

HOW THE CITY OF SYRACUSE LEAD TEAM CAN HELP YOU

Mission Statement

To work on behalf of tenants and homeowners to proactively identify lead-based paint hazards. We ensure hazards are measured and removed to restore safe, healthy housing conditions across the city of Syracuse for current and future generations.

Core Values

The following are the “building blocks” that make up the underlying principles and purpose of the Lead Hazard Control Office:

NEIGHBORHOOD FOCUS

We work to improve the lives of vulnerable members of the neighborhood.

TRANSPARENCY

We recognize the importance of clear and transparent communication.

ACTION-ORIENTED

We are effective and take initiative.

ACCOUNTABILITY

We hold ourselves to high standards.

RESTORATION

We exist to restore safe and healthy housing conditions and to play a part in building confidence and trust in city homes.

AUTHORITY

We are committed to investing in safe and healthy homes for all.

COLLABORATION

We are a piece of a larger support system that works in harmony with community partners with the best interest of residents in mind.
