. 314. Except with the JSCB's knowledge and written consent, the Program Manager shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Program Manager's judgment with respect to this Project.

315. ***Timely Reporting of Claims Notices:*** The Program Manager shall, within ten (10) business days of receipt, provide JSCB with copies of any written notice of a claim it receives regarding the Program.

316. The Program Manager is not obligated to provide construction site office or meeting space.

#### **SECTION 4: INFORMATION TO BE FURNISHED TO PROGRAM MANAGER**

401. Upon written request from the Program Manager, the JSCB will provide Program Manager with specified and existing documents or materials in its possession that are necessary for performing Program Manager's services. Excluded from the foregoing are documents or materials identified as confidential by the JSCB Designee. The JSCB will assist the Program Manager in securing non-confidential documents or materials from other sources that are necessary for performing its services under this Agreement. Subject to applicable law, Program Manager will comply with any confidentiality requirements established in writing by the JSCB Designee with respect to information identified in advance and in writing to Program Manager as confidential. Such obligation will be limited to those documents identified as confidential. The Program Manager may reasonably rely on documentation provided by the JSCB which documentation is prepared specifically for use in performance of Program Manager's services and is designated for such use in writing. Program Manager may not rely upon as-built drawings as a depiction of existing conditions. Nothing herein shall relieve the Program Manager from its duty to gather any information necessary for performance of its services.

402. The licenses for the JSCB's use of the Construction Document Management System, and documents and other materials concerning the Program produced or received by the Program Manager shall be and remain the property of the JSCB whether or not the Program is undertaken or completed. The JSCB shall have the right to use such without limitation and without the payment of any additional compensation or reimbursement, provided, however, that the JSCB's license rights with respect to the use of the Construction Document Management System shall be subject to the terms and conditions imposed upon such use by the vendor thereof. Nothing contained herein shall prohibit the Program Manager from maintaining a copy for its records of all documents and materials generated in the course of performing its obligations pursuant to this Agreement.

#### **SECTION 5: TIME OF PERFORMANCE**

501. Program Manager shall perform all services under this Agreement at such times and in such sequence as may be directed by the JSCB Designee. It is understood and agreed by the Program Manager that time is of the essence in the performance of this Agreement.

502. The Program Manager shall advise and assist the JSCB in optimizing and obtaining timely receipt of New York State Building Aid. The Program Manager shall provide for ongoing reporting on compliance with New York State Building Aid requirements.

503. The Program schedule may be modified and/or re-sequenced as reasonably required by the JSCB Designee. The Program Manager agrees to adjust for and accord with such modifications and represents that the compensation provided for under this Agreement is adequate to accommodate such adjustment. The Program Manager hereby waives any right to

request additional compensation beyond the limits provided for under this Agreement as a result of such changes.

504. Services subject to the Not-to-Exceed Limits set forth in this Agreement shall continue until the earlier of March 1, 2021 or Six (6) months after substantial completion for the Program as set forth in the original Program schedule hereafter approved by the JSCB and the Program Manager. Notwithstanding the foregoing, services related to construction closeout and N.Y. State Education Department (“SED”) project close out reporting which occur after such period ends are subject to the Not-to-Exceed Limits set forth in this Agreement until such services are completed and accepted by the SED.

**SECTION 6: COMPENSATION**

601. *Not-to-Exceed Fee:* The JSCB shall compensate Program Manager for proper performance of the services, as defined under section 310, required under this Agreement on a limited time and material basis subject to Dollar Limits derived from the Not-to-Exceed Limits as set forth in this Section. Program Manager’s compensation shall be limited to Costs Eligible for Reimbursement. Any costs incurred by Program Manager or its agents that are not Costs Eligible for Reimbursement as set forth herein shall be borne by the Program Manager at its own expense and risk.

602. *Overall Not-to-Exceed Limit:* Total Costs Eligible for Reimbursement shall not exceed **Three and Thirty Five One-Hundredths Percent (3.35%)** of final Actual Direct Construction Costs.

603. *Project Phase Not-to-Exceed Limits:* In addition, Costs Eligible for Reimbursement shall not exceed the cumulative limits set forth in the following table:

| Project Level Phases                   | Cumulative % of Not-to-Exceed Limit at end of Aggregate Project Level Phases |
|--|--|
| Pre-Design Phase                       | 10%  |
| Schematic Design Phase                 | 25 %   |
| Design Development Phase               | 40 %   |
| Contract Documents                     | 65 %   |
| Bidding Phase                          | 75 %   |
| Program Construction Phase             | 95 %   |
| Building Commissioning/Occupancy Phase | 97.5 %   |
| Post Construction Phase                | 100 %  |

604. Costs Eligible for Reimbursement in excess of the Dollar Limits derived from the above table shall not be reimbursable and shall be borne by Program Manager at its own expense

and risk. For monthly payment applications, percentage limits between the intervals set forth in the above Table will be interpolated and then converted to Dollar Limits based upon the Overall Not-to-Exceed Limit.

604.1. Notwithstanding the foregoing, incurred costs that are not reimbursable solely because these limits have been reached may be billed upon completion of a subsequent Phase across all projects to the extent that the cumulative fee for that Phase is not otherwise consumed.

605. The above limits applicable to each Phase will be applied based upon the overall percent of completion of each construction project to be included in the Program. Overall Percentage of Program Completion will be based upon project cost weighted averaging of the percentage of completion of all anticipated projects within the Program each month. A monthly analysis estimating such percentages of completion shall be prepared by the Program Manager for the JSCB Designee's consideration. Such percentages of completion shall be determined by the JSCB Designee.

606. **Change in Not-to-Exceed Limit:** Budgeted Project construction costs will be used to preliminarily calculate the Dollar Limits derived from the Not-to-Exceed Limit percentages. The Dollar Limits will be adjusted to be based upon Actual Direct Construction Costs as they become known. If the JSCB's budgeted or actual construction costs are lowered, the Dollar Limits will be lowered in accordance with the Not-to-Exceed Limit percentages. Such reduction will not result in reduction of Not-to-Exceed Limits applicable to Costs incurred prior to the reduction but will apply to Costs billed pursuant to Section 604.1.

606.1 In the event Direct Construction Costs are reduced below the initial budgeted amount as a result of a material reduction of the scope of construction work to be performed, the following shall apply: Solely for purposes of calculating remaining unused Dollar Limits, the amount to be deducted from unused Dollar Limits for Eligible Costs incurred prior to such reduction in scope and paid will be reduced proportionate to such reduction in Direct Construction Costs. Eligible Costs in excess of Not-to-Exceed Limits in effect prior to such reduction will be eligible for reimbursement pursuant to Section 604.1 only under the reduced Not-to-Exceed Limits.

607. **Actual Direct Construction Costs** are the direct costs for construction, including site work, paid to the construction contractors for all of the construction projects undertaken as part of the Program. Actual Direct Construction Costs do not include consulting fees, design fees, construction manager fees, legal fees, financing costs, land acquisition or right-of-way expenses, furniture fixture and equipment expenses, or other incidental costs as defined by NYSED.

608. **Costs Eligible for Reimbursement:** Costs Eligible for Reimbursement shall be comprised of Eligible Personnel Costs and Eligible Non-Personnel Costs as set forth below.

609. **Eligible Non-Personnel Costs:** Provided Program Manager has properly discharged its services under this Agreement, the JSCB will reimburse Program Manager for the following

specific Program expenses (at direct cost with no mark-up), subject to the constraints otherwise applicable to Costs Eligible for Reimbursement:

- 1) Travel at the direction of the JSCB to destinations more than 50 miles from City of Syracuse (IRS Mileage Rate);
- 2) Printing distribution copies of bidding documents;
- 3) Direct Construction Document Management System license fees and vendor provided support services;
- 4) Direct Third-Party Training Program Provider Contract costs;

610. All Eligible Non-Personnel Costs must be approved in writing and in advance by the JSCB Designee.

611. **Eligible Personnel Costs:** JSCB shall pay Program Manager based on hourly Billing Rates for services required under this Agreement pursuant to the Staffing Roster and Billing Rate Table set forth in Appendix B. Any modifications to the Billing Rate Table must be approved in writing and in advance by the JSCB.

612. **Subconsultants:** Subconsultants, other than those compensated through Eligible Non-Personnel Costs, are eligible for reimbursement only to the extent they are approved in advance as shown on the Staffing Roster and Billing Rate Table set forth in Appendix B.

613. **Personnel Cost Constraints:** Personnel billing rates in excess of Two and Eight Tenths (2.8) multiplied by each individual's W-2 earnings divided by Two Thousand Eighty (2080) ( $2.8 \times (W-2/2080)$ ) are not eligible for reimbursement. With respect to the preceding sentence the 2.8 multiplier shall be the lower multiplier set forth in Program Manager's RFP response for each respective entity providing Program Management Services. Personnel billing rates in excess of Two Hundred Dollars per hour are not eligible for reimbursement. Personnel billing rates may not increase at any rate greater than two percent (2%) times the rates set forth in the original rate schedule once each year.

614. Approved personnel billing rates are deemed to encompass each individuals base salary, all employee benefits, health or medical insurance, workers' compensation insurance, allowed absences, sick time, holidays, vacations, training, certifications, license renewals, bonding, pension and/or profit sharing, incentive bonuses, data processing, employer and employee taxes, unemployment compensation, social security, overhead, profit and any other expenses of any kind incurred by Program Manager. These items are not otherwise reimbursable.

615. Approved personnel billing rates are also deemed to encompass Program Manager's profit, overhead and all of Program Manager's expenses for offices, telecommunications, computer systems (other than the Construction Document Computer System), photocopy other than distribution copies of bidding documents, mail, insurance, utilities, non-billable transportation, and any other expenses incurred by Program Manager in operating its enterprise. These items are not otherwise reimbursable.

616. The following personnel costs are not eligible for reimbursement:

- 1) Time not directly spent solely on Program activity.
- 2) Time for holidays, illness, allowed absences, vacation, education, training, etc.
- 3) Time in excess of forty (40) hours per person per week.
- 4) Time spent as a result of any failure to properly perform the services required under this Agreement.

617. **Monthly Payment Requisitions:** Program Manager shall submit monthly payment requisitions for all Costs Eligible for Reimbursement in a form acceptable to the JSCB Designee.

618. All Costs Eligible for Reimbursement must be invoiced to the JSCB within 60 days of being incurred.

619. Payment requisitions shall include:

- 1) A description of the services performed broken down by person, applicable billing rate, number of hours worked and date worked;
- 2) A detailed breakdown of costs;
- 3) Certified payrolls for Program Manager personnel prepared in accordance with the New York State labor Law applicable to workers on public projects;
- 4) Program Manager's current diversity compliance forms and reports;
- 5) A working spreadsheet in Excel format showing the above information as well as calculation of the percentage of completion of all anticipated projects, the percentage of completion of the overall Program and the resulting phased based and overall not-to exceed limits;
- 6) A duly executed Release and Lien Waiver in the form attached hereto as Appendix "D"; and,
- 7) As needed by the JSCB Designee for audit purposes or to verify eligible costs.

620. The JSCB may, prior to making any payment under this Agreement, require Program Manager to submit to it back up documentation with respect to Program Manager's reimbursable costs and expenses as the JSCB Designee deems necessary to verify such costs and expenses. The JSCB shall pay each requisition provided Program Manager has properly discharged its services under this Agreement and is in compliance with the terms and conditions of this Agreement.

620.1. Program Manager's base hourly wage rates as referenced in §613 are subject verification. As the multipliers referred to in §613 were competitively procured, the Program Manager is not obligated to provide verification of how these amounts were derived.

620.2. The JSCB will make payments on invoices properly presented to the JSCB at least twenty (20) days in advance of a regularly scheduled JSCB meeting within ten days after such meeting.

621. **Retainage:** All payments for Eligible Costs shall be subject to a 5% deduction for retainage. The retainage shall be payable when the JSCB Designee approves Program Manager's final application for payment provided however, all other Program Manager's services required to be performed hereunder are satisfactorily completed. Notwithstanding the foregoing, retainage will not be held on payments for Direct Construction Document Management System license fees or Direct Third-Party Training Program Provider Contract costs except to the extent that retainage is being withheld pursuant to the agreements for said services.

622. **Supplemental Retainage:** In the event the Program Manager does not meet its responsibilities with respect to Program timelines as they relate New York State Building Aid requirements or JSCB diversity requirements within thirty (30) days after being notified by the JSCB of such failure, the JSCB may withhold five percent (5%) retainage in addition to that set forth in **Section 607** from future payments due Program Manager until compliance is achieved. To the extent permitted by law, if after ninety (90) days from the initial notification Program Manager continues to fail to meet such requirements, such withheld retainage shall be forfeited for each and every month until compliance is achieved. Any such forfeiture will be credited against actual damages sustained by the City. Nothing in this section shall impair any other remedies the City may have as a result of Program Manager's failure to meet its obligations.

623. **Record Retention and Availability:** Program Manager shall make available for JSCB's inspection and audit all of its payroll records for any Eligible Personnel Costs as well as its records and documents involving Eligible Non-Personnel Costs incurred and billed to JSCB at any time during the term of this Agreement and for a period of six (6) years thereafter.

624. **Independent Contractor:** Neither party hereto intends by this Agreement to establish an employer/employee arrangement. It is intended that Program Manager's relationship to the JSCB is that of an independent contractor.

## **SECTION 7: INDEMNIFICATION AND INSURANCE**

### **Indemnification**

701. ## PROPOSED MANAGEMENT PLAN AND TEAM MEMBER RESPONSIBILITIES AND RELATIONSHIPS BY PHASE

Turner Construction takes pride in its capability to provide quality preconstruction and construction services that sets us apart from our competition. It is our ability to provide superior teamwork, scheduling, quality control, budgeting and cost control services during the design process that has allowed us to provide our Owners with the highest degree of service and predictability throughout all phases of the project delivery process.

Program Management services will include leading the JSCB through the necessary steps to assist in planning a district improvement program that best meets the Program goals listed below.

- 1) Minimize the local share of the total Program cost, which is not reimbursable by SED.

## **E.) MANAGERIAL APPROACH**

---

- 2) Reconstruct existing schools in order to create equity of facilities, across the City.
- 3) Partner with local non-profit training entities to further grow a diverse work force of City residents.
- 4) Implement the Phase 2 Development and Diversification Plan for Workforce and Business plan in order to achieve the EEO, MBE, WBE and resident employment goals set by the JSCB.
- 5) Provide solutions to school space construction impact including construction phasing and swing space in order to minimize disruption to existing school operations and instruction.
- 6) Utilize and implement sustainable design strategies in accordance with SED and City requirements for LEED standards including Chapter 52 Syracuse Green Buildings Ordinance.
- 7) Improve the local economy by creating bid packages that maximize local participation.

To achieve the Program goals we developed our managerial plan in accordance with the Phases of the Program as detailed in the RFP.

### **PRE-DESIGN PHASE PLAN:**

Pre-Design is the time where Turner will set the project up for success. Your project includes a significant amount of mechanical, electrical, and plumbing work which will need to be carefully sequenced and coordinated to facilitate minimal swing space utilization and ensure quality. Our goal will be to work with the JSCB to develop a comprehensive plan that will deliver identified work scopes within the approved budget and timelines.

The Turner team uses a diagnostic approach when beginning new school projects to capture the full understanding of each district's needs and potential design solutions.

Our Pre-Design Phase plan begins with evaluating the Phase 2 Comprehensive Plan, reviewing program needs and conceptual plans, and listening to design ideas. We can provide accurate, detailed and reliable estimates for the architect before schematic drawings have begun because our cost database is developed around over 120 school projects.

Over the past five years, we estimated or received bids for over 60 elementary, middle and high school projects. Consequently, your A/E can readily access current costs. This also means that the Project Team can assess options and budget implications because they have detailed breakdown of equipment, mechanical & electrical systems and specialties needed for science labs, along with media centers and computer class-rooms.

Getting off to the right start is key to the success of any project. Our Turner Team will immediately begin the Pre-construction Phase led by Project Executive, Marty Griffin, and Manager of Operations, Chris Gray.

- We will conduct and document Regular Weekly Meetings. We consult with the JSCB and other members of the construction and design team to up-to-date our understanding of the present program requirements. Important items include budgets, time duration,

## E.) MANAGERIAL APPROACH

special project requirements, etc. These meetings will help us "tune-in" and be sensitive to the needs of the established team;

- We will develop the Pre-construction Schedule by identifying the responsibilities of all the Team members. This schedule will show the critical activities, as well as dates that must be met in order for construction to start on the desired date;
- We will develop a Master Construction Schedule listing the major activities and their respective durations, as well as Program milestone dates.
- We strive to create an atmosphere of collaboration at the outset of the design and construction process. Our objective is twofold -- to ensure that all team members clearly understand project goals and to establish trust among the group. Sound partnerships result in successful projects.

General scopes of services that our Team will provide throughout the Pre-Design Phase include:

- Strategic planning, consultation and overall campaign management based on a thorough review of the Phase 2 Comprehensive Plan from a Program standpoint.
- Review overall project budget and impact of Comprehensive Plan from a Program standpoint.
- Develop a communication schedule that outlines responsibilities of key JSCB and district individuals.
- Provide ongoing consultation to the JSCB and district administration via scheduled meetings as well as regular communication by phone, fax and email (through all phases).
- Develop a communication plan for the project.
- Assist in negotiating the existing Project Labor Agreement (PLA). Administer and manage the PLA including all required notifications, recordkeeping, and reporting requirements.
- Develop procedures for monitoring, reporting, and enforcing the PLA (through all phases).
- Oversee Construction Managers who shall evaluate project phasing, scheduling, swing space requirements and construction in occupied buildings from an individual project standpoint.
- Assist the JSCB in the Training Program Provider selection process.
- Work with the JSCB in the projects scope development.
- Review and recommend changes to the preliminary Program controls and schedule.
- Assist in the preparation of RFQ / RFP documents and in the selection and hiring of consultants, including but not limited to architects, engineers, Training Program Provider, construction managers, specialists in hazardous materials, telecommunications, and state aid reimbursement consultants if needed.
- Evaluate project phasing, swing space requirements and construction in occupied buildings from a Program standpoint and coordinate with the Construction Manager at the project level.
- Analyze site usage to determine optimum solutions for building additions.
- Oversee Construction Managers who will review Comprehensive Plan budgets and prepare construction estimates including incidental costs for individual potential projects in NYSED required cost breakdowns.
- Assist Project Engineer.

## E.) MANAGERIAL APPROACH

---

- Work with Rick Timbs in development of MCA's.
- Identify sources of outside funds in addition to NYSED building aid for the Program.
- Analyze design scope for comparison with approved SED MCA's.
- Identify and track critical activities that influence program success during the early stages of the Program, such as: swing space move dates, phased construction constraints, and other JSCB and district requirements that directly impact the overall schedule.

### SCHEMATIC DESIGN PHASE PLAN:

Our goal throughout the Schematic Design Phase will be to work with the District and the design team to develop a constructable, affordable and long-lasting design, provide accurate and timely cost estimates to provide the JSCB with the best possible value for your money. The main steps in our plan are:

**Review of Existing Conditions** – Turner's team will review the existing conditions and provide recommendations on cost effective methods to complete the identified work scopes. For example, existing conditions of heating and ventilation systems should be reviewed in concert with the conceptual design to ensure that the construction drawings reflect existing conditions.

**Cost Reviews** – Our knowledge of the "local" building market, knowledge of building systems and their associated costs, our tailored estimating programs and our historical database enable us to produce detailed, complete and accurate cost information.

We will work the JSCB to validate the conceptual budgets and then will meet with the design team to review our findings and reconcile any differences. As part of this process each project will be evaluated for subjection to NYS Historic Preservation requirements.

Cost reviews of the Construction Managers project budgets and NYSED schematic budgets will be performed. Each project's approved cost allowance (MCA) will be verified and oversight of any necessary design revisions to meet these requirements will be performed. The master Program budget will be compiled and maintained for presentation to the JSCB.

**Value Engineering** Value Engineering is a process that guarantees a client's program is delivered in the most effective and efficient manner. Turner Construction Company's approach to value engineering ensures that the end goal of adding value for the client, not simply cutting cost, is always kept keenly in focus.

Value engineering analyzes the functional requirements of a project to achieve essential functions at the lowest total cost over the life of the project. It is a well-organized approach designed to optimize the value of each client dollar spent. It serves as a management tool that complements, but does not replace, other cost-reduction techniques.

*The essence of Turner's commitment to value engineering is to provide the client with a greater value for the same, or less, money.*

## E.) MANAGERIAL APPROACH

---

By facilitating the value engineering process, Turner combines its systems knowledge with vendor specialists to ensure that proper decisions are made when performing cost analyses on individual items within the scope of the total project.

Simply put, high-cost components are identified and systematically evaluated. If they do not contribute to the system's basic functions, they are modified or eliminated. Less costly alternatives for specific functions are developed and proposed for consideration to the project team.

To achieve the greatest benefits, Turner recommends that the value engineering process starts early and continues through the life of the Program.

As the project moves into schematic design, conceptual plans are thoroughly analyzed, with alternate systems for all aspects of construction evaluated. At every step, the team reviews the cost advantages of substituting less costly materials for more expensive items without losing functionality.

Turner's involvement at each step of the process provides value to the project in the following ways:

- Our experience in the construction marketplace allows us to bring real-time information on systems and costs to allow your team to evaluate options based upon current and accurate information.
- We provide detailed estimates at every stage of the project. In developing and providing this detail, we bring the baseline information critical to identify and compare alternate details, systems and approaches.
- Turner offers in-house experts on all major building systems, including civil and site work, structural, building envelope, interior systems, medical equipment, mechanical, electrical, controls and data/communications. When combined with that of our subcontractor and supplier community, this expertise enables us to look holistically at your total Program to allow the team to effectively weigh all value-added opportunities.
- We have proven systems and templates used to display and track all value engineering items. These tools are invaluable in keeping the project team abreast of the status of each item, enabling them to make informed decisions based on the most accurate, up-to-date information.
- Turner is firmly committed to providing the client with the ability to make logical decisions on the level of quality attainable for the projected expenditure. Our goal is to pare down costs to their essentials without sacrificing quality.
- This is the essence of Turner's commitment to value engineering: providing a greater value for the same, or less, money.

Our Team will concentrate our value engineering efforts at a Program level, while maintaining continuous oversight of value engineering by the Construction Manager at the project level. As several projects require new or renovated mechanical systems and nearly every project will be

receiving security system upgrades, there is value saving potential at the Program level in the procurement of bulk materials.

**Schematic Design Management** The design schedule proposed by the School District's Architect will be tracked on the Turner Team's Master Program Schedule. Turner's Team will coordinate user input with the design team, the District and City Departments e.g. technology, security, maintenance, library media, food service, ADA, SHPO, etc. and other agencies to integrate into the Master Program Schedule and schematic design. A/E City and District design standards will be verified within the schematic design.

The Design activities will follow the normal SED processes and approvals, including: permit deadlines, school board and JSCB approval dates and any particular bidding window that gives the project an economic advantage. Our Team will provide assistance to the JSCB, SCSD, and SED throughout the approval process. Schematic design presentations for approval will be coordinated with the JSCB, SCSD, and SED and included in the Master Program schedule to ensure meeting of all deadlines.

Turner's Team will be in place to manage the design process, the design team, and provide weekly updates of the design schedule and recommend course corrections as required. Turner's Team will provide reports to the JSCB commenting on the schematic and design development submissions with attention to coordination problems which may effect construction, schedule, or budget.

Specific Schematic Phase responsibilities of our key Team members are (in addition to those continuous from previous phase):

- Maintain communications regarding design activities with JSCB through reports, monthly meetings and updates to JSCB website (through all phases). Review overall project budget and impact of Comprehensive Plan from a Program standpoint.
- Continue oversight of Construction Managers management of project phasing, scheduling, swing space requirements and construction phase planning, as well assistance in the single or multiple General Contractor decision process.
- Develop Program wide job site security procedures to be monitored through all phases.
- Continue assisting the JSCB in the projects scope development.
- Follow the scope of each project as it relates to MCA and work with Rick to identify issues and solutions.
- Review existing conditions and provide cost effective recommendations.
- Coordinate the development of construction contract forms and general conditions documents that are acceptable to the JSCB.
- Review CM prepared project estimates and compare to MCA's and consult as necessary.
- Oversee the Construction Managers development of bid packages.
- Review, recommend for approval and submit payments for processing (through all remaining phases).
- Oversee CM's who shall prepare schematic design construction cost estimates to be submitted to NYSED for review. If required, assist with any necessary redesign to meet the cost limits as required by the legislation.
- Review the project cost estimates prepared by the CM and compare them to the approved cost allowance for each building project (MCA) to verify the projects can

## E.) MANAGERIAL APPROACH

---

proceed in accordance with the cost limits specified in the legislation. If required, oversee any necessary redesign to meet the cost limits as required by the legislation.

- Validate schematic cost estimates and consult with the A/E to review findings.
- Initiate project scope and funding revisions, extensions and approvals.
- Evaluate all project schedules from the Construction Manager to verify that all critical activities established in the pre-design phase are included and will compile, update, and maintain the master Program schedule.
- Collect and integrate Design schedule activities into the Program Master Schedule.
- Verify A/E's incorporate City and District design standards into the project designs.
- Identify any construction projects that are subject to NYS State Historic Preservation Office (SHPO) requirements and determine impact to budgets and schedule.
- Coordinate design presentations to secure schematic design approvals with JSCB, SCSD, and SED, and if required, organize schematic design presentations for the community.
- Initiate project scope and funding revisions, extensions and approvals.
- Perform value engineering services at a Program level.
- Oversee CM's who shall provide value engineering services at the project level.
- Manage the architectural firms throughout Schematic Design process and coordinate any necessary design meetings (through all phases).

### DESIGN DEVELOPMENT PHASE PLAN:

In the Design Development Phase, additional value engineering suggestions are analyzed. The team investigates the advantages of pre-purchasing certain equipment and performs a complete study on availability of materials. Oversight of the CM's continuous project level value engineering and operating/maintenance cost savings analysis will continue. Master Program schedule management, and cost reviews and evaluations continue as well as regular communications with the JSCB, SCSD, and SED.

Management of the design team will also continue. Throughout the Design Phase, incorporation of user input gathered in the Schematic Design Phase will be verified. As the design is developed, the Turner Team will establish a Program level logistics plan that will be cost effective and least disruptive to the school district and oversee the CM's in conducting ongoing constructability reviews. These considerations will be incorporated into the design process as required.

Logistics Planning Turner Construction Company understands the critical importance of developing a proactive site logistics plan for school district projects. Extensive construction can present a serious challenge when deadlines must be met and work is being phased-in and completed while school is in session. Our main objective during construction is to minimize the disruption of ongoing school operations and programs, along with the impact on surrounding neighborhoods.

To prevent or at least diminish potential problems, Turner's Team will work with the Construction Managers to develop project specific logistic plans with consideration to the schematic budgets and schedules previously developed. We will then analyze these plans on a Program level and make strategic modifications to maximize efficiency. We analyze the physical constraints and advantages of the building sites and organize the initial flow of labor and material into the new

## E.) MANAGERIAL APPROACH

---

construction. This analysis is vital to gaining an accurate understanding of potential construction issues associated with any major building project.

The plan shows the location of all temporary construction facilities, including hoisting, construction offices, concrete hoists, refuse removal chutes, crane positioning, safety equipment, etc. It identifies all activities and events that could be affected and offers solutions that have been closely coordinated with the school district's buildings and grounds department, administration and staff.

The ability to maintain a smooth flow of material and labor around the job site is key to establishing an efficient project schedule. Our Logistics Plan will provide the most cost efficient ways to expedite this Program. We overcome typical project challenges by:

- Relocating/modifying major utilities at each building swiftly and with minimal disruption of services or day-to-day functions of the facility before the start-up of building renovations/additions.
- Taking every advantage of scheduled school vacations to expedite abatement, selective demolition and renovations within the confines of existing facilities.
- Safe and Secure isolation of Students, Faculty and Staff from construction operations during school hours.
- Sequencing construction to maximize utilization of trades on site, minimizing multiple mobilizations thus maintaining continuity coordination and phasing to minimize disruption:

Utilizing strategies from Turner's recent projects will help us to deliver your project on time, safely and in an organized, deliberate manner. Turner will work closely with the district staff to finalize a plan that will work both for ongoing operations and for promoting a strategic flow of work.

**Constructability Reviews** – Constructability reviews will begin early in the design development process to maximize the favorable impact such reviews will have on overall schedule and to mitigate the influence of faulty construction sequencing, incomplete purchasing of materials and unsatisfactory or incomplete design. Constructability is a key component to achieving cost-effective project solutions. Constructability reviews are the process whereby the design criteria and performance standards are reviewed to "scrub" the documents clean of difficult-to-build details or costly items that do not add value to the School District.

Turner's Team will oversee and analyze the CM's constructability reviews using our "builder's approach". Our focus will be on looking for real, tangible improvements that will reduce future maintenance expenses and simplify assemblies using proven "best practices". The entire Turner project team participates in the constructability review, with each team member focusing on their particular area of expertise and assignment for the project. The project level information is gathered and combined into one Program level report for presentation to JSCB and A/E's. This document will remain in place to track each item to resolution. This will translate into more competitive and comprehensive bids and documents that are clear and more easily built.

Specific responsibilities performed by our Team staff during the Design Development Phase are as follows (in addition to those continuous from previous phases):

## E.) MANAGERIAL APPROACH

---

### CONTRACT DOCUMENT PHASE:

The role of Turner's Team in this phase of the Program will be to manage and execute the final approval process of the contract documents. Turner's Team will manage the A/Es through the final stages of architectural drawings and specifications development to complete the work of Phase 2 as defined by the JCSB. We will also oversee the A/Es preparation of contract language and bid packages.

Turner's Team will work with the A/Es and CMs to provide clear, understandable drawings, specifications, and bidding documents that the prime contractors can easily understand. As our

## E.) MANAGERIAL APPROACH

---

Team will be managing the A/Es through the entire design process, re-design is eliminated, project issues are resolved much faster, and the combined team has the expertise of both design and construction experts.

New Team responsibilities specific to the Contract Document Phase include (in addition to those continuous from previous phases):

- Coordinate and track projects through the appropriate regulatory approvals (e.g. NYS DEC, NYS DOL).
- Assist the JSCB in preparing bid documents for required testing services and any other required third party vendors.
- Coordinate final design submissions with the A/Es to receive NYSED approvals.
- Secure final design approvals from JSCB, City, SHPO, Regional Advocate, SCSD, and NYSED.

### **BIDDING AND CONTRACT AWARD PHASE:**

Turner Construction Company maintains a current subcontractor database that includes more than 700 pre-qualified contractors; nearly 50 of whom are minority and/or disadvantaged companies. Our experience with contractor teams includes all facets of the bid process, abilities, workload, manpower availability, financial statements, references and work regions. Based on this information, we will work with the CMs to prepare a preliminary list of contractors and instructions to bidders.

A crucial step in the bidding and award phase is clarifying the scope of each trade. Turner's team will ensure that special conditions and supplemental general conditions are developed for each bid package to minimize conflicts between bid packages and gaps in purchased items.

Our Team analyzes the schedule relative to any items requiring long-lead procurement. If any materials or equipment fall into this critical category, we develop a plan for early bid packages and release sequences to assure schedule compliance.

Our Team will coordinate all bid advertising, pre-bid meetings, and site visits. Turner will conduct project tours so potential bidders can see the surrounding community, review vehicle and pedestrian travel patterns, see available delivery areas and the anticipated on site storage areas. We will schedule, organize, conduct and lead very detailed project pre-bid meetings. We will oversee distribution of formal minutes of the visits to include the roster of attendees, and written responses to all inquiries. Management of the A/E addenda process including content review, approval, and distribution will follow the pre-bid meeting and request for information deadline. Upon receipt of bids, our Team analyzes all bid results in comparison to construction cost estimates and will oversee any required redesign and rebidding processes. We will present a bid award summary and recommendation analysis comparing the bid amounts to the construction cost estimates for JSCB information.

## E.) MANAGERIAL APPROACH

---

In summary, we manage the bidding and buyout process in its entirety by conducting and/or overseeing the following critical steps in the process:

- Preparation, assembly, and distribution of bid packages.
- Conduct pre-bid meetings.
- Conduct site visits.
- Analyze and descope bids for completeness.
- Conduct post-bid interviews with apparent low bidders.
- Conduct pre-award meetings.
- Solicit value engineering and cost-saving proposals from selected prime contractors.
- Review alternative cost saving methods with the JSCB and A/Es.
- Preparing subcontractor/purchase agreements.

Our Team's individual responsibilities regarding the Bidding and Award phase include (in addition to those continuous from previous phases):

- Organize and conduct pre-bid meetings and site visits for bidders.
- Oversee CM bidding and award activities including bid evaluations, de-scoping, and contracting of prime contractors.
- Coordinate the placement and timing of all of public advertisements with the City Division of Purchase.
- Review bids and compare with construction cost estimates.
- Oversee A/E preparation of pre-bid minutes and addenda.
- Review and recommend approval of addenda to the JSCB.

### PROJECT CONSTRUCTION PHASE:

As Program Manager and leader during the construction phase of Phase 2 of the Syracuse Schools Construction Program we will provide direct oversight of the following project level construction management services:

- Scheduling
- Cost Control
- Prime Contractor Administration
- Safety
- Quality Control
- Change Order Control
- Close-out

**Open communications among all team members** – Throughout the construction phase we address schedule in our weekly CM / Prime Contractor meetings, each pre-installation meeting, biweekly project manager's meetings and monthly JSCB and A/E meetings. We will push all parties to execute decisions needed to advance the work on site and keep each project on schedule.

## E.) MANAGERIAL APPROACH

---

**Coordination of trades** – Turner believes that a comprehensive, continuously monitored Master Schedule is the road map to the successful completion of a project. To control the construction process, Turner first develops a realistic, logical and well-planned schedule. Turner will monitor two week look ahead schedules each week. Schedules and progress against the schedule will be examined in weekly meetings with the Construction Managers, prime contractors and their subcontractors. In addition, the logistics plan will be verified to reflect sequencing, completion, deliveries, crane locations, etc. This schedule will be posted throughout the project site so the information makes it to all of the trade companies.

**Continuous field inspection by Turner staff** – We have staffed this project to ensure full time, on site representation. Turner staff will be in the field every day to review if work is being installed in accordance with the contract documents, to interact with Construction Managers and prime contractors, to assist in problem resolution and ensure that the construction is completed in accordance with the design. Avoiding rework saves time, reduces change orders, and helps maintain morale and the schedule. On a project at Westhill Schools we logged in roughly 2,400 QA/QC items over the course of the project which reduced the punchlist significantly.

**Coordination and phasing to minimize disruption** - Our main objective during construction is to minimize the disruption of ongoing school operations and programs as well as the impact on surrounding neighborhoods. A well thought out and detailed logistics plan and schedule is fundamental to ensure that the work will be performed in a manner and sequence that is specific to District needs and building operations. Utilizing strategies from Turner's recent projects will help us to deliver your project on time, safely and in an organized, deliberate manner. Turner will work closely with the district staff to finalize a plan that will work both for ongoing operations and for promoting a strategic flow of work. If temporary provisions (partitions, fencing, signage etc.) are required we will identify, detail and assign them to the appropriate contractor through our detailed bid packages.

**Cost control & change orders during construction** - Turner maintains control of all change orders by establishing stringent procedures with the CMs for processing changes to proceed in the following manner:

- Identify each proposed change with a tracking number and descriptive title.
- Certify that the proposed change is beyond the scope of existing contracts.
- Distribute information relative to the proposed change to the prime contractors for their analysis.
- Obtain prompt written responses from prime contractors containing their proposal, in a standard format suitable for reasonable and accurate verification, for performing the proposed changes.
- Determine that the change proposals are fair and reasonable. If necessary, it will conduct negotiations with prime contractors.
- Submit to the owner and design team a formal recommendation of the change order to be issued including all pricing materials.

Turner will manage the control of all change orders by maintaining an ongoing schedule and status report delineating all changes. This report will be reviewed at each Turner-JSCB meeting

## E.) MANAGERIAL APPROACH

---

and at each Turner-CM meeting. Central to discussion will be an analysis of how a change will impact the job progress schedule.

*Resolution of construction claims* - Turner's philosophy is to spend time in planning, analyzing, and defining the project so comprehensively that claims and excessive change orders are avoided. Much of our review of the construction documents and our bid packaging instructions to bidders are dedicated to bring a tailored and clear set of drawings to the market. We believe the success of this investment of hours and of this philosophy are evidenced by the absence of claims, liens and lawsuits from our projects. In fact, over the last 10 years we have not had any lawsuits filed regarding contract claims. In other words, "an ounce of prevention is worth a pound of cure."

The great majority of our projects through the years have not had lingering claims beyond the normal negotiations of pending change proposals. Part of that success on the behalf of our Owners is the steps we take when a potential claim comes to light.

- Propose a partnering program to facilitate a working resolution
- Insist on a complete breakdown of the claim
- Insist on adherence to the contract drawings and specifications
- Conduct a thorough investigation on the conditions and occurrence of the claim
- Conduct negotiations to lead to possible mutually agreed mediation

On our agency Construction Manager projects, we have successfully assisted our Owners against claims. For example on one project, a prime contractor defaulted, making necessary the take-over of the contract and remaining work by the bonding company. Outlining in detail the remaining items to be completed and getting the Surety to respond quickly was critical to keeping the overall completion dates on track. This was only achieved by good documentation and tracking of the schedule of values and the progress of the work and payments by our supervision. We were instrumental for our Owner in resolving the closeout of contract and delineating the remaining work values and subcontractor claims. We have helped in defending our Owners by showing, through a documented paper trail, why the claims were not legitimate and were, in fact, part of the original assigned scope of work.

Specific Construction Phase responsibilities of our key staff include (in addition to those continuous from previous phases):

- Attend monthly JSCB meetings to present the PM report. Submit project reports as needed for critical issues such as design issues, schedule progress, cash flow forecast, and budget vs. actual reporting.
- Oversee CM's who shall Manage submittals, contractor payments, change orders, RFI's, inspections, and commissioning.
- Manage budget and schedule including reviewing CM approved CO's, provide any changes to the financial report to JSCB as they occur (including reallocations in contract award amounts), advise the JSCB on courses of action when contract requirements are not fulfilled, assist the JSCB in processing any claims, and recommend any cost reallocations required between contracts or within the Program budget.
- Oversee CM's who shall Coordinate required compliance submissions with the ICO for all projects and assist the ICO as requested to ensure that contractors meet or exceed their M/WBE, EEO and residency goals and procedures as outlined in the Phase 2 Development and Diversification Plan for Workforce and Business.

## E.) MANAGERIAL APPROACH

- Oversee CM's who shall Verify and compile certified payrolls for contractors.

### BUILDING COMMISSIONING / OCCUPANCY PHASE:

**Project Closeout** - It is our philosophy that closeout begins day one. Our Project Manager will include all closeout requirements in the early submittal log (including O&M Manuals, attic stock, training, as-builts, etc) so that it is tracked from project kick-off. We will host bi-weekly closeout meetings with the Contractors to push them along with the process and we will inspect their as-built drawings monthly as part of the pay application review process. We will also develop a project specific training log and work to have all O&M manuals in hand prior to beginning any training. Our Project Manager will actively manage the change order review process so that cost issues do not delay the completion of the work or issuance of the final cost report. Using these tracking tools and implementing our continuous QA/QC system, our projects are generally closed out within 2-3 months after substantial completion.

In order to accelerate the completion of validated facilities, Turner implements an approach, which integrates a substantial amount of the validation requirements into the commissioning phase of the project.

The benefits realized with this approach are in both cost and schedule. Our approach minimizes duplication of effort, integrates validation requirements into the commissioning phase, and provides for an approach which is sequenced and schedule driven.

Utilizing the ISPE Baseline Guide for Commissioning and Qualification, the following will be determined with the client in order to develop the Commissioning and Validation approach to the project:

- Impact Assessment – Determine the level of Commissioning and Validation as required by system.
  - No Impact – Systems, which will have no impact directly or indirectly on product quality. These systems will be commissioned following Good Engineering Practice only.
  - Indirect Impact – Systems, which are not expected to have any impact on product quality but typically will support a Direct Impact system. These systems will be commissioned following Good Engineering Practice only, but will also have all documentation in place to support an FDA audit if required.
  - Direct Impact – Systems, which are expected to have a direct impact on product quality. These systems are designed and commissioned in line with Good Engineering Practice and, in addition, will be validated for cGMP compliance.

Upon completion of the systems Impact Assessment, a component level assessment will begin on all systems. The purpose of this is to identify those components within the systems that do have product quality impact and therefore would require validation. There are often components

## E.) MANAGERIAL APPROACH

---

within commissioned systems only that do require validation because of their impact on product quality.

Turner, working together with the client validation group, will develop a de-tailed Commissioning and Validation approach for the project. This approach will include at a mini mum the following items:

- Develop a detailed Execution Plan identifying all systems, components and equipment to be commissioned and validated.
- Develop an "Impact Assessment" matrix by system identifying the level to which each will be commissioned and validated.
- Develop and integrate into the overall project schedule a detailed com-missioning and validation schedule sequenced by system.
- Begin identifying commissioning and validation teams responsible for the executions of IQ, OQ and PQ protocols.
- Review and incorporate the required validation requirements necessary on all the "commissioning checklists" Turner utilizes. This will allow for the validation IQ and OQ executions to take place during the commissioning phase of the majority of process utilities.

Establish responsibilities for the development of:

- Master Plan
- Protocols
- SOP's
- Final reports

The commissioning plan defines how the commissioning will be implemented including: definition of the project phases; the project team with project dependent roles and responsibilities; equipment/systems/utilities to be commissioned; general procedures for reporting, implementing corrective actions, acceptance and turn-over; training; and long-term monitoring and adjustment.

Commissioning of this facility is a joint effort directed by the project commissioning lead working in concert with the project/commissioning team. It is continuous effort applied across all phases of the project regardless of the type of building space (Offices, Laboratories, Pilot Plant; Fill/Finish; Manufacturing Facility). These project phases will define the type and the level of activities required by the project team, and is listed in general as follows:

## E.) MANAGERIAL APPROACH

|   |  |   |  |                                  |  |
|---|--|---|--|----------------------------------|--|

Each of the distinct operational areas of the facility will be commissioned by the commissioning team; however, in order to effectively manage the commissioning costs as well as the building life cycle costs, each area will be addressed individually. In general the sequence of commissioning will begin with the mechanical systems, and continue through, utilities, process utilities and process equipment/systems (where applicable). Again, depending upon the area and status of the mechanical work in the area, commissioning of the architectural work including fit, finishes and cleaning will be addressed from the upper floors down and from the inside – out.

### Start-up and Turnover Procedure

A detailed start-up and turnover procedure will be developed by system. Each system will have a system walk down, pre-start and actual start date identified. Turner will coordinate the required owner/user training of each system. All required documentation would have been assembled and re-viewed with the client prior to actual startup of each system.

## E.) MANAGERIAL APPROACH

---

Turner will assure that each supplier of equipment and systems have re-viewed the installation of their system prior to start-up. These suppliers will also be responsible for the owner training.

Turner will track, expedite, and assemble all as-built drawings from contractors. These drawings, along with all other required documents to support the commissioning and validation of the facility, would be assembled into TOP binders by system and turned over to the client when requested.

### Validation

Turner has been deeply involved in a variety of validation activities for many years. The services we offer to our clients can be summarized in three main areas: Partnering to develop the best approach to validation; validation firm selection; and management and execution of the validation phase.

Validation can be performed directly by the Owner; it can be the responsibility of the Owner to contract for this service, similar to the A/E & CM; it can be subcontracted and managed by the Construction Manager; or it can be performed by the CM. Also, Turner has unique experience in integration of commissioning with validation, to help shorten schedule and reduce budget, as described in ISPE guidelines. Together with the Owner, Turner can jointly provide an analysis of each of these options. We can provide our "lessons learned", as we have experience with each of these approaches. As a partner with the Owner, we can help choose the approach that best fits the project.

Turner has worked with all the major validation firms. With this background, we can assist the Owner in identifying appropriate firms (some have strengths in certain areas), pre-qualifying the identified firms, developing the RFP and scope of work (deliverables basis is preferred), developing a short list, interviewing (and performing a value engineering during the interviews, usually reducing the validation cost from 6%-7% to 2%-3% TIC), and final bid comparison / firm selection. Our experience with these firms and in validation provides quality in procurement, obtaining best value for the project and the Owner.

Based on our experience and our staff, Turner has the expertise to execute and/or manage the validation phase. Ensuring that validation drives the construction, we start "day one" at project kickoff, integrate the validation schedule into the construction schedule, attend FATs, provide day to day management of the overall Qualification process, and assist in deviation resolution. Deliverables provided (or assistance in development) include the Validation Master Plan, the Impact Assessment, the IQ/OQ protocols, SOPs, and the Turnover Packages (ETOPs). It is our belief that, when managed properly, validation can be a smooth and trouble free process, bringing the project to a successful conclusion.

- Organize grand opening events and activities.
- Assist the Construction Manager in completing commissioning tasks.
- Oversee CM's who shall Manage closeout including LEED and NYSERDA submissions.
- Coordinate and track LEED and NYSERDA submissions through completion.
- Obtain certificates of occupancy from NYSED.

## E.) MANAGERIAL APPROACH

---

- Approve payments to consultants, including release of retainage.
- Provide final budget reports as each project is closed.

### POST CONSTRUCTION PHASE:

- Assist the JSCB in development of the Program-mandated Annual Program Reports to the New York State Comptroller.
- If required, assist the JSCB with settlement of all claims and litigation preparation.

We believe that a comprehensive, continuously monitored Master Schedule is the road map to the successful completion of a project. To control the construction process, the Turner Team first develops a realistic, logical and well-planned master schedule for the program. Once the master schedule is developed, we will advance and implement the master plan by maintaining and updating the schedule for the duration of the program. Turner generates a critical path schedule for the entire program, which becomes more detailed as design documents are developed and input is solicited from all parties. Turner's Master Schedule consists of all activities covering pre-construction, construction and close-out.

By building a master schedule and using our RACS system Turner can develop and plan that works and monitor it accordingly. Identifying the key program milestones for this project are the first priority.

### First 30 Days - Key milestones and critical activities:

- Procurement
  - Finalize Contract with PM
- Finance
  - Review Financial Plan and cash flow requirements
  - Confirm MCA and meet with SED
  - Develop a conceptual budget
- Schedule
  - Define conceptual construction start dates as they will dictate design procurement durations
  - Determine if expedited project reviews can be received from SED
  - Define approval processes with JSCB

### First 60 Days - Key milestones and critical activities:

- Procurement
  - Develop and Issue RFP's for Architects
  - Develop and Issue RFP's for Construction Managers
  - Select Training Provider
- Finance
  - Validate that identified work scopes are aidable
  - Develop cash flow schedule

## E.) MANAGERIAL APPROACH

---

- Define construction and incidental budgets
- Schedule
  - Develop Master Schedule and Phasing Plan
  - PLA Administration
  - SEQRA Process

Turner's Team offers all of the services that this project will require. Our familiarity with the SED process is unmatched in the industry. The Team named for your project not only works within the K-12 industry each day of their lives, but they have indepth experience building K-12 facilities, Scheduling, MCA, Building Aid Units as well as SED requirements and forms, that is a key differentiator that your team needs to take into consideration.

The Turner team possesses the flexibility to utilize selected cutting-edge scheduling programs in keeping with the client's preference and project needs. We understand that aid starts 18 months after commissioners approval. Therefore, scheduling is critical in getting projects designed, built and closed out to minimize local share by keeping the timelines on track. The use of both energy incentive and grants will be another componet of the the financial plan.

Maximizing State Aid, starts with understanding the maximum cost allowance for each building(MCA). This process is key in developing a solid plan. Our Team will begin with understanding the District's student enrollment and projected student enrollment. From this we can calculate the building aid units the District will request from SED. Having this information we will meet face to face with SED to discuss the MCA for each building. This meeting is critical for the District to maximize the building aid units for each building and we have found working with SED to develop these works best.

Once the MCA's are established it is imperative that we work within the approved allowances. The project scopes for each building will need to be aligned with the building aid units to ensure maximum aid. As design continues our Team will keep meeting with the designers and monitor the scope of work at each building to stay within the building aid units approved by SED. This information will be key structure, this is the building block for getting in is another consideration.

As the projects move into construction, Change orders can affect the overall aid-ability of the project. This is not lost with our team, we understand the financial model from the beginning of the project and we make sure that you "the owner" understand that some changes may not be aid-able. Our experience gives you the control to understand the impact of decisions upfront and not after the fact. The SED Change Order Process, in our experience, we have found two major communication aspects for ensuring proper execution of change orders. These aspects are defining who will be submitting the forms to the State Education Department for review and tracking the website to see that all change orders are being logged in and approved. Implementation of these processes can be by the Architect or Construction Manager. If these areas are not covered by a qualified party, the aid on the final cost report could be in jeopardy. An important note when submitting the change order justifications, if the proper narrative is not written, approval of the change order may be denied. Turner will work with the team to explain the changes clearly, so there is no confusion.

## E.) MANAGERIAL APPROACH

Describe the proposed CMS web-based program you intend to use to manage all program documents.

Turner would like to encourage making the project as paperless as possible. Procure is a web-based construction management system that provides the JSCB, the District, the AEs, the CMs, and the contractors with access to all meeting minutes, RFIs, submittals, Addenda, Bulletins, etc. This technology has allowed an average submittal turnaround time of 9 calendar days and an average RFI turnaround time of 7 calendar days on recent projects.

Procure provides a "one stop shop" for all project documentation and correspondence by providing a platform for managing budgets and project costs, creating payment applications, administering change orders, tracking schedules, creating and issuing meeting minutes, uploading and approving submittals, creating and answering RFIs, accessing project documents and issuing updated documents, storing testing reports, uploading and storing closeout documentation, punchlisting, and management of other project items.

Team members are able to receive realtime updates as the project progresses. For example, a contractor is able to create an RFI while in the field from their smartphone, laptop, or iPad. Once the RFI is created the CM and/or the AE receives an email from Procure that a new RFI has been created and requires their response. The AE can respond directly to that email with a response, attach an updated drawing, and send it back to the contractor. The AE's email response is saved to Procure with the RFI allowing other project users to see the question and response from the A/E.

Quality Assurance/Quality Control - "Get what you inspect, not what you expect" is a motto that Turner believes in. By utilizing the cutting edge, internet-based QA/QC tracking program Turner and members of the project team can track and share potential work to complete items and punchlist items throughout the duration of the project. Entries can be made by A/E inspectors or the District during their periodic field walks. Team members are assigned permissions and pre-determined responses to issues (i.e. contractors cannot close an item but can mark it "ready to inspect"). This in turn, triggers an action item to be sent via email to the next party responsible (Turner/Arch/Owner) to verify satisfactory completion and close the item.

This is a significant example of how Turner proactively monitors the construction activities of the lowest responsible bidder. By tracking issues and work to complete items early on in the project, overall job quality is increased as deficient or incomplete work is tracked and corrected earlier thus reducing the number of punchlist items. Issues are collected in real-time in the field using an iPad and smart phone as team members assign location, responsible parties, and action required in the field which eliminates the need for double entry and missed items. Supporting documentation such as photos, or contract drawings are permanently attached to issues which are marked up to clearly annotate the issue or document corrected item(s) for verification and closure.

## E.) MANAGERIAL APPROACH

### CLOSING SUMMARY

Turner is equipped to handle the workload, paperwork, site manpower and has the home office support necessary to exceed your contractual requirements. We have put our best team on this project and know that you will find them to be passionate, committed and knowledgeable. Your interests will be their interests. The quantity of drawing/shop drawing review, reporting, tracking, inspection and documentation can easily overwhelm a firm that has not been through this process in the past. Turner's project management system incorporates pre-orientation meetings, tracks and reviews submittals, collects daily construction reports, tracks on site testing requirements, tracks all open items, writes and documents all RFI's, handles all pay applications and all field orders on our projects and we're confident it will provide all of the features desired by the District during construction administration.

**CERTIFICATE OF DETERMINATION  
BY THE CHAIR OF THE JOINT SCHOOLS CONSTRUCTION BOARD  
AS TO FINANCING COST AND INTEREST RATE**

I, Benjamin R. Walsh, Mayor of the City of Syracuse, New York on behalf of the Joint Schools Construction Board (hereinafter called the "JSCB"), **HEREBY CERTIFY** that, pursuant to the powers and duties delegated to me, as the Chair of the JSCB and in accordance with Chapter 58 Pt. A-4 of the 2006 Laws of the State of New York, as amended (the "Syracuse Schools Act") and subject to the limitations prescribed therein, I have made the following determinations:

1. Pursuant to the statutory requirement set forth in the Syracuse Schools Act to compare financing through the Syracuse Industrial Development Agency ("SIDA") with financing available through the State of New York Municipal Bond Bank Agency ("MBBA"), I have caused such a comparison to be made as to the interest rate for the financing of the Syracuse Schools Reconstruction Project through the issuance by SIDA of its \$66,570,000 aggregate principal amount of School Facility Revenue Bonds (Syracuse City School District Project), Series 2018A ("Series 2018A Bonds") against the interest rate that would have been applicable to a like purpose, bond structure, method of sale, security and amount of bond issuance by the MBBA.

2. Based on such comparison, I have determined that the financing mechanism utilized by SIDA in the issuance of the Series 2018A Bonds for the Syracuse Schools Reconstruction Project results in the lowest cost to the state and city taxpayers.

3. The relevant information, as referenced above, in our possession was transmitted to a duly authorized officer of the MBBA.

4. The cost information and other financial information contained in Exhibit "A" (Certificate of Public Resources Advisory Group) annexed hereto with attached Schedules is sufficient to conclude that the interest rate related to the issuance of the Series 2018A Bonds through the SIDA would not be greater than the interest rate applicable had the Series 2018A Bonds been issued by the MBBA.

5. I attach hereto as Exhibit "B" a form of the Certificate of the Chief Operating Officer of the MBBA, stating that such Chief Operating Officer received all requested and required information from the City School District of the City of Syracuse, the City, SIDA and the Joint Schools Construction Board of the City of Syracuse and determined that the interest rate on March 1, 2018 that would have been applicable to a like purpose, bond structure, method of sale, security and amount of bond issuance by the MBBA would be approximately 3.13% on a true interest cost basis.

6. The Record of the Proceedings in this matter, with sufficient information to make the necessary determinations required by the Syracuse Schools Act, is annexed hereto collectively in Exhibits "A" and "B" as fully described above in the preceding paragraphs.

**IN WITNESS WHEREOF**, I have hereunto set my signature and the official seal of the City this 2nd day of March, 2018.

CERTIFICATE OF PUBLIC RESOURCES ADVISORY GROUP

I, Monika Conley, Senior Managing Director at Public Resources Advisory Group (hereinafter called "PRAG"), financial advisor to the State of New York Municipal Bond Bank Agency (hereinafter called the "MBBA"), HEREBY CERTIFY that, in my role as financial advisor to the MBBA and in accordance with Chapter 58-A Pt A-4 of the Laws of 2006 of the State of New York, as amended (the "Syracuse Schools Act"), and subject to the limitations prescribed therein, I have reviewed pertinent documentation and analyzed certain financial and related information and state the following:

1. PRAG is registered as a municipal advisor with the U.S. Securities and Exchange Commission and the Municipal Securities Rulemaking Board and is qualified to act as financial advisor to the MBBA, and I, Monika Conley, am a duly authorized signatory and make this certification in such capacity.
2. Pursuant to the statutory requirements set forth in the Syracuse Schools Act that the Joint Schools Construction Board, the City School District of the City of Syracuse, and the City of Syracuse compare financing available through the Syracuse Industrial Development Agency ("SIDA") with financing available through the MBBA, based on financial information in **Exhibit A**, based on my knowledge and experience and conversations with Raymond James & Associates, Inc (the "**Underwriter**"), and assuming the same bond structure and method of sale as for the proposed SIDA's \$67.265,000 School Facility Revenue Bonds (Syracuse City School District Project), Series 2018A (the "**Bonds**"). I am of the opinion that, on March 1, 2018 the true interest cost for a bond issue of like purpose, structure, method of sale, security, and amount if issued by the MBBA would be approximately 3.13%.
3. Based on my examination, my knowledge and experience, and conversations with, the Underwriter, I am of the opinion that the identity of the issuer of the proposed Bonds would have no material bearing on the marketing of the Bonds.
4. I attach hereto as **Exhibit A** certain financial information on which I have based the opinions set forth herein.

CERTIFICATE OF PUBLIC RESOURCES ADVISORY GROUP

I, Monika Conley, Senior Managing Director at Public Resources Advisory Group (hereinafter called "PRAG"), financial advisor to the State of New York Municipal Bond Bank Agency (hereinafter called the "MBBA"), HEREBY CERTIFY that, in my role as financial advisor to the MBBA and in accordance with Chapter 58-A Pt. A-4 of the Laws of 2006 of the State of New York, as amended (the "Syracuse Schools Act"), and subject to the limitations prescribed therein, I have reviewed pertinent documentation and analyzed certain financial and related information and state the following:

1. PRAG is registered as a municipal advisor with the U.S. Securities and Exchange Commission and the Municipal Securities Rulemaking Board and is qualified to act as financial advisor to the MBBA, and I, Monika Conley, am a duly authorized signatory and make this certification in such capacity.
2. Pursuant to the statutory requirements set forth in the Syracuse Schools Act that the Joint Schools Construction Board, the City School District of the City of Syracuse, and the City of Syracuse compare financing available through the Syracuse Industrial Development Agency ("SIDA") with financing available through the MBBA, based on financial information in **Exhibit A**, based on my knowledge and experience and conversations with Raymond James & Associates, Inc. (the "**Underwriter**"), and assuming the same bond structure and method of sale as for the proposed SIDA's \$67,265,000 School Facility Revenue Bonds (Syracuse City School District Project), Series 2018A (the "**Bonds**"). I am of the opinion that, on March 1, 2018 the true interest cost for a bond issue of like purpose, structure, method of sale, security, and amount if issued by the MBBA would be approximately 3.13%.
3. Based on my examination, my knowledge and experience, and conversations with, the Underwriter, I am of the opinion that the identity of the issuer of the proposed Bonds would have no material bearing on the marketing of the Bonds.
4. I attach hereto as **Exhibit A** certain financial information on which I have based the opinions set forth herein.

### Weekly Muni Market Commentary by Jock Wright – Raymond James (2/26/2018)

Volatility continued last week in the fixed income markets, after hitting a 4 year yield high of a 2.95% on Wednesday on the UST Ten year, the market rallied at weeks end as buyers came in to support the market and the ten year ended the week at a 2.86%. Equities continued to recover and some sense of stability returned to other markets. FOMC minutes released last week still point to a hawkish FED that is closely monitoring inflation, but expected to tighten 3 times this year. This week will feature New Fed Chairman Jerome Powell's monetary policy testimony. Market participants will be closely analyzing his comments for signs of future rate increases. It is expected that he will present the markets with a calming influence regarding the FED's stance of future monetary policy. Other important economic releases this week will be Durable Goods Orders, Consumer Confidence and PCE release later in the week.

#### Economic Releases and Events This Week:

- Monday: Chicago FED, New Home Sales
- Tuesday: Powell Monetary Policy(House), Durable Goods Orders, Advance Economic Indicators, Consumer Confidence
- Wednesday: Real GDP(2nd Estimate), Chicago Business Barometer, Pending Home Sales
- Thursday: Jobless Claims, Personal Income and Spending, PCE Price Index, Powell Monetary Policy Testimony(Senate), ISM Mfg. Index, Motor Vehicle Sales
- Friday: UM Consumer Sentiment

Mutual funds and retail investors saw better flows last week and deals that were in the market saw mixed results, but the overall tone could be described as slightly "firmer". Dealer inventories and bid sell lists continue to hamper our market's ability to rally. This week's lighter calendar should be met with decent demand in the primary. For the week MMD was lower in yield by (1) bps in five years, by (1) bps in ten years and higher by +1 bps in thirty years.

This week's primary muni supply breakdown of the \$5bln calendar is: \$3.4bln being negotiated and \$1.6bln via competitive offerings.

U.S. municipal bond funds reported \$347.4 million of net inflows in the week ended February 21st, compared with \$443.4mln of outflows in the previous week, according to data released by Lipper on Thursday. The four-week moving average remained positive at \$203.7mln. High-yield muni bond funds reported outflows of \$5.1 million, compared with inflows of \$20.1 million in the previous week. ### Fixed Income Market Commentary by Kevin Giddis – Raymond James (2/27/2018)

The Treasury market is trading lower this morning as Fed Chair Jay Powell's Congressional Testimony was released. He goes before the House Financial Services Committee in about an hour or so, but there were several tasty tidbits in this release that have caused the market to react. Not in any order, but he was quoted as saying that the Fed sees "further gradual rate hikes," and that "some of the headwinds facing the U.S. economy are now the tailwinds." He also stated that "the FOMC sees risks as roughly balanced," and "the U.S. economic outlook is strong." Yada, yada, yada! The next market event will occur when he begins to answer the questions from Congress. The takeaway from this is that Jay Powell doesn't seem too worried about the Fed "missing it" when it comes to its monetary policy or its tightening strategy. He also doesn't appear to be the type of Fed Chair to elaborate too much either. He reminds me of the Joe Friday, "just the facts ma'am," sort of guy. This uncertainty is likely to be exposed over the next two days, and the market will adjust, just like it has for all of the other Fed Chairs in the past. It does appear to be a lock that the FOMC will raise rates next month. It also seems like they believe that they will raise rates three times in 2018. Bonds have settled down and the yield curve (2's to 10's) is roughly where it started at 64 basis points. The equity market seems to be ok with it as well. As much a Goldilocks 4 page release as one could possibly expect. The key will be when the other shoe drops, will it be consistent with what we have seen, or will Fed Chair Powell go off script and say something that the markets weren't expecting. On the economic front, Durable Goods Orders for January fell 3.7% after rising 2.6% in December. Orders less the volatile transportation component rose 0.7%. So with little left to say, I would think that Jay Powell will do his best to keep the markets calm, help the dollar, and offer a glimpse of how the next couple of years will look in his eyes as the Chairman of the Federal Reserve. While there are plenty of signs that the economy is still growing, we may have to wait a couple more days to gauge the second round of inflation data. Thursday's release of the PCE Core will be closely watched and along with Powell's testimony, could be a market mover.

**Dated: Delivery Date**

**Due: as shown on inside cover**

The School Facility Revenue Bonds (Syracuse City School District Project) Series 2018A (the "Series 2018A Bonds") are being issued by the City of Syracuse Industrial Development Agency (the "Issuer") in accordance with Chapter 58 Pt. A-4 of the Laws of 2006 of the State of New York, as amended (the "Syracuse Schools Act"). The Series 2018A Bonds will be issued pursuant to an Indenture of Trust (Series 2018A Project) dated as of March 1, 2018 (the "Indenture") between the Issuer and Manufacturers and Traders Trust Company, as Trustee (the "Trustee"), to provide money to finance a portion of the costs of design, reconstruction, construction, rehabilitation, and/or equipping of certain existing school buildings for use by the City School District of the City of Syracuse (the "SCSD"). The Series 2018A Bonds are special limited obligations of the Issuer payable from amounts due solely from the SCSD and the City of Syracuse (the "City") under an Installment Sale Agreement (Series 2008 Project), dated as of March 1, 2008 (the "2008 Original Installment Sale Agreement"), as previously amended by Amendment No. 1 to Installment Sale Agreement dated as of July 1, 2009 (the "First Amended Agreement"); Amendment No. 2 to the Installment Sale Agreement dated as of December 1, 2010 (the "Second Amended Agreement"); Amendment No. 3 to Installment Sale Agreement dated as of July 1, 2011 (the "Third Amended Agreement"); Amendment No. 4 to Installment Sale Agreement dated April 1, 2017 (the "Fourth Amended Agreement"), and Amendment No. 5 to Installment Sale Agreement dated as of March 1, 2018 (the "Fifth Amended Agreement"), together with the Original Agreement, the First Amended Agreement, the Second Amended Agreement, the Third Amended Agreement, the Fourth Amended Agreement and the Fifth Amended Agreement, the "Installment Sale Agreement" or "Agreement"), each among the Issuer, the City, the SCSD and the Syracuse Joint Schools Construction Board (the "JSCB").

The obligation of the SCSD and the City to pay base installment purchase payments and installment purchase payments under the Installment Sale Agreement are deemed executory only to the extent of New York State building and operating aid, which aid does not include Expanding our Children's Education and Learning aid, that is appropriated by the New York State Legislature and paid to the SCSD or the City or any officer thereof, for the provision of public educational instruction for the City ("State Aid to Education"). Payment of State Aid to Education to the SCSD and the City is subject to annual appropriation of the State of New York (the "State"). Pursuant to a State Aid Depository Agreement, dated as of March 1, 2008 (the "Depository Agreement"), as previously amended by a First Amendment to State Aid Depository Agreement, dated as of December 1, 2010 (the "First Amendment to State Aid Depository Agreement" and together with the Depository Agreement collectively, the "State Aid Depository Agreement"), each among the SCSD, the City and Manufacturers and Traders Trust Company, as depository (the "Depository"), all State Aid to Education made payable to the SCSD or the City will be deposited into a State Aid Depository Fund with the Depository and, upon appropriation by the City and the SCSD, such State Aid to Education will be disbursed for the payment of principal and interest on the Series 2018A Bonds, Series 2017 Bonds (as defined herein), Series 2011 Bonds (as defined herein), the Series 2010 Bonds (as defined herein) and other purposes of the SCSD.

The Series 2018A Bonds are special limited obligations of the Issuer payable solely from: (i) the payment of base installment purchase payments and installment purchase payments by the SCSD and the City under the Installment Sale Agreement; and (ii) the pledge of certain funds, including a bond fund, under the Indenture. In the event the SCSD and the City fail to make an installment purchase payment under the Installment Sale Agreement, it is provided in the Syracuse Schools Act and the Indenture that, upon receipt by the New York State Comptroller (the "State Comptroller") of a certificate from the Trustee on behalf of the Issuer as to the amount of such failed payment, the State Comptroller shall withhold any state and/or school aid payable to the SCSD or the City to the extent of the amount so stated in such certificate as not having been made, and shall immediately pay over to the Trustee on behalf of the Issuer the amount so withheld. The obligation of the SCSD and the City under the Installment Sale Agreement to pay base installment purchase payments and installment purchase payments is not a general obligation of the SCSD or the City and neither the faith and credit nor the taxing powers of the City is pledged to the payment of base installment purchase payments and installment purchase payments under the Installment Sale Agreement. The obligation of the SCSD and the City under the Installment Sale Agreement to pay base installment purchase payments and installment purchase payments in any fiscal year of the SCSD or the City constitutes a current expense of the SCSD for such fiscal year and shall not constitute an indebtedness or moral obligation of the SCSD, the City or the State within the meaning of any constitutional or statutory provision or other laws of the State. The only source of moneys available for the payment of the principal of and interest on the Series 2018A Bonds are bond proceeds set aside to fund capitalized interest, installment purchase payments made by the SCSD and the City under the Installment Sale Agreement to the extent of State Aid to Education appropriated by the State and available to the SCSD and/or the City and appropriated by the City and the SCSD to make such payments, and the intercept by the State Comptroller of any other state and/or school aid payable to the City or the SCSD to the extent of any installment purchase payment deficiency. The Series 2018A Bonds are neither a general obligation of the Issuer, nor a debt or indebtedness of the City or the State and neither the City nor the State shall be liable thereon. The Issuer has no taxing power. See "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2018A BONDS" herein.

The Series 2018A Bonds will be issued in fully registered form registered in the name of Cede & Co., as nominee for The Depository Trust Company ("DTC"). See "THE SERIES 2018A BONDS—Registration and Payment — Book-Entry System" herein.

The Series 2018A Bonds will bear interest payable semiannually on May 1 and November 1 of each year commencing November 1, 2018 and are subject to redemption prior to maturity as described herein. See "THE SERIES 2018A BONDS—Redemption of Series 2018A Bonds" herein.

*In the opinion of Barclay Damon LLP, Bond Counsel to the Issuer, under existing law and assuming continuing compliance by the Issuer, the SCSD and the City with certain covenants and the accuracy and completeness of certain representations made by the Issuer, the SCSD and the City, interest on the Series 2018A Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and is not treated as a preference item in calculating the alternative minimum tax imposed under the Code with respect to individuals. Bond Counsel is also of the opinion that, under existing statutes, interest on the Series 2018A Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York). See "TAX MATTERS" herein.*

# Syracuse City School District, NY

## Update to credit analysis

**Summary**

The Syracuse IDA benefits from strong intercept mechanics as described in the New York Municipal School Aid Intercept Program. The school district benefits from high state aid providing strong coverage of debt service.

**Credit strengths**

- » Coverage during the interceptable period is strong
- » Moderate increases to state aid expected going forward

**Credit challenges**

- » State aid is subject to annual appropriation and delays

**Rating outlook**

Given that no underlying rating was assigned, no outlook has been assigned.

**Factors that could lead to an upgrade**

- » Improvement in New York State's General Obligation rating.

**Factors that could lead to a downgrade**

- » Downgrade of the General Obligation rating of New York State
- » Deteriorating coverage levels

**Detailed credit considerations**
**State approved special legislation for overhaul of Syracuse CSD facilities**

In 2006, the state enabled a comprehensive redevelopment program for the CSD's construction of new schools and improvements to existing school facilities through the Syracuse Schools Act over a course of four phases expected to total nearly \$1 billion. Legislation authorizing Phase II of the Program at a cost not to exceed \$300 million was enacted on October 25, 2013.

**Financial Operations and Coverage: Strong coverage continues; School District obligated to make installment payments to IDA**

SIDA has no taxing authority and bondholder security is derived from an installment sale agreement between the CSD and SIDA under which the CSD will make annual payments equal to the annual debt service requirement. These payments are subject to annual

appropriation by the CSD (although state aid intercept mechanics offset the risk of non-appropriation as discussed above) and state aid pledged to the bonds is subject to annual appropriation by the state.

However, Moody's fully anticipates that state aid, which totaled \$318 million in fiscal 2017 compared to projected maximum annual debt service of \$8.5 million, will continue to be made given the fact that the CSD is the one of the largest school districts in New York State and relies on state aid for approximately 80% of its operating revenue.

State aid to the CSD continues to increase, and fiscal 2018 state aid is projected at \$332 million, providing strong provided ample coverage (39 times) of projected maximum annual debt service (MADS). Coverage during the four-month collection interceptable period was healthy at 21.7 times on a cash flow basis. Disbursements are subject to change and delay in the event of state cash flow limitations. However, Moody's believes that these coverage levels provide adequate cushion to mitigate any unforeseen pressure on the state budget. The July 15th state aid payment certificate can be modified subsequently in the event state cash flow disbursements are altered. Although there is no additional bonds test, given planned issuance only for projects approved for state building aid reimbursement (currently 98%), Moody's expects state aid would increase commensurate with additional issuance, and debt service coverage will remain strong. Projected total state aid for fiscal 2018 increases again to \$332 million total and \$184 million during the interceptable period.

#### **Strong Intercept Mechanics**

All state aid (state building and operating aid) will flow directly to the State Aid Depository Fund. Each July 15th, the CSD will provide to the trustee a "state aid payment certificate" which will delineate the percent of debt service to be deducted from state aid during the collection period (the aid-rich period between December 1st and March 31st, during which time approximately 60% of annual state aid is typically received). Excess aid will be forwarded to the CSD General Fund monthly after funding of the Bond Fund and any deficiencies in prior series' DSRFs. In the event state aid is insufficient to fund that month's deposit, the difference will be added to the following month's required segregation such that by March 31st, the May 1st principal and interest and the November 1st interest payments will be fully segregated.

#### **Debt and Legal Security**

Each issuance under this program is separately secured and enjoys a parity lien on state aid receipts of the district. As with past series, there is no additional bonds test.

Given the fact that this is an installment sale agreement between the SIDA and the CSD, and is supported predominantly by nonproperty tax sources, the debt is not legal indebtedness of the City of Syracuse (A1 Stable) and is not factored into its legal- and Moody's-calculated adjusted debt burden.

#### **COMPETING CLAIMS ON STATE AID REVENUE DON'T MATERIALLY DILUTE COVERAGE**

While competing claims on state aid exist, these will not materially dilute debt service coverage. Only Revenue Anticipation Notes (RANs) issued by the city on behalf of the CSD have a priority claim on state aid, which could dilute coverage in a worst case scenario, should a RAN borrowing require segregation as early as March. The city issues revenue anticipation notes each year on behalf of the CSD.

The city issued \$51.8 million in RANs on behalf of the CSD in October of 2017. The notes are payable on October 5, 2017. The city anticipates an additional cash flow borrowing on behalf of the CSD in the fall of 2018. Over the past five fiscal years, Syracuse has issued an average of \$53.6 million in RANs annually for the SCSD.

Declining enrollment or alteration of reimbursement rates and/or timing of payments by New York State could also cause coverage levels to fall. However, the CSD reports that general population declines are offset by growing enrollment of refugee students. Enrollment has grown from 19,713 in 2012 to 20,136 in 2018.

#### **DEBT-RELATED DERIVATIVES**

There is no exposure to debt-related derivatives

This publication does not announce a credit rating action. For any credit ratings referenced in this publication, please see the ratings tab on the issuer/entity page on [www.moody's.com](http://www.moody's.com) for the most updated credit rating action information and rating history.

**Management and Governance**

Despite reductions in reliance on reserves and out-year budget gaps, city management will be challenged to achieve balance over the near-term.

New York School Districts have an Institutional Framework score of A, which is moderate compared to the nation. Institutional Framework scores measure a sector's legal ability to increase revenues and decrease expenditures. New York School Districts operate within a state-imposed property tax cap, which limits their ability to increase their operating levy by the lesser of 2% or CPI. This cap cannot be overridden at the local level, but can be overridden with 60% voter approval. Unpredictable revenue fluctuations tend to be low, or less than 5% annually. Across the sector, fixed and mandated costs are generally greater than 25% of expenditures. New York State has public sector unions and the additional constraint of the Triborough Amendment, which limits the ability to cut expenditures. Unpredictable expenditure fluctuations tend to be moderate, or between 5-10% annually.

## Rationale

S&P Global Ratings assigned its 'AA' rating to the Syracuse Industrial Development Agency, N.Y.'s series 2018A school facility revenue refunding. At the same time, we affirmed our 'AA' rating on the agency's series 2010, 2011A, 2011B, and 2017A general obligation (GO) debt. The outlook for all issues is stable.

The rating reflects what we view as:

- The strength of the statutory direct-pay intercept of state aid for education by the New York state comptroller, which is structured to be sent directly to the bond trustee in advance of debt service due dates to pay debt service;
- A established funding structure that allows for the timely intercept of state aid and payment of principal and interest on the bonds outstanding even if the school district fails to appropriate funds;
- The state's consistent and strong oversight of school districts with a long history of state support, especially in distressed situations; and
- Strong maximum annual debt service (MADS) coverage.

We typically rate intercept or withholding programs that meet certain requirements at a level one notch off of our GO debt rating on the state--on par with the state appropriation rating--reflecting the appropriation nature of the intercept or withholding mechanism. Accordingly, if we change the state GO rating, we would likely change the program rating. In our view, programs such as the one in place for Syracuse City School District, that allow for the full and timely payment of debt service from state aid with strong state oversight, qualify for the enhanced rating. Bond proceeds will be used for financing a portion of the costs of Phase II of the school redevelopment program, which consist of design and/or reconstruction, construction, and rehabilitation of existing school buildings.

The New York State Legislature has authorized the bonds under the Syracuse Schools Act of 2006. Under the State Aid Depository Agreement, the City and the Syracuse City School District instructed the state comptroller to pay all state building aid and operating aid for Syracuse city school districts to the state aid depository fund held by the depository bank. Under the indenture, deposits of state aid to pay debt service begin on Dec. 1, with sufficient funds set aside by March 31 to pay principal and interest payments on the subsequent May 1 and Nov. 1. Amounts in the state aid depository fund will be transferred to the bond fund held by the bond trustee to pay scheduled debt service.

MADS on the agency's school program bonds, including series 2010, 2011A, 2011B, 2017A, and the new 2018A series, is \$17.76 million and due in 2022. In the fiscal year ended June 30, 2017, the Syracuse City School District estimates it

received \$318.8 million in total state aid, which is consistent with the high state aid provided in previous years. For the November through April period, the district received about \$181.6 million in state aid, with a strong 10.2x MADS coverage. Fiscal 2017's total state aid provided MADS coverage of 17.9x for the program. The debt is amortized through 2035.

The structure of the program, in which state aid in the current state fiscal year funds debt service payments for the subsequent year, and historically strong coverage, provide adequate protection against delayed passage of state budgets.

## Outlook

The stable outlook reflects the current outlook on the state of New York's GO debt and the strength of state appropriations for New York education. We would expect the rating to change if our rating on New York State's GO debt changes

## Fitch Rates Syracuse IDA School Facility (NY) Rev Bonds 'AA'; Outlook Stable

Fitch Ratings-New York-11 January 2018: Fitch Ratings has assigned a 'AA' rating to the following Syracuse Industrial Development Agency, NY (IDA) revenue bonds:

--\$65.7 million school facility revenue bonds (Syracuse city school district project), series 2018A.

In addition, Fitch has affirmed the 'AA' ratings on approximately \$32 million of school facility revenue bonds outstanding (Syracuse city school district project), series 2008A.

The Rating Outlook is Stable.

### SECURITY

The bonds are secured solely by state aid revenues annually appropriated to the Syracuse City School District by the state of New York and remitted to the district from the period Dec. 1 through March 31 (the collection period).

In the event that the district fails to appropriate state aid sufficient to cover debt service payments by Nov. 10 (for debt service payments scheduled for the following May 1 and Nov. 1), state aid sufficient to cover principal and interest will be intercepted by the state and forwarded to the trustee. As intercepted aid is not subject to appropriation by the district, this provision effectively removes the risk to bondholders of non-appropriation by the district.

There is no debt service reserve securing the 2018A bonds.

### KEY RATING DRIVERS

**RATING BASED ON STATE INTERCEPT:** The 'AA' rating is based on the state's obligation to intercept the district's state aid in a timely manner as needed to pay debt service. Administrative, structural and legal protections in place for the bonds provide credit enhancement for this debt at a level equal to one notch below New York State's 'AA+' Issuer Default Rating (IDR). The 'AA' rating does not reflect the district's underlying credit quality.

**STATE AID SET-ASIDE:** Bondholders benefit from remittance of state aid to a depository fund from which debt service is set aside before flowing to the district. In the event of a failure by the district to certify that sufficient funds have been set aside to cover upcoming debt service, state aid is remitted directly to the trustee, providing for pre-default payment.

**STRONG COVERAGE:** Interceptable state aid provides strong coverage of maximum annual debt service (MADS) on the current issue and on total authorized borrowing. Fitch expects coverage levels to remain strong despite potential modest declines in the coming years due to the district's extensive capital and borrowing plans, competition from charter schools and pressured enrolment.

### RATING SENSITIVITIES

**CHANGE IN NEW YORK'S IDR:** The rating is sensitive to a change in the state's IDR, to which these bonds are linked.

**MATERIAL WEAKENING IN COVERAGE LEVELS:** The rating assumes continued strong coverage of debt service by interceptible state aid. A material decline in future coverage could pressure the rating.

### CREDIT PROFILE

The New York State legislature Chapter 58 Pt. A4 of the Laws of 2006 (the intercept act), authorized the bonds to encourage the city and district to renovate its public schools. Capital improvement spending under phase one totaled \$145 million. The second phase was authorized by the state legislature in 2013 and authorized up to \$300 million in additional capital improvements. The district's capital and financial plan for phase two is broken into two sets of projects; the first set has been approved by the New York State Dept. of Education and includes six projects with a seventh in the design phase. The district estimates its total capital improvement costs over all phases of its modernization efforts at approximately \$1.2 billion, the majority of which is expected to be financed under the current borrowing program.

The school district is governed by an independently elected board of education. The city of Syracuse (A/Stable) city council approves the district's budget and levies taxes on its behalf, but does not otherwise exercise direct control over the district.

## STRONG COVERAGE BY STATE AID

State aid is remitted monthly, but unevenly, to the district during the course of the fiscal year. Between Dec. 1 and March 31, the district's state-aid moneys are remitted to a state-aid depository fund held outside the district. Funds for the payment of upcoming debt service are set aside and the remaining funds are forwarded to the district to cover operations.

In the event the district fails to certify to the trustee by Nov. 10 that it has set aside sufficient moneys to cover upcoming debt service, the trustee will notify the state comptroller. The comptroller will intercept pending state aid receipts destined for the district and remit such moneys immediately (between Nov. 15 and April 30) to the trustee. The intercept mechanism ensures that the trustee has sufficient funds on hand to cover debt service well in advance of the payment dates.

Fitch's 'AA' rating is based on the intercept mechanism which, if triggered, would take into account senior claims. Approximately 55% of interceptable state aid - \$184 million out of \$332 million in total fiscal 2018 state aid - will be remitted during the collection period. Coverage during the collection period from state aid is strong at an estimated 10.4x MADS for fiscal 2018. Coverage from all state aid appropriated during the fiscal year is an estimated 18.7x MADS. When collection-period state aid is considered versus MADS for the bonds and the district's senior debt obligations combined, coverage is still robust at an estimated 6.3x MADS.

Future building modernization projects will in all likelihood be supported by state building aid, which has historically covered about 80% of project costs. If that continues to be the case, Fitch expects coverage of debt service by state aid to remain strong.

## SENIOR LIEN RISKS TO INTERCEPT COVERAGE

Interceptable aid could be diminished due to various senior and parity claims to the district's state aid for education, such as late charter school payments by the district that have a senior claim to state aid funds.

Furthermore, the district has approximately \$35 million of outstanding general obligation (GO) debt that is subject to a post-default state aid intercept; senior GO bond claims on state aid resources could marginally diminish coverage. The intercept of funds to cure a GO default is senior to the regular payments on the school facility revenue bonds. However, if the intercept for the revenue bonds is also triggered, the defaulted GOs and the rated bonds would become parity obligations under the intercept act. Fitch does not believe the lien provisions for competing state aid claims materially affect the strength of debt service coverage.

## RISK OF LATE STATE BUDGET MITIGATED BY COLLECTION PERIOD

Fitch believes that the timeframe of the collection period mitigates risks associated with the possibility of late state-budget adoption, as the state's fiscal year begins on April 1. The collection period does not begin until Dec. 1 - eight months into the state's fiscal year. In the past, the state was up to 4 1/2 months late in adopting a budget; however, recent budget adoption has been on time. Fitch believes the risk of potential delays in state aid payments during times of budgetary pressure is mitigated by high coverage levels.

## PRESSURED DISTRICT ENROLLMENT AND CHARTER SCHOOL COMPETITION

Fitch believes that declining student enrollment and increased charter school competition may have a modestly negative affect on future growth in state aid revenues. The district has experienced a nearly 5% enrollment decline since 2007, to an estimated 20,136 students in 2018. The district posted a small enrollment gain for fiscal 2018, which it attributes to an influx of refugee families.

Fitch believes that the sustainability of recent enrollment growth is uncertain given the 1.2% population decrease in Syracuse since the 2010 U.S. Census. In addition, future enrollment losses from continued charter school development - if such development occurs - could outweigh population gains over time.

Three charter schools currently operate within the district and educate about 1,800 pupils (approximately 9% of district and charter enrollees). In 2010 the state legislature increased the statewide number of charter schools permitted, which allowed two additional charters to receive state approval in 2016. One new charter school opened in 2017 and enrolls about 230 students. All charters receive formulaic per pupil aid that passes through the district. The district made \$19.7 million in charter school payments in fiscal 2017. Officials estimate fiscal 2018 charter school payments will increase to about \$24 million, up 22% from the prior year.

Despite pressure on enrollment, management anticipates that state aid will increase due to a growing need for increased ESL services. The district's five-year financial plan estimated that state aid for education would increase by 4.4% in fiscal 2018, followed by more modest increases through fiscal 2021. Fiscal 2018 state aid receipts have closely matched management's expectations. Fitch anticipates coverage levels to remain high due to planned new debt issuances that will likely be supported by further increases in interceptable state building aid.

19. The Agency has not received written notice that any Event of Default by any party under the Indenture, the Installment Sale Agreement or any of the other Agency Documents has occurred and is continuing, or that any event has occurred which with the lapse of time or the giving of notice or both would constitute an event of default, by any party to the Indenture, Installment Sale Agreement or any of the other Agency Documents.

20. Each of the representations and warranties of the Agency contained in the Purchase Contract and the other Agency Documents are true and correct in all material respects at and as of the date hereof and thereof.

21. The Agency is not contemplating instituting bankruptcy, insolvency or similar proceedings against itself.

27. There is no action, suit, proceeding, inquiry or investigation at law or in equity or before or by any court, public board or body pending or, to the knowledge of the Agency, threatened against or affecting the Agency or affecting the titles of its officers to their respective offices or seeking to prohibit, restrain or enjoin the sale, issuance or delivery of the Series 2018A Bonds or the collection of revenues or assets pledged by the Agency under the Indenture or in any way contesting or affecting the validity or enforceability of the Bond Resolution, the Series 2018A Bonds, the Purchase Contract or the other Agency Documents, or contesting in any way the completeness or accuracy of the Offering Documents, or contesting the corporate existence or the powers of the Agency, or power or authority of the Agency for the adoption of the Bond Resolution, the approval of the Agency Documents, the issuance of the Series 2018A Bonds or the execution and delivery of the Purchase Contract or the other Agency Documents, nor, to the knowledge of the Agency, is there any meritorious basis therefor, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by Purchase Contract or the validity or enforceability of the Bond Resolution, the Series 2018A Bonds, Purchase Contract, or the other Agency Documents or any agreement or instrument to which the Agency is a party, or to which the Agency has consented, and which is used or contemplated for

28. The adoption of the Bond Resolution, the approval of the Agency Documents and the execution and delivery by the Agency of, or consent by the Agency to, as applicable, the Official Statement, the Series 2018A Bonds, Purchase Contract, the other Agency Documents do not, and compliance with the provisions hereof and thereof will not, conflict with or constitute on the part of the Agency a violation or breach of or a default under any applicable law or administrative rule or regulation, or any court or administrative decree or order, or any indenture, mortgage, lease, sublease, loan agreement, note, resolution, agreement or other instrument to which the Agency is a party or by which it or any of its properties or assets may be bound that would have a material adverse effect upon the transactions contemplated by the Purchase Contract or any other Agency Documents.

29. On and as of the Closing Date, all authorizations, consents and approvals of, notices to, registrations or filings with, or actions in respect of any governmental body, agency or other instrumentality or court required to be obtained, given or taken on behalf of the Agency in connection with the execution, delivery and performance by the Agency of the applicable Agency Documents will have been obtained, given or taken and will be in full force and effect, provided that no representation is made with respect to compliance with the securities or "Blue Sky" laws of the various states of the United States.

30. On and as of the Closing Date, the Series 2018A Bonds will be secured by a lien on the trust estate under the Indenture.

The existing potential for economic development will be augmented by the financial incentives of an Industrial Development Agency. Various City agencies and departments, such as the Department of Community Development and the Office of Federal and State Aid Coordination will interface with the Syracuse Industrial Development Agency to strengthen the business and industrial climate of the community.

Access to the Department of Community Development will make available to the Syracuse Industrial Development Agency an array of staff assistance, technical expertise, and various other development services. The City's Office of Federal and State Aid Coordination will provide assistance to it in locating, analyzing, and obtaining various forms of federal and state assistance and participation.

## Article V

### MISCELLANEOUS

#### Section 1. Sureties and Bonds

In case the Agency shall so require, any officer, employee or agent of the Agency shall execute to the Agency a bond in such sum and with such surety or sureties as the Agency may direct, conditioned upon the faithful performance of his or her duties to the Agency and including responsibility for negligence and for the accounting for all property, funds or securities of the Agency which may come into the hands of the officer, employee or agent.

#### Section 2. Indemnification

(a) Upon compliance by a Member or Officer of the Agency (including a former Member or Officer, the estate of a Member or Officer or a judicially appointed personal representative thereof) (referred to in this Section 2 collectively as "Member") with the provisions of subdivision (i) of this Section 2, the Agency shall provide for the defense of the Member in any civil action or proceeding, state or federal, arising out of any alleged act or omission which occurred or allegedly occurred while the Member was acting within the scope of the public employment or duties of such Member. This duty to provide for a defense shall not arise where such civil action or proceeding is brought by or at the behest of the Agency.

(b) Subject to the conditions set forth in paragraph (a) of this subdivision, the Member shall be entitled to be represented by private counsel of the Member's choice in any civil action or proceeding whenever the chief legal officer of the Agency or other counsel designated by the

Agency determines that a conflict of interest exists, or whenever a court, upon appropriate motion or otherwise by a special proceeding, determines that a conflict of interest exists and that the Member is entitled to be represented by counsel of the Member's choice, provided, however, that the chief legal officer or other counsel designated by the Agency may require, as a condition to payment of the fees and expenses of such representation, that appropriate groups of such Members be represented by the same counsel. Reasonable attorneys' fees and litigation expenses shall be paid by the Agency to such private counsel from time to time during the pendency of the civil action or proceeding with the approval of a majority of the Members of the Agency eligible to vote thereon.

(c) Any dispute with respect to representation of multiple Members by a single counsel or the amount of litigation expenses or the reasonableness of attorneys' fees shall be resolved by the court upon motion or by way of a special proceeding.

(d) Where the Member delivers process and a written request for a defense to the Agency under subdivision (i) of this Section 2, the Agency shall take the necessary steps on behalf of the Member to avoid entry of a default judgment pending resolution of any question pertaining to the obligation to provide for a defense.

### A. Project and Sponsor Information

#### Brief Description of Proposed Action

The City of Syracuse Joint Schools Construction Board (JCSB) proposes improvements to seven schools within the City of Syracuse School District. The specific schools slated for improvements include Bellevue Elementary, Ed Smith Elementary, Fowler High School, Frazer Elementary, Grant Middle School, Huntington Elementary, and Westside Academy at Blodgett. Detailed project descriptions are as follow:

#### Bellevue Elementary

Bellevue Elementary at 530 Stolp Ave, built in 1975, is a two-story masonry building. The building has 21 instructional classrooms, gymnasium, cafeteria, library, multipurpose rooms, and abandoned pool. The proposed scope of work for this facility focuses on the renovation of building systems and the building reconfiguration to eliminate the “open floor plan” classroom style. Exterior upgrades will be required to provide natural light and ventilation for the classrooms as several spaces do not have windows. Renovation to this building will be similar to the renovation to Dr. Weeks in the JCSB Phase 1. This project will seek to achieve LEED silver certification. This building will have all students and faculty relocated during the renovation.

#### Proposed Work Highlights:

- Building will be unoccupied during construction.
- Renovate all classrooms to meet current standards and eliminating the “open floor plan” classroom by providing new walls.
- Advanced mechanical, electrical, plumbing and security systems.
- Meet natural light and egress requirements for lower level classrooms.
- Creation of a Multipurpose and Instructional Support space.
- Advanced technology systems in classrooms and instructional spaces.
- LEED Silver.

#### Ed Smith

Ed Smith Elementary School at Lancaster Ave and Broad St., built in 1918 with multiple additions, is a two-floor brick building. The building has 39 instructional classrooms, gymnasium, cafeteria, and library. The exterior windows will be replaced. The building requires bathroom renovations and accessibility improvements. The mechanical, electrical and plumbing systems will be upgraded. As part of the upgrades the building will be abated for asbestos. The existing gymnasium is undersized for the school, it is part of the plan to provide a new multipurpose room. The addition would be required to achieve LEED silver. This building will have all students and faculty relocated during the renovation.

#### Proposed Work Highlights:

- Building will be unoccupied during construction.
- New windows.
- Advanced security systems.
- Bathroom renovations.
- Accessibility improvements.

## FEAF Part 1 – Additional Information (cont.)

- Potential Multipurpose room addition. Addition would be LEED Silver.
- Asbestos abatement.
- Advanced mechanical, electrical, plumbing and technology systems.
- New Middle School Career and Technology Education (CTE) spaces such as Project Lead the Way.

### Fowler High School

Fowler High School at 227 Magnolia Street, has recently undergone an extensive renovation and addition. The scope of work will primarily be exterior site work. New athletic fields, track and stadium will be completed with this phase. The existing auditorium, pool, and locker rooms will be renovated within the existing building. The majority of the building's roof will be replaced with a new built-up roof. This building will be occupied by students and faculty during renovations. Create a phasing plan to allow the school to function during construction.

#### Proposed Work Highlights:

- Occupied building.
- Auditorium renovations.
- Pool renovations.
- New roof.
- Locker room renovations.
- New stadium with track,
- New athletic fields.
- Site improvements.

### Frazer Elementary School

Frazer Elementary School at 741 Park Ave, built in 1929, is a three-story masonry building. The scope of work required at this building is primarily exterior work. Some masonry is failing. In addition, exterior accessibility and parking at the building are a challenge. The building requires site improvements and masonry repairs. Minor interior renovations are required primarily focusing on security improvements. Window replacement is desired based on available construction dollars. This building will be occupied by students and faculty during renovations. Create a phasing plan to allow the school to function during construction.

#### Proposed Work Highlights:

- Occupied building.
- Masonry repairs.
- Site improvements (walkway, stair and pavement).
- Advanced security systems.
- Window replacement.

## FEAF Part 1 – Additional Information (cont.)

### Grant Middle School

Grant is located at 2400 Grant Blvd, built in 1931, is a three-story masonry and stone building. The stone and brick are failing and replacement or repair are the primary focus of the renovation. A large portion of this building's limestone façade has deteriorated to the point of needing to be replaced. Included is roof and window replacement. The interior work to be completed will be bathroom accessibility renovations and security improvements. This building will be occupied by students and faculty during renovations. Create a phasing plan to allow the school to function during construction.

#### Proposed Work Highlights:

- Occupied building.
- Roof replacement.
- Window replacement in courtyard area of building.
- Masonry repair.
- Stone façade replacement/repair.
- Bathroom renovations.
- Accessibility improvements.
- Advanced security systems.

### Huntington Elementary School

Huntington is located at 400 Sunnycrest Road, built in 1930, is a two-story masonry building. The exterior building work will include roof, window and minor exterior improvements. The existing bus drop off at the rear of the building is inadequate and a new solution is sought. Within the building the existing bathrooms will be renovated and new security upgrades are needed. The existing pool area will be renovated including a new heating system. This building will be occupied by students and faculty during renovations. Create a phasing plan to allow the school to function during construction.

#### Proposed Work Highlights:

- Occupied building.
- Site circulation for bus drop off and pick up.
- Roof replacement.
- Window replacement.
- Exterior upgrades.
- Pool renovations.
- Bathroom renovations.
- Advanced security systems.
- Accessibility improvements.

### Westside Academy at Blodgett

Westside Academy at Blodgett at 312 Oswego St, built in 1915, is a four-story brick building with ornamental masonry and stone accents. The building has 41 instructional classrooms, health center, gymnasium, cafeteria, library and auditorium. The building requires extensive masonry façade repair and replacement, new roofing system, window replacement, electrical service upgrade. Interior renovations are focusing on bathroom accessible upgrades and security improvements.

## **FEAF Part 1 – Additional Information (cont.)**

This building will be occupied by students and faculty during renovations. Create a phasing plan to allow the school to function during construction.

### **Proposed Work Highlights:**

- Occupied building.
- Roof replacement.
- Replacement of exterior windows and doors.
- Masonry repairs.
- Site work.
- Electrical service upgrades.
- Partial interior renovation work including bathrooms and advanced security systems.
- Accessibility improvements.

### **B. Government Approvals**

#### **i. Coastal Resources**

The NYSDEC EAF Mapper Application indicates that none of the projects sites are located within a coastal area, are not within waterfront areas of a Designated Inland Waterway, and are not located within a community with an approved Local Waterfront Revitalization Program. Based on a review of the NYSDEC website, there are 44 NYSDEC regulated Coastal Erosion Hazard Area (CEHA) communities in New York State; the City of Syracuse is not a CEHA community.

### **C. Planning and Zoning**

#### **C.2 Adopted land use plans**

##### **a. Comprehensive land use plans**

The City of Syracuse's comprehensive land use plan includes a Guiding Policy to offer an exceptional quality-of-life through, among other things, improving schools.

#### **C.3. Zoning**

##### **a. Zoning Classification**

##### **Zoning Classifications for each school:**

- Bellevue – RAA – Residential District, Class AA
- Ed Smith Elementary – RA-1 – Residential District, Class A-1
- Fowler High School – IA – Industrial District, Class A
- Frazer Elementary School – A – Residential District, Class A
- Grant Middle School – RB-1 & RA – Residential District, Class B-1 & Class A
- Huntington Elementary School – RA-1 – Residential District, Class A-1
- Westside Academy at Blodgett – RB – Residential District, Class B

## **FEAF Part 1 – Additional Information (cont.)**

### **D. Project Details**

#### **D.2 Project Operations**

##### **k. Energy**

In general, annual electricity demand as a result of the project is expected to be the same or below current demand as the proposed building/infrastructure improvements (i.e., new lighting, windows, HVAC) would likely be more energy efficient. These reductions would likely offset the small increase in energy demand expected because of new construction or building addition/expansion.

##### **j. Traffic**

The proposed projects will not result in an increase to existing traffic levels or generate new demand for transportation facilities or services. The athletic field improvements at Fowler are replacements of former facilities located at the school. The remaining portion of construction at Fowler, as well as construction at the other 6 schools, is intended to improve each campus and the student experience. The projects do not involve expansion activities with a purpose of increasing the number of students/teachers at each facility.

### **E. Site and Setting of Proposed Action**

#### **E.1. Land uses on and surrounding the project site**

##### **g. Hazardous Wastes**

LaBella Associates, DPC conducted a Pre-Construction Subsurface Characterization of the Fowler High School project site. Specifically, the work included 56 soil borings, six temporary overburden groundwater monitoring wells and ground penetrating radar survey (at 3 suspect locations) conducted between April 27, 2017 and May 4, 2017. Preliminary results found elevated levels of various hazardous materials within the soil and groundwater at multiple locations throughout the site. In addition, the ground penetrating radar survey displayed five anomalies that may be indicative of underground storage tanks. Preliminary recommendations include additional testing and investigation of several areas of the site, development of a Soil and Groundwater Management Plan to guide the management of soil/fill material and water at the site which would include characterization of excavated materials and, if necessary, disposal of spoils at an approved Part 360 Landfill as non-hazardous waste, and appropriate dewatering practices.

Environmental monitoring during construction will include additional testing and a final report will be compiled. Recommendations will be adhered to in order to protect the human health of workers and users of the site.

##### **h. iv. Potential Contamination History**

The NYSDEC EAF Mapper Application indicates there are three state superfund program remediation sites and one Brownfield Cleanup Program site identified within 2,000 feet of the project site.

## **FEAF Part 1 – Additional Information (cont.)**

**Midler City Industrial Park (Brownfield Cleanup Program, Site Code: C734103)** located on Midler Ave. in the City of Syracuse. Based on information on the NYSDEC website, all buildings have been demolished with partial slabs removed. Surrounding property use is commercial/industrial and served by public water and sewer. Since about 1889, the site's primary activity was the manufacture of a variety of items including boilers, radiators, lead pipe, automatic laundry and dry cleaning equipment, and pressing machines. A Brownfield Cleanup Agreement has been signed by the applicant and remedial investigation field work has been completed. An IRM of limited excavation and in-situ thermal desorption (ISTD) was conducted at the site from November 2006 through September 2007. The remedy for the site is Monitored Natural Attenuation.

The NYSDEC online Environmental Site Remediation Database indicates that the primary contaminants of concern at the site include tetrachloroethene (PCE), trichloroethene (TCE) and breakdown products of these constituents. Investigations indicated groundwater, subsurface soil and sump sediment contamination associated with past manufacturing practices. An offsite soil vapor survey was conducted by the DEC in May 2007. Based on the results, no further action was deemed necessary by DOH. The remedy has been implemented, and Site Management has begun. The Department does not foresee any unacceptable impacts to the environment from the site provided the Site Management Plan (SMP) continues to be implemented. Based on the remedial action, the site no longer poses a significant environmental threat. Groundwater data analysis provided in The First Annual Site Monitoring Report indicates that chlorinated volatile organic contaminants (CVOCs) continue to decrease and that Monitored Natural Attenuation (MNA) continues to be an effective remedial technology.

With regard to site health assessment, NYSDEC noted subsurface soil and groundwater are contaminated with chlorinated solvents. Because groundwater is not consumed (public water serves the area) and contaminants remaining in sites soils after remediation are subsurface, exposures are not expected. On-site buildings have active sub-slab depressurization systems to prevent exposures via soil vapor intrusion. Soil vapor points installed during the investigation did not indicate that contaminated vapors are migrating from the site.

**Syracuse Fire Training School (State Superfund Program, Site Code: 734039)** located on State Fair Boulevard in the City of Syracuse. Based on information on the NYSDEC website, this is an active Fire Training Facility located at 312 State Fair Boulevard between Hiawatha Blvd. West and West Genesee Street in the City of Syracuse, Onondaga County. The property is adjacent to the right-of-way of I690. The Syracuse Fire Training Center is surrounded by residential and commercial areas and is comprised of historic Lot #88 through #94. The ROD was signed on 1/4/93. Deed restrictions have been made and filed with the Onondaga County Clerk. A delisting package was completed. The NYSDEC online Environmental Site Remediation Database indicates that samples taken of the on-site soils revealed contamination by both PCBs and mercury. The remedial construction completed in the summer of 1995, including excavation and off-site disposal of contaminated soils and the construction of an asphalt cap, has addressed the site contamination.

With regard to site health assessment, NYSDEC noted that contaminants have been removed or covered. There are no exposures occurring from this site.

## **FEAF Part 1 – Additional Information (cont.)**

**Old Tip-Top Bakery (State Superfund Program, Site Code: 734042)** located on Shonnard Street in the City of Syracuse. Based on information on the NYSDEC website, Royal Research Labs was a paint stripping firm and manufacturer of plastic automotive parts. The facility was declared unsafe and the building was condemned by the Syracuse Fire Department in the early 1980's. Approximately 50 drums and containers of chemicals were moved from the Royal Research Lab to the Tip-Top Bakery building, which is also located on Shonnard Street. Some of the chemicals have spilled onto the floor of the building. Analytical results of samples taken, reveal that some of the wastes were ignitable and corrosive. In 1991, the DEC initiated a final drum removal. The drum removal was completed by November of 1991. A thorough follow-up investigation with sampling was conducted by the City of Syracuse during the spring of 1992. Sampling analysis revealed no residual contamination from the hazardous waste. The NYSDEC online Environmental Site Remediation Database indicates that all remaining drums & containers that were stored in this building were removed by November of 1992. The City of Syracuse's follow-up investigation revealed no residual contamination resulting from the drums.

With regard to site health assessment, NYSDEC noted that the site is in an area which is served by public water. NYSDOH has observed evidence of site trespass during a past site investigation. The site was delisted in December 1992 and there are no known outstanding health concerns associated with exposure to site contaminants.

**Rockwell Plant Site (State Superfund Program, Site Code: 734022)** located on Marcellus Street in the City of Syracuse. Based on information on the NYSDEC website, the former Rockwell Plant site is no longer in business. Several electrical transformers were dismantled in order to salvage the copper in them. During the dismantling an estimated 100 gallons of transformer oil containing PCBs spilled. The PCB oil spilled on the soil and sample analysis showed levels up to 510 ppm of Aroclor 1260 in one sample. DOT/DEC conducted a clean-up of the PCB spill. The abandoned site was secured & signs were been posted for public awareness. Waste fuels were suspected to have been burned on site. A Phase I study was completed. A PRP Phase II Investigation was completed in 1987. During the PCB oil spill clean-up a number of other areas of concern were revealed. Among the concerns were buried tanks, extensive areas of contaminated soil and waste oil in the collection sumps. In 1988, eleven buried tanks and 300 cubic yards of contaminated soil were removed from the site. During this removal, spent petroleum by-products were also discovered. This site has had hazardous waste removed. Hazardous waste removal was completed in the Spring of 1990.

The NYSDEC online Environmental Site Remediation Database indicates that the site has been remediated, there is no indication of groundwater contamination, and remedial efforts have eliminated contaminants. This site has been delisted.

#### g. Unique geologic features

The NYSDEC EAF Mapper Application indicates that there are no unique geologic features on the project sites.

#### i. Floodway

The NYSDEC EAF Mapper Application indicates that the project sites are not located within a designated floodway.

## FEAF Part 1 – Additional Information (cont.)

### j. 100-Year Floodplain

The Federal Emergency Management Agency floodplain maps were reviewed at each project location. According to FEMA for Onondaga County, New York panel 217 of 520, Map Number 36067C0216F dated November 2016, a portion of the project at Fowler High School is located in a 100-year and 500-year floodplain. None of the other school projects occur within a floodplain area.

### l. Aquifer

The NYSDEC EAF Mapper Application indicates that no aquifers are located within the boundary of the project locations.

### n. Significant Natural Community

The NYSDEC EAF Mapper Application indicates that there are no significant natural community features on the project sites.

### o. Rare, Threatened, and Endangered Species

C&S conducted a project screening utilizing the New York State Department of Environmental Conservation (NYSDEC) Environmental Mapper to identify the potential of any significant habitats, endangered, threatened, or rare species, or species of special concern within or near the project areas. Based on the NYSDEC Environmental Mapper results, there is the potential for rare plants and animals to be located within several of the project locations (see attached Figure 1). Specifically, rare plants or animals are noted at Ed Smith Elementary and Huntington Elementary. No known records of rare plants or animals occur at the remaining schools, and given the previously disturbed nature of these sites, no impacts to listed species will occur.

In order to evaluate the potential for the projects at Ed Smith Elementary School, a data request to the New York Natural Heritage Program (NYNHP) was submitted regarding records of rare species in the vicinity of the school.

In a letter dated December 19, 2016, the NYNHP indicated records for the Indiana bat (*Myotis sodalis*), northern long-eared bat (*Myotis septentrionalis*), reflexed sedge (*Carex retroflexa*), and glomerate sedge (*Carex aggregata*) occur within the vicinity of the school.

## E.3. Designated Public Resources On or Near Project Site

### a. Agricultural Districts

The NYSDEC EAF Mapper Application indicates that the project sites are not located within agricultural districts.

## **FEAF Part 1 – Additional Information (cont.)**

### **c. National Natural Landmark**

The NYSDEC EAF Mapper Application indicates that there are no national natural landmark features on the project sites.

### **d. Critical Environmental Area**

The NYSDEC EAF Mapper Application indicates that the project sites are not located within designated critical environmental areas.

### **e. State or National Register of Historic Places**

The NYSDEC EAF Mapper Application indicates that there are two historic sites and/or districts (Huntley Apartments & Berkeley Park Subdivision Historic District) located near two of the project sites (Bellevue, Ed Smith). Based on familiarity with the Huntley Apartments, the Bellevue School is not substantially contiguous to this site.

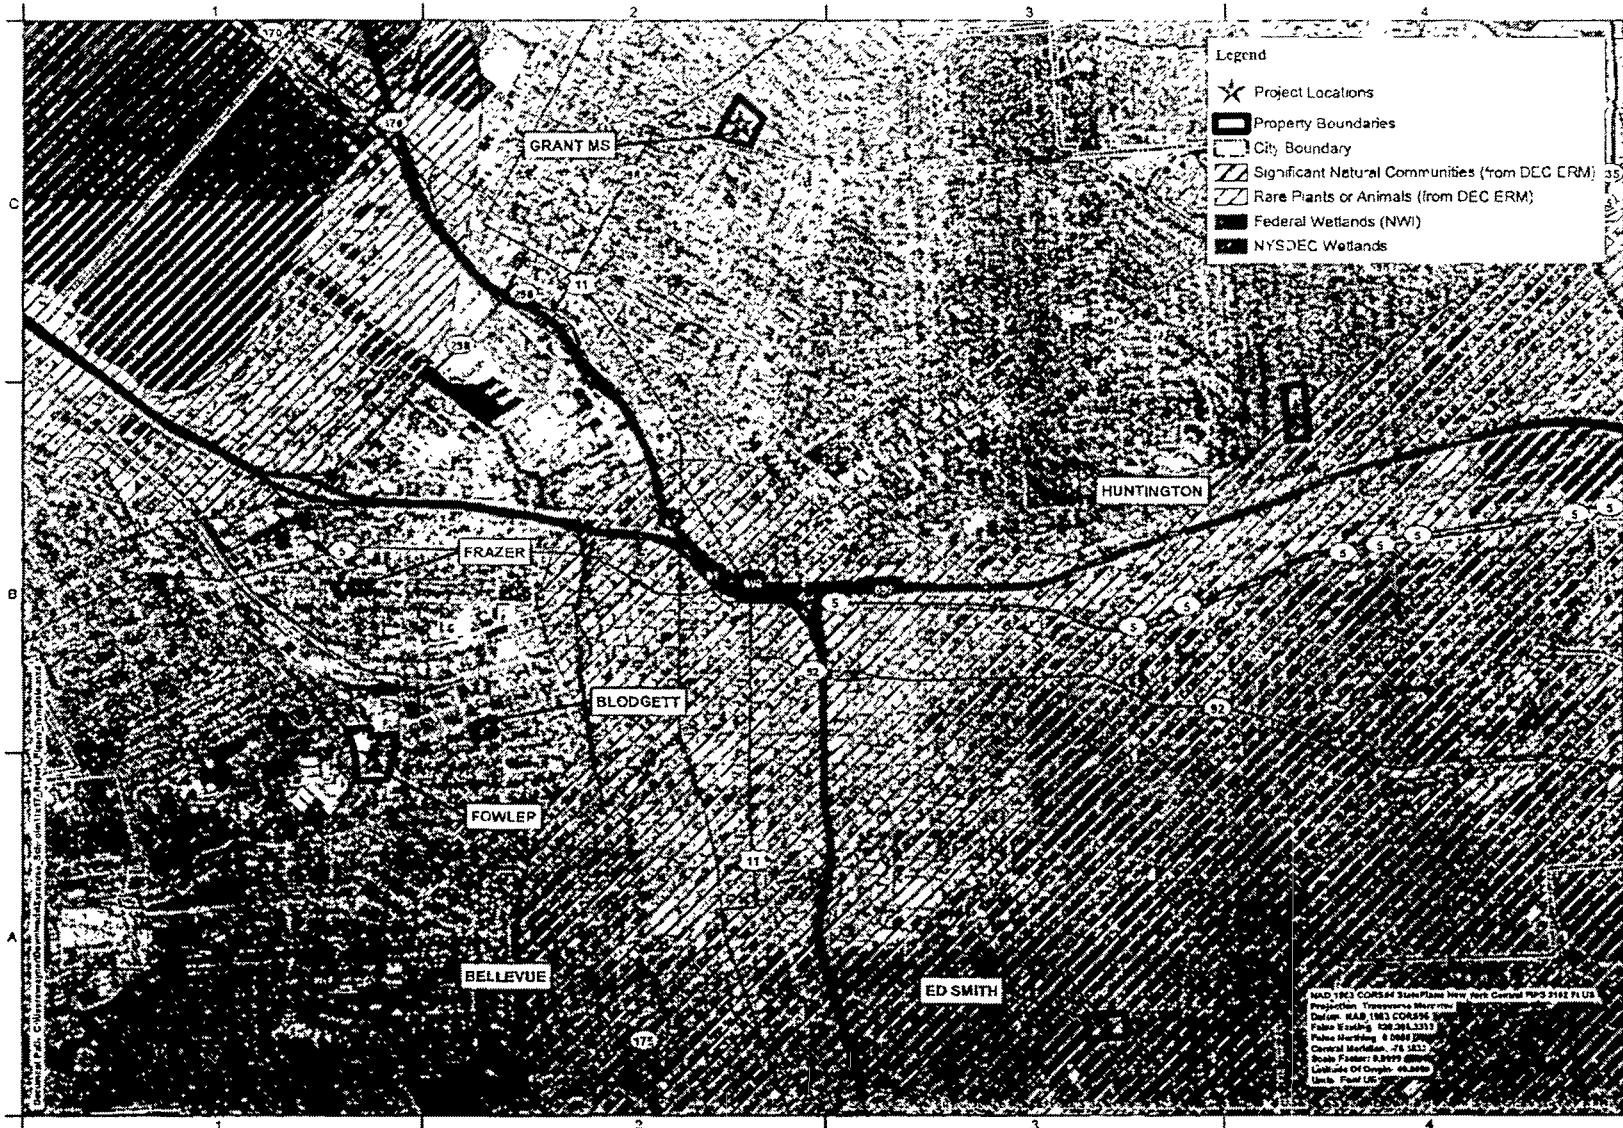

### **f. SHPO Archeological Site Inventory**

The NYSDEC EAF Mapper Application indicates that three of the project sites (Fowler, Frazer, & Huntington) are located in, or adjacent to, an area designated as sensitive for archaeological sites on the SHPO archaeological site inventory.

### **i. Wild, Scenic Recreational River**

The NYSDEC EAF Mapper Application indicates that the project sites are not located within designated river corridors under the Wild, Scenic and Recreational Rivers Program.

Re: Syracuse Joint School Construction Board – Fowler High School Improvements

Dear Kailee Van Brunt:

In response to your recent request, we have reviewed the New York Natural Heritage Program database with respect to the above project.

We have no records of rare or state-listed animals or plants, or significant natural communities at your site or in its immediate vicinity.

The absence of data does not necessarily mean that rare or state-listed species, significant natural communities, or other significant habitats do not exist on or adjacent to the proposed site. Rather, our files currently do not contain information that indicates their presence. For most sites, comprehensive field surveys have not been conducted. We cannot provide a definitive statement on the presence or absence of all rare or state-listed species or significant natural communities. Depending on the nature of the project and the conditions at the project site, further information from on-site surveys or other resources may be required to fully assess impacts on biological resources.

This response applies only to known occurrences of rare or state-listed animals and plants, significant natural communities, and other significant habitats maintained in the Natural Heritage database. Your project may require additional review or permits; for information regarding other permits that may be required under state law for regulated areas or activities (e.g., regulated wetlands), please contact the appropriate NYS DEC Regional Office, Division of Environmental Permits, as listed at [www.dec.ny.gov/about/39381.html](http://www.dec.ny.gov/about/39381.html).

Sincerely,

Re: Syracuse Joint School Construction Board – Edward Smith Elementary School Improvements  
Town/City: City of Syracuse County: Onondaga

Dear Kailee Neuner:

In response to your recent request, we have reviewed the New York Natural Heritage Program database with respect to the above project.

Enclosed is a report of rare or state-listed animals and plants, and significant natural communities that our database indicates occur, or may occur, in the immediate vicinity of your site.

For most sites, comprehensive field surveys have not been conducted; the enclosed report only includes records from our database. We cannot provide a definitive statement as to the presence or absence of all rare or state-listed species or significant natural communities. Depending on the nature of the project and the conditions at the project site, further information from on-site surveys or other sources may be required to fully assess impacts on biological resources.

Our database is continually growing as records are added and updated. If this proposed project is still under development one year from now, we recommend that you contact us again so that we may update this response with the most current information.

The presence of the plants and animals identified in the enclosed report may result in this project requiring additional review or permit conditions. For further guidance, and for information regarding other permits that may be required under state law for regulated areas or activities (e.g., regulated wetlands), please contact the appropriate NYS DEC Regional Office, Division of Environmental Permits, as listed at [www.dec.ny.gov/about/39381.html](http://www.dec.ny.gov/about/39381.html).

Sincerely,

Depending on the nature of the project and the conditions at the project site, further information from on-site surveys or other sources may be required to fully assess impacts on biological resources.

If any rare plants or animals are documented during site visits, we request that information on the observations be provided to the New York Natural Heritage Program so that we may update our database.

Information about many of the listed animals in New York, including habitat, biology, identification, conservation, and management, are available online in Natural Heritage's Conservation Guides at [www.guides.nynhp.org](http://www.guides.nynhp.org), and from NYSDEC at [www.dec.ny.gov/animals/7494.html](http://www.dec.ny.gov/animals/7494.html).

**The following rare plants, rare animals, and significant natural communities have been documented in the vicinity of your project site.**

We recommend that potential onsite and offsite impacts of the proposed project on these species or communities be addressed as part of any environmental assessment or review conducted as part of the planning, permitting and approval process, such as reviews conducted under SEQR. Field surveys of the project site may be necessary to determine the status of a species at the site, particularly for sites that are currently undeveloped and may still contain suitable habitat. Final requirements of the project to avoid, minimize, or mitigate potential impacts are determined by the lead permitting agency or the government body approving the project.

The following plants are listed as Endangered or Threatened by New York State, and/or are considered rare by the New York Natural Heritage Program, and so are a vulnerable natural resource of conservation concern.

Dear Mr. Bednarski:

Thank you for requesting the comments of the New York State Historic Preservation Office (SHPO). We have reviewed the provided documentation in accordance with Section 106 of the National Historic Preservation Act of 1966. These comments are those of SHPO and relate only to Historic/Cultural resources. They do not include other environmental impacts to New York State Parkland that may be involved in or near your project. Such impacts must be considered as part of the environmental review of the project pursuant to the National Environmental Quality Review Act (New York Environmental Conservation Law Article 8).

We note Frazer School is eligible for listing in the State and National Registers of Historic Places. Based upon this review, it is the OPRHP's opinion that this project will have No Adverse Impact on historic resources provided the following conditions are met:

1. Masonry cleaning provisions shall be met as specified in the National Park Service's Preservation Brief #1, *Cleaning and Water-Repellent Treatments for Historic Masonry Buildings*, <http://www.nps.gov/tps/how-to-preserve/briefs/1-cleaning-water-repellent.htm>.
2. New mortar shall match the historic mortar in all qualities including type, strength, color, texture, and tooling. For more information about this, see the National Park Service's Preservation Brief #2, *Repointing Mortar Joints in Historic Masonry Buildings*, <http://www.nps.gov/tps/how-to-preserve/briefs/2-repoint-mortar-joints.htm>.
3. Window Replacement Methodology: please submit shop drawings for all typical window types to be replaced for review and approval prior to ordering replacement windows as defined.

If there are substantive changes or unexpected discoveries, consultation with our office should resume. I can be reached at (518) 268-2170 if you have any questions.

Dear Mrs. Van Brunt:

Thank you for requesting the comments of the Office of Parks, Recreation and Historic Preservation (OPRHP). We have reviewed the project in accordance with the New York State Historic Preservation Act of 1980 (Section 14.09 of the New York Parks, Recreation and Historic Preservation Law). These comments are those of the OPRHP and relate only to Historic/Cultural resources. They do not include potential environmental impacts to New York State Parkland that may be involved in or near your project. Such impacts must be considered as part of the environmental review of the project pursuant to the State Environmental Quality Review Act (New York Environmental Conservation Law Article 8) and its implementing regulations (6 NYCRR Part 617).

Based upon this review, it is the New York State Office of Parks, Recreation and Historic Preservation's opinion that your project will have no impact on archaeological and/or historic resources listed in or eligible for the New York State and National Registers of Historic Places.

If further correspondence is required regarding this project, please be sure to refer to the OPRHP Project Review (PR) number noted above.

Sincerely,

Ruth L. Pierpont

**Full Environmental Assessment Form**  
**Part 2 - Identification of Potential Project Impacts**

Agency Use Only [If applicable]

Project:   
 Date:

**Part 2 is to be completed by the lead agency.** Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

**Tips for completing Part 2:**

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

**Part 3 - Evaluation of the Magnitude and Importance of Project Impacts**  
**and**  
**Determination of Significance**

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

**Reasons Supporting This Determination:**

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

Upon review of the information recorded on this EAF, as noted, plus this additional support information application and related project materials

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the City of Syracuse Industrial Development Agency \_\_\_\_\_ as lead agency that:

A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.d).

C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. # Negative Declaration Exhibit A

## Criteria for Determining Significance

As proposed, the reasonably anticipated environmental effects of the aforementioned Syracuse Joint School Construction Board Project will not be significant. This conclusion results from the thorough evaluation of the Project's attributes and their environmental effects against the criteria provided in NYSDEC regulations at 6 NYCRR §617 et. seq. A summary of this evaluation follows.

### Determination of Environmental Significance

To determine whether the Project may have a significant effect on the environment, the impacts that may be reasonably expected to result from the proposed Project must be compared to criteria specified in NYSDEC regulations. (6 NYCRR §617.7). These criteria are considered indicators of significant effects on the environment.

### Criterion 1

**A substantial adverse change in existing a) air quality; b) ground or surface water quality or quantity; c) traffic levels; d) noise levels; e) a substantial increase in solid waste production; f) a substantial increase in potential for erosion, flooding, leaching or drainage problems.**

#### a) Air quality

The Project involves both interior and exterior work at seven (7) schools within the City. Much of the work to be undertaken will consist of the repair, maintenance, replacement, renovation and/or reconstruction of existing improvements (*i.e.*, classrooms, sidewalks, windows, bathrooms, locker rooms, roofs, pools, and related site improvements), including mechanical, electrical, plumbing, and security systems. Other aspects of the Project will involve entirely new construction (*i.e.*, Fowler athletic complex, Ed Smith gymnasium addition) (together, the "Work"). Recognizing that each of the buildings (with the exception of Bellevue and Ed Smith) will be occupied for the duration of the Project, specific measures will be taken by JSCB and its contractor(s) to ensure that air quality will remain satisfactory for building occupants and that any changes to air quality will be minor and temporary in nature. Should any potentially hazardous materials be identified on-site, such as lead-based materials, they will be removed from each building prior to the performance of the Work and disposed of in accordance with all local, state and federal laws, thereby reducing the potential for such materials to become airborne and migrate off-site. Further, JSCB and its contractor(s) will take all necessary measures to mitigate any short-term demolition and construction-related impacts (*e.g.*, using

proper ventilation equipment, limiting the use of dumpsters and dump trucks for construction debris, watering construction debris to reduce dust and prevent airborne migration, etc.).

b) Ground or surface water quality or quantity

The Project is located in an urban area and the Work is primarily focused on the replacement, renovation, and reconstruction of existing improvements. No ground or surface water features are in close proximity to the school buildings. Appropriate measures will be taken during renovation and reconstruction activities to ensure that debris from the Project remains on-site and is disposed of in accordance with established regulations. As such, the Project is not expected to result in an adverse change in ground or surface water quality or quantity.

c) Traffic levels

The Project will not result in a significant change in traffic levels or generate a new demand for transportation facilities or services. The Project is intended to improve and update each school campus to enhance the student experience. The proposed athletic fields at Fowler will serve as a replacement for fields that previously existed but were removed to accommodate building upgrades that were performed several years ago. The Ed Smith gymnasium expansion is needed to accommodate the school's existing student population. The Project does not involve expansion activities designed for the purpose of increasing enrollment at each school. As a result, traffic levels will be largely unchanged (aside from short term, minor increases associated with construction traffic).

d) Noise levels

The Project may involve the potential for minor, temporary changes in noise quality due to typical construction-related activities. However, any such impacts to noise quality will be mitigated to the extent possible by using appropriate mufflers on heavy equipment and restricting demolition and construction hours (e.g., 7:00 a.m. to 5:00 p.m. from Monday through Friday). Accordingly, the Agency determines that any noise-related impacts associated with the Project will be insignificant.

e) Substantial increase in solid waste production

The Project will result in the generation of solid waste, both in the short-term during construction and once the Project is completed (i.e., general refuse consistent with educational and concession facilities). Such waste will be disposed of by JSCB's licensed contractor(s) at an existing solid waste facility in accordance with applicable laws and regulations. As such, the Agency does not anticipate any adverse impacts associated with solid waste production.

f) Substantial increase in potential for erosion, flooding, leaching or drainage problems

The Project is located in an urban area on properties that have been previously improved. The exterior site improvement work to be performed will largely be minor in nature and will not result in any adverse impacts associated with erosion, flooding, leaching or drainage. The proposed athletic fields at Fowler and the Ed Smith gymnasium expansion will involve ground disturbance and grading activities. In particular, Fowler will require the excavation of approximately 43,000 cubic yards of soil that is not suitable for the structures proposed in connection with the athletic fields., as well as the preparation of a Stormwater Pollution Prevention Plan (“SWPPP”). JSCB’s contractor(s) will implement appropriate erosion control measures (e.g., silt fence, hay bales, seeding, etc.), as necessary, during construction to ensure that properties adjacent to the Ed Smith and Fowler campuses will not be adversely impacted by construction activities. As such, the Project is not expected to result in an increase in the potential for erosion, flooding, leaching, or drainage problems.

## **Criterion 2**

**The removal or destruction of large quantities of vegetation or fauna; substantial interference with the movement of any resident or migratory fish or wildlife species; impacts on a significant habitat area; substantial adverse effects on a threatened or endangered species of animal or plant, or the habitat of such a species; or other significant adverse effects to natural resources.**

The Project will be limited largely to the renovation and reconstruction of existing site improvements at the various school campuses. While the NYSDEC’s Environmental Resource Mapper identified the potential for rare plants or animals to be located within the Ed Smith and Huntington campuses, no known records of the existence of any such resources exist for the remaining schools. Given that those remaining school sites are previously disturbed, no impacts to any of the resources listed above will occur. With respect to Ed Smith and Huntington, the habitat at each campus does not appear to be suitable for rare or threatened species of plants or animals. To confirm whether records of any such species exist at those schools, JSCB’s consultant submitted a data request to the New York National Heritage Program (“NYNHP”) that resulted in a letter from NYNHP dated December 19, 2016 which indicated the existence of records for certain bat and sedge species occurring within the vicinity of Ed Smith school. A similar letter has not yet been received for Huntington. Specific measures will be taken in the field to ensure that any such species will be protected from harm if identified prior to the Work being performed.

## **Criterion 3**

**The encouraging or attracting of a large number of people to a place or places for more than a few days, compared to the number of people who would come to such place absent the action.**

The Project will attract construction workers to the various school campuses throughout the construction process, but the Project will not, and is not intended to, attract people to each

campus. The Project does not involve expansion activities designed for the purpose of increasing enrollment at each school., and the Project will not increase the City's population.

#### **Criterion 4**

**The creation of a material conflict with a community's current plans or goals as officially approved or adopted.**

The Project is consistent with the Agency's goal of effectuating financial assistance for specific projects located within the City of Syracuse, as well as the desire of the City and SCSD to upgrade and revitalize its existing school campuses to improve the student experience.

#### **Criterion 5**

**The impairment of the character or quality of important historical, archaeological, architectural or aesthetic resources or of existing community or neighborhood character.**

The NYSDEC's Environmental Resource Mapper indicates that Fowler, Frazier, and Huntington are located in or adjacent to an area designated as sensitive for archaeological sites. In addition, Ed Smith is located near the Berkeley Park Subdivision Historic District. The remaining schools are not located in or substantially contiguous to any historic or archaeological resources, and there are no known aesthetic resources within any of the Project areas. JSCB consulted with the New York State Office for Historic Preservation ("SHPO") regarding the four schools above and received correspondence from SHPO in 2016 and 2017 indicating that the improvements proposed for each site will have no adverse impact on historic or archaeological resources.

In addition, the Project will improve the condition, appearance and functionality of the schools and will therefore not impair the quality or character of the surrounding neighborhoods.

#### **Criterion 6**

**A major change in the use of either the quantity or type of energy.**

The Project is not anticipated to result in a major change in the quantity or type of energy used so as to require extraordinary services or actions on the part of energy providers. In fact, the proposed improvements will likely be more energy efficient and will offset any marginal increases in energy demand associated with the proposed new construction and building expansion.

#### **Criterion 7**

**The creation of a hazard to human health.**

The Project will not create any human health hazards. As noted above, the Fowler athletic fields construction will require the excavation of 43,000 cubic yards of soil. Prior testing of the site soils at Fowler identified the presence of various hazardous materials. During construction, the site will be subjected to environmental monitoring that will include additional soil testing and the preparation of a final report concerning such testing and any recommended actions. Excavated soils will be treated and disposed of in accordance with applicable local, state and federal regulations. In addition, all Project demolition and construction materials will be disposed of off-site in accordance with local, state, and federal regulations. JSCB will contract with properly licensed private haulers for the transport and disposal of these materials from the Project areas. Where necessary, hazardous materials or substances will be characterized prior to disposal and proper records (*e.g.*, bill of lading or waste manifests) will be maintained, and JSCB will consult with representatives of the City regarding any such materials to ensure their proper removal and disposal. In addition, JSCB will provide and/or complete, as needed, a pre-demolition asbestos-containing material/lead-based paint survey(s) prior to any renovation or construction activities. JSCB will engage properly licensed contractors to remove any such materials from the Project areas.

### **Criterion 8**

**A substantial change in the use, or intensity of use, of land including agricultural, open space or recreational resources, or in its capacity to support existing uses.**

The Project will not result in a change in the existing use, or intensity of the use, of the school campuses. Further, the Project is consistent with the desire of the City and the SCSD to upgrade its existing school buildings to improve the student experience.

### **Criterion 9**

**The creation of material demand for other actions which would result in one of the above consequences.**

As the Project involves the renovation of existing school campuses (along with the new construction and building expansion at Fowler and Ed Smith, respectively), the Project will not create any demand for other actions (*e.g.*, additional public services) that would result in significant adverse consequences described by the above criteria.

### **Criterion 10**

**Changes in two or more elements of the environment, no one of which has a significant effect on the environment, but when considered together result in a substantial adverse impact on the environment.**

The Project will not effect multiple changes to the environment which, when considered together, would be considered significant.

**Criterion 11**

**Two or more related actions undertaken, funded or approved by an agency, none of which has or would have a significant effect on the environment, but when considered cumulatively would meet one or more of the criteria in this section.**

This criterion deals with the issue of cumulative impacts of multiple actions under SEQRA. No cumulative impacts have been identified and none are expected.

The Series 2018A Bonds and the interest thereon shall constitute a special, limited obligation of the Agency payable solely from the revenues derived or to be derived from

the lease, sale or other disposition of the Facilities and from the enforcement of the security pledged to the payment of the Series 2018A Bonds.

**Section 10.** Any expense incurred by the Agency with respect to the Series 2018A Project and the financing thereof shall be reimbursed out of the proceeds of the Series 2018A Bonds or, in the event such proceeds are insufficient after payment of other costs of the Series 2018A Project, or the Series 2018A Bonds are not issued by the Agency for any reason whatsoever, shall be paid by the JSCB.

**Section 11.** The obligation of the Agency to consummate any transaction contemplated herein or hereby is subject to and conditioned upon the execution and delivery of an Environmental Compliance and Indemnification Agreement in favor of the Agency in form and substance acceptable to the Agency and its counsel by the School District, and satisfaction of all conditions set forth herein.

**Section 12.** Should the Agency's participation in the Series 2018A Project be challenged by any party, in the courts or otherwise, the JSCB shall defend, indemnify and hold harmless the Agency and its members, officers and employees from any and all losses arising from any such challenge including, but not limited to, the fees and disbursement of the Agency's counsel. Such expenses to be paid out of the proceeds of the Series 2018A Bonds include: (a) the cost of the preparation, printing and delivery of a reasonable number of copies of the Project Documents, the Preliminary Official Statement and the Final Official Statement, (b) the cost of the preparation of the Series 2018A Bonds, (c) the fees and disbursements of Bond Counsel and the Trustee, including the fees and disbursements of counsel to the Trustee, (d) the fees and disbursements of any consultants retained by the SCSD, the City or the JSCB, (e) the issuance fee and any administrative fee charged by SIDA, including the fees and disbursements of SIDA's counsel, (f) the Depository Bank's fees and disbursements, (g) the fees for rating the Series 2018A Bonds, (h) the State Bond Issuance Charge fee, and (i) all registration or filing fees and related costs and expenses incurred in connection with the qualification of the Series 2018A Bonds under state security laws and the preparation and printing of a blue sky survey relating to the Series 2018A Bonds. The SCSD and the City shall pay for expenses (included in the expense component of the spread) incurred on behalf of their respective employees which are incidental to implementing this Purchase Contract, including, but not limited to, meals, transportation, lodging, and entertainment of those employees.

The Underwriters' compensation hereunder shall be the Underwriters' discount described in Section 1 hereof. The SCSD and the City agree to reimburse SIDA for all costs actually incurred by it to the extent of the expenses described above in the event that SIDA or the Underwriters terminate their respective obligations pursuant to the terms of this Purchase Contract to deliver and purchase the Series 2018A Bonds under this Purchase Contract.

Section 10. Notices. Any notice or other communication to be given to SIDA or the JSCB under this Purchase Contract may be given by delivering the same in writing at their respective addresses set forth above, and any such notice or other communication to be given to the Representative may be given by delivering the same in writing to Raymond James & Associates, Inc., 535 Madison Avenue - 9th floor, New York, New York 10022, Attention: Kojo Asiedu, Vice President. The approval of the Representative, when required hereunder or

the determination of its satisfaction as to any document referred to herein, shall be evidenced in writing signed by the Representative and delivered to SIDA.

Section 11. Indemnification. (a) The JSCB, on behalf of itself, the SCSD and the City (to the extent permitted by law) agrees to indemnify and hold harmless the Underwriters, the directors, officers, employees and agents of the Underwriters and each person who controls the Underwriters within the meaning of either the Securities Act or the Exchange Act (collectively, the "Underwriters Indemnified Parties") and SIDA, its officials, directors, members, officers, agents or employees (collectively, the "SIDA Indemnified Parties"), against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act, the Exchange Act or other Federal or state statutory law or regulation, at common law or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon any untrue statement or alleged untrue statement of a material fact contained in the Preliminary Official Statement, the Final Official Statement (or in any supplement or amendment thereto), or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and agrees to reimburse each such indemnified party, as incurred, for any reasonable legal or other expenses reasonably incurred by them in connection with investigating or defending any such loss, claim, damage, liability or action; provided, however, that the JSCB will not be liable in any such case to the Underwriters Indemnified Parties to the extent that any such loss, claim, damage or liability arises out of or is based upon any such untrue statement or alleged untrue statement or omission or alleged omission made in the Preliminary Official Statement or the Final Official Statement, or in any amendment thereof or supplement thereto, in reliance upon and in conformity with written information furnished to either the JSCB, the City or the SCSD by or on behalf of the Underwriters through the Representative specifically for inclusion therein. This indemnity agreement will be in addition to any liability which either of the JSCB, the City or the SCSD may otherwise have.

(b) The Underwriters agrees to indemnify and hold harmless SIDA and the JSCB, and each of their respective officials, directors, officers, employees and agents, and each person who controls the JSCB or SIDA within the meaning of either the Securities Act or the Exchange Act, to the same extent as the foregoing indemnity from the JSCB to each of the Underwriters Indemnified Parties and SIDA Indemnified Parties, but only with reference to written information relating to the Underwriters furnished to SIDA and the JSCB by or on behalf of the Underwriters through the Representative specifically for inclusion in the Preliminary Official Statement or the Final Official Statement (or in any amendment or supplement thereto). This indemnity agreement will be in addition to any liability which the Underwriters may otherwise have. SIDA and the JSCB acknowledge that the statements set forth on the cover page regarding the delivery of the Series 2018A Bonds, the legend in block capital letters in the inside cover and the related disclosure concerning stabilization, syndicate covering transactions and penalty bids in the Preliminary Official Statement and the Final Official Statement, constitute the only information furnished in writing by or on behalf of the Underwriters for inclusion in the Preliminary Official Statement or the Final Official Statement (or in any amendment or supplement thereto).

(c) Promptly after receipt by an indemnified party under this Section 11 of notice of the commencement of any action, such indemnified party will, if a claim in respect thereof is to be made against the indemnifying party under this Section 11, notify the indemnifying party in writing of the commencement thereof; but the failure so to notify the indemnifying party (i) will not relieve it from liability under paragraph (a) or (b) above unless and to the extent it did not otherwise learn of such action and such failure results in the forfeiture by the indemnifying party of substantial rights and defenses; and (ii) will not, in any event, relieve the indemnifying party from any obligations to any indemnified party other than the indemnification obligation provided in paragraph (a) or (b) above. The indemnifying party shall be entitled to appoint counsel of the indemnifying party's choice at the indemnifying party's expense to represent the indemnified party in any action for which indemnification is sought (in which case the indemnifying party shall not thereafter be responsible for the fees and expenses of any separate counsel retained by the indemnified party or parties except as set forth below); provided, however, that such counsel shall be satisfactory to the indemnified party. Notwithstanding the indemnifying party's election to appoint counsel to represent the indemnified party in an action, the indemnified party shall have the right to employ separate counsel (including local counsel), and the indemnifying party shall bear the reasonable fees, costs and expenses of such separate counsel if (i) the use of counsel chosen by the indemnifying party to represent the indemnified party would present such counsel with a conflict of interest; (ii) the actual or potential defendants in, or targets of, any such action include both the indemnified party and the indemnifying party and the indemnified party shall have reasonably concluded that there may be legal defenses available to it and/or other indemnified parties which are different from or additional to those available to the indemnifying party; (iii) the indemnifying party shall not have employed counsel satisfactory to the indemnified party to represent the indemnified party within a reasonable time after notice of the institution of such action; or (iv) the indemnifying party shall authorize the indemnified party to employ separate counsel at the expense of the indemnifying party. An indemnifying party will not, without the prior written consent of the indemnified parties, settle or compromise or consent to the entry of any judgment with respect to any pending or threatened claim, action, suit or proceeding in respect of which indemnification or contribution may be sought hereunder (whether or not the indemnified parties are actual or potential parties to such claim or action) unless such settlement, compromise or consent includes an unconditional release of each indemnified party from all liability arising out of such claim, action, suit or proceeding.

(d) In the event that the indemnity provided in paragraph (a) or (b) of this Section 11 is unavailable to or insufficient to hold harmless an indemnified party for any reason, the JSCB, on behalf of itself, the SCSD and the City, and the Underwriters agree to contribute to the aggregate losses, claims, damages and liabilities (including legal or other expenses reasonably incurred in connection with investigating or defending same) (collectively "Losses") to which the JSCB and one or more of the Underwriters may be subject in such proportion as is appropriate to reflect the relative benefits received by the JSCB, the SCSD and/or the School SCSD on the one hand and by the Underwriters on the other from the offering of the Series 2018A Bonds. If the allocation provided by the immediately preceding sentence is unavailable for any reason, the JSCB, on behalf of itself, the SCSD and the City and the Underwriters shall contribute in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the JSCB, with respect to itself, the SCSD and/or the City, on the one hand and of the

Underwriters on the other in connection with the statements or omissions which resulted in such Losses, as well as any other relevant equitable considerations. In no case shall the Underwriters be responsible for any amount in excess of the purchase discount or commission applicable to the Series 2018A Bonds purchased by such Underwriters hereunder. Benefits received by the JSCB, with respect to itself, the SCSD and/or the City, shall be deemed to be equal to the total net proceeds from the offering (before deducting expenses) received by it, and benefits received by the Underwriters shall be deemed to be equal to the total purchase discounts and commissions in each case set forth in the Final Official Statement under the heading, "UNDERWRITING." Relative fault shall be determined by reference to, among other things, whether any untrue or any alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information provided by the JSCB, the SCSD and/or the City on the one hand or the Underwriters on the other, the intent of the parties and their relative knowledge, information and opportunity to correct or prevent such untrue statement or omission. The JSCB and the Underwriters agree that it would not be just and equitable if contribution were determined by pro rata allocation or any other method of allocation which does not take account of the equitable considerations referred to above. Notwithstanding the provisions of this paragraph (d), no person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. For purposes of this Section 11, each person who controls an Underwriters within the meaning of either the Securities Act or the Exchange Act and each director, officer, employee and agent of an Underwriters shall have the same rights to contribution as such Underwriters, and each person who controls the JSCB within the meaning of either the Securities Act or the Exchange Act and each official, director, officer and employee of the JSCB shall have the same rights to contribution as the JSCB, the SC SD and/or the City, subject in each case to the applicable terms and conditions of this paragraph (d).

Section 12. Benefit. This Purchase Contract is made solely for the benefit of SIDA, the Underwriters, the SCSD and the City (including the successors or assigns thereof) and no other person, partnership, association, or corporation shall acquire or have any right hereunder or by virtue hereof. All representations and agreements by SIDA, the JSCB and the Underwriters in this Purchase Contract shall remain operative and in full force and effect except as otherwise provided herein, regardless of any investigation made by or on behalf of the Underwriters and shall survive the delivery of and payment for the Series 2018A Bonds.

Section 13. Counterparts. This Purchase Contract may be executed in multiple counterparts each of which shall be regarded for all purposes as an original and shall constitute one and the same instrument.

Section 14. Survival. The representations, warranties, agreements, and indemnities of SIDA, the JSCB, with respect to itself, the SCSD and/or the City and the Underwriters contained in this Purchase Contract shall survive the Closing under this Purchase Contract and any investigation made by or on behalf of SIDA, or the Underwriters or the Representative or any person who controls the Underwriters, of any matters described in or related to the transactions contemplated hereby and by the Project Documents.

Section 15. Severability of Invalid Provision. If any one or more of the covenants, agreements or provisions of this Purchase Contract shall be determined by a court of competent jurisdiction to be invalid, the invalidity of such covenants, agreements, and provisions shall in no way affect the validity or effectiveness of the remainder of this Purchase Contract, and this Purchase Contract shall continue in full force and effect to the fullest extent permitted by law.

Section 16. Governing Law. This Purchase Contract shall be governed by the laws of the State determined without regard to principles of conflict of law.

Re: City of Syracuse Industrial Development Agency  
School Facility Revenue Bonds  
(Syracuse City School District Project) Series 2018A

Ladies and Gentlemen:

In connection with the issuance by the City of Syracuse Industrial Development Agency (the "**Agency**") of its \$67,265,000 School Facility Revenue Bonds (Syracuse City School District Project) Series 2018A (the "**Series 2018A Bonds**"), which are being delivered today pursuant to a Bond Purchase Agreement, dated March 2, 2018 (the "**Purchase Agreement**") by and among the Agency, the Syracuse Joint Schools Construction Board (the "**JSCB**"), on behalf of itself, the City School District of the City of Syracuse (the "**SCSD**") and the City of Syracuse, New York (the "**City**") and Raymond James & Associates, Inc., as Representative of the Underwriters (the "**Underwriters**") named in the Official Statement, dated March 2, 2018 (the "**Official Statement**"), we have examined: (a) the Indenture of Trust (Series 2018A Project), dated as of March 1, 2018, by and between the Agency and Manufacturers and Traders Trust Company, as trustee (the "**Trustee**"); (b) the Official Statement; (c) an executed copy of the Purchase Agreement; and (d) certain portions of the record of proceedings relating to the issuance and delivery of the Series 2018A Bonds.

As bond counsel, we have examined originals or copies, certified or otherwise identified to our satisfaction, of such instruments, certificates, opinions and documents as we have deemed necessary or appropriate for the purposes of the opinions rendered herein. In such examination, we have assumed the genuineness of all signatures, the authenticity and due execution of all

documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to our opinion we have relied, without having made any independent investigation, upon the aforesaid instruments, certificates, opinions and documents.

We are not passing upon and do not assume any responsibility for the accuracy, completeness or fairness of the statements contained in the Official Statement (except to the extent set forth in the following paragraph) and make no representation that we have undertaken to determine independently the accuracy, completeness or fairness of such statements.

Based upon and subject to the foregoing, although we assume no responsibility for the accuracy or completeness of factual information contained in the Preliminary Official Statement and the Official Statement, we are of the opinion that the information contained in the Preliminary Official Statement and the Official Statement (other than financial and statistical data contained therein, as to which no opinion is expressed), under the headings "**THE SERIES 2018A BONDS**" (other than under (i) the last paragraph under the sub-heading "Redemption Procedures" and (ii) the sub-heading "Registration and Payment-Book-Entry System,") and "**SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2018A BONDS**" (except that no opinion is expressed with respect to (i) the 5<sup>th</sup> and last sentence under the sub-heading "General"; (ii) the last sentence in the first paragraph under the subheading "The Installment Sale Agreement"; (iii) the first and second sentences in the fifth paragraph under the subheading "The Indenture;" (iv) the subheading "State Aid Depository Agreement"; (v) the first and second and 5<sup>th</sup> sentences under the subheading "Timing of Payments under State Aid Trust Agreement"; and (vi) the subheading "State Aid to Education"; and in Appendices B, C, D and E to the Official Statement, insofar as such statements contained under such headings and Appendices purport to summarize certain provisions of the referenced documents, present a fair summary of such provisions, and the statements contained under the caption "TAX MATTERS" present a fair description of the matters set forth therein. Except with respect to those portions of the Official Statement described in the preceding sentence, we express no opinion as to any material, information or statistics contained in the Official Statement, including Appendices A and F thereto.

We are of the opinion that the Official Statement has been duly authorized, executed and delivered by the Agency, and that the Agency has authorized the distribution of the Preliminary Official Statement dated February 23, 2018 relating to the Series 2018A Bonds and the use of said Preliminary Official Statement and the Official Statement by the Underwriters in connection with the public offering of the Series 2018A Bonds.

We are further of the opinion that the Purchase Contract has been duly authorized, executed and delivered by the Agency and, assuming due authorization, execution and delivery of the Purchase Contract by the other parties thereto and the enforceability of the same against such other parties, constitutes the binding agreement of the Agency, except to the extent that the enforceability of the Purchase Contract may be limited by bankruptcy, moratorium or insolvency or other laws affecting creditors' rights generally and is subject to general principles or equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

We are additionally of the opinion that the Series 2018A Bonds constitute exempted securities within the meaning of the Securities Act of 1933, as amended, and the Trust Indenture Act of 1939, as amended, and it is not necessary, in connection with the public offering and sale of the Series 2018A Bonds, to register the Series 2018A Bonds under such Securities Act or to qualify the Indenture under such Trust Indenture Act.

(H) the Purchase Contract;

(I) a Preliminary Official Statement, dated February 23, 2018 (the "***Preliminary Official Statement***"), and Official Statement, dated March 2, 2018 (the "***Official Statement***"), each relating to the Series 2018A Bonds;

The Series 2018A Bonds, the License, the Installment Sale Agreement, the Indenture, the Pledge and Assignment, the Tax Certificate, the Purchase Contract, the Preliminary Official Statement and the Official Statement are collectively referred to as the “*Agency Documents*.”

Capitalized terms not otherwise defined herein shall have the meanings assigned thereto in the Indenture.

We have, as counsel to the Agency, examined original or certified copies of the proceedings of the Agency taken with respect to the Agency Documents, as well as certificates of the Agency's members, a certified copy of the Bond Resolution, specimen bonds and executed counterparts of the Agency Documents. We have also examined such statutes, court decisions, proceedings and other documents as we have considered necessary or appropriate in the circumstances to render the following opinions.

In our examination, we have assumed the genuineness of all signatures (other than those of the Agency), the authenticity of all documents submitted to us as originals and the conformity with the original documents of all documents submitted to us as copies. Furthermore, in rendering the following opinions, we have assumed that all documents executed by a person or persons other than the Agency have been duly executed and delivered by said other person or persons and that said documents, to the extent they create obligations, constitute legal, valid and binding obligations of said person or persons enforceable against said person or persons in accordance with their terms.

Based upon our examination of the foregoing, and in reliance upon the matters and subject to the limitations contained in the concluding paragraphs of this opinion, we are of the opinion (except that no opinion is given with respect to any federal or state securities law or any law concerning zoning or subdivision matters or as to the law of any jurisdiction other than the State of New York) that:

1. The Agency is a corporate governmental agency constituting a public benefit corporation duly established and validly existing under Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of the State of New York, as amended, and Chapter 641 of the Laws of 1979 of the State, as amended (collectively, the "Act").

2. Under the Act, it is the purpose of the Agency to promote, develop, encourage and assist in acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing, among others, industrial, manufacturing, warehousing, commercial and research facilities, and the Agency has the power to acquire, hold and dispose of real and personal property for its corporate purposes. Under Chapter 5 Part A-4 of the Laws of 2006 of the State (the “*Syracuse Schools Act*”), the Series 2018A Project undertaken pursuant to the Syracuse Schools Act constitutes a qualified “project” under the Act, which the Agency may finance and in which it may have a license interest. In accordance with the Act, the Agency has determined to issue its Bonds pursuant to the Indenture.

3. The members and officers of the Agency identified in the Agency's general certificate delivered on this date to the Trustee have been duly appointed as such members (and/or duly elected by the members as such officers) and, to the best of our knowledge, are qualified to serve as such.

4. The Agency has power and lawful authority under the Act to execute and deliver the Agency Documents; to issue its Bonds and appoint the JSCB as its agent to complete the Series 2018A Project; to sell its interest in and to the Facilities to the City and the SCSD pursuant to the Installment Sale Agreement; and to perform and observe the provisions of the Agency Documents and the Bonds on its part to be performed and observed.

5. The Bond Resolution has been duly adopted by the members of the Agency, complies with the procedural rules of the Agency and the requirements of the laws of New York, and the Bond Resolution has not been supplemented, amended, or repealed and remains in full force and effect on the date hereof.

6. By the Bond Resolution, the Agency has duly authorized the issuance of the Bonds and the execution and delivery of the Agency Documents.

7. The Agency has the right and power to execute, where applicable, and deliver the Agency Documents, each of which (other than the Preliminary Official Statement) has been duly authorized, executed and delivered by or on behalf of the Agency, is in full force and effect, and (other than the Preliminary Official Statement and the Final Official Statement) is a legal, valid and binding obligation of the Agency and is enforceable against the Agency in accordance with its terms.

8. The making and performance by the Agency of the Agency Documents and the consummation of the transactions on the part of the Agency therein contemplated will not violate any applicable provision of the Act or any other law, regulation, decree, writ, order or injunction applicable to the Agency, and will not contravene the provisions of or constitute a default under any material term of any agreement, indenture, or other instrument to which the Agency is a party or by which the Agency is bound.

9. No additional or further consent, authorization or approval of, or filing or registration with, any governmental or regulatory body not already obtained is required for the making and performance by the Agency of the Agency Documents or for the performance by the Agency of the transactions contemplated thereby.

10. There is no action, suit, proceeding or investigation at law or in equity by or before any court, public board or body pending, or, to the best of our knowledge, threatened against or affecting the Agency, wherein an unfavorable decision, ruling or finding would affect the transactions contemplated by the Agency Documents or the validity or the enforceability of any of the Agency Documents.

11. No legislation has been enacted by the Legislature of the State of New York which in any way adversely affects the issuance or delivery of the Series 2018A Bonds or the payment, collection or application of the proceeds thereof or the moneys and securities pledged or to be pledged under the Indenture, or the creation, organization or existence of the Agency or the title to office of any officers thereof, or the power of the Agency to acquire a license interest in, reconstruct, rehabilitate, equip, install, sell or assign the Facilities referred to in the Indenture..

11. We have no reason to believe and nothing has come to our attention that would lead us to believe that, as of the date of the Final Official Statement and as of the date hereof, the

information contained in the Final Official Statement under the headings “THE ISSUER” and “NO LITIGATION” (but only with regard to the Agency) contained or contains any untrue statement of a material fact or omitted or omits to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

Any opinion concerning the enforceability of any document (A) means that: (1) such document constitutes an effective contract under applicable law; (2) such document is not invalid in its entirety under applicable law because of a specific statutory prohibition or public policy and is not subject in its entirety to a contractual defense under applicable law; and (3) subject to the following sentence, some remedy is available under applicable law if the person concerning whom such opinion is given is in material default under such document but; (B) does not mean that: (1) any particular remedy is available under applicable law upon such material default; or (2) every provision of such document will be upheld or enforced in any or each circumstance by a court applying applicable law. Furthermore, the enforceability of any document may be limited to or otherwise affected by: (A) any bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or other similar statute, rule, regulation or other law affecting the enforcement of creditors' rights and remedies generally; or (B) the unavailability of, or any limitation on the availability of, any particular right or remedy (whether in a proceeding in equity or at law) because of the discretion of a court or because of any equitable principle or requirement as to commercial reasonableness, conscionability or good faith.

We express no opinion with respect to: (A) title to all or any portion of the Facilities; (B) the priority of any liens, charges, security interests or encumbrances affecting the Facilities or any part thereof (or the effectiveness of any remedy which is dependent upon the existence of title to the Facilities, or the priority of any such lien, charge, security interest or encumbrance); (C) any laws, regulations, judgments, permits or orders with respect to the requirement of filing or recording of any of the Agency Documents; or (D) the laws of any jurisdiction other than the State of New York and the United States of America.

This opinion is rendered as of the date hereof, and no opinion is expressed as to matters referred to herein on any subsequent date.

Very truly yours,

Ladies and Gentlemen:

I am Corporation Counsel of the City of Syracuse (“the City”) and I serve as counsel to the City and to the City School District of the City of Syracuse (“the SCSD”).

In connection with the above-entitled issuance and sale by the City of Syracuse Industrial Development Agency (“SIDA”) of its \$67,265,000 School Facility Revenue Bonds (Syracuse City School District Project) Series 2018A (the “Series 2018A Bonds”), I have been requested to state my opinion as to certain matters referred to below. For that purpose I have reviewed the following documents (documents 1 through 11 below being referred to as the “SCSD Documents”; and each of documents listed below executed by the City collectively being referred to as “the City Documents”; and documents 1 through 12 below being referred to as the “Project Documents”).

1. The Preliminary Official Statement, dated February 23, 2018 (the "Preliminary Official Statement"), and the final Official Statement dated March 2, 2018 with respect to the offering and sale of the Series 2018A Bonds (to be executed by SIDA, the SCSD and the City (the "Official Statement")).

2. The Purchase Contract, dated March 2, 2018, relating to the sale of the Series 2018A Bonds among the Syracuse Joint Schools Construction Board (the "JSCB"), on behalf of itself, the SCSD and the City, SIDA and Raymond James & Associates, Inc., as Representative of the Underwriters named therein (the "Purchase Contract").

3. The Fourth Amendatory License Agreement (Series 2018A Project), dated as of March 1, 2018 between the City and the SCSD, as Lessors, and SIDA, as Lessee. (the "License Agreement").

4. The Installment Sale Agreement (Series 2008 Project), dated as of March 1, 2008, as amended by Amendment No. 1, dated as of July 1, 2009, and as further amended by Amendment No. 2 to the Installment Sale Agreement (Series 2010 Project), dated as of December 1, 2010, Amendment No. 3 to the Installment Sale Agreement (Series 2011 Project), dated as of July 1, 2011, Amendment No. 4 to the Installment Sale Agreement (Series 2017 Project), dated as of April 1, 2017, and Amendment No. 5 to the Installment Sale Agreement (Series 2018A Project), dated as of March 1, 2018, and among SIDA, the SCSD, the City and the JSCB (the "Installment Sale Agreement").

5. The Pledge and Assignment, dated as of March 1, 2018 (the "***Pledge and Assignment***"), by the Agency in favor of the Trustee acknowledged by the City, the SCSD and the JSCB;

6. The Continuing Disclosure Agreement among the City, the JSCB, the SCSD, and Manufacturers and Traders Trust Company, as trustee (the "Trustee"), dated as of March 1, 2018, for the Series 2018A Bonds.

7. The State Aid Depository Agreement, dated as of March 1, 2008, as amended by the First Amendment to State Aid Depository Agreement, dated as of December 1, 2010 (the "State Aid Depository Agreement") among the SCSD, the City and Manufacturers and Traders Trust Company, as Depository Bank.

8. The Environmental Compliance and Indemnification Agreement, dated as of March 1, 2008, as amended by the First Supplemental Environmental Compliance and Indemnification Agreement, dated as of December 1, 2010, as further amended by the Second Supplemental Environmental Compliance and Indemnification Agreement, dated as of July 1, 2011, and as further amended by the Third Supplemental Environmental Compliance and Indemnification Agreement, dated as of March 1, 2018, from the SCSD and the City to SIDA.

9. Letter of Instruction dated as March 12, 2008, from the Commissioner of Finance of the City and the SCSD to the State Comptroller in relation to payment of State Aid to Education to the Depository Bank.

10. The Arbitrage and Use of Proceeds Certificate from the SCSD, the City and the JSCB, dated the date hereof.

11. The Indenture of Trust (Series 2018A Project), dated as of March 1, 2018 (the "Indenture") between SIDA and Manufacturers and Traders Trust Company, as trustee (the "Trustee").

In rendering this opinion, I have also reviewed: (a) Chapter 58, Part A-4 of the Laws of 2006 of the State of New York, as amended ("the Syracuse Schools Act"); (b) Ordinance No. 831-2017 of the Common Council of the City of Syracuse adopted on October 10, 2017; (c) Resolution #0917-047 of the Board of Education adopted on September 27, 2017, authorizing the SCSD Documents; and (d) Resolution No. 133 of 2017 adopted by the JSCB on September 28, 2017 (items (b), (c) and (d) being collectively referred to hereinafter as the "Approving Resolutions.").

In rendering this opinion, I have further reviewed and relied upon a certificate of the President of the Board of Education and Superintendent of the SCSD, in respect to compliance by the SCSD with the requirements of the New York Education Law and the regulations of the New York Department of Education for state building aid and operating aid to the SCSD.

All capitalized terms used in this opinion and not otherwise defined herein shall have the meanings assigned thereto in the Indenture.

Subject to the foregoing, it is my opinion that:

1. The SCSD is a duly organized and validly existing school district of the State of New York, and has all requisite power and authority to conduct its business as described in the Official Statement, the Purchase Contract and the other SCSD Documents, and to consummate the transactions contemplated by the SCSD Documents and the other Project Documents, and to execute, deliver and perform its obligations under the SCSD Documents.

2. The City is a duly organized and validly existing municipal corporation of the State of New York, and has all requisite power and authority to conduct its business as described in the Official Statement and the City Documents, and to consummate the transactions contemplated by the City Documents and the other Project Documents, and to execute, deliver and perform its obligations under the City Documents.

3. Each of the SCSD Documents and the City Documents conform in all material respects to the descriptions thereof contained in the Official Statement.

4. Each of the SCSD Documents has been duly authorized, executed and delivered by the SCSD. Assuming the due and valid execution and delivery of the SCSD Documents by the other parties thereto (other than the City), each of the SCSD Documents is the legal, valid and binding obligation of the SCSD, enforceable against the SCSD in accordance with its terms, except to the extent that the enforceability thereof may be limited or otherwise affected by (A) any bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or other similar statute, rule, regulation or other law affecting the enforcement of creditors' rights and

remedies generally or (B) the unavailability of, or any limitation on the availability of, any particular right or remedy (whether in a proceeding in equity or at law) because of the discretion of a court or because of any equitable principle or requirement as to commercial reasonableness, conscionability or good faith. Each of the City Documents has been duly authorized, executed and delivered by the City. Assuming the due and valid execution and delivery of the City Documents by the other parties thereto (other than the SCSD), each of the City Documents is the legal, valid and binding obligation of the City, enforceable against the City in accordance with its terms, except to the extent that the enforceability thereof may be limited or otherwise affected by (A) any bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or other similar statute, rule, regulation or other law affecting the enforcement of creditors' rights and remedies generally or (B) the unavailability of, or any limitation on the availability of, any particular right or remedy (whether in a proceeding in equity or at law) because of the discretion of a court or because of any equitable principle or requirement as to commercial reasonableness, conscionability or good faith.

5. Each of the Approving Resolutions was duly adopted by the Common Council of the City, the Board of Education of the SCSD or the JSCB, as appropriate.

6. No event of default or event which, with notice or lapse of time or both, would constitute an event of default or a default under any of the SCSD Documents or City Documents has occurred and is continuing.

7. The Series 2018A Project, as described in the Official Statement, constitutes "educational facilities" of the SCSD and a "project" in compliance with the Syracuse Schools Act.

8. Based upon the above-mentioned officer certificate of the SCSD, and to the best of my knowledge after due and diligent inquiry, the SCSD is in compliance with the material rules, regulations and other requirements of the State Education Department in connection with State Aid to Education revenues to the SCSD and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute such a breach of or default under any such requirements, such that State Aid to Education revenues could be impaired.

9. The execution and delivery of the SCSD Documents by the SCSD and the consummation of the transactions therein contemplated and compliance with the provisions thereof (i) do not constitute a violation of any provision of law, any order, regulation or decree of any court or agency of government, indenture, mortgage, deed, trust agreement or other instrument known to me after due inquiry to which the SCSD is a party or any of its respective property is subject or bound, and (ii) are not in conflict with nor will they result in a breach of or constitute (with due notice and/or lapse of time) a default under any such indenture, agreement or instrument.

10. The execution and delivery of the City Documents by the City and the consummation of the transactions therein contemplated and compliance with the provisions thereof (i) do not constitute a violation of any provision of law, any order, regulation or decree of any court or agency of government, indenture, mortgage, deed, trust agreement or other

instrument known to me after due inquiry to which the City is a party or any of its respective property is subject or bound, and (ii) are not in conflict with nor will they result in a breach of or constitute (with due notice and/or lapse of time) a default under any such indenture, agreement or instrument.

11. The SCSD has duly authorized the taking of any and all action necessary at the date hereof to carry out and give effect to the transactions contemplated to be performed on its part by the SCSD Documents as of the date of this letter.

12. The City has duly authorized the taking of any and all action necessary at the date hereof to carry out and give effect to the transactions contemplated to be performed on its part by the City Documents as of the date of this letter.

13. To my best knowledge after due inquiry, there is no action, suit, proceeding or investigation at law or in equity with respect to the SCSD by or before any court, public board or body, pending or threatened against or affecting the SC SD, wherein an unfavorable decision, ruling or finding on an issue raised by a party thereto would materially adversely affect (i) the transactions contemplated by, or the validity or enforceability of, any of the Project Documents, or (ii) except as is set forth in the Official Statement, the financial condition of the SCSD.

14. To my best knowledge after due inquiry, there is no action, suit, proceeding or investigation at law or in equity with respect to the City by or before any court, public board or body, pending or threatened against or affecting the City, wherein an unfavorable decision, ruling or finding on an issue raised by a party thereto would materially adversely affect (i) the transactions contemplated by, or the validity or enforceability of, any of the Project Documents, or (ii) except as is set forth in the Official Statement, the financial condition of the City.

15. All consents, approvals, confirmations or authorizations, if any, of any governmental authority required on the part of the SCSD in connection with the execution and delivery by the SCSD of the SCSD Documents have been duly obtained.

16. All consents, approvals, confirmations or authorizations, if any, of any governmental authority required on the part of the City in connection with the execution and delivery by the City of the City Documents have been duly obtained.

17. I have reviewed the information in the Official Statement and I have no reason to believe and nothing has come to my attention which leads me to believe that the information contained under the headings "INTRODUCTION," "THE PROGRAM," "PROGRAM PARTICIPANTS," and "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2018A BONDS," and the information with respect to the SCSD and the City under the caption "NO LITIGATION" contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. I am not called upon to confirm and do not express any opinion as to the accuracy of any other matters in the Official Statement, including without limitation the financial information and other matters included in Appendix A to the Official Statement, and any other financial, technical or statistical data included in the Official Statement or any Appendix thereto.

18. The Syracuse Schools Act is in full force and effect, is enforceable as to the Series 2018A Project (as defined in the Official Statement), and has not been amended, modified, repealed or rescinded.

19. The above-cited ordinance adopted by the Common Council of the City and approved by the Mayor has been duly and validly authorized by the Common Council and is binding on the City, is in full force and effect, and has not been amended, modified, repealed or rescinded.

20. The above-cited resolution adopted by the Board of Education has been duly and validly authorized by the Board of Education and is binding on the SCSD, is in full force and effect, and has not been amended, modified, repealed or rescinded.

21. Pursuant to the Fourth Amendatory License Agreement (Series 2018A Project), dated as of March 1, 2018, the City and the SCSD have vested SIDA with a valid licensed interest in the Facilities.

Only the parties to whom this opinion is addressed and their counsel may rely on this opinion. This opinion speaks only as of the date hereof and is limited to present laws and regulations and the facts as they currently exist and have been represented to me. I assume no obligation to revise, update or supplement this opinion.

Very truly yours,

Corporation Counsel

Re:     \$67,265,000  
       City of Syracuse Industrial Development Agency  
       School Facility Revenue Bonds  
       (Syracuse City School District Project) Series 2018A

Ladies and Gentlemen:

We have acted as counsel to the Joint Schools Construction Board ("JSCB") in relation to the above-entitled financing for the purpose of (i) financing a portion of the costs of the Series 2018A Project; (ii) refinancing at maturity on March 15, 2018 a \$7,417,430 portion of the City's \$29.8 million principal amount of outstanding bond anticipation notes which were issued to provide initial funding of the Series 2018A Project; (iii) funding capitalized interest for the Series 2018A Project; and (iv) financing certain costs of issuance of the Series 2018A Bonds (collectively, the "Series 2018A Project") for a comprehensive program ("the Program") for the development of the educational facilities of the Syracuse City School District ("the SCSD"). In that capacity, we have been requested to state our opinion as to certain matters referred to below. In the course of our representation of the JSCB, we have made all necessary inquiries of representatives of JSCB authorized to make representations on behalf of the SCSD and the City of Syracuse (the "City"), and having knowledge of the Series 2018A Project and the transaction contemplated by the following documents. For that purpose, we have reviewed the following documents to which the JSCB is a party:

(a) The Installment Sale Agreement (Series 2008 Project), dated as of March 1, 2008, as amended by Amendment No. 1, dated as of July 1, 2009, and as further amended by Amendment No. 2 to Installment Sale Agreement (Series 2010 Project), dated as of December 1, 2010 and by Amendment No. 3 to Installment Sale Agreement (Series 2011 Project), dated as July 1, 2011 and by Amendment No. 4 to Installment Sale Agreement (Series 2017 Project), dated as April 1, 2017 and by Amendment No. 5 to Installment Sale Agreement (Series 2018A Project), dated as March 1, 2018 (collectively, the "Installment Sale Agreement"), among Syracuse Industrial Development Agency ("SIDA") and the City, the SCSD and the JSCB.

(b) The Pledge and Assignment, dated as of March 1, 2018 (the "***Pledge and Assignment***"), by the Agency in favor of the Trustee acknowledged by the City, the SCSD and the JSCB;

(c) The State Aid Depository Agreement, dated as of March 1, 2008, as amended by First Amendment to State Aid Depository Agreement, dated as of December 1, 2010 (the "State Aid Depository Agreement"), among the SCSD, Manufacturers and Traders Trust Company, as "Trustee", Manufactures and Traders Trust Company, as depository, the City and the JSCB.

(d) The resolution of the JSCB authorizing the execution, delivery and performance of the Bond Documents and directing that its authorized officer do and cause to be done any such other acts and things as he or she determines may be necessary or desirable to consummate the transactions contemplated by the bond documents, including determining that the cost to the taxpayers of the City of Syracuse and State of New York of the above-entitled financing through SIDA is less than the cost would be if the financing of the Project were effected by the New York State Municipal Bond Bank Agency.

(e) The Tax Certificate.

(f) The Purchase Contract, dated March 2, 2018 among Raymond James & Associates, as Representative of the Underwriters (the "Underwriters"), and the JSCB, on behalf of itself, the City and the SCSD, and SIDA (the "Purchase Contract").

(g) The Continuing Disclosure Agreement, dated as of March 1, 2018, between the JSCB, on behalf of the City and the SCSD, and the Trustee (the "Continuing Disclosure Agreement").

(h) The Preliminary Official Statement, dated February 23, 2018 (the "Preliminary Official Statement"), and the final Official Statement dated March 2, 2018 with respect to the offering and sale of the Series 2018A Bonds (to be executed by SIDA and the JSCB (the "Official Statement").

(i) The Syracuse Joint School Construction Agreement, dated as of April 1, 2004 (the "JSCB Agreement"), between the City and the SCSD.

(j) The Indenture of Trust (Series 2018A Project), dated as of March 1, 2018 (the "Indenture") between SIDA and Manufacturers and Traders Trust Company, as trustee (the "Trustee").

(k) The Environmental Compliance and Indemnification Agreement, dated as of March 1, 2008, as amended by the First Supplemental Environmental Compliance and Indemnification Agreement, dated as of December 1, 2010, and as further amended by the Second Supplemental Environmental Compliance and Indemnification Agreement, dated as of July 1, 2011, and as further amended by the Third Supplemental Environmental Compliance and Indemnification Agreement, dated as of March 1, 2018 from the SCSD and the City to SIDA.

The JSCB is an inter-municipal board created by an ordinance of the City to assist in the planning and development of the Program. It has been assigned additional functions by Chapter 58, part 4-A of the Laws of 2006 of the State of New York, as amended (the "Syracuse Schools Act").

Any opinion in this letter concerning the validity, binding effect or enforceability of any document may be limited or otherwise affected by (a) any bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or other similar statute, rule, regulation or other law affecting the enforcement of creditors' rights and remedies generally or (b) the unavailability of, or any limitation on the availability of, any particular right or remedy (whether in a proceeding in equity or at law) because of the discretion of a court or because of any equitable principle or requirement as to commercial reasonableness, conscionability or good faith.

Subject to the foregoing, it is our opinion that:

1. The JSCB is a validly existing inter-municipal board and has all requisite power and authority to adopt the Resolution and to execute, deliver and perform its obligations under the JSCB Documents.

2. The Resolution was duly adopted by the JSCB at a meeting held on September 27, 2017.

3. The Installment Sale Agreement, the Tax Certificate, the Purchase Contract and the Continuing Disclosure Agreement have each been duly authorized, executed and delivered by the JSCB. Assuming the due and valid execution and delivery by the other parties thereto, and assuming each to be a legal, valid and binding obligation of the SCSD (as to which we refer you to the opinion of the Corporation Counsel of the SCSD, and express no independent opinion), each of the Installment Sale Agreement, the Continuing Disclosure Agreement, the Tax Certificate Agreement and the Purchase Contract are the legal, valid and binding obligations of the JSCB, enforceable against the JSCB in accordance with their respective terms.

4. The Series 2018A Project is not within the type of actions or classes of actions identified by the New York State Department of Environmental Conservation under the State Environmental Quality Review Act, being Article 8 of the New York State Environmental Conservation Law, which will in almost every instance have a significant effect on the environment and are therefore likely to require the preparation of environmental impact statements.

We express no opinion with respect to the effect of any law other than the law of the State of New York.

This opinion letter has been prepared, and is intended to be construed, in accordance with the customary practice of lawyers who regularly give, and lawyers who regularly advise opinion recipients concerning, opinions of the type contained herein.

Only the parties to whom this opinion is addressed and their counsel may rely on this opinion. This opinion speaks only as of the date hereof and is limited to present laws and regulations and the facts as they currently exist and have been represented to us. We assume no obligation to revise, update or supplement this opinion.

**CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY**  
**School Facility Revenue Bonds,**  
**(Syracuse City School District Project) Series 2018A**

February 23, 2018

In connection with the proposed sale by the Underwriters of \$67,120,000\* City of Syracuse Industrial Development Agency School Facility Revenue Bonds, (Syracuse City School District Project) Series 2018A (the "Bonds"), this survey has been prepared which indicates, in summary form, the jurisdictions in which the Bonds may be sold by the Underwriters and other dealers or brokers in compliance with the "blue sky" or securities laws of such jurisdictions.

We have prepared this survey as attorneys admitted to practice in the State of New York and we do not purport to be experts in the laws of the other jurisdictions involved. Our survey is based upon an examination of the statutes and regulations, if any, of the various jurisdictions as reported in standard compilations customarily relied upon in this connection. We have also relied upon interpretive advice obtained from administrative authorities in certain instances and upon information set forth in the official statement relating to the Bonds, in the form initially distributed to the public. We have not, however, obtained special rulings of the securities commissions or other administrative bodies or officials charged with the administration of the respective securities or "blue sky" laws, nor have we obtained opinions of local counsel.

This survey does not purport to cover the requirements under any of the laws of the jurisdictions enumerated herein or under Federal law with respect to the registration or licensing of dealers, brokers or salesmen, the form or substance of advertising or the legality of investments in the Bonds by any institutional investor which is subject to statutory or other restrictions as to its investments.

---

\* Preliminary, subject to change

The statements made or conclusions expressed herein are subject to change upon the exercise of broad discretionary powers vested by statute in securities commissions and other authorities, authorizing such commissions or authorities to withdraw or deny the exempt status offered by statute or by administrative interpretations thereof to a particular class of securities, to require additional information, to issue stop orders, to revoke or suspend permits where they have been granted, to refuse registration, or to impose additional requirements or restrictions in respect of any offering of securities.

Very truly yours,

HARRIS BEACH PLLC

**School Facility Revenue Bonds**  
**(Syracuse City School District Project) Series 2018A**

Dated: Delivery Date

Due: as shown on inside cover

The School Facility Revenue Bonds (Syracuse City School District Project) Series 2018A (the "**Series 2018A Bonds**") are being issued by the City of Syracuse Industrial Development Agency (the "**Issuer**") in accordance with Chapter 58 Pt. A-4 of the Laws of 2006 of the State of New York, as amended (the "**Syracuse Schools Act**"). The Series 2018A Bonds will be issued pursuant to an Indenture of Trust (Series 2018A Project) dated as of March 1, 2018 (the "**Indenture**") between the Issuer and Manufacturers and Traders Trust Company, as Trustee (the "**Trustee**"), to provide money to finance a portion of the costs of design, reconstruction, construction, rehabilitation, and/or equipping of certain existing school buildings for use by the City School District of the City of Syracuse (the "**SCSD**"). The Series 2018A Bonds are special limited obligations of the Issuer payable from amounts due solely from the SCSD and the City of Syracuse (the "**City**") under an Installment Sale Agreement (Series 2008 Project), dated as of March 1, 2008 (the "**2008 Original Installment Sale Agreement**"), as previously amended by Amendment No. 1 to Installment Sale Agreement dated as of July 1, 2009 (the "**First Amended Agreement**"); Amendment No. 2 to the Installment Sale Agreement dated as of December 1, 2010 (the "**Second Amended Agreement**"); Amendment No. 3 to Installment Sale Agreement dated as of July 1, 2011 (the "**Third Amended Agreement**"); Amendment No. 4 to Installment Sale Agreement dated April 1, 2017 (the "**Fourth Amended Agreement**"), and Amendment No. 5 to Installment Sale Agreement dated as of March 1, 2018 (the "**Fifth Amended Agreement**"), together with the Original Agreement, the First Amended Agreement, the Second Amended Agreement, the Third Amended Agreement, the Fourth Amended Agreement and the Fifth Amended Agreement, the "**Installment Sale Agreement**" or "**Agreement**"), each among the Issuer, the City, the SCSD and the Syracuse Joint Schools Construction Board (the "**JSCB**").

The obligation of the SCSD and the City to pay base installment purchase payments and installment purchase payments under the Installment Sale Agreement are deemed executory only to the extent of New York State building and operating aid, which aid does not include Expanding our Children's Education and Learning aid, that is appropriated by the New York State Legislature and paid to the SCSD or the City or any officer thereof, for the provision of public educational instruction for the City ("**State Aid to Education**"). Payment of State Aid to Education to the SCSD and the City is subject to annual appropriation of the State of New York (the "**State**"). Pursuant to a State Aid Depository Agreement, dated as of March 1, 2008 (the "**Depository Agreement**"), as previously amended by a First Amendment to State Aid Depository Agreement, dated as of December 1, 2010 (the "**First Amendment to State Aid Depository Agreement**") and together with the Depository Agreement collectively, the "**State Aid Depository Agreement**"), each among the SCSD, the City and Manufacturers and Traders Trust Company, as depository (the "**Depository**"), all State Aid to Education made payable to the SCSD or the City will be deposited into a State Aid Depository Fund with the Depository and, upon appropriation by the City and the SCSD, such State Aid to Education will be disbursed for the payment of principal and interest on the Series 2018A Bonds, Series 2017 Bonds (as defined herein), Series 2011 Bonds (as defined herein), the Series 2010 Bonds (as defined herein) and other purposes of the SCSD.

The Series 2018A Bonds are special limited obligations of the Issuer payable solely from: (i) the payment of base installment purchase payments and installment purchase payments by the SCSD and the City under the Installment Sale Agreement; and (ii) the pledge of certain funds, including a bond fund, under the Indenture. In the event the SCSD and the City fail to make an installment purchase payment under the Installment Sale Agreement, it is provided in the Syracuse Schools Act and the Indenture that, upon receipt by the New York State Comptroller (the "**State Comptroller**") of a certificate from the Trustee on behalf of the Issuer as to the amount of such failed payment, the State Comptroller shall withhold any state aid payable to the SCSD or the City to the extent of the amount so stated in such certificate as not having been made, and shall immediately pay over to the Trustee on behalf of the Issuer the amount so withheld. The obligation of the SCSD and the City under the Installment Sale Agreement to pay base installment purchase payments and installment purchase payments is not a general obligation of the SCSD or the City and neither the faith and credit nor the taxing powers of the City is pledged to the payment of base installment purchase payments and installment purchase payments under the Installment Sale Agreement. The obligation of the SCSD and the City under the Installment Sale Agreement to pay base installment purchase payments and installment purchase payments in any fiscal year of the SCSD or the City constitutes a current expense of the SCSD for such fiscal year and shall not constitute an indebtedness or moral obligation of the SCSD, the City or the State within the meaning of any constitutional or statutory provision or other laws of the State. The only source of moneys available for the payment of the principal of and interest on the Series 2018A Bonds are bond proceeds set aside to fund capitalized interest, installment purchase payments made by the SCSD and the City under the Installment Sale Agreement to the extent of State Aid to Education appropriated by the State and available to the SCSD and/or the City and appropriated by the City and the SCSD to make such payments, and the intercept by the State Comptroller of any other state aid or school aid payable to the City or the SCSD to the extent of any installment purchase payment deficiency. The Series 2018A Bonds are neither a general obligation of the Issuer, nor a debt or indebtedness of the City or the State and neither the City nor the State shall be liable thereon. The Issuer has no taxing power. See "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2018A BONDS" herein.

The Series 2018A Bonds will be issued in fully registered form registered in the name of Cede & Co., as nominee for The Depository Trust Company ("**DTC**"). See "THE SERIES 2018A BONDS—Registration and Payment — Book-Entry System" herein.

The Series 2018A Bonds will bear interest payable semiannually on May 1 and November 1 of each year commencing November 1, 2018 and are subject to redemption prior to maturity as described herein. See "THE SERIES 2018A BONDS—Redemption of Series 2018A Bonds" herein.

*In the opinion of Barclay Damon LLP, Bond Counsel to the Issuer, under existing law and assuming continuing compliance by the Issuer, the SCSD and the City with certain covenants and the accuracy and completeness of certain representations made by the Issuer, the SCSD and the City, interest on the Series 2018A Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and is not treated as a preference item in calculating the alternative minimum tax imposed under the Code with respect to individuals. Bond Counsel is also of the opinion that, under existing statutes, interest on the Series 2018A Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York). See "TAX MATTERS" herein.*

*The Series 2018A Bonds are offered when, as, and if issued and received by the Underwriters subject to the approval of legality by Bond Counsel to the Issuer. Certain legal matters will be passed upon for the Issuer by Corporation Counsel of the City; for the Underwriters by its counsel, Harris Beach PLLC, Syracuse, New York; for the Syracuse Joint Schools Construction Board by its counsel, Trespass & Marquardt, LLP, Syracuse, New York; for the SCSD and the City by the Corporation Counsel of the City. Capital Markets Advisors, LLC serves as independent financial advisor to the SCSD and the City. It is expected that the Series 2018A Bonds will be available for delivery through the facilities of DTC in New York, New York on or about March 15, 2018.*

**\$67,120,000\***  
**CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY**  
**SCHOOL FACILITY REVENUE BONDS**  
**(SYRACUSE CITY SCHOOL DISTRICT PROJECT) SERIES 2018A**

**INTRODUCTION**

**General**

This Official Statement sets forth certain information concerning the issuance and sale by the City of Syracuse Industrial Development Agency (the "**Issuer**") of \$67,120,000\* School Facility Revenue Bonds (Syracuse City School District Project) Series 2018A (the "**Series 2018A Bonds**"). The Series 2018A Bonds will be secured by and issued pursuant to an Indenture of Trust (Series 2018A Project) dated as of March 1, 2018 (the "**Indenture**" or the "**Series 2018A Indenture**") between the Issuer and Manufacturers and Traders Trust Company, as Trustee (the "**Trustee**").

Certain capitalized terms used in this Official Statement which are not defined herein shall have the meanings assigned to them in APPENDIX B - "Summary of Definitions" attached hereto.

**Authorization**

The Series 2018A Bonds will be issued pursuant to the Issuer's enabling legislation constituting Title I of Article 18-A of the General Municipal Law of the State of New York (the "**State**") (enacted into law as Chapter 1030 of the Laws of 1969 of the State), and Title II of Article 18-A § 926 of the General Municipal Law of the State enacted into law as Chapter 641 of the Laws of 1979 of the State (collectively, the "**Act**"); and Chapter 58 Part A-4 of the Laws of 2006, as amended (the "**Syracuse Schools Act**"); and a resolution of the Issuer adopted January 16, 2018.

**Purpose of the Series 2018A Bonds**

Prior to the commencement of the comprehensive redevelopment program ("the **Program**") of the JSCB for public school buildings of the City School District of the City of Syracuse (the "**SCSD**"), the facilities of the SCSD had not been updated or improved in a number of years. The Syracuse Schools Act was enacted to encourage the City of Syracuse (the "**City**") and the SCSD to cooperatively undertake new and innovative ways of renovating, rehabilitating and financing public schools within the City. See "THE PROGRAM."

Phase I of the Program consisted of design and/or reconstruction and rehabilitation of various existing school buildings and the acquisition of certain equipment, fixtures and furnishings for use by the SCSD. Phase I was financed by the Issuer through several issues of its bonds in 2008, 2010, and 2011 (the Issuer's 2008 bonds were refinanced through the issuance of refunding bonds in 2017) as described below. See "PROGRAM FINANCINGS."

The Series 2018A Bonds are being issued by the Issuer for the purpose of financing a portion of the costs of Phase II of the Program consisting of design and/or reconstruction, construction and rehabilitation of existing school buildings including Bellevue Elementary, Frazer Pre-K-8 School, Ed Smith Pre-K-8 School and Grant Middle School and the acquisition of certain equipment, fixtures and furnishings for use by the SCSD in connection therewith (the "**Series 2018A Project**"). The

proceeds of the Series 2018A Bonds will be applied to (i) finance a portion of the costs of the Series 2018A Project; (ii) refinance at maturity on March 15, 2018 a \$7,417,430 portion of the City's \$29.8 million principal amount of outstanding bond anticipation notes which were issued to provide initial funding of the Series 2018A Project; (iii) fund capitalized interest for the Series 2018A Project; and (iv) finance certain costs of issuance of the Series 2018A Bonds.

### **The Program**

The Syracuse Schools Act was enacted and became legally effective April 1, 2006, authorizing Phase I of the Program for public school buildings of the SCSD, at a cost not to exceed \$225 million. The Program was adopted by the JSCB on February 28, 2008, amended on April 17, 2009 and approved by the Office of the State Comptroller on June 24, 2009 in accordance with §6 of the Syracuse Schools Act. Prior to the commencement of the Program, the facilities of the SCSD had not been updated or improved in a number of years. The Syracuse Schools Act was enacted to encourage the City and the SCSD to cooperatively undertake new and innovative ways of renovating, rehabilitating and financing public schools within the City. The plans and specifications for the Program are being developed by the JSCB, which is acting on behalf of the City and the SCSD, pursuant to the aforementioned Syracuse Schools Act and an intermunicipal agreement dated April 1, 2004. Pursuant to the Syracuse Schools Act, the JSCB has been authorized to manage the design, reconstruction, construction and financing of the rehabilitation of existing public school facilities in the City, and to coordinate efforts for compliance with, the monitoring of, and the reporting on, a program-wide diversity plan for the Program. The JSCB retained the Gilbane Building Company, a privately held family run construction company founded in 1873 in Providence, Rhode Island, to be the independent program/construction management firm ("**Phase I Program Manager**") for Phase I of the Program, and to assist in the management of Phase I of the Program under the supervision of the City Engineer.

Legislation authorizing Phase II of the Program at a cost not to exceed \$300 million was enacted on October 25, 2013. Such legislation authorized the City to provide interim financing for project costs from the proceeds of City obligations issued in anticipation of permanent financing from any source provided under the Syracuse Schools Act, and the reimbursement to the City for the payment of such obligations from any such source (including permanent financing issued through the Issuer for such purpose). The City currently has \$29.8 million total principal amount of its bond anticipation notes outstanding which were issued to provide such initial funding. Of these notes, \$14.8 million will mature on March 15, 2018 and are expected to be redeemed with a \$7,417,430 portion of the proceeds from the Series 2018A Bonds, together with \$6,862,570 proceeds from renewal bond anticipation notes to be issued by the City and \$520,000 current funds of the SCSD. The remaining amount of outstanding notes will mature on June 22, 2018 and are expected to be renewed by the City to continue to provide such interim financing for an additional portion of project costs until permanent financing is completed. Legislation was subsequently enacted on March 17, 2014 specifying 15 buildings to be included in Phase II. Phase II was adopted by the JSCB on January 29, 2015, amended on July 27, 2017 and approved by the Office of the State Comptroller on January 12, 2018 in accordance with §6 of the Syracuse Schools Act.

The JSCB selected Turner Construction Company ("**Phase II Program Manager**") as the Program Manager for Phase II of the Program on August 28, 2015. Turner Construction was founded 113 years ago and is a North America-based, international construction services company. With a staff of over 5,200 employees, the company completes \$10 billion of construction on 1,500 projects each year.

The Phase I Program Manager and Phase II Program Manager are collectively referred to hereinafter as the "**Program Managers.**"

A full copy of the Phase I and Phase II legislation may be obtained by visiting the JSCB's official website: <http://www.syr.gov.net/JSCB>.

### **Program Financings**

On March 1, 2008, the Issuer issued \$49,230,000 aggregate principal amount of its School Facility Revenue Bonds (Syracuse City School District Project) Series 2008A (the "**Series 2008A Bonds**") to finance the following: (i) rehabilitation of, and the acquisition of equipment and furnishings for, Central Technical High School; and (ii) preparation of designs and specifications for reconstruction and rehabilitation of Blodgett School, Shea Middle School, Dr. Weeks Elementary, Clary Middle School, Fowler High School and H.W. Smith Elementary School (collectively referred to as the "**Original Series 2008 Project**").

On July 6, 2009, the Issuer amended the scope of the Series 2008 Project to include the payment of costs associated with the acquisition, construction, and installation of various improvements to the Fowler High School, H.W. Smith Pre-K-8 School, Dr. Weeks Elementary School, Clary Middle School and Shea Middle School (the "**Amended Series 2008 Project**", and together with the Original Series 2008 Project, the "**Series 2008 Project**").

On December 23, 2010, the Issuer issued \$31,470,000 aggregate principal amount of its School Facility Revenue Bonds (Syracuse City School District Project) Series 2010 (the "**Series 2010 Bonds**") to finance an additional portion of the costs of the Phase I of the Program. The proceeds of the Series 2010 Bonds financed site work, exterior and interior building improvements and additions, and mechanical and electrical upgrades.

On July 12, 2011, the Issuer issued \$31,860,000 aggregate principal amount of its School Facility Revenue Bonds (Tax Exempt Bonds) (Syracuse City School District Project) Series 2011A and \$15,000,000 aggregate principal amount of its School Facility Revenue Bonds (Federally Taxable Qualified School Construction Bonds) (Syracuse City School District Project) Series 2011B (collectively, the "**Series 2011 Bonds**") to finance an additional portion of the costs of the Phase I of the Program, including the completion of the Dr. Weeks Elementary School, the H.W. Smith Pre-K to 8 School and the Fowler Energy Performance Contract Project at Fowler High School.

On April 20, 2017 the Issuer issued \$29,260,000 aggregate principal amount of its School Facility Revenue Refunding Bonds (Syracuse City School District Project) Series 2017 (the "**Series 2017 Bonds**") for the purpose of (i) refunding all of the Issuer's outstanding School Facility Revenue Bonds (Syracuse City School District Project) Series 2008A (the "**Refunded Bonds**") and (ii) financing certain costs of issuance of the Series 2017 Bonds.

It is anticipated that funds required to complete Phase II and future phases of the Program will be derived, in part, through the issuance and sale from time to time of other series of bonds (together with the Series 2008A Bonds, the Series 2010 Bonds, the Series 2011 Bonds, the Series 2017 Bonds and the Series 2018A Bonds collectively referred to hereinafter as "**Project Bonds**") issued by the Issuer or other authorized issuer pursuant to separate or supplemental indentures of trust and bond resolutions (each, including the Indenture, being a "**Series Indenture**," and the trustee under each Series Indenture, including the Trustee, being a "**Series Trustee**"). It is further anticipated that the additional facilities to be financed from future series of Project Bonds will be made subject to a separate or amended license agreement or ground lease and a separate or amended lease agreement or a separate or amended installment sale agreement or similar instrument (each such separate lease agreement or installment sale agreement, including the Installment Sale Agreement, being a "**Series Facilities Agreement**").

## Structure of the Series 2018A Bonds

Pursuant to the License Agreement, dated as of March 1, 2008, between the City and the SCSD, as licensor, and the Issuer, as licensee (the "**License Agreement**"), which was previously amended pursuant to an Amendatory License Agreement, dated as of December 1, 2010 (the "**Amendatory License Agreement**"); a Second Amendatory License Agreement dated as of July 1, 2011 (the "**Second Amendatory License Agreement**"), a Third Amendatory License Agreement dated as of April 1, 2017, and a Fourth Amendatory License Agreement dated as of March 1, 2018, (the "**Fourth Amendatory License Agreement**" and together with the License Agreement, the Amendatory License Agreement, the Second Amendatory License Agreement, and the Third Amendatory License Agreement, collectively, the "**License Agreement**"), each among the Issuer, City and the SCSD, the City and the SCSD licensed to the Issuer certain existing school buildings within the SCSD and, pursuant to one or more bills of sale, conveyed title to the equipment to the Issuer (collectively, the "**Series 2008 Facilities**"). The Fourth Amendatory License Agreement will be entered into concurrently with the issuance of the Series 2018A Bonds and will have a term ending upon the later of completion of the Series 2008 Project, the Series 2010 Project, the Series 2011 Project, the Series 2017 Project or the Series 2018A Project. Concurrently therewith, the Issuer will sell and assign its license interest under the License Agreement and a bill of sale in the Series 2008 Facilities to the SCSD and the City pursuant to the Installment Sale Agreement. Installment Purchase Payments due from the SCSD and the City under the Installment Sale Agreement related to the Series 2018A Bonds, will equal principal and interest due on the Series 2018A Bonds, including the mandatory principal payments. Pursuant to §14(a) of the Syracuse Schools Act, the Board of Education for the SCSD shall be responsible for the maintenance and operation of the Series 2008 Facilities.

Pursuant to the Indenture, the Issuer will issue the Series 2018A Bonds for the benefit of the JSCB, to finance the costs of the Series 2018A Project, and reserves the right, upon request of the JSCB, to issue one or more Series of Additional Bonds under the Indenture for such purpose. The Series 2018A Project will be undertaken by the JSCB (as defined in the Installment Sale Agreement) on behalf of the City and the SCSD, as agent of the Issuer. Pursuant to the Program Manager Agreement (as defined in the Installment Sale Agreement) and §11 of the Syracuse Schools Act, the Phase II Program Manager shall manage all current projects undertaken pursuant to the Syracuse Schools Act, including providing construction consulting services at all stages of pre-development, development and construction of the Series 2018A Project.

## Security for the Series 2018A Bonds

Principal of and interest on the Series 2018A Bonds will be secured by: (i) installment purchase payments ("**Installment Purchase Payments**") made by the SCSD and the City under the Installment Sale Agreement; and (ii) the pledge of certain funds, including the Bond Fund under the Indenture. In the event the SCSD or the City fails to make an Installment Purchase Payment under the Installment Sale Agreement, the Syracuse Schools Act and the Indenture provide that, upon receipt by the New York State Comptroller (the "**State Comptroller**") of a certificate from the Trustee on behalf of the Issuer as to the amount of such failed payment, the State Comptroller shall withhold from the SCSD and the City any state and/or school aid payable to the City or the SCSD to the extent of the amount so stated in such certificate as not having been made, and shall immediately pay over to the Trustee on behalf of the Issuer the amount so withheld. See "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2018A BONDS—State Aid Intercept" and "State Aid." The Syracuse Schools Act further provides that (x) any amount of state and/or school aid so paid by the State Comptroller shall not obligate the State to make, nor entitle the SCSD or the City to receive, any additional amounts of state and/or school aid, (y) nothing contained in the Syracuse Schools Act shall be deemed to prevent the State from modifying, reducing or

eliminating any program or programs of state and/or school aid, and (z) the State shall not be obligated by the terms of the Syracuse Schools Act to maintain state and/or school aid at any particular level or amount.

The obligations of the SCSD and the City to pay Installment Purchase Payments under the Installment Sale Agreement are deemed executory only to the extent of State Aid to Education appropriated by the New York State Legislature (the “*State Legislature*”) and available to the SCSD and/or the City and appropriated by the City and approved by the SCSD for the payment of Installment Purchase Payments under the Installment Sale Agreement, and no liability on account thereof shall be incurred by the SCSD or the City beyond the amount of such State Aid to Education so available and appropriated; *provided, however*, that the failure of the SCSD and the City, for any reason (including a failure by the SCSD to budget and appropriate funds for Installment Purchase Payments, a failure by the City to approve a budget and appropriate funds providing for Installment Purchase Payments or a failure by the State to appropriate State Aid to Education) to make an Installment Purchase Payment under the Installment Sale Agreement is deemed a failure to make a payment thereunder for purposes of the state and/or school aid intercept implementing provisions of the Syracuse Schools Act and the intercept provisions of the Indenture. Payment of State Aid to Education to the SCSD and/or the City is subject to annual appropriation by the State Legislature. Except to the extent limited as provided above, the obligation of the SCSD and the City to pay Installment Purchase Payments under the Installment Sale Agreement and to perform their obligations thereunder shall be absolute and unconditional; and such Installment Purchase Payments and other amounts shall be payable without any rights of set-off, or recoupment or counterclaim or deduction and without any right of suspension, deferment, diminution or reduction they might otherwise have against the Issuer, the Trustee, any purchaser of any Series 2018A Bond or any other person and whether or not any or all of the facilities financed with the proceeds of the Series 2018A Bonds are used or occupied by the City, the JSCB or the SCSD or available for use or occupancy by the City, the JSCB or the SCSD. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2018A BONDS,” “BONDHOLDERS’ RISKS - Additional Series of Project Bonds or Series of Additional Bonds” and APPENDIX D — “Summary of Certain Provisions of the Installment Sale Agreement.”

The SCSD, the City and Manufacturers and Traders Trust Company, as depository bank (the “*Depository*”), have entered into a State Aid Depository Agreement, dated as of March 1, 2008 (the “*Depository Agreement*”), as previously amended by the First Amendment to State Aid Depository Agreement, dated as of December 1, 2010 (the “*First Amendment to State Aid Depository Agreement*”) and together with the Depository Agreement, collectively, the “*State Aid Depository Agreement*”). In accordance with the State Aid Depository Agreement, the Commissioner of Finance of the City (the “*Commissioner of Finance*”) and the President of the Board of Education of the SCSD have instructed the State Comptroller to pay all State Aid to Education directly to a designated fund (the “*State Aid Depository Fund*”) held with the Depository. Provided the City and the SCSD have made an appropriation for the payment of Installment Purchase Payments under the Installment Sale Agreement, amounts in the State Aid Depository Fund will be transferred periodically to the Trustee for deposit in the Bond Fund established under the Indenture (and to each equivalent fund under each other Series Indenture), on a Ratable Basis, toward the payment of the Series 2018A Bonds and other series of Project Bonds outstanding under each other Series Indenture, and any balance remaining will be transferred to the SCSD. Amounts in the State Aid Depository Fund will be transferred by the Depository to the Bond Fund periodically on a Ratable Basis from each December 1 until each March 31 of each Fiscal Year (the “*Collection Period*”) and will be credited against the obligation of the SCSD and the City to pay annual Installment Purchase Payments under the Installment Sale Agreement due on April 1 of each year. Although the State Aid Depository Agreement requires an immediate transfer of State Aid to Education from the State Aid Depository Fund to the Bond Fund during the Collection Period, amounts held in the

State Aid Depository Fund are not subject to the lien of the Indenture and are not pledged as security for the payment of the Series 2018A Bonds until such amounts have been transferred by the Depository to the Trustee and deposited in the Bond Fund under the Indenture.

Notwithstanding the April 1 Installment Purchase Payment Date and Base Installment Purchase Payment Date under the Installment Sale Agreement, said agreement provides that if the SCSD fails to appropriate by November 1, 2018 (or by any subsequent November 1 that the Series 2018A Bonds remain Outstanding) State Aid Revenues in an amount sufficient to pay the Installment Purchase Payment and Base Installment Purchase Payments due on the immediately succeeding April 1 (less any amounts on deposit in the Bond Fund and available on such November 1), then: (y) the SCSD shall promptly deliver written notice of such failure to appropriate to the Issuer and the Trustee, and (z) the next succeeding April 1 payment date for the annual Installment Purchase Payment Date and Base Installment Purchase Payment Date shall instead be the November 15 immediately preceding such April 1 payment date as if that November 15 were the originally scheduled annual Installment Purchase Payment Date; and if for any reason the Installment Purchase Payment and Base Installment Purchase Payments due on such November 15 are not made by such date, any such failed payment shall constitute a failure to make a payment under the Installment Sale Agreement for purposes of the Installment Sale Agreement, the Syracuse Schools Act and the State Aid intercept implementing provisions of the Indenture.

The State's 2017-2018 Enacted Budget provides for school aid of approximately \$25.8 billion, an increase of \$1.1 billion in school aid spending from the 2016-2017 school year. The majority of the increases have been targeted to high need school districts. Expense-based aids to support school construction, pupil transportation, Board of Cooperative Educational Services and special education were continued in full, as is the State's usual practice. Transportation aid increased by 5.5% and building aid increased by 4.8%. The State's 2017-18 Enacted Budget continues to link school aid increases for 2017-18 and 2018-19 to teacher and principal evaluation plans approved by September 1 of the current year in compliance with Education Law Section 3012-d. In addition, the State's 2017-18 Enacted Budget allows the Governor to reduce aid to school districts mid-year if receipts from the Federal government are less than what was expected. The Legislature then will have 90 days to approve the Governor's plan. The amount of total state aid to education projected to be received by the SCSD in fiscal year ending June 30, 2018 is \$334.6 million, which is an increase of \$13.1 million, or 4.1%, compared to the amount budgeted for the 2016-17 fiscal year.

## THE PROGRAM

### Authorization

The Program has been developed by the JSCB, pursuant to the Syracuse Schools Act and an April 1, 2004 intermunicipal agreement between the City and the SCSD as amended, and encompasses a multi-phase comprehensive redevelopment program for the reconstruction of existing public schools for the SCSD. There have been no new public schools built in the City during the past 30 years, and prior to Phase I of the Program many elementary and secondary schools in the City were in extremely poor physical condition. The Syracuse Schools Act was enacted to encourage the City and the SCSD to cooperatively undertake new and innovative ways of renovating, rehabilitating and financing existing public schools within the City. The Syracuse Schools Act authorized Phase I of the Program for various schools at a cost not to exceed \$225,000,000. The JSCB made the determination that a finance plan consisting of approximately \$151,000,000 of project funds for Phase I was sufficient for the projects to be undertaken in such Phase I. Phase I included extensive renovations to four SCSD school buildings (Central Tech, Fowler, HW Smith and Dr. Weeks), and minor renovations at two other SCSD buildings (Clary and Bellevue Academy at Shea). The JSCB has closed all Phase I projects.

Legislation authorizing Phase II of the Program at a cost not to exceed \$300 million was enacted on October 25, 2013. Legislation was subsequently enacted on March 17, 2014 specifying 15 existing buildings to be included in Phase II. The first seven Phase II projects are approved by the Commissioner of NYSED and include the following: Bellevue Elementary, Ed Smith Pre-K-8, Frazer Pre-K-8, Grant Middle, Huntington Pre-K-8, Public Service Leadership Academy at Fowler and Westside Academy at Blodgett. Preliminary planning is underway for projects at the following school buildings: Clary, Corcoran, Danforth, Expeditionary Learning, Henninger, Nottingham and Shea. In addition to the issuance of the Series 2018A Bonds, the JSCB anticipates the issuance of additional tranches of bonds to complete the Phase II projects.

### Program Overview

With the assistance of the Phase I Program Manager, the JSCB has closed out Phase I of the Program for various schools identified herein and as authorized by the Syracuse Schools Act. It is anticipated that ongoing costs of Phase II and subsequent phases of the Program will be funded by the issuance of one or more series of Project Bonds under separate Series Indentures. The total cost to complete all Phases of the Program (I-IV) is currently estimated to be approximately \$1.2 billion. Phases III and IV will be subject to future authorization by the State Legislature.

The public school facilities of the SCSD have not been updated or improved in a number of years. While in generally sound structural condition, many of the school buildings are currently inadequate to meet current instructional requirements for delivering a 21st century education.

It is the expectation of the City and the SCSD that through the payment of a portion of State Aid to Education constituting building aid ("*State Building Aid*"), the State will reimburse a substantial portion of the cost to reconstruct existing schools, including costs associated with the Series 2018A Project. For information regarding projection assumptions see "PROGRAM PARTICIPANTS - SCSD Financial Plan."

### The Series 2008 Project

A portion of the Series 2008A Bonds financed the following: (i) rehabilitation of, and the acquisition of equipment and furnishings for, Central Technical High School (the "*Central Tech Project*") and (ii) preparation of designs and specifications (the "*Design Phase*") for reconstruction and

rehabilitation of Blodgett School, Shea Middle School, Dr. Weeks Elementary, Clary Middle School, Fowler High School and H.W. Smith Elementary School (the Central Tech Project and the Design Phase, are herein collectively referred to as the “*Original Series 2008 Project*”). On July 6, 2009, the Issuer amended the purposes to be financed with the proceed of the Series 2008A Bonds to include the acquisition, construction, and installation of various improvements to the Dr. Weeks Elementary School, Clary Middle School, Shea Middle School, H.W. Smith Elementary School and Fowler High School (the “*Amended Series 2008 Project*” and together with the Original Series 2008 Project, the “*Series 2008 Project*”).

### **The Series 2010 Project**

A portion of the Series 2010 Bonds provided additional financing for the general reconstruction of the Institute of Technology, Shea Middle School, Dr. Weeks Elementary School, Clary Middle School, Fowler High School, H.W. Smith Elementary School, including site work, exterior and interior building improvements and additions, and mechanical and electrical upgrades.

### **The Series 2011 Project**

The Series 2011 Project, included the completion of the 2011 Dr. Weeks Project, the 2011 H.W. Smith Project and the 2011 Fowler Project (collectively the “Series 2011 Project”). The construction start date for the Phase I of the Project was July 2009, and the construction completion date was December 2013.

The total final cost of all of Phase I was approximately \$151,000,000. All Phase I contracts are closed.

### **The Series 2017 Project**

The Series 2017 Project consisted of the refunding by the Issuer of all of the outstanding Series 2008A Bonds, through the issuance on April 20, 2017 of its Series 2017 Bonds.

### **Phase II of the Program**

The first seven Phase II projects are approved by the Commissioner of NYSED and include the following: Bellevue Elementary, Ed Smith Pre K-8, Frazer Pre K-8, Grant Middle, Huntington Pre K-8, Public Service Leadership Academy at Fowler and Westside Academy at Blodgett. Preliminary planning is underway for projects at the following school buildings: Clary, Corcoran, Danforth, Expeditionary Learning, Henninger, Nottingham and Shea. The total estimated project cost of Phase II is \$291,500,000.

The Series 2018A Bonds are being issued to finance the costs of the Series 2018A Project including design and/or reconstruction, construction and rehabilitation of Bellevue Elementary, Frazer Pre-K-8 School, Ed Smith Pre K-8 School and Grant Middle School and the acquisition of certain equipment, fixtures and furnishings for use by the SCSD at these schools. It is anticipated that permanent financing will occur in May 2018 for the projects at Public Service Leadership Academy at Fowler, Huntington Pre K-8 and Westside Academy at Blodgett.

It is anticipated that financing of the remaining projects will occur in the second quarter of 2019.

## **PROGRAM PARTICIPANTS**

### **The City**

The City is a municipal corporation and the fifth largest city in the State. The City encompasses a land area of 26 square miles in the north central portion of the State near Lake Ontario. According to 2016 interim data released by the U.S. Census Bureau, the City's population is 144,350 (a decline of 820 persons since the 2010 census).

The City, which was incorporated in 1848, operates under a Charter adopted in 1960 (the "Charter"). In accordance with its Charter, the City has a strong Mayor-Council form of government. The Mayor, as chief executive officer, is the head of the Executive Department and oversees all administrative functions. The Common Council performs all legislative duties.

The City is responsible for and provides the following general municipal services: police, fire, sanitation, street maintenance, parks and recreation, and property assessment. Air transportation is available at the Hancock International Airport, which is owned by the City and operated by the Syracuse Regional Airport Authority. The City operates a water system and is responsible for sewage collection. The County of Onondaga (the "County") provides sewage treatment. The City supports the cost of primary and secondary education expenditures, however, the SCSD is governed by an independently elected Board of Education whose members oversee the administration of the City's school system.

The Mayor is elected at a general election to serve a four-year term and may succeed himself / herself for one additional term. The current Mayor was elected in November 2017, and began his first four-year term on January 1, 2018. According to the City Charter, the Mayor is the chief executive officer of the City and appoints all department heads (except the City Auditor, who is elected) to serve at his or her pleasure. The Mayor is responsible for the day-to-day operations of the City government. The Common Council may override a mayoral veto subject to the terms and conditions specified in the Charter.

The Common Council is the legislative body of the City and consists of a Council President, four members elected at-large to serve four-year terms and five district members elected to serve two-year terms. It is the responsibility of the Common Council to approve all legislation, including ordinances and local laws, adopt and modify as required the City's operating and capital budgets, levy real property taxes and authorize the issuance of all indebtedness.

### **The SCSD and Board of Education**

The SCSD is governed by an independently elected seven-member Board of Education. Members are elected at-large to serve four-year terms; there is no restriction as to the number of terms that may be served. The Board of Education is responsible for managing the school system in accordance with the provisions of the State Education Law. A Superintendent of Schools is appointed by the Board of Education to administer policy and supervise the day-to-day activities of the SCSD. The SCSD prepares its own financial statements, which are audited separately from the financial statements of the City (the City and the SCSD utilize the same independent auditors). However, the City includes certain of the SCSD's statements in its financial statements.

The SCSD is primarily dependent upon the City for taxation and debt issuance. See "BONDHOLDERS' RISKS" herein. However, the SCSD receives significant portions of its operating budget from the State, the federal government and local sales tax collections. The Common Council of the City approves the budget of the SCSD but does not otherwise control the budget of the SCSD. According to the NYSED 2016-17 School Report Card of the SCSD, student enrollment for 2016-17 was

19,543 in grades K-12, which included ungraded elementary and ungraded secondary enrollments. In addition, the NYSED reported 1,749 students were enrolled in the SCSD's half and full day Pre-Kindergarten program for 2016-17. The SCSD operates 41 buildings, including 34 school buildings, and currently employs approximately 4,557 persons in full and part-time capacities, with 3,739 of these individuals represented through a collective bargaining unit. The following table sets forth certain actual and projected statistics relating to the school system.

**Charter Schools**

A charter school can be a public school and is financed through public, local, State, or federal funds but is independent of local school boards. The authority of the charter school to provide education is through a "charter," a type of contract, between the charter school board of trustees and one of the chartering entities that has been approved and issued by the Board of Regents. School districts in the State are required to pay an amount to the charter school for each resident pupil so enrolled that is equal to the approved operating expense per pupil of the school district. The exact amount payable for each pupil equals the product of the approved operating expense per pupil and the full-time-equivalent enrollment of the students in the charter school.

There are currently three charter schools operating in the City. Enrollments at these schools increased from 1,565 students in the 2016-17 school year to 1,801(projected) in the 2017-18 school year. According to SCSD officials, in 2017-18 charter school funding is \$12,930 per student for regular education, \$6,572 per student for 20% special education, and \$12,048 per student for 60% special education, for a projected total of approximately \$24.3 million. In the 2016-17 school year, the amount of charter school funding was \$12,430 per student for regular education, \$6,458 per student for 20% special education, and \$11,840 per student for 60% special education, for a total of \$19.7 million. Increases are due to increases in expected charter school enrollment.

**SCSD Budget — Year Ending June 30, 2018**

The SCSD general fund budget for fiscal year ending June 30, 2018 that was submitted to the Mayor for inclusion in the Citywide budget, requested approval for total spending of \$427.7 million. Such budget was approved on May 8, 2017 by the Common Council at the City, after making certain line item changes and decreasing the aggregate spending amount to \$417.6 million. The Mayor approved the SCSD 2017-18 budget on May 22, 2017.

The SCSD 2017-18 general fund budget provides for total appropriations for operations of \$417.6 million, including other financing sources. Estimated revenue and financing sources for the budget with applicable percentages are as follows: State Aid to Education of \$334.6 million (80.1%); the City provides \$58.8 million, derived from property tax collections (14.1%) and \$6.5 million from School Tax Relief (1.6%); federal aid of \$1.69 million (0.4%); sales tax collections of \$0.6 million (0.2%) and miscellaneous revenue of \$6.4 million (1.5%). The 2017-18 general fund budget of SCSD also includes an \$8.9 million appropriation of fund balance, 2.1% of total appropriations for the year.

The SCSD applies for, and historically has received, approval for a significant number of categorical State and federal grants. For 2016-17 the SCSD received \$74,468,404 in grants SCSD officials expect \$81,400,000 in such funds during 2017-18. These grants are accounted for in the SCSD's "Special Revenue Fund" and are not part of the SCSD's general fund budget. Of the \$74,468,404 in grants received in 2016-17, \$39,517,061 was from federal sources. SCSD officials expect that of the \$81,400,000 projected to be received during 2017-18, \$41,305,977 will be from federal sources. (see "BONDHOLDERS' RISKS – Executive Order on Sanctuary Cities")

## **SCSD Financial Plan**

The following section relating to the SCSD's financial plan was provided by SCSD officials.

The SCSD maintains a 5-year financial plan for the General and Special Aid Funds. Such plan includes projections for the fiscal years 2017-18 through 2021-22.

General Fund revenue is projected to grow in each year of the forecast. Revenue is projected to increase by \$13.74 million (3.4%) in 2018-19 and \$12.7 million (2.90%) in 2019-20. Thereafter annual revenue growth is projected at \$12.5 million (3.00%) in fiscal year 2020-21, and \$13.2 million (3%) in fiscal year 2021-22. Real property tax revenues are projected to remain relatively flat through fiscal year 2021-22. See "Tax Levy Limitation," herein. State Aid to Education, which currently makes up 80% of estimated revenue for the SCSD's General Fund budget, is projected to increase 3.3% in fiscal year 2018-19. Thereafter, State Aid is projected to increase 4.5% in 2019-20, 3.4% in 2020-21, and 3.3% in fiscal year 2021-22, based upon the SCSD's expectation that it will receive such aid. Based on the SCSD's assumptions, State Aid to Education would constitute approximately 84% of total general fund revenue by fiscal year 2021-22.

Funding for special aid programs is projected to be \$81.4 million in fiscal year 2017-18, and decline to \$67.2 million in fiscal year 2018-19 and \$64.9 million in 2019-20. Special aid revenue is projected to decrease to \$63.9 in 2020-21 and remain the same in 2021-22.

The SCSD plans to closely manage contractual services, health care expenses, and staffing in order control costs during the five years of the financial plan. Total full-time employment is anticipated to increase by 114 positions in 2017-18. Staffing is projected to remain constant or decline for the remainder of the forecast. The SCSD financial plan projects that \$8.9 million in fund balance will be used to balance the budget in 2017-18. Assigned and unassigned fund balance as of June 30, 2017 was \$43.8 million, and is projected to decline to \$34.9 million as of June 30, 2018 and decrease by \$8 million per year in 2018-19 and 2019-20, and by \$7 million in 2020-21. No use of fund balance is assumed in 2021-22

## **Employee Benefit Plans**

### *General Information*

SCSD participates in the State and Local Employees' Retirement System ("ERS") and the State Teachers' Retirement System ("TRS"). Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law ("NYSRSSL"). The systems offer a wide range of plans and benefits which are related to years of service and final average salary, vesting of retirement benefits, death and disability benefits and optional methods of benefit payments. All benefits generally vest after five years of credited service and are based on the projected unit credit method of valuation (see discussion of recently implemented Tier V, which increases vesting period to 10 years).

NYSRSSL provides that participating employers in each system are jointly and severally liable for any actuarial unfunded amounts. Such amounts are collected through annual billings to all participating employers (See below). Generally, all employees, except certain part-time employees, participate in the systems. ERS and TRS are generally noncontributory systems except that members with less than 10 years of credited service must contribute 3% of their salary for retirement benefits (However, see below for information on the recently implemented Tier V for new TRS and ERS members).

## **Retirement System Billing Procedures**

### *TRS*

TRS contributions are paid as a reduction in State Aid to Education payments due September 15, October 15 and November 15 of the succeeding fiscal year. Any deficiency or excess in TRS contributions are settled on a current basis in the month of January.

### *ERS*

The City's contributions to ERS historically were due on or before December 15 of each year, however legislation changed the date to February 1, effective February 2005 (see below). Such contributions are based on salary estimates for the fiscal year ending on March 31 of the next calendar year.

## **Pension Reform**

The State enacted pension reform legislation in 2003 and 2004, which changed the methods for determining contributions to ERS by participating member employers such as the SCSD and enacted certain other changes described herein.

Chapter 49 of the Laws of 2003 established minimum annual contributions to ERS and modified the billing cycles to better match the budget cycles of participating members. The valuation date for ERS was changed from April 1 in the year of contribution to April 1 of the second calendar year preceding the contribution due date. Employers now have better information for budgeting retirement costs as a result of the change in the valuation date. The legislation provided that minimum retirement contributions will be made by employers each year including for those years in which favorable investment returns would permit lower contributions.

Chapter 260 of the Laws of 2004 changed the due date for ERS contributions from December 15 to February 1, effective for contributions scheduled for payment on December 15, 2004 and thereafter. The period for amortizing excess contributions was increased from five years to ten years. ERS contributions were amortized through the State at market rates of interest determined by the State Comptroller. Alternatively, employers were authorized to issue taxable bonds to finance their eligible excess contributions. ERS members were authorized to amortize contributions due in 2006 and 2007 if such contributions exceed 9.5% and 10.5% of payroll, respectively. SCSD officials have indicated that all ERS contributions which were eligible for amortization were paid in full.

On December 10, 2009, then Governor Paterson signed into law a new Tier 5. The law is effective for new ERS and TRS employees hired after January 1, 2010. New ERS employees will now contribute 3% of their salaries and new TRS employees will contribute 3.5% of their salaries. There is no provision for these contributions to cease after a certain period of service.

On September 1, 2016, the State Comptroller announced for Fiscal Year 2017-18, the average contribution rate for ERS decreasing from 15.5% to 15.3%. Projections for required contributions will vary by employer depending on factors such as retirement plans, salaries and the distribution of their employees among six retirement tiers. The employer contribution rates announced will apply to each employee's salary base during the period of April 1, 2017 through March 31, 2018. Payments based on those rates are due by February 1, 2018, but may be prepaid by December 15, 2017.

**Retirement Contributions**

The SCSD adopted GASB Statement No. 68, Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27. Statement No. 68 establishes accounting and financial reporting requirements related to pensions for governments whose employees are provided with pensions through pension plans that are covered by the scope of Statement No. 68, as well as for non-employer governments that have a legal obligation to contribute to those plans. This statement required the addition of several lines to the SCSD government-wide financial statements and a cumulative change in accounting principle adjustment to net position as shown on page 21 of the audited financial statements for the fiscal year ended June 30, 2017.

The SCSD also adopted GASB Statement No. 71, Pension Transitions for Contributions Made Subsequent to the Transition Date – an amendment of GASB Statement No. 68. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, Accounting and Financial Reporting for Pensions. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or non-employer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. This Statement required accounting for the impact of the payment the SCSD made to the New York State Retirement Systems during the fiscal year on the SCSD's portion of net pension asset from TRS.

Deferred outflows of \$128.0 million and deferred inflows of \$11.3 million, an increase of \$83.2 million and a decrease of \$29.2 million, respectively from the prior year, were also recognized in the fiscal year ended June 30, 2017 in accordance with GASB Statement No. 68 and 71 for the SCSD's share of the ERS and TRS pensions.

See "Notes to Financial Statements" in the SCSD's audited financial statements for the fiscal year ended June 30, 2017.

For the years ended June 30, 2013 through 2017 and the amounts budgeted for 2018, the SCSD's contributions to the SRS are as follows:

**Accounting for Retirement Costs**

Effective for the fiscal year ended June 30, 2005, the City and the SCSD changed the method of accounting for retirement costs from a cash basis to an accrual basis.

In connection with the conversion to full accrual accounting for retirement benefits, the SCSD received a \$5 million special apportionment of State Aid to Education provided to mitigate the effects of this change. The SCSD repaid the special apportionment of State Aid to Education in September 2005 and no further aid apportionments were required to make the transition to accrual accounting for retirement expenses.

### **Post Employment Benefits**

In addition to providing pension benefits, the SCSD provides certain health care benefits to retired employees. The various collective bargaining agreements stipulate the employees covered and the percentage of contribution. Contributions by SCSD may vary according to length of service. Substantially all of the SCSD's employees may become eligible for those benefits if they reach normal retirement age while working for SCSD. The cost of retiree health care benefits is recognized as an expenditure as claims are paid.

In June 2004, the Government Accounting Standards Board ("GASB") has issued its Statement No. 45 entitled "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions" (the "GASB 45 Statement") which requires governmental employers to measure and disclose an amount for annual other postemployment benefits ("OPEB") on an accrual basis of accounting. Under the proposed new standards, annual OPEB costs would be equal to the employer's required annual contribution ("ARC"), with certain adjustments for past under-or over OPEB contributions. The ARC is defined as the required contribution including normal costs and charges for unfunded actuarial liabilities, which may be amortized over a period not to exceed thirty years. The GASB 45 Statement first applied to the SCSD for the fiscal year ended June 30, 2008.

#### *Actuarial Valuation Report*

The SCSD separately engaged an actuarial firm to value the other postemployment benefits with respect to their employees. Such valuation was completed and the actuary's report issued. The report was prepared as of July 1, 2015 and forms the basis of the information required by GASB 45 to be reported in the SCSD's entity wide statements for the year ended June 30, 2017. Pursuant to the valuation, the SCSD's accrued actuarial liability ("AAL") is approximately \$602,635,036 and there were no plan assets. The covered payroll (annual payroll of active employees covered by the plan) was \$228,301,311 and the ratio of the liability to the covered payroll was 263.96%. The SCSD's ARC for 2017 was \$51,026,363. The annual OPEB cost for fiscal 2017, which includes the ARC, interest on net OPEB obligations (\$18,483,451) and an adjustment to the ARC (minus \$26,722,495), was \$42,787,319. After deducting contributions made of \$18,540,725, the net increase in the SCSD net OPEB obligation for the year was \$24,246,594. See "Notes to Financial Statements- Note 8" (page 49) in the audited financial statements of the SCSD for the fiscal year ended June 30, 2017.

In the most recent actuarial valuation the projected unit credit cost method was used. The actuarial assumptions included a 4.00% investment rate of return, which is based on the portfolio of the SCSD's general assets used to pay these benefits and an annual health care cost trend rate of 7.25% initially, decreasing to 3.89% after sixty years for Pre-65 individuals and 5.70% initially, decreasing to 3.89% for Post-65 individuals after sixty years. The prescription cost trend begins at 10.50% initially and decreases to 3.89% after sixty years. The Medicare Part B cost trend begins at 5.70% initially and decreases to 3.89% after sixty years. Both rates include a 2.25% inflation assumption. The UAAL is being amortized based on a level percentage of projected payroll on an open basis. The remaining amortization period as of June 30, 2017 was 30 years.

The funding status of the SCSD’s retiree medical program is as follows:

| Actuarial<br>Valuation<br>Date | Actuarial<br>Value of<br>Assets<br>(a) | Actuarial<br>Accrued<br>Liability<br>(AAL) -<br>Unit Credit<br>(b) | Unfunded<br>AAL<br>(UAAL)<br>(b-a) | Funded<br>Ratio<br>(a/b) |
|--------------------------------|--|--|------------------------------------|--------------------------|
| 07-01-15                       | \$ -0-                                 | \$602.6 M  | \$602.6 M                          | 0.0%                     |

See “Schedule Of Funding Progress For Postemployment Benefits For The Year Ended June 30, 2017” (page 53) in the audited financial statements of the SCSD for the fiscal year ended June 30, 2017.

**The JSCB**

The JSCB has been authorized by the Syracuse Schools Act, in conjunction with the Issuer, to assist in the reconstruction, equipping and furnishing of public schools in the City which is commonly referred to as the planned comprehensive SCSD wide reconstruction program. The JSCB has completed Phase I of this program and is currently undertaking Phase II. Phases III-IV of the reconstruction program are contingent upon State authorization (See “The Program” herein).

The JSCB is comprised of seven (7) Board Members, consisting of: the Mayor, the Superintendent of the SCSD, three (3) additional members appointed by the Mayor, and two (2) additional members appointed by the Superintendent of the SCSD.

**New York State Education Department**

The management, regulation and funding of the SCSD is subject to the review of the New York State Education Department (the "SED"). The SED has also determined State Building Aid reimbursement for improvements to school facilities undertaken in accordance with the Program. The SED is the administrative agency of the Board of Regents (the "Board of Regents") of the University of the State of New York (the "University"). The Board of Regents was established by an act of the State Legislature in 1784 and is vested with constitutional responsibility for determining and formulating State educational policy. The University, over which the Board of Regents presides, is a corporation authorized to charter, review and regulate educational institutions and activities within the State. The University encompasses all State educational programs, from kindergarten through graduate and professional schools and includes libraries, museums and other related cultural and educational institutions as may be admitted to the University or incorporated by the Board of Regents. It consists of almost 6,000 elementary and secondary public and private schools and 250 independent and public colleges and universities.

**The Program Manager**

Pursuant to the provisions of the Syracuse Schools Act, the Phase I and Phase II Program Managers (the “Program Managers”) were selected by the JSCB to implement the first two phases of the Program under the supervision of the City Engineer. Pursuant to the respective Program Manager Agreement for the Program Managers, the Program Managers are obligated and required to provide construction consulting and oversight services for the JSCB with respect to all stages of predevelopment, development, construction and reconstruction with regard to Phase I and Phase II of the Program.

Specifically, the Program Managers have the duty to manage and oversee all aspects of all projects undertaken pursuant to the Syracuse Schools Act, to wit: (1) develop and implement procedures for projects undertaken and contracted for by the JSCB; (2) review plans and specifications for such projects; (3) develop project budgets and assist the JSCB; (4) create a training program to ensure a supply of skilled labor for the Program; (5) execute and manage a project labor agreement if required by the JSCB; and (6) provide construction management services for the Program. The Program Managers will present all contract or payment requests to the City Engineer for preliminary review and approval. The City Engineer will then, after being satisfied that all contract conditions have been met, forward each requisition with respect to the Program to the JSCB for approval in summary form.

**State Aid to Education**

*General*

The SCSD receives substantial financial assistance from the State. For the 2017-18 fiscal year, the SCSD’s general fund budget includes approximately 80.1% of its estimated revenues in the form of State Aid to Education, including other financing sources. State Aid to Education for public schools comes primarily from the State’s general fund wherein the major revenue source is the State income and sales taxes. The balance of State Aid to Education for public schools comes from a special revenue fund account supported by lottery receipts.

The following table sets forth the total amount of State Aid to Education received by the SCSD for fiscal years ended June 30, 2007 through 2017 and the amount included in the budget for the 2017-18 fiscal year and the proposed Executive Budget for the 2018-19 fiscal year:

(1) Excludes School Tax Relief (“STAR”) aid

The aggregate of estimated maximum annual Installment Purchase Payments with respect to all Project Bonds outstanding and the Series 2018A Bonds is \$\_\_\_\_\_.

The amount of State Aid to Education estimated to be received by the SCSD in the fiscal year ending June 30, 2018 is \$334.6 million and has averaged approximately \$294.6 million over the five fiscal years ended June 30, 2017.

No assurance can be given that the amount of State Aid to Education will continue or be available in these amounts in future fiscal years. (See "BONDHOLDERS' RISKS - The State's Financial Condition, Reduced State Aid, Delayed Payment" and "APPENDIX A — Certain Financial Information and Audited Financial Statements of the Board of Education of the City School District of the City of Syracuse.")

Beginning with the 2007-08 fiscal year, the majority of State Aid to Education received by the SCSD has been "Foundation Aid." Foundation Aid was established by the 2007-08 State budget and combined four categorical aid grants with certain other formula aids. Formula aids consist of State Aid to Education determined in accordance with an application submitted to SED, which incorporates required data concerning district enrollment, attendance and approved expenditures. As a result of poor economic conditions then affecting the State, no increase in Foundation Aid was received by the SCSD in fiscal years 2009-10, 2010-11, or 2011-12. The SCSD received its first increase in Foundation Aid since 2008-09 with the adoption of the 2012-13 New York State Budget and has since received increases each year. Foundation Aid may decline in the future and no assurance can be given that Foundation Aid will continue at its current level. In addition, no assurance can be given that other categories of State Aid to Education will continue at current levels or will increase in the future. See "BONDHOLDERS' RISKS - The State's Financial Condition, Reduced State Aid, Delayed Payment."

The receipt of Foundation Aid is dependent upon, among others, satisfaction of certain monitoring and expenditure requirements. In addition, within Foundation Aid there are stipulations that the SCSD must use a formula-based amount on new programs, or expansion of existing programs, to improve student achievement, as outlined in the Contract for Excellence ("CFE"). For fiscal years 2016-17 and 2017-18, the total CFE set-aside is expected to be \$12.7 million for each fiscal year. In addition to the CFE set aside, the SCSD 2016-17 budget included a new component of Foundation Aid which includes a \$10.2 million set aside for community schools. In 2017-18 the budgeted community schools set aside is \$11.7 million. Such set aside contains spending requirements and restrictions similar to those in the Contract for Excellence.

Another State Aid to Education category, Charter School Transitional Aid, was established in the 2007-08 State Budget to help provide relief from the financial drain caused by the significant number of charter school students in certain school districts, including the SCSD. This aid continues on a rolling basis so long as charter school enrollment continues to increase. The following table indicates the amount of Charter School Transitional Aid received by the SCSD in each of the fiscal years June 30, 2012 through 2017, and as budgeted for 2018.

| <u>Fiscal Year:</u> | <u>Charter School<br/>Transitional Aid:</u> |
|---------------------|---|
| 2012                | \$1,708,376                                 |
| 2013                | 2,488,598                                   |
| 2014                | 2,238,068                                   |
| 2015                | 1,453,074                                   |
| 2016                | 2,152,172                                   |
| 2017                | 1,589,032                                   |
| 2018 (Budget)       | 2,063,380                                   |

In addition to Charter School Transitional Aid, beginning with the fiscal year 2015-16, the State established another aid category called Charter School Supplemental Tuition Reimbursement, which reimburses the SCSD for any amounts in base tuition paid in the prior year that exceed the 2010-11 base

tuition of \$11,930 per pupil. The SCSD received Charter School Supplemental Tuition Reimbursement in the amount of \$0.4 million in fiscal year 2015-16 or \$256 per charter school pupil. In 2016-17 this aid was \$0.5 million or \$350 per charter school pupil. In 2017-18 this aid is budgeted to be \$0.8 million or \$500 per charter school pupil.

The SCSD receives State Aid to Education in multiple installments throughout its fiscal year based on a formula established by SED. Cash distributions of this aid are net of the SCSD's required contributions to the Teachers' Retirement System, which are generally withheld for distributions in the months of September, October and November.

The 2017-18 Enacted State Budget included a provision linking the payment of additional State Aid to compliance with a modified teacher evaluation process which provides that school districts will not be eligible for aid unless they have negotiated the optional components of evaluations with their local unions and obtained State approval by September 1, 2017. The SCSD is in compliance with the modified teacher evaluation process.

Payment of State Aid to the SCSD may be withheld due to the failure of the City or the Board of Education to comply with various requirements of State law or the regulations of the Commissioner of Education relating to instructional programs, programs for the handicapped or other matters or the failure of the City to pay debt service on obligations issued for school purposes. In addition, the State may withhold aid if the SCSD fails to meet the deadline for submitting its independent audit report to the State Education Department. Pursuant to Section 2116-a of the Education Law, the SCSD must file such report no later than January 1<sup>st</sup>, however, the State has granted school districts a 30-day "grace period" before aid is withheld. The SCSD filed its report for fiscal year 2016-17 within such grace period. The City and the Board of Education believe that they are in material compliance with all other requirements and have made the necessary debt service appropriations.

As stated below under "State Aid Intercept," in the event the SCSD and the City fail to make an Installment Purchase Payment under the Installment Sale Agreement, the Syracuse Schools Act and the Indenture provide that upon receipt by the State Comptroller of a certificate from the Trustee on behalf of the Issuer stating the amount of such failed payment, the State Comptroller shall withhold any State and/or school aid from the SCSD and the City payable thereto to the extent of the amount so stated in such certificate as not having been made, and shall immediately pay over to the Trustee on behalf of the Issuer the amount so withheld. The Syracuse Schools Act provides that (x) any amount of State and/or school aid paid by the State Comptroller shall not obligate the State to make, nor entitle the SCSD to receive, any additional amounts of State and/or school aid, (y) nothing contained in the Syracuse Schools Act shall be deemed to prevent the State from modifying, reducing or eliminating any program or programs of State and/or school aid, and (z) the State shall not be obligated by the terms of the Syracuse Schools Act to maintain State and/or school aid at any particular level or amount. No assurance can be given that present State and/or school aid levels will be maintained in the future. State budgetary restrictions which eliminate or substantially reduce State and/or school aid could have a material adverse effect upon the SCSD, requiring either a counterbalancing increase in revenues from other sources to the extent available, or a curtailment of expenditures. If in any year the State fails to adopt its budget in a timely manner, municipalities and school districts in the State, including the City and the SCSD, may be adversely affected by a delay in the payment of State and/or school aid.

#### *State Building Aid*

A portion of State Aid received each year by the SCSD constitutes State Building Aid. State Building Aid is available for certain approved capital improvements to school buildings housing elementary and/or secondary students, and for school bus garages. A project is not eligible for aid unless

the construction costs of the project are equal to or exceed \$10,000, excluding incidental costs. Consistent with Section 3602, subdivision 6 of the Education Law, construction may include the construction of new buildings or additions, alterations and the reconstruction of existing facilities.

The purpose of State Building Aid is to assure that each school district provides suitable and adequate facilities to accommodate its students and programs. To this end, new facilities, new buildings, additions, major alterations must meet specific standards pertaining to the type, size and number of teaching stations, as well as building code requirements. Existing facilities must meet health and safety regulations, and reconstruction of existing facilities must meet building code requirements.

The Commissioner of Education must approve plans and specifications for the capital construction projects undertaken by the SCSD. This charge is administered by the Office of Facilities Planning pursuant to Section 408 of the Education Law and Part 155.2 of the Regulations of the Commissioner of Education.

Eligibility for new construction is determined through an assessment of information contained in the SCDC's long-range plan, and includes educational need, a comparison of pupil enrollment projections, and the rated pupil capacity of existing buildings. In the case of school buildings, State Building Aid is a function of the pupil capacity assigned to the capital construction project.

The SCSD received a building aid ratio of 98% from the State on eligible expenses for Phase I projects. State Building Aid fluctuates from year to year based on a number of factors, including the ratio of the City's wealth to the State's average wealth. Currently, SCSD State Building Aid is at 98% for new projects, which SCSD officials anticipate will be the building aid ratio for eligible Phase II projects.

**The State is not obligated to continue to make State Building Aid payments. No assurance can be given that State Building Aid will continue to be received by the SCSD or the City or, if received, will be in amounts comparable to the amounts of State Building Aid received by the SCSD or the City in the past. State budgetary restrictions could eliminate or substantially reduce State Building Aid in the future. See "BONDHOLDERS' RISKS - The State's Financial Condition, Reduced State Aid, Delayed Payment."**

Pursuant to Chapter 383 of the Laws of 2001 ("Chapter 383"), certain provisions of the Education Law have been amended to impose an "assumed amortization schedule" on certain debt incurred by the City for school construction purposes and to thereby revise the manner in which State Building Aid is to be paid to the SCSD with respect to school debt in fiscal years commencing July 1, 2002. Chapter 383 requires that the State Education Department reset the interest rate used to calculate the "assumed amortization schedule" at least once every 10 years. The State's 2017-18 Enacted Budget provides for the reset to be postponed until the State's 2017-18 Fiscal Year. The SCSD has applied for a partial waiver from the interest rate reset for the 2017-18 fiscal year.

Subject to certain limited exceptions, assumed amortization for capital construction projects approved by the Commissioner of SED on and after July 1, 2011 will begin on the later of 18 months after SED approval or when the final cost report and certificate of substantial completion have been received by SED.

### **New York State Budget Process**

*The following discussion is included because all payments under the Installment Sale Agreement will be derived from State Aid to Education, which State Aid to Education is subject to annual appropriation by the State Legislature.*

The State's budget process is based on an executive budget system under which the Governor is required by the State Constitution to seek and coordinate requests from agencies of the State government, develop a "complete" plan of proposed expenditures and the revenues available to support them (a "balanced budget"), and submit a budget to the State Legislature along with the appropriation bills and other legislation required to carry out budgetary recommendations. The Governor is also required by the State Finance Law to manage the budget through administrative actions during the fiscal year.

The State's fiscal year begins April 1 and ends on March 31. However, the actual "budget cycle," representing the time between early budget preparation and last-minute disbursements, begins some nine months earlier and lasts approximately 27 months, until the expiration of the State Comptroller's authority to honor vouchers against the previous fiscal year's appropriations.

#### *Agency Budget Preparation (June–September/October)*

The formal budget cycle begins when the Budget Director (the "Budget Director") of the Division of the Budget of the State (the "Division of the Budget") issues a policy memorandum — the "call letter" — to agency heads. The call letter outlines, in general terms, the Governor's priorities for the coming year, alerts the Issuer heads to expected fiscal constraints and informs agencies of the schedule for submitting requests to the Division of the Budget.

#### *Division of the Budget Review (September/October–December)*

Agencies typically submit their budget requests to the Division of the Budget in September or October, with copies provided to the legislative fiscal committees. Examination units within the Division then analyze the requests of agencies for which they have responsibility. In November, the Budget Director conducts a series of constitutionally authorized "formal" budget hearings, giving agency heads an opportunity to present and discuss their budget requests and giving the staff of the Division of the Budget and the Governor's office an "on-the-record" opportunity to raise critical questions on programs, policies and priorities.

Through late November, the Division of the Budget's examiners transform agency requests into preliminary budget and personnel recommendations which are reviewed in detail with the Budget Director. The staff also prepares the appropriation bills and any other legislation required to carry out these recommendations. By early December, the Division of the Budget will normally have completed its recommendations on both revenues and expenditures, and presented them to the Governor and the Governor's staff. Budget staff then prepares the tables and the narrative that accompany each agency budget, and the descriptions and forecasts of individual revenue sources.

#### *The Governor's Decisions (November–January)*

The Governor and staff, who are also preparing the annual message to the State Legislature (the "State-of-the-State" message which the Governor presents to the State Legislature when it convenes in January), are conversant with the budget throughout its development.

#### *Legislative Action (January–March)*

The Governor typically submits the Executive Budget to the Legislature in mid-January or following a gubernatorial election year, by February 1, along with the related appropriation, revenue and other budget bills concerning State operations, aid to localities, capital projects and debt service. The State's Five-Year Capital and Financing Plan is also submitted with the Executive Budget. Within 10 days, the Division of the Budget provides the State Legislature with additional financial information

supporting the Executive Budget. A three-year financial projection is submitted no later than 30 days following submission of the Executive Budget.

The Legislature, primarily through its fiscal committees - Senate Finance and Assembly Ways and Means - then analyzes the Executive spending proposals and revenue estimates, holding public hearings on major programs and seeking further information from the staffs of the Division of the Budget and other State agencies. Following that review, the State Legislature acts on the appropriation bill submitted with the Executive Budget to reflect its decisions.

The appropriation bills, except for those items which were added by the State Legislature and the appropriation for the State Legislature and Judiciary, become law without further action by the Governor. The Governor must approve or disapprove all or parts of the appropriation bills covering the State Legislature and Judiciary and may use the line item veto to disapprove items added by the State Legislature. As provided in the Constitution, the State Legislature may override the Governor's veto by the vote of two-thirds of the members of each house. The passage of the appropriation bills provides a legal foundation for the disbursement of funds during the new fiscal year.

#### *Budget Execution (March)*

At this point the budget process enters a new phase-budget execution. As a first step, the Division of the Budget approves "certificates of allocation" informing the State Comptroller that accounts may be established as specified in the certificates and that vouchers drawn against the accounts may be honored.

In addition, the Division of the Budget keeps a close watch throughout the year on the flow of revenue and the pattern of expenditures against its projections. This information is reflected in quarterly updates of the Financial Plan which are provided to the State Legislature, as required by law, in April (or as soon as practicable after budget enactment), July, October and with the Executive Budget for the ensuing year.

#### *Possible Delays in Budget Enactment*

While the Enacted State Budgets were timely adopted, in the past, adoption of State budgets for the last five State fiscal years has been significantly delayed beyond the time frames outlined above. Any delay in adoption of the State budget could delay the payment of State Aid to Education to municipalities and school districts in the State, including the SCSD and the City, which could, in turn, adversely affect the ability of the SCSD and the City to make Installment Purchase Payments under the Installment Sale Agreement. See "BONDHOLDERS' RISKS — The State's Financial Condition, Reduced State Aid, Delayed Payment."

#### *Revenue Anticipation Notes*

The City issues revenue anticipation notes each year on behalf of the SCSD. Such notes are issued in anticipation of State Aid to Education estimated in the general fund budget of the SCSD. Proceeds of revenue anticipation notes may be used only for operating purposes and may be used to redeem or renew outstanding notes.

Pursuant to Section 25.00(g) of the Local Finance Law, generally, whenever the amount of revenue anticipation notes outstanding equals the amount of revenue remaining to be received, the City is required to set aside in a special bank account all of such moneys as received thereafter, and to use the amounts so set aside only for the purpose of paying such notes. Interest on the notes is provided from budget appropriations.

Revenue anticipation notes may be renewed from time to time, however, such renewals may not be extended beyond the close of the second fiscal year succeeding the fiscal year in which the notes were originally issued. In the event such revenue has not been fully received by the final maturity dates of the notes issued in anticipation thereof, the principal of and interest on the notes is required to be paid from other available City moneys. The faith and credit of the City are required to be pledged to the payment of principal of and interest on these notes.

The City issued \$51,805,000 revenue anticipation notes on behalf of the SCSD on October 5, 2017 in anticipation of State Aid to Education for the 2017-18 fiscal year. Such notes are payable on June 29, 2018. The SCSD anticipates another cash flow borrowing in the fall of 2018. Over the past five fiscal years, including 2017-18, the City has issued an average of \$53.6 million revenue anticipation notes each year for SCSD purposes.

The State Aid Depository Agreement provides that notwithstanding the provisions of the State Aid Depository Agreement providing for the flow of State Aid to Education to the Series Trustee and the Trustee, upon receipt of written instructions from the City together with an accompanying monthly payment schedule indicating that, pursuant to applicable State law and, if applicable, any credit enhancement agreement to which the City is a party, State Aid to Education must be set aside in a special bank account designated in such instructions to be used only for the repayment of the outstanding revenue anticipation notes issued by the City on behalf of the SCSD (the "RAN Repayment Requirement"), then each month the Depository shall immediately withdraw from the State Aid Depository Fund all State Aid to Education that is received and cause the amounts so withdrawn to be immediately paid, before any further withdrawal or payment under the State Aid Depository Agreement, to the special bank account until the total amount of such withdrawals is equal to the principal amount of such RAN Repayment Requirement then outstanding. Notwithstanding the foregoing, in the event the SCSD or the City shall fail to pay an Installment Purchase Payment under the Installment Sale Agreement, the intercept provisions of the Syracuse Schools Act and the Indenture will operate to intercept any state and/or school aid payable to the City or the SCSD to the extent of such deficiency prior to the payment of such state and/or school aid to the SCSD or the City in accordance with the State Aid Depository Agreement. Accordingly, such state and/or school aid will be intercepted to pay Installment Purchase Payments under the Installment Sale Agreement prior to its application by the City to the payment of outstanding revenue anticipation notes of the City.

## THE SERIES 2018A BONDS

### General

The Series 2018A Bonds will be initially issued in book-entry-only form as a single authenticated fully registered certificate for each maturity of each series of the Series 2018A Bonds. See "THE SERIES 2018A BONDS—Registration and Payment—Book-Entry System."

The Series 2018A Bonds shall be dated, mature on the dates and in the principal amounts, and bear interest payable on the dates and at the annual rates, as set forth on the inside cover page hereto.

Interest on the Series 2018A Bonds shall be payable on each Interest Payment Date and shall be computed on the basis of a 360-day year of twelve 30-day months. Notwithstanding anything herein to

the contrary, the interest rate borne by the Series 2018A Bonds shall not exceed the maximum permitted by, or enforceable under, applicable law.

The principal or Redemption Price of the Series 2018A Bonds shall be payable at the principal corporate trust office of the Trustee in Buffalo, New York or at the corporate trust office of any successor Paying Agent. Interest on the Series 2018A Bonds shall be payable to the Person whose name appears on the registration books of the Trustee as the registered owner thereof on the Record Date next preceding the Interest Payment Date: (1) by check or draft mailed on the Interest Payment Date to the registered owner; or (2) by wire or bank transfer on the Interest Payment Date to any owner of at least \$1,000,000 in original aggregate principal amount of the Series 2018A Bonds, upon written notice provided by the owner to the Trustee not later than five (5) days prior to the Record Date for such interest payment (which request will remain in effect until revoked); except that, if and to the extent there shall be a default in the payment of the interest due on any Interest Payment Date with respect to the Series 2018A Bonds, the defaulted interest shall be paid to the owners in whose names the Series 2018A Bonds are registered at the close of business on a special record date to be fixed by the Trustee, which date shall not be more than fifteen (15) nor less than ten (10) days next preceding the date of payment of the defaulted interest. Interest payments made by check or draft shall be mailed to each owner at his or her address as it appears on the registration books of the Trustee on the applicable Record Date or at such other address as he or she may have filed with the Trustee for that purpose and appearing on the registration books of the Trustee on the applicable Record Date. Wire transfer payments of interest shall be made at such wire transfer address as the owner shall specify in his or her notice requesting payment by wire transfer.

#### **Exchange of Series 2018A Bonds**

The holders of any Series 2018A Bonds may surrender the same, at the principal corporate trust office of the Trustee, in exchange for an equal aggregate principal amount of Series 2018A Bonds of any of the authorized denominations of the same maturity and maturities as the Series 2018A Bonds so surrendered, subject to the conditions and upon payment of the charges provided in the Indenture. However, the Trustee will not be required to: (i) transfer or exchange any Series 2018A Bonds during the period between a Record Date and the following Interest Payment Date or during the period of fifteen (15) days next preceding any day for the selection of Series 2018A Bonds to be redeemed; or (ii) transfer or exchange any Series 2018A Bonds selected, called or being called for redemption in whole or in part.

#### **Transfer of Series 2018A Bonds**

Each of the Series 2018A Bonds is transferable, as provided in the Indenture, only upon the books of the Issuer kept for that purpose at the principal corporate trust office of the Trustee by the registered owner thereof in person, or by his duly authorized attorney-in-fact, upon surrender of such Series 2018A Bond (together with a written instrument of transfer in the form appearing on such Series 2018A Bond duly executed by the registered owner or his duly authorized attorney-in-fact with a guaranty of the signature thereon by a member of the Stock Exchanges Medallion Program or the New York Stock Exchange, Inc. Medallion Signature Program in accordance with Securities and Exchange Commission Rule 17Ad-15), and thereupon a new fully registered Series 2018A Bond in the same aggregate principal amount and maturity shall be issued to the transferee in exchange therefor as provided in the Indenture and upon payment of the charges therein prescribed. The Issuer, the SCSD, the City, the JSCB, the Bond Registrar, the Trustee and the Paying Agent may deem and treat the person in whose name a Series 2018A Bond is registered as the absolute owner thereof for the purpose of receiving payment of, or on account of, the principal or Redemption Price thereof and interest due thereon and for all other purposes whatsoever.

## **Redemption of the Series 2018A Bonds**

### *Optional Redemption of the Series 2018A Bonds*

The Series 2018A Bonds maturing on or prior to May 1, 2026 are not subject to redemption prior to the maturity thereof.

The Series 2018A Bonds maturing on and after May 1, 2027 are subject to redemption, in whole or in part, at any time on or after May 1, 2026 (but if in part in integral multiples of \$5,000), at the option of the Issuer (which option shall be exercised upon the giving of notice by an Authorized Representative of the City of its intention to prepay Base Installment Purchase Payments due under the Installment Sale Agreement), at the Redemption Price equal to one hundred percent (100%) of the principal amount of the Series 2018A Bonds to be redeemed, together with interest accrued to the date of redemption.

### *Mandatory Redemption of the Series 2018A Bonds*

The Series 2018A Bonds shall be redeemed at any time in whole or in part (but if in part in integral multiples of \$5,000) by lot prior to maturity in the event and to the extent: (i) excess Bond proceeds shall remain after the completion or abandonment of the Series 2018A Project; or (ii) moneys are transferred to the Bond Fund pursuant to Article V of the Indenture or paid to the Trustee pursuant to the Installment Sale Agreement for deposit into the Bond Fund upon receipt of property insurance or condemnation proceeds or proceeds of a conveyance of one or more Facilities in lieu of condemnation, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the Series 2018A Bonds to be redeemed, together with interest accrued thereon to the date of redemption.

## **Selection of Series 2018A Bonds to be Redeemed**

If the Series 2018A Bonds are registered in book-entry only form and so long as DTC or a successor securities depository is the sole registered owner of the Series 2018A Bonds, the Issuer will cause notice of redemption to be given in accordance with the provisions of the Indenture. The selection of the book-entry interests within each Series 2018A Bond maturity to be redeemed will be done in accordance with the provisions of the Indenture and DTC procedures.

## **Redemption Procedures**

If any of the Series 2018A Bonds are to be called for redemption, the Indenture requires a copy of the redemption notice to be mailed at least thirty (30) days prior to such redemption date to the registered owner of each Series 2018A Bond to be redeemed at the address for such owner shown on the registration books. All Series 2018A Bonds so called for redemption will cease to bear interest after the date fixed for redemption if funds for their redemption are on deposit at the place of payment at that time. If notice of redemption shall have been given as aforesaid, the Series 2018A Bonds called for redemption shall become due and payable on the redemption date, *provided, however*, that with respect to any general optional redemption as described above, such notice shall state that such redemption shall be conditional upon the receipt by the Trustee on or prior to the date fixed for such redemption of moneys sufficient to pay the principal of, redemption premium, if any, and interest on the Series 2018A Bonds to be redeemed, and that if such moneys shall not have been so received said notice shall be of no force and effect and the Issuer shall not be required to redeem the Series 2018A Bonds. In the event that such notice of redemption contains such a condition and such moneys are not so received, the redemption shall not be made and the Trustee shall within a reasonable time thereafter give notice, in the manner in which the notice of redemption was given, that such moneys were not so received. If a notice of redemption shall be unconditional or, if the conditions of a conditional notice of redemption shall have been satisfied, then

upon presentation and surrender of Series 2018A Bonds so called for redemption at the place or places of payment, such Series 2018A Bonds shall be redeemed.

So long as the Securities Depository is effecting book-entry transfers of the Series 2018A Bonds, the Trustee shall provide the notices specified in the paragraph above only to the Securities Depository. It is expected that the Securities Depository shall, in turn, notify its Participants and that the Participants, in turn, will notify or cause to be notified the Beneficial Owners. Any failure on the part of the Securities Depository or a Participant, or failure on the part of a nominee of a Beneficial Owner of a Series 2018A Bond (having been mailed notice from the Trustee, the Securities Depository, a Participant or otherwise), to notify the Beneficial Owner of the Series 2018A Bond so affected shall not affect the validity of the redemption of such Series 2018A Bond.

### **Registration and Payment — Book-Entry System**

Beneficial ownership interests in the Series 2018A Bonds will be available in book-entry-only form, in the principal amount of \$5,000 or integral multiples thereof. Purchasers of beneficial ownership interests in the Series 2018A Bonds will not receive certificates representing their interests in the Series 2018A Bonds purchased.

DTC will act as securities depository for the Series 2018A Bonds. The Series 2018A Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One or more fully-registered Bond certificates will be issued and deposited with DTC for each principal amount of each series of Series 2018A Bonds maturing on a specified date and bearing interest at a specified interest rate, each in the aggregate principal amount of such quantity of Series 2018A Bonds.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of the Series 2018A Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2018A Bonds on DTC's records. The

ownership interest of each actual purchaser of each Series 2018A Bond ("**Beneficial Owner**") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchases. Beneficial Owners are, however, expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2018A Bonds are to be accomplished by entries made on the books of Direct or Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive bond certificates representing their ownership interests in Series 2018A Bonds, except in the event that use of the book-entry system for the Series 2018A Bonds is discontinued.

To facilitate subsequent transfers, all Series 2018A Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Series 2018A Bonds with DTC and their registration in the name of Cede & Co. or such other nominee effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2018A Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2018A Bonds are credited, which may or may not be the Beneficial Owners. The Direct or Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Series 2018A Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Series 2018A Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Series 2018A Bonds. For example, Beneficial Owners of Series 2018A Bonds may wish to ascertain that the nominee holding the Series 2018A Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices will be sent to DTC. If less than all of the Series 2018A Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such series to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Series 2018A Bonds. Under its usual procedures, DTC mails an Omnibus Proxy to the Trustee as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Series 2018A Bonds, are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, redemption, distributions, and interest payments on the Series 2018A Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC, the Trustee, or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest and redemption proceeds to Cede & Co. (or such other nominee as may be requested by an authorized representative

of DTC) is the responsibility of the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

When reference is made to any action which is required or permitted to be taken by the Beneficial Owners, such reference will only relate to those permitted to act (by statute, regulation or otherwise) on behalf of such Beneficial Owners for such purposes. When notices are given, they will be sent by the Trustee to DTC only.

The Issuer and the Trustee may treat DTC (or its nominee) as the sole and exclusive registered owner of the Series 2018A Bonds registered in its name for the purpose of payment of the principal of, or interest on such Series 2018A Bonds, giving any notice permitted or required to be given to registered owners under the Indenture, registering the transfer of the Series 2018A Bonds, or other action to be taken by registered owners and for all other purposes whatsoever. The Issuer and the Trustee will not have any responsibility or obligation to any Participant, any person claiming a beneficial ownership interest in the Series 2018A Bonds under or through DTC or any Participant, or any other person which is not shown on the registration books of the Issuer (kept by the Trustee) as being a registered owner, with respect to: the accuracy of any records maintained by DTC or any Participant; the payment by DTC or any Participant of any amount in respect of the principal or interest on the Series 2018A Bonds; any notice which is permitted or required to be given to registered owners thereunder or under the conditions to transfers or exchanges provided in the Indenture; or other action taken by DTC as a registered owner. The Trustee will forward interest and principal payments to DTC, or its nominee. Disbursement of such payments to the Participants is the responsibility of DTC and disbursement of such payments to the Beneficial Owners is the responsibility of the Participants or the Indirect Participants.

SO LONG AS CEDE & CO., AS NOMINEE OF DTC, IS THE REGISTERED OWNER OF ALL OF THE SERIES 2018A BONDS, REFERENCES HEREIN TO THE OWNERS, HOLDERS OR BONDHOLDERS OF THE SERIES 2018A BONDS (OTHER THAN UNDER THE CAPTIONS "TAX MATTERS" AND "SECONDARY MARKET DISCLOSURE" HEREIN) WILL MEAN CEDE & CO. AND WILL NOT MEAN THE BENEFICIAL OWNERS.

For every transfer and exchange of beneficial ownership of the Series 2018A Bonds, a Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto.

DTC may discontinue providing its services as depository with respect to the Series 2018A Bonds at any time by giving reasonable notice to the Issuer or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Series 2018A Bond certificates are required to be printed and delivered.

The Issuer may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Series 2018A Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy thereof.

Each person for whom a Participant acquires an interest in the Series 2018A Bonds, as nominee, may desire to make arrangements with such Participant to receive a credit balance in the

records of such Participant, and may desire to make arrangements with such Participant to have all notices of redemption or other communications of DTC, which may affect such persons, to be forwarded in writing by such Participant and to have notification made of all interest payments. NONE OF THE ISSUER, THE UNDERWRITERS, OR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE SERIES 2018A BONDS.

NEITHER THE ISSUER, THE SCSD NOR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO THE PARTICIPANTS OR THE BENEFICIAL OWNERS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY PARTICIPANT; (2) THE PAYMENT BY DTC OR ANY PARTICIPANT OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT, REDEMPTION PRICE OF OR INTEREST ON THE SERIES 2018A BONDS; (3) THE DELIVERY BY DTC OR ANY PARTICIPANT OF ANY NOTICE TO ANY BENEFICIAL OWNER WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE INDENTURE TO BE GIVEN TO HOLDERS OF THE SERIES 2018A BONDS; OR (4) THE SELECTION OF THE BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE SERIES 2018A BONDS.

## **SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2018A BONDS**

### **General**

The City and the SCSD will grant a license interest to the Series 2008 Facilities to the Issuer pursuant to the Fourth Amendatory License Agreement, to permit the Issuer to enter upon the Series 2008 Facilities for the purpose of completing the Series 2018A Project, and, pursuant to one or more bills of sale, will convey title to the equipment comprising the Series 2008 Facilities to the Issuer. The Issuer will sell its interest in the Series 2008 Facilities to the SCSD and the City pursuant to the Installment Sale Agreement and will appoint the JSCB as agent of the Issuer with respect to the Series 2018A Project. Pursuant to the Indenture, the Issuer has assigned to the Trustee substantially all of its right, title and interest in and to State Aid to Education and in and to the Installment Sale Agreement, including all rights to receive Installment Purchase Payments thereunder with respect to the Series 2018A Bonds (other than in respect of the Issuer's Reserved Rights). Under the State Aid Depository Agreement, the City, the SCSD and the Depository have agreed to direct the State Comptroller to pay all State Aid to Education directly to the State Aid Depository Fund established and held under the State Aid Depository Agreement, all for the benefit on a Ratable Basis of the Series 2018A Bonds and each other series of Project Bonds outstanding, including the Series 2010 Bonds, the Series 2011 Bonds, and the Series 2017 Bonds. In the event the SCSD or the City fails to make a payment under the Installment Sale Agreement, the Syracuse Schools Act and the Indenture provide that, upon receipt by the State Comptroller of a certificate from or on behalf of the Trustee on behalf of the Issuer as to the amount of such failed payment, the State Comptroller shall withhold any state and/or school aid from the SCSD and the City payable thereto to the extent of the amount so stated in each such certificate as not having been made, and shall immediately pay over to the Trustee on behalf of the Issuer the amount so withheld.

### **The License Agreement**

Pursuant to a Fourth Amendatory License Agreement (Series 2018A Project), dated as of March 1, 2018, between the City and the SCSD, as licensors, and the Issuer, as licensee, the City and the SCSD will license the Series 2008 Facilities to the Issuer. The License Agreement will be entered into concurrently with the issuance of the Series 2018A Bonds and will have a term ending upon the later of

the completion of the Series 2008 Project, the Series 2010 Project, the Series 2011 Project, the Series 2017 Project or the Series 2018A Project.

### **The Installment Sale Agreement**

The Issuer will sell its interest in the Series 2008 Facilities to the SCSD and the City pursuant to the Installment Sale Agreement. The Installment Sale Agreement provides for the appointment of the JSCB as the agent of the Issuer to complete the Series 2018A Project, provides the SCSD with the right to use, occupy and operate the Series 2008 Facilities, obligates the SCSD to maintain and manage the Series 2008 Facilities, and obligates the SCSD and the City to pay all costs related to operation of the Series 2008 Facilities. Installment Purchase Payments due under the Installment Sale Agreement will equal principal and interest due on the Series 2018A Bonds. Installment Purchase Payments (as defined in the Installment Sale Agreement) due under the Installment Sale Agreement will equal principal and interest due on the Series 2018A Bonds and are payable on each April 1. Notwithstanding the April 1 Installment Purchase Payment Date and Base Installment Purchase Payment Date under the Installment Sale Agreement, said agreement provides that if the SCSD fails to appropriate by November 1, 2018 (or by any subsequent November 1 that the Series 2018A Bonds remain Outstanding) State Aid Revenues in an amount sufficient to pay the Installment Purchase Payment and Base Installment Purchase Payments due on the immediately succeeding April 1 (less any amounts on deposit in the Bond Fund and available on such November 1), then: (y) the SCSD shall promptly deliver written notice of such failure to appropriate to the Issuer and the Trustee, and (z) the next succeeding April 1 payment date for the annual Installment Purchase Payment Date and Base Installment Purchase Payment Date shall instead be the November 15 immediately preceding such April 1 payment date as if that November 15 were the originally scheduled annual Installment Purchase Payment Date; and if for any reason the Installment Purchase Payment and Base Installment Purchase Payments due on such November 15 are not made by such date, any such failed payment shall constitute a failure to make a payment under the Installment Sale Agreement for purposes of the Installment Sale Agreement, the Syracuse Schools Act and the State Aid intercept implementing provisions of the Indenture, as well as of the Series 2010 Indenture and the Series 2017 Indenture.

Except for funds, investments and other amounts held under the Indenture, the Issuer has pledged no other assets to the payment of the Series 2018A Bonds, and except for the intercept of any state and/or school aid payable to the City or the SCSD by the State Comptroller as herein described, it is anticipated that the Issuer's sole source of payment for the Series 2018A Bonds will be derived from Installment Purchase Payments made by the SCSD and the City under the Installment Sale Agreement. The obligation of the SCSD and the City to pay Installment Purchase Payments under the Installment Sale Agreement are deemed executory only to the extent of State Aid to Education appropriated by the State and available to the SCSD and/or the City, and budgeted by the SCSD and appropriated by the City and SCSD to the payment of Installment Purchase Payments under the Installment Sale Agreement. In the event State Aid to Education is not appropriated to the SCSD or the City, neither the SCSD nor the City will be obligated to pay any amounts due under the Installment Sale Agreement; *provided, however*, the failure of the SCSD or the City for any reason (including a failure by the SCSD to budget Installment Purchase Payments, a failure by the City to approve a budget for the SCSD providing for such Installment Purchase Payments, a failure by the City or the SCSD to appropriate such payments, or a failure by the State to appropriate State Aid to Education) to make an Installment Purchase Payment under any Installment Sale Agreement is nevertheless deemed a failure to make a payment thereunder for purposes of such Installment Sale Agreement, the Syracuse Schools Act, and the state and/or school aid intercept implementing provisions of the Indenture. In the event State Aid to Education is appropriated by the State to the SCSD or the City and the SCSD and the City do not appropriate such State Aid to Education to make Installment Purchase Payments under the Installment Sale Agreement, the Trustee (as well as the

Series Trustee) on behalf of the Issuer shall direct the State Comptroller to intercept state and/or school aid payable to the City or the SCSD for the payment of such Installment Purchase Payments. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2018A BONDS—State Aid Intercept.” Subject to the foregoing limitation, the obligation of the SCSD and the City to pay Installment Purchase Payments under the Installment Sale Agreement and to perform their obligations thereunder shall be absolute and unconditional, and such Installment Purchase Payments and other amounts shall be payable without any rights of set-off, recoupment or counterclaim or deduction and without any right of suspension, deferment, diminution or reduction it might otherwise have against the Issuer, the Trustee, any purchaser of the Series 2018A Bonds, or any other person, and whether or not any or all of the Series 2008 Facilities are used or occupied by the City, the JSCB or the SCSD or are available for use or occupancy by the City, the JSCB or the SCSD.

In order to protect the priority of the rights of the Trustee to state and/or school aid under the Syracuse Schools Act, the SCSD and the City have covenanted and agreed in the Installment Sale Agreement that they will not enter into any agreement, indenture or other instrument, including any Series Facilities Agreement in connection with a Series of Project Bonds under a Series Indenture, which will have the effect, directly or indirectly, of providing a greater priority or preference to the intercept of state and/or school aid under the Syracuse Schools Act than the pledge effected pursuant to the Indenture. The foregoing covenant shall not be deemed (y) to limit or deny the ability of the issuer of a Series of Project Bonds to pledge State Aid to Education on a parity with the pledge effected by the Issuer under the Indenture or (z) to require that any Series of Project Bonds issued under a Series Indenture have the same payment dates or amortize principal on a schedule comparable to that of the Bonds Outstanding under the Indenture or that any payment dates under a Series Facilities Agreement be the same as provided for in the Installment Sale Agreement.

In order to provide for the obligation to make payments under the Installment Sale Agreement, the SCSD has agreed that: (i) the proposed expense budget for each ensuing fiscal year of the SCSD, commencing July 1, 2018, shall include, either as a separate item of expenditure or as an expenditure within a budget item, the amount of Installment Purchase Payments and Additional Payments (as defined in the Installment Sale Agreement) due under the Installment Sale Agreement to come due in such next fiscal year; and (ii) it shall approve payment of such Installment Purchase Payments and Additional Payments after appropriation by the City thereof. The City agrees that it shall approve a budget for the SCSD containing such items of expenditure and appropriate sufficient funds at each ending fiscal year commencing with the fiscal year ending June 30, 2018 to make the Installment Purchase Payments and Additional Payments to come due in such next fiscal year, *provided, however*, that any such appropriation (y) of Installment Purchase Payments shall only be payable by the City and the SCSD to the extent of State Aid to Education, and (z) of Additional Payments shall only be payable by the City and the SCSD to the extent contained in the SCSD budget approved and appropriated by the City. See “BONDHOLDERS’ RISKS — Appropriation of Installment Purchase Payments by the City and the SCSD” and “Appropriation of and Possible Changes to State Aid.”

Upon the occurrence of an “Event of Nonappropriation” (i.e., the failure by the City or the SCSD to pay or cause to be paid, when due, the Installment Purchase Payments or Additional Payments to be paid under the Installment Sale Agreement, as a result of: (i) the failure by the SCSD to include in the annual SCSD budget submitted to the Mayor of the City line items for the Installment Purchase Payments or Additional Payments to be paid under the Installment Sale Agreement or to approve such payments after appropriation by the City therefor; (ii) the failure by the City to approve and appropriate the annual SCSD budget containing line items for the Installment Purchase Payments or Additional Payments to be paid under the Installment Sale Agreement and thereby appropriate funds for the payment thereof; or (iii) the failure by the SCSD to approve payment of Installment Purchase Payments or Additional

Payments after appropriation by the City therefor) or an “event of default” under the Installment Sale Agreement, there is no acceleration of the obligation of the SCSD and the City to pay all future Installment Purchase Payments under the Installment Sale Agreement.

### **State Aid Intercept**

Statutory provisions currently exist or may hereafter be enacted which permit State and/or school aid otherwise payable to the SCSD or the City to be diverted or intercepted and applied in satisfaction of indebtedness or obligations issued or incurred for school purposes or otherwise. In addition, at the present time, other than as provided in the State Aid Depository Agreement with respect to Project Bonds, there is no stated priority for the various multiple state aid diversion and intercept claims. See “BONDHOLDERS’ RISKS—Competing Claims to State Aid.”

In the event the SCSD or the City fail to make an Installment Purchase Payment under the Installment Sale Agreement as a result of an Event of Nonappropriation or otherwise pursuant to the Indenture, the Issuer has appointed the Trustee as its agent and the Issuer (acting through the Trustee) shall, in accordance with the Syracuse Schools Act and the Indenture, certify such nonpayment to the State Comptroller. Such certification shall specify the amount by which such Installment Purchase Payment shall have been deficient. The Syracuse Schools Act and the Indenture provide that the State Comptroller shall, upon receipt of such certification, withhold from the SCSD and the City any state and/or school aid otherwise payable to the SCSD or the City to the extent of the amount so stated in such certification as not being made, and shall immediately pay over to the Trustee on behalf of the Issuer the amount so withheld based upon the Trustee’s certification. Such amounts will be applied by the Trustee to the payment of Installment Purchase Payments under the Installment Sale Agreement in the priority set forth below under “The Indenture” herein. It is further provided in the Syracuse Schools Act that (x) any amount of state and/or school aid so paid by the State Comptroller shall not obligate the State to make, nor entitle the SCSD or the City to receive, any additional amounts of state and/or school aid, (y) nothing contained in the Syracuse Schools Act shall be deemed to prevent the State from modifying, reducing or eliminating any program or programs of state and/or school aid and (z) the State shall not be obligated by the terms of the Syracuse Schools Act to maintain state and/or school aid at any particular level or amount.

### **The Indenture**

Pursuant to the Indenture, the Issuer has assigned to the Trustee substantially all of its right, title and interest in and to the State Aid to Education and the Installment Sale Agreement (excluding the Issuer’s Reserved Rights), including all rights to receive Installment Purchase Payments to pay the principal of and interest on the Series 2018A Bonds as the same become due, all to be made by the SCSD or the City pursuant to the Installment Sale Agreement and the State Aid Depository Agreement, and all deemed executory only to the extent of State Aid to Education, as provided above under the subheading “The Installment Sale Agreement.”

A portion of the Series 2018A Bond proceeds shall be deposited in the Series 2018A Project Account (the “*Series 2018A Project Account*”) of the Project Fund held under the Indenture. The amounts in the Series 2018A Project Account in the Project Fund shall be subject to a security interest, lien and charge in favor of the Trustee, for the benefit of the Series 2018A Bondholders until disbursed as provided in the Indenture. The Trustee shall apply the amounts on deposit in the Series 2018A Project Account of the Project Fund to the payment, or reimbursement, to the extent the same have been paid by or on behalf of the SCSD, of Project Costs for the Series 2018A Project. Pursuant to the Indenture, the Trustee is authorized to disburse from the Project Fund the amount required for the payment of Project

Costs for the Series 2018A Project and is directed to issue its checks (or make wire transfers if requested by the City) for each disbursement from the Project Fund, upon a requisition submitted to the Trustee, signed by an authorized representative of the JSCB. In the event the City shall be required to or shall elect to cause the Series 2018A Bonds to be redeemed in whole, the balance in the Series 2018A Project Account in the Project Fund shall be deposited in the Bond Fund for application to the redemption of Series 2018A Bonds.

Notwithstanding the occurrence of an Event of Default under the Indenture, in no event shall the Series 2018A Bonds be accelerated or declared due and payable in advance of their final stated maturity.

All state and/or school aid received by the Trustee pursuant to the state and/or school aid intercept shall be ratably applied in accordance with the Indenture in the following order of priority:

*first*, to deposit in the Applicable Interest Account of the Bond Fund established under the Indenture to the extent of any deficiency therein,

*second*, to deposit in the Applicable Principal Account of the Bond Fund established under the Indenture to the extent of any deficiency therein,

*third*, to deposit in the Applicable Redemption Account of the Bond Fund established under the Indenture to the extent of any deficiency therein,

*fourth*, to satisfy any indemnification obligations of the SCSD under the Installment Sale Agreement,

*fifth*, to satisfy any liability insurance obligations of the JSCB or the SCSD under the Installment Sale Agreement, and

*sixth*, to satisfy any other obligations of the JSCB, the SCSD or the City under the Installment Sale Agreement.

In addition to the Series 2010 Bonds, the Series 2011 Bonds, the Series 2017 Bonds, and the Series 2018A Bonds, it is also anticipated that future Series of Project Bonds will be ratably secured by the pledge of State Aid to Education and will be separately secured and issued pursuant to one or more Series Indentures. In order to protect the pledge of State Aid to Education by the Issuer to the Trustee pursuant to the Indenture, except with respect to the issuance of Project Bonds under a Series Indenture, the Issuer has covenanted in a Series Indenture not to create or suffer to be created, or incur or issue any evidences of indebtedness secured by, any lien or charge upon or pledge of the Trust Estate, except the lien, charge and pledge created by the Indenture and the Installment Sale Agreement. The Issuer further covenants and agrees pursuant to the Indenture that it shall enter into no agreement, indenture or other instrument, including any Series Indenture or Series Facilities Agreement, in connection with the issuance of a Series of Project Bonds under a Series Indenture which shall have the effect, directly or indirectly, of providing a greater priority or preference to the intercept of state and/or school aid under the Syracuse Schools Act; *provided, however*, that nothing contained in the Indenture shall be deemed (y) to limit or deny the ability of the Issuer or any other public entity, in connection with the issuance of another Series of Project Bonds, to pledge State Aid to Education on a parity with the pledge effected under the Indenture or (z) to require that any Series of Project Bonds issued under any other Series Indenture have the same payment dates or amortize principal on a schedule comparable to that of the Bonds Outstanding under the Indenture, or that any payment dates under a Series Facilities Agreement be the same as those under the Installment Sale Agreement.

## **Debt Service Reserve Fund Not Applicable to the Series 2018A Bonds**

A debt service reserve fund is not being established for the Series 2018A Bonds.

## **Additional Bonds**

So long as the Installment Sale Agreement is in effect and no Event of Default exists thereunder, one or more Series of Additional Bonds may be issued, authenticated and delivered upon original issuance under the Indenture for the purpose of: (i) financing Series 2008 Facilities in connection with the Program; (ii) providing funds to repair, relocate, replace, rebuild or restore an affected Facility in the event of damage, destruction or taking by eminent domain; (iii) providing extensions, additions, rehabilitation or recreational facilities to one or more Facilities, provided such additions, rehabilitation or recreational facilities constitute a “project” within the meaning of the Act and the Syracuse Schools Act; or (iv) refunding Outstanding Bonds. Such series of Additional Bonds shall be payable from the Installment Purchase Payments under the Installment Sale Agreement. Prior to the issuance of a Series of Additional Bonds and the execution of either a Supplemental Indenture or a new Indenture in connection therewith, the City, the SCSD and the Issuer shall enter into a license agreement or lease agreement or an amendment to the License Agreement, as applicable, and the Issuer, the JSCB, the SCSD and the City shall enter into a new Installment Sale Agreement or an amendment to the Installment Sale Agreement to subject the Series 2008 Facilities to the Installment Sale Agreement and to provide, among other things, that the Installment Purchase Payments payable under the Installment Sale Agreement shall be increased and computed so as to amortize in full the principal of and interest on the bonds outstanding under the Indenture including such series of Additional Bonds. In addition, the SCSD, the City, the JSCB and the Issuer shall enter into an amendment to the Tax Compliance Documents.

## **State Aid Depository Agreement**

To facilitate the collection of State Aid and payment of Installment Purchase Payments under the Installment Sale Agreement, the Depository, the City and the SCSD have entered into the State Aid Depository Agreement. In accordance with the State Aid Depository Agreement, the City and the SCSD have instructed the State Comptroller to pay all State Aid to Education otherwise payable to SCSD or the City directly to the State Aid Depository Fund held by the Depository under the State Aid Depository Agreement. The State Aid Depository Agreement provides for the payment of State Aid to the Trustee and each other Series Trustee, including the Series 2018A Trustee, on a Ratable Basis pursuant to which Project Bonds are outstanding under a Series Indenture.

On or before July 15 of each Fiscal Year, the City and the SCSD are required to prepare and deliver to the Depository, the Series 2018A Trustee and the Trustee a certificate (the “*State Aid Payment Certificate*”) setting forth: (i) a statement that the SCSD and the City have appropriated an amount of State Aid to Education necessary to fund the Aggregate Facilities Payment Obligations (as defined in “APPENDIX B — Summary of Definitions”) of the SCSD and the City for such Fiscal Year; (ii) an estimate of the total amount of State Aid to Education expected to be received during the next Collection Period and the Collection Percentage applicable to each month of such Collection Period (as such terms are defined in Appendix B hereof); and (iii) a statement, developed with the assistance of the Financial Advisor to the SCSD or a nationally recognized municipal securities underwriting firm, setting forth the long-term debt rating of each provider of a Qualified Debt Service Reserve Fund Investment Agreement by each of Fitch Ratings, Moody’s and S&P. However, in the event that the SCSD and the City have not appropriated such amount of State Aid to Education in their respective adopted budgets for such Fiscal Year, the State Aid Payment Certificate for such Fiscal Year shall set forth a statement to such effect and shall not include any information regarding the collection of State Aid to Education during the Collection

Period. Thereafter and not later than the end of the third business day immediately preceding March 31 of such Fiscal Year, if circumstances warrant, the City and the SCSD shall from time to time prepare and deliver to the Depository a revised State Aid Payment Certificate setting forth, as appropriate, (i) a statement that the SCSD and the City have, subsequent to adoption of the SCSD's budget for such Fiscal Year, appropriated an amount of State Aid to Education necessary to fund the Aggregate Facilities Payment Obligations of the SCSD and the City for such Fiscal Year; or (ii) a revised total amount of State Aid to Education expected to be received during the next Collection Period for such Fiscal Year and, in either case, if applicable, Collection Percentages or revised Collection Percentages applicable to the remainder of such Collection Period.

On or before November 10 of each Fiscal Year, the Trustee shall, in accordance with the provisions of the Indenture, prepare and deliver to the City, the SCSD and the Depository a certificate (the "**Base Facilities Agreement Payment Certificate**") setting forth the Net Base Facilities Agreement Payment (computed as of the immediately preceding last business day of October of such Fiscal Year) portion of the Facilities Payment Obligations due on the following April 1.

During each Collection Period, if the Depository has received a State Aid Payment Certificate with respect to such Collection Period that sets forth the statements required by clauses (i) and (ii) of the first sentence of the second paragraph under this sub-heading, the Depository shall, immediately upon receipt of any payment of State Aid to Education, withdraw such State Aid to Education from the State Aid Depository Fund and cause the amounts so withdrawn to be immediately paid in the following order of priority:

*first*, to the Applicable Trustee for deposit in the Bond Fund established pursuant to the Applicable Indenture until the total amount of such withdrawals during each month of such Collection Period shall equal the sum of (A) the product of the Collection Percentage for such month multiplied by the Net Base Facilities Payment due the immediately following April 1 as set forth in the Base Facilities Payment Certificate most recently received by the Depository, plus (B) during the months of January, February and March, the excess of the amount that should have been deposited in the Bond Fund in the immediately preceding month of the Collection Period pursuant to the provisions of this paragraph, over the amount in fact so deposited; and

*second*, thereafter during each month of such Collection Period, to an Applicable Trustee, if any, for deposit in the Debt Service Reserve Fund established pursuant to the related Series Indenture until the total amount of such withdrawals is equal to the Reserve Payment due, if any, as set forth in the Reserve Payment Certificate most recently received by the Depository; and

*third*, thereafter during each month of such Collection Period, to the General Fund of the SCSD.

In the event that any amount on deposit in the State Aid Depository Fund in any month of the Collection Period, at any time, shall be less than the amount required to be paid to a Series Trustee under the first clause or second clause above, the Depository shall make payment to the Trustee, the Series 2008A Trustee and any other Series Trustee on a Ratable Basis, in the priority indicated above. For purposes of the preceding sentence, "Ratable Basis" shall be first computed based on amounts payable to each Series Trustee under the first clause above if there is not enough in the State Aid Depository Fund to pay to each Series Trustee what is payable under the first clause above, and, if the amounts payable under the first clause have been paid in full, then computed based on the amount payable to each Series Trustee under the second clause.

Thereafter, from April 1 until the commencement of the next Collection Period, immediately upon receipt of any payment of State Aid to Education, the Depository shall withdraw such State Aid to Education from the State Aid Depository Fund and cause the amounts so withdrawn to be immediately paid to the General Fund of the SCSD.

If the Depository has not received with respect to a Collection Period for any reason a State Aid Payment Certificate that includes the statements required by clauses (i) and (ii) of the first sentence of the second paragraph under this sub-heading, the Depository, both during and after such Collection Period until the next Collection Period, shall withdraw any State Aid to Education from the State Aid Depository Fund and cause the amounts so withdrawn to be immediately paid to the General Fund of the SCSD.

Notwithstanding the provisions of the State Aid Depository Agreement providing for the flow of State Aid to Education to the Series Trustees, if the Depository receives written instructions from the Commissioner of Finance, together with an accompanying monthly payment schedule from the Commissioner of Finance indicating that, pursuant to applicable State law and, if applicable, any credit enhancement agreement to which the City is a party, State Aid to Education must be set aside in a special bank account designated in such instructions to be used only for the payment in accordance with such payment schedule for the RAN Repayment Requirement, then each month the Depository shall immediately withdraw from the State Aid Depository Fund all State Aid to Education that is received and cause the amounts so withdrawn to be immediately paid, before any further withdrawal or payment under the State Aid Depository Agreement, to the special bank account until the total amount of such withdrawals is equal to the portion of such RAN Repayment Requirement required, in accordance with such payment schedule, to be withdrawn and paid to such special bank account for such month or any prior month to the extent not paid.

Although the State Aid Depository Agreement requires an immediate transfer of State Aid to Education from the State Aid Depository Fund to the Bond Fund established under the Indenture, during the Collection Period, amounts held in the State Aid Depository Fund are not subject to the lien of the Indenture and are not pledged as security for the payment of the Series 2018A Bonds until such amounts have been transferred by the Depository to the Trustee and deposited in the Bond Fund.

Nothing shall prevent the SCSD, the City, the Depository, the Series Trustee, or the Trustee from adopting amendments or modifying the procedures for the collection, deposit and disbursement of State Aid to Education as set forth in the State Aid Depository Agreement; *provided, however*, that: (i) prior to making any such change, the SCSD shall notify any rating agency then rating the Series 2018A Bonds or any other Series of Project Bonds of such change and that, prior to any such change becoming effective, there shall be delivered to the Depository a rating confirmation of such rating agency that the then current unenhanced rating of the Series 2018A Bonds or any other Series of Project Bonds Outstanding will not be withdrawn or reduced as a result of such change; and (ii) any change or alteration of the procedure for collection and deposit of State Aid to Education would not result in insufficient State Aid to Education being available to timely pay Facilities Payment Obligations under the Installment Sale Agreement or under any other Series Facilities Agreement.

#### **Timing of Payments under State Aid Trust Agreement**

In order to assure the timely payment of debt service on the Series 2018A Bonds, the City and the SCSD have agreed during each year to certify certain information to the Depository, and the SCSD and the City have directed the Depository to pay certain amounts to the Trustee in advance of the payment of debt service on the Series 2018A Bonds. On or before July 15 of each Fiscal Year, the City and the SCSD are required to certify to the Depository under the State Aid Depository Agreement; (i) that the SCSD and

the City have appropriated funds necessary to pay the annual Installment Purchase Payment under the Installment Sale Agreement due on the next succeeding April 1 (which covers the debt service on the Series 2018A Bonds on the following May 1 and November 1); and (ii) the State Aid to Education expected to be received by the SCSD and the City during the next succeeding December 1 to March 31. In the event the City shall not have appropriated such amount, the foregoing certificate shall state that the appropriation has not been made. On or before November 10 of each year, the Trustee shall prepare and deliver to the City, the SCSD and the Depository a certificate setting forth the Net Base Facilities Agreement Payment due on the following April 1. On a monthly basis beginning on December 1 through the next succeeding March 31 the Depository will, in accordance with the State Aid Depository Agreement, transfer a portion of State Aid to Education to the Trustee sufficient to pay the annual Installment Purchase Payment under the Installment Sale Agreement due on the next succeeding April 1. In the event payments made by the Depository to the Trustee during the preceding December 1 to March 31 are not sufficient to pay the annual Installment Purchase Payment under the Installment Sale Agreement due on April 1, the Trustee will immediately certify such deficiency to the State Comptroller. The State Comptroller is then required to pay such amounts to the Trustee in accordance with the state and/or school aid intercept provisions of the Indenture and the Syracuse Schools Act in order to provide payment of debt service on the Series 2018A Bonds on the next succeeding May 1 and November 1. Installment Purchase Payments due under the Installment Sale Agreement will equal principal and interest due on the Series 2018A Bonds and are payable on each April 1. Notwithstanding the April 1 Installment Purchase Payment Date and Base Installment Purchase Payments under the Installment Sale Agreement, said agreement provides that if the SCSD fails to appropriate by November 1, 2018 (or by any subsequent November 1 that the Series 2018A Bonds remain Outstanding) State Aid Revenues in an amount sufficient to pay the Installment Purchase Payment and Base Installment Purchase Payments due on the immediately succeeding April 1 (less any amounts on deposit in the Bond Fund and available on such November 1), then: (y) the SCSD shall promptly deliver written notice of such failure to appropriate to the Issuer and the Trustee, and (z) the next succeeding April 1 payment date for the annual Installment Purchase Payment and Base Installment Purchase Payments shall instead be the November 15 immediately preceding such April 1 payment date as if that November 15 were the originally scheduled annual Installment Purchase Payment Date; and if for any reason the Installment Purchase Payment Due and Base Installment Purchase Payment Date on such November 15 is not made by such date, any such failed payment shall constitute a failure to make a payment under the Installment Sale Agreement for purposes of the Installment Sale Agreement, the Syracuse Schools Act and the State Aid intercept implementing provisions of the 2018A Indenture.

## **DISCUSSION OF FINANCIAL OPERATIONS OF THE CITY AND THE SCSD**

### **Budget Procedures and Plans**

The Director of the Office of Management and Budget (the "Budget Director") has the primary responsibility for preparing the City's annual operating budget, supervising the execution of the operating budget and reporting budgetary variances to the Mayor. The SCSD proposes a separate budget that is approved by the Board of Education after a public hearing. Thereafter, the SCSD's budget is transmitted to the City's Budget Director for inclusion in the Citywide budget.

CERTAIN FINANCIAL INFORMATION FOR THE SCSD FOR THE FISCAL YEAR ENDED JUNE 30, 2017 IS PRESENTED IN APPENDIX A HERETO. A SUMMARY OF THE SCSD'S FINANCIAL RESULTS FOR THE YEAR ENDING JUNE 30, 2017 AND DISCUSSIONS OF THE 2017-18 BUDGET ARE PRESENTED HEREIN BELOW.

## **Accounting and Financial Reporting**

In accordance with the State Education Law, the accounts of the SCSD are maintained independently of the City. The SCSD is responsible for managing, controlling and accounting for its own budget appropriations approved by the City's Common Council. The SCSD prepares and issues separately audited financial statements which statements are also included in the financial statements of the City. The City levies and collects real property taxes for general City and the SCSD purposes and remits to the SCSD its share of collections. The SCSD receives 100% of its annual tax levy by October 31 of the fiscal year following the year of levy.

The City accounts for the SCSD as a blended component unit in its financial statements. The SCSD is accounted for in this manner because the SCSD is not a separate legal entity and does not have the power to levy taxes or issue bonds. The SCSD's budget is subject to approval by the City Common Council. The City is financially accountable for the SCSD and funds any operating deficits of the SCSD. The SCSD is included in the basic financial statements as a special revenue fund in the fund financial statements of the City. Financial Statements of SCSD are presented in a discrete (*i.e.*, separate) column in the City's Annual Financial Statements, when issued, in accordance with the Governmental Accounting Standards Board, Statement #14. In the government-wide statements of the City, the SCSD is included in the governmental activities.

### **Summary of Significant Accounting Policies**

See APPENDIX A – “Certain Financial Information and Audited Financial Statements of the Board of Education of the City School District of the City of Syracuse - Notes to the Financial Statements, for the year ended June 30, 2016, Note 1,” hereto.

### **SCSD General Fund Results of Operations – Year Ended June 30, 2017**

The audited financial statements of the SCSD show that the general fund had an operating surplus of \$7,366,794 for the year ended June 30, 2017. Total fund balance of the general fund at June 30, 2017 was \$43,832,163 including \$28,659,121 in unassigned funds, \$14,122,478 in assigned funds, and \$1,050,564 in non-spendable funds. The SCSD's 2017-18 adopted budget includes the use of fund balance in the amount of \$8,900,000.

Total revenue for the general fund for fiscal year 2016-17 was \$389,493,571, excluding other financing sources. Real property taxes and State Aid to Education (excluding \$6,207,849 in STAR revenue) for the year were \$58,556,586 and \$321,554,562 respectively. Other financing sources for the year were \$6,765,831. Overall, total revenue and other financing sources showed a positive budgetary variance of \$200,404 for 2016-17. Positive budgetary variances were reported in the following revenue categories: general property taxes (+\$52,509), charges for services (+\$34,829), use of money and property (+\$1,761), sale of property and compensation for loss (+\$205,677), and transfers in (+\$2,015,831). Negative budgetary variances were reported in the following revenue categories: nonproperty taxes (-\$265,060), miscellaneous (-\$421,783), State and local sources (-\$827,005) and Federal sources (-\$597,355).

General fund expenditures including encumbrances were \$378,164,911 for the year ended June 30, 2017. In addition, \$12,750,175 in transfers out were reported as other financing uses. Actual expenditures, including encumbrances and other financing uses, were \$20,440,985 less than the budget of the SCSD general fund for fiscal year 2016-17.

The sum of the budgetary variances for revenue and other financing sources (+\$200,404), expenditures and other financing sources and uses (+\$20,440,985), the effects of encumbrance adjustments (+\$2,022,478) and the appropriation of the fund balance (-\$15,297,073) results in the reported operating surplus of \$7,366,794. (See page 54 of the audited financial statements for the fiscal year ended June 30, 2017 attached hereto as Appendix A).

**Anticipated SCSD General Fund Results of Operations – Year Ended June 30, 2018**

SCSD officials expect that the SCSD General Fund will conclude the year within the spending limit of \$417.6 million set by the Common Council, and that the fund balance appropriation of \$8.9 million will be used. Unassigned fund balance at June 30, 2018 is anticipated to be \$19,759,121.

## BONDHOLDERS' RISKS

The discussion herein of risks to holders of the Series 2018A Bonds is not intended as dispositive, comprehensive or definitive, but rather is intended only to summarize certain matters which could affect payment on the Series 2018A Bonds. However, holders of the Series 2018A Bonds should be aware that these matters and other potential risks and factors could materially adversely affect the receipt by the holders of payments on the Series 2018A Bonds. Other sections of this Official Statement should be referred to for a more detailed description of risks described in this Section, which descriptions are qualified by reference to any documents discussed therein. Copies of all such documents are available for inspection at the principal corporate trust office of the Trustee.

### Tax Cuts and Jobs Act

On December 22, 2017, the President signed into law H.R. 1 entitled "Tax Cuts and Jobs Act" (the "Tax Act") amending the Code. The Tax Act repeals the authority for the Issuer to issue tax-exempt

bonds to advance refund bonds such as the Series 2018A Bonds. Tax-exempt advance refunding of bonds by obligors such as SCSD allowed obligors to manage debt service costs. Without tax-exempt advance refunding of the Series 2018A Bonds, there are limited options available to SCSD prior to [first call date] to refund the Series 2018A Bonds should interest rates or the financial condition of SCSD warrant refunding. The Tax Act contains significant changes including, among other things, lowering income tax rates applicable to many individuals and corporations. These changes may affect the market for the Series 2018A Bonds. See “Tax Matters.”

### **The State’s Financial Condition, Reduced State Aid, Delayed Payment**

The amount of State Aid paid to the SCSD is dependent in large measure upon the financial condition of the State. The State regularly publishes its Annual Information Statement relating to its financial condition, as well as quarterly updates and supplements thereto.

The State's 2016-17 and 2017-18 Enacted Budgets each provide for an increase of \$1.3 billion and \$1.1 billion in school aid for the 2016-17 and 2017-18 school years, respectively.

The SCSD depends on substantial financial assistance from the State. SCSD General Fund operations for its 2016-17 fiscal year were funded 82.4% from State Aid. State aid for the SCSD’s General Fund for fiscal year 2017-18 was budgeted at \$334.6 million, which represents an increase of \$13.1 million compared to the budgeted adopted for the previous fiscal year.

The total amount of State Aid for all funds is comprised of Foundation Aid and a number of other State Aid categories. Foundation Aid is the largest component of State Aid for the SCSD. The SCSD received Foundation Aid in the amount of \$221.5 million in 2013-14, \$227.9 million in 2014-15, \$238.4 \$238.2 million in 2015-16, \$259.2 for the 2016-17 fiscal year and expects \$271.7 million for the 2017-18 fiscal year, respectively. Future reductions in Foundation Aid or other aid categories of State Aid to the SCSD could adversely affect the financial condition of the SCSD.

Principal of and interest on the Project Bonds, including the Series 2018A Bonds, will be paid from State Aid payable through (i) Installment Purchase Payments made by the SCSD under the Series Facilities Agreements, including the Installment Sale Agreement or (ii) from the intercept of State Aid by the State Comptroller. Both methods of payment are dependent upon lawful appropriations of State Aid being made each year by the State to the SCSD. No assurance can be given that present State Aid levels will be maintained in the future. The Syracuse Schools Act provides that (x) any amount of State Aid paid by the State Comptroller pursuant to the State Aid intercept provisions of the Syracuse Schools Act shall not obligate the State to make, nor entitle the SCSD to receive, any additional amounts of State Aid, (y) nothing contained in the Syracuse Schools Act shall be deemed to prevent the State from modifying, reducing or eliminating any program or programs of State Aid and (z) the State shall not be obligated by the terms of the Syracuse Schools Act to maintain State Aid at any particular level or amount. Financial difficulties of the State could result in reduced payments of State Aid to municipalities and school districts in the State (including the SCSD) in future fiscal years. Given the SCSD’s dependence on State Aid (the only source of funds to make the installment purchase payments payable by the SCSD pursuant to the Series Facilities Agreements, including the Installment Sale Agreement), substantial reductions in the payment of State Aid could adversely impact the SCSD’s ability to pay, or timely pay, Installment Purchase Payments under the Series Facilities Agreements, including the Installment Sale Agreement, and accordingly, the payment of debt service on the Project Bonds, including the Series 2018A Bonds.

State financial difficulties may result in protracted and delayed State budget negotiations which may result in delays in the adoption of the State budget. Delays in adoption of the State budget could

result in delayed payment of State Aid to school districts in the State, including the SCSD. During the State's 2011-12 to 2016-17 fiscal years, State Aid to school districts was paid in a timely manner; however, during the State's 2009-10 fiscal year, State budgeting restrictions resulted in delayed payments of State Aid to school districts in the State. In the past, adoption of a State budget has been delayed as long as four and a half months. There can be no assurance that (y) the State Legislature will continue to adopt State budgets in a timely fashion, or that (z) in the absence of such budget adoption, that the State Legislature will provide on a continuing resolution or other basis State Aid to the SCSD on an interim basis.

Delay in the receipt of State Aid by the SCSD could have a material adverse financial impact on the SCSD and result in a delay in the application of such State Aid to the payment of Installment Purchase Payments under the Series Facilities Agreements, including the Installment Sale Agreement.

### **Appropriation of and Possible Changes to State Aid**

Statutory provisions currently exist or may hereafter be enacted which permit state and/or school aid otherwise payable to the SCSD and/or the City to be diverted or intercepted and applied in satisfaction of indebtedness or obligations issued or incurred for school purposes or otherwise. In addition, at the present time, other than as provided in the State Aid Depository Agreement with respect to Project Bonds, there is no stated priority for the various multiple state and/or school aid diversion and intercept claims.

Principal of and interest on the Series 2018A Bonds will be paid from State Aid to Education payable through (i) Installment Purchase Payments made by the SCSD and the City under the Installment Sale Agreement or (ii) from the intercept of state and/or school aid payable to the SCSD or the City by the State Comptroller. Both methods of payment are dependent upon lawful appropriations of State Aid to Education being made each year by the State to the SCSD and the City. No assurance can be given that present state and/or school aid levels will be maintained in the future. State budgetary restrictions which eliminate or substantially reduce state and/or school aid could have a material adverse effect upon the SCSD, requiring either a counterbalancing increase in revenues from other sources, to the extent available, or a curtailment of expenditures. Although the State has over the past five years provided State Aid to Education at levels averaging 80.4% per year of the SCSD's annual budget, neither this nor any other percentage of annual State Aid to Education is guaranteed. In the event that state and/or school aid is reduced by the State in the future, such reduction would result in a diminished flow of revenues for the payment of Installment Purchase Payments by the SCSD and the City under the Installment Sale Agreement, as well as diminished state and/or school aid available to be intercepted from the State Comptroller under the Syracuse Schools Act. Further, the Syracuse Schools Act provides that (x) any amount of state and/or school aid paid by the State Comptroller pursuant to the intercept provisions of the Syracuse Schools Act shall not obligate the State to make, nor entitle the SCSD to receive, any additional amounts of state and/or school aid, (y) nothing contained in the Syracuse Schools Act shall be deemed to prevent the State from modifying, reducing or eliminating any program or programs of state and/or school aid and (z) the State shall not be obligated by the terms of the Syracuse Schools Act to maintain state and/or school aid at any particular level or amount.

### **Default by the SCSD and the City**

No representations or assurances can be given that the SCSD or the City will perform their obligations under the Installment Sale Agreement. The obligation of the SCSD and the City to make Installment Purchase Payments under the Installment Sale Agreement is executory and dependent upon the receipt of State Aid to Education and the appropriation of such State Aid to Education by the SCSD and the City for the payment of Installment Purchase Payments under the Installment Sale Agreement. In

the event State Aid to Education has been appropriated by the State to the SCSD and/or the City and either the SCSD has failed to provide for Installment Purchase Payments necessary for a fiscal year its budget, or the City has failed to appropriate such State Aid to Education, for the payment of the Installment Sale Agreement, there is no right to accelerate payments due under the Series 2018A Bonds and the sole source of payment for the Series 2018A Bonds will be the intercept of state and/or school aid by the State Comptroller. The failure of the SCSD to budget for, or the City to appropriate amounts necessary, to make Installment Purchase Payments due under the Installment Sale Agreement may result in the failure of the Issuer to make required debt service payments under the Series 2018A Bonds. In such event, the sole remedy available to the Bondholders will be the intercept of state and/or school aid by the State Comptroller.

### **Appropriation of Installment Purchase Payments by the City and the SCSD**

The availability of Installment Purchase Payments under the Installment Sale Agreement are subject to and dependent upon lawful appropriations of State Aid to Education being made each year by the State Legislature and the City for such purposes. The Installment Sale Agreement is not a general obligation of the SCSD or the City. The obligations of the SCSD and the City under the Installment Sale Agreement to pay Installment Purchase Payments in any fiscal year of the SCSD or the City constitute a current expense of the SCSD and the City for such fiscal year and shall not constitute an indebtedness of the SCSD or the City within the meaning of any constitutional or statutory provision or other laws of the State. Neither the Installment Sale Agreement nor any representation by any public employee or officer creates any legal or moral obligation of the City to appropriate or the SCSD or the City make moneys available for the purposes of the Installment Sale Agreement. The failure of the SCSD and the City to pay Installment Purchase Payments due under the Installment Sale Agreement may result in the failure of the Issuer to make required debt service payments under the Series 2018A Bonds. In such event, there is no right to accelerate payments due under the Series 2018A Bonds and the sole remedy available to the Bondholders will be the intercept of state and/or school aid by the State Comptroller.

### **Competing Claims to State Aid**

#### *Direct Claims*

Revenue Anticipation Notes. Revenue anticipation notes are issued by the City on behalf of the SCSD in anticipation of the receipt of State Aid to Education. Such notes are payable in the first instance from State Aid to Education in anticipation of which such revenue anticipation notes were issued. State law requires that whenever the amount of the revenue anticipation notes issued by the City on behalf of the SCSD equals the amount of State Aid to Education remaining uncollected, the City is required to set aside in an account all of such State Aid to Education thereafter received by the SCSD to retire such revenue anticipation notes. Currently, the City has \$95,705,000 revenue anticipation notes outstanding of which \$51,805,000 were issued in anticipation of the receipt of State Aid to Education. Such notes will mature on June 29, 2018. The State Aid Depository Agreement provides that, notwithstanding the provisions of the State Aid Depository Agreement providing for the flow of State Aid to Education to the Series Trustee, upon receipt of written instructions to the Depository from the City indicating that, pursuant to applicable State law and, if applicable, any credit enhancement agreement to which the City is a party, State Aid to Education revenues paid to the SCSD or the City must be set aside in a special bank account designated in such instructions to be used only for the payment of the revenue anticipation notes Repayment Requirement. Upon receiving such instructions, the Depository shall immediately withdraw from the State Aid Depository Fund all State Aid to Education that is received and cause the amounts so withdrawn to be immediately paid, before any further withdrawal or payment under the State Aid Depository Agreement, to the special bank account until the total amount of such withdrawals is equal to

the portion of such revenue anticipation notes Repayment Requirement required to be withdrawn and paid to such special bank account for such month or any prior month to the extent not paid. Notwithstanding the foregoing, in the event the SCSD or the City shall fail to pay an Installment Purchase Payment under the Installment Sale Agreement, the intercept provisions of the Syracuse Schools Act and the Indenture will operate to intercept state and/or school aid payable to the SCSD or the City prior to the payment of such aid to the SCSD and/or the City in accordance with the State Aid Depository Agreement. Accordingly, such state and/or school aid will be intercepted to pay Installment Purchase Payments under the Installment Sale Agreement prior to its application by the City to the payment of outstanding revenue anticipation notes of the City. In accordance with the requirements of the Local Finance Law, it is the City's current practice to set aside in a special account the last State Aid to Education money received during the fiscal year. Payments to the special bank account are generally made in May and the June of each year.

Expenses for Handicapped Children. The State Comptroller deducts from State Aid to Education due to the SCSD amounts required by statute to reimburse the State for certain expenditures made by the State for the education of certain blind, deaf and handicapped children in the City. Such expenditures were approximately \$0.4 million for the SCSD 2015-16 fiscal year and \$0.4 million is also budgeted for this purpose in the 2016-17 fiscal year.

Deductions for TRS Payments. TRS contributions are paid as a reduction in State Aid to Education payments due September 15, October 15 and November 15 of the succeeding fiscal year. Any deficiency or excess in TRS contributions are settled on a current basis in the month of January. For the 2016-17 fiscal year, TRS expenditures were approximately \$20.8 million. For 2017-18, SCSD officials have indicated that \$22.6 million was budgeted for this purpose.

Contingent Claims.

State Finance Law Section 99-b. In the event of a default in the payment of the principal of and/or interest on outstanding general obligation indebtedness of the SCSD, the State Comptroller is required to withhold, under certain conditions prescribed by Section 99-b of the State Finance Law, State Aid to Education and assistance to the SCSD and to apply the amount thereof so withheld to the payment of such defaulted principal and/or interest, which requirement constitutes a covenant by the State with the holders from time to time of such general obligation indebtedness for SCSD purposes. The SCSD is wholly dependent upon the City for taxation and debt issuance. As measured by the State Constitution and the Local Finance Law, as of January 16, 2018, the City has a total outstanding net indebtedness of \$172,962,833 (excluding \$58,759,996 in water debt, \$14,864,040 in budgetary appropriations, \$43,900,000 revenue anticipation notes issued against City revenues, \$51,805,000 revenue anticipation notes issued against SCSD revenues, and \$3,633,797 in debt reserves), which represents 41.28% of the City's debt limit. Excluding revenue anticipation notes, the SCSD's share of outstanding City net debt is \$37,713,622 (or 21.8%), as of January 16, 2018. In addition, the net indebtedness of the City at January 16, 2018 includes \$29,800,000 in outstanding bond anticipation notes which were issued by the City to commence work on Phase II of the JSCB renovation project As of January 16, 2018, \$37,713,622 outstanding bonds, \$29,800,000 bond anticipation notes and \$51,805,000 outstanding revenue anticipation notes issued for school purposes benefit from the Section 99-b statutory intercept mechanism for State Aid to Education.

*The Series 2018A Bonds are not general obligation indebtedness of the City and accordingly do not benefit from the Section 99-b intercept.*

Charter School Delinquencies. Pursuant to the Charter Schools Act, the SCSD is required to pay for the maintenance and operation of charter schools in the City. There are currently three charter schools operating in the City. Enrollments at these schools increased from 1,565 students in the 2016-17 school year to 1,801 (projected) in the 2017-18 school year. According to District officials, in 2017-18 charter school funding is \$12,930 per student for regular education, \$6,572 per student for 20% special education, and \$12,048 per student for 60% special education, for a projected total of approximately \$24.3 million. In the 2016-17 school year, the amount of charter school funding was \$12,430 per student for regular education, \$6,458 per student for 20% special education, and \$11,840 per student for 60% special education, for a total of \$19.7 million. Increases are due to increases in expected charter school enrollment. In the event the SCSD fails to make any required payment for the maintenance or operation of charter schools, the State Comptroller may deduct such delinquent amounts from State Aid to Education otherwise payable to the SCSD and pay such amount to the charter schools.

Failure to Comply with Regulations. Payment of State Aid to Education may be withheld due to the failure of the City or the SCSD to comply with various requirements of State law or the regulations of the Commissioner of Education relating to instructional programs, programs for the handicapped or other matters or the failure of the City to pay debt service on obligations issued for school purposes.

The 2017-18 Enacted State Budget included a provision linking the payment of additional State Aid to compliance with a modified teacher evaluation process which provides that school districts will not be eligible for aid unless they have negotiated the optional components of evaluations with their local unions and obtained State approval by September 1, 2017. The SCSD has completed negotiations with its local unions and is in compliance with the modified teacher evaluation process.

#### *Effect on State Aid*

Statutory application and intercept of State Aid to Education for any of the above purposes or any other purpose would have the result of diminishing the flow of State Aid to Education to the SCSD and the City to make Installment Purchase Payments under the Installment Sale Agreement as well as possibly diminishing state and/or school aid subject to be intercepted by the State Comptroller under the Syracuse Schools Act. Furthermore, other State financing programs incorporate similar procedures for the application or withholding of State Aid to Education as security for the repayment of obligations, or the repayment of financial assistance provided to school districts in the State. Moreover, the State has the power to (i) create additional state and/or school aid intercept provisions, (ii) reduce or eliminate state and/or school aid paid to school districts and cities in the State and (iii) create state and/or school aid intercept provisions having a prior right to intercept state and/or school aid senior to the intercept of state and/or school aid provided by the Syracuse Schools Act. If the SCSD or the City is or becomes a participant in any such State financing program or otherwise pledges state and/or school aid, the extent to which State Aid to Education would be available (x) to pay Installment Purchase Payments under the Installment Sale Agreement or (y) to be intercepted by the State Comptroller and paid to the Trustee, could be adversely affected. No assurance is given that the SCSD or the City will not participate in any such State financing programs in the future.

In addition to the foregoing, it is important to note that State Aid may, after the payment of Base Installment Purchase Payments, be applied to the payment of Additional Payments under the Installment Sale Agreement for, among other things, casualty and indemnity obligations of the SCSD, in the event of a shortfall in the insurance coverage furnished by the SCSD to the Issuer. Accordingly, a significant casualty or indemnity event could substantially reduce State Aid coverage levels in relation to Base Installment Payment obligations of the SCSD and the City.

### **Additional Series of Project Bonds or Series of Additional Bonds**

The SCSD currently intends to finance the completion of the Program with the issuance of additional Series of Project Bonds or Series of Additional Bonds under either the Indenture and/or separate Series Indentures which will rank on a Ratable Basis with the claims of the Series 2018A Bonds to State Aid to Education under the State Aid Depository Agreement or from the State Comptroller as an intercept of state and/or school aid under the Syracuse Schools Act. See APPENDIX D — “Summary of Certain Provisions of the Installment Sale Agreement” and APPENDIX C — “Summary of Certain Provisions of the Indenture of Trust.”

The issuance of additional Series of Project Bonds or Series of Additional Bonds will dilute the amount of State Aid to Education available to make Installment Purchase Payments with respect to the Series 2018A Bonds and the amount of state and/or school aid subject to intercept by the State Comptroller and payable to the Trustee. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2018A BONDS.” No limitation exists upon the principal amount of Project Bonds that may be issued, nor upon their payment dates or rate of amortization. This could result in a reduction in the funds available to make payments of principal of and interest on the Series 2018A Bonds.

### **Insurance**

The City funds a self-insurance program from operating funds to protect itself against various forms of risks. Under the program, the City is self-insured for employee medical and dental benefits, unemployment benefits, workers' compensation and general liability claims. According to City officials, for the fiscal years ended June 30, 2016 and 2017, the City and SCSD paid \$157,392 and \$1,382,215 from operating funds to settle various judgments and claims, respectively. For the current fiscal year, as of January 18, 2018 the City and SCSD have paid \$4,401,307 to settle various judgments and claims.

The City purchases commercial insurance for various risks and liabilities. Property insurance is utilized to protect all City and SCSD Buildings for losses in excess of \$100,000.

For additional information concerning claims and insurance, see “Notes to Basic Financial Statements,” Note 9, in the City’s audited financial statements as of and for the year ended June 30, 2016, and “Notes to Basic Financial Statements,” Note 10, in the SCSD audited financial statements as of and for the year ended June 30, 2017.

### **Enforceability of Remedies**

The remedies available to the holders of the Series 2018A Bonds upon an event of default under the Indenture or other documents described herein are in many respects dependent upon judicial actions which are often subject to discretion and delay. Existing constitutional and statutory law and judicial decisions, including Title 11 of the United States Code, affect the payment rights of Bondholders, and the remedies specified by the federal bankruptcy laws, the Indenture and the various documents referred to herein may not be readily available or may be limited. The legal opinions to be delivered concurrently with the delivery of the Series 2018A Bonds will be qualified as to enforceability of the legal instruments by limitations imposed by bankruptcy, reorganization, insolvency, or other similar laws affecting the rights of creditors generally. In addition, such opinions will state that the availability of remedies may be limited by judicial application of principles of equity which may delay or preclude the exercise of remedies, including mortgage foreclosure.

## **State Aid Depository Agreement**

Amounts held in the State Aid Depository Fund under the State Aid Depository Agreement are not pledged to the repayment of the Series 2018A Bonds. The State Aid Depository Fund is not a trust fund held under the Indenture and the Trustee does not and will not have a security interest in amounts held therein. In addition, the obligations of the City, the SCSD and the Depository relating to the collection, deposit and disbursement of State Aid contained in the State Aid Depository Agreement are not statutory obligations but contractual obligations of the Depository, the City, the SCSD and failure of such parties to comply with the provisions of the State Aid Depository Agreement would be actionable solely as a breach of contract matter. See also "Additional Series of Project Bonds or Series of Additional Bonds" above.

## **Statutory Interpretation**

The City, the JSCB and the SCSD are subject to the limitations imposed by State law including, but not limited to, the Education Law, the General Municipal Law and the Local Finance Law. Generally, such laws limit the power of the City to incur indebtedness, as well as the powers of the City and the SCSD to lease or purchase facilities and enter into installment purchase agreements similar to the Installment Sale Agreement. Notwithstanding such limitations, the Corporation Counsel of the City will provide an opinion to be delivered at the Series 2018A Bond closing to the effect that the Installment Sale Agreement is valid, binding and enforceable against the City, the JSCB and the SCSD in accordance with its terms subject to certain limitations (bankruptcy, discretion as to remedies, etc.). The Syracuse Schools Act has not been subjected to judicial review and the legal authority provided to the City, the JSCB and the SCSD by the Syracuse Schools Act could be subject to differing interpretation. Reference is hereby made to the form of opinion of Corporation Counsel of the City to be delivered upon issuance of the Series 2018A Bonds, a copy of which will be on file with the Trustee.

## **Limited Obligations of the Issuer**

THE SERIES 2018A BONDS ARE SPECIAL LIMITED OBLIGATIONS OF THE ISSUER PAYABLE SOLELY FROM STATE AID PAYABLE BY THE SCSD AND THE CITY UNDER THE INSTALLMENT SALE AGREEMENT AND THE PLEDGE OF CERTAIN FUNDS INCLUDING THE BOND FUND UNDER THE INDENTURE. IN THE EVENT THE SCSD OR THE CITY FAILS TO MAKE AN INSTALLMENT PURCHASE PAYMENT UNDER THE INSTALLMENT SALE AGREEMENT (AND UPON ANY FAILURE TO BUDGET OR APPROPRIATE STATE AID TO EDUCATION), THE SYRACUSE SCHOOLS ACT AND THE INDENTURE PROVIDE THAT, UPON RECEIPT BY THE STATE COMPTROLLER OF A CERTIFICATE FROM THE TRUSTEE ON BEHALF OF THE ISSUER AS TO THE AMOUNT OF SUCH FAILED PAYMENT, THE STATE COMPTROLLER SHALL WITHHOLD ANY STATE AND/OR SCHOOL AID FROM THE SCSD AND/OR THE CITY PAYABLE THERETO TO THE EXTENT OF THE AMOUNT SO STATED IN SUCH CERTIFICATE AS NOT HAVING BEEN MADE, AND SHALL IMMEDIATELY PAY OVER TO THE TRUSTEE ON BEHALF OF THE ISSUER THE AMOUNT SO WITHHELD. THE OBLIGATION OF THE SCSD AND THE CITY UNDER THE INSTALLMENT SALE AGREEMENT TO PAY INSTALLMENT PURCHASE PAYMENTS IS NOT A GENERAL OBLIGATION OF THE SCSD OR THE CITY AND NEITHER THE FAITH AND CREDIT NOR THE TAXING POWERS OF THE CITY IS PLEDGED TO THE PAYMENT OF INSTALLMENT PURCHASE PAYMENTS UNDER THE INSTALLMENT SALE AGREEMENT. THE OBLIGATIONS OF THE SCSD AND THE CITY UNDER THE INSTALLMENT SALE AGREEMENT TO PAY INSTALLMENT PURCHASE PAYMENTS IN ANY FISCAL YEAR OF THE SCSD OR THE CITY CONSTITUTE A CURRENT EXPENSE OF THE SCSD FOR SUCH FISCAL YEAR AND SHALL NOT CONSTITUTE

AN INDEBTEDNESS OR MORAL OBLIGATION OF THE SCSD, THE CITY OR THE STATE WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY PROVISION OR OTHER LAWS OF THE STATE OF NEW YORK. THE ONLY SOURCE OF MONEYS AVAILABLE FOR THE PAYMENT OF THE PRINCIPAL OF AND INTEREST ON THE SERIES 2018A BONDS IS INSTALLMENT PURCHASE PAYMENTS MADE BY THE SCSD AND THE CITY UNDER THE INSTALLMENT SALE AGREEMENT TO THE EXTENT OF STATE AID APPROPRIATED BY THE STATE AND AVAILABLE TO THE SCSD OR THE CITY AND APPROPRIATED BY THE CITY AND SCSD TO MAKE SUCH PAYMENTS, AND THE INTERCEPT BY THE STATE COMPTROLLER OF ANY STATE AND/OR SCHOOL AID PAYABLE TO THE CITY OR THE SCSD TO THE EXTENT OF ANY INSTALLMENT PAYMENT DEFICIENCY.

#### **Absence of Public Market for the Series 2018A Bonds**

The SCSD has been advised by the Underwriters that the Underwriters presently intends to make a secondary market in the Series 2018A Bonds. The Underwriters, however, is not obligated to do so, and any secondary market-making activities with respect to the Series 2018A Bonds may be discontinued at any time without notice. No assurance is given that an active public or other market will develop for the Series 2018A Bonds or as to liquidity of or the trading market for the Series 2018A Bonds. If a trading market does not develop or is not maintained, holders of the Series 2018A Bonds may experience difficulty in reselling the Series 2018A Bonds or may be unable to sell them at all. If a market for the Series 2018A Bonds develops, any such market may be discontinued at any time. If a public trading market develops for the Series 2018A Bonds, future trading prices of the Series 2018A Bonds will depend on many factors, including, among other things, prevailing interest rates, State Aid to Education paid to the SCSD and the market for similar securities. Depending on prevailing interest rates, the market for similar securities and other factors, including the financial condition of the SCSD, the Series 2018A Bonds may trade at a discount from their principal amount.

#### **Executive Order on Sanctuary Cities**

On January 25, 2017, President Trump signed an executive order directing the Attorney General and the Secretary of Homeland Security to ensure that state and local jurisdictions that willfully refuse to comply with federal law concerning the provision of information on individuals' immigration status will not be eligible to receive federal grants except as deemed necessary for law enforcement purposes. It is the City's position that controlling legal authority limits funding reductions to grants directly related to federal immigration law enforcement. On April 25, 2017, the United States District Court for the Northern District of California issued a preliminary injunction enjoining enforcement nationwide of one section of the executive order which sought to limit grants beyond those relating to federal immigration law enforcement. On November 20, 2017, the court ruled that such section is unconstitutional and issued a permanent, nationwide injunction enjoining enforcement of the section. It is not known if the federal government will appeal the ruling. The court's injunction is consistent with the City's position that controlling legal authority limits funding reductions to grants directly related to federal immigration law enforcement. Federal grants to the City arguably related to federal immigration law enforcement comprise a small percentage of the City's total budget. Moreover, most if not all of such grants support local law enforcement functions which the executive order expressly authorizes the Attorney General or Secretary of Homeland Security to exempt from reduction. If implementation of the executive order results in the reduction of federal aid to the City and/or the SCSD, the City expects that it would mount a vigorous legal challenge. However, there can be no guarantee that implementation of the executive order will not result in a significant reduction or delay in receiving such aid.

## TAX MATTERS

### Series 2018A Bonds

In the opinion of Barclay Damon LLP, Bond Counsel to the Issuer, under existing law and assuming compliance by the Issuer, the SCSD and the City with certain covenants and the accuracy and completeness of certain representations made by the Issuer, the SCSD and the City, interest on the Series 2018A Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and is not treated as a preference item in calculating the alternative minimum tax imposed under the Code with respect to individuals. Bond Counsel is also of the opinion that, under existing statutes, interest on the Series 2018A Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York). See APPENDIX E — "Form of Opinion of Bond Counsel for the Series 2018A Bonds."

The Code imposes various requirements that must be met in order that interest on the Series 2018A Bonds be and remain excluded from gross income for Federal income tax purposes. Failure to comply with the requirements of the Code may cause interest on the Series 2018A Bonds to be included in gross income for purposes of Federal income tax retroactive to the date of original execution and delivery of the Series 2018A Bonds, regardless of the date on which the event causing such inclusion occurs. The Issuer, the SCSD and the City have covenanted in the Indenture, the Installment Sale Agreement and the Tax Compliance Agreement to comply with the requirements of the Code and have made representations in such documents addressing various matters relating to the requirements of the Code. The opinion of Bond Counsel assumes continuing compliance with such covenants as well as the accuracy of such representations made by the Issuer, the SCSD and the City.

Certain requirements and procedures contained or referred to in the Indenture, the Installment Sale Agreement, the Tax Compliance Agreement and other relevant documents may be changed, and certain actions may be taken or omitted under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of Bond Counsel. The opinion of Barclay Damon LLP states that such firm, as Bond Counsel, expresses no opinion as to any Series 2018A Bond or the interest thereon if any such change occurs or action is taken upon the advice or approval of Bond Counsel other than Barclay Damon LLP.

The excess of the principal amount of a maturity of a Series 2018A Bond over the issue price of such maturity of Series 2018A Bond (a "Discount Bond") constitutes "original issue discount," the accrual of which, to the extent properly allocable to the Beneficial Owner thereof, constitutes "original issue discount" which is excluded from gross income for Federal income tax purposes. For this purpose, the issue price of a maturity of Series 2018A Bonds is the first price at which a substantial amount of such maturity of Series 2018A Bonds is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). Further, such original issue discount accrues actuarially on a constant yield basis over the term of each Discount Bond and the basis of such Discount Bond acquired at such initial offering price by an initial purchaser of each Discount Bond will be increased by the amount of such accrued discount. Beneficial Owners of Discount Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Discount Bonds.

Series 2018A Bonds purchased, whether at original issuance or otherwise, at prices greater than the stated principal amount thereof are "Premium Bonds." Premium Bonds will be subject to requirements under the Code relating to tax cost reduction associated with the amortization of bond

premium and, under certain circumstances, the Beneficial Owner of Premium Bonds may realize taxable gain upon disposition of such Premium Bonds even though sold or redeemed for an amount less than or equal to such owner's original cost of acquiring Premium Bonds. The amortization requirements may also result in the reduction of the amount of stated interest that a Beneficial Owner of Premium Bonds is treated as having received for Federal tax purposes (and an adjustment to basis). Beneficial Owners of Premium Bonds are advised to consult with their own tax advisors with respect to the tax consequences of ownership of Premium Bonds.

On December 22, 2017, the President signed into law a bill (the "Tax Act") amending the Code. The Tax Act repeals the authority for the Issuer to issue tax-exempt bonds to advance refund bonds such as the Series 2018A Bonds. The Tax Act does not change the exclusion of interest on the Series 2018A Bonds from gross income for Federal income tax purposes. The Tax Act contains significant changes including, among other things, eliminating alternative minimum tax on corporations and lowering income tax rates applicable to many individuals and corporations.

Prospective purchasers of the Series 2018A Bonds should be aware that ownership of, accrual or receipt of interest on, or disposition of, the Series 2018A Bonds may have collateral Federal income tax consequences for certain taxpayers, including financial corporations, insurance companies, Subchapter S corporations, certain foreign corporations, individual recipients of social security or railroad retirement benefits, individuals benefiting from the earned income credit and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry such obligations.

Interest paid on tax-exempt obligations is subject to information reporting to the Internal Revenue Service (the "IRS") in a manner similar to interest paid on taxable obligations. Interest on the Series 2018A Bonds may be subject to backup withholding if such interest is paid to a registered owner who or which (i) fails to provide certain identifying information (such as the registered owner's taxpayer identification number) in the manner required by the IRS, or (ii) has been identified by the IRS as being subject to backup withholding.

Prospective purchasers should consult their tax advisors as to any possible collateral consequences of their ownership of, accrual or receipt of interest on, or disposition of the Series 2018A Bonds. Bond Counsel expresses no opinion regarding any such collateral Federal income tax consequences.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authority and represents Bond Counsel's judgment as to the proper treatment of the Series 2018A Bonds for Federal income tax purposes. It is not binding on the IRS or the courts. Current and future legislative proposals, if enacted into law, administrative actions or court decisions, at either the Federal or state level, may cause interest on the Series 2018A Bonds to be subject, directly or indirectly, to Federal income taxation or to be subjected to state income taxation, or otherwise have an adverse impact on the potential benefits of the exclusion from gross income of the interest on the Series 2018A Bonds for Federal or state income tax purposes. The introduction or enactment of any such legislative proposals, administrative actions or court decisions may also affect, perhaps significantly, the value or marketability of the Series 2018A Bonds. It is not possible to predict whether any legislative or administrative actions or court decisions having an adverse impact on the Federal or state income tax treatment of holders of the Series 2018A Bonds may occur. Prospective purchasers of the Series 2018A Bonds should consult their own advisors regarding any pending or proposed Federal or state tax legislation, regulations or litigation, and regarding the impact of future legislation, regulations or litigation, as to which Bond Counsel expresses no opinion

Bond Counsel's engagement with respect to the Series 2018A Bonds ends with the issuance of the Series 2018A Bonds and, unless separately engaged, Bond Counsel is not obligated to defend the Issuer, the SCSD, the City or the Beneficial Owners of Series 2018A Bonds regarding the tax-exempt status of the Series 2018A Bonds in the event of an audit examination by the IRS. Under current procedures, parties other than the Issuer and its appointed counsel, including the Beneficial Owners, would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the Issuer legitimately disagrees may not be practicable. Any action of the IRS, including but not limited to selection of the Series 2018A Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues may affect the market price for, or the marketability of, the Series 2018A Bonds, and may cause the Issuer, the SCSD, the City or the Beneficial Owners to incur significant expense.

### **APPROVAL OF LEGAL MATTERS**

All legal matters incident to the authorization, issuance and delivery of the Series 2018A Bonds by the Issuer are subject to the approving opinion of Barclay Damon LLP, Syracuse, New York, Bond Counsel to the Issuer. A copy of the opinion of Bond Counsel will be available at the time of delivery of the Series 2018A Bonds, the form of which is set forth in APPENDIX E — "Form of Opinion of Bond Counsel for the Series 2018A Bonds" hereto. Certain legal matters will be passed upon for Issuer by Corporation Counsel of the City. Legal matters pertaining to the JSCB will be passed upon by its special finance counsel, Trespasz & Marquardt, LLP, Syracuse, New York, and for the SCSD and the City by the Corporation Counsel of the City. Certain legal matters will be passed upon for the Underwriters by its counsel, Harris Beach PLLC, Syracuse, New York.

### **FINANCIAL ADVISOR**

Capital Markets Advisors, LLC (the "*Financial Advisor*") serves as independent financial advisor to the City and the SCSD on matters relating to debt management. The Financial Advisor is a financial advisory and consulting organization and is not engaged in the business of underwriting, marketing or trading municipal securities or any other negotiated instruments. The Financial Advisor has provided advice as to the plan of financing and the structuring of the Series 2018A Bonds and has reviewed and commented on certain legal documentation, including this Official Statement. The advice on the plan of financing and the structuring of the Series 2018A Bonds was based on materials provided by the City and the SCSD and other sources of information believed to be reliable. The Financial Advisor has not audited, authenticated or otherwise verified the information provided by the City or the SCSD or the information set forth in this Official Statement or any other information available to the City or the SCSD with respect to the appropriateness, accuracy or completeness of disclosure of such information or other information and no guarantee, warranty or other representation is made by the Financial Advisor respecting the accuracy and completeness of or any other matter related to such information and this Official Statement.

### **NO LITIGATION**

It is a condition of their acceptance of the Series 2018A Bonds at closing that the Underwriters receive certificates from the Issuer, the SCSD and the City to the effect that there is no pending or, to the knowledge of the Issuer the SCSD or the City, threatened litigation against the Issuer, the SCSD or the City that in any way questions or affects the validity of the Series 2018A Bonds, the Indenture, the License Agreement, the Installment Sale Agreement, the State Aid Depository Agreement, or any

proceedings or transactions relating to the issuance, sale or delivery of the Series 2018A Bonds or the execution and delivery of any of such documents or that would materially and adversely affect the Series 2018A Project.

As of the date of this Official Statement, the SCSD and the City have certified that they do not know of any fact or set of facts from which liability might arise which individually or collectively would materially and adversely affect the business or operations of the SCSD, the City or the Series 2018A Project.

### **RATINGS**

The Series 2018A Bonds have been given unenhanced ratings (i) by Moody's Investors Service, Inc. of "Aa2", (ii) by Standard & Poor's of "AA" and (iii) by Fitch Ratings of "AA".

Generally, a rating agency bases its rating on information and materials furnished to it and on investigations, studies and assumptions by such rating agency. A rating is not a recommendation to buy, sell or hold the Series 2018A Bonds. There is no assurance that a rating will continue for any given period of time or will not be revised downward, suspended or withdrawn entirely by the rating agency, if, in its judgment, circumstances so warrant. Any such lowering, suspension or withdrawal of a rating might have an adverse effect upon the market price or marketability of the Series 2018A Bonds. The Underwriters, the Issuer, the SCSD and the City undertake no responsibility after the issuance of the Series 2018A Bonds to assure the maintenance of any of the ratings or to oppose any revision or withdrawal thereof.

### **UNDERWRITING**

Raymond James & Associates, Inc. as representative of the underwriters (the "Underwriters") under a Purchase Contract between the Issuer and the Underwriters (the "Purchase Contract"), has agreed, subject to certain conditions, to purchase the Series 2018A Bonds from the Issuer at a purchase price of \$ \_\_\_\_\_, being the par amount of the Series 2018A Bonds, plus a premium of \$ \_\_\_\_\_ less an underwriters' discount of \$ \_\_\_\_\_, and to make a public offering of the Series 2018A Bonds. The Underwriters will be obligated to purchase all such Series 2018A Bonds if any are purchased. In connection with the public offering of the Series 2018A Bonds, the Underwriters will be receiving compensation in the amount of the Underwriters' discount.

The Underwriters' obligation under the Purchase Contract to accept delivery of the Series 2018A Bonds is subject to certain terms and conditions, including the approval of certain legal matters by counsel. The public offering price set forth on the cover page hereof may be changed from time to time at the discretion of the Underwriters.

Pursuant to the Purchase Contract, the SCSD and the City have agreed to indemnify the Underwriters and the Issuer against certain liabilities to the extent permitted by law.

### **SECONDARY MARKET DISCLOSURE**

In order to assist the Underwriters in complying with the provisions of paragraph (b)(5) of Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule"), the JSCB will undertake, on behalf of the City and the SCSD, in a written agreement for the benefit of the holders and beneficial owners of the Series 2018A Bonds (the "Continuing Disclosure Agreement") to electronically file with the Municipal Securities Rulemaking Board ("MRSB"), as the sole nationally recognized securities repository through the MSRB's Electronic Municipal Market Access ("EMMA") System, on an annual

basis no later than one calendar year after the end of each respective Fiscal Year of the City and the SCSD, commencing with the Fiscal Year ending June 30, 2018, certain financial and operating data concerning the City and the SCSD of the type included in this Official Statement and as specified in the Continuing Disclosure Agreement. In addition, the JSCB will undertake, on behalf of the City and the SCSD, for the benefit of the holders and beneficial owners of the Series 2018A Bonds, to electronically file with the MSRB through EMMA, in a timely manner, not in excess of ten (10) business days after the occurrence, notices of any of the events enumerated in the Rule. Any filing to be made under the Continuing Disclosure Agreement may be made solely by transmitting such filing to the MSRB through EMMA as provided at <http://emma.msrb.org>. See APPENDIX F — “Form of Continuing Disclosure Agreement.”

Continuing disclosure agreements which were executed by the SCSD with respect to each series of Project Bonds outstanding require the filing with each Nationally Recognized Municipal Securities Information Depository ("*NRMSIR*") or EMMA, as the case may be, of audited financial statements of the SCSD and certain financial and operating data of the type contained in the respective official statements relating to each of the respective Project Bonds outstanding no later than 360 days after the end of each respective fiscal year of the City and the SCSD. Audited financial statements for the SCSD were filed in a timely manner by the JSCB for each of the fiscal years ended June 30, 2015, 2016 and 2017. The JSCB filed a copy of the SCSD's 2013 audited financial statements on June 29, 2014, which was 4 days late. However, due to an administrative oversight, for the fiscal year ended June 30, 2014 a copy of the audited financial statements of the City and not the SCSD was filed on May 8, 2015. Although the audited financial statements of the City included information relating to the SCSD and the JSCB, a full copy of the SCSD's audited financial statements did not accompany the filing. The JSCB subsequently filed a full copy of the SCSD's 2014 audited financial statements on July 29, 2015, which was 34 days late. In addition, annual financial information and operating data for the fiscal years ended June 30, 2011, 2012, 2013, and 2014 were filed late by 4, 3, 4, and 5 days, respectively. The late filings for the 2011 through 2014 fiscal years were due to a misunderstanding as to the required filing date, which was believed to be not later than the end of succeeding fiscal year. In addition, due to an administrative oversight, annual financial information and operating data for the fiscal years ended June 30, 2015 was filed on March 29, 2017 which was 269 days late. The operating data posted for the 2015 fiscal year included certain information in connection with fiscal 2016, but the filing itself was not labeled to include the 2016 fiscal year. On January 22, 2018, along with a material event notice, a separate document was filed in connection with the 2016 operating data. Aside from the foregoing, the JSCB is in compliance with all existing continuing disclosure agreements during the previous five years. The JSCB has established procedures to insure that future filings of continuing disclosure information will be complete and will be undertaken in a timely manner in compliance with existing continuing disclosure obligations, including transmitting such filings to the MSRB through EMMA.

#### MISCELLANEOUS

**INDEPENDENT AUDITOR'S REPORT**

December 14, 2017

To the Board of Education  
City School District of Syracuse, New York:

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City School District of Syracuse, New York (the School District), a blended component unit of the City of Syracuse, New York, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the Table of Contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City School District of Syracuse, New York, as of June 30, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter – Correction of Errors**

As described in Note 13 to the financial statements, the fund balance and net position of the Joint School Construction Board Fund and General Fund at July 1, 2016 of the Governmental Funds Financial Statements were decreased and increased by \$1,596,046, respectively, to reflect a correction of error related to debt service transactions between the funds.

As described in Note 13 to the financial statements, net position at July 1, 2016 of the government-wide financial statements was increased by \$35,831,033 to reflect a correction of an error in recognizing capital assets.

Our opinions are not modified with respect to these matters.

### **Report on Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of Revenues, Expenditures and Encumbrances - Budget and Actual - General Fund, Schedule of Funding Progress for Postemployment Benefits, Schedule of Proportionate Share of Net Pension Liability (Asset) and Schedule of Contributions-Pension Plans be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Report on Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City School District of Syracuse, New York's basic financial statements. The supplementary information on pages 60-61, as required by New York State Education Department and the combining and individual nonmajor fund financial statements on pages 58-59 are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

(Continued)

## INDEPENDENT AUDITOR'S REPORT

(Continued)

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The supplementary information on pages 60-61 has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2017, on our consideration of the City School District of Syracuse, New York's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City School District of Syracuse, New York's internal control over financial reporting and compliance.

## USING THIS ANNUAL REPORT

This annual report consists of three components: MD&A, the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- Government-wide financial statements that include the Statement of Net Position and the Statement of Activities and Changes in Net Position. These statements provide both short-term and long-term information about the activities of the District as a whole as well as the District's blended component unit, JSCB.
- Fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the government-wide financial statements. The fund financial statements concentrate on the District's most significant funds with all other non-major funds listed in total in one column. JSCB, a blended component unit of the District, is presented as a major component unit in the governmental fund financial statements.

The governmental fund financial statements show how basic services such as general and special education were financed in the short-term, as well as how much remains for future spending.

Fiduciary funds statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of those outside the District.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements including a comparison of the District's General Fund budget to actual for the year.

Table 1, on the next page, summarizes the major features of the District's financial statements, including the portion of the District's activities covered and the types of information contained. The remainder of this overview section of the MD&A highlights the structure and contents of each of the statements.

## **USING THIS ANNUAL REPORT (Continued)**

### **Government-wide Financial Statements**

One of the most fundamental and key questions relative to any School District is *How did we do financially during the course of this past year?* To help answer this question, the Statement of Net Position and the Statement of Activities and Changes in Net Position provide information on the School District as a whole using accounting methods similar to those used by private-sector companies. These statements present a summary of assets, deferred outflows of resources, liabilities and deferred inflows of resources as well as revenues and expenses using the accrual basis of accounting similar to those methods used by private-sector companies. All of the current year's revenues and expenses are accounted for in the Statement of Activities and Changes in Net Position regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how it has changed. Net Position - the difference between the District's assets and deferred outflows of resources and the District's liabilities and deferred inflows of resources - is one way to measure the District's financial health or position.

- Over time, increases or decreases in the School District's net position are an indicator of whether its financial situation is improving or deteriorating, respectively.
- To assess the School District's overall health, you need to consider additional non-financial factors such as changes in the School District's property tax base and the condition of school buildings and other facilities.

In the Government-wide Statement of Net Position and the Statement of Activities and Changes in Net Position, the District's activities are shown as Governmental Activities. The majority of the District's basic programs and services are reported here, including general and special education, pupil transportation, and administration. Property taxes and State formula aid finance most of these activities.

### **Fund Financial Statements**

The Fund Financial Statements provide more detailed information about the District's funds, focusing on the most significant or major funds, rather than the District as a whole. Funds are accounting devices the School District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and by bond covenants.
- The School District establishes other funds to control and to manage money for particular purposes (such as repaying its long-term debts) or to show that it is properly using certain revenues (such as Federal grants).

## **USING THIS ANNUAL REPORT (Continued)**

### **Fund Financial Statements - (Continued)**

The District has three types of activities:

- **Governmental Funds:** Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the School District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, additional information at the bottom of the governmental funds statements explains the relationship (or differences) between them.
- **Fiduciary Funds:** The District is the trustee, or fiduciary, for assets that belong to others, such as the scholarship fund and the student activities fund. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. These funds are not reflected in the government-wide financial statements because these assets are not available to finance the District's operations.
- **Blended Component Unit:** The District includes one separate legal entity in this report - JSCB. JSCB is a joint venture between the District and the City of Syracuse (The City). JSCB is authorized to act as an agent to enter into contracts on behalf of the District and the Common Council of the City of Syracuse, New York for the design, construction, reconstruction and financing of educational facilities in the City in accordance with applicable State and Local laws. JSCB has a fiscal year which ends June 30.

## FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE

Our analysis below focuses on the net position (Table 2) and the changes in net position (Table 3) of the District's governmental activities.

In Table 2, total governmental assets decreased by approximately 15.5% mainly due to the decrease of the District's proportionate share of the New York State Teachers' Retirement System's (NYSTRS) net pension asset from \$109 million to a net pension liability of \$12.2 million. This decrease was partially offset by the increase in cash on hand at year-end from the issuance of \$29.8 million in bond anticipation notes (BAN) to fund JSCB construction expenditures scheduled to occur in the next fiscal year.

Total liabilities increased by \$42.5 million or 5.6%. The increase in the Other Liabilities category is mainly attributable to the growing liability for other postemployment benefits that rose by \$24.2 million this year and the increase in the District's share of the NYSTRS and New York State and Local Employees' Retirement System's (NYSERS) pension liabilities by \$16.9 million. These increases were partially offset by the decrease in Bonds Payable by \$12.8 million for the current year debt service payments that were made.

Deferred outflows of \$127.1 million and deferred inflows of \$11.3 million, an increase of \$83.5 million and a decrease of \$29.2 million, respectively from the prior year, were also recognized this year in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68 and 71 for the District's share of the NYSERS and NYSTRS pensions.

The District's combined governmental net deficit grew by approximately \$8.8 million or 3.6%. At June 30, 2017, the total liabilities exceeded the total assets by \$254.5 million (net deficit).

## FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE (Continued)

As shown in Table 3 below, the District's total revenues from governmental activities increased by 6.0% or \$27.2 million primarily due to the \$26.2 million increase in General Aid from \$239.3 million in the prior year to \$265.5 million in the current year.

The cost of all governmental programs and services increased by 11.7% or \$51.0 million. The effect of the requirements of GASB 68 and 71 had a minimal impact on 2017 total expenses representing a \$0.5 million increase but in 2016 the effect resulted in a \$28.5 million reduction in expenses. Also, OPEB expense which is recorded based on an actuarial valuation represented a \$6.6 million increase compared to the amount recognized in 2016.

Salaries increased 3.5% or \$6.4 million over the prior year mainly due to contractual wage increases for instructional staff and other bargaining units, position increases for Vice Principal and Teaching Assistant staff, and additional funding for Attendance Teams and Academic Intervention Services. The District also experienced a significant increase in the number of staff members retiring in the current year resulting in retirement costs increasing by \$1 million as retiring staff members are eligible to receive retirement incentives and payouts in accordance with bargaining unit contract provisions. Employee retirement costs, on the other hand, decreased by 7.6% or \$1.8 million as the NYSTRS contribution rate decreased from 17.5% to 13.3% and NYSERS rates decreased as well.

Actively managing health and prescription costs by implementing a high deductible plan, Medicare Advantage Plan and Medicare Part D prescription drug retiree benefit (EGWP) plan coupled with lower volume and severity of claims resulted in medical and dental expenditures on the District's self-insured plan being \$2.1 million less than in the prior year.

Charter School tuition expense increased \$1.2 million in the current year when compared with the prior year due to increases in the billing rate and charter school enrollment.

Bond principal and interest payment amounts increased by \$3.0 million over the prior year as the District begins making principal and interest payments on JSCB project related bonds.

## FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE (Continued)

The District is dependent on New York State and Federal sources for financing day to day operations with these two funding sources comprising 87.2% of total Governmental Activities revenue as shown in Chart 1 below. This dependency results in sensitivity to changes in the State's fiscal condition as well as changes in the State and Federal governments' funding priorities.

### Chart 1: Sources of Revenue for 2016-2017

The District spent 77.8% of total expenditures on Instruction including salaries and benefits for Teachers and Teaching Assistants and instructional supplies and 2.9% providing meals to students through the School Food Service Program as shown in Chart 2 below.

Pupil Transportation services to transport all students who are residents of the District to sites both within and outside of the District utilized 5.1% of total expenditures.

General Support services such as custodial, maintenance, accounting and administrative services made up approximately 12.6% of total expenditures.

### Chart 2: Expenses for 2016-2017

## **FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS**

At June 30, 2017, the District's governmental funds reported a combined fund balance of \$56.1 million, which is an increase of \$4.7 million from the prior year combined fund balance of \$51.4 million, as restated. The fund balance represents the accumulated results of the current and all previous years' operations.

The total fund balance is segregated into non-spendable, restricted, committed, assigned and unassigned amounts based on nature of the restriction imposed on the District's ability to use those net assets for day-to-day operations. More detailed information on the nature of each category of fund balance is presented in Note 1 to the financial statements. As a measure of each fund's liquidity, it may be useful to compare both its unassigned fund balance and total fund balance to total fund expenditures.

### **General Fund**

The General Fund's fund balance at June 30, 2017, is \$43.8 million, which is an increase of \$7.3 million from the prior year fund balance of \$36.5 million, as restated. Of the balance at June 30, 2017, \$28.7 million was unassigned. The unassigned fund balance represents 7.4% of the total current year General Fund expenditures, while total fund balance represents 11.3% of that same amount.

### **JSCB**

At June 30, 2017, JSCB, a blended component unit, reported a fund balance deficit of \$3.2 million, which is a decrease of \$7.3 million from the prior year fund balance of \$4.1 million, as restated. The entire amount of the fund balance is reserved for use in the related JSCB construction and renovation projects to be completed throughout the District.

### **GENERAL FUND BUDGETARY HIGHLIGHTS**

The District's original adopted General Fund budget was \$411.4 million, consisting of the current year's operating budget of \$407.1 million and prior year's encumbrances of \$4.3 million. The final budget was the same as the original budget.

The actual charges to appropriations (expenditures) were \$22.5 million or 5.5% less than the final budget amount of \$411.4 million mainly due to health and prescription costs being less than budget by \$9.0 million. The District is self-insured paying actual claims as incurred, so significant savings were recognized from this year's lower than anticipated claim volume and severity as well as cost savings from implementing new prescription drug contract pricing and high deductible, Medicaid Advantage and EGWP health plans.

Contract service costs were also less, at \$8.9 million below budget, due to the availability of grant funding for afterschool programming, private and public school student placements at lower than anticipated levels, and actual executed contract amounts less than budgeted estimates for various services including Assurance of Discontinuance, translation, social media, and police services contracts.

Additionally, BOCES service costs were \$953 thousand less than anticipated due to the closure of the BOCES Kasson Road facility that provided special education services to District students and differences between the actual and budgeted level of related services to be provided for students' individualized education programs (IEPs). Utilities costs were \$854 thousand lower with natural gas prices remaining at 10-year record lows and electric rates following suit through most of the first half of the fiscal year. Transportation costs were \$821 thousand less than anticipated for the year based on routing efficiencies obtained and lower than anticipated costs for the expanded Centro transportation.

**GENERAL FUND BUDGETARY HIGHLIGHTS (Continued)**

Resources available for appropriation (revenues) excluding the use of fund balance were approximately \$200 thousand more than the final budgeted amount of \$396.1 million. The District had lower than anticipated State Aid mainly in the transportation aid expenditure reimbursement category. The District had higher than anticipated operating transfers in for indirect cost allocations from the School Food Service program and grants as the District received more grants with an indirect cost allocation than anticipated. This allocation is designed to help support the administrative costs associated with operating the School Food Service and grant funded programs.

For a more detailed comparison of budget to actual operating results by category, refer to the Required Supplementary Information Schedule of Revenues, Expenditures and Encumbrances – Budget and Actual for the Year Ended June 30, 2017.

**CAPITAL ASSETS**

At June 30, 2017, the District had \$285.4 million, net of depreciation and amortization, invested in a broad range of capital assets, including land, buildings, athletic facilities, vehicles, software and other equipment for governmental activities. This amount represents a net decrease of \$208 thousand or 0.1% from last year, as restated. The District completed the Building Condition Survey and finalized the Greystone project study phase transferring \$6.6 million from construction in progress to buildings and improvements and software and added an additional \$6.9 million to construction in progress as major renovations at various schools throughout the District are implemented under Phase II of the Joint Schools Construction Board school reconstruction program and the first Smart Schools Bond Act (SSBA) project begins.

More detailed information about the District's capital assets is presented in Note 4 to the financial statements.

## DEBT ADMINISTRATION

At June 30, 2017, the District had \$130.8 million of bonds payable outstanding compared to \$143.6 million last year, a decrease of \$12.8 million or 8.9% for the principal payments made during the year. The District issued refunding bonds in the current year to refinance existing debt for a lower interest rate. As the District continues to renovate aging facilities, it is anticipated debt will increase in future years.

More detailed information about the District's long-term liabilities is presented in Note 5 to the financial statements.

## CHALLENGES FACING THE DISTRICT

As a dependent school district without the authority to raise taxes or issue debt, the District is directly affected by Local and State economic conditions. Like many urban based districts, the Syracuse City School District operates in an environment of fluctuating enrollment, increasing costs of operations (primarily salary, wages, employee benefits, and charter schools), an aging infrastructure and decreasing property tax valuations.

Additionally, a number of policy and funding changes are being deliberated at the Federal level that could potentially impact the District. Changes that are under consideration include: reductions and reallocations of major Federal education funding programs including funding for summer and after-school programs and teacher training; an increased focus on school choice including vouchers for private schools and additional charter school funding; modifications to the nation's health care system; and changes to the Federal Medicaid program. The District is closely monitoring developments at the Federal level so that any changes can be incorporated into both short and long-term financial planning.

Maintaining and operating District facilities also presents a significant challenge, one which is made more difficult given the age of the school buildings. Nearly 60% of the District's facilities are 80 years or older (see Table 5). In response to the need to allocate funds to meet the increasing costs of instructional activities, funding routine maintenance has been curtailed. Consequently, the amount of deferred maintenance continues to increase.

All these challenges impact the District's ability to both attract and retain a high quality instructional and administrative workforce.

**Table 5  
Age of Active Buildings**

## **CHALLENGES FACING THE DISTRICT (Continued)**

As we look forward there are, however, some notable initiatives that will have a positive impact on the District's ability to achieve its mission.

In January 2006, the New York State Legislature authorized the Syracuse Cooperative School Reconstruction Act and the Joint City Schools Construction Board to act as an agent of the City and the Board of Education to implement various school reconstruction projects.

The State authorized the total cost of an initial group of projects not to exceed \$225 million. However, JSCB has elected to limit the cost impact of these projects by reducing the size of the initial phase to \$150 million.

During the 2009-2010 fiscal year, the first phase of roof replacement projects at Clary and Bellevue Academy at Shea were completed. During 2010-2011, the second phase of the roof replacement projects for Clary and Bellevue Academy at Shea were completed. In 2011-2012, construction began on major renovation projects at Central Tech, Dr. Weeks, H.W. Smith, and Fowler. During 2012-13, the Fowler, Dr. Weeks, and Central Tech project reached the substantial completion stage of construction. The H.W. Smith project was substantially complete in December 2013.

In April 2017, JSCB completed a refunding of its Phase I Series 2008 bonds in order to take advantage of favorable interest rates, realizing a net savings of \$3.4 million in debt service costs over the remaining life of the bond.

In May 2013, the Legislature approved an amended version of the Syracuse Cooperative School Reconstruction Act (JSCB Phase II) that authorizes a second phase of up to twenty school reconstruction projects for an amount not to exceed \$300 million. The JSCB Phase II bill was signed into law by the Governor in October 2013. Specific schools to be renovated are named in the legislation. Projects for these schools were to be recommended as part of a comprehensive planning process to be undertaken by the District. The planning process is completed with JSCB approving the Comprehensive Plan in December 2014 and the Office of the State Comptroller approving in June 2015. Design for the first seven Phase II projects is nearing completion and construction is expected to begin in spring 2018. In order to finance the initial design phase of JSCB Phase II projects, the City of Syracuse issued Bond Anticipation Notes (BANs) on behalf of JSCB. As of June 30, 2017, JSCB BANs in the amount of \$29.8 million were outstanding.

To support the District, the Syracuse City School District Educational Foundation (the-Foundation), an independent, non-profit, was formed in 2003 with the mission to supplement, support and enrich the student experience to prepare students for a successful future. The Foundation's grants program has successfully provided funding for a wide array of educational resources such as educational technology, class programming aides, books, tutorial programs, supplies, instructional software programs, equipment, and more.

## CHALLENGES FACING THE DISTRICT (Continued)

The City of Syracuse and County of Onondaga entered into an inter-municipal agreement on March 27, 2012 for the purpose of creating the Greater Syracuse Property Development Corporation, a not-for-profit corporation, operating as the Greater Syracuse Land Bank (Land Bank) under the New York Land Bank Act of 2011. The purpose of the Land Bank is to address problems regarding vacant and abandoned property in a coordinated manner and to further foster the development of such property and promote economic growth through the return of vacant, abandoned, and tax-delinquent properties to productive use. In the long term, the improvement of these properties has the potential to increase property tax assessment values and increase the related property tax levy revenue for the District. In the short term, when a property is purchased and ownership transferred to the Land Bank, the property becomes tax exempt and the value of the property is removed from the tax levy reducing the District's property tax revenue. The District's property tax revenue was reduced by approximately \$310 thousand in the current fiscal year for these transfers and other adjustments.

In New York, adequate and equitable funding has been challenged, resulting in a school based funding lawsuit specifically addressing the adequacy of funding for New York City based schools. Several courts, including the New York State Court of Appeals, have determined that the current funding formula in New York State does not provide adequate funding for New York City and therefore students are unable to receive a sound basic education. On November 20, 2006 the New York State Court of Appeals issued a decision indicating a lack of adequate funding for New York City Schools.

In April 2007, the New York State Legislature enacted the State Education Budget and Reform Act of 2007 (Education Act) to offer resources and aid to the highest-need students in the lowest-performing schools. The Legislature passed a budget for the 2008-09 school year that fully funded the aid increases contained in the Education Act. However, school aid was frozen in the 2009-10 budget due to the State's fiscal challenges, and remained frozen in the 2010-11 and 2011-12 school years. Modest increases in school aid were provided beginning in 2012-13 and have continued into 2017-18.

In February 2014, New Yorkers for Students' Educational Rights (NYSER) filed a lawsuit (*NYSER v. State of New York*) on behalf of a group of parents and students from across the State alleging that the State is not providing sufficient funds to schools to allow for all schools to provide the required sound basic education to all students throughout the State. The New York Court of Appeals ruled on this lawsuit in June 2017 determining that the lawsuit can only move forward to trial on behalf of students in New York City and Syracuse, as opposed to all students, because the lawsuit alleged specific deficiencies in these specific districts.

Also, ongoing is *Maisto v. State*, filed in 2008 by parents and students in eight small city school districts in New York alleging that the State is not providing sufficient funding to these districts to provide the required sound basic education to their students. In October 2017, the New York Court of Appeals reversed the original 2016 Supreme Court ruling to dismiss this case, allowing for the case to return to court for a retrial.

## **NEXT YEAR'S BUDGET**

In preparing the 2017-18 operating budget, the District faced several challenges including school receivership requirements, extended learning time and community schools initiatives, alternative education programming and systems of support, enhanced career and technical education programs, an increase in educational accountability, growing charter school enrollment including the opening of a new charter school with K-2 enrollment, and an overall increase in the District's operating costs.

The District's portion of the Property Tax Levy increased by less than 1% over the 2016-17 adopted budget and State aid increased by approximately 4%. Sales tax revenues are projected to decrease by 30%. The budget includes \$8.9 million in appropriated fund balance.

In order to balance the budget, the District will apply for a special apportionment provided pursuant to the New York State Laws of 2017 which allows school districts to accrue a portion of their subsequent year's State aid into the current fiscal year.

The District, in conjunction with the City of Syracuse, continues to aggressively manage its spending and evaluate opportunities for increased efficiency, consolidation and cost reduction.

**NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2017**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements of the City School District of Syracuse, New York (the School District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. Significant accounting principles and policies used by the District are described below.

**A. Financial Reporting Entity**

The City School District of Syracuse, New York is governed by the Education Law and other laws of the State of New York. The governing body is the Board of Education. The scope of activities included within the accompanying basic financial statements are those transactions which comprise school district operations, and are governed by, or significantly influenced by, the Board of Education. Essentially, the primary function of the District is to provide education for pupils. Services such as transportation of pupils, administration, finance, and plant maintenance support the primary function. The financial reporting entity includes all funds, functions and organizations over which the School District Officials exercise oversight responsibility and the activities of a blended component unit, the Joint Schools Construction Board.

The reporting entity of the District is based upon criteria set forth by GASB Statement 61, *The Financial Reporting Entity: Omnibus — an amendment of GASB Statements No. 14 and No. 34*. Under GASB Statement 61, the District is a blended component unit of the City of Syracuse, New York (the City).

The accompanying financial statements present the activities of the District including the Extraclassroom Activity Funds (the ECA Funds).

The ECA Funds are independent of the District with respect to financial transactions and the designation of student management, however, the Board of Education exercises general oversight of these funds. The District accounts for the ECA Funds in the Agency Fund. Separate audited financial statements (cash basis) of the ECA Funds can be found at the District's business office.

*Joint Schools Construction Board Blended Component Unit (JSCB)*

Under GASB Statement 61, JSCB is a blended component unit of the District based on the criteria that JSCB provides services almost exclusively to the District. Separate audited financial statements are prepared for JSCB and reports may be obtained by writing to Joint Schools Construction Board, City Hall, Syracuse, New York 13202. JSCB has a fiscal year which ends June 30.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### B. Basis of Presentation

#### *Government-wide Financial Statements:*

The Statement of Net Position and the Statement of Activities and Changes in Net Position present financial information about the reporting government as a whole. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting of internal transactions. Governmental activities generally are financed through taxes, State aid, intergovernmental revenues, and other non-exchange transactions. Operating grants include operating-specific and discretionary (either operating or capital) grants.

The Statement of Activities and Changes in Net Position presents a comparison between program expenses and revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Indirect expenses, principally employee benefits, are allocated to functional areas in proportion to the payroll expended for those areas. Program revenues include charges paid by the recipients of goods or services offered by the programs, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

#### *Fund Financial Statements:*

The fund financial statements provide information about the District's funds and blended component unit, including fiduciary funds. Separate statements for each fund category (governmental and fiduciary) are presented. The emphasis of fund financial statements is on major funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major governmental funds.

The District reports the following major governmental funds and blended component unit:

#### **General Fund**

This is the District's primary operating fund. It accounts for all financial transactions that are not required to be accounted for in another fund.

#### **Special Aid Fund**

This fund accounts for the proceeds of specific revenue sources, such as Federal and State grants that are legally restricted to expenditures for specified purposes. These legal restrictions may be imposed either by governments that provide the funds or by outside parties.

#### **Joint Schools Construction Board (JSCB) Blended Component Unit**

The JSCB is a joint venture between the District and the City. This blended component unit is used to account for transactions associated with the design, construction, reconstruction, and financing of public educational facilities in the City. The JSCB is authorized to act as an agent to enter into contracts on behalf of the District and the Common Council of the City of Syracuse, New York (the Council) for the construction of new educational facilities in accordance with applicable State and Local laws.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### B. Basis of Presentation (Continued)

The District reports the following governmental funds as non-major governmental funds:

#### **School Food Service Fund**

This fund accounts for the financial transactions related to the food service operations of the District.

#### **Capital Projects Fund**

This fund is used to account for the financial resources used for acquisition, construction, or major repair of capital facilities. The principal sources of financing are from the sale of bonds or issuance of bond anticipation notes.

#### **Debt Service Fund**

This fund accounts for the accumulation of resources and the payment of principal and interest on long-term debt of governmental activities. Financing is provided by transfers from the General Fund and the Capital Projects Fund.

#### **Permanent Fund**

This fund is used to account for trust arrangements in which the District is the beneficiary of the earnings on the principal.

Fiduciary activities are those in which the District acts as trustee or agent for resources that belong to others. These activities are not included in the government-wide financial statements, because their resources do not belong to the District, and are not available to be used. The District reports the following fiduciary funds:

#### **Private Purpose Trusts Fund**

This fund is used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs.

#### **Agency Fund**

This fund is strictly custodial in nature and does not involve the measurement of results of operations. Assets are held by the District as agent for various student groups or ECA Funds and for payroll or employee withholding.

### C. Measurement Focus and Basis of Accounting

The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Non-exchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The governmental fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within ninety days after the end of the fiscal year.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Measurement Focus and Basis of Accounting (Continued)**

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

**D. Revenue, Expenditures and Expenses**

**Property Taxes**

Real property taxes are levied annually by the Council. Uncollected real property taxes are subsequently enforced by the City. An amount representing uncollected real property taxes must be transmitted by the City to the District within two years from the return of unpaid taxes to the City.

**Intergovernmental Revenues - Grants**

Revenues and expenditures from Federal and State grants are typically recorded in the general and special revenue funds. The District follows the policy that an expenditure of funds is the prime factor for determining the release of grant funds; revenue is recognized at the time of the expenditure of funds. If release of grant funds is not contingent upon expenditure of funds, revenue is recorded when received or when the grant becomes an obligation of the grantor.

**Program Revenues**

Program revenues include charges for services, and operating/capital grants and contributions that directly relate to a function such as general support, instruction, etc.

**Expenditures/Expenses**

In the government-wide financial statements, expenses are classified by function for governmental activities.

In the fund financial statements, expenditures are classified as follows:

Governmental Funds - By Character:

Current (further classified by function)

Debt Service  
Cost of Sales  
Capital Outlay

**Indirect Expenses**

Indirect expenses are allocated based upon a percentage of governmental fund expenditures by function.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Revenue, Expenditures and Expenses (Continued)**

**Interfund Transfers and Interfund Receivables and Payables**

The operations of the District include transactions between funds. These transactions may be temporary in nature, such as with interfund borrowing. The District typically loans resources between funds for the purpose of providing cash flow. These interfund receivables and payables are expected to be repaid within one year. Permanent transfers of funds include the transfer of expenditures and revenues to provide financing or other services.

In the government-wide statements, the amounts reported on the Statement of Net Position for interfund receivables and payables represent amounts due between different fund types (governmental activities and fiduciary funds). Eliminations have been made for all interfund receivables and payables between the funds, with the exception of those due from or to fiduciary funds.

The governmental funds report all interfund transactions as originally recorded. Interfund receivables and payables may be netted on the accompanying governmental funds balance sheet when it is the District's practice to settle these amounts at a net balance based upon the right of legal offset.

Refer to Note 3 for a detailed disclosure by individual fund for interfund receivables, payables, expenditures and revenues activity.

**Restricted and Unrestricted Resources**

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

**E. Cash and Cash Equivalents**

The District's cash and cash equivalents consist of cash on hand, demand deposits, cash held by the City, cash held by fiscal agents, and short-term investments with original maturities of three months or less from date of acquisition.

JSCB's cash and cash equivalents consist of restricted cash held for project expenditures/expenses and debt service payments, and the proceeds from bond sales can only be used for the stated purpose of the borrowing. All funds are held in trust in accordance with an indenture trust agreement.

New York State (the State) law governs the District's investment policies. Resources must be deposited in FDIC-insured commercial banks or trust companies located within the State. Permissible investments include obligations of the United States Treasury, United States Agencies, repurchase agreements and obligations of New York State or its localities.

Collateral is required for demand and time deposits and certificates of deposit at commercial banks not covered by FDIC insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts.

## **1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### **E. Cash and Cash Equivalents (Continued)**

Custodial Credit Risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. GASB Statement No. 40 directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are either uncollateralized, collateralized by securities held by the pledging financial institution or collateralized by securities held by the pledging financial institution's trust department but not in the District's name. The District's aggregate bank balances that were not covered by depository insurance were not exposed to custodial credit risk at June 30, 2017.

The District was invested only in the above-mentioned obligations and, accordingly, was not exposed to any interest rate risk.

All cash and equivalents restricted by external sources are held by the City for the benefit of the District and are reflected on the books and records of the City.

### **F. Restricted Assets**

Certain assets are classified on the balance sheet as restricted because their use is limited. The proceeds from bond sales can only be used for the stated purpose of the borrowing. Donations to be used toward scholarships in the Private Purpose Trusts Fund and funds supporting ECA Funds in the Agency Fund are restricted specifically for those purposes.

### **G. Receivables**

In the government-wide statements, receivables consist of all revenues earned at year-end but not yet received. Major receivable balances for the governmental activities include grants.

In the fund financial statements, receivables in governmental funds include revenue accruals such as grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with the modified accrual basis, but not deferred in the government-wide financial statements in accordance with the accrual basis. Interest and investment earnings are recorded when earned only if paid within ninety days since they would be considered both measurable and available.

### **H. Inventory and Prepaid Items**

Inventories of food and/or supplies in the School Food Service Fund are recorded at cost on a first-in, first-out basis or, in the case of surplus food, at stated value that approximates market. Purchases of inventoriable items in other funds are recorded at cost on an average cost basis.

Prepaid items represent payments made by the District for which benefits extend beyond year-end. These payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. These items are reported as assets on the Statement of Net Position or Balance Sheet using the consumption method. A current asset for the prepaid amounts is recorded at the time of purchase and an expense/expenditure is reported in the year the goods or services are consumed.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**I. Capital Assets (Fixed Assets)**

Capital assets, which include land and land improvements, buildings and improvements, furniture and equipment and vehicles as well as intangibles such as software, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial cost of \$5,000 or more and an estimated useful life in excess of two years.

Capital assets are reported at actual cost or estimated historical costs if purchased or constructed. Donated assets are reported at estimated fair market value at the time received.

The District depreciates/amortizes capital assets using the straight-line method over the estimated useful life of the asset beginning in the first month after completion or acquisition of the asset. The range of estimated useful lives by type of asset is as follows:

| <u>Type of Asset</u>       | <u>Estimated Useful Lives</u> |
|----------------------------|-------------------------------|
| Land improvements          | 20 years                      |
| Buildings and improvements | 39 years                      |
| Furniture and equipment    | 6 -10 years                   |
| Vehicles                   | 3 - 9 years                   |
| Software                   | 5 -10 years                   |

**J. Deferred Outflows and Inflows of Resources**

In addition to assets, the Statement of Net Position includes a separate section for deferred outflows of resources. This financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has \$127,955,421 in deferred outflows of resources which is comprised of TRS and ERS Pension amounts and deferred losses on the early retirement of debt at June 30, 2017 as described in Note 5 and Note 7, respectively. The District has \$11,294,095 in deferred inflows of resources which is comprised of TRS and ERS Pension amounts at June 30, 2017 as described in Note 7.

**K. Compensated Absences**

Compensated absences consist of unpaid vested annual sick leave and vacation time. Sick leave eligibility and accumulation is specified in negotiated labor contracts and in individual employment contracts. Upon retirement, employees may contractually receive a payment based on unused accumulated sick leave. District employees are granted vacation in varying amounts, based primarily on length of service and service position. Some earned benefits may be forfeited if not taken within varying time periods.

Consistent with governmental accounting standards, an accrual for vested sick leave and vacation time is included in the compensated absences liability at year-end. The compensated absences liability is calculated based on contractual provisions.

The liability for these compensated absences is recorded as long-term debt in the government-wide statements. In the fund financial statements, the General Fund reports only the compensated absence liability payable from expendable available financial resources. These amounts are expensed on a pay-as-you-go basis.

**L. Other Benefits**

District employees participate in the New York State and Local Employees' Retirement System (NYSERS) and the New York State Teachers' Retirement System (NYSTRS).

In addition to providing pension benefits, the District provides postemployment health insurance coverage and survivor benefits to retired employees and their survivors in accordance with the provisions of various employment contracts in effect at the time of retirement. Substantially all of the District's employees may become eligible for these benefits if they reach normal retirement age while working for the District. Health care benefits are provided through plans whose premiums are based on the benefits paid during the year. The cost of providing postemployment benefits is shared between the District and the retired employee. See Note 8 for further information. There are currently approximately 7,100 individuals receiving benefits under the plan.

**M. Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums, if any, are deposited in the Debt Service Fund or JSCB, a blended component unit, and used to retire debt in the respective fund or unit. Bond issuance costs are expensed.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources.

**N. Equity Classifications**

*Government-wide Statements*

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – reports net position when constraints are placed on the assets or deferred outflows of resources either by (1) external groups such as creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Restricted net position includes the following:

|   |    |                   |
|---|----|-------------------|
| Special Aid Fund                        | \$ | 435,042           |

- c. Unrestricted net position - reports the balance of net position that does not meet the definition of restricted or net investment in capital assets and is deemed to be available for general use by the District.

*Fund Statements*

Classification of fund balance reflects spending constraints on resources, rather than availability for appropriation to provide users more consistent and understandable information about a governmental fund's net resources. Constraints are broken down into five different classifications: non-spendable, restricted, committed, assigned and unassigned. The classifications serve to inform readers of the financial statements of the extent to which the government is bound to honor constraints on the specific purposes for which resources in a fund can be spent. In the fund basis statements, there are five classifications of fund balance:

- a. Non-spendable - Includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Non-spendable fund balance includes the inventory and prepaid expenses recorded in the General Fund of \$1,050,564 and the inventory in the School Food Service Fund of \$578,932.
- b. Restricted - Includes amounts with constraints placed on the use of resources either externally imposed by creditors, grantors, contributors or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation. The definition of restricted fund balance is the same as restricted net position.
- c. Committed - Includes amounts that can only be used for the specific purposes pursuant to constraints imposed by formal action of the school district's highest level of decision making authority, i.e., the Board of Education. The District has no committed fund balances as of June 30, 2017.
- d. Assigned - Includes amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. The Chief Financial Officer has been authorized by the Board of Education to assign fund balance. All encumbrances of the General Fund are classified as Assigned Fund Balance in the General Fund. As of June 30, 2017, the District's General Fund encumbrances amounted to \$2,022,478, classified as follows:

|                                 |                     |
|---------------------------------|---------------------|
| General Fund encumbrances:      |                     |
| General Support                 | \$ 703,563          |
| Instruction                     | 1,051,161           |
| Transportation                  | <u>267,754</u>      |
| Total General Fund encumbrances | <u>\$ 2,022,478</u> |

Appropriated fund balance designated during the budgetary process for use to fund operating expenditures in the next fiscal year is also included in Assigned Fund Balance. The District appropriated \$8,900,000 of fund balance to be used to fund fiscal year 2017-2018 operating expenditures. The District also assigned \$3,200,000 to fund the estimated November 2019 JSCB debt service payment for Phase II Projects.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**N. Equity Classifications (Continued)**

*Fund Statements (Continued)*

- e. Unassigned - Includes all other General Fund balance that does not meet the definition of the above four classifications and are deemed to be available for general use by the District. In addition, unassigned fund balance includes any remaining negative fund balance for funds other than the General Fund.

*Order of Use of Fund Balance*

The District's policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance and unassigned fund balance at the end of the fiscal year. For all funds, non-spendable fund balances are determined first and then restricted fund balances for specific purposes are determined. In the General Fund, committed fund balance is determined next and then assigned. The remaining amounts are reported as unassigned. Assignments of fund balance cannot cause a negative unassigned fund balance.

**O. Economic Dependency**

The District receives significant funding from the U.S. Department of Agriculture, the U.S. Department of Education and other Federal, State, and Local sources. Curtailment of such revenue would have a significant impact on the District's programs.

**P. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are made in a variety of areas, including computation of encumbrances, compensated absences, potential contingent liabilities and useful lives of long-lived assets.

## 2. BUDGETS AND BUDGETARY ACCOUNTING

### Budget Policies

- a. The District administration prepares a proposed budget for approval by the Board of Education and the City for the following governmental fund for which legal (appropriated) budgets are adopted: General Fund.
- b. A public hearing is held upon completion and filing of the tentative budget. Subsequent to such public hearing, the budget is adopted by the Board of Education.
- c. Appropriations are adopted at the program level.
- d. Appropriations established by adoption of the budget constitute a limitation on expenditures (and encumbrances) which may be incurred. Appropriations lapse at the fiscal year-end unless expended or encumbered. Encumbrances lapse if not expended in the subsequent year. Supplemental appropriations may occur subject to legal restrictions, if the Board approves them because of a need that exists which was not determined at the time the budget was adopted.

An annual budget is not adopted for the Special Aid Fund. Budgetary controls are established in accordance with grant agreements.

## 3. INTERFUND TRANSACTIONS

To improve cash management, most disbursements are made from a pooled account in the General Fund. Interfund receivables and payables exist primarily due to this cash management practice, as well as normal delays in processing interfund transfers and reimbursement. Interfund balances and transfers are short term in nature and are typically repaid in less than one year. The following schedule summarizes interfund transactions during the year ended June 30, 2017 and balances at June 30, 2017:

| Fund                  | Interfund            |                      | Interfund            |                      |

## 5. CAPITAL INDEBTEDNESS

The District borrows money in order to meet current operating requirements and to acquire or construct buildings and improvements. For acquisition or construction of buildings and improvements this enables the cost of these capital assets to be borne by the present and future taxpayers receiving the benefit of the capital assets. The provision to be made in future budgets for capital indebtedness represents the amount authorized to be collected in future years from taxpayers and others for liquidation of both current and long-term liabilities.

Payments on bonds payable, with the exception of JSCB, that pertain to the District's governmental activities are made by the Debt Service Fund. Liabilities for compensated absences, retirement, self-insurance claims, environmental remediation and judgments and claims will be liquidated by the General Fund.

### Revenue and Bond Anticipation Notes Payable

The District and JSCB may issue revenue anticipation notes, bond anticipation notes and tax anticipation notes, in anticipation of the receipt of revenues. For governmental funds, these notes are recorded as a liability of the fund that will actually receive the proceeds from the issuance of the notes. Revenue anticipation and tax anticipation notes represent a liability that will be extinguished by the use of expendable, available resources of the fund. Bond anticipation notes represent a liability that will be extinguished by the use of bond proceeds when bonds are issued.
