Technology Review Determination
S.T. No. 23-001 "Automatic License Plate Readers"

Surveillance Technology Working Group ("STWG"),

I appreciate the group's effort and time in performing due diligence on Automatic License Plate Readers. After perusing the Recommendation for Approval document, and reviewing the technology's capabilities, and the group's findings and recommendations, I support STWG's recommendation for **qualified approval** of Automatic License Plate Readers.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ben Walsh", is written over a faint, light blue circular watermark.
