Re: REQUEST FOR LEGISLATION

Dear Mr. Copanas

The Department of Information Technology is requesting Mayoral approval of an agreement with M.A. Polce.

For years the City has "piggybacked" on Onondaga County's contract with M.A. Polce for I.T services. When the County awarded a new contract for I.T. services in the Fall of 2020, they used a different contract vehicle then in the past.

Since discovering this we worked with the County to review the opportunity to piggyback on their new contract and finally determined that a separate City issued RFP was a better fit. The City issued a RFP in May of 2021 and the proposals are being evaluated by the RFP committee.

In the meantime, I am requesting an agreement be entered with M.A. Polce for the period of 09/01/20 through when an RFP is awarded. Expenditures will not exceed $75,000 and will be charged to I.T. 541500, Fund 01, Dept 16800.

RE: Request for Legislation: An Ordinance Granting the City of Syracuse a Revocable Permission to own, operate and maintain the City Hall Commons Atrium structure in the East Genesee Street Right-of-Way.

Dear Mr. Copanas:
I request that the following legislation for the next meeting of the Common Council be prepared:

An Ordinance Granting the City of Syracuse a Revocable Permission to own, operate and maintain the City Hall Commons Atrium structure in the East Genesee Street Right-of-Way.

City Hall Commons is located at 201 East Washington Street and the Atrium structure was illegally constructed in the 200 block of East Genesee Street in the 1980's. The 200 block of East Genesee Street was abandoned for street purposes, but is still City Right-of-Way. The City is considering property disposition of City Hall Commons and approving this revocable permission will correct the record. This department has reviewed, coordinated with other City departments and is of the opinion that the atrium structure will not interfere with the public use of the City Right-of-Way. It is, therefore, recommended that an ordinance be submitted for consideration by the Common Council permitting the City of Syracuse own, operate and maintain the above described Building Foundation Support System and Associated Elements (the "subject structure") in the aforementioned Right-of-Way. A legal description and survey for the subject structure are attached hereto as Exhibits A & B.

The revocable permission for the City Hall Commons will be subject to the following:

1. That the City of Syracuse's successors, assigns, and agents shall at all times defend and indemnify and save harmless the City of Syracuse, its officers and servants from any and all liability and from any and all claims, damages, costs and expenses of every name and nature to person or property which may accrue or grow out of the installation, operation, and maintenance of such utility lines in said streets or arising in any way out of the operations for this consent, and shall defend and indemnify and save harmless said City from all costs, damages and expenses by reason of any damages or injuries to any gas pipe, water pipe, sewers, other utilities, pipes or construction work now located in, under and along the surface of said street at the point and place or places where said work is to be performed and maintained, including damages incurred as a result of damage to the Facilities caused by the City.

2. That said applicant, its successors or assigns, shall within thirty (30) days from the adoption of this Ordinance or the conveyance to a successor execute and file in the Office of the City Clerk written acceptance of this permission and consent.

3. That all ordinances, rules and regulations of the City and its departments shall at all time be complied with including the Building Code of the City of Syracuse.

4. That the City of Syracuse's successors, assigns, and agents shall obtain and keep in force for the duration of this permission, a general liability insurance policy, in the amount of $2,000,000, naming the City of Syracuse as an additional insured. A Certificate of said insurance shall be submitted to the Office of Corporation Counsel, 233 E. Washington Street, Room 300 City Hall, Syracuse, NY 13202.

5. Any maintenance work on the structure which involves excavation into the street right-of-way shall be subject to street cut and repair permitting process administered by the Commissioner of Public Works and any other standard permitting processes that exist.

6. That this permission and consent is temporary and revocable and all rights under this ordinance shall cease and be terminated at the expiration of sixty (60) days from the adoption by the Common Council of an ordinance terminating the same and thereupon, said applicant, its successors or assigns, shall remove said lines and work in connection therewith and restore the street, sidewalk and all other facilities wholly at the cost and expense of said applicant, its successors or assigns.

Additional terms and conditions, as recommended by the City Engineer and the Corporation Counsel, shall be set forth in the Ordinance.

BE IT ORDAINED, by the Common Council of the City of Syracuse as follows:

Section 1. For the class of objects or purposes of providing funds to defray the cost and expense of the Green Infrastructure reconstruction of Water Street from Beech Street to Almond Street at an estimated maximum cost not to exceed Two Hundred Sixty Five Thousand Seven Hundred Ninety-Two Dollars ($265,792.00), general obligation bonds of the City of Syracuse, to be of the terms, form and contents hereinafter provided for, are hereby authorized to be issued pursuant to the provisions of the Local Finance Law of the State of New York.

Section 2. Two Hundred Sixty Five Thousand Seven Hundred Ninety-Two Dollars ($265,792.00) is estimated as the maximum cost of the class of objects or purposes for which such bonds are to be issued.

Section 3. The plan for financing such class of objects or purposes consists of the issuance and sale of bonds of the City of Syracuse in the principal sum of Two Hundred Sixty Five Thousand Seven Hundred Ninety-Two Dollars ($265,792.00), thereby providing such sum for all the maximum cost of such class of objects or purposes.

Section 4. It is hereby determined that the class of objects or purposes for which bonds are to be issued falls within subdivision 20(b) of paragraph (a) Section 11.00 of the Local Finance Law and the period of probable usefulness of such class of objects or purposes is ten (10) years.

Section 5. The Commissioner of Finance, not more than fifteen (15) days and not less than three (3) days before the sale of said bonds, shall file with the Comptroller of the State of New York a supplemental debt statement and file a duplicate thereof with the City Clerk in compliance with Section 109.00 of the Local Finance Law.

Section 6. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds and bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Commissioner of Finance who is the chief fiscal officer of the City under the Local Finance Law. The Commissioner of Finance may sell such bonds at public or private sale, with or without bond insurance or other credit enhancement, at a discount or premium, at fixed or variable rates of interest or at no interest whatsoever, or as capital appreciation bonds, and with such amortization of principal as the Commissioner of Finance shall determine is most favorable to said City, and in compliance with any rules of the State Comptroller applicable thereto. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Commissioner of Finance, consistent with the provisions of the Local Finance Law. The Commissioner of Finance is hereby authorized to issue variable rate debt, acquire credit support, and enter into such agreements as said officer finds reasonable to facilitate the issuance, sale, resale and repurchase of such bonds, as authorized under Sections 54.90 and 168.00 of the Local Finance Law. Said bonds shall be signed in the name of the City by the original or facsimile signature of the Mayor and countersigned by the original or facsimile signature of the Commissioner of Finance and sealed with the original or facsimile corporate seal of the City, provided, however, that if the signatures of the Mayor and the Commissioner of Finance are each by facsimile signatures on any bond, such bond shall be authenticated by the manual countersignature of a fiscal agent of the City.

All other matters, except as provided herein, relating to such bonds, including prescribing whether manual or facsimile signatures shall appear on said bonds, prescribing the method for the recording of ownership of said bonds, appointing the fiscal agent or agents for said bonds, providing for the printing and delivery of said bonds (and if said bonds are to be executed in the name of the City by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the City), the date, form, denominations, maturities, interest rate or rates, terms of and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Commissioner of Finance. The Commissioner of Finance may elect to become the fiscal agent for the bonds, or may contract on behalf of the City for this service pursuant to the Local Finance Law. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals in addition to those required by Section 52.00 of the Local Finance Law, as the Commissioner of Finance shall determine. The Commissioner of Finance may also agree on behalf of the City to provide or disclose such information about the City as may be necessary to enable the purchasers of bonds or notes of the City to comply with Securities and Exchange Commission Rule 15c2-12.

Section 7. The temporary use of available funds of the City of Syracuse, not immediately required for the purpose or purposes for which the same were raised or otherwise created, is hereby authorized pursuant to Section 165.10 of the Local Finance Law, for the capital purposes described in Section 1 of this ordinance. The reasonably expected source of funds to be used to initially pay for the expenditures authorized by Section 1 of this resolution shall be from the City's Capital Fund. It is intended that the City shall then reimburse expenditures from the Capital Fund with the proceeds of the bonds and bond anticipation notes authorized by this

ordinance and that the interest payable on the bonds and any bond anticipation notes issued in anticipation of such bonds shall be excludable from gross income for federal income tax purposes. This ordinance is intended to constitute the declaration of the City's "official intent" within the meaning of Treasury Regulation Section 1.150-2 to reimburse the expenditures authorized by this ordinance with the proceeds of the bonds and bond anticipation notes authorized herein. Other than as specified in this ordinance, no monies are reasonably expected to be received, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the objects or purposes described herein.

Section 8. When said bonds and notes shall have been duly sold, the same shall be delivered by the Commissioner of Finance to the purchaser upon payment to him of the purchase price, including accrued interest, and the receipt of the Commissioner of Finance shall be a full acquittance to such purchaser who shall not be obliged to see to the application of the purchase money.

Section 9. The faith and credit of the City of Syracuse are hereby pledged to the payment of the principal of said bonds and interest thereon when due. An amount sufficient to pay the principal and interest on said bonds as the same becomes due each year shall be included in the annual budget of said City for the year.

Section 10. The validity of the bonds hereby authorized may be contested only if such obligations are authorized for an object or purpose for which the City of Syracuse is not authorized to expend money, or the provisions of law which should be complied with at the date of the publication of this ordinance are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of such publication, or such obligations are authorized in violation of the provisions of the Constitution.

BE IT ORDAINED, by the Common Council of the City of Syracuse as follows:

Section 1. For the specific object or purpose of providing funds to defray the cost and expense of the 2021/2022 Street Lighting Legacy Pricing Exception Replacement Pricing Project, which will replace end of lifespan street lighting equipment that is considered obsolete and past its useful life expectancy; new replacement poles will be installed in neighborhoods served by Legacy Pricing Exception equipment as listed in the National Grid Street Lighting Tariff, PSC 214, at a cost not to exceed One Hundred Seventy Thousand Dollars ($170,000.00), general obligation bonds of the City of Syracuse, to be of the terms, form and contents hereinafter provided for, are hereby authorized to be issued pursuant to the provisions of the Local Finance Law of the State of New York.

Section 2. One Hundred Seventy Thousand Dollars ($170,000.00) is estimated as the maximum cost of the specific object or purpose for which such bonds are to be issued.

Section 3. The plan for financing such specific object or purpose consists of the issuance and sale of bonds of the City of Syracuse in the principal sum of One Hundred Seventy Thousand Dollars ($170,000.00), thereby providing such sum for all the maximum cost of such specific object or purpose.

Section 4. It is hereby determined that the specific object or purpose for which bonds are to

be issued falls within subdivision 5 of paragraph (a) Section 11.00 of the Local Finance Law and the period of probable usefulness of such specific object or purpose is ten (10) years.

Section 5. The Commissioner of Finance, not more than fifteen (15) days and not less than three (3) days before the sale of said bonds, shall file with the Comptroller of the State of New York a supplemental debt statement and file a duplicate thereof with the City Clerk in compliance with Section 109.00 of the Local Finance Law.

Section 6. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds and bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Commissioner of Finance who is the chief fiscal officer of the City under the Local Finance Law. The Commissioner of Finance may sell such bonds at public or private sale, with or without bond insurance or other credit enhancement, at a discount or premium, at fixed or variable rates of interest or at no interest whatsoever, or as capital appreciation bonds, and with such amortization of principal as the Commissioner of Finance shall determine is most favorable to said City, and in compliance with any rules of the State Comptroller applicable thereto. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Commissioner of Finance, consistent with the provisions of the Local Finance Law. The Commissioner of Finance is hereby authorized to issue variable rate debt, acquire credit support, and enter into such agreements as said officer finds reasonable to facilitate the issuance, sale, resale and repurchase of such bonds, as authorized under Sections 54.90 and 168.00 of the Local Finance Law. Said bonds shall be signed in the name of the City by the original or facsimile signature of the Mayor and countersigned by the original or facsimile signature of the Commissioner of Finance and sealed with the original or facsimile corporate seal of the City, provided, however, that if the

signatures of the Mayor and the Commissioner of Finance are each by facsimile signatures on any bond, such bond shall be authenticated by the manual countersignature of a fiscal agent of the City. All other matters, except as provided herein, relating to such bonds, including prescribing whether manual or facsimile signatures shall appear on said bonds, prescribing the method for the recording of ownership of said bonds, appointing the fiscal agent or agents for said bonds, providing for the printing and delivery of said bonds (and if said bonds are to be executed in the name of the City by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the City), the date, form, denominations, maturities, interest rate or rates, terms of and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Commissioner of Finance. The Commissioner of Finance may elect to become the fiscal agent for the bonds, or may contract on behalf of the City for this service pursuant to the Local Finance Law. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals in addition to those required by Section 52.00 of the Local Finance Law, as the Commissioner of Finance shall determine. The Commissioner of Finance may also agree on behalf of the City to provide or disclose such information about the City as may be necessary to enable the purchasers of bonds or notes of the City to comply with Securities and Exchange Commission Rule 15c2-12.

Section 7. The temporary use of available funds of the City of Syracuse, not immediately required for the purpose or purposes for which the same were raised or otherwise created, is hereby authorized pursuant to Section 165.10 of the Local Finance Law, for the capital purposes described in Section 1 of this ordinance. The reasonably expected source of funds to be used to initially pay for the expenditures authorized by Section 1 of this resolution shall be from the

City's Capital Fund. It is intended that the City shall then reimburse expenditures from the Capital Fund with the proceeds of the bonds and bond anticipation notes authorized by this ordinance and that the interest payable on the bonds and any bond anticipation notes issued in anticipation of such bonds shall be excludable from gross income for federal income tax purposes. This ordinance is intended to constitute the declaration of the City's "official intent" within the meaning of Treasury Regulation Section 1.150-2 to reimburse the expenditures authorized by this ordinance with the proceeds of the bonds and bond anticipation notes authorized herein. Other than as specified in this ordinance, no monies are reasonably expected to be received, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the objects or purposes described herein.

Section 8. When said bonds and notes shall have been duly sold, the same shall be delivered by the Commissioner of Finance to the purchaser upon payment to him of the purchase price, including accrued interest, and the receipt of the Commissioner of Finance shall be a full acquittance to such purchaser who shall not be obliged to see to the application of the purchase money.

An amount sufficient to pay the principal and interest on said bonds as the same becomes due each year shall be included in the annual budget of said City for the year.

Section 10. The validity of the bonds hereby authorized may be contested only if such obligations are authorized for an object or purpose for which the City of Syracuse is not authorized to expend money, or the provisions of law which should be complied with at the date of the publication of this ordinance are not substantially complied with, and an action, suit or proceeding

contesting such validity is commenced within twenty (20) days after the date of such publication, or such obligations are authorized in violation of the provisions of the Constitution.

Section 11. This ordinance shall take effect immediately.

The Commissioner of Finance, not more than fifteen (15) days and not less than three (3) days before the sale of said bonds, shall file with the Comptroller of the State of New York a supplemental debt statement and file a duplicate thereof with the City Clerk in compliance with Section 109.00 of the Local Finance Law.

Section 6. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds and bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Commissioner of Finance who is the chief fiscal officer of the City under the Local Finance Law. The Commissioner of Finance may sell such bonds at public or private sale, with or without bond insurance or other credit enhancement, at a discount or premium, at fixed or variable rates of interest or at no interest whatsoever, or as capital appreciation bonds, and with such amortization of principal as the Commissioner of Finance shall determine is most favorable to said City, and in compliance with any rules of the State Comptroller applicable thereto. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Commissioner of Finance, consistent with the provisions of the Local Finance Law. The Commissioner of Finance is hereby authorized to issue variable rate debt, acquire credit support, and enter into such agreements as said officer finds reasonable to facilitate the issuance, sale, resale and repurchase of such bonds, as authorized under Sections 54.90 and 168.00 of the Local Finance Law. Said bonds shall be signed in the name of the City by the original or facsimile signature of the Mayor and countersigned by the original or facsimile signature of the Commissioner of Finance and sealed with the original or facsimile corporate seal of the City, provided, however, that if the signatures of the Mayor and the Commissioner of Finance are each by facsimile signatures on any

bond, such bond shall be authenticated by the manual countersignature of a fiscal agent of the City. All other matters, except as provided herein, relating to such bonds, including prescribing whether manual or facsimile signatures shall appear on said bonds, prescribing the method for the recording of ownership of said bonds, appointing the fiscal agent or agents for said bonds, providing for the printing and delivery of said bonds (and if said bonds are to be executed in the name of the City by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the City), the date, form, denominations, maturities, interest rate or rates, terms of and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Commissioner of Finance. The Commissioner of Finance may elect to become the fiscal agent for the bonds, or may contract on behalf of the City for this service pursuant to the Local Finance Law. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals in addition to those required by Section 52.00 of the Local Finance Law, as the Commissioner of Finance shall determine. The Commissioner of Finance may also agree on behalf of the City to provide or disclose such information about the City as may be necessary to enable the purchasers of bonds or notes of the City to comply with Securities and Exchange Commission Rule 15c2-12.

Section 7. The temporary use of available funds of the City of Syracuse, not immediately required for the purpose or purposes for which the same were raised or otherwise created, is hereby authorized pursuant to Section 165.10 of the Local Finance Law, for the capital purposes described in Section 1 of this ordinance. The reasonably expected source of funds to be used to initially pay for the expenditures authorized by Section 1 of this resolution shall be from the City's Capital Fund. It is intended that the City shall then reimburse expenditures from the

Capital Fund with the proceeds of the bonds and bond anticipation notes authorized by this ordinance and that the interest payable on the bonds and any bond anticipation notes issued in anticipation of such bonds shall be excludable from gross income for federal income tax purposes. This ordinance is intended to constitute the declaration of the City's "official intent" within the meaning of Treasury Regulation Section 1.150-2 to reimburse the expenditures authorized by this ordinance with the proceeds of the bonds and bond anticipation notes authorized herein. Other than as specified in this ordinance, no monies are reasonably expected to be received, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the objects or purposes described herein.

Section 8. When said bonds and notes shall have been duly sold, the same shall be delivered by the Commissioner of Finance to the purchaser upon payment to him of the purchase price, including accrued interest, and the receipt of the Commissioner of Finance shall be a full acquittance to such purchaser who shall not be obliged to see to the application of the purchase money.

Section 9. The faith and credit of the City of Syracuse are hereby pledged to the payment of the principal of said bonds and interest thereon when due. An amount sufficient to pay the principal and interest on said bonds as the same becomes due each year shall be included in the annual budget of said City for the year.

Section 10. The validity of the bonds hereby authorized may be contested only if such obligations are authorized for an object or purpose for which the City of Syracuse is not authorized to expend money, or the provisions of law which should be complied with at the date of the publication of this ordinance are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of such publication, or

such obligations are authorized in violation of the provisions of the Constitution.

Section 11. This ordinance shall take effect immediately.

Yes, I think it would be best to bond for these going forward. That would minimize the large swings in rates from year to year. We can reassess down the road if interest rates get significantly higher.

Hi Tim
We would like to get the letter started for this but would like to confirm if you would like this to be Cash Capital or Bonded?
I spoke with Julie about this and she mentioned bonding b/c of the impact on the tax rate.

RE: Annual Waiver Request for the Disposal of Sweeper Waste and Peeler Dumps

Dear Mr. Copanas:

On behalf of the Department of Public Works, please prepare the following legislation to be introduced at the next scheduled Common Council Meeting:

- Ordinance authorizing the disposal of sweeper waste materials and catch basin materials with the Town of Camillus landfill during the 2021/2022 fiscal year.

The county put out a bid for sweeper waste and the supplier would have come to us at $85.00 a ton. The cost savings per ton with the Town of Camillus is $75.00 per ton which makes this a better choice. We will drive them to the landfill at the cost of $10.00 a ton. Town of Camillus will also take our catch basin peeler dumps for the same cost.

Expenditures are not to exceed $75,000 and will be charged to account 01.81700.540552 and 06.81100.540552.

Thank you.

Re: Annual Waiver Request Service Repair and Parts for Mill and Paving Machines and Heavy Equipment

Dear Mr. Copanas:

On behalf of the Department of Public Works, please prepare legislation to be introduced at the next Common Council Meeting for:

- Ordinance authorizing the purchase of repair services and parts for a Vogle paving machine, a Wirtgen milling machine and heavy equipment such as but not limited to Pay Loaders, Excavators or vehicles that are out of factory warranty without formal advertising and competitive bidding during the 2021/2022 fiscal year from Monroe Tractor.

Specific repairs and or parts cannot be identified at this time due to the unpredictability of the specific work that will ultimately be required. The Department of Public Works recently purchased these pieces of equipment from this vendor and the warranty would be voided if parts and services for them are purchased from anyone but this vendor. DPW had used other vendors for our heavy older equipment and vehicles in the past, the vehicles in need of repairs were not repaired in a sufficient amount of time. This was causing an enormous problem especially when our snow plows were down for weeks at times.

Total expenditures are not to exceed $250,000 and will be charged to account #01.51320.540210 or 01.51320.540220.

2021 Summer Youth Program

Overview

New York State, through the Office of Temporary and Disability Assistance (OTDA), provides funding to municipalities for summer youth employment. For 2021, Onondaga County is expecting to receive $992,450 for summer youth employment and will contract with CNY Works to employ approximately 548 youth ages 14-20 years of age. Youth are paid minimum wage and can work between 15-25 hrs per week from May 1 – Sept 30. The average youth in the program makes $1,875.

OnPoint for College has secured funding to place approximately 60 of their students into paid summer internships.

Proposal

There are far more youth that have applied for summer employment opportunities than can be place in worksites. Many of these youth are below the age of 15 years of age and need more skill development before entering the work place. In 2020, NYS did not provide any OTDA funding to Onondaga County. The Allyn Foundation and 30 youth serving organizations came together to pilot an educational and career development program to **847** youth in the City of Syracuse. The program, known as the Bea Gonzalez Summer Fellows Program, provided a 4 week program and provided youth with a stipend of $599 upon completion of the program. The resounding success of this program in 2020 is the impetus for this proposal.

For 2021, we are proposing to augment the CNY Works summer employment program with a summer Fellows program to allow more youth to have a meaningful educational and work experience. We propose to partner with 27 youth serving organizations who will each provide a program that will include the following core components:

Financial Literacy
Work readiness skills
Mental health/social emotional behavior
Self-care and health/wellness
Career Exploration

Youth selected for the 2021 summer youth program will be candidates who have already applied for summer youth employment (CNY Works) as well as youth that are already engaged and connected with a youth serving organization. Youth ages 10-18 who reside in the City of Syracuse will be eligible to participate in the program. The program will run for a minimum of 4 weeks and youth will be required to complete a minimum of 15 hours per week of program.

SYRUP
syracuse urban partnership

To tackle the economic challenges and health disparities in our community, a series of stakeholders came together in 2017 with the goal of increasing and leveraging private and public investments to accelerate economic empowerment and economic opportunities in Syracuse's neighborhoods facing the biggest barriers to wealth creation. The stakeholders included: The City of Syracuse, Onondaga County, Downtown Committee, Centerstate CEO, and the Allyn Family Foundation. After much research, the team focused their efforts on increasing access to wealth building opportunities and access to healthy foods in high-density, walkable, transit-connected areas. Specifically, the group targeted Syracuse's Southern Downtown (13202 zip code) and adjacent neighborhoods to the immediate south, and west, centered on the Downtown Bus Transportation Hub. After much consideration and community outreach, the redevelop of a strategically located, underused Downtown property into a mixed-use facility with ground-floor food retail, second-floor office space, and upper floor affordable workforce housing was proposed.

The Allyn Family Foundation took the lead in May of 2018 to form a 501c3 not-for profit organization, the Syracuse Urban Partnership (SYRUP), to construct, own and operate the Salt City Market. SYRUP is an independent not for profit organization that has its own independent Board of Directors (see attached). The Allyn Family Foundation is the project sponsor of SYRUP and provided the capital and operating support to make the Salt City Market a reality.

SYRUP's mission is to intentionally invest in the City of Syracuse to foster a vibrant, prosperous and inclusive community for all. Through the creation of the Salt City Market, SYRUP's intent is to connect diverse cultures and people in a welcoming, inclusive gathering space that promotes health and wellness, economic opportunity, collaboration, and a deep sense of community. Central to the mission of SYRUP is creating opportunities for individuals and families to access economic opportunities and build wealth for themselves and their families.

In 2020, when funding for summer youth employment through New York State Office of Temporary and Disability Assistance (OTDA) was uncertain, community partners rallied to create the Bea Gonzalez Summer Youth Fellows Program. Over 30 youth organizations came together to pilot an educational and career development program for 847 youth in the City of Syracuse. Corporations, Foundations and individuals contributed to the 4 week program which included a stipend for all participants (ages 10-18). The Syracuse Urban Partnership served as a fiscal sponsor for $300,000 that was contributed by Syracuse University and then distributed to youth serving organizations.

Please prepare the legislation for the next meeting of the Syracuse Common Council to appropriate $55,000.00 of American Rescue Plan Act (ARPA) funds to purchase and construct a pavilion in Meachem Park.

The City is currently constructing a project in Meachem Park as part of the City's Local Waterfront Revitalization Program (LWRP) grant with the New York State Department of State. That project is constructing a viewing area, with a walking trail and other amenities for public use overlooking Onondaga Creek near W. Seneca Turnpike in the northwestern corner of the Park. The project originally included a covered, pre-fabricated pavilion also, but that feature had to be omitted from the current project due to cost.

This legislation would appropriate $55,000.000 ARPA funds to purchase and install the pavilion, as originally designed. The funds will be placed in an account to be designated by the Commissioner of Finance.

Local Law No. 2021
City of Syracuse

A LOCAL LAW OF THE CITY OF SYRACUSE AMENDING CHAPTER 15 OF PART M, THE MISCELLANEOUS PROVISIONS OF THE CITY OF SYRACUSE, AS AMENDED, ENTITLED TRAFFIC CODE, TO ADD A NEW ARTICLE XXIV TO BE ENTITLED "PROHIBITION OF OPERATION OF OFF-ROAD VEHICLES IN THE CITY OF SYRACUSE" AND AMENDING CHAPTER 17 OF THE REVISED GENERAL ORDINANCES OF THE CITY OF SYRACUSE, AS AMENDED TO ADD A NEW SECTION 17-21 A TO BE ENTITLED "PROHIBITION OF OPERATION OF OFF-ROAD VEHICLES IN CITY PARKS"

WHEREAS, pursuant to Section 2403 of Article 48-c of the New York State Vehicle and Traffic Law the operation of dirt bikes and All Terrain Vehicles (ATVs) is illegal on public highways, which includes the streets of the City of Syracuse and the roads within the City of Syracuse Parks, as these vehicles are designed for off-road use, not for use on public streets. New York State Vehicle and Traffic Law also prohibits the operation of dirt bikes and ATVs on private property without the express consent of the owner or occupant of such property; and

WHEREAS, despite this prohibition the illegal use of ATVs and dirt bikes on the streets and in the parks of the City of Syracuse has been a growing problem and a public safety concern of the citizens of the City of Syracuse, as well as the Mayor and Common Council; and

WHEREAS, the operation of illegal, unregistered dirt bikes, ATVs, and other vehicles designed solely to be used off-road, throughout the City of Syracuse and the City parks, has created a situation that has severely impacted the quality of life of the residents of the City not only with the noise these vehicles generate but with the danger posed by the operators of these vehicles riding

with no regard for traffic laws, their own well-being or the safety of bystanders in the neighborhoods and parks; and

WHEREAS, the Mayor and Common Council hereby find and declare that the interests of public welfare require that the City of Syracuse amend Chapter 15 of Part M, the Miscellaneous Provisions of the City of Syracuse, as amended, entitled Traffic Code, to add a new Article XXIV to be entitled "Prohibition of the Operation of Off-Road Vehicles in the City of Syracuse" and to amend Article 2 of Chapter 17 of the Revised General Ordinances of the City of Syracuse, as amended, entitled Parks and Playgrounds to add a new Section 17-21 A to be entitled "Prohibition of Operation of Off-Road Vehicles in City Parks" which in accordance with the provisions of New York State Vehicle and Traffic Law ban the operation of off-road vehicles on public property, as well as private property without the owner or occupant's permission, throughout the City of Syracuse. The maximum fine for a violation of the provisions of Article XXIV of Chapter 15 of the Miscellaneous Provisions of the City of Syracuse, as amended, and Section 17-21A of Chapter 17 of the Revised General Ordinances of the City of Syracuse, as amended, shall be $1000.00. The Syracuse Police Department shall also be allowed to impound the off-road vehicles used in the commission of such violations and require a redemption fee to the City of Syracuse of $2,000.00 which vehicle owners must pay in order to receive their vehicles back. The City of Syracuse fees shall be in addition to any and all fees that are owed to the towing company who stores the vehicle for the Syracuse Police Department. The fine, towing fees and the Police Department redemption fee are required to be paid in full before the vehicle shall be released back to the owner; and

WHEREAS, pursuant to Municipal Home Rule Law Section 10 (1)(i), the City of Syracuse is authorized to adopt a local law relating to the illegal operation of off-road vehicles in the City of Syracuse; NOW, THEREFORE

BE IT ENACTED, by the Common Council of the City of Syracuse, as follows:

Section 1. Chapter 15 of Part M, Miscellaneous Provisions of the City of Syracuse, as amended entitled Traffic Code, is hereby amended to add a new Article XXIV to be entitled "Prohibition of Operation of Off-Road Vehicles in the City of Syracuse" which shall read as follows:

CHAPTER 15. TRAFFIC CODE

ARTICLE XXIV. Prohibition of Operation of Off-Road Vehicles in The City of Syracuse

Section 15-420. Legislative Findings, Intent and Purpose

The Mayor and the Common Council of the City of Syracuse find that despite the clear prohibition in Section 2403 of Article 48-c of the New York State Vehicle and Traffic Law "Rules for Operation of All Terrain Vehicles," the number of incidents involving the illegal operation of ATVs and dirt bikes in the City of Syracuse and across New York State have steadily increased. The operation of illegal, unregistered dirt bikes, ATVs, and other non-street legal vehicles on the streets and parks in the City of Syracuse impact the public safety and quality of life of those who live and work in the City of Syracuse. These off-road vehicles pose a danger to the drivers and passengers of the legal vehicles operating on City streets, the public at large, and the patrons of City parks. Furthermore, the excessive noise created by the operation of these vehicles, which are not designed for use within City limits, often occurs late at night, disturbing the peace and quiet of City neighborhoods.

The purpose of this legislation is to strengthen the ability of the Syracuse Police Department to ensure public safety and the general welfare of the City of Syracuse and its citizens by providing a local law to deter the illegal operation of off-road vehicles in the City of Syracuse and in City parks by imposing a fine or imprisonment, impoundment of the off-road vehicle being operated illegally, and allowing for a redemption fee to be charged by the Syracuse Police Department in

addition to the separate fees to be paid to the Towing Company who stores the impounded vehicle for the Syracuse Police Department.

Section 15-421. Definitions

For purposes of this Article, the following terms shall be defined as follows:

Off-Road Vehicles: All-terrain vehicles (sometimes referred to as ATVs) as that term is defined in Section 2281 (1) of the New York State Vehicle and Traffic Law; Off-highway motorcycles as that term is defined in Section 125-a of the New York State Vehicle and Traffic Law; Motocross or dirt bikes; dune buggies; go-carts; and any and all other types of motorized trail bikes or vehicles that are manufactured for sale or operation primarily on off-highway trails or for off-highway competitions and are only incidentally operated on public highways. Nothing contained herein, however, shall be deemed to apply to or prohibit the use of bicycles.

Operate: To ride in or on, other than as a passenger, or use or control the operation of an off-road vehicle in any manner, whether or not said off-road vehicle is under way.

Operator: Every person who operates or is in actual physical control of an off-road vehicle.

Public Highway: Any highway, road, alley, street, avenue, public place, public driveway, or any other public way.

Section 15-422. Restrictions

A. Public Property. No person shall operate an off-road vehicle on a public highway or on any public property in the City of Syracuse. Use of off-road vehicles is also prohibited in all City Parks pursuant to Section 17-21A of Chapter 17 of the Revised General Ordinances of the City of Syracuse, as amended.

B. Private Property. No person shall operate an off-road vehicle off a public highway on private property in the City of Syracuse unless such person has first obtained the express consent of the owner or occupant of such property to operate the off-road vehicle on the property. There shall be a rebuttable presumption that the operator of an off-road vehicle on private property in the City of Syracuse lacks consent to operate the off-road vehicle on private property.

Section 15-423. Penalties for offenses, Impoundment and Redemption

A. The first time any person is found to be operating an off-road vehicle in violation of the provisions of Section 15-422 (A) or (B) of this Article or in violation of Section 17-21A of the Revised General Ordinances of the City of Syracuse, as amended, it shall be punishable as a violation with a fine not to exceed $500.00 or imprisonment not to exceed fifteen (15) days or both. The second time any person is found to be operating an off-road vehicle in violation of the provisions of Section 15-422 (A) or (B) of this Article or Section 17-21A of

the Revised General Ordinances of the City of Syracuse, as amended, it shall be punishable as a violation with a fine not to exceed $750.00 or imprisonment not to exceed fifteen (15) days or both. For the third and all subsequent violations of the provisions of Section 15-422 (A) or (B) or Section 17-21 A of the Revised General Ordinances of the City of Syracuse, as amended, the person shall be guilty of a misdemeanor punishable by a fine not to exceed $1000.00 or imprisonment not to exceed one (1) year or both.

B. Any violation of the provisions of Section 15-422 (A) or (B) of this Article or of Section 17-21A of Chapter 17 of the Revised General Ordinances of the City of Syracuse, as amended, shall apply towards the escalation of penalties for any future violations of either this Article or Section 17-21A.

C. In addition to the penalties set forth in subsection (A) of this section, a police officer may immediately impound an off-road vehicle that has been operated in violation of Section 15-422 (A) or (B) of this Article or of Section 17-21A of Chapter 17 of the Revised General Ordinances of the City of Syracuse, as amended. The City of Syracuse utilizes various towing companies to assist with the towing and storage of vehicles seized and impounded by the Syracuse Police Department. Off-road vehicles impounded pursuant to this subsection shall be stored at the Towing Company assigned by the Syracuse Police Department, pending the identification of the owner of such off-road vehicle as registered with the New York State Department of Motor Vehicles. Such title owner shall be sent a notice of impoundment at the address on file with the New York State Department of Motor Vehicles by certified mail within five (5) days after the impoundment. Neither the police department impounding such off-road vehicle, nor the City of Syracuse, nor any agent nor any employee thereof, shall be liable for any damages arising out of the provision of an erroneous name or address of such owner. The owner of the off-road vehicle operated in violation of Section 15-422 (A) or (B) of this Article or of Section 17-21A of Chapter 17 of the Revised General Ordinances of the City of Syracuse, as amended may redeem such off-road vehicle upon satisfactory proof of ownership and payment of a redemption fee of $2,000.00. Satisfactory proof of ownership shall be consistent with the documentation that is required by the New York State Department of Motor Vehicles to register the off-road vehicle. An off-road vehicle impounded under this subsection shall only be released to the owner of such off-road vehicle, or to such owner's agent as evidenced by a written, notarized proof of agency, or duly executed power of attorney.

Section 15-424. Enforcement

The Chief of Police is charged with the enforcement of the provisions of this Article.

Section 15-425. Severability

If any clause, sentence, paragraph or part of this Article or application thereof to any person or circumstances shall be judged by any court to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof or the application thereof to other persons or circumstances but shall be confined in its operation to the clause, sentence, paragraph or part thereof and the persons or circumstances directly involved in the controversy in which the judgment shall be rendered.

Section 2. Chapter 17 of the Revised General Ordinances of the City of Syracuse, as amended entitled Parks and Playgrounds is hereby amended to add a new Section 17-21A to be entitled "Prohibition of Operation of Off-Road Vehicles in City Parks" which shall read as follows:

CHAPTER 17. PARKS AND PLAYGROUNDS

Section 17-21A. Prohibition of Operation of Off-Road Vehicles in City Parks

No person shall operate or drive or cause to be operated or driven upon or within any of the parks or playgrounds an off-road vehicle.

For purposes of this section an off-road vehicle shall be defined as: All-terrain vehicles (sometimes referred to as ATVs) as that term is defined in Section 2281 (1) of the New York State Vehicle and Traffic Law; Off-highway motorcycles as that term is defined in Section 125-a of the New York State Vehicle and Traffic Law; Motocross or dirt bikes; dune buggies; go-carts; and any and all other types of motorized trail bikes or vehicles that are manufactured for sale or operation primarily on off-highway trails or for off-highway competitions and are only incidentally operated on public highways. Nothing contained herein, however, shall be deemed to apply to or prohibit the use of bicycles.

Persons found to be operating off-road vehicles in City Parks in violation of this section shall be subject to the same penalties as listed in Section 15-423 (A) and (B) of Article XXIV of Chapter 15 of Part M, the Miscellaneous Provisions of the City of Syracuse, as amended, the Traffic Code of the City of Syracuse, entitled Prohibition of Operation of Off-Road Vehicles in the City of Syracuse. A violation of this section shall apply towards the escalation of penalties for any future violations of either this Section or Sections 15-423 (A) and (B) of Article XXIV.

Section 3. Severability Clause

Severability is intended throughout and within the provisions of this Local Law. If any section, subsection, sentence, clause, phrase or portion of this Local Law is held to be invalid or unconstitutional by a court of competent jurisdiction, then that decision shall not affect the validity of the remaining portions of this Local Law.

Section 4. Savings Clause

Otherwise all other provisions of the Syracuse City Charter, Revised General Ordinances and Local Laws not inconsistent with the provisions of this Local Law shall remain in full force and effect.

YMCA of Central New York & Syracuse Police Athletic League
Partnership Opportunities

- **Summary Statement:**
  The programming listed below represents a glimpse of what a partnership with the YMCA of Central New York can bring to the table; not only do we serve the youth but also the whole family. Our approach is to serve the family unit; it allows for more buy in and better participation.

Youth Focused Programming

- **Safety Around Water**
  Safety in and around water is an important issue for all our children, but a disproportionate number of minority children drown each year. At the Y, we believe that safe swimming saves lives and that all children should be equipped with the skills to help them safely enjoy the water. Our Safety Around Water program is one of the many ways we help to make time in and around the water both fun and safe. The Safety Around Water Program involves in person water safety instruction for youth ages 7 – 14 over the course of 6 weeks. Safety Around Water also includes a Teen Academy to serve youth ages 15 and older that provides lifeguard certification and mentoring to provide them with the skills needed to secure employment as a lifeguard in our community.

- **Power Scholars Academy**
  Power Scholars Academy (PSA) is a five-week summer learning program operated in partnership with Building Educated Leaders for Life (BELL). Built on BELL's evidence-based model, PSA is designed to address summer learning loss for scholars in grades 3-5, living in under-resourced communities. Elements of PSA include strategic recruitment of youth from low-income communities; a minimum of three hours per day of academic time; cultural components (enrichment, career and college readiness, mentoring, family engagement, growth mindset); BELL-customized academic curricula, comprehensive data/outcome management systems; and impact on test scores.

  Academic Support: Certified teachers provide homework help and group instruction in the subjects kids struggle with most, including ELA and Math.
  - **For Elementary School students**:
    English Language Arts (ELA); Math
  - **For Middle School students**:
    English Language Arts (ELA); Math; U.S. History; Science
  - **For High School students**:
    English; Algebra; Geometry; Trigonometry; Social Studies; Chemistry; Biology; Living Environment & Physics

- **The Young Authors Academy**

  The Young Authors Academy (or YAA for short) is the Downtown Writers Center's teen and tween creative writing program. Students in grades 6-12 who are excited about learning to write poems and stories are invited to join us to learn from professional adult writers in an inspiring, supportive environment. The program is currently operating online but will resume in-person activities at the Downtown YMCA when safety permits. YAA is tuition-free for any interested SCSD student, and reasonably priced for students from other school districts.

- **Y Achievers (Program is Under Construction)**

  The Y Achievers program is an academic achievement/career development initiative purposed to help middle and high school students set and pursue high educational and career goals, resulting in graduation and acceptance to an institution of higher learning and or Vocational/Trade Unions.

  Program Highlights:

  a) Group mentoring exposing students to diverse college and career options.
  b) Seminars facilitated by adult mentors that provide intense career and college readiness sessions.
  c) Students develop a positive sense of self and raise their academic expectations.
  d) Seminars designed to build character and help students make positive life choices.
  e) Participants are exposed to a variety of career options thru world of work tours.
  f) College visits are a significant component of the program to assist participants with making the best choice for them.
  g) Trade unions and vocational exploration is a key part of this program because some students are not interested in college.

Adult Focused Programming

- **YMCA Diabetes Prevention Program**

  If you are at risk for developing diabetes, YMCA's Diabetes Prevention Program can help. In the YMCA's Diabetes Prevention Program, a trained lifestyle coach facilitates a small group of adults to discuss behavior changes that can improve the health of participants. The program consists of 25 one-hour sessions delivered over the course of a year.

  Program Goals:

  - Lose 5–7% of your body weight.
  - Gradually increase your physical activity to 150 minutes per week.

Participants do this through:

- Healthy Eating – Eating smaller portions, reducing fat in your diet and discovering healthier foods can help prevent the onset of type 2 diabetes Opens a new window.
- Increasing Physical Activity – Moderate physical activity (walking, swimming, mowing the lawn) for as little as 30 minutes, five days a week, can help improve your blood pressure, raise your good cholesterol and prevent blood flow problems Opens a new window.
- Losing Weight – Reducing your body weight by as little as 5–7% can offer tremendous benefits for people at risk for diabetes Opens a new window.

Research has shown that YMCA's Diabetes Prevention Program can reduce the number of new cases of type 2 diabetes by as much as **58%** and by **71%** among adults aged 60 years or older.

- **Blood Pressure Self-Monitoring Program**

  One in three American adults has high blood pressure, which puts them at risk for stroke and heart disease, two of the leading causes of death in the U.S. In response to this critical health issue, YMCA's Blood Pressure Self-Monitoring program offers personalized support as participants develop the habit of monitoring their blood pressure. Research shows that the process of recording blood pressure at least twice a month over a period of four months can lower blood pressure in many people with high blood pressure.

  Blood Pressure Self-Monitoring is one part of Y-USA's suite of evidence-based chronic disease prevention programs. Since 2005, the Y has worked to become a leading provider of chronic disease prevention programs to communities across the U.S.

  Participants will:

  - Take and record their blood pressure at least two times per month for four months.
  - Attend two consultations a month with a Healthy Heart Ambassador
  - Attend monthly nutrition education seminars.

Other YMCA Branches within the City

The staff teams at these locations can and will support efforts related to this potential partnership venture between our two organizations.

- **"NEW" Northside Women's Wellness Center**

  The Northside Women's Wellness Center is a satellite Y site that provides health and wellness programming to women and children to the Syracuse Northside Community. The center opened in January 2021 and is becoming a center for community members to explore health and wellness. The center provides an opportunity for the Y and PAL to work together to connect young females and

mentors to engage in wellness activities. Options can include use of the facilities, designated group exercise classes, group/individual meetings, educational programming, and employment.

- **Southwest YMCA**
  The Southwest YMCA is located on the campus of Onondaga Community College. In partnership with the college, the Southwest Y can provide programs and services to the student community as well as the community at large. The site offers a unique setting that introduces the community to the campus setting and specifically lends an opportunity for a joint effort for youth development. Opportunities include health and wellness programming, academic support, college exposure, campus tours, lectures, group sessions, and mentor sessions. Recently the Y had a successful partnership with Syracuse RBI (Revitalize Baseball Initiative) to provide a combined athletic performance and SAT preparation program. The program allowed teens the opportunity to receive athletic training in a collegiate setting directly followed by SAT preparation.

- **Next Steps:** Please reach out with any questions to my office. I look forward to connecting again soon.

Dear Mr. Copanas:

On behalf of the Department of Police, please prepare legislation to be introduced at the next Common Council meeting requesting a waiver of the RFP process authorizing an agreement with SST, Inc. for Shotspotter gunfire location, alert and analysis services. Dear Mr. Copanas:

Please prepare legislation to be introduced at the next Common Council meeting authorizing a waiver of competitive bid for the Syracuse Police Department to purchase Uniforms, Clothing and Related Equipment from Lewis Uniform, United Uniform, and Charney's Shop during fiscal year 2021/2022.

Pursuant to the labor agreement between the City of Syracuse and the Syracuse Police Benevolent Association, sworn members are allotted $500.00 annually to purchase uniforms and equipment. This will be accomplished through a voucher system and tracked by the Value Tech Software program. Payments will be made throughout the calendar year on a monthly basis from invoices provided by the selected vendors. Lewis Uniform and United Uniform are the only local authorized "Blauer" brand distributors, which is the approved uniform for the Syracuse Police Department as per the Department's Rules and Regulations. Charney's Shop will provide approved non-uniform clothing for members not assigned to Patrol. These vendors are the only local vendors who have agreed to participate in the voucher program.

Purchases under this waiver will be charged to the Police Operating Budget Account #540800.01.31230 during the 2021/2022 budget year as applicable. Total purchase not to exceed $205,500 for the budget year.

Dear Mr. Rudd:

I hereby request that you take the necessary action to have legislation introduced at the next regular meeting of the Syracuse Common Council to authorize a waiver of competitive bid for the Syracuse Police Department to purchase Uniforms, Clothing and Related Equipment from Lewis Uniform, United Uniform, and Charney's Shop.

Pursuant to the Labor agreement between the City of Syracuse and the Syracuse Police Benevolent Association, sworn members are allotted $500.00 annually to purchase uniforms and equipment. This will be accomplished through a voucher system and tracked by the Value Tech Software program. Payments will be made throughout the calendar year on a monthly basis from invoices provided by the selected vendors. Lewis Uniform and United Uniform are the only local authorized "Blauer" brand distributors, which is the approved uniform for the Syracuse Police Department as per the Department's Rules and Regulations. Charney's Shop will provide approved non-uniform clothing for members not assigned to Patrol. These vendors are the only local vendors who have agreed to participate in the voucher program.

The adoption of this waiver is not an attempt by our Department to circumvent other established purchasing policies and procedures. With the approval of this waiver, purchases will be completed in accordance with any other policies as established by the Director of the Office of Management and Budget and the Division of Purchase.

Purchases under this waiver will be charged to the Police Operating Budget Account 540800.01.31230 during the 2021/2022budget year as applicable. Total purchases not to exceed $205,500 for the budget year.

Thank you for your consideration in this matter.

Singerely,

Joseph Cecile
First Deputy Chief of Police

Re: Request for Legislation

Dear Mr. Copanas:

Please prepare legislation to be introduced at the next meeting of the Common Council to enter into an agreement for the services of Timothy J. Downes. It is mandatory for the Fire Department personnel to participate in an ongoing training program. The Department of Fire has a video production studio at the Training Division, 312 State Fair Blvd. The training programs are broadcast through Spectrum Cable systems. These facilities are used for the training of our on-duty fire personnel. This arrangement has made it possible to meet the needs of our training program because we are able to reach all on-duty personnel simultaneously. This means that the same information is provided to all Department members by broadcasting it four times (once for each shift). With the television system all companies can remain in service and respond to alarms from quarters while eliminating additional overtime.

Mr. Downes is currently maintaining a program which gives the Syracuse Fire Department the ability to web conference our EMS training presentations. This program will ensure our ability to recoup on average $40,000.00 per year of EMS Training reimbursement Funds from New York State. He also maintains an E-learning module through this same web testing and record keeping abilities. He is also extensively involved in the production of our Fire Prevention and child safety programs.

Additionally, Mr. Downes services have proven to be invaluable to the entire City. Several other City Departments make use of Mr. Downes services for the purpose of editing and/or producing their own presentations. Mr. Downes is expert, hard-working and conscientious. He is deeply involved in the production of our training programs. He works, advises, and runs the technical equipment to record, edit, produce and broadcast the Fire Department's training programs. The term of this agreement is for one year at $31,200.00 for the period of July 1, 2021 through June 30, 2022. I further request that all costs associated with this agreement be charged to the Fire Department's 2021/2022 operating account #34100.01.541500.

BE IT ORDAINED, by the Common Council of the City of Syracuse as follows:

Section 1. For the specific object or purpose of providing funds to defray the cost and expense of the Department of Fire 2021/2022 Facility Rehabilitation/Reconstruction Program, which will include structural building improvements to Fire Stations, including environmental impact and motor systems, an external facility upgrades program, and an internal upgrades program, at a cost not to exceed Five Hundred Seventy-Five Thousand Dollars ($575,000.00), general obligation bonds of the City of Syracuse, to be of the terms, form and contents hereinafter provided for, are hereby authorized to be issued pursuant to the provisions of the Local Finance Law of the State of New York.

Section 2. Five Hundred Seventy-Five Thousand Dollars ($575,000.00) is estimated as the maximum cost of the specific object or purpose for which such bonds are to be issued.

Section 3. The plan for financing such specific object or purpose consists of the issuance and sale of bonds of the City of Syracuse in the principal sum of Five Hundred Seventy-Five Thousand Dollars ($575,000.00), thereby providing such sum for all the maximum cost of such specific object or purpose.

Section 4. It is hereby determined that the specific object or purpose for which bonds are to be issued falls within subdivision 13 of paragraph (a) Section 11.00 of the Local Finance Law and

the period of probable usefulness of such specific object or purpose is ten (10) years.

Section 5. The Commissioner of Finance, not more than fifteen (15) days and not less than three (3) days before the sale of said bonds, shall file with the Comptroller of the State of New York a supplemental debt statement and file a duplicate thereof with the City Clerk in compliance with Section 109.00 of the Local Finance Law.

Section 6. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds and bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Commissioner of Finance who is the chief fiscal officer of the City under the Local Finance Law. The Commissioner of Finance may sell such bonds at public or private sale, with or without bond insurance or other credit enhancement, at a discount or premium, at fixed or variable rates of interest or at no interest whatsoever, or as capital appreciation bonds, and with such amortization of principal as the Commissioner of Finance shall determine is most favorable to said City, and in compliance with any rules of the State Comptroller applicable thereto. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Commissioner of Finance, consistent with the provisions of the Local Finance Law. The Commissioner of Finance is hereby authorized to issue variable rate debt, acquire credit support, and enter into such agreements as said officer finds reasonable to facilitate the issuance, sale, resale and repurchase of such bonds, as authorized under Sections 54.90 and 168.00 of the Local Finance Law. Said bonds shall be signed in the name of the City by the original or facsimile signature of the Mayor and countersigned by the original or facsimile signature of the Commissioner of Finance and sealed with the original or facsimile corporate seal of the City, provided, however, that if the signatures of the Mayor and the Commissioner of Finance are each by facsimile signatures on any

All other matters, except as provided herein, relating to such bonds, including prescribing whether manual or facsimile signatures shall appear on said bonds, prescribing the method for the recording of ownership of said bonds, appointing the fiscal agent or agents for said bonds, providing for the printing and delivery of said bonds (and if said bonds are to be executed in the name of the City by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the City), the date, form, denominations, maturities, interest rate or rates, terms of and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Commissioner of Finance. The Commissioner of Finance may elect to become the fiscal agent for the bonds, or may contract on behalf of the City for this service pursuant to the Local Finance Law. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals in addition to those required by Section 52.00 of the Local Finance Law, as the Commissioner of Finance shall determine. The Commissioner of Finance may also agree on behalf of the City to provide or disclose such information about the City as may be necessary to enable the purchasers of bonds or notes of the City to comply with Securities and Exchange Commission Rule 15c2-12.

Section 7. The temporary use of available funds of the City of Syracuse, not immediately required for the purpose or purposes for which the same were raised or otherwise created, is hereby authorized pursuant to Section 165.10 of the Local Finance Law, for the capital purposes described in Section 1 of this ordinance. The reasonably expected source of funds to be used to initially pay for the expenditures authorized by Section 1 of this resolution shall be from the City's Capital Fund. It is intended that the City shall then reimburse expenditures from the

Capital Fund with the proceeds of the bonds and bond anticipation notes authorized by this ordinance and that the interest payable on the bonds and any bond anticipation notes issued in anticipation of such bonds shall be excludable from gross income for federal income tax purposes. This ordinance is intended to constitute the declaration of the City's "official intent" within the meaning of Treasury Regulation Section 1.150-2 to reimburse the expenditures authorized by this ordinance with the proceeds of the bonds and bond anticipation notes authorized herein. Other than as specified in this ordinance, no monies are reasonably expected to be received, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the objects or purposes described herein.

Section 8. When said bonds and notes shall have been duly sold, the same shall be delivered by the Commissioner of Finance to the purchaser upon payment to him of the purchase price, including accrued interest, and the receipt of the Commissioner of Finance shall be a full acquittance to such purchaser who shall not be obliged to see to the application of the purchase money.

Section 9. The faith and credit of the City of Syracuse are hereby pledged to the payment of the principal of said bonds and interest thereon when due. An amount sufficient to pay the principal and interest on said bonds as the same becomes due each year shall be included in the annual budget of said City for the year.

Section 10. The validity of the bonds hereby authorized may be contested only if such obligations are authorized for an object or purpose for which the City of Syracuse is not authorized to expend money, or the provisions of law which should be complied with at the date of the publication of this ordinance are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of such publication, or

such obligations are authorized in violation of the provisions of the Constitution.

Section 11. This ordinance shall take effect immediately.

Re: Legislation Request – Municipal Resolution in Support of Gustav Stickley House Application

Dear Mr. Copanas:

Please prepare legislation for the next Common Council agenda on behalf of the Greater Syracuse Property Development Corporation (d/b/a Greater Syracuse Land Bank) in support of its application to the New York State Office of Parks, Recreation & Historic Preservation (OPRHP) – Environmental Protection Fund Grants Program for Parks, Preservation and Heritage (EPF) as part of the Consolidated Funding Application process. The Land Bank, in partnership with the Gustav Stickley House Foundation, is requesting $500,000 to be used for the Phase 2 restoration of the historic Gustav Stickley House, located at 438 Columbus Avenue in Syracuse.

This project includes restoring the first floor into a multi-purpose public space celebrating the American Arts and Craft architectural design and craftsmanship, converting the upper floors into five guest suites, and creating a basement apartment for a full-time caretaker. This project will provide a revenue stream for future operations and maintenance of the property by the Onondaga Historical Association (OHA), which ultimately will take title and manage the property.

This grant would supplement a $500,000 grant recently awarded by the National Parks Service – Save America's Treasures program and additional funds raised by the Foundation's capital campaign. These funds will also cover the 50% local match requirement. There is no cost to the City.

Sincerely,

Katelyn Wright

Ordinance No. 2021

ORDINANCE GRANTING PERMISSION TO GEORGE STEPHEN DORSEY, OWNER OF THE PROPERTY AT 314 AVERY AVENUE, SYRACUSE NEW YORK TO ENCROACH 15' INTO THE AVERY AVENUE RIGHT-OF-WAY WITH A CONCRETE PATIO AND A 4' ALUMINUM FENCE

WHEREAS, George Stephen Dorsey, owner of the property situated at 314 Avery Avenue, Syracuse, New York, has requested permission to encroach up to 15' into the Avery Avenue Right-of-Way with a concrete patio and a 4' aluminum fence; and

The departments below have reviewed your application and provided the following comments.
Approval is subject to the conditions listed below.

Approval	Status Date	Status	Reviewer	Comments
Assessment - Commissioner	06/02/2021	Approved	David Clifford	No objections.
Corporation Counsel	05/24/2021	Conditionally Approved	Kathryn Ryan	The office of the Corporation Counsel has no objections to the project so long the process for allowing encroachment into the City Right-of-Way is followed, other city departments recommend approval, all conditions are followed and the City of Syracuse, all of its officers, employees or agents are indemnified and held harmless from any and all liability.
DPW - Commissioner	05/21/2021	Approved	Martin Davis	The proposed patio should be at least 3' away from the driveway and the existing building. Comply with all other Bureau comments and suggestions
DPW - Sanitation & Sewers	05/04/2021	Conditionally Approved	Vinny Esposito	Patio must drain to drainage system on site. Must Add to site plan. All utilities must be located and protected.
DPW - Sidewalk Inspector	06/01/2021	Conditionally Approved	Chris Ettinger	Should be set back due to safety concerns. Traffic exiting property will have a hard time seeing pedestrians on sidewalk.
DPW - Traffic Control	05/21/2021	Conditionally Approved	Joe DiBello	must comply with other reviewers comments and recommendations any sidewalk or road closures/detours must have correct signage in place per MUTCD
DPW - Transportation Planner	05/26/2021	Internal Review Complete	Neil Milcarek-Burke	There are significant safety concerns with the encroaching patio as proposed, as with the existing conditions associated with the parcel frontages. 1. The property contains a rear and side parking lot that should be evaluated for expansion of seating areas instead of the public ROW. 2. If a patio cannot feasibly be constructed on private property, any patio in the proposed area must incorporate a 3' offset from the driveway, and a 1' offset from the Avery Ave sidewalk. The offsets are necessary to mitigate a significant line of sight concern that would put the health and safety of pedestrians traveling along Avery Avenue in direct conflict with with motorists exiting the parking lot. 3. The parking stalls in the Hamilton Street ROW have created a hazardous condition for pedestrians and are to be removed as part of any additional/new encroachment. The area in question does not offer the required dimensions for parking stalls without parked vehicles encroaching into the Hamilton Street travel lanes. Additionally, the parking stalls sub-standard dimensions produce vehicle overhang into the sidewalk area, reducing the

				usable width to below ADA minimums while squeezing pedestrians between parked cars and large retaining wall/bar patio. Applicant may pursue a revocable consent for parallel parking stalls along Hamilton, but additional mitigation will be required.
Engineering - City Engineer	06/03/2021	Conditionally Approved	Mary Robison	Approval is granted contingent on the following: 1.Previous site development included on-site stormwater improvements. The proposed encroachment results in the removal of green space and creation of additional impervious surface; therefore 2 options exist (1) install a drain in the new patio area and connect to existing storm water system or (2) remove the stamped concrete surface on the opposite side of the driveway & install sod. Submit stormwater design with permit application for the City' approval. 2. Appropriate pedestrian crossing signage shall be installed at the driveway to remind exiting vehicles to yield to pedestrians in the sidewalk. Drivers in vehicles exiting the adjacent driveway need a clear sight distance to sidewalk to see pedestrians- perhaps mirrors can be installed to help improve site distance. Submit design to City for approval of appropriate provisions/ signage for clear site distance and ensure pedestrian safety with permit application. 3. The City shall be fully indemnified for the design, construction and maintenance of this encroachment in the right-of-way
Engineering - Design & Construction	05/20/2021	Internal Review Complete	John Kivlehan	Proposed encroachment does not impact the ROW or City use, as a condition of the encroachment the applicant should be encouraged to install pedestrian crossing signage in the driveway to remind exiting vehicles to yield to pedestrians in the sidewalk.
Engineering - Mapping	05/03/2021	Internal Review Complete	Ray Wills	***5/3/21*** Installing a patio of this size with fencing so close to a sidewalk and a driveway would cause considerable line of sight issues for traffic using the driveway, traffic using Avery Ave heading South and for pedestrians alike. 5/19/21 Survey should be updated to reflect current configuration, including existing encroachment.
Engineering - Sewers	05/20/2021	Internal Review Complete	John Kivlehan	Previous site development included on site stormwater improvements,. the proposed encroachment results in the removal of green space and creation of impervious surface, therefore 2 options exist (1) install a drain in the new patio area and connect to existing storm water system or (2) remove the stamped concrete surface on the opposite side of the driveway & install sod.
Fire Prevention Bureau	05/20/2021	Conditionally Approved	Elton Davis	Construction, alteration, or demolition shall adhere to applicable sections of Chapter 33 of the 2020 Fire Code of New York State, Chapter 33 of 2020 Building Code of New York State, and Ch NFPA 241 - 2013. Means of egress from occupied building shall be maintained at all times
NBD - Commissioner	05/21/2021	Conditionally Approved	Michael Collins	Conditional approval, dependent on meeting requirements of all other departments.
City Planning - SOCPA	05/19/2021	Internal Review Complete	Owen Kerney	Applicants should include signage for pedestrians and vehicles, including stop sign and painted stop bar on driveway. If there are line of sight concerns with patio, applicant could pull encroachment away from corner of driveway and patio to create visibility.
Police Department - Community Policing	05/20/2021	Approved	Richard Shoff	
Water Engineering	05/19/2021	Conditionally Approved	Kim Kelchner	05/19/2021 CONDITIONALLY APPROVED. NOTE: Domestic and Fire services come in under the area that the proposed concrete patio is going to be placed. It the responsibility of the owner to protect the services. Any damage to the water services will be the owners.
Zoning Planner	06/09/2021	Internal Review Complete	Heather Lamendola	Would necessitate a Special Permit review from the City Planning Commission and Common Council if situated on private property.
District Councilor	05/04/2021	Approved	Bob Moore	Approved per Councilor Hogan. See email attached in Images \Docs

National Grid	05/20/2021	Conditionally Approved	Bob Moore	"Regarding PC-0187-21 (314 Avery Ave., Syracuse, NY), National Grid has both underground and overhead facilities on the same side of the street as 314 Avery Avenue. As always, it is important that the "High Voltage Proximity Act" is followed and Dig Safe is contacted to have all facilities located before any construction begins."
