

Business Development Opportunities

→ Neighborhood and Business Development (NBD)

The Department of Neighborhood and Business Development (NBD) oversees federal, state, and local funding for projects that encourage economic growth and improve our neighborhoods. In addition to grant opportunities, they also offer business development resources and funds to accelerate your business growth. Follow the link to get more information: [here](#)

→ New York State Opportunities

Interested in doing business with NYS? Here's the link to online resources that can help you find information and opportunities for state contracts. [Find Opportunities to Do Business with New York State | Office of the New York State Comptroller](#)

Are you interested in becoming New York State certified?

Contact Diversify-NY to handle your state certification needs. They are a dedicated community partner with a primary focus on eliminating impediments and barriers in the creation of successful minority and women owned businesses and their ability to compete in a fair and open market. Click [here](#) for more information.

→ Onondaga County

The County is looking for reliable, local contractors, to aid in home repair, accessibility, and modification projects. Individuals with these skills are essential to the success of their community development program. For more information you can contact Ed Donohue 315-435-3558 Click the link to download the application packet: [here](#)

→ Apprenticeship Opportunities

If you're interested in learning a job/skill while earning money, the apprentice track may be for you. Click the link to get more information on learning a specific skill that can be geared towards a new career: [Apprenticeships | Department of Labor \(ny.gov\)](#)

→ Community Partners
