City of Syracuse

Re: Mobile Food Preparation Vehicle Inspection Affidavit

Section 4106.4.3 Fuel Gas Systems of the 2025 Fire Code of New York State states:

LP-gas containers installed on the vehicle and fuel-gas piping systems shall be inspected annually by an approved inspection agency or a company that is registered with the U.S. Department of Transportation to requalify LP-gas cylinders, to ensure that system components are free from damage, suitable for the intended service and not subject to leaking. CNG containers shall be inspected every 3 years in a qualified service facility. CNG containers shall not be used past their expiration date as listed on the manufacturer's container label. Upon satisfactory inspection, the approved inspection agency shall affix a tag on the fuel gas system or within the vehicle indicating the name of the inspection agency and the date of satisfactory inspection.

This affidavit, section 1 and 2, must be completed annually and forwarded to the Syracuse Fire Department – Fire Prevention Bureau in order to operate a Mobile Food Preparation Vehicle (Food Trucks) in the City of Syracuse.
