Re: Request for Legislation – Amendment of Ordinance No. 775-2022

Dear Ms. McBride:

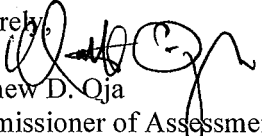

The Department of Assessment requests that Ordinance Number 775 of 2022 be corrected to reflect a change in the properties to be included under the agreement.

The initial agreement authorized by Ordinance No. 775-2022 allowed the City of Syracuse to enter into a tax exemption agreement pursuant to Section 573 and Section 577 of Article 11 of the New York State Private Housing Finance Law and Section 402 of the New York State Not-For-Profit Corporation Law with a Housing Development Corporation to be formed by Rochester Cornerstone Group, Ltd, to be known as the Eastwood Heights Housing Development Fund Corporation (the "Corporation").

Under the terms of that prospective agreement, the Corporation was authorized to construct 49 units of affordable housing and benefit from a fifteen (15) -year exemption term under which payments to the City would be calculated each year based on the standard shelter rent formula equal to (a) ten percent (10%) of annual gross revenues minus utilities or (b) \$26,950, whichever is greater (this exemption is exclusive of special assessment or charges, which would still be due).

Under the revised agreement now contemplated, the unit count would be increased from the 49 apartments previously authorized. The Corporation would be authorized to construct 53 units of affordable housing. Payments to the City would still be calculated each year based on the standard shelter rent formula equal to (a) ten percent (10%) of annual gross revenues minus utilities or (b) \$29,150, whichever is greater (this exemption is exclusive of special assessment or charges, which would still be due).

All other portions of the item shall remain the same.

Re: Request for Legislation to Authorize a Tax Exemption Agreement Pursuant to the New York State Private Housing Finance Law with a Housing Development Fund Corporation to be formed by COR Van Rensselaer Street Company IV that shall be known as Aerie Housing Development Fund Company, Inc.

Dear Ms. McBride:

Please prepare legislation for the next Common Council meeting authorizing the City of Syracuse to enter into a tax exemption agreement pursuant to Section 573 and Section 577 of Article 11 of the New York State Private Housing Finance Law and Section 402 of the New York State Not-For-Profit Corporation Law with a Housing Development Corporation to be formed by property owner COR Van Rensselaer Street Company IV, to be known as the Aerie Housing Development Fund Company, Inc. (the "Company"). The tax exemption agreement shall involve the property at 710 Van Rensselaer Street (SBL 117.-01-01.4), currently a vacant lot adjacent to the Inner Harbor.

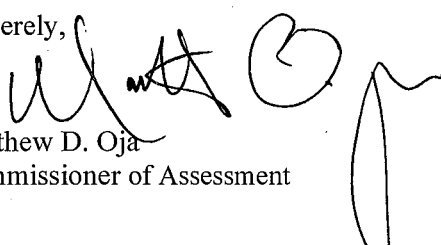

This exemption will enable the Company to construct 62 units of affordable senior housing. This exemption will enable the Company to create needed housing and preserve affordability in a centrally-located city neighborhood.

This agreement with the Company would be for a term of fifteen (15) years and would not exempt it from special assessments or charges on the properties. The Company's payments to the City would be calculated each year based on the standard shelter rent formula equal to (a) ten percent (10%) of annual gross revenues minus utilities or (b) \$34,100, whichever is greater. This agreement also includes a fifteen (15) -year renewal option to be exercised by tenant via Common Council and Mayoral authorization.

BOND ORDINANCE OF THE CITY OF SYRACUSE AUTHORIZING THE ISSUANCE AND SALE OF BONDS IN THE AMOUNT OF SIX HUNDRED THOUSAND DOLLARS (\$600,000.00) TO DEFRAY THE COST AND EXPENSE OF THE DEPARTMENT OF PUBLIC WORKS 2023/2024 CITY OWNED BUILDINGS IMPROVEMENT AND RECONSTRUCTION PROGRAM

BE IT ORDAINED, by the Common Council of the City of Syracuse as follows:

Section 1. For the specific object or purpose of providing funds to defray the cost and expense of the Department of Public Works 2023/2024 City Owned Buildings Improvement and Reconstruction Program which will include the completion of necessary improvements and reconstruction projects at City Hall, the Department of Public Works facilities, and other City owned buildings, at a cost not to exceed Six Hundred Thousand Dollars (\$600,000.00), general obligation bonds of the City of Syracuse, to be of the terms, form and contents hereinafter provided for, are hereby authorized to be issued pursuant to the provisions of the Local Finance Law of the State of New York.

Section 2. Six Hundred Thousand Dollars (\$600,000.00) is estimated as the maximum cost of the specific object or purpose for which such bonds are to be issued.

Section 3. The plan for financing such specific object or purpose consists of the issuance and sale of bonds of the City of Syracuse in the principal sum of Six Hundred Thousand Dollars (\$600,000.00), thereby providing such sum for all the maximum cost of such specific object or purpose.

Section 4. It is hereby determined that the specific object or purpose for which bonds are to be issued falls within subdivision 35 of paragraph (a) Section 11.00 of the Local Finance Law and

the period of probable usefulness of such specific object or purpose is five (5) years.

Section 5. The Commissioner of Finance, not more than fifteen (15) days and not less than three (3) days before the sale of said bonds, shall file with the Comptroller of the State of New York a supplemental debt statement and file a duplicate thereof with the City Clerk in compliance with Section 109.00 of the Local Finance Law.

Section 6. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds and bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Commissioner of Finance who is the chief fiscal officer of the City under the Local Finance Law. The Commissioner of Finance may sell such bonds at public or private sale, with or without bond insurance or other credit enhancement, at a discount or premium, at fixed or variable rates of interest or at no interest whatsoever, or as capital appreciation bonds, and with such amortization of principal as the Commissioner of Finance shall determine is most favorable to said City, and in compliance with any rules of the State Comptroller applicable thereto. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Commissioner of Finance, consistent with the provisions of the Local Finance Law. The Commissioner of Finance is hereby authorized to issue variable rate debt, acquire credit support, and enter into such agreements as said officer finds reasonable to facilitate the issuance, sale, resale and repurchase of such bonds, as authorized under Sections 54.90 and 168.00 of the Local Finance Law. Said bonds shall be signed in the name of the City by the original or facsimile signature of the Mayor and countersigned by the original or facsimile signature of the Commissioner of Finance and sealed with the original or facsimile corporate seal of the City, provided, however, that if the signatures of the Mayor and the Commissioner of Finance are each by facsimile signatures on any

bond, such bond shall be authenticated by the manual countersignature of a fiscal agent of the City. All other matters, except as provided herein, relating to such bonds, including prescribing whether manual or facsimile signatures shall appear on said bonds, prescribing the method for the recording of ownership of said bonds, appointing the fiscal agent or agents for said bonds, providing for the printing and delivery of said bonds (and if said bonds are to be executed in the name of the City by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the City), the date, form, denominations, maturities, interest rate or rates, terms of and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Commissioner of Finance. The Commissioner of Finance may elect to become the fiscal agent for the bonds, or may contract on behalf of the City for this service pursuant to the Local Finance Law. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals in addition to those required by Section 52.00 of the Local Finance Law, as the Commissioner of Finance shall determine. The Commissioner of Finance may also agree on behalf of the City to provide or disclose such information about the City as may be necessary to enable the purchasers of bonds or notes of the City to comply with Securities and Exchange Commission Rule 15c2-12.

Section 7. The temporary use of available funds of the City of Syracuse, not immediately required for the purpose or purposes for which the same were raised or otherwise created, is hereby authorized pursuant to Section 165.10 of the Local Finance Law, for the capital purposes described in Section 1 of this ordinance. The reasonably expected source of funds to be used to initially pay for the expenditures authorized by Section 1 of this resolution shall be from the City's Capital Fund. It is intended that the City shall then reimburse expenditures from the

Capital Fund with the proceeds of the bonds and bond anticipation notes authorized by this ordinance and that the interest payable on the bonds and any bond anticipation notes issued in anticipation of such bonds shall be excludable from gross income for federal income tax purposes. This ordinance is intended to constitute the declaration of the City's "official intent" within the meaning of Treasury Regulation Section 1.150-2 to reimburse the expenditures authorized by this ordinance with the proceeds of the bonds and bond anticipation notes authorized herein. Other than as specified in this ordinance, no monies are reasonably expected to be received, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the objects or purposes described herein.

Section 8. When said bonds and notes shall have been duly sold, the same shall be delivered by the Commissioner of Finance to the purchaser upon payment to him of the purchase price, including accrued interest, and the receipt of the Commissioner of Finance shall be a full acquittance to such purchaser who shall not be obliged to see to the application of the purchase money.

Section 9. The faith and credit of the City of Syracuse are hereby pledged to the payment of the principal of said bonds and interest thereon when due. An amount sufficient to pay the principal and interest on said bonds as the same becomes due each year shall be included in the annual budget of said City for the year.

Section 10. The validity of the bonds hereby authorized may be contested only if such obligations are authorized for an object or purpose for which the City of Syracuse is not authorized to expend money, or the provisions of law which should be complied with at the date of the publication of this ordinance are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of such publication, or

such obligations are authorized in violation of the provisions of the Constitution.

Section 11. This ordinance shall take effect immediately.

BOND ORDINANCE OF THE CITY OF SYRACUSE AUTHORIZING THE ISSUANCE AND SALE OF BONDS IN THE AMOUNT OF THREE HUNDRED FIFTEEN THOUSAND DOLLARS (\$315,000.00) TO DEFRAY THE COST AND EXPENSE OF THE SCOPING, PRELIMINARY DESIGN, AND DETAILED DESIGN PHASES OF THE ROUTE 175 OVER ONONDAGA CREEK BRIDGE REHABILITATION PROJECT, PIN NO. 3757.19

BE IT ORDAINED, by the Common Council of the City of Syracuse as follows:

Section 1. For the specific object or purpose of providing funds to defray the cost and expense of the Scoping, Preliminary Design, and Detailed Design Phases of the Route 175 over Onondaga Creek Bridge Rehabilitation Project, PIN No. 3757.19, at a cost not to exceed Three Hundred Fifteen Thousand Dollars (\$315,000.00), general obligation bonds of the City of Syracuse, to be of the terms, form and contents hereinafter provided for, are hereby authorized to be issued pursuant to the provisions of the Local Finance Law of the State of New York.

Section 2. Three Hundred Fifteen Thousand Dollars (\$315,000.00) is estimated as the maximum cost of the specific object or purpose for which such bonds are to be issued.

Section 3. The plan for financing such specific object or purpose consists of the issuance and sale of bonds of the City of Syracuse in the principal sum of Three Hundred Fifteen Thousand Dollars (\$315,000.00), thereby providing such sum for all the maximum cost of such specific object or purpose.

Section 4. It is hereby determined that the specific object or purpose for which bonds are to be issued falls within subdivision 20 of paragraph (a) Section 11.00 of the Local Finance Law and the period of probable usefulness of such specific object or purpose is fifteen (15) years.

Section 5. The Commissioner of Finance, not more than fifteen (15) days and not less than three (3) days before the sale of said bonds, shall file with the Comptroller of the State of New York a supplemental debt statement and file a duplicate thereof with the City Clerk in compliance with Section 109.00 of the Local Finance Law.

Section 6. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds and bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Commissioner of Finance who is the chief fiscal officer of the City under the Local Finance Law. The Commissioner of Finance may sell such bonds at public or private sale, with or without bond insurance or other credit enhancement, at a discount or premium, at fixed or variable rates of interest or at no interest whatsoever, or as capital appreciation bonds, and with such amortization of principal as the Commissioner of Finance shall determine is most favorable to said City, and in compliance with any rules of the State Comptroller applicable thereto. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Commissioner of Finance, consistent with the provisions of the Local Finance Law. The Commissioner of Finance is hereby authorized to issue variable rate debt, acquire credit support, and enter into such agreements as said officer finds reasonable to facilitate the issuance, sale, resale and repurchase of such bonds, as authorized under Sections 54.90 and 168.00 of the Local Finance Law. Said bonds shall be signed in the name of the City by the original or facsimile signature of the Mayor and countersigned by the original or facsimile signature of the Commissioner of Finance and sealed with the original or facsimile corporate seal of the City, provided, however, that if the signatures of the Mayor and the Commissioner of Finance are each by facsimile signatures on any bond, such bond shall be authenticated by the manual countersignature of a fiscal agent of the City.

All other matters, except as provided herein, relating to such bonds, including prescribing whether manual or facsimile signatures shall appear on said bonds, prescribing the method for the recording of ownership of said bonds, appointing the fiscal agent or agents for said bonds, providing for the printing and delivery of said bonds (and if said bonds are to be executed in the name of the City by only facsimile signatures, providing for the manual countersignature of a fiscal agent or of a designated official of the City), the date, form, denominations, maturities, interest rate or rates, terms of and manner of sale and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Commissioner of Finance. The Commissioner of Finance may elect to become the fiscal agent for the bonds, or may contract on behalf of the City for this service pursuant to the Local Finance Law. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals in addition to those required by Section 52.00 of the Local Finance Law, as the Commissioner of Finance shall determine. The Commissioner of Finance may also agree on behalf of the City to provide or disclose such information about the City as may be necessary to enable the purchasers of bonds or notes of the City to comply with Securities and Exchange Commission Rule 15c2-12.

Section 7. The temporary use of available funds of the City of Syracuse, not immediately required for the purpose or purposes for which the same were raised or otherwise created, is hereby authorized pursuant to Section 165.10 of the Local Finance Law, for the capital purposes described in Section 1 of this ordinance. The reasonably expected source of funds to be used to initially pay for the expenditures authorized by Section 1 of this resolution shall be from the City's Capital Fund. It is intended that the City shall then reimburse expenditures from the Capital Fund with the proceeds of the bonds and bond anticipation notes authorized by this

ordinance and that the interest payable on the bonds and any bond anticipation notes issued in anticipation of such bonds shall be excludable from gross income for federal income tax purposes. This ordinance is intended to constitute the declaration of the City's "official intent" within the meaning of Treasury Regulation Section 1.150-2 to reimburse the expenditures authorized by this ordinance with the proceeds of the bonds and bond anticipation notes authorized herein. Other than as specified in this ordinance, no monies are reasonably expected to be received, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the objects or purposes described herein.

Section 8. When said bonds and notes shall have been duly sold, the same shall be delivered by the Commissioner of Finance to the purchaser upon payment to him of the purchase price, including accrued interest, and the receipt of the Commissioner of Finance shall be a full acquittance to such purchaser who shall not be obliged to see to the application of the purchase money.

Section 9. The faith and credit of the City of Syracuse are hereby pledged to the payment of the principal of said bonds and interest thereon when due. An amount sufficient to pay the principal and interest on said bonds as the same becomes due each year shall be included in the annual budget of said City for the year.

Section 10. The validity of the bonds hereby authorized may be contested only if such obligations are authorized for an object or purpose for which the City of Syracuse is not authorized to expend money, or the provisions of law which should be complied with at the date of the publication of this ordinance are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of such publication, or such obligations are authorized in violation of the provisions of the Constitution.

Section 11. This ordinance shall take effect immediately.

Ms. Patricia K. McBride
City Clerk

Syracuse, New York 13202

Dear Ms. McBride:

Please prepare legislation for the Common Council meeting of Monday, October 2, 2023, requesting the temporary construction of an honorary street sign for one year from the date of installation on the 100 block of Walton Street in honor of Mr. Michael Yorton.

Yorton operated the Blue Tusk in Center Armory with his father, Tim, and other family members from 1992 until 2022. Yorton was the visionary behind the idea of a 69 tap bar featuring a wide variety of craft and hard to find beer. While its concept seemed unusual at its opening, the Blue Tusk helped pave the way for craft beer to take off in Central New York.

The Blue Tusk won many accolades over the years. In 2008, national magazine All About Beer ranked The Blue Tusk No. 48 in its list of "Top 125 places in the world to have a beer before you die." That puts it ahead of bars in such places as London, Dublin, Munich and New York City.

In 2022, Yorton tragically passed away at the age of 49. Through his business, Yorton created his own community and made many people's lives more enjoyable. Yorton's unique vision made him a legendary figure in the City of Syracuse.

Thank you for your assistance in this regard.

Sincerely,

Latoya Allen
4th District Councilor

41

Michael Yorton operated The Blue Tusk in the Center Armory building with his father, Tim, and other members of his family from 1995 to 2022.

Michael was the visionary behind the idea of a 69-tap bar highlighting both American craft beer and hard-to-find imports. He was responsible for the bar's laid-back, tie-dyed, jam band-meets-beer enthusiast vibe.

It may have seemed unusual at the time, but The Blue Tusk helped pave the way for the then-new concept of craft beer to take off in Central New York. It was recognized in national beer publications as a trend-setter. The Blue Tusk won many accolades over the years. In 2008, the writers and editors of the national magazine All About Beer ranked The Blue Tusk No. 48 in its list of "top 125 places in the world to have a beer before you die." That put it ahead of bars in such places as London, Dublin, Munich and New York City.

Michael saw that The Blue Tusk was among the first bars in Central New York to carry the beers that were then known as "micro" brews, several years before the term "craft" came into common use. He also carried a large selection of imports, among them a wide array of Belgian beers.

The Tusk was known to have helped the early small brewers in Syracuse and elsewhere find an outlet for their beer.

The departments below have reviewed your application and provided the following comments.
Approval is subject to the conditions listed below.

Approval	Status Date	Status	Reviewer	Comments
DPW - Commissioner	04/20/2023	Approved	Martin Davis	No issue with existing parking September 12,2023 - Homeowner will install a new concrete sidewalk at owners expense for the width (40') . Homeowner will acquire all permits necessary for repair/ resurface of existing driveway and maintain a buffer between adjoining property's and self contain all surface runoff from the paved area.
DPW - Sanitation & Sewers	05/10/2023	Conditionally Approved	Vinny Esposito	this lot should never have been allowed. the entire front yard is paved contributing to drainage issues. It is also a dangerous situation with pedestrians. 5/10/23 This pavement has been in place for years. Utility service access must be restored per code(sewer vent and CO,water curb stop,gas box). Sidewalk must be restored in concrete per code.
DPW - Sidewalk Inspector	09/11/2023	Approved	Chris Ettinger	
DPW - Traffic Control	05/18/2023	Conditionally Approved	Joe DiBello	no issue
DPW - Transportation Planner	04/13/2023	Internal Review Complete	Neil Milcarek-Burke	Parking in the proposed/existing configuration poses a major impediment to proper access control, pedestrian safety, and typical allowances for residential driveways. This item is suggested to be denied outright.
Engineering - Design & Construction	06/15/2023	Conditionally Approved	John Kivlehan	Zoning prohibits parking in the front plane of buildings, however in this case the the front plane is predominately City ROW however guidance from zoning should be considered. As such the Dept. of Eng. would be agreeable to allowing one parking spot in the front plane based on the standard driveway width of 12', also additional existing blacktop then on site shall be removed and the area restored as lawn. Other vehicles will have to use on street parking. Only one vehicle allowed to encroach for parking in the ROW
Engineering - Mapping	05/18/2023	Not Applicable	Ray Wills	45'x40' is a very substantial encroachment. Parking in such close proximity to the sidewalk, and the hedge row to the north poses a significant risk to pedestrian and vehicular traffic. Line of sight is almost complete blocked, exiting the driveway without blocking the sidewalk is not possible. That being said, proposal itself would have no direct impact on in ground Mapping assets. Deferring to Design and Construction, DPW & The City Engineer.
Engineering - Sewers	06/15/2023	Conditionally Approved	John Kivlehan	See comments from design and construction,. This area should be treated/considered as the front plane of a residential property as such the asphalt area between the building and sidewalk

should be lawn. The building already occupies the entire lot and has minimal to zero stormwater runoff benefit. allowing additional impervious surfaces as part of this encroachment only adds to run off concerns. As suggested, the Dept. of Eng. is agreeable to only one vehicle being allowed to park in the ROW and it shall be limited to a 12' wide area of asphalt, all other asphalt shall be removed and the area restored to lawn to reduce stormwater runoff

Zoning Planner	09/15/2023	Not Applicable	Cristian Toellner	Parking in the front yard setback without an approved area variance from the BZA is illegal. Zoning would not encourage parking in the front yard setback. On-street parking within 1,000 linear feet of the property is permitted via Zoning Administrator approval, and would replace minimum off-street parking requirements. Defer to other departments for comment.
