Exhibit "F" - Notice of Public Hearing with evidence of publication and copies of letters to affected tax jurisdictions

Exhibit "G" - Inducement Resolution

Exhibit "H" - PILOT Resolution

Exhibit "I" – Final Approving Resolution

Exhibit "J" – Approving Resolution

20 General Certificate of the Company relating to capacity and signatures of officers, execution and delivery of the Documents to which it is a party, no litigation and approval, with the following items included as exhibits:

Exhibit "A" - Articles of Organization

Exhibit "B" - Operating Agreement

Exhibit "C" - Certificate of Good Standing

Exhibit "D" - Company Resolution

Exhibit "E" – Pending Litigation

21 General Certificate of the Manager, with the following items included as Exhibits:

Exhibit "A" - Articles of Organization

Exhibit “B” - Operating Agreement

Exhibit “C” - Certificate of Good Standing

Exhibit “D” - Company Resolution

Exhibit “E” – Pending Litigation

22 Opinion of Bousquet Holstein PLLC, counsel to the Agency, addressed to the Company and the Agency

23 Opinion of Bond, Schoeneck & King, counsel to the Company, addressed to the Agency and the Company

24 Closing Memorandum

1

CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY

APPLICATION FOR BENEFITS

INSTRUCTIONS

1. The person completing this application on behalf of the company/applicant shall be a person who is either the CEO of the company/applicant or a person authorized to bind the company/applicant and each statement contained in this application shall be made by such a person. Fill in all blanks, using "none", "not applicable" or "not available" where the question is not appropriate to the Project, which is the subject of this Application (the "Project"). If you have any questions about the way to respond, please call the City of Syracuse Industrial Development Agency ("SIDA" or the "Agency") at (315) 448-8100.

2. In accordance with Section 224-a(8)(d) of Article 8 of the New York Labor Law, the Agency has identified that any "financial assistance" (within the meaning of Section 858 of the General Municipal Law) granted by the Agency to the Applicant consisting of sales and use tax exemption benefits, mortgage recording tax exemption benefits and real property tax exemption benefits, constitutes "public funds" within the meaning of Section 224-a(2)(b) of Article 8 of the New York Labor Law and such funds are not excluded under Section 224-a(3) of Article 8 of the New York Labor Law. The Agency hereby notifies the Applicant of the Applicant's obligations under Section 224-a (8)(a) of Article 8 of the New York Labor Law.

3. If an estimate is given as the answer to a question, put "(est.)" after the figure or answer, which is estimated.

4. If more space is needed to answer any specific question, attach a separate sheet.

5. When completed, return this application by mail or fax to the Agency at the address indicated below. A signed application may also be submitted electronically in PDF format to Eric Ennis at EEnnis@syr.gov.

All projects approved for benefits by the SIDA Board will close with the Agency within 12-months of the inducement date. If this schedule cannot be met, the applicant will need to submit a closing schedule modification written request to the Executive Director that will be presented to SIDA Board for consideration.

An application will not be considered by the Agency until the application fee has been received.

7. The Agency will not give final approval for this Application until the Agency receives a completed NYS Environmental Assessment Form concerning the Project, which is the subject of this Application. The form is available at http://www.dec.ny.gov/permits/6191.html

8. Please note that Article 6 of the Public Officers Law declares that all records in the possession of the SIDA (with certain limited exceptions) are open to public inspection and copying. If the Applicant feels that there are elements of the Project which are in the nature of trade secrets which, if disclosed to the public or otherwise widely disseminated, would cause substantial injury to the Applicant's competitive position, this Applicant must identify such elements in writing and request that such elements be kept confidential. In accordance with

Article 6 of the Public Officers Law, the SIDA may also redact personal, private, and/or proprietary information from publicly disseminated documents.

9. The Applicant will be required to pay the Agency application fee and legal fee deposit upon submission. The Applicant is responsible for all administrative and legal fees as stated in Appendix A.

10. Prior to submission to the Agency for consideration, the application must be complete. A complete application consists of the execution, where applicable, and delivery of following 8 items:

- This Application
- Conflict of Interest Statement – Appendix B
- Environmental Assessment Form – Appendix C
- Verification – Appendix D
- A Project description, including a feasibility statement indicating the need for the requested benefits
- Provide site plans, sketches, and/or maps as necessary (see page 7 for more detail)
- 10 year pro forma operating budget, including funding sources
- A check payable to the Agency in the amount of $1,000
- A check payable to Bousquet Holstein PLLC in the amount of $2,500

It is the policy of the Agency that any Project receiving benefits from the Agency will utilize 100% local contractors and local labor for the construction period of the Project unless a waiver is granted in writing by the Agency.

Applicant must agree to comply with all of the Agency's policies, including but not limited to its Project Approval Policy.

Application

SECTION I: APPLICANT INFORMATION

Please answer all questions. Use "None", "Not Applicable" and "See Attached" where necessary.

Submittal Date: November 5, 2024

A. Contact Information

Company Name:	800 South Wilbur Avenue, Syracuse, LLC ("Applicant")				
Mailing Address:	1001 Franklin Avenue, Suite 300				
City:	Garden City	State:	NY	Zip:	11530
Phone:	516-746-6000	Fax:	516-746-0580		
Contact Person:	Ellen Kackmann				
Email Address:	ekackmann@albaneseorg.com				
Industry Sector:	Real Estate Development				
NAICS Code:	531110	Federal Employer Identification Number:	To Be Determined		

B. Will the Applicant be the Project Beneficiary (i.e., Project tenant or owner/operator)

☑ Yes ☐ No If No, who will:

C. Principal Stakeholders

List principal owners/officers/directors owning 5% or more in equity holdings with percentage ownership. Public companies should list corporate officers.

Name	% Ownership	Business Address	Phone	Email
Russell C. Albanese	50	1001 Franklin Avenue, Suite 300; Garden City, NY 11530	516-746-6000	rca@albaneseorg.com
Christopher V. Albanese	50	1001 Franklin Avenue, Suite 300; Garden City, NY 11530	516-746-6000	cva@albaneseorg.com

D. Corporate Structure: Attach a schematic if Applicant is a subsidiary or otherwise affiliated with another entity.

☐ Corporation
☐ Private ☐ Public

Date and Location of Incorporation/Organization:

☐ Partnership
☐ General ☐ Limited

If a foreign corporation, is the Applicant authorized to do business in the State of New York?

☐ Other ☐ Sole Proprietorship
☑ Limited Liability Company/Partnership

E. Applicant's Counsel:

Name:	Kevin M. Pole				
Firm:	Bond Schoeneck & King				
Mailing Address:	1 Lincoln Center; 110 West Fayette Street				
City:	Syracuse	State:	NY	Zip:	13202
Phone:	315-218-8146	Fax:	315-218-8100		
Email Address:	kpole@bsk.com				

F. Applicant's Accountant:

Name:	Jason Rocker				
Firm:	Cohn Reznick				
Mailing Address:	1301 Avenue of the Americas				
City:	New York	State:	NY	Zip:	10019
Phone:	646-625-5793	Fax:	410-727-0460		
Email Address:	jason.rocker@cohnreznick.com				

G. Applicant History: If the answer to any of the following is "Yes", please explain below. If necessary, attach additional information.

Is the Applicant, its management, or its principal owners now a plaintiff or defendant in any civil or criminal litigation?	☐ Yes	☑ No
Has any person listed in Section 1(c) ever been convicted of a criminal offense (other than a minor traffic violation)?	☐ Yes	☑ No
Has any person listed in Section 1 (C) or any concern with whom such person has been connected ever been in receivership or been adjudicated a bankrupt?	☐ Yes	☑ No

H. Has the Applicant, or any entity in which the Applicant or any of its members or officers are members or officers, received assistance from SIDA or the Syracuse Local Development Corporation (SLDC) in the past? If yes, please give year, Project name, description of benefits, and address of Project.

☐ Yes ☑ No

SECTION II: PROJECT AND SITE INFORMATION

A. Project Location

Address:	800 South Wilbur Avenue	Legal Address (if different)*	
City:	Syracuse		
Zip Code:	13204		
Tax Map Parcel ID(s):	.098.2-01.05.2 and .098.2-01-05.4		
Current Assessment:	TBD	Square Footage /Acreage of Existing Site*:	370,260 s.f./8 acres
Square Footage of Existing Building, if any:	Demolished	Census Tract: (Please See Appendix E for Census Tracts)	29.01

*Please verify that the address and sq. ft. on https://ocfintax.ongov.net/Imate/search.aspx matches what you are proposing here or explain discrepancy in box below.

B. Type (Check all that apply):

☑ New Construction

☐ Expansion/Addition to Current Facility

☐ Manufacturing

☐ Warehouse/Distribution

☐ Other

☐ Commercial

☐ Brownfield/Remediated Brownfield

☑ Residential Mixed Use

C. Description of Project: Please provide a detailed narrative of the proposed Project. Please separately attach the description and any copies of site plans, sketches or maps. This narrative should include, but is not limited to: i) a description of your Company's background, customers, goods and services and the principal products to be produced and/or the principal activities that will occur on the Project site; (ii) the size of the Project in square feet and a breakdown of square footage per each intended use; (iii) the size of the lot upon which the Project sits or is to be constructed; (iv) the current use of the site and the intended use of the site upon completion of the Project; (vi) describe your method for site control (Own, lease, other); and (vii) Company history and any additional circumstances the Agency should be aware of relative to the project or Company.

D. Is the Applicant the owner of the property?

☐ Yes ☑ No

If not, who is the owner and by what means will the site be acquired? If leasing, when does the lease end?

There is an agreement with the City of Syracuse to purchase the site. However, the site has not yet been purchased by the Applicant.

E. Infrastructure: Please indicate whether the following are onsite, need to be constructed, or need to be renovated/expanded:

Water	To be Constructed.	Electric	To be Constructed.
Sanitary/Storm Sewer	To be Constructed.	Private Roads	To be Constructed.
Gas	Onsite.	Telecommunications	To be Constructed.

F. Local Approvals (Site Plan and Environmental Review)

1. Have site plans been submitted to the appropriate City department?

☑ Yes. What is the status? ☐ No. When will the plans be submitted.

Master Site Plan Review application submitted to City Zoning Office.

2. Has the project received site plan approval from the Planning Commission?

☐ Yes ☑ No

3. If no, what is the anticipated date? December 2024

4. If yes, provide the Agency with a copy of the Planning Board's approval resolution.

G. Will the Project generate sales tax for the community?

☐ Yes ☑ No

If yes, what is the company's average annual sales or estimated annual sales?

H. Likelihood of Undertaking Project without Receiving Financial Assistance

Please confirm by checking a box below, whether this Project will move forward without the requested incentives?

☐ Yes ☑ No

If the Project will be undertaken without Financial Assistance provided by the Agency, then provide a statement in the space provided below indicating why the Project should be given economic incentives by the Agency:

I. In accordance with N.Y. GML Sec. 862(1):

Will the Project primarily consist of retail facilities as defined in Section 862(2)(a) of the GML?

☐ Yes ☑ No

If yes, will the cost of these facilities exceed one-third of the total Project cost?

☐ Yes ☐ No

J. Is the project located in a distressed Census Tract?

☐ Yes ☑ No Please see Appendix E for the map of distressed census tracts in the city of Syracuse.

K. Is the Project site designated as an Empire Zone?

☐ Yes ☑ No

L. Construction

1. Project Timeline (approximate):

Construction Commencement	Q3 2025	Construction Completion	Q2 2028	Date of Occupancy	Q3 2028

2. Please list any other key Project milestones:

Projected closing on project financing: June 2025.

3. Has work begun? ☑ Yes ☐ No

If so, indicate the amount of funds expended in the past 3 years?

The City has undertaken demolition of the previously existing structures on the site and remediation of the property.

SECTION III: PROJECT COSTS & FINANCING

A. Estimated Project Costs

1. State the costs reasonably necessary for the acquisition, construction, and/or renovation of the Project:

Description of Cost Type	**Total Budget Amount**
Land Acquisition	$5,220,000
Site Work/Demo	$4,000,000
Building Construction & Renovation	$79,292,745
Furniture, Fixtures & Equipment	$300,000
Equipment Subject to NYS Production Sales Tax Exemption (Manufacturing)	$0
Engineering/Architects Fees	$2,000,000
Financial Charges	$21,452,886
Legal Fees	$2,499,688
Other	$4,477,440
Management /Developer Fee	$15,000,000
Total Project Cost (Uses)	$134,242,759

2. State the sources reasonably anticipated for the acquisition, construction, and/or renovation of the Project:

Amount of capital the Applicant has invested to date:	$0
Amount of capital Applicant intends to invest in the Project through completion:	$5,801,727 (Deferred Developer Fee)
Total amount of **public** sector source funds allocated/awarded to the Project:	$84,203,874
Amount of the Project to be financed from **private** sector sources:	$44,237,157 (Tax Credit Equity)
Total Project Sources* *This $ should match the total Project Costs (Uses) above.	$134,242,759

3. Public Sector Sources:

Identify each public sector source of funding:	**Amount of Public Sector Funding***
NYS HCR NCP Subsidy	$73,230,515
HCR Accrued Interest	$1,723,359
Syracuse/Local Funding O-CHIPS Funding	$9,000,000 $250,000

*The total amount of public sector funding should equal the public sector amount listed in (A)(ii) above.

B. Financial Assistance sought (estimated values):

Applicants requesting exemptions and/or abatements from SIDA must provide the estimated value of the savings they anticipate receiving. New York State regulations require SIDA to recapture any benefit that exceeds the amount listed in this application.

1. Is the Applicant expecting that the financing of the Project will be secured by one or more mortgages: ☐ Yes ☑ No

If yes, amount requested and name of lender:

2. Is the Applicant expecting to be appointed agent of the Agency for purposes of abating payments of NYS Sales and Use Tax? ☑ Yes ☐ No

If yes, what is the TOTAL amount of purchases subject to exemption based on taxable Project costs? $2,537,368

3. Is the Applicant requesting a payment in lieu of tax agreement (PILOT) for the purpose of a real property tax abatement? ☑ Yes ☐ No

If yes, identify from the Agency's UTEP the category of PILOT requested:

30 year term that is consistent with NYS HCR and HFA regulatory periods.

4. Is the Applicant requesting any real property tax abatement that is **inconsistent** with the Agency's UTEP? ☑ Yes ☐ No

If yes, please contact the Executive Director prior to submission of this Application.

5. Upon acceptance of this Application, the Agency staff will create a PILOT schedule and indicate the estimated amount of PILOT benefit based on anticipated tax rates and assessed valuation. . At such time, the Applicant will affirm, in the form attached hereto at **Exhibit "A"** (the ***"Benefit Affirmation"),*** that it acknowledges and accepts the PILOT benefit and other benefits set forth therein, agrees to incorporate same herein by reference and requests such benefits be granted by the Agency.

***** This Application will not be deemed complete and final nor will benefits be awarded until Exhibit A hereto has been completed and executed*****

C. Type of Exemption/***Abatement*** Requested: Amount of Exemption/Abatement Requested:

☐	Real Property Tax Abatement (PILOT)	TBD
☐	Mortgage Recording Tax Exemption (.75% of amount mortgaged as listed on page 6 (B)(i))	$0
☐	Sales and Use Tax Exemption ($4% Local, 4% State of total amount listed on page 6(b)(ii))	Estimated $2,537,368
☐	Tax Exempt Bond Financing (Amount Requested)	$0
☐	Taxable Bond Financing (Amount Requested)	$0

D. Company's average yearly purchases or anticipated yearly purchases from vendors within Onondaga County, subject to sales tax:

$257,700

E. Estimated capital investment over the next 5 years, beyond this Project, if available:

This is the first phase of a planned 3-phase development. The subsequent phases will include hundreds of additional residential units, but the total costs are unknown at this time.

SECTION IV. EMPLOYMENT AND PAYROLL INFORMATION

***Full Time Equivalent (FTE) is equivalent to 35 hours of work per week or 1,820 hours per year. To convert part-time jobs into FTEs, divide the total number of hours for all part-time resources by 35 hours per week or 1,820 hours per year.**

A. In accordance with N.Y. GML Sec. 862(1):

1. Will any other companies or related facilities within the state close or be subjected to reduced activity as a result of this Project? If so please list the town and county of the location(s):

☐ Yes ☑ No

2. Will the completion of the Project result in the removal of a plant or facility of the Applicant from one area of the State New York to another area of the State of New York?

☐ Yes ☑ No

3. Will the completion of the Project result in the abandonment of one or more plants or facilities of the Applicant located in the State of New York?

☐ Yes ☑ No

i. If any answer to questions 1, 2 or 3 above is yes, is the Project reasonably necessary to discourage the Applicant from removing such other plant or facility to a location outside the State of New York?

☐ Yes ☐ No

ii. If any answer to questions 1, 2 or 3 above is yes, is the Project reasonably necessary to preserve the competitive position of the Applicant in its respective industry?

☐ Yes ☐ No

B. Are there people currently employed by the Company/end user?

☐ Yes ☑ No

C. Of those jobs in (B) above, how many will be retained:

Estimate the number of full time equivalent (FTE) jobs to be retained as a result of this Project:	None; There are no employees currently working at the project.
Estimate the number of construction jobs to be created by this Project:	There will be an estimated total of 111 FTE positions derived by
Estimate the average length of construction jobs to be created (months):	Unknown. Construction will last 36 months.
Current annual payroll of retained jobs:	There is no current annual payroll.
Average annual growth rate of wages for retained jobs:	3%
Please list, if any, benefits that are available to either full and/or part time employees retained:	Participation in group medical insurance, Employer provided retirement savings. Employer

Average annual benefit paid by the company ($ or % salary) per FTE job:	30%
Average growth rate of benefit cost:	Medical insurance will generally increase between 5% and 10%.
Amount or percent of wage employees pay for benefits:	This is highly dependent on what benefits employees choose to
Provide an estimate of the number of residents in the Economic Development Region (Onondaga, Madison, Cayuga, Oneida, Oswego, and Cortland Counties) to fill new permanent FTE jobs as well as those filling retained jobs?	100%

D. Complete the following chart indicating the number of FTE jobs presently employed by the Company/end user and the number of FTE jobs that will be created at the Project site at the end of the first, second, third, fourth, and fifth years after the Project is completed. Jobs should be listed by title or category (see below), including FTE independent contractors or employees of independent contractors that work at the Project location. **Do not include construction workers.**

Permanent Occupations in Company and/or Tenant of Project	Current Jobs by Occupation (jobs being RETAINED)	Annual Salary range	Annual benefits	Projected NEW FTEs in Years 1-5 by Occupation					Total Job Information	
	No. of FTE Employees			1st Year NET of Current RETAINED Employees	2nd Year NET of Prior Years	3rd Year NET of Prior years	4th Year NET of Prior Years	5th Year NET of Prior Years	Total New Jobs Created in 5 Year Period	Total Jobs Retained in 5 Year Period
Professional/ Managerial/ Technical	1	$85k	$25,500	1	0	0	0	0	1	1
Skilled	2	$65-75k	$19,500	2	0	0	0	0	2	2
Unskilled/ Semi-skilled	3	$45-65k	$13,500	3	0	0	0	0	3	3

For purposes of completing the chart, refer to the following definitions, in lieu of current titles:

- **Professional/Managerial/Technical** - includes jobs which involve skill or competence of extraordinary degree and may include supervisory responsibilities (examples: architect, engineer, accountant, scientist, medical doctor, financial manager, programmer).
- **Skilled** - includes jobs that require specific skill sets, education, training, and experience and are generally characterized by high education or expertise levels (examples: electrician, computer operator, administrative assistant, carpenter, sales representative).
- **Unskilled or Semi-Skilled** - includes jobs that require little or no prior acquired skills and involve the performance of simple duties that require the exercise of little or no independent judgment (examples: general cleaner, truck driver, typist, gardener, parking lot attendant, line operator, messenger, information desk clerk, crop harvester, retail salesperson, security guard, telephone solicitor, file clerk).

E. Are the employees of your company currently covered by a collective bargaining agreement?

☐ Yes ☑ No If yes, provide the name and local:

SECTION V. ENVIRONMENTAL INFORMATION

***An Environmental Assessment Form (EAF) MUST be completed and submitted along with this application. Please visit https://www.dec.ny.gov/permits/6191.html for the online EAF Mapper Application and EAF Forms.**

A. Have any environmental issues been identified on the property?

☑ Yes ☐ No

If yes, please explain:

See attached narrative.

B. Has any public body undertaken a State Environmental Quality Review Act ("SEQRA") review?

☑ Yes ☐ No

Has any public body issued a SEQRA determination for this Project?

☐ Yes ☑ No

If yes to either of the foregoing, please attach to this application all SEQRA forms (e.g. EAF) and any determinations.

SECTION VI. REPRESENTATIONS & AFFIRMATIONS BY THE APPLICANT

I hereby represent and warrant that I am [the CEO of the company/applicant] or [a person authorized to bind the company/applicant] and make the following representations and/or warranties and understand and agrees with the Agency as follows:

A. **Jobs Listings:** Except as otherwise provided by collective bargaining agreements, new employment opportunities created as a result of the Project will be listed with the New York State Department of Labor Community Services Division (the "DOL") and with the administrative entity of the service delivery area created by the Workforce Investment Act ("WIA") in which the Project is located. CVA

B. **First Consideration for Employment:** In accordance with §858-b (2) of the New York General Municipal Law, the Applicant understands and agrees that, if the Project receives any Financial Assistance from the Agency, the Company shall comply with Section 862-b of the GML. CVA

C. **Other NYS Facilities:** In accordance with §862 (1) of the New York General Municipal Law, the Applicant understands and agrees that projects which will result in the removal of an industrial or manufacturing plant of the Project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the Project occupant within the state is ineligible for Agency Financial Assistance, CVA

unless otherwise approved by the Agency as reasonably necessary to preserve the competitive position of the Project in its respective industry.

D. **City Human Right Law:** The Applicant agrees to endeavor to comply with the provisions of Article XI, Division 2 of the City Code, entitled "The Omnibus Human Rights Law," which prohibits discrimination in employment based upon age, race, sex, creed, color, religion, national origin, sexual orientation, disability or marital status. The Applicant hereby agrees to adhere to this policy or equal opportunity employment in the requirement, hiring, training, promotion, and termination of employees. CVA

E. **City of Syracuse and MWBE**: The applicant understands and agrees that every Project must commit to incorporate vendors that are minority and/or women-owned business enterprises, as certified by the State or the municipality ("*MWBE*"), equal to a minimum of 10% of all SIDA abatements during the construction phase. MWBE vendors must be located within Onondaga County in accordance with the Agency's Project Approval Policy, a copy of which is attached hereto at **Exhibit "B"** and made a part hereof. CVA

F. **City Resident Hiring.** *To qualify for any exemptions* under the Agency's Uniform Tax-Exempt Policy, every Project must commit to hiring 10% of its construction workforce, on a full-time basis, from residents of the City of Syracuse as set forth in the Agency's Project Approval Policy, a copy of which is attached hereto at **Exhibit "B"** and made a part hereof. CVA

G. **Local Labor Policy:** The applicant understands and agrees that local labor and contractors will be used for the construction, renovation, reconstruction, equipping of the Project unless a written waiver is received from the Agency. Failure to comply may result in the revocation or recapture of benefits awarded to the Project by the Agency. For the purposes of the policy, "Local" is defined as Onondaga, Cayuga, Cortland, Madison, Oneida, and Oswego Counties. CVA CVA

H. **Annual Sales Tax Filings:** In accordance with §874(8) of the New York General Municipal Law, the Applicant understands and agrees that if the Project receives any sales tax exemptions as part of the Financial Assistance from the Agency, the Applicant agrees to file, or cause to be filed, with the New York State Department of Taxation and Finance, the annual form prescribed by the Department of Taxation and Finance, describing the value of all sales tax exemptions claimed by the Applicant and all consultants or subcontractors

I. **Annual Employment Reports and Outstanding Bonds:** The Applicant understands and agrees that, if the Project receives any Financial Assistance from the Agency, the Applicant agrees to file, or cause to be filed, with the Agency on an annual basis, reports regarding the number of FTE at this Project site. The Applicant also understands and agrees to provide on an annual basis any information regarding bonds, if any, issued by the Agency for the Project that is requested by the Comptroller of the State of New York. CVA

J. **Absence of Conflicts of Interest:** The Applicant has received from the Agency a list of the members, officers and employees of the Agency. No member, officer or employee of the Agency has an interest, whether direct or indirect in any transaction contemplated by this Application, except as hereinafter described in Appendix B. CVA

K. **Compliance:** The Applicant understands and agrees that it is in substantial compliance with applicable local, state, and federal tax, worker protection, and environmental laws, rules, and regulations. CVA

L. **False or Misleading Information**: The Applicant understands and agrees that the submission of knowingly false or knowingly misleading information in this Application may lead to the immediate termination of CVA

any financial assistance and the reimbursement of an amount equal to all or part of any tax exemptions claimed by reason of Agency involvement in the Project.

M. GML Compliance: The Applicant certifies that, as of the date of the Application, the proposed project is in substantial compliance with all provisions of NYS General Municipal Law Article 18-A. CVA

N. SIDA's Policies: The Applicant is familiar with all of SIDA1 s policies posted on its website (http://www.syrgov.net/Syracuse_Industrial_Development_Agency.aspx) and agrees to comply with all applicable policies. CVA

0. Disclosure: The Applicant has read paragraph 6 of the instructions contained on the cover of this Application and understands that the Applicant must identify in writing to SIDA any information it deems proprietary and seeks to have redacted. CVA

P. Reliance: THE APPLICANT ACKNOLWEDGES THAT ALL ESTIMATES OF PROJECTED FINANCIALIMPACTS, VALUE OF FINANCIAL ASSISTANCE REQUESTED, AND OTHER INFORMATION CONTAINED IN THIS APPLICATION WILL BE RELIED UPON BY SIDA AND ANY CHANGES IN SUCH INFORMATION MUST BEMADE IN WRITING AND MAY IMPACT THE GRANT OF FINANCIAL ASSISTANCE TO THE PROJECT. CVA

Q. Legal Fees: The Applicant acknowledges that all by submitting this application, they are contractually obligated to pay all of SIDA's legal fees associated with this application, the project and the financial assistance sought regardless of whether any benefits are approved or conferred. CVA

R. Prevailing Wage: The Applicant understands and agrees that, if the Project receives any financial assistance from the Agency, the Applicant shall determine whether the Project is a "covered project" pursuant to Section 224-a of Article 8 of the New York Labor Law and, if applicable, the Applicant shall comply with Section 224-a of Article 8 of the New York Labor Law; and the Applicant further covenants that the Applicant shall provide such evidence of the foregoing as requested by the Agency. CVA

I am the CEO or a person authorized to bind the company/applicant, and have read the foregoing and agree to comply with all the terms and conditions contained therein as well as the policies of the City of Syracuse Industrial Development Agency.

Name of Applicant Company	800 South Wilbur Ave, Syracuse LLC
Signature of Officer or Authorized Representative	CVA
Name & Title of Officer or Authorized Representative	Christopher V. Albanese, President
Date	November 20 2024

SECTION VII. HOLD HARMLESS AGREEMENT

Applicant hereby releases the City of Syracuse Industrial Development Agency and the members, officers, servants, agents and employees thereof (collectively the "Agency" from, agrees that the Agency shall not be liable for, and agrees to indemnify, defend, and hold the Agency harmless from and against any and all liability arising from or expense incurred by: (A) the Agency's examination and processing of, and action pursuant to or upon, the attached Application, regardless of whether or not the Application or the Project described therein or the tax-exemptions and other assistance requested therein are favorably acted upon by the Agency, (B) the Agency's acquisition, construction, and/or installation of the Project described therein and (C) any further action taken by the Agency with respect to the Project, including without limiting the generality of the foregoing, all cause of action and attorney's fees and any other expenses incurred in defending any suits or action which may arise as a result of any of the foregoing. If, for any reason, the Applicant fails to conclude or consummate necessary negotiations, or fails, within a reasonable or specified period of time, to take reasonable, proper or requested action, or withdraws, abandons, cancels or neglects the Application, or if the Agency or the Applicant are unable to reach final agreement with respect to the Project, or the inability of the Applicant, for any reason, to proceed with the Project, then, and in the event, upon presentation of an invoice itemizing the same, the Applicant shall pay to the Agency, its agents or assigns, all costs incurred by the Agency in the processing of or in connection with the Application, including attorney's fees, if any.

[TEMPLATE] BENEFIT AFFIRMATION

** Note: this page is for reference only and should not filled out during the application phase.

The undersigned, _____, being the _____ and authorized signatory of _____, (the "***Company***" or "***Applicant***"), does hereby ***certify and affirm under the penalty of perjury*** the following:

On or about _____ the Company submitted an application for financial assistance (the "***Application***") to the City of Syracuse Industrial Development Agency (the "***Agency***") requesting the Agency consider undertaking a project (the "***Project***") consisting of:

The Agency is governed by the New York State General Municipal Law which, effective June 15, 2016, requires, pursuant to Section 859-a, among other things, that each project applicant affirm, *under penalty of perjury*, the estimated amount of benefits requested from the Agency.

That the following PILOT benefit schedule reflects the estimated real property tax benefits related to the Project, including an estimated savings valuation totaling $_____ to be realized by the Company over the _____ (___) year term of the payment in lieu of taxes ("***PILOT***") agreement requested by the Company:

PILOT Benefit Schedule	
Comparison	**Amount**
Estimated ___ year Taxes w/o PILOT benefit	$
Estimated ____ year PILOT Payments	$
Estimated ___ year PILOT Savings	$

In addition, as set forth by the Company within its Application: (i) the purchase of goods and services relating to the Project, and subject to New York State and local sales and use taxes, are estimated to cost an amount up to $_____ and therefore, the value of the State and local sales and use tax exemption benefits sought from the Agency shall not exceed $_____; and (ii) the mortgage recording tax

exemption shall be approximately $_____ based upon the Company's estimation in its Application that the principal amount of the mortgage on the Project will be $_____.

The undersigned, deposes and says that: (i) (s)he has the authority to bind the Company; (ii) (s)he has read the foregoing affirmation outlining the financial assistance sought by the Company from the Agency for the Project; and (iii) acknowledges same to be true, accurate and complete, as subscribed and affirmed hereby under the penalty of perjury.

PROJECT APPROVAL POLICY

City of Syracuse Industrial Development Agency
201 E. Washington Street, 6th Floor
Syracuse, New York 13202
Tel (315) 448-8100 Fax (315) 448-8036

PROJECT APPROVAL POLICY

I. STATEMENT OF PURPOSE

The City of Syracuse Industrial Development Agency ("***Agency***") has adopted this Project Approval Policy (the "***Policy***") in accordance with Section 859-a (5) of the New York State General Municipal Law. This Policy shall be consistent with and in compliance with the provisions of Chapter 1030 of Laws of 1969 of New York, constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended (the "***Enabling Act***") and Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (said Chapter and the Enabling Act being hereinafter collectively referred to as the "***Act***"), and any other applicable law.

II. PROJECT APPROVAL

Eligible projects for consideration hereunder shall comply with the Act

A. DEFINITIONS: For purposes of this Policy, the following definitions shall apply:

"***Distressed Census Track***" shall have the meaning ascribed thereto by the applicable federal, state or local tax credit program applicable to the Qualified Project.

"***FTE***" means one employee working no less than 40 hours per week or two or more employees together working a total of 40 hours per week.

"***NRSA***" means the Neighborhood Revitalization Strategy Areas as defined by the City of Syracuse Department of Neighborhood and Business Development Syracuse Consolidated Plan found at the following link: *http://www.syracuse.net/uploadedFiles/Departments/Neighborhood_and_Business_Development/Content/Consolidated%20Plan%202015-19%20Final%20-%2001-06-2016.pdf).*

B. Each of the following must occur ***prior*** to the adoption of a resolution approving the grant of financial assistance for a project:

(i) Assessment

The members shall assess **all** material information included in connection with the application for financial assistance (the "***Application***") submitted by or on behalf of the company seeking such financial assistance (the "***Company***") in order to afford a reasonable basis for the decision by the Agency to provide financial assistance for a proposed project

(the "***Assessment***"). As one part of their assessment of a proposed project, the members shall consider the priority industries and/or the North American Industry Classification System ("***NAICS***") sectors, all as set forth in **Exhibit "A"** attached hereto, as well as the number of retained or new FTEs resulting from the Project. No one factor qualifies or guaranties a project for approval or conference of any specific financial assistance. It is up to the Agency, in its sole and absolute discretion, to review, analyze and weigh all factors and policy initiatives when considering projects for approval.

(ii) Cost-Benefit Analysis

The members shall prepare or cause to be prepared a written cost-benefit analysis, including a ratio of abatement to new community investment (the "***Cost-Benefit Analysis***") identifying:

- the extent to which a proposed Project will create and/or retain permanent, private sector jobs;
- the applicable priority industry and/or North American Industry Classification System (NAICS) sector as set forth on **Exhibit "A"** attached hereto, if applicable;
- the estimated value of any tax exemptions to be provided;
- the amount of private sector investment generated or likely to be generated by the proposed Project;
- the likelihood of the proposed Project being completed in a timely fashion;
- the extent to which the proposed Project will provide additional sources of revenue for the municipality and school district; and
- other public and community benefits that might occur as a result of the proposed Project.

(C) City Resident Hiring. *To qualify for any exemptions* under the Agency's Uniform Tax-Exempt Policy, every Project must commit to hiring 10% of its construction workforce, on a full-time basis, from residents of the City of Syracuse (the "***City***").

(D) MWBE Requirements. *To qualify for any exemptions* under the Agency's Uniform Tax-Exempt Policy, every Project must commit to incorporate vendors that are minority and/or women-owned business enterprises, as certified by the State or the municipality (**"*MWBE*"**), equal to a minimum of 10% of all SIDA abatements (exclusive of any enhancement under the Agency's Community Benefit Policy) during the construction phase. MWBE vendors must be located within Onondaga County. Such hiring may be accomplished through CNY Works, Syracuse Build or other existing programs aimed at training and promoting local hiring.

During construction and following completion of construction, evidenced by the earlier of (i) the date a certificate of occupancy is issued for the Project by the City; or (ii) the completion date under the lease documents between the proposed Project owner and the Agency to confer approved benefits, the proposed Project owner must demonstrate to the satisfaction of the Agency compliance with each (c) and (d) above. Failure to do so shall give rise to an event of default under the lease documents and the Agency's ability to recapture benefits under its Recapture Policy.

The proposed Project owner may seek a waiver of either (c) and/or (d) above, if and only if, such owner can demonstrate, to the sole satisfaction of the Agency, that notwithstanding all efforts, the owner was not able to find residents of the City able to fill the requisite number of construction jobs and/or an inability to hire the requisite number of MWBE vendors as set forth above. Any such request must, at a minimum, demonstrate the attempts made by the owner to satisfy the requirement.

Adopted: September 27, 2022
Effective: As of January 1, 2023

8. Alignment with local planning and development efforts

Senior Housing/Affordable

1. Market study (documenting unmet need and impact on existing housing facilities)
2. Location within a highly distressed census tract
3. Alignment with local planning and development efforts
4. Local official(s) support
5. Located in areas that provide support for below median income seniors
6. Location promotes walkable community areas
7. Project developer's return on investment
8. Ability to obtain conventional financing
9. Provision of senior-specific amenities (community rooms, health services, etc.)
10. Income level of potential residents (at or below median income)

Affordable Housing

1. Market study (documenting unmet need and impact on existing housing facilities)
2. Location within a highly distressed census tract
3. Alignment with local planning and development efforts
4. Local official(s) support
5. Located in areas that provide support for below median income individuals
6. Location promotes walkable community areas
7. Project developer's return on investment
8. Ability to obtain conventional financing
9. Income level of potential residents (at or below median income)

Miscellaneous Projects

1. Location within a highly distressed census tract
2. Alignment with local planning and development efforts
3. Support from local official(s) and the community
4. Promotion of transit-oriented or walkable community areas

APPENDIX A

City of Syracuse Industrial Development Agency

Agency Fee Schedule

(Revised 12/21/23)

Bond and Straight Lease Transactions:

Application & Processing Fee.....$1,000.00

Project Commitment/Legal Fee $2,500.00

(Due with fully executed Application; Amount applied to SIDA's counsel fee)

Administrative Fee:

Issuance of Bonds .....1% Project Cost

(Without regard to principal amount of bonds issued.)

Straight Lease/Agency Appointment.....1% Project Cost

(Exemption from one or more mortgage recording, real property or sales and use taxes)

Refunding of Bonds.....1% of Project Cost

New Money/Additional Financing on Existing Project:

Refinancing of project where only Financial Assistance is MRTE – ¼ of new money financed (exclusive of original mortgage amount).

Refinancing of project where additional Financial Assistance is sought (in addition to MRTE) – 1% of new money financed.

Post-Closing Items for Bond and Straight Lease Transactions:

Annual Administrative Reporting Fee $750.00

(Paid at time of closing and annually thereafter for duration of SIDA's interest in Project Facility)

Extension of sales tax exemption.....$500.00

Modification or Amendment of Closing Documents* $1,000.00

***including but not limited to refinancing of original mortgage**

Subsequent lender closing.....$250.00

In addition to the foregoing, Applicants are responsible for payment of all costs and expenses incurred by SIDA in connection with application or Project including without limitation publication, copying costs, SEQRA compliance and fees and costs to SIDA's attorneys, engineers, and consultants. SIDA reserves the right to require a deposit to cover anticipated costs. Application fees are payable at time application/request is submitted. All fees are nonrefundable. Applicants for bond transactions are responsible for payment of Bond Issuance Charge payable to the State of New York. Applicants are also responsible for payment of post-closing fees and costs associated with the appointment of additional agents. SIDA reserves the right to modify this schedule at any time and to assess fees and charges in connection with other transactions such as grants of easement or lease of SIDA-owned property.

SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY
800 South Wilbur Avenue Project Narrative

Applicant Preparer: Albanese Organization ("Albanese")
Date Submitted: November 12, 2024

PROJECT SUMMARY

Project Location:

Address: 800 South Wilbur Avenue, Syracuse NY 13204
Google Maps: https://maps.app.goo.gl/p989R5qcEhs5wudE9\

Applicants:

800 South Wilbur Avenue, Syracuse, LLC

Project Size:

261-units (incl. one Super's unit) which consist of low to moderate income housing units
287,355 gross square feet across two buildings

Project Overview

The Albanese Organization ("Albanese") and its affiliate 800 South Wilbur Avenue, Syracuse, LLC entered into a Purchase and Sales Agreement ("PSA") with the City of Syracuse ("the City") on September 28, 2022, to develop a new 261-unit, affordable housing development located on the Westside of the City of Syracuse, New York. The project will consist of two buildings of multi-family, apartment housing, located at 800 South Wilbur Avenue ("Property, or "Project).

Site Status

The to-be-developed project is located at the site of the former Syracuse Development Center. It is not currently in use. The City has received a $29 million grant from New York State to fund its remediation of the site and construction of the required roadways and infrastructure extensions. Demolition and remediation began in June of 2024.

The 800 South Wilbur Ave redevelopment project will include three phases of housing development along with a non-residential component. Phase I, to which this application pertains, consists of 261-units of affordable housing units across two buildings (i.e., "Building A" and "Building B"). Phase I will also include 27 owner-occupied, new construction townhomes. HomeHeadQuarters ("HHQ"), a Syracuse-based not-for-profit, will oversee the development of the 27 townhomes. HHQ and Albanese have signed a memorandum of understanding wherein it is agreed that HHQ will oversee the development of the townhomes, 27 of which will be a part of Phase I. A PILOT is not being requested for the townhome development that will be a part of Phase I. Approximately 257 parking spaces will also be included as part of the site improvements for Phase I.

The second phase of development will create approximately 100-units of affordable, senior housing and the third phase would create approximately 100-units of market rate housing. Sixty- to Eighty-five townhomes are anticipated to be included throughout all three phases of this project, beginning with Phase One, of which this application is a part. The original site plan was reconfigured to include an additional 7.6 acres that is to be retained by the City of Syracuse.

Physical Layout
The first of the two buildings, Building A, will include a lower level at the front of the building that will include a lower-level lobby, two elevators, community room, a playroom, central laundry room, maintenance and management offices and mechanical rooms. The first floor, or main level, will include a main lobby, mail and package rooms, leasing office, maintenance rooms and residential units. The second of the two buildings, Building B, will include a lobby, two elevators, mail and package rooms, fitness room, maintenance areas and residential units.

The Project will include twenty (20) units that will be designed and fully adapted to meet ADA design requirements necessary to meet the needs of households with individuals who have hearing, vision or mobility disabilities. A superintendent's unit is currently designed into the Project. The on-site Superintendent and additional Maintenance staff will be expected to provide maintenance and repair services to the building's residents.

The proposed mix based on unit size for the entire, two-building project is:

Unit Type	**Percentage**	**# of Units**
Studio	13%	34
1BR	43%	112
2BR	33%	86
3BR	11%	28
Subtotal		**260**
Super's Unit		1
Total	**100%**	**261**

Project Amenities
Phase One of development will include landscaping at the entrance of the development and between Buildings A and B. The area between buildings A and B will include a park and a playground. All landscaping will be included in the HFA project budget for Phase One.

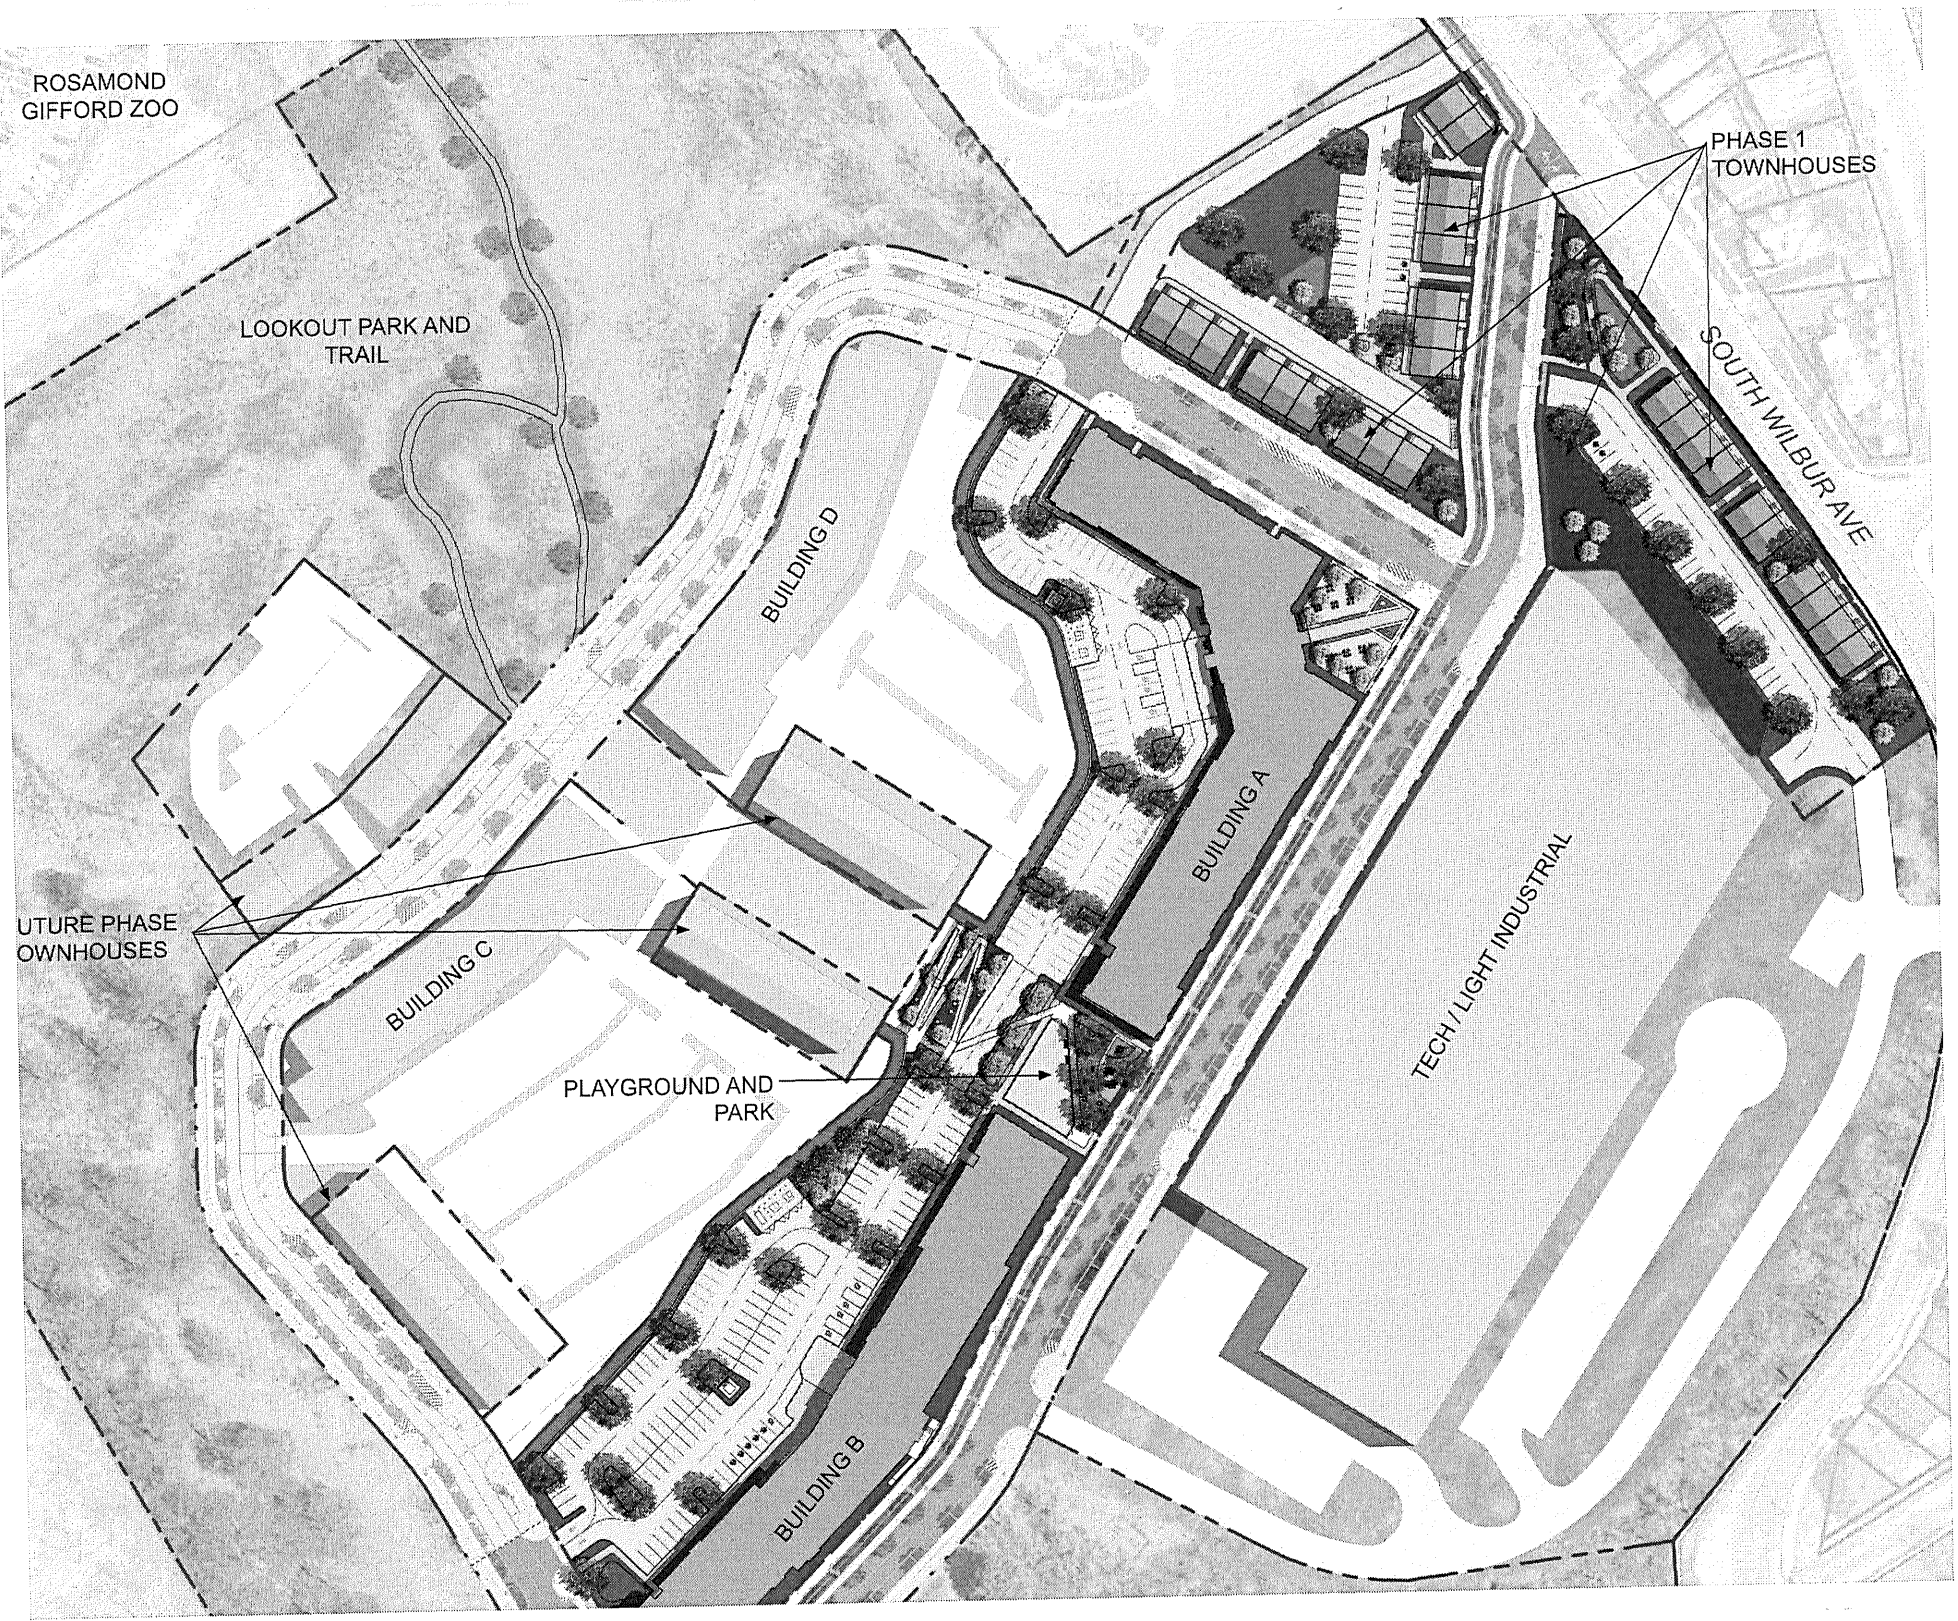
There will be ample street lighting throughout the development. The project team's understanding is that the roads, sidewalks, and street lighting will be paid for by the demo/cleanup/infrastructure funds provided by New York State. Aside from sufficient lighting to promote safety, the operating budget for Buildings A and B includes a line item for security.

Organizational Introduction
Since completing its first Manhattan residential tower in the late 1980s, the Albanese Organization ("Albanese"), through its development affiliate, **Albanese Development Corporation ("ADC")**, has successfully developed over 5 million square feet of new multifamily rental, condo, hotel, and office property in New York City and Long Island. The firm launched its strategic expansion into affordable housing with Wyandanch Rising – a 40-acre, $500 million, public-private community revitalization initiative underway in Wyandanch, Long Island. To date, ADC has completed almost 400 units of affordable housing in Wyandanch with another 218-unit affordable project in development. 800 South Wilbur Avenue, Syracuse LLC is the special purpose entity created for this project and is an affiliate of Albanese and ADC.

Target Populations
All of the project's units will be underwritten at rents affordable to households at-or-below 80% Area Median Income (AMI).

The proposed 2024 HUD rental ranges for the project (net of utility allowances) are as follows:

Studios: $743-$1,075
One-Bedroom: $784-$1,413
Two-Bedroom: $932-1,573
Three-Bedroom: $1,067-$1,560



Environmental
A Phase I and Phase II environmental site assessment has been completed. The PSA with the City of Syracuse requires the City to perform all site remediation. The existing building remediation is expected to occur with the City's demolition. The sporadic SVOC present in the soil will be remediated by the City either prior to or during construction, to the extent they complicate the construction. The project is not seeking brownfield tax credits.

The City has undertaken a SEQRA process as part of its new code that pertains to this development site.

PILOT Request
The proposed Syracuse project will consist of 261 residential, affordable units (including one Super's unit). The only way that the project can be financially feasible is through provision of a variety of subsidies including subsidized financial costs and abated tax-related expense passed through to the project's Operating Budget. It is anticipated that the Project Developer will apply to NYS Homes and Community Renewal ("HCR") and the New York State Housing Finance Agency ("HFA") for subsidy financing to develop the project.

Typically, NYS HFA looks for any tax abatement associated with projects for which HFA is providing subsidy to be coterminous with the underlying HFA regulatory agreement required as a condition of HFA's subsidized financing, to ensure there is no expense shock related to any potential increase in real estate taxes owed during the HFA regulatory period. HFA will consider a minimum 30-year regulatory period and tax abatement, as is consistent with NYS Homes and Community Renewal and HFA programmatic term sheets.

A PILOT of up to $975 per unit is being sought through this application, with the Project's total PILOT payment growing at 2% per annum for the term of the PILOT Agreement. The term of the PILOT would need to be co-terminous with the term of NYS HCR and/or NYS HFA financing (i.e., 30 years), which is a condition of NYS HCR and HFA.

CONTRACT TO PURCHASE

This **CONTRACT TO PURCHASE** (this "Contract") is entered into as of September 28, 2022 by and between **CITY OF SYRACUSE**, a municipal corporation of the State of New York with an address of 233 East Washington Street, Syracuse, New York 13202 ("Seller") and **800 South Wilbur Ave, Syracuse, LLC**, a New York limited liability company with an address of 1001 Franklin Avenue, Suite 300, Garden City, New York 11530 ("Buyer").

RECITALS

WHEREAS, Seller is the owner of those certain parcels of real property containing approximately 47.8 acres of land located in the City of Syracuse, County of Onondaga, State of New York, being current City Tax Parcel Nos. 098.2-01-05.2 and 098.2-01-05.4 and commonly known as 800-802 Wilbur Avenue South, together with all improvements constructed thereon, easements and rights-of-way, if any, benefitting or appurtenant thereto ("Seller's Property"); and

WHEREAS, Seller desires to sell, and Buyer to purchase, a portion of Seller's Property consisting of approximately 23 acres of land as approximately depicted on the conceptual site plan prepared by King & King Architects dated October 1, 2021 and attached hereto as **Schedule A** and to be specifically delineated as numerical Lots on a survey map to be completed prior to the expiration of the Due Diligence Period, as defined herein, by a New York licensed land surveyor, together with all easements and rights-of-way, if any, benefiting or appurtenant thereto and all right, title and interest of Seller in and to any land lying in the bed of any highway, street, road or avenue, opened or proposed, in front of or abutting or adjoining said Lots (individually a "Lot" and collectively the "Property"), upon and subject to the terms and conditions hereinafter set forth; and

WHEREAS, Buyer intends to pursue financing, tax credits and subsidies from the New York State Housing Finance Agency ("HFA") and the New York State Homes and Community Renewal ("HCR") (collectively the "Agency"); and

WHEREAS, Buyer shall improve, develop and use the Property for residential purposes to consist of market, workforce and/or affordable housing, the total number of residential units, no less than 10% of which shall be 3 bedroom units, and income qualifications of the residents to be proposed by Buyer and approved by the Agency as required under its moderate and affordable housing financing programs; and

WHEREAS, Buyer seeks to develop no less than 300 units of housing that may include multifamily, townhouse, and owner occupied units in total in approximately 3 phases, with no less than 100 and up to 200 units per phase, respectively (the "Project"). A more detailed development plan shall be provided by Buyer to Seller in accordance with this Contract ("Development Plan").

NOW, THEREFORE, in consideration of the foregoing, the mutual covenants and agreements contained herein, and for other good and valuable consideration, the receipt and legal sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. **SALE**. Seller hereby agrees to sell to Buyer, and Buyer hereby agrees to purchase the Property from Seller upon the terms and conditions set forth in this Contract.

2. **PURCHASE PRICE**. The purchase price for each Lot shall equal Twenty Thousand Dollars ($20,000.00) multiplied by the number of residential units approved for construction in the final approvals obtained from those municipal entities and agencies having jurisdiction over approval of the Project and the Agency and for which a building permit has or will be issued, on each Lot in accordance with the Development Plan and payable as follows ("Purchase Price"):

a) **Deposit.** Upon Seller's execution of this Contract, Buyer shall deposit $300,000.00 ("Deposit") with Seller's attorney ("Escrow Agent") to be held in escrow and applied proportionally against the Purchase Price for each Lot at Closing (for further clarity: $300,000.00 divided by the number of Lots shall be applied to the Purchase Price of each Lot at Closing), or otherwise disbursed as set forth herein. In the event Seller shall not accept and execute this Contract, the Deposit shall be returned to Buyer. Concurrently with the execution and delivery of this Agreement, Seller, Buyer and Escrow Agent shall enter into an escrow agreement substantially in the form of **Schedule B** attached hereto.

b) **Balance.** The balance of the Purchase Price for each Lot shall be paid at Closing of each Lot by Cashier's Check, Attorney's Escrow Check or by wire transfer pursuant to wire instructions furnished by Seller.

3. **ACCESS TO PROPERTY**. Seller hereby grants Buyer and its duly authorized agents and employees, the right, at reasonable times after the date of execution hereof by Seller, upon reasonable prior notice to Seller, to enter upon the Property to make such tests, measurements, investigations and inspections thereof, including invasive investigations to ascertain environmental and/or geotechnical conditions (collectively, the "Site Investigation") as Buyer shall deem reasonably necessary in furtherance of the Development Plan. Seller shall have the right (but not the obligation) to have its representatives present at such times as the Site Investigation is taking place. Prior to entry on the Property and as a condition to undertake the Site Investigation, Buyer agrees to provide a liability insurance certificate and corresponding policy endorsement naming Seller as an additional insured in an amount not less than $1,000,000 per occurrence, $2,000,000 aggregate, together with excess liability/umbrella liability, providing coverage in excess of the commercial general liability listed herein, in the amount of $5,000,000 and with no endorsements limiting or restricting coverage with respect to New York Labor Law, and Buyer shall defend, indemnify and hold Seller harmless against any and all losses, expenses, claims or damages (including reasonable attorney's fees) caused by or resulting from Buyer's entry upon the Property, including,

without limitation, claims for personal injury and damage to the Property, provided that damage to the Property shall not include the discovery of contamination on or under the Property or in buildings currently on the Property (including footings, foundations, underground vaults and drainage structures) (collectively, the "Buildings"). Buyer further agrees that any damage caused by Buyer, its agents or employees in the course of such entry shall be promptly repaired by Buyer at no cost whatever to Seller. Buyer shall promptly furnish Seller with copies of all documents generated as the result of the Site Investigation including, but not limited to, all geotechnical and geophysical surveys, real property surveys, site plans, environmental site assessments and their equivalents.

4. **BUYER'S DUE DILIGENCE PERIOD**. Buyer shall have a period of one hundred eighty (180) days from the date hereof (the "Due Diligence Period") to (a) conduct a Site Investigation, (b) make such other inquiries, examinations and inspections with respect to the Property (including but not limited to invasive sampling) as Buyer shall deem reasonably necessary to complete the Development Plan and develop a Site Environmental Remediation Plan for the Property (which is further described below), and (c) with the assistance of Seller, solicit public comments and neighborhood feedback regarding the Project, upon receipt of which Buyer will make reasonable efforts to address such public comments and community feedback in the Development Plan wherever practical, which Development Plan will be completed prior to the expiration of the Due Diligence Period. The Development Plan will include an overall conceptual site plan, including specifications on the number of Lots, the number of buildings, bulk, building footprint, height, uses, parking, etc., as well as a target mix of one, two or three bedroom units (no less than 10% of which shall be three bedroom units) and a target mix of the market-rate and dedicated affordable units. Seller's obligation to complete the transaction contemplated in this Contract is contingent upon the review and written approval of the Development Plan by the Mayor of the City of Syracuse and by a majority vote of the Common Council of the City of Syracuse, such approvals to be provided within sixty (60) days following the date on which the Development Plan is delivered to Seller for review and approval (the "DP Review Deadline"). The City will have the right to extend the DP Review Deadline for an additional sixty (60) days by providing notice of the same to Buyer prior to the original DP Review Deadline. Following approval of the Development Plan in accordance herewith, Buyer shall have the right to make non-material modifications to the Development Plan in order to achieve the development plan goals of the Project (excluding increasing the height of the buildings depicted thereon).

Notwithstanding anything to the contrary contained in this Agreement, Buyer shall have the right, in its sole discretion, to terminate this Contract by written notice to Seller at any time prior to the expiration of the Due Diligence Period, and if Buyer does so elect to terminate, the Deposit shall be promptly released to Buyer and neither party shall have any rights or further obligations hereunder.

In the event, however, that Buyer shall fail to notify Seller in writing of Buyer's termination of this Contract prior to the expiration of the Due Diligence Period, this Contract shall no longer be terminable by Buyer under this Paragraph 4 and the Deposit

shall then be non-refundable upon the satisfaction of all Buyer Closing Conditions (as defined herein) for each Lot, respectively.

Environmental Remediation Plans and Work. If warranted, in Buyer's sole judgment, by the Buyer's Site Investigation and other inquiries described above, within sixty (60) days following the end of the Due Diligence Period, the Buyer will submit to Seller a Site Environmental Remediation Plan which addresses contamination not in the Buildings and contamination not arising from or related to the Buildings, which will become part of Seller's Work as defined below.

If the estimated total cost of the work associated with the Site Environmental Remediation Plan and the Building-Related Environmental Remediation Plan (which is further described below) (hereinafter referred to collectively as the "Environmental Remediation Plans") exceeds $7,500,000 in aggregate (the "Environmental Remediation Plans Cap"), Seller shall have the option to terminate this Contract due to the cost of the Environmental Remediation Plans. This termination will be communicated to Buyer in the form of a notice (the "ERP Notice") to be delivered within ten (10) days of Seller's receipt of the Site Environmental Remediation Plan or within ten (10) days of Seller's receipt of the Building-Related Environmental Remediation Plan. If Seller provides Buyer an ERP Notice, Buyer shall have the option to (1) terminate this Contract by written notice to the Seller, and if the Contract is so terminated, the Deposit shall be promptly released to Buyer and neither party shall have any rights or further obligations hereunder, or (ii) elect to pay for the remediation costs associated with the Environmental Remediation Plans in excess of the Environmental Remediation Plans Cap, with Seller responsible for the cost up to the cap, in which case the Contract shall not be terminated.

Buyer will prepare such proposed Site Environmental Remediation Plan in accordance with the following:

a. Buyer shall undertake an ASTM E1527-21-compliant Phase I Environmental Site Assessment ("Phase I") during the Due Diligence period.

b. Buyer may conduct a Phase II Environmental Site Assessment ("Phase II") during the Due Diligence Period, the results of which shall be provided to Seller.

c. The scope of the Site Environmental Remediation Plan shall be as follows following the completion of the Phase II:

    i. If laboratory test results from the Phase II demonstrate a release or spill of one or more contaminants regulated under Environmental Law (which includes regulations promulgated under Environmental Law), or visual or olfactory indication of a release or spill is observed ("Release" or "Spill"), and if reporting of the Release is required by applicable Environmental Law, then the Site Environmental Remediation Plan will address the area or areas associated with the reported Release or Spill. In such an event, remediation of the

reported Release or Spill shall be undertaken by the Seller unless or until the Seller receives a letter from the applicable regulatory agency stating that "No Further Action" regarding the reported Release or Spill is necessary, or the equivalent.

ii. If, following the receipt of analytical test results obtained from the Phase II, no reporting is required as per applicable Environmental Law, then remediation by the Seller shall only be required in the event that:

a. The test results for soil exceed the "Soil Cleanup Objectives" for "Restricted Residential" uses, contained at NYSDEC's 6 NYCRR Part 375 regulations ("RRSCOs"). In such an event, remediation of such soil exceeding the RRSCOs shall be considered completed when post-remediation samples consistent with NYSDEC's Technical Guidance for Site Investigation and Remediation ("DER-10") in the area of the remediation confirm that the RRSCOs have been met, and the area has been returned to the prior elevation by the addition of fill meeting the standards of 6 NYCRR §360.13(f).

b. "Source material", as defined by NYSDEC at 6 NYCRR § 375-1.2(au), is found on the Property; for purposes of this Agreement, source material includes but is not limited to contamination that originates on the Property and is a source of soil vapor that exceeds the New York State Department of Health 2006 Guidelines for Soil Vapor Intrusion, as amended ("NYSDOH SVI Guidance"). In such event, such source material shall be removed and remediation of such material shall be considered completed when post-remediation samples consistent with DER-10 show the material has been removed to the extent technically feasible and the area has been returned to the prior elevation by the addition of fill meeting the standards of 6 NYCRR Part 360.13(f). For the purposes of this subsection 4.c.ii.b, "technically feasible" means remediation to the extent that further remediation would not yield more than nominal incremental benefit and the parties agree that NYSDEC, in similar circumstances, would not require further remediation.

c. Groundwater under the Property exceeds the NYSDEC ambient ground water quality standards and guidance set forth in NYSDEC Technical and Operational Guidance Series (TOGS 1.1.1) for one or more volatile organic compounds ("VOCs") or Polychlorinated Biphenyls ("PCBs") and is a source of soil contamination that exceeds the RRSCOs, and (ii) for groundwater contamination originating on the Property, is (A) a source of soil vapor that exceeds the NYSDOH SVI Guidance, and/or (B) is migrating off

Property. In such event, the groundwater must be remediated to the extent technically feasible to meet the applicable groundwater standard or guidance in TOGS 1.1.1 for VOCs and/or PCBs, or to remove the source of the soil vapor contaminant in tandem with the installation of an appropriate sub-slab depressurization system ("SSDS") for mitigation of vapor intrusion in the new construction. For the purposes of this subsection 4.c.ii.c, "technically feasible" means remediation to the extent that further remediation would not yield more than nominal incremental benefit and the parties agree that NYSDEC, in similar circumstances, would not require further remediation.

d. If the Phase II includes an investigation for soil vapor intrusion inside Buildings, and the level of soil vapor inside Improvements requires mitigation under the NYSDOH SVI Guidance, Seller shall pay for, or reimburse Buyer for the reasonable cost of a subsurface depressurization or comparable system to address such vapor intrusion, to the extent such mitigation is warranted by NYSDOH SVI Guidance.

In addition, prior to Closing, and after Seller demolishes the Buildings, Buyer may conduct, within 90 days of the completion of demolition of the Buildings, an investigation (including invasive sampling) of the area under and in the vicinity of the Buildings. In the event Buyer finds subsurface contamination arising from or related to the Buildings that meets the forgoing criteria for remediation in this Paragraph 4.a to 4.d., Buyer will submit to Seller, which will become part of Seller's Work as defined below, a Building-Related Environmental Remediation Plan that addresses such contamination, which Plan shall be subject to the Environmental Remediation Plans Cap. The Building-Related Environmental Remediation Plan shall not include contamination that is within or part of the Buildings to be demolished under Demolition Work, described below.

Seller will agree, in a written document to be agreed upon prior to Closing, to indemnify and hold Buyer harmless following Closing for any environmental issue relating to the remediation included in the Seller's Work, including closure or other activity required under the Resource Conservation and Recovery Act. Such indemnity obligation to be contingent on obtaining legislative approval from the Seller to indemnify Buyer in accordance with law. Such legislative approval will be requested together with the legislature's approval of the sale of the Property described in Paragraph 7(c) of this Contract.

In the event the Parties have a dispute over the scope of the indemnity, the parties shall engage in alternative dispute resolution to seek to avoid potential litigation. The parties' respective environmental consultants shall seek to agree on the third-party independent expert familiar with the requirements for remediation under the New York State Brownfield Cleanup Program and who has not worked for either party for at least

five (5) years to resolve such dispute. If the parties' consultants cannot agree on a third party expert, the parties shall each provide the names of two independent experts who meet the foregoing qualifications to a mediator with expertise in environmental law from the Syracuse office of the alternate dispute resolution organization JAMS, who shall select the independent expert (the parties shall share equally the costs of such submission to JAMS). The independent expert shall provide an opinion on the scope of the indemnity that the parties shall consider and use to seek to resolve the dispute without resort to litigation.

5. **ABSTRACTS, SURVEY AND PROPERTY DUE DILIGENCE.** Seller is not responsible for and shall not deliver to Buyer an abstract of title, real property tax search or survey for the Property. Within seven (7) business days of Seller's execution of this Contract, Seller will provide Buyer with any existing title searches or title insurance policies or reports, surveys or other title documentation and architectural studies, environmental site assessments, geotechnical surveys/reports, and zoning reports and resolutions in Seller's possession. Any new or updated abstracts of title, property tax searches, surveys or other due diligence related to the Property shall be obtained by, and at the sole cost and expense of, the Buyer.

6. **TITLE AND DEED.**

A. Buyer acknowledges that Seller obtained title to the Property following a municipal tax foreclosure proceeding and, as such, Seller makes no representations or warranties as to title to the Property other than Seller has not done or suffered anything whereby the Property has been encumbered in any way whatsoever. Buyer shall have a period of 60 days from the date of acceptance of this Contract by Seller to obtain an abstract of title and/or title insurance commitment.

B. If Seller elects to cause to be cured any title deficiency (each, a "Title Matter"), Seller shall have a reasonable period of time, not to exceed thirty (30) days, to do so and, at Seller's sole option, the Closing shall be extended, if necessary, to the date such items are cured. If such objections are not cured within the foregoing time period, then Buyer may either: (a) terminate this Contract, in which event (i) the Deposit shall be returned to Buyer, and (ii) except as expressly provided for in this Contract, none of Seller or Buyer shall have any further liability or obligation to the other under this Contract except for any obligations under this Contract which are stated to survive the termination hereof, or (b) proceed to Closing under this Contract and take title to the Property subject to such uncured objections without any reduction in the Purchase Price, in which case such uncured objections shall become permitted exceptions, or (c) further extend the Closing so that Buyer and Seller can seek to resolve the Title Matter.

C. At Closing, Seller shall transfer title to the Property to the Buyer by a Bargain and Sale Deed with a covenant against grantor's acts.

7. **SELLER'S DEVELOPMENT WORK.** Performance by Buyer of its obligations to close on each Lot of the Property pursuant to this Contract shall be contingent upon the fulfillment (or Buyer's waiver) of the following conditions (the Demolition Work, the Environmental Remediation Plans and Improvement Work as defined below shall collectively be referred to as the "Seller's Work") for each Lot, to be deemed satisfied or waived by Buyer within the time period specified for each task:

A. **Seller Improvement Work.** Seller completing (i) demolition of the improvements currently on the Property, including the removal of all Buildings consistent with all State and Federal laws, rules and regulations, including all contamination within or part of the Buildings (collectively, the "Demolition Work"); and (ii) any and all environmental remediation work contained in the Environmental Remediation Plans; and (iii) such contributions to Project infrastructure ("Improvement Work") which will include water/sewer/electric/gas utilities, roads/drainage/curbs/sidewalks, tree canopy plan and/or street lighting but which contributions shall not constitute all of the necessary Project infrastructure and which shall be contingent on Seller obtaining funding from the State of New York for the Improvement Work and such work to be completed to Buyer's reasonable satisfaction such that the Property is fit, ready and in proper condition for Buyer to commence the Development Plan as of Closing. Seller will either complete this portion of Seller's Work as set forth in this paragraph 7(A) or notify Buyer of its inability to secure funding to do so, prior to December 31, 2026. Notwithstanding this deadline, Seller agrees to promptly notify Buyer if it determines it is unable to secure such funding. If Seller notifies Buyer of its inability to secure funding, Buyer shall have the right to terminate this Contract in which case the Deposit will be refunded to Buyer and neither party shall have any further obligations hereunder.

B. **Subdivision Approval.** Seller shall obtain any required subdivision approval such that the Property is lawfully subdivided from Seller's Property and into the Lots for the purpose of completing the transactions contemplated herein and the transactions are expressly contingent upon Seller obtaining such subdivision approval. Seller shall pay all fees and expenses associated with obtaining said subdivision approval including the filing of an approved subdivision map with the Onondaga County Clerk.

C. **Approval by City Council.** All approvals on behalf of Seller of this Contract and the proposed sale of the Property to Buyer by the City of Syracuse Common Council shall have been granted in accordance with the terms and conditions of this Contract.

8. **BUYER CLOSING CONDITIONS.** Performance by Buyer of its obligations to close on each Lot of the Property pursuant to this Contract shall be contingent upon the fulfillment (or Buyer's waiver) of the following conditions (hereinafter referred to collectively as the "Buyer's Conditions"), to be deemed satisfied or waived by Buyer as to the first Lot to be purchased ("Lot 1") within eighteen (18) months of the completion of the Seller's Work (the "Lot 1 Buyer Condition Deadline"):

A. **Zoning and Other Permits and Approvals**. Buyer shall have applied to the City of Syracuse for and obtained any zoning approval needed to develop the Property in accordance with the Development Plan. Buyer shall also have received any variances, special use permits, licenses, and other permits, authorizations, and approvals of governmental authorities having jurisdiction as may be required for the Development Plan and the lawful use of the Property for the Project, all of which shall be final, not subject to administrative or judicial appeal or reversal, and not subject to any term, condition or limitation unsatisfactory to Buyer in its sole judgment. Seller agrees to fully cooperate with Buyer in seeking all such approvals, licenses, permits, etc. at no cost to Seller.

B. **Permits, Licenses, Approvals, and Agreements**. Buyer shall have obtained from the governmental agencies and authorities having jurisdiction over Buyer's operations such commitments, permits, licenses, approvals, and agreements as may be necessary or appropriate in connection with Buyer's Project (all on such terms and conditions as are acceptable to Buyer in its sole judgment). Seller agrees to fully cooperate with Buyer in seeking all such permits, licenses, approvals, etc. at no cost to Seller.

C. **PILOT.** Buyer shall have obtained either (i) approval from the City of Syracuse Industrial Development Agency ("IDA") for a payment in lieu of tax agreement ("PILOT") relating to each Lot of the Property, for a period equal to or in excess of its financing regulatory agreement that is acceptable to Buyer and the Agency in their sole judgment (Seller will support Buyer's financial assistance application to the IDA at no cost to Seller); or (ii) a real property tax exemption and corresponding Shelter Rent Agreement with the City of Syracuse in accordance with Section 577 of the Private Housing Finance Law for a period equal to or in excess of its financing regulatory agreement that is acceptable to Buyer in its sole judgment.

D. **Financing and Funding**. Buyer shall have obtained one or more commitments for each Lot, respectively, for financing its purchase of the Property plus the cost of the construction in connection with the Development Plan and such financing commitments (the "Financing Commitment(s)") shall be in such amounts and on such terms as Buyer, in its sole judgment, deems acceptable, along with such grants, and/or other funding from sources, in such amounts, and on such terms which are, in the aggregate, sufficient, in Buyer's sole judgment, for the acquisition and improvement of the Property in accordance with the Development Plan. While the Seller does not control the Agency, the Seller will fully support Buyer's Agency application at no cost to Seller.

Satisfaction of Buyer's Conditions and Extensions. If Buyer has not satisfied the Buyer's Conditions (8A, 8B 8C and 8D above) with respect to Lot 1 prior to the Lot 1 Buyer Condition Deadline (as may be extended), Buyer will have the option to (i) terminate this Contract upon written notice to Seller prior to the Buyer Condition Deadline in which case the Deposit will be refunded to Buyer and neither party shall have any further obligations hereunder, or (ii) proceed to Closing. Buyer shall have the option

to extend the Lot 1 Buyer Condition Deadline upon written notice to Seller prior to the then current deadline, on two (2) occasions for periods of six (6) months each. Following the Closing of Lot 1, the Buyer's Conditions will be renewed for each Lot thereafter, with Buyer having until the respective closing date for each Lot to satisfy the Buyer's Conditions with respect to those Lots. If Buyer has not satisfied the Buyer's Conditions (8A, 8B 8C and 8D above) with respect to each Lot prior to the closing date for such Lot (as may be extended), Buyer will have the option to (i) terminate this Contract with respect to such Lot and any remaining Lot upon written notice to Seller prior to the respective Closing date, in which case the Deposit will be refunded to Buyer and neither party shall have any further obligations hereunder, or (ii) proceed to Closing. If any provision of this Contract contemplates a termination of this Contract and/or return of the Deposit, such action may take place with respect to one or more Lots only, as directed by the moving party to such action. For this purpose, the Deposit is allocated proportionally to each Lot.

9. **IMPROVEMENT OF PROPERTY**. Buyer has agreed to improve, develop and use the Property in accordance with the Development Plan. Seller's obligations under this Contract are subject to Buyer executing and delivering at Closing a Development Enforcement Mortgage ("Seller's Mortgage") substantially in the form attached to this Contract as **Schedule C** to ensure Buyer fulfills the Development Plan. Seller agrees to modify the Seller's Mortgage to the extent necessary to satisfyBuyer's lenders or equity partners or the Agency while preserving the intent of the document to ensure that Buyer commences construction and completes the Project in phases.

10. **AS IS**. Except as otherwise explicitly stated in this Contract, the Buyer acknowledges and agrees that the Buyer is purchasing the Property, **AS IS, WITH NO WARRANTIES OR REPRESENTATIONS WHATSOEVER, WHETHER SUCH ARE EXPRESS OR OTHERWISE; IMPLIED OR OTHERWISE; AS TO THE CONDITION, SUITABILITY OF USE, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE OF THE PROPERTY OR ANY PORTION OF SUCH, OR OTHERWISE**. The terms of this provision shall survive Closing.

11. **CLOSING OF LOTS**. The Closing of the Lots shall occur sequentially. Lot 1 shall close on or about 90 days following the satisfaction of Buyer's Conditions contained in Paragraph 8. The second Lot shall close following the satisfaction of Buyer's Conditions contained in Paragraph 8 and on or about twelve (12) months following the closing on Lot 1. The third Lot shall close following the satisfaction of Buyer's Conditions contained in Paragraph 8 and on or about twelve (12) months following the closing on the second Lot and so on for each additional Lot, if any. Buyer shall have the option of postponing the Closing of each Lot, other than Lot 1, on two (2) occasions for a period of up to six (6) months per occasion for each Lot upon prior written notice to Seller. For further clarity, Buyer may postpone the Closing of each Lot other than Lot 1 for up to 12 months each. The Closings shall be held at the office of the attorney for Buyer or Buyer's lender attorney unless otherwise agreed.

The numerical labels of the Lots as shown on the Development Plan may be changed by Buyer and Seller working together in good faith to determine the best order in which to build each phase of the Project.

12. **ADJUSTMENTS**. Prepaid or unpaid charges for real property taxes and other assessments levied and assessed against the Property, including water usage charges, rents, fuel oil and special district levies, shall be apportioned as of the date of Closing, with Seller being responsible for the apportioned costs attributable to the time period prior to Closing, and Buyer being responsible for the apportioned costs attributable to the time period subsequent to Closing. Buyer acknowledges that Seller is an exempt entity and pays no real property tax and, in accordance with Section 520 of the New York Real Property Tax Law, the Property may become immediately subject to real property tax upon Closing of each Lot.

13. **INSPECTION PRIOR TO CLOSING**. Buyer shall have the right of reasonable inspection of the Property immediately prior to Closing on Lot 1.

14. **POSSESSION**. Exclusive possession of each Lot shall be delivered by Seller to Buyer at the respective Closing of each Lot.

15. **RECORDING EXPENSES AND CLOSING FEE**. Buyer shall pay at Closing all costs, if any, for recording the deed and any related transfer documents including the Real Property Transfer Report (RP-5217) and the Transfer Tax Return (TP-584) and, as Seller is wholly exempt from all taxation, Buyer is obligated to pay any New York State transfer tax due upon the sale of the Property. Seller shall be responsible for recording the Seller's Mortgage.

16. **ASSIGNMENT**. Buyer may assign its interest in this Contract to a business entity wholly owned or controlled by Buyer. Otherwise, this Contract may not be assigned by Buyer without Seller's prior written consent. Buyer shall remain fully liable to Seller for the performance of this Contract, regardless of any such assignment. Any transfer of a majority of the stock or membership interests of Buyer (or the transfer of more than 50 percent in interest of Buyer if Buyer is a partnership) whether in one or a series of transactions, and any merger or consolidation of Buyer with any other entity, shall be deemed to be an assignment hereunder.

17. **RISK OF LOSS**. The risk of loss or damage to the Property by fire or other causes until Closing of each Lot shall remain with Seller.

18. **BROKER**. Seller represents that it will be responsible for any commissions owed in connection with this transaction, other than Buyer's broker, Seymour Goldberg, whose commission will be paid by Buyer pursuant to a separate agreement. Buyer represents that it has not dealt with any broker other than Seymour Goldberg. No realtor or broker commission shall be due and owing until Closing and passing of title by delivery of a deed by Seller to Buyer.

19. **DEFAULT**. In the event Buyer defaults in its obligations under this Contract and fails to close and pay the Purchase Price, then the Deposit, together with accrued interest thereon, if any, shall be retained by the Seller and applied against Seller's damages for such default as Seller's sole and exclusive remedy. In the event Seller defaults in its obligations under this Contract and fails to close and deliver the Deed, Buyer may, at its option and as its sole and exclusive remedy, pursue either of the following remedies: (a) sue Seller for specific performance; or (b) terminate this Contract and obtain a return of the Deposit.

NOTWITHSTANDING ANY OTHER PROVISION OF THIS CONTRACT, NEITHER PARTY SHALL BE LIABLE TO THE OTHER WITH RESPECT TO THE SUBJECT MATTER OF THE CONTRACT UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHER LEGAL OR EQUITABLE THEORY FOR (A) ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL OR INDIRECT DAMAGES WHATSOEVER, OR (B) LOSS OF PROFIT OR ANTICIPATED BUSINESS.

20. **MISCELLANEOUS.**

a) This Contract shall be interpreted and enforced in accordance with the laws of the State of New York.

b) Section headings are inserted for the convenience of the parties and may not be used as a means of interpreting this Contract.

c) This Contract shall be binding upon and inure to the benefit of the parties hereto, their respective legal representatives, heirs, executors, administrators, successors and permitted assigns.

d) All notices under this Contract shall be in writing and shall be served by personal service, or by certified or registered mail, return receipt requested. The addresses to which notices and other communications hereunder shall be delivered are as follows:

e) There are and were no verbal or written representations, agreements, or promises pertaining to the subject matter of this Contract not incorporated in writing in this Contract.

f) The waiver by any party hereof of any breach of any provision of this Contract shall not operate or be construed as a waiver of any subsequent breach.

g) The acceptance of the Deed by Buyer shall be deemed to be the full performance and discharge of every agreement and obligation on the part of Seller to be performed pursuant to the provisions of this Contract.

h) If any action, suit, arbitration or other proceeding is instituted to remedy, prevent or obtain relief from a default in the performance by Seller or Buyer of its obligations under this Contract, the prevailing party shall be entitled to recover all of such party's reasonable attorneys' fees incurred in each and every such action, suit, arbitration or other proceeding, including any and all appeals therefrom.

SCHEDULE B

ESCROW AGREEMENT

CITY OF SYRACUSE ("**Seller**"), _____ ("**Purchaser**"), and HANCOCK & ESTABROOK, LLP ("**Escrow Agent**"), hereby enter into this ESCROW AGREEMENT (this "**Agreement**") as of April __, 2022. Reference is made to that certain Contract to Purchase dated as of April __, 2022 (the "**Purchase Agreement**") between Seller and Purchaser. The defined terms used in this Agreement but not defined in this Agreement shall have the meanings set forth in the Purchase Agreement.

1. Purchaser and Seller have agreed to select Escrow Agent to serve as escrow agent with respect to the Deposit to be made by Purchaser pursuant to the Purchase Agreement. The purpose of this Agreement is to prescribe instructions governing the services of Escrow Agent with respect to the Deposit and the Closing.

2. Seller and Purchaser hereby engage Escrow Agent to serve as escrow agent with respect to the Deposit made by Purchaser pursuant to the terms of the Purchase Agreement. A copy of the Purchase Agreement has been delivered to Escrow Agent. Escrow Agent hereby accepts such engagement.

3. Upon receipt of the Deposit, Escrow Agent agrees to place the Deposit into an IOLA escrow account and to notify Purchaser and Seller of the location and number of such account.

4. If there is a dispute regarding the disbursement or disposition of the Deposit, or if Escrow Agent shall receive conflicting written demands or instructions with respect to the Deposit, then Escrow Agent shall withhold such disbursement or disposition until notified by Purchaser and Seller that such dispute is resolved or Escrow Agent may file a suit of interpleader, and the cost and expense of filing such interpleader action shall be divided equally between Seller and Purchaser. If, at any time during the Due Diligence Period, Purchaser terminates this Agreement by giving written notice to Seller and Escrow Agent, Escrow Agent shall: return the Deposit to Purchaser promptly but not later than five (5) days after the Purchaser gives notice of termination. Escrow Agent shall simultaneously provide written notice to Purchaser and Seller that it is distributing the Deposit to Purchaser, but Escrow Agent shall have the authority to remit the Deposit to Purchaser irrespective of whether or not the Seller may object to the return of the same, provided that such termination of the Agreement by Purchaser occurs during the Due Diligence Period.

5. Escrow Agent shall not be liable for any damage, liability or loss arising out of or in connection with the services rendered by Escrow Agent pursuant to this Agreement unless the same results from the negligence, gross negligence, or willful misconduct of Escrow Agent.

6. Copies of all notices given by any party under this Agreement shall be delivered in accordance with the provisions of Section 20(d) of the Purchase Agreement, and to all other parties to this Agreement, to the following addresses:

If to Escrow Agent:

Hancock & Estabrook LLP
AXA Tower I
100 Madison Street
Syracuse, NY 13202
Attn: John P. Sidd, Esq.
Phone: 315.565.4559
Email: jsidd@hancocklaw.com

Notice given by counsel to a party to this Agreement shall be considered notice given by such party. Any party to this Agreement, its counsel or the Escrow Agent may designate a different address for itself by notice given in the manner set forth above. All such notices, demands, requests or other communications shall be deemed to have been given for all purposes of this Agreement upon the date of receipt or refusal, except that whenever under this Agreement a notice is either received on a day which is not a business day or is required to be delivered on or before a specific day which is not a business day, the day of receipt or required delivery shall automatically be extended to the next business day.

7. The instructions contained in this Agreement may not be modified, amended or altered in any way except by a writing (which may be in counterpart copies) signed by Seller, Purchaser and Escrow Agent.

8. Purchaser and Seller reserve the right, at any time and from time to time, to substitute a new escrow agent in place of Escrow Agent.

9. This Agreement is intended solely to supplement and implement the provisions of the Purchase Agreement and is not intended to modify, amend or vary any of the rights or obligations of Purchaser or Seller under the Purchase Agreement.

10. This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument; provided, however, in no event shall this Agreement be effective unless and until signed by all parties to this Agreement. Facsimile signatures shall be deemed to be the equivalent of original signatures for purposes of this Agreement.

[SIGNATURES APPEAR ON THE FOLLOWING PAGE]

IN WITNESS WHEREOF, the parties to this Agreement have executed this Agreement as of the date first written above.

SELLER MORTGAGE

DEVELOPMENT ENFORCEMENT

MORTGAGE AGREEMENT

This **Development Enforcement Mortgage Agreement** (the "Agreement") is made as of this _____ day of _____, 202__ by and between the **City of Syracuse**, a municipal corporation of the State of New York with an address of 233 East Washington Street, Syracuse, New York 13202 ("City") and **800 SOUTH WILBUR AVE, SYRACUSE, LLC**, a New York limited liability company with an address of 1001 Franklin Avenue, Suite 300, Garden City, New York 11530 ("Developer").

RECITALS

WHEREAS, in accordance with the terms and conditions of that certain Contract to Purchase between Developer and the City dated _____, 2022 (the "Purchase Contract"), the City has agreed to sell to Developer, and Developer has agreed to purchase from the City, a certain parcel of real property situate in the City of Syracuse, County of Onondaga, State of New York and commonly known as a portion of 800-802 Wilbur Avenue South, constituting current City of Syracuse tax parcel #_____ and specifically described on Schedule A attached hereto (the "Property"); and

WHEREAS, as a material component of the consideration for the purchase and sale of the Property, Developer has agreed to improve, develop and use the Property in a manner specified in a certain Development Plan dated _____, 202__ submitted by Developer to the City in accordance with the Purchase Contract and attached hereto and made a part hereof as Schedule B (the "Development Plan "); and

WHEREAS, Developer acknowledges that the City would not have agreed to sell the Property to Developer absent Developer's commitment to complete the Development Plan and this Agreement is intended to ensure that Developer fulfills the Development Plan and, until such time, Developer pledges the Property as security for the completion of the Development Plan and any indebtedness associated with the failure to complete the Development Plan.

NOW, THEREFORE, in consideration of the foregoing and in consideration of the covenants and agreements herein contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. **Developer's Obligations**. Developer hereby agrees as follows:

   a. Developer shall improve, develop, redevelop, and/or repair the Property in accordance with the Development Plan on or before _____, 202__ (the "Completion Date"); and

   b. Developer shall use the Property for the purpose(s) specified in the Development Plan; and

c. Developer shall comply with all federal, state, county, city, town and other applicable laws, ordinances, rules and regulations and all orders and rules of any duly constituted authorities affecting the Property, or the use and occupancy of the Property (collectively "Laws"); and

d. Developer shall remedy any and all outstanding building and zoning code violations at the Property by the Completion Date.

e. Developer shall not create or allow any nuisance to exist in or on the Property; and

f. Developer shall pay when due all taxes, liens, judgments, assessments, sewer and water charges and environmental clean-up costs which may be required by a governmental authority with appropriate authority affecting or pertaining to the Property, and Developer shall furnish evidence of payment of same on the City's demand; and

g. Developer shall keep the Property and all improvements insured against loss by fire, with extended coverage endorsement, and such other hazards (and in such amounts) as the City may reasonably require. All policies shall have endorsed thereon the standard New York mortgagee clause in the name of the City. Developer shall also, on the City's demand, furnish evidence of coverage to the City and assign and deliver such policies to the City.

2. **Term**. The term of this Agreement (the "Term") shall commence on the date title to the Property is transferred from the City to Developer and shall end on the Completion Date, unless sooner terminated hereunder, at which time neither party will have any further rights or obligations under this Agreement against each other except that, in the Event of Default and the subsequent failure of the Developer to pay the Indebtedness (as hereafter defined), then the security interest created by this Agreement will continue until the amount of the Indebtedness and all costs of collection and other amounts payable under the terms of this Agreement have been paid in full by Developer. So long as no Event of Default has occurred and is continuing, this Agreement shall be automatically terminated without further action by either party upon issuance by the City to Developer of a Certificate of Substantial Compliance (as hereafter defined). Upon a request by Developer, the City, after the issuance of a Certificate of Substantial Compliance, shall execute and deliver to Developer a satisfaction or discharge of Mortgage in proper form for recording in the County Clerk's office.

3. **Certificate of Substantial Compliance**. On or before the Completion Date, time being of the essence, Developer shall provide the City with copies of any and all building permits, certificates of completion, certificates of occupancy certificates of adequacy, certificates of inspection and/or other similar permits or certificates obtained for the Property as may be required by any Laws or as may be reasonably requested by the City (the "Certificates") and any drawings, plans, receipts, photographs, specifications and/or other documentation reasonably requested by

the City confirming that Developer has completed the Development Plan. The City shall promptly determine whether the Developer is in "Substantial Compliance" (as defined herein) with the Development Plan. At a mutually agreeable time, Developer will allow City employees and/or its agents access to the Property for the purpose of inspecting the Property to assist in the determination as to whether Developer is in Substantial Compliance with the Development Plan. If the City determines in its sole but reasonable discretion that the Developer is in Substantial Compliance with the Development Plan, it shall issue Developer a Certificate of Substantial Compliance, which Certificate shall be issued within twenty (20) days from the date of such inspection.

For the purpose of this Agreement, "Substantial Compliance" shall mean (i) completing the Development Plan on or before the Completion Date; (ii) completing the Development Plan in a good and workmanlike manner; and (iii) applying for and receiving any and all Certificates as may be required by any Laws.

4. **Project Sign.** Developer shall erect and maintain in good condition, until the issuance of a Certificate of Substantial Compliance, a sign or signs in a conspicuous place at the Property indicating that the Development Plan was made possible by the City. The City shall provide the sign at no cost to Developer and may require more than one sign if the Property conditions so warrant. Developer shall return the sign or signs to the City upon the issuance of a Certificate of Substantial Compliance. If the sign conflicts with State or local law, Developer may modify the sign so as to comply with State or local law.

5. **Default**. The occurrence of any one or more of the following and the continuance thereof for a period of thirty (30) days after written notice thereof is given by the City to the Developer, provided that, if such default is capable of cure but cannot be cured within such thirty (30) day period, the failure of the Developer to commence to cure within such thirty (30) day period and to prosecute the same with due diligence, shall constitute an "Event of Default" under this Agreement:

   a. Developer fails to achieve Substantial Compliance as evidenced by a Certificate of Substantial Compliance on or before the Completion Date.

   b. Developer takes any action prohibited by this Agreement or fails to take any action required by this Agreement.

   c. Developer sells or transfers all of the Property or any interest in the Property during the Term without the prior written consent of the City. The prior written consent to any particular sale or transfer will in no way operate as a consent to any future sales or transfers occurring after such consent is given. Any transfer of a majority of the stock or membership interests of Developer (or the transfer of more than 50 percent in interest of Developer if Developer is a partnership) whether in one or a series of transactions, and any merger or consolidation of Developer with any other entity, shall be deemed to be a sale or transfer hereunder. Consent to such a transfer during the Term shall, however, not be unreasonably withheld as long as Developer (i) retains an ownership interest

in the Property or in any business entity to which the Property shall be transferred, and (ii) retains control of, and responsibility for, implementing the Development Plan.

6. **Indebtedness**. Upon the occurrence of an Event of Default, Developer agrees that it will be indebted to and shall pay the City the sum of _____ **AND 00/100 DOLLARS** (**$**_____) (the "Indebtedness") in cash or other good funds in form acceptable to the City within twenty (20) days after written notice that such Indebtedness is due and owing is given by the City to Developer. Developer and City acknowledge that the damages to the City upon an Event of Default by Developer would be difficult or impossible to determine, that the amount of the Indebtedness represents the parties' best and most accurate estimate of the damages that would be suffered by the City in the Event of Default by Developer, that such estimate is reasonable under the circumstances existing as of the date of this Agreement and under the circumstances that the City and Developer reasonably anticipate would exist at the time of such Event of Default. Accordingly, in lieu of actual damages for an Event of Default, Developer agrees that the Indebtedness may be assessed and recovered by the City as against Developer without the City being required to present any evidence of the amount or character of actual damages sustained by reason thereof.

7. **Mortgage**. To secure the performance of Developer hereunder and the payment of the Indebtedness plus all other obligations including, but not limited to, interest and fees owed now or in the future by Developer to the City pursuant to this Agreement, Developer hereby mortgages the Property to the City,

TOGETHER WITH any buildings or improvements now or hereafter located thereon,

TOGETHER WITH all fixtures and personal property which now are or which later may be attached to or used or useful in connection with the Property (not including household furniture),

TOGETHER WITH any and all easements, rights-of-way, gores of land, streets, sewer rights, utility rights, water rights, and all estates, rights, titles, interests, privileges, and appurtenances of any nature whatsoever relating or pertaining to the Property,

TOGETHER WITH any right, title and interest of the Developer in and to any and all land lying in the bed of any street, road or avenue, opened or proposed, in front of or adjoining the Property to the center line thereof, and

TOGETHER WITH all condemnation awards for any taking by a government or agency of the whole or part of the property or buildings or any easement in connection with the Property. This includes awards for changes of grade of streets.

8. **Receiver.** If, following an Event of Default, the City commences an action to foreclose the mortgage described in this Agreement, the City shall have the right to have a receiver appointed by a court of competent jurisdiction to take control of the Property and collect rents, if any.

9. **Sale in One or More Parcels**. In case of a foreclosure sale, the Property may be sold in one or more parcels, any provision of any statute, regulation or other law to the contrary notwithstanding.

10. **Collection Costs and Fees**. Developer agrees to pay all costs, charges and expenses, including reasonable attorneys' fees, which are: incurred by the City in connection with preserving or protecting the City's rights and interests under this Agreement whether or not a legal action is filed; or incurred by the City in any action or proceeding to foreclose the Mortgage or to collect the Indebtedness and other amounts secured by the Mortgage. Such amounts together with interest as provided for herein shall be added to the Indebtedness then due and will be a lien on the Property, prior to any right or title to, interest in, or claim upon said Property attaching or accruing subsequent to the lien of the Mortgage, and will be deemed to be secured by the Mortgage.

11. **Interest.** Any payment due and owing from Developer to the City hereunder which is not made within ten (10) days of the date when due shall accrue interest at a rate of fifteen percent (15%) per annum.

12. **Right of Entry**. For the purpose of assuring compliance with this Agreement, City agents, officers and employees shall have the right to enter on and inspect the Property at reasonable times upon prior notice to and with the consent of the Developer, which consent shall not be unreasonably delayed, conditioned or withheld.

13. **Protection of Property.** Developer agrees that if, in the reasonable opinion of City, the Property is in danger of destruction or deterioration, City may enter upon the Property and perform such acts thereon or with respect thereto as it may deem suitable for preservation or protection of the Property, and may thereafter remove from the Property or hold possession thereof at its option. City may also perform such acts and make such expenditures as City may reasonably deem appropriate or desirable to cure material defaults in any agreement affecting the Property.

14. **Assignment of Leases and Rents.** Developer hereby assigns to the City the rents, issues and profits of the Property as further security for the payment of said Indebtedness, and all other amounts secured hereby. The Developer grants to the City the right to enter upon and to take possession of the Property for the purpose of collecting the same and to lease the Property or any part thereof, and to apply the rents, issues and profits, after payment of all necessary charges and expenses, on account of said Indebtedness and all other amounts secured hereby. This assignment and grant will continue in effect until all sums secured hereunder are fully and irrevocably paid. The City hereby waives the right to enter upon and to take possession of said Property for the purpose of collecting said rents, issues

and profits, and the Developer will be entitled to collect and receive said rents, issues and profits, until default under any of the covenants, conditions or agreements contained in this Agreement, but such right of the Developer may be revoked by the City upon a default hereunder.

15. **Trust Fund Provisions**. This Agreement is subject to the trust fund provisions of Section 13 of the Lien Law of the State of New York.

16. **Subordination**. The City acknowledges that all terms and conditions of this Agreement, including the lien established by the mortgage herein, shall be subject and subordinate to any mortgage given by Developer to an unrelated, institutional third-party lender to finance the acquisition of the Property and/or the implementation of the Development Plan.

17. **Notices**. Any notice required or permitted to be given under or pursuant to the terms of this Agreement, shall be in writing and shall be deemed to have been duly given if personally delivered, delivered by an overnight courier service or mailed by certified mail return receipt requested, postage and registry fees prepaid in the event of mailing, and in all events addressed to the party to receive such notice at the address set forth at the beginning of this Agreement. By notice sent in accordance with this section, any party may change the address to which further notice shall be sent. All notices shall be deemed given when mailed or delivered in the manner provided in this section.

18. **Right and Remedies are Cumulative.** Each right and remedy of the City provided for in this Agreement shall be cumulative and shall be in addition to every other right or remedy provided for in this Agreement or now or hereafter existing at law or in equity, by statute or otherwise.

19. **Relationship of the Parties**. Nothing contained herein shall be deemed or construed by the parties hereto nor by any third party as creating the relationship of principal and agent or of partnership or of joint venture between the parties hereto.

20. **Joint and Several Liability**. If this Agreement is executed by two or more entities or persons, they shall be jointly and severally liable, and all provisions of this Agreement shall apply to each and all of them.

21. **Severability**. If any provision of this Agreement or the application thereof to any party or circumstance is held invalid or unenforceable to any extent, the remainder of this Agreement and the application of that provision to other parties or circumstances shall not be affected thereby and that provision shall be enforced to the greatest extent permitted by law.

22. **Effect of City's Waiver**. The City's waiver of breach of one covenant or condition of this Agreement is not a waiver of breach of others, or of subsequent breach of the one waived.

23. **Agreement Applicable to Successors**. This Agreement and the covenants and conditions hereof apply to and are binding on the heirs, successors, executors, administrators and permitted assigns of the parties hereto.

24. **Governing Law.** This Agreement and the performance thereof shall be governed, interpreted, construed and regulated by the laws of the State of New York.

25. **Venue**. In the event of a lawsuit, the parties herein agree to submit to the jurisdiction of the Courts of Onondaga County, State of New York.

26. **Authority to Enter into Agreement**. Each party hereto hereby warrants and represents that it has the necessary power and authority to enter into this Agreement and that it has taken all necessary action in order to enter into this Agreement.

27. **Representations.** The City has not made any representations or promises to Developer as to any matter or thing except as may be specifically set forth in this Agreement, and Developer hereby acknowledges that Developer is not relying on any representation of any kind or nature other than as may be set forth in this Agreement.

28. **Entire Agreement**. This Agreement constitutes the entire agreement of the parties concerning the subject matter hereof, and it may be amended only by a document signed by the party against whom any such change is sought to be enforced. This Agreement supersedes all prior or contemporaneous understandings, agreements, and negotiations, all of which are merged into this Agreement.

29. **Headings**. The headings used in this Agreement are for convenience of the parties only and shall not be considered in interpreting the meaning of any provision of this Agreement.

30. **Jury Waiver**. The City and Developer agree that to the fullest extent permitted by law, the City and Developer waive any right to a trial by jury in any action involving or proceeding relating to this Agreement or to the performance of either party's obligations hereunder in which the City and Developer are adverse parties.

31. **Recording Tax and Recording Fees**. The City will record or cause this Agreement to be recorded in all offices where recordation hereof is necessary and will pay, or cause to be paid, all mortgage recording taxes and recording fees, if any, which may be imposed by the State of New York, the Onondaga County Clerk or other governmental authority upon this Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Development Enforcement Mortgage Agreement as of the day first set forth above.

PROPERTY DESCRIPTION

SCHEDULE B

DEVELOPMENT PLAN

FIRST AMENDMENT TO CONTRACT TO PURCHASE

THIS FIRST AMENDMENT TO CONTRACT TO PURCHASE (this "First Amendment") is made and entered into as of the 25 day of November, 2025 (the **"Effective Date"**), by and between the **CITY OF SYRACUSE**, a municipal corporation of the State of New York with an address of 233 East Washington Street, Syracuse, New York 13202 (hereinafter called "Seller"), and **800 SOUTH WILBUR AVE, SYRACUSE, LLC**, a New York limited liability company with an address of 1001 Franklin Avenue, Suite 300, Garden City, New York 11530 (hereinafter called "Buyer").

BACKGROUND AND RECITALS

WHEREAS, Seller and Buyer entered into and executed a certain Contract to Purchase dated September 28, 2022 (the "Contract") relating to the purchase and sale of certain Property in the City of Syracuse, said Property being more particularly described in the Contract.

WHEREAS, Seller and Buyer have desire to amend and modify the Contract on and subject to the terms and conditions hereinafter set forth (capitalized terms not otherwise defined in this First Amendment shall have the meaning ascribed thereto in the Contract).

AGREEMENTS

NOW, THEREFORE, in consideration of these recitals and the mutual promises and covenants contained herein, the parties hereto agree as follows.

1. A. Real Property and Improvements. The definition of Property contained in the second recital in the Contract is revised to be:

> The following Lots which are designated on the proposed subdivision map entitled *Final Plat Plan 800 South Wilbur Subdivision Phase 1* prepared by Paul James Olszewski, P.L.S., PLLC dated October 13, 2025 (the "Subdivision Map") to be filed with the County Clerk of the County of Onondaga, together with all easements and rights-of-way, if any, benefiting or appurtenant thereto and all right, title and interest of Seller in and to any land lying in the bed of any highway, street, road or avenue, opened or proposed, in front of or abutting or adjoining said Lots (individually a "Lot" and collectively the "Property") to be developed in phases in accordance with the Development Plan:

Lot	Subdivided Parcel(s)
1a	5.5
1b	5.8 & 5.9 (includes further subdivided parcels 5.10 through 5.36)
2	Portion of 5.6
3	Portion of 5.6 and 5.7

> The specific portions of Parcels 5.6 and 5.7 to be subdivided and which shall constitute Lots 2 and 3 shall be mutually determined by Buyer and Seller prior to the Closing on such Lots.

B. Development Plan. Buyer and Seller acknowledge that the Development Plan was approved by the Common Council of the City of Syracuse, Ordinance 526-2023, "The Albanese Development Plan," adopted July 2023. Buyer and Seller hereby agree that any modifications to the approved Development Plan for Lots 1a and 1b as set forth in the Project Plan, Z-2894, adopted October 2025, by the City Planning Commission of the City of Syracuse and attached hereto and incorporated herein

as Schedule "A" are hereby deemed non-material, were made in order to achieve the development plan goals of the Project and are incorporated into the Development Plan. Future modifications to the Development Plan shall be reviewed and approved Corporation Counsel of the City of Syracuse.

2. **Deposit.** Paragraph 2(a) of the Contract is hereby amended to provide that no portion of the Deposit shall be applied against the Purchase Price for Lot 1a or Lot 1b.

3. **The Project.** The definition of Project contained in the fifth recital in the Contract is revised to be:

> Buyer seeks to develop no less than 300 total units, to be composed of a mix of housing that may include multifamily, townhouse, and owner-occupied units in multiple phases (the "Project"). The first phase of the Project will consist of (i) two (2) multifamily buildings to be constructed on Lot 1a currently called Building A and Building B which buildings will contain a total of 261 units with rents of the apartments averaging approximately 60% of the Area Medium Income ("AMI") pursuant to certain affordable housing programs of the Agency, and pursuant to a 30-year regulatory agreement to be entered into between Buyer and the Agency ("Phase 1a"); and (ii) twenty-seven (27) townhomes to be constructed on Lot 1b, which will be offered for purchase at an affordable rate pursuant to certain programs of the Agency ("Phase 1b").

4. **Seller Loan.** The following will be added as a new paragraph 2.1 to the Contract:

> "Seller has committed to the Agency to help reduce the funding gap for Phase 1a of the Project by advancing a $9,000,000 loan to Buyer at the time of the closing with the Agency, which is scheduled for December, 2025. The loan will be a low interest, unsecured loan from the Syracuse Economic Development Corporation (SEDCO) to be used for construction and development of Phase 1a of the Project. The term of the loan shall be up to 55 years, at an interest rate of 0.25%, which interest shall accrue on a non-compounding basis and be payable at maturity. Buyer shall pay all closing costs including Seller's legal fees associated with such loan. Seller will also commit the balance of ESD Project funds as follows: (1) $1.5M to be used by SEDCO to pay for National Grid Utility Duct Bank installation for the Project; and (2) $500,000 to be used by SEDCO for the removal of any remaining underground concrete caissons for the benefit of the Project if such removal is deemed necessary in accordance with paragraph 6B of this First Amendment."

5. **Environmental Remediation Plans and Indemnity.** Seller and Buyer hereby confirm that the Due Diligence Period has expired. Notwithstanding any other provision of this Contract to the contrary, prior to Closing on Lot 1a, Buyer and Seller shall agree to:

(i) an Environmental Remediation and Management Plan, which plan shall supersede and be in lieu of the Site Environmental Remediation Plan and the Building-Related Environmental Remediation Plan, which will describe certain work that will be undertaken and paid for by Seller or, with Buyer's agreement (which cannot be unreasonably withheld), undertaken by Buyer and reimbursed by Seller and which shall not differ materially from the Environmental Management Plan prepared by LaBella dated August 20, 2025; and

(ii) the estimated cost of the Environmental Remediation and Management Plan, which cost shall not exceed $7,500,000; and

(iii) an environmental indemnity from Seller to Buyer for all work to be performed under the Environmental Remediation and Management Plan and any

environmental issues relating to such work, which indemnity is contingent upon approval by Corporation Counsel of the City of Syracuse.

6. **Seller Improvement Work.** In addition to the Seller's Work described in Section 7 of the Contract, the following work will be completed by Seller:

A. Seller shall complete construction of the Improvement Work including an improved roadway for the sections of Jensen Avenue and Helen D. Hudson Boulevard shown on the Subdivision Map required for pedestrian and residential access to the buildings and improvements on Lot 1a within twenty-four (24) months after the execution of a bid contract with the selected vendor(s) to complete the roadwork. Seller will execute such bid contract prior to January 31, 2026. As part of the improved roadway work on Jensen Avenue, Seller shall backfill all excavation within the roadway and provide for a navigable surface including subbase course, and all utilities required for permanent connection to the buildings on Lot 1a from Wilbur Avenue to both intersections of the rear parking lots within twelve (12) months after the execution of such bid contract. Seller shall provide the curbing, base course, binder course and top course hot mix asphalt ("HMA") and bike lane and sidewalks in coordination with Buyer within twenty-four (24) months after the execution of such bid contract. In addition to the above roadwork, Seller shall ensure that Buyer is provided with a construction access road ("Access Road") from Wilbur Avenue to the buildings on Lot 1a in coordination with Buyer (including Buyer's general contractor) prior to closing of the existing roadway to the extent necessary for Buyer to continue construction of the development on Lot 1a uninterrupted. The Access Road shall be no narrower than 20 feet wide and have a slope no greater than the existing roadway to the development site. The Access Road shall be constructed of a minimum 12 inches of subbase course rock and shall be removed by Seller in coordination with Buyer once the first phase of Jensen Avenue is complete (such Seller's Work included in this paragraph 6(A) shall be, collectively, the "Lot 1a Seller's Work"). Throughout the construction of Lot 1a Seller's Work, Seller shall provide Buyer with monthly updates.

No earlier than ninety (90) days prior to Seller's completion deadlines for the Lot 1a Seller's Work, Buyer may, after good faith consultation with Seller's Engineer, provide written notice to Seller (such notice, "Buyer's Notice") that in Buyer's reasonable opinion based upon such consultation with Seller's Engineer, Seller will not be able to complete Lot 1a Seller's Work by the completion deadlines and may direct Seller to undertake its "Contingency Plan," as defined herein, for completing Lot 1a Seller's Work. Such notice shall include Buyer's selection of option (i) or (ii) below. Seller's Contingency Plan shall consist of either of the following, at Buyer's direction: (i) promptly mobilizing Seller's internal resources to complete Lot 1a Seller's Work within the ninety (90) day notice period; or (ii) promptly retaining, subject to the provisions hereof, the services of a replacement contractor selected by Buyer and capable of mobilizing within the ninety (90) day notice period to complete Lot 1a Seller's Work ("***Replacement Contractor***"). In the event Buyer selects (ii), Seller shall endeavor in good faith to promptly complete its mandated procurement process, including seeking a waiver of competitive bidding required by the Charter of the City of Syracuse and New York State General Municipal Law §103, to retain the Replacement Contractor. Any agreement entered in to with the Replacement Contractor following satisfaction of Seller's procurement process shall provide that the Buyer is a third-party beneficiary thereto. Seller shall hold, in a segregated account,

maintained by its Commissioner of Finance, for the benefit of the Project, $500,000.00 of the Lot 1a Purchase Price until such time as Lot 1a Seller's Work is completed. If Buyer elects option (i) and, the Lot 1a Seller's Work is not completed by Seller within one hundred and twenty (120) days after the giving of Buyer's Notice, Buyer may request upon notice to Seller that Seller discontinue its efforts pursuant to option (i) and proceed with the completion of the Lot 1a Seller's Work pursuant to option (ii).

Notwithstanding anything to the contrary herein, the Buyer does not waive or in any way alter any Seller's Work as it relates to Lots 1b, 2, or 3, including, for the avoidance of doubt, the requirement for Improvement Work, as included in Paragraph 7(A).

B. Any caissons that were left in place following Seller's Demolition Work that could be an obstruction or will interfere with the new building foundations or sitework on one or more of the Lots shall be removed and backfilled by the Buyer to an agreed upon compaction threshold. All costs associated with this work shall be reimbursed by the Seller, acting through SEDCO. Under no circumstances shall Seller's obligation to reimburse Buyer for such work exceed $500,000.00. All necessary documentation and evidence of expenses incurred for caisson removal must be submitted, in form and substance reasonably acceptable to the City, and approved by the City Engineer prior to reimbursement, which approval (or rejection) and reimbursement will occur within sixty (60) days of receiving such documentation. This approval will not be unreasonably withheld. This obligation will be contained in a Post-Closing Undertaking to be signed by the Seller at Closing of any Lot containing such caissons.

7. **Seller's Mortgage.** Section 9 of the Contract is hereby deleted and replaced with the following:

"**IMPROVEMENT OF PROPERTY.** Buyer has agreed to improve, develop and use the Property in accordance with the Development Plan. Seller's obligations under this Contract are subject to Buyer executing and delivering at the Closing of each Lot a separate Development Enforcement Mortgage ("Seller's Mortgage(s)") in form attached to this First Amendment as Exhibit "A" to ensure Buyer fulfills the portion of the Development Plan to be constructed on the Lot. The Seller's Mortgage will be subordinate to any mortgage delivered by Buyer in connection with financing the Project, and Seller agrees to modify the Seller's Mortgage to the extent necessary to satisfy Buyer's lenders or equity partners or the Agency while preserving the intent of the document to ensure that Buyer commences construction and completes the portion of the Project being constructed on the Lot."

The following language will be included in the Mortgage:

"This Mortgage is subject and subordinate in all respects to certain superior mortgages (the "Superior Mortgages") (the beneficiaries thereof are herein referred to as the "Senior Creditors"), including, but not limited to, the Superior Mortgages described in Schedule B attached hereto. Notwithstanding anything contained herein to the contrary, until the Superior Mortgages are paid in full and the Mortgagor has fulfilled all of its obligations thereunder and for so long as an affiliate of _____ (the "Investor") is a limited partner or member of the Mortgagor, the Mortgagee will not (i) commence foreclosure proceedings with respect to the Mortgaged Property under this Mortgage, including, but not limited to making a demand for payment by Mortgagor of the amount secured by this Mortgage, collecting rents, appointing (or seeking the appointment of) a receiver

or exercising any other rights or remedies thereunder, (ii) join with any other creditor in commencing any bankruptcy reorganization arrangement, insolvency or liquidation proceedings with respect to the Mortgagor, (iii) otherwise exercise any other rights or remedies under or in respect of this Mortgage, or (iv) modify the terms of this Mortgage without the prior written consent of the Senior Creditors and their successors and assigns and the Investor. Any amendment or modification of this Mortgage without such consent shall be void ab initio and of no effect whatsoever. Notwithstanding anything to the contrary contained herein, the holders of the Superior Mortgages shall be third party beneficiaries of the rights of the Senior Creditors pursuant to this Section. Nothing contained herein shall be construed to limit or hinder Mortgagee's rights and remedies under the Syracuse Property Conservation Code and other applicable local laws, rules and regulations."

8. **Closing of Lots.** The first paragraph of Section 11 of the Contract is hereby deleted and replaced with the following:

"CLOSING OF LOTS. The Closing of the Lots shall occur sequentially. Lot 1a shall close on or about 90 days following the satisfaction of Buyer's Conditions for Lot 1a contained in Paragraph 8. Lot 2 shall close following the satisfaction of Buyer's Conditions for Lot 2 contained in Paragraph 8 on or about eighteen (18) months following the closing on Lot 1a and so on for each additional Lot (excluding Lot 1b), if any. Buyer shall have the option of postponing the Closing of each Lot (other than Lot 1a and Lot 1b) on two (2) occasions for a period of up to six (6) months per occasion for each Lot upon sixty (60) days' prior written notice to Seller. For further clarity, Buyer may postpone the Closing of each Lot (other than Lot 1a and Lot 1b) for up to 12 months each. The Closings shall be held at the office of the attorney for Buyer or Buyer's lender attorney unless otherwise agreed.

The Closing of Lot 1b shall occur within the later to occur of: (i) twelve (12) months following the Closing of Lot 1a or (ii) within six (6) months of the satisfaction of Buyer's Conditions for Lot 1b."

9. **Assignment.** Section 16 of the Contract is hereby deleted and replace with the following:

"ASSIGNMENT. Buyer may assign its interest in this Contract or any portion of this Contract relating to a specific Lot (such Lot(s), the "Assigned Lot(s)") to a business entity wholly owned or controlled by Buyer (with respect to the construction of one or more multifamily buildings on the Lot) or Home Headquarters, Inc. (with respect to the construction of townhomes on the Lot) subject to the terms of the Contract. Otherwise, this Contract may not be assigned by Buyer without Seller's prior written consent. Any Assignment to an entity that is not wholly owned or controlled by Buyer will be to an entity with the necessary qualifications, as determined by the City but that are no less than the qualifications of the Buyer, to undertake and complete the Development Plan. Until the Closing on any Assigned Lot, Buyer shall remain fully liable to Seller for the performance of this Contract in relation to such Assigned Lot, regardless of any such assignment. Excluding any transfer to admit the equity investor and/or purchaser of the Low-Income Housing Tax Credits in coordination with or preparation for a closing with the Agency, prior to (but not simultaneous with) Closing, any transfer of a majority of the stock or membership interests of Buyer (or the transfer of more than 50 percent in interest of Buyer if Buyer is a partnership) whether in one or a series of transactions, and any merger or consolidation of Buyer with any other entity, shall be deemed to be an assignment hereunder requiring the Seller's prior approval."

10. **Damages.** Section 19 of the Contract is hereby deleted and replace with the following:

19.1 Damages. It is acknowledged that a breach of this Contract by Buyer will cause Seller to incur damages and losses of types and in amounts which are impossible to compute and ascertain with certainty as a basis for recovery by Seller of actual damages and that liquidated damages represent a fair, reasonable and appropriate estimate thereof. Accordingly, in lieu of actual damages for such a breach, Buyer agrees that liquidated damages may be assessed and recovered by Seller as against Buyer in the event of a breach by Buyer without Seller being required to present any evidence of the amount or character of actual damages sustained by reason thereof. As such, Buyer shall be liable to Seller for payment of liquidated damages in the amount of Three Hundred Thousand Dollars ($300,000.00) for any breach of Buyer's obligation to purchase a Lot hereunder ("Liquidated Damage Amount"). Upon any such breach and payment of the Liquidated Damages Amount, this Contract will be terminated and neither party will have any further obligation hereunder, the parties agreeing that the Liquidated Damages Amount and Contract termination are Seller's sole remedy for Buyer's default, but such Liquidated Damage Amount shall not release Buyer from any obligations Buyer may have under an outstanding Development Enforcement Mortgage. Such Liquidated Damage Amount will be satisfied from the Deposit. By way of example, Buyer's failure to close on Lot 1a would constitute a breach that would trigger payment of the Liquidated Damage Amount. The Seller would receive the Liquidated Damage Amount from the Deposit and the Contract would be terminated. Such liquidated damages are intended to represent estimated actual damages and are not intended as a penalty. Seller shall not be deemed to have waived any of its rights or remedies on account of its failure, delay or forbearance in exercising any right or remedy in a particular instance. Nothing contained herein shall be interpreted to modify or waive Buyer's Conditions as defined in the Contract and Buyer shall have no obligation to pay the Liquidated Damages Amount due to a failure to close on a Lot if the Buyer's Conditions for such Lot were not satisfied on or prior to such date. Buyer's obligation to pay Liquidated Damages shall survive Closing on the acquisition of the Lots in each phase. In the event Seller defaults in its obligations under this Contract and fails to close and deliver the Deed, Buyer may, at its option and as its sole and exclusive remedy, pursue either of the following remedies: (a) sue Seller for specific performance; or (b) terminate this Contract and obtain a return of the Deposit.

NOTWITHSTANDING ANY OTHER PROVISION OF THIS CONTRACT, NEITHER PARTY SHALL BE LIABLE TO THE OTHER WITH RESPECT TO THE SUBJECT MATTER OF THE CONTRACT UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHER LEGAL OR EQUITABLE THEORY FOR (A) ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL OR INDIRECT DAMAGES WHATSOEVER, OR (B) LOSS OF PROFIT OR ANTICIPATED BUSINESS.

11. Rooftop Rights. At Seller's election, Buyer and Seller shall enter into a binding agreement consistent with market terms, with the exception that there will be no rent payable by Seller, for the Seller to design, install, and maintain a small cell wireless antennae on the buildings to be constructed as part of the Project in locations deemed reasonably feasible following good faith consultations between Buyer and Seller for purposes including municipal broadband and internet use.

12. Miscellaneous. The following subparagraphs are added to paragraph 20 of the Contract:

(i) **Electronic and Counterpart Execution.** This First Amendment may be executed in any number of counterparts, each of which shall be deemed to be an original, and all of such counterparts shall constitute one First Amendment. To facilitate execution of this First Amendment, the parties may

execute and exchange by pdf, email, scan, telephone facsimile or other electronic counterparts of the signature pages. The parties acknowledge and agree that notwithstanding any law or presumption to the contrary, an electronic or telefaxed signature of either party, whether upon this First Amendment or any related document shall be deemed valid and binding and admissible by either party against the other as if same were an original ink signature pursuant to the Uniform Electronic Transactions Act, T.C.A. §47-10-101 et. seq.

(j) **Entire Agreement.** The Contract as amended by this First Amendment, set forth all of the promises, covenants, agreements, conditions and undertakings between the parties hereto with respect to the subject matter hereof, and supersede all prior and contemporaneous agreements and understandings, inducements and conditions, express or implied, oral or written, except as contained herein. No extension, alteration, modification or other amendment of or to the Contract shall be valid or binding unless made in writing and signed by all parties hereto. Where any conflict exists between any Exhibit, schedule or other attachment and the Contract, the terms and conditions of the Contract shall prevail.

[THE SIGNATURE PAGE FOLLOWS IMMEDIATELY HEREAFTER]

THIS FIRST AMENDMENT TO CONTRACT TO PURCHASE is executed to be effective as of the date first above written.

SCHEDULE "A"

PROJECT PLAN, Z-2894

A RESOLUTION APPROVING A PROJECT PLAN REVIEW, Z-2894, ON PROPERTY SITUATED AT 800 SOUTH WILBUR AVENUE REAR AND 802 SOUTH WILBUR AVENUE

We, the duly appointed members of the City Planning Commission of the City of Syracuse, do this 5th day of May 2025, adopt the following resolution:

WHEREAS, the applicant, Russell C. Albanese, on behalf of the property owner, the City of Syracuse, is requesting a project plan review, pursuant to ReZone, Art. 5, Sec. 5.6B; to construct two multi-unit buildings with 261 units (the "Multi-Unit Building Phase") and 27 townhome units (the "Townhome Phase"), on properties located at 800 South Wilbur Avenue Rear and 802 South Wilbur Avenue, Syracuse, New York; and

WHEREAS, the City Planning Commission held a Public Hearing on the request on May 5th, 2025, at 6:00 p.m. in the Common Council Chambers, City Hall, Syracuse, New York, heard all those desires to be heard, and duly recorded their testimony. No member of the public spoke in favor nor in opposition to the project and Commissioner Kulick closed public comment; and

WHEREAS, the property at 800 South Wilbur Avenue Rear is an irregularly shaped parcel with a lot size of 373,744.8 SF (8.58 acres). The property has no street frontage. The property is totally encompassed by the subject property of 802 South Wilbur Avenue. The perimeter of the subject property totals 3,416.32 FT. The western property lines total 1,212.53 FT, the northern property line is a length of 329 FT, the eastern property lines total a length of 717.09 FT, and the southern property lines total a length of 936 FT. The property is currently under demolition; and

WHEREAS, the property at 802 South Wilbur Avenue is an irregularly shaped parcel with a lot size of 1,708,423.2 SF (39.22 acres). The property has three primary street frontages with 1,338.41 FT of frontage along South Wilbur Avenue, 335.40 FT of frontage along Delaware Street, and 1,054.7 FT of frontage along Grand Avenue The western property line borders 2,595.15 FT along the property line of 410 Grand Avenue, and the northern property line borders 234.53 FT along the property line of 201 Coleridge Avenue, 173.66 FT along the property line of 520 South Wilbur Avenue, and 748.05 FT along the property line of 600 South Wilbur Avenue. The property is currently under demolition; and

WHEREAS, the properties lie within the Urban Core (MX-4) Zone District. There is a companion Resubdivision application to divide properties located at 800 South Wilbur Avenue Rear and 802 South Wilbur Avenue into 32 new lots for 27 townhome units, two multi-unit buildings, and future development phases; and

WHEREAS, the City Planning Commission has studied the proposal and all submittals by the applicant and all interested parties; and

WHEREAS, The Master Site Plan (MaSPR-24-38) including the resubdivision, District Plan proposal, and site plan, was reviewed by the County Planning Board on November 13, 2024, pursuant to GML §239-l, m, and n. Since then, the applicant has been coordinating with the necessary City and County agencies to ensure full regulatory compliance; and

WHEREAS, the Zoning Administrator and the City Planning Commission Chairperson are entitled to execute any and all necessary documents related to the subject proposal; and

WHEREAS, the Project shall be constructed in phases, the Townhome Phase and the Multi-Unit Building Phase; and

WHEREAS, pursuant to Article 8 of the State Environmental Conservation Law, as amended and the regulations promulgated thereunder (collectively "SEQRA"), the Commission is required to make a determination with respect to the environmental impact of any "action" to be taken by the Commission and the consideration of this application constitutes such an action; and

WHEREAS, the Commission having reviewed the application for the proposed action and the Full Environmental Assessment Form, Part 1, dated 10/29/2024 ("EAF") prepared and submitted by the applicant, and determined that the proposed action described therein constituted a Type I action, pursuant to 6 NYCRR §617.4(b)(9), respectively; and

WHEREAS, having determined that more than a single agency is involved with the proposed application classified as an Type I, the Commission declared itself "Lead Agency" pursuant to 6 NYCRR §617.4, and by letter dated December 2nd ,2024, which has been affirmed by all interested and involved parties; and finds that approval of the as set forth herein will not have a significant effect on the environment, and the hereby issues a negative declaration pursuant to SEQRA.

NOW THEREFORE BE IT RESOLVED that we, the duly appointed members of the City Planning Commission of the City of Syracuse, do this 5th day of May, **APPROVE** the applicant's request for Z-2894, on property situated at 800 South Wilbur Avenue Rear and 802 South Wilbur Avenue, Syracuse, pursuant to ReZone, Art. 5, Sec. 5.6B.

BE IT FURTHER RESOLVED that this approval is subject to compliance with the following **SPECIFIC CONDITION(S)**:

1. All affordable units will have the same structural, fixtures, appliances, and materials.
2. The applicant shall verify the income of qualified households every year with the Department of Neighborhood and Business Development.
3. The term of the affordability requirement shall be in accordance with the zoning code.
4. All demolition activities associated with the project shall comply with the City of Syracuse Noise Control Ordinance and adhere to all applicable State, County, and City regulations to prevent environmental contamination, safety risks, and other adverse impacts.
5.

6. Pursuant to ReZone, Art. 5, Sec. 5.4, the property owner shall obtain all necessary building permits within one year after the date of approval.
7. Pursuant to ReZone, Art. 5, Sec. 5.4, the property owner shall meet all conditions within 42 months, or the approval shall become null and void.
8. The owner/applicant shall engage the City prior to designing the light industrial/technology building.
9. The applicant shall follow the conditions provided by the Onondaga County Planning Board which are:
    a. A copy of the Stormwater Pollution Prevention Plan (SWPPP) shall be submitted to the Onondaga County Department of Water Environment Protection for review. Any mitigation as may be determined by the Department must be reflected on project plans.
    b. The applicant shall contact the Onondaga County Department of Water Environment Protection's Plumbing Control office to obtain the appropriate permits for all plumbing installations.
    c. Any existing public drinking water and wastewater infrastructure and associated easements must be shown on the plans.
    d. Boundaries for the floodplain, floodway, and any wetlands must be shown on the plans.

BE IT FURTHER RESOLVED that this approval is subject to compliance with the following GENERAL CONDITIONS:

1. The subject premises shall be used, operated and maintained in a neat and orderly condition at all times; all outside storage of junk, bottles, cartons, boxes, debris and the like shall be restricted to appropriately screened enclosures not visible to the general public;

2. All construction, improvements and additions relating to this proposal, including those activities required in order to comply with the conditions of this approval, shall be completed by the applicant or its agents within forty-two (42) months of the date of approval of this resolution by the City of Syracuse or this approval will be considered null and void; administrative extensions to this requirement for up to one year may be obtained from the Zoning Administrator at any time within the first forty-two (42) months, after which, any and all extensions require approval from the City Planning Commission;

3. All Development Standards of ReZone Syracuse shall be adhered to; and

4. Improvements to the subject property and its use shall be in accordance with the submitted plans on file in the City of Syracuse Office of Zoning Administration entitled:

- Property Survey. - Elevation Plans for Townhouses (Sheet A-201, A-202, A-203, A-204, A-205, A-206). Prepared by SWBR. Scale: as noted. Date: 4/25/2025.

5. No signage was approved as part of this application; proposed signage must be submitted to the City of Syracuse Office of Zoning Administration for review and approval; and

BE IT FURTHER RESOLVED, notwithstanding the above, both the Specific Conditions and the General Conditions, shall apply to each phase separately (namely the Townhome Phase and the Multi-Unit Building Phase), rather than to the two phases together. For the avoidance of doubt, the failure to satisfy any Specific Condition or General Condition with regard to the Townhome Phase shall not violate or void any aspect of this approval for the Multi-Unit Building Phase, and vice versa.

BE IT FURTHER RESOLVED that approval of this resolution does not relieve the applicant from compliance with any other regulatory or licensing provisions applicable thereto by the properly constituted Federal, State, County or City authorities to include, but not limited to the City of Syracuse Departments of Engineering and Public Works, and the Division of Code Enforcement; and

BE IT FURTHER RESOLVED that if the conditions enumerated above are not complied with, this approval shall be subject to revocation.

Steven W. Kulick, Chairperson
City Planning Commission

3

PARTIAL ASSIGNMENT AND ASSUMPTION AGREEMENT

THIS PARTIAL ASSIGNMENT AND ASSUMPTION AGREEMENT (this "*Assignment*") is made as of the 18th day of December, 2025 (the "*Effective Date*"), by and between **800 SOUTH WILBUR AVE, SYRACUSE, LLC,** a New York limited liability company (the "*Assignor*"), and **WILBUR AVE A/B, LLC,** a New York limited liability company (the "*Assignee*"). Assignor and Assignee may be referred to herein together as the "Parties".

WITNESSETH

WHEREAS, the Assignor, by and through a certain Contract to Purchase between the **CITY OF SYRACUSE** (the "*Seller*") and the Assignor, dated as of September 28, 2022, amended by a certain First Amendment to Contract to Purchase, dated as of November ___, 2025 (together, the "*Agreement*"), has the right to purchase the various parcels of property described in the Agreement (collectively, the "*Property*"); and

WHEREAS, a portion of the Property, also described in the Agreement, is referred to as "Lot 1a"; and

WHEREAS, Assignor desires to assign to Assignee its rights and interests with respect to Lot 1a under the Agreement, and Assignee desires to assume Assignor's liabilities and obligations under the Agreement associated with Lot 1a subject to and in accordance with the terms of this Assignment.

NOW THEREFORE, in consideration of the foregoing and other good and valuable consideration described below, the receipt and sufficiency of which is hereby acknowledged, the Assignor does hereby assign to Assignee, and Assignee agrees to assume, all of Assignor's rights, obligations and interests to Lot 1a under the Agreement, subject to the following terms, all of the foregoing and below to be as of the Effective Date:

1. **Recitals.** The foregoing recitals are incorporated herein by reference.

2. **Assignment and Assumption.** (A) The Assignor hereby assigns and sets over unto the Assignee, all of its rights, obligations and interests with respect to Lot 1a under the Agreement. (B) The Assignee hereby assumes and agrees to be bound by all of the covenants, agreements, liabilities and obligations of Assignor as "Buyer" under the Agreement, which shall arise or be incurred, or which are required to be performed, exclusively in relation to Lot 1a.

3. **Assignee's Representations and Covenants**. (A) Assignee, by executing this Agreement, does hereby represent, acknowledge, agree and consent that:

    (i) it has reviewed and understands the Agreement and this Assignment and their obligations thereunder and hereunder relative to Lot 1a;

(ii) from on and after the Effective Date, it shall assume all of Assignor's duties, liabilities, and obligations under the Agreement relative to Lot 1a, and agrees to pay, perform, and discharge, as and when due, all of the duties and obligations of the Assignor accruing on and after the Effective Date;

(B) The Assignee acknowledges, represents, warrants and covenants to the Seller as follows:

(i) The Assignee is controlled by the members of Assignor (subject to the right of the investor member of Assignee to consent to certain major decisions) and is a limited liability company duly organized, validly existing and in good standing under the laws of New York, is authorized to do business in the State of New York, has the power to assume the Agreement and to carry out its obligations thereunder, and has duly authorized the execution, delivery, and performance of the assumed obligations under the Agreement and the execution and delivery of this Assignment.

(ii) This Assignment and the Agreement constitute, or upon their execution and delivery in accordance with the terms hereof will constitute, valid and legally binding obligations of the Assignee, enforceable in accordance with their respective terms.

(iii) Neither the execution and delivery of this Assignment nor the assumption of the Agreement, the consummation of the transactions contemplated hereby or thereby, nor the fulfillment of or compliance with the provisions hereof or thereof will:

(1) Result in a breach of, or conflict with any term or provision in, the Assignee's Operating Agreement;

(2) Require consent under (which has not been heretofore received) or result in a breach of or default under any credit agreement, indenture, purchase agreement, mortgage, deed of trust, commitment, guaranty or other agreement or instrument to which the Assignee is a party or by which the Assignee or any of its property may be bound or affected; or

(3) Conflict with or violate any existing law, rule, regulation, judgment, order, writ, injunction, or decree of any governmental authority or court (domestic or foreign) having jurisdiction over the Assignee or any of the property of the Assignee.

4. **Binding.** This Assignment is and shall be binding upon the Parties and their heirs, successors and permitted assigns.

5. **Counterparts.** This Assignment may be executed in any number of counterparts, each of which shall he deemed an original and all of which counterparts together shall constitute one agreement with the same effect as if the Parties had signed the same signature page.

6. **Release.** Assuming execution by all Parties of this Assignment, as of the Effective Date Assignor shall be fully relieved of any and all covenants, agreements, liabilities and obligations associated with Lot 1a under the Agreement.

7. **Jurisdiction.** This Assignment shall be governed by and construed and interpreted in accordance with the laws of the State of New York.

[*Signature Page to Follow*]

IN WITNESS WHEREOF, intending to be legally bound, the Parties have caused this instrument to be executed by their duly authorized officers on the day and year first above written.

Re: City of Syracuse Industrial Development Agency
800 South Wilbur Ave, Syracuse, LLC
800 South Wilbur Avenue Project

Dear Mr. Albanese:

As you know, 800 South Wilbur Ave, Syracuse, LLC (the "***Company***"), submitted an application dated on or about November 5, 2024 (the "***Application***") to the City of Syracuse Industrial Development Agency (the "***Agency***"), requesting the Agency consider undertaking a project (the "***Project***") consisting of: (A)(i) the acquisition of an interest in approximately 8.0 acres of a larger piece of land located at 800 S. Wilbur Ave. Rear, (tax map no.: 098.2-01-05.2); and 802 S. Wilbur Ave (tax map no. 098.2-01-05.4); which parcels are located in the City of Syracuse, New York, with such acreage to be re-subdivided, in one or more lots, from the larger parcel (the "***Land***"); the construction of two five story buildings, each containing approximately 130 units for an aggregate of approximately 261 residential units consisting of approximately: (34) studios, (112) one-bedroom units, (86) two-bedroom units and (28) three-bedroom units (as well as a unit reserved for the on-site superintendent), all of which will meet or exceed the City of Syracuse's Zoning Ordinance for affordability and which will include 20 units designed and fully adapted to meet ADA design requirements for households with individuals who have hearing, vision or mobility disabilities; amenity space for residents including: lobby, fitness center, community room, playroom, central laundry room, maintenance and management office, mechanical room, mail and package room and leasing office; outdoor spaces, including but not necessarily limited to, a park, a playground and surface parking sufficient for approximately 257 vehicles (collectively, the "***Facility***") to support the Facility and the Condominiums (as defined herein); as well as approximately 27 condominiums for single family ownership which the Company will, or will cause to be, constructed and completed as part of the first phase of the Project, but the costs of which are not subject to the Financial Assistance (as defined herein) being sought hereunder (the "***Condominiums***"); (iii) the acquisition and installation in and on the Land and Facility of furniture, fixtures and equipment (the "***Equipment***" and together with the Land and the Facility, the "***Project Facility***"); (B) the granting of certain financial assistance in the form of exemptions from real property tax and State and local sales and use tax with respect to the Project Facility

(collectively, the "***Financial Assistance***"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, equipping and completion of the Project Facility; and (D) the lease of the Land and Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Project Facility back to the Company pursuant to a sublease agreement.

The Agency is governed by the New York State General Municipal Law which, effective June 15, 2016, requires, pursuant to Section 859-a, among other things, that each project applicant affirm, *under penalty of perjury*, the estimated amount of benefits requested from the Agency.

To that end, attached hereto at **Exhibit "A"**, please find a PILOT benefit schedule reflecting the estimated real property tax benefits related to the Project, including an estimated savings valuation totaling **$11,619,451.64** to be realized by the Company over the term of the payment in lieu of taxes ("***PILOT***") agreement requested by the Company.

In addition, it has been estimated and confirmed by the Company within its Application for Financial Assistance that: (i) the purchase of goods and services relating to the Project, and subject to New York State and local sales and use taxes, are estimated to cost an amount up to **$31,717,100** and therefore, the value of the State and local sales and use tax exemption benefits authorized and approved by the Agency cannot exceed **$2,537,368**.

Before the Agency can confer the Financial Assistance, the Agency needs to receive back the signature of the Company on the affirmation below.

To that end, please review the foregoing and the enclosed PILOT Benefit Schedule. Unless you have any questions, please execute the verification below and have it notarized where indicated and return same to my attention such that it is received **on or before December 6, 2024**. This letter shall be deemed to be part of your Application.

Please feel free to contact me with any questions.

Very truly yours,

CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY

PROJECT AGREEMENT

THIS PROJECT AGREEMENT (the "***Project Agreement***"), is made as of December 18, 2025, by and between the **CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY**, a public benefit corporation of the State of New York, with offices at One Park Place, 300 South State Street, Suite 700, Syracuse, New York 13202 (the "***Agency***") and **WILBUR AVE A/B, LLC**, a limited liability company duly organized, validly existing and in good standing under the laws of the State of New York, with offices at 1001 Franklin Avenue, Suite 300, Garden City, New York 11530 (the "***Company***").

W I T N E S S E T H:

WHEREAS, Title I of Article 18-A of the General Municipal Law of the State of New York (the "***Enabling Act***") was duly enacted into law as Chapter 1030 of the Laws of 1969 of the State of New York; and

WHEREAS, the Agency was created, pursuant to and in accordance with the provisions of the Enabling Act, by Chapter 641 of the Laws of 1979 of the State, as amended (collectively, with the Enabling Act, the "***Act***") and is empowered under the Act to undertake the Project (as hereinafter defined) in order to advance the job opportunities, health, general prosperity and economic welfare of the people of the State and improve their standard of living; and

WHEREAS, the Enabling Act authorizes and provides for the creation of industrial development agencies for the benefit of the several counties, cities, villages and towns in the State of New York (the "***State***") and empowers such agencies, among other things, to acquire, construct, reconstruct, lease, improve, maintain, equip and dispose of land and any building or other improvement, and all real and personal properties, including, but not limited to machinery and equipment deemed necessary in connection therewith, whether or not now in existence or under construction, which shall be suitable for manufacturing, warehousing, research, commercial, or industrial purposes, in order to advance the job opportunities, health, general prosperity and economic welfare of the people of the State and to improve their standard of living; and

WHEREAS, the Enabling Act further authorizes each such agency, for the purpose of carrying out any of its corporate purposes, to lease or sell any or all of its facilities, whether then owned or thereafter acquired; and

WHEREAS, the Agency, by resolutions adopted on December 9, 2024 and November 18, 2025, agreed, at the request of the Company to undertake a project (the "***Project***") consisting of: (A)(i) the acquisition of an interest in approximately 8.0 acres of a larger piece of land located at 800 S. Wilbur Ave. Rear, (tax map no.: 098.2-01-05.2); and 802 S. Wilbur Ave (tax map no. 098.2-01-05.4); which parcels are located in the City of Syracuse, New York, with such acreage to be re-subdivided, in one or more lots from the larger parcel (the "***Land***"); the construction of two 4-story buildings, each containing approximately 130 units for an aggregate of approximately 261 residential units consisting of approximately: (34) studios, (112) one-bedroom units, (86) two-bedroom units and (28) three-bedroom units (all of which will meet or exceed the AMI Restrictions) and which will include a unit for an on-site superintendent and 20 units designed and fully adapted to meet ADA design requirements for households with individuals who have hearing,

vision or mobility disabilities; amenity space for residents including: lobby, fitness center, community room, playroom, central laundry room, maintenance and management office, mechanical room, mail and package room and leasing office; outdoor spaces, including but not necessarily limited to, a park, a playground and surface parking sufficient for approximately 257 vehicles (collectively, the "***Facility***") to support the Facility; (iii) the acquisition and installation in and on the Land and Facility of furniture, fixtures and equipment (the "***Equipment***" and together with the Land and the Facility, the "***Project Facility***"); (B) the granting of certain financial assistance in the form of exemptions from real property tax and State and local sales and use tax with respect to the Project Facility (collectively, the "***Financial Assistance***"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, equipping and completion of the Project Facility; and (D) the lease of the Land and Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

WHEREAS, the Company, individually or as an assignee of its affiliate, 800 South Wilbur Ave. Syracuse, LLC, is party to a binding purchase and sale agreement ("***PSA***") with the City of Syracuse (the "***City***") that provides the Company the right to purchase additional property adjacent to the Land from the City ("***Condo Land***") that will accommodate and house approximately 27 condominiums for single family ownership (the "***Condominiums")***. The Company currently has no fee or leasehold interest in the Condo Land and no party is conferring or accepting a fee or leasehold interest in the Condo Land as part of this Agreement; and

WHEREAS, the parties hereto recognize and understand that the Company, as an inducement to the Agency for the Financial Assistance being provided to the Project Facility, has agreed to work diligently to undertake and complete, or cause to be undertaken and completed, the Condominiums; and

WHEREAS, by resolutions of its members adopted on December 9, 2024 (collectively, the "***Resolutions***"), the Agency authorized certain financial assistance for the benefit of the Project consisting of: (a) an exemption from New York State and local sales and use taxes for purchases and rentals related to the Project with respect to qualifying personal property included in or incorporated into the Project Facility or used in the acquisition, construction or equipping of the Project Facility in the amount listed below; (b) an exemption from mortgage recording tax in the approximate amount listed below; and (c) an abatement from real property taxes through a payment in lieu of taxes agreement with a 30-year abatement period with the Company for the benefit of each municipality and school district having taxing jurisdiction over the Project (collectively referred to as the "***Financial Assistance***"); and

WHEREAS, the City of Syracuse (the "***City***"), with the support of the Agency, caused a City-wide housing study to be completed which identified the breadth and scope of the housing crisis, spanning both affordability and conditions, in the City. In recognition of the housing crisis, the Agency and the City continue to coordinate investments, as and when applicable, to leverage resources, as intentionally as possible, to maximize impact, and help to achieve our mutual goal of improving the overall housing market and conditions within the City; and

WHEREAS, under the Act, the Agency is tasked, in part, with improving the health, general prosperity and economic welfare of the people it serves and improves their recreation opportunities, prosperity and standard of living (collectively, "***Factors***"); and

WHEREAS, the Agency has identified housing as a basic need that improves these Factors; and

WHEREAS, it has been estimated and confirmed by the Company within its Application for Financial Assistance and in its Benefit Affirmation Letter (as defined in the Agency Lease) that: (i) the purchase of goods and services relating to the Project, and subject to New York State and local sales and use taxes, are estimated to cost an amount up to **$31,717,098**; and therefore, the value of the State and local sales and use tax exemption benefits authorized and approved by the Agency cannot exceed **$2,537,368**; and (ii) real property tax abatement benefits to be provided to the Company over the 30-year abatement benefit period of the anticipated payment in lieu of taxes agreement are estimated to be approximately **$11,619,451.64. No such exemptions shall be used for the Condominiums;** and

WHEREAS, the Company proposes to lease the Land and Facility to the Agency, and the Agency desires to lease the Land and Facility from the Company pursuant to the terms of a certain Company Lease Agreement dated as of December 18, 2025 (the "***Company Lease***"), by and between the Company and the Agency; and

WHEREAS, the Agency proposes to acquire an interest in the Equipment pursuant to a bill of sale dated as of December 18, 2025 from the Company (the "***Bill of Sale***"); and

WHEREAS, contemporaneously with the execution of this Project Agreement, the Company shall execute and deliver an environmental compliance and indemnification agreement dated as of December 18, 2025 in favor of the Agency (the "***Environmental Compliance and Indemnification Agreement***"); and

WHEREAS, the Agency proposes to sublease the Project Facility to the Company, and the Company desires to sublease the Project Facility from the Agency, upon the terms and conditions set forth in a certain Agency Lease Agreement dated as of December 18, 2025 (the "***Agency Lease***"); and

WHEREAS, in order to define the obligations of the Company regarding payments in lieu of taxes for the Project Facility, the Agency and the Company will enter into a Payment in Lieu of Tax Agreement, dated as of December 18, 2025 (the "***PILOT Agreement***"), by and between the Agency and the Company. The PILOT Agreement specifically excludes the Condominiums; and

WHEREAS, by its Resolutions, the Agency authorized the Company to act as its agent for the purposes of undertaking and completing the Project and the Agency delegated to the Company the authority to appoint sub-agents subject to the execution of this Project Agreement and compliance with the terms set forth herein, in the Resolutions and in the Agency Lease; and

WHEREAS, the Agency requires, in accordance with Section 859-a and 874 of the Act, as a condition and as an inducement for it to enter into the transactions contemplated by the Resolutions, and as more particularly described in the PILOT Agreement and this Project

Agreement, and to confer the approved Financial Assistance, that the Company provide assurances with respect to the terms and conditions herein set forth; and

WHEREAS, this Project Agreement sets forth the terms and conditions under which Financial Assistance shall be provided to the Company. No Financial Assistance shall be provided to the Company prior to the effective date of this Project Agreement.

NOW THEREFORE, in consideration of the covenants herein contained and other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, it is mutually agreed as follows:

ARTICLE I
PROJECT AND TERM

Section 1.01 Recitals. The foregoing recitals are incorporated herein by reference as if fully set forth herein.

Section 1.02 Defined terms. Capitalized terms used herein and not otherwise defined shall have the meaning set forth in the Table of Definitions attached to the Agency Lease as Exhibit "C."

Section 1.03 Purpose of Project. It is understood and agreed by the parties that the purpose of the Agency's provision of Financial Assistance with respect to the Project is to, and the entering by the Agency into the Company Lease, Agency Lease, PILOT Agreement and this Project Agreement is in order to, promote, develop, encourage and assist in the acquiring, constructing, improving, maintaining, equipping, furnishing and completing of the Project Facility, to advance job opportunities, health, general prosperity and economic welfare of the people of the City of Syracuse and to otherwise accomplish the public purpose of the Act and the Agency's Factors.

Section 1.04 Term. The term of this Project Agreement shall be: (a) the term of the PILOT Agreement; or (b) in the event the Agency Lease is terminated early, then the earlier of (i) five years following the termination of the Agency Lease or (ii) the term of the PILOT Agreement (the "***Term***"). The Project will remain "active" for purposes of Section 874(12) of General Municipal Law and the Agency's Annual Assessment Policy during the Term of this Project Agreement and the Company's reporting obligations hereunder shall continue during the Term hereof. For purpose of clarity, during the Term hereof, the Company and the Project shall be subject to Article V hereof.

ARTICLE II
REAL PROPERTY TAX EXEMPTION

Section 2.01. PILOT Agreement. Attached hereto and made a part hereof as **Exhibit A** is a copy of the PILOT Agreement by and between the Company and the Agency.

ARTICLE III
SALES AND USE TAX EXEMPTION AND MORTGAGE RECORDING TAX EXEMPTION

Section 3.01. Scope of Agency. The Company agrees to limit its activities as agents for the Agency under the authority of the Resolutions and this Project Agreement solely to acquisition, construction, installation and completion of the Project Facility. The right of the Company to act as agent of the Agency shall expire on **December 31, 2028**, unless extended by a resolution adopted by the members of the Agency, in which case the appointment shall expire in accordance with such resolution, or unless terminated early in accordance with the terms of the Agency Lease. The value of the sales and use tax exemption benefits shall not exceed the amounts described in the Application and as set forth in Section 3.04(b) unless approved by a resolution adopted by the members of the Agency. All contracts entered into by the Company as agent for the Agency shall include the following language:

> "This contract is being entered into by _____ (the "***Agent***"), as agent for and on behalf of the City of Syracuse Industrial Development Agency (the "***Agency***"), in connection with a certain project of the Agency for the benefit of the Agent consisting in part of the acquisition and installation of certain machinery, equipment and building materials, all for use in construction and/or incorporation and installation in certain premises located at 800 S. Wilbur Ave. Rear and 802 S. Wilbur Ave., in the City of Syracuse, New York (the "***Premises***"). The machinery, equipment and building materials (collectively, the "***Equipment***") to be used in the construction and/or incorporated and installed in the Premises shall be exempt from the sales and use taxes levied by the State of New York if the use and/or acquisition of the Equipment is effected in accordance with the terms and conditions set forth in the Project Agreement dated as of December 18, 2025 by and between the Agency and the Company (the "***Project Agreement***"); and the Agent represents that this contract is in compliance with the terms of the Project Agreement. This contract is non-recourse to the Agency, and the Agency shall not be directly, indirectly or contingently liable or obligated hereunder in any manner or to any extent whatsoever. By execution or acceptance of this contract, the vendor/contractor acknowledges and agrees to the terms and conditions set forth is this paragraph."

Failure by the Company and/or any Sub-Agent (as hereinafter defined) thereof to include such language may disqualify the agent status and Sales Tax Exemption derived by virtue of this Project Agreement. The Company, for itself and on behalf of all duly appointed Sub-Agents, hereby agrees that all contacts entered into by the Company and any Sub-Agents thereof shall be available to the Agency for inspection and confirmation of the foregoing mandatory language.

Section 3.02. Appointment of Sub-Agents.

(a) Subject to the terms and conditions of this Project Agreement and pursuant to the Resolutions, the Agency hereby delegates to the Company the authority to appoint sub-agents of the Agency in connection with the Project, which may be agents, subagents, contractors, subcontractors, contractors and subcontractors of such agents and subagents and other parties as the Company chooses (each, a "***Sub-Agent***"). The appointment of each such Sub-Agent will be effective only upon: (1) the execution by the Sub-Agent and the Company of the Sub-Agent Appointment Agreement attached as Exhibit F to the Agency Lease (the "***Sub-Agent Agreement***"), the terms and provisions of which are incorporated herein; (2) the receipt by the Agency of a completed Form ST-60 in accordance with Section 3.04(c) below; and (3) receipt of any required insurance as set forth in the Sub-Agent Agreement.

(b) The Company shall ensure that each Subagent shall observe and comply with the terms and conditions of this Project Agreement.

Section 3.03. Reserved.

Section 3.04. Representations and Covenants of the Company.

(a) The Company hereby incorporates acknowledges and restates its representations, covenants and warranties made in the Agency Lease, including but not limited to Section 8.12. Subject to the provisions thereof and hereof, in the event that the Company or any Sub-Agent shall utilize the Sales Tax Exemption in violation of the provisions of this Project Agreement, the Company shall promptly deliver notice of same to the Agency, and the Company shall, upon demand by the Agency, pay to or at the direction of the Agency a return of sales or use tax exemptions in an amount equal to all such unauthorized sales tax savings together with interest at the rate of twelve percent (12%) per annum compounded daily from the date and with respect to the dollar amount for which each such unauthorized Sales Tax Exemption was availed of by the Company or any Subagent (as applicable).

(b) The Company further covenants and agrees that the purchase of goods and services relating to the Project and subject to State and local sales and use taxes are estimated in the amount up to $31,717,098, and, therefore, the value of the sales and use tax exemption benefits authorized and approved by the Agency cannot exceed $2,537,368.

(c) The Company further covenants and agrees to complete "IDA Appointment of Project Operator or Agent For Sales Tax Purposes" (Form ST-60) for itself and each Sub-Agent and to provide said form to the Agency within fifteen (15) days of appointment such that the Agency can execute and deliver said form to the State Department of Taxation and Finance within thirty (30) days of appointment.

(d) The Company further acknowledges and agrees that all purchases made in furtherance of the Project by the Company and any Sub-Agent shall be made using "IDA Agent or Project Operator Exempt Purchase Certificate" (Form ST-123), a copy of which is attached hereto at **Exhibit "B"**, and it shall be the responsibility of the Company and the Sub-Agent, as the case may be, (and not the Agency) to complete Form ST-123. The Company acknowledges and agrees that it shall identify the Project on each bill and invoice for such purchases and further

indicate on such bills or invoices that the Company is making purchases of tangible personal property or services for use in the Project as agent of the Agency. For purposes of indicating who the purchaser is, the Company acknowledges and agrees that the bill of invoice should state, "I, [NAME OF SUB-AGENT], certify that I am a duly appointed agent of the City of Syracuse Industrial Development Agency and that I am purchasing the tangible personal property or services for use in the following IDA project and that such purchases qualify as exempt from sales and use taxes under my Project Agreement with the City of Syracuse Industrial Development Agency." The Company further acknowledges and agrees that the following information shall be used by the Company to identify the Project on each bill and invoice: **WILBUR AVE A/B, LLC PROJECT, 800 S. Wilbur Ave. Rear and 802 S. Wilbur Ave, IDA Project No.: 3102-2506.**

(e) The Company further covenants and agrees to file an annual statement with the State Department of Taxation and Finance an "Annual Report of Sales and Use Tax Exemptions" (Form ST-340), a copy of which is attached hereto at **Exhibit "C"**, regarding the value of sales and use tax exemptions the Company and its Sub-Agents have claimed pursuant to the agency conferred on the Company with respect to the Project in accordance with Section 874(8) of the Act. The Company further covenants and agrees that it will, within thirty (30) days of each filing, provide a copy of their filed ST-340 to the Agency, but in no event later than March 29 of each year. The Company understands and agrees that the failure to file such annual statement will result in the removal of: (1) the Company's authority to act as agents for the Agency; and (2) the authority of any Sub-Agent of the Agency appointed by the Company pursuant to Section 3.02 hereof to act as agent for the Agency. **Please note, the Company is to report only the Sales Tax Exemption derived as a result of the Agency's participation in the Project and not those received as a result of other available State exemptions. For the avoidance of doubt, other State exemptions, which the Company should not report on its NYS Form ST-340, include, but are not limited to, exemptions available to certain manufacturers or those exemptions that apply to capital improvements.**

(f) By execution by the Company of this Project Agreement, the Company agrees to accept the terms hereof and represents and warrants to the Agency that the use of the Sales Tax Exemption by the Company or by any Sub-Agent is strictly for the purposes stated herein.

(g) The Company acknowledges and agrees that the Agency shall not be liable, either directly or indirectly or contingently, upon any contract, agreement, invoice, bill or purchase order in any manner and to any extent whatsoever (including payment or performance obligations), and the Company shall be the sole party liable thereunder.

(h) The Company acknowledges that the Sales Tax Exemption authorization set forth herein shall automatically be suspended upon written notice to the Company that the Company is in default under this Project Agreement (or other Company Document) until such default is cured to the satisfaction of the Agency.

(i) The Company acknowledges that upon the Completion Date, the Company and each Sub-Agent shall cease being agents of the Agency, and the Company shall immediately notify each Sub-Agent in writing of such termination.

(j) **The Company hereby acknowledges and agrees that the Financial Assistance being provided by the Agency under the Company Documents constitutes "public funds" unless otherwise excluded under Section 224-a(3) of the New York Labor Law, and by executing this Agreement, (i) confirms that it has received notice from the Agency pursuant to Section 224-a(8)(d) of the New York Labor Law and (ii) acknowledges its obligations pursuant to Section 224-a(8)(a) of the New York Labor Law. Other than the Agency Financial Assistance estimates provided herein and disclosed to the Company, the Agency makes no representations or covenants with respect to the total sources of "public funds" received by the Company in connection with the Project.**

Section 3.05. Hold Harmless Provisions.

(a) The Company releases the Agency and its members, officers, agents (other than the Company) and employees from, agrees that the Agency and its members, officers, agents (other than the Company) and employees shall not be liable for and agrees to indemnify, defend and hold the Agency and its members, officers, agents (other than the Company) and employees harmless from and against any and all claims, causes of action, judgments, liabilities, damages, losses, costs and expenses arising as a result of the Agency's undertaking the Project, including, but not limited to: (1) liability for loss or damage to property or bodily injury to or death of any and all persons that may be occasioned, directly or indirectly, by any cause whatsoever pertaining to the Project Facility or arising by reason of or in connection with the occupation or the use thereof or the presence of any person or property on, in or about the Project Facility; (2) liability arising from or expense incurred by the Agency's acquiring, constructing, equipping, installing, owning, leasing or selling the Project Facility, including, without limiting the generality of the foregoing, any sales or use taxes which may be payable with respect to goods supplied or services rendered with respect to the Project Facility, all liabilities or claims arising as a result of the Agency's obligations under this Project Agreement or the enforcement of or defense of validity of any provision of this Project Agreement; (3) all claims arising from the exercise by the Company of the authority conferred on it pursuant to Sections 3.01 and 3.02 hereof; and (4) all causes of action and reasonable attorneys' fees and other expenses incurred in connection with any suits or actions that may arise as a result of any of the foregoing; provided that any such claims, causes of action, judgments, liabilities, damages, losses, costs or expenses of the Agency are not incurred or do not result from the gross negligence or intentional wrongdoing of the Agency or any of its members, officers, agents (other than the Company) or employees. The foregoing indemnities shall apply notwithstanding the fault or negligence in part of the Agency or any of its officers, members, agents (other than the Company) or employees and notwithstanding the breach of any statutory obligation or any rule of comparative or apportioned liability.

(b) In the event of any claim against the Agency or its members, officers, agents (other than the Company) or employees by any employee of the Company or any contractor of the Company or anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the obligations of the Company hereunder shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for the Company or such contractor under workers' compensation laws, disability benefits laws or other employee benefit laws.

(c) To effectuate the provisions of this Section 3.05, the Company agrees to

provide for and insure, in the liability policies required by Section 3.06 of this Project Agreement, its liabilities assumed pursuant to this Section 3.05.

(d) Notwithstanding any other provisions of this Project Agreement, the obligations of the Company pursuant to this Section 3.05 shall remain in full force and effect after the termination of this Project Agreement until the expiration of the period stated in the applicable statute of limitations during which a claim, cause of action or prosecution relating to the matters herein described may be brought and the payment in full or the satisfaction of such claim, cause of action or prosecution and the payment of all expenses, charges and costs incurred by the Agency, or its officers, members, agents (other than the Company) or employees, relating thereto.

(e) The obligations and agreements of the Agency contained herein shall be deemed the obligations and agreements of the Agency and not of any member, officer, agent (other than the Company), employee or servant of the Agency in his individual capacity, and the members, officers, agents (other than the Company), employees and servants of the Agency shall not be liable personally hereon or be subject to any personal liability of accountability based upon or in respect hereof or of any transaction contemplated hereby.

Section 3.06. Insurance Required.

(a) The Company agrees that it shall at all times maintain all insurance required under the Agency Lease as if such terms were set forth herein.

(b) The Company agrees that it shall cause its general contractor for the Project to maintain, effective as of the date of its Sub-Agent Agreement until the expiration or termination of the general contractor's employment by the Company, or its designee, with respect to the Project Facility, all of the same insurance with respect to the Project Facility, as set forth in Article 6 of the Agency Lease as if the general contractor were the Company thereunder. The Company may, at its discretion, satisfy this requirement by providing such insurance for itself and naming the general contractor for the Project as an insured under the applicable policies, including, but not limited to, builder's risk and commercial general liability coverage provided there is privity between the general contractor and the Agency in the insurance contract. The Company further agrees that it shall cause its general contractor for the Project to comply and abide, effective as of the date of the Sub-Agent Agreement and until the expiration or termination of the general contractor's employment by the Company, or its designee, with respect to the Project Facility, with all of the terms and conditions set forth in Article 6 of the Agency Lease with respect to the type, nature and proof of insurance required thereunder.

ARTICLE IV
COMMITMENTS AND REPORTING

Section 4.01. Compliance Commitments. The Company agrees and covenants that it shall meet and maintain the commitments set forth in (a) and (b) below, and report on same as provided for herein, and with respect to (a) beginning in the first year following the Completion Date of the Project and continuing for the Term (as defined herein) hereof and with respect to (b) shall report quarterly starting the first quarter following the Closing Date in accordance

herewith. The reporting of, and the commitment to, each of (a), (b), (c) and (d) below shall continue for the Term hereof:

(a) The total investment actually made with respect to the Project at the Project's Completion Date shall equal or exceed $134,242,759, being the total project cost as stated in the Company's Application for Financial Assistance (the "***Investment Commitment***").

(b) No full time equivalent ("***FTE***") employees were retained by the Project Facility as of the date of the Application for Financial Assistance. The Company's application estimated the creation of six (6) new FTEs (the "***New FTEs***") at the Project Facility within the first year following the Completion Date of the Project Facility. The Company covenants and agrees to create the New FTEs set forth in the first year following completion of the Project Facility as of and in the years set forth in the Application. The Company shall be required to meet and maintain all of the foregoing employment commitments during the Term (as defined in Section 1.04 above) hereof (the "***Employment Commitment***").

(c) The Company shall report, in accordance with the Agency's Project Approval Policy and the Agency Lease, information relative to construction jobs and MWBE hiring with respect to the construction of the Project (the "***Hiring Commitments***"). Hiring Commitments shall be reported quarterly using the forms attached at **Exhibit "D"**.

(d) The Company shall annually provide to the Agency certain information to confirm that the Project is achieving the investment, job retention, job creation, and other objectives of the Project for the Term hereof (the "***Reporting Commitment***").

Section 4.02. Reporting Requirement.

(a) As part of the commitments set forth in Section 4.01, the Company shall provide the Agency annually a certified statement and supporting documentation as more fully set forth on **Exhibit "D"** attached hereto relative to the project, as well as quarterly reports with respect to the Hiring Commitments on the forms also provided at **Exhibit "D"** attached hereto. The Agency reserves the right to modify such forms to require additional information that the Agency must have in order to comply with its reporting requirements under the Act and/or its policies and to request such information more frequently than annually and/or quarterly, as applicable.

(b) In addition to the foregoing, the Company shall submit a copy of quarterly NYS-45 reports, a copy of which is attached hereto at **Exhibit "E"**, and any other reports required by the Agency to evidence the employment commitment.

ARTICLE V
SUSPENSION, DISCONTINUATION, RECAPTURE AND/OR TERMINATION OF FINANCIAL ASSISTANCE

Section 5.01. Suspension, Discontinuation, Recapture and/or Termination of Financial Assistance. It is understood and agreed by the Parties that the Agency is entering into the Company Lease, the Agency Lease, the PILOT Agreement and this Project Agreement in order to ensure the

completion of the Project and provide Financial Assistance to the Company for the Project Facility and to accomplish the public purposes of the Act.

(a) In accordance with Section 875(3) of the New York General Municipal Law, the policies of the Agency, this Project Agreement, the Agency Lease and the Resolutions, the Company covenants and agrees that it is subject to recapture of all State sales and use tax exemption benefits if:

(1) the Company or its Subagents, if any, authorized to make purchases for the benefit of the Project are not entitled to the State sales and use tax exemption benefits; or

(2) the State sales and use tax exemption benefits are in excess of the amounts authorized by the Agency to be taken by the Company or its Subagents, if any; or

(3) the State sales and use tax exemption benefits are for property or services not authorized by the Agency as part of the Project; or

(4) the Project has failed to comply with a material term or condition to use the property or services in the manner required by any project document between the Company and the Agency.

Each of the foregoing four events are hereinafter referred to as a "***State-Mandated Recapture Event***". The Agency shall evaluate, annually as of December 31, or at any time information is brought to the Agency's attention, whether a State-Mandated Recapture Event has occurred.

(b) In addition to Section 5.01(a), in accordance with the policies of the Agency and the Resolutions, the Company covenants and agrees that the Agency shall have the right to suspend, discontinue, recapture or terminate all or any portion of any Financial Assistance to the extent any of the following occur (each a "***Deficit***"):

(1) for projects that utilized local sales and use tax exemptions, the project was not entitled to such exemptions, such exemptions were in excess of the amounts authorized by the Agency, and/or such exemptions were for property or services not authorized by the Agency (each, a "***Local Sales Tax Benefit Violation***");

(2) failure to meet Hiring Commitments or AMI Restrictions;

(3) the Company, upon completion of the Project, fails to meet the Investment Commitment ("***Investment Deficit***");

(4) the Company fails to provide annually to the Agency certain information to confirm that the Project is achieving the investment, job retention, job creation, local hiring, MWBE requirements and other objectives of the Project ("***Reporting Failure***"); or

(5) the Company closes the Project Facility or has a significant change in the nature/type of business conducted thereat; or

(6) there otherwise occurs any event of default under any Company Document (each, an "***Event of Default***") or a material violation of the terms and conditions of any Company Document (a "***Material Violation***"); or

(7) a default under any of the Agency's published policies in effect on the date hereof.

The Agency shall evaluate, annually as of December 31, or at any time information is brought to the Agency's attention, whether a Deficit has occurred (a "***Noncompliance Event***"). Notwithstanding the foregoing, the Agency may determine whether an Event of Default has occurred pursuant to any project document in accordance with the terms of the project document.

At the time of any Noncompliance Event, the Agency shall determine by resolution whether to exercise its right to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance in accordance with the terms hereof, the Agency Lease, as well as its Recapture Policy; and shall consider the following criteria in determining whether to proceed to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance:

(i) Whether the Company has proceeded in good faith.

(ii) Whether the Project has not performed as required due to economic issues, changes in market conditions or adverse events beyond the control of the Company.

(iii) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance would create a more adverse situation for the Company, such as the Company going out of business or declaring bankruptcy, which would not occur if the Agency's rights were not exercised.

(iv) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance would create an adverse situation for the residents of the City of Syracuse.

(v) The assessment prepared in accordance with the Agency's Annual Assessment Policy.

(vi) Such other criteria as the Agency shall determine is a relevant factor in connection with any decision regarding the exercise of its right to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance.

The Agency shall document its evaluation of the above criteria in writing and based upon its evaluation, the Agency shall determine whether to suspend, discontinue, recapture or terminate all or any portion of the Financial Assistance (the "***Determination***"). The Determination shall provide terms, if any, by which the Company may remedy any Noncompliance Event upon which the Determination was based. The Company must submit written documentation to the Agency

of compliance with all terms and conditions of the Determination in order for the Agency to consider whether to resume Financial Assistance to the Company (which will be at the Agency's sole discretion).

(c) If a State-Mandated Recapture Event occurs or the Agency makes a Determination, the Company agrees and covenants that it will: (i) cooperate with the Agency in its efforts to recover or recapture any or all Financial Assistance obtained by the Company; and (ii) promptly pay over any or all such amounts to the Agency that the Agency demands in connection therewith. Upon receipt of such amounts, the Agency shall then redistribute such amounts to the appropriate affected tax jurisdictions, unless agreed to otherwise by any local taxing jurisdiction. The Company further understands and agrees that in the event that the Company fails to pay over such amounts to the Agency, the New York State Tax Commissioner may assess and determine the State sales and use tax due from the Company, together with any relevant penalties and interest due on such amounts.

(d) In the event any payment owing by the Company under this Section shall not be paid upon demand of the Agency, such payment shall bear interest from the date of such demand at the rate equal to one percent (1%) plus the Prime Rate, but in no event at a rate higher than the maximum lawful prevailing rate, until the Company shall have made such payment in full, together with such accrued interest to the date of payment, to the Agency (except as otherwise specified above).

(e) The Agency shall be entitled to deduct all reasonable out of pocket expenses of the Agency, including, without limitation, reasonable legal fees, incurred with the recovery of all amounts due under this Section from amounts received by the Agency pursuant to this Section.

ARTICLE VI
DEFAULTS AND REMEDIES

Section 6.01. Event of Default.

(a) A default in the performance or the observance of any covenants, conditions, or agreements on the part of the Company in this Project Agreement or any other Company Document, including but not limited to, the Company's ongoing reporting obligations hereunder;

(b) The Company has made a materially false or misleading statement, or omitted any information which, if included, would have rendered any information in the application or supporting documentation false or misleading in any material respect, on its application for Financial Assistance; or

(c) Failure of the Company to file a copy of the Form ST-340 with the Agency in compliance with Section 3.04(d) hereof; or

(d) The occurrence and continuation of a State Mandated Recapture Event or Deficit.

Section 6.02 Remedies. Whenever any Event of Default shall have occurred and be continuing, the Agency may, to the extent permitted by law, take any one or more of the following remedial steps:

(e) Cease performing under this Project Agreement;

(f) Terminate this Project Agreement or any of the other Company Documents; and/or

(g) Take any other action at law or in equity, which may appear necessary or desirable to collect any amounts then due, or thereafter to become due, hereunder or under any of the other Company Documents, including but not limited to recapture of financial assistance provided.

Section 6.03 Remedies Cumulative. No remedy herein conferred upon or reserved to the Agency is intended to be exclusive of any other available remedy, but each and every such remedy shall be cumulative and in addition to every other remedy given under this Project Agreement or now or hereafter exiting at law or in equity. No delay or omission to exercise any right or power accruing upon any default shall impair any such right and power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Agency to exercise any remedy reserved to it in this Article VI it shall not be necessary to give any notice, other than such notice as may be herein expressly required in this Project Agreement.

Section 6.04 Agreement to Pay Attorneys' Fees and Expenses. By executing this Project Agreement, the Company covenants and agrees to pay all fees, costs and expenses incurred by the Agency (a) for legal services including, but not limited to, those provided by the Agency's general counsel and bond/transaction counsel; (b) for other consultants retained by the Agency, if any, in connection with the Project; and (c) with respect to the Agency's enforcement of any event of default or failure to comply with the terms of this Project Agreement (including reasonable attorneys fees). The Company further covenants and agrees that the Company is liable for payment to the Agency of all charges referred to above, as well as all other actual costs and expenses incurred by the Agency in undertaking the Project notwithstanding the occurrence of any of (i) the Company's withdrawal, abandonment, cancellation or failure to pursue the Project; (ii) the inability of the Company to procure the services of one or more financial institutions to provide financing for the Project; or (iii) the Company's failure, for whatever reason, to undertake and/or successfully complete the Project.

ARTICLE VII
MISCELLANEOUS PROVISIONS

Section 7.01. Survival. All warranties, representations, and covenants made by the Company herein shall be deemed to have been relied upon by the Agency and shall survive the delivery of this Project Agreement to the Agency regardless of any investigation made by the Agency. The obligations of the Company to repay, defend and/or provide the indemnity required by Section 3.05 hereof shall survive the termination of the Agency's interest in the Project Facility until the expiration of the period stated in the applicable statute of limitations during which a claim,

cause of action, or prosecution may be brought, and the payment in full or the satisfaction of such claim, cause of action, or prosecution, and the payment of all expenses and charges incurred by the Agency or its officers, members, agents (other than the Company) or employees relating thereto; and all such payments after such termination shall be made upon demand of the party to whom such payment is due. The obligations of the Company pursuant to Article IV hereunder shall survive the Agency's interest in the Project Facility, and for the avoidance of doubt, the Agency's rights and Company's obligations under Article V and Section 6.04 shall survive the termination of the Agency's interest in the Project Facility.

Section 7.02. Notices. All notices, certificates and other communications under this Project Agreement shall be in writing and shall be deemed given when delivered personally or when sent by certified mail, postage prepaid, return receipt requested, or by overnight delivery service, addressed as follows:

If to the Agency:

City of Syracuse Industrial Development Agency
One Park Place
300 South State Street, Suite 700
Syracuse, New York 13202
Attn: Chair

With a copy to:

Corporation Counsel

233 East Washington Street
Syracuse, New York 13202

and

Bousquet Holstein PLLC
One Lincoln Center
110 West Fayette Street, Suite 1000
Syracuse, New York 13202
Attn: Susan R. Katzoff, Esq.

If to the Company:

Wilbur Ave A/B, LLC
1001 Franklin Avenue, Suite 300
Garden City, New York 11530
Attn: Christopher V. Albanese

With a copy to:

Bond, Schoeneck & King PLLC
One Lincoln Center
110 West Fayette Street
Syracuse, New York 13202
Attn: Kevin M. Pole, Esq.

or at such other address as any party may from time to time furnish to the other party by notice given in accordance with the provisions of this Section. All notices shall be deemed given when

received or delivery of same is refused by the recipient or personally delivered in the manner provided in this Section.

Section 7.03. Amendments. No amendment, change, modification, alteration or termination of this Project Agreement shall be made except in writing upon the written consent of the Company and the Agency.

Section 7.04. Severability. The invalidity or unenforceability of any one or more phrases, sentences, clauses or sections in this Project Agreement or the application thereof shall not affect the validity or enforceability of the remaining portions of this Project Agreement or any part thereof.

Section 7.05. Counterparts. This Project Agreement may be executed in any number of counterparts each of which shall be deemed an original but which together shall constitute a single instrument.

Section 7.06. Governing Law. This Project Agreement shall be governed by, and all matters in connection herewith shall be construed and enforced in accordance with, the laws of the State applicable to agreements executed and to be wholly performed therein and the parties hereto hereby agree to submit to the personal jurisdiction of the federal or state courts located in Onondaga County, New York.

Section 7.07. Section Headings. The headings of the several Sections in this Project Agreement have been prepared for convenience of reference only and shall not control, affect the meaning of or be taken as an interpretation of any provision of this Project Agreement.

PAYMENT IN LIEU OF TAX AGREEMENT

Dated as of: December 18, 2025

Wilbur Ave A/B, LLC
Federal Tax ID #: 39-4995712

THIS PAYMENT IN LIEU OF TAX AGREEMENT, (this "***Agreement***") dated as of December 18, 2025 by and among the **CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY**, a corporate governmental agency constituting a body corporate and politic and a public benefit corporation organized and existing under the laws of the State of New York (hereinafter referred to as the "***Agency***"), having an office at One Park Place, 300 South State Street, Suite 700, Syracuse, New York 13202 and **WILBUR AVE A/B, LLC,** a limited liability company organized under the laws of the State of New York, with offices at 1001 Franklin Avenue, Suite 300, Garden City, New York 11530 (hereinafter referred to as the "***Company***").

W I T N E S S E T H:

WHEREAS, the New York State Industrial Development Agency Act, being Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of the State of New York, as amended (hereinafter referred to as the "***Enabling Act***") authorizes the creation of industrial development agencies for the benefit of the several counties, cities, villages and towns in the State of New York and empowers such agencies, among other things, to acquire, construct, reconstruct, lease, improve, maintain, equip and furnish real and personal property, whether or not now in existence or under construction, which shall be suitable for, among others, manufacturing, warehousing, research, commercial or industrial purposes, in order to advance the job opportunities, health, general prosperity and economic welfare of the people of the State of New York and to improve their recreation opportunities, prosperity and standard of living; and

WHEREAS, the Enabling Act further authorizes each such agency to lease and to sell its projects, to charge and collect rent therefor, to issue its bonds or notes for the purpose of carrying out any of its corporate purposes and, as security for the payment of the principal and redemption price of, and interest on, any such bonds or notes, to mortgage any or all of its facilities and to pledge the revenues and receipts therefrom to the payment of such bonds or notes; and

WHEREAS, pursuant to and in accordance with the provisions of the Enabling Act, Chapter 641 of the 1979 Laws of the State of New York, as amended (said chapter and the Enabling Act being hereinafter collectively referred to as the "***Act***") created the Agency for the benefit of the City of Syracuse (hereinafter referred to as the "***Municipality***") and the inhabitants thereof; and

WHEREAS, the Agency, by resolutions adopted on December 9, 2024 and November 18, 2025 (collectively, the "***Resolution***"), resolved to undertake the "***Project***" (as hereinafter defined); and

WHEREAS, the Project will consist of: (A)(i) the acquisition of an interest in approximately 8.0 acres of a larger piece of land located at 800 S. Wilbur Ave. Rear, (tax map no.: 098.2-01-05.2); and 802 S. Wilbur Ave (tax map no. 098.2-01-05.4); which parcels are located in the City of Syracuse, New York, with such acreage to be re-subdivided, in one or more lots from the larger parcel (the "***Land***"); the construction of two 4-story buildings, each containing approximately 130 units for an aggregate of approximately 261 residential units consisting of approximately: (34) studios, (112) one-bedroom units, (86) two-bedroom units and (28) three-bedroom units (all of which will meet or exceed the AMI Restrictions) and which will include a unit for an on-site superintendent and 20 units designed and fully adapted to meet ADA design

requirements for households with individuals who have hearing, vision or mobility disabilities; amenity space for residents including: lobby, fitness center, community room, playroom, central laundry room, maintenance and management office, mechanical room, mail and package room and leasing office; outdoor spaces, including but not necessarily limited to, a park, a playground and surface parking sufficient for approximately 257 vehicles (collectively, the "***Facility***") to support the Facility; (iii) the acquisition and installation in and on the Land and Facility of furniture, fixtures and equipment (the "***Equipment***" and together with the Land and the Facility, the "***Project Facility***"); (B) the granting of certain financial assistance in the form of exemptions from real property tax and State and local sales and use tax with respect to the Project Facility (collectively, the "***Financial Assistance***"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, equipping and completion of the Project Facility; and (D) the lease of the Land and Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

WHEREAS, the Company, individually or as an assignee of its affiliate, 800 South Wilbur Ave. Syracuse, LLC, is party to a binding purchase and sale agreement ("***PSA***") with the City of Syracuse (the "***City***") that provides the Company the right to purchase additional property adjacent to the Land from the City ("***Condo Land***") that will accommodate and house approximately 27 condominiums for single family ownership (the "***Condominiums").*** The Company currently has no fee or leasehold interest in the Condo Land and no party is conferring or accepting a fee or leasehold interest in the Condo Land as part of this Agreement; and

WHEREAS, the parties hereto recognize and understand that the Company, as an inducement to the Agency for the Financial Assistance being provided to the Project Facility, has agreed to work diligently to undertake and complete, or cause to be undertaken and completed, the Condominiums; and

WHEREAS, the City, with the support of the Agency, caused a City-wide housing study to be completed which identified the breadth and scope of the housing crisis, spanning both affordability and conditions, in the City. In recognition of the housing crisis, the Agency and the City continue to coordinate investments, as and when applicable, to leverage resources, as intentionally as possible, to maximize impact, and help to achieve our mutual goal of improving the overall housing market and conditions within the City; and

WHEREAS, under the Act, the Agency is tasked, in part, with improving the health, general prosperity and economic welfare of the people it serves and improves their recreation opportunities, prosperity and standard of living (collectively, "***Factors***"); and

WHEREAS, the Agency has identified housing as a basic need that improves these Factors; and

WHEREAS, the Company's commitment to ensure the construction and completion of the Condominiums as set forth in the Agency Lease Agreement (as defined herein) was and is an important component to the Agency's consideration in granting the Financial Assistance to the Project

Facility, including this PILOT Agreement and its term. The Agency acknowledges that the construction and completion of the Condominiums may be done directly by the Company or the Company may work with another developer, as agreed upon by the Agency, to undertake and complete the Condominiums; and

WHEREAS, as part of the Financial Assistance, the Company requested the Agency consider a 30-year abatement schedule for payments in lieu of taxes, (the "***PILOT***"), as more fully described on **Exhibit** "A" attached hereto (the "***PILOT Abatement Schedule***"), which abatement schedule deviates from the Agency's Uniform Tax Exemption Policy ("***UTEP***") established pursuant to General Municipal Law Section 874(4); and

WHEREAS, the Project is being funded in part through NYS Homes and Community Renewal ("***HFA***") which will provide tax credits for the Project (the "***HFA Financing***"). The HFA Financing requires the Project enter into a thirty year regulatory agreement and for the PILOT Abatement Schedule to run coterminous with the HFA regulatory agreement; and

WHEREAS, by correspondence dated November 25, 2024 and December 4, 2024, in accordance with Section 874(4)(c) of the General Municipal Law of the State of New York, notice of the deviation from the Agency's Uniform Tax Exemption Policy with respect to the Project was sent to the affected tax jurisdictions; and

WHEREAS, the Agency will lease the Land and Facility from the Company pursuant to that certain Company Lease Agreement dated as of December 18, 2025 (the "***Company Lease Agreement***"), between the Company and the Agency, obtain an interest in the Equipment pursuant to a bill of sale dated as of December 18, 2025 from the Company (the "***Bill of Sale***"), and sublease the Project Facility back to the Company pursuant to that certain Agency Lease Agreement dated as of December 18, 2025 (the "***Agency Lease Agreement***"), between the Agency and the Company (the Company Lease Agreement, the Bill of Sale and the Agency Lease Agreement are hereinafter collectively referred to as the "***Lease Agreements***"); and

WHEREAS, under the present provisions of the Act and Section 412-a of the Real Property Tax Law of the State of New York, the Agency is required to pay no taxes or assessments upon any of the property acquired by it or under its jurisdiction or supervision or control; and

NOW, THEREFORE, in consideration of the matters above recited, the parties hereto formally covenant, agree and bind themselves as follows, to wit:

ARTICLE I
REPRESENTATIONS AND WARRANTIES

Section 1.00 Recitals.

The foregoing recitals are incorporated herein by reference as if fully set forth hereinbelow.

Section 1.01. Representations and Warranties by Agency

The Agency does hereby represent and warrant as follows:

(a) Existence and Power. The Agency has been duly established under the provisions of the Act and has the power to enter into the transactions contemplated by this Agreement and to carry out its obligations hereunder.

(b) Intentions. The Agency intends to acquire a leasehold interest in the Project Facility from the Company and to sublease the Project Facility back to the Company, all pursuant to the provisions of the Lease Agreements.

(c) Authorization. The Agency is authorized and has the corporate power under the Act, its by-laws and the laws of the State of New York to enter into this Agreement and the transactions contemplated hereby and to perform and carry out all the covenants and obligations on its part to be performed under and pursuant to this Agreement. By proper corporate action on the part of its members, the Agency has duly authorized the execution, delivery and performance of this Agreement and the consummation of the transactions herein contemplated.

(d) Validity. The Agency is not prohibited from entering into this Agreement and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement by the terms, conditions or provisions of the Act, any other law, any order of any court or other agency or authority of government, or any agreement or instrument to which the Agency is a party or by which the Agency is bound, and this Agreement is a legal, valid and binding obligation of the Agency enforceable in accordance with its terms.

Section 1.02. Representations and Warranties by Company

The Company does hereby represent and warrant as follows:

(a) Existence. The Company is a New York limited liability company duly organized, validly existing and in good standing under the laws of the State of New York.

(b) Authorization. The Company is authorized and has the power under the laws of the State of New York to enter into this Agreement and the transactions contemplated hereby and to perform and carry out all covenants and obligations on its part to be performed under and pursuant to this Agreement. The Company has duly authorized the execution, delivery and performance of the Lease Agreements, this Agreement, and the other Company Documents (as that term is defined in the Agency Lease Agreement), and the consummation of the transactions therein and herein contemplated. The Company is not prohibited from entering into this Agreement and discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement by (and the execution, delivery and performance of this Agreement, the consummation of the transactions contemplated hereby and the fulfillment of and compliance with the provisions of this Agreement will not conflict with or violate or constitute a breach of or a default under) the terms,

conditions or provisions of its Articles of Organization, Operating Agreement or any other restriction or any law, rule, regulation or order of any court or other agency or authority of government, or any contractual limitation, restriction or outstanding indenture, deed of trust, mortgage, loan agreement, other evidence of indebtedness or any other agreement or instrument to which the Company is a party or by which it or any of its property is bound, and the Company's discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement will neither be in conflict with or result in a breach of or constitute (with due notice and/or lapse of time) a default under any of the foregoing, nor result in the creation or imposition of any lien of any nature upon any of the property of the Company under the terms of any of the foregoing, and this Agreement is a legal, valid and binding obligation of the Company enforceable in accordance with its terms.

(c) Title. The Company has valid and marketable fee title to the Project Facility, free and clear of all liens and encumbrances except for Permitted Encumbrances (as defined in the Lease Agreements).

(d) Governmental Consent. No further consent, approval or authorization of, or filing, registration or qualification with, any governmental or public authority on the part of the Company is required as a condition to the execution, delivery or performance of this Agreement by the Company or as a condition to the validity of this Agreement.

ARTICLE II
COVENANTS AND AGREEMENTS

Section 2.01. Tax-Exempt Status of the Project Facility

(a) Assessment of the Project Facility. Pursuant to the Act and Section 412-a of the Real Property Tax Law, the parties hereto understand that, upon acquisition of ownership or control of the Project Facility by the Agency, and for so long thereafter as the Agency shall own or control the Project Facility, the Project Facility shall be entitled to an exemption upon the first available assessment roll of the Municipality prepared subsequent to the acquisition by the Agency of ownership or control of the Project Facility. The time of commencement of the Agency's exemption shall be controlled by the Municipality's taxable status date, in conformity with Section 412-a of the Real Property Tax Law. The Company will be required to pay to the Municipality all taxes and assessments lawfully levied and/or assessed against the Project Facility, in spite of the Agency's actual ownership or control of the Project Facility, until the Project Facility shall be entitled to exempt status on the tax roll of the Municipality.

(b) Special Assessments. The parties hereto understand that the tax exemption extended to the Agency by the Act and Section 412-a of the Real Property Tax Law does not entitle the Agency to exemption from special assessments and special ad valorem levies. The Company will be required at all times to pay all special assessments and special ad valorem levies lawfully levied and/or assessed against the Project Facility.

Section 2.02. Payments in Lieu of Taxes

(a) Agreement to Make Payments. The Company agrees that it shall make periodic

payments in lieu of real property taxes in the amounts hereinafter provided. The said payments due to the Agency hereunder shall be paid by the Company, to the Municipality, on behalf of the Agency, by check made payable to "*Commissioner of Finance*". The Company obligation shall exist for so long as the Agency retains an interest in the Project Facility. Upon receipt of the Company's payment, the Municipality, on behalf of the Agency, will disburse the pro rata portion of each payment to the County of Onondaga and the Municipality, or such other taxing jurisdiction, pursuant to the Act in proportion to the amount of real property tax and other taxes which would have been received by each affected taxing jurisdiction had the Project not been tax exempt due to the involvement of the Agency in the Project. The obligation to make the year 1 payment under **Exhibit "A"** shall commence on July 1, 2026. Notwithstanding the appearance of the Agency's exemption on the Municipality's tax roll for some or all of the 2025/2026 City and School portion of the real property tax due on the Land and Facility, the pro rata portion of the year 1 payment due for the City and School under **Exhibit "A"** shall be applied to amounts due for the 2026/2027 City and School tax year. The portion of the year 1 payment due for the County and Water District under **Exhibit "A"** shall be made, and remitted, at the same time as the year 1 payment for the City and School portion but shall be applied to amounts due to the County and Water District for the January 1, 2027 County tax year. Without regard to the Agency exemption, or any payments due hereunder, the Company shall continue paying real property tax through June 30, 2026 with respect to the City and School portion of the real property tax and through December 31, 2026 with respect to the County and Water District portion of the real property tax, based upon the assessment and the combined real property tax rate in effect for that period as if the Project Facility were privately owned and the Agency had no interest in the same. Exhibit "A" contains full payment of taxes, as if the Agency's interest and exemption were inapplicable during the three year construction period, with the actual 30-year *abatement* period starting with the July 1, 2029 City and School payment and January 1, 2030 County payment resulting in an actual abatement period of 30 years.

(b) Amount of Payments in Lieu of Taxes. Unless otherwise stated, the Company's agreed upon annual payment in lieu of tax hereunder shall be an amount determined by reference to **Exhibit "A"**, attached hereto and made a part hereof. The payments in lieu of tax due, as set forth in **Exhibit "A"**, include any real property tax exemptions that might be afforded to the Company if the Project Facility were owned by the Company and not the Agency. As consideration for the benefits conferred on the Company pursuant to this Agreement, the Company hereby agrees to be bound by any determination by the City of Syracuse Board of Assessment Review resulting from a review of the assessment pertaining to the Project Facility and/or Additional Property throughout the term of this Agreement. The Company hereby agrees to waive any and all right to challenge or contest in a court of law (a "***Legal Challenge***"), those payments or the basis for those payments due pursuant to Exhibit "A." It shall also be an event of default under Article IV of this Agreement should the Company bring a Legal Challenge on the Project Facility and/or Additional Property.

(c) Additional Amounts in Lieu of Taxes. Commencing on the first tax year following the date on which any structural addition shall be made to the Facilities, or any new or additional building shall be constructed on the real property described in **Exhibit "B"** that is in addition to the Facilities (such structural additions and additional buildings being hereinafter referred to as "***Additional Property***"), the Company agrees to make additional periodic payments in lieu of real property taxes (such additional payments being hereinafter collectively referred to as "***Additional Payments***") to the Municipality on behalf of the Agency with respect to such Additional Property.

Such Additional Payments shall be computed as follows:

By multiplying (1) the value placed on such Additional Property, as value is determined by the Municipality's assessor by (2) the tax rate or rates of the Municipality that would be applicable to such Additional Property if such Additional Property were owned or controlled by the Company and not the Agency; and (3) then reducing the amount so determined by the amounts of any properly acquired tax exemptions that would be afforded to the Company by the Municipality for such Additional Property as if it was owned or controlled by the Company and not the Agency.

(d) Revaluation. In the event of a real property assessment revaluation by the Municipality, the Company shall continue to make its payments in accordance with this Agreement; however, in the event that Exhibit "A" is no longer in effect, but payments are still being made hereunder for any reason, (including, but not limited to, the Agency still having an interest in the Project Facility), and would be effected by revaluation, each year's payments subsequent to such revaluation shall be adjusted to properly reflect revaluation, it being the intent of the parties that the level of payments following revaluation shall be equal to those payments contemplated by this Agreement.

(e) Damage or Destruction. In the event that all or substantially all of the Project Facility is damaged or destroyed, the Company shall continue to make the payments required by this Agreement for as long as the Agency shall own or control the Project Facility, without regard to such damage or destruction.

(f) Time of Payments. The Company agrees to pay the amounts due the Agency hereunder to the Municipality for each year of this Agreement, within the period that the Municipality allows payment of taxes levied in such calendar year without penalty. The Company shall be entitled to receive receipts from the Municipality for such payments.

(g) Method of Payment. All payments by the Company hereunder shall be paid to the Municipality in lawful money of the United States of America, cash, money order or check.

Section 2.03. PILOT Statements

The Municipality and/or the Agency shall submit to the Company written semi-annual statements specifying the amount and due date or dates of any payments due to the Agency hereunder. Each semi-annual PILOT statement shall be submitted to the Company at the same time that tax statements/bills are mailed by the Municipality to the owners of privately owned property. Failure to receive a PILOT statement shall not relieve the Company of its obligation to make all payments provided for hereunder. If, for any reason, the Company does not receive an appropriate PILOT Statement, the Company shall have the responsibility and obligation to make all reasonable inquiries to the Municipality and the Agency and to have such a statement issued, and thereafter to make payment of the same no later than the due dates provided herein.

Section 2.04. Obligations of Agency

Requirement that Mortgagees Subordinate to Payments. The Agency and the Company agree

that any mortgages on the Project Facility, given by either of them, shall provide that the rights of the mortgagees thereunder shall be subordinate to this Agreement and to the right of the Municipality to receive payments in lieu of taxes pursuant to Article II hereof.

Section 2.05. Company to Furnish Information

The Company agrees to promptly comply with the reporting and information requirements of the Agency and the Act, and to promptly furnish the applicable information required or requested by the Agency and/or the State of New York. The Company further agrees to assist the Agency with the preparation of any reports, or answer any inquiries, required by the State of New York in connection with the Act or the Agency's participation in the Project.

Section 2.06. Interest

(a) Agreement to Pay Interest on Missed Payments. If the Company shall fail to make any payment required by this Agreement when due, its obligation to make the payment so in default shall continue as an obligation of the Company until such payment in default shall have been made in full, and the Company shall pay the same together with interest thereon, to the extent permitted by law, at the greater of: **(i) eighteen per cent (18%) per annum; or (ii) the rate per annum which would be payable if such amounts were delinquent taxes, until so paid in full.**

(b) Maximum Legal Rate. It is the intent of the Agency, the Municipality, and Company that in no event shall interest be payable at a rate in excess of the maximum rate permitted by applicable law (the "***Maximum Legal Rate***"). Solely to the extent necessary to prevent interest under this Agreement from exceeding the Maximum Legal Rate, any amount that would be treated as excessive under a final judicial interpretation of applicable law shall be deemed to have been a mistake and automatically canceled, and, if received by the Agency or Municipality, shall be refunded to the Company.

ARTICLE III
LIMITED OBLIGATION OF THE AGENCY

Section 3.01. No Recourse; Limited Obligation of the Agency

(a) No Recourse. All covenants, stipulations, promises, agreements and obligations of the Agency contained in this Agreement shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, director, officer, agent, servant or employee of the Agency in his individual capacity, and no recourse under or upon any obligation, covenant or agreement contained in this Agreement, or otherwise based on or in respect of this Agreement, or for any claim based thereon or otherwise in respect thereof, shall be had against any past, present or future member, director, officer, agent, servant or employee, as such, of the Agency or any successor public benefit corporation or political subdivision or any person executing this Agreement on behalf of the Agency, either directly or through the Agency or any successor public benefit corporation or political subdivision or any person so executing this Agreement. It is expressly understood that this Agreement is a corporate obligation, and that no such personal liability whatever shall attach to, or is or shall be incurred by, any such member, director, officer, agent, servant or

employee of the Agency or of any successor public benefit corporation or political subdivision or any person so executing this Agreement under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom. Any and all such personal liability of, and any and all such rights and claims against, every such member, director, officer, agent, servant or employee under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom are, to the extent permitted by law, expressly waived and released as a condition of, and as a consideration for, the execution of this Agreement.

(b) Limited Obligation. The obligations and agreements of the Agency contained herein shall not constitute or give rise to an obligation of the State of New York or the Municipality, and neither the State of New York nor the Municipality shall be liable thereon. Furthermore, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency payable solely from the revenues of the Agency derived and to be derived from the lease, sale or other disposition of the Project.

(c) Further Limitation. Notwithstanding any provision of this Agreement to the contrary, the Agency shall not be obligated to take any action pursuant to any provision hereof unless (i) the Agency shall have been requested to do so in writing by the Company and (ii) if compliance with such request is expected to result in the incurrence by the Agency (or any of its members, directors, officers, agents, servants or employees) of any liability, fees, expenses or other costs, the Agency shall have received from the Company security or indemnity satisfactory to the Agency for protection against all such liability, however remote, and for the reimbursement of all such fees, expenses and other costs.

ARTICLE IV
EVENTS OF DEFAULT

Section 4.01. Events of Default

Any one or more of the following events shall constitute an event of default under this Agreement, and the terms ***"Event of Default"*** or ***"Default"*** shall mean, whenever they are used in this Agreement, any one or more of the following events:

(a) Failure of the Company to pay any amount due and payable by it pursuant to this Agreement, the Lease Agreements or the Company Documents, which default shall not constitute an Event of Default unless such failure continues unremedied for a period of ten (10) days after the date such payment is due.

(b) Commencement by the Company of a Legal Challenge, as defined in Section 2.02(b), to those payments or the basis for those payments due pursuant to Exhibit "A."

(c) Failure of the Company to observe and perform any other covenant, condition or agreement on its part to be observed and performed under this Agreement (other than as referred to in paragraph (a) above), and continuance of such failure for a period of thirty (30) days after written notice to the Company specifying the nature of such failure hereunder, or under the Lease Agreements, or any other Company Document, and the continuance of such failure for the duration

of any applicable cure period set forth therein after receipt of any required notice thereunder.

(d) Any warranty, representation or other statement by or on behalf of the Company contained in this Agreement or the Lease Agreements shall prove to have been false or incorrect in any material respect on the date when made or on the effective date of this Agreement or the Lease Agreements.

(e) The Company violates any federal, state or local environmental law or allows or causes any Hazardous Materials (as Hazardous Materials is defined and described in any federal, state or local law) to be released at, on, to, into or from the Project Facility, except as permitted by the Lease Agreements or within the terms and conditions of a permit, certificate, license or other written approval of an authorized governmental body, and fails to remedy such violation within thirty (30) days; or if such failure cannot be cured within thirty (30) days, fails to commence a cure within thirty (30) days and thereafter diligently prosecute the cure thereof.

(f) The occurrence of any Event of Default or Default under this Agreement, the Lease Agreements or any other Company Documents.

(g) Failure of the Company to commence and complete the Project Facility on or before the Completion Date as set forth in the Agency Lease Agreement.

Section 4.02. Remedies on Company Default

Whenever any Event of Default under Section 4.01 shall have occurred and be continuing with respect to this Agreement, and/or the Company shall be in default under the Lease Agreements or any Company Document, the Agency may take whatever action at law or in equity, including but not limited to recapture in accordance with the Agency's Recapture Policy dated June 21, 2016 or pursuant to the terms of any Company Document, following applicable notice, as may appear necessary or desirable to collect the amount then in default or to enforce the performance and observance of the obligations, agreements and covenants of the Company under this Agreement, the Lease Agreements and/or the Company Documents. Notwithstanding anything herein to the contrary, if the Lease Agreements are terminated for any reason, this Agreement shall automatically terminate without any further notice or action required hereunder and the Project Facility shall immediately become taxable and revert to the tax roll.

The payment schedule contained in Exhibit "A" is for the benefit of the Company and its Project Facility. In the event that the Company defaults hereunder, and the Lease Agreements cannot be terminated, and/or the Agency's participation in the Project and this Agreement is not or cannot be terminated, the Company, or any assignee, or successor shall no longer be entitled to make payments under this Agreement pursuant to Exhibit "A". In such an event, payments shall be made hereunder, for any remaining term of this Agreement, as if the Project Facility was privately owned and assessed and without any further regard to Exhibit "A".

Section 4.03. Recording of Lease Terminations and Other Documents

Whenever any Event of Default under Sections 4.01 shall have occurred and be continuing

with respect to this Agreement or the Lease Agreements, or upon termination of this Agreement and/or the Lease Agreements by their terms, the Agency may, upon notice to the Company provided for in this Agreement or the Lease Agreements, if any, terminate the Lease Agreements and record such termination or other necessary documents in the Onondaga County Clerk's Office, terminating the Agency's interest in the Project Facility thereby terminating this Agreement.

The recording of such a termination and any other documentation shall constitute delivery to, and acceptance of such, by the Company. In order to facilitate such a termination, the Company hereby appoints the Chair or the Vice Chair of the Agency as its agent for the purpose of executing and delivering all documents necessary to allow such termination by the Agency.

In the event that the Lease Agreements, for any reason, are extended by their terms, or for any reason this Agreement expires or terminates, but the Agency retains an interest or remains in title to the Project Facility, the Company shall make payments in lieu of taxes to the Municipality, on behalf of the Agency, for as long as the Agency retains an interest in, or remains in title to, the Project Facility in accordance with Exhibit "A". Those payments shall be treated as real property taxes by the City and be the equivalent of the real property taxes that would be due on the Project Facility if it were owned by the Company and the Agency had no interest therein. It is the intention of the parties hereto, that for so long as the Agency shall possess title to, or an interest in, the Property, the Company, or any permitted successors or assigns, shall make payments in lieu of taxes to the Municipality, on behalf of the Agency, that are either based upon Exhibit "A", or if Exhibit "A" is no longer applicable for any reason, are the equivalent of the real property taxes that would be due and owing if the Project Facility were privately owned and the Agency had no interest therein. It is further agreed, that if for any reason, following the termination of the Lease Agreements by their terms, and notwithstanding any formal termination of same with the County Clerk, the Office of Assessment for the City shall treat the Project as it were taxable for purposes of determining the appropriate taxable property base for the City.

Section 4.04. Payment of Attorney's Fees and Expenses

If the Company should default in performing any of its obligations, covenants and agreements under this Agreement and the Agency or the Municipality should employ attorneys (whether in-house or outside counsel) or incur other expenses for the collection of any amounts payable hereunder or for the enforcement of performance or observance of any obligation or agreement on the part of the Company herein contained, the Company agrees that it will, on demand therefor, pay to the Agency and/or the Municipality the reasonable fees and disbursements of such attorneys and such other reasonable expenses so incurred.

Furthermore, should the Company bring a Legal Challenge on the Project Facility and/or Additional Property during the term of this Agreement, and the Agency and/or the Municipality waives its right to declare a default under this Agreement in regard to such Legal Challenge, or such Legal Challenge is determined not to be a default of this Agreement by any Court of competent jurisdiction, the Company agrees that in the event that the Company is unsuccessful in its Legal Challenge, it will, on demand, pay to the Agency and/or the Municipality the reasonable fees and disbursements of any attorneys employed (whether in-house or outside counsel) for the defense of such Legal Challenge as well as such other reasonable expenses so incurred.

Section 4.05. Remedies; Waiver and Notice

(a) No Remedy Exclusive. No remedy herein conferred upon or reserved to the Agency is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute.

(b) Delay. No delay or omission in exercising any right or power accruing upon the occurrence of any Event of Default hereunder shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient.

(c) Notice Not Required. In order to entitle the Agency to exercise any remedy reserved to it in this Agreement, it shall not be necessary to give any notice, other than such notice as may be expressly required in this Agreement.

(d) No Waiver. In the event any provision contained in this Agreement should be breached by any party and thereafter duly waived by the other party so empowered to act, such waiver shall be limited to the particular breach so waived and shall not be deemed to be a waiver of any other breach hereunder. No waiver, amendment, release or modification of this Agreement shall be established by conduct, custom or course of dealing.

(e) Recapture. Seek to recover all or some of the Recapture Amount in accordance with the Agency's Recapture Policy, the Agency Lease Agreement, the Project Agreement and this PILOT Agreement.

ARTICLE V
MISCELLANEOUS

Section 5.01. Term of Agreement

(a) General. This Agreement shall become effective and the obligations of the Agency and the Company shall arise absolutely and unconditionally upon the execution and delivery of this Agreement. This Agreement shall terminate on the earliest to occur of: (i) the same date that the Agency Lease Agreement terminates; (ii) on any earlier date permitted under the Agency Lease Agreement; or (iii) upon the expiration on **June 30, 2059**, of the PILOT Schedule set forth in **Exhibit "A"** hereto. In the event of a termination of the Agency's interest in the Project Facility, the Company's payments due hereunder shall be pro-rated to the extent necessary to allow the Municipality to issue a supplemental PILOT Statement based upon the Agency's transfer of ownership or control of the Project Facility to the Company, and the loss of the Agency's tax exemption on the said Project Facility.

(b) Conflict. In the event of a conflict between this Agreement or any of its terms on the one hand, and the Lease Agreements or any other Project documents on the other hand, the provisions most favorable to the Agency shall govern. The Agency and the Company agree that the Agency's

participation in this Agreement is for the benefit of the Company and that the Municipality must receive payments from the Company hereunder, during the entire term of this Agreement and/or the Agency's ownership or control of the Project Facility.

Section 5.02. Company Acts

Where the Company is required to do or accomplish any act or thing hereunder, the Company may cause the same to be done or accomplished with the same force and effect as if done or accomplished by the Company.

Section 5.03. Amendment of Agreement

This Agreement may not be amended, changed, modified or altered unless such amendment, change, modification or alteration is in writing and signed by the Agency and the Company.

Section 5.04. Notices

All notices, certificates or other communications hereunder shall be in writing, shall be sufficiently given, and shall be deemed given when (a) sent to the applicable address stated below by registered or certified mail, return receipt requested, and actually received by the intended recipient or by overnight courier or such other means as shall provide the sender with documentary evidence of such delivery, or (b) delivery is refused by the addressee as evidenced by the affidavit of the person who attempted to effect such delivery. The addresses to which notices, certificates, and other communications hereunder shall be delivered are as follows:

(a) To the Agency:

(b)

City of Syracuse Industrial Development Agency
One Park Place
300 South State Street, Suite 700
Syracuse, New York 13202
Attention: Chair

With a copy to:

Bousquet Holstein PLLC
110 West Fayette Street, Suite 1000
Syracuse, New York 13202
Attn: Susan R. Katzoff, Esq.

And to:

Corporation Counsel
City of Syracuse
233 East Washington Street, Room 300
Syracuse, New York 13202

(b) To the Company:

Wilbur Ave A/B, LLC
1001 Franklin Avenue, Suite 300
Garden City, New York 11530
Attn: Christopher V. Albanese

With a copy to:

Bond, Schoeneck & King PLLC
One Lincoln Center
110 West Fayette Street
Syracuse, New York 13202
Attn: Kevin M. Pole, Esq.

The Agency and Company may, by notice given hereunder to each of the others, designate any further or different addresses to which the subsequent notices, certificates or other communications to them shall be sent.

Section 5.05. Binding Effect

This Agreement shall inure to the benefit of, and shall be binding upon the Agency and the Company, and their respective successors and assigns.

Section 5.06. Severability

If any article, section, subdivision, paragraph, sentence, clause, phrase, provision or portion of this Agreement shall for any reason be held or adjudged to be invalid or illegal or unenforceable by any court of competent jurisdiction, such article, section, subdivision, paragraph, sentence, clause, phrase, provision or portion so adjudged invalid, illegal or unenforceable shall be deemed separate, distinct and independent and the remainder of this Agreement shall be and remain in full force and effect and shall not be invalidated or rendered illegal or unenforceable or otherwise affected by such holding or adjudication.

Section 5.07. Counterparts

This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

Section 5.08. Applicable Law

This Agreement shall be governed by and construed in accordance with the laws of the State of New York. Venue of any action or proceeding brought hereunder shall be in the State or Federal Courts located in Onondaga County, New York.

Section 5.09. Assignment

This Agreement may not be assigned by the Company without the prior written consent of the Agency.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the Agency and Company have caused this Agreement to be executed in their respective names on the date first above written and the Company hereby acknowledges receipt and review of this Agreement, and consents to, and approves of, the terms and provisions contained herein.

IDA Agent or Project Operator Exempt Purchase Certificate
(Form ST-123)

New York State Department of Taxation and Finance

New York State Sales and Use Tax

IDA Agent or Project Operator Exempt Purchase Certificate

Effective for projects beginning on or after June 1, 2014

ST-123
(7/14)

This certificate is not valid unless all entries have been completed.
Note: To be completed by the purchaser and given to the seller. Do not use this form to purchase motor fuel or diesel motor fuel exempt from tax. See Form FT-123, *IDA Agent or Project Operator Exempt Purchase Certificate for Fuel.*

Name of seller	Name of agent or project operator
Street address	Street address
City, town, or village — State — ZIP code	City, town, or village — State — ZIP code
	Agent or project operator sales tax ID number (see instructions)

Mark an **X** in one: ☐ Single-purchase certificate ☐ Blanket-purchase certificate (valid only for the project listed below)

To the seller:
You must identify the project on each bill and invoice for such purchases and indicate on the bill or invoice that the IDA or agent or project operator of the IDA was the purchaser.

Project information

I certify that I am a duly appointed agent or project operator of the named IDA and that I am purchasing the tangible personal property or services for use in the following IDA project and that such purchases qualify as exempt from sales and use taxes under my agreement with the IDA.

Name of IDA		
Name of project	IDA project number (use OSC number)	
Street address of project site		
City, town, or village	State	ZIP code
Enter the date that you were appointed agent or project operator (mm/dd/yy) ..... / /	Enter the date that agent or project operator status ends (mm/dd/yy) ..... / /	

Exempt purchases

*(Mark an **X** in boxes that apply)*

☐ A. Tangible personal property or services (other than utility services and motor vehicles or tangible personal property installed in a qualifying motor vehicle) used to complete the project, but not to operate the completed project

☐ B. Certain utility services (gas, propane in containers of 100 pounds or more, electricity, refrigeration, or steam) used to complete the project, but not to operate the completed project

☐ C. Motor vehicle or tangible personal property installed in a qualifying motor vehicle

Certification: I certify that the above statements are true, complete, and correct, and that no material information has been omitted. I make these statements and issue this exemption certificate with the knowledge that this document provides evidence that state and local sales or use taxes do not apply to a transaction or transactions for which I tendered this document and that willfully issuing this document with the intent to evade any such tax may constitute a felony or other crime under New York State Law, punishable by a substantial fine and a possible jail sentence. I understand that this document is required to be filed with, and delivered to, the vendor as agent for the Tax Department for the purposes of Tax Law section 1838 and is deemed a document required to be filed with the Tax Department for the purpose of prosecution of offenses. I also understand that the Tax Department is authorized to investigate the validity of tax exclusions or exemptions claimed and the accuracy of any information entered on this document.

Signature of purchaser or purchaser's representative (include title and relationship)	Date
Type or print the name, title, and relationship that appear in the signature box	

Instructions

To the purchaser

You may use Form ST-123 if you:

- have been appointed as an agent or project operator by an industrial development agency (IDA) and
- the purchases qualify for exemption from sales and use tax as described in the IDA contract.

You may use Form ST-123 as a single-purchase certificate or as a blanket certificate covering the first and subsequent purchases qualifying for the project listed.

Agent or project operator sales tax ID number — If you are registered with the Tax Department for sales tax purposes, you must enter your sales tax identification number on this certificate. If you are not required to be registered, enter ***N/A***.

Industrial development agencies and authorities (IDAs) are public benefit corporations under General Municipal Law Article 18-A and the Public Authorities Law, for the purpose of promoting, developing, encouraging, and assisting in the acquisition, construction, reconstruction, improvement, maintenance, equipping, and furnishing of industrial, manufacturing, warehousing, commercial, research, and recreational facilities in New York State.

IDAs are exempt from the payment of sales and use tax on their purchases, in accordance with Tax Law section 1116(a)(1). However, IDAs do not normally make direct purchases for projects. Commonly, IDAs instead appoint a business enterprise or developer, contractor, or subcontractor as its agent or project operator. Such purchases made by the agent or project operator, acting within the authority granted by the IDA, are deemed to be made by the IDA and therefore exempt from tax.

> Example 1: *IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment necessary for completion of the project, as agent for the IDA. Contractor X rents a backhoe and a bulldozer for site preparation, purchases concrete and lumber to construct a building, and purchases machinery to be installed in the building. All these purchases by contractor X as agent of the IDA are exempt from tax.*
>
> Example 2: *IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment to be incorporated into the project, as agent for the IDA. Contractor X makes the same purchases as in* Example 1. *Since the concrete, lumber, and machinery will actually be incorporated into the project, contractor X may purchase these items exempt from tax. However, rental of the backhoe and bulldozer is not exempt since these transactions are normally taxable and the IDA agreement does not authorize contractor X to make such rentals as agent of the IDA.*

A contractor or subcontractor not appointed as agent or project operator of an IDA must present suppliers with Form ST-120.1, *Contractor Exempt Purchase Certificate*, when making purchases that are ordinarily exempt from tax in accordance with Tax Law sections 1115(a)(15) and 1115(a)(16). For more information, see Form ST-120.1.

Exempt purchases

To qualify, the purchases must be made within the authority granted by the IDA and used to complete the project (not to operate the completed project).

A. Mark box A to indicate you are purchasing tangible personal property and services (other than utility services and motor vehicles or tangible personal property installed in a qualifying motor vehicle) exempt from tax.

B. Mark box B to indicate you are purchasing certain consumer utility services used in completing the project exempt from tax. This includes gas, electricity, refrigeration, and steam; and gas, electric, refrigeration, and steam services.

C. Mark box C to indicate you are purchasing a motor vehicle or tangible personal property related to a qualifying motor vehicle exempt from tax.

Misuse of this certificate

Misuse of this exemption certificate may subject you to serious civil and criminal sanctions in addition to the payment of any tax and interest due. These include:

- A penalty equal to 100% of the tax due;
- A $50 penalty for each fraudulent exemption certificate issued;
- Criminal felony prosecution, punishable by a substantial fine and a possible jail sentence; and
- Revocation of your *Certificate of Authority*, if you are required to be registered as a vendor. See TSB-M-09(17)S, *Amendments that Encourage Compliance with the Tax Law and Enhance the Tax Department's Enforcement Ability*, for more information.

To the seller

When making purchases as agent or project operator of an IDA, the purchaser must provide you with this exemption certificate with all entries completed to establish the right to the exemption. You **must** identify the project on each bill and invoice for such purchases and indicate on the bill or invoice that the IDA or agent or project operator of the IDA was the purchaser.

As a New York State registered vendor, you may accept an exemption certificate in lieu of collecting tax and be protected from liability for the tax if the certificate is valid. The certificate will be considered valid if it is:

- accepted in good faith;
- in your possession within 90 days of the transaction; and
- properly completed (all required entries were made).

An exemption certificate is accepted in good faith when you have no knowledge that the exemption certificate is false or is fraudulently given, and you exercise reasonable ordinary due care. If you do not receive a properly completed certificate within 90 days after the delivery of the property or service, you will share with the purchaser the burden of proving the sale was exempt.

You must also maintain a method of associating an invoice (or other source document) for an exempt sale with the exemption certificate you have on file from the purchaser. You must keep this certificate at least three years after the due date of your sales tax return to which it relates, or the date the return was filed, if later.

Privacy notification

New York State Law requires all government agencies that maintain a system of records to provide notification of the legal authority for any request, the principal purpose(s) for which the information is to be collected, and where it will be maintained. To view this information, visit our Web site, or, if you do not have Internet access, call and request Publication 54, *Privacy Notification*. Instructions

General information

Who must file

The General Municipal Law (GML) and the Public Authorities Law require the agent/project operator (also known as the project occupant) of an Industrial Development Agency or Authority (IDA) to file an annual report with the Tax Department. The agent/project operator required to file this report is the person **directly** appointed by the IDA to act for and to represent the IDA for the project. The agent/project operator is ordinarily the one for whom the IDA project was created.

There is usually only one agent/project operator directly appointed by the IDA for an IDA project. However, if the IDA directly appoints multiple agents/project operators, each agent/project operator must file this form (unless they are related corporations).

Only the agent/project operators directly appointed by the IDA must file Form ST-340. Contractors, subcontractors, consultants, or agents appointed by the agent/project operators should **not** themselves file Form ST-340. However, the agent/project operators must include on Form ST-340 information obtained from such contractors, subcontractors, consultants, and agents, as described below.

What you must report

The report must show the **total value** of all state and local **sales and use taxes exempted** during the calendar year, as a result of the project's designation as an IDA project. This includes:

- the value of the exemptions the agent/project operator (you) obtained; and
- the value of the exemptions obtained by your contractors, subcontractors, consultants, and others, whether or not appointed as agents of the IDA.

Include only the **total combined** exemptions obtained by the above people. A breakdown of the total is not required. However, since the report must include the value of the exemptions they obtained, you must keep records of the amounts others report to you.

You must make it clear to the contractors, subcontractors, consultants, and others that they must keep accurate tax information and have it available, so that you can comply with the annual reporting requirements.

Do not include on this report the amount of any sales and use tax exemptions from other provisions of the Tax Law (for example, manufacturer's production equipment exemption, research and development exemption, or contractor's exemption for tangible personal property incorporated into a project of an exempt organization).

When the report is due

You must file Form ST-340 on a calendar-year basis. It is due by the last day of February of the following year. The reporting requirement applies to IDA projects started on or after July 21, 1993.

Project information

At the top of the form, identify the reporting period by entering the year in the space provided. If an address is required, always include the ZIP code.

Name of IDA agent/project operator: Enter your name, address, employer identification number (EIN), and telephone number.

Name of IDA and IDA project number: Enter the name and address of the IDA. If more than one IDA is involved in a particular project, you must file a separate report for the tax exemptions attributable to each IDA. Also enter the ID project number.

Name of project: Enter the name of the project and the address of the project site. If you are involved in more than one project, you must file a separate report for each project, even if authorized by the same IDA.

Date project began: Enter the date the project started (this means the earliest of the date of any bond or inducement resolution, the execution of any lease, or any bond issuance). Include month, day, and year.

Completion date of project: Enter the date installation, lease, or rental of property (for example, machinery or computers) on the project ended, or the date the project is expected to be completed. Mark an **X** in the appropriate box to indicate if the date entered is actual or expected.

Total sales and use tax exemptions: Enter the total amount of New York State and local sales and use taxes exempted during the reporting period as a result of the project's receipt of IDA financial assistance *(if none, enter 0)*. This includes exemptions obtained at the time of purchase, as well as through a refund or credit of tax paid. Include the sales and use taxes exempted on purchases of property or services incorporated into or used on the exempt project. This includes the taxes exempted on purchases made by or on behalf of the agent/project operator, the general contractor for the project, and any subcontractors, consultants, or others. Do **not** enter total purchases.

Representative information

If applicable, enter the name, address, title (for example, attorney or accountant), and telephone number of the individual you authorize to submit this report. This section is not required.

Certification

Enter the name and title of the person signing on your behalf (for example, the IDA agent/project operator's officer, employee, or other authorized representative). Your officer, employee, or authorized representative must sign and date the report.

Mail completed report to:

COMPANY
COMPANY ADDRESS

Dear _____:

Our auditors, _____, CPAs are conducting an audit of our financial statements for the year ended December 31, _____. In connection with that audit, we request that you furnish certain information directly to our auditor with regard to the following security issued by/through the City of Syracuse Industrial Development Agency:

Sale - Leaseback Financing

Project: _____

Date of Financing:

Principal Amount Financed:

Maturity Date:

Original Interest Rate:

Please provide the following information as of December 31, [year]:

Name of Lender

Debt Retired in [year] Yes/No

Debt Refinanced in [year] Yes/No

(If Yes, please update information in Paragraph 1 above)

Debt in Default as of [date] Yes/No

Current Interest Rate(s)

Rate range, if Variable

Principal balance outstanding as of [date]

Principal payments made during [year]

Payments in Lieu of Taxes (PILOT)

paid in [year]

Total cost of goods/services purchased: $_____

New York State Sales Tax Exemptions Claimed [year]

New York Local Sales Tax Exemptions Claimed: [year]

New York State Mortgage Recording

Tax Exemption: [year]

Form of Syracuse Industrial Development Agency — Project Jobs Data

[year]

From:

To: , CPAs

Re:

The following jobs information is furnished to you with regard to the above cited project:

A. Job Retention/Creation:

I. Construction Jobs:

Provide the name of your general contractor: _____.

Provide the address (including county) of your general contractor: _____.

Is the general contractor MWBE qualified? _____.

Is the general contractor Service-Disabled Veteran-Owned Business Enterprises (SDVOBE) qualified? _____.

For each contractor and/or sub-contractor, provide the following information for the reporting period:

Bid awarded to (Name/Address/ County*)	Value of contract	MWBE (Yes/No)	MWBE Certified State or City	SDVOBE (Yes/No)	Number of jobs (FTE)	Number FTEs hired for construction residing within City	Number of total FTEs hired for construction

***Must include county and street address**

II. Permanent (non-construction) Jobs:

Number of FTEs retained at the Project prior to date of application: _____.

Number of FTEs created by the Project during the reporting calendar year (*exclusive of construction jobs*): _____.

Of the jobs created by the Project during the reporting year (*exclusive of construction jobs*) identify how many are in each of the following categories:

Professional/Managerial/Technical - includes jobs which involve skill or competence of extraordinary degree and may include supervisory responsibilities (examples: architect, engineer, accountant, scientist, medical doctor, financial manager, programmer). **Number of jobs created in reporting year _____.**

Skilled - includes jobs that require specific skill sets, education, training, and experience and are generally characterized by high education or expertise level (examples: electrician, computer operator, administrative assistant, carpenter, sales representative). **Number of jobs created in reporting year _____.**

Unskilled or Semi-Skilled - includes jobs that require little or no prior acquired skills and involve the performance of simple duties that require the exercise of little or no independent judgment (examples: general cleaner, truck driver, typist, gardener, parking lot attendant, line operator, messenger, information desk clerk, crop harvester, retail salesperson, security guard, telephone solicitor, file clerk). **Number of jobs created in reporting year _____.**

Identify:

the average annual salary range of the FTEs (*exclusive of construction jobs*) created during the reporting year: $_____.

the total number of jobs (*exclusive of construction jobs*) created by the Project from the date of application through the reporting date: _____.

the total number of jobs (retained and created, *but exclusive of construction jobs*) at the Project from the date of application through the reporting date: _____.

What is the annual average salary range of the FTEs (*exclusive of construction jobs*) created at the Project to date: $_____.

B. Geographical Hiring Data:

1. Construction jobs:

Of the construction jobs created during the reporting period, provide the street addresses and zip codes for the hires (based upon hire's residence).

2. FTEs hired (*exclusive of construction jobs*)

Of the FTE jobs created during the reporting period, provide the zip codes for the hires (based upon hire's residence).

Provide the same information reflecting FTEs hired from the date of application through the reporting date at the Project.
Comments:

WILBUR AVE A/B, LLC

AND

CITY OF SYRACUSE
INDUSTRIAL DEVELOPMENT AGENCY

COMPANY LEASE AGREEMENT

DATED AS OF DECEMBER 18, 2025

COMPANY LEASE AGREEMENT

THIS COMPANY LEASE AGREEMENT (the "***Company Lease***"), is made and entered into as of December 18, 2025, by and between **WILBUR AVE A/B, LLC** (the "***Company***"), a limited liability company organized under the laws of the State of New York with an office at 1001 Franklin Avenue, Suite 300, Garden City, New York 11530 and **CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY** (the "***Agency***"), a corporate governmental agency constituting a body corporate and politic and a public benefit corporation of the State of New York, duly organized and existing under the laws of the State of New York, with an office at One Park Place, 300 South State Street, Suite 700, Syracuse, New York 13202.

W I T N E S S E T H :

WHEREAS, Title 1 of Article 18-A of the New York General Municipal Law (the "***Enabling Act***") was duly enacted into law as Chapter 1030 of the New York Laws of 1969; and

WHEREAS, the Enabling Act authorizes and provides for the creation of industrial development agencies for the benefit of the several counties, cities, villages, and towns in the State of New York and empowers such agencies, among other things, to acquire, construct, reconstruct, lease, improve, maintain, equip, and dispose of land and any buildings or other improvements, and all real and personal properties, including, but not limited to, machinery and equipment deemed necessary in connection therewith, whether or not now in existence or under construction, which shall be suitable for manufacturing, warehousing, research, commercial, or industrial purposes, in order to advance the job opportunities, health, general prosperity, and economic welfare of the people of the State of New York and to improve their standard of living; and

WHEREAS, the Enabling Act further authorizes each such agency to lease or sell any or all of its properties, to mortgage and pledge any or all of its properties, whether then owned or thereafter acquired, and to pledge the revenues and receipts from the lease or sale thereof; and

WHEREAS, the Agency was created pursuant to and in accordance with the provisions of the Enabling Act by Chapter 641 of the Laws of 1979 of the State of New York (collectively with the Enabling Act, the "***Act***") and is empowered under the Act to undertake the Project (as hereinafter defined); and

WHEREAS, the Agency, by resolutions adopted on December 9, 2024 and November 18, 2025, agreed, at the request of the Company to undertake a project (the "***Project***") consisting of: (A)(i) the acquisition of an interest in approximately 8.0 acres of a larger piece of land located at 800 S. Wilbur Ave. Rear, (tax map no.: 098.2-01-05.2); and 802 S. Wilbur Ave (tax map no. 098.2-01-05.4); which parcels are located in the City of Syracuse, New York, with such acreage to be re-subdivided, in one or more lots from the larger parcel (the "***Land***"); the construction of two 4-story buildings, each containing approximately 130 units for an aggregate of approximately 261 residential units consisting of approximately: (34) studios, (112) one-bedroom units, (86) two-bedroom units and (28) three-bedroom units (all of which will meet or exceed the AMI Restrictions) and which will include a unit for an on-site superintendent and 20 units designed and fully adapted to meet ADA design requirements for households with individuals who have hearing,

vision or mobility disabilities; amenity space for residents including: lobby, fitness center, community room, playroom, central laundry room, maintenance and management office, mechanical room, mail and package room and leasing office; outdoor spaces, including but not necessarily limited to, a park, a playground and surface parking sufficient for approximately 257 vehicles (collectively, the "***Facility***") to support the Facility; (iii) the acquisition and installation in and on the Land and Facility of furniture, fixtures and equipment (the "***Equipment***" and together with the Land and the Facility, the "***Project Facility***"); (B) the granting of certain financial assistance in the form of exemptions from real property tax and State and local sales and use tax with respect to the Project Facility (collectively, the "***Financial Assistance***"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, equipping and completion of the Project Facility; and (D) the lease of the Land and Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

WHEREAS, the Company, individually or as an assignee of its affiliate, 800 South Wilbur Ave. Syracuse, LLC, is party to a binding purchase and sale agreement ("***PSA***") with the City of Syracuse (the "***City***") that provides the Company the right to purchase additional property adjacent to the Land from the City ("***Condo Land***") that will accommodate and house approximately 27 condominiums for single family ownership (the "***Condominiums"***). The Company currently has no fee or leasehold interest in the Condo Land and no party is conferring or accepting a fee or leasehold interest in the Condo Land as part of this Agreement; and

WHEREAS, the City, with the support of the Agency, caused a City-wide housing study to be completed which identified the breadth and scope of the housing crisis, spanning both affordability and conditions, in the City. In recognition of the housing crisis, the Agency and the City continue to coordinate investments, as and when applicable, to leverage resources, as intentionally as possible, to maximize impact, and help to achieve our mutual goal of improving the overall housing market and conditions within the City; and

WHEREAS, under the Act, the Agency is tasked, in part, with improving the health, general prosperity and economic welfare of the people it serves and improves their recreation opportunities, prosperity and standard of living (collectively, "***Factors***"); and

WHEREAS, the Agency has identified housing as a basic need that improves these Factors; and

WHEREAS, the Company is the current fee owner of the Project Facility; and

WHEREAS, the Agency proposes to assist the Company's acquisition, construction and equipping of the Project Facility, and grant the Financial Assistance to the Project by, among other things: (1) appointing the Company, or its designee, as its agent with respect to undertaking and completing the Project Facility; (2) accepting a leasehold interest in the Land and Facility from the Company pursuant to this Company Lease and acquiring an interest in the Equipment pursuant to a bill of sale from the Company; and (3) subleasing the Project Facility to the Company pursuant to the Agency Lease; and

WHEREAS, the Agency now proposes to lease the Land and Facility from the Company pursuant to the terms and conditions set forth herein; and

WHEREAS, all things necessary to constitute this Company Lease a valid and binding agreement by and between the parties hereto in accordance with the terms hereof have been done and performed, and the creation, execution and delivery of this Company Lease have, in all respects, been duly authorized.

NOW, THEREFORE, for and in consideration of the premises and the mutual covenants hereinafter contained, the parties hereto hereby formally covenant, agree and bind themselves as follows, to wit:

ARTICLE I
RECITALS AND DEFINITIONS

1.0 RECITALS.

The foregoing recitals are incorporated herein by reference as if fully set forth hereinbelow.

1.1 DEFINITIONS.

For all purposes of this Company Lease and any agreement supplemental thereto, all defined terms indicated by the capitalization of the first letter of such term shall have the meanings specified in the Table of Definitions which is attached to the Agency Lease Agreement dated as of December 18, 2025 between the Agency and the Company (the "***Agency Lease***") as Exhibit "C" thereto except as otherwise expressly defined herein or the context hereof otherwise requires.

1.2 INTERPRETATION.

In this Company Lease, unless the context otherwise requires:

(a) The terms "hereby," "hereof," "herein," "hereunder," and any similar terms as used in this Company Lease refer to this Company Lease; the term "heretofore" shall mean before and the term "hereafter" shall mean after the date of this Company Lease;

(b) Words of masculine gender shall mean and include correlative words of feminine and neuter genders, and words importing the singular number shall mean and include the plural number and vice versa; and

(c) Any certificates, letters, or opinions required to be given pursuant to this Company Lease shall mean a signed document attesting to or acknowledging the circumstances, representations, opinions of law, or other matters therein stated or set forth or setting forth matters to be determined pursuant to this Company Lease.

ARTICLE II
DEMISE; PREMISES; TERM

2.1 DEMISE.

The Company hereby leases to the Agency, and the Agency hereby leases from the Company, the Land and the Facility for the stated term for the rents, covenants and conditions set forth herein subject only to the Permitted Encumbrances.

2.2 DESCRIPTION OF PREMISES LEASED.

The leased premises is the Land and the Facility described in the recitals of this Company Lease and as more fully described on **Exhibit "A"** attached hereto.

2.3 TERM.

The Land and the Facility are leased for a term which shall commence as of December 18, 2025, and shall end on the expiration or earlier termination of the Agency Lease.

2.4 MANDATORY CONVEYANCE.

At the expiration of the term hereof or any extension thereof by mutual agreement, or as otherwise provided in the Agency Lease, this Company Lease shall automatically expire without any further action by the parties hereto. The Company hereby irrevocably designates the Agency as its attorney-in-fact, coupled with an interest, for the purpose of executing, delivering and recording terminations of leases and bill of sale together with any other documents therewith and to take such other and further actions reasonably necessary to confirm the termination of the Agency's interest in the Project, all at the Company's sole cost and expense.

2.5 CONSIDERATION.

The Agency is paying to the Company concurrently with the execution hereof consideration of $1.00 and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the Company.

2.6 REPRESENTATIONS AND COVENANTS OF THE COMPANY.

The Company makes the following representations and covenants as the basis for the undertakings on its part herein contained:

(a) The Company is a limited liability company duly organized, validly existing and in good standing under the laws of New York, has the power to enter into this Company Lease and the other Company Documents and to carry out its obligations hereunder and thereunder, and has duly authorized the execution, delivery, and performance of this Company Lease and the other Company Documents.

(b) This Company Lease and the other Company Documents constitute, or upon their execution and delivery in accordance with the terms thereof will constitute, valid and legally binding obligations of the Company, enforceable in accordance with their respective terms.

(c) The Company has a valid and enforceable fee interest in the Land and the Facility and shall remain and retain such interests for the term of this Company Lease unless otherwise consented to in writing by the Agency.

(d) Neither the execution and delivery of this Company Lease and the other Company Documents, the consummation of the transactions contemplated thereby, nor the fulfillment of or compliance with the provisions thereof will:

(1) Result in a breach of, or conflict with any term or provision in, the Company's Articles of Organization and Operating Agreement;

(2) Require consent under (which has not been heretofore received) or result in a breach of or default under any credit agreement, indenture, purchase agreement, mortgage, deed of trust indenture, commitment, guaranty or other agreement or instrument to which the Company is a party or by which the Company or any of its property may be bound or affected; or

(3) Conflict with or violate any existing law, rule, regulation, judgment, order, writ, injunction, or decree of any Governmental Authority or court (domestic or foreign) having jurisdiction over the Company or any of the property of the Company.

(e) So long as the Agency holds an interest in the Project Facility, the Project Facility is and will continue to be a "project" (as such quoted term is defined in the Act), and the Company will not take any action (or omit to take any action required by the Company Documents or which the Agency, together with Agency's counsel, advise the Company in writing should be taken), or allow any action to be taken, which action (or omission) would in any way cause the Project Facility not to constitute a "project" (as such quoted term is defined in the Act).

(f) The Company shall cause all notices as required by law to be given and shall comply or cause compliance with all laws, ordinances, municipal rules, and regulations and requirements of all Governmental Authorities applying to or affecting the construction, equipping and operation of the Project Facility (the applicability of such laws, ordinances, rules, and regulations to be determined both as if the Agency were the owner of the Project Facility and as if the Company, were the owner of the Project Facility), and the Company will defend and save the Agency and its officers, members, agents (other than the Company), and employees harmless from all fines and penalties due to failure to comply therewith.

(g) The Company shall perform, or cause to be performed, for and on behalf of the Agency, each and every obligation of the Agency (which is within the control of the Company) under and pursuant to the Agency Lease, this Company Lease and the other Company Documents and shall defend, indemnify, and hold harmless the Agency and its members, officers, agents (other than the Company), servants and employees from and against every expense, liability, or claim

arising out of the failure of the Company to fulfill its obligations under the provisions of this Section 2.6.

(h) The Company acknowledges, restates and affirms the obligations, representations, warranties and covenants set forth in Sections 2.2 and 11.12 of the Agency Lease as if fully set forth herein.

ARTICLE III
DISPUTE RESOLUTION

3.1 GOVERNING LAW.

This Company Lease shall be governed in all respects by the laws of the State of New York.

3.2 WAIVER OF TRIAL BY JURY.

THE COMPANY AND THE AGENCY WAIVE THE RIGHT TO TRIAL BY JURY OF ANY DISPUTE ARISING UNDER THIS COMPANY LEASE, AND THIS PROVISION SHALL SURVIVE THE TERMINATION OF THIS COMPANY LEASE.

ARTICLE IV
MISCELLANEOUS CLAUSES

4.1 NOTICES.

All notices, certificates, and other communications hereunder shall be in writing, shall be sufficiently given, and shall be deemed given when (a) sent to the applicable address stated below by registered or certified mail, return receipt requested, and actually received by the intended recipient or by overnight courier or such other means as shall provide the sender with documentary evidence of such delivery, or (b) delivery is refused by the addressee as evidenced by the affidavit of the Person who attempted to effect such delivery. The addresses to which notices, certificates, and other communications hereunder shall be delivered are as follows:

(a) To the Agency:

City of Syracuse Industrial Development Agency

Syracuse, New York 13202
Attn: Kevin M. Pole, Esq.

4.2 NO RECOURSE UNDER THIS COMPANY LEASE.

No provision, covenant or agreement contained herein, in any other agreement entered into in connection herewith, or any obligations herein imposed, upon the Agency, or any breach thereof, shall constitute or give rise to or impose upon the Agency, a debt or other pecuniary liability or a charge upon its general credit, and all covenants, stipulations, promises, agreements and obligations of the Agency contained in this Company Lease shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Agency, and not of any member, director, officer, employee or agent of the Agency in his individual capacity.

4.3 ENTIRE AGREEMENT.

This Company Lease contains the entire agreement between the parties and all prior negotiations and agreements are merged in this Company Lease. This Company Lease may not be changed, modified or discharged, in whole or in part, except by a written instrument executed by the party against whom enforcement of the change, modification or discharge is sought.

4.4 AGENCY REPRESENTATIONS.

The Company expressly acknowledges that neither the Agency nor the Agency's directors, members, employees or agents has made or is making, and the Company, in executing and delivering this Company Lease, is not relying upon warranties, representations, promises or statements, except to the extent that the same are expressly set forth in this Company Lease, and no rights, easements or licenses are or shall be acquired by the Company by implication or otherwise unless expressly set forth in this Company Lease.

4.5 BINDING EFFECT.

This Company Lease shall be binding upon and inure to the benefit of the parties, their respective successors and assigns.

4.6 PARAGRAPH HEADINGS.

Paragraph headings are for convenience only and shall not affect the construction or interpretation of this Company Lease.

4.7 CONSENT TO AGENCY LEASE; SUBORDINATION.

The Company hereby consents to the sublease by the Agency of the Project Facility to the Company pursuant to the Agency Lease. The Company acknowledges and agrees that this Company Lease and the Agency Lease shall be subordinate in all respects to the Mortgages.

4.8 HOLD HARMLESS PROVISIONS.

(a) The Company hereby releases the Agency and its members, officers, agents, and employees from, agree that the Agency and its members, officers, agents, and employees shall not be liable for, and agree to indemnify, defend, and hold the Agency and its members, officers, agents, and employees harmless from and against any and all claims arising as a result of the Agency's undertaking of the Project, including, but not limited to:

(1) Liability for loss or damage to Property or bodily injury to or death of any and all persons that may be occasioned by any cause whatsoever pertaining to the Project Facility, or arising by reason of or in connection with the occupation or the use thereof, or the presence on, in, or about the Project Facility;

(2) Liability arising from or expense incurred by the Agency's acquisition of a leasehold interest in the Project Facility and the subleasing of the Project Facility, including, without limiting the generality of the foregoing, all liabilities or claims arising as a result of the Agency's obligations under the Agency Lease, the Company Lease or the Mortgage;

(3) All claims arising from the exercise by the Company of the authority conferred upon it and performance of the obligations assumed under Article II hereof;

(4) All causes of action and attorneys' fees and other expenses incurred in connection with any suits or actions which may arise as a result of any of the foregoing, provided that any such losses, damages, liabilities, or expenses of the Agency are not incurred or do not result from the intentional wrongdoing of the Agency or any of its members, officers, agents, or employees.

The foregoing indemnities shall apply notwithstanding the fault or negligence (other than gross negligence or willful misconduct) on the part of the Agency or any of its officers, members, agents, servants, or employees and irrespective of any breach of statutory obligation or any rule of comparative or apportioned liability.

(b) In the event of any claim against the Agency or its members, officers, agents, or employees by any employee of the Company, or any contractor of the Company, or anyone directly or indirectly employed by any of them, or any one for whose acts any of them may be liable, the obligations of the Company hereunder shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Company such

contractor under workers' compensation laws, disability benefit laws, or other employee benefit laws.

(c) Notwithstanding any other provisions of this Company Lease, the obligations of the Company pursuant to this Section 4.8 shall remain in full force and effect after the termination of the Agency Lease and this Company Lease until the expiration of the period stated in the applicable statute of limitations during which a claim, cause of action, or prosecution relating to the matters herein described may be brought, and the payment in full or the satisfaction of such claim, cause of action, or prosecution, and the payment of all expenses and charges incurred by the Agency, or its officers, members, agents (other than the Company), or employees, relating thereto.

(d) For purposes of this Section 4.8, the Company shall not be deemed to constitute an employee, agent or servant of the Agency or a person under the Agency's control or supervision.

4.9 NO RECOURSE; SPECIAL OBLIGATION.

The obligations and agreements of the Agency contained herein and in the other Agency Documents and in any other instrument or document executed in connection herewith or therewith, and any instrument or document supplemental hereto or thereto, shall be deemed the obligations and agreements of the Agency and not of any member, officer, agent, or employee of the Agency in his individual capacity; and the members, officers, agents, and employees of the Agency shall not be liable personally hereon or thereon or be subject to any personal liability or accountability based upon or in respect hereof or thereof or of any transaction contemplated hereby or thereby. The obligations and agreements of the Agency contained herein or therein shall not constitute or give rise to an obligation of the State New York or of the City of Syracuse, and neither the State of New York nor the City of Syracuse shall be liable hereon or thereon. Further, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency, payable solely from the revenues of the Agency derived, and to be derived from, the lease, sale, or other disposition of the Project Facility, other than revenues derived from or constituting Unassigned Rights. No order or decree of specific performance with respect to any of the obligations of the Agency hereunder or thereunder shall be sought or enforced against the Agency unless:

(a) The party seeking such order or decree shall first have requested the Agency in writing to take the action sought in such order or decree of specific performance, and thirty (30) days shall have elapsed from the date of receipt of such request, and the Agency shall have refused to comply with such request (or if compliance therewith would reasonably be expected to take longer than thirty (30) days, shall have failed to institute and diligently pursue action to cause compliance with such request) or failed to respond within such notice period; and

(b) If the Agency refuses to comply with such request and the Agency's refusal to comply is based on its reasonable expectation that it will incur fees and expenses, the party seeking such order or decree shall have placed in an account with the Agency an amount or undertaking sufficient to cover such reasonable fees and expenses; and

(c) If the Agency refuses to comply with such request and the Agency's refusal to comply is based on its reasonable expectation that it or any of its members, officers, agents, or employees shall be subject to potential liability, the party seeking such order or decree shall (1) agree to indemnify and hold harmless the Agency and its members, officers, agents, and employees against any liability incurred as a result of its compliance with such demand; and (2) if requested by the Agency, furnish to the Agency satisfactory security to protect the Agency and its members, officers, agents, and employees against all liability expected to be incurred as a result of compliance with such request.

Any failure to provide notice, indemnity, or security to the Agency pursuant to this Section 4.9 shall not alter the full force and effect of any Event of Default under the Agency Lease.

(d) For purposes of this Section 4.9, the Company shall not be deemed to constitute an employee, agent or servant of the Agency or a person under the Agency's control or supervision.

4.10 MERGER OF AGENCY.

(a) Nothing contained in this Company Lease shall prevent the consolidation of the Agency with, or merger of the Agency into, or assignment by the Agency of its rights and interests hereunder to any other body corporate and politic and public instrumentality of the State of New York, or political subdivision thereof, which has the legal authority to perform the obligations of the Agency hereunder, provided that upon any such consolidation, merger, or assignment, the due and punctual performance and observance of all the agreements and conditions of this Company Lease to be kept and performed by the Agency shall be expressly assumed in writing by the public instrumentality or political subdivision resulting from such consolidation or surviving such merger or to which the Agency's rights and interests hereunder shall be assigned.

(b) As of the date of any such consolidation, merger, or assignment, the Agency shall give notice thereof in reasonable detail to the Company. The Agency shall promptly furnish to the Company such additional information with respect to any such consolidation, merger, or assignment as the Company reasonably may request.

4.11 EXECUTION OF COUNTERPARTS.

This Company Lease may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

4.12 EVENT OF DEFAULT.

A default in the performance or the observance of any covenants, conditions, or agreements on the part of the Company in this Company Lease, the Agency Lease or the Project Agreement.

4.13 REMEDIES.

Whenever any Event of Default shall have occurred and be continuing, the Agency may, to the extent permitted by law, take any one or more of the following remedial steps:

1) Terminate the Company Lease; or

2) Take any other action at law or in equity, which may appear necessary or desirable to collect any amounts then due, or thereafter to become due, hereunder.

4.14 AMENDMENTS, CHANGES AND MODIFICATIONS.

This Company Lease may not be amended, changed, modified, altered, or terminated except by an instrument in writing signed by the parties hereto.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the Company and the Agency have duly executed this Company Lease, as of the day and year first above written.

3	Total additional transfer tax due* *(multiply line 2 by 1% (.01))*	3.	

Part 3 – Explanation of exemption claimed on Part 1, line 1 *(mark an **X** in all boxes that apply)*

The conveyance of real property is exempt from the real estate transfer tax for the following reason:

a. Conveyance is to the United States, the United Nations, New York State, or any of their instrumentalities, agencies, or political subdivisions (or any public corporation, including a public corporation created pursuant to agreement or compact with another state or Canada) ..... a ☒

b. Conveyance is to secure a debt or other obligation ..... b ☐

c. Conveyance is without additional consideration to confirm, correct, modify, or supplement a prior conveyance ..... c ☐

d. Conveyance of real property is without consideration and not in connection with a sale, including conveyances conveying realty as bona fide gifts ..... d ☐

e. Conveyance is given in connection with a tax sale ..... e ☐

f. Conveyance is a mere change of identity or form of ownership or organization where there is no change in beneficial ownership. (This exemption cannot be claimed for a conveyance to a cooperative housing corporation of real property comprising the cooperative dwelling or dwellings.) Attach Form TP-584.1, Schedule F ..... f ☐

g. Conveyance consists of deed of partition ..... g ☐

h. Conveyance is given pursuant to the federal Bankruptcy Act ..... h ☐

i. Conveyance consists of the execution of a contract to sell real property, without the use or occupancy of such property, or the granting of an option to purchase real property, without the use or occupancy of such property ..... i ☐

j. Conveyance of an option or contract to purchase real property with the use or occupancy of such property where the consideration is less than $200,000 and such property was used solely by the grantor as the grantor's personal residence and consists of a one-, two-, or three-family house, an individual residential condominium unit, or the sale of stock in a cooperative housing corporation in connection with the grant or transfer of a proprietary leasehold covering an individual residential cooperative apartment ..... j ☐

k. Conveyance is not a conveyance within the meaning of Tax Law, Article 31, § 1401(e) *(attach documents supporting such claim)* ..... k ☐

* The total tax (from Part 1, line 6 and Part 2, line 3 above) is due within 15 days from the date of conveyance. Make check(s) payable to the county clerk where the recording is to take place. For conveyances of real property within New York City, use Form TP-584-NYC. If a recording is not required, send this return and your check(s) made payable to the ***NYS Department of Taxation and Finance***, directly to the NYS Tax Department, RETT Return Processing, PO Box 5045, Albany NY 12205-0045. If not using U.S. Mail, see Publication 55, *Designated Private Delivery Services*.

Schedule C – Credit Line Mortgage Certificate (Tax Law Article 11)

Complete the following only if the interest being transferred is a fee simple interest.
This is to certify that: *(mark an X in the appropriate box)*

1. ☐ The real property being sold or transferred is not subject to an outstanding credit line mortgage.

2. ☐ The real property being sold or transferred is subject to an outstanding credit line mortgage. However, an exemption from the tax is claimed for the following reason:

   a ☐ The transfer of real property is a transfer of a fee simple interest to a person or persons who held a fee simple interest in the real property (whether as a joint tenant, a tenant in common or otherwise) immediately before the transfer.

   b ☐ The transfer of real property is (A) to a person or persons related by blood, marriage or adoption to the original obligor or to one or more of the original obligors or (B) to a person or entity where 50% or more of the beneficial interest in such real property after the transfer is held by the transferor or such related person or persons (as in the case of a transfer to a trustee for the benefit of a minor or the transfer to a trust for the benefit of the transferor).

   c ☐ The transfer of real property is a transfer to a trustee in bankruptcy, a receiver, assignee, or other officer of a court.

   d ☐ The maximum principal amount secured by the credit line mortgage is $3 million or more, and the real property being sold or transferred is **not** principally improved nor will it be improved by a one- to six-family owner-occupied residence or dwelling.

   Note: for purposes of determining whether the maximum principal amount secured is $3 million or more as described above, the amounts secured by two or more credit line mortgages may be aggregated under certain circumstances. See TSB-M-96(6)-R for more information regarding these aggregation requirements.

   e ☐ Other *(attach detailed explanation)*.

3. ☐ The real property being transferred is presently subject to an outstanding credit line mortgage. However, no tax is due for the following reason:

   a ☐ A certificate of discharge of the credit line mortgage is being offered at the time of recording the deed.

   b ☐ A check has been drawn payable for transmission to the credit line mortgagee or mortgagee's agent for the balance due, and a satisfaction of such mortgage will be recorded as soon as it is available.

4. ☐ The real property being transferred is subject to an outstanding credit line mortgage recorded in _____ (insert liber and page or reel or other identification of the mortgage). The maximum principal amount of debt or obligation secured by the mortgage is _____. No exemption from tax is claimed and the tax of _____ is being paid herewith. *(Make check payable to county clerk where deed will be recorded.)*

Signature (both the grantors and grantees must sign)

The undersigned certify that the above information contained in Schedules A, B, and C, including any return, certification, schedule, or attachment, is to the best of their knowledge, true and complete, and authorize the person(s) submitting such form on their behalf to receive a copy for purposes of recording the deed or other instrument effecting the conveyance.

Reminder: Did you complete all of the required information in Schedules A, B, and C? Are you required to complete Schedule D? If you marked *e*, *f*, or *g* in Schedule A, did you complete Form TP-584.1? Have you attached your check(s) made payable to the county clerk where recording will take place? If no recording is required, send this return and your check(s), made payable to the ***NYS Department of Taxation and Finance***, directly to the NYS Tax Department, RETT Return Processing, PO Box 5045, Albany NY 12205-0045. If not using U.S. Mail, see Publication 55, *Designated Private Delivery Services*.

Schedule C – Credit Line Mortgage Certificate (Tax Law Article 11)

Complete the following only if the interest being transferred is a fee simple interest.
This is to certify that: *(mark an **X** in the appropriate box)*

1. ☐ The real property being sold or transferred is not subject to an outstanding credit line mortgage.

2. ☐ The real property being sold or transferred is subject to an outstanding credit line mortgage. However, an exemption from the tax is claimed for the following reason:

   a ☐ The transfer of real property is a transfer of a fee simple interest to a person or persons who held a fee simple interest in the real property (whether as a joint tenant, a tenant in common or otherwise) immediately before the transfer.

   b ☐ The transfer of real property is (A) to a person or persons related by blood, marriage or adoption to the original obligor or to one or more of the original obligors or (B) to a person or entity where 50% or more of the beneficial interest in such real property after the transfer is held by the transferor or such related person or persons (as in the case of a transfer to a trustee for the benefit of a minor or the transfer to a trust for the benefit of the transferor).

   c ☐ The transfer of real property is a transfer to a trustee in bankruptcy, a receiver, assignee, or other officer of a court.

   d ☐ The maximum principal amount secured by the credit line mortgage is $3 million or more, and the real property being sold or transferred is **not** principally improved nor will it be improved by a one- to six-family owner-occupied residence or dwelling.

   Note: for purposes of determining whether the maximum principal amount secured is $3 million or more as described above, the amounts secured by two or more credit line mortgages may be aggregated under certain circumstances. See TSB-M-96(6)-R for more information regarding these aggregation requirements.

   e ☐ Other *(attach detailed explanation)*.

3. ☐ The real property being transferred is presently subject to an outstanding credit line mortgage. However, no tax is due for the following reason:

   a ☐ A certificate of discharge of the credit line mortgage is being offered at the time of recording the deed.

   b ☐ A check has been drawn payable for transmission to the credit line mortgagee or mortgagee's agent for the balance due, and a satisfaction of such mortgage will be recorded as soon as it is available.

4. ☐ The real property being transferred is subject to an outstanding credit line mortgage recorded in _____ (insert liber and page or reel or other identification of the mortgage). The maximum principal amount of debt or obligation secured by the mortgage is _____. No exemption from tax is claimed and the tax of _____ is being paid herewith. *(Make check payable to county clerk where deed will be recorded.)*

If not using U.S. Mail, see Publication 55, *Designated Private Delivery Services*.

Schedule D – Certification of exemption from the payment of estimated personal income tax (Tax Law, Article 22, § 663)

Complete the following only if a fee simple interest or a cooperative unit is being transferred by an individual or estate or trust.

If the property is being conveyed by a referee pursuant to a foreclosure proceeding, proceed to Part 2, mark an *X* in the second box under *Exemption for nonresident transferors/sellers*, and sign at bottom.

Part 1 – New York State residents

If you are a New York State resident transferor/seller listed in Form TP-584, Schedule A (or an attachment to Form TP-584), you must sign the certification below. If one or more transferor/seller of the real property or cooperative unit is a resident of New York State, **each** resident transferor/seller must sign in the space provided. If more space is needed, photocopy this Schedule D and submit as many schedules as necessary to accommodate all resident transferors/sellers.

Certification of resident transferors/sellers

This is to certify that at the time of the sale or transfer of the real property or cooperative unit, the transferor/seller as signed below was a resident of New York State, and therefore is not required to pay estimated personal income tax under Tax Law § 663(a) upon the sale or transfer of this real property or cooperative unit.

Signature	Print full name	Date
Signature	Print full name	Date
Signature	Print full name	Date
Signature	Print full name	Date

Note: A resident of New York State may still be required to pay estimated tax under Tax Law § 685(c), but not as a condition of recording a deed.

Part 2 – Nonresidents of New York State

If you are a nonresident of New York State listed as a transferor/seller in Form TP-584, Schedule A (or an attachment to Form TP-584) but are not required to pay estimated personal income tax because one of the exemptions below applies under Tax Law § 663(c), mark an ***X*** in the box of the appropriate exemption below. If any one of the exemptions below applies to the transferor/seller, that transferor/seller is not required to pay estimated personal income tax to New York State under Tax Law § 663. **Each** nonresident transferor/seller who qualifies under one of the exemptions below must sign in the space provided. If more space is needed, photocopy this Schedule D and submit as many schedules as necessary to accommodate all nonresident transferors/sellers.

If none of these exemption statements apply, you must complete Form IT-2663, *Nonresident Real Property Estimated Income Tax Payment Form*, or Form IT-2664, *Nonresident Cooperative Unit Estimated Income Tax Payment Form.* For more information, see *Payment of estimated personal income tax,* on Form TP-584-I, page 1.

Exemption for nonresident transferors/sellers

This is to certify that at the time of the sale or transfer of the real property or cooperative unit, the transferor/seller (grantor) of this real property or cooperative unit was a nonresident of New York State, but is not required to pay estimated personal income tax under Tax Law § 663 due to one of the following exemptions:

☐ The real property or cooperative unit being sold or transferred qualifies in total as the transferor's/seller's principal residence (within the meaning of Internal Revenue Code, section 121) from _____ (Date) to _____ (Date) *(see instructions)*.

☐ The transferor/seller is a mortgagor conveying the mortgaged property to a mortgagee in foreclosure, or in lieu of foreclosure with no additional consideration.

☐ The transferor or transferee is an agency or authority of the United States of America, an agency or authority of New York State, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Government National Mortgage Association, or a private mortgage insurance company.

SCHEDULE "1" FORM OF CERTIFICATION REGARDING ONGOING OBLIGATIONS UPON TERMINATION OF LEASES

AGENCY LEASE AGREEMENT

THIS AGENCY LEASE AGREEMENT, dated as of December 18, 2025 (the "***Agency Lease***"), is by and between the **CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY**, a body corporate and politic and a public instrumentality of the State of New York, having its office at One Park Place, 300 South State Street, Suite 700, Syracuse, New York 13202 (the "***Agency***") and **WILBUR AVE A/B, LLC,** a New York limited liability company having its office at 1001 Franklin Avenue, Suite 300, Garden City, New York 11530 (the "***Company***").

W I T N E S S E T H :

WHEREAS, the Agency is authorized and empowered by Title I of Article 18-A of the General Municipal Law of the State of New York (the "***State***"), as amended, together with Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (collectively, the "***Act***"), to promote, develop, encourage and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing of industrial, manufacturing, warehousing, commercial, research and recreation facilities, including industrial pollution control facilities, railroad facilities and certain horse racing facilities, for the purpose of promoting, attracting, encouraging and developing recreation and economically sound commerce and industry to advance the job opportunities, health, general prosperity and economic welfare of the people of the State, to improve their recreation opportunities, prosperity and standard of living, and to prevent unemployment and economic deterioration; and

WHEREAS, to accomplish its stated purposes, the Agency is authorized and empowered under the Act, among other things, to: (i) make contracts and leases, and to execute such documents as necessary or convenient, with a public or private person, firm, partnership, or corporation; (ii) to acquire, construct, reconstruct, lease, improve, maintain, equip or furnish one or more projects (as defined in the Act); and (iii) to sell, lease and otherwise dispose of any such property; and

WHEREAS, the Agency, by resolutions adopted on December 9, 2024 and November 18, 2025, agreed, at the request of the Company to undertake a project (the "***Project***") consisting of: (A)(i) the acquisition of an interest in approximately 8.0 acres of a larger piece of land located at 800 S. Wilbur Ave. Rear, (tax map no.: 098.2-01-05.2); and 802 S. Wilbur Ave (tax map no. 098.2-01-05.4); which parcels are located in the City of Syracuse, New York, with such acreage to be re-subdivided, in one or more lots from the larger parcel (the "***Land***"); the construction of two four story buildings, each containing approximately 130 units for an aggregate of approximately 261 residential units consisting of approximately: (34) studios, (112) one-bedroom units, (86) two-bedroom units and (28) three-bedroom units (all of which will meet or exceed the AMI Restrictions) and which will include a unit for an on-site superintendent and 20 units designed and fully adapted to meet ADA design requirements for households with individuals who have hearing, vision or mobility disabilities; amenity space for residents including: lobby, fitness center, community room, playroom, central laundry room, maintenance and management office, mechanical room, mail and package room and leasing office; outdoor spaces, including but not necessarily limited to, a park, a playground and surface parking sufficient for approximately 257

vehicles (collectively, the "***Facility***") to support the Facility; (iii) the acquisition and installation in and on the Land and Facility of furniture, fixtures and equipment (the "***Equipment***" and together with the Land and the Facility, the "***Project Facility***"); (B) the granting of certain financial assistance in the form of exemptions from real property tax and State and local sales and use tax with respect to the Project Facility (collectively, the "***Financial Assistance***"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, equipping and completion of the Project Facility; and (D) the lease of the Land and Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

WHEREAS, the Company, individually or as an assignee of its affiliate, 800 South Wilbur Ave. Syracuse, LLC, is party to a binding purchase and sale agreement ("***PSA***") with the City of Syracuse (the "***City***") that provides the Company the right to purchase additional property adjacent to the Land from the City ("***Condo Land***") that will accommodate and house approximately 27 condominiums for single family ownership (the "***Condominiums").*** The Company currently has no fee or leasehold interest in the Condo Land and no party is conferring or accepting a fee or leasehold interest in the Condo Land as part of this Agreement; and

WHEREAS, the parties hereto recognize and understand that the Company, as an inducement to the Agency for the Financial Assistance being provided to the Project Facility, has agreed to work diligently to undertake and complete, or cause to be undertaken and completed, the Condominiums; and

WHEREAS, the City, with the support of the Agency, caused a City-wide housing study to be completed which identified the breadth and scope of the housing crisis, spanning both affordability and conditions, in the City. In recognition of the housing crisis, the Agency and the City continue to coordinate investments, as and when applicable, to leverage resources, as intentionally as possible, to maximize impact, and help to achieve our mutual goal of improving the overall housing market and conditions within the City; and

WHEREAS, under the Act, the Agency is tasked, in part, with improving the health, general prosperity and economic welfare of the people it serves and improves their recreation opportunities, prosperity and standard of living (collectively, "***Factors***"); and

WHEREAS, the Agency has identified housing as a basic need that improves these Factors; and

WHEREAS, the Agency proposes to assist the Company's acquisition, construction and equipping of the Project Facility and grant the Financial Assistance to the Project by, among other things: (1) appointing the Company and/or its designee as its agent with respect to undertaking and completing the Project; (2) accepting a leasehold interest in the Land and the Facility from the Company and a fee interest in the Equipment pursuant to a bill of sale from the Company; and (3) subleasing the Project Facility to the Company pursuant to this Agency Lease; and

WHEREAS, the Company is the current owner of the Land and the Facility and has leased the Land and the Facility to the Agency pursuant to the Company Lease Agreement dated as of December 18, 2025 (the "***Company Lease***"); and

WHEREAS, in order to induce the Company to develop the Project Facility, the Agency is willing to take a leasehold interest in the Land, the Facility, the Equipment and personal property constituting the Facility and lease said Project Facility back to the Company pursuant to the terms and conditions contained herein; and

WHEREAS, all things necessary to constitute this Agency Lease a valid and binding agreement by and between the parties hereto in accordance with the terms hereof have been done and performed, and the creation, execution, and delivery of this Agency Lease have, in all respects, been duly authorized.

NOW, THEREFORE, for and in consideration of the premises and the mutual covenants hereinafter contained, the parties hereto hereby formally covenant, agree and bind themselves as follows, to wit:

ARTICLE I

RECITALS AND DEFINITIONS

1.1 RECITALS.

The foregoing recitals are incorporated herein by reference as if fully set forth hereinbelow.

1.2 DEFINITIONS.

For all purposes of this Agency Lease and any agreement supplemental thereto, all defined terms indicated by the capitalization of the first letter of such term shall have the meanings specified in the Table of Definitions attached hereto as **Exhibit "C"** except as otherwise expressly defined herein or the context hereof otherwise requires.

1.3 INTERPRETATION.

In this Agency Lease, unless the context otherwise requires:

(a) The terms "hereby," "hereof," "herein," "hereunder," and any similar terms as used in this Agency Lease refer to this Agency Lease; the term "heretofore" shall mean before and the term "hereafter" shall mean after the date of this Agency Lease;

(b) Words of masculine gender shall mean and include correlative words of feminine and neuter genders, and words importing the singular number shall mean and include the plural number and vice versa; and

(c) Any certificates, letters, or opinions required to be given pursuant to this Agency Lease shall mean a signed document attesting to or acknowledging the circumstances,

representations, opinions of law, or other matters therein stated or set forth or setting forth matters to be determined pursuant to this Agency Lease.

(d) The Agency will take a leasehold interest in the Project Facility, lease the Project Facility to the Company pursuant to this Agency Lease and designate the Company as its agent for purposes of completing the Project, all for the purpose of promoting the industry, health, welfare, convenience and prosperity of the inhabitants of the State and City of Syracuse and improving their standard of living.

ARTICLE II

REPRESENTATIONS AND COVENANTS

2.1 REPRESENTATIONS OF THE AGENCY.

The Agency makes the following representations to the Company as the basis for the undertakings on its part herein contained:

(a) The Agency is duly established under the provisions of the Act and has the power to enter into this Agency Lease and to carry out its obligations hereunder. Based upon the representations of the Company as to the utilization of the Project Facility, the Project Facility will constitute a "project," as such quoted term is defined in the Act. By proper official action, the Agency has been duly authorized to execute, deliver, and perform this Agency Lease and the other Agency Documents.

(b) Neither the execution and delivery of this Agency Lease, the consummation of the transactions contemplated thereby, nor the fulfillment of or compliance with the provisions of this Agency Lease and the other Agency Documents by the Agency will conflict with or result in a breach by the Agency of any of the terms, conditions, or provisions of the Act, the By-Laws of the Agency, or any order, judgment, restriction, agreement, or instrument to which the Agency is a party or by which it is bound or will constitute a default by the Agency under any of the foregoing.

(c) The Agency will take a leasehold interest in the Project Facility, lease the Project Facility to the Company pursuant to this Agency Lease and designate the Company as its agent for purposes of completing the Project, all for the purpose of promoting the industry, health, welfare, convenience and prosperity of the inhabitants of the State and City of Syracuse, New York and improving their standard of living.

(d) The Agency has been induced to enter this Agency Lease by the undertaking of the Company to acquire, construct, equip, repair, complete and maintain the Project Facility and related investments to help achieve the Factors, address housing and help eliminate blight, effect a positive economic impact. This Agency Lease and the other Agency Documents constitute, or upon their execution and delivery in accordance with the terms thereof will constitute, valid and legally binding obligations of the Agency, enforceable in accordance with their respective terms.

2.2 REPRESENTATIONS AND COVENANTS OF THE COMPANY.

The Company acknowledges, represents, warrants and covenants to the Agency as follows:

(a) The Company is a limited liability company, duly organized, validly existing and in good standing under the laws of the State of New York, has the power to enter into this Agency Lease and the other Company Documents and to carry out its obligations hereunder and thereunder, and has duly authorized the execution, delivery, and performance of this Agency Lease and the other Company Documents.

(b) This Agency Lease and the other Company Documents constitute, or upon their execution and delivery in accordance with the terms thereof will constitute, valid and legally binding obligations of the Company, enforceable in accordance with their respective terms.

(c) The Company is the present fee owner of the Land and shall remain the fee owner of the Land and the Facility to be constructed thereon for the term of this Agency Lease unless otherwise consented to in writing by the Agency.

(d) The Company, as assignee of its affiliate, 800 South Wilbur Ave. Syracuse, LLC, is party to a binding PSA with the City that provides the Company the right to purchase the Condo Land. The Company, as an inducement to the Agency for the Financial Assistance being provided to the Project Facility, has agreed to diligently work to undertake and complete, or cause to be undertaken and completed, the Condominiums.

(e) The Company shall complete the Project Facility on or before the Completion Date.

(f) The Company shall provide quarterly updates, commencing on January 1, 2026 and each consecutive quarter thereafter, to the Agency, or at such other time intervals as the Agency may agree, of its efforts to undertake, or cause to be undertaken, the Condominiums on or before the Completion Date. Notwithstanding anything herein or in any other Agency Document or Company Document to the contrary, the Agency's Financial Assistance is not contingent or conditioned in any way upon the commencement or completion of the Condominiums and the failure to commence or complete the Condominiums shall not be an Event of Default hereunder or under any other Agency Document or Company Document.

(g) This Project is not primarily used for retail as set forth in the Act.

(h) For the duration of the term hereof, the Company shall operate the Project Facility as the Project Facility and for the purposes presented herein and in the Application and Plans and Specifications presented to the Agency including compliance with AMI Restrictions.

(i) Neither the execution and delivery of this Agency Lease and the other Company Documents, the consummation of the transactions contemplated thereby, nor the fulfillment of or compliance with the provisions thereof will:

(1) Result in a breach of, or conflict with any term or provision in, the Company's Articles of Organization and Operating Agreement;

(2) Require consent under (which has not been heretofore received) or result in a breach of or default under any credit agreement, indenture, purchase agreement, mortgage, deed of trust, commitment, guaranty or other agreement or instrument to which the Company is a party or by which the Company or any of its property may be bound or affected; or

(3) Conflict with or violate any existing law, rule, regulation, judgment, order, writ, injunction, or decree of any Governmental Authority or court (domestic or foreign) having jurisdiction over the Company or any of the property of the Company or violate any Applicable Laws. The Company shall operate the Facility in accordance with this Agency Lease and as a qualified "project" under the Act.

(j) The providing of Financial Assistance to the Project by the Agency:

(1) Has been an important consideration in the Company's decision to acquire, construct, equip and complete the Project Facility in the City of Syracuse;

(2) Will not result in the removal of an industrial or manufacturing plant or commercial activity of any Project Facility occupant from one area of the State to another area of the State or in the abandonment of one or more plants or facilities of any user, occupant, or proposed user or occupant of the Project Facility located within the State, except as permitted by the Act; and

(3) Will help address the housing shortage, the Agency's Factors, eliminate blight and advance job opportunities, prosperity, and standard of living and help prevent economic deterioration.

(k) So long as the Agency holds a leasehold interest in the Project Facility, the Project Facility is and will continue to be a "project" (as such quoted term is defined in the Act), and the Company will not take any action (or omit to take any action required by the Company Documents or which the Agency, together with Agency's counsel, advise the Company in writing should be taken), or allow any action to be taken, which action (or omission) would in any way cause the Project Facility not to constitute a "project" (as such quoted term is defined in the Act).

(l) The Company shall cause all notices as required by law to be given and shall comply or cause compliance with all Applicable Laws, and the Company will defend and save the Agency and its officers, members, agents (other than the Company), and employees harmless from all fines and penalties due to failure to comply therewith.

(m) The Company shall, at all times, maintain the Project Facility in accordance with all applicable Federal, State and local laws, rules and regulations, including but not limited to the City of Syracuse Property Conservation Code and the Syracuse Zoning Code.

(n) The Project will not have a "significant effect on the environment" (within the meaning of such term as used in SEQRA) and the Company hereby covenants to comply with all mitigating measures, requirements and conditions, if any, enumerated in the SEQRA Resolution

under SEQRA applicable to the acquisition, construction and installation of the Project Facility and in any other approvals issued by any other Governmental Authority with respect to the Project. No material changes with respect to any aspect of the Project Facility have arisen from the date of the issuance of such negative declaration which would cause the determination contained therein to be untrue.

(o) The Company acknowledges the Agency's Local Access Policy and the Company's obligation to comply. The Company further understands and agrees that it is the preference of the Agency that the Company provide opportunities for the purchase of goods and services from: (i) business enterprises located in the City; (ii) certified minority and or women-owned business enterprises; and (iii) business enterprises that employ residents of the City. The Company further understands and acknowledges that consideration will be given by the Agency to the Company's efforts to comply, and compliance, with this objective at any time an extension of benefits is sought or involvement by the Agency with the Project is requested by the Company.

(p) The Company is ready to proceed with construction of the Project Facility.

(q) The acquisition, construction, equipping and completion of the Project Facility will promote employment opportunities and help prevent economic deterioration in the City by the creation and/or preservation of both full and part-time jobs.

(r) The Company has all currently necessary permits, licenses, and governmental approvals and consents (collectively, "***Approvals***") for the construction and equipping of the Project Facility and has or will have such Approvals timely for each phase of, and throughout the, construction and equipping of the Project Facility.

(s) The Company will not sublease the whole or any portion of the Project Facility for an unlawful purpose.

(t) No part of the Project Facility will be located outside of the City.

(u) The Company shall perform, or cause to be performed, for and on behalf of the Agency, each and every obligation of the Agency (which is within the control of the Company) under and pursuant to this Agency Lease, the Company Lease and the other Company Documents and shall defend, indemnify, and hold harmless the Agency and its members, officers, agents (other than the Company), servants and employees from and against every expense, liability, or claim arising out of the failure of the Company to fulfill its obligations under the provisions of this Section 2.2.

(v) The Company agrees that except as is otherwise provided by collective bargaining contracts or agreements applicable to the Project, new employment opportunities created as a result of the Project shall be listed with the New York State Department of Labor Community Services Division, and with the administrative entity of the service delivery area created by the Federal Job Training Partnership Act (P.L. No. 97-300) in which the Project is located. The Company further agrees that except as is otherwise provided by collective bargaining contracts or agreements applicable to the Project, it will first consider persons eligible to participate in the Federal Job Training Partnership (P.L. No. 97-300) programs who shall be referred by

administrative entities of service delivery areas created pursuant to such act or by the Community Services Division of the Department of Labor for such new employment opportunities.

(w) The Company shall provide to the Agency any and all documentation or information requested by the Agency so that the Agency can comply with all of its reporting requirements under the Act.

(x) As a condition precedent to receiving or benefiting from any State sales and use tax exemption benefits, the Company acknowledges and agrees to all terms and conditions of Section 875(3) of the Act. Section 875(3) of the Act is herein incorporated by reference. As part of such conditions precedent:

(1) The Company shall not take any State or local Sales and Use Tax exemptions to which it is not entitled, which are in excess of the amount authorized by the Agency in reliance on the Company's Application or which are for property or services not authorized.

(2) The Company shall comply with all material terms and conditions to use property or services in the manner required by the Agency Documents.

(3) The Company shall cooperate with the Agency in the Agency's efforts to recover, recapture, receive or otherwise obtain from the Company any Sales Tax Recapture Amount (as defined herein) and shall, upon the Agency's request, immediately pay to the Agency any Recapture Amount, together with any interest or penalties thereon imposed by the Agency or by operation of law or by judicial order or otherwise. The Company acknowledges and agrees that the failure of the Company to promptly pay any Sales Tax Recapture Amount to the Agency will be grounds for the State Commissioner of Taxation and Finance to collect sales and use taxes from the Company under Article 28 of the State Tax Law, together with interest and penalties.

(y) The amount of State and local sales and use tax benefits comprising the Financial Assistance approved by the Agency shall not exceed **$2,537,368**. **Such exemption shall not be used for the Condominiums.** The Company shall not request, obtain nor claim State and local sales and use tax exemptions in excess of this amount.

(z) The Company hereby acknowledges, agrees and covenants to timely pay all costs of construction, equipping and completing the Project, and its obligations hereunder including, but not limited to, Article 4 hereof.

(aa) The Company hereby represents, warrants and covenants that no properties owned or leased by the Company in the City are currently the subject of any violations, including but not limited to zoning and/or permitting, by any governmental agency nor are any such properties delinquent in any taxes or payments in lieu thereof to any municipality. The Company further represents, warrants and covenants that all Company owned or leased properties are in compliance with, all laws, ordinances, rules, regulations, and requirements of all Governmental Authorities and that there is no pending or threatened action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, public board or body pending or, to the knowledge of the Company, threatened against or affecting the Company, to which the Company

is a party, and in which an adverse result would in any way diminish or adversely impact on the Company's ability to fulfill its obligations under this Agency Lease.

(bb) The Company covenants that the Facility will comply in all respects with all environmental laws and regulations, and, except in compliance with environmental laws and regulations, (i) that no pollutants, contaminant, solid wastes, or toxic or hazardous substances will be stored, treated, generated, disposed of, or allowed to exist on the Facility except in compliance with all material applicable laws, (ii) the Company will take all reasonable and prudent steps to prevent an unlawful release of hazardous substances onto the Facility or onto any other property, (iii) that no asbestos will be incorporated into or disposed of on the Facility, (iv) that no underground storage tanks will be located on the Facility, and (v) that no investigation, order, agreement, notice, demand or settlement with respect to any of the above is threatened, anticipated, or in existence. The Company upon receiving any information or notice contrary to the representations contained in this Section shall immediately notify the Agency in writing with full details regarding the same. The Company hereby releases the Agency from liability with respect to, and agrees to defend, indemnify, and hold harmless the Agency, its executive director, directors, members, officers, employees, agents, representatives, successors, and assigns from and against any and all claims, demands, damages, costs, orders, liabilities, penalties, and expenses (including reasonable attorneys' fees) related in any way to any violation of the covenants or failure to be accurate of the representations contained in this Section. In the event the Agency in its reasonable discretion deems it necessary to perform due diligence with respect to any of the above, or to have an environmental audit performed with respect to the Facility, the Company agrees to pay the expenses of same to the Agency upon demand, and agrees that upon failure to do so, its obligation for such expenses shall be deemed to be additional rent. The Company hereby agrees that at all times during which it is operating the Project, and whether or not this Agency Lease is in effect, to comply with, and ensure compliance by its subtenants or sublessees with, the provisions of the Environmental Compliance and Indemnification Agreement, dated as of the date hereof (the "***Environmental Compliance and Indemnification Agreement***").

(cc) **The Company hereby acknowledges and agrees that the Financial Assistance being provided by the Agency under the Company Documents constitutes "public funds" unless otherwise excluded under Section 224-a(3) of the New York Labor Law, and by executing this Agency Lease, (i) confirms that it has received notice from the Agency pursuant to Section 224-a(8)(d) of the New York Labor Law and (ii) acknowledges its obligations pursuant to Section 224-a(8)(a) of the New York Labor Law. Other than the Agency Financial Assistance estimates provided herein and disclosed to the Company, the Agency makes no representations or covenants with respect to the total sources of "public funds" received by the Company in connection with the Project.**

(dd) The Company shall comply with all of the Agency's policies, including but not limited to, the Local Access Policy and the Project Approval Policy, with respect to, among other things, local hiring and MWBE requirements.

2.3 PUBLIC AUTHORITIES LAW REPRESENTATIONS.

The parties hereto acknowledge that the Facility and the interest therein conveyed to the Agency under the Company Lease, dated as of the date hereof, by and between the Company and

the Agency (the "***Company Lease***") and conveyed by the Agency back to the Company pursuant to the terms of this Agency Lease are not "property" as defined in Title 5-A of the Public Authorities Law of the State because the Facility and the leasehold interests therein are securing the Company's obligations to the Agency under the PILOT Agreement (as herein defined), the Environmental Compliance and Indemnification Agreement and this Agency Lease, including (i) the Company's obligation to acquire, construct, equip and maintain the Project Facility on behalf of the Agency and (ii) the performance by the Company of the Unassigned Rights.

ARTICLE III
CONVEYANCE OF LEASEHOLD INTEREST IN PROJECT FACILITY

3.1 AGREEMENT TO CONVEY LEASEHOLD INTEREST TO COMPANY.

The Company has conveyed to the Agency, pursuant to the Company Lease, a leasehold interest in the Land and Facility, as more fully described in **Exhibit "A"** attached hereto, any improvements now or hereafter constructed and installed thereon, subject to Permitted Encumbrances and all of its right, title and interest in the Equipment via a Bill of Sale, as more fully described in **Exhibit "B"** attached hereto. Under this Agency Lease, the Agency will convey, demise, or will cause to be conveyed or demised, to the Company, a subleasehold interest in the Project Facility subject to Permitted Encumbrances and exclusive of the Agency's Unassigned Rights.

3.2 USE OF PROJECT FACILITY.

Subsequent to the Closing Date, the Company shall be entitled to use the Project Facility in accordance with the terms of this Agency Lease and for the purposes described in the third WHEREAS clause of this Agency Lease; provided that such use causes the Project Facility to qualify or continue to qualify as a "project" under the Act.

ARTICLE IV

CONSTRUCTION AND EQUIPPING OF THE PROJECT

4.1 CONSTRUCTION AND EQUIPPING OF THE PROJECT FACILITY.

(a) The Company shall promptly construct, equip and complete the Project Facility all in accordance with the Plans and Specifications on or before the Completion Date. Unless a written waiver is first obtained from the Agency, in accordance with the Agency's Local Access Policy, the Company and its Additional Agents (as defined herein), shall utilize local labor, contractors and suppliers for the construction, equipping and completion of the Project Facility. For purposes of this Agency Lease, and in particular this Section 4.1, the term "***local***" shall mean Onondaga, Oswego, Oneida, Madison, Cayuga and Cortland Counties. In addition, the Company shall comply with the Agency's MWBE requirements during construction. Failure to comply with the local labor and/or the MWBE requirements of this Section 4.1 (collectively, "***Local Labor Requirements***") may result in the revocation or recapture of all benefits provided/approved to the Project by the Agency. Failure to comply with any portion of Article 4 may result in the loss of all benefits provided or for the benefit of the Project in the Agency's sole discretion. In furtherance

thereof, the Company shall complete the Agency's Local Access Agreement. A complete and fully executed copy of which is attached hereto as **Exhibit "D"**.

(b) The Agency hereby confirms the appointment of the Company as its true and lawful agent to perform the following in compliance with the terms, purposes, and intent of this Agency Lease, the Act and the other Company Documents, and the Company hereby accepts such appointment:

(1) To construct, equip and complete the Project Facility and to acquire the Equipment in accordance with the terms hereof;

(2) To make, execute, acknowledge, and deliver any contracts, orders, receipts, writings, and instructions with any other Persons and, in general, to do all things which may be requisite or proper, all for the construction, equipping and completion of the Project Facility with the same powers and with the same validity as the Agency could do if acting in its own behalf, provided that the Agency shall have no liability for the payment of any sums due thereunder;

(3) To pay all fees, costs and expenses incurred in the construction, equipping and completion of the Project Facility from funds made available therefore from the funds of the Company; and

(4) To ask, demand, sue for, levy, recover, and receive all such sums of money, debts, dues, and other demands whatsoever which may be due, owing, and payable to the Agency under the terms of any contract, order, receipt, or writing in connection with the construction, equipping and completion of the Project Facility and to enforce the provisions of any contract, agreement, obligation, bond, or other performance security.

(c) The Agency shall enter into, and accept the assignment of, such contracts as the Company may request in order to effectuate the purposes of this Section 4.1, provided, however, that the Agency shall have no liability for the payment of any sums due thereunder.

(d) The Company has given, or will give or cause to be given, all notices and have complied, or will comply or cause compliance with, all laws, ordinances, rules, regulations, and requirements of all Governmental Authorities applying to or affecting the conduct of work on the Project Facility (the applicability of such laws, ordinances, rules, and regulations to be determined both as if the Agency were the owner of the Project Facility and as if the Company were the owner of the Project Facility), and the Company will defend, indemnify, and save the Agency and its officers, members, agents, servants, and employees harmless from all fines and penalties due to failure to comply therewith. All permits and licenses necessary for the prosecution of work on the Project Facility shall be procured promptly by the Company.

(e) The Company understands and agrees that it is the preference of the Agency that the Company provide opportunities for the purchase of goods and services relative to the Project from: (i) business enterprises located in the City; (ii) certified minority and/or women-owned business enterprises; and (iii) business enterprises that employ residents of the City. Consideration will be given by the Agency to the Company's efforts to comply, and

compliance with, this objective at any time an extension of benefits is requested, or further involvement by the Agency with the Project, is requested by the Company.

4.2 COMPLETION OF PROJECT FACILITY.

(a) The Company shall proceed with due diligence to acquire, construct, equip and complete the Project Facility in accordance with the Plans and Specifications. Completion of the acquisition, construction and equipping of the Project Facility shall be evidenced by a certificate signed by an Authorized Representative of the Company and approved by the Agency, on or before the Completion Date, stating:

(1) The date of such completion;

(2) That all labor, services, materials, and supplies used therefor and all costs and expenses in connection therewith have been paid;

(3) That the Company has good and valid title to all Property constituting the Project Facility subject to the interest of the Agency therein and to this Agency Lease, the Company Lease and the Bill of Sale; and

(4) That the Project Facility is ready for occupancy, use and operation for its intended purposes.

(b) Notwithstanding the foregoing, such certificate may state that (1) it is given without prejudice to any rights of the Company against third parties which exist at the date of such certificate or which may subsequently come into being; (2) it is given only for the purposes of this Section 4.2; and (3) no Person other than the Agency may benefit therefrom.

(c) Such certificate shall be accompanied by (1) copy of a certificate of occupancy, if required, and any and all permissions, licenses, or consents required of Governmental Authorities for the occupancy, operation, and use of the Project Facility for its intended purposes; and (2) Lien releases from the Company's contractor and any subcontractors under a contract with a price in excess of $100,000.

4.3 COSTS OF COMPLETION PAID BY COMPANY.

(a) The Company agrees to complete the Project in accordance with the terms hereof and to pay in full (or cause to be paid in full) all costs of the construction, equipping and completion of the Project Facility.

(b) No payment by the Company pursuant to this Section 4.3 shall entitle the Company to any diminution or abatement of any amounts payable by the Company under this Agency Lease.

4.4 REMEDIES TO BE PURSUED AGAINST CONTRACTORS, SUBCONTRACTORS, MATERIALMEN AND THEIR SURETIES.

In the event of a default by any materialman or Additional Agent (as defined herein) under any contract made by them in connection with construction, equipping and completion of the Project Facility or in the event of a breach of warranty or other liability with respect to any materials, workmanship, or performance guaranty, the Company shall proceed, either separately or in conjunction with others, to exhaust the remedies of the Company against the materialman or Additional Agent so in default and against each surety for the performance of such contract. The Company may prosecute or defend any action or proceeding or take any other action involving any such materialman or Additional Agent or surety which the Company deems reasonably necessary. The Company shall advise the Agency of any actions or proceedings taken hereunder. No such suit shall relieve the Company of any of its obligations under this Agency Lease and the other Company Documents.

4.5 COOPERATION IN EXECUTION OF ADDITIONAL MORTGAGES AND MODIFICATIONS OF MORTGAGES.

The Agency agrees, upon written request of an Authorized Representative of the Company and subject to the provisions of the Act, to use its commercially reasonable efforts to execute and deliver one or more Mortgages and such additional instruments and documents may be requested by the Company and approved by counsel to the Agency and as may be required in connection with the Company's financing or refinancing for the costs of construction and equipping of the Project Facility, provided that:

(a) No Event of Default under this Agency Lease, the Company Lease, the PILOT Agreement, the Project Agreement or the Mortgage shall have occurred and be continuing; and

(b) The execution and delivery of such documents by the Agency (i) is permitted by law in effect at the time; and (ii) will serve the public purposes of the Act; and

(c) The Company will be responsible for and shall pay, from the proceeds thereof or otherwise, the Agency's fee and the costs and expenses of the Agency incidental to such additional financing, refinancing or modification thereof, including without limitation the reasonable attorneys' fees of the Agency; and

(d) The documents to be signed by the Agency shall contain the provisions set forth in Sections 8.2 and 11.11 hereof, and shall not impose any duties or obligations upon the Agency except as may be acceptable to the Agency.

(e) Any and all Mortgages, shall, by its terms, be subordinate to the Agency's right to receive payments under the PILOT Agreement.

4.6 MORTGAGEE'S RIGHTS.

Mortgagee agrees that in any event requiring notice as set forth herein, all such notices shall be given to the Agency in writing to the attention of the Chair delivered to the Agency at the address appearing herein for notice at Section 11.1. Any notices required to be given to the Mortgagee hereunder shall be given at the address provided for herein in Section 11.1, or if a Purchaser or a different Mortgagee, at an address provided to the Agency in writing.

Mortgagee shall be given notice by the Company and the Agency of any litigation, arbitration, default or other proceeding or dispute by or between the parties hereto with respect to this Agency Lease, the Company Lease, the Project Agreement and/or the PILOT Agreement, and shall have the right, in the case of arbitration or litigation, to intervene therein and be made a party thereto. The Mortgagee shall have the right to receive notice from the Company and the Agency of, and a copy of, any award or decision made in any such arbitration or litigation. Notwithstanding anything herein to the contrary, the failure by the Agency to provide any notice to the Mortgagee shall not affect the validity of such notice to Borrower, nor shall it constitute an Event of Default hereunder.

In the event of a default under the Agency Lease, Company Lease, Project Agreement or PILOT Agreement, Mortgagee may (but will not be obligated to) cure the default and take any other action Company would have the right to pay, perform or take under the Agency Lease, the Company Lease, the Project Agreement and/or the PILOT Agreement, which Mortgagee deems necessary or desirable to cure such default in accordance with the terms hereof or thereof. Mortgagee may exercise its rights under this subsection immediately after receipt of notice of default by Company under the Agency Lease, the Company Lease, the Project Agreement and/or the PILOT Agreement, and within any grace period afforded to the Company hereunder or thereunder to cure such default. All expenditures made by Mortgagee pursuant to this subsection to cure a default by Company will become an additional part of the indebtedness owed by the Company to the Mortgagee.

Notwithstanding the prohibitions against transfers in Section 9.1 of the Agency Lease, upon commencement by the First Mortgagee of an action in foreclosure, a deed in lieu of foreclosure and/or assignment in lieu of foreclosure (collectively, a "***Foreclosure***") wherein the First Mortgagee takes title to the Project Facility and for the subsequent transfer of the Project Facility by the First Mortgagee to a Qualified Transferee (as defined herein) following Foreclosure (the "***Subsequent Sale***" and together with the Foreclosure, collectively, the "***Transfers***"); such Transfers shall be permitted without prior consent of the Agency in the following instances in accordance with the following terms and conditions, as applicable:

(a) any monetary defaults existing under the Company Documents are cured and any nonmonetary defaults which are capable of being cured are cured and the First Mortgagee and the Qualified Transferee acknowledge and agree that any and all PILOT payments due or to become due under the PILOT Agreement shall be treated as if they were real property taxes and have priority as such over any Mortgage payments;

(b) each party in title as a result of a Foreclosure or through a Subsequent Sale, would be required to assume all rights, responsibilities, obligations, undertakings, liabilities and

indemnities of the Company under the Company Documents and enter into any required amendments thereto relative to parties' formation, provisions for notice and provide all required due diligence as if the First Mortgagee or purchaser through Subsequent Sale were the original applicant (collectively "***Assumption Requirement***"); and

(c) in the event of a Foreclosure, the Mortgagee shall provide the Agency with at least sixty (60) days' prior written notice of its intent to foreclose and take title (either via foreclosure or deed in lieu) and consent to execution and delivery of all documents necessary to effectuate the Assumption Requirement; and

(d) for the Subsequent Sale by the First Mortgagee, or in the event the First Mortgagee does not take title through the foreclosure, the First Mortgagee shall ensure the assignee/purchaser satisfies (i) the Assumption Requirements; and (ii) is a Qualified Transferee (as defined below); and

(e) First Mortgagee shall provide the Agency and its counsel written notice of its intent to transfer the Project Facility to a subsequent purchaser through a Subsequent Sale at least sixty (60) days' prior to the intended transfer date (the "***Transfer Notice***"). The Agency shall determine and confirm that such intended Subsequent Sale meets the requirements set forth herein within thirty (30) days. To the extent the Agency determines the Transfer Notice is not in accordance with the requirements hereof, such proposed transfer shall be invalid unless consented to in writing by the Agency in its sole discretion; and

(f) the Transfer Notice will include representations and warranties from: (i) the proposed subsequent purchaser; and (ii) the First Mortgagee, to the best of its knowledge based solely upon the information and documentation provided to it by the proposed subsequent purchaser (unless the First Mortgagee has actual knowledge of an inaccuracy or incompleteness of any of the same) that the proposed subsequent purchaser, (the "***Purchaser***"), is a Qualified Transferee (according to the below enumerated standards) and must be accompanied by such information and documentation as the Agency, acting by and through its Chairman/Executive Director or legal counsel, may require to substantiate such representation and warranty. A Purchaser shall be a "***Qualified Transferee***" if: (1) The Purchaser has successfully and continuously owned and operated projects of similar size, scope and use to that of the Project over the then preceding ten (10) years in compliance with all legal requirements of the jurisdiction in which the projects are located (collectively, "***Facilities***"); (2) The Purchaser has demonstrated that it has a net worth sufficient to fund the successful ongoing operation and maintenance of the Project Facility; (3) The Purchaser is current on the payment of all real estate taxes, payments in lieu of taxes, levies, charges, fees and assessments due and owing to any taxing jurisdiction in which it owns or operates Facilities; (4) The Purchaser has no outstanding actions or proceedings, without a judicially mandated settlement agreement, decision or order, in any State or federal court or any administrative body nor any outstanding judgments; (5) The Purchaser is current on the payment of all federal, state and local taxes in jurisdictions where it conducts business and has made all filings of all required returns; and (6) The Purchaser has furnished to the Agency at least two (2) banking references.

Notwithstanding anything herein to the contrary, under no circumstances shall the Agency be required to mortgage, grant a security interest in or assign its rights to receive the rents hereunder or its rights to be indemnified in accordance with the terms of this Agency Lease; or assign its Unassigned Rights. Any assignment or sublease of this Agency Lease shall not effect a release of the Company from its obligations hereunder or under any of the other Company Documents.

ARTICLE V

AGREEMENT TO LEASE PROJECT FACILITY; RENTAL PAYMENTS

5.1 AGREEMENT TO LEASE PROJECT FACILITY.

In consideration of the Company's covenant herein to make rental payments, and the other covenants of the Company contained herein, including the covenant to make additional rent and other payments required hereby, the Agency hereby agrees to lease to the Company, for the Company's quiet and peaceable possession and enjoyment and the Company hereby agrees to lease from the Agency, sole and exclusive possession of the Project Facility for and during the term provided herein and upon and subject to the terms and conditions herein set forth and subject to Permitted Encumbrances.

The Agency's acceptance of the leasehold interest in and to the Land and Facility pursuant to the Company Lease, and its acquisition of an interest in the Equipment pursuant to the Bill of Sale, and the holding of said interests were effected and performed solely at the request of the Company pursuant to the requirements of the Act. The Agency hereby transfers and conveys all of its beneficial and equitable interests, if any, in the Project Facility to the Company, except for its Unassigned Rights. As a result, the parties hereby acknowledge and agree that subject to the terms and conditions of this Agency Lease, the Company has all of the equitable and beneficial ownership and other interest in the Project Facility (except for the Unassigned Rights), and will have all the equitable and beneficial ownership and other interest in the Project Facility (except for the Unassigned Rights), such that the Company, and not the Agency, shall have an:

(a) unconditional obligation to bear the economic risk of depreciation and diminution in value of the Project Facility due to obsolescence or exhaustion, and shall bear the risk of loss if the Project Facility is destroyed or damaged;

(b) unconditional obligation to keep the Project Facility in good condition and repair;

(c) unconditional and exclusive right to the possession of the Project Facility, and shall have sole control of and responsibility for the Project Facility;

(d) unconditional obligation to maintain insurance coverage on, and such reserves with respect to, the Project Facility as may be required by the Company, the Agency and the Mortgagee with respect to the Project;

(e) unconditional obligation to pay all taxes levied on, or payments in lieu thereof, and assessments made with respect to, the Project Facility;

(f) subject to the Unassigned Rights, unconditional and exclusive right to receive rental and any other income and other benefits of the Project Facility and from the operation of the Project;

(g) unconditional obligation to pay for all of the capital investment in the Project Facility;

(h) unconditional obligation to bear all expenses and burdens of the Project Facility and to pay for all maintenance and operating costs in connection with the Project Facility; and

(i) unconditional and exclusive right to include all income earned from the operation of the Project Facility and claim all deductions and credits generated with respect to the Project Facility on its annual federal, state and local tax returns.

5.2 TERM OF LEASE; EARLY TERMINATION; SURVIVAL.

(a) The term of this Agency Lease shall commence on the date hereof and continue in full force and effect until 12:59 p.m. on **June 30, 2059** (the "***Term***"), unless early terminated as provided herein. Notwithstanding anything herein to the contrary, the obligations of the Company to report hereunder and the Agency's rights to recapture shall continue during the Term of this Agency Lease, but in the event of an early termination as provided for herein, the Company's obligation to report and the Agency's right to recapture shall not be less than the Reporting Period (as defined herein). As a condition to the termination of this Agency Lease, the Company shall be obligated to execute and deliver the certification attached hereto at **Schedule "1"** regarding the Company's ongoing obligations.

(b) The Company hereby irrevocably designates the Agency as its attorney-in-fact, coupled with an interest, for the purpose of executing, delivering and recording terminations of the Agency Lease, the Company Lease, preparing a bill of sale together with any other documents therewith and to take such other and further actions reasonably necessary to confirm the termination date of the Agency's interest in the Project.

(c) The Company shall have the option, at any time during the Term of this Agency Lease, to terminate this Agency Lease. In the event that the Company shall exercise its option to terminate this Agency Lease pursuant to this Section 5.2(c), the Company shall file with the Agency a certificate stating the Company's intention to do so pursuant to this Section 5.2(c) and to comply with the requirements set forth in Section 5.2(d) hereof. Notwithstanding any such termination, the Project Agreement, and the Company's obligations thereunder, shall survive.

(d) As a condition to the effectiveness of the Company's exercise of its right to early termination, the following payments shall be made:

(1) **To the Agency**: an amount certified by the Agency as sufficient to pay all unpaid fees and expenses of the Agency incurred under this Agency Lease, the Company Lease and the PILOT Agreement (including, but not limited to those in connection with the early termination of this Agency Lease); and

(2) **To the Appropriate Person:** an amount sufficient to pay all other fees, expenses or charges, if any, then due and payable under this Agency Lease and the other Agency Documents.

(e) The certificate required to be filed pursuant to Section 5.2(c), setting forth the provision thereof permitting early termination of this Agency Lease shall also specify the date upon which the payments pursuant to subdivision (d) of this Section 5.2 shall be made, which date shall not be less than thirty (30) nor more than sixty (60) days from the date such certificate is filed with the Agency. The effectiveness of the termination shall require full payment hereunder and compliance with the terms of this Article V.

(f) Contemporaneously with the termination of this Agency Lease in accordance with Sections 5.1 or 5.2 hereof, the Agency shall transfer, and the Company shall accept, all of the Agency's right, title and interest in the Project Facility, including the Equipment, for a purchase price of One Dollar ($1.00) plus the payment of all other sums due hereunder and all legal fees and costs associated therewith. Contemporaneously with the termination of this Agency Lease, the Company Lease and the PILOT Agreement shall terminate; however, the Project Agreement shall survive in accordance with its terms.

(g) The Agency shall, upon payment by the Company of the amounts pursuant hereto and to Sections 5.2(d) above and Section 5.3, deliver to the Company all documents furnished to the Agency by the Company, or prepared by the Agency at the sole expense of the Company, and reasonably necessary to evidence termination of the Company Lease and the Agency Lease, including, but not limited to, lease terminations and a bill of sale from the Agency with respect to its interest in the Equipment, without representation or warranty, subject to the following: (1) any Liens to which such Project Facility was subject when conveyed to the Agency, (2) any Liens created at the request of the Company or to the creation of which the Company consented or in the creation of which the Company acquiesced, (3) any Permitted Encumbrances, and (4) any Liens resulting from the failure of the Company to perform or observe any of the agreements on its part contained in this Agency Lease.

(h) The obligation of the Agency under this Section 5.2 to convey the Project Facility to the Company will be subject to: (i) there being no uncured Event of Default existing hereunder or under any payment in lieu of tax agreement now or hereafter entered into with respect to all or any portion of the Project Facility or under any other Company Documents, or any other event which would, but for the passage of time or the giving of notice, or both, be such an Event of Default; and (ii) the Company's payment of all expenses, fees and taxes, if any, applicable to or arising from such transfer.

5.3 RENTAL PAYMENTS AND OTHER AMOUNTS PAYABLE.

(a) The Company shall pay basic rental payments for the Project Facility consisting of: (i) One and No/100 Dollar ($1.00) for the period commencing on the date hereof and on January 1 of each calendar year thereafter for the term hereof; (ii) to the Agency an amount sufficient to pay the sums due under the PILOT Agreement at the times and in the manner provides for therein, and an amount sufficient to pay any and all other amounts due hereunder; and (iii) to

the Mortgagee, an amount equal to the debt service and amounts becoming due and payable under the Mortgage and the indebtedness secured thereby on the due date thereof.

(b) The Company shall pay to the Agency, as additional rent, within ten (10) days after the receipt of a demand therefor from the Agency, the annual administrative fees of the Agency, the sum of the reasonable fees, costs and expenses of the Agency and the officers, members, agents, and employees thereof incurred by the reason of the Agency's lease or sublease of the Project Facility or in connection with the carrying out of the Agency's duties and obligations under this Agency Lease, the Company Lease or any of the other Agency Documents and any other fee or expense of the Agency with respect to the Project Facility, or any of the other Agency Documents, the payment of which is not otherwise provided for under this Agency Lease, including, without limitation, reasonable fees and disbursements of Agency counsel, including fees and expenses incurred in connection with the Agency's enforcement of any rights hereunder or incurred after the occurrence and during the continuance of an Event of Default, in connection with any waiver, consent, modification or amendment to this Agency Lease or any other Agency Document that may be requested by the Company, or, in connection with any action by the Agency at the request of or on behalf of the Company hereunder or under any other Agency Document. Any additional rent not received within ten (10) business days after demand shall accrue interest after the expiration of such ten days at a rate of ten percent (10%) per annum or the highest rate permitted by law, whichever is less.

(c) The administrative fee payable by the Company to the Agency in conjunction with this Project and the Agency's granting of Financial Assistance and all outstanding counsel fees and costs shall be paid at closing. In addition, the Company acknowledges that to the extent there are any post-closing legal fees incurred by the Agency in conjunction with this Project, same are the obligation of the Company and shall constitute additional rent hereunder.

(d) The Company agrees to make the above-mentioned payments, without any further notice, in lawful money of the United States of America as, at the time of payment, shall be legal tender for the payment of public and private debts. In the event that the Company shall fail to make or cause to be made any of the payments required under this Agency Lease, the item or installment not so paid shall continue as an obligation of the Company until such item or installment is paid in full.

5.4 NATURE OF OBLIGATIONS OF COMPANY HEREUNDER.

(a) The obligations of the Company to make the payments required by this Agency Lease and to perform and observe any and all of the other covenants and agreements on its part contained herein are general obligations of the Company and are absolute and unconditional irrespective of any defense or any rights of set-off, recoupment, or counterclaim it may otherwise have against the Agency. The Company agrees that it will not suspend, discontinue, or abate any payment required by, or fail to observe any of its other covenants or agreements contained in this Agency Lease for any cause whatsoever, including, without limiting the generality of the foregoing, failure to complete the construction and equipping of the Project Facility, any defect in the title, design, operation, merchantability, fitness, or condition of the Project Facility, or any part thereof, or in the suitability of the Project Facility, or any part thereof, for the Company's purposes or needs, or failure of consideration for, destruction of or damage to,

or condemnation of title to, or the use of all or any part of the Project Facility, any change in the tax or other laws of the United States of America or of the State of New York, or any political subdivision thereof, or any failure of the Agency to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or in connection with this Agency Lease or the Company Lease.

(b) Nothing contained in this Section 5.4 shall be construed to release the Agency from the performance of any of the agreements on its part contained in this Agency Lease or the Company Lease, and in the event the Agency should fail to perform any such agreement, the Company may institute such action against the Agency as the Company may deem necessary to compel performance (subject to the provisions of Section 11.11).

(c) The Company at its own expense from time to time may make any structural addition, modifications or improvements to the Facility or any addition, modifications or improvements to the Facility or any part thereof which it may deem desirable for its business purposes and uses. All such structural additions, modifications or improvements so made by the Company shall become a part of the Facility; provided, however, the Company shall not be qualified for real property tax exemptions or a sales and use tax exemption when making said additions, modifications or improvements except to the extent (i) with respect to the sales and use tax exemption, the Company is acting as agent for the Agency under an agreement between the Agency and the Company which contemplates said additions, modifications or improvements; or (ii) with respect to the real property tax exemption, the Company is acting under a payment in lieu of taxes agreement which contemplates said additions, modifications or improvements; or (iii) as otherwise provided by law.

ARTICLE VI

MAINTENANCE, MODIFICATIONS, TAXES AND INSURANCE

6.1 MAINTENANCE AND MODIFICATIONS OF PROJECT FACILITY.

The Company shall:

(a) Keep the Project Facility in good condition and repair and preserve the same against waste, loss and damage, ordinary wear and tear excepted;

(b) Make all necessary repairs and replacements to the Project Facility or any part thereof (whether ordinary or extraordinary, structural, or non-structural, foreseen or unforeseen) which is damaged, destroyed, or condemned; and

(c) Operate the Project Facility in accordance with all Federal State and local laws, rules and regulations and in a sound and economic manner in general accordance with the Project description as set forth herein and in the Application and the Plans and Specifications the Company previously provided to the Agency in the Application or otherwise, and to ensure that the Facility continues to qualify as a "project" under the Act and pursuant to the terms contained herein.

(d) On or before the Completion Date, the Agency shall establish an advisory committee that shall consist of 9 members comprised of:

(i) the councilor of the City of Syracuse Common Council in whose district the Project is located;

(ii) the legislator of the Onondaga County Legislature in whose district the Project is located;

(iii) two (2) tenants from the Project;

(iv) the President of the Tipp Hill Association;

(v) the CEO of Home Headquarters; and

(vi) 3 resident living in zip code 13204, at least one of which shall have a background in business and/or finance (the "***Advisory Committee***").

The Advisory Committee shall be led by a chair, the first such chair shall be appointed by the Agency who will simultaneously satisfy one of the positions within (d)(vi) hereof. Thereafter, the Advisory Committee shall elect its chair on an annual basis. Each member shall serve a one-year term with up to three one-year renewals. In the event either (i) or (ii) elect not to serve, the first seat shall be filled with an additional tenant from the Project and the second shall be filled in satisfaction of (vi) above.

The Advisory Committee shall meet quarterly. They shall notice their meetings to the tenants of the Project and adjoining neighborhood associations by email or, with respect to the Project, posting in a conspicuous place within the lobby of each building comprising the Project, if available. The Advisory Committee shall seek input from Project tenants and adjoining neighborhoods as to any issues, concerns or positive feedback posed at or by the Project Facility.

The on-site manager, or other designee of the Company, shall meet with the Advisory Committee, at a mutually agreed upon time and place, or by video call, but in no event more than ten (10) business days following each quarterly meeting of the Advisory Committee, as determined necessary by the Advisory Committee, to be informed of any and all issues, concerns or positive feedback received from tenants and/or neighbors or by the Advisory Committee. The Agency, or its designee, shall transmit all such information to Company and its onsite manager and provide a written summary of the quarterly meeting, if necessary, to the Company (the "***Agency Report***"). The Agency Report shall indicate those specific items that require a response from the Company as set forth herein (the "***Flagged Items***") The Company shall provide a response to the Flagged Items in the Agency Report to the Agency and the Advisory Committee, with a proposed action plan to address the Flagged Items within the Agency Report within ten (10) business days following receiving the Agency Report.

In the event the Company fails to provide an appropriate response, and/or otherwise take appropriate action to address the issues and/or concerns, within such 10 business day period, or in the event the conditions are persistent, the Advisory Committee may request the City of Syracuse

Division of Code Enforcement (the "***Division***") perform an on-site inspection of any alleged code violations. Such inspection shall be facilitated by the Company at a time determined by the Division.

The Company shall address any code violations within the time provided by the Division. The failure of the Company to comply with the Division shall constitute a default hereunder, subject to the Company's notice and cure rights under this Agency Lease.

6.2 TAXES, ASSESSMENTS AND UTILITY CHARGES.

(a) The Company shall pay as the same respectively become due:

(1) Any and all taxes and governmental charges of any kind, whatsoever which may at any time be lawfully assessed or levied against or with respect to the Project Facility, including without limitation the generality of the foregoing any taxes levied upon or with respect to the income or revenues of the Agency from the Facility;

(2) All utility and other charges, including "service charges," incurred or imposed for the operation, maintenance, use, occupancy, upkeep, and improvement of the Project Facility, the non-payment of which would create, or entitle the obligee to impose, a Lien on the Project Facility;

(3) All assessments and charges of any kind whatsoever lawfully made by any Governmental Authority for public improvements; and

(4) Any and all payments of taxes, if applicable, and all payments in lieu of taxes, if any, required to be made to the Agency under the terms of the PILOT Agreement or any other agreement with respect thereto.

(b) Subject to the terms of the PILOT Agreement, the Company may in good faith actively contest any such taxes, assessments, and other charges, provided that (1) the Company shall have first notified the Agency of such contest; (2) no Event of Default under this Agency Lease or any of the other Company Documents shall have occurred and be continuing; and (3) the Company shall have set aside adequate reserves for any such taxes, assessments and other charges. If the Company demonstrates to the reasonable satisfaction of the Agency and certifies to the Agency by delivery of a written certificate, that the non-payment of any such items will not endanger any part of the Project Facility or subject the Project Facility, or any part thereof, to loss or forfeiture, the Company may permit the taxes, assessments, and other charges so contested to remain unpaid during the period of such contest and any appeal therefrom. Otherwise, such taxes, assessments, or charges shall be paid promptly by the Company or secured by the Company's posting a bond in form and substance satisfactory to the Agency.

6.3 INSURANCE REQUIRED.

During the Term of this Agency Lease, the Company shall maintain or cause to be maintained insurance with respect to the Project Facility against such risks and for such amounts as are customarily insured against by businesses of like size and type and as required of the

Agency, paying (as the same becomes due and payable) all premiums with respect thereto, including but not necessarily limited to:

(a) Insurance against loss or damage by fire, lightning, and other casualties customarily insured against (with a uniform standard extended coverage endorsement), such insurance to be in an amount not less than the full replacement value of the completed Project Facility, exclusive of footings and foundations, as determined by a recognized appraiser or insurer selected by the Company. The Company shall not be required to bind builder's risk insurance at closing. Such coverage will be obtained and bound prior to commencement of construction.

(b) Workers' compensation insurance, disability benefits' insurance, and each other form of insurance which the Company is required by law to provide covering loss resulting from injury, sickness, disability, or death of employees of the Company who are located at or assigned to the Project Facility;

(c) A policy of commercial general liability insurance with a limit of liability of not less than $2,000,000 per accident or occurrence on an "occurrence" basis and $5,000,000 in the aggregate for bodily injury, including death, and property damage, including but not limited to, contractual liability under this Agency Lease and personal injury, with blanket excess liability coverage in an amount not less than $5,000,000, covering the Project Facility and Equipment and the Company's and the Agency's use or occupancy thereof against all claims on account of bodily injury or death and property damage occurring upon, in or about the Project Facility or in connection with the ownership, maintenance, use and/or occupancy of the Project Facility and all appurtenant areas.

(d) If the Project Facility is located in a designated flood zone, flood insurance in an amount at least equal to the lesser of (i) the cash replacement value of the Facility; or (ii) the maximum amount of flood insurance available with respect to the Facility under the Flood Disaster Protection Act of 1974, as amended.

6.4 ADDITIONAL PROVISIONS RESPECTING INSURANCE.

All insurance required by Section 6.3 shall be with insurance companies of recognized financial standing selected by the Company and licensed to write such insurance in the State of New York. Such insurance may be written with deductible amounts comparable to those on similar policies carried by other Persons engaged in businesses similar in size, character, and other respects to those in which the Company are engaged. All policies evidencing such insurance except the Workers' Compensation policy shall name the Company as insured and the Agency as an additional insured, as its interests may appear, and shall provide: (i) for payment of the losses of the Company and the Agency as their respective interest may appear; (ii) that such coverage with respect to the Agency be primary and non-contributory with any insurance secured by the Agency; and (3) require at least thirty (30) days' prior written notice to the Agency of cancellation, reduction in policy limits, or material change in coverage thereof.

Prior to the Closing Date, the Company shall deliver to the Agency, satisfactory to the Agency in form and substance: (i) certificates evidencing all insurance required hereby; (ii) the additional insured endorsement(s) applicable to the Agency; (iii) the final insurance binder

addressed to the Company covering the Project Facility; and (iv) evidence that the insurance so required is on a primary and non-contributory basis. In addition, the Company shall provide, if so requested by the Agency, a final and complete copy of each insurance policy within thirty (30) days of the Closing Date.

The Company shall deliver or cause to be delivered to the Agency on or before the first business day of each January thereafter each of the items set forth in the immediately preceding paragraph, dated not earlier than the immediately preceding month, reciting that there is in full force and effect, with a term covering at least the next succeeding calendar year, insurance in the amounts and of the types required by Sections 6.3 and 6.4. The Company shall furnish to the Agency evidence that the policy has been renewed or replaced or is no longer required by this Agency Lease each year throughout the Term of this Agency Lease.

All premiums with respect to the insurance required by Section 6.3 shall be paid by the Company, provided, however, that, if the premiums are not timely paid, the Agency may pay such premiums and the Company shall pay immediately upon demand all sums so expended by the Agency, together with interest at a rate of ten percent (10%) per annum or the highest rate permitted by law, whichever is less.

THE AGENCY DOES NOT IN ANY WAY REPRESENT THAT THE INSURANCE SPECIFIED HEREIN, WHETHER IN SCOPE OR IN LIMITS OF COVERAGE, IS ADEQUATE OR SUFFICIENT TO PROTECT THE COMPANY'S BUSINESS OR INTERESTS.

6.5 APPLICATION OF NET PROCEEDS OF INSURANCE.

The Net Proceeds of the insurance carried pursuant to the provisions of Section 6.3 shall be applied as follows:

(a) The Net Proceeds of the insurance required by subsection 6.3(a) shall be paid and applied as provided in Section 7.1 hereof; and

(b) The Net Proceeds of the insurance required by subsections 6.3(b) and 6.3(c) shall be applied toward extinguishment or satisfaction of the liability with respect to which such insurance proceeds may be paid.

6.6 PAYMENTS IN LIEU OF REAL ESTATE TAXES.

The Company and the Agency have entered into a PILOT Agreement with respect to payments in lieu of real estate taxes for the Project Facility.

ARTICLE VII

DAMAGE, DESTRUCTION, AND CONDEMNATION

7.1 DAMAGE OR DESTRUCTION.

(a) If there is a Mortgage and such Mortgage is in effect or the Mortgagee shall have any interest in the Project Facility arising under or related to the Mortgage, whether by foreclosure or otherwise and the Project Facility shall be damaged or destroyed, in whole or in part, then insurance proceeds shall be paid in accordance with the relevant provisions of the Mortgage regarding the distribution of such insurance proceeds, provided that there shall be no abatement or reduction in amounts payable to the Agency hereunder. If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and the Project Facility shall be damaged or destroyed, in whole or in part:

(1) There shall be no abatement or reduction in the amounts payable by the Company under this Agency Lease or otherwise (whether or not the Project Facility is replaced, repaired, rebuilt, or restored); and

(2) The Company shall promptly give notice thereof to the Agency; and

(3) Except as otherwise provided in subsections 7.1(b) and 7.1(c) hereof, upon receipt of the insurance proceeds, the Company shall promptly replace, repair, rebuild, or restore the Project Facility to substantially the same condition as existed prior to such damage or destruction, with such changes, alterations, and modifications as may be desired by the Company and consented to in writing by the Agency, provided that such changes, alterations, or modifications do not change the nature of the Project Facility, such that it does not constitute a "project" (as such quoted term is defined in the Act); and in the event such Net Proceeds are not sufficient to pay in full the costs of such replacement, repair, rebuilding, or restoration, the Company shall nonetheless complete such work and shall pay from its own moneys that portion of the costs thereof in excess of such Net Proceeds.

(b) If there is no Mortgage or the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility, then notwithstanding anything to the contrary contained in subsection 7.1(a), the Company shall not be obligated to replace, repair, rebuild, or restore the Project Facility, and the Net Proceeds of any insurance settlement shall not be applied as provided in subsection 7.1(a) if the Company shall notify the Agency that, in the Company's sole judgment, the Company does not deem it practical or desirable to replace, repair, rebuild, or restore the Project Facility. In such event, the Company shall exercise its right to terminate this Agency Lease in accordance with Section 5.2 hereof, and the lesser of (1) the total amount of the Net Proceeds collected under any and all policies of insurance covering the damage to or destruction of the Project Facility, or (2) any other sums due and payable to the Agency pursuant to this Agency Lease and the other Agency and Company Documents, shall be applied to the repayment of all amounts due to the Agency under this Agency Lease, the Company Lease, the PILOT Agreement and other Agency Documents. If the Net Proceeds collected under any and all policies of insurance are less than the amount necessary to repay any and all amounts payable

to the Agency, the Company shall pay the difference between such amounts and the Net Proceeds of all such insurance settlements so that any and all amounts then due and payable under this Agency Lease, the Company Lease, the PILOT Agreement and the other Agency Documents to the Agency shall be paid in full. If all amounts due under this Agency Lease, the Company Lease, the Mortgage, the PILOT Agreement and the other Agency Documents are paid in full, all such Net Proceeds, or the balance thereof, shall be paid to the Company for its purposes.

(c) The Company and the Mortgagee, if any, may adjust all claims under any policies of insurance required by subsections 6.3(a) and 6.3(c) hereof with the prior written consent of the Agency, which consent shall not be unreasonably withheld.

7.2 CONDEMNATION.

(a) If there is a Mortgage and the Mortgage shall be in effect or the Mortgagee, if any, shall have any interest in the Project Facility arising under or related to the Mortgage, whether by foreclosure or otherwise and title to, or the use of, all, substantially all or less than substantially all of the Project Facility shall be taken by Condemnation, then Condemnation proceeds shall be paid in accordance with the relevant provisions of the Mortgage regarding the distribution of such Condemnation proceeds, provided that there shall be no abatement or reduction in amounts payable to the Agency hereunder. If the Mortgage shall not be in effect and the Mortgagee shall have no interest in the Project Facility and if title to, or the use of, less than substantially all of the Project Facility shall be taken by Condemnation:

(1) There shall be no abatement or reduction in the amounts payable by the Company under this Agency Lease or otherwise (whether or not the Project Facility is restored); and

(2) The Company shall promptly give notice thereof to the Agency; and

(3) Except as otherwise provided in subsections 7.2(b) and 7.2(c) hereof, upon receipt of the Condemnation proceeds, the Company shall promptly restore the Project Facility (excluding any part of the Project Facility taken by Condemnation) to substantially the condition and value as an operating entity as existed prior to such Condemnation; and the Company shall nonetheless complete such restoration and shall pay from its own moneys that portion of the costs thereof in excess of such Net Proceeds.

(b) If there is no Mortgage or if the Mortgage shall not be in effect and the Mortgagee, if any, shall have no interest in the Project Facility and if title to, or the use of, less than substantially all of the Project Facility shall be taken by Condemnation, then notwithstanding anything to the contrary contained in subsection 7.2(a), the Company shall not be obligated to restore the Project Facility, and the Net Proceeds of any Condemnation award shall not be applied as provided in subsection 7.2(a) if the Company shall notify the Agency that, in the Company's sole judgment, the Company does not deem it practical or desirable to restore the Project Facility. In such event, the Company shall exercise its right to terminate this Agency Lease in accordance with Section 5.2 hereof, and the lesser of (1) the Net Proceeds of any Condemnation award, or (2) the amount necessary to pay the Agency pursuant to this Agency Lease, the Company Lease, the PILOT Agreement and the other Agency Documents, shall be applied to payment of all amounts

then due and payable to the Agency under this Agency Lease, the Company Lease, the PILOT Agreement and other Agency Documents. If the Net Proceeds of any Condemnation award are less than the amount necessary to pay any and all amounts then due and payable to the Agency, the Company shall pay the difference between such amounts and the Net Proceeds of such Condemnation award so that any and all amounts then due and payable under this Agency Lease, the Company Lease, the PILOT Agreement and other Agency Documents to the Agency shall be paid in full. If all amounts due under this Agency Lease, the Company Lease, the PILOT Agreement, the Mortgage and the other Agency Documents have been paid in full, all such Net Proceeds or the balance thereof shall be paid to the Company for its purposes.

(c) The Company and the Mortgagee, if any, with the prior written consent of the Agency (which consent shall not be unreasonably withheld), shall have sole control of any Condemnation proceeding with respect to the Project Facility, or any part thereof, and may negotiate the settlement of any such proceeding.

7.3 ADDITIONS TO PROJECT FACILITY.

All replacements, repairs, rebuilding, or restoration made pursuant to Sections 7.1 or 7.2 hereof, whether or not requiring the expenditure of the Company's own moneys, shall automatically become part of the Project Facility as if the same were specifically described herein.

ARTICLE VIII

SPECIAL COVENANTS

8.1 NO WARRANTY OF CONDITION OR SUITABILITY BY THE AGENCY; ACCEPTANCE "AS IS."

THE AGENCY MAKES NO WARRANTY, EITHER EXPRESS OR IMPLIED, AS TO THE CONDITION, TITLE, DESIGN, OPERATION, MERCHANTABILITY, OR FITNESS OF THE PROJECT FACILITY, OR ANY PART THEREOF, OR AS TO THE SUITABILITY OF THE PROJECT FACILITY OR ANY PART THEREOF FOR THE COMPANY'S PURPOSES OR NEEDS. NO WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY IS MADE. IN THE EVENT OF ANY DEFECT OR DEFICIENCY OF ANY NATURE, WHETHER PATENT OR LATENT, THE AGENCY SHALL NOT HAVE ANY RESPONSIBILITY OR LIABILITY WITH RESPECT THERETO.

8.2 HOLD HARMLESS PROVISIONS.

(a) The Company hereby releases the Agency and its members, officers, agents and employees from, agrees that the Agency and its members, officers, agents and employees shall not be liable for, and agrees to indemnify, defend, and hold the Agency and its members, officers, agents and employees harmless from and against any and all claims arising as a result of the Agency's undertaking the Project, including, but not limited to:

(1) Liability for loss or damage to Project Facility or bodily injury to or death of any and all persons that may be occasioned by any cause whatsoever pertaining to the

Project Facility, or arising by reason of or in connection with the occupation or the use thereof, or the presence on, in, or about the Project Facility;

(2) Liability arising from or expense incurred by the Agency's acquisition of a leasehold interest in the Project Facility and the subleasing of the Project Facility, including, without limiting the generality of the foregoing, all liabilities or claims arising as a result of the Agency's obligations under this Agency Lease, the Company Lease, the Mortgage or any other documents executed by the Agency at the direction of the Company in conjunction with the Project Facility;

(3) All claims arising from the exercise by the Company, and or its Additional Agents (as defined herein) of the authority conferred upon it and performance of the obligations assumed under Section 4.1 hereof;

(4) Any and all claims arising from the non-disclosure of information, if any, requested by the Company in accordance with Section 11.14 hereof;

(5) All causes of action and attorneys' fees and other expenses incurred in connection with any suits or actions which may arise as a result of any of the foregoing, provided that any such losses, damages, liabilities, or expenses of the Agency are not incurred or do not result from the intentional wrongdoing of the Agency or any of its members, officers, agents or employees.

To the fullest extent permitted by law, the foregoing indemnities shall apply notwithstanding the fault or negligence (other than gross negligence or willful misconduct) on the part of the Agency or any of its officers, members, agents, servants or employees and irrespective of any breach of statutory obligation or any rule of comparative or apportioned liability.

(b) In the event of any claim against the Agency or its members, officers, agents, or employees by any employee of the Company, or any materialman or Additional Agent of the Company, or anyone directly or indirectly employed by any of them, or any one for whose acts any of them may be liable, the obligations of the Company hereunder shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Company or such contractor under workers' compensation laws, disability benefit laws, or other employee benefit laws.

(c) To effectuate the provisions of this Section 8.2, the Company agrees to provide for and insure, in the liability policies required by Section 6.3, its liabilities assumed pursuant to this Section 8.2.

(d) Notwithstanding any other provisions of this Agency Lease, the obligations of the Company pursuant to this Section 8.2 shall remain in full force and effect after the termination of this Agency Lease and the Company Lease until the expiration of the period stated in the applicable statute of limitations during which a claim, cause of action, or prosecution relating to the matters herein described may be brought, and the payment in full or the satisfaction of such claim, cause of action, or prosecution, and the payment of all expenses and charges incurred by the Agency, or its officers, members, agents or employees relating thereto.

(e) For purposes of this Section 8.2 and Section 11.11 hereof, the Company shall not be deemed to constitute an employee, agent or servant of the Agency or a person under the Agency's control or supervision.

8.3 RIGHT OF ACCESS TO PROJECT FACILITY.

During the Term of this Agency Lease, the Company agrees that the Agency and its duly authorized agents shall have the right to enter upon and to examine and inspect the Project Facility upon reasonable notice to the Company and with the least disturbance of Project Facility tenants, as reasonably possible.

8.4 MAINTENANCE OF EXISTENCE.

During the Term of this Agency Lease, the Company will maintain its existence and will not dissolve or otherwise dispose of all or substantially all of its assets.

8.5 AGREEMENT TO PROVIDE INFORMATION.

The Company shall have an obligation to report and provide information, as set forth herein and in the Project Agreement during the Term hereof. However, in the event this Agency Lease is terminated early in accordance with Section 5.2 hereof, the Company's obligation to report shall be for a period of five (5) years from the termination date, unless the early termination occurs less than five years from the expiration of the original Term hereof, in which case the Company shall continue to provide the required information for the remaining Term hereof (the "***Reporting Period***"), and no less frequently than annually, the Company agrees, whenever reasonably requested by the Agency or the Agency's auditor, to provide and certify, or cause to be certified, such information concerning the Project and/or the Company, its finances, and for itself and each of its Additional Agents, information regarding job creation[1], Local Labor Requirements, exemptions from State and local sales and use tax, real property and mortgage recording taxes and other topics as the Agency from time to time reasonably considers necessary or appropriate including, but not limited to those reports, in substantially the form as set forth in **Exhibit "E"** attached hereto, those reports set forth in Section 8.12 hereof, and such other information necessary as to enable the Agency to monitor and/or make any reports required by law or governmental regulation, including but not limited to §875 of the Act (all of the foregoing collectively, the "***Reporting Requirements***").

Notwithstanding anything herein to the contrary, the Agency's ability to recapture benefits in accordance with its policy and the terms hereof, shall be for a period of time no less than the Reporting Period, and failure to comply with the Reporting Requirements can trigger the Agency's right to recapture.

---

[1] To the extent the Project includes commercial space and/or tenants for which the Company calculated job creation as part of its projections in its Application, the Company is obligated, through its lease or other rental agreement with those commercial tenants, to require that such tenants report to the Company, in accordance with the terms of Section 8.5 hereof, the number of full and part time jobs created and maintained by each such tenant for inclusion in the Company's reporting to or at the request of the Agency.

8.6 BOOKS OF RECORD AND ACCOUNT; FINANCIAL STATEMENTS.

During the Term of this Agency Lease, the Company agrees to maintain proper accounts, records, and books, in which full and correct entries shall be made in accordance with generally accepted accounting principles, of all business and affairs of the Company.

8.7 COMPLIANCE WITH ORDERS, ORDINANCES, ETC.

(a) The Company agrees that it will, during any period in which the amounts due under this Agency Lease remain unpaid, promptly comply with all statutes, codes, laws, acts, ordinances, orders, judgments, decrees, injunctions, rules, regulations, permits, licenses, authorizations, directions, and requirements of all Governmental Authorities, foreseen or unforeseen, ordinary or extraordinary, which now or at any time hereafter affect the Company's obligations hereunder or be applicable to the Project Facility, or any part thereof, or to any use, manner of use, or condition of the Project Facility, or any part thereof, the applicability of the same to be determined both as if the Agency were the owner of the Project Facility and as if the Company were the owner of the Project Facility.

(b) Notwithstanding the provisions of subsection 8.7(a), the Company may, in good faith, actively contest the validity or the applicability of any requirement of the nature referred to in said subsection 8.7(a), provided that the Company shall have first notified the Agency of such contest, no Event of Default shall be continuing under this Agency Lease, or any of the other Company Documents; and such contest and failure to comply with such requirement shall not subject the Project Facility to loss or forfeiture. In such event, the Company may fail to comply with the requirement or requirements so contested during the period of such contest and any appeal therefrom unless the Agency or its members, officers, agents, or employees may be liable for prosecution for failure to comply therewith, in which event the Company shall promptly take such action with respect thereto as shall be satisfactory to the Agency.

8.8 DISCHARGE OF LIENS AND ENCUMBRANCES.

During the Term of this Agency Lease, the Company hereby covenants that, except for Permitted Encumbrances, the Company agrees not to create, or suffer to be created, any Lien on the Project Facility, or any part thereof without the prior written consent of the Agency. The Company shall promptly notify the Agency of any Permitted Encumbrances created, or suffered to be created, on the Project Facility.

8.9 PERFORMANCE BY AGENCY OF COMPANY'S OBLIGATIONS.

Should the Company fail to make any payment or to do any act as herein provided, the Agency may, but need not, upon ten (10) days' prior written notice to or demand on the Company and without releasing the Company from any obligation herein, make or do the same, including, without limitation, appearing in and defending any action purporting to affect the rights or powers of the Company, or the Agency and paying all expenses, including, without limitation, reasonable attorneys' fees; and the Company shall pay immediately upon demand all sums so expended by the Agency under the authority hereof, together with the interest thereon at the highest rate per annum permitted by law.

8.10 DEPRECIATION DEDUCTIONS AND TAX CREDITS.

The parties agree that as between them, the Company shall be entitled to all depreciation deductions and accelerated cost recovery system deductions with respect to any portion of the Project Facility pursuant to Sections 167 and 168 of the Code and to any investment credit pursuant to Section 38 of the Code with respect to any portion of the Project Facility which constitutes "Section 38 Property" and to all other State and/or federal income tax deductions and credits which may be available with respect to the Project Facility.

8.11 EMPLOYMENT OPPORTUNITIES.

The Company shall ensure that all employees and applicants for employment with regard to the Project are afforded equal employment opportunities without discrimination.

8.12 SALES AND USE TAX EXEMPTION.

(a) Pursuant to Section 874 of the Act, the parties understand that the Agency is exempt from certain State and local sales use taxes imposed by the State and local governments in the State, and that the Project may be exempted from those taxes due to the involvement of the Agency in the Project. The Agency makes no representations or warranties that any property is exempt from the payment of State or local sales or use taxes. Any exemption from the payment of State or local sales or use taxes resulting from the involvement of the Agency with the Project shall be subject to Section 875 of the Act and shall be limited to purchases of services and tangible personal property conveyed to the Agency or utilized by the Agency or by the Company as agent of the Agency as a part of the Project prior to the Completion Date, or incorporated within the Project Facility prior to the Completion Date. No operating expenses of the Project Facility, and no other purchases of services or property shall be subject to an exemption from the payment of State sales or use tax. It is the intention of the parties hereto that the Company will receive a State and local sales and use tax exemption with respect to the Project, said sales tax exemption to be evidenced by a letter to be issued by the Agency on the date of the execution of this Agency Lease. The Company acknowledges that as an agent of the Agency, it must complete and provide to each vendor Form ST-123 for purchases. The failure to furnish a completed Form ST-123 (IDA Agent or Project Operator Exempt Purchase Certificate) with each purchase will result in loss of the exemption for that purchase.

(b) The Company may use and appoint a Project operator, contractors, agents, subagents, subcontractors, contractors and subcontractors of such agents and subagents (collectively, "***Additional Agents***") in furtherance of the completion of the Project. However, for each Additional Agent, the Company must first: (i) cause the each such appointed Additional Agent to execute and deliver a sub-agent agreement, in the form attached hereto at **Exhibit "F"**, and provide a fully executed copy to the Agency; and (ii) submit a completed Form ST-60 to the Agency for execution and filing with the New York State Department of Taxation and Finance.

(c) The Company acknowledges and agrees that an Additional Agent must be appointed as an agent of the Agency in order to avail itself of the Agency's sales and use tax exemption for purchases or rentals of equipment, tools and supplies with respect to the Project Facility.

(d) Pursuant to Section 874(8) of the Act, the Company agrees to annually file and cause each Additional Agent or other operator of the Project Facility to file annually, with the New York State Department of Taxation and Finance, and provide the Agency with a copy of same, on a form and in such manner as is prescribed by the New York State Commissioner of Taxation and Finance (the "***Annual Sales Tax Report***"), a statement of the value of all sales and use tax exemptions claimed by the Company and all other Additional Agents under the authority granted to the Company pursuant to Section 4.1(b) of this Agency Lease. Pursuant to Section 874(8) of the Act, the penalty for failure to file the Annual Sales Tax Report shall be removal of authority to act as agent of the Agency. Therefore, if the Company shall fail to comply with the requirements of this subsection (d), irrespective of any notice and cure period afforded, the Company and each Additional Agent shall immediately cease to be the agent of the Agency in connection with the Project. The Company is responsible for obtaining from the New York State Department of Taxation and Finance the current version of such Annual Sales Tax Report.

(e) The Company agrees to furnish to the Agency a copy of each such Annual Sales Tax Report submitted to the New York State Department of Taxation and Finance by the Company pursuant to Section 874(8) of the Act for itself and any Additional Agent.

(f) Pursuant to Section 874(9) of the Act, the Agency agrees to file within thirty (30) days of the Closing Date with the New York State Department of Taxation and Finance, on a form and in such manner as is prescribed by the New York State Commissioner of Taxation and Finance (the "***Thirty-Day Sales Tax Report***"), a statement identifying the Company, or 30 days from the appointment of any Additional Agent appointed in accordance with the terms herein, as agent of the Agency, setting forth the taxpayer identification number of the Company, giving a brief description of the goods and/or services intended to be exempted from sales taxes as a result of such appointment as agent, indicating the estimated value of the goods and/or services to which such appointment as agent relates, indicating the date when such designation as agent became effective and indicating the date upon which such designation as agent shall cease.

(g) Pursuant to Section 875(3) of the Act, and in conjunction with Agency policy, the Agency shall and in some circumstances may, recover, recapture, receive or otherwise obtain from the Company the portion of the Financial Assistance consisting of State and local sales and use tax exemption (the "***Sales Tax Recapture Amount***") in accordance with the Agency's recapture policy (the "***Recapture Policy***"), a copy of which is attached hereto at **Exhibit "G"**, this Agency Lease and the Project Agreement.

8.13 IDENTIFICATION OF THE EQUIPMENT.

All Equipment which is or may become part of the Project Facility pursuant to the provisions of this Lease Agreement shall be properly identified by the Company by such appropriate records, including computerized records, as may be approved by the Agency.

8.14 REMOVAL OF EQUIPMENT.

(a) The Agency shall not be under any obligation to remove, repair or replace any inadequate, obsolete, worn out, unsuitable, undesirable or unnecessary item of Equipment. In any instance where the Company determines that any item of Equipment has become inadequate,

obsolete, worn out, unsuitable, undesirable or unnecessary, the Company may remove such item of Equipment from the Facility and may sell, trade-in, exchange or otherwise dispose of the same, as a whole or in part. The Company shall be obligated to replace such Equipment as necessary to maintain the Project Facility in accordance with the terms hereof.

(b) The Agency shall execute and deliver to the Company all instruments necessary or appropriate to enable the Company to sell or otherwise dispose of any such item of Equipment. The Company shall pay any costs (including reasonable attorneys' fees) incurred in transferring title to and releasing any item of Equipment removed pursuant to this Section.

(c) The removal of any item of Equipment pursuant to this Section shall not entitle the Company to any abatement of or diminution of the rents payable hereunder.

ARTICLE IX

ASSIGNMENTS; TRANSFERS; MERGER OF AGENCY

9.1 ASSIGNMENT OF AGENCY LEASE.

This Agency Lease may not be assigned by the Company, in whole or in part, nor all or any part of the Project Facility subleased, nor any part of the Project Facility sold, leased, transferred, conveyed or otherwise disposed of without the prior written consent of the Agency, which consent shall be in the Agency's sole and absolute discretion; provided however, that the Company may enter into leases for individual rental units that are part of the Project Facility without the consent of the Agency. Notwithstanding anything herein to the contrary, under no circumstances shall the Agency be required to mortgage, grant a security interest in or assign its rights to receive the rents hereunder or its rights to be indemnified in accordance with the terms of this Agency Lease; or assign its Unassigned Rights. Any assignment or sublease of this Agency Lease shall not effect a release of the Company from its obligations hereunder. Any assignment or sublease of this Agency Lease shall not effect a release of the Company from its obligations hereunder or under the PILOT Agreement.

9.2 TRANSFERS OF INTERESTS.

Company shall not assign or otherwise transfer or allow an assignment or transfer, of a controlling interest in the Company, whether by operation of law or otherwise (including, without limitation, by way of a merger, consolidation or a change of control whereby the current existing equity holders of the Company, as of the date of the application to the Agency, would own, in the aggregate, less than a majority of the total combined voting power of all classes of equity interest of the Company or any surviving entity), without the prior written consent of Agency, which consent shall be in the Agency's sole and absolute discretion. Notwithstanding anything herein to the contrary, the Company may transfer a majority interest in the Company to a Related Person. Notwithstanding the foregoing, the following shall not constitute a transfer under this Section 9.2 and shall not require consent of the Agency or result in a default hereunder: (i) the transfer of non-managing member interests in the Company or (ii) the removal of the managing member of the Company for cause under the terms of the Company's operating

agreement so long as the managing member of the Company is replaced by an entity that is acceptable to the Agency.

9.3 MERGER OF AGENCY.

(a) Nothing contained in this Agency Lease shall prevent the consolidation of the Agency with, or merger of the Agency into, or assignment by the Agency of its rights and interests hereunder to any other body corporate and politic and public instrumentality of the State of New York, or political subdivision thereof, which has the legal authority to perform the obligations of the Agency hereunder, provided that upon any such consolidation, merger, or assignment, the due and punctual performance and observance of all the agreements and conditions of this Agency Lease to be kept and performed by the Agency shall be expressly assumed in writing by the public instrumentality or political subdivision resulting from such consolidation or surviving such merger or to which the Agency's rights and interests hereunder shall be assigned.

(b) Promptly following the effective date of any such consolidation, merger, or assignment, the Agency shall give notice thereof in reasonable detail to the Company. The Agency shall promptly furnish to the Company such additional information with respect to any such consolidation, merger, or assignment as the Company reasonably may request.

ARTICLE X

EVENTS OF DEFAULT AND REMEDIES

10.1 EVENTS OF DEFAULT DEFINED.

The following shall be "Events of Default" under this Agency Lease, and the terms "Event of Default" or "Default" shall mean, whenever they are used in this Agency Lease, any one or more of the following events:

(a) A default by the Company in the due and punctual payment of the amounts specified to be paid pursuant to subsection 5.3 or 8.12(g), which default shall not constitute an Event of Default unless such failure continues unremedied for a period of ten (10) days after the date such payment is due ; or

(b) Failure by the Company to maintain the insurance required by Section 6.3; or

(c) A failure of the Company to remain current on all taxes owed including but not limited to real property taxes and/or payments in lieu thereof; or

(d) A default in the performance or the observance of any other of the covenants, conditions, or agreements on the part of the Company in this Agency Lease and the continuance thereof for a period of thirty (30) days after written notice is given by the Agency or, if such covenant, condition, or agreement is capable of cure but cannot reasonably be cured within such thirty-day period, the failure of the Company to commence to cure within such thirty-day period and to prosecute the same with due diligence and cure the same within an additional thirty (30) days; or

(e) A transfer in contravention of Article 9 hereof;

(f) The occurrence of an "Event of Default" under the Mortgage, the PILOT Agreement, the Company Lease, the Project Agreement or any of the other Company Documents which is not timely cured as provided therein; or

(g) The Company shall generally not pay its debts as such debts become due or is unable to pay its debts as they become due.

(h) The Company shall conceal, remove, or permit to be concealed or removed any part of its Property with intent to hinder, delay, or defraud its creditors, or any one of them, or shall make or suffer a transfer of any of its Property which is fraudulent under any bankruptcy, fraudulent conveyance, or similar law, or shall make any transfer of its Property to or for the benefit of a creditor at a time when other creditors similarly situated have not been paid, or shall suffer or permit, while insolvent, any creditor to obtain a Lien upon any of its Property through legal proceedings or distraint which is not vacated within thirty (30) days from the date thereof; or

(i) By order of a court of competent jurisdiction, a trustee, receiver, or liquidator of the Project Facility, or any part thereof, or of the Company shall be appointed and such order shall not be discharged or dismissed within sixty (60) days after such appointment; or

(j) The filing by the Company of a voluntary petition under Title 11 of the United States Code or any other federal or state bankruptcy statute; the failure by the Company within sixty (60) days to lift any execution, garnishment, or attachment of such consequence as will impair the Company's ability to carry out its obligations hereunder; the commencement of a case under Title 11 of the United States Code against the Company as the debtor, or commencement under any other federal or state bankruptcy statute of a case, action, or proceeding against the Company, and continuation of such case, action, or proceeding without dismissal for a period of sixty (60) days; the entry of an order for relief by a court of competent jurisdiction under Title 11 of the United States Code or any other federal or state bankruptcy statute with respect to the debts of the Company; or in connection with any insolvency or bankruptcy case, action, or proceeding, appointment by final order, judgment, or decree of a court of competent jurisdiction of a receiver or trustee of the whole or a substantial portion of the Property of the Company unless such order, judgment, or decree is vacated, dismissed, or dissolved within sixty (60) days of its issuance.

(k) The imposition of a Lien on the Project Facility other than a Permitted Encumbrance.

(l) Failure to comply with Company's Reporting Requirements, which failure shall not constitute an Event of Default unless such failure continues unremedied for a period of thirty (30) days after written notice thereof from the Agency to the Company.

(m) Failure to maintain the AMI Restrictions during the Term of this Agency Lease.

10.2 REMEDIES ON DEFAULT.

(a) Whenever any Event of Default shall have occurred and be continuing, the Agency may, to the extent permitted by law, take any one or more of the following remedial steps:

(1) Declare, by written notice to the Company, to be immediately due and payable, whereupon the same shall become immediately due and payable; (i) all unpaid installments of rent then due and payable pursuant to Section 5.3 hereof and (ii) all other payments due under this Agency Lease.

(2) Terminate this Agency Lease;

(3) Terminate the Company Lease;

(4) Terminate the PILOT Agreement;

(5) Terminate the Company's appointment as agent of the Agency; or

(6) Take any other action at law or in equity which may appear necessary or desirable to collect any amounts then due, or thereafter to become due, hereunder or under the Company Lease, the Project Agreement, or the PILOT Agreement, and/or to enforce the Company's obligations and duties under the Company Documents and the Agency's rights under the Agency Documents, including but not limited to, specific performance; or

(7) Seek to recover all or some of the Recapture Amount in accordance with the Agency's Recapture Policy, this Agency Lease and the Project Agreement.

(b) Take any other action as it shall deem necessary to cure any such Event of Default, provided that the taking of any such action shall not be deemed to constitute a waiver of such Event of Default.

(c) No action taken pursuant to this Section 10.2 shall relieve the Company from its obligations to make all payments required by Sections 5.3(b) and 8.2 hereof.

10.3 REMEDIES CUMULATIVE.

No remedy herein conferred upon or reserved to the Agency is intended to be exclusive of any other available remedy, but each and every such remedy shall be cumulative and in addition to every other remedy given under this Agency Lease, the Company Lease and the other Company Documents or the PILOT Agreement now or hereafter existing at law or in equity to collect any amounts then due, or thereafter to become due, hereunder and thereunder and to enforce the Agency's right to terminate this Agency Lease, the PILOT Agreement and the Company Lease. No delay or omission to exercise any right or power accruing upon any Default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Agency to exercise any remedy reserved to it in this Article 10, it shall not be

necessary to give any notice, other than such notice as may be herein expressly required in this Agency Lease.

10.4 AGREEMENT TO PAY ATTORNEYS' FEES AND EXPENSES.

The Company shall remit, upon the execution and delivery of this Agency Lease, all legal fees and costs incurred by the Agency in conjunction with the Project Facility, its approval, and the Financial Assistance. In the event the Company should Default under any of the provisions of this Agency Lease, or a dispute arises hereunder, and the Agency should employ attorneys, or incur other expenses, to preserve or enforce its rights hereunder or for the collection of amounts payable hereunder or the enforcement of performance or observance of any obligations or agreements on the part of the Company herein contained, the Company shall, on demand therefor, pay to the Agency the reasonable fees and costs of such attorneys and such other expenses so incurred. In addition, the Company acknowledges that to the extent there are any post-closing legal fees incurred by the Agency in conjunction with this Project, same are the obligation of the Company and as set forth herein.

10.5 NO ADDITIONAL WAIVER IMPLIED BY ONE WAIVER.

In the event any agreement contained herein should be breached by either party and thereafter such breach be waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

ARTICLE XI

MISCELLANEOUS

11.1 NOTICES.

All notices, certificates, and other communications hereunder shall be in writing, shall be sufficiently given, and shall be deemed given when (a) sent to the applicable address stated below by registered or certified mail, return receipt requested, and actually received by the intended recipient or by overnight courier or such other means as shall provide the sender with documentary evidence of such delivery, or (b) delivery is refused by the addressee as evidenced by the affidavit of the Person who attempted to effect such delivery. The addresses to which notices, certificates, and other communications hereunder shall be delivered are as follows:

The Agency and the Company, may, by notice given hereunder, designate any further or different addresses to which subsequent notices, certificates, and other communications shall be sent.

The Agency and the Company agree to provide a copy of all notices of default to the Company's investor member ("***Investor Member***") at the address set forth above. The Investor Member may, but shall not be obligated to, cure defaults of the Company hereunder and the Agency agrees that it shall accept a cure tendered by the Investor Member on the same terms as if tendered by the Company. However. Agency's failure to provide such copy to Investor Member shall not affect the validity of such notice, demand, complaint or request sent to Borrower, nor shall it constitute an Event of Default hereunder.

11.2 BINDING EFFECT.

This Agency Lease shall inure to the benefit of and shall be binding upon the Agency and the Company and, as permitted by this Agency Lease, upon their respective heirs, successors and assigns.

11.3 SEVERABILITY.

If any one or more of the covenants or agreements provided herein on the part of the Agency or the Company to be performed shall for any reason be held, or shall in fact be, inoperative, unenforceable, or contrary to law in any particular circumstance; such circumstance shall not render the provision in question inoperative or unenforceable in any other circumstance. Further, if any one or more of the sentences, clauses, paragraphs, or sections herein is contrary to law, then such covenant(s) or agreement(s) shall be deemed severable of remaining covenants and

agreements hereof and shall in no way affect the validity of the other provisions of this Agency Lease.

11.4 AMENDMENTS, CHANGES AND MODIFICATIONS.

This Agency Lease may not be amended, changed, modified, altered, or terminated except by an instrument in writing signed by the parties hereto.

11.5 EXECUTION OF COUNTERPARTS.

This Agency Lease may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

11.6 APPLICABLE LAW.

This Agency Lease shall be governed exclusively by the applicable laws of the State of New York.

11.7 WAIVER OF TRIAL BY JURY.

THE COMPANY AND THE AGENCY WAIVE THE RIGHT TO TRIAL BY JURY OF ANY DISPUTE ARISING UNDER THIS AGENCY LEASE, AND THIS PROVISION SHALL SURVIVE THE TERMINATION OF THIS AGENCY LEASE.

11.8 SUBORDINATION.

This Agency Lease shall be subject and subordinate to the Company Lease and the Mortgage and all Permitted Encumbrances in all respects. The Company Lease is deemed to be effective immediately prior to this Agency Lease.

11.9 SURVIVAL OF OBLIGATIONS.

(a) The obligations of the Company to repay, defend and/or provide the indemnity or information required by Sections 8.2, 8.5 and 8.12 hereof shall survive the termination of this Agency Lease and all such payments and obligations after such termination shall be made upon demand of the party to whom such payment and/or obligation is due.

(b) The obligations of the Company to repay, defend and/or provide the indemnity required by Sections 8.2 and 8.12 shall survive the termination of this Agency Lease until the expiration of the period stated in the applicable statute of limitations during which a claim, cause of action, or prosecution may be brought, and the payment in full or the satisfaction of such claim, cause of action, or prosecution, and the payment of all expenses and charges incurred by the Agency or its officers, members, agents (other than the Company) or employees relating thereto.

(c) The obligations of the Company required by Articles 4 and 5 and Sections 2.2, 6.2, 8.4, 8.5, 10.4 and 11.14 hereof shall similarly survive the termination of this Agency Lease.

11.10 TABLE OF CONTENTS AND SECTION HEADINGS NOT CONTROLLING.

The Table of Contents and the Section headings in this Agency Lease have been prepared for convenience of reference only and shall not control, affect the meaning of, or be taken as an interpretation of any provision of this Agency Lease.

11.11 NO RECOURSE; SPECIAL OBLIGATION.

The obligations and agreements of the Agency contained herein and in the other Agency Documents and in any other instrument or document executed in connection herewith or therewith, and any instrument or document supplemental hereto or thereto, shall be deemed the obligations and agreements of the Agency and not of any member, officer, agent (other than the Company) or employee of the Agency in his individual capacity; and the members, officers, agents and employees of the Agency shall not be liable personally hereon or thereon or be subject to any personal liability or accountability based upon or in respect hereof or thereof or of any transaction contemplated hereby or thereby.

The obligations and agreements of the Agency contained herein or therein shall not constitute or give rise to an obligation of the State New York or of the City of Syracuse, and neither the State of New York nor the City of Syracuse shall be liable hereon or thereon. Further, such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency, payable solely from the revenues of the Agency derived, and to be derived from, the lease, sale, or other disposition of the Project Facility, other than revenues derived from or constituting Unassigned Rights. No order or decree of specific performance with respect to any of the obligations of the Agency hereunder or thereunder shall be sought or enforced against the Agency unless:

(a) The party seeking such order or decree shall first have requested the Agency in writing to take the action sought in such order or decree of specific performance, and thirty (30) days shall have elapsed from the date of receipt of such request, and the Agency shall have refused to comply with such request (or if compliance therewith would reasonably be expected to take longer than thirty (30) days, shall have failed to institute and diligently pursue action to cause compliance with such request) or failed to respond within such notice period; and

(b) If the Agency refuses to comply with such request and the Agency's refusal to comply is based on its reasonable expectation that it will incur fees and expenses, the party seeking such order or decree shall have placed in an account with the Agency an amount or undertaking sufficient to cover such reasonable fees and expenses; and

(c) If the Agency refuses to comply with such request and the Agency's refusal to comply is based on its reasonable expectation that it or any of its members, officers, agents or employees shall be subject to potential liability, the party seeking such order or decree shall (1) agree to indemnify and hold harmless the Agency and its members, officers, agents and employees against any liability incurred as a result of its compliance with such demand; and (2) if requested by the Agency, furnish to the Agency satisfactory security to protect the Agency and its members,

officers, agents and employees against all liability expected to be incurred as a result of compliance with such request.

(d) For purposes of this Section 11.11, neither the Company nor any Additional Agent shall be deemed to constitute an employee, agent or servant of the Agency or a person under the Agency's control or supervision.

Any failure to provide notice, indemnity, or security to the Agency pursuant to this Section 11.11 shall not alter the full force and effect of any Event of Default under this Agency Lease.

11.12 OBLIGATION TO SELL AND PURCHASE THE EQUIPMENT.

(a) Contemporaneously with the termination of this Agency Lease in accordance with Section 5.2 hereof, the Agency shall sell and the Company shall purchase all the Agency's right, title and interest in and to all of the Equipment for a purchase price equal to the sum of One Dollar ($1.00), plus payment of all sums due and payable to the Agency or any other Person pursuant to this Agency Lease and the other Company Documents. The Company hereby irrevocably designates the Agency as its attorney-in-fact, coupled with an interest, for the purpose of executing and delivering the bill of sale together with any other documents therewith, including lease terminations in accordance with Section 5.2 hereof, and to take such other and further actions reasonably necessary to confirm the termination of the Agency's interest in the Equipment.

(b) The sale and conveyance of the Agency's right, title and interest in and to the Equipment shall be effected by the execution and delivery by the Agency to the Company of a bill of sale to Company. The Company hereby agrees to pay all expenses and taxes, if any, applicable to or arising from such transfer of title.

(c) The Company agrees to prepare the bill of sale to Company and all schedules thereto, together with all necessary documentation, and to forward same to the Agency at least thirty (30) days prior to the date that title to the Equipment is to be conveyed to the Company.

11.13 ENTIRE AGREEMENT.

This Agency Lease and the Company Lease contain the entire agreement between the parties and all prior negotiations and agreements are merged therein.

11.14 DISCLOSURE.

Section 875(7) of the New York General Municipal Law ("*GML*") requires that the Agency post on its website all resolutions and agreements relating to the Company's appointment as an agent of the Agency or otherwise related to the Project; and Article 6 of the New York Public Officers Law declares that all records in the possession of the Agency (with certain limited exceptions) are open to public inspection and copying. If the Company feels that there are elements of the Project or information about the Company in the Agency's possession which are in the nature of trade secrets or information, the nature of which is such that if disclosed to the public or otherwise widely disseminated would cause

substantial injury to the Company's competitive position, the Company must identify such elements in writing, supply same to the Agency on or before the Closing Date, and request that such elements be kept confidential in accordance with Article 6 of the Public Officers Law. Failure to do so will result in the posting by the Agency of all information in accordance with Section 875 of the GML.

11.15 RECORDING AND FILING.

This Agency Lease or a memorandum thereof, shall be recorded or filed, as the case may be, in the Office of the Clerk of Onondaga County, New York, or in such other office as may at the time be provided by law as the proper place for recordation or filing thereof.

11.16 NO JOINT VENTURE CREATED.

The Agency and the Company mutually agree that by entering into this Agency Lease the parties hereto are not entering into a joint venture.

EXHIBIT "C"

TABLE OF DEFINITIONS

The following terms shall have the meanings set forth below, unless the context or use clearly indicate another or different meaning and the singular form of such defined words and terms shall include the plural and vice versa:

Act: means the New York State Industrial Development Agency Act (N.Y. Gen. Municipal Law §§ 850 et seq.) as amended, together with Section 926 of the N.Y. General Municipal Law, as amended from time to time.

Additional Agents: means a Project operator, contractors, agents, subagents, subcontractors, contractors and subcontractors of such agents and subagents appointed by the Company in furtherance of the completion of the Project in accordance with the terms of the Agency Lease.

Agency: means the City of Syracuse Industrial Development Agency and its successors and assigns.

Agency Documents: means the Project Agreement, the Agency Lease, the Company Lease, the Mortgage, the PILOT Agreement and any other documents executed by the Agency in connection with the Project or the Financial Assistance granted in connection therewith.

Agency Lease: means the Agency Lease Agreement dated as of December 18, 2025, by and between the Agency and the Company, as the same may be amended or supplemented from time to time.

AMI Restrictions: means twelve (12%) of the residential units in the Project shall be rent restricted and reserved for tenants meeting the area median income limits in accordance with the City's Zoning Ordinance and City's policies, rules and regulations in effect on the date hereof.

Applicable Laws: means all statutes, codes, laws, acts, ordinances, orders, judgments, decrees, injunctions, rules, regulations, permits, licenses, authorizations, directions and requirements of all Governmental Authorities, foreseen or unforeseen, ordinary or extraordinary, which now or at any time hereafter may be applicable to or affect the Project Facility or any part thereof or the conduct of work on the Project Facility or any part thereof or to the operation, use, manner of use or condition of the Project Facility or any part thereof (the applicability of such statutes, codes, laws, acts, ordinances, orders, rules, regulations, directions and requirements to be determined both as if the Agency were the owner of the Project Facility and as if the Company and not the Agency were the owner of the Project Facility), including but not limited to (1) applicable building, zoning, environmental, planning and subdivision laws, ordinances, rules and regulations of Governmental Authorities having jurisdiction over the Project Facility, (2) restrictions, conditions or other requirements applicable to any permits, licenses or other governmental authorizations issued with respect to the foregoing, and (3) judgments, decrees or injunctions issued by any court or other judicial or quasi-judicial Governmental Authority.

Application: means the application submitted by the Company to the Agency dated November 5, 2024, requesting the Agency undertake the Project, as same may be amended or supplemented from time to time.

Authorized Representative: means for the Agency, the Chair or Vice Chair of the Agency; for the Company, its Member or its Managing Member (designated by resolution) or any officer designated in a certificate signed by an Authorized Representative of such Company and, for either the Agency or the Company, any additional persons designated to act on behalf of the Agency or the Company by written certificate furnished by the designating party containing the specimen signature of each designated person.

Benefit Affirmation Letter: means the letter dated December 4, 2024, and signed by the Company acknowledging the Financial Assistance granted by the Agency.

Bill of Sale: means that certain Bill of Sale from the Company to the Agency dated as of December 18, 2025 in connection with the Equipment.

City: means the City of Syracuse.

Closing Date: means December 18, 2025.

Closing Memorandum: means the closing memorandum of the Agency relating to the Project.

Company: means Wilbur Ave A/B, LLC, organized and existing under the laws of the State of New York having an address at 1001 Franklin Avenue, Suite 300, Garden City, New York 11530, and its permitted successors and assigns.

Company Documents: means the Application, the Company Lease, the Agency Lease, the Project Agreement, the PILOT Agreement, the Mortgage, the Environmental Compliance and Indemnification Agreement, the Bill of Sale, the Company Certification and any other documents executed by the Company in connection with the Project or the Financial Assistance granted in connection therewith.

Company Lease: means the Company Lease Agreement dated as of December 18, 2025 from the Company to the Agency, pursuant to which the Company leased the Project Facility to the Agency, as the same may be amended or supplemented from time to time.

Completion Date: means December 31, 2028; provided, however, that the Completion Date shall be extended to the extent that the Company's failure to complete the Project Facility by such date is due to delays caused by events of Force Majeure.

Condemnation: means the taking of title to, or the use of, Property under the exercise of the power of eminent domain by any governmental entity or other Person acting under governmental authority.

County: means the County of Onondaga in the State of New York.

***Environmental Compliance and Indemnification Agreement*:** means the Environmental Compliance and Indemnification Agreement dated as of December 18, 2025 by the Company to the Agency.

***Equipment*:** means all materials, machinery, furnishings, fixtures and equipment installed or used at the Project Facility, as of the Closing Date and thereafter acquired for or installed in, or upon, the Project Facility, as more fully described in **Exhibit "B"** to the Agency Lease.

***Facility*:** means the buildings and other improvements located or to be constructed on the Land.

***Financial Assistance*:** has the meaning given to such term in Section 854(14) of the Act.

First Mortgagee: means collectively, HFA and Goldman Sachs.

***Force Majeure*:** shall mean, acts of God, strikes, new executive orders of the government of the United States of America, riots, or epidemics that are not within the control of the Company and which have a direct and negative impact on the Project.

Goldman Sachs: means Goldman Sachs Bank USA.

***Governmental Authority or Governmental Authorities*:** means any federal, state, municipal, or other governmental department, commission, board, bureau, agency, or instrumentality, domestic or foreign.

HFA: means the State of New York Housing Finance Agency.

***Land*:** means the improved real property located at 800 S. Wilbur Avenue and 802 South Wilbur Avenue, in the City of Syracuse, County of Onondaga, State of New York, more particularly described on **Exhibit "A"** attached to the Agency Lease.

***Lien*:** means any interest in Property securing an obligation owed to a Person, whether such interest is based on the common law, statute or contract, and including, but not limited to, a security interest arising from a mortgage, encumbrance, pledge, conditional sale, or trust receipt or a lease, consignment or bailment for security purposes. The term "Lien" includes reservations, exceptions, encroachments, projections, easements, rights of way, covenants, conditions, restrictions, leases, and other similar title exceptions and encumbrances, including, but not limited to mechanics, materialmen, warehousemen, and carriers liens and other similar encumbrances effecting real property. For purposes hereof, a Person shall be deemed to be the owner of any property which it has acquired or holds subject to a conditional sale agreement or other arrangement pursuant to which title to the property has been retained by or vested in some other person for security purposes.

Mortgage: means one or more mortgages from the Agency and the Company to the Mortgagee and recorded in the Onondaga County Clerk's office subsequent to the filing and recording of the Memorandum of Agency Lease, securing construction and/or permanent financing for the Project Facility, executed in accordance with Section 4.5 of the Agency Lease, and securing the Note.

Mortgagee: means a lender, its successors and assigns, providing financing pursuant to the Note and Mortgage, relative to the costs of construction, equipping or permanent financing of the Project Facility. The first such Mortgagee shall be HFA or, upon the drawing of the letter of credit issued by Goldman Sachs for the benefit of HFA, and the assignment of the senior Mortgage to Goldman Sachs, Goldman Sachs.

Net Proceeds: means so much of the gross proceeds with respect to which that term is used as remain after payment of all expenses, costs and taxes (including attorneys' fees) incurred in obtaining such gross proceeds.

Note: means one or more notes given by the Company to the Mortgagee in connection with the Mortgage for construction or permanent financing relative to the Project Facility.

Permitted Encumbrances: means (A) utility, access and other easements and rights of way, and restrictions. encroachments and exceptions, that benefit or do not materially impair the utility or the value of the Property affected thereby for the purposes for which it is intended, (B) artisans', mechanics', materialmen's, warehousemen's, carriers', landlords', bankers', workmen's compensation, unemployment compensation and social security, and other similar Liens to the extent permitted by the Agency Lease, including the lien of the Mortgage, (C) Liens for taxes (1) to the extent permitted by the Agency Lease or (2) at the time not delinquent, (D) any Lien on the Project Facility obtained through any Agency Document or Company Document or the Mortgage, (E) Liens of judgments or awards in respect of which an appeal or proceeding for review shall be pending (or is pending within ten days after entry) and a stay of execution shall have been obtained (or is obtained within ten days after entry), or in connection with any claim or proceeding, (F) Liens on any Property hereafter acquired by the Company or any subsidiary which liens are created contemporaneously with such acquisition to secure or provide for the payment or financing of any part of the purchase price thereof, (G) Liens consisting solely of restrictions under any applicable laws or any negative covenants in any applicable agreements (but only to the extent that such restrictions and covenants do not prohibit the execution, delivery and performance by the Company of the Agency Lease and the Mortgage, and (H) existing mortgages or encumbrances on the Project Facility as of the Closing Date or thereafter incurred with the consent of the Mortgagee and the Agency.

Person: means an individual, partnership, corporation, limited liability company, trust, or unincorporated organization, and any government or agency or political subdivision or branch thereof.

PILOT Agreement : means the Payment in Lieu of Tax Agreement dated as of December 18, 2025 between the Agency and the Company, as amended or supplemented from time to time.

Plans and Specifications: means all representations, plans and specifications presented by the Company to the Agency in its Application and as described in the Project description in the third WHEREAS cause of this Agency Lease, and any other presentation or representations made by the Company to the Agency relating to the construction, equipping and completion of the Project Facility; and any additional plans and specifications approved by the Mortgagee.

Project: shall have the meaning ascribed thereto in the third ***WHEREAS*** clause of this Agency Lease.

Project Agreement: means the Project Agreement dated as of December 18, 2025 between the Company and the Agency setting forth rights and obligations of the parties with respect to the Financial Assistance, as the same may be amended or supplemented from time to time.

Project Facility: means the Land, the Facility and the Equipment.

Property: means any interest in any kind of property or asset, whether real, personal, or mixed, or tangible or intangible.

Recapture Amount: means collectively, the Sales Tax Recapture Amount and all direct monetary benefits and all other components of Financial Assistance.

Related Person: means a Related Person as that term is defined in subparagraph (C) of paragraph three of subsection (b) of section four hundred sixty-five of the Internal Revenue Code of 1986, as amended.

Resolution or Resolutions: means the Agency's resolutions adopted on December 9, 2024 authorizing the undertaking of the Project and the execution and delivery of certain documents by the Agency in connection therewith.

Sales and Use Tax or State Sales and Use Taxes: means, when used with respect to State sales and use taxes, sales and compensating use taxes and fees imposed by article twenty-eight or twenty-eight-A of the State tax law but excluding such taxes imposed in a city by section eleven hundred seven or eleven hundred eight of such article twenty-eight.

Sales Tax Recapture Amount: means the portion of the Financial Assistance consisting of State and local sales and use tax exemption the Agency shall and in some circumstances may, recover, recapture, receive or otherwise obtain from the Company pursuant to Section 875(3) of the Act, and in conjunction with Agency policy, in accordance with the Agency's Recapture Policy.

SEQRA: means the State Environmental Quality Review Act constituting Article 8 of the State Environmental Conservation Law and the regulations promulgated thereunder, as amended.

State: means the State of New York.

Term: means December 18, 2025 until 11:59 p.m. on June 30, 2059, unless earlier terminated in accordance with the terms of the Agency Lease.

Unassigned Rights: means:

(i) the right of the Agency in its own behalf to receive all opinions of counsel, reports, financial statements, certificates, insurance policies, binders or certificates, or other notices or communications, if any, required to be delivered to the Agency under the Agency Lease;

(ii) the right of the Agency to grant or withhold any consents or approvals required of the Agency under the Agency Lease;

(iii) the right of the Agency to enforce or otherwise exercise in its own behalf all agreements of the Company with respect to ensuring that the Project Facility shall always constitute a qualified "project" as defined in and as contemplated by the Act;

(iv) the right of the Agency to require and enforce any right of defense and any indemnity from any Person;

(v) the right of the Agency in its own behalf (or on behalf of the appropriate taxing authorities) to enforce, receive amounts payable under or otherwise exercise its rights under Sections 2.2(f), 2.2(h), 2.2(m), 2.2(q), 4.1, 4.5, 5.3, 5.4, 6.2, 6.3, 6.4, 8.2, 8.3, 8.5, 8.7, 8.9, 8.12, 10.2, 10.4, 11.9, 11.11 and 11.12 of the Agency Lease and Sections 2.6(g), 4.8 and 4.9 of the Company Lease; and

(vi) the right of the Agency in its own behalf to declare an Event of Default and enforce its remedies under Article X of the Agency Lease or with respect to any of the Agency's Unassigned Rights.

COMPANY
COMPANY ADDRESS

Dear _____:

Our auditors, _____, CPAs are conducting an audit of our financial statements for the year ended December 31, _____. In connection with that audit, we request that you furnish certain information directly to our auditor with regard to the following security issued by/through the City of Syracuse Industrial Development Agency:

Sale - Leaseback Financing

Project: _____

Date of Financing:

Principal Amount Financed:

Maturity Date:

Original Interest Rate:

Please provide the following information as of December 31, [year]:

Name of Lender

Debt Retired in [year] Yes/No

Debt Refinanced in [year] Yes/No

(If Yes, please update information in Paragraph 1 above)

Debt in Default as of [date] Yes/No

Current Interest Rate(s)

Rate range, if Variable

Principal balance outstanding as of [date]

Principal payments made during [year]

Payments in Lieu of Taxes (PILOT)

paid in [year]

Total cost of goods/services purchased: $_____

New York State Sales Tax Exemptions Claimed [year]

New York Local Sales Tax Exemptions Claimed: [year]

New York State Mortgage Recording

Tax Exemption: [year]

Form of Syracuse Industrial Development Agency — Project Jobs Data [year]

From:

To: , CPAs

Re:

The following jobs information is furnished to you with regard to the above cited project:

A. Job Retention/Creation:

I. Construction Jobs:

Provide the name of your general contractor: _____.

Provide the address (including county) of your general contractor: _____.

Is the general contractor MWBE qualified? _____.

Is the general contractor Service-Disabled Veteran-Owned Business Enterprises (SDVOBE) qualified? _____.

For each contractor and/or sub-contractor, provide the following information for the reporting period:

Bid awarded to (Name/Address/ County*)	Value of contract	MWBE (Yes/No)	MWBE Certified State or City	SDVOBE (Yes/No)	Number of jobs (FTE)	Number FTEs hired for construction residing within City	Number of total FTEs hired for construction

***Must include county and street address**

II. Permanent (non-construction) Jobs:

Number of FTEs retained at the Project prior to date of application: _____.

Number of FTEs created by the Project during the reporting calendar year (*exclusive of construction jobs*): _____.

Of the jobs created by the Project during the reporting year (*exclusive of construction jobs*) identify how many are in each of the following categories:

Professional/Managerial/Technical - includes jobs which involve skill or competence of extraordinary degree and may include supervisory responsibilities (examples: architect, engineer, accountant, scientist, medical doctor, financial manager, programmer). **Number of jobs created in reporting year _____.**

Skilled - includes jobs that require specific skill sets, education, training, and experience and are generally characterized by high education or expertise level (examples: electrician, computer operator, administrative assistant, carpenter, sales representative). **Number of jobs created in reporting year _____.**

Unskilled or Semi-Skilled - includes jobs that require little or no prior acquired skills and involve the performance of simple duties that require the exercise of little or no independent judgment (examples: general cleaner, truck driver, typist, gardener, parking lot attendant, line operator, messenger, information desk clerk, crop harvester, retail salesperson, security guard, telephone solicitor, file clerk). **Number of jobs created in reporting year _____.**

Identify:

the average annual salary range of the FTEs (*exclusive of construction jobs*) created during the reporting year: $_____.

the total number of jobs (*exclusive of construction jobs*) created by the Project from the date of application through the reporting date: _____.

the total number of jobs (retained and created, *but exclusive of construction jobs*) at the Project from the date of application through the reporting date: _____.

What is the annual average salary range of the FTEs (*exclusive of construction jobs*) created at the Project to date: $_____.

B. Geographical Hiring Data:

1. Construction jobs:

Of the construction jobs created during the reporting period, provide the street addresses and zip codes for the hires (based upon hire's residence).

2. FTEs hired (*exclusive of construction jobs*)

Of the FTE jobs created during the reporting period, provide the zip codes for the hires (based upon hire's residence).

Provide the same information reflecting FTEs hired from the date of application through the reporting date at the Project.

FORM OF SUB-AGENT AGREEMENT

THIS SUB-AGENT APPOINTMENT AGREEMENT (the "***Agreement***"), dated as of _____, 20__, is by and between **WILBUR AVE A/B, LLC**, with a mailing address of 1001 Franklin Avenue, Suite 300, Garden City, New York 11530 (the "***Company***"), and _____, a _____ of the State of New York, having an office for the transaction of business at _____ (the "***Sub-Agent***").

W I T N E S S E T H:

WHEREAS, the City of Syracuse Industrial Development Agency (the "***Agency***") was created by Chapter 641 of the Laws of 1979 of the State of New York pursuant to Title I of Article 18-A of the General Municipal Law of the State of New York (collectively, the "***Act***") as a body corporate and politic and as a public benefit corporation of the State of New York (the "***State***"); and

WHEREAS, by resolution of its members adopted on December 9, 2024 (the "***Resolution***"), the Agency agreed to undertake a project for the benefit of the Company (the "***Project***") consisting of: (A)(i) the acquisition of an interest in approximately 8.0 acres of a larger piece of land located at 800 S. Wilbur Ave. Rear, (tax map no.: 098.2-01-05.2); and 802 S. Wilbur Ave (tax map no. 098.2-01-05.4); which parcels are located in the City of Syracuse, New York, with such acreage to be re-subdivided, in one or more lots from the larger parcel (the "***Land***"); the construction of two 4-story buildings, each containing approximately 130 units for an aggregate of approximately 261 residential units consisting of approximately: (34) studios, (112) one-bedroom units, (86) two-bedroom units and (28) three-bedroom units (all of which will meet or exceed the AMI Restrictions) and which will include a unit for an on-site superintendent and 20 units designed and fully adapted to meet ADA design requirements for households with individuals who have hearing, vision or mobility disabilities; amenity space for residents including: lobby, fitness center, community room, playroom, central laundry room, maintenance and management office, mechanical room, mail and package room and leasing office; outdoor spaces, including but not necessarily limited to, a park, a playground and surface parking sufficient for approximately 257 vehicles (collectively, the "***Facility***") to support the Facility; (iii) the acquisition and installation in and on the Land and Facility of furniture, fixtures and equipment (the "***Equipment***" and together with the Land and the Facility, the "***Project Facility***"); (B) the granting of certain financial assistance in the form of exemptions from real property tax and State and local sales and use tax with respect to the Project Facility (collectively, the "***Financial Assistance***"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, equipping and completion of the Project Facility; and (D) the lease of the Land and Facility by the Agency pursuant to a lease agreement and the acquisition of an interest

in the Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

WHEREAS, under the Resolution and in the Agency Lease Agreement by and between the Company and the Agency dated as of December 18, 2025 (the "***Agency Lease***") the Agency appointed the Company as its agent for purposes of completing the Project and delegated to the Company the authority to appoint as agents of the Agency a Project operator, contractors, agents, subagents, subcontractors, contractors and subcontractors of such agents and subagents (the "***Additional Agents***" or "***Sub-Agents***"), for the purpose of completing the Project and benefitting from the State and local sales and use tax exemption that forms a portion of the Financial Assistance all in accordance with the terms of the Resolution and the Agency Lease; and

WHEREAS, the Company and the Agency entered into a Project Agreement dated as of December 18, 2025 (the "***Project Agreement***").

NOW, THEREFORE, the parties hereto hereby agree as follows:

1. The Recitals are incorporated herein by reference.

2. The Company hereby appoints the Sub-Agent as an Additional Agent of the Agency for the purpose of assisting the Company and the Agency in the completion of the Project and benefitting from the State and local sales and use tax exemption relative to expenditures made in furtherance thereof. The Sub-Agent is only an agent of the Agency for the aforementioned purposes. The Sub-Agent hereby agrees to limit its activities as agent for the Agency under the authority of this Agreement to acts reasonably related to the completion of the Project Facility.

3. The Sub-Agent represents, warrants, covenants, agrees and acknowledges:

a. that the undersigned is an authorized representative of the Sub-Agent with authority to bind the Sub-Agent and upon execution of this Agreement by the undersigned, same shall be binding upon the Sub-Agent.

b. to make all records and information regarding State and local sales and use tax exemption benefits claimed by it in connection with the Project available to the Company and the Agency upon request. The Sub-Agent agrees to comply with all procedures and policies established by the State Department of Taxation and Finance, or any similar entity, regarding the documenting or reporting of any State and local sales and use tax exemption benefits, including providing to the Company all information of the Sub-Agent necessary for the Company to complete the State Department of Taxation and Finance's "Annual Report of Sales and Use Tax Exemptions" (Form ST-340).

c. to be bound by and comply with the terms and conditions of the Agency's policies, the Resolution and Section 875(3) of the Act (as if such section were fully set forth herein). Without limiting the scope of the foregoing, the Sub-Agent acknowledges and agrees to be bound by the Agency's Suspension, Discontinuation and Recapture of Benefits Policy (the "***Recapture Policy***"), a copy of which is attached hereto as **Schedule "A"**.

d. that the failure of the Sub-Agent to promptly pay any Sales Tax Recapture Amount in accordance with the Recapture Policy, the Agency Lease and/or the Resolution to the Agency will be grounds for the Agency, the State Commissioner of Taxation and Finance or such other entity, to collect sales and use taxes from the Sub-Agent under Article 28 of the Tax Law, or other applicable law, policy or contract, together with interest and penalties. In addition to the foregoing, the Sub-Agent acknowledges and agrees that for purposes of exemption from State sales and use taxation, "sales and use taxation" shall mean sales and compensating use taxes and fees imposed by article twenty-eight or twenty-eight-A of the Tax Law but excluding such taxes imposed in a city by section eleven hundred seven or eleven hundred eight of such article twenty-eight.

e. that all purchases made by the Sub-Agent in connection with the Project shall be made using Form ST-123 (IDA Agent or Project Operator Exempt Purchase Certificate), a copy of which is attached hereto as **Exhibit "A"**). It shall be the responsibility of the Sub-Agent (and not the Company or the Agency) to complete Form ST-123. The failure to furnish a completed Form ST-123 with each purchase will result in loss of the exemption for that purchase.

f. that it shall identify the Project on each bill and invoice for such purchases and further indicate on such bills or invoices that the Sub-Agent is making purchases of tangible personal property or services for use in the Project as agent of the Agency. For purposes of indicating who the purchaser is, the Sub-Agent acknowledges and agrees that the bill of invoice should state, "I, [NAME OF SUB-AGENT], certify that I am a duly appointed agent of the City of Syracuse Industrial Development Agency and that I am purchasing the tangible personal property or services for use in the following Agency project and that such purchases qualify as exempt from sales and use taxes under my Sub-Agent Appointment Agreement." The Sub-Agent further acknowledges and agrees that the following information shall be used by the Sub-Agent to identify the Project on each bill and invoice: **WILBUR AVE A/B, LLC PROJECT, 800 S. Wilbur Ave. Rear and 802 S. Wilbur Ave, IDA Project No.: 3102-2506.**

g. that for purposes of any exemption from the State sales and use taxation as part of any Financial Assistance requested, "sales and use taxation" shall mean sales and compensating use taxes and fees imposed by article twenty-eight or twenty-eight A of the State tax law but excluding such taxes imposed in a city by section eleven hundred seven or eleven hundred eight of such article twenty-eight. **Such exemption shall not be used for the Condominiums.**

h. that the Sub-Agent shall indemnify and hold the Agency harmless from all losses, expenses, claims, damages and liabilities arising out of or based on labor, services, materials and supplies, including equipment, ordered or used in connection with the Project Facility (including any expenses incurred by the Agency in defending any claims, suits or actions which may arise as a result of any of the foregoing), for such claims or liabilities that arise as a result of the Sub-Agent acting as agent for the Agency pursuant to this Agreement or otherwise.

The Sub-Agent shall indemnify and hold the Agency, its members, officers, employees and agents and anyone for whose acts or omissions the Agency or any one of them may be liable,

harmless from all claims and liabilities for loss or damage to property or any injury to or death of any person that may be occasioned subsequent to the date hereof by any cause whatsoever in relation only to Sub-Agent's work on or for the Project Facility, including any expenses incurred by the Agency in defending any claims, suits or actions which may arise as a result of the foregoing.

The foregoing defenses and indemnities shall survive expiration or termination of this Agreement and shall apply whether or not the claim, liability, cause of action or expense is caused or alleged to be caused, in whole or in part, by the activities, acts, fault or negligence of the Agency, its members, officers, employees and agents, anyone under the direction and control of any of them, or anyone for whose acts or omissions the Agency or any of them may be liable, and whether or not based upon the breach of a statutory duty or obligation or any theory or rule of comparative or apportioned liability, except for their gross negligence or willful misconduct, subject only to any specific prohibition relating to the scope of indemnities imposed by statutory law.

i. that as agent for the Agency or otherwise, the Sub-Agent will comply at the Sub-Agent's sole cost and expense with all the requirements of all federal, state and local laws, rules and regulations of whatever kind and howsoever denominated applicable to the Sub-Agent with respect to the Project Facility.

j. that Section 875(7) of the Act requires the Agency to post on its website all resolutions and agreements relating to the Sub-Agent's appointment as an agent of the Agency or otherwise related to the Project, including this Agreement, and that Public Officers Law Article 6 declares that all records in the possession of the Agency (with certain limited exceptions) are open to public inspection and copying. If the Sub-Agent feels that there is information about the Sub-Agent in the Agency's possession which are in the nature of trade secrets or information, the nature of which is such that if disclosed to the public or otherwise widely disseminated would cause substantial injury to the Sub-Agent's competitive position, the Sub-Agent must identify such elements in writing, supply same to the Agency prior to or contemporaneously with the execution hereof and request that such elements be kept confidential in accordance with Public Officers Law Article 6. Failure to do so will result in the posting by the Agency of all information in accordance with Section 875 of the Act.

k. The Sub-Agent agrees Local contractors and suppliers will be used for the construction and equipping of the Project unless a waiver is first received from the Agency in writing. Such waiver shall be in the Agency's sole discretion. The Sub-Agent agrees that such Local contractors shall be provided the opportunity to bid on contracts related to the Project. Local shall mean, for the purposes of this Agreement, Onondaga, Oswego, Madison, Cayuga, Cortland and Oneida Counties. Failure to comply with the local labor requirements of this Section (j) (collectively, the ***"Local Labor Requirements"***) may result in the revocation or recapture of benefits provided/approved to the Project by the Agency.

l. **the Sub-agent shall work with the Company to ensure compliance with the Agency's MWBE and local hiring requirements as set forth in the Agency's Project Approval Policy.**

m. that the Sub-Agent must timely provide the Company with the necessary information to permit the Company, pursuant to General Municipal Law §874(8), to timely file an Annual Statement with the New York State Department of Taxation and Finance on "Annual Report of Sales and Use Tax Exemptions" (Form ST-340) regarding the value of sales and use tax exemptions the Additional Agent claimed pursuant to the agency conferred on it by the Company with respect to this Project on an annual basis.

n. that the failure to comply with the foregoing will result in the loss of the exemption.

o. that if the Sub-Agent is the general contractor for the Project, then at all times following the execution of this Agreement, and during the term thereof, the Sub-Agent shall maintain or cause to be maintained the following insurance policies with an insurance company licensed in the State that has an A.M. Best rating of not less than A-, provided, however, the Sub-Agent shall not be required to provide such insurance if and to the extent the Company provides such insurance under policies that include the Sub-Agent as a named insured, provided privity between the Sub-Agent and the Agency, and otherwise meet the following requirements:

(a) Insurance against loss or damage by fire, lightning, and other casualties customarily insured against (with a uniform standard extended coverage endorsement), such insurance to be in an amount not less than the full replacement value of the completed Project Facility, exclusive of footings and foundations, as determined by a recognized appraiser or insurer selected by the general contractor.

(b) Workers' compensation insurance, disability benefits' insurance, and each other form of insurance which the general contractor is required by law to provide covering loss resulting from injury, sickness, disability, or death of employees of the general contractor who are located at or assigned to the Project Facility;

(c) A policy of commercial general liability insurance with a limit of liability of not less than $1,000,000 per occurrence on an "occurrence" basis and $2,000,000 in the aggregate for bodily injury, including death, and property damage, including but not limited to, contractual liability under this Agency Lease and personal injury, with blanket excess liability coverage in an amount not less than $2,000,000, covering the Project Facility and Equipment and the Company's and the Agency's use or occupancy thereof against all claims on account of bodily injury or death and property damage occurring upon, in or about the Project Facility or in connection with the ownership, maintenance, use and/or occupancy of the Project Facility and all appurtenant areas.

In addition, all insurance required by this section shall be with insurance companies of recognized financial standing selected by the general contractor and licensed to write such insurance in the State of New York. Such insurance may be written with deductible amounts comparable to those on similar policies carried by other Persons engaged in businesses similar in size, character, and other respects to those in which the general contractor is engaged. All policies evidencing such insurance except the Workers' Compensation policy shall name the general contractor as insured and the Agency as an additional insured, as its interests may appear, and shall provide that such coverage with respect to the Agency be primary and non-contributory with any

insurance secured by the Agency and require at least thirty (30) days' prior written notice to the Agency of cancellation, reduction in policy limits, or material change in coverage thereof.

Prior to the effective date of this Agreement, the general contractor shall deliver to the Agency, satisfactory to the Agency in form and substance: (i) Certificates evidencing all insurance required hereby; (ii) the additional insured endorsement(s) applicable to the Agency; (iii) the final insurance binder addressed to the general contractor covering the Project Facility; and (iv) evidence that the insurance so required is on a primary and non-contributory basis. In addition, the general contractor shall provide, if so requested by the Agency, a final and complete copy of each insurance policy within thirty (30) days of the execution of this Agreement.

The general contractor shall deliver or cause to be delivered to the Agency on or before the first business day of each January thereafter each of the items set forth in the immediately preceding paragraphs, dated not earlier than the immediately preceding month, reciting that there is in full force and effect, with a term covering at least the next succeeding calendar year, insurance in the amounts and of the types required hereby for so long as the general contractor is performing, supervising or causing work to be done on or at the Project Facility. The general contractor shall furnish to the Agency evidence that the policy has been renewed or replaced or is no longer required by this Agreement in each such year.

p. that every controversy, dispute or claim arising out of or relating to this Agreement shall be governed by the laws of the State of New York, without regard to its conflicts-of-laws provisions that if applied might require the application of the laws of another jurisdiction; and that the Sub-Agent irrevocably and expressly submits to the exclusive personal jurisdiction of the Supreme Court of the State of New York and the United States District Court for the Northern District of New York, to the exclusion of all other courts, for the purposes of litigating every controversy, dispute or claim arising out of or relating to this Agreement.

4. Failure of the Sub-Agent to comply with any of the provisions of this Agreement shall result in the immediate nullification of the appointment of the Sub-Agent and the immediate termination of this Agreement and may result in the loss of the Company's State and local sales and use tax exemption with respect to the Project at the sole discretion of the Agency. In addition, such failure may result in the recapture of the State and local sales and use taxes avoided.

5. The Company acknowledges that the assumption of certain obligations by the Sub-Agent in accordance with this Agreement does not relieve the Company of its obligations under any provisions of the Agency Lease or of any other agreement entered into by the Company in connection with the Project.

6. The Company and the Sub-Agent agree that the Agency is a third-party beneficiary of this Agreement.

7. This Agreement shall be in effect until the earlier of: (i) the completion of the work on the Project by the Sub-Agent; or (ii) the Sub-Agent's loss of status as an agent of the Agency as set forth herein. Notwithstanding the foregoing, the provisions of Sections 2(b), 2(c), 2(f), 2(g), 2(j), and 2(l) shall survive the termination of this Agreement.

8. This Agreement may be executed in any number of counterparts, all of which shall constitute one and the same instrument, and any party hereto may execute this Agreement by signing and delivering one more counterparts. The manual signature of any party hereto, that is transmitted by facsimile or other electronic means evidencing such signature, shall be deemed for all purposes to be an original signature.

IN WITNESS WHEREOF, the Company and the Sub-Agent have caused this Agreement to be executed in their respective names by their respective duly authorized officers, all as of the day and year first above written.

FORM ST-123

New York State Department of Taxation and Finance

New York State Sales and Use Tax

IDA Agent or Project Operator Exempt Purchase Certificate

Effective for projects beginning on or after June 1, 2014

ST-123
(7/14)

This certificate is not valid unless all entries have been completed.

Note: To be completed by the purchaser and given to the seller. Do not use this form to purchase motor fuel or diesel motor fuel exempt from tax. See Form FT-123, *IDA Agent or Project Operator Exempt Purchase Certificate for Fuel*.

Name of seller			Name of agent or project operator		
Street address			Street address		
City, town, or village	State	ZIP code	City, town, or village	State	ZIP code
			Agent or project operator sales tax ID number (see instructions)		

Mark an *X* in one: ☐ Single-purchase certificate ☐ Blanket-purchase certificate (valid only for the project listed below)

To the seller:

You must identify the project on each bill and invoice for such purchases and indicate on the bill or invoice that the IDA or agent or project operator of the IDA was the purchaser.

Project information

I certify that I am a duly appointed agent or project operator of the named IDA and that I am purchasing the tangible personal property or services for use in the following IDA project and that such purchases qualify as exempt from sales and use taxes under my agreement with the IDA.

Name of IDA		
Name of project	IDA project number (see instructions)	
Street address of project site		
City, town, or village	State	ZIP code
Enter the date that you were appointed agent or project operator *(mm/dd/yy)* ..... / /	Enter the date that agent or project operator status ends *(mm/dd/yy)* ..... / /	

Exempt purchases

(Mark an X in boxes that apply)

☐ A. Tangible personal property or services (other than utility services and motor vehicles or tangible personal property installed in a qualifying motor vehicle) used to complete the project, but not to operate the completed project

☐ B. Certain utility services (gas, propane in containers of 100 pounds or more, electricity, refrigeration, or steam) used to complete the project, but not to operate the completed project

☐ C. Motor vehicle or tangible personal property installed in a qualifying motor vehicle

Certification: I certify that the above statements are true, complete, and correct, and that no material information has been omitted. I make these statements and issue this exemption certificate with the knowledge that this document provides evidence that state and local sales or use taxes do not apply to a transaction or transactions for which I tendered this document and that willfully issuing this document with the intent to evade any such tax may constitute a felony or other crime under New York State Law, punishable by a substantial fine and a possible jail sentence. I understand that this document is required to be filed with, and delivered to, the vendor as agent for the Tax Department for the purposes of Tax Law section 1838 and is deemed a document required to be filed with the Tax Department for the purpose of prosecution of offenses. I also understand that the Tax Department is authorized to investigate the validity of tax exclusions or exemptions claimed and the accuracy of any information entered on this document.

Signature of purchaser or purchaser's representative (see the instructions)	Date
Type or print the name, title, and relationship that appear in the signature box	

Instructions

To the purchaser

You may use Form ST-123 if you:

- have been appointed as an agent or project operator by an industrial development agency (IDA) and
- the purchases qualify for exemption from sales and use tax as described in the IDA contract.

You may use Form ST-123 as a single-purchase certificate or as a blanket certificate covering the first and subsequent purchases qualifying for the project listed.

Agent or project operator sales tax ID number If you are registered with the Tax Department for sales tax purposes, you must enter your sales tax identification number on this certificate. If you are not required to be registered, enter *N/A*.

Industrial development agencies and authorities (IDAs) are public benefit corporations under General Municipal Law Article 18-A and the Public Authorities Law, for the purpose of promoting, developing, encouraging, and assisting in the acquisition, construction, reconstruction, improvement, maintenance, equipping, and furnishing of industrial, manufacturing, warehousing, commercial, research, and recreational facilities in New York State.

IDAs are exempt from the payment of sales and use tax on their purchases, in accordance with Tax Law section 1116(a)(1). However, IDAs do not normally make direct purchases for projects. Commonly, IDAs instead appoint a business enterprise or developer, contractor, or subcontractor as its agent or project operator. Such purchases made by the agent or project operator, acting within the authority granted by the IDA, are deemed to be made by the IDA and therefore exempt from tax.

Example 1: IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment necessary for completion of the project, as agent for the IDA. Contractor X rents a backhoe and a bulldozer for site preparation, purchases concrete and lumber to construct a building, and purchases machinery to be installed in the building. All these purchases by contractor X as agent of the IDA are exempt from tax.

Example 2: IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment to be incorporated into the project, as agent for the IDA. Contractor X makes the same purchases as in Example 1. Since the concrete, lumber, and machinery will actually be incorporated into the project, contractor X may purchase these items exempt from tax. However, rental of the backhoe and bulldozer is not exempt since these transactions are normally taxable and the IDA agreement does not authorize contractor X to make such rentals as agent of the IDA.

A contractor or subcontractor not appointed as agent or project operator of an IDA must present suppliers with Form ST-120.1, *Contractor Exempt Purchase Certificate*, when making purchases that are ordinarily exempt from tax in accordance with Tax Law sections 1115(a)(15) and 1115(a)(16). For more information, see Form ST-120.1.

Exempt purchases

To qualify, the purchases must be made within the authority granted by the IDA and used to complete the project (not to operate the completed project).

A. Mark box A to indicate you are purchasing tangible personal property and services (other than utility services and motor vehicles or tangible personal property installed in a qualifying motor vehicle) exempt from tax.

B. Mark box B to indicate you are purchasing certain consumer utility services used in completing the project exempt from tax. This includes gas, electricity, refrigeration, and steam; and gas, electric, refrigeration, and steam services.

C. Mark box C to indicate you are purchasing a motor vehicle or tangible personal property related to a qualifying motor vehicle exempt from tax.

Misuse of this certificate

Misuse of this exemption certificate may subject you to serious civil and criminal sanctions in addition to the payment of any tax and interest due. These include:

- A penalty equal to 100% of the tax due;
- A $50 penalty for each fraudulent exemption certificate issued;
- Criminal felony prosecution, punishable by a substantial fine and a possible jail sentence; and
- Revocation of your *Certificate of Authority*, if you are required to be registered as a vendor. See TSB-M-09(17)S, *Amendments that Encourage Compliance with the Tax Law and Enhance the Tax Department's Enforcement Ability*, for more information.

To the seller

When making purchases as agent or project operator of an IDA, the purchaser must provide you with this exemption certificate with all entries completed to establish the right to the exemption. You must identify the project on each bill and invoice for such purchases and indicate on the bill or invoice that the IDA or agent or project operator of the IDA was the purchaser.

As a New York State registered vendor, you may accept an exemption certificate in lieu of collecting tax and be protected from liability for the tax if the certificate is valid. The certificate will be considered valid if it is:

- accepted in good faith;
- in your possession within 90 days of the transaction; and
- properly completed (all required entries were made).

An exemption certificate is accepted in good faith when you have no knowledge that the exemption certificate is false or is fraudulently given, and you exercise reasonable ordinary due care. If you do not receive a properly completed certificate within 90 days after the delivery of the property or service, you will share with the purchaser the burden of proving the sale was exempt.

You must also maintain a method of associating an invoice (or other source document) for an exempt sale with the exemption certificate you have on file from the purchaser. You must keep this certificate at least three years after the due date of your sales tax return to which it relates, or the date the return was filed, if later.

Privacy notification

New York State Law requires all government agencies that maintain a system of records to provide notification of the legal authority for any request, the principal purpose(s) for which the information is to be collected, and where it will be maintained. To view this information, visit our Web site, or, if you do not have Internet access, call and request Publication 54, *Privacy Notification*. RECAPTURE POLICY

City of Syracuse
Industrial Development Agency
201 East Washington Street, 6th Floor
Syracuse, NY 13202
Tel (315) 473-3275 Fax (315) 435-3669

RECAPTURE POLICY

I. STATEMENT OF PURPOSE

The City of Syracuse Industrial Development Agency (the "*Agency*") has adopted this Recapture Policy (the "*Recapture Policy*") in accordance with Sections 874(10) and 874(11) of the New York State General Municipal Law. This Recapture Policy shall be consistent with and in compliance with the provisions of Chapter 1030 of Laws of 1969 of New York, constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended (the "*Enabling Act*") and Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (said Chapter and the Enabling Act being hereinafter collectively referred to as the "*Act*"), and any other applicable law.

II. MANDATORY RECAPTURE OF THE NEW YORK STATE PORTION OF SALES AND USE TAX

The Agency shall recapture from project applicants New York State sales and use tax benefits, in accordance with the provisions of the General Municipal Law, from projects that utilized State sales and use tax exemptions:

a) To which the project was not entitled;

b) In excess of the amounts authorized by the Agency;

c) For property or services not authorized by the Agency; and/or

d) For a project that has failed to comply with a material term or condition to use the property or services in the manner required by any of the project documents between the company and the Agency.

The approving resolution(s) and project documents granting financial assistance in the form of State sales and use tax exemption benefits shall include the terms and conditions of the foregoing recapture provision. Within thirty (30) days of the recapture, the recapture amount shall be remitted to the New York State Department of Taxation and Finance. Such remittances shall include interest, at the legal rate, imposed by the Agency. The failure to pay over such amounts to the Agency shall be grounds for the New York State Tax Commissioner to assess and determine

State sales and use taxes due from the company under article twenty-eight of the New York State Tax Law, together with any relevant penalties and interest due on such amounts.

In order to determine if one of the foregoing events have occurred (a "*State Mandated Recapture Event*") and to effectuate this recapture of New York State sales and use tax benefits the Agency shall:

a) Keep records of the New York State and local sales tax exemptions provided to each project, with such records available to the New York State Tax Commissioner upon request.

b) Report within thirty days of providing any financial assistance in the form of a sales and use tax exemption, the project, the estimated amount of the exemption and other information as may be required by the New York State Tax Commissioner (Form ST-60).

c) The Agency shall file an annual report with the New York State Tax Commissioner detailing its terms and conditions and its activities in recapturing any unauthorized New York State sales and use tax exemptions.

III. SUSPENSION, DISCONTINUATION, RECAPTURE AND TERMINATION OF OTHER FORMS OF FINANCIAL ASSISTANCE

With respect to all other financial assistance provided to a project (other than the State portion of sales and use tax exemptions) the Agency shall have the right to suspend, discontinue, recapture or terminate financial assistance to any company for a project to the extent that:

a) for projects that utilized local sales and use tax exemptions, the project was not entitled to such exemptions, such exemptions were in excess of the amounts authorized by the Agency, and/or such exemptions were for property or services not authorized by the Agency (each, a "*Local Sales Tax Benefit Violation*");

b) the company, upon completion of the project, fails to reach and maintain at least 85 percent of its employment requirements for job creation and/or retention ("*Job Deficit*");

c) the total investment actually made with respect to the project at the project's completion date is less than 85 percent of its investment requirement ("*Investment Deficit*");

d) the company fails to provide annually to the Agency certain information to confirm that the project is achieving the investment, job retention, job creation, and other objectives of the Project ("*Reporting Failure*"); or

e) there otherwise occurs any event of default under any project document (each, an "Event of Default") or a material violation of the terms and conditions of any project document (a "*Material Violation*").

IV. ANNUAL ASSESSMENT

The Agency shall evaluate, annually as of December 31, or at any time information is brought to the Agency's attention, whether a State Mandated Recapture Event, a Local Sales Tax Benefit Violation, Job Deficit, Investment Deficit, Reporting Failure Event of Default or Material Violation (each a "*Noncompliance Event*") has occurred. Notwithstanding the foregoing, the Agency may determine whether an Event of Default has occurred pursuant to any project document in accordance with the terms of the project document.

At the time of any Noncompliance Event (other than a State Mandated Recapture Event), the Agency shall determine by resolution whether to exercise its right to suspend, discontinue, recapture or terminate all or any portion of the financial assistance provided to a project, and shall consider the following in making its determination:

a) Whether the company has proceeded in good faith.

b) Whether the project has not performed as required due to economic issues, changes in market conditions or adverse events beyond the control of the company.

c) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create a more adverse situation for the company, such as the company going out of business or declaring bankruptcy, which would not occur if the Agency's rights were not exercised.

d) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create an adverse situation for the residents of the City of Syracuse.

e) The assessment prepared in accordance with the Agency's Annual Assessment Policy.

f) Such other criteria as the Agency shall determine is a relevant factor in connection with any decision regarding the exercise of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance.

The Agency shall document its evaluation of the above criteria in writing and based upon its evaluation, the Agency shall determine whether to suspend, discontinue, recapture or terminate all or any portion of the financial assistance (the "*Determination*"). The Determination shall provide terms, if any, by which a company may remedy any Noncompliance Event (other than a State Mandated Recapture Event) upon which the Determination was based. The company must

submit written documentation to the Agency of compliance with all terms and conditions of the Determination in order for the Agency to consider whether to resume financial assistance to the company (which will be at the Agency's sole discretion).

The project agreement entered into between the Agency and the company (the "*Project Agreement*") shall include the terms and conditions of the foregoing provisions. The Agency shall also include in the Project Agreement a requirement that the company comply with the Agency's right to suspend, discontinue, recapture or terminate the financial assistance and that the company shall repay all or a portion of the financial assistance granted by the Agency to the company pursuant to any Determination.

Any such amount constituting local tax exemptions shall be redistributed to the appropriate affected tax jurisdictions, unless agreed to otherwise by any local taxing jurisdiction.

IV. RECAPTURE PERIOD

Except as otherwise provided by the General Municipal Law, the recapture period will be the longer of: (1) the term of the Lease Agreement; or (2) five years following the project's completion date. A project will remain "active" for purposes of Section 874(12) of General Municipal Law and the Agency's Annual Assessment Policy during the term of the Project Agreement.

Adopted: June 21, 2016

RECAPTURE POLICY

City of Syracuse
Industrial Development Agency
201 East Washington Street, 7th Floor
Syracuse, NY 13202
Tel (315) 473-3275 Fax (315) 435-3669

RECAPTURE POLICY

I. STATEMENT OF PURPOSE

The City of Syracuse Industrial Development Agency (the "*Agency*") has adopted this Recapture Policy (the "*Recapture Policy*") in accordance with Sections 874(10) and 874(11) of the New York State General Municipal Law. This Recapture Policy shall be consistent with and in compliance with the provisions of Chapter 1030 of Laws of 1969 of New York, constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended (the "*Enabling Act*") and Chapter 641 of the Laws of 1979 of the State of New York, as amended from time to time (said Chapter and the Enabling Act being hereinafter collectively referred to as the "*Act*"), and any other applicable law.

II. MANDATORY RECAPTURE OF THE NEW YORK STATE PORTION OF SALES AND USE TAX

The Agency shall recapture from project applicants New York State sales and use tax benefits, in accordance with the provisions of the General Municipal Law, from projects that utilized State sales and use tax exemptions:

e) To which the project was not entitled;

f) In excess of the amounts authorized by the Agency;

g) For property or services not authorized by the Agency; and/or

h) For a project that has failed to comply with a material term or condition to use the property or services in the manner required by any of the project documents between the company and the Agency.

The approving resolution(s) and project documents granting financial assistance in the form of State sales and use tax exemption benefits shall include the terms and conditions of the

foregoing recapture provision. Within thirty (30) days of the recapture, the recapture amount shall be remitted to the New York State Department of Taxation and Finance. Such remittances shall include interest, at the legal rate, imposed by the Agency. The failure to pay over such amounts to the Agency shall be grounds for the New York State Tax Commissioner to assess and determine State sales and use taxes due from the company under article twenty-eight of the New York State Tax Law, together with any relevant penalties and interest due on such amounts.

In order to determine if one of the foregoing events have occurred (a "*State Mandated Recapture Event*") and to effectuate this recapture of New York State sales and use tax benefits the Agency shall:

d) Keep records of the New York State and local sales tax exemptions provided to each project, with such records available to the New York State Tax Commissioner upon request.

e) Report within thirty days of providing any financial assistance in the form of a sales and use tax exemption, the project, the estimated amount of the exemption and other information as may be required by the New York State Tax Commissioner (Form ST-60).

f) The Agency shall file an annual report with the New York State Tax Commissioner detailing its terms and conditions and its activities in recapturing any unauthorized New York State sales and use tax exemptions.

III. SUSPENSION, DISCONTINUATION, RECAPTURE AND TERMINATION OF OTHER FORMS OF FINANCIAL ASSISTANCE

With respect to all other financial assistance provided to a project (other than the State portion of sales and use tax exemptions) the Agency shall have the right to suspend, discontinue, recapture or terminate financial assistance to any company for a project to the extent that:

f) for projects that utilized local sales and use tax exemptions, the project was not entitled to such exemptions, such exemptions were in excess of the amounts authorized by the Agency, and/or such exemptions were for property or services not authorized by the Agency (each, a "*Local Sales Tax Benefit Violation*");

g) the company, upon completion of the project, fails to reach and maintain at least 85 percent of its employment requirements for job creation and/or retention ("*Job Deficit*");

h) the total investment actually made with respect to the project at the project's completion date is less than 85 percent of its investment requirement ("*Investment Deficit*");

i) the company fails to provide annually to the Agency certain information to confirm that the project is achieving the investment, job retention, job creation, and other objectives of the Project ("*Reporting Failure*"); or

j) there otherwise occurs any event of default under any project document (each, an "Event of Default") or a material violation of the terms and conditions of any project document (a "*Material Violation*").

IV. ANNUAL ASSESSMENT

The Agency shall evaluate, annually as of December 31, or at any time information is brought to the Agency's attention, whether a State Mandated Recapture Event, a Local Sales Tax Benefit Violation, Job Deficit, Investment Deficit, Reporting Failure Event of Default or Material Violation (each a "*Noncompliance Event*") has occurred. Notwithstanding the foregoing, the Agency may determine whether an Event of Default has occurred pursuant to any project document in accordance with the terms of the project document.

At the time of any Noncompliance Event (other than a State Mandated Recapture Event), the Agency shall determine by resolution whether to exercise its right to suspend, discontinue, recapture or terminate all or any portion of the financial assistance provided to a project, and shall consider the following in making its determination:

g) Whether the company has proceeded in good faith.

h) Whether the project has not performed as required due to economic issues, changes in market conditions or adverse events beyond the control of the company.

i) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create a more adverse situation for the company, such as the company going out of business or declaring bankruptcy, which would not occur if the Agency's rights were not exercised.

j) Whether the enforcement by the Agency of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance would create an adverse situation for the residents of the City of Syracuse.

k) The assessment prepared in accordance with the Agency's Annual Assessment Policy.

l) Such other criteria as the Agency shall determine is a relevant factor in connection with any decision regarding the exercise of its right to suspend, discontinue, recapture or terminate all or any portion of financial assistance.

The Agency shall document its evaluation of the above criteria in writing and based upon its evaluation, the Agency shall determine whether to suspend, discontinue, recapture or terminate all or any portion of the financial assistance (the "*Determination*"). The Determination shall provide terms, if any, by which a company may remedy any Noncompliance Event (other than a State Mandated Recapture Event) upon which the Determination was based. The company must submit written documentation to the Agency of compliance with all terms and conditions of the Determination in order for the Agency to consider whether to resume financial assistance to the company (which will be at the Agency's sole discretion).

The project agreement entered into between the Agency and the company (the "*Project Agreement*") shall include the terms and conditions of the foregoing provisions. The Agency shall also include in the Project Agreement a requirement that the company comply with the Agency's right to suspend, discontinue, recapture or terminate the financial assistance and that the company shall repay all or a portion of the financial assistance granted by the Agency to the company pursuant to any Determination.

Any such amount constituting local tax exemptions shall be redistributed to the appropriate affected tax jurisdictions, unless agreed to otherwise by any local taxing jurisdiction.

IV. RECAPTURE PERIOD

Except as otherwise provided by the General Municipal Law, the recapture period will be the longer of: (1) the term of the Lease Agreement; or (2) five years following the project's completion date. A project will remain "active" for purposes of Section 874(12) of General Municipal Law and the Agency's Annual Assessment Policy during the term of the Project Agreement.

Adopted: June 21, 2016

SCHEDULE 1

FORM OF CERTIFICATION REGARDING ONGOING OBLIGATIONS UPON TERMINATION OF LEASES

CERTIFICATION

In December 2025, at the request of Wilbur Ave A/B, LLC (the "***Company***"), the City of Syracuse Industrial Development Agency (the "***Agency***") undertook a project (the "***Project***") consisting of: (A)(i) the acquisition of an interest in approximately 8.0 acres of a larger piece of land located at 800 S. Wilbur Ave. Rear, (tax map no.: 098.2-01-05.2); and 802 S. Wilbur Ave (tax map no. 098.2-01-05.4); which parcels are located in the City of Syracuse, New York, with such acreage to be re-subdivided, in one or more lots from the larger parcel (the "***Land***"); the construction of two 4-story buildings, each containing approximately 130 units for an aggregate of approximately 261 residential units consisting of approximately: (34) studios, (112) one-bedroom units, (86) two-bedroom units and (28) three-bedroom units (all of which will meet or exceed the AMI Restrictions) and which will include a unit for an on-site superintendent and 20 units designed and fully adapted to meet ADA design requirements for households with individuals who have hearing, vision or mobility disabilities; amenity space for residents including: lobby, fitness center, community room, playroom, central laundry room, maintenance and management office, mechanical room, mail and package room and leasing office; outdoor spaces, including but not necessarily limited to, a park, a playground and surface parking sufficient for approximately 257 vehicles (collectively, the "***Facility***") to support the Facility; (iii) the acquisition and installation in and on the Land and Facility of furniture, fixtures and equipment (the "***Equipment***" and together with the Land and the Facility, the "***Project Facility***"); (B) the granting of certain financial assistance in the form of exemptions from real property tax and State and local sales and use tax with respect to the Project Facility (collectively, the "***Financial Assistance***"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, equipping and completion of the Project Facility; and (D) the lease of the Land and Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Project Facility back to the Company pursuant to a sublease agreement.

The meaning of capitalized terms not otherwise defined herein shall have the meanings attached to them in the agency lease, dated as of December 18, 2025 between the Agency and the Company (the "***Agency Lease***").

On December 18, 2025, the Agency and the Company closed on a straight lease transaction with respect to the Project and the Financial Assistance (the "***Original Closing***") pursuant to which the parties executed and delivered the Company Documents and the Agency Documents (collectively the "***Lease Documents***").

Pursuant to the Company's request, the Agency terminated their leasehold interest in the Project Facility as of _____, 20___ (the "***Termination***").

Pursuant to the terms of the Agency lease, the Company has ongoing obligations, including to perform certain reporting requirements to the Agency, as more particularly described below:

(1) certain provisions and obligations of the Lease Documents survive the Termination, including: Article 4 of the Agency Lease and Sections 2.2, 8.2, 8.5, 8.12, 10.4, 11.7 and 11.14 of the Agency Lease;

(2) in accordance with its terms, the entire Project Agreement, and the Company's obligations thereunder, shall survive the Termination;

(3) the Company is familiar with all of the Agency's policies, including but not limited to, its Recapture Policy, and is bound thereby; and

(4) in furtherance of (i) above, but without limiting the foregoing, the Company continues to be obligated to comply with the following reporting obligation in accordance with Article 4 of the Project Agreement:

Section 4.01. Compliance Commitments. The Company agrees and covenants that it shall meet and maintain the commitments set forth in (a) below beginning in the first year after completion of the Project. The Company further agrees and covenants that it shall meet and maintain the commitments set forth in (b) below with respect to retained jobs set forth in the Application starting in the first year in which Financial Assistance is claimed and/or provided; and with respect to new jobs, the Company shall create, in years one (1) through five (5) following completion of the Project the new jobs set forth in the Company's Application. The reporting of, and the commitment to, each of (a), (b) and (c) below continuing for a five (5) year period following completion of the Project (the "***Term***"):

(a) The total investment made with respect to the Project at the Project's completion date shall equal or exceed $134,242,759, being the total project cost as stated in the Company's Application for Financial Assistance (the "***Investment Commitment***").

(b) No full time equivalent ("***FTE***") employees were retained by the Project Facility as of the date of the Application for Financial Assistance. The Company's application estimated the creation of six (6) new FTEs (the "***New FTEs***") at the Project Facility within the first year following completion of the Project Facility. The Company shall be required to meet and maintain all of the foregoing employment commitments during the Term hereof (the "***Employment Commitment***").

(c) The Company shall annually provide to the Agency certain information to confirm that the Project is achieving the investment, job retention, job creation, and other objectives of the Project for the Term (the "***Reporting Commitment***").

Section 4.02. Reporting Requirement. As part of the commitments set forth in Section 4.01, the Company shall provide annually, to the Agency, a certified statement and supporting documentation: (i) enumerating the full time equivalent jobs retained and the full time equivalent jobs created as a result of the Financial Assistance, by category, including full time equivalent

independent contractors or employees of independent contractors that work at the Project location, and (ii) indicating that the salary and fringe benefit averages or ranges for categories of jobs retained and jobs created that was provided in the application for Financial Assistance is still accurate and if it is not still accurate, providing a revised list of salary and fringe benefit averages or ranges for categories of jobs retained and jobs created. **Exhibit A** contains a form of annual certification that the Company must complete and submit to the Agency on an annual basis. The Agency reserves the right to modify such form to require additional information that the Agency must have in order to comply with its reporting requirements under the Act.

Dear _____:

Our auditors, _____, CPAs are conducting an audit of our financial statements for the year ended December 31, _____. In connection with that audit, we request that you furnish certain information directly to our auditor with regard to the following security issued by/through the City of Syracuse Industrial Development Agency:

Sale - Leaseback Financing

Project: _____

Date of Financing:

Principal Amount Financed:

Maturity Date:

Original Interest Rate:

Please provide the following information as of December 31, [year]:

Name of Lender

Debt Retired in [year] Yes/No

Debt Refinanced in [year] Yes/No

(If Yes, please update information in Paragraph 1 above)

Debt in Default as of [date] Yes/No

Current Interest Rate(s)

Rate range, if Variable

Principal balance outstanding as of [date]

Principal payments made during [year]

Payments in Lieu of Taxes (PILOT)

paid in [year]

Total cost of goods/services purchased: $_____

New York State Sales Tax Exemptions Claimed [year]

New York Local Sales Tax Exemptions Claimed: [year]

New York State Mortgage Recording

Tax Exemption: [year]

Form of Syracuse Industrial Development Agency — Project Jobs Data [year]

From:

To: , CPAs

Re:

The following jobs information is furnished to you with regard to the above cited project:

A. Job Retention/Creation:

III. Construction Jobs:

Provide the name of your general contractor: _____.

Provide the address (including county) of your general contractor: _____.

Is the general contractor MWBE qualified? _____.

Is the general contractor Service-Disabled Veteran-Owned Business Enterprises (SDVOBE) qualified? _____.

For each contractor and/or sub-contractor, provide the following information for the reporting period:

Bid awarded to (Name/Address/ County*)	Value of contract	MWBE (Yes/No)	MWBE Certified State or City	SDVOBE (Yes/No)	Number of jobs (FTE)	Number FTEs hired for construction residing within City	Number of total FTEs hired for construction

***Must include county and street address**

IV. Permanent (non-construction) Jobs:

Number of FTEs retained at the Project prior to date of application: _____.

Number of FTEs created by the Project during the reporting calendar year (*exclusive of construction jobs*): _____.

Of the jobs created by the Project during the reporting year (*exclusive of construction jobs*) identify how many are in each of the following categories:

Professional/Managerial/Technical - includes jobs which involve skill or competence of extraordinary degree and may include supervisory responsibilities (examples: architect, engineer, accountant, scientist, medical doctor, financial manager, programmer). **Number of jobs created in reporting year _____.**

Skilled - includes jobs that require specific skill sets, education, training, and experience and are generally characterized by high education or expertise level (examples: electrician, computer operator, administrative assistant, carpenter, sales representative). **Number of jobs created in reporting year _____.**

Unskilled or Semi-Skilled - includes jobs that require little or no prior acquired skills and involve the performance of simple duties that require the exercise of little or no independent judgment (examples: general cleaner, truck driver, typist, gardener, parking lot attendant, line operator, messenger, information desk clerk, crop harvester, retail salesperson, security guard, telephone solicitor, file clerk). **Number of jobs created in reporting year _____.**

Identify:

the average annual salary range of the FTEs (*exclusive of construction jobs*) created during the reporting year: $_____.

the total number of jobs (*exclusive of construction jobs*) created by the Project from the date of application through the reporting date: _____.

the total number of jobs (retained and created, *but exclusive of construction jobs*) at the Project from the date of application through the reporting date: _____.

What is the annual average salary range of the FTEs (*exclusive of construction jobs*) created at the Project to date: $_____.

B. Geographical Hiring Data:

3. Construction jobs:

Of the construction jobs created during the reporting period, provide the street addresses and zip codes for the hires (based upon hire's residence)..

4. FTEs hired (*exclusive of construction jobs*)

Of the FTE jobs created during the reporting period, provide the zip codes for the hires (based upon hire's residence).

Provide the same information reflecting FTEs hired from the date of application through the reporting date at the Project.

3	Total additional transfer tax due* *(multiply line 2 by 1% (.01))*	3.	

Part 3 – Explanation of exemption claimed on Part 1, line 1 *(mark an **X** in all boxes that apply)*

The conveyance of real property is exempt from the real estate transfer tax for the following reason:

a. Conveyance is to the United Nations, the United States of America, New York State, or any of their instrumentalities, agencies, or political subdivisions (or any public corporation, including a public corporation created pursuant to agreement or compact with another state or Canada) ..... a ☐

b. Conveyance is to secure a debt or other obligation ..... b ☐

c. Conveyance is without additional consideration to confirm, correct, modify, or supplement a prior conveyance ..... c ☐

d. Conveyance of real property is without consideration and not in connection with a sale, including conveyances conveying realty as bona fide gifts ..... d ☐

e. Conveyance is given in connection with a tax sale ..... e ☐

f. Conveyance is a mere change of identity or form of ownership or organization where there is no change in beneficial ownership. (This exemption cannot be claimed for a conveyance to a cooperative housing corporation of real property comprising the cooperative dwelling or dwellings.) Attach Form TP-584.1, Schedule F ..... f ☐

g. Conveyance consists of deed of partition ..... g ☐

h. Conveyance is given pursuant to the federal Bankruptcy Act ..... h ☐

i. Conveyance consists of the execution of a contract to sell real property, without the use or occupancy of such property, or the granting of an option to purchase real property, without the use or occupancy of such property ..... i ☐

j. Conveyance of an option or contract to purchase real property with the use or occupancy of such property where the consideration is less than $200,000 and such property was used solely by the grantor as the grantor's personal residence and consists of a one-, two-, or three-family house, an individual residential condominium unit, or the sale of stock in a cooperative housing corporation in connection with the grant or transfer of a proprietary leasehold covering an individual residential cooperative apartment ..... j ☐

k. Conveyance is not a conveyance within the meaning of Tax Law, Article 31, § 1401(e) *(attach documents supporting such claim)* .....See Schedule "A" ..... k ☒

* The total tax (from Part 1, line 6 and Part 2, line 3 above) is due within 15 days from the date of conveyance. Make check(s) payable to the county clerk where the recording is to take place. For conveyances of real property within New York City, use Form TP-584-NYC. If a recording is not required, send this return and your check(s) made payable to the ***NYS Department of Taxation and Finance***, directly to the NYS Tax Department, RETT Return Processing, PO Box 5045, Albany NY 12205-0045. If not using U.S. Mail, see Publication 55, *Designated Private Delivery Services*.

Schedule C – Credit Line Mortgage Certificate (Tax Law Article 11)

Complete the following only if the interest being transferred is a fee simple interest.
This is to certify that: *(mark an **X** in the appropriate box)*

1. ☐ The real property being sold or transferred is not subject to an outstanding credit line mortgage.

2. ☐ The real property being sold or transferred is subject to an outstanding credit line mortgage. However, an exemption from the tax is claimed for the following reason:

   a ☐ The transfer of real property is a transfer of a fee simple interest to a person or persons who held a fee simple interest in the real property (whether as a joint tenant, a tenant in common or otherwise) immediately before the transfer.

   b ☐ The transfer of real property is (A) to a person or persons related by blood, marriage or adoption to the original obligor or to one or more of the original obligors or (B) to a person or entity where 50% or more of the beneficial interest in such real property after the transfer is held by the transferor or such related person or persons (as in the case of a transfer to a trustee for the benefit of a minor or the transfer to a trust for the benefit of the transferor).

   c ☐ The transfer of real property is a transfer to a trustee in bankruptcy, a receiver, assignee, or other officer of a court.

   d ☐ The maximum principal amount secured by the credit line mortgage is $3 million or more, and the real property being sold or transferred is **not** principally improved nor will it be improved by a one- to six-family owner-occupied residence or dwelling.

   Note: for purposes of determining whether the maximum principal amount secured is $3 million or more as described above, the amounts secured by two or more credit line mortgages may be aggregated under certain circumstances. See TSB-M-96(6)-R for more information regarding these aggregation requirements.

   e ☐ Other *(attach detailed explanation)*.

3. ☐ The real property being transferred is presently subject to an outstanding credit line mortgage. However, no tax is due for the following reason:

   a ☐ A certificate of discharge of the credit line mortgage is being offered at the time of recording the deed.

   b ☐ A check has been drawn payable for transmission to the credit line mortgagee or mortgagee's agent for the balance due, and a satisfaction of such mortgage will be recorded as soon as it is available.

4. ☐ The real property being transferred is subject to an outstanding credit line mortgage recorded in _____ (insert liber and page or reel or other identification of the mortgage). The maximum principal amount of debt or obligation secured by the mortgage is _____. No exemption from tax is claimed and the tax of _____ is being paid herewith. *(Make check payable to county clerk where deed will be recorded.)*

Signature (both the grantors and grantees must sign)

The undersigned certify that the above information contained in Schedules A, B, and C, including any return, certification, schedule, or attachment, is to the best of their knowledge, true and complete, and authorize the person(s) submitting such form on their behalf to receive a copy for purposes of recording the deed or other instrument effecting the conveyance.

If not using U.S. Mail, see Publication 55, *Designated Private Delivery Services*.

Schedule D – Certification of exemption from the payment of estimated personal income tax (Tax Law, Article 22, § 663)

Complete the following only if a fee simple interest or a cooperative unit is being transferred by an individual or estate or trust.

If the property is being conveyed by a referee pursuant to a foreclosure proceeding, proceed to Part 2, mark an *X* in the second box under *Exemption for nonresident transferors/sellers*, and sign at bottom.

Part 1 – New York State residents

If you are a New York State resident transferor/seller listed in Form TP-584, Schedule A (or an attachment to Form TP-584), you must sign the certification below. If one or more transferor/seller of the real property or cooperative unit is a resident of New York State, **each** resident transferor/seller must sign in the space provided. If more space is needed, photocopy this Schedule D and submit as many schedules as necessary to accommodate all resident transferors/sellers.

Certification of resident transferors/sellers

This is to certify that at the time of the sale or transfer of the real property or cooperative unit, the transferor/seller as signed below was a resident of New York State, and therefore is not required to pay estimated personal income tax under Tax Law § 663(a) upon the sale or transfer of this real property or cooperative unit.

Signature	Print full name	Date
Signature	Print full name	Date
Signature	Print full name	Date
Signature	Print full name	Date

Note: A resident of New York State may still be required to pay estimated tax under Tax Law § 685(c), but not as a condition of recording a deed.

Part 2 – Nonresidents of New York State

If you are a nonresident of New York State listed as a transferor/seller in Form TP-584, Schedule A (or an attachment to Form TP-584) but are not required to pay estimated personal income tax because one of the exemptions below applies under Tax Law § 663(c), mark an ***X*** in the box of the appropriate exemption below. If any one of the exemptions below applies to the transferor/seller, that transferor/seller is not required to pay estimated personal income tax to New York State under Tax Law § 663. **Each** nonresident transferor/seller who qualifies under one of the exemptions below must sign in the space provided. If more space is needed, photocopy this Schedule D and submit as many schedules as necessary to accommodate all nonresident transferors/sellers.

If none of these exemption statements apply, you must complete Form IT-2663, *Nonresident Real Property Estimated Income Tax Payment Form*, or Form IT-2664, *Nonresident Cooperative Unit Estimated Income Tax Payment Form.* For more information, see *Payment of estimated personal income tax,* on Form TP-584-I, page 1.

Exemption for nonresident transferors/sellers

This is to certify that at the time of the sale or transfer of the real property or cooperative unit, the transferor/seller (grantor) of this real property or cooperative unit was a nonresident of New York State, but is not required to pay estimated personal income tax under Tax Law § 663 due to one of the following exemptions:

☐ The real property or cooperative unit being sold or transferred qualifies in total as the transferor's/seller's principal residence (within the meaning of Internal Revenue Code, section 121) from _____ (Date) to _____ (Date) *(see instructions)*.

☐ The transferor/seller is a mortgagor conveying the mortgaged property to a mortgagee in foreclosure, or in lieu of foreclosure with no additional consideration.

☐ The transferor or transferee is an agency or authority of the United States of America, an agency or authority of New York State, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Government National Mortgage Association, or a private mortgage insurance company.

SCHEDULE "A"

The document being recorded for which this NYS Form TP-584 is being provided is a Memorandum of Lease between the Grantor and the Grantee. The sum of the term of the lease and any options for renewal do not exceed forty-nine (49) years, and therefore said lease is not a Conveyance within the meaning of Article 31 of the Tax Law.

11

CERTIFICATION

Capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Agency Lease Agreement by and between the parties dated as of December 18, 2025.

The undersigned, Christopher V. Albanese, Manager of Wilbur Ave A/B Manager, LLC, managing member of Wilbur Ave A/B, LLC (the "***Company***"), as an authorized signatory, does hereby certify and confirm:

(1) that the Company has reviewed and understands the Agency's Local Access Policy (the "***Local Access Policy***") which states as follows:

> The Company understands and agrees that local labor, contractors and suppliers will be used for the construction, renovation and equipping of the Project unless a written waiver is first received in accordance with the terms of the Local Access Policy. Failure to comply may result in the revocation or recapture of benefits awarded to the Project by the Agency.
>
> For purposes of the Local Access Policy, the term "local" shall mean: Cayuga, Cortland, Madison, Onondaga, Oneida and Oswego Counties.

(2) that the Company has reviewed and understands the Agency's Project Approval Policy (the "***Approval Policy***") which provides, in part that:

> *To qualify for any exemptions* under the Agency's Uniform Tax-Exempt Policy, every Project must commit to hiring 10% of its construction workforce, on a full-time basis, from residents of the City of Syracuse (the "***City***"); and every Project must commit to incorporate vendors that are minority and/or women-owned business enterprises, as certified by the State or the municipality ("***MWBE***"), equal to a minimum of 10% of all SIDA abatements during the construction phase. MWBE vendors must be located within Onondaga County. Such hiring may be accomplished through CNY Works, Syracuse Build or other existing programs aimed at training and promoting local hiring.

(3) that the Company has read and will, for so long as the Agency has an interest in the Project, comply with, the Agency's Local Access Policy and the Approval Policy each in their entirety.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location(s) Of Covered Operations
Syracuse Industrial Development Agency	800 South Wilbur Ave Syracuse, NY 13204
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. **Section II – Who Is An Insured** is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

C. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or

2. Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

NOTICE: THESE POLICY FORMS AND THE APPLICABLE RATES ARE EXEMPT FROM THE FILING REQUIREMENTS OF THE NEW YORK INSURANCE LAW AND REGULATIONS. HOWEVER, THE FORMS AND RATES MUST MEET THE MINIMUM STANDARDS OF THE NEW YORK INSURANCE LAW AND REGULATIONS.

ENVIRONMENTAL COMPLIANCE AND INDEMNIFICATION AGREEMENT

THIS ENVIRONMENTAL COMPLIANCE AND INDEMNIFICATION AGREEMENT (the "***Agreement***") is made as of the 18th day of December, 2025, between **WILBUR AVE A/B, LLC** (the "***Indemnitor***" or the "***Company***"), for the benefit of the **CITY OF SYRACUSE INDUSTRIAL DEVELOPMENT AGENCY** (the "***Agency***").

RECITALS

WHEREAS, the Agency has undertaken at the request of the Indemnitor, a project (the "***Project***") consisting of: (A)(i) the acquisition of an interest in approximately 8.0 acres of a larger piece of land located at 800 S. Wilbur Ave. Rear, (tax map no.: 098.2-01-05.2); and 802 S. Wilbur Ave (tax map no. 098.2-01-05.4); which parcels are located in the City of Syracuse, New York, with such acreage to be re-subdivided, in one or more lots from the larger parcel, as more fully described on **Schedule A** annexed hereto; and (the "***Land***"); the construction of two 4-story buildings, each containing approximately 130 units for an aggregate of approximately 261 residential units consisting of approximately: (34) studios, (112) one-bedroom units, (86) two-bedroom units and (28) three-bedroom units (all of which will meet or exceed the AMI Restrictions) and which will include a unit for an on-site superintendent and 20 units designed and fully adapted to meet ADA design requirements for households with individuals who have hearing, vision or mobility disabilities; amenity space for residents including: lobby, fitness center, community room, playroom, central laundry room, maintenance and management office, mechanical room, mail and package room and leasing office; outdoor spaces, including but not necessarily limited to, a park, a playground and surface parking sufficient for approximately 257 vehicles (collectively, the "***Facility***") to support the Facility; (iii) the acquisition and installation in and on the Land and Facility of furniture, fixtures and equipment (the "***Equipment***" and together with the Land and the Facility, the "***Project Facility***"); (B) the granting of certain financial assistance in the form of exemptions from real property tax and State and local sales and use tax with respect to the Project Facility (collectively, the "***Financial Assistance***"); (C) the appointment of the Company or its designee as an agent of the Agency in connection with the acquisition, construction, equipping and completion of the Project Facility; and (D) the lease of the Land and Facility by the Agency pursuant to a lease agreement and the acquisition of an interest in the Equipment pursuant to a bill of sale from the Company to the Agency; and the sublease of the Project Facility back to the Company pursuant to a sublease agreement; and

NOW, THEREFORE, in consideration of the premises, Ten Dollars ($10.00), and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Indemnitor, intending to be legally bound, hereby agrees as follows:

1. **Recitals; Definitions.**

(a) The foregoing recitals are incorporated into this Agreement by this reference.

(b) Capitalized terms used herein and not otherwise defined shall have the meaning set forth in the Table of Definitions attached to the Agency Lease as Exhibit "C."

2. **Representations and Warranties.**

(a) Except as disclosed in Schedule B annexed hereto, Indemnitor represents and warrants that it has no knowledge of any deposit, storage, disposal, burial, discharge, spillage, underground storage tanks, uncontrolled loss, seepage or filtration of oil, petroleum or chemical liquids or solids, liquid or gaseous products or any hazardous wastes or hazardous substances (collectively, "***Hazardous Substances***"), as those terms are used in the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 or in any other federal, state or local law governing hazardous substances, as such laws may be amended from time to time (collectively, the "***Hazardous Waste Laws***"), at, upon, under or within the Project Facility or any contiguous real estate or within any ground water, and (ii) it has not caused or permitted to occur, and shall not permit to exist, any condition which may cause a discharge of any Hazardous Substances at, upon, under or within the Project Facility or on any contiguous real estate.

(b) Except as disclosed in the reports listed on Schedule B annexed hereto, Indemnitor further represents and warrants that (i) it has not been nor will be involved in operations at or near the Project Facility which operations could lead to (A) the imposition of liability on Indemnitor or on any subsequent or former owner of the Project Facility or (B) the creation of a lien on the Project Facility under the Hazardous Waste Laws or under any similar laws or regulations; and (ii) it has not permitted, and will not permit, any tenant or occupant of the Project Facility to engage in any activity that could impose liability under the Hazardous Waste Laws on such tenant or occupant, on Agency, the Indemnitor or on any other owner of any of the Project Facility.

(c) All environmental permits necessary for the acquisition, construction, equipping, use or operation of the Project Facility have been obtained and are in full force and effect.

(d) No event has occurred with respect to the Project Facility which, with the passage of time or the giving of notice, or both, would constitute a violation of any applicable Hazardous Waste Law or non-compliance with any environmental permit.

(e) There are no agreements, consent orders, decrees, judgments, license or permit conditions or other orders or directives of any federal, state or local court, governmental agency or authority relating to the past, present or future ownership, use operation, sale, transfer or conveyance of the Project Facility which require any change in the present condition of the Project Facility or any work, repairs, construction, containment, clean-up, investigations, studies, removal or other remedial action or capital expenditures with respect to the Project Facility.

(f) There are no actions, suits, claims or proceedings, pending or threatened, which could cause the incurrence of expenses or costs of any name or description or which seek money damages, injunctive relief, remedial action or any other remedy that arise out of, relate to or result from (i) a violation or alleged violation of any applicable Hazardous Waste Law or non-compliance or alleged non-compliance with any Environmental Permit, (ii) the presence of any Hazardous Substance or a Release[1] or the threat of a Release of any Hazardous Substance on, at

[1] as defined in the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (42 U.S.C. Sections 9601 et seq.), and the regulations promulgated thereunder.

or from the Land or any property adjacent to or within the immediate vicinity of the Land or (iii) human exposure to any Hazardous Substance, noises, vibrations or nuisances of whatever kind to the extent the same arise from the condition of the Land or the ownership, use operation, sale, transfer or conveyance thereof.

3. **Covenants.**

(a) The Company shall keep, and shall cause all operators, tenants, subtenants, licensees and occupants of the Project Facility to keep, the Project Facility free of all Hazardous Substances and shall not cause or permit the Project Facility or any part thereof to be used for the storage, treatment, generation, transportation, processing, handling, production or disposal of any Hazardous Substances.

(b) Indemnitor shall comply with, and shall cause all operators, tenants, subtenants, licenses and occupants of the Land to comply with, all applicable Hazardous Waste Laws, and shall obtain and comply with, and shall cause all operators, tenants, subtenants, licensees and occupants of the Land to obtain and comply with, all environmental permits.

(c) Indemnitor shall comply strictly and in all respects with the requirements of the Hazardous Waste Laws and related regulations and with all similar laws and regulations and shall notify Agency immediately in the event of any discharge or discovery of any Hazardous Substance at, upon, under or within the Project Facility which is not otherwise already disclosed in **Schedule B**. Indemnitor shall promptly forward to Agency copies of all orders, notices, permits, applications or other communications and reports in connection with any discharge or the presence of any Hazardous Substance or any other matters relating to the Hazardous Waste Laws or any similar laws or regulations, as they may affect the Project Facility.

(d) Indemnitor shall undertake and complete all investigations, studies, sampling and testing and all removal and other remedial actions necessary to contain, remove and clean up all Hazardous Substances that are determined to be present at the Land in accordance with all applicable Hazardous Waste Laws and all environmental permits.

(e) Indemnitor shall at all times allow the Agency and its officers, employees, agents, representatives, contractors and subcontractors reasonable access to the Land for purposes of ascertaining site conditions, including, but not limited to, subsurface conditions.

(f) If at any time the Agency obtains any evidence or information which suggests that potential environmental problems may exist at the Land, the Agency may require that a full or supplemental environmental inspection and audit report with respect to the Land of a scope and level of detail satisfactory to the Agency be prepared by an environmental engineer or other qualified person acceptable to the Agency, at the Company's expense. Said audit may include a physical inspection of the Land, a visual inspection of any property adjacent to or within the immediate vicinity of the Project Facility, personnel interviews and a review of all environmental permits. If the Agency requires, such inspection shall also include a records search and/or subsurface testing for the presence of Hazardous Substances in the soil, subsoil, bedrock, surface water and/or ground water. If said audit report indicates the presence of any Hazardous Substance or a Release or the threat of a Release of any Hazardous Substances on, at or from the Land, the

Company shall promptly undertake and diligently pursue to completion all necessary, appropriate and legally authorized investigative, containment, removal, clean-up and other remedial actions, using methods recommended by the engineer or other person who prepared said audit report and acceptable to the appropriate federal, state and local agencies or authorities.

4. **Indemnity.**

(a) Indemnitor, at its sole cost and expense, shall at all times indemnify and hold harmless Agency against and from any and all claims, suits, actions, claims, debts, damages, liabilities, costs, losses, obligations, judgments, charges and expenses, of any nature whatsoever suffered or incurred by Agency (including, without limitation, attorneys' and experts' fees for attorneys and experts selected by the Agency, expenses and disbursements), whether as contract vendor, owner, mortgagee, as mortgagee in possession, or as successor-in-interest to Indemnitor by foreclosure deed or deed in lieu of foreclosure, under or on account of the Hazardous Waste Laws or any similar laws or regulations, including the assertion of any lien thereunder, with respect to or arising out of:

(i) any discharge of Hazardous Substances, the threat of a discharge of any Hazardous Substances, or the presence of any Hazardous Substances affecting the Project Facility whether or not the same originates or emanates from the Project Facility or any contiguous real estate including any loss of value of the Project Facility as a result of any of the foregoing;

(ii) any costs of removal or remedial action incurred by the United States Government or any costs incurred by any other person or damages from injury to, destruction of, or loss of natural resources, including reasonable costs of assessing such injury, destruction or loss incurred pursuant to any Hazardous Waste Laws;

(iii) liability for personal injury or property damage arising under any statutory or common law tort theory, including, without limitation, damages assessed for the maintenance of a public or private nuisance or for the carrying on of an abnormally dangerous activity at or near the Project Facility;

(iv) the failure to promptly undertake and diligently pursue to completion all necessary, appropriate and legally authorized investigative, containment, removal, clean-up and other remedial actions with respect to a Release or the threat of a Release of any Hazardous Substance on, at or from the Project Facility;

(v) non-compliance with any environmental permit; and/or

(vi) any other environmental matter affecting the Project Facility within the jurisdiction of the Environmental Protection Agency, any other federal agency, or any state or local agency.

The obligations of Indemnitor under this Agreement shall arise whether or not the Environmental Protection Agency, any other federal agency or any state or local agency has taken or threatened any action in connection with the presence of any Hazardous Substances.

(b) In the event of any discharge of Hazardous Substances, the threat of a discharge of any Hazardous Substances, or the presence of any Hazardous Substances affecting the Project Facility, whether or not the same originates or emanates from the Project Facility or any contiguous real estate, and/or if Indemnitor shall fail to comply with any of the requirements of the Hazardous Waste Laws or related regulations or any other environmental law or regulation, Agency may at its election, but without the obligation so to do, give such notices and/or cause such work to be performed at the Project Facility and/or take any and all other actions as Agency shall deem necessary or advisable in order to abate the discharge of any Hazardous Substance, remove the Hazardous Substance or cure the noncompliance of Indemnitor.

(c) The liability of the Company to the Agency shall be perpetual and shall survive, and shall in no way be limited, abridged, impaired or otherwise affected by: (i) any amendment or modification of any of the Company Documents; (ii) the release of the Company or any guarantor of any of the indebtedness associated with the Financial Assistance, or any other person, from the performance or observance of any of the agreements, covenants, terms or conditions contained in any of the Company Documents by operation of law, the lender's or Agency's voluntary act or otherwise; (iii) the invalidity or unenforceability of any of the terms or provisions of the Company Documents or the Agency Documents; (iv) any exculpatory provision contained in any of the Agency's Documents limiting the lender's or the Agency's recourse to property encumbered by a mortgage or to any other security; (v) any applicable statute of limitations; (vi) any investigation or inquiry conducted by or on the behalf of the Agency or any information which the Agency may have or obtain with respect to the environmental or ecological condition of the Project Facility; (vii) the sale or assignment of any indebtedness associated with the Financial Assistance or the Mortgage or the foreclosure of any Mortgage; (viii) the sale, transfer or conveyance of all or part of the Project Facility or the Company Documents; (ix) the dissolution or liquidation of the Company; (x) the death or legal incapacity of any Indemnitor; (xi) the release or discharge, in whole or in part, of the Company or any Indemnitor in any bankruptcy, insolvency, reorganization, arrangement, readjustment, composition, liquidation or similar proceeding; (xii) any other circumstances which might otherwise constitute a legal or equitable release or discharge, in whole or in part, of the Company under any bond, note or mortgage entered into in connection with the Financial Assistance or of any Indemnitor under this Agreement or any Company Document; (xiii) the expiration or termination of the Company Lease and/or the Agency Lease between the Agency and the Company or any other person with respect to the Financial Assistance; or (xiv) the reconveyance of title to the Project Facility, or any portion thereof, by the Agency to the Company or any other person, whether in accordance with the terms of the Agency Lease, by foreclosure or deed in lieu of foreclosure, sale or otherwise.

(d) Indemnitor acknowledges that Agency has relied upon the representations, warranties, covenants and indemnities of Indemnitor in this Agreement. All of the representations, warranties, covenants and indemnities of this Agreement shall survive the repayment of Indemnitor's obligations under the Agency Lease or other Company Documents.

5. **Attorney's Fees**. If Agency retains the services of any attorney in connection with the subject of the indemnity herein, Indemnitor shall pay Agency's costs and reasonable attorneys' fees thereby incurred. Agency may employ an attorney of its own choice.

6. **Interest**. In the event that Agency incurs any obligations, costs or expenses under this Agreement, Indemnitor shall pay such Person immediately on demand, and if such payment is not received within ten (10) days, interest on such amount shall, after the expiration of the ten-day period, accrue at the interest rate set forth in the Agency Lease until such amount, plus interest, is paid in full.

7. **No Waiver**. Notwithstanding any terms of the Company Documents to the contrary, the liability of Indemnitor under this Agreement shall in no way be limited or impaired by: (i) any extensions of time for performance required by any of the Company Documents; (ii) any sale, assignment or foreclosure of the Agency Lease or any sale or transfer of all or part of the Project Facility; (iii) the accuracy or inaccuracy of the representations and warranties made by Indemnitor under any of the Company Documents; or (iv) the release of Indemnitor or any other person from performance or observance of any of the agreements, covenants, terms or conditions contained in the Company Documents by operation of law, Agency's voluntary act, or otherwise; and, in any such case, whether with or without notice to Indemnitor and with or without consideration.

8. **Waiver by Indemnitor**. Indemnitor waives any right or claim of right to cause a marshalling of Indemnitor's assets or to cause Agency to proceed against any of the security for the Agency Lease before proceeding under this Agreement against Indemnitor or to proceed against Indemnitor in any particular order; Indemnitor agrees that any payments required to be made hereunder shall become due on demand; Indemnitor expressly waives and relinquishes all rights and remedies (including any rights of subrogation) accorded by applicable law to indemnitors or guarantors.

9. **Agency's Limited Role**: Under no circumstances shall the Agency's limited involvement herein be deemed to be (because it is not) participating in the management or participating in the development of the Project Facility as those terms are used in New York Environmental Conservation Law ("ECL") Section 27-1323. The Agency's limited involvement herein resulted from its acquiring a nominal interest in the Project Facility in the exercise of its statutory purposes and for no, other reason, and such acquisition was undertaken under circumstances where it amounts to an involuntary acquisition as that term is defined under ECL Section 27-1323.

10. **Releases**. Any one or more of Indemnitor and any other party liable upon or in respect of this Agreement or the Agency Lease may be released without affecting the liability of any party not so released.

9. **Amendments.** No provision of this Agreement may be changed, waived, discharged or terminated orally, by telephone or by any other means except by an instrument in writing signed by the party against whom enforcement of the change, waiver, discharge or termination is sought.

12. **Joint and Several Liability**. In the event that this Agreement is executed by more than one party as Indemnitor, the liability of such parties is joint and several. A separate action or actions may be brought and prosecuted against each Indemnitor, whether or not an action is brought against any other person or whether or not any other person is joined in such action or actions.

10. **Consent to Jurisdiction.** Indemnitor consents to the exercise of personal jurisdiction over Indemnitor by any federal or state court in the State of New York and consent to the laying of venue in any jurisdiction or locality in the City of Syracuse. Service shall be effected by any means permitted by the court in which any action is filed.

14. **Notices.** All notices, certificates, and other communications hereunder shall be in writing, shall be sufficiently given, and shall be deemed given when (a) sent to the applicable address stated below by registered or certified mail, return receipt requested, and actually received by the intended recipient or by overnight courier or such other means as shall provide the sender with documentary evidence of such delivery, or (b) delivery is refused by the addressee as evidenced by the affidavit of the Person who attempted to effect such delivery. The addresses to which notices, certificates, and other communications hereunder shall be delivered are as follows:

(a) If to the Agency, to:

City of Syracuse Industrial Development Agency
One Park Place
300 South State Street, Suite 700
Syracuse, New York 13202
Attention: Chair

With a copy to:

City of Syracuse
233 East Washington Street
Syracuse, New York 13202
Attn: Corporation Counsel

and

Bousquet Holstein PLLC
110 West Fayette Street, Suite 1000
Syracuse, New York 13202
Attn: Susan R. Katzoff, Esq.

(b) To the Company:

Wilbur Ave A/B, LLC
1001 Franklin Avenue, Suite 300
Garden City, New York 11530
Attn: Christopher V. Albanese

With a copy to:

Bond, Schoeneck & King PLLC
One Lincoln Center
110 West Fayette Street
Syracuse, New York 13202
Attn: Kevin M. Pole, Esq.

The Agency and the Company, may, by notice given hereunder, designate any further or different addresses to which subsequent notices, certificates, and other communications shall be sent.

15. **Waivers.** The parties waive trial by jury in any action brought on, under or by virtue of this Agreement. Indemnitor waives any right to require Agency at any time to pursue any remedy in such Person's power whatsoever. The failure of Agency to insist upon strict compliance with any of the terms hereof shall not be considered to be a waiver of any such terms, nor shall it prevent Agency from insisting upon strict compliance with this Agreement or any other Company Document at any time thereafter.

16. **Severability**. If any clause or provisions herein contained operates or would prospectively operate to invalidate this Agreement in whole or in part, then such clause or provision shall be held for naught as though not contained herein, and the remainder of this Agreement shall remain operative and in full force and effect.

17. **Counterparts**. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original. Said counterparts shall together constitute but one and the same instrument and shall be binding upon each of the undersigned as fully and completely as if all had signed the same instrument.

18. **Inconsistencies Among the Company Documents**. Nothing contained herein is intended to modify in any way the obligations of Indemnitor under the Agency Lease or any other Company Document. Any inconsistencies among the Company Documents shall be construed, interpreted and resolved so as to benefit Agency.

19. **Successors and Assigns**. This Agreement shall be binding upon Indemnitor's successors, assigns, heirs, personal representatives and estate and shall inure to the benefit of Agency and its successors and assigns.

20. **Controlling Laws.** This Agreement shall be governed by and construed in accordance with the laws of the State of New York.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, Indemnitor has executed this Agreement as of the date first above written.

LEGAL DESCRIPTION

ALL THAT TRACT OR PARCEL OF LAND SITUATE IN THE CITY OF SYRACUSE, COUNTY OF ONONDAGA AND STATE OF NEW YORK, BEING PART OF FARM LOT 172, AND BOUNDED AND DESCRIBED AS FOLLOWS:
COMMENCING AT AN IRON ROD FOUND IN THE WESTERLY ROAD LINE OF SOUTH WILBUR AVE, SAID POINT BEING THE NORTHEASTERLY CORNER OF LANDS BELONGING NOW OR FORMERLY TO THE CITY OF SYRACUSE, FILED IN THE ONONDAGA COUNTY CLERK'S OFFICE AS INSTRUMENT #2019-30569, SAID POINT ALSO BEING THE SOUTHEASTERLY CORNER OF LANDS BELONGING NOW OR FORMERLY TO ONONDAGA COUNTY CHAPTER NYS ARC INC., AS SHOWN AS LOT 1-A ON TRACT MAP #5032;

THENCE, FROM SAID POINT OF COMMENCEMENT, S58°58'21"W A DISTANCE OF 364.25 FEET TO A POINT; THENCE, S00°58'28"W A DISTANCE OF 69.15 FEET TO A POINT AND PLACE OF BEGINNING;

THENCE, FROM SAID POINT OF BEGINNING, A NON-TANGENT CURVE TO THE RIGHT HAVING A RADIUS OF 142.50 FEET FOR A DISTANCE OF 28.40 FEET, SAID COURSE HAVING A CHORD OF S63°21'56"E A DISTANCE OF 28.35 FEET TO A POINT; THENCE, S57°39'21"E A DISTANCE OF 322.26 FEET TO A POINT; THENCE, S32°20'39"W A DISTANCE OF 575.60 FEET TO A POINT; THENCE, A TANGENT CURVE TO THE LEFT HAVING A RADIUS OF 203.01 FEET FOR A DISTANCE OF 17.31 FEET TO A POINT; THENCE, S27°27'28"W A DISTANCE OF 122.83 FEET TO A POINT; THENCE, A TANGENT CURVE TO THE RIGHT HAVING A RADIUS OF 135.00 FEET FOR A DISTANCE OF 39.24 FEET TO A POINT; THENCE, S44°06'44"W A DISTANCE OF 223.23 FEET TO A POINT; THENCE, A TANGENT CURVE TO THE RIGHT HAVING A RADIUS OF 37.00 FEET FOR A DISTANCE OF 68.27 FEET TO A POINT; THENCE. N30°10'08"W A DISTANCE OF 185.50 FEET TO A POINT; THENCE, N42°15'40"E A DISTANCE OF 154.09 FEET TO A POINT; THENCE, N29°00'30"E A DISTANCE OF 183.04 FEET TO A POINT; THENCE, N55°07'04"E A DISTANCE OF 84.45 FEET TO A POINT; THENCE, N32°20'39"E A DISTANCE OF 145.79 FEET TO A POINT; THENCE, S57°39'21"E A DISTANCE OF 35.02 FEET TO A POINT; THENCE, N32°20'39"E A DISTANCE OF 121.40 FEET TO A POINT; THENCE, N12°39'21"W A DISTANCE OF 83.77 FEET TO A POINT; THENCE, N25°20'51"W A DISTANCE 0F 27.12 FEET TO A POINT; THENCE, N57°40'48"W A DISTANCE OF 21.35 FEET TO A POINT; THENCE, A TANGENT CURVE TO THE RIGHT HAVING A RADIUS OF 76.00 FEET FOR A DISTANCE OF 119.41 FEET TO A POINT; THENCE, N32°20'39"E A DISTANCE OF 80.39 FEET, TO A POINT AND PLACE OF BEGINNING.

SAID PREMISES BEING LOT 5.5 AS SHOWN ON A MAP ENTITLED "FINAL PLAT PLAN 800 SOUTH WILBUR SUBDIVISION PHASE I" PREPARED BY PAUL JAMES OLSZEWSKI, P.L.S., PLLC DATED NOVEMBER 5, 2025 AND FILED IN THE ONONDAGA COUNTY CLERK'S OFFICE ON NOVEMER 26, 2025 AS MAP NO. 13926.

TOGETHER WITH a right of access over proposed Jensen Avenue as shown on a map entitled "FINAL PLAT PLAN 800 SOUTH WILBUR SUBDIVISION PHASE I" prepared by Paul James Olszewski, P.L.S., PLLC dated November 5, 2025 and filed in the Onondaga County Clerk's Office on November 26, 2025 as Map No. 13926.

EXECUTIVE SUMMARY

LaBella Associates, D.P.C. (LaBella) has been contracted by Albanese Development Corporation to perform a Phase I Environmental Site Assessment (ESA) report for the Former Syracuse Developmental Center, 800-802 South Wilbur Avenue, Syracuse, Onondaga County, New York (hereinafter referred to as the "Subject Property").

This assessment was prepared according to the ASTM E1527-13/21 as a portion of the User's requirements in the All Appropriate Inquiries process and to satisfy the due diligence requirements set for Albanese Development Corporation.

The Subject Property is further described as follows:

Subject Property Name	Former Syracuse Developmental Center
Subject Property Address	800-802 South Wilbur Avenue, Syracuse, Onondaga County, New York
Subject Property Acreage (approximate)	21.5-acre portion of a greater approximately 48-acre property
Parcel ID(s)	Portions of 098.2-01-05.2 and 098.2-01-05.4
Current Owner	City of Syracuse
Current Subject Property Use/ Development	The Subject Property includes portions of a greater four-story, 628,808 square foot institutional building constructed between 1970 and 1971 that has most recently been used as offices and storage; this structure has been vacant for approximately 10 years.
Public Thoroughfares and Access/Egress	South Wilbur Avenue to the east and Grand Avenue to the south (bounding the greater property)
Exterior Areas	Asphalt-paved parking areas, concrete walkways, and maintained landscaping
Surrounding Area	Urban
Subject Property Utilities	
Electric Source	Public available
Natural Gas Source (if provided)	Public available
Potable Water Source	Municipal
Sanitary Wastewater Disposal	Municipal
Non-Sanitary Wastewater Disposal	N/A; Non-sanitary wastewater does not appear to be generated or discharged at the Subject Property.

Based on LaBella's review of historical records, the history of the Subject Property is summarized as follows:

Time Period	Apparent Use/Development
Between at least 1892 and 1967	Developed with various former structures and utilized as a psychiatric facility. Former structures indicative of storage and/or use of hazardous materials and/or petroleum products that could pose a potential environmental concern included an oil house, paint/printing shop, greenhouses, and carpentry shop, which were present at various times between at least 1911 and 1967.
1970-1971 through present	Developed with the Site Building, utilized as a psychiatric facility through the early 2000s with later uses consisting of office space and storage. The Subject Property has been vacant for approximately 10 years.

Based on the results of this assessment, the following RECs have been identified in connection with the Subject Property:

- An oil house, paint/printing shop, greenhouses, and carpentry shop were located on the Subject Property at various times between at least 1911 and 1967. It is likely that solvents, paints, cleaning chemicals, and other hazardous materials and/or petroleum products were utilized and stored at these areas and other areas of the Subject Property; material handling practices are unknown. While a Limited Phase II ESA was conducted at the Subject/Greater Property in 2008 to address historical uses, that scope did not include an investigation of each area of likely chemical use/storage. As such, there is the potential for impact to exist in areas not previously investigated based on the historical uses of the Subject Property.
- Evidence of fill material, including areas of mounding and potential settling, were observed throughout exterior areas on the Subject Property. The nature of fill material present on-site is unknown. LaBella notes that fill material generated as part of Subject Property redevelopment/construction activities may be subject to chemical testing and/or proper handling requirements which may impact the overall project budget.
- The Subject/Greater Property was identified as a RCRA Non-Generator with no unresolved violations and as a Manifest Facility. Wastes generated and/or transferred from the Subject Property have included PCBs, various metals, PCE, TCE, corrosive, ignitable, and reactive wastes, and spent non-halogenated solvents. While there were no records of release reported, these listings are indicative of past use/storage/handling of various hazardous materials on the greater property.

Based on the results of this assessment, no CRECs, HRECs, de minimis conditions, or significant data gaps have been identified in connection with the Subject Property.

While not considered a REC, CREC, HREC, de minimis condition, or significant data gap at this time, LaBella also notes the following:

- Nine five-gallon buckets of emulsified asphalt and five 55-gallon drums of floor cleaning chemicals were observed stored within the Site Building. Minor staining was observed proximate one five-gallon bucket, however, no floor drains were observed in the vicinity of the staining. Given the nature and location of the staining such is not considered to pose a significant environmental concern at this time. However, as it is LaBella's understanding that the Site Building is to be demolished, it is recommended that all hazardous chemicals be removed from the Site Building prior to demolition.
- Vent pipes were observed on the exterior of the Site Building. Based on the location of the vent pipes, it is presumed that an AST is currently or was historically located in the Site Building, potentially a diesel AST associated with a backup generator or chlorine AST reported to have been located on-site based on reviewed previous studies. Based on the condition of the Site Building, LaBella was unable to access the entirety of the structure. The presence of ASTs within the Site Building are not considered to pose a significant environmental concern at this time. However, as it is LaBella's understanding that the Site Building is to be demolished, it is recommended that any inactive ASTs be emptied and properly removed from the Site Building prior to demolition.
- Areas of solid waste disposal, including household debris, were observed on the Subject Property. LaBella recommends that these materials be collected and properly disposed of as a best management practice.

Based on the findings of this assessment, further investigation appears warranted at this time.

1.0 INTRODUCTION

LaBella has been contracted by Albanese Development Corporation to perform a Phase I Environmental Site Assessment report for the Former Syracuse Developmental Center, 800-802 South Wilbur Avenue, Syracuse, Onondaga County, New York.

The findings of this report are based upon an assessment of the condition of the Subject Property within the Scope of Work and objective described below as of the date of the site observations and documentation review. This assessment was prepared according to the ASTM Standard Practices E1527-13/21 as a portion of the User's requirements in the All Appropriate Inquiries process and to satisfy the due diligence requirements set for Albanese Development Corporation. The information contained in this report is considered privileged and confidential and is intended solely for the use of the parties listed on the cover of this report, as it applies to the Subject Property.

1.1 Purpose

This investigation was requested to identify, to the extent feasible, RECs in connection with the Subject Property, including the identification of conditions indicative of releases and threatened releases of hazardous substances and petroleum products on, or in the vicinity of the Subject Property This Phase I ESA report was conducted in conformance with the Scope and Limitations of ASTM Standard Practice E1527-13/21.

The performance of ASTM Standard Practices E1527-13/21 is intended to reduce, but not eliminate, uncertainty regarding the potential for RECs and the potential liability for contamination to be present in connection with the Subject Property recognizing reasonable limits of time and cost. It is also intended to satisfy one of the requirements to satisfy "all appropriate inquiry" as defined by 42 U.S.C §9601(35)(B), for the purposes of qualifying for innocent landowner, contiguous property owner, or bona fide prospective purchaser limitations on CERCLA Liability. The User should understand that this practice does not address whether requirements in addition to all appropriate inquiry have been met in order to qualify for landowner liability protections; including (1) the continuing obligation not to impede the integrity and effectiveness of activity and use limitations, (2) the duty to take reasonable steps to prevent releases, or (3) the duty to comply with legally required release reporting obligations.

The objective of this Phase I ESA was to determine the following, using our professional judgment, by means of the Scope of Work hereafter described:

1. A general description of the Subject Property.
2. The current and historical usage of the Subject Property and adjoining properties.
3. Whether RECs exist or have the potential to exist at in, on, or at the Subject Property.
4. Whether Subject Property conditions suggest further evaluation based on the presence or probable presence of RECs.

5. Provide information which may assist the Client in evaluating the fair market value of the Subject Property.

A REC is defined by ASTM as (1) the presence of hazardous substances or petroleum products in, on, or at the Subject Property due to a release to the environment; (2) the likely presence of hazardous substances or petroleum products in, on, or at the Subject Property due to a release or likely release to the environment; or (3) the presence of hazardous substances or petroleum products in, on, or at the Subject Property under conditions that pose a material threat of a future release to the environment. A de minimis condition is not a recognized environmental condition.

A Controlled REC is defined by ASTM as a recognized environmental condition affecting the Subject Property that has been addressed to the satisfaction of the applicable regulatory authority or authorities with hazardous substances or petroleum products allowed to remain in place subject to the implementation of required controls (for example, activity and use limitations or other property use limitations).

A Historical REC is defined by ASTM as a previous release of hazardous substances or petroleum products affecting the Subject Property that has been addressed to the satisfaction of the applicable regulatory authority or authorities and meeting unrestricted use criteria established by the applicable regulatory authority or authorities without subjecting the Subject Property to any controls (for example, activity and use limitations or other property use limitations). A historical recognized environmental condition is not a recognized environmental condition.

A de minimis condition is defined by ASTM as a condition related to a release that generally does not present a threat to human health or the environment and that generally would not be the subject of an enforcement action if brought to the attention of appropriate governmental agencies. A condition determined to be a de minimis condition is not a recognized environmental condition nor a controlled recognized environmental condition.

The term “data gap” means a lack of or inability to obtain information required by this practice despite good faith efforts by the Environmental Professional to gather such information. Data gaps may result from incompleteness in any of the activities required by this practice, including, but not limited to, site reconnaissance (for example, an inability to conduct the site visit), and interviews (for example, an inability to interview the key site manager, regulatory officials, etc.). A significant data gap is one that affects the ability of the environmental professional to identify a REC.

The term "data failure" means the failure to achieve the historical research objective as specified in ASTM E-1527-13/21 even after reviewing the standard historical resources that are reasonably ascertainable and likely to be useful. Data failure is one type of data gap.

Migration refers to the movement of hazardous substances or petroleum products in any form, including, for example, solid and liquid at the surface or subsurface, and vapor in the subsurface.

An Environmental Professional is a person who possesses sufficient specific education, training, and experience necessary to exercise professional judgment to develop opinions and conclusions regarding conditions indicative of releases or threatened releases on, at, in, or to a property, sufficient to meet the objectives and performance factors defined in the ASTM Standard Practice E1527-13/21 and §312.20 of 40 CFR §312. Specifically, an Environmental Professional is defined as a person having one of the following qualifications; (1) A state- or tribal-issued certification or license and three years of relevant, full-time work experience; (2) A bachelor's degree or higher in science or engineering and five years of relevant, full-time work experience; or, (3) 10 years of relevant, full-time work experience.

1.2 Scope of Work

This Phase I Environmental Site Assessment has been prepared in accordance with ASTM E1527-13/21, which has been devised to address the site assessment portion for 40 CFR 312 - Innocent Landowners, Standards for Conducting All Appropriate Inquiries. The Scope of Work performed in this assessment is intended to identify RECs, CRECs, HRECs, de minimis conditions, and Significant Data Gaps through the following tasks:

1. Review of information provided by the User related to environmental cleanup liens; specialized knowledge or experience regarding the Subject Property; the relationship of the purchase price to the fair market value of the property, if the property were not contaminated; and, commonly known or reasonably available information about the Subject Property.
2. Review of local, state, and federal environmental records.
3. Review of historical sources of information to identify the use of the Subject Property dating back to 1940 or first Subject Property development, whichever is earlier.
4. Review of physical and geological settings.
5. Interviews with current and past owners, operators, and occupants to evaluate the potential for environmental contamination to be present at the Subject Property.
6. Inspection of the Subject Property and adjacent properties (from public roadways and the Subject Property boundaries), to the extent possible, to visually identify areas of concern.
7. The preparation of this report documenting all appropriate inquiries.

The work for this report has been performed in accordance with generally accepted environmental engineering practices for this region. The conclusions and recommendations of this report are based upon the opinion and judgment of an Environmental Professional and are dependent upon LaBella's knowledge, the information supplied during the interviews, and data and information solicited from governmental agencies. LaBella makes no other warranty or representation, either expressed or implied, nor is one intended to be included as part of its services, proposals, contracts, or reports.

In addition, LaBella cannot provide guarantees, certifications, or warranties that the Subject Property is or is not free of contamination without a subsurface investigation involving drilling, vapor analysis, laboratory soil analysis, groundwater monitoring well installation, and laboratory groundwater analysis. Even with such a program, the data and samples from any given soil boring or monitoring

well will indicate conditions that apply only at that particular location, and such conditions may not necessarily apply to the general Subject Property as a whole.

1.2.1 Significant Assumptions

Significant assumptions made in the performance of this Phase I ESA are as follows:

- Regional groundwater flow follows major topographic gradients.
- Representations made during interviews are accurate.

1.3 Data Gaps

LaBella encountered the following data gaps through the completion of this Phase I Environmental Site Assessment:

Nature of Data Gap	Details/Description	Data Sources Consulted
Limitations to Site Inspection[1]	Observations were limited due to Subject Property size, vegetation, and material storage. In addition, LaBella was unaccompanied at the time of the site visit and due to unsafe building conditions (lack of utilities, water intrusion, and significant quantities of damaged materials), only representative portions of the structure were inspected.	N/A
Historical Use	Historical uses were not obtained for each five year period. A data failure was obtained regarding Subject Property uses/ development prior to 1892.	Aerial photographs, Sanborn maps, city directories, municipal records, and previous studies
Regulatory Records Review	LaBella has yet to receive complete responses from all regulatory information requests.	OCHD
Interviews	LaBella has not been able to identify and/or contact any historical owners, operators, or occupants. LaBella has yet to receive a completed Owner/Operator Questionnaire.	Current owners, municipal, and/or User-provided records to identify historical ownership information.
Any data gaps determined by the Environmental Professional to be significant are further discussed within the Findings and Opinions section of this report. [1] See Limitations and Exceptions of Assessment below for additional limitations of the site visit.		

1.4 Limitations and Exceptions of Assessment

ASTM E1527-13/21 expressly recognized the fact that no ESA can wholly eliminate uncertainty regarding the potential for RECs in connection with a property. LaBella's work is intended to reduce, but not eliminate, uncertainty regarding the potential for RECs in connection with the Subject Property, and its Scope of Work reflects recognition of the reasonable limits of time and cost.

The work for this report has been performed in accordance with the master service agreement signed with Albanese Development Corporation. The conclusion and recommendations of this report are based upon LaBella's opinion and judgment, and are necessarily dependent on information supplied by the individuals, entities, and agencies contacted through the course of this assessment. LaBella makes no other warranty or representation, either expressed or implied, nor is one intended to be included as part of its services, proposals, contracts, or reports.

The actual presence of asbestos, radon, lead-based paint, lead in drinking water, wetlands, regulatory compliance, endangered species, indoor air quality, mold, substances not defined as hazardous substances, cultural and historical resources, archeological resources, ecological resources, industrial hygiene, health and safety, biological agents, and/or high voltage power lines, are not included in the Scope of Work of this assessment unless agreed to by Albanese Development Corporation and LaBella; in such a case, these additional services/ASTM Non-Scope Considerations are discussed in Section 8.0 below. Should Albanese Development Corporation desire any of these additional services, such can be completed by LaBella under separate cover; however, they are not included in the Scope of Work of the Phase I ESA.

The site reconnaissance was limited to visual observations of accessible areas only. No attempt was made to observe conditions in spaces not generally accessible, including but not limited to:

1. Entering crawlspaces and attics
2. Walking on roofs
3. Viewing the interior of pipe chases or plenum
4. Viewing spaces concealed by walls, floors, ceilings, interior finishes, etc.
5. Viewing areas inaccessible due to topographic features or locked doors, obscured by snow cover, vegetative growth, vehicles, etc.

The site reconnaissance was also limited to visual observations within the perimeter of the Subject Property and other accessible areas only. At the time of the site reconnaissance, a representative portion of the Subject Property and common areas were visually inspected.

1.5 Reliance

Albanese Development Corporation may rely upon the findings of this report and should be aware of the agreed upon Scope of Work and the limitations associated with this Scope of Work.

2.0 SUBJECT PROPERTY AND VICINITY DESCRIPTION

The Subject Property is summarized in the tables below. Property boundaries for the purpose of this assessment were determined based on provided survey mapping and/or tax maps obtained through municipal sources. Subject Property Location and Tax Parcel maps for the Subject Property are located in the Site Maps Appendix.

Subject Property Name	Former Syracuse Developmental Center
Subject Property Address	800-802 South Wilbur Avenue, Syracuse, Onondaga County, New York
Subject Property Acreage (approximate)	21.5-acre portion of a greater approximately 48-acre property
Parcel ID(s)	Portions of 098.2-01-05.2 and 098.2-01-05.4
Current Owner	City of Syracuse
Current Subject Property Use/ Development	The Subject Property includes portions of a greater four-story, 628,808 square foot institutional building constructed between 1970 and 1971 that has most recently been used as offices and storage; this structure has been vacant for approximately 10 years.
Public Thoroughfares and Access/Egress	South Wilbur Avenue to the east and Grand Avenue to the south (bounding the greater property)
Exterior Areas	Asphalt-paved parking areas, concrete walkways, and maintained landscaping
Surrounding Area	Urban
Subject Property Utilities	
Electric Source	Public available
Natural Gas Source (if provided)	Public available
Potable Water Source	Municipal
Sanitary Wastewater Disposal	Municipal
Non-Sanitary Wastewater Disposal	N/A; Non-sanitary wastewater does not appear to be generated or discharged at the Subject Property.

2.1 Building Summary

Structure(s) located on the Subject Property are summarized in the following table:

Building Name	Site Building
Square Footage	628,808
Foundation Type	Slab-on-grade
Number of Stories	Four
Construction Date	1970-1971
Heating/Cooling Source	Not currently heated
Current Use	Vacant for approximately 10 years; formerly an institutional building that had most recently included office uses

As noted above, only a portion of this structure is included as part of the Subject Property currently being assessed by LaBella.

2.2 Physical and Hydrogeological Setting

Based on a review of provided records, the following information was obtained regarding the physical and hydrogeological setting of the Subject Property:

Topography	Slightly sloping to the east/southeast; Subject Property is situated along the upper portions of an east facing hill
Elevation (feet above mean sea level)	Between 400 and 540
Subject Property Water Bodies	None
Nearest Water Body	Harbor Brook approximately 680 feet to the south
Apparent Groundwater Flow	East
Soil Map Unit(s)	Camillus silt loam - The Camillus series consists of moderately deep, well drained soils formed in till and an underlying weathered calcareous shale bedrock. Slopes range from 0 through 25 percent. Honeoye silt loam - The Honeoye series consists of very deep, well drained soils formed in loamy till. They are nearly level to very steep soils on till plains, hills, ridges, and drumlins. Slope ranges from 0 to 65 percent. Ontario and Madrid soils - The Ontario series consists of deep or very deep, well drained soils formed in loamy till which is strongly influenced by limestone and sandstone. They are nearly level to very steep soils on convex upland till plains and drumlins. Slope ranges from 0 to 60 percent. The Madrid series consists of very deep, well drained soils. They formed in loamy deposits derived mainly from sandstone, limestone

	and granite on till plains and moraines. Permeability is moderate or moderately slow in the solum and moderately slow in the substratum. Slope ranges from 3 to 50 percent.
Geological Information	Syracuse Formation; consists of dolostone and shale from the Upper Silurian Age

Refer to Figure 1 for a copy of the Subject Property Location/Topographic Map. Copies of the soil and geological maps and associated descriptions are summarized in the ERIS Physical Setting Report included in the Hydrogeologic Information Appendix. Groundwater flow was determined based on interpretation of the USGS topographic map and provided previous studies.

3.0 USER-PROVIDED INFORMATION

In accordance with the ASTM E1527-13/21, a "User" is defined as the party seeking to complete an environmental site assessment of the property. If the user is aware of any specialized knowledge or experience that is material to RECs in connection with the Subject Property, it is the user's responsibility to communicate any information based on such specialized knowledge or experience to the Environmental Professional. The User Questionnaire was completed by Martin Dettling of Albanese Development Corporation. A copy of the User Questionnaire is included in the User Provided Information Appendix.

ASTM Standard Practice E1527-13/21 User Questionnaire Questions	Reported by User
Land Title Records	
Are land title records available for review?	The User answered this question with an "unknown" response.
Environmental Liens or Activity Use Limitations	
Did a search of *recorded land title records* identify any environmental liens filed or recorded against the *property* under federal, tribal, state or local law?	The User answered this question with an "unknown" response.
Did a search of *recorded land title records* identify any AULs, such as *engineering controls*, land use restrictions or *institutional controls* that are in place at the *property* and/or have been filed or recorded against the *property* under federal, tribal, state or local law?	The User answered this question with an "unknown" response.
Specialized Knowledge	
Does the *User* of this *ESA* have any specialized knowledge or experience related to the *property* or nearby properties? For example, is the *User* involved in the same line of business as the current or former *occupants* of the *property* or an *adjacent property* so that the *User* would have specialized knowledge of the chemicals and processes used by this type of business?	The User does not have any specialized knowledge or experiences related to the property or nearby properties.
Commonly Known or Reasonably Ascertainable Information	
Is the *User* aware of commonly known or *reasonably ascertainable* information about the	The User is aware of previous petroleum spills referenced within a prior Phase I ESA.

ASTM Standard Practice E1527-13/21 User Questionnaire Questions	Reported by User
property that would help identify conditions indicative of releases or threatened releases?	
Based on the *User's* knowledge and experience related to the *property* are there any *obvious* indicators that point to the presence or likely presence of releases at the *property*?	The User answered this question with an "unknown" response.
Valuation Reduction for Environmental Issues	
Does the purchase price being paid for the *property* reasonably reflect the fair market value of the *property*?	The User answered this question with an "unknown" response.
If the *User* concluded that there is a difference, has the *User* considered whether the lower purchase price is because contamination is known or believed to be present at the *property*?	N/A

3.1 Reason For Performing Phase I ESA

According to ASTM 1527-13/21, either the User shall make known to the Environmental Professional the reason why the User wants to have the Phase I ESA performed or, if the User does not identify the purpose of the Phase I ESA, the Environmental Professional shall assume the purpose is to qualify for the Landowner Liability Protections under the Brownfields Amendments. The User indicated that the Phase I ESA is being conducted as part of a potential purchase.

4.0 SITE RECONNAISSANCE

LaBella conducted a site reconnaissance of the Subject Property and observation of adjacent properties from the Subject Property boundaries and public roadways, to the extent possible, to visually identify areas of concern. The site reconnaissance was conducted on October 14, 2022 by Michael Delaney , Environmental Analyst, and Dave Crandall, Phase I Program Manager, with LaBella. At the time of the site reconnaissance, LaBella was unaccompanied.

Observations discussed in this Section are noted on Figure 3. Copies of the field notes taken during the site visit are included in the Site Reconnaissance Worksheet Appendix. Representative photographs of the Subject Property at the time of the site reconnaissance are included in the Site Photographs Appendix.

Visual observations were limited at the time of the site visit due to size, vegetative growth, and material storage. It should be noted that due to unsafe building conditions (lack of utilities, water intrusion, and significant quantities of damaged materials), only representative portions of the structure were inspected. Additional site visit limitations are discussed in Section 1.4.

Past Uses of Subject Property

The Subject Property appears to have historically been occupied by a school.

Hazardous Substances and Petroleum Products

Hazardous substances and/or petroleum products were observed on the Subject Property as described below:

Amount/Capacity/Contents	Location	Use	Staining/Evidence of Release?
Nine five-gallon buckets of emulsified asphalt	First floor of Site Building	Construction	Minor staining proximate one five-gallon bucket
Five 55-gallon drums of floor cleaning chemicals	Second floor of Site Building	Cleaning	None

Unidentified Substance Containers

There were no unidentified substance containers (e.g., unlabeled drums or totes) observed at the time of the site reconnaissance.

Storage Tanks

Vent pipes were observed on the exterior of the Site Building. Based on the location of the vent pipes, it is presumed that an AST is currently or was historically located in the Site Building. As noted above, based on the condition of the Site Building, LaBella was unable to access the entirety of the structure.

Solid, Hazardous, and/or Regulated Wastes

Areas of solid waste disposal, including household debris, were observed on the Subject Property. LaBella recommends that these materials be collected and properly disposed of as a best management practice.

Evidence of fill material, including areas of mounding and potential settling, were observed throughout exterior areas on the Subject Property. The nature of fill material present on-site is unknown. LaBella notes that fill material generated as part of Subject Property redevelopment/ construction activities may be subject to chemical testing and/or proper handling requirements which may impact the overall project budget.

Odors

No apparent strong, pungent, or noxious odors were observed at the Subject Property at the time of the site reconnaissance.

Standing Water/Pools of Liquid

No apparent pools, sumps, or standing water containing liquids likely to be hazardous substances or petroleum products were observed at the Subject Property at the time of the site visit.

PCB-Containing Equipment

The following potential PCB-containing equipment was observed at the time of the site reconnaissance:

Potential PCB-Containing Equipment	Location	Evidence of Leaks
Elevators	Site Building	None
Fluorescent lighting	Site Building	N/A; various damaged/broken ballasts observed throughout. Such may require property handling prior to any demolition and/or redevelopment activities.

Stains and Corrosion

The following areas of staining and/or corrosion were identified at the time of the site reconnaissance:

- Proximate one five-gallon bucket of emulsified asphalt

Stressed Vegetation

No apparent stressed vegetation was observed at the time of the site reconnaissance.

Drains and Sumps

Storm drains were noted throughout the parking area and landscape areas. These drains reportedly discharge to the municipal sewer system. There were no stains, spills, or unusual odors noted in the vicinity of the storm drains at the time of the site reconnaissance.

Wastewater

Non-sanitary wastewater does not appear to be generated or discharged at the Subject Property.

Septic Systems and/or Cesspools

No apparent indications of septic systems or cesspools were observed at the time of the site reconnaissance or are reported to be located on the Subject Property.

Wells

No apparent potable, monitoring, irrigation, dry, or injection wells were observed at the time of the site reconnaissance or are reported to be located on the Subject Property.

Additional Information

There was no evidence of other potential concerns identified at the time of the site reconnaissance.

Adjacent Property Use

The Subject Property is bordered by the following properties:

Direction	Current Use/Occupant	Apparent Past Use	Potential Concerns Visible During Site Visit
North	Arc of Onondaga (600 South Wilbur Avenue), and Rosamond Gifford Zoo (1 Conservation Place)	Commercial	None
East	Residences (601-627 South Wilbur Avenue)	Residential	None
South	Southern portion of 800-802 Wilbur Avenue	Educational	None
West	Vacant commercial (410 Grand Avenue)	Vacant land	None

Refer to Regulatory Information below for additional information regarding the northern adjacent properties.

4.1 Site Reconnaissance Summary of Findings

Observations made by LaBella during the site reconnaissance identified the following features indicative of the presence or likely presence of hazardous substances or petroleum products in, on, or at the Subject Property:

- Nine five-gallon buckets of emulsified asphalt and five 55-gallon drums of floor cleaning chemicals were observed stored within the Site Building. Minor staining was observed proximate one five-gallon bucket, however, no floor drains were observed in the vicinity of the staining. It is LaBella's understanding that the Site Building is to be demolished. LaBella recommends that all hazardous chemicals be removed from the Site Building prior to demolition.
- Vent pipes were observed on the exterior of the Site Building. Based on the location of the vent pipes, it is presumed that an AST is currently or was historically located in the Site Building. Based on the condition of the Site Building, LaBella was unable to access the entirety of the structure.
- Areas of solid waste disposal, including household debris, were observed on the Subject Property. LaBella recommends that these materials be collected and properly disposed of as a best management practice.
- Evidence of fill material, including areas of mounding and potential settling, were observed throughout exterior areas on the Subject Property. The nature of fill material present on-site is unknown. LaBella notes that fill material generated as part of Subject Property redevelopment/construction activities may be subject to chemical testing and/or proper handling requirements which may impact the overall project budget.

5.0 SUBJECT PROPERTY HISTORY AND USE

LaBella attempted to review reasonably ascertainable and readily available standard sources of historical information as defined by the ASTM E1527-13/21 in order to identify all obvious uses of the Subject Property back to the first developed use or 1940, whichever is earlier (i.e., the historical research objective according to ASTM). Uses of the properties adjacent to the Subject Property are identified in this report only to the extent that this information was revealed in the course of researching the Subject Property itself and were determined at the discretion of the Environmental Professional. As such, LaBella reviewed only as many of these sources as necessary to achieve the historical research objective. Data failures and data gaps are identified, defined, and evaluated for their significance in Section 1.3 of this report.

5.1 Sanborn Fire Insurance Maps

The apparent historical use of the Subject/Greater Property and surrounding area, as depicted by the Sanborn maps, is summarized in the table below. A copy of the Sanborn maps is included in the Historical Information Appendix.

Year	Location	Occupant/Development
1892	Subject/Greater Property	Occupied by the New York State Asylum for Idiots and developed with an ice house, produce house, hot house, carpentry shop, farm house, dormitory, and educational building
	Surrounding Area	Utilized for education and residential purposes
1911	Subject/Greater Property	Occupied by the Syracuse State Institution for Feeble Minded Children and developed with an ice house, greenhouses, produce house, carpentry shop, farm house, dormitory, and educational building
	Surrounding Area	Utilized for commercial, educational, and residential purposes
1951, 1953, 1962, and 1967	Subject/Greater Property	Occupied by the Syracuse State School and developed with a carpentry shop, farm house, paint shop, ice house, meat market, milk house, oil house, greenhouses, dormitory, and educational building
	Surrounding Area	Utilized for commercial, educational, and residential purposes
1971	Subject/Greater Property	Developed with the Site Building (constructed 1970-1971) and an additional educational building and occupied by Syracuse State School for the Handicapped

Year	Location	Occupant/Development
	Surrounding Area	Utilized for commercial, educational, and residential purposes
1990	Subject/Greater Property	Developed with the Site Building and occupied by Syracuse Development Center
	Surrounding Area	Utilized for commercial, educational, and residential purposes

No adjacent property uses of potential concern were identified.

5.2 City Directories

City Directory research was completed by ERIS. Identified occupants associated with the Subject Property are detailed in the table below. Copies of street directories are included in the Historical Information Appendix.

Year	Occupant Listings
1925 and 1930	Syracuse State School for Mental Defectives
1935, 1939, 1944, 1949, 1954, 1959, 1964, 1968, and 1973	Syracuse State School
1977-78, 1983, 1988, and 1993	Syracuse Developmental Center
1998	Foster Grandparent Program, NY State of Housing & Community Renewal Division, Senior Companion Program, and Syracuse Developmental Day Care
2000	Central NY DDSO, CSEA Local 414, Foster Grandparent Program, Mental Retardation Offices, Senior Companion Program, and Syracuse Dev Day Care Center
2003	Central NY DDSO, CSEA Local 414, Developmental Center Res Gatehouse Apart Syracuse, Enable, Epilepsy Foundation, Peace Inc, Senior Companion Program, Syracuse Dev Day Care Center, and Syracuse Developmental Center
2008	Arc of Onondaga County, Central NY DDSO, Civil Services Employees Association Inc, CSEA Local 414, Enable, Epilepsy Foundation, Peer Networking Group, and Support Services

Year	Occupant Listings
2012	Arc of Onondaga County, Central NY Developmental Services, CSEA Local 414, Epilepsy Foundation, Medicaid Service Coordinators, PEF, Senior Companion Program, Special Olympics Onondaga County, Support Services, and Syracuse Developmental Center
2016	Central NY Developmental Services, CSEA Local 414, Epilepsy Foundation, Medicaid Service Coordinators, Southside Charter Academy, Special Olympics Onondaga County, Support Services, and Syracuse Developmental Center
2020	Central NY Developmental Services, Enable Inc, Epilepsy Foundation, Medicaid Service Coordinators, Special Olympics Onondaga County, Support Services, and Syracuse Developmental Day Care

It should be noted that several of the recent listings for the Subject Property may not have been present the Subject Property as LaBella understands that the Subject Property has been vacant for approximately 10 years.

Review of the city directories indicated that properties surrounding the Subject Property were historically utilized for commercial, educational, and residential purposes.

5.3 Aerial Photographs

The table below outlines observations of the Subject Property and surrounding area obtained from the review of aerial photographs. Copies of aerial photographs are included in the Historical Information Appendix.

Year	Location	Development
1956	Subject Property	Developed with several structures that appear consistent with an educational campus
	Surrounding Area	Utilized for apparent commercial and residential purposes
1972, 1985, 1995, 2003, 2008, 2013, and 2019	Subject Property	Appears to have been developed with the Site Building; extensive areas of land disturbance (presumably related to recent redevelopment work) present on the western, northern, and eastern portions of the Subject Property in at least 1972
	Surrounding Area	Utilized for apparent commercial and residential purposes

No adjacent property uses of potential concern were identified.

5.4 Topographic Maps

As sufficient information was obtained through a review of Sanborn maps, city directories, aerial photographs, previous reports, and municipal records, topographic maps were not reviewed as part of this assessment.

5.5 Municipal Records

LaBella obtained municipal records from the City of Syracuse on October 5, 2022. In addition, limited assessment information was obtained from the Landmax Data Systems, Inc. website. The following information was obtained from these records. Copies of municipal records are included in the Municipal Information Appendix.

	Findings/Details
Parcel ID(s)	Portions of 098.2-01-05.2 and 098.2-01-05.4
Subject Property Size (acres)	47.8 (greater property); LaBella understands that the Subject Property includes 21.5-acres of the greater property.
Current Owner	City of Syracuse
Former Owners	Syracuse Center LLC, Syracuse Resort Dev Inc, NYS Urban Dev Corp, NYS Housing Finance Agency
Square Footage of Building(s)/Date(s) of Construction	628,808/1970
Provided Utilities	All public

City of Syracuse records included a 2018 letter indicating various violations for the Subject Property, generally associated with failure to properly maintain the structure. No obvious records of environmental concern were reported based on this document.

In addition, LaBella was provided with various site maps including general layouts of the Site Building and sanitary sewer and water layouts for the greater property.

5.6 Recorded Land Title Records

According to the ASTM Standard Practice E1527-13/21, "the user should either engage a title company or title professional to undertake a review of reasonably ascertainable land title records and lien records for environmental liens or activity and use limitations currently recorded against or relating to the property or to negotiate such an engagement of a title company or title professional as an addition to the Scope of Work to be performed by the Environmental Professional."

Title records were not provided to LaBella for review.

5.7 Additional Sources

No additional historical sources were reviewed.

5.8 Review of Previous Reports

LaBella reviewed the following environmental reports. Copies of the reports are included in the Previous Reports Appendix.

- Phase I ESA report prepared by PSI dated February 11, 2008
- Limited Phase II ESA report prepared by B&L dated March 14, 2008

The following is a summary of the information obtained from the previous reports.

The 2008 Phase I ESA included the Subject Property and remaining portions of the greater (totalling 48 acres). The Subject Property was developed with the Site Building. The Subject Property was utilized for office space and storage.

At the time of the site visit, various stored materials were observed on the Subject Property including various drums and smaller containers, a 275-gallon diesel AST within the lowest level (associated with a backup generator), a 550-gallon chlorine AST on the second floor (associated with a swimming pool), and a 5,000-gallon diesel UST to the west of the garage area (off-site relative to the current Subject Property) that was reportedly been decommissioned and closed-in-place in 1997.

Historical sources indicated that the Subject Property had been utilized as a mental institution since at least 1892, including the existing site building since 1970.

The Subject Property was identified as a RCRA Non-Generator, FINDS facility, UST/Historic UST facility, Manifest Site, and NY Spills site. the UST listings referenced the closed-in-place 5,000-gallon diesel UST along with a 2000-gallon gasoline UST that was removed in 1998; a NY Spill listing was identified in association with the gasoline UST closure and thus considered an HREC. An additional Spill included oil found in a drain and had been addressed to the satisfaction of the regulator.

A south adjacent property was identified as a gas station with associated UST and LTANK listings. The consultant considered such to be a REC for the greater property. *LaBella notes that based on the topographic location of this facility relative to the Subject Property currently being assessed, such is not considered to pose a potential environmental concern at this time.*

The following REC was identified as associated with the Subject Property:

- An oil house, paint/printing shop, hospital, and laundry area were indicated on the Subject Property at various times according to the 1911, 1951, 1953, and 1962 Sanborn Maps. It is likely that solvents, petroleum products, paints, cleaning chemicals, and other hazardous materials were utilized and stored at these areas and other areas of the Subject Property. The

information available concerning hazardous material use and disposal at these buildings and the remainder of the Subject Property could not be determined during the assessment.

In addition, the following HREC was identified as associated with the Subject Property:

- According to the database report, the Subject Property is identified in the UST, Historic UST, NY Spills, and NY Historic Spills databases. The UST and Historic UST listings are due to two registered USTs on the Subject Property. In 1997, a 5,000-gallon gasoline UST was closed in place at the Subject Property. In 1998, a 2,000-gallon gasoline UST was closed and removed from the Subject Property. A NY Spills incident appears to be related to the 1998 tank removal. The information available indicated that soil contamination was discovered after the tank was removed the ground. The spill was closed in October 2003. The remaining NY Spills and NY Historic Spills incident occurred in October 1986 when a type of petroleum was found in a floor drain. A sample was analyzed and the material was found to contain less than 50 ppm PCBs. The material was collected and disposed of off-site. The incident was closed in July 1988. Given the regulatory closure of these past spills at the Subject Property, PSI does not consider these spills to represent a REC; however, they do represent a HREC. LaBella notes that no closure documentation was reviewed relative to the closed in place 5,000-gallon UST. As such, environmental conditions relative to that tank are unknown. Nonetheless, given the location of this closed in place UST relative to the Subject Property currently being assessed, such is not considered to pose an environmental concern the portion of the greater property being assessed by LaBella.

PSI recommended a Phase II ESA to address the historical use and storage of hazardous materials at the Subject Property. PSI also recommended that areas of indiscriminate dumping on the Subject Property be evaluated to determine if this dumping had impacted the Subject Property.

On March 6 and 7, 2008, 11 borings were installed at the Subject Property in the vicinity of the former paint/printing shop, the former oil house, the former hospital, and the former laundry area, respectively. Six soil samples were collected and analyzed for VOCs, SVOCs, PCBs, and metals. Operations of potential concern on the current Subject Property, as identified through historical sources, do not appear to have been investigated as part of this study.

Two surface soil samples were collected from a debris pile identified during the 2008 Phase I ESA and analyzed for SVOCs, PCBs, and metals. Seven SVOCs were identified exceeding NYSDEC guideline values in SS-1.

The detection of benzo(a)pyrene above NYSDEC guideline values in two soil samples was a low-level exceedance and did not appear to constitute an environmental concern. Metal concentrations only slightly exceeded background concentrations and did not appear to be of significant environmental concern. No VOCs or PCBs were detected above NYSDEC guideline values. The site investigation was limited to the subsurface soil borings and surface soil sample locations. To fully define the nature and extent of contamination identified, additional site investigation would be required in the indiscriminate

dumping area. It should be noted that the area where further investigation was recommended (the indiscriminate dumping area) is located off-site and is not considered to pose a potential concern to the current Subject Property based on its distance from and downgradient location relative to the same.

In addition to the above, LaBella was provided with a Limited Regulated Building Material Survey Report for the Subject Property, completed by Lu Engineers and dated April 2022. As part of this report, a site inspection was completed and building material samples were collected and analyzed to determine whether asbestos, PCB-containing caulk, and/or lead paint was present within the structure.

At the time of this report, Lu Engineers had noted a 275-gallon diesel fuel tank (AST) within the lower level of the Structure; the tank was observed to be partially filled with fluid. As part of Lu's survey, visual observations were also made to determine the extent of regulated materials present. Such materials were noted to include paints, unmarked drums (both partially full and empty), hydraulic oil containers, lubricant containers, PCBP ballasts, fluorescent light bulbs, mercury vapor lighting, HID light bulbs, mold growth, and refrigerant, along with general hazards including hypodermic needles, fire debris, and other various garbage and debris. Various asbestos (several hundred thousand square feet), PCB, and lead paint-containing materials were confirmed to be present on-site. In addition, visible mold growth was observed and it was estimated that approximately 60% of the structure was contaminated with mercury vapor, fluorescent, and HID bulb debris.

5.9 Historical Summary of Findings

Based on LaBella's review of historical sources, the history of the Subject Property is as follows:

Time Period	Apparent Use/Development
Between at least 1892 and 1967	Developed with various former structures and utilized as a psychiatric facility. Former structures indicative of storage and/or use of hazardous materials and/or petroleum products that could pose a potential environmental concern included an oil house, paint/printing shop, greenhouses, and carpentry shop, which were present at various times between at least 1911 and 1967.
1970-1971 through present	Developed with the Site Building, utilized as a psychiatric facility through the early 2000s with later uses consisting of office space and storage. The Subject Property has been vacant for approximately 10 years.

Based on LaBella's review of historical information, the adjacent properties were historically utilized for commercial, educational, and residential purposes.

LaBella's historical research identified the following conditions indicative of the presence or likely presence of hazardous substances or petroleum products in, on, or at the Subject Property:

- An oil house, paint/printing shop, greenhouses, and carpentry shop were located on the Subject Property at various times between at least 1911 and 1967. It is likely that solvents, paints, cleaning chemicals, and other hazardous materials and/or petroleum products were utilized and stored at these areas and other areas of the Subject Property; material handling practices are unknown. While a Limited Phase II ESA was conducted at the Subject/ Greater Property in 2008 to address historical uses, that scope did not include an investigation of each area of likely chemical use/storage.

6.0 REGULATORY INFORMATION

Federal, state, and tribal environmental regulatory information was provided by ERIS, an independent research firm, which completed an ASTM-compliant regulatory records search. This search was completed to ASTM-defined search distances; however, it should be noted that the distances searched may have been modified based on LaBella's experience due to the geology or nature of the area, as permitted under ASTM E-1527-13/21. Additionally, ERIS conducted a search of supplemental Federal, state, tribal, and local databases to augment the ASTM-specified search; any relevant listings from these supplemental searches are summarized in the following sections. The ERIS report, dated September 30, 2022 is included in the Regulatory Information Appendix.

The review of regulatory information was completed to evaluate the potential for environmental impact to the Subject Property, including contaminant migration from off-Subject Property locations. This evaluation included a review of regulatory records along with geologic/ hydrogeologic information, topographical information, and/or distance relative to the Subject Property.

6.1 Regulatory Report Summary

A complete list of the databases reviewed is included within the ERIS report. Below is a summary of the identified listings within their respective search distance:

Regulatory Report Summary

Database	Search Radius	Target Property	Within 0.12mi	0.12mi to 0.25mi	0.25mi to 0.50mi	0.50mi to 1.00mi	Total
ALT FUELS	0.25	0	0	1	-	-	1
AST	0.25	0	2	0	-	-	2
COOLING TOWERS	0.125	0	2	-	-	-	2
DELISTED DRYCLEANERS	0.25	0	0	1	-	-	1
FINDS/FRS	0.02	1	1	-	-	-	2
GEN MANIFEST	0.125	2	2	-	-	-	4
HIST GAS STATIONS	0.25	0	0	1	-	-	1
LST	0.5	0	2	0	8	-	10

Database	Search Radius	Target Property	Within 0.12mi	0.12mi to 0.25mi	0.25mi to 0.50mi	0.50mi to 1.00mi	Total
NY SPILLS	0.25	2	23	20	-	-	45
PFAS	0.5	0	0	0	2	-	2
RCRA NON GEN	0.25	1	3	11	-	-	15
RCRA VSQG	0.25	0	1	0	-	-	1

SWF/LF	0.5	0	0	0	2	-	2
UST	0.25	1	5	0	-	-	6

6.1.1 Subject/Greater Property Listings

The Subject/Greater Property was identified as follows:

- UST Facility (PBS No. 7-447072):

The following table summarizes the NYSDEC PBS Facility Information listing associated with the Subject Property.

Tank No.	Location	Capacity (gallons)	Product Stored	Tank Type	Secondary Containment	Date Installed	Status
001	Underground	2,000	Gasoline	Steel/Carbon Steel/Iron	Double-Walled (Underground)	February 1, 1986	Closed - Removed (September 1, 1998)
002	Underground	5,000	Diesel	Steel/Carbon Steel/Iron	None	December 1, 1970	Closed - In Place (September 1, 1997)

It should be noted that the USTs were located on the greater property and would be considered south adjacent.

- NY Spills:
  - Spill #8604795 involved petroleum found in a storm drain. A confirmatory sample indicated levels were less than 50 ppm PCBs. The material was taken to a landfill for disposal and the NYSDEC closed the spill on July 22, 1988.

- Spill #9807337 involved soil contamination encountered during the removal of Tank 001. Approximately ten yards of pea stone were removed. Further testing was to be done upon completion of the tank removal. The spill was classified as inactive by the NYSDEC on October 31, 2003.

- RCRA (ID No. NYD120538020) Non-Generator with violations that were returned to compliance on May 19, 2011. Wastes generated are listed as ignitable waste, reactive waste, and spent nonhalogenated solvents.
- FRS listing associated with inclusion in the RCRA and NCDB Programs
- Manifest listing associated with the RCRA generator. The facility transported ignitable waste, wastes containing PCBs, corrosive waste, chromium, mercury, barium, methyl ethyl ketone, PCE, TCE, cadmium, lead, benzene, and spent nonhalogenated solvents between 1986 and 2010.

Based on the return to compliance of the violations, the status of the spills, and/or the location of the USTs on the southern adjacent property, there does not appear to be a REC in association with the regulatory record attached to the Subject Property.

6.1.2 Adjacent Property Listings

The following regulatory listings associated with the northern adjacent property was identified:

Rosamond Gifford Zoo - 1 Conservation Place (north)

- AST Facility (PBS No. 7-601179): Three in-service ASTs
- NY Spills:
  - Spill #0106351 involved soil that found to have low level concentrations of fuel oil and gasoline compounds and is classified as inactive by the NYSDEC.
  - Spill #0212724 involved an equipment failure causing approximately five gallons of hydraulic oil to spill to the ground and is classified as inactive by the NYSDEC.
  - Spill #0910395 involved a contractor hitting a UST. The UST had been filled with stone and gravel. The UST was removed from the ground and a closure report was received by the NYSDEC on January 13, 2010. The spill is classified as inactive by the NYSDEC.
- Cooling Towers (ID #4088): The property has cooling towers registered with the NYSDEC associated with air conditioning.

Based on the nature and status of the spill listings, there does not appear to be a REC for the Subject Property in association with the adjacent regulatory listings at this time.

6.1.3 Additional Listings

Based on distance and presumed direction of groundwater flow, none of the other sites listed within the database report are considered likely to have current or former releases of hazardous substances and/or petroleum products with the potential to migrate to the Subject Property.

6.1.4 Unmappable Listings

Unmapped facilities were identified within the ERIS report. The specific location of these listings could not be determined due to incomplete or inaccurate address information. Based on the limited address information available for the listings, they do not appear to be associated with the Subject Property or adjacent properties.

6.2 Enforcement Action/Permitted Activities/Institutional Controls

No recorded enforcement actions or institutional controls were identified for the Subject Property during this Phase I ESA.

Provided Information indicates that the Subject Property is subject to PBS and RCRA environmental permit activities.

6.3 Regulatory Agency File and Records Review

The purpose of the regulatory file review is to obtain sufficient information to assist the Environmental Professional in determining if a recognized environmental condition, controlled recognized environmental condition, historical recognized environmental condition, de minimis condition, or significant data gap exists at the Subject Property in connection with the identified listings. Regulatory listings identified in the database report for the Subject Property and adjacent properties were evaluated in order to determine the need for a regulatory file review. Based on this evaluation, the following was concluded:

- As sufficient information was included within the ERIS report, no file review was warranted.

6.4 Regulatory Information Summary

Labella's review of regulatory information identified the following conditions indicative of the presence or likely presence of hazardous substances or petroleum products in, on, or at the Subject Property.

- The Subject/Greater Property was identified as a RCRA Non-Generator with no unresolved violations and as a Manifest Facility. Wastes generated and/or transferred from the Subject Property have included PCBs, various metals, PCE, TCE, corrosive, ignitable, and reactive wastes, and spent non-halogenated solvents. While there were no records of release

reported, these listings are indicative of past use/storage/handling of various hazardous materials on the greater property.

7.0 INTERVIEWS

Interviews were completed with representatives of the owner/operator of the Subject Property, Subject Property occupants, neighbors, and/or former owners/operators, to the extent possible, to further assess Subject Property operations and/or potential environmental concerns.

Additional information was obtained through federal, state, tribal, and/or local agencies or via the submission of Records Requests, as documented below.

7.1 Owner/Subject Property Representative

As of the date of this report, LaBella has not received a completed owner interview form.

7.2 Current Occupants

There are no currant occupants of the Subject Property; as such, no occupant interviews could be completed.

7.3 Former Owners/Operators/Occupants

No past owners/occupants were contacted because no contact information was provided through available municipal records or through a focused online search.

7.4 Neighbors

While vacant, the Subject Property is not an abandoned property; such is routinely assessed by the City of Syracuse and Syracuse Police Department to deter unauthorized access. As such, interviews with the neighboring property owners were not conducted.

7.5 Local Government Official

A FOIL request was submitted to the City of Syracuse Clerk, Patricia McBride on September 29, 2022 requesting copies of building department, assessment, and fire marshal records on file for the Subject Property. Records were received from the City of Syracuse on October 5, 2022. Relevant records are discussed in Section 5.5 above. A copy of the FOIL request and the records obtained from the City of Syracuse are included in the Municipal Information Appendix.

7.6 State Regulator

A FOIL request was submitted to the NYSDEC on September 29, 2022. Records were obtained from the NYSDEC and are discussed in further detail in Sections 6.1.1, above. A copy of the documents

obtained are included in the Regulatory Information Appendix. A copy of the FOIL request is included in the Municipal Information Appendix.

7.7 State and/or County Health Department

A FOIL request was submitted to the OCHD on September 29, 2022. As of the date of this report submission, a complete response has not been received from the OCHD. A copy of the FOIL request is included in the Municipal Information Appendix.

7.8 Summary of Interviews

LaBella's interviews and/or review of provided records did not identify conditions indicative of the presence or likely presence of hazardous substances or petroleum products in, on, or at the Subject Property other than as noted elsewhere in this report.

8.0 ADDITIONAL SERVICES/ASTM NON-SCOPE CONSIDERATIONS

No additional services were provided or agreed upon as part of this assessment.

9.0 FINDINGS AND OPINIONS

The Subject Property, 800-802 South Wilbur Avenue, Syracuse, New York, includes 21.5-acres of a greater 47.8-acre parcel of land. The Subject Property is developed with portions of a four-story, 628,808 square foot institutional building constructed in 1970-1971 that has most recently been used as offices and storage; this structure has been vacant for approximately 10 years. The greater structure was initially utilized as the Syracuse State School for the Handicapped. Prior to development with the existing greater structure, the Subject Property was developed with portions of various structures (main building, meat market, bakery, ice house, paint shop, stables, farmhouse, carpenter shop, greenhouse, private garages, oil house, ice house, residential areas, etc.) associated with a previous state school/mental health facility.

Based on the results of this assessment, the following RECs have been identified in connection with the Subject Property:

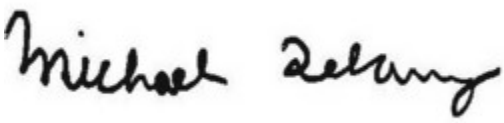
- An oil house, paint/printing shop, greenhouses, and carpentry shop were located on the Subject Property at various times between at least 1911 and 1967. It is likely that solvents, paints, cleaning chemicals, and other hazardous materials and/or petroleum products were utilized and stored at these areas and other areas of the Subject Property; material handling practices are unknown. While a Limited Phase II ESA was conducted at the Subject/Greater Property in 2008 to address historical uses, that scope did not include an investigation of each area of likely chemical use/storage. As such, there is the potential for impact to exist in areas not previously investigated based on the historical uses of the Subject Property.
- Evidence of fill material, including areas of mounding and potential settling, were observed throughout exterior areas on the Subject Property. The nature of fill material present on-site is unknown. LaBella notes that fill material generated as part of Subject Property redevelopment/construction activities may be subject to chemical testing and/or proper handling requirements which may impact the overall project budget.
- The Subject/Greater Property was identified as a RCRA Non-Generator with no unresolved violations and as a Manifest Facility. Wastes generated and/or transferred from the Subject Property have included PCBs, various metals, PCE, TCE, corrosive, ignitable, and reactive wastes, and spent non-halogenated solvents. While there were no records of release reported, these listings are indicative of past use/storage/handling of various hazardous materials on the greater property.

Based on the results of this assessment, no CRECs, HRECs, de minimis conditions, or significant data gaps have been identified in connection with the Subject Property.
While not considered a REC, CREC, HREC, de minimis condition, or significant data gap at this time, LaBella also notes the following:

- Nine five-gallon buckets of emulsified asphalt and five 55-gallon drums of floor cleaning chemicals were observed stored within the Site Building. Minor staining was observed proximate one five-gallon bucket, however, no floor drains were observed in the vicinity of the staining. Given the nature and location of the staining such is not considered to pose a significant environmental concern at this time. However, as it is LaBella's understanding that the Site Building is to be demolished, it is recommended that all hazardous chemicals be removed from the Site Building prior to demolition.
- Vent pipes were observed on the exterior of the Site Building. Based on the location of the vent pipes, it is presumed that an AST is currently or was historically located in the Site Building, potentially a diesel AST associated with a backup generator or chlorine AST reported to have been located on-site based on reviewed previous studies. Based on the condition of the Site Building, LaBella was unable to access the entirety of the structure. The presence of ASTs within the Site Building are not considered to pose a significant environmental concern at this time. However, as it is LaBella's understanding that the Site Building is to be demolished, it is recommended that any inactive ASTs be emptied and properly removed from the Site Building prior to demolition.
- Areas of solid waste disposal, including household debris, were observed on the Subject Property. LaBella recommends that these materials be collected and properly disposed of as a best management practice.

9.1 Recommendations

Based on the findings of this assessment, further investigation appears warranted at this time.



10.0 CONCLUSIONS

LaBella has performed a Phase I Environmental Site Assessment in conformance with the scope and limitations of ASTM Practice E 1527-13/21 for 800-802 South Wilbur Avenue, Syracuse, New York, the Subject Property. Any exceptions to, or deletions from, this practice are described in Section 1.4 of this report.

This assessment has revealed the following recognized environmental conditions, controlled recognized environmental conditions, or significant data gaps in connection with the Subject Property:

- REC associated with historical presence of an oil house, paint/printing shop, greenhouses, and carpentry shop on the Subject Property at various times between at least 1911 and 1967
- REC associated with apparent fill material observed throughout the Subject Property
- REC associated with past generation/transportation of various regulated wastes, including metals and spent nonhalogenated solvents.

This report constitutes the findings and recommendations of LaBella's investigation conducted for the Subject Property as written and reviewed by the following personnel:

Michael Delaney

Dave Crandall
Phase I Program Manager

11.0 ENVIRONMENTAL PROFESSIONAL STATEMENT

I declare that, to the best of my professional knowledge and belief, I meet the definition of Environmental Professional as defined in § 312.10 of 40 C.F.R. § 312.

I have the specific qualifications based on education, training, and experience to assess a property of the nature, history, and setting of the Subject Property. I have developed and performed the all appropriate inquiries in conformance with the standards and practices set forth in 40 C.F.R. Part 312.

Dave Crandall

The ERIS ***Physical Setting Report - PSR*** provides comprehensive information about the physical setting around a site and includes a complete overview of topography and surface topology, in addition to hydrologic, geologic and soil characteristics. The location and detailed attributes of oil and gas wells, water wells, public water systems and radon are also included for review.

The compilation of both physical characteristics of a site and additional attribute data is useful in assessing the impact of migration of contaminants and subsequent impact on soils and groundwater.

Disclaimer

This Report does not provide a full environmental evaluation for the site or adjacent properties. Please see the terms and disclaimer at the end of the Report for greater detail.

Zone subtype:	AREA OF MINIMAL FLOOD HAZARD

Geologic Information

0 0.275 0.55 Miles

N

Geologic Units

This maps shows geologic units in the area. Please refer to the report for detailed descriptions.

ERIS

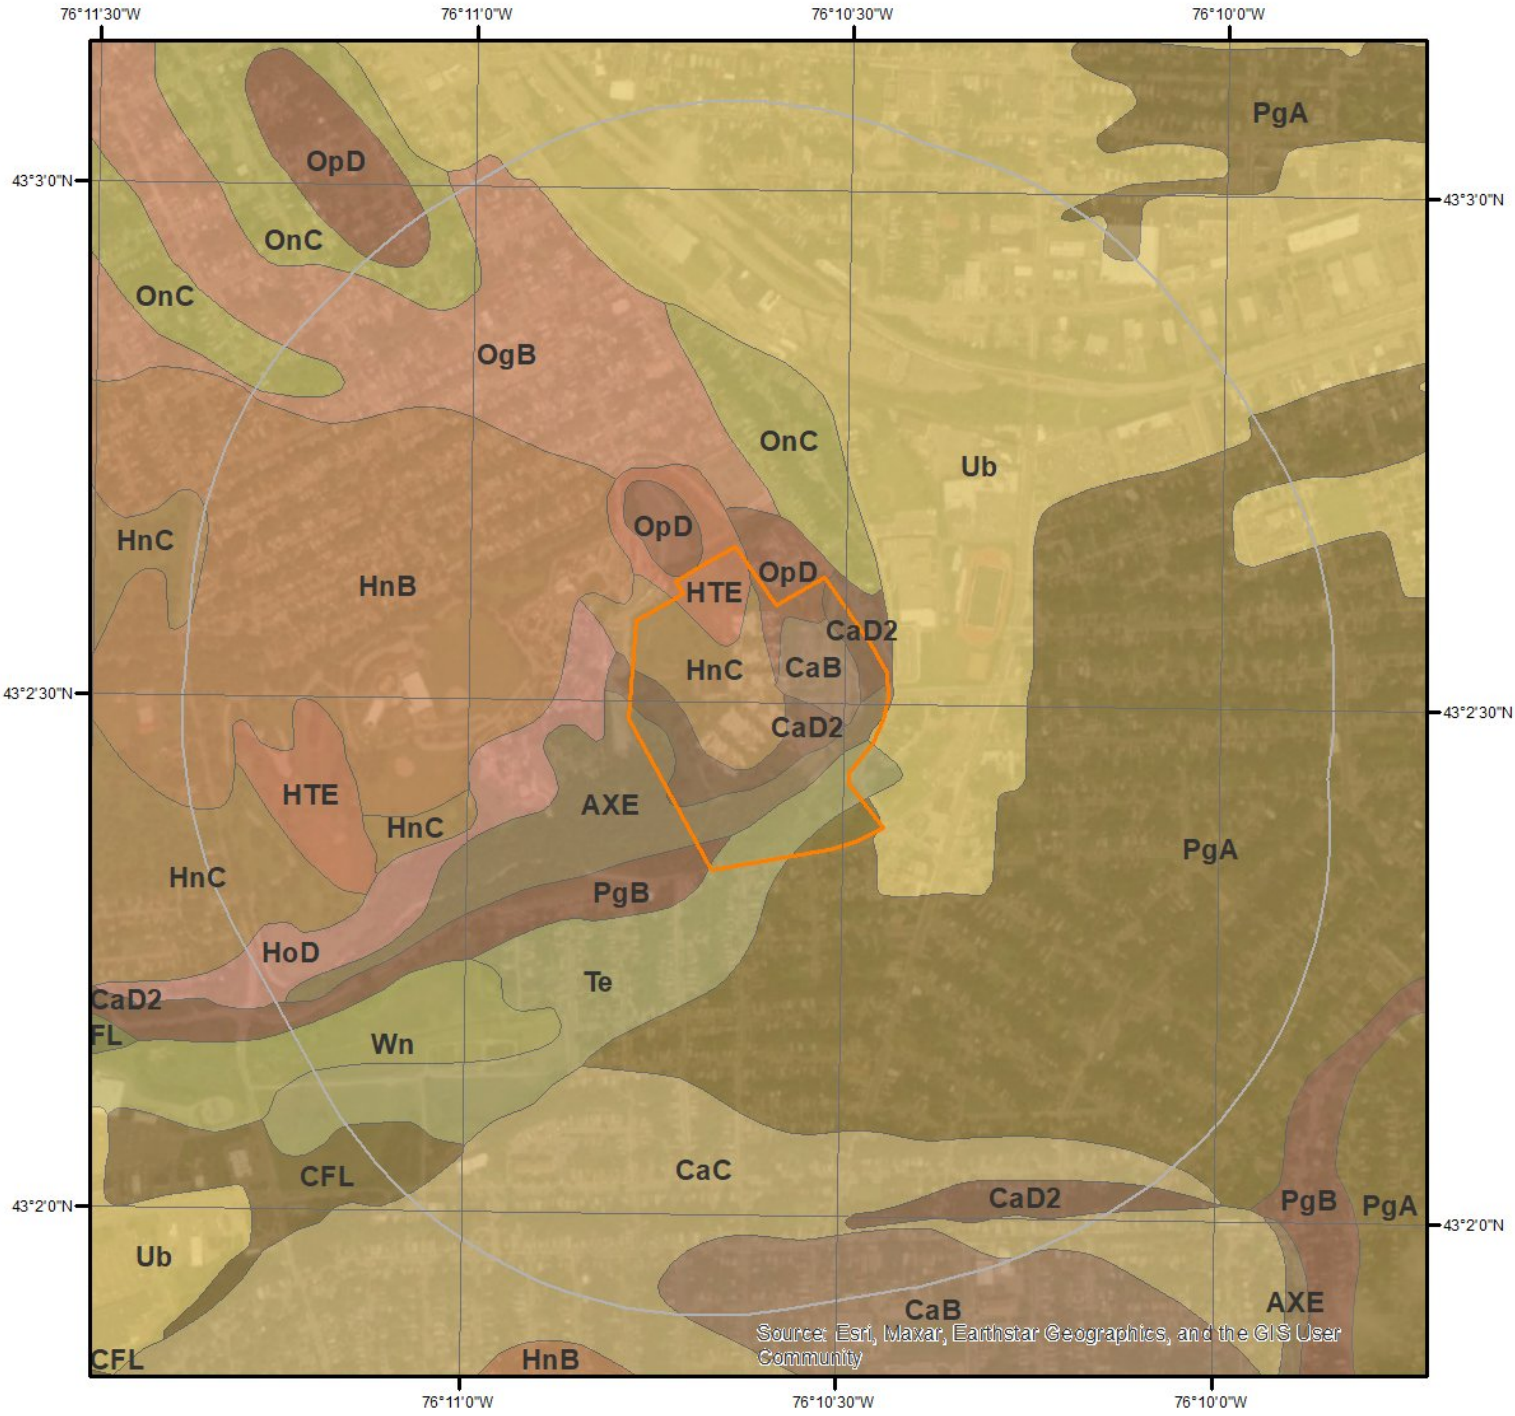
0 0.375 0.75 Miles

Geologic Information

The previous page shows USGS geology information. Detailed information about each unit is provided below.

Geologic Unit Sv

Unit Name:	Vernon Shale
Unit Age:	Upper Silurian
Primary Rock Type:	shale
Secondary Rock Type:	black shale
Unit Description:	Vernon Shale



Geologic Unit Ssy

Unit Name:	Syracuse Formation
Unit Age:	Upper Silurian
Primary Rock Type:	dolostone (dolomite)
Secondary Rock Type:	shale
Unit Description:	Syracuse Formation - dolostone, shale, gypsum, salt.

Geologic Unit Dhg

Unit Name:	Helderberg Group
Unit Age:	Lower Devonian
Primary Rock Type:	limestone
Secondary Rock Type:	dolostone (dolomite)
Unit Description:	Helderberg Group - West of Albany: Alsen, Becraft, New Scotland, Kalkberg, Coeymans, and Manlius Limestones; Rondout Dolostone. South of Albany: Port Ewen, Alsen thru Manlius Limestones; Rondout Dolostone.

Soil Information

The previous page shows a soil map using SSURGO data from USDA Natural Resources Conservation Service. Detailed information about each unit is provided below.

Map Unit AXE (0.51%)

Map Unit Name:	Aurora-Farmington-Rock outcrop association, steep
Bedrock Depth - Min:	41cm
Watertable Depth - Annual Min:	54cm
Drainage Class - Dominant:	null
Hydrologic Group - Dominant:	D - Soils in this group have high runoff potential when thoroughly wet. Water movement through the soil is restricted or very restricted.
Major components are printed below	
Aurora(31%)	
horizon H1(0cm to 30cm)	Silt loam
horizon H2(30cm to 97cm)	Channery silt loam
horizon H3(97cm to 107cm)	Weathered bedrock
Farmington(29%)	
horizon H1(0cm to 20cm)	Silt loam
horizon H2(20cm to 41cm)	Gravelly loam
horizon H3(41cm to 51cm)	Unweathered bedrock

Component Description:

Minor map unit components are excluded from this report.

Map Unit: AXE - Aurora-Farmington-Rock outcrop association, steep

Component: Aurora (31%)
The Aurora component makes up 31 percent of the map unit. Slopes are 35 to 65 percent. This component is on benches, ridges, till plains. The parent material consists of loamy till derived mainly from calcareous shale, with some limestone and sandstone. Depth to a root restrictive layer, bedrock, lithic, is 20 to 40 inches. The natural drainage class is moderately well drained. Water movement in the most restrictive layer is very low. Available water to a depth of 60 inches (or restricted depth) is low. Shrink-swell potential is low. This soil is not flooded. It is not ponded. A seasonal zone of water saturation is at 21 inches during March, April, May. Organic matter content in the surface horizon is about 4 percent. Nonirrigated land capability classification is 7s. This soil does not meet hydric criteria.

Component: Farmington (29%)
The Farmington component makes up 29 percent of the map unit. Slopes are 35 to 65 percent. This component is on benches, ridges, till plains. The parent material consists of loamy till or congeliturbate derived from limestone, dolomite, shale, and sandstone, and in many places mixed with wind and water deposits. Depth to a root restrictive layer, bedrock, lithic, is 10 to 20 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is very low. Available water to a depth of 60 inches (or restricted depth) is very low. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 4 percent. Nonirrigated land capability classification is 7s. This soil does not meet hydric criteria.

Component: Rock outcrop (20%)
Generated brief soil descriptions are created for major soil components. The Rock outcrop is a miscellaneous area.

Component: Honeoye (5%)
Generated brief soil descriptions are created for major components. The Honeoye soil is a minor component.

Component: Lyons (5%)
Generated brief soil descriptions are created for major components. The Lyons soil is a minor component.

Component: Lansing (5%)
Generated brief soil descriptions are created for major components. The Lansing soil is a minor component.

Component: Angola (5%)

Soil Information

Generated brief soil descriptions are created for major components. The Angola soil is a minor component.

Map Unit CaB (2.96%)

Map Unit Name:	Camillus silt loam, 2 to 6 percent slopes
Bedrock Depth - Min:	97cm
Watertable Depth - Annual Min:	66cm
Drainage Class - Dominant:	Well drained
Hydrologic Group - Dominant:	C - Soils in this group have moderately high runoff potential when thoroughly wet. Water transmission through the soil is somewhat restricted.

Major components are printed below

Camillus(80%)

horizon H1(0cm to 23cm)	Silt loam
horizon H2(23cm to 56cm)	Silt loam
horizon H3(56cm to 97cm)	Very channery silt loam
horizon H4(97cm to 107cm)	Unweathered bedrock

Component Description:

Minor map unit components are excluded from this report.

Map Unit: CaB - Camillus silt loam, 2 to 6 percent slopes

Component: Camillus (80%)
The Camillus component makes up 80 percent of the map unit. Slopes are 2 to 6 percent. This component is on ridges, benches, till plains. The parent material consists of loamy residuum derived from the underlying shale and loamy till. Depth to a root restrictive layer, bedrock, lithic, is 20 to 40 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is very low. Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. A seasonal zone of water saturation is at 26 inches during April, May. Organic matter content in the surface horizon is about 6 percent. Nonirrigated land capability classification is 2e. This soil does not meet hydric criteria.

Component: Unnamed soils (5%)
Generated brief soil descriptions are created for major components. The Unnamed soils soil is a minor component.

Component: Benson (5%)
Generated brief soil descriptions are created for major components. The Benson soil is a minor component.

Component: Ontario (5%)
Generated brief soil descriptions are created for major components. The Ontario soil is a minor component.

Component: Lairdsville (5%)
Generated brief soil descriptions are created for major components. The Lairdsville soil is a minor component.

Map Unit CaC (3.96%)

Map Unit Name:	Camillus silt loam, 6 to 12 percent slopes
Bedrock Depth - Min:	97cm
Watertable Depth - Annual Min:	66cm
Drainage Class - Dominant:	Well drained
Hydrologic Group - Dominant:	C - Soils in this group have moderately high runoff potential when thoroughly wet. Water transmission through the soil is somewhat restricted.

Major components are printed below

Camillus(80%)

horizon H1(0cm to 23cm)	Silt loam
horizon H2(23cm to 56cm)	Silt loam
horizon H3(56cm to 97cm)	Very channery silt loam
horizon H4(97cm to 107cm)	Unweathered bedrock

Soil Information

Component Description:

Minor map unit components are excluded from this report.

Map Unit: CaC - Camillus silt loam, 6 to 12 percent slopes

Component: Camillus (80%)
The Camillus component makes up 80 percent of the map unit. Slopes are 6 to 12 percent. This component is on benches, ridges, till plains. The parent material consists of loamy residuum derived from the underlying shale and loamy till. Depth to a root restrictive layer, bedrock, lithic, is 20 to 40 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is very low. Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. A seasonal zone of water saturation is at 26 inches during April, May. Organic matter content in the surface horizon is about 6 percent. Nonirrigated land capability classification is 3e. This soil does not meet hydric criteria.

Component: Lairdsville (5%)
Generated brief soil descriptions are created for major components. The Lairdsville soil is a minor component.

Component: Unnamed soils (5%)
Generated brief soil descriptions are created for major components. The Unnamed soils soil is a minor component.

Component: Benson (5%)
Generated brief soil descriptions are created for major components. The Benson soil is a minor component.

Component: Ontario (5%)
Generated brief soil descriptions are created for major components. The Ontario soil is a minor component.

Map Unit CaD2 (0.35%)

Map Unit Name:	Camillus silt loam, 12 to 18 percent slopes eroded
Bedrock Depth - Min:	97cm
Watertable Depth - Annual Min:	66cm
Drainage Class - Dominant:	Well drained
Hydrologic Group - Dominant:	C - Soils in this group have moderately high runoff potential when thoroughly wet. Water transmission through the soil is somewhat restricted.

Major components are printed below

Camillus(80%)

horizon H1(0cm to 23cm)	Silt loam
horizon H2(23cm to 56cm)	Silt loam
horizon H3(56cm to 97cm)	Very channery silt loam
horizon H4(97cm to 107cm)	Unweathered bedrock

Component Description:

Minor map unit components are excluded from this report.

Map Unit: CaD2 - Camillus silt loam, 12 to 18 percent slopes eroded

Component: Camillus (80%)
The Camillus, eroded component makes up 80 percent of the map unit. Slopes are 12 to 18 percent. This component is on ridges, till plains, benches. The parent material consists of loamy residuum derived from the underlying shale and loamy till. Depth to a root restrictive layer, bedrock, lithic, is 20 to 40 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is very low. Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. A seasonal zone of water saturation is at 26 inches during April, May. Organic matter content in the surface horizon is about 6 percent. Nonirrigated land capability classification is 4e. This soil does not meet hydric criteria.

Component: Palatine (5%)
Generated brief soil descriptions are created for major components. The Palatine soil is a minor component.

Component: Unnamed soils (5%)
Generated brief soil descriptions are created for major components. The Unnamed soils soil is a minor component.

Component: Benson (5%)
Generated brief soil descriptions are created for major components. The Benson soil is a minor component.

Component: Ontario (5%)
Generated brief soil descriptions are created for major components. The Ontario soil is a minor component.

Map Unit CFL (0.39%)

Map Unit Name:	Cut and fill land
Bedrock Depth - Min:	null
Watertable Depth - Annual Min:	137cm
Drainage Class - Dominant:	Somewhat excessively drained
Hydrologic Group - Dominant:	A - Soils in this group have low runoff potential when thoroughly wet. Water is transmitted freely through the soil.

Major components are printed below

Udorthents(70%)

horizon H1(0cm to 10cm)	Gravelly sandy loam
horizon H2(10cm to 178cm)	Very gravelly sandy loam

Component Description:

Minor map unit components are excluded from this report.

Map Unit: CFL - Cut and fill land

Component: Udorthents (70%)
The Udorthents component makes up 70 percent of the map unit. Slopes are 0 to 8 percent. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is somewhat excessively drained. Water movement in the most restrictive layer is moderately low. Available water to a depth of 60 inches (or restricted depth) is low. Shrink-swell potential is low. This soil is not flooded. It is not ponded. A seasonal zone of water saturation is at 54 inches during January, February, March, April, May, June, November, December. Organic matter content in the surface horizon is about 3 percent. Nonirrigated land capability classification is 6s. This soil does not meet hydric criteria.

Component: Galen (5%)
Generated brief soil descriptions are created for major components. The Galen soil is a minor component.

Component: Lamson (5%)
Generated brief soil descriptions are created for major components. The Lamson soil is a minor component.

Component: Lyons (5%)
Generated brief soil descriptions are created for major components. The Lyons soil is a minor component.

Component: Appleton (5%)
Generated brief soil descriptions are created for major components. The Appleton soil is a minor component.

Component: Collamer (5%)
Generated brief soil descriptions are created for major components. The Collamer soil is a minor component.

Component: Volusia (5%)
Generated brief soil descriptions are created for major components. The Volusia soil is a minor component.

Map Unit HnB (2.38%)

Map Unit Name:	Honeoye silt loam, 3 to 8 percent slopes
Bedrock Depth - Min:	null
Watertable Depth - Annual Min:	null
Drainage Class - Dominant:	Well drained
Hydrologic Group - Dominant:	B - Soils in this group have moderately low runoff potential when thoroughly wet. Water transmission through the soil is unimpeded.

Soil Information

Major components are printed below

Honeoye(85%)

horizon Ap(0cm to 20cm)	Silt loam
horizon E(20cm to 25cm)	Silt loam
horizon Bt/E(25cm to 36cm)	Loam
horizon Bt1(36cm to 58cm)	Loam
horizon Bt2(58cm to 74cm)	Gravelly loam
horizon C(74cm to 200cm)	Gravelly loam

Component Description:

Minor map unit components are excluded from this report.

Map Unit: HnB - Honeoye silt loam, 3 to 8 percent slopes

Component: Honeoye (85%)
The Honeoye component makes up 85 percent of the map unit. Slopes are 3 to 8 percent. This component is on ridges, till plains. The parent material consists of calcareous loamy lodgment till derived from limestone, sandstone, and shale. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is low. Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 3 percent. Nonirrigated land capability classification is 2e. This soil does not meet hydric criteria. The calcium carbonate equivalent within 40 inches, typically, does not exceed 20 percent.

Component: Lima (5%)
Generated brief soil descriptions are created for major soil components. The Lima soil is a minor component.

Component: Lansing (4%)
Generated brief soil descriptions are created for major soil components. The Lansing soil is a minor component.

Component: Appleton (4%)
Generated brief soil descriptions are created for major soil components. The Appleton soil is a minor component.

Component: Wassaic (2%)
Generated brief soil descriptions are created for major soil components. The Wassaic soil is a minor component.

Map Unit HnC (2.71%)

Map Unit Name:	Honeoye silt loam, 8 to 15 percent slopes
Bedrock Depth - Min:	null
Watertable Depth - Annual Min:	null
Drainage Class - Dominant:	Well drained
Hydrologic Group - Dominant:	B - Soils in this group have moderately low runoff potential when thoroughly wet. Water transmission through the soil is unimpeded.

Major components are printed below

Honeoye(85%)

horizon Ap(0cm to 20cm)	Silt loam
horizon E(20cm to 25cm)	Silt loam
horizon Bt/E(25cm to 36cm)	Loam
horizon Bt1(36cm to 58cm)	Loam
horizon Bt2(58cm to 74cm)	Gravelly loam
horizon C(74cm to 200cm)	Gravelly loam

Component Description:

Minor map unit components are excluded from this report.

Map Unit: HnC - Honeoye silt loam, 8 to 15 percent slopes

Component: Honeoye (85%)

Soil Information

The Honeoye component makes up 85 percent of the map unit. Slopes are 8 to 15 percent. This component is on ridges, till plains. The parent material consists of calcareous loamy lodgment till derived from limestone, sandstone, and shale. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is low. Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 3 percent. Nonirrigated land capability classification is 3e. This soil does not meet hydric criteria. The calcium carbonate equivalent within 40 inches, typically, does not exceed 20 percent.

Component: Lima (5%)
Generated brief soil descriptions are created for major soil components. The Lima soil is a minor component.

Component: Appleton (4%)
Generated brief soil descriptions are created for major soil components. The Appleton soil is a minor component.

Component: Lansing (4%)
Generated brief soil descriptions are created for major soil components. The Lansing soil is a minor component.

Component: Wassaic (2%)
Generated brief soil descriptions are created for major soil components. The Wassaic soil is a minor component.

Map Unit HoD (0.4%)

Map Unit Name:	Honeoye and Lansing soils, 15 to 25 percent slopes
Bedrock Depth - Min:	null
Watertable Depth - Annual Min:	null
Drainage Class - Dominant:	Well drained
Hydrologic Group - Dominant:	B - Soils in this group have moderately low runoff potential when thoroughly wet. Water transmission through the soil is unimpeded.

Major components are printed below

Honeoye(41%)	
horizon Ap(0cm to 20cm)	Silt loam
horizon E(20cm to 25cm)	Silt loam
horizon Bt/E(25cm to 36cm)	Loam
horizon Bt1(36cm to 58cm)	Loam
horizon Bt2(58cm to 74cm)	Gravelly loam
horizon C(74cm to 200cm)	Gravelly loam
Lansing(39%)	
horizon Ap(0cm to 20cm)	Gravelly silt loam
horizon E(20cm to 33cm)	Gravelly silt loam
horizon Bt/E(33cm to 53cm)	Gravelly silt loam
horizon Bt1(53cm to 71cm)	Gravelly silt loam
horizon Bt2(71cm to 99cm)	Gravelly silt loam
horizon C(99cm to 200cm)	Gravelly loam

Component Description:

Minor map unit components are excluded from this report.

Map Unit: HoD - Honeoye and Lansing soils, 15 to 25 percent slopes

Component: Honeoye (41%)
The Honeoye component makes up 41 percent of the map unit. Slopes are 15 to 25 percent. This component is on ridges, till plains. The parent material consists of calcareous loamy lodgment till derived from limestone, sandstone, and shale. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is low. Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 3 percent. Nonirrigated land capability classification is 4e. This soil does not meet hydric criteria. The calcium carbonate equivalent within 40 inches, typically, does not exceed 20 percent.

Component: Lansing (39%)

Soil Information

The Lansing component makes up 39 percent of the map unit. Slopes are 15 to 25 percent. This component is on hills, till plains. The parent material consists of calcareous loamy lodgment till derived from limestone, sandstone, and shale. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is moderately low. Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 3 percent. Nonirrigated land capability classification is 4e. This soil does not meet hydric criteria. The calcium carbonate equivalent within 40 inches, typically, does not exceed 20 percent.

Component: Conesus (7%)
Generated brief soil descriptions are created for major soil components. The Conesus soil is a minor component.

Component: Lima (7%)
Generated brief soil descriptions are created for major soil components. The Lima soil is a minor component.

Component: Kendaia (3%)
Generated brief soil descriptions are created for major soil components. The Kendaia soil is a minor component.

Component: Wassaic (3%)
Generated brief soil descriptions are created for major soil components. The Wassaic soil is a minor component.

Map Unit HTE (0.36%)

Map Unit Name:	Honeoye, Lansing, and Ontario soils, 25 to 35 percent slopes
Bedrock Depth - Min:	null
Watertable Depth - Annual Min:	null
Drainage Class - Dominant:	Well drained
Hydrologic Group - Dominant:	B - Soils in this group have moderately low runoff potential when thoroughly wet. Water transmission through the soil is unimpeded.

Major components are printed below

Honeoye(30%)	
horizon Ap(0cm to 20cm)	Silt loam
horizon E(20cm to 25cm)	Silt loam
horizon Bt/E(25cm to 36cm)	Loam
horizon Bt1(36cm to 58cm)	Loam
horizon Bt2(58cm to 74cm)	Gravelly loam
horizon C(74cm to 200cm)	Gravelly loam
Ontario(25%)	
horizon Ap(0cm to 20cm)	Gravelly loam
horizon E(20cm to 36cm)	Loam
horizon Bt/E(36cm to 53cm)	Loam
horizon Bt(53cm to 99cm)	Gravelly loam
horizon C1(99cm to 122cm)	Gravelly loam
horizon C2(122cm to 200cm)	Gravelly loam
Lansing(25%)	
horizon Ap(0cm to 20cm)	Gravelly silt loam
horizon E(20cm to 33cm)	Gravelly silt loam
horizon Bt/E(33cm to 53cm)	Gravelly silt loam
horizon Bt1(53cm to 71cm)	Gravelly silt loam
horizon Bt2(71cm to 99cm)	Gravelly silt loam
horizon C(99cm to 200cm)	Gravelly loam

Component Description:

Minor map unit components are excluded from this report.

Map Unit: HTE - Honeoye, Lansing, and Ontario soils, 25 to 35 percent slopes

Component: Honeoye (30%)
The Honeoye component makes up 30 percent of the map unit. Slopes are 25 to 35 percent. This component is on till plains, ridges.

Soil Information

The parent material consists of calcareous loamy lodgment till derived from limestone, sandstone, and shale. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is low. Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 3 percent. Nonirrigated land capability classification is 6e. This soil does not meet hydric criteria. The calcium carbonate equivalent within 40 inches, typically, does not exceed 20 percent.

Component: Lansing (25%)
The Lansing component makes up 25 percent of the map unit. Slopes are 25 to 35 percent. This component is on till plains, hills. The parent material consists of calcareous loamy lodgment till derived from limestone, sandstone, and shale. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is moderately low. Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 3 percent. Nonirrigated land capability classification is 6e. This soil does not meet hydric criteria. The calcium carbonate equivalent within 40 inches, typically, does not exceed 20 percent.

Component: Ontario (25%)
The Ontario component makes up 25 percent of the map unit. Slopes are 25 to 35 percent. This component is on till plains, ridges. The parent material consists of calcareous loamy lodgment till derived from limestone, sandstone, and shale. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is low. Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 3 percent. Nonirrigated land capability classification is 6e. This soil does not meet hydric criteria. The calcium carbonate equivalent within 40 inches, typically, does not exceed 20 percent.

Component: Mohawk (10%)
Generated brief soil descriptions are created for major soil components. The Mohawk soil is a minor component.

Component: Madrid (7%)
Generated brief soil descriptions are created for major soil components. The Madrid soil is a minor component.

Component: Cazenovia (3%)
Generated brief soil descriptions are created for major soil components. The Cazenovia soil is a minor component.

Map Unit OgB (3.77%)

Map Unit Name:	Ontario loam, 3 to 8 percent slopes
Bedrock Depth - Min:	null
Watertable Depth - Annual Min:	null
Drainage Class - Dominant:	Well drained
Hydrologic Group - Dominant:	B - Soils in this group have moderately low runoff potential when thoroughly wet. Water transmission through the soil is unimpeded.

Major components are printed below

Ontario(85%)	
horizon Ap(0cm to 20cm)	Loam
horizon E(20cm to 36cm)	Loam
horizon Bt/E(36cm to 53cm)	Loam
horizon Bt(53cm to 99cm)	Gravelly loam
horizon C1(99cm to 122cm)	Gravelly loam
horizon C2(122cm to 200cm)	Gravelly loam

Component Description:

Minor map unit components are excluded from this report.

Map Unit: OgB - Ontario loam, 3 to 8 percent slopes

Component: Ontario (85%)
The Ontario component makes up 85 percent of the map unit. Slopes are 3 to 8 percent. This component is on ridges, till plains. The parent material consists of calcareous loamy lodgment till derived from limestone, sandstone, and shale. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is low.

Soil Information

Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 3 percent. Nonirrigated land capability classification is 2e. This soil does not meet hydric criteria. The calcium carbonate equivalent within 40 inches, typically, does not exceed 20 percent.

Component: Hilton (5%)
Generated brief soil descriptions are created for major soil components. The Hilton soil is a minor component.

Component: Honeoye (5%)
Generated brief soil descriptions are created for major soil components. The Honeoye soil is a minor component.

Component: Cazenovia (3%)
Generated brief soil descriptions are created for major soil components. The Cazenovia soil is a minor component.

Component: Appleton (2%)
Generated brief soil descriptions are created for major soil components. The Appleton soil is a minor component.

Map Unit OnC (3.43%)

Map Unit Name:	Ontario gravelly loam, 8 to 15 percent slopes
Bedrock Depth - Min:	null
Watertable Depth - Annual Min:	null
Drainage Class - Dominant:	Well drained
Hydrologic Group - Dominant:	B - Soils in this group have moderately low runoff potential when thoroughly wet. Water transmission through the soil is unimpeded.

Major components are printed below

Ontario(85%)

horizon Ap(0cm to 20cm)	Gravelly loam
horizon E(20cm to 36cm)	Loam
horizon Bt/E(36cm to 53cm)	Loam
horizon Bt(53cm to 99cm)	Gravelly loam
horizon C1(99cm to 122cm)	Gravelly loam
horizon C2(122cm to 200cm)	Gravelly loam

Component Description:

Minor map unit components are excluded from this report.

Map Unit: OnC - Ontario gravelly loam, 8 to 15 percent slopes

Component: Ontario (85%)
The Ontario component makes up 85 percent of the map unit. Slopes are 8 to 15 percent. This component is on till plains, ridges. The parent material consists of calcareous loamy lodgment till derived from limestone, sandstone, and shale. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is low. Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 3 percent. Nonirrigated land capability classification is 3e. This soil does not meet hydric criteria. The calcium carbonate equivalent within 40 inches, typically, does not exceed 20 percent.

Component: Honeoye (5%)
Generated brief soil descriptions are created for major soil components. The Honeoye soil is a minor component.

Component: Hilton (5%)
Generated brief soil descriptions are created for major soil components. The Hilton soil is a minor component.

Component: Cazenovia (3%)
Generated brief soil descriptions are created for major soil components. The Cazenovia soil is a minor component.

Component: Appleton (2%)
Generated brief soil descriptions are created for major soil components. The Appleton soil is a minor component.

Map Unit OpD (0.47%)

Map Unit Name:	Ontario and Madrid soils, 15 to 25 percent slopes
Bedrock Depth - Min:	null
Watertable Depth - Annual Min:	null
Drainage Class - Dominant:	Well drained
Hydrologic Group - Dominant:	B - Soils in this group have moderately low runoff potential when thoroughly wet. Water transmission through the soil is unimpeded.

Component Description:

Minor map unit components are excluded from this report.

Map Unit: OpD - Ontario and Madrid soils, 15 to 25 percent slopes

Component: Ontario (41%)
The Ontario component makes up 41 percent of the map unit. Slopes are 15 to 25 percent. This component is on ridges, till plains. The parent material consists of calcareous loamy lodgment till derived from limestone, sandstone, and shale. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is low. Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 3 percent. Nonirrigated land capability classification is 4e. This soil does not meet hydric criteria. The calcium carbonate equivalent within 40 inches, typically, does not exceed 20 percent.

Component: Madrid (39%)
The Madrid component makes up 39 percent of the map unit. Slopes are 15 to 25 percent. This component is on ridges, till plains. The parent material consists of loamy till derived mainly from sandstone and limestone. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is moderately high. Available water to a depth of 60 inches (or restricted depth) is moderate. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 4 percent. Nonirrigated land capability classification is 4e. This soil does not meet hydric criteria.

Component: Honeoye (7%)
Generated brief soil descriptions are created for major soil components. The Honeoye soil is a minor component.

Component: Hilton (7%)
Generated brief soil descriptions are created for major soil components. The Hilton soil is a minor component.

Component: Cazenovia (4%)
Generated brief soil descriptions are created for major soil components. The Cazenovia soil is a minor component.

Component: Appleton (2%)
Generated brief soil descriptions are created for major soil components. The Appleton soil is a minor component.

Map Unit PgA (6.65%)

Soil Information

Map Unit Name:	Palmyra gravelly loam, 0 to 3 percent slopes
Bedrock Depth - Min:	null
Watertable Depth - Annual Min:	null
Drainage Class - Dominant:	Well drained
Hydrologic Group - Dominant:	A - Soils in this group have low runoff potential when thoroughly wet. Water is transmitted freely through the soil.

Major components are printed below

Palmyra(80%)

horizon H1(0cm to 36cm)	Gravelly loam
horizon H2(36cm to 79cm)	Gravelly loam
horizon H3(79cm to 152cm)	Stratified very gravelly sand

Component Description:

Minor map unit components are excluded from this report.

Map Unit: PgA - Palmyra gravelly loam, 0 to 3 percent slopes

Component: Palmyra (80%)
The Palmyra component makes up 80 percent of the map unit. Slopes are 0 to 3 percent. This component is on outwash plains, proglacial deltas, terraces. The parent material consists of loamy over sandy and gravelly glaciofluvial deposits, derived mainly from limestone and other sedimentary rocks. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is moderately high. Available water to a depth of 60 inches (or restricted depth) is low. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 5 percent. Nonirrigated land capability classification is 1. This soil does not meet hydric criteria. The calcium carbonate equivalent within 40 inches, typically, does not exceed 15 percent.

Component: Phelps (8%)
Generated brief soil descriptions are created for major components. The Phelps soil is a minor component.

Component: Arkport (6%)
Generated brief soil descriptions are created for major components. The Arkport soil is a minor component.

Component: Howard (6%)
Generated brief soil descriptions are created for major components. The Howard soil is a minor component.

Map Unit PgB (0.33%)

Map Unit Name:	Palmyra gravelly loam, 3 to 8 percent slopes
Bedrock Depth - Min:	null
Watertable Depth - Annual Min:	null
Drainage Class - Dominant:	Well drained
Hydrologic Group - Dominant:	A - Soils in this group have low runoff potential when thoroughly wet. Water is transmitted freely through the soil.

Major components are printed below

Palmyra(80%)

horizon H1(0cm to 36cm)	Gravelly loam
horizon H2(36cm to 79cm)	Gravelly loam
horizon H3(79cm to 152cm)	Stratified very gravelly sand

Component Description:

Minor map unit components are excluded from this report.

Map Unit: PgB - Palmyra gravelly loam, 3 to 8 percent slopes

Component: Palmyra (80%)
The Palmyra component makes up 80 percent of the map unit. Slopes are 3 to 8 percent. This component is on terraces, outwash plains, proglacial deltas. The parent material consists of loamy over sandy and gravelly glaciofluvial deposits, derived mainly from

limestone and other sedimentary rocks. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is well drained. Water movement in the most restrictive layer is moderately high. Available water to a depth of 60 inches (or restricted depth) is low. Shrink-swell potential is low. This soil is not flooded. It is not ponded. There is no zone of water saturation within a depth of 72 inches. Organic matter content in the surface horizon is about 5 percent. Nonirrigated land capability classification is 2e. This soil does not meet hydric criteria. The calcium carbonate equivalent within 40 inches, typically, does not exceed 15 percent.

Component: Phelps (5%)
Generated brief soil descriptions are created for major components. The Phelps soil is a minor component.

Component: Arkport (5%)
Generated brief soil descriptions are created for major components. The Arkport soil is a minor component.

Component: Schoharie (5%)
Generated brief soil descriptions are created for major components. The Schoharie soil is a minor component.

Component: Howard (5%)
Generated brief soil descriptions are created for major components. The Howard soil is a minor component.

Map Unit Te (0.78%)

Map Unit Name:	Teel silt loam
Bedrock Depth - Min:	null
Watertable Depth - Annual Min:	54cm
Drainage Class - Dominant:	Moderately well drained
Hydrologic Group - Dominant:	B/D - These soils have moderately low runoff potential when drained and high runoff potential when undrained.

Major components are printed below

Teel(80%)

horizon H1(0cm to 25cm)	Silt loam
horizon H2(25cm to 71cm)	Silt loam
horizon H3(71cm to 152cm)	Silt loam

Component Description:

Minor map unit components are excluded from this report.

Map Unit: Te - Teel silt loam

Component: Teel (80%)
The Teel component makes up 80 percent of the map unit. Slopes are 0 to 3 percent. This component is on flood plains. The parent material consists of silty alluvium. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is moderately well drained. Water movement in the most restrictive layer is moderately high. Available water to a depth of 60 inches (or restricted depth) is high. Shrink-swell potential is low. This soil is occasionally flooded. It is not ponded. A seasonal zone of water saturation is at 21 inches during January, February, March, April, May. Organic matter content in the surface horizon is about 4 percent. Nonirrigated land capability classification is 2w. This soil does not meet hydric criteria.

Component: Howard (5%)
Generated brief soil descriptions are created for major components. The Howard soil is a minor component.

Component: Hamlin (5%)
Generated brief soil descriptions are created for major components. The Hamlin soil is a minor component.

Component: Wayland (5%)
Generated brief soil descriptions are created for major components. The Wayland soil is a minor component.

Component: Herkimer (5%)
Generated brief soil descriptions are created for major components. The Herkimer soil is a minor component.

Map Unit Ub (70.07%)

Soil Information

Map Unit Name:	Urban land

No more attributes available for this map unit

Component Description:

Minor map unit components are excluded from this report.

Map Unit: Ub - Urban land

Component: Urban land (70%)
Generated brief soil descriptions are created for major soil components. The Urban land is a miscellaneous area.

Component: Dunkirk (5%)
Generated brief soil descriptions are created for major components. The Dunkirk soil is a minor component.

Component: Appleton (5%)
Generated brief soil descriptions are created for major components. The Appleton soil is a minor component.

Component: Lamson (5%)
Generated brief soil descriptions are created for major components. The Lamson soil is a minor component.

Component: Mardin (5%)
Generated brief soil descriptions are created for major components. The Mardin soil is a minor component.

Component: Howard (5%)
Generated brief soil descriptions are created for major components. The Howard soil is a minor component.

Component: Fredon (5%)
Generated brief soil descriptions are created for major components. The Fredon soil is a minor component.

Map Unit Wn (0.49%)

Map Unit Name:	Wayland soils complex, 0 to 3 percent slopes, frequently flooded
Bedrock Depth - Min:	null
Watertable Depth - Annual Min:	0cm
Drainage Class - Dominant:	Poorly drained
Hydrologic Group - Dominant:	B/D - These soils have moderately low runoff potential when drained and high runoff potential when undrained.

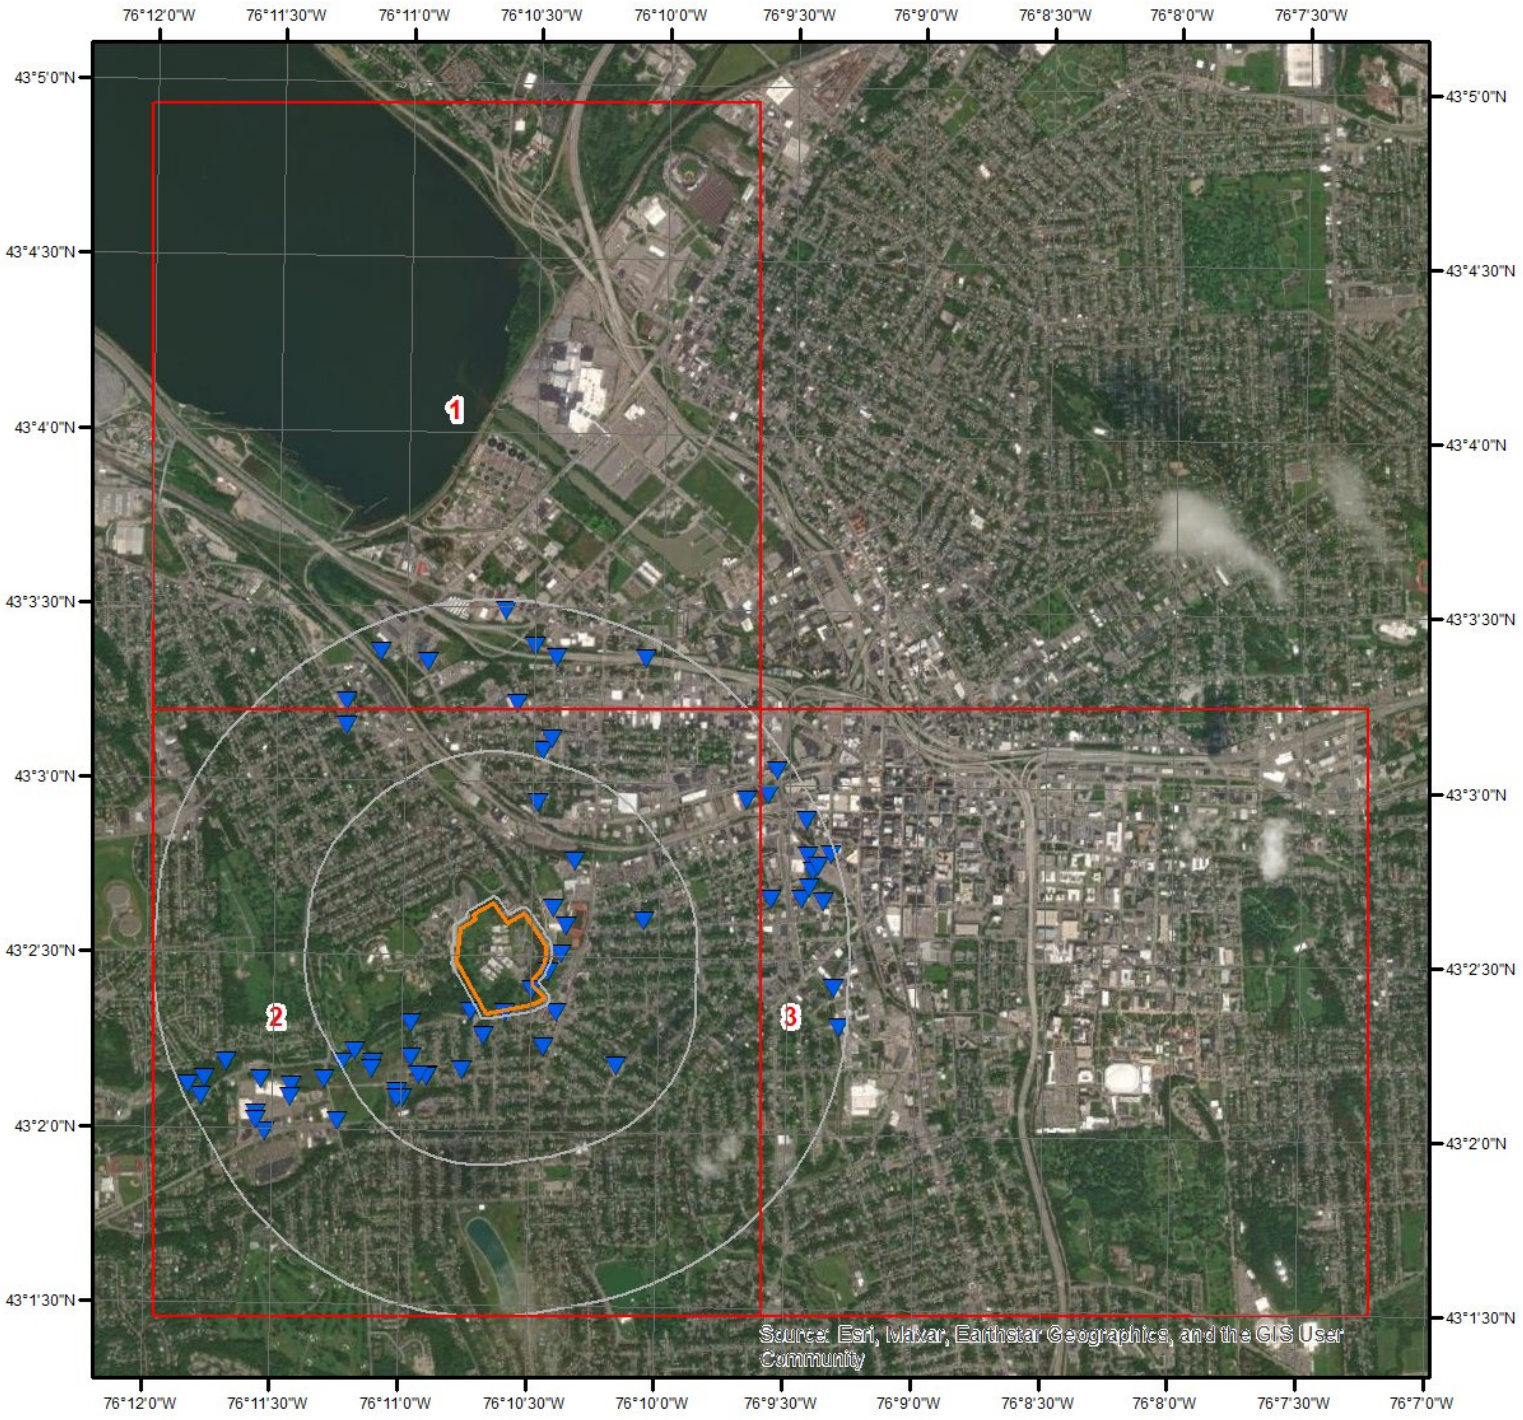
Major components are printed below

Wayland(60%)	
horizon A(0cm to 15cm)	Silt loam
horizon Bg1(15cm to 30cm)	Silt loam
horizon Bg2(30cm to 46cm)	Silt loam
horizon C1(46cm to 117cm)	Silt loam
horizon C2(117cm to 183cm)	Silty clay loam
Wayland(30%)	
horizon A(0cm to 15cm)	Mucky silt loam
horizon Bg1(15cm to 30cm)	Silt loam
horizon Bg2(30cm to 46cm)	Silt loam
horizon C1(46cm to 117cm)	Silt loam
horizon C2(117cm to 183cm)	Silty clay loam

Component Description:

Minor map unit components are excluded from this report.

Map Unit: Wn - Wayland soils complex, 0 to 3 percent slopes, frequently flooded



Component: Wayland (60%)
The Wayland component makes up 60 percent of the map unit. Slopes are 0 to 3 percent. This component is on flood plains on

valleys. The parent material consists of silty and clayey alluvium derived from interbedded sedimentary rock. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is poorly drained. Water movement in the most restrictive layer is moderately high. Available water to a depth of 60 inches (or restricted depth) is very high. Shrink-swell potential is low. This soil is frequently flooded. It is not ponded. A seasonal zone of water saturation is at 0 inches during January, February, March, April, May, November, December. Organic matter content in the surface horizon is about 9 percent. This component is in the F139XY009OH Wet Floodplain ecological site. Nonirrigated land capability classification is 5w. This soil meets hydric criteria.

Component: Wayland (30%)
The Wayland, very poorly drained component makes up 30 percent of the map unit. Slopes are 0 to 3 percent. This component is on flood plains on valleys. The parent material consists of silty and clayey alluvium derived from interbedded sedimentary rock. Depth to a root restrictive layer is greater than 60 inches. The natural drainage class is very poorly drained. Water movement in the most restrictive layer is moderately high. Available water to a depth of 60 inches (or restricted depth) is very high. Shrink-swell potential is low. This soil is frequently flooded. It is frequently ponded. A seasonal zone of water saturation is at 0 inches during January, February, March, April, May, June, September, October, November, December. Organic matter content in the surface horizon is about 15 percent. This component is in the F139XY009OH Wet Floodplain ecological site. Nonirrigated land capability classification is 5w. This soil meets hydric criteria.

Component: Wakeville (10%)
Generated brief soil descriptions are created for major soil components. The Wakeville soil is a minor component.

Radon Information

This section lists any relevant radon information found for the target property.

Federal EPA Radon Zone for *ONONDAGA* County: **1**

Zone 1: Counties with predicted average indoor radon screening levels greater than 4 pCi/L
Zone 2: Counties with predicted average indoor radon screening levels from 2 to 4 pCi/L
Zone 3: Counties with predicted average indoor radon screening levels less than 2 pCi/L

Federal Area Radon Information for *ONONDAGA* County

No Measures/Homes:	4749
Geometric Mean:	16.2
Arithmetic Mean:	8.5
Median:	3.6
Standard Deviation:	3.7
Maximum:	341.8
% >4 pCi/L:	47
% >20 pCi/L:	10
Notes on Data Table:	Table 1. Screening indoor radon data compiled by the New York State Department of Health. Data represent 1-7 day charcoal canister measurements from the lowest level of each home tested.

Appendix

Federal Sources

FEMA National Flood Hazard Layer — **FEMA FLOOD**

The National Flood Hazard Layer (NFHL) data incorporates Flood Insurance Rate Map (FIRM) databases published by the Federal Emergency Management Agency (FEMA), and any Letters Of Map Revision (LOMRs) that have been issued against those databases since their publication date. The FIRM Database is the digital, geospatial version of the flood hazard information shown on the published paper FIRMs. The FIRM Database depicts flood risk information and supporting data used to develop the risk data. The FIRM Database is derived from Flood Insurance Studies (FISs), previously published FIRMs, flood hazard analyses performed in support of the FISs and FIRMs, and new mapping data, where available.

Indoor Radon Data — **INDOOR RADON**

Indoor radon measurements tracked by the Environmental Protection Agency(EPA) and the State Residential Radon Survey.

Public Water Systems Violations and Enforcement Data — **PWSV**

List of drinking water violations and enforcement actions from the Safe Drinking Water Information System (SDWIS) made available by the Drinking Water Protection Division of the US EPA's Office of Groundwater and Drinking Water. Enforcement sensitive actions are not included in the data released by the EPA. Address information provided in SWDIS may correspond either with the physical location of the water system, or with a contact address.

Radon Zone Level — **RADON ZONE**

Areas showing the level of Radon Zones (level 1, 2 or 3) by county. This data is maintained by the Environmental Protection Agency (EPA).

Safe Drinking Water Information System (SDWIS) — **SDWIS**

The Safe Drinking Water Information System (SDWIS) contains information about public water systems as reported to US Environmental Protection Agency (EPA) by the states. Addresses may correspond with the location of the water system, or with a contact address.

Soil Survey Geographic database — **SSURGO**

The Soil Survey Geographic database (SSURGO) contains information about soil as collected by the National Cooperative Soil Survey at the Natural Resources Conservation Service (NRCS). Soil maps outline areas called map units. The map units are linked to soil properties in a database. Each map unit may contain one to three major components and some minor components.

U.S. Fish & Wildlife Service Wetland Data — **US WETLAND**

The U.S. Fish & Wildlife Service Wetland layer represents the approximate location and type of wetlands and deepwater habitats in the United States.

USGS Current Topo — **US TOPO**

US Topo topographic maps are produced by the National Geospatial Program of the U.S. Geological Survey (USGS). The project was launched in late 2009, and the term "US Topo" refers specifically to quadrangle topographic maps published in 2009 and later.

USGS Geology — **US GEOLOGY**

Seamless maps depicting geological information provided by the United States Geological Survey (USGS).

USGS National Water Information System — **FED USGS**

The U.S. Geological Survey (USGS)'s National Water Information System (NWIS) is the nation's principal repository of water resources data. This database includes comprehensive information of well-construction details, time-series data for gage height, streamflow, groundwater level, and precipitation and water use data.

Wells from NWIS — **FED USGS**

The U.S. Geological Survey's National Water Information System (NWIS) is the nation's principal repository of water resources data. The NWIS includes comprehensive information of well-construction details, time-series data for gage height, streamflow, groundwater level, and precipitation and water use data. This NWIW dataset contains select Site Types from the overall NWIS Sites data, limited to the following Group Site Types only: Groundwater Group Site Types: Well, Collector or Ranney type well, Hyporheic-zone well,

Interconnected Wells, Multiple wells; Spring Group Site Type: Spring; and Other Group Site Types: Aggregate groundwater use, Cistern.

State Sources

Oil and Gas Wells **OGW**

The Division of Mineral Resources maintains a data management system on wells regulated under the Oil, Gas and Solution Mining Law (OGSML). To assist the Division in the regulation of wells subject to the OGSML, a database of the wells was created in the early 1980's and significantly upgraded in 1998 by the adoption of the Risk Based Data Management System. This system provides information on well ownership, well owners and operators, registered driller, pluggers and companies that provide financial security instruments.

Regulatory Freshwater Wetlands **WETLAND**

The Regulatory Freshwater Wetlands data are a set of ARC/INFO coverages composed of polygonal and linear features. Coverages are based on official New York State Freshwater Wetlands Maps as described in Article 24-0301 of the Environmental Conservation Law. Coverages are not, however, a legal substitute for the official maps. Coverages are available on a county basis for all areas of New York State outside the Adirondack Park. This dataset is provided by New York State Department of Environmental Conservation.

Underground Injection Control Wells **UIC**

A well permit is required from the Division of Mineral Resources for any brine disposal well deeper than 500 feet. This includes any operation to drill, deepen, plug back or convert a well. Regardless of well depth, the NYSDEC Division of Water must be contacted for a determination of whether a SPDES permit is necessary to operate any brine disposal well.

Water Wells Database **WATER WELLS**

The New York State Department of Environmental Conservation (DEC) Bureau of Water Resource Management works to protect, manage, and conserve New York State's groundwater and surface water supply sources, develop management strategies to enhance and protect these waters, and protect both the groundwater and surface water quality in the New York City Watershed and other major watersheds. This dataset does not include information on wells located in Nassau, Suffolk, Kings, and Queens counties.

Liability Notice

Reliance on information in Report: The Physical Setting Report (PSR) DOES NOT replace a full Phase I Environmental Site Assessment but is solely intended to be used as a review of environmental databases and physical characteristics for the site or adjacent properties.

License for use of information in Report: No page of this report can be used without this cover page, this notice and the project property identifier. The information in Report(s) may not be modified or re-sold.

Your Liability for misuse: Using this Service and/or its reports in a manner contrary to this Notice or your agreement will be in breach of copyright and contract and ERIS may obtain damages for such mis-use, including damages caused to third parties, and gives ERIS the right to terminate your account, rescind your license to any previous reports and to bar you from future use of the Service.

No warranty of Accuracy or Liability for ERIS: The information contained in this report has been produced by ERIS Information Inc. ("ERIS") using various sources of information, including information provided by Federal and State government departments. The report applies only to the address and up to the date specified on the cover of this report, and any alterations or deviation from this description will require a new report. This report and the data contained herein does not purport to be and does not constitute a guarantee of the accuracy of the information contained herein and does not constitute a legal opinion nor medical advice. Although ERIS has endeavored to present you with information that is accurate, ERIS Information Inc. disclaims, any and all liability for any errors, omissions, or inaccuracies in such information and data, whether attributable to inadvertence, negligence or otherwise, and for any consequences arising therefrom. Liability on the part of ERIS is limited to the monetary value paid for this report.

Trademark and Copyright: You may not use the ERIS trademarks or attribute any work to ERIS other than as outlined above. This Service and Report(s) are protected by copyright owned by ERIS Information Inc. Copyright in data used in the Service or Report(s) (the "Data") is owned by ERIS or its licensors. The Service, Report(s) and Data may not be copied or reproduced in whole or in any substantial part without prior written consent of ERIS.

USER QUESTIONNAIRE

Project No. _____ Date: 10.25.2022
Site Name/ Address: 300 South Wilbur Avenue
Site Contact (to arrange site visit/conduct Site owner interview): Name: Martin Dettling
Phone Number: 516-746-6000 Email Address: msd@albaneseorg.com

In order to qualify for one of the *Landowner Liability Protections (LLPs)* offered by the Small Business Liability Relief and Brownfields Revitalization Act of 2001 (the "*Brownfields Amendments*"), the *user* must conduct the following inquiries required by 40 CFR 312.25, 312.28, 312.29, 312.30, and 312.31. These inquiries must also be conducted by or on behalf of EPA Brownfield Assessment and Characterization grantees. The *user* should provide the following information to the *Environmental Professional*. Failure to conduct these inquiries could result in a determination that "*all appropriate inquiries*" is not complete.

User (Print Name): Martin Dettling
Title: Development Representative
Signature: Martin Dettling Digitally signed by Martin Dettling Date: 2022.10.25 13:45:33 -04'00'

Information regarding these questions was obtained from the following parties (if applicable): _____

Purpose of this Assessment: ☐Selling the *property* ■Purchasing the *property* ☐Construction loan
☐Re-financing the *property* ☐Other (explain):

1. **Title Records**
Land title records (or judicial records where appropriate, see Note 1 below) are filed under federal, tribal, state or local law and should be reviewed to identify environmental liens or activity and use limitations (AULs), if any, that are currently recorded or filed against the *property*. Are land title records available for review? ☐No ☐Yes (If yes, please provide.) ■Unknown

Note 1 – In certain jurisdictions, federal, tribal, state, or local statues, or regulations specify that environmental liens and AULs be filed in judicial records rather than in land title records. In such cases, judicial records must be searched for environmental liens and AULs.

2. **Environmental liens that are filed or recorded against the *property* (40 CFR 312.25)**
Did a search of *recorded land title records* (or judicial records where appropriate, see Note 1 above) identify any environmental liens filed or recorded against the *property* under federal, tribal, state or local law?
☐No ☐Yes ☐Unknown
Based on review of readily available information: _____

3. **Activity and land use restrictions (AULs) that are in place on the *property* or that have been filed or recorded against the *property* (40 CFR 312.26(a)(1)(v) and (vi))**
Did a search of *recorded land title records* (or judicial records where appropriate, see Note 1 above) identify any AULs, such as *engineering controls*, land use restrictions, or *institutional controls* that are in place at the *property* and/or have been filed or recorded against the *property* under federal, tribal, state, or local law?
☐No ☐Yes ☐Unknown
Based on review of readily available information _____

4. **Specialized knowledge or experience of the person seeking to qualify for the LLP (40 CFR 312.28)**

Do you have any specialized knowledge or experience related to the *property* or nearby properties? For example, are you involved in the same line of business as the current or former *occupants* of the *property* or and *adjoining property* so that you would have specialized knowledge of the chemicals and processes used by this type of business?

☐No ☐Yes ☐Unknown

Based on review of readily available information:

5. **Relationship of the purchase price to the fair market value of the *property* if it were not contaminated (40 CFR 312.29)**

Does the purchase price being paid for this *property* reasonably reflect the fair market value of the *property?*

☐No ☐Yes ■Unknown ☐N/A- there is no transfer of ownership

If you conclude that there is a difference, have you considered whether the lower purchase price is because contamination is known or believed to be present at the *property*?

☐No ☐Yes ☐Unknown

Based on review of readily available information:

6. **Commonly known or *reasonably ascertainable* information about the *property* (40 CFR 312.30)**

Are you aware of any commonly known or *reasonably ascertainable* information about the *property* that could help the *Environmental Professional* to identify conditions indicative of releases or threatened releases? For example*:*

(a) Do you know of the past uses of the *property?*

☐No ☐Yes ☐Unknown

Based on review of readily available information:

(b) Do you know of specific chemicals that are present or once were present at the *property?*

☐No ☐Yes ☐Unknown

Based on review of readily available information:

(c) Do you know of spills or other chemical releases that have taken place at the *property?*

☐No ☐Yes ☐Unknown

Based on review of readily available information: The Phase I provided by the City of Syracuse references two prior nominal petroleum spills; it appears that one was the subject of an investigation and both were closed.

(d) Do you know of any environmental cleanups that have taken place at the *property?*

☐No ☐Yes ☐Unknown

Based on review of readily available information: The Phase I provided by the City of Syracuse references two prior nominal petroleum spills; it appears that one was the subject of an investigation and both were closed.

7. **The degree of obviousness of the presence or likely presence of contamination at the *property,* and the ability to detect the contamination by appropriate investigation (40 CFR 312.31)**
   Based on your knowledge and experience related to the *property*, are there any *obvious* indicators that point to the presence or likely presence of releases at that *property*?
   ☐No ☐Yes ☐Unknown
   Based on review of readily available information: _____
   _____
   _____
   _____

   Please provide attachments if necessary to explain any answers to the above questions.

Site Reconnaissance Worksheet

Privileged and Confidential

Site Reconnaissance Worksheet

Subject Property Name	*Project Number*	*Inspector Name*	*Site Visit Date*
Former Syracuse Developmental Center	2224176	Mike Delaney and Dave Crandall	October 14, 2022
Address, City, County, State	800-802 South Wilbur Avenue		
Acreage 21.5	*Topography*	*Slightly sloping to the east/southeast*	
On-site water bodies: None	*Nearest water body/direction*	Harbor Brook approximately 680 feet to the south	
Nature of Area (circle one): Rural (Urban) Suburban			
Additional Roadways	*South Wilbur Avenue to the east and Grand Avenue to the south*		
Accompanied By	*Title*	*Years associated with Subject Property*	
Unaccompanied			
Current Use *list all occupants and describe nature of operations*	Vacant		
Past Use *(If evident during site visit)*	School and psychiatric center		

Utilities

Electric: Public – Provider ___Public available_____
Natural Gas: Y/N – Provider ___Public available_____
Water supply type: public (Provider _____Municipal_____)
Sewer/Septic: public (Provider ____Municipal_____)
Storm Drains (Y) / N if yes, location: Parking lots and vegetated areas
Drainage location (public system)

Site visit limitations:

☐ Dense vegetation ☐ Topography ☐ Snow ☐ Parked vehicles ☒ Stored Materials

☒ Unaccompanied during site inspection

☐ Inaccessible structures/areas (list): _____
_____
_____

☐ Other: _____

Site Reconnaissance Worksheet

Buildings (add extra pages for additional buildings)

Building Name	Site Building				
Current Use/Tenants	Vacant				
Former Uses/Tenants	School and psychiatric center				
Square Footage:	628,808	# of Stories:	Four	Construction Date:	1970
Basement:	Slab-on-grade				
Heating/Cooling Source	Not heated				
Floor/Trench Drains and Sumps (#, locations, discharge point, etc.)	N/A				
Oil-water separator:	Y / (N) – discharge location: _____ age: _____ service records: Y/N (get				
Grease trap:	Y / (N) – discharge location: _____ age: _____ service records: Y/N (get				
Sediment trap:	Y / (N) – discharge location: _____ age: _____ service records: Y/N				

NOTES:
(Use this area to describe areas inspected, general observations, stored materials/housekeeping, potential concerns, lifts, compressors, generators, etc.)

The Site Building was in deplorable condition with significant water damage, graffiti, and structural damage.

Site Reconnaissance Worksheet

Hazardous Substance/Petroleum Products (request SDS)

Contents/Container Size	No. of Containers	Location	Use/Purpose	Staining/Evidence of a Release
Five-gallon buckets of emulsified asphalt	Nine	First floor of Site Building	Construction	(Y) / N
55-gallon drums of floor cleaning	Five	Second floor of Site Building	Cleaning	Y / (N)
				Y / N
				Y / N
				Y / N

Solid, Hazardous, and/or Regulated Wates (request recent disposal receipts)

Material	Source/Process	Storage Location/Quantity	Transporter/Hauler	Staining/Evidence of a Release
General refuse/recyclables				Y / N
Scrap metal				Y / N
Waste cooking grease				Y / N
Waste oil				Y / N
Additional waste automotive fluids				Y / N
Waste manufacturing liquids/solids				Y / N
Waste solvents/cleaners				Y / N
Waste paints/thinners				Y / N
Other: Used oil filters Used tires Used batteries Used rags				Y / N

Parts washer: Y / N If yes, location:_____ service provider:_____

Site Reconnaissance Worksheet

Additional Wastes/Disposed Materials:

Material	Source/Process	Storage Location/Quantity	Staining
Fill dirt/material	Unknown	Throughout Subject Property	Y / (N)
~~Construction and demolition wastes~~			~~Y / N~~
Discarded materials/containers	Commercial	Proximate Site Building	Y / (N)
~~Gravel/stone piles~~			~~Y / N~~
Other (i.e. slag)			Y / N

Unidentified Substance Containers:

Description of Container	Location	Staining/Evidence of a Release
		Y / N
		Y / N
		~~Y / N~~

Suspect PCB-Containing Equipment:

Type	#	Location	Leaks?
~~*Pole-mounted Transformers*~~			Y / N
Pad-mounted transformers			Y / N
Aboveground hydraulic lifts			Y / N
~~*In-ground hydraulic lifts*~~			~~Y / N~~
Elevators	Four	Site Building	Y / (N)
~~*Compactors*~~			~~Y / N~~

Site Reconnaissance Worksheet

Storage Tanks

No./Type (AST/UST)	Location (tank and vent/fill)	Capacity (gallons)	Construction (steel, FRP)	Contents	Installation Date/Age	Staining or Evidence of a Release

Evidence of prior tanks (e.g., cut pipes, old vent pipes, patched asphalt and/or concrete, signage, inactive pump island or canopy, etc.):

Vent pipes were observed on the exterior of the Site Building. Based on the location of the vent pipes, it is presumed that a AST is currently or was historically located in the Site Building. Based on the condition of the Site Building, LaBella was unable to access the entirety of the structure.

Request the following documents:

- System Status Report/Print-out (from tank monitoring system)
- Tank Closure Reports
- Tank Installation Documents
- PBS/CBS registration
- Testing Documents (tightness, lines, leak detection, etc.)
- Spill Reports

Additional Notes (e.g., location of dispensers):

LaBella

Site Reconnaissance Worksheet

Additional Observations

Observation	Yes/No	Location	Notes (poor housekeeping, staining, releases, etc.)
Odors	Y / (N)		
Standing water/pools of liquid	Y / (N)		
Evidence of former lifts (lift scars, patching, etc.)	Y / (N)		
Patching (in concrete, asphalt, etc.)	Y / (N)		
Additional Stains and Corrosion	(Y) / N	Proximate one five-gallon bucket of emulsified asphalt	
Stressed Vegetation	Y / (N)		
Non-sanitary wastewater	Y / (N)		
Septic System and/or Cesspools	Y / (N)		
Wells (including monitoring, irrigation, dry wells, underground injection)	Y / (N)		
Air Emissions/Exhaust systems	Y / (N)		
Additional observations			

Dry Cleaning: Y / (N)

Length of operations:

Number and type of machine(s) used, location:

Cleaners/solvents used: _____ Storage location: _____

Wastes generated: Y / N Storage location: _____

Spot cleaning: Y / N

X-Ray and/or Film Developing: Y / (N) **Digital X-Rays:** Y / N

Length of operations:

Silver-recovery system: Y / N If yes, discharge location _____

Previous discharges to septic system: Y / N

Site Reconnaissance Worksheet

Nearby Properties

RE: CITY DIRECTORY RESEARCH
800-802 South Wilbur Avenue
Syracuse,NY 13204

Thank you for contacting ERIS for an City Directory Search for the site described above. Our staff has conducted a reverse listing City Directory search to determine prior occupants of the subject site and adjacent properties. We have provided the nearest addresses(s) when adjacent addresses are not listed. If we have searched a range of addresses, all addresses in that range found in the Directory are included.

Note: Reverse Listing Directories generally are focused on more highly developed areas. Newly developed areas may be covered in the more recent years, but the older directories will tend to cover only the "central" parts of the city. To complete the search, we have either utilized the ACPL, Library of Congress, State Archives, and/or a regional library or history center as well as multiple digitized directories. These do not claim to be a complete collection of all reverse listing city directories produced.

ERIS has made every effort to provide accurate and complete information but shall not be held liable for missing, incomplete or inaccurate information. To complete this search we used the general range(s) below to search for relevant findings. If you believe there are additional addresses or streets that require searching please contact us at 866-517-5204.

Search Criteria:
200-250 of Coleridge Avenue
600-800 of Delaware Street
300-650 of Grand Avenue
200-650 of South Geddes Street
500-850 of South Wilbur Avenue

RE: Complaint #2018-00869 at 800 Wilbur Ave S Rear

PLEASE TAKE NOTICE that the property listed above has been inspected by Ryan Shiel and found to be in violation of the law. Attached is a list containing a description of each violation, the specific law and/or ordinance violated, and the time within which each violation must be corrected.

The property will be re-inspected when the correction date has passed. If the violations are not corrected, the City of Syracuse will take legal action to compel compliance, including the imposition of financial penalties. For each inspection performed past the correction date, a fee may be added to the real property taxes of the premises accordingly: one-family: $45.00, two-family: $55.00, mixed-use and multiple dwellings: $55.00 plus $20.00 per unit. The City also reserves the right to correct the violation and charge the associated costs to the owner.

The owner has the right to an administrative hearing by calling (315) 448-8695. This hearing must be requested by the owner within the shortest time period given to correct any violations.

If the violations are corrected, the owner or agent must schedule a re-inspection with the Division of Code Enforcement by calling (315) 448-8695. The hours of operation are 8:00 am to 5:00 pm, Monday through Friday.

The City of Syracuse would like to work with you to resolve this matter. Please contact the Division of Code Enforcement at (315) 448-8695 to speak with the inspector.

Sincerely,

Ryan Shiel
Code Enforcement Officer

CITY OF SYRACUSE, N.Y.
DIVISION OF CODE ENFORCEMENT

OUTSTANDING VIOLATIONS AS OF 01/12/2018

Property Address: 800 Wilbur Ave S Rear **Complaint #**2018-00869

The City of Syracuse has determined the following are violations of the New York State Uniform Fire Prevention and Building Code and/or Syracuse Property Conservation Code and must be corrected within the timeframe provided.

Violation Date: 01/12/18
Comply By Date: 1/12/2018
Code: 2015 International Property Maintenance Code\Chapter 3 - General Requirements\Section 304 - Exterior Structure\2015 IMPC - 304.1.1 - Unsafe Conditions
Description: Conditions 1 - 13 under Section 304.1 of the 2015 International Property Maintenance Code shall be determined as unsafe and shall be repaired or replaced to comply with the International Building Code or the International Existing Building Code as required for existing buildings.
Area Involved: Roof on all the buildings
Corrective Action: Fix or replace the roof and soffit area on all the buildings
Issued To: Syracuse Center, LLC

Violation Date: 01/12/18
Comply By Date: 1/12/2018
Code: 2015 International Property Maintenance Code\Chapter 3 - General Requirements\Section 304 - Exterior Structure\2015 IMPC - 304.10 - Stairways, Decks, Porches and Balconies
Description: Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.
Area Involved: all the buildings on the campus
Corrective Action: All Stairs need to be fixed or repalced
Issued To: Syracuse Center, LLC

Violation Date: 01/12/18
Comply By Date: 1/12/2018
Code: 2015 International Property Maintenance Code\Chapter 3 - General Requirements\Section 304 - Exterior Structure\2015 IMPC - 304.11 - Chimneys and Towers
Description: Chimneys, cooling towers, smoke stacks, and similar appurtenances shall be maintained structurally safe and sound, and in good repair. Exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weathercoating materials, such as paint or similar surface treatment.
Area Involved: open area in buildings
Corrective Action: Fix or replace the chimneys on all the buildings
Issued To: Syracuse Center, LLC

Violation Date: 01/12/18
Comply By Date: 1/12/2018
Code: 2015 International Property Maintenance Code\Chapter 3 - General Requirements\Section 304 - Exterior Structure\2015 IMPC - 304.12 - Handrails and Guards
Description: Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.
Area Involved: Handrails all the buildings
Corrective Action: Fix or replace the handrails on all the buildings
Issued To: Syracuse Center, LLC

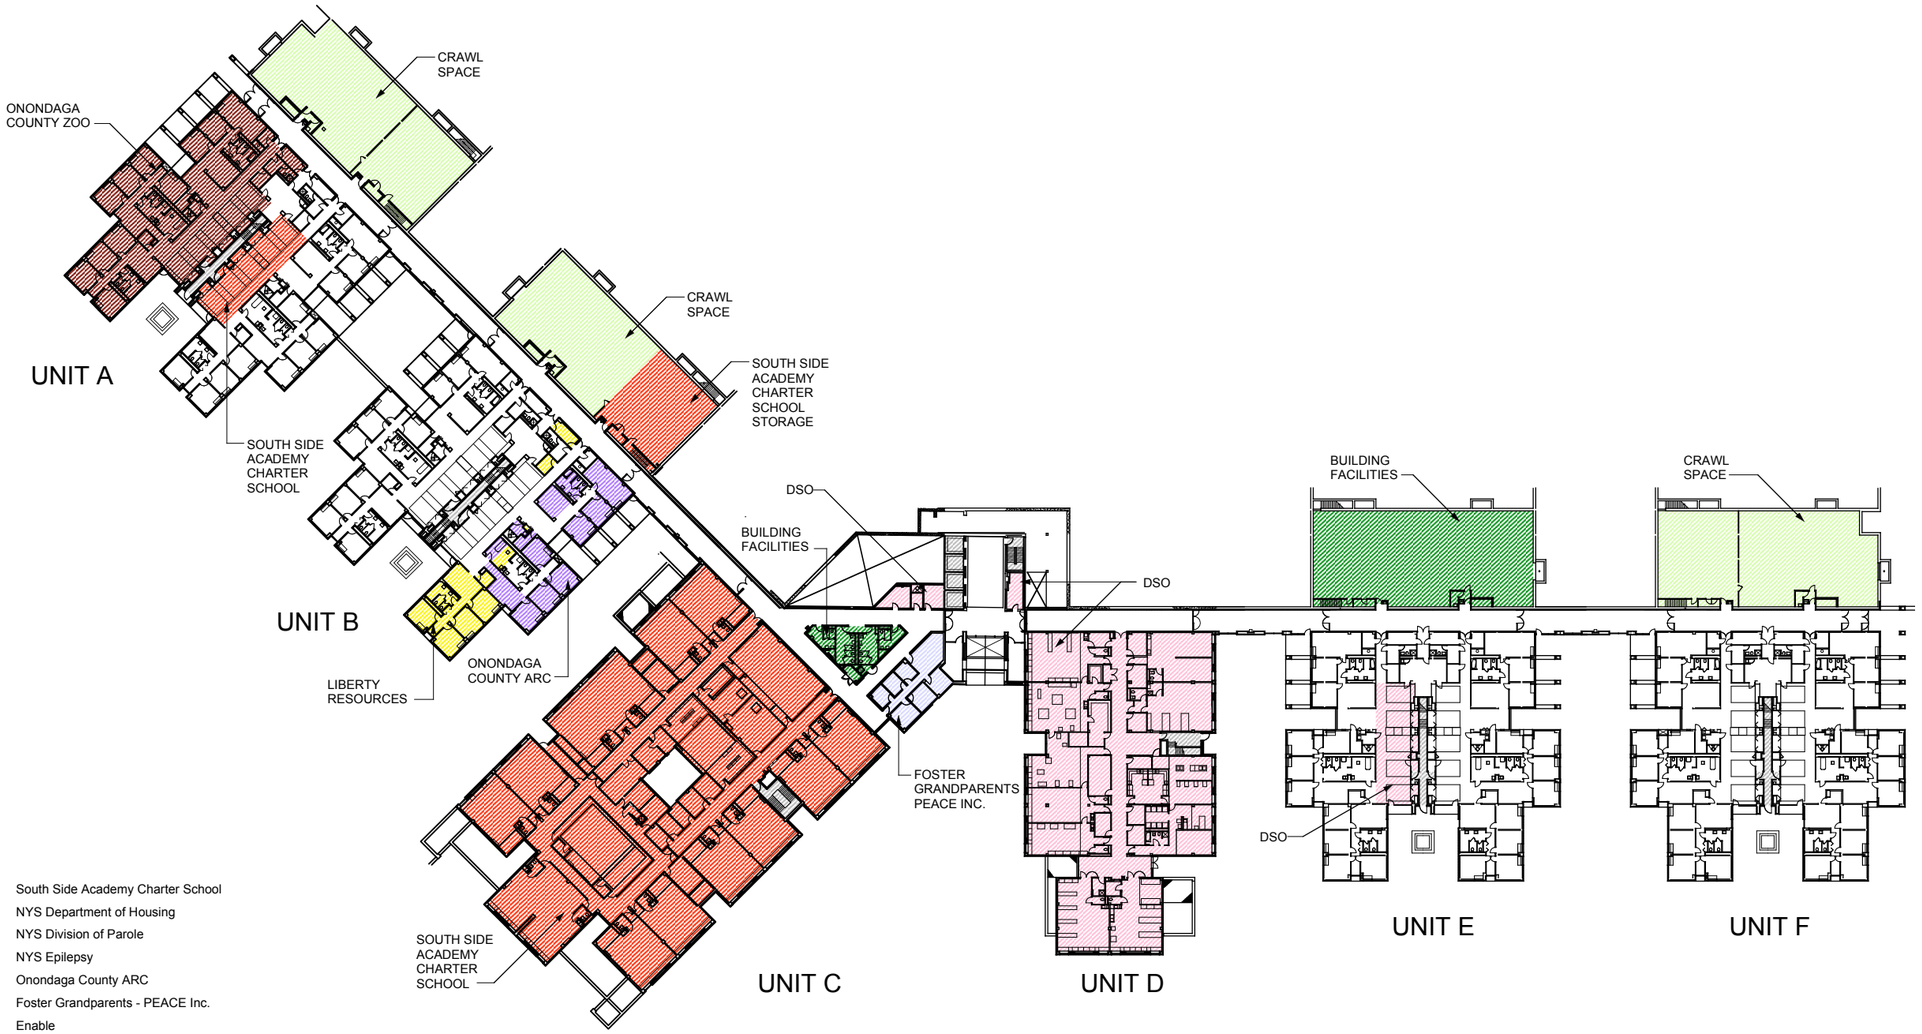
Violation Date: 01/12/18
Comply By Date: 1/12/2018
Code: 2015 International Property Maintenance Code\Chapter 3 - General Requirements\Section 304 - Exterior

Structure\2015 IMPC - 304.13 - Window, Skylight and Door Frames
Description: Every window, skylight, door and frame shall be kept in sound condition, good repair and weather tight
Area Involved: Windows on all the buildings
Corrective Action: Fix or replace all WINDOWS on all the buildings
Issued To: Syracuse Center, LLC

Violation Date: 01/12/18
Comply By Date: 1/12/2018
Code: 2015 International Property Maintenance Code\Chapter 3 - General Requirements\Section 304 - Exterior Structure\2015 IMPC - 304.18 - Building Security
Description: Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
Area Involved: Roof on all the buildings
Corrective Action: Fix or replace the roof and soffit area on all the buildings
Issued To: Syracuse Center, LLC

Violation Date: 01/12/18
Comply By Date: 1/12/2018
Code: 2015 International Property Maintenance Code\Chapter 3 - General Requirements\Section 304 - Exterior Structure\2015 IMPC - 304.18.1 - Door Security
Description: Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from the side from which egress is to be made without the need for keys, special knowledge or effort and shall have a minimum lock throw of 1 inch (25 mm). Such deadbolt locks shall be installed according to the manufacturer’s specifications and maintained in good working order. For the purpose of this section, a sliding bolt shall not be considered an acceptable deadbolt lock
Area Involved: Doors on all the buildings
Corrective Action: Fix or replace the Doors on all the buildings
Issued To: Syracuse Center, LLC

Violation Date: 01/12/18
Comply By Date: 1/12/2018
Code: 2015 International Property Maintenance Code\Chapter 3 - General Requirements\Section 304 - Exterior Structure\2015 IMPC - 304.18.2 - Window Security
Description: Operable windows located in whole or in part within 6 feet (1828 mm) above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device
Area Involved: Roof on all the buildings
Corrective Action: Fix or replace the roof and soffit area on all the buildings
Issued To: Syracuse Center, LLC



Violation Date: 01/12/18
Comply By Date: 1/12/2018
Code: 2015 International Property Maintenance Code\Chapter 3 - General Requirements\Section 304 - Exterior Structure\2015 IMPC - 304.2 - Protective Treatment
Description: Exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks and fences, shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. Siding and masonry joints, as well as those between the building envelope and the perimeter of windows, doors and skylights, shall be maintained weather resistant and water tight. Metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion, and surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from
exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement.
Area Involved: Areas on all the buildings
Corrective Action: Must paint area on all the buildings
Issued To: Syracuse Center, LLC

Violation Date: 01/12/18
Comply By Date: 1/12/2018
Code: 2015 International Property Maintenance Code\Chapter 3 - General Requirements\Section 304 - Exterior Structure\2015 IMPC - 304.4 - Structural Members
Description: Structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
Area Involved: Structural area on all the buildings
Corrective Action: Fix or replace all areas on all the buildings
Issued To: Syracuse Center, LLC

Violation Date: 01/12/18
Comply By Date: 1/12/2018
Code: 2015 International Property Maintenance Code\Chapter 3 - General Requirements\Section 304 - Exterior Structure\2015 IMPC - 304.6 - Exterior Walls
Description: Exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.
Area Involved: Walls on all the buildings
Corrective Action: Fix or replace exteriors area on all the buildings
Issued To: Syracuse Center, LLC

Violation Date: 01/12/18
Comply By Date: 1/12/2018
Code: 2015 International Property Maintenance Code\Chapter 3 - General Requirements\Section 304 - Exterior Structure\2015 IMPC - 304.7 - Roofs and Drainage
Description: The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
Area Involved: Roof on all the buildings
Corrective Action: Fix or replace the roof and soffit area on all the buildings

Subject: [Ext] [FOIL Records Center] FOIL Request :: F000506-092922

--- Please respond above this line ---

RE: FOIL Request of September 29, 2022, Reference # F000506-092922

Dear Annika Smith,

Onondaga County received a public information request from you on September 29, 2022. Your request mentioned:

"All environmental records of concern—examples: violations, spills, leaks, fires, clean-ups, remediation, records of solid/ chemical/ hazardous substance usage, and / or disposal for and including within 0.5 miles of the following address:

Address: 800-802 S Wilbur Ave
Owner: City of Syracuse
Tax ID: 098.2-01-05.4 and 098.2-01-05.2"

Please be advised that in response to your request under the Freedom of Information Law (FOIL), a diligent search of the County's records revealed no documents which are responsive thereto.

Sincerely,

Susan Stanczyk, *Chief of Staff and FOIL Records Access Officer*

By: Jeanne Comer, *Assistant FOIL RAO*

To monitor the progress or update this request please log into the FOIL Records Center

Categories: DEC FOIL Requests

Dear Annika:

Thank you for your Freedom of Information Law (FOIL) request. Your request has been received and is being processed. Your request was received in this office on 9/29/2022 and given the reference number FOIL #W107174-092922 for tracking purposes. You may expect the Department's response to your request no later than **10/28/2022**.

Record Requested: **Any records of environmental enforcement; permits regarding environmental matters; information on any environmental remediation, hazardous materials, solid materials, and land use restrictions present on the Site including any existing engineering controls and previous environmental law enforcement regarding these issues. Any information on environmental investigation, including water, air, and any spills reported on the Site. Records for any Petroleum Bulk Storage tanks, Brownfield Cleanup Programs, and Voluntary Cleanup Programs on the Site: Address: 800-802 South Wilbur Avenue, Syracuse, NY 13202 Tax ID: 098.2-01-05.4 and 098.2-01-05.2 Owner: City of Syracuse**

You can monitor the progress of your request at the link below and you'll receive an email when your request has been completed. Again, thank you for using the FOIL Center.

Click here to login to the FOIL Center.

Manifest Information

Waste Code(s):

B001: (Wastes containing polychlorinated biphenyls (PCBs)) PCB oil (concentrated) from transformers, capacitors, etc.

Waste Amounts By Year:

1988: 32440 Pounds

Manifest Information

Waste Code(s):

B007: (Wastes containing polychlorinated biphenyls (PCBs)) Other PCB wastes, including contaminated soil, solids, sludges, clothing, rags and dredge material.

Waste Amounts By Year:

1988: 1150 Pounds; 150 Pounds

Manifest Information

Waste Code(s):

D002: CORROSIVE WASTE (Waste Code Description from EPA Hazardous Waste Identification)

Waste Amounts By Year:

2009: 10 Pounds; 160 Pounds; 800 Pounds
2010: 25 Pounds; 300 Pounds; 35 Pounds; 300 Pounds

Manifest Information

Waste Code(s):

D007: CHROMIUM (Waste Code Description from EPA Hazardous Waste Identification)

Waste Amounts By Year:

1993: 300 Pounds

Manifest Information

Waste Code(s):

D009: MERCURY (Waste Code Description from EPA Hazardous Waste Identification)

Waste Amounts By Year:

1997: 150 Pounds
2002: 5 Pounds

Manifest Information

Waste Code(s):

B003: (Wastes containing polychlorinated biphenyls (PCBs)) Petroleum oil or other liquid containing 500 ppm or greater of PCBs.

Waste Amounts By Year:

1988: 38120 Pounds

Manifest Information

Waste Code(s):

B006: (Wastes containing polychlorinated biphenyls (PCBs)) PCB transformers. PCB transformers means any transformer that contains 500 ppm PCB or greater.

Waste Amounts By Year:

1988: 23750 Pounds; 23750 Pounds

Manifest Information

Waste Code(s):

D001: IGNITABLE WASTE (Waste Code Description from EPA Hazardous Waste Identification)

Waste Amounts By Year:

1990: 110 Gallons
2009: 400 Pounds
2010: 25 Pounds

Manifest Information

Waste Code(s):

D001: IGNITABLE WASTE (Waste Code Description from EPA Hazardous Waste Identification)
D005: BARIUM (Waste Code Description from EPA Hazardous Waste Identification)
D035: METHYL ETHYL KETONE (Waste Code Description from EPA Hazardous Waste Identification)
D039: TETRACHLOROETHYLENE (Waste Code Description from EPA Hazardous Waste Identification)
D040: TRICHLORETHYLENE (Waste Code Description from EPA Hazardous Waste Identification)

Waste Amounts By Year:

2010: 175 Pounds

Manifest Information

Waste Code(s):

D001: IGNITABLE WASTE (Waste Code Description from EPA Hazardous Waste Identification)
D035: METHYL ETHYL KETONE (Waste Code Description from EPA Hazardous Waste Identification)

Waste Amounts By Year:

2010: 40 Pounds

Manifest Information

Waste Code(s):

D006: CADMIUM (Waste Code Description from EPA Hazardous Waste Identification)
D007: CHROMIUM (Waste Code Description from EPA Hazardous Waste Identification)
D008: LEAD (Waste Code Description from EPA Hazardous Waste Identification)
D018: BENZENE (Waste Code Description from EPA Hazardous Waste Identification)
D039: TETRACHLOROETHYLENE (Waste Code Description from EPA Hazardous Waste Identification)

Waste Amounts By Year:

2010: 10 Pounds

Manifest Information

Waste Code(s):

D007: CHROMIUM (Waste Code Description from EPA Hazardous Waste Identification)
D008: LEAD (Waste Code Description from EPA Hazardous Waste Identification)

Waste Amounts By Year:

2010: 25 Pounds

Manifest Information

Waste Code(s):

D008: LEAD (Waste Code Description from EPA Hazardous Waste Identification)

Waste Amounts By Year:

1989: 9200 Pounds

Manifest Information

Waste Code(s):

F003: (Generic) The following spent nonhalogenated solvents: xylene, acetone, ethyl acetate, ethyl benzene, ethyl ether, methyl isobutyl ketone, n-butyl alcohol, cyclohexanone, and methanol; all spent solvent mixtures/blends containing, before use, only the above spent nonhalogenated solvents; and all spent solvent mixtures/blends containing, before use, one or more of the above nonhalogenated solvents, and a total of 10 percent or more (by volume) of one or more of those solvents listed in F001, F002, F004 and F005; and still bottoms from the recovery of these spent solvents and spent solvent mixtures. (I)*

Waste Amounts By Year:

1991: 110 Gallons

Caller Remark:

"Caller claims thats Hobs drains auto fluids on to the ground and washes the waste into a storm drain located in the parking lot"

DEC Remark:

"From tax research: Property owners JT Property P.O. Box 138 Nedrow NY 13120 On site mechanic Steven Bohemier, cousin of bis owner Todd Hobbs (not on site) Also spoke with Corey Dunn, mechanic. slight sheen in water in catch basin, surrounding pavement wet with sheen. unknown where catch basin discharges too. Inside floor drains have water and oils. Also unknown where discharge to. Told bohemier and dunn to not allow any more oils to enter drains. They will contact landlord to choose option of containment, concrete or spdes. Bohemier will have his cousin who works for safety clean, clean out catch basins and provide receipts (by 11/2) and will provide contact information for landlord. ~ctr~"

Source:	Unknown		
Source File:	NYSDEC - Environmental Remediation Data Files - Spill Data		

Caller Remark:

"Region 7 Dick Brazell is aware of this report. New sewer being drilled, found oil in soil on site of old RR."

DEC Remark:

"5/7/2010 - (matt Romocki)Inspected site. 1K tank being removed from ground. The tank is very old and was discovered while assessing for new storm sewer project. Abscope and C&S Engineers(Rory Woodmansee) doing work for Onondaga County (Thomas Tokaryk). No gross contamination observed as tank was removed. Closure report to be forwarded. 7/1/2010- C&S requested Emergency Hauler Permits for JJ Lane to move petroleum

contaminated soil to a staging area at Fowler High School. 7/13/2010 UST was just discovered along the Harbor Brook Corridor. The discovery is located in the baseball field, between Fayette Street and the construction dewatering frac tank/treatment system the tank is 8 foot diameter and at least 20ft long (the other end has not been found)The UST appears to be half full with what was described as smelling like gasoline.No spill is evident. Three more USTS were located after this initial tank. 8/15/11 - Another UST has been found near the intersection of Geddes Street and Seymore Street. It was found as part of the new storm sewer installation for the high school addition project. Historty indicates that it maybe the site of a former gas station. Abscope was on site today to clean the tank. Photos taken. Tank appears to be 4k gallons. Some piping was also uncovered when the tank was uncovered for cleaning. Contractor was advised that the pipes must be removed when the tank is removed. Samples to be collected from the excavtion after tank is removed."

Caller Remark:

"pavement only affected - station will not shut down pump that is leaking"

DEC Remark:

"PER FD LARGE SPILL TO PAVEMENT CAUSED BY LEAKING HOSE AND DISPENSER THAT MANAGER REFUSES TO SHUT OFF. PULLED DISPENSER SKIRT WITH FD AND PETROLEUM VENDOR, OBSERVED MOIST SINGLE WALL PIPING ON DISP 1/2 BENEATH REGULAR LINE. TRIPPED SHEAR VALVE TO STOP FLOW OF PRODUCT THROUGH PIPNG. OPERATOR TO HAVE VENDOR FIX PIPING, AND CONDUCT LTT, PLLD TEST, AND TTT PER PBS INSPECTION FINDINGS CONDUCTED AT TIME OF SPILL. SEE 3/2/2012 NOV IN PBS INSPECTION FILES. Tanks, lines, and plds tested Ok. Leak was from metering and mixing equipment in dispenser piping. No dispenser sumps, so small amount of gas leaked to soil. Spill closed, and will address contamination with PBS NOV."

Hazardous Waste Handler Details

Sequence No: 1
Receive Date: 20040224
Handler Name: SYRACUSE CITY SCHOOL DISTRICT
Source Type: Annual/Biennial Report update with Notification
Federal Waste Generator Code: 2
Generator Code Description: Small Quantity Generator

Waste Code Details

Hazardous Waste Code: D008
Waste Code Description: LEAD

Hazardous Waste Code: B005
Waste Code Description: PCB articles, other than transformers, that contain 500 ppm or greater of PCBs, excluding small capacitors.

Hazardous Waste Code: D001
Waste Code Description: IGNITABLE WASTE

Hazardous Waste Code: D010
Waste Code Description: SELENIUM

Hazardous Waste Code: P106
Waste Code Description: SODIUM CYANIDE (OR) SODIUM CYANIDE NA(CN)

Hazardous Waste Code: U154
Waste Code Description: METHANOL (I) (OR) METHYL ALCOHOL (I)

Hazardous Waste Code: U188
Waste Code Description: PHENOL

Hazardous Waste Code: U219
Waste Code Description: THIOUREA

Hazardous Waste Code: D002
Waste Code Description: CORROSIVE WASTE

Hazardous Waste Code: D007
Waste Code Description: CHROMIUM

Hazardous Waste Code: D011
Waste Code Description: SILVER

Hazardous Waste Code: D028
Waste Code Description: 1,2-DICHLOROETHANE

Hazardous Waste Code: B004
Waste Code Description: PCB articles containing 50 ppm or greater of PCBs, but less than 500 ppm PCBs, excluding small capacitors. This includes oil-filled electrical equipment whose PCB concentration is unknown, except for circuit breakers, reclosers and cable.

Hazardous Waste Code: U226
Waste Code Description: ETHANE, 1,1,1-TRICHLORO- (OR) METHYL CHLOROFORM

Hazardous Waste Code: D005
Waste Code Description: BARIUM

Hazardous Waste Code: D006
Waste Code Description: CADMIUM

Hazardous Waste Code: D009
Waste Code Description: MERCURY

Hazardous Waste Code: U144
Waste Code Description: ACETIC ACID, LEAD(2+) SALT (OR) LEAD ACETATE

Hazardous Waste Code: U031
Waste Code Description: 1-BUTANOL (I) (OR) N-BUTYL ALCOHOL (I)

Hazardous Waste Code: U077
Waste Code Description: ETHANE, 1,2-DICHLORO- (OR) ETHYLENE DICHLORIDE

Hazardous Waste Code: D003
Waste Code Description: REACTIVE WASTE

Hazardous Waste Code: D004
Waste Code Description: ARSENIC

Site Class Desc (Web): Complete: The classification used for sites where the Department has determined that remediation has been satisfactorily completed under a remedial program (i. e., State Superfund, Brownfield Cleanup Program, Environmental Restoration Program, Voluntary Cleanup Program, and RCRA Corrective Action Program). State Superfund (Registry) sites must have completed all active operation, maintenance, or monitoring requirements before they can be delisted and made class C. Non-registry sites may be made a class C after successful completion of all required construction or after a no further action remedy has been selected by the Department. These sites will be issued a Certificate of Completion (COC), but may still require ongoing maintenance and periodic certification of institutional/engineering controls (IC/ECs).

Site Class Desc:

Assess DOH: Remedial efforts by responsible parties have eliminated contaminants. Site has been delisted.

Data Source:

Description:

Former Rockwell Plant site that is no longer in business. Several electrical transformers were dismantled in order to salvage the copper in them. During thedismantling an estimated 100 gallons of transformer oil containing PCBs spilled. The PCB oil spilled on the soil and sample analysis showed levels up to 510 ppm of Aroclor 1260 in one sample. DOT/DEC conducted a clean-up of the PCB spill. The abandoned site was secured & signs were been posted for public awareness. Waste fuels were suspected to have been burned on site. A Phase I study was completed. A PRP Phase II Investigation was completed in 1987. During the PCB oil spill clean-up a number of other areas of concern were revealed. Among the concerns were buried tanks, extensive areas of contaminated soil and waste oil in the collection sumps. In 1988 11 buried tanks and 300 cubic yards of contaminated soil were removed from the site. During this removal, spent petroleum by-products were also discovered. This site has had hazardous waste removed. Hazardous waste removal was completed in the Spring of 1990. Groundwater monitoring did not indicate contamination.

Assessment:

Site has been remediated. There is no indication of groundwater contamination.

Survey Complete: YES
Survey: Class B Fire Suppression Foam Usage Survey - New York State Bulk Storage Facilities
Q. 6: NO
Q. 7: NO
Q. 8: unknown
Q. 9: unknown
Q. 10: unknown
Q. 11: unknown
Q. 12:
Q. 13:
Reference: If a respondent indicated that the facility used/stored/disposed PFOA/PFOS substances, it does not necessarily
County: Onondaga

mean that there is an environmental/public health concern associated with that facility. Also, if a respondent indicated that they currently/formerly used, stored, disposed of, or released Class B firefighting foam it does not necessarily mean that the foam contains/contained PFOA/PFOS since many Class B foams do not contain these substances. DEC is in the process of reviewing/evaluating the returned surveys to determine if additional follow-up or study is needed.
Return rate: 91 surveys were sent to facilities; 90 were returned completed as of June 1, 2017.
Questions 1 & 2 relate to name and address; questions 3-5 relate to facility ownership.
Q. 6: Is any Class B fire suppression foam currently stored and/or used at the facility?
Q. 7: Has any Class B fire suppression foam ever been stored and/or used at the facility?
Q. 8: Has Class B fire suppression foam ever been used for training purposes at the facility?
Q. 9: Has Class B fire suppression foam ever been used for firefighting or other emergency response purposes at the facility?
Q. 10: Has the facility ever experienced a spill or leak of Class B fire suppression foam?
Q. 11: Has your facility ever been responsible for the use of Class B fire suppression foam at a location other than the facility (i.e. offsite training, emergency response, or spill)?

Site Class Desc (Web): No Further Action at this Time: Sites are given a classification of "N" when:

a. the investigation and evaluation of a Class P site results in a determination that contamination at the site does not warrant placing the site on the Registry or it is being addressed under a brownfield program;

b. a site was in a brownfield program (BCP, ERP or VCP) or other non-Registry program, remediation was not completed, and the site did not otherwise qualify for listing on the Registry. As an example, this occurs when a volunteer begins a brownfield project and then for economic or other reasons, determines they cannot complete the work and the brownfield project is terminated. If the contamination at the brownfield site qualifies it for placement on the Registry, the Department acts to do so. If the site re-enters a brownfield program, it can be reclassified to Class A (active) to indicate that work has recommenced;

c. a site was identified simply as the location(s) where a drum(s) or other discrete waste was at one time present and subsequently removed by DEC or others and, based on the resulting conditions, no need for additional work was apparent; or

d. an application to the BCP, ERP or VCP was submitted, and was then withdrawn or terminated before any actions were taken to investigate or remediate the site.

Site Class Desc (Web): Complete: The classification used for sites where the Department has determined that remediation has been satisfactorily completed under a remedial program (i. e., State Superfund, Brownfield Cleanup Program, Environmental Restoration Program, Voluntary Cleanup Program, and RCRA Corrective Action Program). State Superfund (Registry) sites must have completed all active operation, maintenance, or monitoring requirements before they can be delisted and made class C. Non-registry sites may be made a class C after successful completion of all required construction or after a no further action remedy has been selected by the Department. These sites will be issued a Certificate of Completion (COC), but may still require ongoing maintenance and periodic certification of institutional/engineering controls (IC/ECs).

Site Class Desc:

Assess DOH: The site is in an area which is served by public water. NYSDOH has observed evidence of site trespass during a past site investigation. NYS DEC completed a drum removal in 1991. The City of Syracuse conducted follow-up soil sampling in the Spring of 1992 and no residual contamination was found. The site was delisted in December 1992 and there are no known outstanding health concerns associated with exposure to site contaminants.

Data Source:

Description:

Royal Research Labs was a paint stripping firm and manufacturer of plastic automotive parts. It was located on Shonnard Street. The facility was declared unsafe and the building was condemned by the Syracuse Fire Department in the early 1980's. Approximately 50 drums and containers of chemicals were moved from the Royal Research Lab to the Tip-Top Bakery building, which is also located on Shonnard Street. Some of the chemicals have spilled onto the floor of the building. Analytical results of samples taken, reveal that some of the wastes were ignitable and corrosive. Many of the drums have been removed from the building, but a few still remain scattered through-out. Some were found to contain hazardous waste. In 1991, the DEC initiated a final drum removal. The drum removal was completed by November of 1991. A thorough follow-up investigation with sampling was conducted by the City of Syracuse during the spring of 1992. Sampling analysis revealed no residual contamination from the hazardous waste.

Assessment:

All remaining drums & containers that were stored in this building were removed by November of 1992. The City of Syracuse's follow-up investigation revealed no residual contamination resulting from the drums.

Data Source:
Description:

Location: The Syracuse Fire Training School Site is a 6.2-acre site located in an urban area. The site is approximately 3.5 miles east of the intersection of County Route 55 and Industrial Road. The Site is bounded by State Fair Boulevard to the west, private properties to the north, Route 690 ramp to the east, and a National Grid natural gas right-of-way to the south. Site Features: The site is relatively flat and includes several buildings including a five-story fire-training tower, a cold storage facility, and a live burn building surrounded by paved parking lots and gravel-covered storage yards. The occupied buildings include offices and vehicle service areas. A small area of landscaping is present near the office building. Harbor Brook runs along the northeaster corner of the site. Current Zoning and Land Use: The site is currently active and is zoned for commercial use. The surrounding parcels are currently used for a combination of commercial, light industrial, residential, and utility right-of-ways. The nearest residential area is about 50 yards south on State Fair Blvd. Past Use of the Site: The Fire Training Center was constructed in 1948. It consisted of a five-story brick fire training tower; an underground 20,000 gallon cistern, and an above-ground bermed burn pit. During its use, the unlined burn pit was filled with waste oil, fuel, or wasted solvents, ignited, and then extinguished by trainees using chemical or waste spray. In 1969, the Fire Training Center was expanded eastward to its present size by filling in a wetland area with debris from the construction of Route 690. The Syracuse Fire Training Center was used by the City of Syracuse and by Niagara-Mohawk to train and educate fire department personnel, introducing them to different types of firefighting techniques and situations. The fuels used for the fires varied from wood, mattresses, and furniture, and flammable liquids such as gasoline, diesel fuel, jet fuel, waste solvents and waste oils. During various periods of the training facility's history, fire department personnel, along with Niagara Mohawk, stored waste oils and flammable liquids in 55-gallon drums at several locations throughout the Site. In the fall of 1981, the 55-gallon drums that were stored along the northern fence line were removed by Niagara Mohawk, at the request of the City of Syracuse Fire Department and the NYSDEC. Each drum was analyzed by Niagara Mohawk personnel for PCBs. Site Geology and Hydrogeology: The Fire Training Center was built upon an industrial and urban fill area. The urban fill includes construction and demolition debris, broken pottery, concrete, slag, ash, cinder, bricks, and wood. The site is located in the Onondaga Lake Basin, within a glacially formed valley. The area around the Site was originally a large bog encompassing the southeastern end of Onondaga Lake. The area was gradually filled in with wastes from local industries and municipalities. Deep groundwater in the area of the Fire Training Center and the southern end of Onondaga Lake are saline as a result of salt deposited during the evaporation of a sea 425 million years ago, during the Silurian geologic period.

Assessment:

Remediation at the site is complete. Prior to remediation, the primary contaminants of concern were PCBs, lead, polycyclic aromatic hydrocarbons (PAHs), and mercury. Remedial actions have successfully achieved soil cleanup objectives for commercial use. Residual contamination in the soil and groundwater is being managed under a Site Management Plan.

County (GIS): Onondaga
Program (GIS): HW
Site Class (GIS): N
Site Class Desc (Web): No Further Action at this Time: Sites are given a classification of "N" when:

a. the investigation and evaluation of a Class P site results in a determination that contamination at the site does not warrant placing the site on the Registry or it is being addressed under a brownfield program;

b. a site was in a brownfield program (BCP, ERP or VCP) or other non-Registry program, remediation was not completed, and the site did not otherwise qualify for listing on the Registry. As an example, this occurs when a volunteer begins a brownfield project and then for economic or other reasons, determines they cannot complete the work and the brownfield project is terminated. If the contamination at the brownfield site qualifies it for placement on the Registry, the Department acts to do so. If the site re-enters a brownfield program, it can be reclassified to Class A (active) to indicate that work has recommenced;

c. a site was identified simply as the location(s) where a drum(s) or other discrete waste was at one time present and subsequently removed by DEC or others and, based on the resulting conditions, no need for additional work was apparent; or

d. an application to the BCP, ERP or VCP was submitted, and was then withdrawn or terminated before any actions were taken to investigate or remediate the site.

Site Class Desc (Web): Complete: The classification used for sites where the Department has determined that remediation has been satisfactorily completed under a remedial program (i. e., State Superfund, Brownfield Cleanup Program, Environmental Restoration Program, Voluntary Cleanup Program, and RCRA Corrective Action Program). State Superfund (Registry) sites must have completed all active operation, maintenance, or monitoring requirements before they can be delisted and made class C. Non-registry sites may be made a class C after successful completion of all required construction or after a no further action remedy has been selected by the Department. These sites will be issued a Certificate of Completion (COC), but may still require ongoing maintenance and periodic certification of institutional/engineering controls (IC/ECs).

Nominated by:
Describe the Site: The site was a limestone quarry from 1882 to 1911. TNT was manufactured at the site during WWI and more recently pesticides, toulene and waste paint were stored on site. Geology on the area is karst. There is documentation of explosions during the time of TNT manufacturing. This site was referred to the Division of Solid Waste on 6/28/91.
Describe the Threat:

Nearby homes have wells as only available water supply. The potential to contaminate groundwater, as well as the potential for runoff to contaminate a pond at the head of Geddes Brook both exist. Lead contamination - apparentiy from shooting practice.

Appendix: Database Descriptions

Environmental Risk Information Services (ERIS) can search the following databases. The extent of historical information varies with each database and current information is determined by what is publicly available to ERIS at the time of update. ERIS updates databases as set out in ASTM Standard E1527-13 and E1527-21, Section 8.1.8 Sources of Standard Source Information:

"Government information from nongovernmental sources may be considered current if the source updates the information at least every 90 days, or, for information that is updated less frequently than quarterly by the government agency, within 90 days of the date the government agency makes the information available to the public."

Standard Environmental Record Sources

Federal

Formerly Utilized Sites Remedial Action Program: DOE FUSRAP

The U.S. Department of Energy (DOE) established the Formerly Utilized Sites Remedial Action Program (FUSRAP) in 1974 to remediate sites where radioactive contamination remained from the Manhattan Project and early U.S. Atomic Energy Commission (AEC) operations. The DOE Office of Legacy Management (LM) established long-term surveillance and maintenance (LTS&M) requirements for remediated FUSRAP sites. DOE evaluates the final site conditions of a remediated site on the basis of risk for different future uses. DOE then confirms that LTS&M requirements will maintain protectiveness.

Government Publication Date: Mar 4, 2017

National Priority List: NPL

Sites on the United States Environmental Protection Agency (EPA)'s National Priorities List of the most serious uncontrolled or abandoned hazardous waste sites identified for possible long-term remedial action under the Superfund program. The NPL, which EPA is required to update at least once a year, is based primarily on the score a site receives from EPA's Hazard Ranking System. A site must be on the NPL to receive money from the Superfund Trust Fund for remedial action. Sites are represented by boundaries where available in the EPA Superfund Site Boundaries maintained by the Shared Enterprise Geodata and Services (SEGS). Site boundaries represent the footprint of a whole site, the sum of all of the Operable Units and the current understanding of the full extent of contamination; for Federal Facility sites, the total site polygon may be the Facility boundary. Where there is no polygon boundary data available for a given site, the site is represented as a point.

Government Publication Date: May 25, 2022

National Priority List - Proposed: PROPOSED NPL

Sites proposed - by the EPA, the state agency, or concerned citizens - for addition to the NPL due to contamination by hazardous waste and identified by the Environmental Protection Agency (EPA) as a candidate for cleanup because it poses a risk to human health and/or the environment. Sites are represented by boundaries where available in the EPA Superfund Site Boundaries maintained by the Shared Enterprise Geodata and Services (SEGS). Site boundaries represent the footprint of a whole site, the sum of all of the Operable Units and the current understanding of the full extent of contamination; for Federal Facility sites, the total site polygon may be the Facility boundary. Where there is no polygon boundary data available for a given site, the site is represented as a point.

Government Publication Date: May 25, 2022

Deleted NPL: DELETED NPL

Sites deleted from the United States Environmental Protection Agency (EPA)'s National Priorities List. The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate. Sites are represented by boundaries where available in the EPA Superfund Site Boundaries maintained by the Shared Enterprise Geodata and Services (SEGS). Site boundaries represent the footprint of a whole site, the sum of all of the Operable Units and the current understanding of the full extent of contamination; for Federal Facility sites, the total site polygon may be the Facility boundary. Where there is no polygon boundary data available for a given site, the site is represented as a point.

Government Publication Date: May 25, 2022

SEMS List 8R Active Site Inventory: SEMS

The Superfund Program has deployed the Superfund Enterprise Management System (SEMS), which integrates multiple legacy systems into a comprehensive tracking and reporting tool. This inventory contains active sites evaluated by the Superfund program that are either proposed to be or are on the National Priorities List (NPL) as well as sites that are in the screening and assessment phase for possible inclusion on the NPL. The Active Site Inventory Report displays site and location information at active SEMS sites. An active site is one at which site assessment, removal, remedial, enforcement, cost recovery, or oversight activities are being planned or conducted.

Government Publication Date: Jun 30, 2022

Inventory of Open Dumps, June 1985: ODI

The Resource Conservation and Recovery Act (RCRA) provides for publication of an inventory of open dumps. The Act defines "open dumps" as facilities which do not comply with EPA's "Criteria for Classification of Solid Waste Disposal Facilities and Practices" (40 CFR 257).

Government Publication Date: Jun 1985

SEMS List 8R Archive Sites: SEMS ARCHIVE

The Superfund Enterprise Management System (SEMS) Archived Site Inventory displays site and location information at sites archived from SEMS. An archived site is one at which EPA has determined that assessment has been completed and no further remedial action is planned under the Superfund program at this time.

Government Publication Date: Jun 30, 2022

Comprehensive Environmental Response, Compensation and Liability Information System - CERCLIS: CERCLIS

Superfund is a program administered by the United States Environmental Protection Agency (EPA) to locate, investigate, and clean up the worst hazardous waste sites throughout the United States. CERCLIS is a database of potential and confirmed hazardous waste sites at which the EPA Superfund program has some involvement. It contains sites that are either proposed to be or are on the National Priorities List (NPL) as well as sites that are in the screening and assessment phase for possible inclusion on the NPL. The EPA administers the Superfund program in cooperation with individual states and tribal governments; this database is made available by the EPA.

Government Publication Date: Oct 25, 2013

EPA Report on the Status of Open Dumps on Indian Lands: IODI

Public Law 103-399, The Indian Lands Open Dump Cleanup Act of 1994, enacted October 22, 1994, identified congressional concerns that solid waste open dump sites located on American Indian or Alaska Native (AI/AN) lands threaten the health and safety of residents of those lands and contiguous areas. The purpose of the Act is to identify the location of open dumps on Indian lands, assess the relative health and environment hazards posed by those sites, and provide financial and technical assistance to Indian tribal governments to close such dumps in compliance with Federal standards and regulations or standards promulgated by Indian Tribal governments or Alaska Native entities.

Government Publication Date: Dec 31, 1998

CERCLIS - No Further Remedial Action Planned: CERCLIS NFRAP

An archived site is one at which EPA has determined that assessment has been completed and no further remedial action is planned under the Superfund program at this time. The Archive designation means that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list this site on the National Priorities List (NPL). This decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be a potential NPL site.

Government Publication Date: Oct 25, 2013

CERCLIS Liens: CERCLIS LIENS

A Federal Superfund lien exists at any property where EPA has incurred Superfund costs to address contamination ("Superfund site") and has provided notice of liability to the property owner. A Federal CERCLA ("Superfund") lien can exist by operation of law at any site or property at which EPA has spent Superfund monies. This database is made available by the United States Environmental Protection Agency (EPA). This database was provided by the United States Environmental Protection Agency (EPA). Refer to SEMS LIEN as the current data source for Superfund Liens.

Government Publication Date: Jan 30, 2014

RCRA CORRACTS-Corrective Action: RCRA CORRACTS

RCRA Info is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. At these sites, the Corrective Action Program ensures that cleanups occur. EPA and state regulators work with facilities and communities to design remedies based on the contamination, geology, and anticipated use unique to each site.

Government Publication Date: Jun 27, 2022

RCRA non-CORRACTS TSD Facilities: RCRA TSD

RCRA Info is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. This database includes Non-Corrective Action sites listed as treatment, storage and/or disposal facilities of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA).

Government Publication Date: Jun 27, 2022

RCRA Generator List: RCRA LQG

RCRA Info is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. RCRA Info replaces the data recording and reporting abilities of the Resource Conservation and Recovery Information System (RCRIS) and the Biennial Reporting System (BRS). A hazardous waste generator is any person or site whose processes and actions create hazardous waste (see 40 CFR 260.10). Large Quantity Generators (LQGs) generate 1,000 kilograms per month or more of hazardous waste or more than one kilogram per month of acutely hazardous waste.

Government Publication Date: Jun 27, 2022

RCRA Small Quantity Generators List: RCRA SQG

RCRA Info is the EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. RCRA Info replaces the data recording and reporting abilities of the Resource Conservation and Recovery Information System (RCRIS) and the Biennial Reporting System (BRS). A hazardous waste generator is any person or site whose processes and actions create hazardous waste (see 40 CFR 260.10). Small Quantity Generators (SQGs) generate more than 100 kilograms, but less than 1,000 kilograms, of hazardous waste per month.

Government Publication Date: Jun 27, 2022

RCRA Very Small Quantity Generators List: RCRA VSQG

RCRA Info is the EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. A hazardous waste generator is any person or site whose processes and actions create hazardous waste (see 40 CFR 260.10). Very Small Quantity Generators (VSQG) generate 100 kilograms or less per month of hazardous waste, or one kilogram or less per month of acutely hazardous waste. Additionally, VSQG may not accumulate more than 1,000 kilograms of hazardous waste at any time.

Government Publication Date: Jun 27, 2022

RCRA Non-Generators: RCRA NON GEN

RCRA Info is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. RCRA Info replaces the data recording and reporting abilities of the Resource Conservation and Recovery Information System (RCRIS) and the Biennial Reporting System (BRS). A hazardous waste generator is any person or site whose processes and actions create hazardous waste (see 40 CFR 260.10). Non-Generators do not presently generate hazardous waste.

Government Publication Date: Jun 27, 2022

RCRA Sites with Controls: RCRA CONTROLS

List of Resource Conservation and Recovery Act (RCRA) facilities with institutional controls in place. RCRA gives the U.S. Environmental Protection Agency (EPA) the authority to control hazardous waste from the "cradle-to-grave." This includes the generation, transportation, treatment, storage, and disposal of hazardous waste. RCRA also set forth a framework for the management of non-hazardous solid wastes. The 1986 amendments to RCRA enabled EPA to address environmental problems that could result from underground tanks storing petroleum and other hazardous substances.

Government Publication Date: Jun 27, 2022

Federal Engineering Controls-ECs: FED ENG

Engineering controls (ECs) encompass a variety of engineered and constructed physical barriers (e.g., soil capping, sub-surface venting systems, mitigation barriers, fences) to contain and/or prevent exposure to contamination on a property. This database is made available by the United States Environmental Protection Agency (EPA).

Government Publication Date: May 25, 2022

Federal Institutional Controls- ICs: FED INST

Institutional controls are non-engineered instruments, such as administrative and legal controls, that help minimize the potential for human exposure to contamination and/or protect the integrity of the remedy. Although it is EPA's (United States Environmental Protection Agency) expectation that treatment or engineering controls will be used to address principal threat wastes and that groundwater will be returned to its beneficial use whenever practicable, ICs play an important role in site remedies because they reduce exposure to contamination by limiting land or resource use and guide human behavior at a site.

Government Publication Date: May 25, 2022

Land Use Control Information System: LUCIS

The LUCIS database is maintained by the U.S. Department of the Navy and contains information for former Base Realignment and Closure (BRAC) properties across the United States.

Government Publication Date: Sep 1, 2006

Institutional Control Boundaries at NPL sites: NPL IC

Boundaries of Institutional Control areas at sites on the United States Environmental Protection Agency (EPA)'s National Priorities List, or Proposed or Deleted, made available by the EPA's Shared Enterprise Geodata and Services (SEGS). United States Environmental Protection Agency (EPA)'s National Priorities List of the most serious uncontrolled or abandoned hazardous waste sites identified for possible long-term remedial action under the Superfund program. Institutional controls are non-engineered instruments such as administrative and legal controls that help minimize the potential for human exposure to contamination and/or protect the integrity of the remedy.

Government Publication Date: May 25, 2022

Emergency Response Notification System: ERNS 1982 TO 1986

Database of oil and hazardous substances spill reports controlled by the National Response Center. The primary function of the National Response Center is to serve as the sole national point of contact for reporting oil, chemical, radiological, biological, and etiological discharges into the environment anywhere in the United States and its territories.

Government Publication Date: 1982-1986

Emergency Response Notification System: ERNS 1987 TO 1989

Database of oil and hazardous substances spill reports controlled by the National Response Center. The primary function of the National Response Center is to serve as the sole national point of contact for reporting oil, chemical, radiological, biological, and etiological discharges into the environment anywhere in the United States and its territories.

Government Publication Date: 1987-1989

Emergency Response Notification System: ERNS

Database of oil and hazardous substances spill reports made available by the United States Coast Guard National Response Center (NRC). The NRC fields initial reports for pollution and railroad incidents and forwards that information to appropriate federal/state agencies for response. These data contain initial incident data that has not been validated or investigated by a federal/state response agency.

Government Publication Date: Jun 5, 2022

The Assessment, Cleanup and Redevelopment Exchange System (ACRES) Brownfield Database: FED BROWNFIELDS

Brownfields are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Cleaning up and reinvesting in these properties protects the environment, reduces blight, and takes development pressures off greenspaces and working lands. This database is made available by the United States Environmental Protection Agency (EPA).

Government Publication Date: Aug 20, 2021

FEMA Underground Storage Tank Listing: FEMA UST

The Federal Emergency Management Agency (FEMA) of the Department of Homeland Security maintains a list of FEMA owned underground storage tanks.

Government Publication Date: Dec 31, 2017

Facility Response Plan: FRP

List of facilities that have submitted Facility Response Plans (FRP) to EPA. Facilities that could reasonably be expected to cause "substantial harm" to the environment by discharging oil into or on navigable waters are required to prepare and submit Facility Response Plans (FRPs). Harm is determined based on total oil storage capacity, secondary containment and age of tanks, oil transfer activities, history of discharges, proximity to a public drinking water intake or sensitive environments.

Government Publication Date: Dec 31, 2021

Delisted Facility Response Plans: DELISTED FRP

Facilities that once appeared in - and have since been removed from - the list of facilities that have submitted Facility Response Plans (FRP) to EPA. Facilities that could reasonably be expected to cause "substantial harm" to the environment by discharging oil into or on navigable waters are required to prepare and submit Facility Response Plans (FRPs). Harm is determined based on total oil storage capacity, secondary containment and age of tanks, oil transfer activities, history of discharges, proximity to a public drinking water intake or sensitive environments.

Government Publication Date: Dec 31, 2021

Historical Gas Stations: HIST GAS STATIONS

This historic directory of service stations is provided by the Cities Service Company. The directory includes Cities Service filling stations that were located throughout the United States in 1930.

Government Publication Date: Jul 1, 1930

Petroleum Refineries: REFN

List of petroleum refineries from the U.S. Energy Information Administration (EIA) Refinery Capacity Report. Includes operating and idle petroleum refineries (including new refineries under construction) and refineries shut down during the previous year located in the 50 States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, and other U.S. possessions. Survey locations adjusted using public data.

Government Publication Date: Feb 4, 2022

Petroleum Product and Crude Oil Rail Terminals: BULK TERMINAL

List of petroleum product and crude oil rail terminals made available by the U.S. Energy Information Administration (EIA). Includes operable bulk petroleum product terminals located in the 50 States and the District of Columbia with a total bulk shell storage capacity of 50,000 barrels or more, and/or the ability to receive volumes from tanker, barge, or pipeline; also rail terminals handling the loading and unloading of crude oil that were active between 2017 and 2018. Petroleum product terminals comes from the EIA-815 Bulk Terminal and Blender Report, which includes working, shell in operation, and shell idle for several major product groupings. Survey locations adjusted using public data.

Government Publication Date: Feb 4, 2022

LIEN on Property: SEMS LIEN

The EPA Superfund Enterprise Management System (SEMS) provides LIEN information on properties under the EPA Superfund Program.

Government Publication Date: Jun 30, 2022

Superfund Decision Documents: SUPERFUND ROD

This database contains a listing of decision documents for Superfund sites. Decision documents serve to provide the reasoning for the choice of (or) changes to a Superfund Site cleanup plan. The decision documents include Records of Decision (ROD), ROD Amendments, Explanations of Significant Differences (ESD), along with other associated memos and files. This information is maintained and made available by the US EPA (Environmental Protection Agency).

Government Publication Date: Jul 26, 2022

State

Registry of Inactive Hazardous Waste Disposal Sites in New York State: SHWS

State-and tribal- equivalent CERCLIS. State Superfund Program (Inactive Hazardous Waste Disposal Site Remedial Program) (IHWDS) - Oversees the identification, investigation and cleanup of sites where consequential amounts of hazardous waste exist. These sites go through a process of investigation, evaluation, cleanup and monitoring that has several distinct stages. This list is made available by New York State Department of Environmental Conservation's State Superfund Program.

Government Publication Date: Jun 1, 2022

Delisted Registry of Inactive Hazardous Waste Disposal Sites in New York: DELISTED SHWS

This database contains a Registry of Inactive Hazardous Waste Disposal sites which have been removed from New York Department of Environmental Conservation's Environmental Site Remediation database.

Government Publication Date: Jun 1, 2022

Hazardous Substance Waste Disposal Sites: HSWDS

A list of sites included in Hazardous Substance Waste Disposal Site Study reports made available by the New York Department of Environmental Conservation Division of Hazardous Waste Remediation. Provides information regarding the evolving status of hazardous substance waste disposal sites in New York.

Government Publication Date: Oct 24, 2003

Vapor Intrusion Legacy Site List: VAPOR

New York is currently re-evaluating previous assumptions and decisions regarding the potential for soil vapor intrusion exposures at sites. As a result, all past, current, and future contaminated sites will be evaluated to determine whether these sites have the potential for exposures related to soil vapor intrusion. This list is made available by Department of Environmental Conservation's Vapor Intrusion Legacy Site List. This database is state equivalent CERCLIS.

Government Publication Date: Dec 31, 2018

Solid Waste Facilities and Landfills: SWF/LF

Solid Waste Information Management System (SWIMS) is an inventory containing active and inactive facilities throughout the state. This list is made available by Department of Environmental Conservation's Solid Waste Information Management System (SWIMS).

Government Publication Date: Dec 22, 2021

Inactive Landfill Facilities: LANDFILL INACTIVE

List of inactive landfills in the State of New York. This data is made available by the New York State Department of Environmental Conservation (DEC). DEC notes that these are preliminary data and should not be regarded as a complete inventory of all landfills in the State, and also that site locations and attributes are preliminary and should not be relied upon without independent verification.

Government Publication Date: Nov 1, 2021

Waste Tire Facilities: WASTE TIRE

This list of active Waste Tire Facilities is maintained by the New York State Department of Environmental Conservation. Waste tire storage facilities (WTSF) store waste tires or portions of waste tires. Most of these facilities require Part 360 permits, but under certain conditions a registration maybe available.

Government Publication Date: Apr 7, 2022

Recycling Facilities: RECYCLING

The Department of Environmental Conservation (DEC), Division of Materials Management (DMM), Bureau of Permitting and Planning regulates solid waste management facilities in accordance with 6 NYCRR Part 360. Information pertaining to those facilities is maintained with the Division's Solid Waste Information Management System (SWIMS) database. The Facility List is a dataset related to solid waste management facilities operating in the state, and includes such information as facility location, contact names and associated information, waste types managed, and regulatory information.

Government Publication Date: Apr 7, 2022

Leaking Storage Tanks: LST

This database contains records of chemical and petroleum spill incidents. They include leaking aboveground storage tanks or leaking underground storage tanks, with incidents of tank test failures, tank failures and tank overfill. This list is made available by New York State Department of Environmental Conservation's Spill Response Program.

Government Publication Date: Aug 1, 2022

Delisted Leaking Storage Tanks: DELISTED LST

List of Leaking Storage Tank sites which has been removed from New York Department of Environmental Conservation's Spill Response Program

Government Publication Date: Aug 1, 2022

Underground Storage Tanks- UST-Petroleum Bulk Storage (PBS): UST

Facilities within the Petroleum Bulk Storage (PBS) that have underground storage tanks. Underground petroleum storage facilities with a combined storage capacity over eleven hundred (1,100) gallons. This list is made available by NewYork Department of Environmental Conservation's Environmental Site Database Search.

Government Publication Date: Aug 22, 2022

The Bulk Storage Program Database - AST: AST

Facilities within the Petroleum Bulk Storage (PBS) that have aboveground storage tanks. Aboveground petroleum storage facilities with a combined storage capacity over eleven hundred (1,100) gallons. This list is made available by New York State Department of Environmental conservation's Petroleum Bulk Storage (PBS) program.

Government Publication Date: Aug 22, 2022

Petroleum Bulk Storage: TANKS

The Bulk Storage Program Database maintains the registrations of active and inactive bulk storage sites statewide. This database includes Petroleum Bulk Storage (PBS) tanks where no information is available on whether they are ASTs or USTs. This list is made available by Department of Environmental Conservation's Petroleum Bulk Storage (PBS) program.

Government Publication Date: Aug 22, 2022

Major Oil Storage Facilities (MOSF): MOSF

In 1977, the New York State Legislature passed the "Oil Spill Prevention, Control and Compensation Act" (Article 12 of the Navigation Law). This law regulates all oil terminals and transport vessels operating in the waters of the State which have a storage capacity of 400,000 gallons or more. (Terminals and vessels with a capacity of 400,000 gallons or more are commonly referred to as major oil storage facilities or MOSFs). This list is made available by Department of Environmental Conservation's Major Oil Storage Facility (MOSF) Program.

Government Publication Date: Aug 22, 2022

Chemical Bulk Storage (CBS): CBS

Facilities that store regulated hazardous substances in underground tanks . "Hazardous substance" means any substance listed as hazardous or acutely hazardous in 6 NYCRR Part 597 or a mixture thereof. This list is made available by Department of Environmental Conservation's Chemical Bulk Storage (CBS) Program.

Government Publication Date: Aug 22, 2022

Delisted Storage Tanks: DELISTED TANKS

List of Storage Tank sites which has been removed from New York Department of Environmental Conservation's Environmental Site Database.

Government Publication Date: Aug 22, 2022

Delisted County Records: DELISTED COUNTY

Records removed from county databases. Records may be removed from the county lists made available by the respective county departments because they are inactive, or because they have been deemed to be below reportable thresholds.

Government Publication Date: Jul 19, 2022

Registry of Engineering Controls in New York State: ENG

Registry of Engineering Controls in New York State taken from the Environmental Site Remediation Database.

Government Publication Date: Jun 1, 2022

Registry of Institutional Controls in New York State: INST

Registry of Institutional Controls in New York State taken from the Environmental Site Remediation Database.

Government Publication Date: Jun 1, 2022

Voluntary Cleanup Agreements: VCP

New York established its Voluntary Cleanup Program (VCP) to address the environmental, legal and financial barriers that often hinder the redevelopment and reuse of contaminated properties. The Voluntary Cleanup Program was developed to enhance private sector cleanup of brownfields by enabling parties to remediate sites using private rather than public funds and to reduce the development pressures on "greenfield" sites. This list is made available by Department of Environmental Conservation's Voluntary Cleanup Program.

Government Publication Date: Jun 1, 2022

Environmental Restoration Program Listing: ERP

Environmental Restoration Program - Provides municipalities with financial assistance for site investigation and remediation at eligible brownfield sites. In an effort to spur the cleanup and redevelopment of brownfields, New Yorkers approved a $200 million Environmental Restoration Fund as part of the $1.75 billion Clean Water/Clean Air Bond Act of 1996 (Bond Act). Under the Environmental Restoration Program, the State provides grants to municipalities to reimburse up to 90 percent of on-site eligible costs and 100% of off-site eligible costs for site investigation and remediation activities. This list is made available by Department of Environmental Conservation's Environmental Restoration Program.

Government Publication Date: Jun 1, 2022

Brownfields Site List (Subset of Site Remediation): BROWNFIELDS

Brownfield Cleanup Program was developed to enhance private-sector cleanups of brownfields and to reduce development pressure on "Greenfields". A Brownfield site is real property, the redevelopment or reuse of which may be complicated by the presence or potential presence of a contaminant. Contaminants include hazardous waste and/or petroleum. This list is made available by Department of Environmental Conservation's Brownfield Cleanup Program.

Government Publication Date: Jun 1, 2022

Tribal

Leaking Underground Storage Tanks (LUSTs) on Tribal/Indian Lands: INDIAN LUST

LUSTs on Tribal/Indian Lands in Region 2, which includes New York and New Jersey. There are no LUST records in New York at this time.

Government Publication Date: Jan 28, 2016

Underground Storage Tanks (USTs) on Indian Lands: INDIAN UST

USTs on Tribal/Indian Lands in Region 2, which includes New York and New Jersey.

Government Publication Date: Apr 04, 2016

Delisted Tribal Leaking Storage Tanks: DELISTED ILST

Leaking Underground Storage Tank facilities which have been removed from the Regional Tribal LUST lists made available by the EPA.

Government Publication Date: Apr 20, 2022

Delisted Tribal Underground Storage Tanks: DELISTED IUST

Underground Storage Tank facilities which have been removed from the Regional Tribal UST lists made available by the EPA.

Government Publication Date: Apr 20, 2022

County

No County databases were selected to be included in the search.

Additional Environmental Record Sources

Federal

Facility Registry Service/Facility Index: FINDS/FRS

The Facility Registry Service (FRS) is a centrally managed database that identifies facilities, sites, or places subject to environmental regulations or of environmental interest. FRS creates high-quality, accurate, and authoritative facility identification records through rigorous verification and management procedures that incorporate information from program national systems, state master facility records, and data collected from EPA's Central Data Exchange registrations and data management personnel. This list is made available by the Environmental Protection Agency (US EPA).

Government Publication Date: Nov 2, 2020

Toxics Release Inventory (TRI) Program: TRIS

The EPA's Toxics Release Inventory (TRI) is a database containing data on disposal or other releases of over 650 toxic chemicals from thousands of U. S. facilities and information about how facilities manage those chemicals through recycling, energy recovery, and treatment. One of TRI's primary purposes is to inform communities about toxic chemical releases to the environment.

Government Publication Date: Aug 24, 2021

Perfluorinated Alkyl Substances (PFAS) Releases: PFAS TRI

List of Toxics Release Inventory (TRI) facilities at which the reported chemical is a Per- or polyfluorinated alkyl substance (PFAS) included in the Environmental Protection Agency (EPA)'s consolidated PFAS Master List of PFAS Substances. The EPA's Toxics Release Inventory (TRI) is a database containing data on disposal or other releases of over 650 toxic chemicals from thousands of U.S. facilities and information about how facilities manage those chemicals through recycling, energy recovery, and treatment.

Government Publication Date: Aug 24, 2021

PFOA/PFOS Contaminated Sites: PFAS NPL

List of National Priorities List (NPL) and related Superfund Alternative Agreement (SAA) sites where PFOA or PFOS contaminants have been found in water and/or soil. The site listing is provided by the Federal Environmental Protection Agency (EPA).

Government Publication Date: Jul 18, 2022

Perfluorinated Alkyl Substances (PFAS) Water Quality: PFAS WATER

The Water Quality Portal (WQP) is a cooperative service sponsored by the United States Geological Survey (USGS), the Environmental Protection Agency (EPA), and the National Water Quality Monitoring Council (NWQMC). This listing includes records from the Water Quality Portal where the characteristic (environmental measurement) is in the Environmental Protection Agency (EPA)'s consolidated PFAS Master List of PFAS Substances.

Government Publication Date: Jul 20, 2020

SSEHRI PFAS Contamination Sites: PFAS SSEHRI

This PFAS Contamination Site Tracker database is compiled by the Social Science Environmental Health Research Institute (SSEHRI) at Northeastern University. According to the SSEHRI, the database records qualitative and quantitative data from each known site of PFAS contamination, including timeline of discovery, sources, levels, health impacts, community response, and government response. The goal of this database is to compile information and support public understanding of the rapidly unfolding issue of PFAS contamination. All data presented was extracted from government websites, news articles, or publicly available documents, and this is cited in the tracker. Disclaimer: The source conveys this database undergoes regular updates as new information becomes available, some sites may be missing and/or contain information that is incorrect or outdated, as well as their information represents all contamination sites SSEHRI is aware of, not all possible contamination sites. This data is not intended to be used for legal purposes. Limited location details are available with this data. Access the following for the most current informations https://pfasproject.com/pfas-contamination-site-tr acker/

Government Publication Date: Dec 12, 2019

National Response Center PFAS Spills: ERNS PFAS

National Response Center (NRC) calls from 1990 to the most recent complete calendar year where there is indication of Aqueous Film Forming Foam (AFFF) usage. NRC calls may reference AFFF usage in the "Material Involved" or "Incident Description" fields. Data made available by the US Environmental Protection Agency (EPA). Disclaimer: dataset may include initial or misidentified incident data not yet validated or investigated by a federal/state response agency.

Government Publication Date: Feb 23, 2022

Hazardous Materials Information Reporting System: HMIRS

US DOT - Department of Transportation Pipeline and Hazardous Materials Safety Administration (PHMSA) Incidents Reports Database taken from Hazmat Intelligence Portal, U.S. Department of Transportation.

Government Publication Date: Sep 1, 2020

National Clandestine Drug Labs: NCDL

The U.S. Department of Justice ("the Department") provides this data as a public service. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dumpsites. In most cases, the source of the entries is not the Department, and the Department has not verified the entry and does not guarantee its accuracy.

Government Publication Date: Apr 30, 2022

Toxic Substances Control Act: TSCA

The Environmental Protection Agency (EPA) is amending the Toxic Substances Control Act (TSCA) section 8(a) Inventory Update Reporting (IUR) rule and changing its name to the Chemical Data Reporting (CDR) rule.

The CDR enables EPA to collect and publish information on the manufacturing, processing, and use of commercial chemical substances and mixtures (referred to hereafter as chemical substances) on the TSCA Chemical Substance Inventory (TSCA Inventory). This includes current information on chemical substance production volumes, manufacturing sites, and how the chemical substances are used. This information helps the Agency determine whether people or the environment are potentially exposed to reported chemical substances. EPA publishes submitted CDR data that is not Confidential Business Information (CBI).

Government Publication Date: Apr 11, 2019

Hist TSCA: HIST TSCA

The Environmental Protection Agency (EPA) is amending the Toxic Substances Control Act (TSCA) section 8(a) Inventory Update Reporting (IUR) rule and changing its name to the Chemical Data Reporting (CDR) rule.

The 2006 IUR data summary report includes information about chemicals manufactured or imported in quantities of 25,000 pounds or more at a single site during calendar year 2005. In addition to the basic manufacturing information collected in previous reporting cycles, the 2006 cycle is the first time EPA collected information to characterize exposure during manufacturing, processing and use of organic chemicals. The 2006 cycle also is the first time manufacturers of inorganic chemicals were required to report basic manufacturing information.

Government Publication Date: Dec 31, 2006

FTTS Administrative Case Listing: FTTS ADMIN

An administrative case listing from the Federal Insecticide, Fungicide, & Rodenticide Act (FIFRA) and Toxic Substances Control Act (TSCA), together known as FTTS. This database was obtained from the Environmental Protection Agency's (EPA) National Compliance Database (NCDB). The FTTS and NCDB was shut down in 2006.

Government Publication Date: Jan 19, 2007

FTTS Inspection Case Listing: FTTS INSP

An inspection case listing from the Federal Insecticide, Fungicide, & Rodenticide Act (FIFRA) and Toxic Substances Control Act (TSCA), together known as FTTS. This database was obtained from the Environmental Protection Agency's (EPA) National Compliance Database (NCDB). The FTTS and NCDB was shut down in 2006.

Government Publication Date: Jan 19, 2007

Potentially Responsible Parties List: PRP

Early in the cleanup process, the Environmental Protection Agency (EPA) conducts a search to find the potentially responsible parties (PRPs). EPA looks for evidence to determine liability by matching wastes found at the site with parties that may have contributed wastes to the site.

Government Publication Date: Jul 26, 2022

State Coalition for Remediation of Drycleaners Listing: SCRD DRYCLEANER

The State Coalition for Remediation of Drycleaners (SCRD) was established in 1998, with support from the U.S. Environmental Protection Agency (EPA) Office of Superfund Remediation and Technology Innovation. Coalition members are states with mandated programs and funding for drycleaner site remediation. Current members are Alabama, Connecticut, Florida, Illinois, Kansas, Minnesota, Missouri, North Carolina, Oregon, South Carolina, Tennessee, Texas, and Wisconsin. Since 2017, the SCRD no longer maintains this data, refer to applicable state source data where available.
Government Publication Date: Nov 08, 2017

Integrated Compliance Information System (ICIS): ICIS

The Integrated Compliance Information System (ICIS) is a system that provides information for the Federal Enforcement and Compliance (FE&C) and the National Pollutant Discharge Elimination System (NPDES) programs. The FE&C component supports the Environmental Protection Agency's (EPA) Civil Enforcement and Compliance program activities. These activities include Compliance Assistance, Compliance Monitoring and Enforcement. The NPDES program supports tracking of NPDES permits, limits, discharge monitoring data and other program reports.
Government Publication Date: Apr 30, 2022

Drycleaner Facilities: FED DRYCLEANERS

A list of drycleaner facilities from Enforcement and Compliance History Online (ECHO) online search. The Environmental Protection Agency (EPA) tracks facilities that possess NAIC and SIC codes that classify businesses as drycleaner establishments.
Government Publication Date: Jun 25, 2022

Delisted Drycleaner Facilities: DELISTED FED DRY

List of sites removed from the list of Drycleaner Facilities (sites in the EPA's Integrated Compliance Information System (ICIS) with NAIC or SIC codes identifying the business as a drycleaner establishment).
Government Publication Date: Jun 25, 2022

Formerly Used Defense Sites: FUDS

Formerly Used Defense Sites (FUDS) are properties that were formerly owned by, leased to, or otherwise possessed by and under the jurisdiction of the Secretary of Defense prior to October 1986, where the Department of Defense (DoD) is responsible for an environmental restoration. This list is published by the U.S. Army Corps of Engineers.
Government Publication Date: May 26, 2021

Former Military Nike Missile Sites: FORMER NIKE

This information was taken from report DRXTH-AS-IA-83A016 (Historical Overview of the Nike Missile System, 12/1984) which was performed by Environmental Science and Engineering, Inc. for the U.S. Army Toxic and Hazardous Materials Agency Assessment Division. The Nike system was deployed between 1954 and the mid-1970's. Among the substances used or stored on Nike sites were liquid missile fuel (JP-4); starter fluids (UDKH, aniline, and furfuryl alcohol); oxidizer (IRFNA); hydrocarbons (motor oil, hydraulic fluid, diesel fuel, gasoline, heating oil); solvents (carbon tetrachloride, trichloroethylene, trichloroethane, stoddard solvent); and battery electrolyte. The quantities of material a disposed of and procedures for disposal are not documented in published reports. Virtually all information concerning the potential for contamination at Nike sites is confined to personnel who were assigned to Nike sites. During deactivation most hardware was shipped to depot-level supply points. There were reportedly instances where excess materials were disposed of on or near the site itself at closure. There was reportedly no routine site decontamination.
Government Publication Date: Dec 2, 1984

PHMSA Pipeline Safety Flagged Incidents: PIPELINE INCIDENT

A list of flagged pipeline incidents made available by the U.S. Department of Transportation (US DOT) Pipeline and Hazardous Materials Safety Administration (PHMSA). PHMSA regulations require incident and accident reports for five different pipeline system types.
Government Publication Date: Jul 7, 2020

Material Licensing Tracking System (MLTS): MLTS

A list of sites that store radioactive material subject to the Nuclear Regulatory Commission (NRC) licensing requirements. This list is maintained by the NRC. As of September 2016, the NRC no longer releases location information for sites. Site locations were last received in July 2016.
Government Publication Date: May 11, 2021

Historic Material Licensing Tracking System (MLTS) sites: HIST MLTS

A historic list of sites that have inactive licenses and/or removed from the Material Licensing Tracking System (MLTS). In some cases, a site is removed from the MLTS when the state becomes an "Agreement State". An Agreement State is a State that has signed an agreement with the Nuclear Regulatory Commission (NRC) authorizing the State to regulate certain uses of radioactive materials within the State.
Government Publication Date: Jan 31, 2010

Mines Master Index File: MINES

The Master Index File (MIF) is provided by the United State Department of Labor, Mine Safety and Health Administration (MSHA). This file, which was originally created in the 1970's, contained many Mine-IDs that were invalid. MSHA removes invalid IDs from the MIF upon discovery. MSHA applicable data includes the following: all Coal and Metal/Non-Metal mines under MSHA's jurisdiction since 1/1/1970; mine addresses for all mines in the database except for Abandoned mines prior to 1998 from MSHA's legacy system (addresses may or may not correspond with the physical location of the mine itself); violations that have been assessed penalties as a result of MSHA inspections beginning on 1/1/2000; and violations issued as a result of MSHA inspections conducted beginning on 1/1/2000.

Government Publication Date: Aug 3, 2022

Surface Mining Control and Reclamation Act Sites: SMCRA

An inventory of land and water impacted by past mining (primarily coal mining) is maintained by the Office of Surface Mining Reclamation and Enforcement (OSMRE) to provide information needed to implement the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The inventory contains information on the location, type, and extent of Abandoned Mine Land (AML) impacts, as well as information on the cost associated with the reclamation of those problems. The inventory is based upon field surveys by State, Tribal, and OSMRE program officials. It is dynamic to the extent that it is modified as new problems are identified and existing problems are reclaimed.

Government Publication Date: Aug 18, 2022

Mineral Resource Data System: MRDS

The Mineral Resource Data System (MRDS) is a collection of reports describing metallic and nonmetallic mineral resources throughout the world. Included are deposit name, location, commodity, deposit description, geologic characteristics, production, reserves, resources, and references. This database contains the records previously provided in the Mineral Resource Data System (MRDS) of USGS and the Mineral Availability System/Mineral Industry Locator System (MAS/MILS) originated in the U.S. Bureau of Mines, which is now part of USGS. The USGS has ceased systematic updates of the MRDS database with their focus more recently on deposits of critical minerals while providing a well-documented baseline of historical mine locations from USGS topographic maps.

Government Publication Date: Mar 15, 2016

Uranium Mill Tailings Radiation Control Act Sites: URANIUM

The Legacy Management Office of the Department of Energy (DOE) manages radioactive and chemical waste, environmental contamination, and hazardous material at over 100 sites across the U.S. The L.M. Office manages this database of sites registered under the Uranium Mill Tailings Control Act (UMTRCA).

Government Publication Date: Mar 4, 2017

Alternative Fueling Stations: ALT FUELS

List of alternative fueling stations made available by the US Department of Energy's Office of Energy Efficiency & Renewable Energy. Includes Biodiesel stations, Ethanol (E85) stations, Liquefied Petroleum Gas (Propane) stations, Ethanol (E85) stations, Natural Gas stations, Hydrogen stations, and Electric Vehicle Supply Equipment (EVSE). The National Renewable Energy Laboratory (NREL) obtains information about new stations from trade media, Clean Cities coordinators, a Submit New Station form on the Station Locator website, and through collaborating with infrastructure equipment and fuel providers, original equipment manufacturers (OEMs), and industry groups.

Government Publication Date: Aug 1, 2022

Air Facility System: AFS

This EPA retired Air Facility System (AFS) dataset contains emissions, compliance, and enforcement data on stationary sources of air pollution. Regulated sources cover a wide spectrum; from large industrial facilities to relatively small operations such as dry cleaners. AFS does not contain data on facilities that are solely asbestos demolition and/or renovation contractors, or landfills. ECHO Clean Air Act data from AFS are frozen and reflect data as of October 17, 2014; the EPA retired this system for Clean Air Act stationary sources and transitioned to ICIS-Air.

Government Publication Date: Oct 17, 2014

Superfunds Consent Decrees: CONSENT DECREES

A list of Superfund consent decrees made available by the Department of Justice, Environment & Natural Resources Division (ENRD).

Government Publication Date: May 18, 2022

Registered Pesticide Establishments: SSTS

List of active EPA-registered foreign and domestic pesticide-producing and device-producing establishments based on data from the Section Seven Tracking System (SSTS). The Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) Section 7 requires that facilities producing pesticides, active ingredients, or devices be registered. The list of establishments is made available by the EPA.

Government Publication Date: Mar 30, 2022

Polychlorinated Biphenyl (PCB) Transformers: PCBT

Locations of Transformers Containing Polychlorinated Biphenyls (PCBs) registered with the United States Environmental Protection Agency. PCB transformer owners must register their transformer(s) with EPA. Although not required, PCB transformer owners who have removed and properly disposed of a registered PCB transformer may notify EPA to have their PCB transformer de-registered. Data made available by EPA.

Government Publication Date: Oct 15, 2019

Polychlorinated Biphenyl (PCB) Notifiers: PCB

Facilities included in the national list of facilities that have notified the United States Environmental Protection Agency (EPA) of Polychlorinated Biphenyl (PCB) activities. Any company or person storing, transporting or disposing of PCBs or conducting PCB research and development must notify the EPA and receive an identification number.

Government Publication Date: Jul 28, 2022

State

Underground Injection Control Wells: UIC

A well permit is required from the Division of Mineral Resources for any brine disposal well deeper than 500 feet. This includes any operation to drill, deepen, plug back or convert a well. Regardless of well depth, the NYSDEC Division of Water must be contacted for a determination of whether a SPDES permit is necessary to operate any brine disposal well.

Government Publication Date: Aug 6, 2018

Manufactured Gas Plants: MGP

A list of former Manufactured Gas Plants (MGP) made available by the New York Department of Environmental Conservation (NYSDEC). From the late 1800's to the mid 1900's, hundreds of manufactured gas plants across New York State supplied homes and industry with fuel. Former MGP structures such as gas holders, tar separators, wells, and tanks were often susceptible to spills and leaks. As a result, these structures were a significant source of contamination from the release of tar and other toxic by-products.

Government Publication Date: Oct 16, 2019

Spill Incidents Database: NY SPILLS

Spill Incidents Database has records dating back to 1978. This database contains records of chemical and petroleum spill incidents. The DEC Spill Response program receives and compiles reports of hazardous material spills occurring anywhere in New York State. These reports are submitted through the Spill Hotline and other mechanisms, and entered by DEC spill response staff into the state's official data base of Spill Incidents Reports. This list is made available by New York State Department of Environmental Conservation's Spill Response Program.

Government Publication Date: Aug 1, 2022

PFAS Remedial Sites: PFAS CONTAM

List of sites being addressed under one of the New York Department of Environmental Conservation (DEC) Division of Environmental Remediation (DER)'s remedial programs, where the waste or contaminant of concern is a Per- or polyfluorinated alkyl substance (PFAS) included in the Environmental Protection Agency (EPA)'s consolidated PFAS Master List of PFAS Substances.

Government Publication Date: Jun 1, 2022

Per- and Polyfluoroalkyl Substances (PFAS): PFAS

A list of sites surveyed by the New York Department of Environmental Conservation to determine locations that manufacture, use, store, or release into the environment materials containing Per- and Polyfluoroalkyl Substances (PFAS). Per- and Polyfluoroalkyl Substances (PFAS) are a group of chemicals used to make fluoropolymer coatings and products that resist heat, oil, stains, grease, and water. Some PFAS are difficult to break down and persist in the environment that may cause harm to the public. This list is made available by the Department of Environmental Conservation of New York State.

Government Publication Date: Jan 16, 2019

Landfill Investigations PFAS Sampling Results: PFAS LANDFILL

A list of inactive landfill sites that have been investigated for Per- and Polyfluoroalkyl Substances (PFAS) in the state of New York made available by the New York State Department of Environmental Conservation.

Government Publication Date: Jun 30, 2020

Registed Dry Cleaner Facilities: DRYCLEANERS

The Division of Air Resources of the Department of Environmental Conservation (DEC) tracks all registered dry cleaner facilities.

Government Publication Date: Aug 11, 2022

Delisted Dry Cleaner Facilities: DELISTED DRYCLEANERS

Sites removed from the list of dry cleaner facilities registered with the Department of Environmental Conservation (DEC)'s Division of Air Resources.

Government Publication Date: Aug 11, 2022

Hazardous Waste Manifest - Facilities: NY MANIFEST

List of facilities located in New York that are included in the Hazardous Waste Manifest Data Downloads Location Address data file made available by the New York Department of Environmental Conservation (DEC), with which no manifests are associated. The Hazardous Waste Manifest Data made available by the NY DEC is compiled from hazardous waste manifest shipments to, from, or within New York State. The Bureau of Program Management, in the Division of Environmental Remediation, is responsible for maintaining hazardous waste manifest records.

Government Publication Date: Sep 19, 2022

Receivers from Hazardous Waste Manifests: REC MANIFEST

List of receiver facilities located in New York that are included in the Hazardous Waste Manifest Data Downloads Location Address data file made available by the New York Department of Environmental Conservation (DEC), which are identified as a receiver in associated manifests. The Hazardous Waste Manifest Data made available by the NY DEC is compiled from hazardous waste manifest shipments to, from, or within New York State. The Bureau of Program Management, in the Division of Environmental Remediation, is responsible for maintaining hazardous waste manifest records. Hazardous Waste Code Descriptions are from NY Part 371.4 (6 CRR-NY 371.4) Identification and Listings of Hazardous Waste, unless otherwise noted.

Government Publication Date: Sep 19, 2022

Generators from Hazardous Waste Manifests: GEN MANIFEST

List of generator facilities located in New York that are included in the Hazardous Waste Manifest Data Downloads Location Address data file made available by the New York Department of Environmental Conservation (DEC), which are identified as a generator in associated manifests. The Hazardous Waste Manifest Data made available by the NY DEC is compiled from hazardous waste manifest shipments to, from, or within New York State. The Bureau of Program Management, in the Division of Environmental Remediation, is responsible for maintaining hazardous waste manifest records. Hazardous Waste Code Descriptions are from NY Part 371.4 (6 CRR-NY 371.4) Identification and Listings of Hazardous Waste, unless otherwise noted.

Government Publication Date: Sep 19, 2022

New York City E-Designated Sites: E DESIGNATION

A list of sites with an (E) Designation, described as a New York City (NYC) zoning map designation that indicates the presence of an environmental requirement pertaining to potential hazardous materials contamination, window/wall noise attenuation, or air quality impacts on a particular tax lot. The NYC Office of Environmental Remediation administers the E-Designation Environmental Review Program to avoid significant adverse impacts to human health or the environment through exposure to these hazards. The data is provided by the NYC Department of City Planning (DCP).

Government Publication Date: Jul 1, 2022

Registered Cooling Towers: COOLING TOWERS

Locations of cooling towers registered with New York State, made available by the Center for Environmental Health. In August 2015, the New York State Department of Health released emergency regulations requiring the owners of cooling towers to register them with New York State. These data are self-reported by owners and/or property managers of cooling towers in service in New York State.

Government Publication Date: Aug 2, 2022

Tier 2 Report: TIER 2

A list of Tier 2 facilities in the state of New York. This is a list of facilities which have reported hazardous substances provided by Homeland Security and Emergency Services.

Government Publication Date: Mar 24, 2022

NY DEC Projects of Interest: PROJECTS

A list of permits for notable projects - permit applications that have received a lot of public attention - made available by the New York Department of Environmental Conservation (DEC).

Government Publication Date: Nov 26, 2021

Air Permitted Facilities: AIR PERMITS

This list of issued state facility air permits is maintained by the New York State Department of Environmental Conservation. Owners or operators of emission sources that are subject to 6 NYCRR Subpart 201-5 must obtain a State facility permit. Draft permits are official versions of permits whose initial development is complete, public notice given, and made available for public review and comment. These permits are prepared by the Division of Air Resources regional staff of the New York Department of Environmental Conservation. Please note: An Issued permit is valid for a stated period of time. Modifications may be made to an issued permit for the remainder of the active permit.

Government Publication Date: Dec 22, 2021

Liens Listing: LIEN

New York Environmental Protection and Spill Compensation Fund (Oil Spill Fund) places liens on properties that are sites of oil spills when the owners are responsible parties and fail to pay for cleanup. The Office of the State Comptroller provides this listing of liens information from the Oil Spill Fund.

Government Publication Date: Oct 5, 2021

Tribal

No Tribal additional environmental record sources available for this State.

County

No County additional environmental record sources available for this State.

Definitions

Database Descriptions: This section provides a detailed explanation for each database including: source, information available, time coverage, and acronyms used. They are listed in alphabetic order.

Detail Report: This is the section of the report which provides the most detail for each individual record. Records are summarized by location, starting with the project property followed by records in closest proximity.

Distance: The distance value is the distance between plotted points, not necessarily the distance between the sites' boundaries. All values are an approximation.

Direction: The direction value is the compass direction of the site in respect to the project property and/or center point of the report.

Elevation: The elevation value is taken from the location at which the records for the site address have been plotted. All values are an approximation. Source: Google Elevation API.

Executive Summary: This portion of the report is divided into 3 sections:

'Report Summary'- Displays a chart indicating how many records fall on the project property and, within the report search radii.

'Site Report Summary'-Project Property'- This section lists all the records which fall on the project property. For more details, see the 'Detail Report' section.

'Site Report Summary-Surrounding Properties'- This section summarizes all records on adjacent properties, listing them in order of proximity from the project property. For more details, see the 'Detail Report' section.

Map Key: The map key number is assigned according to closest proximity from the project property. Map Key numbers always start at #1. The project property will always have a map key of '1' if records are available. If there is a number in brackets beside the main number, this will indicate the number of records on that specific property. If there is no number in brackets, there is only one record for that property.

The symbol and colour used indicates 'elevation': the red inverted triangle will dictate 'ERIS Sites with Lower Elevation', the yellow triangle will dictate 'ERIS Sites with Higher Elevation' and the orange square will dictate 'ERIS Sites with Same Elevation.'

Unplottables: These are records that could not be mapped due to various reasons, including limited geographic information. These records may or may not be in your study area, and are included as reference.

CLOSURE DATE: List date.
TANKS: # 002

CONTRACTOR: List
SITE: Syr. Dev. Cent.
800 S. Wilbur Ave.
Syracuse, New York

Gentlemen:

This letter is to advise you of your responsibility associated with the permanent removal of petroleum storage tanks from service. In order to properly close petroleum storage tanks, the owner is required to comply with NYSDEC regulations (6NYCRR Part 613.9); USEPA requirements (40CFR Part 280 Subpart G); and possibly local code requirements and permits. Please note carefully the site assessment requirements. Failure to perform a proper site assessment will result in the requirement of further groundwater investigation including monitoring well installation if contamination is found at the site.

Enclosed you will find a summary of the DEC closure requirements of 6NYCRR Part 613.9, the EPA closure requirements of 40 CFR Part 280 Subpart G and sampling requirements for permanent closure of petroleum storage tanks.

If during closure, the soil or groundwater is thought to have petroleum contamination visually (i.e. sheen on water) or by smell, notification must be made within two (2) hours of the discovery to the spill hotline (1-800-457-7362) or the Regional Office (315-426-7519).

Confirmation of the closure date and time (6NYCRR Part 612.2(d)) must be made within 30 days prior to actual removal or closure in place. Notification must be made on forms supplied by the Department and returned prior to modifying the facility. See enclosed PBS closure application (PBS Bulk Storage Application).

Please call (315) 426-7519 for additional applications. Failure to notify NYS DEC as listed in NYS DEC Regulation 6NYCRR 612.2 may result in a fine.

A site assessment report shall be submitted to this office within 30 days of the closure of the petroleum tank(s). This report shall identify the site history, the tank system (tank size, piping type, system configuration, age, layout, etc.), geologic conditions, field observations, field measurements and analysis, and laboratory measurements and analysis.

If you have any further questions, please contact me at (315) 426-7519.

Sincerely,

Howard T. McLaughlin
Regional Construction Inspector

RE: 5000 GALLON DIESEL FUEL STORAGE TANK
PBS NO. 7-447072

Dear Mr. DeBarr:

Based upon an inspection of your facility on January 7, 1992, and a phone conversation with Mr. Frank Conley of OGS on January 14, 1992, it has been determined that the 5000 gallon diesel tank will be waived from the required tank tightness test for a period of one year from the date of this letter. The conditions of this variance shall include:

1. Quarterly monitoring of the subdrain at the catch basin in the paved area (approximately 60 feet from the storage tank) for visible and dissolved product, and

2. A quantitative method of weekly inventory monitoring and record keeping.

Monitoring and supplying of the catch basin contents shall be done according to standard protocol, and shall be analyzed by a NYS certified laboratory according to EPA Method 602. If the inventory monitoring or the catch basin monitoring and sampling show that the tank is leaking or has leaked, the contents of this tank shall be immediately removed, the tank and piping shall be cleaned and removed, and remediation of the site to begin as necessary.

This monitoring, in lieu of tightness testing, shall continue for only a one year period. If after that period the tank is not tested according to 6NYCRR Part 613.5, it shall be removed from service and permanently closed.

If you have any questions, please call me at (315) 426-7519.

Sincerely,

Christopher L. White

Syracuse, NY 13204

Dear Sir:

When the law was instituted Central Office of OMRDD contracted with OGS to arrange for all testing of tanks; the diesel storage tank was looked at by the testing firm and scheduled for testing.

The tank is buried but accessible by a manhole down a 10' ladder on the top of the tank. The question arose as to whether or not it is safe for workmen to go down the ladder because of possible fumes. OSHA was to be contacted regarding this possible health hazard.

I have called Central Office several times to find out the disposition of this problem. Upon receipt of your correspondence, I talked with Chuck Herendeen of OMRDD, Central Office who stated that he would investigate this matter. Hugh Mitchell of OMRDD has been given this task and is responding to same.

Sincerely,

Gerald D. DeBarr

DEC DISPOSITION:

DEPARTMENT COPY

Test Requirements

Under the Petroleum Bulk Storage Regulations, you are required to test tanks indicated on the other side of this form, in accordance with these regulations, by the last date of the month indicated.

Reporting Requirements

In accordance with the regulations, the owner of a facility must report the test results on the first page of this form to the Department within thirty (30) days of the test due date. Keep OWNER COPY of form for your files. The following information **must be** included on this form for the test results to be accepted:

- Test results for each tank and piping system (Pass/Fail/Unable to Test).
- Test Date.
- Tester's Name and Address.
- Tester's Signature.
- Owner's Signature.

The test report(s) must be sent to DEC with the notice form.

In addition, any test(s) which shows a leaking tank(s) or piping system must be reported to the Department at (518) 457-7362 within two hours of the discovery of such a leak(s).

The owner is required to maintain a copy of the test report(s) for at least five (5) years.

Vacu Tect Tightness Test, Tank No. 1
Syracuse Developmental Center
Syracuse, New York

Dear Mr. Butler:

As indicated in my telephone conversation with you earlier this month, your testing crew indicated an inability to perform the referenced testing of petroleum tank number 1 at the facility. Therefore, the referenced purchase order has been cancelled.

Should you have further questions about State agency testing projects, please feel free to call me at (518) 473-5223.

RE: 5000 GALLON DIESEL FUEL STORAGE TANK
PBS NO. 7-447072

Dear Mr. DeBarr:

Based upon an inspection of your facility on January 7, 1992, and a phone conversation with Mr. Frank Conley of OGS on January 14, 1992, it has been determined that the 5000 gallon diesel tank will be waived from the required tank tightness test for a period of one year from the date of this letter. The conditions of this variance shall include:

1. Quarterly monitoring of the subdrain at the catch basin in the paved area (approximately 60 feet from the storage tank) for visible and dissolved product, and

2. A quantitative method of weekly inventory monitoring and record keeping.

Monitoring and supplying of the catch basin contents shall be done according to standard protocol, and shall be analyzed by a NYS certified laboratory according to EPA Method 602. If the inventory monitoring or the catch basin monitoring and sampling show that the tank is leaking or has leaked, the contents of this tank shall be immediately removed, the tank and piping shall be cleaned and removed, and remediation of the site to begin as necessary.

This monitoring, in lieu of tightness testing, shall continue for only a one year period. If after that period the tank is not tested according to 6NYCRR Part 613.5, it shall be removed from service and permanently closed.

If you have any questions, please call me at (315) 426-7519.

Sincerely,

Christopher L. White

MEMORANDUM

TO: Lee Flocke and Tom Male, Region 7
FROM: Christopher L. White, Region 7
SUBJECT: ENVIRONMENTAL AUDIT

DATE: November 6, 1989

AUBURN RESIDENTIAL CENTER - PBS NO. 491322

Facility registered with this Department on October 4, 1989. The letter accompanying the registration states that OGS will be doing the required testing of the 2,000 gallon fuel oil tank. DFY contact is Edwin H. Lawson, Albany.

NYSDOT REGION 2, MORRISVILLE & ONEIDA - PBS NO. 389676 AND 389668

Both facilities registered with this Department on December 24, 1986. Registrations did not include kero tanks at both sites. (Tank size is unknown.) Facilities were told to determine size of tanks and if not in use to close them (Per Part 613) and if in use to have them tested immediately. Contact is Paul Obernesser at 363-6960

OMRDD SYRACUSE DSO - PBS NO. 447072

OGS is having a difficult time testing tanks due to the nature of their placement. Contact is Thomas Cullen at 473-6982.

sti-P_3® Limited Warranty

The STEEL TANK INSTITUTE ("STI") warrants each sti-P_3® tank for 30 years following delivery of the tank, against: (i) cracking, breakup or collapse resulting in tank failure; and (ii) corrosion caused by reaction of the tank with its soil environment. In addition, the sti-P_3® Licensee, identified below, warrants the tank against failure due to defective materials and workmanship for 1 year following the delivery of the tank.

Each such limited warranty is subject to the following conditions:

1. The steel tank must bear the sti-P_3® trademark and nameplate showing the sti-P_3® series number and must be: (i) the original underground installation; (ii) fabricated by the sti-P_3® Licensee identified below ("Licensee") in accordance with the applicable sti-P_3® specifications: and (iii) installed and maintained in accordance with applicable sti-P_3® installation instructions, which are printed in full on the reverse side, and applicable codes and regulations.

2. To permit Warrantors to fulfill the terms of this limited warranty, the purchaser represents and agrees that, upon discovery of a suspected tank failure or leak covered by the warranty, the purchaser shall give STI and Licensee written notice thereof sufficient to permit them to inspect the tank site prior to and during excavation and the tank itself thereafter.

3. Warrantors obligations under this warranty shall be limited to, at their option: (i) repair of the original tank; (ii) delivery of a replacement tank of approximately the same size, design, quality of material and workmanship as the original tank; or (iii) refund of the original purchase price. Warrantors shall not be liable for: (i) failure of the piping system connected with the steel tank; (ii) labor or other installation costs of any replacement tank; nor (iii) any indirect or consequential damages to person or property resulting from failure of the tank.

4. THE FOREGOING LIMITED WARRANTY IS THE ONLY WARRANTY MADE. NO OTHER WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, AND ALL WARRANTIES OR MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE WHICH EXCEED THE AFORESAID OBLIGATIONS ARE HEREBY DISCLAIMED BY THE WARRANTORS AND EXCLUDED FROM THIS AGREEMENT OF LIMITED WARRANTY.

5. The exclusion of indirect or consequential damages, as set forth in Paragraph 3, and the limitation of implied warranties, as set forth in Paragraph 4, may not be applicable to purchasers who are deemed "consumers" and who reside in states that do not allow the limitation of implied warranties or the exclusion of indirect or consequential damages otherwise applicable to consumers. Moreover, if you are deemed a "consumer," you may have specific legal rights in addition to those set forth in this warranty, which rights vary from state to state.

sti-P_3® Limited Warranty

The STEEL TANK INSTITUTE ("STI") warrants each sti-P_3® tank for 30 years following delivery of the tank, against: (i) cracking, breakup or collapse resulting in tank failure; and (ii) corrosion caused by reaction of the tank with its soil environment. In addition, the sti-P_3® Licensee, identified below, warrants the tank against failure due to defective materials and workmanship for 1 year following the delivery of the tank.

Each such limited warranty is subject to the following conditions:

1. The steel tank must bear the sti-P_3® trademark and nameplate showing the sti-P_3® series number and must be: (i) the original underground installation; (ii) fabricated by the sti-P_3® Licensee identified below ("Licensee") in accordance with the applicable sti-P_3® specifications: and (iii) installed and maintained in accordance with applicable sti-P_3® installation instructions, which are printed in full on the reverse side, and applicable codes and regulations.

2. To permit Warrantors to fulfill the terms of this limited warranty, the purchaser represents and agrees that, upon discovery of a suspected tank failure or leak covered by the warranty, the purchaser shall give STI and Licensee written notice thereof sufficient to permit them to inspect the tank site prior to and during excavation and the tank itself thereafter.

3. Warrantors obligations under this warranty shall be limited to, at their option: (i) repair of the original tank; (ii) delivery of a replacement tank of approximately the same size, design, quality of material and workmanship as the original tank; or (iii) refund of the original purchase price. Warrantors shall not be liable for: (i) failure of the piping system connected with the steel tank; (ii) labor or other installation costs of any replacement tank; nor (iii) any indirect or consequential damages to person or property resulting from failure of the tank.

4. THE FOREGOING LIMITED WARRANTY IS THE ONLY WARRANTY MADE. NO OTHER WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, AND ALL WARRANTIES OR MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE WHICH EXCEED THE AFORESAID OBLIGATIONS ARE HEREBY DISCLAIMED BY THE WARRANTORS AND EXCLUDED FROM THIS AGREEMENT OF LIMITED WARRANTY.

5. The exclusion of indirect or consequential damages, as set forth in Paragraph 3, and the limitation of implied warranties, as set forth in Paragraph 4, may not be applicable to purchasers who are deemed "consumers" and who reside in states that do not allow the limitation of implied warranties or the exclusion of indirect or consequential damages otherwise applicable to consumers. Moreover, if you are deemed a "consumer," you may have specific legal rights in addition to those set forth in this warranty, which rights vary from state to state.

TO: HOWARD T. McLAUGHLIN
DIVISION OF REMEDIATION

I'M WRITING YOU THIS LETTER IN RESPONSE TO OUR 2,000 GALLON GASOLINE STORAGE TANK HERE AT SYRACUSE DEVELOPMENTAL CENTER. I HAVE LOOKED UP AND FOUND INFORMATION REGARDING THIS TANK #001. I'M INCLUDING ALL THE INFO I COULD FIND FOR YOUR FILES. WE HAVE ALSO DONE SOME REORGANIZATION HERE AND THE CONTACT PERSON FOR ANY FUTURE CORRESPONDENCE SHOULD BE DONE WITH BOB CORNELL WHO IS OUR ASSISTANT BUSINESS OFFICER HERE AT SYRACUSE DEVELOPMENTAL CENTER. HE IS NOW IN CHARGE OF THE TRANSPORTATION DEPT. WHERE THE FUEL TANK IS AND SHOULD BE CONTACTED FOR ANY FUTURE TESTING OR TANK ISSUES.

SINCERELY

Date Entered	Time Entered	Opened By	Officer Assigned	Approved By	Approved Date
10/25/2018	1434	Rigoli Anthony	ECO Donald M Damrath	David McShane	06/19/2019

Narrative:

Date/Time	Comment
11/7/2018 12:34:42 PM	On 10/25/18 I observed several piles of municipal solid waste dumped behind the Syracuse State Idiot Asylum on 800 S. Wilbur Avenue. I observed materials in the pile indicating the source of the waste was Al's Market. I took digital photos. P.O. Romain and I made contact with Al's Market Store Owner [redacted] at Al's Market. We read [redacted] his Miranda rights. [redacted] admitted to dumping the store's garbage at the former Syracuse Developmental property (now owned by out of State entity) on 9/27/18, and other dates. I charged [redacted] on ECAT #BF4119533 in violation of 6NYCRR 360-1.5(A) Unlawful disposal of Solid Waste returnable to Syracuse City Court on 11/15/18. We ordered [redacted] to remove the waste and lawfully dispose of it. [redacted] stated he would remove the solid waste that afternoon. Approximately two hours later [redacted] and two hired hands met P.O. Romain and I at South Wilbur to remove their solid waste. Closed.

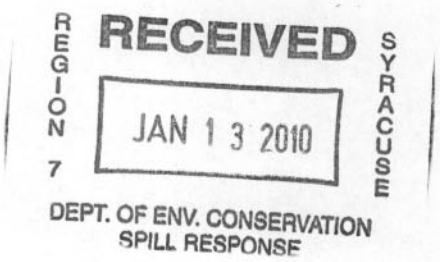
RE: NYSDEC Spill No. 09-10395



Dear Mr. Romacki,

Thank you for your prompt response and site visit to Onondaga County Park's Rosamond Gifford Zoo on December 21st. Enclosed please find the "Spill Response and Underground Storage Tank Closure Report" (NYSDEC Spill No. 09-10395), compiled and provided by environmental products and services of Vermont Inc.

As recommended by E.P.S.V.T. Inc., I would like to request that Spill No. 09-10395 be re-classified as "Closed".

Thank you for you help and attention to this matter,

Gary Radford

Rosamond Gifford Zoo – One Conservation Place
Syracuse, New York
NYSDEC Spill No.: 09-10395

Dear Mr. Radford:

Environmental Products & Services of Vermont, Inc. (EPSVT) hereby provides you with this report detailing the activities and findings relating to initial spill response activities and the removal and permanent closure of one 1,500-gallon diesel fuel underground storage tank (UST) at the above referenced site.

Spill Response

On December 21, 2009, during excavation activities involved with an on-going project, an underground storage tank of unknown capacity and contents was uncovered (Figure 1). EPSVT was called to the site by Onondaga County to remove the contents of the tank, clean the tank, and provide proper transportation and disposal of the waste stream. A vacuum truck was utilized in an attempt to remove the contents of the tank and the groundwater located in the adjacent excavation. As some liquids were removed from the tank, it was noted that the contents of the tank were sand and stone. It was determined that EPSVT would return to the site at a later date to remove the sand and stone and clean the UST.

The vacuum truck was then utilized to remove the standing groundwater in the adjacent excavation. A total of 463 gallons of groundwater impacted with fuel oil was properly transported and disposed of at EPSVT's Syracuse Waste Management Facility. Site photographs and proper disposal documentation have been attached.

UST Removal/Cleaning

EPSVT returned to the site on December 23, 2009 to remove the sand and stone contents of the 1,500-gallon fuel oil UST. A total of (27) 55-gallon drums of sand and stone were removed from the UST and properly transported and disposed at EPSVT's Syracuse Waste Management

Facility. Proper disposal documentation has been attached. Once emptied, the UST was removed from the subsurface by Bette & Cring and loaded onto an Onondaga County truck for recycling. Site photographs have been attached.

UST Excavation/Soil Observations

The soil excavated by Bette & Cring during the removal of the UST did not exhibit any signs of olfactory or visual impact from the diesel fuel and was screened in the field for the presence of volatile organic compounds (VOCs). All PID readings were recorded at 0 parts-per-million (ppm). Upon inspection of the UST, it appeared to be in good condition and there were no visible signs of pitting or corrosion on the outside of the UST. The soil beneath and around the UST did not indicate visual or olfactory evidence of petroleum impact to the subsurface. Soil from the around the UST was screened in the field for the presence of volatile organic compounds (VOCs) utilizing a calibrated photoionization detector (PID). All readings obtained on site were recorded at 0 parts-per-million (ppm).

Confirmatory Soil Samples

Before backfilling the excavation, five soil samples were collected from the excavation (Exc. Wall #1, Exc. Wall #2, Exc. Wall #3, Exc. Wall #4, and Exc. Bottom). Soil that was removed from above and around the UST, in conjunction with clean fill from an off-site source, was used by Bette & Cring to backfill the excavation.

Soil Analytical Results

The soil samples collected on December 23, 2009 were submitted to Phoenix Environmental Laboratories, Inc. located in Manchester, Connecticut to be analyzed for VOCs and Semi-VOCs in accordance with USEPA Method 8260 (STARS List) and USEPA Method 8270 (STARS List), respectively. The results of the analyses indicate no detected Semi-VOCs in the soil samples above the method detection limits. Subsequently, all Semi-VOCs tested for in the soil sample collected on December 23, 2009 were reported at concentrations below NYSDEC guidance values. Soil analytical results have been summarized in Table 1 and a copy of the analytical report is attached.

The results of the analyses indicate no detected VOCs in soil sample Exc. Wall #3 above the method detection limits. Subsequently, all VOCs tested for in the soil sample Exc. Wall #3 collected on December 23, 2009 were reported at concentrations below NYSDEC guidance values. The results of the analyses indicate the presence of VOCs in Exc. Wall #1 (naphthalene at 1.6 ug/kg), Exc. Wall #2 (naphthalene at 5.5 ug/kg and 1,2,4-trimethylbenzene at 1.8 ug/kg), Exc. Wall #4 (naphthalene at 3.2 ug/kg and 1,2,4-trimethylbenzene at 1.5 ug/kg), and Exc. Bottom (naphthalene at 1.8 ug/kg, 1,2,4-trimethylbenzene at 1.6 ug/kg, and 4-isopropyltoluene at 1.4 ug/kg). All detected VOCs were reported at concentrations below NYSDEC guidance

values. Soil analytical results have been summarized in Table 1 and a copy of the analytical report is attached.

Conclusions/Recommendations

Due to the minor concentrations of VOCs (all below NYSDEC guidance values) and the non-detected concentrations of Semi-VOCs in the soil samples collected on December 23, 2009, EPSVT, Inc. recommends submitting a copy of this report (enclosed) to Mr. Matt Romacki of the NYSDEC and respectfully requesting that spill number 09-10395 be re-classified as 'Closed'. Mr. Romacki's address is as follows:

NYSDEC Region 7
ATTN: Mr. Matt Romacki
615 Erie Boulevard West
Syracuse, NY 13204-2400

Thank you for the opportunity to provide our services. If you have questions or require additional information, please do not hesitate to contact our office at (315) 451-6666.

Very truly yours,

Qualifications

MICHAEL DELANEY

Environmental Analyst

Michael is an Environmental Analyst working with the Due Diligence Program of Labella's Environmental Division. Michael is responsible for preparing Phase I Environmental Site Assessments (ESAs) and Transaction Screen ESAs technical reports, and completing other environmental due diligence reports..

EDUCATION

SUNY College at Brockport, Geology: BS

Michael has conducted numerous Environmental Site Assessments. Site assessments include evaluation of environmental liability associated with properties such as commercial properties, undeveloped land, natural gas regulator stations, and residential homes. Michael provides efficient analysis and has completed environmental assessments for the following groups:

Financial Institutions

- Canandaigua National Bank
- Community Bank
- Counterpoint Mortgage
- Northwest Bank
- Steuben Trust Company

Development and Construction Companies

- Buckingham Properties
- Flaum Management Company, Inc.
- Prime Development, Inc.

Engineering and Architectural Firms

- MRB Group

Electric and Gas Utility Companies

- NYSEG

Medical Institutions

- Southern Tier AIDS Program (STAP)

LaBella
Powered by partnership.

DAVID CRANDALL

Phase I Program Manager

Dave is LaBella's Phase I Program Manager and is responsible for oversight, training, and professional development of Analysts and Senior Reviewer staff, overall quality assurance/quality control of Phase I Environment Site Assessment, Transactions Screen, and Records Search with Risk Assessment (RSRA) due diligence reports, and assisting project managers with client interactions and business development activities. Dave has been involved in over 10,000 due diligence projects ranging from undeveloped land and commercial properties to automotive repair facilities, gasoline stations, and large-scale industrial facilities. Dave has performed environmental due diligence services for attorneys, private entities/developers, municipalities, and various commercial lenders. In addition, Dave is experience in environmental investigation and remediation techniques and offers his experience in these areas to assist clients in determining the best way to address potential environmental risks encountered through due diligence activities.

PG

Professional Geologist, NY

EDUCATION

State University of New York College of Environmental Science and Forestry: BS. Environmental Studies, Concentration in Policy and Management, graduated Cum Laude

CERTIFICATIONS/ REGISTRATIONS

Environmental Professional, as per USEPA AAI Rule

40 Hour HAZWOPER/ Superviser; 8-hour refresher

Environmental Due Diligence

Mr. Crandall has extensive experience in Environmental Due Diligence, having been involved in over 10,000 due diligence projects including Phase I Environmental Site Assessments, Transaction Screens, Records Search with Risk Assessments (RSRAs) and other desktop reports, and the peer review of reports completed be other consultants to ensure compliance with applicable standards and to assist commercial banks with assessing overall environmental risk.

In David's previous roles, he was responsible for the oversight of a group of approximately 15 technical writers and senior reviews/Environmental Professionals who, along with a team of field staff/inspectors completed over 7,000 due diligence projects per year for private, attorney, municipal, and commercial banking clients including several thousand Phase I ESAs and Transaction Screens per year. David was responsible for overall QA/QC of reports, ensuring that reports met applicable standards/criteria. In addition, he would assist with client discussions of concerns and help to develop scopes of work for Phase II Environmental Site Assessments or assist in determining alternatives to addressing potential environmental risk.

Prior to that time, Mr. Crandall worked for as an Environmental Scientist an international consulting firm working primarily on remedial investigations and feasibility studies for State and Federal clients. In this role, he would serve as Site Manager and be responsible for work plan development and investigation scoping, soliciting bids from subcontractors, oversight of field investigation activities/staff, and completions of summary reports.

1 FINDINGS AND CONCLUSIONS

Professional Service Industries, Inc. (PSI) performed a Phase I Environmental Site Assessment (Phase I ESA) of the property at 800 South Wilbur Avenue in Syracuse, New York. The assessment included a Phase I ESA only. PSI performed the assessment to comply with the contract between PSI and Syracuse Resort, LLC.

The subject property consists of approximately 48 acres developed with a five-story approximately 628,808 square foot masonry building constructed around 1970 with a locked shed on the north side of the subject property. The property's current use dates back to about 1997 when the property was reorganized for office use and storage from residential use. Previously, the property was utilized as the Syracuse Developmental Center with residential use between approximately 1970 and 1997. Prior to the 1970 opening of the new building on the property, the facility was developed as the Syracuse State School, which served as a psychiatric hospital for children. The Syracuse State School is reported to have been constructed on agricultural land around 1860.

Current use(s) of surrounding property includes Burnet Park and Rosamond Gifford Zoo to the north and west, residential, ARC of Onondaga County and a high school to the east and residential, a gas station and commercial use to the south.

1.1 PHASE I ESA

PSI performed the Phase I ESA in general conformance with ASTM E 1527-05. Limitations, exceptions and deviations from this protocol are discussed in Section 3.

1.1.1 OPINIONS

Significant Data Gaps

PSI considered the following to be a significant data gap that affected our ability to identify recognized environmental conditions (RECs) in connection with the subject property.

- An oil house, paint/printing shop, hospital and laundry area were indicated on the subject property at various times according to the 1911, 1951, 1953, and 1962 Sanborn Maps. It is likely that solvents, petroleum products, paints, cleaning chemicals and other hazardous materials were utilized and stored at these areas and other areas of the subject property. The information available concerning hazardous material use and disposal at these buildings and the remainder of the subject property could not be determined during this assessment. Given the limited information available and the likely use and storage of hazardous materials at the subject property, PSI considers the historic use of hazardous materials at the subject property to represent a recognized environmental condition in connection with the subject property.

PSI's findings and conclusions regarding recognized environmental conditions are subject to the limitations imposed by the significant data gaps.

On-Site Conditions

This assessment revealed no evidence of recognized environmental conditions in connection with the property except for the following:

Recognized Environmental Conditions

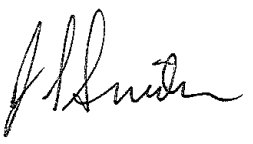
- An oil house, paint/printing shop, hospital and laundry area were indicated on the subject property at various times according to the 1911, 1951, 1953, and 1962 Sanborn Maps. It is likely that solvents, petroleum products, paints, cleaning chemicals and other hazardous materials were utilized and stored at these areas and other areas of the subject property. The information available concerning hazardous material use and disposal at these buildings and the remainder of the subject property could not be determined during this assessment. Given the limited information available and the likely use and storage of hazardous materials at the subject property, PSI considers the historic use and storage of hazardous materials at the subject property to represent a recognized environmental condition in connection with the subject property.

Historical Recognized Environmental Conditions

- According to the EDR database report, the subject property is identified in the UST, Historic UST, NY Spills and NY Historic Spills databases. The UST and Historic UST listings are due to two registered USTs on the property. In 1997, a 5,000-gallon diesel UST was closed in place on the property. In 1998, a 2,000-gallon gasoline UST was removed from the property. Although an LTANKS incident is not reported for the property, a NY Spills incident appears to be related to the 1998 tank removal. The information available indicated that soil contamination was discovered after the tank was removed from the ground. The spill was closed in October 2003. The remaining NY Spills and NY Historic Spills incident occurred in October 1986 when a type of petroleum was found in a storm drain. A sample was analyzed and the material was found to contain less than 50 ppm PCB. The material was collected and disposed of at Seneca Meadows. The incident was closed in July 1988. Given the regulatory closure of these past spills at the subject property, PSI does not consider these spills to represent evidence of a recognized environmental condition; however, they do represent evidence of a historic recognized environmental condition. It should be noted that the New York State Department of Environmental Conservation reserves the right to require additional remedial work in relation to a spill, if in the future it determines that further action is necessary.

Off-Site Conditions

Recognized Environmental Conditions



- None

Historical Recognized Environmental Conditions

- A Rizzo's Sunoco adjoined the subject property to the south across Grand Avenue. A gas station is currently located at this address. According to the EDR database report, this facility is identified in the LTANKS, Historic LTANKS, UST, Historic AST and Historic UST databases. The Historic AST database indicted that a 4,000-gallon gasoline AST is in service at the property. The UST and Historic UST database indicated that a 6,000-gallon gasoline UST has been removed from the property, three 4,000-gallon gasoline USTs and a 500-gallon #2 fuel oil UST are reportedly still in service at the facility. Two gasoline USTs are located in vaults with access and have leak detection and overfill protection. The remaining gasoline UST is double-walled with interstitial monitoring, overfill prevention and a catch basin. The #2 fuel oil UST is reported to have been installed on the property in 1960. Given the leak detection and overfill protection, these active gasoline USTs do not appear to represent evidence of a recognized environmental condition in connection with the subject property. The LTANKS and Historic LTANKS incident was discovered during a tank removal at the facility in 1998. The EDR information indicated that the cause was attributed to tank overfills and was closed in October 1998 after corrective action was taken. Given the closed status of the incident and corrective action taken, this incident does not appear to represent evidence of a recognized environmental condition in connection with the subject property at this time.

1.1.2 ENVIRONMENTAL PROFESSIONAL DECLARATIONS

Ms. Janelle Snider, an Assessor, gathered and compiled information contained in this report and performed the site and area reconnaissance.

Janelle Snider
Assessor

Mr. Erik Gilbert, the supervising project Environmental Professional, supervised planning the site reconnaissance and interviews, reviewed the information and interpreted the information.

Erik Gilbert
Environmental Professional
Principal Consultant

I declare that, to the best of my professional knowledge and belief, I meet the definition of Environmental Professional as defined in §312.10 of 40 CFR 312.

I have the specific qualifications based on education, training and experience to assess a property of the nature, history and setting of the subject property. I have developed and performed the all appropriate inquiries in conformance with the standards and practices set forth in 40 CFR 312.

1.2 RECOMMENDATIONS

PSI recommends a Phase II ESA to address the past historic use and storage of hazardous materials at the subject property. PSI also recommends that the areas of indiscriminant dumping on the subject property be evaluated to determine if this dumping has impacted the subject property.

This summary does not contain all the information presented in the full report. The report should be read in its entirety to obtain a more complete understanding of the information provided and to aid in any decisions made or actions taken based on this information.

2 INTRODUCTION

2.1 CONTRACT

The contract between PSI and Client is summarized below:

Summary	
Client	Syracuse Resort, LLC
Authorizing Party **Title**	Mr. Bruce Benjamin VIP
Engagement ID, Date	PSI Proposal No.: 821-8E001 January 23, 2008

PSI considers the client to be the 'User' of our assessment, defined in the Practice as:

> "The party seeking to use Practice E 1527 to complete an environmental site assessment of the property. A user may include, without limitation, a potential purchaser of a property, a potential tenant of property, an owner of property, a lender or a property manager. The user has specific obligations for completing a successful application of this practice…."

2.2 PURPOSE OF SERVICES

Based on the information provided, PSI understands that your purpose for having the Phase I ESA performed is to satisfy one of the requirements to qualify for the innocent landowner, contiguous property owner, or bona fide prospective purchaser limitations on CERCLA liability (hereinafter landowner liability protections or LLPs). The scope of services presented below is intended to satisfy this purpose.

PSI performed the Phase I ESA in general conformance with ASTM E 1527-05, Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process (the Practice). The purpose of the Practice was to define good commercial practice for conducting an environmental site assessment and as such, the Practice is intended to permit the user to satisfy one of the requirements to qualify for the LLPs. The goal of the processes established by the Practice is to identify recognized environmental conditions (RECs) in connection with the property.

2.3 STANDARD OF CARE AND WARRANTIES

Our services were not intended to be technically exhaustive. There is a possibility that with the proper application of methodologies, conditions may exist on the property that could not be identified within the scope of the assessment(s) or that were not reasonably identifiable from the available information.

No ESA can wholly eliminate uncertainty regarding the potential for RECs in connection with the property. The ESA was intended to reduce, but not eliminate uncertainty regarding the potential for RECs in connection with a property.

Our report is based on commonly known and reasonably ascertainable information, including limited, ground-level visual inspection of the property except where otherwise explicitly indicated, in conformance with ASTM E 1527-05. Findings and conclusions derived from the methodologies described in the Practice contain all of the inherent limitations in the methodologies that are referred to in the Practice.

PSI did not perform any exploratory probing or discovery, perform tests, operate any specific equipment, or take measurements or samples to perform the ESA scope. The ESA was not a building code, safety, regulatory or environmental compliance inspection. The ESA is not intended to reduce the risk of the presence of mold and physical deficiencies conducive to mold nor the risk that mold or physical deficiencies conducive to mold may pose to the buildings and building occupants.

The methodologies include reviewing information provided by other sources. PSI treats information obtained from the record reviews and interviews concerning the property as reliable and the ASTM protocol does not require PSI to independently verify the information. Therefore, PSI cannot and does not warrant or guarantee that the information provided by these other sources is accurate or complete. No other warranties are implied or expressed.

PSI warrants that the findings contained in this report have been prepared in general conformance with accepted professional practices at the time of report preparation as applied by similar professionals. Future changes in standards, practices, or regulations cannot be anticipated and have not been addressed.

The observations and recommendations presented in this report are time dependent, and conditions will change. This report speaks only as of its date.

2.4 USE BY OTHER PARTIES

This report was prepared pursuant to a contract between PSI and its client. That contractual relationship included an exchange of information about the property that was unique and serves as the basis upon which this report was prepared. Because of the importance of these understandings, our assessment may not be sufficient for the intended purposes of another party.

Reliance or any use of this report by anyone other than those parties identified above, for which it was prepared is prohibited and therefore not foreseeable to PSI. Any unauthorized reliance on or use of this report, including any of the information or conclusions contained herein, will be at the third party's risk. No warranties or representations expressed or implied in this report are made to any such third party.

Third party reliance letters may be issued upon timely request and payment of the then-current fee for such letters. All third parties relying on our report, by such reliance, agree that such reliance is limited by our proposal and General Conditions.

3 SCOPE AND RESOURCES

3.1 PHASE I ESA

PSI performed a Phase I ESA of the subject property that generally conforms to the scope and limitations of the Practice. The assessment included four components:

- Records review;
- Reconnaissance;
- Interviews; and,
- Preparation of this report, including our evaluation.

The scope of our services and the information resources accessed are detailed below.

3.1.1 STAFF

Ms. Janelle Snider, an Assessor, gathered and compiled information for this assessment, including performing the site and area reconnaissance on January 30 - 31, 2008. Mr. Erik Gilbert, the supervising project Environmental Professional, supervised planning the site reconnaissance and interviews, reviewed and interpreted the information. Credentials and qualifications of persons responsible for preparation of this report are appended.

3.1.2 RECORDS REVIEW

Physical Setting Sources

PSI reviewed United States Geological Survey (USGS) Topographic (Topo) Maps and other information regarding the physical setting of the site to assist with the interpretation of subsurface water movement near the property.

Summary	
Source Name	**Year Published/Issued**
USGS 15 Minute Topo Map	Syracuse, New York, 1898
USGS 7.5 Minute Topo Map	Syracuse, New York 1947
USGS 7.5 Minute Topo Map	Syracuse, New York 1958
USGS 7.5 Minute Topo Map	Syracuse, New York 1973
Soil Survey, Onondaga County	The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) STATSGO soil data indicated that the subject property is located on Urban land with a variable surface texture that does not meet the requirements for a hydric soil

Environmental Regulatory Database Information

PSI retained Environmental Data Resources, Inc. (EDR) to provide environmental database information attributed to the site and its surroundings. EDR obtains environmental databases published by local, state, tribal, and federal agencies and geocodes the information for electronic searches. EDR's service includes reporting Standard Environmental Records Sources and, in most cases, some Additional Environmental Records Sources.

The search was performed to Approximate Minimum Search Distances (AMSD) listed in ASTM E 1527-05.

Unmappable (orphan) sites listed with insufficient address or geocoding information for EDR to map were evaluated for potential location within the AMSD. PSI used information provided about the city, county and Zip Code attributed to these sites to determine if they are located in the vicinity of the subject property.

Historical Use Information

PSI used USGS Topo maps and retained EDR to provide information about the history of the site and its surroundings. PSI also referenced other historical sources.

Summary			
Source Type	**Years Reviewed**	**Source**	**Note**
USGS Topo Maps	See Section 3.1.2	USGS	
Aerial Photograph(s)	1959, 1966, 1978, 1988, and 1995	EDR	
Fire Insurance Maps	1892, 1911, 1951, 1953, 1962, 1967, 1971, and 1990	EDR	
Street Directories	1961, 1971, 1981, 1991, 2004, and 2007	EDR	
Building Dept. Records	2008	City of Syracuse Assessor's Office	
Zoning Records	2008	City of Syracuse	
NA = None Available (Not Readily Ascertainable). NR = Not Reviewed. NPR = Not Practically Reviewable. Topographic Maps reviewed are previously listed.			

Recorded Land Title Records

PSI did not review land title records to obtain information about the current and past owners of the site and prior uses and tenancies.

User-Provided Information

The Practice describes information to be provided by the user, owner and key site manager. This information is detailed on appended questionnaires that PSI sent to the user.

3.1.3 RECONNAISSANCE

Mr. Bruce Benjamin, VIP of Syracuse Resort, LLC, granted PSI access to the site. Mr. Jerry Passamonte, Assistant Business Officer of Central New York Developmental Services Offices escorted PSI throughout the interior of the facility. Our assessor was unescorted during the exterior site reconnaissance.

The ground reconnaissance consisted of observing the periphery of the property and viewing the site from accessible adjacent public access areas. Visual reconnaissance of adjoining properties was limited to areas and facilities that were readily observable from the subject property or from public access areas.

PSI systematically toured interior portions of the property to provide an overlapping field of view. The periphery of structures, where present on the property, was observed along with accessible interior common areas, maintenance/repair areas and a representative number of occupant spaces.

PSI took photographs to document selected features.

3.1.4 INTERVIEWS

PSI made reasonable attempts to interview selected persons having knowledge of the uses and conditions of the site, past and present. A list of the persons that PSI interviewed and attempted to interview, along with our interpretations is presented in Section 8.

3.1.5 REFERENCES

The information sources that PSI used, including published material, material obtained from commercial sources, from other sources, or provided to us through questionnaires is cited as that information is presented in the report. Some of this information or excerpts thereof is also appended.

3.2 OTHER ENVIRONMENTAL ISSUES

Our services did not include effort outside the scope of the Practice to evaluate issues related to business environmental risk associated with the property.

3.3 SIGNIFICANT ASSUMPTIONS

PSI made the following assumptions in developing our Phase I ESA findings and conclusions:

- Groundwater Flow Direction - PSI interpreted and inferred the direction of the shallow groundwater movement based on the information we obtained and our experience. Actual groundwater flow may be locally influenced by many factors beyond the scope of this study. Subsurface investigation would be necessary to determine site-specific groundwater flow direction.
- Regulatory Agency Information - PSI considers all information provided by EDR regarding regulatory status of facilities to be complete, accurate, and current.
- Other Regulatory Information - PSI considers all other information obtained from regulatory or enforcement agencies to be complete, accurate, and current.
- Title, Lien and Activity and Use Limitation (AUL) Information - PSI considers all information provided by EDR, its subcontractors, or other real estate title records review firms regarding property ownership or encumbrances to be complete, accurate and current.
- Interviews - PSI considers all information provided through interviews to be complete, unbiased and provided in good faith.
- Other - None

3.4 LIMITATIONS, EXCEPTIONS, DEVIATIONS AND DATA GAP

PSI considers that limitations, exceptions and deviations from the Practice manifest as a lack of or inability to obtain information required by the Practice. This represents the definition of the 'data gap' contained in the Practice.

PSI tracked the components for this assessment on the Data Gap Worksheet which is appended. Therefore the limitations, exceptions and deviations are identified in the Worksheet.

In general, when required information was incomplete, not provided, otherwise not obtained or indicated a need for additional information, PSI attempted to use information from other sources to meet the Practices' performance objectives. When the data gaps affected the Environmental Professional's ability to identify RECs, PSI considered the data gap(s) to be significant. PSI identified significant data gaps (if any) in the Data Gap Worksheet and reported them in Section 1.1.

4 USER-PROVIDED INFORMATION

PSI provided the client with standard questionnaires. The response statuses are tabulated below. The questionnaires are appended and selected portions are discussed in the following sections.

Summary				
Questionnaire Returned? (See Notes)				
User	**Owner**	**KSM**	**Other**	**Questionnaire Name**
Y	N	N	N	Appendix X3 "User's Responsibilities"
N	N	N	N	Section 10.8 "Helpful Documents"
N	N	N	N	Section 10.9 "Proceedings"
N	N	N	N	Appendix X3.1 "Suggested Background"
Notes: Y (Yes) /P (Partial) /N (No) /NS (Not Sent by PSI e.g. Party Not Identified) KSM = Key Site Manager				

4.1 USER'S RESPONSIBILITIES

4.1.1 LIENS

It is recommended that the Syracuse Resorts, LLC engage a title company or title professional to undertake review of reasonably ascertainable recorded land title records and lien records, and report any environmental liens or AULs so identified to PSI. The client did not provide PSI with documentation about liens recorded against the subject property outside of the information provided through the user questionnaire.

4.1.2 ACTIVITY AND LAND USE LIMITATIONS (AULS)

It is recommended that the Syracuse Resorts, LLC engage a title company or title professional to undertake review of reasonably ascertainable recorded land title records and lien records, and report any environmental liens or AULs so identified to PSI. The client provided PSI with a previous environmental site assessment which indicated the presence of an Activity and Use Limitation (AUL) on the west side subject property.

4.2 HELPFUL DOCUMENTS

The client did not provide PSI with prior reports of prior assessments of the site.

4.3 PROCEEDINGS

The client did not provide PSI with documentation about legal proceedings or litigation involving the subject property.

4.4 SUGGESTED INFORMATION

PSI requested certain information about the property to assist with our assessment. Most of this information, such as the nature of the property and its legal description, are presented in the corresponding section of this report.

4.5 FINDINGS

PSI identified no evidence of RECs in the user-provided information.

5 SUBJECT PROPERTY USAGE

5.1 LOCATION AND LEGAL DESCRIPTION

Summary	
Project Name	Syracuse Resorts Site
Property Address	800 South Wilbur Avenue
City, County, State, ZIP Code	Syracuse, Onondaga County, New York 13204
Site Area (acres)	48 acres
No. Buildings/Units/Stories	Two buildings including one one-story shed locked with no interior access and one five-story building
Area (sf)	Approximately 628,808 sf
Occupied Subgrade Spaces?	Yes
Year(s), First Developed for Current Use	1970 (approximately 1860 original facility construction)
Year(s), Additional Phases	NA
Year Significant Renovations	1997, limited renovation as part of conversion to offices and storage.

The legal description of the property was not provided to PSI.

The subject property is located to the northwest of the intersection of Delaware Street and Grand Avenue, with South Wilbur Street as a boundary to the east. Burnett Park is located on the north and west boundaries of the property. The facility's entrance is from South Wilbur Avenue, an out of use entrance is located at the intersection of Seymour Street and South Wilbur Street. Maintenance entrances to the Harbor Brook area are from Delaware Street and Grand Avenue.

5.2 PHYSICAL SETTING

Summary	
Nominal Elevations, (ft, MSL)	Between 430 and 520 feet above mean sea level, sloping downward from the north to the south and east.
Surface Topo Characteristics	The property is relatively flat to the between Harbor Brook and Grand Avenue, the property slopes upward towards the north side of the subject property from Harbor Brook and South Wilbur Avenue.
General Soil Type, Slopes	The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) STATSGO soil data indicated that the subject property is located on Urban land with a variable surface texture that does not meet the requirements for a hydric soil
Does EDR Map a Floodplain On-Site?	Yes on the south end of the subject property in the vicinity of Harbor Brook

On-Site Water Bodies	Harbor Brook runs through the south side of the subject property, the channel is predominately masonry construction.
Off-Site Water Bodies	Westcott Reservoir is located approximately 0.6 miles to the northwest of the subject property, Woodland Reservoir is located approximately 0.5 miles to the south of the subject property, Hiawatha Lake is locate approximately 0.6 miles to the south of the subject property, the Onondaga River is located approximately 0.6 miles east of the subject property, and Onondaga Lake is located approximately 0.75 miles to the north of the subject property with an attached canal terminal.
Note: MSL means Mean Sea Level	

Based on our interpretation of the physical setting sources and our experience, PSI infers that the shallowest regional groundwater:

- Moves towards the Onondaga River approximately 0.6 miles east of the subject property.

5.3 CURRENT USES

Improvements to the property consisted of a five-story masonry building and a one-story shed with parking lots and landscaped areas in the vicinity of the buildings. A cooling tower is located at the south end of the east parking lot. No access was available to the shed or the cooling tower at the time of the site reconnaissance. The property is less developed to the south in the vicinity of Harbor Brook. Surface runoff is reportedly into storm water drains connected to the City of Syracuse storm water system. At least one storm water drain appears to discharge to Harbor Brook in the vicinity of Delaware Street.

5.3.1 INTERIOR AND EXTERIOR OBSERVATIONS

A summary of uses and conditions is tabulated below. Detailed information is discussed following the summary along with an opinion about the significance of the listing.

Summary		
Identified?		
Yes	**No**	
☒	☐	Hazardous Substances
☐	☒	Petroleum Products
☒	☐	Aboveground or Underground Storage Tanks (ASTs/USTs)
☒	☐	Drums

Summary		
Identified?

☐	☒	Irrigation Wells
☐	☒	Monitoring Wells
☐	☒	Odors
☐	☒	Other Uses or Conditions of Concern

Hazardous Substances

Cleaning compounds, laundry detergents and softeners, pool chemicals, paint, maintenance compounds, refrigerants and one 55-gallon open topped drum labeled Sulfuric Acid debris Hazardous Waste were observed in the subject property. The containers appeared to be intact and in good condition with only minor areas of spillage noted in the vicinity of the pool chemical containers in the maintenance area below the pool. Given the apparent good condition of the containers at the time of the site reconnaissance and lack of evidence indicating a significant spill has occurred, these materials are not considered to represent evidence of a recognized environmental condition at this time.

Petroleum Products

A five-gallon container of lube oil was observed in a second floor maintenance area of the subject property. The container appeared to be intact and in good condition at the time of the site reconnaissance. Given the apparent good condition of the container at the time of the site reconnaissance and lack of evidence indicating a significant spill has

occurred, this material is not considered to represent evidence of a recognized environmental condition at this time.

ASTs/USTs

One 275-gallon diesel AST was observed on the lowest level of the subject property on a concrete slab. The AST is reportedly associated with the backup onsite emergency generator. There was no evidence of leaking or staining in the vicinity of the AST observed at the time of the site reconnaissance. Given the lack of evidence indicating a release has occurred and the apparent good condition of the AST, this AST does not represent evidence of a recognized environmental condition in connection with the subject property at this time. Please note, a secondary containment was not observed around the AST.

One 5,000-gallon diesel UST is located to the west of a garage area behind a retaining wall. The UST was reportedly decommissioned and closed in place in 1997. The access hatch is still in place but the fill and vent pipes were reportedly removed as part of the UST closure. The UST has achieved regulatory closure with the New York State Department of Environmental Conservation (NYSDEC). Given that this UST has achieved regulatory, PSI does not consider this UST to represent evidence of a recognized environmental condition in connection with the subject property.

One approximately 550-gallon chlorine AST was observed on the second floor of the subject property. The AST is associated with the pool system and there was no evidence of leaking or staining in the vicinity of the AST observed at the time of the site reconnaissance. Given the lack of evidence indicating a release has occurred and the apparent good condition of the AST observed at the site reconnaissance, this AST does not represent evidence of a recognized environmental condition in connection with the subject property at this time.

Drums

Three drums were observed on the exterior of the subject property, one to the north of Harbor Brook and two in pieces between the east parking lot and the former entrance road of the facility. The drums were observed to be rusted and in poor condition at the time of the site reconnaissance. There was no indication of the previous contents of the drums. There was no obvious evidence of environmental impact at the time of the site reconnaissance; however, the ground was partially covered with snow. The condition and contents at the time of disposal could not be determined at the time of the site reconnaissance. Given the lack of information regarding these drums, these drums represent a potential recognized environmental condition in connection with the subject property.

Three closed top 55-gallon drums were observed in a maintenance storage area on the second floor of the main building. The drums appeared to be intact and at least partially full at the time of the site reconnaissance. The drums appeared to be marked with

internal container numbers; however, the contents of the drums could not be determined from the information available. PSI did not observe any evidence of stains or releases on the drums or the floor surface below at the time of the site reconnaissance. Given the apparent good condition of the drums and lack of evidence indicating a significant spill has occurred, these drums are not considered to represent evidence of a recognized environmental condition in connection with the subject property.

Electrical Or Mechanical Equipment Suspected To Contain PCBs

Several dry type transformers, one large transformer (labeled non-PCB) and one transformer without clear PCB content markings were observed in the subject property building. The transformers appeared to be in good condition at the time of the site visit with no evidence indicating a leak or release has occurred. Given the lack of evidence indicating a release has occurred, these transformers are not evidence of a recognized environmental condition in connection with the subject property.

Drains Or Sumps

Floor drains were observed in the kitchens, laundry rooms, boiler room and bathrooms of the subject property. The drains appeared to be in good condition with no obvious evidence of sheens or other indications of releases observed in or adjacent to the floor drains. Rust colored staining was observed in the swimming pool sumps. The stains appeared to be due from water which was previously in the sumps; odor was not observed in connection with the stained areas. Given the lack of evidence indicating misuse, these floor drains are not considered to represent evidence of a recognized environmental condition at this time.

Storm water drains were observed in the parking lots, landscaped areas, and vicinity of Harbor Brook. The drains were reported to be connected to the storm water system. The drains appeared to be in good condition with no evidence that petroleum and/or hazardous materials have been disposed or released to the drains (i.e., sheens, odors, etc). Given the observed condition of the drains at the time of the site reconnaissance and the lack of evidence suggesting that petroleum and/or hazardous materials have been disposed of or released to the drains, these drains are not considered to represent evidence of a recognized environmental condition at this time.

Solid Waste Dumping, Landfills, Or Suspect Fill Material

A large pile of brush, trees and other materials was located off the south side of the east parking lot by the cooling tower. The pile of material appears to have been located in this position for a while given the grass observed growing along the sides of the pile. Construction debris, plastic containers, metal containers, furniture remnants and toys were observed in the vicinity of the pile. The facility was unable to provide PSI with any information regarding this indiscriminant dumping. Given the amount of material observed and the lack of information regarding the contents of the containers at the time

of disposal, this debris represents a potential recognized environmental condition in connection with the subject property.

Trash, old toys, tires, etc. were observed on the south side of the subject property along Grand Avenue. The material was spread along most of the Grand Avenue property boundary in the tree line. Additional debris was observed in Harbor Brook at the Grand Avenue Bridge, including a street corner sign. The materials observed did not appear to be hazardous. Given the apparent nature of the materials observed, this dumping does not appear to represent evidence of a recognized environmental condition in connection with the subject property at this time.

Stained Soil Or Pavement

PSI observed several small areas of stained soil and pavement throughout the asphalt paved parking lot of the property. The staining appeared to be caused by and/or the result of small leaks regularly occurring from vehicles parked and traveling through the parking lot. There was no evidence of significant spills. The asphalt pavement was generally in good condition, with no significant cracks or discontinuities noted. Based on the good condition of the asphalt pavement at the time of the site reconnaissance and the small areas of staining, these conditions are not considered to represent evidence of a recognized environmental condition at this time.

5.3.2 UTILITIES

Utility systems identified at the property are summarized below:

- The facility heating ventilating and air conditioning (HVAC) system is located on floors S, E, first floor and second floor. The system is powered by electricity.
- Sewage disposal at the property is provided through the City of Syracuse municipal system.
- Potable water at the property is obtained through the City of Syracuse municipal system.

PSI identified no evidence of RECs in the current uses of the property.

5.4 PAST USES

Our interpretation of the past uses of the property is tabulated below.

Summary	
Year(s)	**Interpreted Property Use**
1892, 1898, 1911, 1947, 1951, 1953, 1958, 1959, 1961, 1962, 1966, 1967, 1971, 1973, 1978, 1981, 1988, 1990, 1991, and 1995	According to the Sanborn maps, city directory research, topo maps and aerial photographs the subject property was developed as a mental institution with varying names throughout the years. An oil house, paint/printing shop, hospital and laundry area were located on the property in the 1953, 1962, and 1967 Sanborn maps.
2004 and 2007	The city directory coverage indicated that the property was utilized as offices and a day care or school.

- An oil house, paint/printing shop, hospital and laundry area were indicated on the subject property at various times according to the 1911, 1951, 1953, and 1962 Sanborn Maps. It is likely that solvents, petroleum products, paints, cleaning chemicals and other hazardous materials were utilized and stored at these areas and other areas of the subject property. The information available concerning hazardous material use and disposal at these buildings and the remainder of the subject property could not be determined during this assessment. Given the limited information available and the likely use and storage of hazardous materials at the subject property, PSI considers the historic use of hazardous materials at the subject property to represent a recognized environmental condition in connection with the subject property.

6 ADJOINING AND SURROUNDING PROPERTY USAGE

A summary of our interpretation of the current and past uses and conditions of adjoining and surrounding property based on historical records and observations is provided below.

Adjoining North	
Year(s)	**Interpreted Property Use**
1898, 1947, 1951, 1958, 1959, 1966, 1971, 1973, 1978, 1988, 1990, and 1995	Topographic maps, Sanborn maps and aerial photographs indicate the north adjoining property was developed as Burnet Park. The Sanborn maps indicate the zoo buildings.
2008	Burnet Park and the Rosamond Gifford Zoo are located on the north adjoining property.

Adjoining East	
Year(s)	**Interpreted Property Use**
1898, 1947, 1958, 1959, 1961, 1966, 1971, 1973, 1978, 1981, 1988, 1991, 1995, 2004, and 2007	Topographic maps and aerial photographs indicate that the south adjoining property was located in an urban environment. The exact use of the properties cannot be determined; however, the buildings in the aerial photographs appear consistent with residences and a school. Residences were indicated in the city directory research.
2008	A high school with associated parking lots and fields, and residences were observed on the east adjoining property. The ARC building is located to the northeast of the subject property.

Adjoining South	
Year(s)	**Interpreted Property Use**
1898, 1947, 1958, 1959, 1966, 1973, 1978, 1988, and 1995	Aerial photographs and topographic maps indicate the south adjoining property is urban development. The exact use of the property cannot be determined from the information available.
2008	The south adjoining property is developed with residences, commercial offices and stores, and a gas station.

Adjoining West	
Year(s)	**Interpreted Property Use**
1898, 1947, 1951, 1958, 1959, 1966, 1971, 1973, 1978, 1988, 1990, and 1995	Topographic maps, Sanborn maps and aerial photographs indicate the north adjoining property was developed as Burnet Park. The Sanborn maps indicate the zoo buildings.
2008	Burnet Park and the Rosamond Gifford Zoo are located on the west adjoining property.

Current and past uses and conditions of surrounding property in the vicinity of the subject site are a zoo and park to the north and west, residential, commercial, a high school and gas station to the south and east.

PSI identified the following as evidence of RECs in the current and past uses of adjoining and surrounding property.

- A Rizzo's Sunoco adjoined the subject property to the south across Grand Avenue. A gas station is currently located at this address. According to the EDR database report, this facility is identified in the LTANKS, Historic LTANKS, UST, Historic AST and Historic UST databases. The Historic AST database indicted that a 4,000-gallon gasoline AST is in service at the property. The UST and Historic UST database indicated that a 6,000-gallon gasoline UST has been removed from the property, three 4,000-gallon gasoline USTs and a 500-gallon #2 fuel oil UST are reportedly still in service at the facility. Two gasoline USTs are located in vaults with access and have leak detection and overfill protection. The remaining gasoline UST is double-walled with interstitial monitoring, overfill prevention and a catch basin. The #2 fuel oil UST is reported to have been installed on the property in 1960. Given the leak detection and overfill protection, these active gasoline USTs do not appear to represent evidence of a recognized environmental condition in connection with the subject property. The LTANKS and Historic LTANKS incident was discovered during a tank removal at the facility in 1998. The EDR information indicated that the cause was attributed to tank overfills and was closed in October 1998 after corrective action was taken. Given the closed status of the incident and corrective action taken, this incident does not appear to represent evidence of a recognized environmental condition in connection with the subject property at this time.

7 ENVIRONMENTAL REGULATORY RECORDS REVIEW

7.1 DATABASE FINDINGS

The distribution of listed sites with respect to the property is tabulated and mapped in EDR's report, which is appended. PSI did not image EDR's results table into the body of this report to reduce the chance for transcription errors. The reader is referred to this table which can be found near the front of EDR's report.

EDR reported unmappable (orphan) listed sites. PSI reviewed the information EDR provided about these sites, and those that could be field-verified within the AMSD are discussed in the appropriate section below.

7.1.1 SUBJECT PROPERTY

The subject property was identified in EDR's report as discussed below.

Facility Name Address	Central NY DSO 800 S Wilbur Ave Syracuse, NY 13204	Map ID No. Distance (mile) Direction	A1, A2, & A3 Target Property Target Property

According to the EDR database report, the subject property is identified in the Resource Conservation and Recovery Act (RCRA) – Non Generator, FINDS, UST, Historic UST, Manifest, NY Spills and NY Historic Spills databases. The FINDS database listing indicated the subject property was identified in the RCRA and National Compliance Database (NCDB). The RCRA – Non Generator database listing indicates that a former RCRA generator does not presently generate hazardous waste. Four classes of waste were indicated as having been generated at the facility including Ignitable Hazardous Waste, Reactive Hazardous Waste, and two types of Non-halogenated solvents. No violations were found at the site. Given the lack of violations and the current non generator status, this listing does not represent evidence of a recognized environmental condition.

The UST and Historic UST listings are due to two registered USTs on the property. In 1997, a 5,000-gallon diesel UST was closed in place on the property. In 1998, a 2,000-gallon gasoline UST was removed from the property. Although an LTANKS incident is not reported for the property, a NY Spills incident appears to be related to the 1998 tank removal. The information available indicated that soil contamination was discovered after the tank was removed from the ground. The spill was closed in October 2003. Given the closed status of the NY Spills incident, this incident does not represent evidence of a recognized environmental condition in connection with the subject property. However, this incident does represent a historic recognized environmental condition. In addition, please note that the New York State Department of Environmental Conservation reserves the right to require additional remedial work in relation to the spill, if in the future it determines that further action is necessary.

The remaining NY Spills and NY Historic Spills incident occurred in October 1986 when a type of petroleum was found in a storm drain. A sample was analyzed and the material was found to contain less than 50 ppm PCB. The material was collected and disposed of at Seneca Meadows. The incident was closed in July 1988. Given the closed status of the spill, this incident does not represent evidence of a recognized environmental condition in connection with the subject property at the time. However, this incident does represent a historic recognized environmental condition. In addition, please note that the New York State Department of Environmental Conservation reserves the right to require additional remedial work in relation to the spill, if in the future it determines that further action is necessary.

7.1.2 ADJOINING AND SURROUNDING PROPERTY

EDR database report identified properties adjoining the subject site and identified properties surrounding the subject site.

PSI considered most of the listed sites unlikely to impact the subject site, based upon factors including (but not limited to):

- The nature of the listing
- The use of the site
- When the site was listed and its current listed status
- The developmental density of the setting
- The distance between the listed and subject sites as related to the distance that releases are likely to migrate based on local surface and subsurface drainage conditions
- The presence of intervening drainage divides
- The inferred groundwater movement

PSI's discussion of the remaining sites follows.

Facility Name Address	Rosamond Gifford Zoo 1 Conservation Pl Syracuse, NY	Map ID No. Distance (mile) Direction	5 1/8 – 1/4 mile West-northwest
Rosamond Gifford Zoo is located in Burnet Park adjoining the subject property to the north and west. According to the EDR database report, this facility is identified in the AST, NY Spills and NY Historic Spills databases. The facility is identified as having active 300-gallon and 120-gallon diesel ASTs and an active 300-gallon gasoline AST. The NY Spills and NY Historic Spills database indicated that low level concentrations of fuel oil and gasoline compounds was discovered in the soil on the property in September 2001. The incident reportedly achieved regulatory closure in December 2001. Given the closed status of the incident, this incident does not represent evidence of a recognized environmental condition in connection with the subject property at this time.			

Facility Name Address	Rizzo's Sunoco 201 Grand Av Syracuse, NY	Map ID No. Distance (mile) Direction	C7, C8, and C9 1/8 – 1/4 mile Southeast
Rizzo's Sunoco adjoined the subject property to the south across Grand Avenue. A gas station is currently located at this address. According to the EDR database report, this facility is identified in the LTANKS, Historic LTANKS, UST, Historic AST and Historic UST databases. The Historic AST database indicted that a 4,000-gallon gasoline AST is in service at the property. The UST and Historic UST database indicated that a 6,000-gallon gasoline UST has been removed from the property, three 4,000-gallon gasoline USTs and a 500-gallon #2 fuel oil UST are reportedly still in service at the facility. Two gasoline USTs are located in vaults with access and have leak detection and overfill protection. The remaining gasoline UST is double-walled with interstitial monitoring, overfill prevention and a catch basin. The #2 fuel oil UST is reported to have been installed on the property in 1960. Given the leak detection and overfill protection, these active gasoline USTs do not appear to represent evidence of a recognized environmental condition in connection with the subject property. The LTANKS and Historic LTANKS incident was discovered during a tank removal at the facility in 1998. The EDR information indicated that the cause was attributed to tank overfills and was closed in			

Facility Name Address	Rizzo's Sunoco 201 Grand Av Syracuse, NY	Map ID No. Distance (mile) Direction	C7, C8, and C9 1/8 – 1/4 mile Southeast
October 1998 after corrective action was taken. Given the closed status of the incident and corrective action taken, this incident does not appear to represent evidence of a recognized environmental condition in connection with the subject property at this time.			

7.2 OTHER REGULATORY INFORMATION

7.2.1 FREEDOM OF INFORMATION REQUESTS

PSI submitted Freedom of Information requests to the agencies tabulated below. Response status is also tabulated.

Summary		
Response?		
Yes	**No**	
☐	☒	City of Syracuse Fire Department
Note: Response status based on date of report.		

The City of Syracuse has acknowledged the receipt of the FOIA request. No information has been provided as of the date of this report. PSI shall forward any pertinent information to the client upon receipt.

8 INTERVIEWS

8.1 INTERVIEW PARTIES

Summary		
Name	**Affiliation**	**Role**
Mr. Bruce Benjamin	Syracuse Resorts, LLC	User
Mr. Jerry Passamonte	Central New York Developmental Services Office	Key Site Manager
Karen	City of Syracuse	Assessment Office
Name Withheld	City of Syracuse	Buildings Department
Name Withheld	City of Syracuse	Zoning Administration
Lieutenant Fran Stepien	City of Syracuse	Syracuse Fire Department

Mr. Bruce Benjamin and Mr. Jim Benjamin arranged site access to the subject property. Mr. Bruce Benjamin was unable to provide PSI with a copy of the previous ESA.

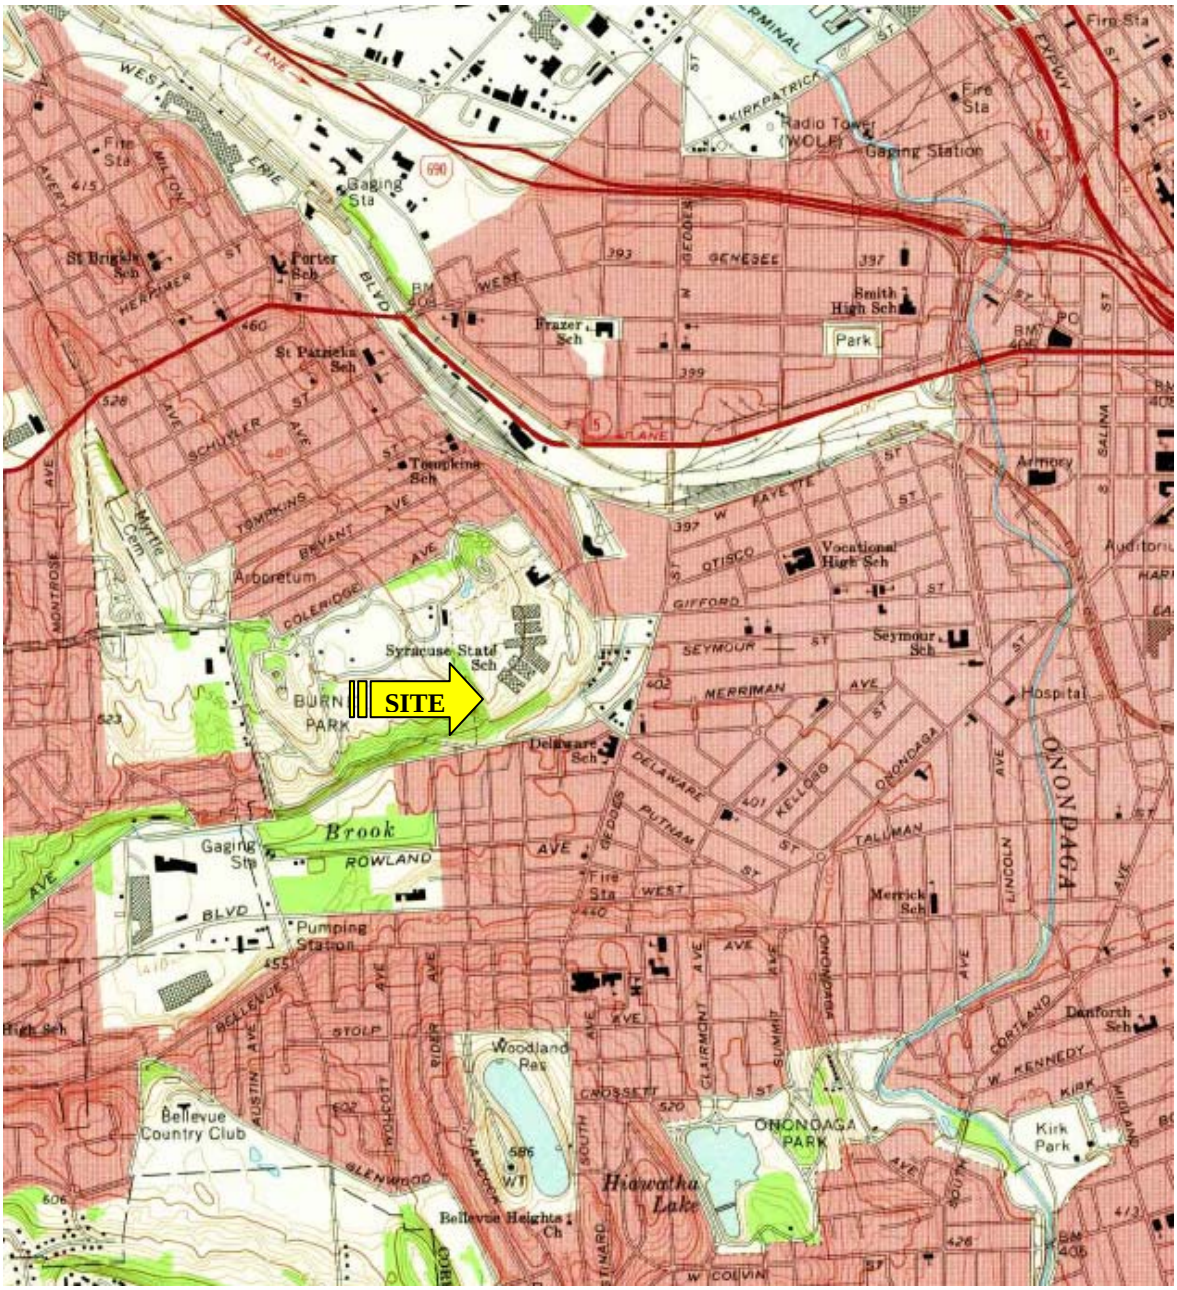
Mr. Jerry Passamonte indicated that the current building was opened in 1970 and two gasoline USTs had been removed from the property and one diesel UST had been closed in place and identified the location of the diesel UST. He did not have a location of the gasoline UST removed from the property. He did not indicate any knowledge of spills or releases on the subject property.

Karen with the City of Syracuse Assessment Office allowed PSI to review the property record card for the property, however it was not possible to obtain a copy of the property record card. She attempted to find additional records for the previous developments on the subject property.

Personnel at the City of Syracuse Buildings Department indicated that zoning information was not available and they did not have access to additional building information for the subject property.

PSI was allowed to review the zoning maps at the City of Syracuse Zoning Administration office.

Lieutenant Fran Stepien of the Syracuse Fire Departement indicated that all information requests needed to be processed through the City of Syracuse Office of the Corporation Counsel. However, he did request that the address information be repeated.



8.2 INTERVIEW FINDINGS

PSI identified no evidence of RECs in the information obtained from the interviews.

EXECUTIVE SUMMARY

A search of the environmental records was conducted by Environmental Data Resources, Inc. (EDR). PSI, INC. used the EDR FieldCheck System to review and/or revise the results of this search, based on independent data verification by PSI, INC.. The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E 1527-05) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property.
Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

STATE AND LOCAL RECORDS

SHWS: The State Hazardous Waste Sites records are the states' equivalent to CERCLIS. These sites may or may not already be listed on the federal CERCLIS list. Priority sites planned for cleanup using state funds (state equivalent of Superfund) are identified along with sites where cleanup will be paid for by potentially responsible parties. The data come from the Department of Environmental Conservation's Inactive Hazardous waste Disposal Sites in New York State.

An online review and analysis by PSI, INC. of the SHWS list,
as provided by EDR, and dated 08/15/2007 has revealed that there is 1 SHWS site
within approximately 1.125 miles of the target property.

EXECUTIVE SUMMARY

Lower Elevation	Address	Dist / Dir	Map ID	Page
SYRACUSE FIRE TRAINING SCHOOL	***312 STATE FAIR BOULEVAR***	***1/2 - 1 NNW***	***G28***	***111***

DEL SHWS: A database listing of sites delisted from the Registry of Inactive Hazardous Waste Disposal Sites.

An online review and analysis by PSI, INC. of the DEL SHWS list,
as provided by EDR, and dated 05/01/2007 has revealed that there is 1 DEL SHWS site
within approximately 1.125 miles of the target property.

Lower Elevation	Address	Dist / Dir	Map ID	Page
SYRACUSE FIRE TRAINING SCHOOL		1/2 - 1 NNW	G27	109

SWF/LF: The Solid Waste Facilities/Landfill Sites records typically contain an inventory of solid waste disposal facilities or landfills in a particular state. The data come from the list.

An online review and analysis by PSI, INC. of the SWF/LF list,
as provided by EDR, and dated 10/26/2007 has revealed that there are 2 SWF/LF sites
within approximately 0.625 miles of the target property.

BILL'S AUTO & TRUCK SALVAGE CO	732 ERIE BLVD. WEST	1/2 - 1 NE	26	108

LTANKS: Leaking Storage Tank Incident Reports. These records contain an inventory of reported leaking storage tank incidents reported from 4/1/86 through the most recent update. They can be either leaking underground storage tanks or leaking aboveground storage tanks. The causes of the incidents are tank test failures, tank failures or tank overfills

An online review and analysis by PSI, INC. of the LTANKS list,
as provided by EDR, and dated 10/02/2007 has revealed that there are 12 LTANKS sites
within approximately 0.625 miles of the target property.

HIST LTANKS: A listing of leaking underground and aboveground storage tanks. The causes of the incidents are tank test failures, tank failures or tank overfills. In 2002, the Department of Environmental Conservation stopped providing updates to its original Spills Information Database. This database includes fields that are no longer available from the NYDEC as of January 1, 2002. Current information may be found in the NY LTANKS database.

An online review and analysis by PSI, INC. of the HIST LTANKS list,
as provided by EDR, and dated 01/01/2002 has revealed that there are 12 HIST LTANKS sites
within approximately 0.625 miles of the target property.

EXECUTIVE SUMMARY

HIST SPILLS: This database contains records of chemical and petroleum spill incidents. Under State law, petroleum and hazardous chemical spills that can impact the waters of the state must be reported by the spiller (and, in some cases, by anyone who has knowledge of the spills). In 2002, the Department of Environmental Conservation stopped providing updates to its original Spills Information Database. This database includes fields that are no longer available from the NYDEC as of January 1, 2002. Current information may be found in the NY SPILLS database.

An online review and analysis by PSI, INC. of the NY Hist Spills list,
as provided by EDR, and dated 01/01/2002 has revealed that there are 4 NY Hist Spills sites
within approximately 0.25 miles of the target property.

NCDB (National Compliance Data Base) supports implementation of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the Toxic Substances Control Act (TSCA). The system tracks inspections in regions and states with cooperative agreements, enforcement actions, and settlements.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Hazardous Waste Summary:
Waste code: D001
Waste name: IGNITABLE HAZARDOUS WASTES ARE THOSE WASTES WHICH HAVE A FLASHPOINT OF LESS THAN 140 DEGREES FAHRENHEIT AS DETERMINED BY A PENSKY-MARTENS CLOSED CUP FLASH POINT TESTER. ANOTHER METHOD OF DETERMINING THE FLASH POINT OF A WASTE IS TO REVIEW THE MATERIAL SAFETY DATA SHEET, WHICH CAN BE OBTAINED FROM THE MANUFACTURER OR DISTRIBUTOR OF THE MATERIAL. LACQUER THINNER IS AN EXAMPLE OF A COMMONLY USED SOLVENT WHICH WOULD BE CONSIDERED AS IGNITABLE HAZARDOUS WASTE.

Waste code: D003
Waste name: A MATERIAL IS CONSIDERED TO BE A REACTIVE HAZARDOUS WASTE IF IT IS NORMALLY UNSTABLE, REACTS VIOLENTLY WITH WATER, GENERATES TOXIC GASES WHEN EXPOSED TO WATER OR CORROSIVE MATERIALS, OR IF IT IS CAPABLE OF DETONATION OR EXPLOSION WHEN EXPOSED TO HEAT OR A FLAME. ONE EXAMPLE OF SUCH WASTE WOULD BY WASTE GUNPOWDER.

Waste code: F003
Waste name: THE FOLLOWING SPENT NON-HALOGENATED SOLVENTS: XYLENE, ACETONE, ETHYL ACETATE, ETHYL BENZENE, ETHYL ETHER, METHYL ISOBUTYL KETONE, N-BUTYL ALCOHOL, CYCLOHEXANONE, AND METHANOL; ALL SPENT SOLVENT MIXTURES/BLENDS CONTAINING, BEFORE USE, ONLY THE ABOVE SPENT NON-HALOGENATED SOLVENTS; AND ALL SPENT SOLVENT MIXTURES/BLENDS

CENTRAL NY DSO (Continued) **1000145082**

CONTAINING, BEFORE USE, ONE OR MORE OF THE ABOVE NON-HALOGENATED SOLVENTS, AND, A TOTAL OF TEN PERCENT OR MORE (BY VOLUME) OF ONE OR MORE OF THOSE SOLVENTS LISTED IN F001, F002, F004, AND F005, AND STILL BOTTOMS FROM THE RECOVERY OF THESE SPENT SOLVENTS AND SPENT SOLVENT MIXTURES.

Waste code: F004
Waste name: THE FOLLOWING SPENT NON-HALOGENATED SOLVENTS: CRESOLS AND CRESYLIC ACID, AND NITROBENZENE; ALL SPENT SOLVENT MIXTURES/BLENDS CONTAINING, BEFORE USE, A TOTAL OF TEN PERCENT OR MORE (BY VOLUME) OF ONE OR MORE OF THE ABOVE NON-HALOGENATED SOLVENTS OR THOSE SOLVENTS LISTED IN F001, F002, AND F005; AND STILL BOTTOMS FROM THE RECOVERY OF THESE SPENT SOLVENTS AND SPENT SOLVENT MIXTURES.

Site Description: This is a active Fire Training Facility located at 312 State Fair Boulevard between Hiawatha Blvd. West and West Genesee Street in the City of Syracuse, Onondaga County. The property is adjacent to the right-of-way of I690. The Syracuse Fire Training Center is surrounded by residential and commercial areas and is comprised of historic Lot #88 through #94.
Environmental Problems: The remedial construction that was completed in the summer of 1995 has reduced the potential for any further environmental problems here. This property was used by the City for training firefighters. Solvents and PCB oils were burned and extinguished on site as part of the training activities. Samples taken of the on-site soils have revealed contamination by both PCBs and mercury. PCB contamination of 400 ppm has been found in one sample. DEE negotiated a Consent Order (CO) for a RemedialInvestigation/Feasibility Study (RI/FS). The RI report was submitted. A Record of Decision (ROD) was signed on January 4, 1993. The ROD called for excavation and off-site disposal of contaminated soils with PCBs at levels exceeding 2 ppm and mercury levels over 20 ppm. Also required was the construction of an asphalt cap over the contaminated soil contaminated by lead, PCBs, and polynuclear aromatic hydrocarbons (PAHs) This remedial construction began in October of 1994, and was completed in the summer of 1995. Deed restrictions have been made and filed with the Onondaga County Clerk. A delisting package was completed.
Health Problems Assesment: Contaminants have been removed or covered. There are no exposures occurring from this site.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

Number of Days to Update: Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

FEDERAL RECORDS

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Proposed NPL: Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

Date of Government Version: 10/02/2007

DELISTED NPL: National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

NPL LIENS: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

Date of Government Version: 10/15/1991

CERCLIS: Comprehensive Environmental Response, Compensation, and Liability Information System

CERCLIS contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). CERCLIS contains sites which are either proposed to or on the National Priorities List (NPL) and sites which are in the screening and assessment phase for possible inclusion on the NPL.

Last EDR Contact: 12/06/2007
Next Scheduled EDR Contact: 03/17/2008
Data Release Frequency: Quarterly

CERCLIS-NFRAP: CERCLIS No Further Remedial Action Planned

Archived sites are sites that have been removed and archived from the inventory of CERCLIS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list this site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. This decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be a potential NPL site.

Data Release Frequency: Quarterly

LIENS 2: CERCLA Lien Information

A Federal CERCLA ('Superfund') lien can exist by operation of law at any site or property at which EPA has spent Superfund monies. These monies are spent to investigate and address releases and threatened releases of contamination. CERCLIS provides information as to the identity of these sites and properties.

Date of Government Version: 08/08/2007
Date Data Arrived at EDR: 12/03/2007
Date Made Active in Reports: 12/28/2007

RCRA-TSDF: RCRA - Transporters, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

Date of Government Version: 09/11/2007

RCRA-LQG: RCRA - Large Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

Date of Government Version: 09/11/2007
Date Data Arrived at EDR: 12/03/2007

RCRA-SQG: RCRA - Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

Date of Government Version: 09/11/2007

RCRA-CESQG: RCRA - Conditionally Exempt Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Conditionally exempt small quantity generators (CESQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

Date of Government Version: 09/11/2007
Date Data Arrived at EDR: 12/03/2007
Date Made Active in Reports: 12/28/2007

CDL: Clandestine Drug Labs

A listing of clandestine drug lab locations. The U.S. Department of Justice ("the Department") provides this web site as a public service. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dumpsites. In most cases, the source of the entries is not the Department, and the Department has not verified the entry and does not guarantee its accuracy. Members of the public must verify the accuracy of all entries by, for example, contacting local law enforcement and local health departments.

US BROWNFIELDS: A Listing of Brownfields Sites

Included in the listing are brownfields properties addresses by Cooperative Agreement Recipients and brownfields properties addressed by Targeted Brownfields Assessments. Targeted Brownfields Assessments-EPA's Targeted Brownfields Assessments (TBA) program is designed to help states, tribes, and municipalities--especially those without EPA Brownfields Assessment Demonstration Pilots--minimize the uncertainties of contamination often associated with brownfields. Under the TBA program, EPA provides funding and/or technical assistance for environmental assessments at brownfields sites throughout the country. Targeted Brownfields Assessments supplement and work with other efforts under EPA's Brownfields Initiative to promote cleanup and redevelopment of brownfields. Cooperative Agreement Recipients-States, political subdivisions, territories, and Indian tribes become Brownfields Cleanup Revolving Loan Fund (BCRLF) cooperative agreement recipients when they enter into BCRLF cooperative agreements with the U.S. EPA. EPA selects BCRLF cooperative agreement recipients based on a proposal and application process. BCRLF cooperative agreement recipients must use EPA funds provided through BCRLF cooperative agreement for specified brownfields-related cleanup activities.

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing

A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.
