

# City of Syracuse ANNUAL BUDGET

Fiscal Year Ending June 30, 2011

Mayor Stephanie A. Miner

## MESSAGE FROM THE MAYOR

April 8, 2010

#### Fellow Syracusans:

Pursuant to Article VI, Chapter 1, Section 6-102 of the City Charter, I hereby transmit to you the budget I have approved for the City of Syracuse and the Syracuse City School District for the period of July 1, 2010 through June 30, 2011.

#### **Overview:**

Before the 2010-11 budget process began, we knew the City and the School District could not sustain current spending levels. Federal assistance was temporary and State aid had been reduced as New York State adjusted to a weaker economy and declining revenues. Promises to provide new revenues each year to assist cities and school aid formulas that provided greater equity to urban children are now gone. Sales tax revenue, which is the City's second largest revenue source after State aid is currently in jeopardy of being cut by the Onondaga County Legislature.

Today, I present to you six goals that define this year's spending plan for City services:

- 1. Workforce reduction of 91 positions
- 2. Overtime reduction of \$1.4 million

- 3. No budgetary growth of expenditures
- 4. Maintain current service levels
- 5. Sharing of the burden between property taxpayers and water/sewer users
- 6. Reduce the City's use of surplus to fund services

This plan meets or exceeds each of these strategic objectives.

The 2010/11 budget contains a total appropriation of \$633,179,322. Of this amount, \$278,693,857 (44%) funds City operations and \$354,485,465 (56%) is allocated to the School District.

This budget includes an increase of 5.4% on property taxes and 9% increases to the fees charged for water and sewer services.

The School District will see a \$2 million increase (+.57%) in its general fund budget over the approved 2009/10 budget.

The City's overall budget growth is negative, with a general fund budget decrease of \$1.3 million or (-0.6%) and the City's Special Funds budgets will grow by \$1.1 million (2%) over the approved 2009/10 budget.

The effects of the national, state and local economy have challenged the City and School District's programs thus limiting the resources that are available to meet the demand for

services. The School District has increased the amount of reserve funds applied to this Budget in order to preserve programs and employment.

#### **City Expenditures:**

The City budget will total \$278.7 million, a decrease of \$2.5 million over the current year.

Employee wages and fringe benefits are by far the single most important factor in determining expenditure growth. Overtime costs are controllable, so I have established a committee that will authorize all departmental overtime uses. Major increases in the employee and retiree costs for health insurance, as well as large increases for pensions, are key cost drivers in this year's plan. Therefore, other expenditures had to be reduced.

Expenditure assumptions include:

- \$0 in allowance for negotiations for negotiated wage increases
- \$3 million reduction due to amortizing of increased pension costs over ten years
- Closure of Sibley Parking Garage

The budget maintains all current program levels including:

- New Bureau of Planning and Sustainability
- Cash capital spending at the recommended 2010/11 level of \$3.1 million per the approved City Capital Improvement Plan
- Maintain the \$1 million commitment to the demolition of unsafe buildings

- Funding for the Say Yes to Education program at \$350,000
- Easier access to City permit process

#### **City Revenues:**

Highlights on the revenue side of this proposal include:

- \$6 million in increased property tax
- \$16 million from the City's reserves to stabilize taxes
- \$.2 million from implementing a red light camera program
- Transfer of an additional \$2 million from the Water and Sewer Funds

On the negative side, the mid-year report for 2009/10 that was filed with the Council on March 15, 2010 documented several revenue items that are not performing up to budgeted amounts. For next year, I have adjusted the estimates from these revenue accounts downward to more conservative levels:

- AIM aid to Localities The proposed New York State Budget reduces state aid by \$1.5m from the amount budgeted last year. The City's assistance has dropped from \$81.3m we received in 2008-09 to \$73.6m for next year.
- Tax Lien Sale Given the current financial markets, the City has not been able to sell our tax liens, therefore this revenue has been reduced to zero.

#### **Special Funds:**

Water and Sewer rates will require 9% increases to balance projected revenues to increase the transfer to the City general fund and for the departments' current operational needs and debt service.

The Aviation Fund continues to operate on a break-even basis, with projected revenues equal to projected expenses.

The Downtown Committee budget is increased by \$30,000 and Crouse-Marshall Special Assessment rates will remain at the same funding level as last year.

#### **City School District:**

March 23, 2010, the Board of Education submitted a general fund budget request to the City totaling \$355.8 million, less than a 1% increase over the 2009/10 budget. I have reduced the School District expenditures by \$1.3m and eliminated their request for a \$1.3m property tax increase.

This request includes the following expenditure reductions:

- A cut of 223 existing positions
- The closure of Levy Middle School
- A plan to renegotiate labor contracts

The District's request to use \$19m of Fund Balance is included in the recommended spending plan.

A tabular comparison of the 2009/10 and 2010/11 School budgets is displayed in the budget detail.

In light of the current uncertainty of the New York State budget, State aid may come in higher than proposed.

#### **Conclusion:**

Compared to the City's 2009/10 Four-Year Financial Plan that was submitted to the State Comptroller, the 2010/11 Budget demonstrates that over the past year, we have made significant progress in reducing expenditure growth.

For the 2010/11 fiscal year, this plan projected a \$39.3 million general fund budget gap for City operations that grew as the economy deteriorated and local revenues stagnated. Furthermore, the proposed 2010/11 New York State Budget reduces AIM aid payments to Syracuse by \$1.5 million.

The measures contained in this budget closed this widened gap on the City side. Combined with actions taken by the School District to reduce their costs, this spending plan funds our highest priorities.

Sincerely,

Stephanie A. Miner

Stephanie A. N. Jos

Mayor

#### **Subsequent Events:**

On May 10, 2010, the Common Council met to consider the Mayor's proposed budget. By a 5-4 vote the Council approved three amendments that provided an additional \$650,000 to the Say Yes Foundation. No change was made to total City appropriations, nor was any amendments made to the proposed School District budget.

The Mayor approved these amendments on May 11, 2010, and the 2010/2011 budget, as amended, became official.

#### **Special Funds:**

Water and Sewer rates will require 9% increases to balance projected revenues to increase the transfer to the City general fund and for the departments' current operational needs and debt service.

#### NARRATIVE SUMMARY OF 2010/11 CITY REVENUE ACCOUNTS

#### **REAL PROPERTY TAX ITEMS**

PILOT - S.I.D.A.:

| Payments-in-lieu-of-taxes from development projects exempt from property taxes due to ownership by the Syracuse Industrial Development Agency, such as the Galleries and the Atrium Building. These PILOT agreements are on file in the Finance Department and typically are based on such factors as assessed value and rentable square footage. Includes only unrestricted income available to the City's General Fund.

#### <u>01.1081</u> <u>PILOT - NON-PROFIT HOUSING:</u>

Payments-in-lieu of-taxes for senior citizen high-rise apartment buildings. These payments are negotiated on the basis of a shelter rent formula representing 10% of gross receipts less the cost of utilities and uncollected rents.

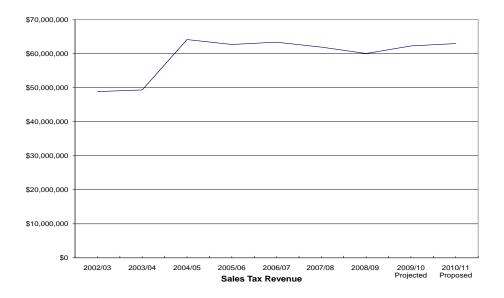

**<u>01.1082</u> <u>PILOT – SOLVAY PAPERBOARD:</u>** Payments-in-lieu-of-taxes for the Solvay Paperboard Company.

<u>O1.1083</u> <u>PILOT - ONTRACK:</u> Payments-in-lieu-of-taxes made by the Syracuse, Binghamton and New York Railroad Corp. to the Onondaga County Industrial Development Agency for operation of rail services linking various commercial and recreational centers in the Syracuse area. The base payment consists of 5% of ticket and other gross revenues, of which the City receives a prorated share based on the percentage of taxes owed to it and the surrounding areas on which the track is operated.

<u>01.1085</u> <u>PILOT - SYRACUSE UNIVERSITY DOME:</u> A payment-in-lieu-of-taxes that is paid by Syracuse University for all entertainment and professional sporting events at the Carrier Dome. The payment is equal to a charge of \$.75 per ticket on all such events, or \$100,000, whichever is greater.

- <u>O1.1002</u> <u>SPECIAL LIGHTING TAX:</u> Properties located in special lighting districts are assessed fees to cover the cost of installation and maintenance of specialized street lighting. Examples of districts include the Bradford Hills area, certain streets in the Westcott area and Armory Square.
- <u>01.1003</u> <u>ASSESSABLE IMPROVEMENTS:</u> The City provides some services, namely sidewalk and vault reconstruction, and charges the taxpayer for these improvements on the tax bill. This account records the anticipated revenues for the year.
- <u>ASSESSABLE IMPROVEMENTS BUYOUT:</u> Beginning each fiscal year, the General Fund makes various operating funds whole with regards to special assessments charged on the tax levy (e.g., unimproved street charges). This negative revenue represents the difference between the total special assessment taxes purchased by the General Fund, and the expected collections of these charges during the fiscal year.
- <u>TAX FEES AND PENALTIES:</u> These payments represent late fees and delinquency penalties for City property taxes, which accrue at 1% per month. Also included in this account are proceeds from tax sale certificates. Tax sale certificates represent unpaid taxes from previous years that are filed as a lien on August 12th each year.
- <u>PRIOR YEARS' TAX COLLECTION:</u> This revenue account represents an estimate of prior years' City and School District taxes which will be collected in Fiscal 2010/11. The amount included in the budget is based on an average of recent years' collections. Prior to the 1994/95 budget, the amount used for Less: Uncollected Taxes Current Year was actually a combination of prior years' tax collection and the current uncollected. The 2010/11 Budget displays both components, showing two gross amounts instead of one net figure.
- <u>01.1049</u> <u>TAX LIEN SALE:</u> In lieu of holding an auction for tax delinquent properties, the City sells a package of its tax liens for an immediate influx of cash and to be relieved of the cost of collections.
- <u>O1.1001</u> <u>LESS: UNCOLLECTED TAXES CURRENT YEAR:</u> Beginning in 1989, the City started to budget for the uncollected portion of each year's combined City and School District levy, that was anticipated to exceed 1% of the tax budget already added individually to the City's and School District's tax budget as required by New York State Law. The inclusion of the Uncollected Taxes account was recommended by staff of the State Comptroller as part of the City's efforts to be more in compliance with State finance requirements.

In May 2010, a new agreement has been adopted that will govern the distributions for 2011 through 2020. Over the course of the decade, the Town, Village and School District shares will be significantly reduced. For the transition year of calendar 2011 only, the City will receive a reduced share of approximately 19.5% of the total. The 2010/11 Budget also encompasses the program responsibilities once held by the Department of Economic Development.. In this capacity, the Department of Neighborhood and Business Development will work with businesses, developers and investors to facilitate:

- The creation and retention of jobs in the City (providing both technical and financial assistance)
- Expanding the City's tax base
- Encouraging businesses that provide services to City residents and workers
- The re-utilization of vacant buildings and/or parcels

The Department administers the New York State Empire Zone Program, the Federal Empowerment Zone Program and the Cities Brownfield Initiatives. This Department staffs the Syracuse Industrial Development Agency (SIDA), the Syracuse Economic Development Corporation (SEDCO), Rebuild Syracuse, the Creekwalk, and the Empowerment Zone Governance Board.

### DEPARTMENT OF COMMUNITY DEVELOPMENT

### **ADMINISTRATION**

#### I. Program Responsibilities:

The Administration Division is responsible for supervising and administering eligible activities under the 1974 Community Development legislation, which replaced categorical grants such as Urban Renewal and Model Cities. Under the 1974 Act, most of the former activities remain eligible items of expenditures; however, the municipality's discretion over the types and scope of activities is greatly increased. The Administration Division also oversees other relatively new programs funded by HUD: The Home Investment Partnership Program and Lead Paint Abatement Program.

The Administration Division is also responsible for supervising the activities of the Division of Code Enforcement and the Office of Housing and Rehabilitation. The Division administers the Syracuse Urban Renewal Agency portion of the City Development Fund and coordinates the City's housing efforts by working with the Syracuse Housing Authority and developers. In addition, the Administration Division supervises the City's Division of Contract Compliance and Minority Affairs.

In 1989, supervision of support staff for the Syracuse Landmark Preservation Board was added to the Administration Bureau's list of duties. Staff administers grants funded through New York State Certified Local Government Awards and serves as the communicating link between Community Development, City Hall, the Landmark Preservation Board, State and Federal agencies and the general public.

#### I. Program Responsibilities:

The Division of Waste Collection, Recycling and Disposal is responsible for the weekly collection and disposal of municipal solid waste from most residences in the City of Syracuse. The Division also provides weekly solid waste collection for commercial properties within the City, who choose to have the City provide such services for a fee, rather than engage a private hauler. The Division is responsible for curbside collection of recyclable materials from residences and participating commercial establishments as mandated by Onondaga County. The Division provides collection of bulk items, white goods, scrap metal, and tires for residential properties on a call-in for service basis. It also provides curbside collection of Chapter 14, Article2 (Solid Waste Collection and Disposal) of the General Ordinance of the City of Syracuse, which has been determined to be a Health & Sanitation violation. All private haulers operating within the City are required to be licensed by the City. The Division is responsible for reviewing all license applications and issuing permit stickers and decals to be attached to each piece of equipment and vehicle the private hauler uses in the City. The division also prepares the City's annual application to OCRRA for its permit to operate as a trash hauler to Onondaga County. The Division also participates with the "Get It" Crew responsibilities and any in-house apprenticeship/partnership activities.

#### **DEPARTMENT OF AVIATION**

#### I. Program Responsibilities:

The Department of Aviation, under the direction of the Commissioner of Aviation, is responsible for the safe and efficient operation of Syracuse Hancock International Airport. During calendar year 2008, 2,300,000 passengers used the Cityowned airport. There are seven major commercial airlines, fifteen commuter airlines and five cargo companies operating at Hancock. The City also leases space to two fixed-base operators, several private hangars and other private airport concessions. The Department of Aviation operates and maintains Syracuse Hancock International Airport as a Federal Aviation Regulation Part 139 Certificated Airport Facility. The facility encompasses 2,000 acres of land approximately 6 miles north of the City of Syracuse spanning 4 towns: Cicero, Clay, Dewitt and Salina. The Department maintains a 325,000 square-foot passenger terminal, supports a private 100,000 square-foot cargo facility, 8 miles of fence, 100 lane miles of pavement, 2,055 runway and taxiway lights, 5,100 parking spaces (including employee), hundreds of electro-mechanical devices and a fleet of snow removal, aircraft rescue and firefighting vehicles and equipment.
