Application for Special Events

Office of Special Events ♦ 412 Spencer Street ♦ Syracuse, NY 13204

Phone: 315-473-4330 ♦ Fax: 315-428-8513

The Office of Special Events requires completion of this application for all events taking place on public property, including but not limited to streets, sidewalks, parks, and trails. Please review and complete the application with as much detail as possible.

1. Complete applications, accompanied by any necessary attachments, should be turned in with the application fee of \$100 made payable to the "Commissioner of Finance".
2. Applications are due 60 DAYS prior to the event. Failure to turn in the Special Events application with all required information could result in denial of the applicants requested event.
3. Upon receipt, applications will be reviewed by Special Events staff and an interdepartmental team, including the Syracuse Police Department, Syracuse Fire Department, the Department of Public Works, and others depending on the nature of the application. Once reviewed by departments, the Special Events Office will reach out to the applicant directly to discuss the event, work to resolve any issued, and satisfy necessary requirements.
4. Applicants should NOT announce or advertise an event until granted permission to do so by the Special Events Office.
5. Applicants should be aware that events may require fees related to street closures, equipment rental, safety inspections, or other City service provisions.
6. Once an event is approved, the Office of Special Events will contact the applicant and inform them.

Please read this section carefully to determine what Syracuse Police permit forms you should be filing

EVENT TYPE

An Event Permit is generally understood to authorize the applicant's Event to take place at the public place under certain reasonable time, place, and manner restrictions.

The City distinguishes between:

- (a)** Public Assemblies or Parades: Events that are held in the public right-of-way (i.e., street, highway, parking lot, parking garage, bridge, culvert, crosswalk, ect.);
- (b)** Private Events: those held in City's parks, event spaces, or other Public spaces for exclusive use by participants invited by the permitted group; and
- (c)** Community Events: events hosted by a group that are open to the general public whether at no charge or for a fee determined by the sponsor of the Event Permit.

Public Assemblies or Parades, are strictly governed in law by Chapter 16, Article 10 of the Revised General Ordinances titled "Public Assemblies And Parades; Display Of Flags." Those Private Events and Community Events held in the City's parks, event spaces, or other public spaces are subject to the regulations set forth by the Department of Parks, Recreation & Youth Programs—pursuant to Syracuse City Charter and City Revised General Ordinance Chapter 14—as summarized and set forth in part within this application.

Please review the following to determine which type of event you are applying for, and then proceed to fill-out the appropriate supplemental form(s), if any, in order to advance in the Event Permit application process:

1. A "**Private Event**," is the most common and simple event type. It is generally defined as an individual's or an organization's request for an Event Permit for their exclusive use of a certain portion of a public City park, such as a pavilion, an athletic field, or any other reasonably apportioned designated area for private use of that group. Private Events, in a public City space, are for participants invited by the sponsoring organization only. Examples of such Private Events may be family reunions, company or organization member-only picnics, or private athletic uses (e.g., softball game). Unless informed otherwise by a member of the Parks Department, the applicant need only initially complete the "Application for Event Permit," and does not need to fill-out either of the attached Supplemental Form 1A or 1B. If you intend to invite 200 people or more, the Parks Department may ask you to complete **SUPPLEMENTAL FORM 1B** and **SUPPLEMENTAL FORM 2**.
2. "**Public Assembly**" and "**Parades**" are defined generally as any event involving a concentration of persons upon the City's streets which, as a result, the assembly/parade would require government directed contingencies for the protection of participants, protection of the traveling public, and the continuity and coordination of emergency services to the community. This includes both organized stationary public assembly events and any mobile parades as further defined in and governed by Section 16-35 of the City's Revised General Ordinances. Private security and/or SPD officers may be required for these events at the applicant's expense. If you are applying for a "Public Assembly" or "Parade" permit, in addition to the Application for Event Permit you will be required to fill-out **SUPPLEMENTAL FORM 1A** and **SUPPLEMENTAL FORM 2**.

EVENT TYPE (CONTINUED)

3. A “**Community Event**” is, for all intents and purposes, a hybrid of both a “Private Event” and a “Public Assembly.” In essence, a “Community Event” is one where an individual’s or organization’s request for a permit for the exclusive use of a public space—such as a City park—that does not include the public right-of-way and/or does not otherwise have any meaningful collateral effect upon the public right-of-way. These events are designated for exclusive use of the designated area of the public space under the permit like a Private Event, but, unlike a Private Event, there is no specific invitation requirement. A Community Event is considered open to participants from the general public, even if a monetary fee is imposed by the sponsoring organization. In short, a Community Event is like a Public Assembly, but within the confines of a public space, most commonly a park, that does not affect the public right-of-way. Examples of a Community Event would be a cultural festival, a concert or other performance, a speaker, or any other event in a public space open to all members of the public which will not impede the public right of way. If you are applying for a “Community Event” permit with 200 people or more expected, or reasonably anticipated by the applicant, in addition to the Application for Event Permit **you will be required to fill-out SUPPLEMENTAL FORM 1B and SUPPLEMENTAL FORM 2**. If you are applying for a “Community Event” permit with less than 200 people expected or reasonably anticipated by the applicant, you do not need to submit Form 1B with the Application for Event Permit, but the Park’s Department reserves the right to request you complete Form 1B after a review of your permit application.

If you are at all unsure as to which type of event you are holding or which forms you need to complete, please contact the Syracuse Police Departments Special Events Division (315) 442-5200 and they will be happy to assist you.

SECURITY & POLICE PRESENCE

By ordinance, all Public Assemblies and Parades may require police protection and involvement, which is explained in further detail as part of SUPPLEMENTAL FORM 1A, titled “NOTICE TO PUBLIC ASSEMBLY AND PARADE EVENT PERMIT APPLICANTS.” As noted in that section, the Syracuse Police Department (“SPD”) will make a determination based upon objectively reasonable factors set forth in SUPPLEMENTAL FORM 1A, in accordance with all governing law and applicable local ordinances. SPD may also require the applicant hire an approved security company, either in addition to or in lieu of, SPD personnel.

Community Events (and possibly Private Events, but likely only where the number of participants is reasonably expected to exceed 200 people) may be required to hire an approved security company upon review by SPD, which is further detailed under SUPPLEMENTAL FORM 1B and SUPPLEMENTAL FORM 2, below. The number of security required will be determined by SPD.

SPD reserves the right to order sworn peace or police officers to be present at an event if the event’s security or safety requirements demonstrably exceed the scope, scale, and capability of private security companies and guards, after considering: (a) legal and tactical limitations of licensed private security guards versus sworn police officers; (b) documentation submitted by the applicant regarding the event; (c) additional documentation requested of the applicant by SPD; (d) the factors listed below to determine the number of officers assigned to an event (see SUPPLEMENTAL FORM 1B, below) and/or (e) the detailed security plan of the applicant’s proposed security company (see SUPPLEMENTAL FORM 2, below).

The City expressly reserves the right to have SPD officers at any event on or at public property within the City of Syracuse, without limitation.

SUPPLEMENTAL FORM 1A (Continued)
NOTICE TO PUBLIC ASSEMBLY AND PARADE EVENT PERMIT APPLICANTS

The Syracuse Police Department (“SPD”) will review the event application and determine the scope of private security required for your event based on the factors set forth below. Please complete **SUPPLEMENTAL FORM 2**, which concerns private security, and submit it with your application.

The City and SPD also reserve the right to order that sworn police officers be present at a public assembly/parade, or a combination of private security guards and sworn police officers, if the event has security or safety requirements for the event demonstrably exceed the scope, scale, and capability of private security companies and guards. Sworn police officers will almost always be necessary if the event requires road closures, such as for a parade. Please be advised that SPD does not provide police services free of charge for Public Assemblies or Parades where SPD has determined that police officers are required. SPD’s Special Events Section will review the police deployment and associated costs with the applicant (*via* telephone or an in-person meeting) before the Event Permit is issued. SPD’s Special Events Section will also provide the applicant with an invoice indicating the reason why officers are being required, the number of officers, and estimated total cost of police presence to the applicant before the Event Permit is issued. The expense for each officer will be based on the current hourly overtime rate.*

All final figures of required SPD personnel need to be approved and reviewed by SPD, and SPD shall have discretion to deviate from any of the proposed numbers. In the event that SPD deviates upward from the proposed numbers of required SPD personnel, payment by the applicant for the increased SPD personnel will not be required. (This is assuming that the applicant has not altered the application.) However, if the invoice increases due to the SPD personnel’s overtime rate, the applicant will be required to pay that cost. For this reason, the invoice will assume the hourly rate for officers at the top end of the spectrum to provide applicants with the best estimate of the ceiling for SPD personnel.

The number of officers assigned to an event, if any, will be determined by SPD after an evaluation of the following factors:

1. The size of the event based on number of participants, vendors, vehicles, attendees, or any other involved entity (e.g., generally, for events with 200 participants or more, one police officer may be required for every 100 attendees);**
2. The overall level of usage of the public right-of-way approved for the event (e.g., generally, road closures will require additional officers);
3. The presence of an alcohol permit for the Event; and,
4. The compelling need for security given the type of the event (e.g., the filming of a movie which closes streets or uses a significant portion of a park).

*Applicants will be required to pay the contractually obligated overtime rate for each and every police officer based on the officer’s rank. The current overtime rate is typically \$50/hour.

**Generally, every three police officers will require an additional supervisory officer (e.g., sergeant, lieutenant, captain, or deputy chief).

SUPPLEMENTAL FORM 1A (Continued)
NOTICE TO PUBLIC ASSEMBLY AND PARADE EVENT PERMIT APPLICANTS (Continued)

For example, a community block party may not require security guards or police officers. At the other end of the spectrum, a parade or procession requiring the closure of multiple city streets will likely require several police officers.

The applicant and/or event organizer will be required to reimburse SPD for police officer deployment associated with the event within 30 days of receiving the invoice for services rendered. The City of Syracuse will not charge the applicant for SPD's services when SPD determines that SPD's routine patrol functions are sufficient based on the same above-listed factors.

SPD shall further determine if the Public Assembly or Parade requires the closure of the entire street, some part of the street, or no closure of the street (this equally applies to other types of public right-of-way). Participants may be directed to use the sidewalk, based on the day of the week, time of day, and participant's safety where the use requested would render use of a roadway impracticable under factors considered under Section 16-35.

Two or more distinct events will **not** be allowed to use the same route or assembly location without written permission from each and every applicant and the approval of SPD.

VEHICLE PARTICIPATION

Any motor vehicle participating in any parade or public assembly must meet all New York State Vehicle & Traffic rules and regulations, including a valid registration, current insurance coverage, and current NYS Inspection. Each vehicle must be operated legally and safely by a driver licensed to operate that type of motor vehicle involved, in accordance with all New York State Vehicle & Traffic rules and regulations. Proof of this requirement must be available for all vehicles and all drivers at the time of the event and must be produced if an SPD officer so requests. Any motor vehicle or driver who does not have such proof on the day of the event will not be allowed to participate in the event.

SEARCHES MAY BE REQUIRED

The applicant and the sponsoring organization understand the City reserves the right to require searches of participants prior to entry into an Event under the following conditions:

- a. if the Event is one requiring elevated high security (such as the presence of a public figure or other dignitary); or
- b. the Event is held within an enclosed space that—regardless of the Event—would in the normal course of business so require (e.g., City Hall).

Any search requirement will be discussed with the applicant in advance in order to ensure the safety of all participants and the general public, and upon discussion may be determined a necessary condition in order for the City to authorize the issuing of a permit.

SUPPLEMENTAL FORM 1A (Continued)
RULES & REGULATIONS

This City expressly reserves the right to revoke any permit granted from this application due to any emergency condition(s) that could arise before or during the course of the Event for which the permit has been granted or for any violations of the following regulations, without any prior notice to the applicant. Further, by signing the below, the applicant and the applicant's sponsoring organization understands and agrees to abide by the following:

- 1.) The applicant shall carry a copy of this permit on their person during the Event and will be designated as the contact person available to police officers for the transmission of messages or directions to all persons participating or attending the Event. If the applicant is not going to be on scene, then another authorized representative shall carry the permit and make their role known to police officers on scene.
- 2.) All persons participating in or attending the event shall obey the lawful commands of any police officer and shall conduct themselves in a lawful manner at all times.
- 3.) Parades or processions will proceed at a constant pace and shall not be stopped (unless agreed to in advance, with SPD) except upon direction of the Police.
- 4.) All sections/groups in a parade/procession shall remain in close proximity to each other and will not step out of line to perform independent maneuvers.
- 5.) The normal flow of traffic shall not be deterred except in instances where a police officer so directs or orders.
- 6.) If the actual number of participants exceeds the estimated maximum number of participants to the point where SPD reasonably believes that the assigned police coverage is not adequate to provide for a safe environment for the participants or the public in general, SPD may, at its discretion, delay or cancel the event.
- 7.) The applicant and the sponsoring organization understands that each and every person present at or seeking entry to the Event shall be prohibited by governing New York penal law and Federal law from transporting, selling, using, possessing, or facilitating the possession of any weapon prohibited under and defined by New York law (e.g., NY Penal Law, Articles 265 and 270) and Federal law (18 USC § 921(a)(3); 18 USC § 922; and 18 USC § 930(g)(2)).

I, the applicant, agree to all of the above:

SUPPLEMENTAL FORM 1B (Continued)
NOTICE TO COMMUNITY EVENT PERMIT APPLICANTS

The Syracuse Police Department (“SPD”) will review the event application and determine whether private security will be required for your event based on the factors set forth below. In the event SPD determines that your event requires private security, you will be asked to complete and submit **SUPPLEMENTAL FORM 2**. Private security will likely be necessary if 200 or more participants are reasonably expected to attend. Thus, if you reasonably expect 200 or more attendees, please complete **SUPPLEMENTAL FORM 2**, which concerns private security, and submit it with your application.

The City and SPD also reserve the right to order that sworn police officers be present at an event, or a combination of private security guards and sworn police officers, if the event has security or safety requirements that demonstrably exceed the scope, scale, and capability of private security companies and guards. For example, if your event is hosting a foreign dignitary to speak. Unless the event infringes on the right-of-way or requires road closures, it is unlikely that the City or SPD will require sworn police officers at a community event.

However, in the event that SPD is necessary, please be advised that SPD does not provide police services free of charge events where SPD has determined that police officers are required. SPD’s Special Events Section will review the police deployment and associated costs with the applicant (*via* telephone or an in-person meeting) before the event permit is issued. SPD’s Special Events Section will also provide the applicant with an invoice indicating the reason why officers are being required, the number of officers, and estimated total cost of police presence to the applicant before the event permit is issued. The expense for each officer will be based on the current hourly overtime rate.***

All final figures of required SPD personnel need to be approved and reviewed by SPD, and SPD shall have discretion to deviate from any of the proposed numbers. In the event that SPD deviates upward from the proposed numbers of required SPD personnel, payment by the applicant for the increased SPD personnel will not be required. (This is assuming that the applicant has not altered the application.) However, if the invoice increases due to the SPD personnel’s overtime rate, the applicant will be required to pay that cost. For this reason, the invoice will assume the hourly rate for officers at the top end of the spectrum to provide applicants with the best estimate of the ceiling for SPD personnel.

***Applicants will be required to pay the contractually obligated overtime rate for each and every police officer based on the officer’s rank. The current overtime rate is typically \$50/hour.

SUPPLEMENTAL FORM 1B (Continued)
NOTICE TO COMMUNITY EVENT PERMIT APPLICANTS (Continued)

The number of officers or security personnel requirements assigned to the event, if any, will be determined by SPD after an evaluation of the following factors:

1. The size of the event based on number of participants, vendors, vehicles, attendees, or any other involved entity (e.g., generally, for events with 200 or more participants, one police officer or security guard may be required for every 100 attendees);****
2. The overall level of usage of the effected public area or park approved for the event;
3. The presence of an alcohol permit for the Event;
4. The compelling need for security given the type of event (e.g., the filming of a movie which closes streets or uses a significant portion of a park).

For example, a barbecue or softball game at a local park, open to the entire neighborhood, with less than 200 expected participants, would not likely require security guards or police officers. At the other end of the spectrum, a music festival, where attendees will be charged admission, alcohol will be sold, and hundreds of participants are expected, would likely require security guards or police officers.

Two or more distinct events will **not** be allowed to use the same route or assembly location without written permission from each and every applicant and the approval of SPD.

SEARCHES MAY BE REQUIRED

The applicant and the sponsoring organization understands the City reserves the right to conduct, or require private security company personnel to conduct, a search of participants prior to entry into an Event under the following conditions:

- a. if the Event is one requiring elevated high security (such as the presence of a public figure or other dignitary); or
- b. the Event is held within an enclosed space that—regardless of the Event—would in the normal course of business so require (e.g., City Hall).

Any search requirement will be discussed with the applicant in advance in order to ensure the safety of all participants and the general public, and upon discussion may be determined a necessary condition in order for the City to authorize the issuing of a permit.

****Generally, every three police officers will require an additional supervisory officer (e.g., sergeant, lieutenant, captain, or deputy chief).

The applicant shall carry a copy of this permit on their person during the Event and will be designated as the contact person available to police officers for the transmission of messages or directions to all persons participating or attending the Event. SUPPLEMENTAL FORM 2
PRIVATE SECURITY COMPANY APPLICATION

If you are requesting a public assembly/parade event permit, or reasonably expect 200 or more participants at your community event, please complete this form and submit it and the material referenced below with your permit application. If you are requesting a permit for a private event, you do not need to complete this form unless told to by a member of the Parks Department or SPD. In addition to private security, you are also free to hire an off-duty peace officer, such as a member of a local County Sheriff's Office. In that event, you do not need to attach items 1 and 2 below (concerning the security company's licenses).

The City expressly reserves the right to have SPD officers at any event on or at public property within the City of Syracuse, without limitation. However, the applicant will only be charged for police presence in the circumstances described in **SUPPLEMENTAL FORMS 1A** and **1B**, such as for road closures or for an event where the safety requirements demonstrably exceed the scope, scale, and capability of private security companies and guards.

All final security plans need to be approved by SPD and SPD shall have discretion to deviate from the final plan. The below form for SPD's review of your security company should be completed by the private security company, and all recommendations are subject to review, approval, denial, and modification by the City.

TO BE COMPLETED BY AUTHORIZED REPRESENTATIVE OF THE PRIVATE SECURITY COMPANY:

Name of Company: _____

Company's Web Address: _____

Name of Authorized Company Representative: _____

Title: _____ Email: _____
